MUENSTER, COOKE COUNTY, TEXAS 76252 AUGUST 8, 1975

NUMBER 37

According to US News and World Report, intimates of Henry Kissinger say his reasons for advising against a meeting of President Ford with Alexander Solzhenitsyn is something like this. Kissinger had been influential in the Soviet decision to exile the Nobel Prize winner rather than imprison him, which would have been harmful to the developing spirit of detente between US and USSR. So, to avoid seeming to double cross the Russians after they had cooperated with him, he advised against President Ford's meeting with Solzhenitsyn.

The story is plausible. We can imagine that imprisonment of the international hero and symbol of freedom would not have been favorable publicity for the detente effort. Also, all freedom loving people are grateful that Solzhenitsyn at last was liberated from his long ordeal and had entered a new life in which he is permitted to talk freely. But developments now make us wonder whether Kissinger's primary motive was to help liberate a very deserving man or just to improve the climate for detente.

Of course the first thought to strike us is why Kissinger should involve himself in the matter of Solzhenitsyn's appearance. It would have been so much more simple, and certainly more in harmony with the US tradition to avoid any interference with the popular exile's plans.

Or, if he was to become involved it would have been far better to encourage frequent appearances and extensive publicity for Solzhenitsyn. After all, the man has a vital message for the world. He can reveal the full story of plans for world conquest, the cruelty and deceit and slavery in the Soviet system, and he can also tell how dangerously close the Reds are to their grand goal of dominating the globe. His is the story that urgently needs to be told, and Kissinger certainly is not serving his country by trying to suppress it.

Another little observation along this line: The Reds are never hesitant about denouncing this country, regardless of the current status of detente or peaceful co-existence or any other variety of pretended friendship. They don't even need a provocation to get abusive. They make up the issues to serve their propaganda purpose. Well, then, why shouldn't this country speak up, or encourage a Soviet exile to speak, any time there's something to say? And, let's remember, Solzhenitsyn has plenty to say. Regardless of the alarming stage of red conquest, the trend could be reversed surprisingly soon if his story received the attention it deserves from the world's news media.

In other comments on the issue Kissinger says that Solzhenitsyn favors an aggressive policy to overthrow the Soviet system... and that would increase the danger of confrontation and nuclear war. However, as some analysts see it, the man is not looking to US or a combination of Western countries to oust the reds. He thinks this mission belongs to subjects of the Red governments, and he is counting on them to do the job with our cooperation — because of the inherent weakness of the communist system.

He thinks that the vast majority of people under Red rule have a fierce desire for freedom, and their day will come if the West, especially the US, will quit responding to both the Red political schemes and economic fizzes. If we'll quit falling for the detente deals, and quit providing their grain and building their factories, the Soviet economy will become sufficiently loused up so that its people will be able to kick the scoundrels out.

As we look back at recent history we find it easy to agree with Solzhenitsyn. In almost 60 years the Reds have been in distress many times, and invariably this country has come to their rescue. We provided the grain that their fouled up farming system could not produce. We were there to help them through their problems of oil production, industry and transportation. We pulled them through World War II even while they were spying on us and stealing our documents and

## Local Teams Will Start Football Practice Monday

More than 90 eager youngsters are expected bright and early Monday morning, the 11th, to start practice for the football teams at Muenster's two high schools.

In doing so most of the boys will be intensifying a program that they have been following on their own for more than a month. Hornets and Tigers alike have been faithful at road work and weight lifting for more than half the summer.

According to preliminary estimate, 48 boys are expected to report to Coach Don Jones and his assistants, Don Osterman and Nick Petro at Muenster High. Thirty two remained from last year's squad after graduation and about 16 are included in the freshman class.

The guess at Sacred Heart is about 45. Thirty two, including 16 lettermen are veterans from last year and some

## Physicals Booked For 3 Grid Teams

High school and junior high football players of Muenster, Sacred Heart and Saint Jo will be together Saturday morning, the 9th, at 7 o'clock for physical examinations preceding the coming football season.

Coaches of the three schools have arranged with local doctors for exams in the MHS gymnasium. They point out that the exams are mandatory for boys who intend to report for the teams. Whoever fails to appear will have to arrange for a physical on his own time and expense to be eligible for the roster.

## Books Available On County History For Centennial

Two books have been prepared as Bicentennial projects by the staff of the Gainesville ARBC. They are "History of Cooke County: A Pictorial Essay" and "A Century of Achievement: Blacks in Cooke County Texas 1850-1970."

The pictorial essay contains approximately 200 photos and a brief but informative introduction. Focusing on the socio-economic development of blacks in Cooke County, the black history has around 100 pages of previously undiscovered history plus illustrations.

Both books will be available August 18 at various places including Morton Museum and cost \$3 each. Copies may be reserved for \$3.25 each (\$3 plus 25c postage and handling; to be mailed after August 18).

## Ordinance Links Muenster Library To State System

An ordinance passed by the city council Monday night designates the Muenster Public Library as a community library and an affiliate of the Northeast Texas Division of the Texas Library System.

The ordinance was passed in response to a request by the local library board in order to qualify for services and aids available through the state system.

According to the library board estimate, the local library should be able within three years to upgrade its standards to meet requirements of the state system, after which the various benefits should become available.

## School Trustees Set Next Monday For Budget Hearing

Persons who are interested in expected income and expense of the Muenster School District during the coming scholastic year are reminded of the annual budget hearing next Monday night, August 11 at 7:30 o'clock in the superintendent's office on Maple Street.

Superintendent L. B. Bruns said that visitors are welcome at all school board meetings and they are especially welcome at this one, which presents a review of anticipated finances of the coming year.

First action for the Tigers will be a practice scrimmage with Pottsboro here on August 22. There will be no admission charge for it, however a welcome contribution will be a bar of soap for each spectator. The same deal applies again a week later when Sacred Heart hosts Alvord in a scrimmage. Hopefully these two games will supply all SH teams with their soap needs of the year.

The soap deal is new to this community and, by coincidence is being introduced at both schools. The night of scrimmage with Nocona, August 29, will be soap or towel night — a bar of soap or a still serviceable used bath towel as the admission gift. It's another effort to stock up on shower room needs for the year.

Action that night will be a double header with the junior varsity teams starting at 6 p.m. and the varsity teams next. At this time the Hornets still have no opponent for their first scrimmage night.

Swimming season in the Muenster pool has only about two more weeks to go. According to the calendar adopted at the beginning of the season, the closing date is Sunday, August 24, less than a week after classes start at the two local schools.

## City Represented At State Hearing On Water Rights

Water rights for Muenster, to authorize construction of the proposed lake northeast of town, appear to be developing, according to a report to the city council Monday night.

The report is based on an apparently favorable hearing before the Texas Water Rights Commission, at which a group of persons representing the city explained that the city's falling level of underground water had become critical, and another source of city water needs to be provided.

Persons there in the city's behalf were Mayor Pro-Tem Richard Grewing, Water Superintendent Joe Mosler, Water Board Chairman L. J. Endres, Councilman Ted Henscheid and City Engineer Don Fleming.

They were opposed by representatives of the city of Dallas, which has water rights to all of the Trinity Watershed. Problem before the water rights commission is whether the local need is sufficiently urgent to justify diverting that small portion of Trinity Watershed water. The answer to that question is expected before the next council meeting.

He who loses his head is usually the last one to miss it.

## Community Response in Blood Collection Praised

Blood donors of Muenster were highly commended last week by the regional Red Cross blood center of Wichita Falls for their fine response at the Bloodmobile's most recent visit.

Relative to good record, Vikki L. Noble, director of donor resources development sent the following letter to David Bright of the Muenster Hospital.

"Congratulations! The recent Bloodmobile to Muenster was a welcomed success. The efforts put forth by your community to help meet the needs of patients requiring Blood within the Region certainly are appreciated.

"In addition to surpassing the minimum need by 8 units, 19 persons were encouraged to become First Time Donors. Congratulations! As you know, continual involvement of new donors is necessary to a community to help assure a strong donor base from which future donations can be drawn.

"We here at the Center, certainly do appreciate the time and interest it takes to organize a successful community Blood Program. On behalf of each patient who will receive the life saving benefits of each blood donation given in Muenster, let us say, 'thank you for caring.' We hope you will pass our sincere gratitude on to each Volunteer and each Donor who made the success of the July 16th mobile possible."

Mr. and Mrs. Clinton Bayer and son have moved into their new home and the house they vacated northeast of town is now the home of the Johnny Anderle family.

Mrs. Ronnie Hoagland vacationed recently for two weeks in Clifton, New Jersey with her brother and his wife, Mr. and Mrs. Leonard Goode, in New York with friends and again in New Jersey with a cousin.

## Schools Will Enroll Monday and Friday

### SH Classes Will Start August 18

Sacred Heart students will register next Monday, August 11, for the '75-'76 school year and will report for their first classes a week later.

According to a schedule released this week by Sister Mary John, high school principal, students of both elementary and high school will enroll in the high school library between the hours of 9 and 3. After that they can have another week of vacation.

The faculty, however, will be on the job all week with in-service sessions, preparing class schedules and other planning for the year.

The school calendar again this year is based on the quarter system.

Following in-service duty by the teachers August 11 to 14 and a church feast on the 15th, classes will start on August 18. Holidays of the first quarter are September 1, Labor Day and October 13, Columbus Day, and the last day is November 11.

The winter quarter begins on Nov. 12 and ends on February 20. Holidays are November 27 and 28 for Thanksgiving, December 8 for a holy day and December 19 to January 5 for Christmas.

The spring quarter begins February 23 and ends on May 19, followed by graduation on May 23. Holidays are March 19 for the feast of St. Joseph and April 16 and 19 for Easter.

Parent-teacher conferences are scheduled midway in each of the periods. For the fall quarter it will be September 30 through October 5. For the winter quarter it will be January 13 through 18. And in the spring it will be April 6 through 11.

Each quarter has 60 days. December 22 and 23 are tentative make up dates in case of time lost for bad weather.

### First Class Aug. 21 At Public School

Registration of all public school students, kindergarten through the 12th grade will be held Friday of next week, August 15, beginning at 9 o'clock.

Superintendent L. B. Bruns said that buses will run their usual routes, starting the pickup at 8 o'clock and arriving in time for the 9 a.m. enrollment, which should be finished in about an hour. Students will be back home for the noon meal.

First day of school will be Thursday, August 21. From registration until then students will have an extension on their vacation while the faculty will be on duty for in-service training and drawing up class schedules.

The school calendar this year reflects the change from the semester system to the quarter system as adopted by the past session of the state legislature. Instead of two semesters of 90 days each there will be three quarters of 60 days each.

First quarter begins with the first class day on August 21 and will end on November 13. September 1, Labor Day, will be a holiday.

November 14, 17 and 18 are student holidays, while teachers will be occupied with in-service duties. After that the second quarter starts on November 19, Thanksgiving holidays are the 27th and 28th, and Christmas holidays begin after dismissal on December 19 and end with return to classes on January 5. Last day of quarter is February 26.

Feb. 27 and Mar. 1 are in-service days for the faculty and holidays for the students, and the third quarter starts on March 2. Holidays in the period are Good Friday and Easter Monday, April 16 and 19, and the last school day is May 26. Next two days are in-service, with commencement on May 28.

## Council Allows Increase Of Local Electric Rates

An increase of electric rates in Muenster was granted to Texas Power and Light Company by the city council Monday night. The raise had been requested by TP&L manager Bill Bedrick in the city's July meeting.

As pointed out then by Bedrick the rate hike will increase the company's local revenue by 11 per cent and will apply first on bills rendered October 1. Also, he said, the average residential cost per kilowatt hour will be less than it was in 1955. It is the fourth general rate increase in TP&L's 63 year history.

Rising costs in all phases of the company's business are reasons given for the raise. Most important of those is the rocketing cost of gas and fuel oil which are used in most present plants for generating current. To use the less costly lignite, which is available and plentiful will require extensive new plant construction. And that in turn is subject to enormous increases in building costs.

Still more increases apply to construction of distribution lines, wires, poles, etc. And requirements to satisfy EPA cost about four times as much as before.

Plans to observe Fr. Bede's 50th anniversary on September 7 are being made by members of Saint Anne's Society who announced during their Sunday night meeting that he suffered a slight heart attack but hopes to be here on that day.

Mrs. Al Hess presided and led the opening prayers. Twenty nine members signed get-well cards for Mmes. Lee Haverkamp, Joe Wilde and Joe Swingler.

Members also approved donation of \$10.00 to the entertainment fund for the Rest Home. The carts are now placed in grocery stores for convenience of those who wish to contribute to the annual shower for Benedictine Sisters. Cash donations may be sent directly.

Betty Crocker coupons, trading stamps and Campbell soup labels are needed for Mission Work and may be left at Hess Furniture Store.

Mrs. Leo Henscheid read "People Who Love". The next NCCW meeting will be held in Lindsay on September 18.

Mrs. Albert Schilling won the door prize.

### Dr. and Mrs. Jean Gebman and son Ryan of Santa Monica, California, arrived recently for a visit with her parents, the Pat Hennigans, Sr. Sheila and Ryan remained for a longer stay while Dr. Gebman attended an Aeronautical Convention in Nassau, where he was a speaker. He will weekend here again before his family returns to Santa Monica.

## Addition Starts for Telephone Building

### Ground Broken for Phone Building Addition

Present at the ground breaking for an addition to the telephone building are David Bright, mayor; Ted Blackerby of Oliver Tucker Architect; W. J. Miller, co-owner; Alvin Fuhrman, co-owner and manager; J. B. Cason, president of B. J. Contractors; Alphonse Hoenig, director, and Dave Isbell, staff engineer of B. J. Contractors.

Construction on a major addition to Muenster Telephone Corporation's main office building began last Thursday with ground breaking ceremonies.

The annex measuring 50x47 is located at the north end of the present building and is scheduled for completion in 180 days, according to co-owners Alvin Fuhrman and W. J. Miller. B. J. Contractors, Inc., of Gainesville is contractor for the project.

Principal area of the addition will be a 34x23 main equipment room to be used for additional local dial equipment along with new toll line facilities which are due to go into service in June 1977.

The new transistorized toll line equipment will serve an estimated 96 lines needed by 1977 for the local system, which serves Muenster, Myra, Forestburg and Rosston.

The change over will be accompanied by removal of the aerial wires owned by Bell which follow the old railroad route from Muenster to Gainesville. They will be replaced by an underground cable along Highway 82. Muenster Telephone Corp. will own the cable to the Roadside Park, about half way, and Bell will own the rest of it.

Also included in the addition is storage space, a mini-kitchen, rest rooms and a 24x38 area to be used eventually for more equipment, and until then as a meeting room.

Another expansion by the corporation is a recently completed service center across First Street from the main office. The facility includes a 40x80 metal building with roof extending over a 25x80 area which includes a 20x25 loading dock plus shelter for vehicles. It is situated in a quarter block space, the balance of which is covered with crushed rock and enclosed by a chain link fence.

For her wedding she chose a sheer organza gown, with empire waist and V-neckline accented with a ruffled inset of tiny soft pleats. Sheer full sleeves were caught to a wide cuff and trimmed with bands of heavy lace edging. The A-line skirt was scattered with lace appliques and flowed into a chapel length train and was edged with bands of heavy lace.

Her mantilla veil was attached to a ring base and edged with matching lace. She carried a cascade of gardenias, stephanotis and baby's breath.

## Two Families of Vietnam Refugees Choose Muenster

A fact not generally known in the community is that two families of Vietnamese refugees have chosen Muenster as their new homes. One of them sponsored by Fred Koerschner, came from Camp Pendleton, Calif., and has been here since June 15. The other, sponsored by Bill Koerschner, came from Camp Chaffee, Ark., and arrived early last week.

The earlier arrivals are a family of three. Dinh Van Duc, 25, is a former lieutenant in the VNAF; his wife, Le Thi Ha, is 22 and their daughter, Dinh Ha Tu Uyen, is six months old. They are located now in a mobile home in the southeast part of town, living with Mrs. Tim Fette, who will leave soon to join him in Indonesia. After that they intend to remain in the mobile home. Mr. Dink is employed at Bonnavilla Homes near Weber Aircraft.

The other family includes Cao Thien Tri, 29, also a pilot in the VNAF, his wife, Do At Thi, 29, a daughter, Cao Trang, 18 months, and a son, Cao Dang, 4 months. They are now guests in the Bill Koerschner home and have prospects of moving soon. He will report to work at Nocona Boot Company next week.

Both families came here empty handed. That applies especially to the Caos who barely got on the refugee plane. In the bedlam of mass exodus he was told that a plane would leave in five minutes and his family could be on it if they got there in time. The wife and children were only a few blocks away. He raced to them and they left their home and all possessions without a moment's hesitation. The younger child was only half dressed. Carrying the children they got back

## Charley Hellmans Vacation 3 Weeks

Mr. and Mrs. Charley Hellman and Janelle are home again after being in Idaho, Falls, Idaho, for the wedding of a daughter of Alvin's cousin; and getting in a lot of sightseeing enroute and on the return trip by different routes.

They left here July 12 and returned on July 29. During their 18 day vacation they spent a few days in a luxurious cabin in the mountains, went sightseeing in West Yellowstone Park, saw the Madison River Canyon earthquake area, went silver salmon fishing in Inland Park Reservoir and visited in Arko, Idaho, the first city in the world to be lighted by atomic power, and spent a day sightseeing in Wyoming.

to the refugee plane with less than a minute to spare.

Persons whose homes were farther away were less fortunate. They had to choose between remaining there or leaving with a hope of being reunited later with their families.

Since the refugees came with nothing, they will welcome any and all items to help them get established in housekeeping. Household essentials such as kitchen utensils, small appliances, linens, etc., will be gratefully accepted for them by either of the Koerschner families.

The following is a letter written by Mr. Dinh.

"We came here on the 15th of June, 1975 after two months of being in camp Pendleton, California. We were very happy to have a nice sponsor over here, Fred Koerschner's family, and we have met so many kind people that have been helping us so much. We are very grateful about this. We offer thanks to all of the people in the town of Muenster, especially, the family of Mr. Fred Koerschner. Now I have a job at Bonnavilla Homes and we moved into a trailer in town.

"Sometimes, we remember about the terrible day that we escaped from Tan Son Nhat AFB to VTAPAO AFB, Thailand, the day of blowing rockets and bombs, the day of airplanes burning in big fires, the day most people died suddenly and their eyes still kept opening. We ran between these scenes to escape. We have never seen this before and we hope that we will never see it again.

"Every night we dream about our missing relatives that we left in Vietnam, we are very sorry about this. Now, we can't do anything for them. We just pray that nothing happened to them, and hope one day in the future we will see their pictures from Vietnam.

Once again, we thank all of you and pray that God will bless all of you very much. Thanks be to God."

Guests of Mr. and Mrs. Hugo Lutkenhaus Sunday, July 21, were Mrs. Chris Jensen and son and daughter-in-law, Mr. and Mrs. Troy Jensen of Wichita Falls. Mrs. Jensen remained 'til Friday and also visited Mrs. H. A. Walterscheid and family. The Hugo Lutkenhaus returned with her to Wichita Falls to visit 'til Tuesday in her home, also with the Troy Jensens and Roy Plumlee, who took the Lutkenhaus on a shopping and sight-seeing tour of Sikes Center on Monday.

Mr. and Mrs. Henry Weinzapfel were in San Juan Puer to Rico Monday through Wednesday of last week attending a sales conference sponsored by United Fidelity Life Insurance Co. to honor its leading underwriters.

## Bob Swirczynskis Tour Europe and See North Sea Drilling Operation

Mr. and Mrs. Bob Swirczynski toured Europe and visited their son Roy in Stavanger, Norway, from June 18 until July 9. They flew from D-FW to New York, arrived in Stavanger on June 19, and were met later by their son at the Heliport when he arrived by helicopter for an eight day leave from his job as tool pusher on a drilling rig 250 miles offshore in the North Sea.

Telling about their trip, the Swirczynskis mentioned that the Heliport, originally part of Hitler's training area during World War II, is now used by American Oil Companies to transfer personnel to the drilling platforms. The helicopters carry 20 men apiece.

The drilling platforms are huge, with two drilling rigs on each platform and 28 wells on the production deck underneath. The Swirczynskis saw four wells flowing to the tankers while 24 were ready to be tested and completed. They were told each well averages 25,000 bbl. a day, and that a huge crane mounted on a boat hives out for \$80,000 a day. They said this was a fascinating and breathtaking sight.

They also noted that the 20 man crew of which their son Roy is a member, recently received an award for completing a year without a single loss-of-time accident. On this platform there is closed circuit color TV also the latest movies, newspapers and magazines are air-speeded in every day. Meals, served four times a day are excellent. Another impressive sight was two new platforms under construction by a Norway firm for an oil company.

The Swirczynskis visited in Norway for ten days as guests in Roy's three bedroom apartment. Together they drove into the mountains, saw farming country, cruised in fjords as deep as the mountains are high, where the water is a beautiful emerald green. They took a hydro-jet boat to Malmo, Sweden for a shopping trip.

They went sightseeing in Copenhagen, Denmark, for four days and noted that the shopping area is mostly on pedestrian-only-streets. They saw the fabulous Tivoli Gardens, a green oasis mid-city, built in 1843 and transformed at night into a kaleidoscopic vision of light and color by thousands of lamps. On a train tour of Copenhagen they saw beautiful parks, the Luborg and Carlsburg Breweries, largest in Europe, the famed "Little Mermaid", the U. S. Embassy, the canals, picturesque old buildings and shipyards.

They flew to Vienna, Austria, for four days and stayed in a hotel two blocks from St. Stephens' Cathedral where they attended Sunday Mass. Vienna is a sea of flowers with 800 parks and gardens but the Danube looks muddy. Vienna is the city of music and 1400 coffee houses. The Swirczynskis say that Viennese coffee is a "delightful delicacy". They toured the Vienna Woods, Opera House, vineyards, wine gardens, the Cistercian Monastery where Schubert composed "The Linden Tree".

Three days were spent in Brussels, Belgium; they took tours which included the site of the Battle of Waterloo, they saw the panorama replica of the famous battle, and the Atomium of the Worlds Fair of 1958, Brussels' University of Medicine, the Gothic Cathedral of St. Michael, one of the most impressive in Europe. A special treat was going to a French barber and beauty

shop. The shopping galleries are all under glass roofs. The famous Belgian lace is still hand made and very expensive.

For their return trip, the Swirczynskis left Brussels on a 747 at noon July 9, arrived in New York for their flight to Dallas, spent the night in Irving with their daughter Sonja and returned to Muenster the next day.

## Two Have Separate Vacations in Iowa

Mrs. Catherine Walterscheid and Mrs. Amanda Fuhrmann vacationed recently in Iowa with relatives, leaving together by bus on July 18 and traveling as far as Des Moines.

From there, Mrs. Walterscheid went to Lu Verne, Iowa, to visit her brother, Henry Loerwald, and his son C. J. Loerwald at La Grande. Joining them were Henry Loerwald's daughter, Mrs. Mary Ann Franks and three children of Los Angeles. Mrs. Walterscheid spent ten days with relatives and enjoyed a two-day "Lu Verne Days" celebration, community picnic and bazaar when 2,500 meals were served.

Mrs. Walterscheid also visited in Bartelsville, Oklahoma, with her daughter Mrs. Walter Acker, Mr. Acker and family for five days. They took her to Tulsa from where she rode a bus to Muenster.

She said the weather was extremely hot; she marveled at the corn crop in Iowa but noted that rain is sorely needed.

Mrs. Fuhrmann began her Iowa vacation in St. Jo, her former home, where she visited nieces and nephews and attended a reunion of the family of the late John and Mary Fuhrmann and met a nephew and family, Lorne Fuhrmann of Calgary, Canada. She also met old friends at a community picnic in the St. Jo parish to which she formerly belonged.

Mrs. Fuhrmann next visited a sister-in-law, Mrs. Louis Fuhrmann in Algona, Iowa, and friends in Bode, West Bend and St. Benedict. In Iowa City she was the house guest of a daughter and her husband, Mr. and Mrs. Jeff Bass. Together they visited a cousin and husband, Zita and Ollie Fuhrmann and a niece, Mr. and Mrs. Reinie

Salz.

Mr. and Mrs. Bass brought her mother home, coming through the Ozarks and Fort Smith, Arkansas. They visited here for one week and are now in McGregor with his parents, Mr. and Mrs. Cohen Bass. They will spend a short time here before returning to Iowa City, where he is working toward a doctorate and also teaching.

**Party of 6 Enjoys Alaska Vacation**

Mrs. Hilda Self, Mrs. Rose Hofbauer, Mr. and Mrs. Herman Hartman and Mr. and Mrs. Joe Walter enjoyed an Alaskan vacation and Wilderness Route holiday this year. They left July 13 and flew from D-FW to Seattle, went by bus to Vancouver, Canada, and were taken on a sightseeing tour of Vancouver by motorcoach. At 10 p.m. Sunday night they sailed on the Sun Princess for a four day cruise, docking at Ketchikan the "Salmon Capital of the World" for sightseeing; the next day at Juneau to see the Mendenhall Glacier 15 miles from town; on to Skagway where they boarded the narrowgauge railroad to climb the steep mountain sides through White Pass to Lake Bennett and Whitehorse.

On the Skagway Trail, the train broke down and they were sidetracked for two hours. The next day they flew inland to Fairbanks for more sightseeing and continued by Alaska Railroad to McKinley National Park and Anchorage.

They returned by plane to Seattle after having visited a number of scenic and historical places during the tour and arrived at D-FW Airport July 25 before dawn.

The Walters left the group in Seattle for a short visit with Charlie Schmitt in Grandview, Washington, and Leo Schmitt in Yakima during the peak of the wheat harvest season.

Mr. and Mrs. Bruno Fleitman and Jerry Fleitman visited in Houston four days of last week with their daughter and sister and her family, Mr. and Mrs. Frank Cox and Kelly. When they returned, three year old Kelly accompanied them and will visit here until Thursday when her mother will come to meet her for a return flight to Houston.

**Randy Reiters Return from Wedding Trip to Hawaii**

Mr. and Mrs. Randy Reiter are at home in Valley View since their marriage Thursday, July 3, in Sacred Heart Church. Fr. Stephen Eckart officiated for the 7 p.m. ceremony.

Parents of the couple are Mr. and Mrs. Paul Sicking of Myra and Mr. and Mrs. Rueben Reiter of Valley View.

The bride was escorted to the altar by her parents and the groom's parents entered with him. The bride presented a rose to her mother at the altar rail and to her husband's mother on leaving the altar.

For her wedding, she wore a dress of Star-glow over organza, designed and made by her mother. A set-in band at the waistline gave an empire effect. The V neck was defined by a narrow ruffle of Star-glow. Lace appliques, re-embroidered with seed pearls accented the bodice, band and skirt. The sheer sleeves were finished with a Star-glow ruffle. Her veil of illusion extending into a train was edged with lace flowers and attached to a Juliet cap covered with

matching lace and seed pearls. Bridal flowers were an orchid surrounded by glads, stephanotis and carnations. And she had the traditional blue garter.

**Attendants**

Mrs. Kathy Vogel of Myra was her sister's matron of honor and bridesmaids were her sisters Mrs. Debora Johnson of Whitesboro and Marla Sicking of Myra and a friend, Darlene Wolf of Muenster. The bride's small sister Stacie was flower girl and her nephew Scott Vogel was ring bearer.

The feminine attendants were gowned alike by designer Beverly Nelson of Dallas a co-worker of the bride while employed there. They wore blue dresses with elastic smocking in the bodice, cape sleeves and a tie in the back neckline. The flower girl was a duplicate and her dress was made by her mother.

Matching blue lace hats had hand cut lace trim with short streamers re-embroidered with white flowers. They carried nosegays of carnations and

glads in spring colors. They also wore necklaces given them by the bride. The flower girl carried a basket of spring flowers.

Larry Vogel, brother-in-law of the bride was best man and groomsmen were groom's brothers, Carrol Reiter of Gainesville, Gene Reiter of Keene and Danny Reiter of Gainesville. Michael Sicking of Muenster was acolyte and ushers were Mark Sicking and Troy Sicking. All the men in the wedding party wore tuxedo jackets of light blue with lark blue trim made by the bride's mother.

Wedding music was given by a vocal group, Lisa Mollenkopf, Debbie Reynolds and Mary Lou Fleitman who sang "Twelfth of Never", "A Time for Us", "Time in a Bottle" "Let It Be Me" and "Annie's Song". Wendel Black of Myra sang "Colour My World", accompanied by Mary Lou Fleitman on the flute. Linda Miller was organist.

Mrs. Paul Sicking attended her daughter's wedding in a pink three piece formal with jacket of white and pink lace print and the groom's mother wore a pink polyester crepe gown with empire bodice and A-line skirt. Both had gardenia corsages. Grandmothers of the couple, Mrs. Hilda Reiter and Mrs. Olga Reiter wore blue and had carnation corsages.

**Reception**

Following the ceremony, the bride's parents hosted a reception for 135 guests in the Larry Vogel home in Myra, Mrs. Kenny Yosten of Muenster and Karla Owen of Irving were at the guest book. Finger Foods, wedding cake and punch were served. Members of the house party were Mrs. Melton Vrla, Faye Sawyer and Mr. and Mrs. Floyd White. The cake was baked and cut by Mrs. Henry Spaeth and served by Lisa Reiter, Melanie Reiter and Sonja Vrla.

For their trip to Hawaii, the bride changed to a pink pant suit trimmed in white and she wore the orchid from the bridal bouquet. They left the reception amid a shower of confetti and rice. Dora Sicking and Nikki Vrla distributed rice bags.

Guests attended the wedding from Keene, Farmers Branch, Lancaster, Dallas and Cooke County.

The bride is a graduate of Muenster High School and Cooke County College where she received a degree in Cosmetology and is presently employed at Jr. Elite. The groom graduated at Chisholm Trail Academy, in Keene, Texas, and is employed at Weber Aircraft.

The rehearsal dinner was hosted by Mr. and Mrs. Larry Vogel on the patio of their home where a chicken supper was served to the wedding party and family members.

**Kleiss Kin Honor Sister Aloysia**

Sr. Aloysia Kleiss was the honored guest several times while she vacationed with her relatives here. A Kleiss reunion on Sunday evening, July 20, in Muenster City Park included Mr. and Mrs. Clem Hofbauer and their children and grandchildren, Mrs. Rosie Walterscheid and her children and grandchildren, Joe and John Kleiss, Miss Lu Vogel and Sr. Aloysia.

Other family parties were held at the William Hermes home and Dale Hofbauer home and at the Clem Hofbauers, who also took Sr. Aloysia to Idabel, Oklahoma, for a two day visit with the Ewald Fuhrman family. They were seeing the Fuhrman's new home for the first time. It was almost a house-warming party because the Fuhrman's completed their move into the house the same day.

In bygone days, when asking, "Is it a boy or a girl?" you were looking at a baby.

**We deal with two types of energy:**

**1. HUMAN**

Many businesses and industries are moving into this region from other parts of the country. They've found that we have a willing work force, a sensible tax structure, favorable weather and adequate energy sources.

New industries don't just move into your town by accident. Sometimes years of personal contacts by your Chamber of Commerce industrial team and the industrial development experts at Lone Star Gas are carried on before the final decision is reached to relocate in your town.

Your Chamber's industrial team, aided by the state, county and utility teams, study the area to make sure the right industry is matched with the right plant site location.

A new business or industry helps your town's economy by providing new jobs and by adding tax dollars for schools and hospitals and other community services.

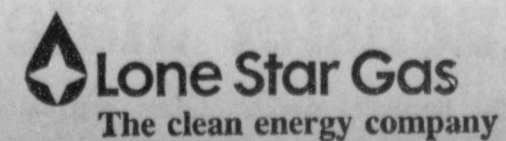

So when you hear about a new industry moving into your town, call your Chamber of Commerce and thank them for another job well done.

**2. NATURAL**

To our customers, Lone Star is "the gas company." We serve over one million customers in about 400 cities and towns in Texas. That's a lot of customers... and a lot of responsibility. People depend on Lone Star Gas to have the available natural gas energy whenever and wherever they need it. And we've provided that energy for over 60 years through investments in pipelines, compressor stations and the purchase of new, more expensive gas supplies.

Natural gas produced in the United States provides over ONE-HALF of this country's industrial energy requirements. And the availability of adequate natural gas energy is one of the primary reasons that more and more businesses and industries are moving into this part of the country.

Lone Star Gas is committed to helping your town attract and keep industries that can provide jobs and help the economy. It's just good business for all of us.

## Fifteen Receive Trophies in JC Tennis Tourney

A big and enthusiastic week-long tennis tournament sponsored by the Muenster Jaycees came to an end Sunday with awards of fifteen trophies in four divisions.

Those trophies were for champ, runner-up and consolation in men's singles, boys' singles, ladies' singles and men's doubles. In the latter division each member of the top three teams received a trophy.

Results of the eight final matches went as follows. In men's singles Steve Noe of Gainesville beat Dale Alesop of Gainesville in the champ bracket and Lonnie Hellman beat Ricky Adams of Gainesville in consolation.

In boys' singles Tim Wolf beat Jeff Hess for the top prize and Phil Wolf beat Bob Hartman for consolation.

In women's singles Lisa Freeman of Gainesville beat Mary Fisher for championship and Mary Hess beat Elizabeth Kralicke for consolation.

In men's doubles Ray Angore and Jim Hatchel of Bowie beat Steve Noe and Ricky Adams of Gainesville in the champ bracket. And Roy and Leonard Reiter beat Lonnie Hellman and Myron Hess for consolation in the best contest of the tournament. Scheduled for 1 hour 15 minutes, it lasted 2 1/2 hours, and set scores were 4-6, 11-9 and 6-4.

Ronnie Hess, tournament director, said there were a number of other good contests, including a dozen or more that were tied when time ran out and required a tie-breaking game.

The tournament had a total of 128 entries in the four divisions. There were 40 in men's singles, 24 in boys' singles, 14 in girls' singles and 50 (25 teams) in men's doubles. To play on schedule, matches were limited to one hour and scoring was by the number of games, not sets. If contestants were tied in games at the end of an hour they had to play a deciding game. However the scoring in the finals was 2 out of 3 sets.

Only two entries survived for two final contests. Steve Noe was in the champ brackets of men's singles and doubles. Lonnie Hellman was in consolation brackets of men's singles and doubles.

In behalf of the sponsors Ronnie Hess extends thanks to all participants who made it a pleasant and often exciting tourney, and also to the generous helpers who officiated at the lines.

Even the weather cooperated, he said. Once water puddles had to be swept off the court so play could start and once the action was delayed an hour by rain.

Mr. and Mrs. Pat Hennigan, Sr., reunited with members of the 21st Battalion, Sea-bees at Lake Texoma Lodge, Kingston, Okla., during the past weekend.

## Confetti - - -

defaulting on obligations to us.

The evidence is abundant. The Reds of Russia would have folded long ago except for what they begged, borrowed and stole from us. Solzhenitsyn seems to think they'll still crash if we'll quit letting them beg, borrow and steal.

Unrelated perhaps, but interesting in view of Kissinger's ill advised act of consideration to the Soviets, is a report of a Red double cross. At the time they were promoting the current big grain deal with us, some of their agents were meeting with Arab oil producers urging them to put another increase on the price we have to pay for oil.

Visiting Sunday with O. D. Garland was his sister, Mrs. Lucille Baker of Dallas.
