VOLUME XXXIX

MUENSTER, COOKE COUNTY, TEXAS 76252 NOVEMBER 14, 1975

NUMBER 51

The well known and respected Louis Harris poll seems to have ventured out on the limb a couple of weeks ago when it reported that a "massive 69.18 per cent" of the American people favor Federally guaranteed loans to New York City . . . "if New York City balances its budget."

On the basis of that poll some of the House members of Congress are reported to have come out strongly in support of government support for the city. "There is little doubt", they claim, "that the American people are solidly in favor of Federal assistance to the troubled city. The approach of guaranteeing future loans to the city by the US is viewed by the public as much more preferable than allowing it to default and go bankrupt."

By contrast with the Harris poll we have the report that President Ford's popularity rating is improving since he came out in opposition to Federal aid for New York. That leaves us with two positive but contradictory views on the issue.

Regardless of what side we choose, we have to be aware that one poll or both are at fault, and we wonder how two separate organizations, both trying for an accurate reading of public opinion, can be so far apart. It brings up the question of whether poll takers are rather selective, directing their questions to areas or individuals who are known to favor the desired answer.

If such is the case the public would be well advised to take less stock in the poll findings. This could, after all, be just a subtle way of shaping public opinion. For instance, suppose that a political party acquires a good popularity report on its candidate and spreads the report that his support is improving daily. It could influence us into believing that the candidate is stronger than he really is, and even create a bandwagon spirit.

However, we the people don't like the idea of our opinions being manipulated that way. We might be inclined to boycott an outfit that is caught in the act of shaping opinions rather than reporting them. It's rather widely known that a national magazine of a few decades ago made a survey on a presidential race and used its findings to predict victory for one contestant. The prediction was wrong and the magazine went out of business shortly after that.

So, the pollsters ought to be aware that it isn't nice to fool the public. Something might blow up in their faces.

Of course this is not intended to imply that the polls have no value. On the other hand some have proved their accuracy and are also proving considerable value in revealing how the public thinks about certain issues.

Fifty nine days before the election on Texas' new constitution the West Texas Chamber of Commerce mailed survey questions on the preference of its members and published the result 11 days before the election. That report predicted defeat of the proposal by a ratio of 2.62 to 1 . . . which was remarkably close to the election's defeat by a ratio of 2.79 to 1. Apparently a WTCC survey is a fairly reliable reading of public opinion.

With that in mind, it is interesting to note a recent survey by the organization on several questions of vital interest to the public today. Here are some of them.

Do you favor private enterprise being allowed to compete with the US Postal Service in delivering mail? The answers were: Yes 87 per cent, No 7 per cent, No opinion 6 per cent.

Do you favor oil price decontrol? Yes 80 per cent, No 13 per cent, No opinion 7 per cent.

Do you favor natural gas price deregulation? Yes 80 per cent, No 12 per cent, No opinion 8 per cent.

Do you favor creation of a Federal Consumer Protection Agency? Yes 5 per cent, No 86 per cent, No opinion 9 per cent.

Do you favor present US actions in regard to detente with Russia? Yes 41 per cent, No 42 per cent, No opinion 17 per cent.

Do you favor sending US (Continued on Page 10)

C of C Continues Preparations for Christmas Parade

Preparations for this year's combination of Christmas parade and drawing along with Santa's visit on December 6 appear to be moving along smoothly under direction of the Muenster Chamber of Commerce and Muenster Jaycees.

In final planning at the Chamber of Commerce regular luncheon meeting Tuesday, it was decided that the parade will gather at the east city limit, as it did last year, and start at 1:30 o'clock. It will follow the highway to Main and through the business part of town. After that Santa will meet with the kiddies while the multiple drawings are held for the participating business houses.

Willie Fisher of the Jaycees said that his organization is promoting the entry of floats and various other units and reminds them that it is high time to get displays ready. Fisher also said that anyone wishing to get into the parade can get the particulars by calling him at 759-2527.

According to CC President Bertha Hamric 35 local business firms are participating in the drawing and more can enter if they wish.

Attention turned next to the bicentennial festival to be held here next spring. Chairman Leonard Endres reported that most of the community's organizations were present for a planning meeting held two weeks ago and all of them, plus any others who want to get involved are reminded of the next meeting on November 24.

He also told about his visits to Oktoberfests in Fort Worth and New Braunfels to see how the festivals were conducted there. Beer, food and dance music were abundant at both places. In addition there were many sales booths and widespread use of the traditional German attire.

A prelude to the festival is a magician show, sponsored by the C of C on February 26 in the MHS auditorium.

A brief discussion on a federally financed housing unit confirmed a position taken at a previous meeting. That is, the chamber favors a housing project, but not one that would result in cheap, inferior buildings that would attract undesirable tenants who neglect and abuse the property.

Concerning newcomers to the community, Len Endres stated that 38 gift certificates are ready for presentation to them.

Tigers Pluck Eagles 27-12

Sacred Heart Tigers closed out a near perfect non conference season Friday night with a 27-12 win over the Mean Green Eagles of Valley View. That gives them eight wins and one tie as they get set for their TCIL showdown with Notre Dame of Wichita Falls.

The SH boys lost no time in going after their first TD. On a punt ending the first series by Valley View, Darrell Walterscheid charged through and blocked it, then recovered for the Tigers on the 10. A penalty there moved them five yards closer, Mark Hess gained 3 and Roger Endres scored from the 2. Kenny Felderhoff's extra point made it 7-0 as the clock read 9:40.

Eagles promptly responded with a 71 yard drive that was kept alive by a trick play on the first series of downs. On fourth and 2 Miller ran from kick formation and got the first down. Three more series of downs overcame a 15 yard penalty besides gaining to the 10, and a pass there from Windle to Martindale was good for the touchdown. A kick for bonus point failed. Tigers led 7-6 at 4:15 in the first quarter.

For the rest of the quarter and through most of the second both teams moved the ball but were stopped by interceptions. Eagles got a first down before Roger Endres snatched the oval in the next series. Then Sacred Heart also made a first down before Windle intercepted on the next series. So the Mean Green snapped back with gains of 25 in six plays before Endres made his second interception. He stole it on the 14 and made

Making it to the finals on Saturday were Dona Swirczynski in Women's Poetry and Chris Schilling in Men's Prose.

Joining some of the participants on Saturday to monitor cross-examination debate were George Luke, Craig Sangster and Bob Grewing, all of SHH.

Mothers attending the tournament with the students were Mmes. David Bright, Dan Luke, U. J. Endres and Tom Sangster.

The next tournament for both schools will be a Junior High tournament in Plano on November 22.

Headline event of the program is a grudge match between Chief Maivia and Hans Schroeder. And the second ranking attraction is a tag team match with Albert Madril and Ricky Martel taking on Gypsy and Steve Hanson. Following that there will be two more matches to fill out a big evening of activity for the fans.

Advance ticket sale has started with the duets available at Sacred Heart School, Tom and Jerry Barber Shop, H&W Meat Co., Muenster Sale Barn and the Firestone store in Gainesville. Ringside tickets are priced at \$2.50 an advance and \$3.00 at the door. General admission tickets are \$2.00 for adults and \$1.00 for kids.

The Eagles, 72 yards away, made 11 on Windle's keeper, failed to connect on a pass, and hit the jackpot on the next one. Windle passed to Billy Cope (Continued on page 10)

District Banquet At Dallas Honors Gold Star 4-H'ers

Cooke County 4-H'ers Denise Martin of Valley View 4-H and Paul Reiter of Sacred Heart 4-H in Muenster were honored at the District Gold Star Banquet in the Umphrey Lee Student Center on the Southern Methodist University Campus, November 12, at 6:30 p.m.

Also attending from Cooke County were Tammera Hickman of Sivel's Bend and Chris Felderhoff of Myra, district council representatives. Mr. and Mrs. Wilfred Reiter of Muenster and Mr. and Mrs. Thurman Martin of Valley View, along with Mary Hinton and Larry Weise, Assistant County Extension Agents, attended the Awards Banquet.

Sponsors of the banquet are: Texas Power and Light Company; Lone Star Gas Company; Texas Electric Service Company; and Community Public Service Company. Mrs. Tom Joyce Cunningham and Mr. Uel R. Stockard, District Agents of the Texas Agricultural Extension Service were coordinators for the annual event.

Robert Waltman of Mansfield, District 4-H Council Chairman, served as Master of Ceremonies. Introductions of guests were made by Sandra Lawry of Southlake, District 4-H Council Co-Chairman. Mr. Robert K. Campbell, Vice-President of Texas Power and Light, welcomed the area-wide gathering of outstanding youth.

The principle address was given by Clyde H. Wells, Chairman, Board of Regents, The Texas A&M University System. Alfred Davies, member of the Texas A&M University Board of Regents presented the individual awards.

Tigers to Meet Knights Friday For TCIL Title

The district title in Texas Catholic Interscholastic League will be at stake Friday night as the SH Tigers meet Notre Dame's Knights on the local field. It is the only conference game on the Tiger schedule and hopefully will be the qualifier for advancement to playoff for the state TCIL title.

With that as an inducement the game shapes up as a real dandy, according to Tiger Coach Ed Stock. Besides being well matched both teams can be counted on to put something special into their effort. Stock is aware that comparative records favor the Tigers, but he has warned them that they have a big job ahead. In ND's 4-5 standing the losses were to opponents like Nolan, St. Mark's, Muenster, Cistercian and Holliday, and some of the scores were very close. Also the Knights have a slight weight advantage and they have been tough on both offense and defense. Everything considered, Stock rates the contest as a close one that can be decided by the breaks.

Regarding the Tigers, everything is fine. They came through the week without injury and should be at full strength for the championship game. Besides they have acquired the poise and confidence that enables them to handle the clutch situations. Stock said the boys looked especially good in that respect at Valley View last Friday. A few razzle dazzle plays for nice gains by the Eagles failed to shake their over all control of the situation.

The game will be played Friday night at 7:30 on the Tiger field. Stock said he regrets a conflict with the Muenster-Holliday game, which will be going at the same time across the street. He tried for a change to Thursday or Saturday night but found conflicts on the ND calendar for both dates.

Frank Zimmerer Home Chosen for Yard of the Month

In the continuing Yard of the Month project sponsored by Muenster Garden Club, the November winner is the home of Mr. and Mrs. Frank Zimmerer at 140 South Hickory. Announcement was made Monday night during the November Garden Club meeting.

35 Firms Invite Registrations for Dec. 6 Drawing

Bertha Hamric, Chamber of Commerce president said that thirty five business firms are accepting registrations for their parts in the multiple drawing to be held after the parade on December 6, and others can still get into the action. All they need is to get registration blanks from her, set up a box and decide what prize to give. Every participating firm will give a prize to the person whose name is drawn from its box of registrants. The only requirement is that the lucky person must be present to claim the prize. Purpose of this condition is to bring as many people as possible to town.

Firms participating are: Flowers by Dolores, Charm Shop, Dairy Inn, Community Lumber Co., Evelyn's Style-room, Hess Furniture, Modern Floors, Tom & Jerry, Hoedbeck GMC, Fisher Market, Jim Gehrig, Muenster Mill, Koessler Jewelry, Cooke County Electric, Hofbauer's, Ben Franklin, Gary's Fina, H&H Bar, Miller Exxon.

Tuggle Motor, Muenster Pharmacy, Muenster Butane, Texaco Station, Speedy's Arco, Kenny's Mobil, Willie Walterscheid, Rohmer's Restaurant, Ray's Drive In, The Center, Grady Jones Liquor, Garden Center, National Builders Center, 82 Liquor, The Hut, and Tony's Seed & Feed.

Muenster 20, Windthorst 0

A determined team of MHS Hornets ignored the odds in their game at Windthorst last Friday night and came away at the happy end of a 20-0 upset. A week before the Trojans won 19-16 over Archer City, which had previously mauled Muenster 59-30. The comparative scores called for a firm nod in Windthorst's direction, but there were no signs to indicate that MHS was rarin' to go.

While Hornets and Trojans were battling it out, Holliday eliminated Archer City from the 13-A title race, and the game that counts now is this week's meeting of Holliday, now 3-0, and Muenster now 2-1. By winning it MHS can share in the champ title and earn the honor of representing 13-A in bi-district.

It was plain hard nosed football that won for the Hornets at Windthorst. They led by a ratio of more than 2 to 1 in both first downs and total yardage and overcame a lot of penalties along the way.

The game's first touchdown came as a result of a nice drive in which the big gainer was a 35 yard romp by Mark W. Sicking. But he wasn't allowed to go all the way. When wrestled down he was on the 6. So Tim Wolf and Dan Endres finished the job on the next play with a

Hornets, Eagles In Showdown For 13-A Title

Friday night is the big one for Muenster High's Hornets . . . and the word big can be applied in more ways than one.

First of all the title is big. It can mean a perfect 13-A record and the championship for Holliday and it can mean a 3-1 district record and co-championship for Muenster. And, in either case, the prize is big. That is, the privilege of representing the district in bi-district.

And, of course, big also refers to the size of the Eagles. By comparison with the Hornets the better word is huge. Holliday is simply super sized for Class A. With a line that averages about 200 pounds, it has acquired the reputation of being the irresistible force on offense and the immovable object on defense. Another outstanding asset is Quarterback Veal, who is Mr. Everything in the backfield . . . runner, passer, kicker and linebacker.

All of those strong points are reflected in the Eagles' standing of 8-1-0 in a season of rugged competition. It is significant that the only loss was by a count of 15-14 to Seymour, a power packed AA team.

Considering that angle, Muenster's 8-1-0 record is less impressive. Opposition has been less potent, and the loss was a 59-30 disaster. In fact, the team that hung that humiliation on the Hornets was clobbered 26-0 by the Eagles last week.

Comparative pre-game date on the game indicates that it should be little more than a formality, and general opinion of the area is in agreement.

Coach Don Jones and the Hornets are well aware of the odds but they are far from conceding anything. They have taken inspiration from last Saturday's Oklahoma-Kansas contest which revealed again that a big upset is possible when the ball bounces that way. So, the Hornet boss man is urging his charges to (Continued on page 10)

Diane Klement, Rick Walterscheid Exchange Vows in 2-Ring Ceremony

Mr. and Mrs. Rick Walterscheid are at home in Muenster since returning from their wedding trip. Married in Sacred Heart Church on Saturday, November 8, at 5 p.m., the bride is the former Miss Diane Klement, daughter of Mr. and Mrs. Tony Klement. Parents of the groom are Mr. and Mrs. Earl Walterscheid.

Father Stephen Eckart officiated for the nuptial Mass and double ring ceremony. The couple exchanged vows before an altar enhanced with

orchid daisies and white gladioli. Tall floor candelabra with votive candles, entwined with garlands of greenery marked the entrance to the sanctuary.

Presented by her father, the bride wore a formal gown of white misty sheer organza over dacron polyester, with sheer yoke outlined with a crystal pleated ruffle and Venice lace. Long sleeves had crystal pleating at the wrist. The empire waistline was defined with a similar ruffle and lace trim. Lace daisies, each centered with a pearl were scattered on the A-line skirt. The hemline was finished with a crystal pleated ruffle and daisy lace trim. The attached chapel train was similarly complemented.

The fingertip bridal veil of three tiers of English illusion

was sprinkled with lace daisies, edged with lace daisy trim, and was attached to a lacy Camelot headpiece accented with pearls and lace daisies.

Adding sentiment, the bride wore a sixty five year old ruby ring belonging to her grandmother, Mrs. Theo Schmitz. Something new was a diamond necklace, a gift from the groom. She borrowed pearl earrings from her sister Mrs. Paul Dangelmayr, and wore the traditional blue garter.

Her bridal bouquet was a cascade of yellow gladioli and orchid daisies, peach carnations, baby's breath and stephanotis, tied with matching streamers.

Attendants

Bridal attendants were maid of honor Connie Walterscheid, groom's sister, bridesmaids Alice Walterscheid and Peachie Klement, both sisters of the bride. The maid of honor wore an orchid dress of misty sheer organza, daisy flocked, over dacron polyester. Bridesmaids and flower girl wore identical dresses of yellow, peach and green, respectively. Each carried a matching, long stemmed carnation.

Best man was Steve Klement, brother of the bride and groomsmen were Kenny Walterscheid and Gary Walterscheid, groom's brothers. They wore black tuxedos and pastel ruffled shirts to match the bridesmaids' dresses.

Jeanenne Walterscheid, niece of the couple was flower girl and Bubba Klement, nephew of the bride was ring bearer.

Mrs. Tony Klement attended her daughter's wedding in a lemon yellow formal gown and Mrs. Earl Walterscheid wore a teal blue formal.

Mass servers were Mike Dangelmayr, Craig Walterscheid, Mike Bayer, and Tim Walterscheid, all relatives of the bride and groom. Ushers were Roy Klement and Chris Walterscheid.

Offertory gifts were presented by Ronnie and Chris Dangelmayr, nephews of the bride. Special gifts included the wedding candle carried by Connie Klement and a white Bible, carried by Rhonda Bayer, both nieces of the bride.

Wedding music was provided by Anthony Luke, organist and soloist Jimmy Lawson who sang, "The Wedding March", "Colour My World", "Let It Be Me" and "Mother, at Your Feet". After Mass, the flower girl presented a long stemmed orchid carnation which the bride placed on the Blessed Virgin's altar.

Reception

Following the church service, a reception was held in the Community Center where two hundred and four guests were registered by Mrs. Giles Walterscheid and Darlene Klement, both sisters of the bride.

The bride's table held the four tiered wedding cake and the horseshoe shaped groom's cake, both baked and decorated by Mrs. Al Horn. Miss Lisa Mollenkopf and Mrs. Gary Walterscheid served the wedding cake. Special guests at the bride's table were Mrs. Rosie Walterscheid, grandmother of the groom, and John Schmitz great-uncle of the bride and the bride and groom's sponsors.

When the couple left on a wedding trip, the bride was wearing a brown two-piece pant suit with beige accessories. They are both graduates of Muenster High School. He is employed by Trumter Petroleum and she is employed at the Dairy Inn.

Among out of town guests were relatives and friends from Windthorst, Dallas, La Feria, Decatur, Gainesville and Lindsay.

The rehearsal dinner was held in the home of the groom's parents on Tuesday, November 4.

A shower was given by the bridal attendants at the TP&L Building. A display shower, given by the bride's sisters and sisters-in-law was held in the home of Mrs. Kenny Walterscheid.

MHS Girls Will Start Basketball Tuesday at Era

Basketball girls of Muenster and Howe High Schools will try to get the feel of the game Saturday afternoon in a practice scrimmage in the local gym.

And the MHS girls will open their season next Tuesday night at Era following a junior high girls game starting at 6:30.

Members of the Muenster roster are headed by five of last year's starters: Deb Schneider, Kim Klement, Becky Fields, Tracey Klement and Gina Felderhoff. And the others are Kelly Hale, Marla Sicking, Brenda Walterscheid, Kathy Davidson, Kathy Fisher, Thelma Lewis, Deb Zimmerer and Robin Walterscheid.

According to their coach, Nick Petro, the roster is too limited to provide for both A and B teams. Unless more players report the school will have to cancel its junior girls schedule.

FORESTBURG: Wish to correct a mistake that appeared in this column last week concerning how Albuquerque, N. M., handles their juvenile problem. They did not arrest them — they picked them up, took them home and arrested and fined the parents. This sure curbed a lot of problems.

Folks, just a reminder that the Forestburg United Methodist Church will have a bazaar Saturday, Nov. 22, at the Forestburg Community Center. Lunch will be served and there will be a bake sale, handcraft sale and a white elephant sale. Make your plans to attend it.

Mr. and Mrs. Ted Jackson and granddaughter Vatonni headed for Matador Friday, Oct. 31, to visit the Jacksons' daughter and family — the J. T. McCandless clan. They returned home late Sunday p.m.

Young Miss Veronica Edwards, daughter of Gayle and Charles Edwards, has bought a pig to raise for the 4-H project day in the Spring. Veronica said her pig must have gotten lonesome as it broke out and is running around with her dad's cows.

Scotty Jones — or Casey to some of us — has sold his service station in Fort Worth and will be back in the burg after Nov. 10. At least he hopes he will be.

Vera Mae McGee returned home towards the end of last week from Wichita Falls where she had been helping out grandchildren with their children.

Persons on a low sodium diet should avoid drinking softened water. Most water softeners use sodium salts to remove the hard calcium salts — this increases the natural sodium content of the softened water. The answer to the problem is to connect the water softener into the pipe to the water heater only for laundry purposes, leaving the cold water hard and of natural sodium content for drinking, lawn watering, etc.

SH Students at TWU Math Class

Advanced Math and Algebra II classes of Sacred Heart High, accompanied by Ed. J. Schad, instructor, participated in the fifth annual honors day in mathematics at Texas Women's University, Denton on Thursday, November 6.

Purpose of the event was an opportunity for students to become familiar with other areas of mathematics, or, as Prof. John Mohat, chairman of the Math Department at North Texas State University said: "to visit some other spots in the forest of mathematics."

The program began with a welcoming address by Dr. Leslie Krepis, Vice-president for academic affairs at TWU, followed by lectures by members of the NTSU and TWU math faculties. Lectures which the students found particularly interesting was one on solving higher degree equations with a pocket calculator, given by Dr. John E. Allen of NTSU, and a lecture on the history and development of pi (the circumference of any circle, divided by its diameter,) presented by Dr. David Dawson, also of NTSU.

Student Activity At SH Is Related To Election Day

To emphasize the duty to vote on all election days, Sacred Heart High School arranged for a substitute teacher on November 4. Mrs. Frances Bayer, a VFW Auxiliary member, was available to substitute when teachers left to vote on the new Texas Constitution.

Included in the day's activities was a film shown at Sacred Heart on "The Runaway Scrape" about Texas' fight for independence from Mexico. The high school students, several members of MAP and Mrs. Bayer saw the special 45 minute film.

Purpose of the observance of New Texas Constitution Day was to aid the teachers in fulfilling their duty and privilege to vote; to make the students aware of the democratic process and to learn and review one segment of Texas History.

Jaycee Football Fouled up Sunday

This year's first venture in Jaycee football was a let-down. Instead of a pair of games simultaneously under way on both of the local fields there was a single practice skirmish that inflicted lots of bruises but did nothing for team standings.

At game time Sunday afternoon Muenster's team was there whereas Lindsay and Gainesville Jaycees showed up with part teams and Nocoma failed to show. So, Lindsay and Gainesville combined to take on Muenster.

The result was a scoreless tie after Muenster had two TDs nullified by infractions and Lindsay-Gainesville was stopped at the 1 yard line. Local Jaycees think the snafu resulted from a misunderstanding, which hopefully will be corrected before next Sunday.

Windthorst Kids Beat Muenster in Last Four Seconds

Junior High kids of Muenster Public School lost a close one in the final four seconds to Windthorst Thursday night.

The score was 18-12 after the junior Trojans outfoxed the Little Monsters with a combined pass and pitch out on their last opportunity of the game.

Only 37 seconds before they had scored the TD that tied the game at 12-12. In the next four plays Muenster failed by inches to get its first down and the visitors were in charge for the final play of the contest. From the 23 Berend passed to Smith who pitched back to Steinberger as he was tackled, and Steinberger sprinted some 20 yards to victory.

Muenster was first to score. Tim Hermes went over from the 3 to end a 68 yard drive on runs by Kevin Klement and Phil Wolf and two passes from Wolf to Todd Richey.

Next score completed a 27 yard drive after Windthorst lost yardage on an attempted punt because of a bad snap from center. Klement, Hermes and Wolf gained to the 3 in five plays and Wolf scored from there.

At half time Muenster led 12-0 and was ahead 7-1 in the first down count. But it was hurting. Key men Wolf and Richey had been injured and they were not up to par for the second half. The difference was noticeable as the game turned around. In the second half the visitors did all the scoring and led 8-1 in the count of first downs.

A 57 yard drive, including a 38 yard romp by Schenk, produced the first TD and Berend went over from the 4 on the first play of the fourth period.

Next one was a 60 yard drive in eleven plays mostly by Steinberger and Schenk. Schenk scored from the 2. The try for extra points failed, like all the others, and the score was tied with 37 seconds to go. And then came the story book ending.

Second game was a scoreless deadlock by the junior varsity. Muenster made a fine start going 51 yards to the 34 in 8 plays, but then it fumbled. Two more chances to start moving were wasted on a pair of fumbles. Meanwhile the

CCC to Present Musical Salute To Bicentennial

The Music Department of Cooke County College will present "Americana", a salute to the Bicentennial in the Activities Center, Saturday, November 15, 1975 at 7:30 p.m. Featured on the program will be the college choir and stage band. Various songs from historical periods will be presented, such as "The Sow Took the Measles", "Stephen Foster Medley", "Poor Little Bessie", "Deep River", "Sing Out Sweet Land", and others. Several of the selections are from the J. C. Penny Bicentennial musical celebration collection.

There is no admission charge and the public is cordially invited to attend.

action was in midfield for the rest of the first half.

During that time Muenster had to punt once and Windthorst three times. Also Muenster made six first downs and the Trojans three.

In the second half the Hornets led 5-3 in first downs and the teams broke even on exchanges. Hermes and Serina each intercepted once, but MHS lost a fumble and an interception.

Opening the third quarter Windthorst was on the move. Six plays, including a 29 yard pass, gained 50 to the 12. Three more tries were duds and so was an attempted field goal.

Early in the fourth quarter a fumble recovery on the 15 gave Windthorst another opportunity which ended suddenly with Hermes' interception.

Muenster's deepest penetration all night was the Trojan 24 yard line.

It makes good sense to pay a little more for electricity now... than a lot more later.

Texas Power & Light Company's costs of producing and supplying electricity have risen drastically in the past several years... and they're certain to continue to go up in the future.

TP&L must have fuels to operate its generating plants. Natural gas, which will account for about 77% of fuel requirements in 1975, rose in price approximately 84% during the year.

To reduce its dependency on natural gas, TP&L has underway a massive program to utilize less expensive lignite coal and nuclear materials. However, lignite and nuclear plants cost much more to build than gas plants. Two lignite-fueled generating plants are already in operation and others are under construction or in advance stages of planning. A nuclear-fueled plant is also under construction.

Hundreds of millions of dollars will be required by TP&L in the next few years to construct generating plants. Most of this money must come from the sale of bonds and stocks to investors. To sell these securities, we must be able to pay competitive rates of interest on bonds and dividends on stocks.

All of these conditions and others left TP&L no choice but to recently ask its customers to pay more for their electric service now to assure adequate and reliable service in the future.

ignore that stuff about an inevitable loss and be ready to accept any opportunity that breaks their way. Who knows? This may be another day for the underdog.

Jones also indicated that MHS has made a nice comeback since its single sad defeat. They did fine at Windthorst last week and could be at their peak Friday for their season's biggest.

Physically and mentally all of the boys are ready. The only injury Friday was Mike Davidson's hip bruise which hopefully will be healed for the game.

forces to Israel and Egypt to maintain a truce? Yes 26 per cent, No 65 per cent, No opinion 9 per cent.

Do you favor the present level of the federal food stamp program? Yes 4 per cent, No 90 per cent, No opinion 6 per cent.

Should longshoremen be allowed to halt foreign shipments of agri products through work stoppage? Yes 3 per cent, No 90 per cent, No opinion 7 per cent.

Do you favor limiting sales of agri-products for export to transactions between governments, eliminating sales by private business? Yes 8 per cent, No 90 per cent, No opinion 2 per cent.

The entire group of answers seems to have one thing in common. People replying by a big majority are reflecting their opinion that we have too much government, and our nation can be improved by having the government do as little as possible of the things we can do for ourselves.

Notice, they want private enterprise to have a chance at handling the mail. They want the government to quit messing with oil and gas controls. They want government and the unions to quit interfering with sale and shipment of farm products. They want US to avoid military involvement abroad. And they are about equally divided in approving our dealing with Russia.

Looking over the issues we ought to be proud of West Texas for its caliber of thinking. It brings back an old motto to the effect that "he is best governed who is least governed." We got along better years ago before Washington did so many things for us. Maybe we can bring back some of the good times by taking some of the responsibilities back on ourselves.

who kept going all the way to pay dirt on the second play of the final period.

For the rest of the time there was lots of action but no more scoring. Tigers gained 35 to the 21 but only 1 more in four more tries. Eagles gained 34 to the SH 46 and lost 11 yards before punting.

Then from the SH 28 Sangster started a drive with 15, and other nice gains were a pass to Bruce Fuhrmann for 27, runs of 9 by Hess and 10 by Endres, and four short plays giving SH a first down on the 1. But it got no farther. Next play drew a 15 yard holding penalty, and then the Tigers fumbled it away.
