VOLUME XXXVI

MUENSTER, COOKE COUNTY, TEXAS 76252

SEPTEMBER 8, 1972

NUMBER 42

Labor Day 1972 was typical in that Labor big shots proclaimed the praises of unionism and its blessings to the working men, and both presidential candidates made bids for working people's votes in the coming election.

But again, as in so many years past, too little was said in behalf of the working man. Ironically, Labor Day was set aside by Congress many years ago to honor the every-day wage earner whose part in building our country generally goes unnoticed. In keeping with that spirit it would seem very proper to observe his special holiday by seeking conditions which would be most beneficial to him.

The reference, of course is to legislative assurance that a person continue working without ever being faced with having to choose between union membership and losing his job. About 60 million workers have decided against union membership. Some 20 million others are members but a vast number of them are members only because they have to be.

Actually they are captives of the unions, paying their tribute to enrich union bosses they do not choose who are using their dues to support political programs and candidates which benefit the bosses rather than the workers. Very often, besides, those bosses do not really represent workers in negotiations with employers. There have been many cases when workers did not wish to go on strike, either because they were satisfied with existing wages or conditions or because they wished to avoid the financial loss from a long work stoppage.

Under those conditions it is economic tyranny and slavery to continue the system which renders a worker subject to the whims of the big boss. It is a tyranny which could be removed very easily by simply declaring all workers free and independent of union domination.

This does not mean that our Congress ought to ban unionism. Rather it means that unions thereafter would exist on merit rather than coercion, a most likely result of which would be a sharp rise in membership and real usefulness.

There is no doubt that the Labor movement has done wonders for working people. Their organization and dedication have secured improvements in both pay and working conditions, that is, as long as membership was optional and the leadership had to earn the confidence and support of its members, also as long as the leaders sought votes and opinions of the rank and file rather than running the show themselves. But union domination in recent years is as oppressive as industrial domination used to be.

Critics have said that a right to work law is anti-union an injustice to the working man. However a close study reveals that this applies to union dictators rather than the members and would tend to strengthen rather than weaken the labor organizations. When unions have to exist on merit only you can be sure they will go all out to serve their members and get more members. That will create bigger and stronger organizations.

The Men In Service

Enlists In Army

Jerry Cash, son of Mr. and Mrs. Charles O. Cash, is Muenster's newest young man in uniform. He enlisted in the Army and is taking basic training at Fort Leonard Wood, Mo. He is a 1971 graduate of Muenster High School.

Commands New Ship

Commander Billy R. Tilger, USN, has been named first executive officer of the new USS Mount Vernon, recently commissioned at Boston Naval Shipyard, Mass. He commanded the LSD-39 on its first voyage to San Diego, Calif. Tilger and his wife, the former Anna Grace Fette, are former Cooke Countians. They have three children, Matt, Katie and Maggie and are at home in San Diego. Previous to this assignment Tilger served as commanding officer of the flagship USS Beneyah in Vietnam's Mekong Delta.

Week's Rainfall Measures 2.77 In.

The community's moisture condition made a very welcome change during the past week but it's still far below normal and also below the area's need. Vegetation is thriving from surface moisture however there still is nothing deep down for the long pull.

Rain of the week measures 2.77 inches. It started on August 31 and continued into September 1 for a 7 a.m. reading of 1.22. Monday morning's recording was only .03 but a fine shower before noon came to 1.52 inches.

The total to date for September is 2.77. It follows a dry August of only 1.68 ending the first eight months with only 11.93, which is barely more than the lowest for that period in the 25 years of rain records here. The lowest on August 31 was 11.53 in 1956. Total rainfall for the year through Wednesday is 14.75 inches.

Hornets Trimmed In Practice Test With Archer City

Muenster High Hornets, still handicapped by ailments, went down by a count of 4 touchdowns to 1 in a practice scrimmage Friday night at Archer City. Still sidelined were Jim Endres, Curtis Klement, Bobby Endres, Terry Walterscheid and Robert Johnson.

Hank Trachta, who was out since the first day of practice, got back in uniform for the tussle and saw limited action. Hopefully he will be ready to resume his old job for the opening game with Boyd on September 15. Jim Endres and Curtis Klement, two more of last year's starters, are nursing knee injuries and have a slim chance of getting ready for the first game.

Other Hornet troubles at Archer City were a number of mistakes on defense, allowing the Wildcats undeserved yardage, along with a definite weight handicap. As Coach Richardson sees it, every opponent of the season will be considerably huskier than his team.

The method of scrimmage was to run 20 plays starting at the 20 and returning there each time the team failed to make its first down in three plays.

The Hornets had the first try and completed three first downs for about 35 yards before Randy Wolf connected with Alan Miller for a 45 yard scoring pass. After that they had several plays left of their series of 20 but failed to make any progress.

The hosts retaliated with a steady drive down the field for the tying touchdown.

Muenster's next series failed to produce any worthwhile yardage. It made only three scattered first downs in all of the 20 plays.

In its turn Archer City repeated its earlier performance. A sustained drive used practically all of the allotted plays and produced a TD.

Then the Hornets made a gallant but futile effort to even the count. Passes from Wolf to Miller and Hennigan were the principal gainers in a drive that fizzled out on the 5 yard line. With 8 plays to go they got back to midfield.

With the lead already cinched the Wildcats added two more scores in their final possession. For the third time they put on a scoring drive then, with only a few plays left, got a speedster loose on a 70 yard run.

Garden Club Will Organize Monday

Muenster Garden Club will reorganize for a new year next Monday, Sept. 11, and will resume regular monthly meetings after being inactive during the summer.

Two Kindergarten Classes Have 40 Children Enrolled

Forty children enrolled Tuesday for Muenster kindergarten classes and started their regular schedule Wednesday with Mrs. Hollis Berry teaching both the morning and the afternoon groups, which are evenly divided at 20 each.

Enrolled in the morning class are Connie Bayer, David Dankesreiter, Rose Felderhoff, Carmen Flusche, Ira Hacker, Jana Hamilton, Patricia Herr, Rodney Hess, Michael Hess, Cory Klement, Tim Knabe, Anita Meurer, Craig Monday, Janet Reiter, Patricia Reiter, Glenda Richardson, Stephen Schmitt, Darwin Sicking, Joan Trubenbach, Donna Wolf.

In the afternoon class are Chris Dangelmayr, Tonya Fisher, Kevin Haverkamp, Joell Hellman, Rita Hess, Sandra Hess, Mark Hoenig, Curtis Hoenig, Mark Knabe, Doyle Lewis, Le Ann Mollenkopf, Jay Mollenkopf, David Muller, Cindy Ramsey, Sandy Ramsey, Amy Reiter, Keven Switzer, Daniel Sevan, Irene Taylor, Sondra Taylor.

Local 4-H'ers to Perform at AMPI National Meeting

There was considerable excitement this week in the homes of Lenora Fleitman and Kim Reiter when they received a phone call informing them that they will be traveling expenses paid to the National AMPI meeting in Kansas City, Mo. They are daughters of Mr. and Mrs. Eddie Fleitman and Mr. and Mrs. Wilfred Reiter.

The girls' trip is a result of their outstanding work in their 4-H Cooperative Method Demonstration.

In other county 4-H news, Miss Barbara Meyer from Switzerland left Cooke County Monday to travel to another Texas home in New Braunfels. She is an International Farm Youth Exchange visitor. She said her stay in the Jay Pybas home was "very beautiful."

Peggy Endres, 1970 Gold Star Girl, secured Barbara's address and plans to look her up when she travels in Switzerland. Peggy is in Rome for a semester of study on the U.D. Campus there. She plans to travel in spare time.

The county has two automotive project leaders as announced in the September calendar letter and already an interested 4-H'er, Laura Gage of Callisburg wants to take the project.

Several 4-H'ers have been bagging some doves since the season opened. Merle Hopkins, Cooke County game warden, told Extension agents: "If you hunt in the county of your residence you don't need to buy a hunting license to hunt doves."

4-H teams on plant identification are meeting in preparation for the fall contests. The next meeting will be Tuesday, Sept. 12, at 7 p.m. in the Home Demonstration Building at Gainesville.

Education is a funny thing. At eighteen we knew all the answers — forty years later even the questions confuse us!

Doctor Knight Featured on Front Page of Dallas News

Dr. Marvin Knight, the Cowboys' doctor, was featured on the front page of the Dallas Morning News Tuesday. The story, datelined Muenster and written by Marilyn Schwartz, News staff writer, states that he was interviewed in his office adjacent to the Muenster hospital.

In his opinion the pro football players have to love the sport to put up with it. "Let's face it, these boys like the body contact. It's like a rodeo rider likes to ride a bull. You forget about the danger. It's part of the game. Why, all of the older players have had at least three operations apiece.

"Look at what Don Meredith went through — nine broken noses, five rib fractures, a broken foot and two shoulder problems." Dr. Knight says that a player's ability to take it is mental as well as physical. Some come out the minute a bruise pops up, some you have to fight to keep off the field with a freshly broken bone. He named Don Perkins and Walt Garrison as two men who insist on playing in spite of fractured bones.

The doctor stands firm on one thing: no pain killers to send a player in just to finish a game.

Council Approves \$31,270 Total Tax For 1972 Billing

The Muenster City Council in regular session Tuesday night approved a tax bill of more than \$31,000 on real estate and personal property within the city limits for the year 1972.

Not included was the tax on oil properties, figures for which have not been received up to now.

The tax roll as submitted by the city secretary, Theresa Krebs, indicated real estate valuations of \$1,495,387 and personal property valuations of \$589,309. Principal items under this heading are automobiles, machinery and inventories.

The figures combined come to a total valuation of \$2,084,696. At a rate of \$1.50 per \$100 of valuation, the city's total tax assessment on all its total oil properties will come to \$31,270.44. The council approved the amount and instructed the city secretary to prepare the bills for mailing on October 1.

Other action by the council was a decision to bring city ordinances up to date. They have asked the help of Herbert Meurer, city attorney, in reviewing the book to determine which of the laws are outdated or duplicated and then eliminate or combine wherever possible.

The council also approved the purchase of additional fire hose and installation of a mercury vapor street light in the new residential development in the southeast part of town.

Beauty Nook Now Open for Business

Muenster's new beauty shop, the Beauty Nook, opened this week at 211 N. Main, next to the Charm Shop, with Mrs. Darrell (Anna) Webster, owner-operator.

Mrs. Webster is an experienced beauty operator and provides complete beauty service Monday through Friday.

Opening specials are the regular \$10 permanent for \$7.50 through Sept. 22, and a free haircut with shampoo and set through Sept. 15.

Mr. and Mrs. Webster and their children Dianna and Fray moved from Gainesville to Muenster this summer and are occupying a new home on Route 2. Their children are enrolled at Muenster Public School.

TCJC Graduate

Melvin Francis Sicking was among 218 graduates at the summer commencement exercises at Tarrant County Junior College on August 25. He is a son of Mr. and Mrs. B. J. Sicking, a graduate of Muenster High School.

4-H Club Meets Sept. 14

Muenster Community 4-H Club will meet Sept. 14, next Thursday, to re-organize for a new year and welcomes new members. Boys and girls interested in 4-H activity are invited to the meeting. Three Local Girls Go to Europe to Study, Work, Travel

Three Muenster girls, Misses Linda and Donna Rohmer and Peggy Endres, daughters of Mr. and Mrs. Arnold Rohmer and Mr. and Mrs. Paul Endres, left Sunday for Europe.

They traveled together by jet from Dallas as far as New York where Donna and Peggy parted company with Linda for their flights across the Atlantic.

Donna and Peggy joined a group of students from the University of Dallas in going to Italy where they will spend the fall semester in Rome on the D. U. campus. They'll tour other countries during their stay.

Linda Rohmer flew to Munich, Germany, and went from there to Vienna, Austria, where she will be a "house daughter" for a Vienna family from six months to a year and will travel extensively abroad.

Tigers Look Good In Practice with Pottsboro High

The Tigers of Sacred Heart bested Pottsboro by one TD when the two teams met last Friday night in a pre-season scrimmage session. It was the second such test in which Bob Steele's boys denied their opponents a score.

In this effort the Tigers took charge both offensively and defensively. They were ahead in total yardage and first downs as well as the scoring and also in turnovers. They intercepted four times whereas the opponents intercepted once, and they were even with one each in fumble recoveries.

The scrimmage plan was 20 offensive plays starting from the 30 and returning to the 30 after failure to make a first down. The Tigers started with a nice drive of 50 yards on 10 plays and lost possession on a fumble. Starting again from the 20 they moved to the 20 again before running out of plays.

Pottsboro failed in its first three attempts at first downs and advanced 40 yards on the next 11 plays.

On their next offense the Tigers failed to make the first first down, then used the next 17 plays in going the full 70 yards. Most of the gains were on sweeps by Dickie Moster and Davy Kralh behind fine blocking by Phil Endres and Melvin Luke. The scoring play, the very last of the series, was a plunge for inches by Mark Hess.

Next the Tigers were hot on defense, with Danny Voth as the standout. They threw the Pottsboro fellows for a number of losses and permitted only one first down for a gain of 12.

The Tigers operated without the help of two regulars, Kevin Pels and Mark Schmitt and they were at a disadvantage of about 35 pounds per man in weight. Their one interception was by Myron Hess who ran back about 40 yards. Second and third stringers of both teams also had a turn at the action. Each had 20 plays on offense and defense and both efforts ended in a stalemate.

Leon Bayer was the only Tiger injured and probably will not be ready for this week's opening game at Sadler-Southmayd. Mark Schmitt the day before had a recurrence of the old injury which sidelined him most of last year.

The 42 members of the Tiger roster are Kevin Pels, Roger Endres, Chris Sicking, Gary Endres, Bobby Schmitt, Kenny Hess, Kenny Fleitman, David Kralh, Dickie Moster, Karl Hess, Chris Felderhoff, Melvin Luke, Billy Klement, John Bartush, Leon Bayer, Mark Hess, Richard Testa.

Mark Schmitt, Arnold Yosten, Steve Taylor, Larry Bayer, Scott Felderhoff, Guy Bindel, Jeff Fette, John Henscheid, Jim Luke, Darrell Walterscheid, Danny Voth, Ricky Walterscheid, George Johnston.

Paul Reiter, J. T. Pagel, Phil Endres, John Hesse, Myron Hess, Bruce Fuhrman, Mike Johnston, Pat Endres, Karl Koesler, Charlie Fleitman and Frank Moster. Team managers are Ernie Martin, Dwayne Rohmer and Melvin Hess.

Garden Center Will Have Formal Opening Saturday

Muenster Garden Center and Pest Control, doing business since July 1, will have its grand opening Saturday this week, Sept. 9, 8 a.m. to 5 p.m.

Roger Taylor, owner-operator, invites the public to stop by, see the remodeled building, the complete line of lawn and garden supplies, herbicides and pesticides and register for free prizes.

Taylor delayed the formal opening until building improvements were completed and a varied supply of merchandise stocked. The building is the former Muenster Hatchery which he bought from Clive Gobble. His assistant is his brother Steve Taylor.

Newest addition to the business is a greenhouse at the north stocked with plants. In season he also will have bulbs, garden seeds, bedding plants, ground covers, roses and Christmas trees.

Pest control service includes residential and commercial pest control, tree and lawn spraying, moss control on ponds, and cattle spraying.

Taylor also does landscaping, complete lawn care, and tree planting, pruning and removal. Building improvements include removal of some partitions providing a salesroom of about 800 square feet, acoustical ceiling fresh paint, new siding, glass front doors, and the greenhouse stocked with plants, flowers, trees and terrariums.

In registrations for a free drawing, prizes will be awarded to two lucky winners. First prize will be 50 pounds of WACCO fall lawn fertilizer and a choice of four terrarium plants. Second prize will be 50 pounds of WACCO lawn fertilizer.

Swim Pool Had \$3542 Revenue, 10,402 Admits

The Muenster Swimming Pool has just completed one of its best seasons. In addition to providing a good recreation program through the summer it has finished with a slight profit, which, according to the City, combine to make a successful season.

The pool closed Sunday after being on a part time schedule since school opened on August 14. It had been in operation since May 27, with Dan Hamric as the manager.

A final report on the operation shows that total admissions plus revenue from concessions added to \$3,542.16 and the expenses for labor and chemicals amounted to \$3,171.69, for a profit of \$370.47. That was pleasing to the council members who think breaking even is satisfactory considering the program's merits, and a profit is a bonus value. The profit dropped somewhat from last year's \$607.57 in spite of higher revenue and higher attendance.

Total attendance was 10,402, including parties at times when the pool was not officially open. Attendance by months was 605 in May, 4096 in June, 3352 in July, 2276 in August and 73 in September.

The biggest day was July 23 with 307 and the next best was 246 on June 11. The two best days last year were 465 on July 11 and 311 on June 6. Eleven days this year were over 200, and the big majority of them were between 100 and 200.

Jr. High Group Makes Field Trip

A group of Muenster Public School junior high students, seventh and eighth graders, made a field trip Friday to Gyro Plastics Plant south of Gainesville.

Going with them were Wayne Klement, science teacher, and Mrs. Ernest Jaska.

Tommy Cash, foreman of the plant, conducted a tour of the facility and the group observed things being made from powdered polyethylene.

Quarterback Club To Meet Monday

The Quarterback Club meeting originally scheduled for last Monday night was postponed because of the Labor Day holiday and has been rescheduled for next Monday, the 11th, at 8 p.m. at the grandstand.

All friends of the Hornets are invited to attend and plan to help during the football season. Also booked for the meeting is the annual election of officers.

The Big News at Miami Beach

By Dr. George S. Benson

The big news story at Miami Beach was not the actions of the Republican National Convention but the rise of the obscene, dirty, violent mob-like revolutionary forces in America to a safe position above the law. This ascension of the lawbreakers, which has characterized massive violence on the American scene in recent years, is a dramatic commentary on a growing political cowardice in our nation. It is a measurement of the advancing decay of the moral strength of America. It was encouraged by the "appeasement" policy of Miami Beach and Florida Law Enforcement Authorities.

Members of our National Education Program Staff saw it all at close range and came away from Miami wondering how a nation can survive which permits itself to be blackmailed into a double standard of law enforcement. What happened in the streets of Miami must be considered an affront to the American citizenry — or accepted as a historic milestone on a nation's downhill road to destruction. Police Chief Rocky Pomerance, who was Commander-in-chief of all law forces (including his own city police, county sheriff's men, state troopers, national guardsmen, and even airforce paratroopers on the Miami Beach scene) set the stage for the wholesale lawbreaking by making a deal with the mobsters and decreeing that the streets of Miami Beach belong to the "non-delegate" protesters for the three-day convention, and then forcing policing details to turn their backs when confronted with various types of lawbreaking by hundreds of hard core well-trained revolutionary anti-war protesters. About a thousand bedraggled half-naked hippie type camp followers also were incited to some

form of violence by the mob leaders. There were another thousand thrill-seeking youths, swelling the size of, and joining in some of the mob action.

After the mobs had made a shambles of law and order, intimidating the visiting delegates and the local citizenry with their shocking assaults on people and property a token mass arrest was made — and all but 6 of 212 marauders forthwith released on small bail or no bail at all. They were back with their violent comrades within a few hours.

Police, state troopers, and U. S. paratroops stood by and watched without enforcing local, state and federal law while the "non-delegates" — some Communist guided and Communist incited, and all arrogantly flying the Communist flags of America's enemies — committed crime in wholesale lots. Before the eyes of Chief Pomerance and his forces, the following criminal actions went unchallenged (and we witnessed many of the incidents in shocked disbelief.

In massive "sit-ins" on the streets in front of delegate hotels and surrounding the sprawling convention complex, revolutionary mobs were permitted to disrupt and paralyze traffic, block, abuse and harass delegates and local citizens. No arrests.

Delegates, including governors and senators and their wives, were shoved, cursed and forcibly denied the freedom of the streets which were commandeered by ruffian "non-delegates" under the eyes of Pomerance policemen. No arrests.

Women's dinner gowns were torn and ripped in the streets of Miami Beach as they walked with their husbands from one hotel to another. Some of the husbands were assaulted and knocked to the pavement. No arrests.

People in evening clothes were attacked with barages of rotten eggs, were spat upon and cursed with the most obscene profanities. No arrests.

Police and state troopers stood by silently and inactive as frightened delegates were gang pushed through the archway. No arrests.

And on the last night (Wednesday), while the Convention made ready to renominate Richard Nixon and Spiro Agnew, the mobsters exposed their true nature — and even Chief Pomerance had to recognize the stupidity and danger of paying blackmail and trying to appease Communists and their dupes and camp followers. On Wednesday night, as planned by the Commies from the beginning, the mobsters attacked not just the delegates but Chief Pomerance's police force as well as the mid section of the city of Miami Beach. The same wrecking crew that hit Chicago streets during the Democratic Convention four years ago was in charge here — Communist David Dellinger, Rennie Davis, Jerry Rubin and their comrades.

For hours big striking forces, many with helmets, improvised gas masks and pockets full of slingshot steel projectiles created havoc. From their lair in Flamingo Park, north through all of Miami Beach thoroughfares to Fiftieth Street where the biggest Convention hotels are located, they seized the streets and conducted a reign of terror. Show windows were shattered. Vandalism and looting followed. Bus and truck tires were slashed. Cars were overturned in the streets. Traffic was stalled. Men and women delegates were assaulted.

Under the threat of an attack upon the Convention Hall itself, and after a hail of bricks and sharp steel missiles at the entrance gates, Pomerance's forces were obliged to use mace and a variety of tear gas. Hundreds of arrests were belatedly made. The long-delayed use of stern measures, however, did not end the night's terror.

The whole wild, massive affair had all the trappings of the Communist North Vietnam operation. This was one of the unbelievable blackmail prices paid by Chief Pomerance and his associate law enforcement leaders to the revolutionary mobsters for their promise of no violence.

So the story from the streets of Miami Beach is a story of national disgrace, a story of the double standard in law enforcement, and of the rise above the law of an elite corps of law breakers giving aid and comfort to Communist forces throughout the world. The Communists are jubilant. Americans must end this frightening breakdown in our nation or certainly face a doomsday for our free society.

Cars were attacked, battered and badly damaged by "non-delegate" groups wielding clubs and throwing bricks and bottles. No arrests.

Business glass fronts were shattered. No arrests. Small bands of violent, mad-dog type "non delegates" roamed the parking lots and entrances of hotels, assaulting Nixon supporters, ripping off Nixon banners and tearing up and sometimes burning American flags seized from delegates. No arrests.

One such incident involved delegate Dr. Harold Barton of Louisville whose wife is a national GOP Committeewoman. The Bartons, displaying Nixon buttons, were set upon at the entrance of their hotel. The flying squad of mobsters knocked Dr. Barton to the pavement with blows to his face. Two of his teeth were knocked out, his mouth was so lacerated, he required hospital surgery. Mrs. Barton was verbally abused. Then the mobsters seized a Kentucky flag and tore it to shreds. Mrs. Barton said police witnessed the assault. No arrests.

Beautiful Flamingo Park with its tall palms, lush turf and sparkling swimming pool was degraded with Communists and Communist supporters carrying on illegal "pot-smokein" mass "urination memorials" celebrating the hoped-for downfall of President Nixon and the triumph of the North Vietnamese Communists; naked bathing spectacles; the burning of American flags and glorifying the Communist enemy of the USA. No arrests.

Actress Jane Fonda, called by some people "Communism's most valuable supporter in America," and other publicly-known revolutionaries such as Black Panther leader Bobby Seale and Lawyer William Kunstler were permitted to take over Washington Avenue at Convention Center and, on loud speakers, condemn America and uphold the propaganda falsehoods of their beloved North Vietnamese Communists while their street audience of "non-delegates" molested and harassed Conventioneers. No arrests.

And on Tuesday night the comrades reached the peak of their domination of the streets around the Convention. Mayor Chuck Hall and Chief Pomerance agreed to block off the entire expanse of Washington Avenue in front of the Convention Complex (about 8 blocks), and permit the full reign of hoodlumism by the "non-delegate" forces. The main entrance to the Convention Hall were thus sealed and under command of the revolutionaries at a time when delegates were arriving.

The mobsters first staged a macabre pageant — "the street without joy." Harsh, greatly magnified rock protest music, spiked with vulgarities, dinned into ears over a 20 block area. Hundreds of half-dressed and nearly naked men and women marched into the area their faces and bodies painted as corpses and splattered with simulated blood. They soon were running wild through the area shouting communist victory slogans and calling the Nixon Administration "killers." Communist flags were everywhere in the crowd that soon expanded to several thousand. U.S. flags were set on fire and pitched over the Convention Center chain link fence to land among Pomerance's "security" forces.

Hundreds of delegates were forced "to run a gauntlet" several blocks long and were shoved, kicked, harassed, insulted and cursed all the way by vicious, chanting mobsters. All delegates were taunted with the crowd roaring in unison: "killer . . . killer . . . killer!"

The final humiliation, insult and indignity to which the delegates were subjected was a forced entrance into the Convention Hall grounds through and under an improvised archway erected, with Chief Pomerance's approval, displaying a big banner of the openly pro-Vietcong, Vietnam Veterans Against War (VVAW). A top this archway banner flew the four Communist flags of the four Southeast Asian Nations involved in the Vietnam War — enemy flags. Convention delegates had to bow heads in order to walk under the Communist memorial archway.

Well, What Do You Know?
 fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

What do you know about chess?

Chess is the most popular war game ever invented. The kings and queens who lead the two chess armies must face all kinds of dangerous situations. They are attacked and defended by castles, bishops, knights on horseback, and common soldiers. Eventually

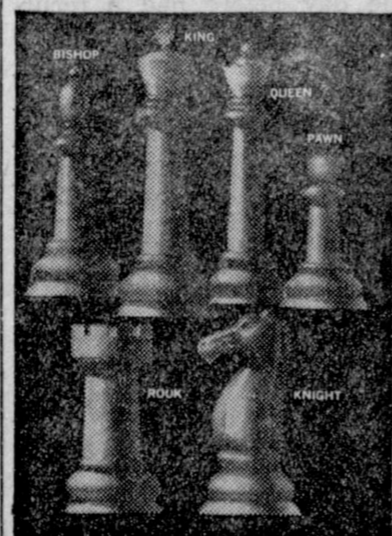

There are two opposing sides in chess, one consisting of light-colored pieces and the other of dark. Each side has 16 pieces. The eight more important ones are the king, the queen, two rooks (or castles), two bishops, and two knights. The other eight pieces in each army are the pawns.

Do you know what Sisters' Day is?

In India, brothers give their sisters gifts on this day, which is known as Raksha Banhan Day and is celebrated the first or second week in August. Raksha banhan means "to tie protection." The sister ties a rakhi around her brother's wrist to protect him. A rakhi may be a scarf woven of silk, some pearls, or some gold and silver threads.

Do you know what estivation is?

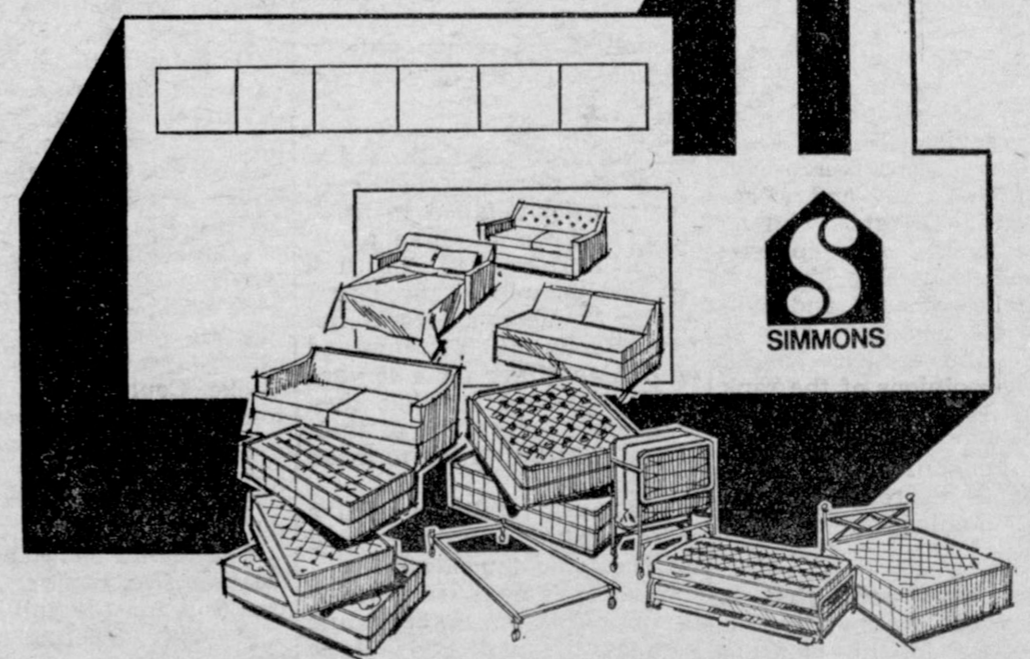

For some creatures, such as certain frogs and fish, the intense heat and dryness of summer can be dangerous to life. Some of them seal themselves in mud and suspend all activity until the season is over. This is known as estivation, a word that comes from a Latin word meaning "having to do with summer."

one of the kings is trapped and must surrender. Each game is a different battle, and the two players are the generals who plan the battle.

Mr. and Mrs. Henry Spaeth Honored In Observance of 25th Anniversary

Mr. and Mrs. Henry Spaeth of Gainesville who were married in Muenster on August 26, 1947, were surprised honorees last Sunday evening when family and friends joined to help them celebrate their silver wedding anniversary.

The surprise observance was planned by their two children David and Miss Patsy Spaeth and their daughter-in-law Lou Ann, Mrs. David Spaeth. The party was held in the Muenster KC Hall where some 130 guests helped themselves to an assortment of pickup foods.

Miss Kim Reiter of Muenster, niece of the couple, registered guests at a table that held an anniversary candle made by Mrs. Spaeth's sister Mrs. Henry Voth Jr. of Lindsay. Also on the table was the original wedding picture of the honorees and a duplicate arrangement of the bride's bouquet she carried in her wedding 25 years ago.

At the head of the food table were two silver candelabra and an arrangement of mixed white flowers and silver-tipped baby's breath in a silver and crystal urn, gifts from the family.

Food was prepared and served by Mrs. Joe Lehnertz who also catered the wedding meal 25 years ago. Mrs. Joe Bayer assisted her. Assisting in serving were nieces of the honorees, Misses Sharon and Mary Ann Voth.

Wedding attendants in 1947 were Miss Georgia Spaeth, sister of the groom, now Mrs. Walt Barry Jr. of Garland, and the bride's brother August Felderhoff. Both attended the anniversary celebration.

Other honored guests included the couple's only grandchild George Werner Spaeth and Mrs. Spaeth's parents, Mr. and Mrs. Hubert Felderhoff who also were observing a wedding anniversary — their 53rd.

The 25-year bride is the former Miss Mickey (Marie) Felderhoff of Muenster. The couple married in Sacred Heart Church with her uncle the Most Rev. Bishop Augustine Dangelmayr officiating. Mr. Spaeth's parents are the late George and Elizabeth Spaeth of Lindsay.

The silverweds live south of Gainesville where he farms and ranches. Mrs. Spaeth teaches kindergarten at St. Mary's School in Gainesville and bakes wedding cakes for the surrounding area.

Guests attended from Gainesville, Muenster, Lindsay, Valley View, Dallas, Denison, Whitesboro and Denton. The couple received congratulations also from a number of out of town relatives and friends who were unable to attend the celebration.

100 Join at Park For Mages Reunion

Annual reunion of the Mages Clan in Muenster City Park Sunday drew some 100 descendants of the late Mr. and Mrs. Frank Mages Sr. for the get-together and picnic meal.

They attended from Cooke County, Dallas, Fort Worth and Greenville and included Mrs. Lavon Kinstley of Addis, La.

Miss Monica Yosten and the Cyril Yosten family of Greenville and Tom Yosten of Fort Worth who attended spent the holiday weekend in Muenster with their parents the Felix Yostens. Mrs. Kinstley extended her stay to visit in the homes of her relatives. She made the trip with a daughter and family, the Lynn Atchisons of New Orleans who went on to Quinton, Okla., to be with members of his family.

At 1,450 Feet, New Sears Building Is World's Tallest

Older people can remember when the Woolworth Building was the tallest in the world. Later, the crown of "tallest" rested on the Empire State Building. For decades, its towering 1,250 feet remained unchallenged. But, records are made to be broken — in building height as everything else. Currently, the Empire State has company in the world's tallest building category. In fact, it now ranks third in height. The Sears Building in Chicago is 1,450 feet, followed by the New York World Trade Center at 1,350. The Standard Oil Building also in Chicago is 1,125 feet and the John Hancock Center in Chicago stands among the tall ones at 1,105 feet.

Currently, these are the world's tallest buildings. Visitors to Chicago and New York can easily identify them as they soar majestically above the skyline in two of our largest cities. There is a footnote, however, for those who expect to count tall buildings this summer. The Sears Building is still under construction.

Father Jerry Mosman was a visitor with his parents, the John Mosmans during the holiday weekend.

Movie Highlights Past 25 Years Of SWC Football

Twenty-five years of Southwest Conference football have been packed into an action-filled half-hour film which will be premiered on 28 television stations throughout the Southwest the nights of Sept. 5-9.

Following the TV premieres, the 16 mm film will be available for showing to groups and organizations through the Humble Oil Film library.

Opening with the Doak Walker (SMU) and Bobby Layne (Texas) post World War II era, the 28-minute movie features outstanding players, teams and games of 1947-71.

Action scenes include such consensus All-American players as Froggy Williams, Lawrence Elkins, Kyle Rote, John David Crow, Jim Swink, E. J. Holub, Buddy Dial, Jerry Levas, Jimmy Saxton, Bob Lilly, Dicky Maegle, Tommy Nobis, Steve Wooster and Bobby Wuensch.

Many other All-America and All-Conference stand-outs are featured. It was impossible, however, for the film to cover all the great players, narrator Connie Alexander points out.

The film's objective, Alexander says, was "to capture the moods, the styles of play, the trends and the excitement that have made the game great for players and fans alike."

Seven of the most outstanding games of the past quarter-century are reviewed, including the Doak Walker-Bobby Layne confrontation in 1947 when unbeaten SMU faced unbeaten Texas.

Other memorable games include teams from TCU, Baylor, A&M, Arkansas, Rice and Houston.

Organizations or groups can obtain the film on free loan to show at meetings by writing to Humble Oil & Refining Co. at 3400 Southland Center, Dallas, Tex. 75201.

Twin Celebrate Seventh Birthday

Twins, Craig and Connie Stoffels, seven years old Sept. 7, celebrated at a party at the home of their parents Mr. and Mrs. Herman Stoffels. Thirty-eight second graders of Sacred Heart School were guests and the twins' sister Sally also attended.

Mrs. Stoffels was assisted by her daughter June in directing games, taking pictures and serving birthday cake, ice cream and soda drinks. Party favors were handed out.

Coming from Denton to attend the afternoon party were the honorees' sisters, Miss Janel Stoffels and Miss Pam Stoffels. Janel works for the Denton Chronicle and Pam is a student at NTSU.

Progress is where you blast a two-ton boulder into a million fragments — called gravel — which you put back together again with cement.

"Nation's Business" puts it this way: "First the 'good' news: The federal deficit for the year ended June 30 was about \$13 billion less than expected — only \$26 billion. (That amounts to about \$125 for every man, woman and child in the United States.) Now the bad news: The new fiscal year deficit could well be another \$10 billion higher than that. Someday, the whole thing will have to be paid off."

Zenith, the company that pioneered color television broadcasting as early as 1941, brings to the nation a 90-minute color (of course) special to accoleade TV's first quarter century, Sunday September 10, over ABC-TV.

Called "Zenith Presents a Salute to the 25th Anniversary of Television," the show will feature virtually the biggest names in video history from its inception. Some of those appearing are Dame Judith Anderson, James Arness, Lucille Ball, Milton Berle, Sid Caesar, Perry Como and Florence Henderson, star of the hit comedy series, "The Brady Bunch." Also Bob Hope, George C. Scott, Dinah Shore, The Smothers Brothers, John Wayne, Jack Webb, Robert Young and Etem Zimbalist.

Remember the "Hit Parade" singers such as Snooky Lanson? He'll be there along with songmates Gisele MacKenzie, Eileen Wilson and Russell Arms.

Bob Finkel is executive producer of the (Jackie) Cooper-Finkel Production. Cooper, the famed millionaire child star and now executive in charge of production at Screen Gems Television, has spent months of long days researching, viewing and compiling classic and rare film footage of TV's early

days. Remember Milton Berle's uproarious openings?

There are excerpts from the distinguished era of anthologies by Hallmark and others.

Awards will be given to those shows and individuals who have established and maintained quality guidelines of fine entertainment and information in such diverse categories as Westerns, Comedy, Drama, News and Variety/Musical.

Producer-director Marty Pasetta will employ the latest in electronic directorial and editing techniques; for example, bringing people together who weren't taping at the same time.

The three writers on the show, Bob Wells, Johnny Bradford and Lemmie Weirid, have studied TV's past. All are up-to-date veterans of the early black and white era.

The entire hour and one-half is nostalgia at its entertaining apex.

ROSH HASHANAH FESTIVAL OF TRUMPETS

SEPTEMBER 9-10, 1972
Hebrew Date: Tishri 1, 5733

This painting by Morris Katz depicts a rabbi blowing a shofar (ram's horn), symbolizing God's summons to the people for self-judgment. The sound of the shofar heralds Rosh Hashanah—the Jewish New Year. This scripture from The Living Bible is the authority for Rosh Hashanah.

"The first day of the seventh month (of the Hebrew calendar) is a solemn time for all the people to meet together for worship; it is a time of remembrance, and is to be announced by loud blowing of trumpets. Don't do any work on the day of the celebration, but offer a sacrifice by fire to the Lord." (Leviticus 23:24-25)

Now the Lord said to Moses, "Make two trumpets of beaten silver to be used for signaling the breaking of camp. When both trumpets are blown, the people will know that they are to gather at the entrance of the Tabernacle. But if only one is blown, then only the chiefs of the tribes of Israel shall come to you. Different trumpet blasts will be necessary to distinguish between the summons to assemble and the signal to break camp and move onward. When the travel signal is blown, the tribes camped on the east side of the Tabernacle shall leave first; at the second signal, the tribes on the south shall go. Only the priests are permitted to blow the trumpets. This is a permanent instruction to be followed from generation to generation. When you arrive in the Promised Land and go to war against your enemies, God will hear you and save you from your enemies when you sound the alarm with these trumpets. Use the trumpets in times of gladness, too, blowing them at your annual festivals and at the beginning of each month to rejoice over your burnt offerings and peace offerings. And God will be reminded of his covenant with you. For I am Jehovah, your God." (Numbers 10:1-10)

The Living Bible

ROSH HASHANAH is the Jewish New Year, and is traditionally regarded as the first day of Creation. This holy day marks the beginning of the Ten Days of Penitence, which is devoted to prayer, solemn festivities and rest from work.

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Do you know how elephants are captured?

In Asia a number of different methods are used to capture elephants for taming and training. But the most com-

mon method is for hundreds of men to encircle a wild herd in the forest. While they keep the herd under watch, other men build a keddah, an enclosure of stout tree trunks or bamboo. It has one opening, with two long walls extending outward to form a funnel. The elephants are gradually herded toward the funnel and into

the keddah. Once they are inside, a gate is dropped across the entrance.

What do you know about hostels?

Centuries ago, the English word "hostel" meant an inn. It was a stopping place where a weary traveler could find food and shelter for a night or two before continuing on his journey. Today when people speak of hostels, they mean special places where students and other travelers can find simple and pleasant lodgings. These lodgings do not offer the same services that hotels do, and the prices charged for food and a bed are low. Here the traveler can meet others like himself who choose hosteling over the more usual and expensive ways of seeing a country.

Do you know what an apiary is?

An apiary is a collection of hives, or colonies of bees, kept for their honey. The word comes from the Latin *apis*, meaning "bee." For the bees to live, flowers with nectar and pollen must be available within 1 or 2 miles of the hives.

Income Limited for Students on SS

"Any student in the Sherman area who gets social security payments and knows his earning for 1972 will exceed \$1680 should report this to social security," Gus Jones said. "Otherwise, he might get checks which would have to be paid back later."

Social security benefits are reduced by \$1 for every \$2 earned if the student beneficiary earns between \$1680 and \$2880 in a year. In addition, benefits are reduced by \$1 for every \$1 earned if he earns over \$2880 a year.

"But a beneficiary can get full benefits for any month he doesn't earn more than \$140 or perform substantial services in self-employment, regardless of how much he earns in a year," Jones said. "If a student beneficiary changes schools, he should report his transfer to social security. If a student gets married, he should get in touch with us right away. Marriage stops a student's social security payments."

If you need assistance on any social security problem, a representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building.

tions than the present compulsory method does.

Relative to the speeches of candidates Nixon and McGovern, both were asking for votes, of course. Assuming that each supports his party's platform, McGovern has come out in opposition to Right-to-Work legislation and Nixon simply declines to commit himself one way or another. Both platforms point up a big reason why compulsory unionism ought to be banned. Both candidates admit that the big bosses are important in the race, and their importance derives directly from the power built by dues collected from unwilling members.

It is significant that McGovern openly appeals for the traditional support of big unions to his party whereas Nixon admits just as openly that he is careful not to an-

tagonize the big bosses. The union big wigs meanwhile are saying that they will not go for either candidate but will apply their customary big slush fund toward the election of senators and representatives who will favor them. They're determined to perpetuate themselves in national political influence on the dues that are extracted from help-less members many of whom personally disagree with the choices of the bosses.

However the signs nowadays indicate that the ability to deliver union support has been deteriorating. Polls say that union members privately don't intend to vote as the bosses tell them. We may learn in this election that Labor no longer wields its old political power. If that happens you can bet the politicians will give prompt attention to legislation that benefits working people rather than the bosses.
