VOLUME XXXVIII

MUENSTER, COOKE COUNTY, TEXAS 76252 JUNE 7, 1974

NUMBER 29

The fuzz is beginning to fly in the hassle to determine whether a "right to work" provision should be included in the new constitution now being drawn up by the state's legislators.

State leaders of the AFL-CIO have publicly vowed to destroy the entire work of the Constitutional Convention if right to work provisions are included. So, supporters of right to work have responded by forming an organization dedicated to giving the provision a chance. Heading the group is Dr. Abner McCall, president of Baylor University, and Margaret Wisdom, a Houston school teacher, who have announced a dual purpose of letting Texans know what right to work is all about and to express their opinions to their delegates in the constitutional convention.

Harry Hubbard, state president of AFL-CIO, attacks the committee charging that its formation is proof that "the corporations are out to run this country." On the other hand Mrs. Wisdom replies that Hubbard "wants decisions on the new constitution made in Austin's back rooms rather than in voting booths across the state." One of the objects of the committee is to let people tell at the ballot boxes whether or not they want a constitutional guarantee of the right to hold a job without being forced to pay union dues.

In answer to Hubbard's claim that he will tell loud and clear his opposition to the right to work proposal, Mrs. Hubbard suggests letting the people's voices be heard loud and clear through the ballot box.

It's gratifying to learn that the union boss attempt to steam-roller compulsory unionism through the new constitution has encountered a tough roadblock. For a while it seemed that workers of this state had no friends to defend them against the power hungry labor dictators. Nobody was stepping forward to point out that compulsory unionism as demanded by labor's big shots is a violation of every man's rights. We hope the committee will do a good job of this. Nothing could be better for the welfare of our state than a clear understanding of the basics in both alternatives, compulsory unionism and right to work.

Hubbard exposed the weakness of his position on this issue in his charge that corporations are out to run the country. He was appealing to what he assumed is widespread hatred of the people who own and operate business. But he was taking too much for granted. The majority of people do not accept union's hate-corporations line. Furthermore a lot of them know and respect the names of the committee. They know that these people talk sense and talk for themselves. They also know that the committee speaks for thousands of workers who choose to be free rather than economic slaves.

In relation to this issue it's good to remember that the image of unionism isn't what it used to be. At one time the union card was the certificate of a craftsman, an assurance that he was capable and willing to do good work. That's not the case any more. It means only that a man has paid his dues but has no bearing on ability. It used to be that workers got pushed around by management, and unions rendered a great service in organizing to demand better pay, better conditions, etc. But that likewise doesn't apply any more. Union bosses nowadays are the characters who push the workers around.

Of course it's understandable why the state AFL-CIO is so steamed up over this issue. Its leaders have their eyes on power. They know that when right to work is abolished they will be able to demand tribute of workers every time they are able to make employers accept their deal. That makes for a full treasury and generous spending privileges for themselves. It also means the power to control workers and thereby force management to do their bidding.

More than anything else it means the threat that unionism will become the power behind our government. The Watergate mess today is a (Continued on Page 12)

Shorter and Bryant Win Runoff

Anna Mae Shorter and Irene Bryant were the eventual winners of two very active county campaigns for the offices of district clerk and county treasurer.

They led by comparatively close margins in last Saturday's runoff to complete the party's primary election. The results were 1878 for Shorter and 1956 for Sue McFarlin, also 1926 for Bryant and 1592 for Frankie Lemons.

Muenster voters supported the losers in both of the races. The two polling precincts tallied 65 and 18 for McFarlin and 52 and 12 for Shorter. Also 78 and 19 for Lemons and 39 and 11 for Bryant.

Though both contests were enthusiastic up to election day they failed to bring out the voters. The county's total was only 3534 out of an estimated 12000 qualified voters. The Muenster ratio was even lower as only 147 showed up out of more than 800 eligibles.

Technically, the election has named the two Democratic party nominees for the general election in November, but

practically it has determined the final winners. The Republican party has no nominees for any of the county offices.

The election ended contests that have been going strong since early in the year. Three candidates challenged the incumbent, Anna Mae Shorter, for the office of district clerk, and five were running for the county treasurer office vacated by Ruby Davis.

Gene Hartman Is KC District Deputy

Gene Hartman of Denton is the new district deputy serving the Knights of Columbus 47th District, which includes the Muenster Gainesville and Denton councils. His appointment was announced at the state KC convention last month in Waco.

Gene is a native of Muenster, son of Mr. and Mrs. Victor Hartman. He joined the order at Denton several years ago. The retiring district deputy is Ed Wolf of Gainesville.

Flower Show Will Be Held Saturday

The annual flower show sponsored by Muenster Garden Club will be held next Saturday, June 8, from 2 to 5 p.m. in the K of C hall, with Mrs. H. H. Houtchens as the project chairman. Dedicated to the children of Muenster,

its theme will be "A Child's Garden of Verse."

Guests as well as Garden Club members are invited to participate in the show, however only the members' exhibits will be considered in the judging. Others will receive awards of appreciation whenever merited.

There will be an artistic division for seven classes of flower arrangements, each of which will be judged competitively for awards of one blue, one red and one yellow ribbon plus one or more white (honorable mention) ribbon if merited. In addition there will be a tri-color award and a creativity award for the entire division of seven classes.

The other division will consist of horticulture specimens with blue, red and yellow ribbons to be awarded in each class plus a special award for the best horticulture exhibit of the show.

And finally there's a sweepstakes award for the greatest number of blue ribbons in both divisions.

Everyone is invited to the show. There will be no admission charge.

Brothers Hiking Across Oklahoma

Joe and Tom Bright, sons of Mr. and Mrs. David Bright, are involved in an adventure in hiking. Leaving from Red River about noon last Sunday, they are walking across Oklahoma, a distance of about 260 miles.

It's a cross country trip, keeping clear of the main highways. Their intention is to go as the crow flies, across fields and using country roads when the direction is right — but no hitch-hiking.

They sleep under the stars, prepare their meals from rations in their back pack, and fill their water canteens along the way.

They called Tuesday night saying they were near Lindsay, Okla., about one third of the way. They also admitted they were tired and footsore.

Hiking for Retarded

The Child Development Center of Gainesville was the beneficiary, in amount of \$85, when a group of about 30 young people, hiked from Lindsay to Muenster last week Tuesday. They were on a Walk-A-Thon sponsored by the Catholic Youth Organization of Muenster.

Garden Club Will Meet Next Monday

The final meeting of the Muenster Garden Club on this year's calendar will be held next Monday night, June 10, at 8 p.m. in the TP&L Building.

As the program feature Miss Sylvia Hofbauer will show slides borrowed from the A&M Extension Service at Renner and will give the commentary on "Minimum Maintenance in Landscaping."

Also members will make plans for a pilgrimage in July and will discuss suggestions for next year's programs.

Firemen Warn of Fire Hazards in Hot, Dry Weather

Two possibly related facts: weather has been considerably dryer than usual since the first of the year and the Muenster firemen have had considerably more calls.

Fire Chief Herbert Knabe this week issued a report on 20 calls in the past five months and also notes that the department had only 19 calls in all of last year. He also stated that 13 of the 20 calls were grass fires and one more was a building fire that spread from a grass fire.

The record prompts a reminder that danger is greater these dry summer days and people are cautioned to avoid trash burning on windy days and to be specially watchful whenever they start a fire.

A break-down of the fire chief's report shows that five fires were inside the city. Two were grass fires, one a building fire that originated as a grass fire, and two were blazes of hay and tires deliberately set afire on the streets.

The other fifteen calls were outside of town. Eleven of them were grass fires, two were truck fires on the highway and two were false alarms.

Muenster Is Host For Convention of W. Texas Firemen

Over 300 persons, including 193 members of district and state volunteer firemen associations, were here Sunday for the 82nd semi-annual convention of the West Texas Firemen's and Fire Marshals' association, which was hosted by the Muenster firemen in the Muenster High School auditorium.

Ed Hinkle, manager of Radio Station KGAF, Gainesville, headed the program as guest speaker, Mayor David Bright extended the city's welcome and Eddie Pulliam, association president responded in the name of the visitors. Earl Fisher introduced the speaker.

Doug Martin and His Rustlers provided a half hour of musical entertainment before the convention opened at 1:30 o'clock.

A specially popular feature of the event was a drawing for attendance prizes conducted by Ed Schneider. The assortment of about fifty gifts was enthusiastically received by the guests and proudly presented by the hosts. For that the firemen are grateful to local business people who provided so generously.

The big shows of the day were hose connection races by teams of six and two and the water polo contests. Object of the races is to make connections and get water out of a nozzle in the shortest time. In water polo contestants use a water stream to move a ball suspended on a line. The goal for each is the end of the line defended by the other. Both of those events were held in men's and women's divisions, and both were marked by good soakings.

Delegations competing in the contests were from Saint Jo, Seymour, Olney, Archer City, Electra and Holliday. Observing the custom of the convention, Muenster did not participate in the contests or the drawing for prizes.

Delegations besides those in the contest were from Munday, Burkburnett, Nocona and Bowie.

Special visitors were Tom Robinson of Texas A&M Firemen's School, Ewald Pietsch of Seguin, president of the firemen's state association, accompanied by his wife, and Bill Barrett of Spur, candidate for vice-president of the state organization.

The convention ended with a barbecue supper catered by Rohmer's in the city park. About 250 persons attended.

At Jaycee Conference

Robert Miller, president of the Muenster Jaycees, and three other members of the chapter were in College Station all day Saturday and Sunday morning attending a statewide conference for local presidents. Accompanying Miller were Claude Klement, Wayne Klement and Willie Fisher.

Funeral Services Held Monday for Joe Hofbauer, 73

Funeral service for Joseph J. Hofbauer, 73, were held Monday at 10 o'clock with Father Stephen Eckart officiating at the Mass in Sacred Heart Church and also at graveside rites.

Hofbauer died at 11 a.m. last Friday in his home following an illness of several months. The cause was cancer and his family asked that contributions to the Cancer Society be made in lieu of flowers.

Burial under direction of Miller Funeral Home was in Sacred Heart Cemetery. Pallbearers were Frank Bayer, Wilfred Bindel, Arthur Endes, Henry Felderhoff, John Wimmer and Leonard Yosten.

Other services were a rosary at 4 p.m. Sunday, and a wake at 8 p.m. in the chapel of Miller Funeral Home.

Joe Hofbauer was born in Tours on August 21, 1900, and came to Muenster at an early age when his family moved here. He moved to Dallas in 1927, was married there to Miss Idabell Brown on April 15, 1934, and returned here to retire in 1965. A number of old friends from Dallas were here for the services on Sunday and Monday.

Survivors are his wife; one daughter, Miss Sylvia of the home; one brother, Clem of Muenster; and one sister, Sister Mary Frances of Jonesboro, Ark.

Dan Hamric Named New Grand Knight Of Muenster KCs

Muenster Knights of Columbus in their regular meeting Wednesday night elected Dan Hamric as grand knight to succeed Eddie Fleitman who served in the office two years.

Next in line was Dale Klement as deputy grand knight succeeding Hamric.

Other changes resulting from the election of officers were in the offices of trustee and the two guard positions. Eddie Fleitman succeeds Marty Klement as trustee, Claude Klement succeeds Ben Fleitman as inside guard and Ben Fleitman succeeds Tim Endres as outside guard.

Other officers were re-elected. They are Paul Caplinger, advocate; Rudy Koesler, chancellor; Joe Hoenig, warden; Joe Horn, treasurer; Joe Hellman, recorder. Trustees Dan Luke and Al Walter continue their unexpired terms.

After the meeting members were guests of the council for a chicken supper catered by Ed Schneider.

Burial Here for F. Trubenbach Jr. of Oklahoma City

Frank Trubenbach Jr., 52, of Oklahoma City died Sunday night in St. Anthony's Hospital following a stroke a short time before.

He was a native of Muenster, born on September 6, 1921, a son of the late Mr. and Mrs. Frank Trubenbach. He left here during World War II to join the Seabees of the US Marines, was wounded in service and received the Purple Heart. In recent years he was a member of the Salvation Army staff in Oklahoma City.

He was buried in Sacred Heart Cemetery Wednesday morning under direction of Geo. J. Carroll & Son Funeral Home. Graveside rites as well as military service was conducted by his fellow workers of the Salvation Army. Pallbearers were Dolphy Joe Hellman, Sammy Swirczynski, Martin Trubenbach, Frank Neu, John Paul Metzler and John Pappas.

An earlier service was recitation of the Rosary Tuesday at 9 p.m. in the Carroll Chapel.

Survivors are one daughter, Mrs. Cal Koontz of Corpus Christi; two brothers, Harry of Amarillo and Alfred of Wichita Falls, five sisters, Mmes. Alice Hellman of Moss Lake, Hildegard Swirczynski of Muenster, Ethel Metzler of Lindsay, Florentine Pappas of Jacksonville, Fla., Isabelle Swirczynski of San Angelo; and a number of nieces and nephews.

County Tax Valuations Increased \$170 Million

That long awaited report on re-appraising county tax values has been submitted, and the result is about as expected. Total valuations have jumped from about \$240 million to about \$410 million.

In the process, however, it is hoped that the principal objective — to equalize taxes — has been accomplished.

Most of the adjustment has

been made in land, mineral and industry valuations, which were considered out of line with other property. Land assessments were increased to \$200 to 225 per acre from the former \$10 to \$50 per acre. Those figures are based on agricultural productivity. Other lands range from \$275 to \$700 per acre, depending on location.

The new valuations, adjusted by Professional Appraisal Co. of Fort Worth, were accepted by the commissioners court Monday. After that the commissioners considered reducing the county tax rate from 25 cents to 20 cents per \$100 of valuation. However they noted that the by from about \$600,000 to \$820,000.

Jim Marsh of the appraising firm reported that the re-evaluation is about 95 per cent finished and his firm will start sending notices on July 1 advising tax payers of the changes.

Also the firm will have space in the Community Center for conferences with people who have questions about their taxes. Appointments can be made by telephone the week of July 8-12 for conferences the week of July 15-19. If any other questions remain they can be referred to the county equalization board.

City Accepts Bid For Construction Of Bridge in Park

Flusche Enterprises has been awarded the contract for building a pedestrian bridge across Elm Creek in the city park.

Members of the city council in session Monday night accepted the Flusche bid, the only one submitted, at a price of \$1510.

Specifications call for an all metal structure with a span of 50 feet and width of 46 inches. It will have an arch of six inches, a metal floor of 1/8 inch thickness, siding of four foot chain link fence, a top rail of pipe and a turnstile gate at each end. It will be tied with anchor bolts to a recessed concrete slab at each end.

Regarding the city's continuing problem with the opening of Ash Street, the council discussed prospects for early negotiations, which hopefully will follow selection of Richard Stark as attorney by Raimy and Wylie, operators of an oil lease on the area concerned. Street work has been held up by a controversy over the expense of moving oil field rod lines. Each side claims it is the other's responsibility. Sullivan, Harris and Meurer represent the city.

The council also heard a request by Wilfred Bindel and Dennis Walterscheid for a permit to construct a club house for St. Joseph's Society on Main Street at 8th. The request will be considered until the next meeting. Another request by the society was approved. It is permitted to use the city park for the July 4 parish picnic.

Bike-A-Thon Was A Bonanza for Cystic Fibrosis

The bike-a-thon sponsored by the Muenster Cub Scouts turned out to be a bonanza for the Cystic Fibrosis Center. After the youngsters had collected their earnings from sponsors they discovered that they had more than \$700.

The bike-a-thon method is to secure sponsors who will contribute a set amount for each mile the participant rides a bike for the cause. Best hustlers in that respect were Bob Hamric and Kirk Klement who had 15 sponsors each. Klement has the added distinction of being the top earner. He turned in over \$80.

The best family effort was that of Stephen and Todd Fisher each riding the course 21 laps and together earned over \$100.

Other records were the longest ride, 22 miles, by Kim Walterscheid, and the biggest group contribution, almost \$250, by the boys of Den 5.

The Cubs and their den mothers are most grateful to sponsors who backed them, and to several other boys and girls who joined in the effort.

The money goes to the National Cystic Fibrosis Treatment and Research Center in Dallas.

Two Get Degrees From North Texas

Two Muenster students were included in the 84th annual spring commencement at North Texas State University on May 14, when 1,276 students, the largest class in NTSU history, received degrees.

Darlene Marie Hess, daughter of Mr. and Mrs. Ray Hess, and Joan Frances Sturm, daughter of Mr. and Mrs. Ray Wilde, both received bachelor of science degrees in home economics education.

Resurfacing Job Okayed on US 82 Here to Saint Jo

Additional surfacing on Highway US 82 from Muenster to the junction of State Highway 59 just west of the Saint Jo city limit is one of two projects recently approved by the State Highway Department in the Wichita Falls area.

An announcement this week by the Highway Department discloses that the 9.4 mile project here along with a 2.7 mile project on US 287 in Wichita County is estimated to cost \$640,000. It is part of a statewide effort by the Highway Department to improve existing roadways for safety and driving convenience and to help prevent possible roadway damage during the coming winter.

This project, along with the new road now being built west of town will complete 4.2 miles of new and improved highway.

Co-op Will Host Area Seminar on Trickle Irrigation

Water is and has always been a significant factor in our area and often is the difference between success and failure in agricultural efforts. Because of recognizing the need for assistance in our area, the Cooke and Montague county extension agents along with Cooke County Electric Cooperative's member and community services department sponsoring a trickle irrigation seminar to be held on Thursday, June 20, 1974. The session will begin at 1:30 p.m. at Cooke County Electric's headquarters.

Featured speakers will be B. D. Reeder, research horticulturist, and Wayne Keese, agricultural engineer both with Texas A&M University. They will discuss a variety of subjects including irrigation of fruit and nut trees, truck farming, and family gardens. Chapin Watermatic, Inc., Wattertown, New York, will have a representative present for a portion of the program and will show a display and have literature available.

Graduates at AC

Mary Jane Swirczynski, daughter of Mr. and Mrs. B. J. Swirczynski, received a bachelor of arts degree at Austin College, Sherman.

To Attend Convention

The CYO chapter of Sacred Heart Parish will be represented by five members at the state convention of the Catholic State League in San Antonio June 14-16. Those going are Barbie Hess, Linda Klement, Janet Pels, Karen Schilling and Gayle Miller.

FROM BLUE SHIELD

Safety in Cribs

Rest easier with the knowledge that your new infant's crib meets Federal safety standards established by the Consumer Product Safety Commission for all cribs manufactured after February 1, 1974.

Statistics indicate that 150 to 200 infants die each year and 50,000 more need medical attention from accidents involving cribs.

Crib slats should be no more than 2 3/4 inches apart. If a wedge is applied between slats with a 20-pound force, the distance between the slats must not increase more than 2 1/2 inches. Mattresses should fit snugly. To make mattress buying easier, all cribs must fall between 51 3/4 and 53 inches, and the width must be between 27 1/2 and 28 1/2 inches. If more than two fingers can be inserted between the edges of the mattress and the sides of the crib, the mattress is too small. Railing height from the top of the railing to the lowest level of the mattress must measure 26 inches so the baby cannot fall out.

When buying a new crib, look for a tag on the crib and information on the carton saying that it has been approved by the Consumer Product Safety Commission. To learn ways to make an old crib safer, write to: "Crib Safety," Consumer Product Safety Commission, Washington, D.C. 20207.

Mission Fund at SHH Tops Quota

A happy Sister Theresina, mission moderator at Sacred Heart High School, has announced that the students topped the \$1000 goal they were striving for this year. The total at term's end was \$1011.

Members of the Mission group donated five cents a week although many contributed much more and donors from the parish pushed the fund over the top.

One of the main contributing students each quarter receives a perpetual membership in the Society for the Propagation of the Faith. Names are drawn to determine the recipient. For the final quarter it was Darell Walterscheid. Others were John Henscheid and Mark Hess.

The fund is distributed to needy missions on far flung foreign fields and U.S. mission posts. Sister Theresina says thanks and God bless all donors.

Denmark, England On Endreses Tour

Mr. and Mrs. Urban Endres report a great time on their recent trip, spending ten days in Copenhagen, Denmark, and London, England. It was a sales award trip, courtesy of Joseph Schlitz Co.

Highlights in Copenhagen included the Amalienborg Palace where the royal family resides and a tour to view old castles of Helsingor and Fredrikborg. A new and exciting experience was a trip by hydrofoil to Sweden.

In London it was Westminster Abbey, Windsor Castle, Hampton Court, the Tower of London where the Crown Jewels are stored and witnessing the changing of the guards at Buckingham Palace.

They also visited the area of Brighton on the English Channel and saw Winston Churchill's home.

And they enjoyed eating in famous English pubs on the Thames River and saw a British play at the famous Paladium.

Shirley Becker And Gilbert Hess Set Wedding Date

Announcement is made by Mr. and Mrs. Martin Becker of the engagement and approaching marriage of their daughter Shirley and Gilbert Hess, son of Mr. and Mrs. Albert Hess.

June 29 has been set as the wedding date. Vows will be exchanged in Sacred Heart Church at 5 p.m. with Father Alcuin Kubis of Little Rock, Ark., officiating.

Miss Becker is a graduate of Sacred Heart High. Mr. Hess is also a graduate of Sacred Heart High and is employed by Muenster Milling Co. They plan to reside north of Muenster.

Five State Tour On 10-Day Trip Is Brights' Vacation

It was an all-family vacation this year for Mr. and Mrs. David Bright and David Jr., Lola, Joseph, Thomas, Sam, Julia and James. They piled in their station wagon on May 16 and headed for Alliston, Ala., where they were among guests at the wedding of a nephew of David Sr.

Enroute they stopped in Jackson, Miss., to see friends and at Vicksburg, Miss., to tour the Civil War Battleground. On May 19 they were in Atlanta, Ga., visiting Stone Mountain and then drove to Florida to tour San Augustine and see again Coco, Florida, where David Jr. and Lola were born. They saw the hospital where they were born and their former home. Other highlights included the Kennedy Space Center and Disney World.

They followed the coast line and toured New Orleans and the city's French Quarter, then headed for home arriving Sunday, May 26.

David Jr. had finished classes at Virginia Military Institute at Lexington and came home May 10, Joseph finished at the University of Dallas and Lola at Denton on May 15.

SAVINGS IS THE GROWING THING.

And now it's easier and more profitable than ever! At Denton Savings Association, money you deposit earns the following rates:

7 1/2% Interest on 4 year minimum certificates of deposit of \$1,000 or more. The annual yield is 7.78%.

6 1/2% Interest on 1 year minimum certificates of deposit of \$1,000 or more. The annual yield is 6.71%.

5 3/4% Interest on 90-day certificate of deposit. The annual yield is 5.91%.

5 1/4% Interest on No-Penalty Passbook savings accounts earned from day of deposit to day of withdrawal. The annual yield is 5.38%.

The above annual interest rates are compounded daily. Annual yields stated are based on the accumulation of interest for one year. On certificates of deposit, interest can be mailed or reinvested quarterly. Ask for a quote on new higher rates for certificates of \$100,000 or more.

Interest can be mailed monthly on certificates of deposit of \$5,000 or more issued for one year or more.

Under the new rate provisions, withdrawals from certificates of deposit prior to a maturity date will reduce earnings since the date issued to the passbook rate then being paid, and cause a forfeiture of 90 days' interest.

Save at the growing place: Denton Savings Association We do show more interest in you.

**Science Teacher
Hired at Lindsay**

LINDSAY — School board of Lindsay Independent School District has accepted resignations of three teachers and has hired one to fill a vacancy.

Accepted were resignations of Robert Long, eighth grade teacher and grade school principal, Mrs. Liane Murphy, science teacher, and Nick Petro, basketball coach and teacher.

James D. Anderson has been hired as science teacher. He taught in Beatty, Nev., the past four years where he also was high school principal and did some coaching in football and track.

Employment of a new custodian also was discussed at the board's meeting.

In other business the board approved the school calendar

for the 1974-75 term with classes to begin on August 12 with registrations four days earlier on August 9. Last day of classes will be May 15, 1975. Nov. 28, 29 are Thanksgiving holidays and Christmas holidays begin Dec. 21.

Fortune truly helps those who are of good judgment.

The coldest place on the earth inhabited by man is Verkhoyansk, above the Arctic Circle, in Northwestern Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 86 in July, dropping to the freezing point on the warmest nights.

The hottest place in the world is Death Valley, California, where the thermometer has reached 150 degrees. The wettest place is Greytown,

Nicaragua, where the mean annual rainfall is 260 inches. The place of least rain is Port Nolloth, South Africa, one inch a year.

Raymond Hoenigs Hosts for Reunion
LINDSAY — The Raymond Hoenig family were hosts in their home Sunday for a family reunion including the noon meal and supper. Mr. and Mrs. Joe Hoenig of Muenster and all their children and grandchildren were present making a total of fifty. These included Mr. and Mrs. Carl Pelzel and family of Ennis, Mr. and Mrs. Rupert Hoenig and family of Carrollton and their son Pvt. Bobby Hoenig stationed in the army at Fort Hood, Mrs. Rita Cottle, daughter Jeannine and son Lance Corporal Kevin Cottle of Camp Hamilton, California, Mr. and Mrs. David Richardson of Carrollton, Mr. and Mrs. Jerry Hoenig and children of Muenster, and Mr. and Mrs. Richard Hermes and family of Lindsay.

Mrs. Laurel Delette Fette is one of five Texas teachers just named as Outstanding Elementary Teachers of America for 1974. With the honor goes an award plus a \$500 unrestricted grant to Lorena elementary school, in which she teaches.

Teachers were nominated by their principals earlier in the school year and were selected on the basis of their professional and civic achievements. Mrs. Fette is the wife of Jerry Fette, a Muenster native. They and a son, Jerry Ray, live in Waco.

Mr. and Mrs. Jackie Reiter of Lancaster spent the weekend here dividing time with his mother Mrs. Hilda Reiter, family members and friends.

Letters to the Editor
To The Editor:
I always enjoy reading letters to the editor, only there are not enough of 'em.
Regarding the letters on ladies and girls wearing dresses: I am completely 100 per cent on that. Yes, there is a time and a place for everything.

The trouble is that our younger people are terrible in being immodest in dresses or pants. It is just sinful the way many appear. Dresses so short they could very well go for diaper dresses or shirts, the only thing is they don't have the diapers on. And then dresses are fitted so tight. I have heard people, especially men, make obscene remarks. I cannot write what they said. Any time any person gives others the opportunity to have such thoughts will suffer for or with such person.

Why do girls or women want to advertise or show their fat or crooked legs? Some parents still dress their girls in a modest way. Why can't others? It is no one but the mother's fault... their daughters' hines have to show.
About pants or pantsuits. If they are made modest such are fine at the right time and the right place. Here again is an extreme in that some pants have to fit so tight. To go to the sacraments in such clothing is sinful as well as the diaper dresses. And the Bible says women are supposed to have their heads covered. How many believe in a hereafter?

And then, those extremely short shorts the young people wear in public. Seems some young people don't have any shame which is sad. If a man can wear long pants why can't the women at least wear knee-length pants that are not snug fitted.

The question has often been brought up why so many young girls are raped. The answer is they ask for it. It's the way they dress and prance around in public.

Fashion used to have dresses below the knee. There were no fans or air conditioners, yet all survived the heat.
I personally think Mr. Bruns has a good rule concerning hair cuts for the boys. Sacred Heart ought to do the same. Some Sacred Heart boys look horrible with their long, sticky, gummy looking hair.

Our spiritual leaders are much to blame for the wearing of immodest clothing. They don't lay down the commandments on the line. That includes all denominations.

So, ladies and girls, let's lower the hems on those diaper dresses and be modest for the good of souls.

A Reader

Dear Editor,
Muenster really does have a nice park and something is always being done to improve it. So why can't something be done to improve the road that leads to it? It is the bumpiest, dustiest road in the whole community and next to main street is one of the most traveled. A lot of the less traveled streets are being paved so why can't one of the most widely used be paved?

Another thing it needs is an enforced speed limit as there are always children either walking or biking along it and far too many teenagers who

literally fly down that road. So I'll close with, can't we really do something to fix up our park and to protect our youngsters by fixing the road that really needs it. It will benefit every citizen who has ever gone to our park or intends to in the future and that should be just about every one of them.

4-H Club News

By Ava Knapp

Pets came in all sizes, shapes, and varieties Saturday when 28 youths entered their favorite pets in the County 4-H Pet Show. Judges for the event included Mrs. Mildred Bryant of Paradise, Texas, a prominent dog breeder, trainer, and judge; Miss Mary Ellen Keel of Gainesville, a cat breeder; and Don Deckard, faculty member of the Science Department at Cooke County College. Mrs. Larry Lange of Era, demonstrated Showmanship Techniques prior to the judging of the dog portion of the show.

Winners in the dog division include: Michele Pelzel, sporting dogs; Nancy Davidson, Hounds; Trey Yarbrough, working dogs; Daryl Zimmerman, toy dogs; Illa Moses, dogs of unknown origin; and Debbie Zimmerman, best costumed dog. Also winning ribbons were Janet Schmidkofer and Rhonda Erwin, working dogs; Molly Laird, toy dogs; Denise Lindsey and Jana Barnes, dogs of unknown origin.

In cat division, "The Most Unusually Marked Cat" was won by Diane Hermes, cat; "The Largest Cat" award was won by Debbie Smith; "The Most Playful Kittens" were owned by Deana Nortman, Kelly Yarbrough's kittens were judged to be "Most Affectionate"; Joe Yarbrough owned the "Prettiest Mother Cat"; and "The Prettiest Kittens" were entered by Carl and Shelly Zimmerman.

Matt Pelzel won first place in the rabbit division with his pet "Big Foot". Carl Sicking and Angela Barush were also awarded ribbons. In the bird division Dale Mose won a blue ribbon with John Wayne, the owl; Danny Nortman's chickens and Greg Krebs pigeon

also were awarded ribbons. In the reptile class, John Zimmerman's turtle received a blue ribbon. Vicki Walterscheid won a blue ribbon in the Hamster category, with her pet Astro.

A second Activity Night was held Saturday, May 25, at the Gainesville National Guard Building. Approximately 80 4-Hers and parents attended. Young and old alike enjoyed the scavenger hunt and human livestock show as well as folk dancing. The event was planned by the County Council and organized by the Junior 4-H Leaders. If you missed this one — plan to be in on the next! It is a guaranteed good time!

31 4-Hers and 6 Adult Leaders left Tuesday morning, June 4, bound for College Station to participate in the State Competition at "Roundup". These 4-Hers return home Thursday. Be watching for results of these contests!

Congratulations to all senior 4-Hers upon graduation from High School. They include: Laura Gage, Barbie Davidson, Nancy Hickman, Beverly Walterscheid, John Schumacher, Dwayne Dennis, Paul Smith, and Shirley Becker.

On Honor Roll

Kevin Joe Sicking, son of Mr. and Mrs. Leo Sicking, is listed on the honor roll of the second semester at Wharton Junior College.

It pays to advertise with the Muenster Enterprise.

Mrs. Rob Buehrig Returns to Hawaii Following Vacation

Mrs. Rob Buehrig, the former Margie Fuhrmann, left Thursday to return to her home in Honolulu, Hawaii, after a two weeks vacation. She divided time with her parents, the Val Fuhrmanns, and with her brother and family the Jim Fuhrmanns in Irving, and with another brother and family the Tom Fuhrmanns in Euless. Rob, a student at the University of Hawaii and a teacher at the Star of the Sea High School, was unable to fit a vacation into his crowded schedule. Margie is a nurse at the Kapiolani Hospital and was on annual vacation.

On Sunday, May 19, she and Jerry Pels of Houston were godparents at the baptism of their niece, Susette Lynn, infant daughter of Mr. and Mrs. Jim Fuhrmann of Irving. Other family members present at the baptism in St. Luke's Church and for refreshments afterwards at the Fuhrmann home were Mrs. Ed Pels and daughter Beverly, Mrs. Harvey Lamkin and daughter Kelley, Mr. and Mrs. Ronnie Huneycutt and son Craig, Mr. and Mrs. Val Fuhrmann, and Mr. and Mrs. Fred Fuhrmann.

Seeing Margie off at the DFW Regional Airport Thursday were Mrs. Val Fuhrmann and son Bruce, Mrs. Fred Fuhrmann, Mr. and Mrs. Jim Fuhrmann and daughters Valerie and Susette, Mr. and Mrs. Tom Fuhrmann and daughters Jennifer and Brandi.

Susan Bezner and Michael Phillips Marry at Lindsay

LINDSAY — Miss Susan Catherine Bezner and Michael Joel Phillips were married in St. Peter's Church Friday, May 31, at 6:30 p.m. nuptial Mass celebrated by Father Damian Wewers who also performed the double ring ceremony.

In the entrance procession, after grandparents were seated, bridesmaids and groomsmen walked in couples followed by the ring bearer, the groom and his parents and the bride and her parents. After an exchange of greetings the bride and groom proceeded to the altar.

Parents of the couple are Mr. and Mrs. James C. Bezner of Lindsay and Mr. and Mrs. Billy Bob Phillips of Gainesville.

The bride's formal length gown was an original creation fashioned of imported silk organza in diamond white combined with imported Venice lace. The lace formed the fitted bodice with its square neckline edged in scallops, and the upper part of the bishop sleeves. Scalloped lace also accented the arched waistline. The satin-faced organza skirt was gathered into back fullness which unfolded to form a

chapel train. The lower skirt was underscored with a deep flounced ruffle banded with the chosen lace.

Her cathedral-length veil was attached to a Juliet hat of silk organza with appliques of lace. Appliques of lace were sprinkled over the veil which was also banded in the lace giving a mantilla effect.

Her flowers were an arm bouquet of butterfly orchids.

Adding wedding sentiment she wore a rhinestone necklace that her mother had worn when she married. It was a gift from her bridegroom. She also wore a garter of antique blue lace made by the groom's sister Becky Phillips, and carried a crystal rosary belonging to her grandmother Mrs. Joe Wilde.

Wedding Attendants

Bride's sister-in-law Mrs. Sam Bezner of Gainesville was matron of honor. Bridesmaids were Shelia Ezell of Dallas, Becky Phillips of Houston, sister of the groom, and Mrs. Brian Bezner of Denton, sister-in-law of the bride.

They wore floor length silky blue dotted dresses with fitted empire bodice and butterfly sleeves. The scoop neck had a full ruffle and was edged with lace. They wore white gloves, blue picture hats and each carried a single long stem white rose with blue and white streamers.

Larry Claxton of Boulder, Colo., was best man. Chris Bezner of Lindsay and Sam Bezner of Gainesville, brothers of the bride, and Charles Davis of Denton were groomsmen. Brian Bezner of Denton, brother of the bride, and Donnie Richards of Gainesville were ushers. Jim Bezner of Lindsay, brother of the bride was ring bearer. Mass servers were Matt, Andy, Bruce and Danny

Bezner of Lindsay, cousins of the bride.

Organist was Miss Patsy Spaeth of Gainesville, with Vanice Webb of Dallas vocalist and Kenny Bezner of Gainesville guitarist. Their songs included My World; Benedicturns; The Gift of Love; and If We Only Have Love, at the Blessed Virgin's altar. The recessional was God Bless This Marriage.

Wedding Reception

Wedding reception was held in the KC Hall in Gainesville where Mrs. Paul Malone and Miss Mary Kay Bezner registered about 300 guests, and was followed by dancing. A four-tier wedding cake and punch were served by the bride's aunts Mmes. Ray Wilde, Rufus Bezner, Lambert Bezner, Wilfred Bezner, and Weldon Bezner. The groom's table held a chocolate cake.

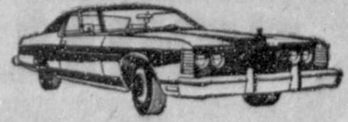

After a wedding trip to Wichita Mountains, the couple

will reside in Gainesville where he is employed at National Supply. He is a graduate of Gainesville High School and has attended Cooke County College.

The bride graduated from Lindsay High School, attended Cooke County College and will commute to North Texas State University in Denton next fall.

Out of town guests included Sister Anna Rose Bezner of San Antonio, Sister Ramona Bezner of West, Texas, Viola Bezner of Arlington, Mr. and Mrs. George Taylor of Wautauga, Mr. and Mrs. Kenneth Couch of Dallas, and Mr. and Mrs. Robert Eberhart of Fort Sil.

From the Record (Mt. Vernon, Missouri): "One of the delicate jobs in life is teaching the kids how to avoid hurting other people's feelings without being liars."

FORESTBURG — The grounds and picnic area around the Dewey Church are all ready for the annual Homecoming event to take place Sunday, June 2. There was a work crew out at 4 p.m. Thursday to clean it up and mow.

Mr. and Mrs. Ross Littell were in New Braunfels for the Mother's Day weekend to visit Ross' mother Mrs. Minnie Littell and the C. P. Zuschlag family — she is Ross' sister. They also visited with Ervin Engle who is a patient in a San Antonio Hospital. He is an uncle to Ross.

Mrs. Wanda Perryman drove out to Hart, Texas, to spend the Mother's Day weekend with her mother, Mrs. Eula Moore, and also to visit with her brother and family, the J. C. Boxes.

Mrs. Veda Brogdon and daughter Mrs. Marjorie Orrell attended the Gainesville Heritage Society tour of old homes May 18. Five mid-victorian homes and two churches were visited.

Sometimes we like to mention and write about folks that are not actually considered Forestburg area residents. However, they are served by the Forestburg post office and since my husband is their rural mail carrier we sorta claim them. It is not my intent to infringe in other areas but do feel these folks deserve mentioning when certain events of interest to all of us occur. One such person is Mrs. Lyndell Penton Richardson of the Prairie Point area, who celebrated her 72nd birthday, May 19. Her five children honored her with a party at the Ross Point Community Center from 1:30 p.m. to 4:30. Mrs. Richardson's four brothers and three sisters were all present. Instead of gifts there was a money tree. Cake and punch were served to all who attended. Mrs. Richardson's daughter, Mrs. Mary Jo Thompson, of Saint Louis, Mo., has been visiting her and was here for the occasion.

Mr. and Mrs. Billy Barclay of Saint Jo are the proud parents of a baby girl. Little Jennifer Lynn made her debut Tuesday night May 21 coming

in at 7 lbs. 3 3/4 oz. Her proud and happy grandparents are the A. G. (Charlie) Barclays of Forestburg and the Melvin Hancocks of Alvord.

Mr. and Mrs. Frank Harris of Duncan, Okla., were recent guests of Mrs. Callie Shears and Mrs. Martilla Brewer.

In a recent column we stated that Mr. and Mrs. Jim Bryant were now living at the Yesterday Nuising Home in Saint Jo. Well, Mrs. Rosa Bryant decided she would rather be back home — so she is back at Mallard. Jim is still at the home. Rev. Sonny Cole brought Jim out for a visit Friday afternoon.

Mrs. Bess Petrich and son of Pasadena spent the weekend of May 18-19 visiting with Jim and Nema Barnett. Mrs. Petrich is the daughter of R. C. Barnett and R. C. is Jim's nephew.

On May 20 Mrs. Brenda Huckaby and Stacey of Pasadena and Mrs. Betty Burdine and son of Alvord were Jim and Nema's guests. Dawna (Boyd) Vann and son Toby of Montague spent a few days this past week in the Barnett home.

Visiting the Boyd Barnetts, Dewey, the weekend of May 18-19 were Mrs. Brenda Huckaby and Stacey and Janice Brashears of Pasadena.

The United Methodist woman's group had their day apart Monday, May 20, at Cleo Lanier's picnic grounds. They gathered in the a.m., had their program and enjoyed a sack lunch.

On Wednesday p.m. the monthly Methodist fellowship supper and board meeting was held at this picnic area.

The annex to the Forestburg Methodist church is undergoing a face lifting and remodeling job so our meetings, suppers, etc., have all gone to Cleo's lovely picnic area.

"Where does my 'Electric Bill Dollar' go?"

When you pay your Texas Power & Light electric service bill, we hope you think of the many comforts, conveniences and pleasures electricity helps make possible.

But, we're frequently asked—and maybe you've been wondering—"Where does my 'electric bill dollar' go?" Let's take a look at the 1973 dollar.

Out of every dollar received from every customer last year, 21¢ was used to pay for the fuels needed to generate electric power . . . natural gas, coal and oil.

In 1973, the expenses of running generating plants, keeping plants, lines, trucks and other facilities and equipment in good operating condition, paying the salaries of employees, etc., required 20¢ of each "electric bill dollar".

Another 20¢ of each dollar was needed for federal, state and local taxes. In many of the cities and towns it serves, TP&L is the largest single taxpayer.

Funds to pay interest on the Company's indebtedness and for dividends on preferred and common stock accounted for an additional 22¢ of the 1973 "electric bill dollar".

The remaining 17¢ of the dollar, representing funds set aside for depreciation costs and stockholder earnings not paid out in dividends, was used by the Company for construction of new generating plants, lines and other facilities.

Just as you must budget your income and make adjustments because of rising costs and changing conditions, so must Texas Power & Light. We're tightening our belts . . . looking for ways to produce and supply electricity more efficiently and more economically, while continuing to provide the dependable service you expect for your "electric bill dollar"

Myrtle McMillion, Dewey, is sporting a different car now-a-days. She traded her Fairlane Ford in on a 1970 Hornet by American Motors. Miss Myrtle said so far it hasn't stung her — and she hoped it never does.

Jimmy Echols of Lompoc, Calif., arrived in the Mallard area May 22 to visit his parents, the D. D. Echols. Also visiting in the Echols' home were the Raymond Mills of

Henrietta — she is daughter Loveta. Also Mr. and Mrs. Wilton Black of Wisconsin — he is Loveta's son.

Our neighbors Jack and Vesta Lee Carter made a trip to Denton Sunday, May 19, to visit Jack's father.

Mrs. G. D. (Bobbie) Wylie, Jr., attended funeral services for Earl Pitman at the Assembly of God Church in Alvord Friday, May 17. Burial was in the Samyrna Cemetery close to Sunset.

Guests of the Fred Williams, Mallard, have been their old friends the Fred Bells of Weatherford.

Mr. and Mrs. Howard Sockwell visited their dear friends the Fred Greenwoods at their lovely place on Lake Kiowa Wednesday, May 22.

Mary Lou Landers spent several days recently visiting her parents the Mark Landers. We are told Mary Lou resides in Desdemona.

Guests of the Wylie Edwards family, the weekend of May 25-26 were the W. R. Reeds and family of Allen, Oklahoma.

Up from San Antonio visiting with the A. G. Barclays May 18 to May 21 were Gladys' mother, Mrs. Archie Linder, and Mr. and Mrs. Robert Keller and Sharon. Mrs. Keller is Gladys' sister.

Lindsay News

LINDSAY — A brother and sister, Norbert and Rita Fuhrmann, both made the dean's list at East Texas State University for the spring semester. Both had the same composite grade point average of 3.84 out of a possible 4. Norbert is majoring in math with computer science as a second major. Rita is a business administration major with computer science as a minor. Their parents are Mr. and Mrs. Joe Paul Fuhrmann.

Seventh graders ended the school year with an outing at Sycamore Lake where swimming, games, a picnic at noon and a wiener roast in the evening were highlights of the day.

Betty Fuhrmann and Mary Jean Schad, students at TWU Nursing Center in Dallas, are at home with their parents, the Erwin Fuhrmanns and Ed Schads. Betty will spend six weeks, then go to Little Rock, Ark., to work. Mary Jean is working at Muenster Hospital for the summer.

James Douglas Krebs, infant son of Mr. and Mrs. Milton Krebs was baptized May 19 in St. Peter's Church by Father Damian. Godparents were a cousin Virginia Mages of Gainesville and an uncle Robert Arend. The baby wore the traditional gown worn by his great-grandmother Mrs. Adolph Pittner and other members of the family. The parents hosted a christening party after the service.

Miss Susan Bezner who was married May 31 to Michael Phillips was honored at a display tea in the home of Mrs. Bennie Milburn at Gainesville assisted by a quintet of hostesses from Gainesville. In the receiving line with the honoree were her mother Mrs. James Bezner and the future groom's mother Mrs. Billy Bob Phillips. Also in the house party were grandmothers of the couple, Mmes. Clyde Phillips of Gainesville, Jake Bezner of Lindsay and Joe Wilde of Muenster. Hostesses alternated in presiding at the coffee service and punch bowl. Guests helped themselves to miniature cakes. A blue and white theme predominated. A hostess gift of linen was presented to Miss Bezner.

Sister Mary Olive Neu has gone to San Antonio for the summer after teaching at Granger the past term. She will return there for next year.

While Sister Elise Bengfort of Laredo was at home for a weekend to attend the wedding of her niece Charlotte Stoffels and Bobby Sicking, family members celebrated her birthday May 19 at the home of her mother Mrs. Joe Bengfort. Lindsay, Muenster and Denton relatives attended a fried chicken dinner.

Mrs. Robert Beyer and daughter Brenda had a mini-vacation spending three days in Colorado Springs to visit their son and brother Spec. Gary Beyer who is stationed at Fort Carson. They were accompanied by Mrs. Beyer's brother and wife the Weldon Vogels of Muenster and together got in sight seeing including Pikes Peak and the Royal Gorge.

Save Gasoline in Summer Driving

"With hot weather now upon us, we are all tempted to reach over and turn on the air conditioner while driving, but we need to consider what comfort means in terms of fuel consumption," Agriculture Commissioner John C. White said.

Use of air conditioners has often been pointed to as one of the culprits in gasoline-powered highway vehicles. In a study conducted by the USDA, it was found that test cars moving at 30 mph with the air conditioning turned on traveled an average of 18.14 miles per gallon while 20.25 miles per gallon was the average with the air conditioning off.

At faster rates, consumption was only slightly more with air conditioning than without.

At 60 mph, the test cars averaged 15 miles per gallon with air conditioning and 16.25 without. The reason for the slighter difference from consumption at slower speeds is that the power required to operate air conditioning remains nearly constant, regardless of speed and other motor changes.

"The difference of 1.25 miles per gallon doesn't seem like much when considering each unit, but with a gallon tank, driving without air conditioning could mean 25 more miles traveled," Commissioner White emphasized.

White commented, however, that the greatest savings in fuel consumption can be made if motorists do without air conditioning while driving in the city since rates of fuel usage are most affected at lower rates of speed.

An appeaser is one who feeds a crocodile hoping it will eat him last.

Visitors from S. D. LINDSAY — Mr. and Mrs. Frank Gully of West Port, S. D., are vacationing with Cooke County relatives while house-guests of her mother Mrs. Joe Fuhrmann. They are dividing time with her sister Mrs. Steve Grewing and family in Muenster. The Gullys came to Lind-say after visiting in Topeka Kansas, with her sister and family, the Paul Kleins. They attended graduation exercises for Eileen Klein who received her diploma from Hayden Catholic High School.

An antique collector passing through a small village stopped to watch an old man chopping wood with an ancient ax. "That's a mighty old ax you have there," he remarked. "Yup," said the villager, "it once belonged to Sir Walter Raleigh." "Not really!" gasped the collector. "It has certainly stood

up well." "Of course," admitted the old man, "it's had three new handles and two new heads." Mr. Smith: "What, buy a new car? Do you think cars grow on trees?" Mrs. Smith: "Of course not — everybody knows they come from plants."

Some Rural Road Signs To Vanish

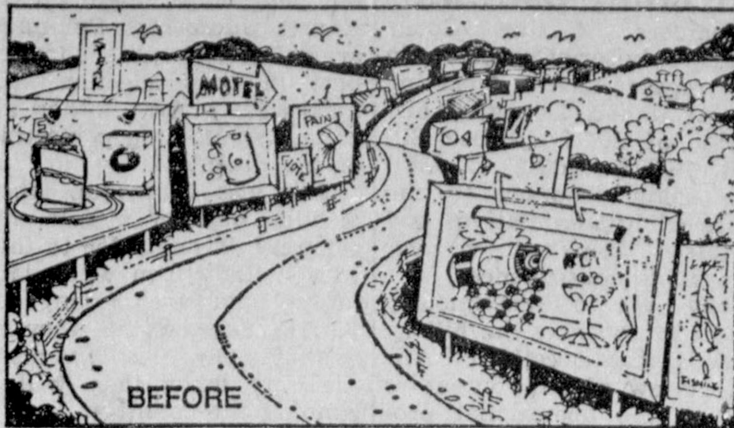

One of the latest demonstrations of environmental concern by a major agricultural firm is the Asgrow Seed Company's decision to minimize the placement of their signs along public roads and highways.

The company will place signs only to mark test plot locations, and to identify dealers in the future, according to Bill Schapaugh, general manager of the firm's agronomic division.

Previously, salesmen and dealers often placed signs where crops were planted along well-traveled thoroughfares, Schapaugh says. This amounted to thousands of signs around the country.

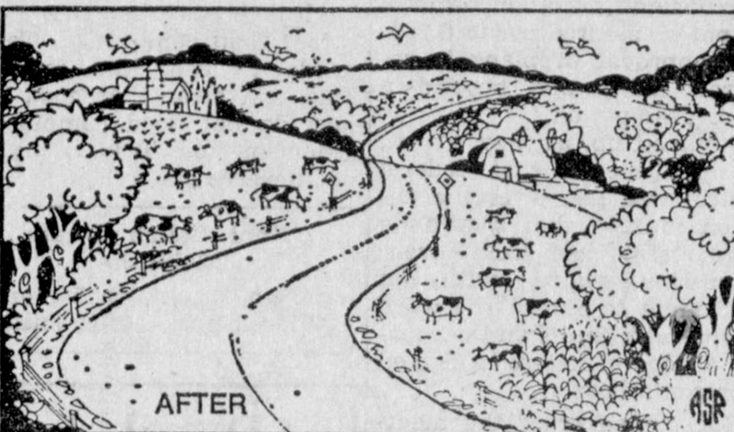

"Although some states are taking action to prohibit or limit placement of signs along public roads, such signs remain legal in many areas," Schapaugh explains. "However, we feel that the trend to scenic beautification is clear and we plan to help lead in supporting this cause on a voluntary basis."

In the past, Asgrow has used three types of signs, including dealer identification signs, small signs for crop variety identification, and larger (40" x 48") road signs containing the familiar company trademark. In the future, these road signs and crop identification signs will be limited to educational crop demonstration locations. Only the dealer identification signs will be used as before.

*I think that I shall never see
A billboard lovely as a tree.
Perhaps, unless the billboards fall,
I'll never see a tree at all.*

—Ogden Nash

These two drawings illustrate what has happened to the scenery along much of America's roadways and what the landscape could look like again if the road signs were removed.

Texas FB Points To Sharp Decline In Farm Prices

Texas Farm Bureau President J. T. (Red) Woodson has expressed strong concern over rapidly declining farm prices.

"Together with steadily increasing production costs, the disastrous drop in farm prices since mid-winter has caught farmers and ranchers in a deadly cost-price squeeze," the farm leader said.

The Farm Bureau president said a number of factors were responsible for the decrease in farm prices, including government intervention, food boycotts, truckers' strike, increased crop yields around the world, and increased plantings in the U.S.

"It's about time that prices came down more in retail markets," Woodson said. "We have seen some retail price declines, but not in keeping with the actual drop in farm prices." Woodson said statistics re-

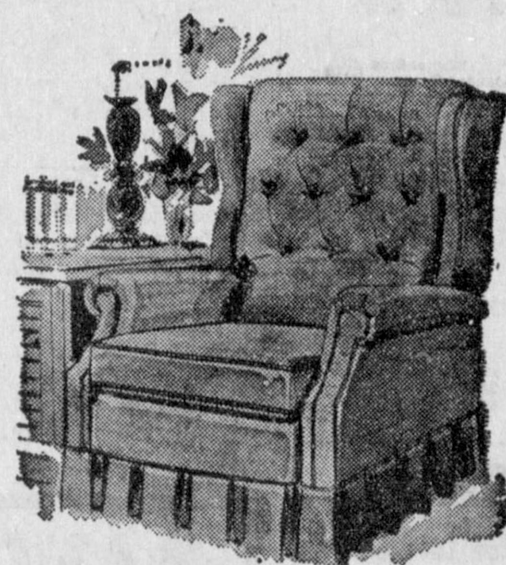

leased by the U. S. Department of Agriculture show the dramatic decline in major farm commodities from 1974 highs. These include: wheat, down 43 percent; corn off 22 percent; soybeans, decreased 20 percent; hogs, down 37 percent; fed beef cattle, off 18 percent; eggs off 43 percent; broilers, down 9 percent; and cotton down 25 percent.

Air conditioners are selling. It's the time of year for warm nights so those people knowing they will need a unit sometime this year are buying now. They will not get cheaper and the cost of repairs are getting prohibitive.

The same holds for refrigerators stoves and freezers. With prices advancing as they are the manufacturers may start using cheaper material so again those that anticipate a need are buying now.

Congratulations to Mr. and Mrs. Alvin Hartman on their 22nd anniversary, June 5th.

It's a bit odd that we sit around and watch the family shows on TV yet those people never watch TV.

We now have streakers, topless waitresses, and see through blouses, that is every where except Washington D. C. where all they want to do is cover up.

Earl Wilson says times have changed: Now girls want to play ball. Not too long ago they not only wouldn't play ball but wouldn't let a guy get to first base.

Objection Voiced By Rural Group On Land Use Bill

Members of the Cooke County Advisory Committee in their regular monthly meeting last week had a lengthy discussion of the Land Use Bill (H.R. 10294, Udall, D-Ariz) now being proposed to the House of Representatives and expressed deep concern over its possible consequences.

They were unanimously agreed in opposing the bill on grounds that it calls for federal review of the content as well as the operational procedure in state land use plans, thereby making it possible to apply it as a federal Zoning statute.

They noted that the bill, if enacted, will affect existing property rights by allowing designation of land areas that will be subject to new restrictions.

Another objection is that final decisions on siting plants, subdivisions or other projects cannot be assured because federal approval of plans is required for grants beyond a three year period.

Summed up, as they saw it, the bill means that federal control will take over the decision making that should be left to state and local levels. Discussion ended with an agreement to spread the word on the bill's faults and encourage a flood of letters to elected representatives.

Guest speaker of the meeting was Kit Carson, county superintendent, who described the duties and services of his office and reviewed the programs of Manpower, and Head Start, the commodity programs and other state and federal services channeled through his office. He urged all to be involved, stating that growth of rural Texas depends very much on the educational system and individual efforts to make it work.

In other business the group reviewed its county mapping project and heard a report from Gene Davenport on a recent series of economic development training sessions in Montague County. They are considering such meetings for Cooke County in the fall.

And members were invited to attend a seminar on trickle irrigation June 20 at 1:30 p.m. in the Cooke County Electric Co-op building.

good illustration. George Meany demands Nixon's ouster and most men on the House Judiciary Committee are obligated to unions for support in their election. That makes its motive rather suspicious in its long persecution of the president.

This also brings up labor's election goal of a veto-proof congress. We shudder to think what will happen when labor bosses have such strong support in congress that they can over-ride any veto. That means that big labor then will be running the country.

All of this points up the fact that the Right to Work Committee is rendering a great service in opposing Texas labor bosses on the constitutional issue. Our state has a right to work law and needs to keep it. Workers must remain free and have a choice of joining or not joining a union. And unions, if they are to serve a good purpose must hold their members on merit rather than compulsion. Texas needs to hear the message loud and clear that good unions do not need compulsory unionism and bad unions do not deserve it.

Senior Baseball

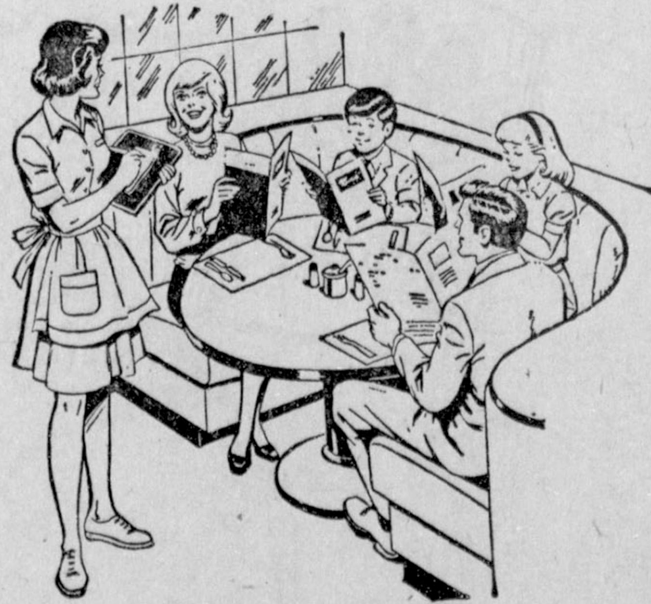

The Center's ball team, still undefeated after three games now holds undisputed claim to the top position in the local baseball program's major league. In games of the past week it marked up a win of 7-3 over the Mill and one of 4-1 over Endres. The week's other two games resulted in Co-op's win over Endres in an 8-7 thriller, and Co-op's 4-1 decision over the Mill.

Standings at this stage are Center 3-0, Co-op 2-1, Mill 1-2 and Endres 0-3.

Friday night it will be Center at Co-op and Mill at Endres.
