VOLUME XXXVIII

MUENSTER, COOKE COUNTY, TEXAS 76252 APRIL 19, 1974

NUMBER 22

As Ripley used to say, believe it or not — in all the years between the founding of our republic and the middle of World War II, federal government spending totaled about \$300 billion. And the current budget for just one year is over that amount.

We're aware, of course, that the government now offers many more services to many more people, and we're also much more involved with the rest of the world. But in spite of all that, does it make sense for the government to goof off in a single year as much as it previously spent in more than 170 years?

Something else to shatter your fiscal composure is the country's skyrocketing debt. It's estimated that by June 30 the amount will have reached \$480 billion, an increase of 34 per cent since January 1969.

In case you are interested, your personal share of that debt is \$2,262. We understand that we'll never have to dig up that kind of money to get Uncle Sap out of the red, but at the same time we ought to realize that we are paying about \$145 per person per year to pay the annual interest of \$29 billion. For an average home of four persons that comes to \$580 per year — a big price to pay for the extravagance of the past few decades.

In fairness we have to admit that neither the budget nor the debt is as bad as it looks. That's because we're dealing with inflation money, which is worth about a third as much as when the spending spree got started back in the early thirties. Current income is much higher nowadays enabling us to keep up with our own high cost of living and the government's cost of high living.

Proponents of the abundant cheap money refuse to admit any fault in our economic setup. Instead they insist that we never had it so good. Our standard of living is the world's best, also the best we have ever had. All of which sounds all right until we realize that conditions could be lots better if we had continued conservative policies and kept money value up to its original level.

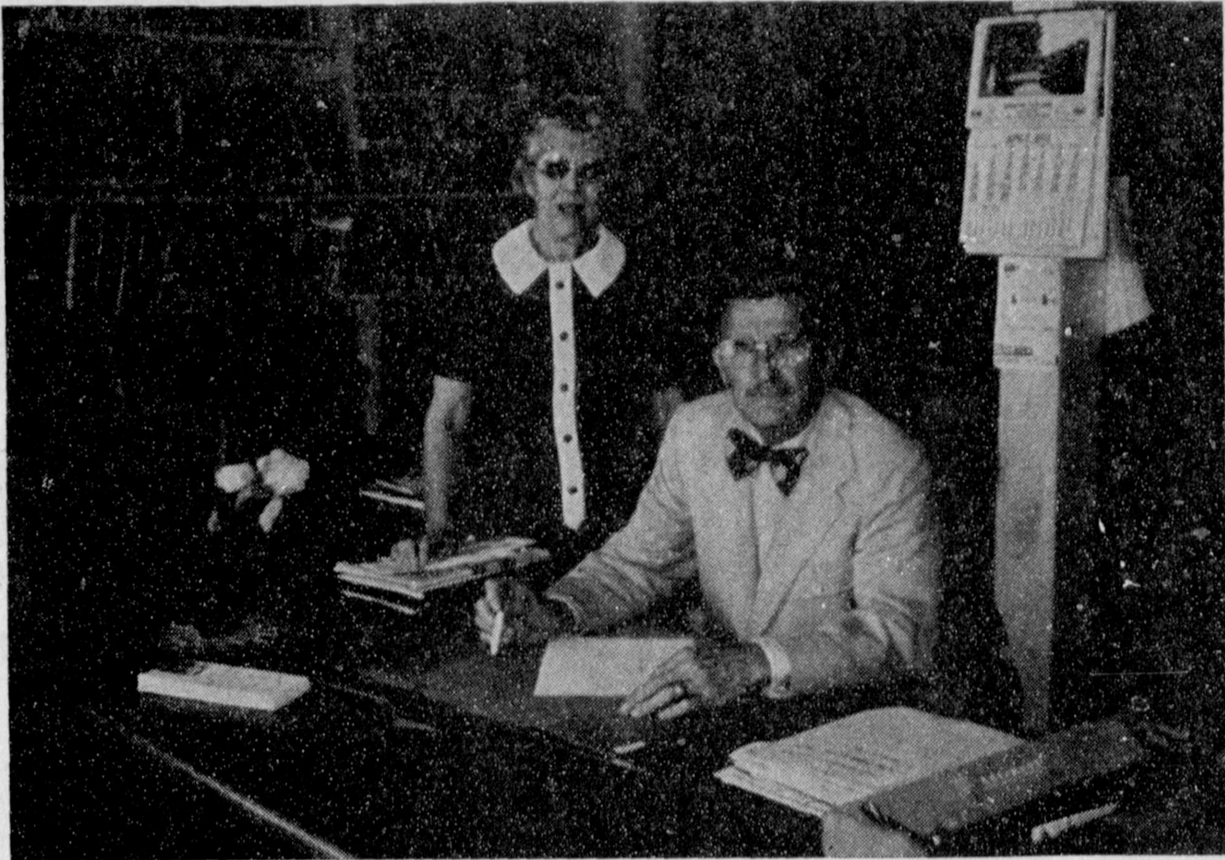

Some fifty years ago school kids were told that thrift is a virtue. Put aside some funds for a rainy day, invest in security, and let your money draw interest. Since then thrift has been penalized by official policy. Inflation, caused principally by government extravagance, has wiped out the value of interest earnings besides decreasing the original value of investment.

Ask the person who bought insurance thirty years ago. He has less than half the security he originally intended to have. Likewise his savings bond or savings account, though increasing in cash value, does not increase in buying power. The result is that people who saved have seen the real value of their money shrink year after year. Regardless of the fact that current income has kept pace with inflation, the important point is that fixed income and savings do not keep pace, and the over all purchasing power of the individual is not as high as it should be.

It's a good idea to keep this fact in mind while thinking about great improvements in our standard of living. The point is that we are getting along well in spite of fiscal policy, not because of it. Production has done this for us, not an abundance of money. The volume of goods could and would be the same if average incomes were half or a third as much as now. However prices then would be proportional, and the average pay check would buy as much as now. At the same time the savings would have held their original value instead of shrinking and would buy more than now.

The cause of this economic snafu seems to be shared almost equally by big government and organized labor. Legislators and bureaucrats alike are obsessed with extravagant spending ideas requiring an ever increasing supply of money. And the unions insist on ever increasing wages, which can be paid only by raising the price of the products. The two forces combined have been spiraling for years and we are all feeling the effect.

Mayor David Bright, in the presence of City Librarian Mrs. Steve Moster signs a proclamation designating April 21-27 as Library Week in Muenster.

## Muenster Library Has Remarkable Growth Since '59

Fifteenth birthday of Muenster Public Library will be observed this year in September. From a very humble beginning the library has grown remarkably during its near 15 years of existence.

A brief history has been prepared by Mrs. Steve Moster, librarian, in commemoration of Library Week in Texas, April 21-27.

At the same time library personnel invites everyone to make use of the library's varied facilities. It is open each Tuesday and Thursday from 9 a.m. to 5 p.m. except lunch hour from 11:30 to 12:30.

Muenster Library was born September 23, 1959, in a small office at City Hall where Mrs. J. M. Weinzapfel, librarian, and assistants Mmes. R. N. Fette, Charles Taylor, Steve Moster and Tony Gremminger and Miss Judy Trubenbach checked out the first books.

The small space soon became cramped and a dividing wall was removed to double the library room. It, too, became crowded and the next move was to a residence in 1966 on Fourth Street owned by Mr. and Mrs. Joe Luke. This was home until February 1970 when a move was made to its present location at 113 North Main.

First book accessioned for library use was a Holy Bible, gift from the late Father Christopher Paladino, pastor, who suggested the library as a community project to the Catholic Daughters of America. Since then more than 7,600 books have been shelved and readied for check-out.

Three librarians have headed the library on a voluntary basis: Mrs. J. M. Weinzapfel, the late Mrs. Joe Luke, and now Mrs. Steve Moster.

Workers with ten or more years of voluntary service are Mr. and Mrs. Lee Toothaker, Mrs. Tony Gremminger, Mrs. Albert Schilling, Miss Elizabeth Herr and Mrs. Steve Moster. New staffers are Mrs. Henry Felderhoff and Mrs. Clarence Fowler who are working one day a week. Others volunteered during the years on a part-time basis.

Present library board consists of Albert Lippe, president; Dennis Hess, vice president; Miss Sylvia Hofbauer, secretary; Bill Bedrick, treasurer; Mrs. Loyd Trubenbach, Mrs. Leonard Endres and Leonard Reiter.

The junior track team of Sacred Heart High, in their first and last action of the season, placed fourth in a field of 24 teams in Marietta's meet last Friday.

All Tigers who were under 15 as of September 1, 1973, were entered in the junior division of the meet, and left only two of the regulars in the senior division. They were John Bartush and Davy Krahl.

Bartush broke the Marietta record and the Sacred Heart record with his first place for 4:32.5 in the mile run. Also Davy Krahl was second in the 100 yard dash with 10.0 and second in the 220 with a time of 22.7.

Likewise in the senior division, the Muenster Hornets had four entries and placed in four events. Lyle Klement was No. 1 in the 2 mile with a time of 10:22, and Dean Sicking was No. 2 with 10:54. Mark L. Sicking placed in two events: second in the mile with 4:44 and third in the 880 yard run with 2:03.7. Louis Koelzer, the other entry, failed to survive the preliminaries in high and low hurdles.

The junior division Tigers earned their points as follows. Roger Endres, first in high jump (6 ft.) and second in pole vault. Mark Hess, second in shot, second in 120 hurdles, fourth in 440 yard dash. Bob Grewing, second in pole vault. Leon Bayer, fourth in discus. George Luke, fourth in 660 yard run. Craig Sangster, fourth in 100 yard dash. Craig Sangster, Leon Bayer, Roger Endres and Mark Hess, fourth in mile relay.

Roger Taylor and Charles Bayer of the Muenster Jaycees were at the meeting to report that the park area south of Elm Creek has been cleared of brush and small trees and low limbs, and has been plowed. The Jaycees are ready to sod St. Augustine grass as soon as the city will provide it.

The visitors also stated that their organization is willing to help erect a pedestrian bridge across the creek. The council responded by instructing City Commissioner Steve Moster to bring proposed plans and estimated cost to the next council meeting.

### The Vanishing Penny

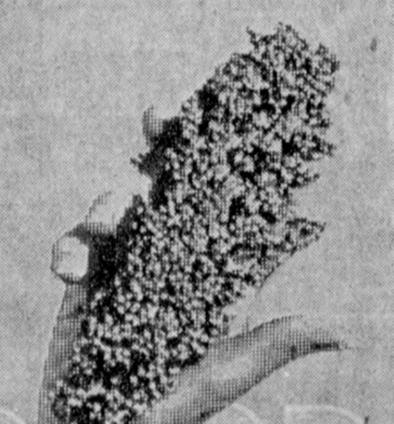

The lowly copper penny, the last United States coin with any intrinsic value, is apparently about to go. Because of inflation and the demand for copper, the value of the metal is now worth more than the penny. During World War II, pennies were made of zinc-coated steel, but these were all called in and destroyed. So it is planned that next year poor old Abe Lincoln, E Pluribus Unum and all will appear in aluminum and there he will remain until aluminum, too, becomes more valuable than the penny. Then the Great White Father in Washington will probably resort to wampum.

**Forestburg News**

By Myrt Denham

**FORESTBURG** — Mr. and Mrs. Rodney Applegate and Mrs. Zelma Kimmons flew to New Orleans Thursday, April 4, to pick up the Applegate car being returned from Germany. Mr. Applegate was stationed in Germany and he retired from the service in January. However, their car didn't make it home to the U. S. until this month. While these folks were in New Orleans they had breakfast at the Court of Two Sisters in the French Quarters, toured the city by bus, spent 5 hours on a boat touring the bayous and enjoyed some of the fine cuisine of a few New Orleans restaurants. They returned home Tuesday, April 9, tired and glad to be home. We would like to add that this was Mrs. Kimmons' first airplane flight and she liked it fine. Mrs. Applegate is Mrs. Kimmons' daughter.

Miss Vida Curry from Christ Haven of Keller was the guest of the Eugene and Gerald Laniers the week of April 6-14. Vida also visited with other members of the Church of Christ.

Mrs. Catherine Putnam and Linda, New Harp, visited the Eldon Motleys of Sunset Saturday, April 6. On Sunday the Ray Maples of Dallas visited the Paul Putnams. Then on Tuesday Catherine Putnam and Maryetta Foster visited with Mr. and Mrs. Johnny Moseley and twins of Bridgeport.

We learned Friday that Mrs. Roe (Atrice) Sledge has been a patient in Saint Joseph's Hospital in Fort Worth for several weeks. Her son Donald says his mother is much improved. By the time this meets your eyes she may be home again. Just in case she isn't — her address is Room 11-116, Saint Joseph's Hospital, Fort Worth — don't know the zip.

Mr. and Mrs. Gary Brewer of Weatherford, Oklahoma, spent the weekend of April 6 with his parents the Elmo Brewers of Dewey. The Elmo Brewer's daughter Channa says she did some visiting herself this past week — on Tuesday, April 9, she visited her grandmother, Tina Brewer, of Sunset and on Wednesday and Thursday she visited her other grandparents, Mr. and Mrs. John Hollands of Saint Jo.

Mrs. June Eldridge and daughter Connie were guests of Mr. and Mrs. George Osteen and family of Dallas Sunday, April 7.

Mr. and Mrs. Jack C. Dill and Vatori visited Jack's twin brother Harold and family of Saginaw Sunday. On the way home they visited with Mrs. Dill's brother Billy Ray Jackson and family of Decatur.

Wynona Riddles tells me that she and her mother, Mrs. Virg Greenwood, motored over to Sunset Sunday to visit their good friends, Mr. and Mrs. Woodrow Wallace.

On Monday, April 8, the United Methodist Women met in the home of Mrs. Howard

Sockwell for their regular meeting and the Easter program. Those present were Mrs. Lucille Littell, Letha Roberts, Esther Shears, Edith Self, Hettie Landers, Decie Ellzey, Betty Reynolds, Myrt Denham and there were four guests present: Mrs. Cleo Lanier, Mrs. Bertha English, Myrtle English, and Ellen Berry of Rosston. Following the program and short business meeting everyone enjoyed a fellowship time while partaking of the delicious refreshments served by the hostess, Marion Sockwell.

Monday night the Loyd Orrells of Dewey visited in the home of the Robert Landers over Hardy way. Another guest in the Landers' home was Robert's brother Pete of El Paso. Pete arrived Monday the 8th and returned home Friday the 12th. On Wednesday Bess, Loyd and Pete visited the O. C. Motleys of Bowie. Pete is married to Bess Orrell's sister, the former Theresa (Teet) McLendon. Teet is also a sister to Billie Poyner and Mrs. Motley.

Tracy Lanier celebrated his fifth birthday in his home April 9. These were 18 boys and girls present to help him celebrate. Tracy is the son of Gerald and Olita Lanier.

A small group of ladies joined Cleo Lanier, in her home, Tuesday at 10:30 a.m. for coffee and rolls — to celebrate the happiness and joy that is so much a part of the Easter season. Those present were Roxie Dunn, Velma Freeman, Edith Self, Marion Sockwell, Decie Ellzey, and Mrs. Tony Settles and Mrs. Tom English of Rosston.

Mrs. Linnie Bell, Denver community, visited Mr. and Mrs. Lavern Scott and Laton of Buffalo Springs Wednesday, April 10. Laton returned home with her grandmother to visit till Friday. On Friday Linnie had as her dinner guests the Lavern Scotts, the Gary Bells and Mrs. Bill Bell and daughter of Rosston.

Rev. and Mrs. Leland Young of Nocona, Rev. and Mrs. Bob Carroll and Debbie of Saint Jo, Mrs. Inez Butts of Nocona, and Mrs. Alma Berry of Los Angeles, Calif., were dinner guests in the home of the Homer Shears. I am told that Mrs. Shears, Mrs. Butts and Mrs. Berry are all cousins.

I would like to add here that from April 8 thru 12 there were Holy Week Revival services held each night in our local United Methodist Church. Rev. Leland Young was guest minister and gave the main sermon each night. Rev. Carroll is our regular minister. So every evening the Youngs and Carrolls had dinner with some church members here. On Monday they were at the Ray Jackson home, Tuesday at the Clifford Hudspeth home, Wednesday at the Howard Sockwells, Thursday at the Homer Shears, and Friday they were with Mrs. Edith Self.

Laura Belle Jackson and yours truly dashed over to Muenster Wednesday to do some birthday gift shopping. Laura Belle's daughter, Jewell Dill, celebrated her birthday Friday the 12th. Laura Belle's better-half Ted celebrated his birthday Saturday, April 13.

Visiting Myrtle McMillion, Dewey, on Tuesday, April 9, were Mr. and Mrs. Charlie Masters and Mrs. Maude Byford of Bowie. Then on Friday Myrtle's guests were Mrs. Della Sigman and grandchildren and Myrtle's aunt Rachel Reynolds all of Bowie. Aunt

Rachel remained with Myrtle a few days.

Mrs. Roxie Dunn, Mrs. Velma Freeman and Mrs. Cleo Lanier attended funeral service in Saint Jo for Kur L. Williams on Friday, April 12.

Mrs. Decie Ellzey had a rash of company the weekend of April 12-14. They were all her children, grandchildren and great-grandchildren. You will have to sort 'em out yourselves. Her company included Mrs. Sonja Davidson and son of Houston, Tim and Susie Nations and son of Roanoke, Mrs. Caronell Wright and Cheryl of Temple, Mrs. Jerry Boelter and Phyllis of Arlington and Mr. and Mrs. Dick Ellzey of DeQuincey, La. Would like to mention that Decie has a wonderful bunch of children, grandchildren and great-grandchildren. I know most of them, and they are tops.

Ruth Smith, Freemound, and Mr. and Mrs. George Berry of Rosston attended sunrise Easter services at the Era United Methodist Church Sunday morning. This service was for all the members of the Spring Creek-Era-Rosston folk, their friends and visitors. Rev. Laura Kapka is minister of all these churches. After the services Ruth and the Berrys joined other folks in the home of Rev. Kapka and her husband for coffee, juice and hot cross-buns. From there Ruth and the Berrys drove to Pilot Point to church to hear Rev. Joe Funk, former pastor at Rosston, preach. They came back by Tioga, Collinsville and Gainesville. In Gainesville they visited with George Berry's sister, Mrs. George Stephenson, who is a patient in the hospital there.

The Brownies struck the Dewey Church again this past week. This time they put up a nice, new sign reading Dewey Church. One of the brownies, Cleta Reynolds, said they wanted folks to know and remember it was a church.

Back from N. C., and Pa. **LINDSAY** — Mrs. Richard Petrie has returned from a visit in Charlotte, N. C., with her son and daughter-in-law, Mr. and Mrs. Tom Petrie and their infant daughter Amy Michelle, seeing her for the first time. The baby was born Jan. 19, is the couple's first child. While there Mrs. Petrie helped the young family move to Lancaster, Pa., where Tom was transferred by the company he works for. Mrs. Petrie made the trip by car. Her husband joined her the weekend of April 5 making a flying trip and they returned together by car on April 7. While they were all together they celebrated Tom's birthday with a dinner party.

Census Taker (to woman at door): "How many in your family?"  
 Woman: "Five. Me, the old man, the kid, the cow and the cat."  
 Census Taker: "And the politics of your family?"  
 Woman: "Mixed. I'm Republican, the old man's a Democrat, the kid's wet, the cow's dry and the cat's on the fence."

### Priscilla Brown Asks Votes for District Clerk

**TO THE CITIZENS OF COOKE COUNTY**

I am a Democratic candidate for the office of District Clerk of Cooke County. My decision to file for this office is based solely on the belief that I am well qualified for

the position. For the past two years I have served Cooke County as deputy District Clerk; and this experience, I believe, is my most important qualification. I am familiar with all operations of this position, and, with such experience, I will be able to continue and upgrade the work of the office of District Clerk. In addition, I have been employed both as a legal secretary and also as a bookkeeper. Furthermore, at age 42, I consider myself to be a mature, healthy, reliable, and energetic individual. All this, coupled with the college classes I have taken toward a business degree at the University of Tulsa and Cooke County College, will allow me to offer competent leadership in the office of District Clerk of Cooke County.

I sincerely believe that local government not only deserves but must have the best possible leadership; for such leadership to exist, the candidate who holds the office must be qualified. Therefore, I believe that I am the candidate who offers you these kinds of qualifications, seek the office of District Clerk. The successful, careful, and efficient operation of this office is vital to the due process of law in our county.

I reside at 1109 Hillside in Gainesville with my husband, C. Deaton Brown, an employee of Atlantic Richfield, and my two daughters, Sherry, a student at Cooke County College, and Sheila, a junior at Gainesville High School. I am a member of the Grand Avenue Baptist Church where I serve as church pianist and Rachel class president; for 26 years I have served as a church pianist and, also as an active and faithful worker in various phases of the total church program.

I appreciate the support I am receiving from citizens all over Cooke County; in the May primary, I seek the vote of all citizens and, if elected, I vow to give you the leadership in the office of District Clerk that Cooke County deserves and requires.

### Hillcrest Manor News

Decorated Easter baskets with colored eggs, candy eggs and marshmallow rabbits and chicks delighted residents of the Home. Each one was remembered by Sacred Heart CYO members who delivered the goodies and pretties Saturday afternoon.

Father Placidus Eckart conducted Easter services at Hillcrest Sunday afternoon. A group of youths accompanied by Sister Lenore and Sister Yvonne provided guitar music and singing. After the prayer service and homily in the living room the group sang in the various rooms for shut-in residents.

Betty Morrow of Gainesville has joined the working staff. She's a sister of staffer Mary Edna Cornett.

Mrs. Minnie Kinnman had early Easter visitors. With her Saturday, bringing lunch to eat together, were her son Ernest Kinnman and her daughter and husband the Earl Brannons of Fort Worth.

Coming for an after-Easter visit with Mrs. Jewel Jones was her daughter Mrs. Sue Branan bringing goodies.

Jim and Miss Clara Ford were Easter dinner guests in the home of their nephew and niece the Bud Fords at Forestburg.

Aide Virginia Petrie of Lindsay was welcomed back Tuesday after a vacation since March 28. She got acquainted with a new granddaughter in Charlotte, N. C., and helped her son Tom Petrie and family move from there to Lancaster, Pa.

Residents met a new member of Hillcrest Auxiliary last Wednesday when five were there to conduct the weekly bingo party. With the group for the first time was Mrs.

Felix Yosten. The others there were Mmes. T. Voth, Joe Fisher, Harold Knabe and Frank Rauschuber.

The ice box melted from the scene when electric refrigerators appeared. The kerosene lamp faded into the past when electric lights began brightening every home.

**Callisburg and Forestburg Teams Win Land Judging**

Callisburg and Forestburg FFA teams were the winners in the two divisions of the 18th annual land judging contest sponsored by the Upper Elm Red Soil and Water Conservation District.

Callisburg FFA was the top scorer in the senior division and the next four were Prairie Valley, Nocona, Era and Forestburg. In the junior division it was Forestburg on top, then Prairie Valley, Nocona, Era and Callisburg.

There were 82 contestants representing 12 schools. The ten high individual scorers were Ricky Polete, Era; Kenne Wood, Prairie Valley; Tommy Price, Prairie Valley; Russell Self, Forestburg; Kenny Jeffcoat, Callisburg; Tommy Elred, Nocona; Larry Dill, Forestburg; Tom Crabtree, Nocona; Ricky O'Neal, Prairie Valley; Dean Sicking, Muenster; Robert Hobbs, Callisburg.

Following the contest all participants were supper guests of the soil conservation district directors. At that time trophies were awarded to the winning teams and the individual high scorers. An added feature was a reading of the second place winner in the district's recent conservation essay contest. The writer, Marissa Hill of Prairie Valley was one of the land judging contestants.

J. H. Bayer, board chairman, said that the contest gives participants a good overall basis for land judging and determining conservation needs. "We appreciate the training being given in this field by the ag teachers."

**E. F. (Kit) Carson Issues Statement To County Voters**

In seeking another term as your County School Superintendent, I wish to express appreciation for your past support and ask for your continued support in my campaign for re-election.

My wife is the former Regina Mitchell of Gainesville and we reside with our three children, Evalyn, age 14, Mitchell, age 11, and Jane, age 8 on our farm (my birthplace) near Valley View.

I have a bachelor of science degree from Texas A&M University and a masters degree in public school administration from North Texas State University.

My public school experience includes both classroom teaching and school administration. I am an active member of the Valley View Methodist Church, the Gainesville Kiwanis Club, the Gainesville Area Chamber of Commerce, and numerous professional organizations.

I have assisted in the organization of the Cooke County Child Development Center, of which I am currently a member of the Board of Directors, and was instrumental in providing professional personnel for the Center, as well as speech therapists for the county schools.

As your County School Superintendent I am interested in the office being of service to the schools of Cooke County, and our current efforts in cooperative purchasing of school supplies; in handling Texas Education Agency Funds Management paper work; in the special education co-op and the work we do for the school lunch programs for all the schools of Cooke County indicate that the office now functions as a service institution as well as an administrative one.

The County Board of Education and I, working through the Texas Education Agency, have initiated an Adult and

Continuing Education program. The ultimate aim and goal of all our efforts is the welfare of every student in Cooke County.

The future of our country depends upon our youth and their education, to which I am totally dedicated. I am asking for your vote in the May 4, 1974 Democratic Primary election to continue the programs concerning the education of the future leaders of our nation.

Thank you

**Selecting Safe Toys**

Be selective in the toys you choose to purchase this holiday season. Make sure the toys you select are appropriate for the child's age and development. Always keep in mind that younger children can find easy access to an older brother's or sister's play things. For this reason, avoid any toys with small parts or sharp points. Check labels on fabric products for a "nonflammable," "flame-retardant" or "flame-resistant" notice. Stuffed toys and dolls should be washable and made of hygienic materials. Be sure to instruct children on the proper use of toys and check them periodically for potential hazards such as rusting, jagged edges and loose small parts. When selecting electrical toys, make sure that youngsters do not remove or replace electrical components.

**Don't Tote Gasoline**

With the current fuel shortage, you should know that carrying an extra container of gasoline is similar to carrying a liquid bomb in your car. Safety experts advise that one gallon of gasoline is equal in explosive power to 14 sticks of dynamite. Gasoline should be considered, no matter how familiar you think you are with it, a potential liquid bomb. Consider that an impact from a car, even from a sharp tool in the trunk, can puncture both metal and plastic gasoline containers. Even a sudden stop could throw a loose container around and cause it to erupt. In addition, gasoline vapors which can easily escape from the cans, even at cold temperatures, can explode. Storing extra gasoline in your car during the present fuel shortage is one "smart move" that could prove to be "very dumb."

**SIX FLAGS HEADS LIST**

**THE DALLAS/FORT WORTH METROPLEX GETS IT ALL (CLOSELY) TOGETHER**

Arlington, Texas—In this year of the "energy crunch" vacation planners are searching for destinations where there's a lot to see and do with a minimum of driving.

The answer for thousands of vacationers is the Dallas/Fort Worth region, with one of the most compact and exciting recreation complexes in the country.

The two cities are only thirty miles apart, and the area between the metro centers boasts millions of dollars worth of entertainment facilities.

The hub of the family fun complex is SIX FLAGS Over Texas, the sprawling theme park located in Arlington, midway between the two cities.

A trip to SIX FLAGS tops the "must" list for those who choose the region as their summer destination. A visit to the big park will fill a twelve-hour day. SIX FLAGS boasts more than 95 rides, shows and other attractions spread over 145 lavishly landscaped acres. Since its opening in 1961, SIX FLAGS Over Texas has provided fun and relaxation for nearly 22,500,000 visitors from throughout the world.

The facility, staffed by more than 1,700 young hosts and hostesses, is open weekends in the spring and fall and daily in the summer.

Attractions range from thrill-a-minute rides like the 55 mph Big Bend to glittering shows. The largest of the shows, a full-scale musical called "Great To Be Here," features a cast of fourteen and a fourteen-piece orchestra.

SIX FLAGS also features big name entertainers in special concert performances at various times during the season.

Less than a mile from SIX FLAGS is the Seven Seas marine life park. It's the largest inland facility of its kind in the world.

At Seven Seas visitors can see a performing killer whale, dolphins, sea lions and other creatures of the deep. There's also an exciting underwater show and you can watch skilled divers as they leap from the rigging of a full-size sailing ship.

Just three miles down the Dallas/Fort Worth Turnpike is Lion Country Safari. Your car becomes your "cage" as you drive through Lion Country's huge animal preserve.

Exotic creatures from the plains of Africa roam freely around your car. Your windshield

may be nuzzled by a lion, elephant, giraffe, rhino, cheetah or any of dozens of other species.

Lion Country Safari also features an entertainment area where you can pet small animals or enjoy any of several unusual rides.

Located in the same, general area are the Southwestern Historical Wax Museum and a number of other "walk through" attractions including collections of antique vehicles.

In Dallas, vacationers can visit Fair Park, home of the Texas State Fair. Numerous year-round museums and other attractions dot the grounds.

Dallas' famous shops, restaurants and night spots make a trip to "Big D" a memorable journey.

In Fort Worth, visitors discover a wealth of both fun and culture. That city's complex of art museums has become known as "The Acropolis of the Southwest." Some of the world's most famous works of art can be seen during a walking tour of the three, specialized art museums clustered around the Will Rogers Memorial Center.

For sports fans there's also much to see and do. Depending on the season, visitors can take in a major league baseball game at Arlington Stadium, home of the American League's Texas Rangers or watch the Dallas Cowboys in NFL football action at Irving's Texas Stadium.

At nearby Mansfield a weekly, indoor rodeo is staged.

For golfers there are numerous courses throughout the area. One, Colonial Country Club in Fort Worth, is the site of one of the PGA's new "super tournaments" each May.

For water sports fans and fishermen the region is an ideal destination, with major lakes located within minutes of the metro areas.

The new Dallas/Fort Worth Airport, opened in January, is a tourist attraction in itself. The huge facility, located midway between the two cities, covers some 17,500 acres of land. It's slightly larger than Manhattan Island.

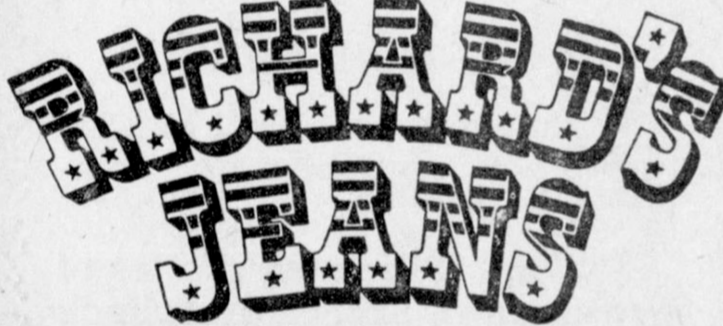

For those taking "fly-drive" vacations, the futuristic aviation center is an impressive first stop. It's the Jet Age gateway to one of the nation's most exciting and interesting vacation destinations.

**NO U.S. PORT CAN HANDLE TODAY'S SUPER TANKERS...**

EXAMPLE--ON HER MAIDEN VOYAGE TO AMERICAN WATERS, THE 272,000 TON 'CONOCO AMERICA' DELIVERED MORE THAN 2 MILLION BARRELS OF OIL, ENOUGH TO SERVE THE REQUIREMENTS OF A CITY LIKE WASHINGTON, D.C. OR MILWAUKEE OR SAN FRANCISCO FOR A MONTH. THE TANKER WAS UNLOADED AT ST. CROIX, VIRGIN ISLANDS, BUT ONLY AFTER ONE-THIRD OF HER CARGO WAS TRANSFERRED ONTO BARGES AT SEA. NO SHIP THIS SIZE CAN ENTER A U.S. MAINLAND PORT WITHOUT TRANSFERRING HALF THE CARGO AT SEA...

IF IT COULD, TRANSPORTATION COSTS ON THIS CARGO WOULD BE REDUCED AS MUCH AS \$670,000.

TO SERVE FUTURE REQUIREMENTS THE U.S. WILL HAVE TO IMPORT OIL ON A VERY LARGE SCALE. THE NEED FOR DEEP WATER PORTS AND OFFSHORE TERMINALS IS CRITICAL. SUPER TANKERS HELP KEEP COSTS DOWN, REDUCE HARBOR CONGESTION, MINIMIZE OIL HANDLING, AND SPEED TURNAROUND. THIS MEANS A SAFER ENVIRONMENT.

Spring is here, birds are singing, flowers are blooming and baseball is being played however it has not changed the mode of dress for the ladies. Pants are still being worn. Pants suits, pants and sweaters, pants and jackets, pants and halters, pants and blouses and for some, it's dungarees and sloppy sweatshirts.

Muenster has four beauty shops supporting eight to ten operators. The grocery, drug and variety stores have shelves of beauty aids — sprays, powders, creams, liquids — for the hair, over the eyes, under the eyes, on the face on the cheeks behind the ears and others to be applied in the privacy of the bathroom.

Ladies want to look nice either to please themselves or to please others, but that glamor is lost when they wear

slacks. Unless pants are form fitting, which seems to be a no-no after a certain age, they are loose and baggy.

Several girls working in offices draw attention when they wander out because they dress like girls. One silver haired lady attended a church dinner the other night. She had been to the beauty shop that day and was very attractive sitting at the table but when she got up and walked across the room in her slacks approximate size 46 in. waist, 25 in. length — that was too much. Had she had hip pockets they would have occasionally touched the floor.

No doubt pants are comfortable and even practical on a cold windy day or while driving a tractor or milking cows but they can never replace the dress for that chic, sophisticated feminine look.

Lets have a week, a weekend or even just a day when all ladies wear dresses. Lots of people will come to look.

All money being sent to President Nixon to help pay his back income tax is being returned to the sender if a return address is given, otherwise it's being given to the Red Cross. If Nixon accepted the money he'd have to pay gift taxes on it. Those who contemplated helping him would do better to give it to a local charity.

The Muenster Jaycees have their annual awards and installation banquet Friday night April 19. Their choice of "Muenster's Outstanding Citizen" will also be announced at that time. See their ad in this paper for time and place. Everyone is invited.

The Cooke County Electric Co-op is having their annual meeting on Monday evening, April 22. That always brings a lot of people to Muenster.

Mark your calendar for Saturday, April 27. That's the night of the Hospital Auxiliary Ball.

## Muenster Library Adds 250 Books

Muenster Public Library has been enriched with 250 books from Texas State Library in Austin. These are permanent additions to the local library.

Heretofore books were available temporarily on a loan basis but a letter from Austin states that due to decline in circulation and lack of shelf space the local library can keep these permanently.

Library staffers have processed all of these and they are on the shelves ready to be checked out.

These fiction and non-fiction books are divided into four groups — easy, junior, youth, and adult.

Title in the easy group include The Day the Cow Sneezed, The King Who Loved Candy, and The Brave Cowboy.

Junior titles include The Very Private Tree-house, The Cat and the Coffee Drinkers, Mystery at Crane's Landing, The Fifty-first Dragon, and Heroes of the Bible.

In the Youth Group are When Teenagers Take Care of Children, Mavericks, Abraham Lincoln, and Deepwater Challenge.

Adult titles include Terrariums, Freezing and Canning Cookbook, Backache, Stress and Tension, How to Paint Anything, Complete Book of Decoupage, and Recreation in the Senior Years along with many more.

## Confetti - - -

uation it might be interesting to determine which of the so-called "necessities" is taking the biggest bite out of our incomes: food, housing or clothing? Well, according to government figures for 1967-72, the cost of food went up 26 per cent, housing 31 per cent and clothing 25 per cent. But the biggest bite of all is taken by Uncle Sam and his relations, the state and local governments. Their share has increased a whopping 60 per cent.

Administration and legislature both like to make a big issue of inflation. Instead of pointing the finger at each other they ought to work together, first reducing the budget, and then refusing to let expenditure exceed the budget.
