

MUENSTER ENTERPRISE

VOLUME XXXIX

MUENSTER, COOKE COUNTY, TEXAS 76252 SEPTEMBER 19, 1975

NUMBER 43

Dick West of the Dallas Morning News was writing a few days ago about the casual attitude people nowadays have toward the enormous amounts of money being spent by our government, and for that matter by business or our plain citizens. Back in the depression of the thirties many a person would walk a mile for a dime whereas few would do it for a dollar now. And items that used to cost a nickel then range from 25 to 50 cents now.

Some of us are inclined to shrug off that fact with the remark that it doesn't make a lot of difference. Money now comes as easy as it goes. We have fabulous incomes to provide for the fabulous spending.

But that's only true to a degree. The sad fact is that a big percentage of us are not raking in the money that way. Rather they are on a fixed income or on one that doesn't increase nearly as fast as the outgo. And there are still many with savings that date back 30 or 40 years. For instance an insurance policy of a few thousand which meant something originally but is pitifully inadequate now.

This is the evil of inflation. In keeping with the old slogan that thrift is a virtue, people put money away for a rainy day, only to discover that the value of that money was shrinking constantly. The same thing is still going on. Every day people invest money which continues losing value as inflation keeps going. The people who allow inflation to continue, some actually involved in manipulating it, know that they really are engaged in a process of stealing from the savings of others. Legally they are in the clear, but morally they are wrong, and they must be aware of it if they have any gray matter at all.

Our outrageous inflation has resulted in a mushrooming national budget. It took 185 years for the US government to reach the point where it was spending \$100 billion a year. But only nine years later it was spending \$200 billion, and in four more years it jumped the figure to \$300 billion. At this rate we should not be surprised if Uncle Sam observes the bicentennial with a \$400 billion budget.

This thing has gone so far that we now talk about the billion more casually than we did the million. The word is thrown around so much that we just take it for granted, as if we really don't comprehend the meaning. Well, as we time the seconds by the ticking of a clock, how many of us realize that we have had only a billion of them since Pearl Harbor. Or as we measure the time of a minute, are we aware that only a billion of them date back to 40 years after Christ. Or a billion hours reaches beyond the time when man first set foot on the earth.

Thinking of the word that way, it's rather shocking to be told that our government now is spending at a rate of a billion dollars a day, or about \$41 million an hour.

Needless to say, that enormous amount covers a multitude of sins. Along with big salaries to no less than a million unneeded federal employees, there are the additional billions goofed off by those people, plus all the rip-offs by undeserving welfare recipients and the very substantial item of 36 billion a year for interest on the national debt. Besides, it is estimated that some 25 billion more could be lopped off the federal budget by eliminating about 50 federal programs and trimming a few dozen others.

And of course there are grants and more grants, some unnecessary and some thoroughly absurd. For instance the \$75,000 grant to study the perspiration smell of Australian aborigines.

And \$375,000 for a study of frisbees, and \$19,300 to learn why children fall off tricycles, \$71,000 to compile a history of comic books, and \$15,000 to investigate the habits of Yugoslav lizards. Along with those the records show dozens of others of equally trifling values.

One grant which seems justified in these days of declining moral standards was \$1.8 million for a commission on obscenity and pornography, but it too was a dud. The White House disavowed the

Kids Will Pedal Sunday in Million Dollar Bike Ride

The big bike ride of 1975, in which dozens of youngsters are expected "to ride for the lives of little children", will take place between Muenster and Gainesville next Sunday afternoon. In it each entry will have one or more sponsors to compensate by donation for the effort in behalf of afflicted children.

At the same time the entries will be competing for a list of seventeen prizes to be determined by total amounts of donations pledged. Donors of those prizes are Hudgins Audio Equipment and Sewing Center, Valley View Bank, First Savings & Loan, Star Photography, Tamar, Manhattan Clothiers, Farrar's, H&S Men's Wear, Chick's Department Store, Jack Cheaney's Saddle Shop & Western Wear, Dustin's Office-School Supply, Sylvia's Beauty Center, O'Brien Hardware, Ye Olde Book Shoppe, Street's Pharmacy, and Dress Shoppe.

In addition Muenster State Bank has donated \$25 for a drawing for the benefit of

riders who collect and turn in their pledged amounts by 4 p.m. September 30.

The ride begins with registrations from 12:30 to 1:30 in the Muenster City Park after which Mayor David Bright will give a short briefing and send the riders on their way. Doug Martin and the Rustlers will entertain during registration.

Destination of the ride is Leonard Park in Gainesville where participants will be greeted by Mayor Glenn Loch, an ice cream party and a hootenanny. Prizes will be awarded during the hootenanny.

Along the 21 mile ride safety precautions will be taken and rest stops will be set up and maintained by area service clubs.

The Million Dollar Bike Ride is sponsored by Epsilon Sigma Alpha, a professional sorority, for the benefit of St. Jude Research Hospital, where help is given to children with catastrophic diseases, especially cancer and leukemia.

Enrollment Told For Area Schools

Current scholastic rolls show that considerably more than half the elementary and high school students of Cooke County are enrolled in Gainesville. Also Muenster leads among the county's rural communities if its two schools are counted together. Otherwise Muenster schools are Number 3 and 4, Callisburg takes a comfortable lead for the No. 1 spot, and Lindsay is number 2. Total enrollment for the county is 3581 in kindergarten through eighth grade and 1656 in high school, a total of 5237.

1975 enrollment figures from the county superintendent's offices and other sources are as follows for the county and several other schools of North Texas.

	Elem.	HS	Total
G'ville	1902	923	2825
C'burg	396	161	557

Muenster 14, Whitesboro 7

Muenster High Hornets had a great night at Whitesboro last Friday in slipping past the big and potent Bearcats 14-7. The achievement stands out as something special in view of Whitesboro's long advantage in size and occasional spurges of power. The battle against that power in the second half to save their 7 point lead produced as many tense moments as earning the lead in the first.

The Hornets started with three assists from the hosts. Three offside penalties helped in three consecutive first downs, after which MHS kept going. The first three of the first downs resulted from free yardage plus short gains, but then the Hornets made a few nice gains. Mark L. Sicking made 16, a pass from Tim Wolf to Dan Endres made 9 and Sicking made 2 more to the 14. At that point Wolf's bootleg got to the 1 and Mark L. finished the drive with 5:28 remaining in the opening period. Dan Endres kicked true for an extra point.

Returning the kickoff to the 40 the Cats came out with authority for two quick first

downs to the Hornet 29. But in the next series Ken Koelzer and Mike Davidson teamed to smear Tudor, the 195 pound power house, for a 7 yard loss and the Cats kicked to end the series.

Three plays, including Wolf's gain of 17 got MHS back to its 33, and the next series went backward. Muenster ended it with a kick which Achimon fielded past midfield. He faked a handoff and sailed 55 big yards to the goal. A kick was good, tying the count 7-7.

9:46 remained in the period, during which time MHS made two first downs and both teams had to kick. Then, starting again from the 9, MHS reached the Whitesboro 40 in five plays, including 14 and 9 by Wolf and a pass to Bob Endres for 26. But again the next series failed and MHS, then Whitesboro, had to kick. The Bearcat effort was

(Continued on page 10)

Toughest Foe Yet Awaits Tigers at Lindsay Friday

Ed Stock's Sacred Heart Tigers, after a highly gratifying victory over the S&S Rams last Friday, are not resting on their laurels. Instead they are going all out to get set for the toughest game to date — the opponent being Lindsay's Knights, Friday at 8 at Lindsay.

According to Stock's appraisal, the Knights will have a slight advantage in size, and they have experience galore with 7 seniors and 3 juniors on offense as well as 6 seniors and 4 juniors on defense. They have a pair of hard running backs in Gossett and Krebs, both over 190, and a talented pass receiver in Neu. On the other hand their defenders are solid in all positions. Last week's 30-0 decision over Callisburg stands as convincing testimony of Lindsay's over all power.

While respectful, however, the Tigers are not scared. Playing the stout S&S Rams last week, they were in command almost all of the time and their 32-6 victory was practically as one sided as Lindsay's.

In that game the boys showed a big improvement in offense, as compared with the 0-0 deadlock at Era a week earlier. A few changes up front resulted in more holes in the opposing line and backfield changes enable the backs to reach the line a split second earlier, while the holes were still there. Hopefully the same strategy will work against the Knights in spite of the tougher resistance. Likewise on defense the Tiger coaches hope to get along as well as last week.

Up to now the prospects are also good physically. SH boys went through the S&S tussle without injuries and are expected to be at full strength Friday.

Behind every successful man stands a surprised wife.

Dairymen's Magazine Features Muenster's New Cheese Plant

An article in this month's edition of Dairymen's Digest, a publication of Associated Milk Producers, Inc., features the big new milk plant now under construction here.

Along with the article is a short item telling that a group of local farmers started the plant in 1924 as a way to create a local dairy market, and the business has remained under ownership of farmers ever since. Mention is also made of a coincidence: some of the men starting the local plant traced their ancestry back to Muenster, Westphalia, Germany . . . and now two important units of the new plant, a huge separator and an equally large clarifier, are shipped here from Westphalia, Germany.

As explained in Dairymen's Digest, the new factory will be an important factor in the AMPI operation. It will further update and increase the

efficiency of the Southern Region manufacturing division, a project which has been in progress since 1970.

At that time the region had ten surplus processing plants in operation. Many were old and inefficient with inadequate storage and under sized machinery. Since then plants have been closed at Rusk; Arkansas City and Linn, Kansas, Mangum, Okla.; and two plants in San Antonio. Meanwhile a few other plants have been enlarged.

The item explains that to have an adequate supply of Grade A milk in the winter it is necessary to have a surplus in the spring, and mar-

keting that surplus requires processing into cheese, powdered milk and various other products.

Records show that in May 1974 Cooke County produced 7,606,000 pounds of milk of which 6.5 million came to Muenster for processing. Adjoining counties also sent milk here, accounting for the plant's total receipts of 12,429,000 pounds.

It was further pointed out that within a 100 mile radius of Muenster, a surplus of 33,102,000 pounds was produced last year. This figure is the approximate capacity of the new Muenster plant, hence the local operation can accommodate the radius of 100 miles instead of just a few counties.

Another item explained that during peak milk production the surplus is taken from areas near the processing plant, to save on hauling expense, and AMPI gains by having the plant in a high production area. Muenster is in such a high producing area, a fact that may derive, at least in part, from the market created by local people a half century ago.

AMPI estimates that the shorter hauls to Muenster will save \$200,000 a year, based on hauling expenses of the past few years. In addition these are expected savings from use of more efficient equipment.

The article goes on to list a number of features and specifications as revealed by Plant Manager V. L. Sparkman.

The plant, with 35,000 square feet is engineered to process 60,000 pounds per hour.

Each truck entering the plant will cross 70 foot scales equipped for remote reading of weight inside the plant.

Southwest Texan Named Assistant To County Agent

Larry Weise of Carrizo Springs has been appointed the new assistant county extension agent of Cooke County, according to an announcement last week by County Agent Neil Tibbets. Weise succeeds Randy Jordan who resigned a few days earlier to accept a promotion to county agent of Stephens County with office at Breckenridge.

Weise and his wife are teachers at Carrizo Springs and he is also employed part time on a ranch there. He is a 1969 graduate of Southwest Texas State University of San Marcos with a degree in agriculture, and received a teaching certificate in 1974. From 1969 to 1971 he was farm manager for SWTSU.

He is a native of Eastland County, raised on a farm and participated in 4-H and FFA while a student at Rising Star public school.

1.80 Inch of Rain

The series of rainy days during the past week added 1.80 inch to the community's rain measure, according to Steve Mosler's official record.

The moisture moved in with the first cool front of the season, a delightful change from the typical summer temperature which prevailed until Thursday night. By mid week the rain had cleared and temperature returned to the low nineties.

The rain was well timed for grazing land as well as for fields that are destined for grain planting, but it caught a number of maize farmers before they had their crop under control.

Moisture total for the year now stands at 27.27 inches.

Tigers Trample Rams 32-6

Sacred Heart Tigers were clicking in midseason form Friday night while storming over Sadler-Southmayd's Rams 32-6. Constant rainfall throughout had no apparent effect on the enthusiastic team but it did dampen the enjoyment of the Tiger fans.

The SH boys dominated in every phase of the game except passing, which is usually a strong point. They completed two, a gain and a loss, and came out with a net of zero. Meanwhile they had big leads in first downs, rushing and exchanges.

They got started on first

possession, after S&S kicked to end the first series. They went 44 yards in seven plays and the big ones were on keepers by Quarterback Roger Endres. One went for 12, the other 19 to pay dirt.

The Rams responded with a pair of first downs and lost a fourth down try on the Tiger 24. SH kicked on the next series and regained possession two plays later on a fumble recovery by Melvin Hess. Following a first down it had to kick again, and another fumble recovery, this time by George Luke, put it back in business on the 24. Four plays after that were enough, Craig Sangster scoring from the 9.

A pair of fumbles helped the Tigers score again before the second period ended. Ending the S&S first series the kicker fumbled a bad pass from center and was caught cold on the 30. And after that, ending the Tiger first series, a receiver fumbled and Darrell Walterscheid recovered for SH on the 18. Three tries gained to the 4 and Mark Hess plowed over from there. The score was 18-0.

An on-side kick attempt backfired there and S&S had good position on its 47, but gave the ball away on the next play in a fumble recovered by George Luke. Shortly after that Mark Hess went all the way on a screen pass but the play — and the TD —

MHS Girls to Host Whitesboro Hi in Volleyball Opener

Volleyball, which used to be a spring sport in the state's interscholastic circles, has moved to the front of the school year. The sport is already under way at Muenster High, where a schedule is shaping up to help the team shape up for a district tournament late in October.

Faye Hamric, coach, and nineteen girls have been practicing since the first week of school and will have their first test next Monday while hosting the team from Whitesboro. And on the next day they will go to Nocona for another taste of competition.

If other opponents can be booked there will be more action. Mrs. Hamric said. Her intention is to prepare as well as possible for the district tournament.

The girls have a great record to shoot for. Last year's team went through district, bi-district and regional, all the way to the state play offs.

Members of the team are Lisa Trubchenback, Barbie Walterscheid, Robin Walterscheid, Brenda Walterscheid, Sandy Schneider, Thelma Lewis, Connie Flusche, Clara Knabe, Becky Douglas, Rhonda Mosler, Sue Mosler, Deb Schneider, Connie Walterscheid, Jeannie Swirczynski, Becky Fields, Sheila Grewing, Laura Sicking, Kenya Hale, and Kim Klement.

How Other Teams Scored Last Week

Here's what happened last week in several games of the area, particularly those involving opponents of the Hornets and Tigers.

V. View 52, Caddo Mills 6
Lindsay 30, Callisburg 0
Era 38, Little Elm 6
Nocona 2, Windthorst 0
Henrietta 20, Archer City 0
Coppell 19, Pilot Point 14
Holliday 6, Electra 0
Cistercian 26, Notre Dame 0
G'ville 29, Burk Burnett 0

Registration for PP&K Under Way At Endres Motor

Local youngsters have started their annual practice of throwing and booting the old pigskin in preparation for the 1975 Punt, Pass, and Kick competition, which again is being sponsored by Endres Motor Company.

Nationally PP&K is celebrating its 15th anniversary. It is sponsored by the Ford dealers of America in cooperation with the National Football League. Since starting in 1961, the program has attracted more than 11.5 million youngsters . . . and participation this year is expected to go over 1.2 million.

Participants in the PP&K program compete only against others of their age. Any youngster age 8 through 13, accompanied by a parent or guardian, may register at any participating Ford Dealer. There is no entrance fee. There is no body contact in the contest, no special equipment is needed, and participating does not impair a youngster's amateur standing.

Scoring is based on accuracy and range, with one point counted for every foot of punting, passing and kicking distance and a point subtracted for every foot off a center line. The local contest will be held on October 4. Winners of first, second and third places in each age group will receive trophies and first place winners will advance to the next stage of competition.

Exes Welcomed for MHS Homecoming

Everything is set for a big and happy homecoming next Friday night at Muenster Public School. A general invitation is extended to all friends and former students and special invitations have been sent to the classes of '55 and '65.

According to Jan Cain, ex-students president, the program includes a bonfire the night before, plus parade, football game, queen crowning formalities and a dance and reunion after the game.

She said that the graduates of 10 and 20 years ago will be honored guests at the dance and reunion in the Community Center, and all will be featured in a short program telling who they are, where

they live, what they do, married or single, etc. Besides, Mrs. Edward Guthrie of Fort Worth and Mrs. Bob Voth of Gainesville, homecoming queens of '55 and '65, will join in crowning the homecoming queen at half time of the football game.

First on the program is the bonfire Thursday night following a junior football game. It will be near West Sixth Street on the lot across from Henry Weinzapfel's home.

The parade starting downtown about 7 o'clock will feature a float carrying the four queen candidates and princesses and their escorts. Also included are the band and students and friends.

bring together the principals of a rivalry that dates back many years, the Valley View Eagles and the Hornets. Judging by the season records to date, another good contest can be expected.

Crowning ceremonies will take place at the game's half time, when last year's queen, Dianne Klement, will crown the girl chosen by the football team from the four candidates. Her identity will not be revealed until then. Joining Miss Klement for the crowning will be the queens of '55 and '65 and the president of the exes. They will present a bouquet to the queen and mum corsages to the three remaining candidates and the princesses.

Queen candidates and their escorts are Debbie Schneider and Terry Walterscheid, Kim Klement and Randy Wolf, Shiela Grewing and Steve Klement, Kenya Hale and Neil Huchton. Princesses and escorts are Doris Clark and Mark Stoffels, Thelma Lewis and Glenn Henschel, Marla Sicking and Tim Felderhoff.

After the game the exes will sponsor a dance in the Community Center with the Cherry Rhone orchestra and refreshments of snacks, chips and dips. Admission price is \$2.50 per person and everyone will be welcome. During a part of the dance the exes will have a meeting in another room of the center.

Tiger-Knight Replay

Friday night's football game between Sacred Heart Tigers and Lindsay will be taped for replay the next morning at 11 a.m. over the Sherman-Denison Radio Station KTXO, 1500 AM. Fans of the two teams are invited to tune in.

Larry Dills of Forestburg Return From Wedding Trip to Okla. City

Mr. and Mrs. Larry Dill have returned from a wedding trip to Oklahoma City following their marriage at United Methodist Church on Friday evening, September 5 and are at home in Forestburg.

The bride is the former Debra Steadham, daughter of Mr. and Mrs. Jimmy Steadham and the groom's parents are Mr. and Mrs. Jack C. Dill, all of Forestburg.

Grandparents of the bride are Mrs. Bess Orrell and Mrs. Emma Steadham. The groom's grandparents are Mr. and Mrs. Ray Dill of Era and Mr. and Mrs. Ted Jackson of Forestburg. Great-grandmothers are Mrs. Maud DeBorde and Mrs. Ada Jackson.

Officiating minister for the

double ring ceremony was Rev. Roy Ricker. The altar, before which vows were exchanged, held baskets of yellow gladioli, and pyramid candelabra held white tapers entwined with stephanotis and greenery and tied with streamers of yellow and green.

The bride was given in marriage by her father. For her wedding she wore an A-line gown made by her mother, designed of white peau de soie featuring a fitted bodice with a V neckline. Embroidered lace covered the high shaped midriff. The skirt was flared and sleeves were short and puffed. Her three tiered floor length veil of sheer illusion with full lace overlay fell from a Juliet cap

of lace and seed pearls. The veil was made by Mrs. Wilma Orrell, aunt of the bride of Monterey Mexico.

The bridal bouquet was a Colonial cluster of yellow carnations, gladioli, stephanotis, gypsophylla and greenery, accented with green and yellow ribbon streamers. For sentiment she wore a gold wedding band belonging to the groom's grandmother and worn by her own grandmother more than a century ago. And the bride borrowed a necklace from her mother. Traditionally she wore a blue garter with a new penny attached for luck. The garter was made by the matron of honor.

Attendants

Audi Knox, bride's friend, was matron of honor and bridesmaids were Vatori Dill, groom's sister and Diane and Doniece Steadham bride's sisters. The matron of honor wore yellow dotted Swiss and the bridesmaids wore green and yellow dotted Swiss, respectively. They carried yellow gladioli with streamers of yellow and green ribbon.

Carol Broun, bride's cousin was flower girl and wore a yellow dress similar to other attendants, and a matching bonnet. She carried a basket of yellow daisies.

Chris Dill, groom's cousin of Gainesville was ring bearer.

The groom was attired in a navy suit; his boutonniere was of white stephanotis. Cecil Jones was best man and groomsmen were Steve and Willie Sandusky and Todd McCandless, cousins of the groom. Their boutonnieres were white carnations.

Ushers were Charles Steadham, bride's cousin and Charles Dill, groom's brother. Tim Dill of Saginaw, groom's cousin was candle-lighter.

After the ceremony the bride paused to present mothers of the couple each a long stemmed yellow rose.

Wedding music was furnished by pianist Mrs. Don Steadham, bride's aunt and Mrs. Mary Hays, soloist of Forestburg. Songs were "We have only just begun", preceding the ceremony and "Saviour, like a shepherd, lead us" at the close of the ceremony.

For her daughter's wedding, Mrs. Steadham chose a pale green formal and the groom's mother wore an aqua formal. Their corsages were yellow gladioli, stephanotis and baby's breath.

Reception

The wedding reception was hosted by the bride's parents in the church annex where Janice Jackson, groom's cousin registered guests. The registration table was covered with a white cut-work tablecloth over yellow. A centerpiece of yellow roses was a gift to the bride and groom from Mrs. June Eldridge.

— Photo by Gene's Photos

The bride's table was covered with a yellow cloth, a gift from Mrs. Eunice Medley, aunt of the bride from Bowie. The yellow cloth was overlaid with white cutwork. And the bride's bouquet was the table centerpiece.

Serving punch and wedding cake were Raeann and Leola Lynch of Forestburg and Donna Kay Steadham of Bellevue.

The four tiered wedding cake, made by Mrs. Al Horn, was beautiful with a lower base of triple heart-shaped angel cakes, and three upper round tiers, one German sweet chocolate, incorporating the groom's cake, and two angel layers, all on swan dividers. Icing was all white, decorated with yellow and green roses and tiny hearts, and there were satin wedding bells adorning the top layer.

For the wedding trip to Oklahoma, the bride wore a lime green pant suit with white accessories. The bridegroom's parents hosted the rehearsal dinner at the Travel-Inn Restaurant in Bowie for thirty six guests on Thursday night September 4.

Jake Horn, Muenster native and former manager of the local telephone company, and co-owner of Community Telephone Company at Windthorst since 1951, has recently retired from the business because of failing health. He sold controlling interest in the company to Floyd Humpert of Windthorst, who had been associated with him for many years.

During his 24 years at Windthorst Horn had expanded the company to include exchanges at Scotland, Blue Grove, Lake Kickapoo and Lake Arrowhead, and installed the direct dial system in all of them.

Horn and his wife, the former Louise Schmitz of Lindsay, will remain in Windthorst and he will continue on the company's executive board.

Mrs. Albert Lippe has returned after a five day visit in Dallas with her son's family and enjoying a new grandson. She was a guest of Mr. and Mrs. Fred Lippe whose son was born September 9 at Medical City Dallas Hospital weighing 6 lb. 11 1/2 oz. He has been named Isaac James and is a brother for Ben.

Party Observes Six Birthdays

Mrs. Tony Felderhoff was hosted by her children Sunday to honor her September 16th birthday, when her family gathered for a covered dish dinner at noon. Held in the Felderhoff home, the party also observed

five more September birthdays. Grandson Robert Hartman's birthday was on the 14th, granddaughter Ann Marie Felderhoff's on the 20th, daughter-in-law Mrs. Charles Felderhoff's on the 22nd, grandson Danny Walterscheid's on the 23rd and grandson Chad Felderhoff's on the 25th.

Present were the A. J. Felderhoff family of Gainesville, the Alvin Hartman, Sylvan Walterscheid and Joe Felderhoff families. Also Mr. and Mrs. Steve Felderhoff and Mr. and Mrs. Bobby Zimmerer of Gainesville and Mr. and Mrs. Anthony Felderhoff of Denton.

Unable to attend were the Charles Felderhoff family of Dallas, and Ronnie and Cindy Felderhoff of Texas A & M. There were three decorated birthday cakes and gifts for the honorees.

Safety of Kids Is First Concern at Sept. 21 Bike Ride

Jackie Jones, chairman of the Million Dollar Bike Ride on September 21, and Gainesville Jaycees are working together to assure the safety and welfare of participating riders. The ride will begin at 1:30 in the Muenster City Park and end at Leonard Park in Gainesville.

According to Jones, two or three Jaycees with CB equipment will be at each major intersection and check points will also have CB equipment. A pick-up will patrol the route to help with flat tires or other problems or to pick up tired riders. A car with flashing lights and signs will follow the last rider to alert motorists. And a first aid station will be set up. Though not needed last year it is set up again, just in case.

Also, check points along the route will have water, snacks and accommodations for resting. Service organizations from Muenster and Gainesville will be in charge at the several points.

During registration of the riders from 12:30 to 1:30 Doug Martin and His Rustlers will entertain. Then Mayor David Bright will give instructions and start the riders.

As the kids arrive at their destination they will be greeted by Mayor Glenn Loch and treated to ice cream provided by the Dairy Queens. Also they and anyone else will be welcome at a giant hootenanny. Anyone who wants to bring an instrument is encouraged to do so. During that event, prizes for the bike ride will be awarded.

Added spice at this ride is a contest between Muenster and Gainesville Jaycees for turning in the most money per member from earnings of the riders they sponsor. The prize is a trophy donated by G & L.

Bike Ride co-chairmen Linda Welch and Betsy Fleitman urge all to take a part in the project by donating as a sponsor of one of the riders. They say that all the money raised by it will go to the St. Jude Children's Research Hospital. The real goal is to lick children's cancer and leukemia by support of the people, just as polio was licked.

Birthday Dinner For Mrs. Kathman

Mrs. Bill Kathman's September 9th birthday was observed Sunday, September 14, at a dinner in the home of a daughter and family, Mr. and Mrs. W. E. Insel of Gainesville. Another daughter and her family, the Stan Wylies were there from Grand Prairie.

After dinner, the decorated birthday cake was served. Also observed were the September 11th birthday of George Wylie, the September 13th wedding anniversary of Stan and Margie Wylie, the September 19th birthday of Eddie Insel and the Sept. 25th birthday of Johnny Wylie.

One Day **SALE** of Original Art
Saturday, Sept. 20, 1975
10 a.m. to 5 p.m.
Priced \$5⁰⁰ to \$5,000⁰⁰
The Framemaker
107 S. Commerce, Gainesville

One Day Art Sale Scheduled Sept. 20
A one-day sale of Original Art will be a special event offered by The Framemaker at 107 S. Commerce in Gainesville. It will be held on Saturday, September 20, 10 a.m. to 5 p.m. Prices will range from \$5.00 to \$5,000.00. Art works will be exhibited informally. Sponsors suggest that interested customers view and select items by choosing what appeals to them, thus having an opportunity to own something to look at and enjoy. In today's original print market, works do not decrease in value, and most increase in price each year. Try 'em! You'll like 'em! Enterprise Classifieds

Milk Plant

Three drive-through receiving and washing boys eliminate troublesome backing. Each can unload a 5600 gallon truck in 17 minutes.

Fresh milk goes into three silo type tanks 75 feet high with total capacity of 1,290,000 pounds.

From tank storage milk is piped at 60,000 pounds per hour through a huge Westphalia clarifier.

A sterile cheese starter room is equipped with two specially designed vats each with three 500 gallon compart-

ments providing enough starter to begin process on a million pounds of milk a day.

New enclosed double "O" vats are the latest development. Each automated unit has self contained permanent agitators and knives for making cheese with a minimum of labor.

A huge cold storage plant will hold 2 million pounds of cheese in 40 pound blocks.

The enlarged and remodeled portion of the present plant will have a new evaporator and dryer, which increases drying capacity from the present 1200 to 5000 pounds of powder per hour. Evaporator and dryer will each handle 55,000 pounds of liquid per hour. The equipment can be used to condense or dry milk, whey or other food substances.

The dry storage warehouse is enlarged to a capacity of 2.5 million pounds. The new plant will have its own sewage treatment plant to process large volumes of liquid, which often overloaded the city's sewer plant in the past.

CDA Court Hears Plea for Church History Project

Fr. Placidus Eckart, court chaplain was speaker for the September meeting of Catholic Daughters of America held Thursday night in the Knights of Columbus Hall, with regent, Mrs. Bill Lutkenhaus presiding.

Fr. Placidus discussed the current project receiving support of all courts of CDA in a nation-wide joint effort, the Chair of American Catholic Church History at the Catholic University of America in Washington, D.C. This is the bicentennial goal of the National CDA and local members have been asked to contribute \$3 each for this purpose. A 100% participation is requested for the project.

During the business meeting Mrs. Steve Moster gave a library report and urged CDA members to become involved in the "Friends of the Library" group. Mrs. Moster also agreed to gather material for a scrapbook.

Vice Regent Miss Dorothy Bengfort requested volunteers to the program committee and Mrs. Paul Fetsch, Mrs. Joe Hess and Mrs. Moster accepted membership.

A donation from the court was given to the Rest Home Auxiliary and members were urged to participate by giving time to this project.

Mrs. Alvin Fuhrman was elected financial secretary to fill an unexpired term.

Following adjournment refreshments were served by Mrs. Arnold Knabe, lecturer.

A Proclamation Establishing Million Dollar Bike Ride Day

WHEREAS, there is an urgent and continuing need for research into diseases of small children, especially leukemia, cancer, and muscular dystrophy and for the treatment of children suffering them, and

WHEREAS, St. Jude Children Research Hospital conducts such research and provides such treatment with the same being made available to children throughout the world, and

WHEREAS, the local Kappa Theta Chapter of Epsilon Sigma Alpha Sorority has joined in the international effort of the sorority to raise funds to be made available to St. Jude Childrens Research Hospital toward defraying the cost of that research and treatment by means of a sponsored Bike Ride from Muenster, Texas, to Gainesville, Texas, on September 21, 1975.

NOW, THEREFORE I, D. M. BRIGHT, Mayor of the City of Muenster proclaim Sunday, September 21, 1975, to be ESA MILLION DOLLAR BIKE RIDE DAY and urge participation in and support of the Muenster to Gainesville bike ride.

D. M. Bright, Mayor of Muenster

NEWS OF THE SICK

Mrs. Lee Toothaker was dismissed from Muenster Memorial Hospital Sunday and received a welcome home from the hospital by the Toothakers' son, Wallis Lee and family. They brought food, gifts and a decorated cake for "Grandma", done by the girls. Also visiting Sunday evening were Mrs. Toothaker's niece and husband, Mr. and Mrs. Kib Hundley of Denton.

Mrs. Herb McDaniel is wearing her right hand in a cast because of a chipped bone, the result of a fall in her yard at home. The cast will remain about three weeks.

Mrs. Ray Owens is on a forced vacation with her left arm in a cast since a fall in her home last Friday. She broke her arm at the wrist and will wear the cast about six or seven weeks.

Eugene Fleitman is favoring a painful hand, since cutting off a fingertip in an oil field accident.

Steven Fisher, son of Mr. and Mrs. Butch Fisher returned Thursday to fifth grade classes at Muenster Public School with his arms in casts. He broke both bones in both wrists, in a fall from a tree on September 6.

Carl Walterscheid was lucky to sustain only a fractured left thumb and lacerations of the palm last Thursday afternoon when the discharge of a shotgun shell ruptured the gun barrel. He was hunting doves at the time.

Gregg Wilde is back in circulation with his foot in a cast since treatment for an injury received Tuesday evening in the collision of his motorcycle with a pickup truck. He was treated at Muenster Hospital for severe laceration of the heel and dismissed.

Re-computation of LD Phone Charges Ordered by Court

Customers of Muenster Telephone Corporation with their next billing will receive a letter advising them that they are entitled to re-computation of long distance calls placed within the state during the period of May 15 through June 4, 1975. This is in compliance with a court approved settlement on changes of long distance rates.

The letter will explain that rate changes include some reductions and some increases and the re-computation may result in a refund or additional charge, depending on type and length of call.

Barracudas are more apt to attack man than sharks.

Tiger-Knights Movie

A movie of the Sacred Heart-Lindsay football game will be shown next Wednesday night at 7 o'clock in Sacred Heart library. Everybody is welcome.

Hospital Notes

The following patients were dismissed during the past week from Muenster Memorial Hospital.

Tuesday, Sept. 9: Mrs. James Parker and Vernon Friedrich, Gainesville; Mrs. Billy Beach, Dallas.

Wednesday, Sept. 10: Mark Cunningham, Grand Prairie.

Thursday, Sept. 11: Mrs. Clive Gobble, Muenster.

Friday, Sept. 12: Mrs. Henry Droll and Mrs. James Fleit-

man and baby boy, Muenster; Dianna Bennett, Nocona; Elgin Amoroso, Jr. and Mrs. Noble Lemons, Gainesville; Mrs. Bill Paine, Saint Jo.

Saturday, Sept. 13: James Allen Sr., Saint Jo; Mrs. Audrey Choyce, Gainesville.

Sunday, Sept. 14: Mrs. Tony Wimmer and Mrs. Roy Toothaker, Muenster; Mrs. Hugh Keck, Nocona; Mrs. Mike Borden and baby girl and Dean Beal, Gainesville.

Monday, Sept. 15: Vincent Forrester, Saint Jo; Mrs. Ruby Eley, Thackerville, Okla.

Tuesday, Sept. 16: Mrs. Don Ostermann and baby boy, Muenster, Pat Riley and Mrs. E. P. Wood, Gainesville; Guy Griggs, Rosston; Matthew Thompson, Saint Jo; Harold Wayne Cook, Dallas.

Attend Baptism Of Granddaughter

Mr. and Mrs. Alfons Reiter were in Arlington Sunday for the baptism of a granddaughter, the infant daughter of Mr. and Mrs. Harvey King. Bonnie Lou was baptized Sunday afternoon in St. Maria Goretti Church.

Godparents were Alfons Reiter and Sr. Lillian Marie Reiter. The grandparents and Sr. Lillian Marie were noon dinner guests in the King home.

On their return home they stopped in Lewisville to see another daughter Mr. and Mrs. Don Reed and family.

Real name of the calico bush is mountain laurel.

THANKS

I want to express my appreciation for the lovely flowers, cards, visits, for food sent to Lee; my thanks to the Myra Sunday School, the workers at the Muenster Public Library, to Father Placidus and friends for their prayers, to Drs. Kralicke and Antonetti and to the wonderful nurses for their excellent care during my week in the hospital. Lee joins me in saying "thanks". May God bless all of you.

Elizabeth Toothaker

My family and I would like to thank Dr. Kralicke, the staff of Muenster Hospital, Frs. Placidus and Stephen and all our friends for visits, cards and flowers and the kindness shown to me while I was a surgical patient at Muenster Memorial Hospital.

Barbara Rohmer, Jimmy Mosman Exchange Vows in 2-Ring Ceremony

Miss Barbara Rohmer became the bride of Jimmy Mosman on Saturday, September 6 in a nuptial Mass with double ring ceremony in Sacred Heart Church. Fr. Stephen Eckart officiated at 5 in the afternoon.

Parents of the couple are Mr. and Mrs. Norbert Rohmer of Route 2 Gainesville and Mr. and Mrs. Leo Mosman of Star Route Gainesville.

The wedding took place on the eve of the 66th anniversary of the bride's great-grandparents, Mr. and Mrs. Tony Trubench, Sr.

The bride was presented at the altar by her father. She wore a formal gown of white organza, the empire bodice featuring a high, pleated neck and full bishop sleeves overlaid with chantilly lace sprinkled with pearls. The A-line skirt flowed softly to the back into a brush train. A deep, lace trimmed flounce bordered the hem of the skirt.

The bridal veil was a full length mantilla edged in matching lace with a fingertip veil of illusion attached to a high crowned Juliet cap of lace sprinkled with pearls. She carried a crescent of sweetheart roses, blue daisies, stephanotis, gypsophyllia and ivy leaves with white ribbon streamers.

Adding sentiment and for 'something old' the bride wore her mother's gold cross from Italy, received as a gift from a cousin, Fr. Lawrence Schumacher on the wedding day of the bride's aunt, Mrs. Martin Becker. Also worn was the traditional blue garter and birthdate penny and 'something borrowed' was the handkerchief the bride's mother carried in her own wedding.

Attendants

Bridal attendants were matron of honor Mrs. Betty Tyler of Plano, bride's sister, wearing blue, and bridesmaids Miss Monica Mosman of Gainesville, groom's sister, wearing orchid, Mrs. Shirley Hess of Muenster, bride's cousin wearing green, Miss Helen Rohmer of Gainesville bride's sister wearing pink. Junior bridesmaid Carol Ann Rohmer, bride's sister, wearing yellow.

Their dresses were in princess style pastel rainbow colors of printed dotted Swiss, designed with puff sleeves and large bows tied in back with long streamers. Each wore a Juliet cap with daisies to match her dress. They carried petit point bouquets of blue daisies, pink carnations, gypsophyllia and statice with rainbow streamers.

Best man was Ronald Mosman and groomsmen were Gary Mosman, Gerald Mosman, all brothers of the groom from Gainesville and Jim Metzler of Gainesville, groom's friend.

Ushering guests were Billy Joe Devers, groom's cousin of Valley View and Mickey Tyler, bride's brother in law of Plano. Mass servers were Neil, Gary and Curtis Rohmer of Muenster, all cousins of the bride.

Wedding music was provided by guitarists Miss Sharon Rohmer, bride's cousin of Muenster and Roger Harrison of Gainesville, a friend of the couple. Vocalist was Mrs. Theresa Krebs of Lindsay, bride's cousin. They offered "Words", "One Hand, One Heart", "Let It Be" and "My Cup Runneth Over".

For her daughter's wedding the bride's mother chose a

lime green empress formal with lace jacket and the groom's mother an orchid formal with long sheer sleeves.

Reception

Following the church ceremony, a reception was held in the VFW Hall, hosted by the bride's parents. Dinner, catered by Rohmer's Restaurant was served to 275. At the guest book were Mrs. Donna Mosman, groom's sister-in-law and Miss Jeanette Mosman, groom's sister, both of Gainesville. Guests danced to 'Music by the Big Foot' of Denton.

The wedding cake, baked and decorated by the bride's aunt, Mrs. Henry Voth, Jr., the groom's cake, baked and decorated by Mrs. Wanda Kirk of Gainesville and the anniversary cake of Mr. and Mrs. Tony Trubench, Sr. great-grandparents of the bride, baked and decorated by Mrs. Henry Voth, Jr. were cut by Mrs. Voth and served by Mary Ann and Sharon Voth of Gainesville and Mary Margaret and Christi Rohmer of Muenster, all cousins of the bride.

When the couple left on their wedding trip the new Mrs. Mosman was wearing a three piece pink pant suit. They are living northwest of Lindsay.

The rehearsal dinner, hosted by the groom's parents at Rohmer's Restaurant was attended by sixteen and there the couple gifted their attendants.

The bride is a graduate of Lindsay High School and the groom is a graduate of Gainesville High and is self-employed with Mosman Brothers Hay Hauling.

Local News BRIEFS

Mr. and Mrs. Joe Hocnig spent the past weekend in Ennis with their daughter and her family, the Carl Pelzels.

Mr. and Mrs. Albert Lippe vacationed recently in California with her sister and husband, Mr. and Mrs. Steve Hampton of Woodland Hills, a suburb of Los Angeles. Traveling with them were Mrs. Lippe's sister Mrs. Leona Ocker and daughter Sharon and a sister-in-law, Mrs. Ro-

man Lange all of Rowena, who met the Lippes at Abilene. After they vacationed together, they all spent several days in Las Vegas, before returning to their homes.

Tuesday afternoon and Wednesday visitors with Mr. and Mrs. J. M. Weinzapfel were their sons Msgr. Thomas Weinzapfel of Dallas and Fr. Joseph Weinzapfel of Irving. Msgr. Thomas celebrated Mass in the hospital chapel Wednesday morning.

Mr. and Mrs. Carl Herr of Denton visited Monday afternoon with his sisters, Helen, Elizabeth and Katie Herr.

Do you know the top seven man-made wonders of the U.S.A.?

The U.S. Travel Service, an agency of the U.S. Department of Commerce, wanted to find out which "constructions" in the U.S. have the greatest tourist appeal. They conducted an unofficial poll of travel editors, tour officials and others involved in the American travel industry. More than 100 differ-

ent attractions were nominated.

The winners in order of voting preference are the Golden Gate Bridge in San Francisco, Mount Rushmore in South Dakota, the Houston Astrodome, the Statue of Liberty, the Hoover Dam in Arizona and Nevada, Walt Disney World in Lake Buena Vista, Florida, and the Gateway Arch in St. Louis.

No one can feel young and peppy when carrying excess weight — it is tiring, hard on the heart, and a threat to health. A well balanced diet is most important — lean meat, cereals, fresh fruit and vegetables. Skim milk may be one good way to cut down on excess fats while retaining milk's wholesome proteins and vitamins. Get rid of that excess weight and discover how much more fun life can be.

Reunion Held by Sicking Families

Descendants of the Ben and Gus Sicking families held a reunion on Sunday, August 31 in Muenster City Park. Sixty nine families were represented in the crowd of over 200 people. Coming from the greatest distance were relatives from Little Rock, Arkansas. There was a covered dish meal at noon and reunioning during the afternoon. Mrs. Hattie Jetzelsberger told of her plans to compile a family tree.

Friends of Library Seek New Members

The Friends of the Library Organization has begun its membership drive. Letters explaining the purposes of the "Friends" will be delivered, door-to-door by Boy Scouts, who will return at a later date to pick up memberships. "Friends" is a service group whose aim is to aid the library and library board in the development of constructive and effective programs and goals for the library. Membership dues will be used by the "Friends" to finance these programs and to purchase needed materials in the library.

Committees are being formed to plan programs for all age levels, from the preschool child to the senior citizen. Throughout the year there will be cultural programs, book reviews, mini-courses, craft programs, lectures and other interesting items.

There are four types of annual membership: Single \$1.00, Couple \$2, Family \$5 and Sustaining (any amount you desire to give). The membership may be given to the Scout or mailed to the Membership Committee, Friends of the Library, P.O. Box 116, Muenster, Texas 76252.

Sullivant Named To Committee on State Government

Representative Bill Sullivant of Gainesville has been appointed by Speaker Bill Clayton to serve on the Environmental Quality and Natural Resources Committee of the Southern Legislative Conference of the Council of State Governments.

The Southern Legislative Conference was established in 1947 to foster and encourage intergovernmental cooperation in the South. The various committees of the Conference, made up of members from fifteen states, consider problems common to the region and share knowledge and experience.

In 1974 the average consumer bought 15.7 pounds of apples.

Soy Beans Feature Noon Luncheon of Muenster HD Club

A noon luncheon, in which each dish contained a soy bean product, was prepared and served by Mrs. Alois Rohmer and Mrs. Ray Sicking in the Rohmer home last Wednesday to 17 members of Muenster Home Demonstration Club No. 1. The hostesses also presented a program on soy beans and their use in cooking.

Mrs. Albert Fleitman opened the meeting with prayer and salute to the Flag. Mrs. Rohmer read the creed. Mrs. Alice Hellman gave the council report, stating that the state H.D. meeting will be on September 23 in Abilene and that "Christmas in November" will be held early in November.

Mrs. Andrew Schoech reported on visits to shut-ins and Mrs. Al Walter volunteered for September visits.

Yearbooks were distributed and completed, and hostesses and programs were selected for the 75-76 year.

The October meeting will be in the home of Mrs. Martin Bayer when Home Demonstration Agent Evelyn Yeatts will present a program on Time-Saving Sewing.

CCC Receives Federal Allotment

Congressman Omar Burleson announces the approval of the 1976 fiscal year allotment of federal funds to Cooke County College as a participant in the nursing student loan and scholarship program, as authorized under the public health service act.

The college will receive \$3,552 in loan funds and \$1,495 for scholarships, making a total of \$5,047.

Hacker Infant Baptized Sunday

Glenn Joseph Hacker, infant son of Mr. and Mrs. Alfred Hacker of Valley View was baptized Sunday, September 14 at 2 p.m. in St. John's Catholic Church in Valley View with Father Anthony Gadjia officiating.

The baby wore the traditional white baptismal gown, a gift, designed and made by a great-aunt, Mrs. Albert A. Knabe of Muenster. Attending as god-parents were Mr. and Mrs. Wallace Hacker of Moss Lake.

Also attending the ceremony were the parents, maternal grandparents, Mr. and Mrs. Robert H. Knabe of Muenster, paternal grandparents Mr. and Mrs. Tony Hacker, aunts Linda and Tesa Hacker and an uncle Herbie Hacker, all of Valley View.

The parents of Glenn were hosts for a family dinner at noon in their home, preceding the baptism.

National Yearbook Lists 2 Local Men

The board of advisors of Outstanding Young Men of America has announced the selection of two Muenster residents for inclusion in the 1975 edition of the organization's yearbook.

They are Dan Hamric and Wayne Klement, who have been selected on the basis of voluntary service to the community, academic achievement, leadership and civic participation. They are being listed along with some 9000 other young men of the country.

4-H Members See Film and Plan for Coming Activities

The Muenster Community 4-H Club saw a film: "Happiness is 4-H" presented by Mary Hinton, Assistant Home Demonstration Agent, during their meeting last week Tuesday, September 9 in the TP&L Building. She also reported on coming activities including the poster contest in October.

Albert Zimmerer presided and Kathy Davidson called roll and read minutes. Connie Lutkenhaus and Charlotte Fleitman directed songs and games. Reports on summer activities were given by Larry Fleitman, Pat Davidson, Shelly Zimmerer, Kathy Davidson, Albert Zimmerer and Mike Davidson. Shelly Zimmerer was elected recreation leader to replace one who resigned his position.

Refreshments were served to 25 members including seven new members, two adult leaders Mrs. Albert Zimmerer and Mrs. Eddie Fleitman and guests Mrs. Alvin Hoenig, Mrs. Ervin R. Walterscheid and Miss Judy Lutkenhaus.

Members were reminded that National 4-H week will be observed the first week of October.

Senior Citizens Invited to Attend Craft-Hobby Class

Senior citizens are invited to participate in craft and hobby classes which will begin September 19 at the Soroptimist Friendship House, 209 North Morris.

The classes will be held from 10 a.m. to 3 p.m. every Friday through December 5. Those who wish to participate and want to stay all day bring a sack lunch with them.

Miss Marie Maughan will be in charge of the workshop where Christmas decorations and gifts will be made from disposable household items such as plastic bottles, jars, beads, yarns, etc.

If using turpentine or naphtha, don't use it near an open flame.

Muenster Juniors Lose Twin Bill to Whitesboro Kids

Whitesboro junior teams won both ends of a double header with Muenster youngsters Thursday night on the Hornet field. Visiting junior high kids took the first one 20-14, after which the junior varsity won the finale 30-12.

A long slow drive down the field ended in the first touchdown for Whitesboro in the junior high game. And on the kickoff that followed Phil Wolf almost went all the way. He was dragged down inside the 5 and three plays later Kevin Klement put the Little Hornets on the board. Wolf's run added 2 points.

A similar situation developed in the opening kickoff of the second half. Whitesboro fumbled and Floyd Felderhoff recovered for Muenster on the 4. Kevin Klement scored again and the try for extra points failed.

On next possession the visitors drove to the 18 and were stopped on the 12. Three plays later Muenster fumbled behind the goal line and Whitesboro recovered for a touchdown. A run for points failed. Muenster still led 14-12.

However near the end of the game the visitors went ahead on a 22 yard scoring pass and added extra points for the final count of 20-14.

In the JV game visitors marched with authority on the first possession. Ten plays went for 69 yards, ending in a 17 yard touchdown pass.

After the next kickoff Muenster started on the 10 and fumbled on the 16. Three plays later Gary Hermes stole a Bearcat pass and returned it 42 yards to the 38. Muenster promptly fumbled the opportunity away. Whitesboro's kick ending the next series was returned 40 yards by Reiter to the 36, and Felderhoff got loose three plays later on a 29 yard scoring romp.

After a see saw through most of the second quarter Whitesboro recovered Muenster's fumble in mid field and combined two nice gains, a 21 yard run and a 32 yard pass for the next score. A run added points and the count was 14-6.

Early in the third Muenster got organized and went 85 yards to pay dirt in ten plays. Felderhoff's pass to Serna for 25 yards was the payoff. The try for bonus points was short. Muenster still trailed 14-12.

Whitesboro roared back after a kick exchange for 73 yards in 12 plays and added extra points for a count of 22-12.

The final score came shortly after kickoff as Whitesboro intercepted and raced 30 yards to the goal. Extra points upped the score to 30-12.

Hornets statistics were considerably better than the score. They trailed only 15-14 in first downs, 179-155 in rushing and 84-61 in passing. But turnovers made a big difference. MHS lost 4 fumbles and 2 interceptions, the visitors lost none of either.

Pick Up Your Pictures

A number of pictures of family groups, graduates, weddings, engagement announcements, birthdays, students, promotions etc., are accumulating at the Enterprise. Owners of these pictures are urged to come and claim them.

Spain did not acknowledge the independence of the United States until 1873.

One 40-watt fluorescent tube provides more light than three 60-watt incandescent bulbs, yet uses less electricity.

Nothing improves a person's driving more than a police car right in back of him.

The Merchants Say:

The following item, taken from a recent Ann Landers column, presents a situation that is well known to the business firms of this community. It is quoted here by the Muenster Chamber of Commerce in behalf of the Muenster merchants.

"Dear Ann Landers: I'd like to ask the American people a few questions. It's a matter of economic survival to me as well as millions of other 'little people' who have small stores.

"Who do you ask to cash your checks? Who do you ask for credit when things are tight? Who do you ask to take ads for your organizations, yearbooks and programs? Who do you ask for contributions for your church suppers, raffles, etc? Who do you call after hours when you need a special item? Who do you ask to put up posters for special events?"

"It's your local, hometown small businessman. After all, he's your friend, your neighbor.

But when you want to make a purchase, how often do you drive past his place of business and go to a giant store thinking you might save a few cents, without giving your local merchants a chance or even comparing his prices?"

"We are competitive with the biggest stores price-wise and our services are often better. But we can't survive much longer. When we go, you'll miss us. — Too Many To Name

"Dear Too Many: Your letter reflects one of the major social and economic problems of our times. It's becoming more and more difficult for the small, independent businessman to survive. I wish I knew the answer."

We Protect Social Security Checks

There's no chance of theft or loss when they are deposited directly with us.

1. You'll have protection against lost, stolen misplaced or accidentally destroyed Social Security Checks.

Your check will automatically be sent direct from the Social Security Administration to us, so you'll have assurance it will be in your savings account when you need any part of it.

2. We pay interest from the day of deposit to the day of withdrawal.

3. You are freed from worry about what happens to your Social Security Check when you are away from home or out of town for extended periods of time.

4. This is a very convenient service for you. No need to make a special trip to cash or deposit your Social Security Check.

5. We do the bookkeeping for you. We'll send you a confirmation of your monthly deposit . . . in writing.

6. We'll also deposit your other earned interest. If you have \$5,000 or more in a Certificate of Deposit with us, we'll automatically credit your earned interest each month if you desire.

This is a very simple plan that offers tremendous peace-of-mind for people who receive monthly Social Security Checks. It's as simple as this . . .

Bring your next Social Security Check to our nearby office. Sign the official authorization form. It authorizes the Social Security Administration to send your benefit check in YOUR NAME to us for immediate crediting to your account.

How many do you have?

More than 200 electrical appliances which provide conveniences, comforts and pleasures in and around the home (we've listed only forty of them) are available today. A recent survey showed that the majority of American homes had at least 15 different electrical appliances.

Whether you have 15 or 50 in your home, we believe that your comparison of the benefits and the cost of your electric service will prove that it's one of today's really good buys.

TEXAS POWER & LIGHT COMPANY
A tax-paying, investor-owned electric utility

Omar Khayyam's poetry is probably the most widely read in the world.

Public School Happenings

Kindergarten

Kindergarten classes have finished the first workbook of their new, state-approved course of study. This unit of the course used a parade to introduce and teach readiness activities such as vocabulary, shapes, colors, songs, poems and art. To culminate the study the classes had a parade using the paper hats and flags they made.

Brian Hess of the morning

kindergarten class celebrated his sixth birthday on Wednesday, September 10. His mother, Mrs. Dennis Hess and his sister Kimberly brought refreshments and treats for Brian's classmates.

Second Grade

Kim Bedrick's birthday was September 12. Her mother, Mrs. Bill Bedrick brought refreshments to serve during recess, to her second grade classmates.

Fifth Grade

The fifth grade has a boy with two broken arms. Steven Fisher, son of the Butch Fishers, returned to school Thursday after suffering through a

bad weekend and several more days of discomfort. His teacher says he is doing fine in school.

JETS Club

The JETS Club of Muenster High School met Tuesday evening at 6:30 to elect officers for the '75-'76 year. Heading the group will be Becky Fields president, Monty Reiter vice president, Mary Fisher secretary, Danny Endres reporter. Sponsors for the club are Mrs. Perryman and Mr. Chisam.

Annual Staff

The 1975-'76 "Hornet" staff met Thursday, September 4 to plan the yearbook. Theme,

layout and fund raising were discussed.

Heading the annual staff this year are seniors Monty Reiter and Jeanne Swirczynski, co-editors. Also on the staff are Connie Walterscheid and Damian Luke, seniors; Tina Mollenkopf and Pat Davidson, juniors; Gay Mollenkopf and Deryl Zimmerman, sophomores; Lisa Trubenbach and Kathy Davidson, freshmen. Advisors are Mrs. Perryman and Miss Dodds.

Homecoming Court

Members of the homecoming court were elected at Muenster High School last week. Representing the fresh-

man class this year will be Marla Sicking; Thelma Lewis will represent her sophomore class; Doris Clark is junior representative and seniors are Deb Schneider, Kim Klement, Kenya Hale and Shelia Grewing. Homecoming events will be held the night of September 26 when the Muenster High Hornets Football Team meets the Valley View Eagles.

National Honor Society

The Muenster High chapter of the National Honor Society met Tuesday evening at 7:15 to elect officers. Leading the organization during the current school year will be Johnny Eckart president, Monty

Reiter vice-president, Dean Sicking secretary, Becky Fields reporter, Mr. Jones and Mr. Chisam are advisors for the group.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)

SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, nonprofit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection (c), which becomes

effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties, and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976

Forestburg News

By Myrt Denham

FORESTBURG: Mr. and Mrs. L. M. (Red) Foster and children Jodi and Jan and a friend Paisly Neebe all of Fort Worth visited Mr. and Mrs. Blake Freeman Friday, Sept. 5. The Fosters camped out the weekend of Sept. 5-7 on the old Williams place, over Charlie Barclay's way. The Blake Freemans joined them there Friday p.m. for a cookout.

Mr. and Mrs. Lewis Box of Healdton, Okla., were visitors in the Ross Littell home Sept. 14. Lewis is Ross' cousin. Mrs. Pauline Seay of Nocona was Ross and Lucille's guest Sept. 14.

On Sept. 7 the Blake Freemans of Forestburg and his sister the Leo Johnsons of Boyd motored to Temple to visit Bill Freeman who is in a VA hospital. They returned home via Grandbury where they visited another brother, the John Freemans.

Mr. and Mrs. Ted Jackson and Mrs. Decie Ellzey attended the monthly meeting of the Greenwood Chapter No. 1060 of the Eastern Star Friday night, Sept. 12.

Mr. and Mrs. Emory Whitsett and Mrs. Katie Whitsett all of Houston visited the Paul Putnam family the weekend of Sept. 12-14. Mrs. Katie Whitsett is the sister of the late Mrs. Walter Potet.

Hornets - - -

low and short, taken by Wolf on the 40 and returned to the 24. That was followed by the biggest play of the contest. With 8 seconds remaining, Wolf completed a pass of about 20 to Danny Endres who scrambled the rest of the way. The kick by Endres gave Muenster a 14-7 lead. The first half was amazing as Muenster dominated with a lead of 13-2 in first downs and 156-30 in total yardage. But the second half brought a sharp change. Whitesboro started with a 47 yard push to the 29 before

Hornet defense got to them. The next series lost 9 yards. A pass for 7 and free yardage for 15 gave Muenster a first down but the next series ended with a kick. Again the Cats roared back. Tudor ripped off two gains of 12 each and Achimon went for 19 to the Hornet 40 and a fumble two plays later ended the threat. Mark L. recovered it. Hornets made a first down and kicked on next series, and Whitesboro kicked on first series. Three plays later Mark W. Sicking, who had been thoroughly covered all night, got away on a 32 yard romp to the 30, but four more tries

ended on the 25. From there the Cats appeared to be on the march again, but bogged down at the 50 on the third series. The remaining three minutes was a standoff in which neither team could make a first down. During the second half the Bearcats headed the statistics with an 8-3 lead in first downs and 131 to 58 in total yardage.

Statistics	M	W
First downs	16	10
Yards rushing	148	153
Yards passing	66	8
Passes completed	4-10	1-8
Intercepted by	0	0
Fumbles lost by	0	1
Penalties	2-20	6-40

Tigers - - -

were scratched for illegal motion. Next play was a repeat, but not with the same result. A defender was there and nailed Hess for an 8 yard loss on the screen. The second half was different in that the exchanges went the other way by a count of 3 to 2 and the Tigers got fewer points on more yardage. They gained 84 the first half and 124 the second. S&S rushed 25 the first half and 17 the second, plus completing three passes for 43. Mark Hess returned the kickoff 14 yards to the S&S 46 after which SH advanced to the 2 in nine plays and fumbled. However on second play after that Darrell Walterscheid jarred the S&S runner loose from the ball and Karl Koesler recovered. The Tigers were back in business on the 4. Second play after that Joe Bartush crashed in from the 2. For a while after that the game was a standoff with each team having possession three times before a Tiger fumble gave the Rams good position on the 29. A penalty and short loss moved the ball back to the 35. On next play Patterson received a short pass and made a beautiful run to the goal line, finally putting the Rams on the board. Following kickoff Sacred Heart moved 13 to the Ram 48 and fumbled 2 plays later on the 42. Four downs later the visitors kicked and the Tigers started again with 60 to go. A major penalty gave a first down, then three plays later, Hess got loose on a fine run that was eventually stopped on the 4. Two plays later Endres scooted around left end for the TD, then ran again for bonus points. The two following this touchdown were the only extra points of the game. Just before the end the visitors almost scored on a fake pass. The gain was good for 25 to the Tiger 20 after which the final two tries lost 5 yards.

Statistics	SH	S&S
First downs	13	5
Yards rushing	208	42
Yards passing	0	43
Passes completed	2-6	3-3
Intercepted by	0	0
Fumbles lost by	3	6
Penalties	5-45	7-66

One 40-watt fluorescent tube provides more light than three 60-watt incandescent bulbs, yet uses less electricity.

News Briefs

Mrs. Kate Stelzer is puzzling over the loss of two shade trees in the front yard of her home. While she was in a hospital in Fort Worth the trees were felled down and removed.

Gina Hess, daughter of Mr. and Mrs. James Hess of Saudi Arabia, is attending school here and living with her grandparents, Mr. and Mrs. Gary Hess. She arrived the first week of September and entered Sacred Heart High as a freshman on Monday, September 8.

Quintin Hess arrived in Texas late in August to visit his family in Gainesville and his parents, Mr. and Mrs. Gary Hess here. He is on a month's leave from his work with an oil company in Nigeria, Africa and will return there the end of September. His family will join him at the close of school next May.

High Yield Gardens
J. M. Weinzapfel's community gardens on Maple Street apparently have been as productive as good looking during the past season. Mr. Weinzapfel says that a 50x50 patch of spuds yielded 750 pounds and his three 50 foot rows of okra have produced 300 pounds to date.

Confetti - - -

report even before it was submitted. Common sense tells us there are ways to tackle inflation. If value can be taken out of money there has to be a way whereby it can be restored. But it will take more than just economic know how.

The point is that inflation also has moral implications, so the cure for it will have to include conscience and sacrifice. With some, it's in one ear and out the other because there's nothing to stop the traffic.
