

Since the second big debate just over a week ago Candidate Jimmy Carter has been gleefully hammering away at President Ford's unfortunate slip of the tongue regarding the freedom of people in Eastern Europe. He said the remark is proof of the President's insensitivity to those people and to their countrymen over here who are completely in sympathy with them. Carter's attitude has been one of attempting to cash in on a mistake even though he knows it was just a mistake.

As regards the actual statement, Ford was referring to the ethnic spirit and pride of the East European nationalities, their participation in the Olympics under their own flags, and their obvious eagerness to be identified in all things by their own name. It would have been correct to say that USSR does not dominate their souls. But that's not how the statement came out. He said that Russia does not dominate them.

Normally that would have been overlooked for just what it was... a mistake. It differs this time however in that this is a deliberate attempt to blow an unintentional remark into a major issue.

Getting back to that matter of lack of sympathy and insensitivity to the ethnic groups, it is ironic that Carter is guilty of the same fault he charges against his opponent. However, his statement can not be any reasoning be considered as a slip-up. He lambasted the Ford administration, and the CIA for complicity in overthrowing "the duly elected and legitimate government of Chile" by a military junta. Besides disapproval of US involvement, this was a clear and deliberate denunciation of the country's liberators and an endorsement of the Allende red dictatorship which had enslaved and bankrupted the country.

Most of us are aware of the election to which Carter referred. It was according to the rules, but it ceased to be the legitimate government when Allende scrapped the constitution and set himself up as the dictator. He was an illegal president from the start because he violated his oath of office. And he was even more illegal when he declined at the legal expiration of his term to allow an election to name the next president.

Describing that professed communist and ruthless dictator as the legitimate ruler of Chile was more of an insult to the people of Chile than Ford's statement was to the Czechs and Rumanians and Hungarians.

In fact Carter's statement clashed also with the personal convictions of millions of Americans who cheered for the masses that were enslaved by Allende and freed by the military. Likewise it clashed with the companies and stockholders whose properties were nationalized by the Allende mob. But the really significant point is that Carter, as an average mature adult, should know the nature of communism, and still he mean mouths the soldiers who did their country a great service in getting rid of Allende.

We prefer not to think that his logic goes all the way on this subject. If so one would have to assume that he is partial also to the other red regimes, which is not quite in harmony with loyalty to this country.

Unfortunately Ford's unintentional remark is exploited to the limit by the Carter camp while Carter's intentional statement receives little if any notice. For which perhaps one could find fault with.

## City Landmark Being Replaced By New Building

One of the city's oldest buildings is giving way to the wrecking bar. The location occupied by Modern Floors and Fabrics and Tom and Jerry's Barber Shop is being removed to make room for a 50x120 structure which will include space for the flooring store, the barber shop, an office and a warehouse.

While construction is under way Modern Floors and Fabrics will occupy the front of the Hoedebeck GMC building and the barber shop is out of business. Clyde Andrews, the operator, declined to look for another location.

Work on the new building will start as soon as the location is cleared. With an estimated work time of two months and allowance for bad weather, the job is expected to be complete in about three months.

Tommy Herr, co-owner, said it will be a tile building with flat roof and a dressy front of glass and aluminum topped by a Mansard trim. When finished it will have front openings for the flooring store, the barber shop and the office plus warehouse space in the back for the store and TJR Amusement Company. It will have an unloading dock and large, overhead doors.

The old building dates back to about 1906. For about half of its time it was occupied by Frank Schenk's drug store and fountain and miscellaneous merchandise. The location used lately for the barber shop was added about 1905.

Salvage Paper Drive Sister Mary John Seyler has announced that, at long last, the Bermico Company will send a truck to resume a regular pick-up of salvage paper after the first full week of the month. Bins will be placed between the elementary and high school buildings. Collection is scheduled the weeks beginning November 7; December 5; January 2; February 6; March 5; April 3; and May 1. The project supports good ecology and is additional income for a fund at Sacred Heart School.

The following day, in a formal ballot, the student body voted for one senior who will reign as Queen of the 1976 Homecoming and will represent the football team and former students as well as her classmates. However her identity will remain secret until announced during ceremonies at the Tiger-Cislerian football game on October 23.

To complete the royal court three princesses were selected by their respective classes. Mary Grewing will be the junior princess; Laurie Walterscheid will be the sophomore princess and Dea Swirczynski will be the freshman princess.

Student activity and class assignments include sponsorship of a dance following the game by the senior class; decoration of cars for the Homecoming Court by the sophomores; decoration of gate and grandstand by the freshmen; and sponsorship of the bonfire by the student council.

## Plans Are Complete for SH Homecoming

Four candidates for Homecoming Queen at Sacred Heart High were nominated by members of the Tiger football team Tuesday. They are Janet Henscheid, Sharlene Pagel, Stacie Walterscheid and Mary Hoedebeck. All are seniors.

## KC Dinner Dance Set for Saturday

Muenster Knights of Columbus are eagerly awaiting their No. 1 social event of the year, the annual dinner dance. Titled "The Orient" and featuring that atmosphere in its decorations, the event will be held in the KC Hall Saturday night, Oct. 16, from 7 p.m. to 1 a.m.

It will start with a happy hour and follow with the dinner, which will end in time for starting the dance at 9 o'clock. Music will be provided by Wilbur Matthews, a Country and Western band. Admission at \$10 per couple will be by reservations only, which will be limited to about 200 couples because of available space. Other information is available from 759-4222 and 759-2979.

## Robert McDaniel Receives Good Neighbor Award

Robert McDaniel, history and Spanish teacher at Muenster High School, is this year's choice of the local Knights of Columbus council for its Good Neighbor award.

The presentation was made Sunday night at the 7 p.m. mass in Sacred Heart Church by Willie Walterscheid, community activities chairman, who was introduced by Grand Knight Dale Klement. The church ceremony was followed by a reception in the KC hall.

In his remarks Klement referred to the Good Neighbor Award as the most significant event of the KC year and an expression of what the order stands for. Presented to a member of another faith, it originated several years ago in the ecumenical spirit of promoting harmony and good will between Catholics and the people of other beliefs.

The award is especially appropriate in the case of McDaniel who has been a popular, cooperative and energetic member of the community since coming here as a beginning teacher eight years ago.

The award is a plaque inscribed "Good Neighbor Award, to Robert McDaniel, from Muenster Knights of Columbus, 1976." With the message is the picture of hands clasped in a handshake.

There is no wholly satisfactory substitute for brains, but silence does pretty well.

## Mrs. Medders Has a Problem

Muenster's former No. 1 citizen is back in the news. According to a story in Tuesday's Dallas Morning News, Mrs. Margaret Medders has been arrested in Venice, Calif., on a charge of unauthorized use of a credit card. The article also says that she owes the Fairmont Hotel of Dallas between \$10,000 and \$16,000 and the Holiday Inn of Denton \$2,500 for extended stays in those facilities.

It is alleged that the credit card was taken from the desk of Carroll Sinclair of Carrollton after Mrs. Medders had visited his home asking for a \$750 loan, the money to be used for a flight to California by herself and Sol Fielding, producer of a proposed movie on Mrs. Medders' rags to riches experience. Fielding said that the charges against her were a malicious fabrication, and use of the credit card had been offered to Mrs. Medders and him.

Regarding bills at the Fairmont and Holiday, Fielding said "if she owes it, it will be paid." He further stated that her money is in probate since her husband's death and can't be touched.

Sinclair charges that he previously loaned Mrs. Medders \$7,000 to be repaid with interest, but repayment was in hot checks. Concerning the credit card he alleges that charges include a flight to California, two weeks at the Beverly Hills Hilton and other bills still coming in. He contends the total is at least \$6,000 and possibly as much as \$10,000.

More Medders problems have come to light since her arrest in California. Debts of nearly \$160,000 have been confirmed by a Brownsville developer, a Minnesota Hotel and a Memphis doctor. And the FBI says it is investigating her activities to see if there are federal violations.

Kahlar Hotel near the Mayo Clinic in Rochester, Minn., confirmed that Mrs. Medders owes about \$3,500; a \$75 a day house in Brownsville which she rented was left with about \$6,271 of unpaid bills; and a Dr. Mary Davis, retired osteopath of Memphis who traveled with Mrs. Medders last year, is down to "\$14 out of her original savings of \$150,000."

## Vaccine Clinics For Swine Flu Are Halted Suddenly

Cooke County's two swine flu vaccine clinics scheduled this weekend are suddenly called off, according to word received Tuesday by Dr. Martin Kralicke. Saturday's clinic was due to be held at 1 to 5 p.m. in Muenster, Sunday's was set for 1 to 8 p.m. in Gainesville.

Dr. Kralicke said the instruction had been forwarded to him by Janis Cravens, volunteer coordinator for Cooke County, and that it applies to the entire state. The cancellation order includes no hint as to if or when the program will be resumed.

According to Tuesday's news releases the problem results from the deaths of three elderly persons who received the vaccine in Pittsburgh. Whether death was caused by the vaccine is not known, but authorities have decided to halt the program in all areas that have the same source of vaccine until they have their answer.

## Hornets-Pirates Will Meet Friday in 13-A Opener

Hornet fans who expect an easy win at Petrolia Friday night are advised this week to revise their estimate. Coach Don Jones and the boys after reviewing performance and size and the record to date, are convinced that the Pirates have potential and definitely can not be taken for granted.

First of all, they are big and strong with a slight weight advantage. Besides they have good speed, especially a pair of backs and one end who are able to give serious trouble if not hemmed in.

Their standing at the half way mark is 2-3. The wins being a close one over Notre Dame of Wichita Falls and an easy one over Alvord. And the losses include a 39-20 setback by Class AA Henrietta and a 14-0 loss to the highly rated Trojans of Windthorst.

The Hornets record of 3-2 is better, including decisive wins over three class B teams and close losses to Bridgeport and Aledo.

During the slack time of last week's open date the Hornets have been busy working on the rough spots. Some of that was inside work during a few days of bad weather.

Physically the boys are in fine condition except Bryan Sicking who is nursing injuries from a motorcycle spill. He is on the doubtful list.

## Tigers Crush Knights 38-0

Sacred Heart's Tigers had it their way all the way Friday in their anticipated tough contest with the Lindsay Knights. Playing one of their very best games of the season they clobbered their hosts 38-0.

Statistics were as one sided as the score. Tigers were ahead 454 to 46 in total yardage and 17 to 4 in first downs. Also they had a perfect night of passing... four completions out of four tries... and they intercepted three passes besides.

The one sour note was penalties, a possible effect of being super fired up for the game. They were fined for 99 yards whereas Lindsay was charged for only 15.

The fireworks started early. Lindsay gained 13 in three plays and Pete Fuhrmann passed on the third play of the next series, but Fred Koessler instead of a Knight was there to receive.

Tigers in their first series came to a punting situation. From the punt formation Joe Hoedebeck connected with Bob Grewing with a 29 yard touchdown pass. A run for extra points was short.

After kickoff the Knights had to punt on first series. It was a dandy 60 yard boomer by Fuhrmann rolling dead on the 16. From there Craig Sangster broke away for an 84 yard romp to pay dirt, only to have the TD nullified by a holding penalty. That put

## Community Starts United Way Drive

Muenster's part in the 1976 United Way campaign got started at Tuesday's regular Chamber of Commerce meeting with distribution of packets to solicitors and short talks about the nature of UW and how it operates.

Frank Atkins, manager of the Gainesville Area Chamber of Commerce, presented the principal message. He said the combined campaign for ten participating agencies presented an opportunity for all of them to benefit and at the same time spared the public the inconvenience and bother of being approached separately for each one. He also pointed out that the method presents a way for each individual to give his fair share toward the support of the several agencies whose help brings direct or indirect benefit to every giver.

## Law and Order on Halloween Urged By Police Chief

As we all know, Sunday the 31st of October is Halloween, a day of VANDALISM, WILLFUL WANTON LITTERING and DESTRUCTION OF PROPERTY. I am therefore requesting the citizens of Muenster to support and assist the local police in combating violation of the law this Halloween.

No person has the right to throw eggs, block or litter streets, set fires or cause any destruction within the city of Muenster or any other city. The laws of the state shall be strictly enforced on Halloween.

The city curfew shall also be strictly enforced on Halloween night. City Ordinance No. 87 states as follows: "An ordinance is established to discourage, protect and eliminate minors from loitering on public streets and public places within the City of Muenster after midnight." Any and all persons under the age of eighteen will be in violation of City Ordinance No. 87 (curfew) if observed on the streets of Muenster after midnight on Sunday, the 31st of October, 1976. For this violation a summons will be issued and the maximum fine will be requested.

Every conceivable effort by local police shall and will be taken to control any activity in violation of city ordinance and state laws, and maximum fines will be recommended. It is the responsibility of Muenster citizens to help control activity and enforce law and order as much as it is the responsibility of the police. Why should potential hazardous situations be permitted in your city?

James L. McDonald, Sr. Muenster Police Department

## Jaycees Sponsor Tennis Tournament Saturday & Sunday

The mixed doubles tennis tournament sponsored by Muenster Jaycees will get under way Saturday afternoon with ten teams meeting in preliminary matches to determine who will go into champ and consolation brackets.

Courts at the city park and Muenster Public School will be in use starting at 12:30 o'clock. Second matches will be at 2 and the last one at 3:30.

The schedule advances a half hour on Sunday with elimination matches at 12, 1:30 and 3. Both courts will be used for those and the park's courts will be used for both final matches. Consolation final is booked for 4:30 and champ final for 6 o'clock.

After that trophies will be awarded to the champ and runner up teams and to the consolation winner. Throughout the tourney beer, soft drinks and snacks will be available at a concession stand in the pavilion.

Muenster teams entered are Jim and Linda Endres, Mr. and Mrs. Larry Gobble, Roy Reiter and Tracey Klement, Randy Wolf and Kim Klement. The other six entries are from Gainesville.

Examples were the Muenster Youth Council which receives \$1,075 last year, and expects \$1,175 this year to provide a summer recreation program for local youngsters. Also Red Cross which annually provides the local water safety program and stands ready to help in a disaster. And FFA and 4-H whose local members share in the prize money at livestock shows. Also felt locally are the benefits through boy scouts, girl scouts, the Camp Sweeney Diabetic Foundation and the Council on Alcoholism. Everyone who gives can feel that his contribution will come back as a benefit to family relative or friend. Besides there's an indirect benefit in the circulation of money after it leaves the original beneficiaries.

The suggested contribution is strictly personal, whatever the individual considers his fair share of help to the participating agencies. The amount may be equivalent to a day's pay, maybe more, maybe less, depending on the giver's generosity.

Gene Davenport, chairman for rural areas of the county touched on that subject in saying that old timers frequently gave a day of their time to help a neighbor in distress, and a day's pay nowadays can be spared just as easily. He also stated, like Atkins, that almost all of the money given comes back to people who are close to the givers.

Community Chairman Bill Bedrick used the occasion to get Muenster's drive in motion. He said that the local goal is \$3,000, a slight increase over last year's collection of \$2835, which is offset by the increase of \$100 in allotment to Muenster Youth Council. The county's goal has been upped from \$70,000 to \$75,000.

Bedrick distributed packets among the volunteer workers who are expected to make contacts promptly and finish the drive as soon as possible.

The workers are Monica Hess, Henry Weinzapfel, Bernice Sicking, John Fisher, A. J. Endres, John Pagel, Alvin Fuhrman, Dennis Hess and J. D. Meurer.

## Christmas Parade And Drawing Set For December 4

A Christmas parade and drawing to welcome the Yule season locally will be held on Saturday, December 4, according to an announcement at the regular Chamber of Commerce Tuesday by Bertha Hamric, president.

The date and other details of the event were decided by directors of the organization after having been given the word to proceed at an earlier meeting.

Mrs. Hamric said the program is similar to last year's, which featured Santa visiting with the kiddies and giving bags of goodies.

The other feature is a drawing for hundreds of dollars worth of goodies to be given to adults. Again, each participating firm will furnish the prize and conduct registration for its own drawing, but all drawings will be held at a place to be announced on Main Street. Tickets will be provided allowing the registrations to start early in November.

Another event of the meeting was recognition of two recent additions to the local business community, plus a free membership in the Chamber of Commerce for each of them: Herbert Knabe's tire and radiator service and Willie Wimmer's diesel service.

The matter of extending city limits was reported at a standstill. Mayor Bright said that the procedure is rather involved and City Attorney Julian Smith advises against inquiring into possible courses of action and deciding rather on what is wanted. After that Smith will study the possibility of getting it done.

The age of discretion is when you learn that nothing is as important as you once thought it was.

## Letters to the Editor

Dear Editor,  
I was shocked and appalled by the behavior of Sacred Heart High Ex's and students at Lindsay Friday night. What kind of young adults are we raising? It wasn't bad enough that the ex's went and cut down the goal posts on Lindsay's football field, it certainly wasn't bad enough that they burned a large S.H. in the field's grass nor when they shoe-polished cars and broke windows, but that still was not the end.  
I realize that some students and ex's are not responsible for what happened, BUT there are those who did destroy private property. At the

conclusion of the game there was the usual expected fun; fights, wild car chases and, ever popular, name-calling. Sacred Heart should apologize openly for the destruction caused by its ex's, those juvenile delinquents that have graduated the past year or so. Also I would like to bring up past "events" in which Sacred Heart was involved; like last year when Public School's goal post were cut down, or when Sacred Hearts own bonfire was prematurely set off by S.H. students! Of course Lindsay threw rotten eggs at Sacred Heart School, but that was after more than three attacks from S.H. students and ex's. It would seem that some people just don't give a damn about

anyone or anything else.

What kind of attitudes are you parents installing in your children? Not just parents of S.H. students but ones in Public School and other other area schools. Fun's fun, but Wanton destruction like this last display is just unbelievable!

If Parents know their sons or daughters have been involved in this on going destruction of somebody else's property, then they also are partly responsible. They are still YOUR children, and their behavior is consistent of what they have learned at home. Some parents just don't care. Others say, "Oh he's only having some fun!" Some fun indeed! Deliberately destroying property with total lack of concern for the other person.

I have graduated from Sacred Heart, and I know that there are quite a few malicious trouble-makers, and have been that way since they first attended school.

I doubt that this letter will stop the vandals, but I do hope it stops the parents, and makes them think of how this makes them look to the rest of the community. If you don't think you can stop your child, (you probably never did), and just let him (her) do what he (she) wanted; part of the blame rests on you for what happened this past week and past "events."

At the football game there seemed to be a bit of unsportsmanlike conduct on the playing field, and a hell of a lot more after the game. Rub it in, you've won, you had a great victory, but you still played dirty before the game.

My suggestion is to find the guilty parties involved in the destruction raids and make them pay for ALL damages; to the school, private individuals, and an open apology to the whole city of Lindsay. In turn I request Lindsay also ton "confer" and reimburse Sacred Heart for the damage inflicted. Let's stop this senseless destruction, before it gets us all into trouble.

**YOU CAN BANK ON IT!**

Two major reasons banks exist are 1) to protect your money, and 2) to lend money. This pertains to the latter reason.

Having the information necessary for a loan is relatively simple if you will prepare three things for the loan officer: a general financial statement, a projection and a personal financial statement.

The general financial statement applies to a business or a specific project and includes a balance sheet and an income and expense statement.

The projection is usually an estimate of future income and expenses. It also shows the banker that you have good goals and visions and a way of putting dreams into reality.

The third is the personal financial statement, a useful tool because it provides the banker with the information he's looking for to make his judgment upon.

For personal loans on cars, refrigerators and the like, the personal statement would certainly help speed the paper work.

If you need help making one up, come by. We'll be happy to assist you.

**Garden Club Hears Mrs. Clyde Bohls On Flower Design**

Mrs. Clyde Bohls of Gainesville presented a program on Basics of Flower Designs for the Muenster Garden Club Monday when she constructed five arrangements and discussed suitable containers. She explained mechanics and materials, principles of design, both American contemporary and modern. Mrs. Bohls gave a running commentary as she demonstrated.

The speaker, a widely known flower show judge and garden club member of

Gainesville, was accompanied by Mrs. Francis Leach, who showed a free-form arrangement she designed of dried materials and a figurine. All arrangements were displayed in shadow boxes located in front of the stone fireplace in the living room of the home of the hostess, Mrs. August Felderhoff.

Mrs. Paul Endres presided for the club's business meeting and gave the council report. Mrs. B. J. Swirczynski reported on progress at the Mini-Park.

Chairmen of the Youth Communication Speech Essay and Poster contest reported that names of winners of the

speech contest will be announced after the students are notified. Essay topic was "Concern for Nature Today Will Design Tomorrow." Over 20 entries were received. "Woodsy Owl" will be the topic for the poster contest. A required pilgrimage will be held on Wednesday, October 20, during a visit at the Experiment Station in Montague.

Mrs. King Koch was appointed the Club's Parliamentarian. A third vice president and membership chairman will be appointed later. The Garden Club will sponsor a Bridge Luncheon on Tuesday, October 26, with

lunch beginning at 11:30. Reservations must be made with Mrs. Paul Endres. Tickets are available for lunch \$2.00 and the tournament \$1.00. Deadline for reservations is early Monday morning, October 25. Mrs. Arthur Endres is chairman and Mrs. Paul Endres is her co-chairman.

The Fall convention of Texas Garden Clubs will be held in Ennis on November 9-10. "Tricks of the Trade", a program on Mechanics of Flower Arranging will be given at the Dallas Garden Center on November 1, 1 p.m.-5 p.m.

A program on Drying Flowers in an Electronic Oven will be given by Tulu Hickerson at the Cooke County Co-op Building next Wednesday, October 20.

The November meeting of the Muenster Garden Club will be in the home of Mrs. B. J. Swirczynski, for a Holiday Workshop. Members must bring their own containers and materials.

The hostess served a desert course to 11 members and 7 guests, Mrs. Robert McDaniel, Mrs. Enrique Juarez, Mrs. Rosa Driever, Mrs. James Roark, Mrs. Bruno Fleitman, Mrs. Bohls and Mrs. Leach. Mmes. Juarez and Roark were welcomed as new members.

**Tigers Have Open Date This Week, Cistercian Next**

While enjoying a let down in pressure due to an open date, the Sacred Heart Tigers have not let down in their practice schedule. They are spending the week polishing up their game for the upcoming big ones, starting with next week's homecoming encounter with Cistercian of Irving.

According to Coach Eddie Stock the boys showed lots of ability in their one sided win at Lindsay last week. Blocking was especially good enabling all of the runners to gain consistently, and they had a perfect record on just a few passing attempts. But there were mistakes, and they are getting attention this week.

Likewise defense was stout in holding the Knights to low yardage, and the team is working on new maneuvers to improve it.

Another plus factor is physical condition. Old injuries are healed and there were no new ones last week.

Cistercian is expected to have its usual strong team here for the clash. It has a 4-2 record including losses to Fort Worth Christian and Country Day School and a 24-14 win over Notre Dame of Wicnita Falls. Teams are about the same size except a big 200 pound back who is hard to stop.

### Orientation for 7th Grade

During the first six weeks of school the 7th grade class has been involved in an orientation program conducted by Mrs. Patsy Sloan, librarian, and Mr. Tom Fluker, counselor. The change from elementary school to junior high often creates much uncertainty for the students involved, and this has an adverse affect on the student's performance.

In the first two of the weekly hour meetings, the students were given information that affected them as junior high students. A question and answer period followed each session.

More attention recently has been focused on the improvement of study skills. This has been accomplished by the use of sound filmstrips. This four-part program included: Understanding Textbooks, Outlining and Taking Notes, Reading Graphs and Charts, and Reviewing and Taking Tests.

It is felt that the orientation program has been successful as evidenced by less confusion on the part of the 7th grade student and better grades for the first thirty day reporting period than in the past.

### Class Tour

The Vocational class of sophomores and juniors from Muenster High School toured the Muenster Enterprise plant Wednesday morning. They were accompanied by Charlie Hellman and Special Education teacher Phyllis Bush and Linda Westburg. Alvin Hartman conducted the tour and explained various phases of composition, typesetting, presswork and preparation of ad copy.

Balding tires soon may carry a verbal warning, for the unwary motorist. Dunlop Tire Company's experimental tire contains the word "stop" printed in red letters deep within the tread. When the tread wears so thin that the tires may fail to grip the road, the letters become visible.

**Muenster JV Wins 20-6 at Saint Jo**

On a cold, rainy night at Saint Jo last Thursday, Muenster's Junior Varsity Hornets turned back the junior Panthers 20-6.

It was mostly a game of steady plodding in which the MHS boys ground out three touchdown drives and were

threatening another when time ran out.

First one came on first possession, following the kickoff. The Hornets piled up some 75 yards in short gains and Kevin Klement finished the job with a ten yard crash.

TD No. 2 got started with a blocked punt by Greg Wilde. With about 45 to go, the Hor-

nets resumed the steady short gains to the 8 yard line, where David Felderhoff went in for the score.

Opening the second half Muenster received again and started moving again. The drive went 65 yards and Eddie Serna scored from the 1 yard line. It was followed by a pass from David Felderhoff to Pat Walterscheid, the

game's only successful try for bonus points.

Near the end the Panthers combined short gains with a pair of 15 yard penalties to gain from midfield to the 1, and scored on a halfback drive.

After that Muenster went to the air and moved down the field in a hurry. But not fast enough. It ran out of time with the ball on the 1.

**Auxiliary Fights Atheist Attempt To Ban Services**

District President, Mrs. Betty Rose of Lewisville, accompanied by Betty Guy of Denton, were special guests at the September 20 meeting of the VFW Auxiliary.

Mrs. Rose told members

that their dues must be paid by December 31 to maintain eligibility for Cancer insurance. She also urged the auxiliary to support Sunday church services on the air and stressed the need for many petitions to legislators, requesting their aid. Mrs. Rose said that Madelyn Murry O'Hair has secured 27,000 signed petitions to stop the broadcast

of all Sunday church services.

Reinstatement ritual was held for Dorothy Swirczynski and Rosemary Dankreiter. Nineteen members attended. Lou Voth won the door prize. Louise and Peggy Walterscheid served refreshments.

Mrs. Ethel Hesse, president of the auxiliary, conducted the meeting.

**Forestburg FFA Gets Organized**

During the business session, of the Forestburg FFA, Glynn Johnson, Gordon Griffin, Bryce Boyd, Russell Shears, Bruce Farmer, Tony Rains, Harold Maughans and Robert Bingham were raised to the degree of Greenhand by the chapter officers. Raised to the degree of chapter farmer in regular ceremonies was Chris Gresham. The meeting was held Monday October 4 with 21 members present.

Bryce Boyd won the creed contest judged by John Woods, Mich Holland and Steve Sandusky. He was presented with an official FFA pocketknife. Glynn Johnson was runner-up in the contest.

The meeting was adjourned with the regular closing ceremony; the refreshment committee served cold drinks and the program committee showed the movie "First Step".

**Fleitmanns Return From Three Weeks Visit in Canada**

Mr. and Mrs. J. W. Fleitman have returned from their second trip to Calgary, Alberta, Canada, to visit their son and daughter-in-law James and Merna Fleitman. Several years ago they traveled in their camper in five days; this time they flew from D-FW to the Calgary airport in five hours.

They were met at the airport by their son and wife, to visit in their home in Okatoks, 25 miles from Calgary, where they spent about three weeks.

Together they went sight-seeing in the mountains 70-80 miles distant and drove into the Big Ranch Country a number of times. In farming areas they saw fine cattle and bountiful grain fields.

They also visited in Wataskiwin, where their daughter-in-law's parents, Mr. and Mrs. Walter Feldberg live, about 150 miles north of Calgary. Wataskiwin is in the heart of a big agricultural area. While visiting the Feldbergs, Joe Fleitmann said he watched combines and an old threshing machine operating on the same farm — and said he even did some bundle pitching, just like old times. The Fleitmanns enjoyed a 6 day visit there, during the peak of the harvest season.

In Calgary, they were impressed with the amount of construction, especially in many new homes, all with full basements.

Commenting on winter weather in Calgary, Fleitmann said severest conditions are usually in January, when winter snow is frequently 6 ft. deep. The usual temperature then is 40 degrees below zero, some times 50 degrees below.

The Fleitmanns left here September 7 and returned September 25. Their son Paul took them to the airport and met them upon return. He had visited the same area during the summer and also attended the famous Calgary Stampede.

**Tiger JV Dumped  
 By Interceptions**

Sacred Heart's junior varsity  
 football game at Callisburg  
 last Thursday turned out to  
 be a comedy of errors in  
 which Wildcats won 12-6.  
 The game had sixteen turn-  
 overs plus a blocked kick and  
 two of the turnovers were  
 cashed in for immediate  
 touchdowns.

Callisburg was the victim  
 of 9 fumbles while SH lost  
 possession on 5 interceptions  
 and two fumbles. Two of the  
 interceptions spelled out doom  
 for the Tigers. Both were  
 stolen at the side where the  
 way to a touchdown was wide  
 open. Near the end of the  
 third quarter the ball was  
 returned 35 yards after inter-  
 ception. About midway in the  
 last period it was returned  
 from midfield.

Sacred Heart's only TD was  
 scored less than a minute  
 from the end. It was a screen  
 pass from Ken Hartman to  
 Jeff Hess and good for a 37  
 yard gain to the end zone.

Other features of the game  
 were a fairly even tussle, with  
 SH leading 7-5 in first downs,  
 and miserably cold, wet weather.

**YOU'RE PAYING MORE  
 FOR ELECTRICITY.  
 IT'S COSTING US MORE  
 TO PRODUCE IT.**

Texas Power & Light Company is concerned about both  
 sides of the coin.

You really need no reminders about your side. Electric  
 bills are higher these days and the fact that the costs of  
 almost everything are up doesn't reduce your concern  
 about your cost of electricity.

But, for just a moment, take a look at TP&L's side of the  
 coin... the higher costs of producing and supplying  
 electricity.

From 1974 to 1975, the cost of the fuels necessary to  
 operate generating plants increased more than 65%.

To counter the spiraling costs of natural gas and fuel oil,  
 TP&L is building new plants which use lower-cost lignite  
 coal and nuclear materials. In 1975, the Company's  
 construction costs totaled \$268 million... \$55 million  
 more than in 1974.

Costs of operation and maintenance of generating  
 plants, lines, trucks and other facilities and equipment  
 have also risen drastically in recent years and are  
 continuing to go up.

TP&L is working to keep the price of electricity as low as  
 possible, but as the costs of producing it go up we have  
 no choice but to ask our customers to pay a higher price.  
 It's the only way we can maintain the adequate supply of  
 power and the dependable service you expect.

Food is America's biggest business. The average American eats 1,500 pounds of food every year, according to the U.S. Department of Agriculture. Over 12 million people from retailers to wholesalers to shippers and farmers help us prepare our evening meals.

Beat the high cost of living. Go on a diet because of the food shortage and take a long walk because of the gasoline shortage. Your doctor will think this is a great idea, and you can also beat him out of the high cost of being sick.

**NOTES FROM THE LIBRARY**

by Mary Moster

All members of the Muenster Public Library Board were present at its initial fall meeting. President Bill Bedrick conducted the business with Mrs. Irene Hartman, secretary, and Mrs. Lillian Walterscheid, treasurer, giving their reports. Librarian Mrs. Mary Moster summarized the activities of the summer including the Summer Reading, The Story Hour, and the movie programs. She mentioned that a total of 628 books were added during the summer months. Of special interest was the summer months book circulation report. Total book circulation for the months of June, July, and August numbered 2,423 — bringing circulation for the first 8 months of 1976 to 4,733, which exceeds 1975 figures by over 1,000. Of most importance was the fact that the Library met the one criterion for membership in the Texas State Library Association which has been lacking. This requirement is that the library must have 10,000 volumes. In August of this year this number was reached.

In addition to the officers, Board members are Mrs. Mattie Endres, Mrs. Della Hellman, Arthur Endres, and Johnny Pagel.

Ken Felderhoff kicked an extra point with the clock reading 0:38. Half time count was 20-0.

SH started the second half with a bit of razzle dazzle. Joe Sicking took the kickoff at about the 20 and handed to Joe Bärtush for a reverse

play. The return went past the field to the Lindsay 48. Six plays, including a 15 yard pass from Bob Hartman to Dan Walterscheid, plus 10 free yards on offside penalties, made the distance. Sangster scored from the 4.

Following the next kickoff Sicking intercepted and put the Tigers in possession on Lindsay's 40. Nine plays were enough from there, Ken Felderhoff finished the drive

from the 5 yard line. A run for extra points failed. The score was 32-0 at 3:09 in the third quarter.

As the period ended another drive had just started at the SH 33. After two first downs a holding penalty almost stopped it but a fourth down pass by Hoedebeck to Ken Felderhoff from kick barely completed the 25 yard series at the 29. Eight plays from there Bob Hartman got to pay dirt from the 5. A run for bonus points failed. The score was 38-0.

Sicking's interception started the Tigers again on the mid-field stripe. Two plays gained 17, then came a 7 yard loss on a busted play plus two little and two big penalties. The flag throwing ended with SH way back to its 20.

Lindsay fumbled the kick that followed and Tigers were promptly back in possession on the 50. But not for long. Lindsay recovered a Tiger fumble three plays later.

Neu gained 18 to the 31 and Lindsay lost ground on its last series.

### National CDA Week to Feature Reception, Social

Plans and preparations are complete for observance of National Catholic Daughters of America Day and for a reception of new members at the 7 p.m. Sunday evening Mass, followed by a social hour in the meeting room of the Community Center. All members and husbands or guest are invited and urged to attend.

Also completed during the regular October meeting were plans for the organization's annual pre-holiday bake sale on Saturday, November 20, in the KC Hall. The committee in charge includes Mrs. Marge Schmitt, Miss Dorothy Bengfort, Mrs. Joe Hess and Mrs. Hugo Lutkenhaus.

Mrs. Bill Lutkenhaus, regent, conducted the business meeting. Members heard a report from the national secretary-treasurer Margaret McKearney about changes and recommendations for the CDA constitution, also that \$500 was contributed for the Colorado flood disaster from nationally CDA headquarters. The local court donated \$10 to the Southern Nevada Epilepsy Association in memory of the 18 year old son of the state regent of Nevada.

Members were urged to attend the NCCW Diocesan Convention in Muenster on Oct. 14.

A card of thanks was received from the Paul Hess family. A bill was paid for notions and fabric needed for baptismal dresses. A motion to increase dues to \$5 annually was tabled. The raise became necessary when per capita tax was increased. Members are urged to attend the November 11 meeting for further discussion.

Refreshments were served following close of the meeting, by Mmes. Arnold Knabe, Harold Knabe and Tony Hess.

the alertness of Ford's campaign people.

Still another matter involved here is the familiarity of each candidate with foreign affairs. Carter reveals his lack of knowledge on the subject when he indicates he does not know what has been happening in Chile.

**Top Democrats of Texas** are criticizing the Reverend Criswell of Dallas for his endorsement of Ford in the political race. They say he's out of line in mixing religion and politics. But is he? The principle of keeping the two separate applies to denominations rather than religion in general, or fundamental morality. In this case the good minister speaks for all denominations and creeds in saying that a candidate who puts himself on the Playboy level is not qualified to be the nation's leader.

### Walter Families To Have Reunion

Descendants of the late Mr. and Mrs. John Walter are beginning to gather with home-folks here for a family reunion Sunday.

First to arrive were Mr. and Mrs. Alfred Walter of Honolulu, Hawaii, who have been on an extended vacation here since early in September. They arrived in Gainesville on October 8 to visit his brother and wife, the Joe Walters and are presently the houseguests of a sister, Mrs. Rose Hofbauer.

Other guests are Mrs. Charles Everette, of Olney, Illinois, (she's the former Sylvia Walter) and her son and daughter-in-law, Mr. and Mrs. Bill Everette and Anthony; also Sylvia's daughter, Mrs. Peggy Long.

All family members are expected to arrive for the family reunion Sunday.
