SH 4-H Members Study Wildlife

Ten 4-Hers from Sacred Heart School Clubs have completed a six week project in Wildlife. They concentrated their study on the quail and other birds native to Cooke County. Mrs. Leon Fleitman conducted the project for Cheryl and Craig Bayer, Ann and Jenny Felderhoff, Ginger Fleitman, Susan Felderhoff, Kathy Koch, Bert Knabe, Daniel Koerschner, and

Curtis Rohmer. In the organizational meeting the group discussed the quail. Field trips included a visit to the Gary Hess farm where the group viewed his quail hatching operation, and an excursion through the wilds of Horseshoe Bend to view native habitat. The 4-Hers also learned how to kill snakes when they ran upon a copper head. Bill Campbell and Frank

Russell of the American Sportsman Association talked on hunting and how to train a hunting dog. Mrs. Harry Roark, a Gainesville bird watcher, discussed bird watching and native birds. She also played tapes of bird sounds. After reviewing their project, the 4-Hers completed their Design for Discovery project record forms. Project completion certificates were awarded to each 4-H member.

A TWO-SIDED COIN

**YOU'RE PAYING MORE
FOR ELECTRICITY.
IT'S COSTING US MORE
TO PRODUCE IT.**

Texas Power & Light Company is concerned about both sides of the coin.

You really need no reminders about your side. Electric bills are higher these days and the fact that the costs of almost everything are up doesn't reduce your concern about your cost of electricity.

But, for just a moment, take a look at TP&L's side of the coin... the higher costs of producing and supplying electricity.

From 1974 to 1975, the cost of the fuels necessary to operate generating plants increased more than 65%.

To counter the spiraling costs of natural gas and fuel oil, TP&L is building new plants which use lower-cost lignite coal and nuclear materials. In 1975, the Company's construction costs totaled \$268 million... \$55 million more than in 1974.

Costs of operation and maintenance of generating plants, lines, trucks and other facilities and equipment have also risen drastically in recent years and are continuing to go up.

TP&L is working to keep the price of electricity as low as possible, but as the costs of producing it go up we have no choice but to ask our customers to pay a higher price. It's the only way we can maintain the adequate supply of power and the dependable service you expect.

German Heritage In US to Be Seen At Fair Exhibit

DALLAS — "Span 200," an exhibit documenting 200 years of German-American participation in the founding and growth of America, opens in the World Exhibit Center of the State Fair of Texas, Dallas on October 8.

Sub-titled "200 Years of Participation in a New Nation," the exhibit portrays German-American involvement in many areas of American life, including the arts, agriculture, business, industry, science, government and education. It serves as one example of how numerous ethnic groups helped build our country.

A 10-minute multi-media

presentation highlights the exhibit. Also presented are many large photographs, prints, engravings and maps, illuminating the role of Americans of German heritage throughout our history.

"Span 200" will remain at the State Fair through October 24 before moving on to other U.S. cities. Admission is free. Weekday hours are 10 a.m. to 10 p.m. and from 9

a.m. to 10 p.m. on weekends. The exhibit traces the routes of German immigration, explaining where diverse German-speaking peoples came from and where they settled in their new land. It explores motivating forces that brought over five million German immigrants to our shores, more than from any other area of the world. The visitor is reminded of

the roles played by such well-known German-Americans as President Eisenhower, Marlene Dietrich, Arthur Fiedler, Babe Ruth, Gertrude Ederle, Albert Einstein, Werner von Braun, H. J. Heinz, Walter Chrysler, John Denver, Paul Tillich, H. L. Mencken, Carl Schurz, Reinhold Niebuhr and many others. The visitor is also reminded of the far greater number of German

immigrants who, "without individual claims to fame, contributed to the strength and growth of America by doing it work, and doing it well." "Span 200" was conceived by the National Carl Schurz Association and funded in cooperation with the Federal Republic of Germany.

It pays to advertise with the Muenster Enterprise.

The better half and yours truly were in Bowie Sept. 29th visiting Mrs. Joe Denham — where we performed some "maid duties". We visited with the Oscar Rays — who are neighbors to Joe. We later visited Jim Bryant in the Bowie hospital. Learned later that Myrtle McMillion spent Monday thru Thursday (Sept. 27th-30th) in the hospital also.

Chatted with Ben Perryman and he was telling us about taking Mark Landers and Roe Sledge on a drive all over the countryside around the burg. He says those two men really had a great time and sure enjoyed getting out.

I am absolutely amazed at all the cleancut, pure minded and sin-free men that have appeared on American horizon in all walks of life since that famous interview of Jimmy Carter's with Playboy Magazine. Now fellers lets face it — which one of you can honestly and truthfully "cast the first stone" at Mr. Carter? He was honest — are you? Isn't it remarkable how all of a sudden we see so many folks wearing halos and sprouting wings! One thing for sure — that issue of Playboy will be a sellout if nothing else.

Mrs. Decie headed for Arlington Oct. 1st for the weekend to visit with the Jerry Boelers. The Tim Nations and children of Grandbury and the Ken Wootens from Warsaw, Indiana, to help them celebrate their 25th wedding anniversary. "Hootie" and Jerry married Oct. 7th, 1951. Decie returned home late Sunday — said everyone had a great time.

The Tolbert Fanning family had a family reunion Oct. 1st thru the 3rd. Mrs. Fanning was LaVona Wilson — and it was the Wilson reunion. Folks came from Dallas, Fort Worth, Mesquite, Hillsboro and other places. They came in campers and others pitched tents. The Ross Littells joined the festivities on Saturday.

Mrs. Don McCandless of Floydada, Mrs. J. T. McCandless of Matadar, and the Johnny Brogdons and Karla of Miami were Oct. 2 and 3rd guests in the home of the Ted Jacksons. On Saturday they attended a "Pink and Blue" Shower for Mrs. Darrell McCandless of Post in the home of Mrs. Mary Atkins in Decatur. Also attending were Mrs. Jack C. Dill and Mrs. Charles Dill and Keith.

Visitors Sunday in the Ted Jacksons home were the B. R. Jacksons of Decatur, the Herbert Gardners of Enid, Okla., and Mrs. Lizzie Gardner of the Burg. The Herbert Gardners also visited the Howard Sockwells and Mrs. Bruce Steadham. They also visited with Mrs. Wanda Perryman, the W. T. Reynolds, Eula Moore and the H. B. Perryman family.

Recent visitors in the Ross Littell home were the Allen Mannelys of Dallas.

Mrs. Vera Mae McGee, Esther Shears, Martilla Brewer, Betty Reynolds, and Myrt Denham entertained the residents of the Yes-ter-Yer Home in Saint Jo with cake and punch. Mrs. Reynolds played the piano while the refreshments were served. This is a monthly project of the United Methodist Women's Group of Forestburg. Later Betty and Myrt went to Muenster to Hillcrest Manor to visit Bess Orrell and her roommate Mrs. Garland.

According to the publication, "Oregon Motorist", "They've finally found the real source of air pollution: it's burping cows! The Environmental Protection Agency reports that cows burp 50 million tons of hydrocarbons into the atmosphere every year. That's not all. The EPA says ten cows burp enough gas a year to heat a small house".

YOU CAN BANK ON IT!

You may have heard the word "float" used in banking and wondered what it means. In the customer sense, float is a free service whether it is advertised that way or not. It works this way:

Say your employer banks at a bank in another city and you bank here. When you deposit your paycheck in your bank, you have the "immediate" use of the money. You can write check at the grocers, florist, clothing store, but your bank may have to wait 1-2 days or longer for its money to come from your employer's bank. Float has been defined as "Two credit balances represented by the same funds," and that's just what it is.

Float is a convenience and allows you to use our money free while we wait for ours from your employer's bank.

Junior Tigers Are 32-6 Winners Over Saint Jo Kids

The Junior Varsity Tigers had a picnic Thursday night romping over Saint Jo's JV Panthers by the convincing count of 32-6.

They scored twice each in the first and third periods and once in the fourth, and allowed the junior Black Cats a single big-play touchdown in the fourth.

They started at the Panther 35 on their first possession, and made the distance in just four plays. Jesse Walterscheid gained 10. Jeff Hess 11 and 6, a penalty cost 5 and Gene Luttmr scored from the 13. A pass for extra points failed to connect.

Three fumbles in a row... recovered by Mike Bayer, a Saint Jo lad, and Chris Stoffels... delayed the next Tiger drive, which started 36 yards out. Jeff Hess stepped off 11 and four plays later Mark Nasche caught Ken Hartman's pass and scooted to the goal. Luttmr added bonus points making it 14-0.

The second quarter featured turnovers: an interception by Saint Jo; an interception by Dale Schilling and fumble recoveries by Phil Walterscheid and Mark Nasche. Between the errors each team made two first downs.

Tigers started the second half by fumbling the kickoff and got the ball back on a kick ending the next series. Then they went 44 to the next score on six plays and a big penalty. Principal gains were 9 and 8 by Hartman, 5 by Jesse Walterscheid and 8 and 3 by Jeff Hess. Hess went

over from the 3 and failed on the try for bonus points.

Next TD was set up by Stoffels' fumble recovery on the 5. Three plays later Jesse Walterscheid went over from the 2.

The kickoff that followed was returned 81 yards to pay dirt but was nullified by an offside penalty. Then Mike Hesse recovered for SH and the Tigers were 61 yards

away. A pass, Hartman to Bert Hesse gained 27 and another pass 8 plays later to Mel Walterscheid was good for 7 and a TD. That made the score 32-0.

Finally the Panthers got on the board. This time it was a kick return that counted... for 75 big yards.

As time ran out SH was threatening again on the 12 yard line.

Fire Prevention Week in County Set October 3-9

County Judge Larry Sullivant has proclaimed the week of October 3-9, 1976 as FIRE PREVENTION WEEK in Cooke County.

The Cooke County Farm Bureau, in conjunction with all fire departments in the county are working together to emphasize fire prevention and protection throughout the county.

Fire Prevention Week is always the Sunday-through Saturday period in which falls October 9, date of the The Great Chicago Fire of 1871. The Chicago disaster killed 250 persons and destroyed 17,430 buildings, at a cost of \$168 Million.

In his proclamation, Judge Sullivant quoted the National Fire Protection Association fire losses as: annually, 12,000 people die; another 300,000 seriously hurt; 1,000,000 buildings burn, and total dollar losses due to fire each year exceeds the \$3.1 billion mark.

NFPA, national sponsor of Fire Prevention Week, has a catchy new theme on their posters and brochures — "LEARN NOT TO BURN". The theme of new materials is showing people what to do and what not to do. One of the new illustrated posters concerns children and matches — with the slogan "Keep Out of the Strike Zone". There's a "strike zone" in every home, from the floor to about chest-high — a zone which should never contain matches or lighters. The Strike Zone is where children spend most of their time — looking for things to do — and where they are apt to find things with which to start a fire.

J. A. Klement, President of the Cooke County Farm Bureau said that Farm Bureau has several programs designed to help curtail fire losses. The County Farm Bureau, in cooperation with the Texas Farm Bureau, sponsors the attendance of local volunteer firemen to the annual Texas Firemen's Training School each summer in College Station. More than 1,400 firemen have attended under Farm Bureau sponsorship during the past twelve years.

The state and local Farm Bureaus also pay \$75 to fire departments for fighting rural fires on Farm Bureau insured property.

In addition to these programs, county Farm Bureaus sponsor a graphic 45-minute fire prevention demonstration. Some 1,700 fire safety programs have been presented in 200 different counties, before schools, civic clubs and other groups by the Texas Farm Bureau Safety Department staff during the past fifteen years.

Schools, civic clubs and other organizations planning fire or safety education programs for the year may schedule these programs by contacting the Cooke County Farm Bureau at Gainesville.

Myra Club Hears Gene Davenport

Gene Davenport of Cooke County Electric Cooperative was the guest speaker Tuesday night, September 23 when members of the Myra Improvement Club met in the clubhouse. He spoke on "Who is Our Neighbor?" Mr. Davenport will assist the group in preparation of questionnaires to be sent to all Myra Improvement Club members. Officers urge everyone to complete and return the questionnaires.

Mrs. Ray Sicking reported on the Story Hour, held at the Club Building the 3rd Thursday of every month at 2:30 in the afternoon. Also on display were a number of items made by the children during a recent story hour activity program.

Members voted to present a gift of appreciation to Will Mathews and the Visions for their assistance at the Watermelon Festival.

A benefit bake sale was planned with Mrs. Thurman Reid as chairman. Donations were voted to United Way and to St. Jude Hospital and Children's Research Center. A discussion was held on a possible Park Curfew and was tabled for later consideration. The next meeting on October 26, will feature a program on Law Enforcement.

Mrs. Larry Vogel showed a scrapbook she is assembling for the Improvement Club and she requested clippings, pictures and news items about progress at the club, and at members' homes and

on improvement of personal property.

Larry Vogel, president, conducted the business meeting. Mrs. Ray Hudson led the opening prayer. After the close of the meeting Mrs. Ike Fulton served refreshments to 24 members.

ABOUT THIS QUESTION

"During housecleaning I came upon our insurance policies. I can see that our fire insurance is too low for today's inflated value of home and furnishings — a total fire loss would leave us about \$6000 short on insurance. Can our policy be brought to full value immediately?"

I REALLY PREFER RELAXING TO PAINTING

THAT'S WHY I LIKE SATINTONE
... the easy paints

First, they are easy. They brush or roll like a dream, dry in minutes, and the tools wash up in water. More important still, they really last, and I do enjoy the longer time between repaints.

If you'd rather take it easy than paint, next time try Satintone, the latex paint by Colony Paints. We have Satintone for all surfaces; indoors or out.
