

# MUENSTER ENTERPRISE

VOLUME XXXVIII

MUENSTER, COOKE COUNTY, TEXAS 76252 JANUARY 18, 1974

NUMBER 9

According to one of the old sayings, necessity is the mother of invention. It offers a strong encouragement, even an assurance, that this energy crisis will bring forth good ideas enabling us to use our scarce fuel supply more efficiently. Or perhaps it will provide the inducement to develop inventions which until now have been stifled by our affluence.

Occasionally over past years reports have appeared about remarkable improvements in car engines capable of outdoing all present cars in mileage per gallon. It might have been an attachment to the conventional engine, or a change of design, or a complete new principle. But all those reports just faded away. Sometimes we would hear that average car buyers prefer speed and performance over economy, especially since fuel prices are low anyway. Or someone would say that car and oil companies are in cahoots to suppress the idea — one to avoid the cost of expensive plant changes, the other to keep a market for its abundant product.

A comparatively new report of that kind is currently cooking at Flower Mound, a little community near Denton. In 1971 Richard Clem patented a machine which he calls a non-combustible hydraulic rotary engine. It does not burn fuel but needs eight gallons of cooking oil which does not need to be replaced for 150,000 miles.

Frankly, this column is baffled by the report. It cannot accept the claim that no fuel is needed. Laws of physics tell us that fuel or energy of some kind is needed to produce power. There's mention of a 12-volt battery, a generator and a starter, but only as a means of starting the machine. So, the source of power is a mystery.

However, the significant point in Clem's claim is that he has used the machine to power a car and got fine results. "I know it will go over 100 m.p.h. It may go over 200 or 300, but since the car is designed so light, I've had to cut the power." Obviously he has something.

Engineers seem to be agreed. They estimate that the machine can develop 300 h.p. The US Patent Office has issued a patent for it. An organization of inventors and scientists also believe in it. A Taiwan company is thinking of manufacturing it. Whether or not it will go on the market remains to be seen.

One thing is very likely, however. This invention is just one of dozens of ideas that will come to the front during the energy crisis. And in the process of elimination we can be confident that the country will emerge with more efficient cars than it has ever had.

After all, that ought to be our primary goal now. We've learned from sad experience that our own wastefulness is the cause of our trouble, which really involves a lot more than just comfort, convenience and money. This limits our military potential and our international bargaining power. Because of it we're subject to blackmail by unscrupulous world powers and we'd be dangerously handicapped in case of war.

A recently released column by Phyllis Schlafly suggests handling our energy crisis according to the free enterprise system instead of bureaucracy. She observed that the beef shortage which shook up the country a few months ago, vanished shortly after the supply-demand system came back into play. In the same manner she would expect the fuel problem to level off if prices are allowed to seek their own level.

Because the shortage already exists, Mrs. Schlafly thinks there ought to be special conservation efforts like reduced thermostat setting, car pools, reduced speed and elimination of unnecessary trips. That way we'll get more out of the limited supply on hand. But a free pricing system as opposed to government interference is the long range solution.

For a while the policy would force prices up, but the higher price would have a tendency to reduce consumption. Meanwhile the price would stimulate exploration and production which eventually would attain a balance and bring competition back into the market.

(Continued on Page 10)

## Muenster Drivers Warned to Heed Stop, Yield Signs

City Policeman James McDonald said this week that the Muenster Police Department will strictly enforce the Stop and Yield signs on city streets. Officers will issue traffic summonses to any person whom they observe failing to stop for a Stop sign, or failing to yield right of way to approaching vehicles at a yield sign. There will be no warning summons issued.

To clarify the matter McDonald quoted from Article VIII, Section 73 of the Texas Motor Vehicle Traffic Laws. "Except when directed to proceed by a police officer or traffic control signal, every driver of a vehicle approaching a Stop sign, shall stop as required by Subsection (b) of Section 91A, and after having stopped shall yield the right-of-way to any vehicle which had entered the intersection from another highway or which is approaching so closely on said highway as to constitute an immediate hazard during the time when such driver is moving across or within the intersection.

"The driver of a vehicle approaching a Yield sign shall, in obedience to such sign, slow down to a speed reasonable for the existing condition and shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection. Provided, however, that if a driver is involved in a collision with a vehicle in the intersection after driving past a Yield sign without stopping, such collision shall be deemed prima facie evidence of his failure to yield right-of-way.

## Muenster Hi Teams Split with Frisco

MHS Hornets took their end of a double header with Frisco Tuesday night but the Hornets were clobbered by the defending district champs who currently lead the loop with a perfect record.

The first game was no contest as the Coon femmes led 14-1, 30-4 and 48-14 through three quarters. With Frisco reserves playing in the fourth, Muenster trimmed the margin slightly for the final score of 59-31. Muenster scorers were Debbie Schneider 14, Sandy Dittfurth 12, Becky Fields 5.

The Hornets were in control all the way by scores of 13-10, 29-20, 45-36 and finally 55-48. Their highest lead was 11 points. Scorers were Lyle Klement and Tim Felderhoff, each 14, Randy Wolf 12, Ronnie Felderhoff 11, Curtis Klement 4.

In this game and also that with Nocona last Friday the Hornets were going without their top scorer, Robert Johnson. He is wearing a cast for a fractured ankle and will be lost to the team for the rest of the season.

MHS girls now have a 14-A standing of 3-4 and the boys a standing of 3-2.

## '73 Was Second Wettest On Local Rain Record

With a rain measure of 46.16 inches, which was about twelve inches over the normal total of some 34 inches, the past year was the second wettest since a rain record was started here in 1946. It was topped only by 1957 which had the huge total of 51.80 inches.

The total contrasts sharply with last year's, which was fourth driest on the local record with a measure of 25.19, almost 10 inches below normal.

## Muenster Jaycees Host Jan. 24 for Area Orientation

Muenster Jaycees will have lots to talk about when they gather next Thursday night, Jan. 24, for a special orientation meeting observing National Jaycee Week.

Along with a long list of projects from last year, they can discuss their two new city park jobs of clearing land and starting drawings for a pavilion.

Roger Taylor, president, said that other clubs of the area are invited here for the special orientation meeting which is intended principally to get new members familiar with the Jaycee program. Willie Fisher will direct the program and a guest speaker will head it.

The land clearing got under way Tuesday morning on the area across the creek from the park. Brush and unwanted trees were cleared by bulldozer. Next the area and the creek will be shaped up and cleaned up as for carpet grass.

Drawings for the pavilion, which will be located in the area between swim pool and tennis court, are starting now. When finished they are subject to membership approval before construction bids are invited.

## City Gets \$4,924 In Revenue Sharing

Another revenue sharing check, in the amount of \$4,924, was received last week by the City of Muenster. According to City Secretary Celine Dittfurth, this is the fifth check since the payments started in January last year, and apparently it is the second of the government's current fiscal year which started in July.

It is the second check for \$4,924, the other coming in October, and apparently two more of the amount are coming. If so, the total amount for the fiscal year will be slightly less this year. The three checks received in January, April and July last year added to \$20,831, whereas four checks of the size just received would come to \$19,696.

## Kit Carson Asks Return to Office

E. F. (Kit) Carson has authorized the Enterprise to announce this week that he is a candidate for reelection as Cooke County school superintendent in the coming election.

His formal statement to county voters will be published in a future edition of the Enterprise.

## A. J. Tuggle Quits Garage Business

Muenster is losing a business as A. J. Tuggle announces closing of his garage on account of health reasons involving allergies.

He has operated the business on East Highway 82 there the past five years.

In making the announcement this week he expressed thanks for patronage, pleasant dealings and friendships.

A good supervisor is one who knows how to step on your toes without messing up your shine.

## Stockholders of Bank Hear Report On '73 Progress

Stockholders of Muenster State Bank at their annual meeting on January 8 heard reports of another good year reflecting growth of the capital structure as well as an increased volume of business.

President Herbert Meurer told the group that in spite of fluctuations in the economy, the bank increased its reserves sufficiently to strengthen its capital account. He also pointed out that the bank reached an all time high in deposits in December — due to continued steady increase of business and to inflation. Likewise, the loan limit has been increased to better serve the credit needs of the community. Meurer said that the State Banking Department has allowed the bank to make larger loans than it has made before.

Also at the meeting the bank continued its custom of paying dividends to the stockholders. During its 50 year history, through lean and good times, the bank has not failed to pay its annual dividend.

J. M. Weinzapfel, who has served the bank since its founding in 1923, asked to be retired as an active officer of the bank. Directors accepted his request but asked him to remain as a consultant.

Other officers were re-elected as follows: Herbert Meurer, president; Earl Fisher, executive vice-president; Henry Weinzapfel, vice-president; John David Meurer, cashier.

## Jaycees Start Plans for Annual Enduro Races

Muenster Jaycees announced this week that they are accepting entries to their second annual Red River Enduro to be held on Sunday, March 24, on the Harris farm at Bulcher.

The event will be held in five classes. The first is 100cc and under; then 101-175cc; next 176-250cc, and over 250cc. The other is the powder puff race. Three trophies are to be awarded in each class and another trophy will be given to the over-all best rider. The course will be 50 miles or more over the rough Red River country at Bulcher and all classes will run the full distance of the course.

Fee for entry is \$10 per person if submitted on or before March 14. After that the fee will be \$15. Along with their fee the riders under 18 will be required to have a notarized permit from parent or guardian indicating permission to participate.

Persons wishing to enter or get additional information are asked to contact Jim Endres, chairman.

Concessions and overnight camping facilities will be available at the Enduro site. Admission charge for spectators will be \$1.00.

## Library Board Has Officer Election

Muenster Public Library Board held annual election of officers at its January 10 meeting.

Albert Lippe was reelected president and Miss Sylvia Hofbauer was reelected secretary.

Dennis Hess, a new board member, is new vice president succeeding Charles Bayer and Bill Bedrick, new member, is treasurer succeeding Mrs. Alvin Hartman. Mrs. Leonard Endres, a new board member, was named reporter. Other board members are Mrs. Loyd Trubenbach and Leonard Reiter. Joe Felderhoff, Bayer, and Mrs. Hartman are retiring members.

Mrs. Joe Luke, librarian, is preparing her annual report for presentation at the board's next meeting.

The board discussed ways to improve the library and welcome suggestions.

## Ten Year Moisture Record

Yr.	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total
'63	.10	.40	1.19	4.29	4.69	.87	2.37	.66	.83	.92	2.67	2.20	21.32
'64	2.59	.91	3.98	3.53	4.61	.64	.06	3.24	11.12	.01	9.92	.95	41.56
'65	2.68	2.54	.99	1.42	7.52	4.10	.18	5.29	6.99	3.03	1.45	1.49	37.68
'66	2.50	4.55	1.83	8.43	2.30	3.57	1.54	6.94	4.58	.67	.63	1.47	37.51
'67	.15	.87	1.46	3.82	7.92	1.52	2.02	1.16	4.25	2.00	.96	1.70	27.82
'68	4.67	1.71	5.36	4.68	5.93	5.20	5.21	.81	2.76	3.31	2.63	1.29	43.56

'73	3.38	2.26	3.46	4.57	5.27	5.07	8.91	.16	4.70	4.69	3.06	.63	46.16

## Hospital Receives \$1,954 in State Antitrust Suit

The \$1,954.20 check Attorney General John Hill mailed to Muenster Memorial Hospital was that hospital's share of a total of \$1,707,084.80 Hill distributed to administrators of 145 Texas hospitals as their individual settlements in the State of Texas' antitrust suit against manufacturers of broad spectrum antibiotics.

The payment of the \$1,707,084.80 by the Chas. Pfizer & Co. to the hospitals was the third phase of payment to Texas health and hospital facilities as a result of the settlement of the Pfizer segment of the antitrust suit by Texas and the other 49 states in the Federal District Court, Southern District of New York.

The Attorney General's office already has distributed \$1.9 million in checks to individual consumers, as well as \$487,602 to State health centers and eleemosynary institutions. Settlement of the antitrust suit as it relates to other manufacturers of broad spectrum antibiotics is still pending.

## Mrs. Dan Luke Is Program Speaker For Garden Club

Muenster Garden Club's January meeting Monday night featured a program on "Potted Plants in the Home" with Mrs. Dan Luke, owner of Fowers by Dolores, as speaker.

She listed the ten basic points in general care of all house plants and emphasized the special care of unusual plants.

Mrs. Luke displayed a variety of both blooming and foliage plants and answered questions in an informal discussion in which all members participated.

Mrs. John Mosman presided and led a discussion on flower arrangements using two table centerpieces brought by Mrs. Steve Moser and Mrs. Albert Stoffels. Mrs. Moser used begonias with foliage and blossoms designed in a triangular shape and Mrs. Stoffels used dried materials in modernistic tones of brown and black in a black wrought iron container with two matching candle holders.

Several members discussed plans to attend a demonstration of table arrangements in Gainesville at Whaley Memorial Methodist Church on January 17.

Mrs. Paul Endres reported on the county council meeting she and Mmes. Mosman, Arthur Endres and Howard Houtchens attended in Gainesville.

Mrs. Alvin Fuhrman, cemetery chairman, presented her report and Mrs. Arthur Endres discussed plans for cemetery beautification over a period of years.

Mrs. Houtchens, flower show chairman, announced tentative dates of the club's annual flower show for either May 25 or June 8.

Members made plans to participate in a Valentine party at Hillcrest Manor Nursing Home on Feb. 13.

Arbor Day will be observed on Friday, Jan. 18, by the club when two red bud trees will be planted at City Park. And flowering shrubs will be replaced in the memorial area of the Ball Park.

Mrs. Mosman asked that a search be made for the club's missing or misplaced Scrapbook, a collection of many years of work. If anyone knows where it has been stored the club will appreciate a call.

Winners in prizes offered by Mrs. Dan Luke were Mrs. Roger Taylor, Mrs. Arthur Endres and Mrs. R. N. Fette.

Mrs. Harold Flusche and Mrs. Roger Taylor were co-hostesses in the TP&L community room. They served refreshments to 17 members and one guest, Mrs. John Otto.

Next month's meeting, Feb. 11, will feature a program on "A World of Song: Birds" by Mrs. P. C. Wylie, Soil Conservation Society of America, Gainesville. Mrs. John Mosman will be hostess in her home with Sister Mary John Seyler as co-hostess.

## Paper Drive Saturday

SHH seniors will conduct a scrap paper drive Saturday, Jan. 19, beginning at 1 p.m. Persons with paper to give are asked to have it boxed or corded and out at the curb for quick pickup. Those who are unable to get their paper out may call 759-2968.

## Garbage Pickup Begins Monday

The city's mandatory garbage and trash collection service will begin next Monday and will make two stops weekly at all homes and business places in town.

Steve Moser, city superintendent, said that there will be an east and a west route, with Oak Street to be the dividing line. Stops on Oak and the streets east of Oak are booked for Monday and Thursday, and stops west of the street will be on Tuesday and Friday. People are urged to keep the schedule in mind so they can get their bags to the front curb for pickup.

Bags were distributed around town Tuesday, each home receiving 52 which will be enough for a half year. The

## Low Losses for Year Reported by Muenster Mutual

One of the better years in the history of Muenster Mutual Fire Insurance Association was reported Monday at the 80th annual general meeting of the organization.

Ed Endres, secretary, told some 35 representatives of five districts that total losses from fire, lightning, hail and storm amounted to \$18,391.03 and other operating expenses such as salaries, travel, supplies, postage, etc., upped the total cost of operation to \$26,787.44. That is less than half of the previous year's all time high of \$56,327.42.

Total insurance cost per \$100 of insurance valuation was 19 cents, as compared with 43.5 cents for the year 1972. The lowest cost in the mutual's history was 12 cents per \$100 in 1971. Other costs of recent years were 15.5 cents in 1970, 15 cents in 1969 and 26 cents in 1968.

For the first time in many years, the election of directors was different this time. Al Hess, who has been a director of the mutual since 1962 and president since 1968 resigned from the board. Delegates elected Al Walter to succeed him and re-elected the other directors. After that the directors elected their officers as follows: J. A. Klement, president; Al Fleitman, vice-president; Ed Endres, secretary; Victor Hartman, treasurer; Al Walter, director.

Total income for the year was \$62,241.43 which is more than twice the organization's expenditure. The favorable balance enabled the mutual's assets to gain by \$35,453.99 for the year. Total assets now are \$258,226.46, which is slightly below the 2 percent of total insured valuation as recommended by the state insurance commission.

Sources of revenue for the year were \$44,920.33 on assessments of 35 cents per \$100 of insurance, also \$12,032.18 on interest from investments, \$5,238.92 from premiums and \$50.00 from NAMIC refund.

Hail and storm damage accounted for the greater part of last year's insurance claims. That applies especially to the hailstorm which wiped out property and did extensive property damage in an area south of Muenster, Myra and Lindsay. Total storm and hail losses were \$9,535.11. Fire and lightning losses were \$8,855.92. The greater part of that amount was for \$4,997.88, which was the year's only loss of a house. It was owned by C. F. Pepper of Electra.

Total membership now stands at 918, a gain of 39 for the past year, and the total number of policies is 1147, a gain of 37 for the year. Total insurance is \$14,070,251, a gain of \$1,043,085 for the year.

Hoping to bring their reserve up to the 2 percent ratio, the delegates voted to continue their 35 cent assessment for another year. Under conditions that prevailed last year and in many other past years, that will be enough to reach the goal. And in case of a bad year, it will likely be plenty to allow operating in the black.

Delegates at the meeting represented districts of Muenster, Lindsay, Valley View, Windthorst and Electra.

bags are free, and a limited number of additional bags will also be free to the larger volume customers. For each 35 cents over the minimum charge of \$2.50 per month, the customer is entitled to one extra bag per month. And if more are needed they are available at 15 cents each.

Moster said that some static was encountered when the bags were distributed. A few insisted that they do not need that much service and can't afford it, so they refuse to participate. Some others thought the service is a bargain, cheaper than hauling their own trash.

Moster explains that the service is badly needed because of ecological problems with the present city dump and it is possible only when all are participating. The city is aware of some hardship cases, however, and is presently considering a way to help those who can't pay the minimum.

He also said that special consideration will be shown to sick people who can't carry bags to the curb. If those people will call, arrangements will be made to pick up at the door. Likewise special calls are urged if people want to get rid of bulky items, like tree limbs or old pieces of furniture.

Assuming that there will be delays and problems at the start, the city is not charging for service during the rest of this month. The charge begins in February and first billing will be with the March water and sewer bills.

## Scouts Will Sell Holders, Stands For Garbage Bags

Muenster Boy Scouts at their Monday night meeting took on the project of selling holders and stands to hold garbage bags while they are being filled for pickup.

Mayor David Bright said this week that the holders are not essential and people will not be required to use them. However, using them is neater and more convenient. Rather than just stand a bag on the floor, the holder will keep it securely off the floor until taken out and deposited at the curb for pickup. The holder with lid, which costs \$10, can be attached to a wall. Or it can be mounted on the special stand, which costs \$5.

The Scouts will start their sales drive Saturday morning and will be working in four teams. They will have the holders and stands with them, demonstrate the arrangement and deliver as they make their sales. All sales are cash. There will be no charges.

## Frisco Will Host 14-A All District Football Banquet

Something new on the athletic and social calendar of District 14-A is a football banquet honoring its all-district selections. It will be hosted by Frisco High School, Saturday, January 26 at 7 p.m. in the school's gym.

## Prayer Day to Be Held Jan. 22 in Forestburg Church

FORESTBURG — United Methodist Women of United Methodist Church of Forestburg will hold one of their most important annual observances on Tuesday, Jan. 22 — The Call to Prayer and Self-Denial.

The Call, inspired by special mission needs, focuses on prayer, a deepened spiritual life, and a guided mission study. About 1.5 million women in 35,000 local units in all 50 states will join in the observance.

The day-long program will begin at 10:30 a.m. in Forestburg United Methodist Church, reports Alice Shears, spiritual life chairman.

Major events of the observance include an interpretation of the mission projects in the United States and abroad for which a special offering will be made. Each woman who takes part is asked to give for others by denying herself, and to cultivate through prayer a spiritual oneness with planners, mission workers, and those served in church-related ministries.

In the United States the offering will be used for "Ministries to Young Children and Teen-Agers." Through this Christian service the needs of many young lives will be met in community centers, schools, homes, career developing pro-

grams, and day care. Health, meaning and purposefulness will be brought into some young lives where special approaches will be used to reach neglected, mistreated or hostile children and teen-agers.

Overseas the offering will be directed toward "Ministries and Movements for Peace and Justice."

## Open House Set Jan. 27 to Honor Willie Orrells

FORESTBURG — Children of Mr. and Mrs. Willie Orrell will help them celebrate their golden wedding anniversary by hosting an open house reunion of relatives and friends on Jan. 27 at Forestburg Community Center from 2 to 5 p.m.

Elizabeth Lanier and Willie Orrell were married Jan. 31, 1924. She grew up in Uz and Sunset communities and attended schools there. He attended Hunter School near Rosston and later Forestburg School.

After their marriage they resided on a farm west of Forestburg until 1957 when they moved to Alvord. In 1960 they returned to Forestburg to stay and in 1965 built their present home.

They have four children: Norma Morby of Rosston, Bill (Buster) Orrell of Kirkland, Wash., Leo Orrell of Texarkana, and Jerry Orrell of Forestburg, and 12 grandchildren.

Relatives and friends are invited to join in celebrating this special occasion.

It takes 10 inches of snow to equal an inch of rain.

What this country needs is a good five-cent bumper sticker remover.

## Forestburg News

By Myrt Denham

FORESTBURG — Upon gathering the news for this column one of my helpers told me that one of our young local men is entering into politics. Harold "Red" Freeman is going to run for state representative against Joe Hanna. Harold is the son of our Commissioner Blake Freeman and wife Velma.

Mr. and Mrs. Ted Jackson and Mrs. Decie Ellzey attended the regular meeting of the Saint Jo Chapter of the Eastern Star Tuesday night Jan. 8. Decie says they had a lovely evening and after the meeting they enjoyed a most delicious salad supper. Then on Friday night Jan. 11 these same three brave souls ventured out in the cold to attend the Eastern Star meeting at Greenwood.

The United Methodist Women had their first meeting of the new year Monday afternoon Jan. 7 in the home of Mrs. Homer (Alice) Shears. Others attending the meeting were Mrs. Ross (Lucille) Littell, Mrs. Ted Jackson, Mrs. Dave Roberts, Miss Ruth Smith, Mrs. Vera Mae McGee, and Mrs. Decie Ellzey. Mrs. Ross Littell is our president for the new year and Mrs. Edith Self is vice-president.

Wylie Edwards, Dewey, now takes wife Mary to work at the Nocona Boot Factory. He also stays to take her home every evening. You see Wylie has decided that he would go to work there also. Guess it beats cutting wood and plowing in this cold weather.

Leaving Wednesday, Jan. 9, for Arizona were Mary Lou McCandless and Becky Blassingame. They are taking home one of Cecil McCandless' aunts. Sure hope they make it there and back safe and sound. Lots of bad weather between here and there. However, Mary Lou is a top-notch driver.

The Boy Scouts had their meeting Wednesday afternoon Jan. 9. They decided to cancel the paper drive they were planning. After checking over in Bowie they found out it would cost them more to pick up the papers than they would get for them.

Cleo Lanier also said the 4-H meeting was called off last week due to the weather.

Every once in awhile my husband comes home somewhat late from his duties as mail carrier. I naturally get a little anxious — fearing he may have fallen thru that Rosston Road Bridge or sunk out of sight in one of the chugholes. I called one of my spotters, Mrs. John (Gene) Links. On one such day recently I called Gene. Upon asking her if she had been sleeping she inquired what sleep was. Seems their car horn started honking after midnight and Gene had to get up four times to do whatever needed doing to stop it from honking. Gene says the weather has to be 25 degrees or below before it will do this and it usually won't act up in the day. If John didn't have the problem solved, bet Gene has been hitting that floor pretty regular here lately. Maybe day and night both.

Now news concerning the sick in the area — those we know about.

Mrs. Bill (Beverly) Scott is a patient in the Bowie Hospital. We are told she has pneumonia.

Roxie Dunn is now back at her home in the Burg. Husband Meb and Rex Anderson drove down to Dallas Wednesday, Jan. 9, to pick her up. We hear Meb is now nursing a real bad cold.

We are told that Mrs. Jack (Sybil) Miller was a patient in a Fort Worth hospital recently. Reports are that Sybil may have to undergo surgery before long.

Web Reynolds took wife Millie to see her doctor in Wichita Falls Friday, Jan. 11. The doctor put Millie in the Bethania Hospital there for a few days.

"Miss Mollie" Howell was released from the Bowie hospital Monday, Jan. 6. Mollie is convalescing in the home of her dear friends, the Virg Greenwoods.

Roe Sledge had his surgery Tuesday, Jan. 8, in the Bowie Hospital. He is up and around — doing okay and slowly taking over the hospital.

Lester W. Boyd, Sr., was dismissed from the Bowie Hospital Saturday, Jan. 12. He is back home and doing as well as can be expected.

Just before Christmas I mentioned something in one of my columns about "boxer day." I also said I would give an explanation. When my husband was stationed in England during World War II the English people celebrated this day the day after Christmas and it was a holiday. It was given to the people to box up all their unwanted or needless gifts and go exchange them. However, recently Murphy Martin mentioned boxer day on one of his Channel 8 newscasts and he said it was the day after Christmas when people boxed up money and presented it to their mailman as gifts. Well, I really have to go along with my husband's version of the day and say it is the correct one — for he has never seen any gift boxed money yet.

Now for some of the comings and goings in the area:

Mr. and Mrs. Ross Littell, Stoney Point, visited with the Allen Taylors over Sunset way recently.

Mr. and Mrs. Billy Mitchell, Irving, visited rs. Eula Belle Boyd the weekend of Jan. 5. Mrs. Mitchell is the former Bobbie Boyd.

Mr. and Mrs. Gary Brewers, Weatherford, Okla., visited his parents the Elmo Brewers, Dewey, the weekend of Jan. 5.

Mrs. Shezda Scott and Laton of Buffalo Springs visited Mrs. Linnie Bell, Jan. 6. Shezda is Linnie's daughter.

Ruby Brashear and Tina Brewer of Sunset visited Myrtle McMillion Friday, Jan. 11. Miss Myrtle is still staying close to home after her recent release from the Bowie hospital.

Mr. and Mrs. Johnny Moseley and twins of Bridgeport visited Johnny's folks, the Doe Moseleys, Sunday, Jan. 6. Bet Doe and Wilma are proud and happy grandparents.

Mr. Johnny Lewis, Fort Worth, visited his grandmother Mrs. Elizabeth Bridwell Sunday, Jan. 6.

Mr. Tommy Smith, Fort Worth, visited his mother, Mrs. Nelline Newsome and also Ben Jones, Sunday, Jan. 6.

Mr. and Mrs. Eldon Huckaby and daughter of Houston visited his parents the Glen Huckabys the weekend of Jan. 5. They also attended the Jerry Barnett funeral. Brenda Huckaby and Jerry were cousins. Brenda and daughter remained here a few days visiting with the Boyd L. Barnetts. She and daughter returned to Houston Friday, Jan. 11.

The 42 party folks met in

the home of the Barney Brogans Thursday night, Jan. 10. They were few in number but they made up for it with the good time they had. Those coming to the party were Frances Brewer, Decie Ellzey, and Blake and Velma Freeman.

There seems to be an outbreak of birthdays in the area lately. Howard Sockwell had his 49th-plus on Monday, Jan. 7. He and Marion motored to Denton for the day and that evening they had a family supper honoring Howard in the home of their daughter Mrs. Bill (Joyce) Kenas.

I would like to take this opportunity to introduce Howard Sockwell to the community — after about 14 years. Many people hereabouts have heard of Howard but have never seen him — and you won't either unless you go out to his place or see him on rare occasions at one of the community functions or at church.

You won't see him on the Mercy Bench, or at one of the local gossip counters or hanging around one of the stations waiting for something to be repaired. Howard has the rare gift of being able to do about anything, and he does it — mechanic, carpenter, welder, veterinarian — you name it. Not only can Howard do just about anything, but he really enjoys work and is happiest when he is working. He is not the "bull in the china closet type" worker either — he is efficient and get things done. He has built all sorts of clever devices to help him in his

work. I have never seen a place fixed up more efficiently for raising and handling cattle. He must have something on the ball as he is not like most of us that have an outside job or a salaried wife to keep his ranch operation going.

Another birthday child was Mrs. A. G. (Gladys) Barclay. Your writer and husband honored her with a turkey supper and all the fixings on the day, Jan. 8. Gladys did tell me her age but since she is such a nice and such a pretty woman I will keep her secret. Asked her what friend husband gave her for the occasion — she replied, "gloves and candy." I wanted to know if they were work or dress gloves, and she said, "work gloves — I have

no need for dress gloves." If you have noticed a new tower up on the Stoney Point ridge near the Micro Wave tower on Ross Littell's place — it is an oil derrick. The latest report is that they are down about 4200 feet. Maybe this energy shortage will get ole Montague County back in the oil business again.

Several men in the community have hired "South of the Border" help here of late since the acute labor shortage. The trouble with this kind of help though is when the weather gets real cold, they are usually "South of the Border."

The man who won't loan money isn't going to have many friends . . . or need them.

**Twins Christened In Joint Service**

Infant twins, Scott Daniel and Melanie Ann Wilde, son and daughter of Mr. and Mrs. Dan Wilde, were christened Sunday, Jan. 6, in a joint service conducted by Father Stephen Eckart in Sacred

Heart Church at 3 p.m. Attending as godparents for their nephew were Mr. and Mrs. Chris Cain, and for their niece, Mr. and Mrs. Mike Sturm of Gainesville. Others present included the parents, grandparents Mr. and Mrs. F. D. McMichael of Gainesville and Mr. and Mrs.

Ray Wilde, great-grandparents John Schmitz and Mrs. Joe Wilde, and David McMichael of Gainesville and Tina, Greg and Renee Wilde. Afterward the young parents were hosts in their home for a christening party with refreshments.

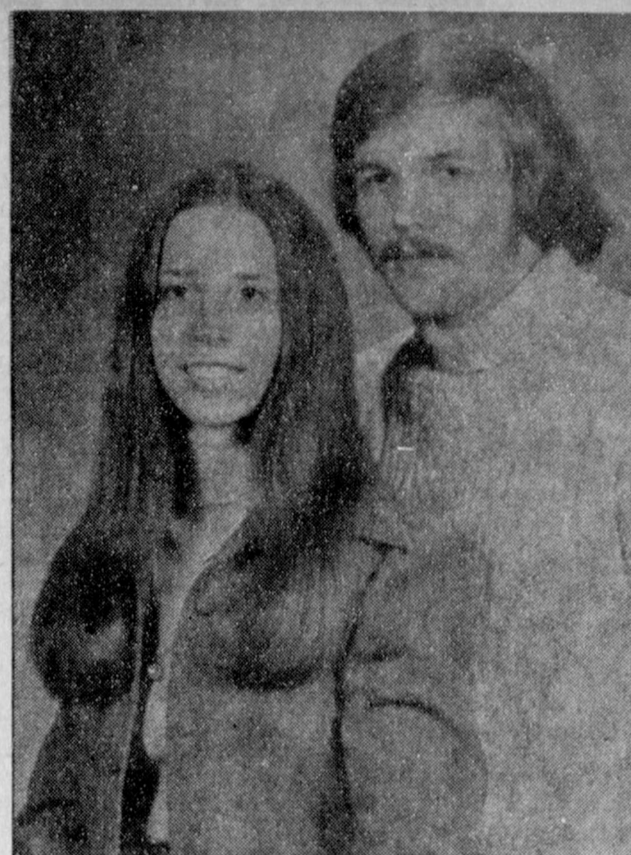

pound steer ready for the food locker. And there were seven winners of lesser prizes. Becky Davidson and Ray Vogel each received a Kodak X15K camera. Julia Cunningham, Jerome Pagel, Al Wiesman and Curtis Klement each received a Udico electric can opener. And Mrs. Theresa Moser received 10,000 S&H Green Stamps.

**Local Registrants Are Winners In Hesperian Drawing**

Muenster was well represented Friday afternoon at a drawing for 58 free prizes held in connection with Hesperian Savings' "Welcome '74 Celebration."

Ray Swirczynski was winner of the top prize, a 400-500

Ed Wright, president of Hesperian presided at the drawing and announced winners in the grand finale of the celebration which has been marked by daily drawings for Green Stamps since January 2. Among the daily winners were Harold Lutkenhaus and Kenneth Selby of Muenster. Each received 10,000 stamps.

**Denise Walterscheid, Fred Fuhrmann Will Marry in SH Church February 15**

Mr. and Mrs. Denis Walterscheid have announced the engagement and approaching marriage of their daughter Denise Marie and Fred Fuhrmann, son of Mr. and Mrs. Val Fuhrmann.

The wedding is planned for Friday, Feb. 15, at 7 p.m. in Sacred Heart Church with Father Stephen Eckart officiating.

The future bride and groom are both graduates of Sacred Heart High School and attended Cooke County Junior College. He is employed at Jones & Laughlin in Gainesville. They plan to make their home in Muenster.

Chosen as the bride's attendants are her twin sister Darlene, Mrs. Bill Bartush, matron of honor, another sister Miss Debbie Walterscheid, maid of honor, the groom's sister Miss Nanci Fuhrmann and the bride's cousin Miss Beverly Walterscheid, bridesmaids. Jennifer Fuhrmann, niece of the groom, will be flower girl.

Attending the groom will be Andy Knabe, best man, Jim Fuhrmann, Bill Bartush and Bruce Fuhrmann, brothers of the couple, groomsmen.

Mrs. Ed Hess returned to Muenster early Sunday after spending a week with her son Richard Hess and family in El Toro, Calif. Her daughter-in-law is critically ill and her mother and other family members arrived this week from Hawaii to attend her bedside and stay with the couple's four children. Meeting Mrs. Hess on her return to Love Field were her daughters Mrs. Ted Henschel, Mrs. Jerry Hennigan and Mrs. Marilyn Swirczynski.

**Downtown Parade Jan. 25 Will Open F. W. Stock Show**

Gas buggies give way to hay burners at 2 p.m. Friday, Jan. 25, in downtown Fort Worth as the "World's Largest All-Western Parade" signals the beginning of the 78th annual Southwestern Exposition and Fat Stock Show, Jan. 25 through Feb. 3.

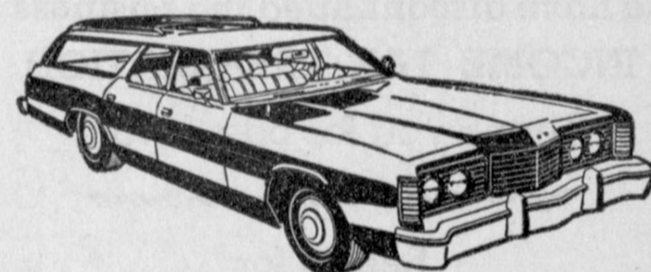

"Our parade, a tradition since the early days, maintains the heritage of the frontier west by requiring entries to be on horse-back, on horse-drawn wagons or other vehicles or on foot," said Tom B. Saunders, Stock Show vice president and parade chairman. "We do not allow any motorized vehicles in the lineup."

Saunders stressed there is a place for anyone in the parade. Last year more than 7,000 participated in the annual trek. An estimated 100,000 persons lined the streets to witness the parade.

"We encourage individuals to group together and form a club, as colorful groups really help our parade," Saunders said. "Last year more than 160 bands, riding clubs and horse-drawn vehicles took part in the parade."

"Another big parade is shaping up for this year," the parade chairman said. To date, 11 bands have indicated an interest to participate along with 53 riding clubs and 21 horse-drawn vehicles and floats. Reservations for a place in the lineup should be made before Wednesday, Jan. 23.

## Hillcrest Manor News

Mrs. Paul (Pat) Hermes is back on duty as a regular aide after a leave of absence for the birth of Charles Wayne who arrived Nov. 30.

Mrs. Jenny Schilling was the big winner at the weekly bingo party last Wednesday. Auxiliary members Mmes. Ted Voth, Ervin Hamric and Leonard Endres were there.

Sacred Heart Church pastors are conducting Sunday afternoon services during January. On Jan. 6 Father Placidus Eckart was in charge and on Jan. 13 Father Stephen Eckart was in charge. Members of the junior girls' choir were there both times for singing. Miss Sonja Swirczynski accompanied them on the first Sunday. The past Sunday Laura Kralicke and Lynda Klement played their guitars. The group visited and sang in

rooms after services in the lobby.

Former staffer, LVN Mrs. O. R. Cook was back for a visit Saturday afternoon. The Cooks moved some time ago from Forestburg to Bowie.

Father Nicholas Fuhrmann, on a weekend visit here Jan. 5, celebrated a private Mass in the room of his father Willie Fuhrmann. Family members attended. Father Placidus Eckart celebrated the regular monthly Mass at the home on Jan. 7. Relatives and friends of residents attended.

Lois Sicking was back helping during the weekend as an aide. She is working this semester at Community Hospital in Sherman and will continue her nursing course at Grayson County College next semester.

Angela Laake was returned to the home last Wednesday, Jan. 9, after spending a week in Muenster Hospital for medical care.

Illness also grounded some of the employees. LVN Kay Williams was out during a bout with pneumonia, and Tommy Hogan and Nellie Kidd each had a day off. Hollis Kidd was confined to his home several days. Aline Reed has taken a leave of absence due to illness. And Ruth Dickerson is on a leave of absence due to illness that confined her to Muenster Hospital. She is continuing to recuperate at home.

Ed Eberhart's visitors have included Mrs. William Flusche of Lindsay, the Ray Sicking of Myra and the Eddie Krahl who are all regular visitors with their father and grandfather.

Visiting Mrs. Zena Martin have been children and grandchildren including Mr. and Mrs. R. P. Cain and Paula of Garland Saturday, the Charles Ray Martins and children of Nocona Sunday and earlier in the week Mrs. Bill Harde-son of Montague and the Bill Martins of Lindsay.

The January birthday party will be held Friday this week, Jan. 18, beginning at 7:30 p.m. Honorees with January birthdays will be Mrs. C. J. Wimmer, Mrs. Jewel Jones and Ed Eberhart. Relatives and friends are invited to attend.

### Mrs. Pat Stelzer Attends TNA Meet

Mrs. Pat Stelzer, R.N., was one of three nurses from Cooke County attending a meeting of the Advisory Council to Texas Nurses Association in Austin Jan. 6-8. Also there were Mrs. C. Hewellett, R.N., director of nurses at Gainesville, and Mrs. A. Bauer, R.N., Gainesville school nurse. The two from Gainesville were delegates. Mrs. Stelzer is a TNA member.

While in Austin, in addition to meetings, she enjoyed seeing former classmates and old friends and made new friends. She visited with Billye Brown a surgical instructor at Galveston in 1950 and now dean of the University of Texas School of Nursing in Austin. One morning Mrs. Stelzer was with a group as breakfast guests of Dorothy Pettigrew, TNA state president who told about a new car she had purchased and used only six gallons of gasoline on the trip from Houston to Austin.

A Tuesday highlight was attending the organizational meeting of the Southern Regional Council and visiting classmates from her school days at UT of Texas in Galveston, meeting Renilda Helkemeyer, R.N., of M. D. Anderson Hospital, a director of TNA for South Texas in Houston and Ouida Weaver, R.N., also a director. Joining the trio for visiting Tuesday night was Jackie Metz new "clinton specialist" with an MS in psychiatry with the State Hospital in Austin. They visited by phone with another classmate Tishal Kinard, R.N., who was at home with a new baby boy.

All made plans to meet again when they attend the Texas State Convention in McAllen April 3 through 6. There will be a side trip to Reynosa, Mexico for entertainment, a banquet "Una Noche En McAllen" with the Fiesta Mariachi Band and a unique Citrus Fiesta style show with all costumes made from citrus products — seeds, peels and petals.

### 5th Grade Hears Scuba Diving Talk

Fifth graders of Muenster Public School were "all ears" when Dan Hamric spoke to them Tuesday, Jan. 8, of Scuba Diving.

The class has been studying underwater exploration and equipment that is used. Mr. Hamric brought his scuba diving equipment to illustrate and explained each piece and its purpose. He also told about other equipment that is not considered basic but is very helpful when diving.

Safety was another point stressed as Hamric explained laws concerning scuba divers.

### Feastday Liturgy Honors SH Pastor Father Placidus

By Sister Lenore  
One of the most beautiful and impressive Children's Liturgy took place on the Feast of Saint Placidus, Patron Saint of Father Placidus.

This Feast was ceremoniously observed on January 15 by the grade school students of Sacred Heart. During the 8:30 a.m. Mass, Father Placidus was specially honored, with the Mass being for his intentions at the request of the students.

The celebration began with the singing of "Alle, Alle" during which time the lights were turned out and a candlelight honor guard was formed by 66 students down the center aisle of church through which walked the procession led by Phil Wolf, carrying the American Flag and Paul Bartush, carrying the Papal Flag.

Next in line came the readers for the Mass: Brenda Henscheid, Fred Hoedebeck, Mark Miller, Brian Herr, Mark Felderhoff, Susan Walterscheid, Renata Hess, Shannon Fleitman, and Toni Hoedebeck.

Behind the readers were those who presented petitions during the Mass: Gus Reiter, Laurie Endres, Sandy Wimmer, Susie Felderhoff, Diane Caplinger and Terry Knabe. The five altar boys, wearing their "Feastday Robes" were next: Gary Henscheid, Bert Miller, Craig Bayer, Sam Hess, and Troy Lutkenhaus. Father Placidus, celebrant and honoree, was the last in this procession. As he entered the sanctuary all candles were extinguished and the lights were turned on for the beginning of the Mass.

While the student body sang "What Can We Bring" the offertory gifts were carried to the altar in procession. Craig Walterscheid led this procession carrying a banner "What We Are is God's Gift, What We Make Of Ourselves Is Our Gift." John Hartman carried the Christ Candle while Steve Schmitt and Chris Dangelmayr were taper bearers on either side of him.

The students' spiritual bouquet, made in poster form, was presented by Rhonda Endres, Janell Knabe and Wayne Richards gave the Feast Day presents. The Bus fund money was taken to the altar by Christi Rohmer. The Mass Gifts were carried by Duane Lutkenhaus, Ronnie Dangelmayr, Kevin Wolf, Doug Fleitman, Sondra Hess and Connie Bayer carried the Chalice and Mass Book, respectively. Other taper bearers were Nancy Walterscheid and Karla Jo Hartman, Janet Hesse and Cheryl Hesse.

The Communion Hymn was "Happy Is The Man". Following the distribution of Holy Communion, Toni Hoedebeck read the meditation "The Beautiful Hands of a Priest." During the recessional the church was again darkened and the candlelight honor guard resumed position and the Liturgy ended with the singing of "My Lord Will Come Again" as Father Placidus, the altar boys and the flag bearers left the Church.

Students forming the Candle-light Honor Guard were: Nicky Hess, Neil Hesse, Brian Hoenig, Steve Trubenbach, Anne Felderhoff, Debbie Bindel, Pamela Hermes, Carl Zim-

merer, Tony Otto, Ricky Hennigan, Chris Rohmer, Joe Hennigan, Mike Bartush, Lonnie Henscheid, Curtis Rohmer.

Jill Mollenkopf, Shellie Zimmerman, Laura Grewing, Cheryl Bayer, Mike Dangelmayr, Floyd Trubenbach, Eugene Haverkamp, Greg Luke, T. J. Walterscheid, Karl Trubenbach, Glenn Hermes, Elaine Grewing, Rene Stelzer, Curtis Hesse, Jackie Knabe, Dale Swirczynski, Kirk Klement, Sharon Voth, Denise Sicking, Troy Wolf, Tammy Henscheid, Giles Trubenbach.

Angela Bartush, Colleen Fette, Margie Knabe, Donnie Fleitman, Greg Rohmer, Lisa Hennigan, Nancy Sicking, Steve Hennigan, Jamie Moser, Denise Haverkamp, Rosemary Felderhoff, Dale Schilling, Carla Otto, Stuart Wolf, Bernadette Knabe, Brian Bindel, Renata Walterscheid.

Christi Felderhoff, Mel Walterscheid, Chris Hennigan, Phyllis Grewing, Nancy Luke, Marlene Swirczynski, Mike Hesse, Brian Hess, Sharon Sicking, Mary Lin Koesler, Clarence Hess, Kathy Knabe.

Song leaders were Elaine Walterscheid, Colynda Henscheid and Dea Swirczynski.

Sister M. Yvonne, O.S.B., Laurie Walterscheid, and Kenny Hartman played the guitars. The banner on the altar was designed and made by Miss Dorothy Bengfort and sixth grade students.

The Liturgy was planned and directed by Sister M. Lenore, O.S.B.

### Sherilyn Sicking Has First Party

Sherilyn Sicking, one year old Jan. 12, had her first birthday celebration Sunday when her parents Mr. and Mrs. Jerry Sicking were hosts for a noon dinner in the home of Mr. and Mrs. Charlie Pagel.

With the two couples and the small honoree were other members of the families, Michael and Darwin Sicking and Darrell, Carl and Curtis Pagel. Also grandparents Mr. and Mrs. Johnny Sicking — she is Sherilyn's godmother — and sons Kenneth and Gene of Gainesville, Grandmother Mrs. Conrad Flusche and Mr. and Mrs. Jerry Flusche of Decatur, Miss Paula Sicking of Myra and Randy Reiter of Gainesville. James Flusche, the honoree's godfather and his family of Decatur were unable to attend.

The birthday cake, baked by Mrs. Charles Bayer, was a colorful confection resembling a child's playing blocks. It was topped with a single birthday candle and pink sugar booties and was inscribed with Sherilyn's name.

Snapshots and moving pictures were made, gifts were displayed and games were played. Some guests remained for supper.

### Christened Sunday

LINDSAY — Infant Travis Linn Huchton, son of Mr. and Mrs. David Huchton, was baptized Sunday in St. Peter's Church at 11:30 a.m. by Father Bede Mitchel. Mr. and Mrs. Paul Hess attended as godparents for their nephew. Afterward the christening dinner was held in the Huchton home. Other guests included the baby's grandparents, and the James Hellingens and Henry Hess Jr.

### MPS Third Grade Sees Hawaii Film

Third graders at Muenster Public School enjoyed seeing films of Hawaii shown by Clyde Fisher. He made the films while a tourist there.

The class has been studying Hawaii in social studies and found the films interesting. Mr. Fisher also showed a brief purchased film taken at the time of the bombing of Pearl Harbor. Students were impressed to see such an important event in the history of the nation.

### Joe Hoenig Gets Birthday Honors

Mr. and Mrs. Joe Hoenig drove to Dallas Tuesday evening to be guests of their daughter Rita Cottle of Carrollton at a birthday party honoring Mr. Hoenig at the Windmill Dinner Theatre.

The play was a comedy, the Barnstormers sang at intermission, and the dinner included a decorated birthday cake.

Others in the party of twelve were Mrs. Carl Pelzel, Jimmy and Carolyn Pelzel of Ennis, Mr. and Mrs. Rupert Hoenig of Carrollton, Mrs. Hilda Self of Dallas and the hostess' daughter Miss Jeannine Cottle and her other daughter and son-in-law Mr. and Mrs. David Richardson of Carrollton.

The party was held on the eve of the birthday which is January 16.

When you are in deep water, it is a good idea to keep your mouth shut.

## BIRTHS

Mr. and Mrs. Don Hess have announced their second son, six pounds four ounces, born Thursday, Jan. 10, 1:28 p.m. at Muenster Hospital. He's a brother for Arnie, a grandson for Mrs. Arnie Hess of Muenster and Mr. and Mrs. Holley Clay of Dallas.

Mr. and Mrs. Roger McCoy of Gainesville are parents of a six pound 11½ ounce son born at Muenster Hospital Tuesday, Jan. 15, 2:22 a.m.

## 4-H Club News

Community Club  
Muenster Community 4-H Club had a program on terrariums presented by Miss Ava Knapp and Randy Jordan, county Extension agents, at their January meeting.

Mary Lou Fleitman presided, Pat Davidson gave the inspiration, Larry Fleitman led the opening song and pledges, Debbie Zimmerer called the roll and read the minutes. Barbie Davidson reported on the county council meeting.

Twelve members and two adult leaders were present.

Weighing less than one ounce, the chipping sparrow is the smallest of all sparrows.

**Matt Stelzers Are Feted in Post on 50th Anniversary**

Mr. and Mrs. Matt Stelzer who were married in Muenster on Jan. 8, 1924, have celebrated their golden wedding anniversary in Post where they reside since the early 1940s.

The couple was honored at a reception and dinner on Jan. 5 at the VFW Hall in Post. Their four sons and wives were hosts. About 100 guests called to congratulate the couple and to eat smoked turkey, ham and antelope sausage with the trimmings.

Mrs. Stelzer is the former Ellen O'Connor. Their children are Gerald of Buena Park, Calif., Maurice of Grants, N.M., Julius and Andy Stelzer of Post. Stelzer was employed by an oil field company until his retirement six years ago.

Among relatives at the celebration were Messrs. and Mrs. Andy Monday, Roy Monday and John Monday of Muenster and Mr. and Mrs. Charlie Stelzer of Fort Worth. Msgr. Peter Morsch of Slaton was a special guest.

At the anniversary party Matt Stelzer was showing a picture of himself with two Axiadeer, imported from Africa, which he and Clarence Cotton of Slaton shot on a hunting lease near Harper on the first day of deer hunting season. Each animal field-dressed at about 115 pounds. Both were bucks. Stelzer said he didn't know how the Axiadeer got to Texas and onto the lease where he and his companion found them.

In addition to Charlie Stelzer, Matt has one other brother, Vincent. Mrs. Matt Stelzer has one brother Andy O'Connor of Muenster and two sisters Mrs. John Schmitz of Gainesville and Mrs. Will Sicking of Myra.

**Chris Reiter Wed To Glenna Bevers**

Mr. and Mrs. Chris Reiter are making their home in Post since they were married Dec. 15. She is the former Miss Glenna Beth Bevers.

Parents of the couple are Mr. and Mrs. Sam Bevers Jr. of Justiceburg and Mr. and Mrs. Bob Reiter of Post.

The groom is a grandson of Mr. and Mrs. Clem Reiter, Muenster, and Mr. and Mrs. Mike Dieter, Lindsay. Syd Wyatt officiated for the single ring ceremony in the home of the bride's parents.

Presented by her father the bride wore a light blue tulle and polyester lace street length dress and carried white roses atop a Bible. A reception followed.

The bride is a student at Post High School and plans to continue her education there. The groom is a 1973 graduate of Post High and is employed with H&M Construction.

Bobby Reiter of Muenster was among guests at his brother's wedding.  
 Donald Eckart was one of six Weber Aircraft Company employees receiving five year pins Friday during an awards presentation. Charlie Pagle was among those making the presentations.

Airman and Mrs. J. D. Rumbley returned to Big Spring Thursday and S.Sgt. Ray Rumbley returned to Victorville, Calif., Saturday after leaves to attend the funeral of their sister Mrs. Joyce Herr.

## 4-H Club News

The Mulligan Stew gang has another mission, in this show, "LOOK INSIDE YOURSELF," they have to solve the problem of a teen-aged brother and sister... Bobby and Alice. The problem is to find out why Bobby and Alice are always "uptight." They are cranky and tired all the time and are doing poorly in school. Bobby no longer plays any of the high school sports because he is too tired and pooped out. Alice no longer gets dates because she is so cranky. She has had to give up cheer leading because she is too tired. The Mulligan Stews, with the help of their pal, Wilbur Doo-right, find out that Bobby and Alice have not been eating breakfast. They sing and play rock music about... "Ya' Gotta Eat Breakfast!" and show Bobby and Alice why breakfast is very important for good health.

Find out how food is digested and what parts of the body are used to help in digestion. Can the Mulligan Stew gang convince Bobby and Alice that eating a good breakfast will cure their tired and cranky feelings. Watch Mulligan Stew and find out — Saturday, Jan. 12, Channel 11, 9:30-10:00.

**Finish Cooking Classes**  
Three 4-H junior leaders, Sandy Reiter and assistants Barbie Hess and Gayle Miller have completed the 4-H Foods and Nutrition cooking classes with their students Sharon and Mary Grewing, Dina Rohmer and Jeanann Hartman.

As a test of their skills the girls cooked a complete meal at one of their meetings and presented a discussion on nutrition, food value and menu planning.

Completion of the course readied the four for the County 4-H Food Show to be held Saturday, Jan. 19, in the women's gym at CCJC.

### Final Rites Held For Gutzler Baby

Funeral services were held Sunday at 2 p.m. in Scott Funeral Home Chapel at Saint Jo for Elizabeth Anne Gutzler, nine-month-old daughter of Mr. and Mrs. George A. Gutzler of Saint Jo.

Father Bede Mitchel of Lindsay officiated at the last rites. Burial was in Coker Cemetery.

The infant died Friday at 6:30 a.m. in Muenster Hospital of a rare respiratory illness.

Surviving in addition to the parents are a sister Debbie, brothers Chris and Rob and grandparents Mr. and Mrs. Clarence Nelson of Saint Jo and Mr. and Mrs. George Gutzler of Charlotte, Fla.

## Hesperian Savings Stockholders Have Annual Meeting

Stockholders attending the annual meeting of Hesperian Savings heard news of Hesperian's most successful year since it began serving the Gainesville trade-area 84 years ago.

"Our assets increased more than five million dollars which represents a twenty three percent gain for Hesperian," Ed Wright, president, reported. "Savings increased seventeen percent during this period, and in 1973 we made loans in excess of five and three quarter million dollars, an increase of thirty one percent over the previous year. Most of our loan dollars financed mortgages for the vast majority of new housing and business construction that has been a vital part of the strong economic growth of the Gainesville area."

Wright reported to the stockholders that during 1973 Hesperian Savings had three increases in interest rates paid its savers to adjust to the maximum interest rates permitted by law. "We also increased services offered our customers," Wright added. "Instant Credit loans secured by pass-book savings or certificates of deposit, monthly interest checks on certificates of deposit of ten thousand dollars or more, installment loans, interim financing for construction of new homes or investment properties, and automatic funds transfer from accounts with other institutions to Hesperian Savings accounts."

Wright also indicated that new customer services instituted at the beginning of this year include ninety day certificates of deposit, expanded drive-in window hours and additional personnel to further increase the quality of customer service. "Even now we are formulating additional customer services which we will announce during 1974," Wright added.

Stockholders were also given an opportunity to see the unusual activity during Hesperian's "Welcome 1974 Celebration." Far larger crowds than had been anticipated have been visiting Hesperian from throughout the entire trade area to join Hesperian's staff during this event.

"As proud as we are of our sound financial progress during 1973," Mr. Wright sum-

marized, "I think we are equally proud of the roles the people here at Hesperian have played as hard working participants in scores of community, school and church activities in Gainesville and Cooke County. We encourage their citizenship activities but somehow always seem surprised when we see how much they manage to do for our community each year."

Members re-elected to Hesperian's board of directors are Frank Hoke, chairman of the board; Henry Spaeth, Cooke County rancher, Dr. William Powell, Gainesville physician; Ralph Snuggs, Cooke County oil producer and rancher; and E. E. Wright, president of Hesperian Savings.

An egotist is a person whose I's are too close together.

### Neighbors Via Satellite

An artist's imagination. Not at all. This is how it really is, as the Communications Satellite Corporation (Comsat) marks its 10th Anniversary.

A global system of satellites, operating over the Atlantic, Pacific and Indian oceans, is helping pull the world together.

This system is putting far-away places on the main street of world business, industry and commerce. It is giving people a front row seat to history, "Live Via Satellite."

Comsat was formed on February 1, 1963 as a private enterprise to establish a global communications satellite system in cooperation with other countries as quickly as practical.

Today, the global satellite system has already been operating for almost four years.

The satellites provide over 250 communications pathways, serving more than 80 countries.

Along these pathways flow more than two-thirds of all the world's long distance international communications: telephone, television, telegraph, data and facsimile.

The impact of this new technology on people of the world has been profound.

One out of every four people on earth can now see an important event on TV as it happens, "Live Via Satellite."

High quality telephone calls can be made to more than 20 countries that can not be reached by cable.

And, before too long, still other satellites will provide U.S. domestic communications services, as well as aeronautical and maritime communications services.

At its 10th Anniversary, Comsat has helped change world communications.

### Bernice Thurman Gives Program at HD Club Meeting

"Living with Yourself," was the topic discussed by Mrs. Bernice Thurman, home demonstration agent, when she gave the program at the January meeting of Muenster Home Demonstration Club Wednesday afternoon.

The thought-provoking talk included "Why tension?" "Learn to Be Content," and "Like Yourself."

Mrs. Thurman announced that she will conduct a needlepoint class on February 5 in Gainesville's TP & L Reddy Room beginning at 9:30 a.m. open to the public. Local club members reported being interested and wondered if Mrs. Thurman could give the demonstration also in Muenster. She graciously agreed if a group could get together and set a date. Anyone wishing to attend the class in Muenster

is invited to contact a member of the club.

Mrs. Thurman also called attention to a TV series on KVTU, Channel 11, each Saturday morning at 9:30. It's a nutritional program especially designed to help young people understand the need for adequate nutrition and diet but all ages will enjoy and benefit from it.

Mrs. Henry Henscheid was hostess in her home and Mrs. John H. Wimmer presided for the business session. Following the opening prayer Mrs. John Wieler read the collect and Mrs. Alois Rohmer read a short humorous article. Mrs. Martin Bayer reported on a visit to the A. Armstrong home in Gainesville, rich in antiques. A local group of 15 members and guests made the tour. Mrs. Wimmer reported on visits to senior citizens and Mrs. Bayer volunteered for this month.

The hostess served refreshments to members and two guests Mrs. Thurman and Mrs. Paul Fetsch.

The energy crisis has been felt in Lindsay with fuel shortage affecting local stations. Porter Grocery has attached notices to gas pumps limiting customers to 10 gallons a fill-up and they still run out of gas about one day a week according to Howard Porter, owner. At Parkview Superette the serve yourself pump for regular gas has a sign, "Sorry, out of regular gas." The sign was up most of last week while manager Vernon Badgett was sweating out a new supply. He had plenty of ethel gas.

### Marian Arendt and Michael Williams Set Wedding Date

LINSAY — Mr. and Mrs. Johnnie Arendt have announced the engagement and approaching marriage of their daughter Marian and Michael David Williams, son of Mr. and Mrs. Robert Williams of Greenwood.

The wedding is planned for Saturday, Feb. 23, at 2 p.m. in Saint Peter's Church. Attendees chosen are Miss Cheryl Williams and Hank Arendt, sister and brother of the couple.

The bride-elect is a graduate of Lindsay High and attended CCJC and Texas Woman's University. The future groom attended Dallas schools and CCJC and is presently attending East Texas State University at Commerce. He is employed by Piggley Wiggley in Sulphur Springs where the couple plan to make their home.

### Lindsay News

LINSAY — Mr. and Mrs. Paul Hermes have named their new son Charles Wayne. Father Bede Mitchel officiated at his baptism in St. Peter's Church assisted by Patrick and Miss Virginia Fleitman of Muenster as godparents for their nephew. Others attending were the baby's parents and his brother Weldon.

Mr. Joe Bezner Sr. is visiting in Richardson with her son and family, the Bob Bezners, for a few weeks.

Troy Eberhart, baby son of the Danny Eberharts, has been a patient at Muenster Hospital for treatment of pneumonia.

Mr. and Mrs. Joe Bezner Jr. have returned from a visit in New Orleans with her mother Mrs. Alfonse Herbert.

Recent visitors with Mr. and Mrs. Milton Gossett, spending an afternoon, were Mr. and Mrs. Bob Davidson and daughters Sheryl and Karen, formerly of Gainesville and now residents of Saudi Arabia.

John Gossett has been named to the Class B Schoolboy all-state second team as a defensive lineman. The team was selected by Texas Sports Writers Association. An outstanding member of the Lindsay Knights, Gossett has played football four years and has lettered each season. He is the son of Mr. and Mrs. Milton Gossett.

Cooking classes conducted by Misses Mary Ann and Sharon Voth have been completed by ten Lindsay 4-H clubbers who are ready to participate in the County Food Show scheduled for Jan. 19 at CCJC. Finishing the classes were Kittie and David Klement, David Martin, Adrienne Hellingner, Kelly Fuhrmann, Diane Hermes, Sharon and Kathy Neu, Carol and L. W. Voth.

Education is a funny thing. At eighteen we knew all the answers — forty years later, even the questions confuse us!

\*\*\*\*\*

**HIGH TIDE**  
IF SUDDENLY ALL THE ICE OF ANTARCTICA WERE TO MELT, THE OCEANS OF THE WORLD WOULD RISE OVER 300 FEET!

## An antique. Because of electricity.

The ice box melted from the scene when electric refrigerators appeared. The kerosene lamp faded into the past when electric lights began brightening every home.

Other electric appliances replaced the wash tub and scrub board, the flatiron and the wood-burning cookstove and eliminated the tiresome chore of hand-washing dishes, pots and pans.

Electricity. A vital part of everyday living in so many ways. And Texas Power and Light Company is doing its utmost to assure an adequate supply for essential needs.

Electricity. Still one of the biggest bargains in your budget.

Community loses four residents: Mrs. Bill Derichsweiler, 61, Thomas Sickling, 54, Joe B. Wilcox, 57, and Bill Stelzer, 77. Deposits increase and loans decrease at Muenster Bank during past quarter. Gene Riggs' son is first 1969 baby born in Muenster . . . wins stork derby sponsored by Hospital Auxiliary. Sister Margaret Rohmer, 89, of San Antonio dies. Danny Wilde earns promotion in Vietnam. Michael Vogel is advanced in Korea. Larry Gobble is enroute to Germany for Army duty. Clifford Sickling and Mike Cason are named on Class B all-state football teams.

Jan. 17, 1969  
Staff surgeons perform pace-maker operation at Muenster Hospital. Herbert Meurer succeeds J. M. Weinzapfel as

**Homeowners Can Get Supplemental Security Income**

People can own a home and still get the monthly Federal Supplemental Security payments that started in January, according to Gus Jones, Social Security District Manager in Sherman.

Supplemental Security Income is a new State-Federal assistance program for people with little on no income and limited resources who are 65 or over, or blind, or disabled.

"Under this new program," Jones said, "limited resources means possessions worth up to \$1500 for one person living alone and \$2250 for a couple. A home of 'reasonable value' isn't counted as a resource."

A home is of "reasonable value," he said, if the market value is \$25,000 or less. (NOTE: \$35,000 or less in Hawaii and Alaska.)

The Federal Government will not put liens on the homes of people because they get Supplemental Security Income payments, according to Gus Jones.

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building. Those living in the Gainesville area may call the Sherman office by dialing the operator and asking for ENterprise 6-2528.

It never occurs to teenagers that someday they will know as little as their parents.

Question:

**Is Lone Star doing everything it can to hold down costs?**

Answer:

**Yes!**

We're operating more efficiently than ever before. But our costs are going up none the less... just like yours.

For instance, the interest rates on money we have to borrow for constructing new gas supply systems have increased dramatically. These rates have recently been at all time highs.

Within the last 18 months, we have invested nearly \$100 million:

- to build a large diameter, 400-mile pipeline from West Texas to the Dallas-Ft. Worth area,
- for other facilities along this pipeline,
- to attach major new reserves and
- to pay for well drilling by producers... all for the purpose of assuring continuing natural gas supplies to our customers.

These investments don't even include the cost of all the gas we must buy to fill the line. In 1969, natural gas

cost us about 19 cents per thousand cubic feet. Recently we paid more than 85 cents for major new supplies. And the price is still rising.

Costs like these are the price Lone Star must pay for your continuing natural gas supplies. It's important that you understand our need for adequate rates so we can continue to deliver clean gas energy to your home for winters to come.

We're doing everything possible to hold down controllable costs. But even with gradual rate increases, natural gas from Lone Star will still be your most economical and efficient non-polluting fuel.

Lone Star Gas

Clean Energy for Today and Tomorrow

**Hillcrest Trio at Tarrant Workshop**

A trio from Hillcrest Manor Nursing Home attended a transactional analysis workshop in Fort Worth recently.

Held at Tarrant County Junior College, the workshop was a study on humanistic psychology, which is used in nursing homes where human services are at issue. Reality orientation also was discussed.

Plans for use of transitional analysis and reality orientation are being promoted in Hillcrest Manor at this time.

Attending from the local nursing home were Mr. and Mrs. O. D. Garland, owners and administrators, and Mrs. Evelyn Fielder, director of nursing.

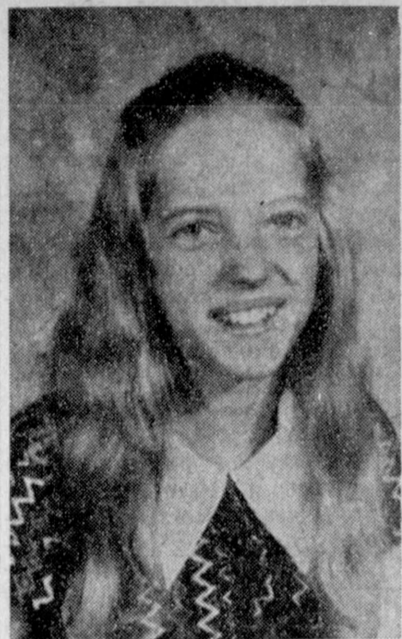

**Sullivant Named On Constitutional Finance Committee**

Representative Bill Sullivant of the state's 23rd District is one of 25 members serving on the finance committee of the Constitutional Convention of 1974, which is now under way in Austin.

The committee is regarded as one of the more important of the convention and assures that District 23 will be closely involved in the formation of the new constitution.

During organization of the convention Sullivant had the honor of making the first seconding speech for the nomination of A. M. Aikin for vice president of the convention. Aikin was elected vice president and Price Daniel, Jr., president of the convention.

Sullivant sends his thanks to people of the district who responded to his constitutional questionnaire. Those who did not respond are still urged to do so — so that the final report will present the best possible summary of opinion from this district.

CHERIE ANN JOHNSON

BOBBY JOHNSON JR.

KELLY SUE JOHNSON

**Muenster Citizens Lauded by Johnson Family**

We wish to express the deepest heartfelt gratitude to everyone who so willingly helped, assisted and cared for the Johnson family after the ill-fated accident on the evening of Dec. 23 just west of Muenster that left Bob Johnson with three motherless

children and Bob's mother and her husband all hospitalized.

The three children are now all released from Muenster Hospital and doing well at the home of their Aunt Kathern and Uncle Jack — the Jack Myers at Gainesville.

Bob Johnson is still at Muenster Hospital and his mother is still at Flow Hospital in Denton. Both will be several more weeks recovering. And their oldest daughter at her aunt's in Gainesville will be bedfast for some time due to the extent of her injuries.

Bob and all his relatives hold the highest possible regard for all the wonderful unselfish services in time of need. All the wonderful people that got a Christmas together for the children is beyond expressing a mere thanks in words.

There shall always be a very special place in the hearts of all the relatives for the doctors, nurses and staff of both Muenster and Flow Hospital who gave so freely above and beyond the normal call of duty. And may God give a special blessing to each and everyone.

Mrs. Jack Myers  
P. O. Box 224  
Gainesville, Tex. 65240

Another explanation of the modern child's manners is that too many woodsheds have been converted into garages.

It's the man with a workable idea who creates progress — not the fellow with a theory.

According to the National Association of Manufacturers, "Interest on the public debt cost U.S. taxpayers \$10.3 billion in 1963. For 1973 they will have to shell out an estimated \$23.4 billion."

**Candidates Told New Requirement Of Filing for Race**

Cooke County Democratic Chairman Billy Ray Hill announces that he has started receiving applications for places on the ballot in the Democratic Primary to be held on May 4, 1974. Filing through January 9, 1974 are Robert Bayer, candidate for re-election to the office of County Commissioner Precinct No. 4, G. M. Boyd-stun, candidate for re-election to the office of County Commissioner in Precinct No. 2, and Sue McFarlin, candidate for election to the office of District Clerk.

Hill reminds those that are considering filing for a place on the ballot that they should become familiar with the new House Bill 4 and Senate Bill 11 which deal with elections, campaign manager designations and expenditures. One of the requirements of House Bill 4 is that any person who takes any "affirmative action" to seek nomination for election to any public office must file a written designation of a campaign manager with the appropriate official before they take such affirmative action in this connection.

Candidates desiring information or wishing to file for a place on the ballot in the May 4, 1974 Primary may contact Hill at the Professional Center at 1103 E. California, Gainesville.

### Lens-View

It's possible to get a smile and even a cup of coffee from the cattlemen now that beef prices have advanced. Something just had to give. With the price of feeder cattle and grain staying firm it was not possible to make a profit feeding cattle the past few months. The market should stabilize one of these days where all segments can make a reasonable profit. When prices fluctuate by as much as 10 cents per pound, as they have several times in the past year, a feeder would have to be lucky if he did not lose money.

The same holds true for the meat retailer. It's not possible for him to raise and lower his prices quick enough to keep up with a fast live market.

The last time fat cattle prices were at this level the news media made a big issue of it claiming beef would get extremely scarce. So far there has been no publicity on high meat prices so normal supply and demand should stabilize the market.

Garbage pickup service will start next week. Many people plan to haul away their burner barrel this Saturday while they still have a place to dispose of it. It will be an ideal time to get rid of all the junk and trash that is not practical to put at the curb.

The present city dump will still be in use for a short time until everything is working satisfactory on the new arrangement.

No doubt some problems will come up with the new service but in a short time it should be running smooth. Let's give it a chance before we squawk too loud.

The fuel shortage, in particular, as it relates to gasoline is still a big puzzle. Oil companies report as much gas in storage as a year ago yet the administration keeps working

on a system of rationing. The idea that everyone gets the same allowance and those who do not need the gas can sell the coupon to others does not seem fair. Some guy living many miles from his work would have to pay, probably dearly, to get gas necessary to make a living yet a man of means could buy the extra allotment and enjoy a long trip. That extra charge could be business expense to operate his car.

They state that farmers will have no problem getting fuel and that as it should be however if the public learns, after rationing is put in, that it was not necessary or that the plan is unjust, our Washington representatives will surely hear about it.

### Letters to the Editor

Dear Editor,

Reading Len's Views in the Jan. 11th issue, and since our beloved Mother was one of the three funerals the past week, I agree fully what Len thought about our beautifully decorated church and our good people of Muenster.

I must say Len forgot one thing, the dinners, the good ladies of Muenster prepare for the bereaved families and their out of town kin and friends. The food the people bring in and the cooks prepare, is like a wedding feast.

As it was this last week the cooks had to slide on the ice to be at the hall at 9 a.m. Our hats off to a group of swell ladies who gave their time so graciously. As we all know death comes unexpectedly and never just when we have the time. So their present plans have to be cancelled to do another good deed for their community.

— Tillie Schoech

Citation by Publication THE STATE OF TEXAS TO: Nancy Lou Elmore, GREENING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of February, A.D., 1974, at or before 10 o'clock A.M. before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.

Said plaintiff's petition was filed on the 28 day of November, 1974. The file number of said suit being No. 73-289.

The names of the parties in said suit are: Larry David Elmore as Plaintiff, and Nancy Lou Elmore as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 4th day of January A.D., 1974.

Given under my hand and seal of said Court, at office in Gainesville, Texas, this 4th day of January A.D., 1974.

### SH Teams Divide Two at Saint Jo

Sacred Heart Tigerettes won a 44-41 thriller at Saint Jo Tuesday night, but the Tigers were blasted 91-53.

The opening game was a close one from the start as Sacred Heart took a 10-7 first quarter lead and held on for the 22-20 half time advantage. Saint Jo moved ahead 31-30 at the third quarter and a good Tigerette rally regained the lead for a three point win. Scorers were Peggy Hoedebeck 23, Laura Kralicke 12, Mary Hess 5, Kathy Luke 2, Cindy Bartush 2.

The second one was Saint Jo's by counts of 20-13, 36-26 and 57-42 for three periods — then an explosive fourth quarter in which the Panthers hit 34 and the Tigers 11. Final count was 91-53. Tiger scorers were Roger Endres 28, Ricky Walterscheid 10, Mark Hess 6, Kevin Pels 4, John Bartush 2, Phil Endres 2, Pat Endres 1.

### Hospital Notes

The following patients were dismissed during the past week at Muenster Memorial Hospital.

Wednesday, Jan. 9: Angela Laake and Sandy Barnhill, Muenster; Mrs. J. D. Carlton and Mrs. Gus Livingston, Saint Jo.

Thursday, Jan. 10: Herman Eberhart, R. N. Fette, Karl Klement and Mark Richardson, Muenster; Troy Eberhart, Lindsay; Mrs. Ronnie Colwell and Susan Baird, Gainesville; Mrs. E. R. Shugart, Whitesboro; Sharon and Karen Masengale, Sanger; Mrs. Weldon Chris Muller, Valley View; Mrs. Travis Moore, Saint Jo.

Friday, Jan. 11: Elizabeth Gutzler, Saint Jo, Christopher Doyle Hess and Melinda Hesse, Gainesville.

Saturday, Jan. 12: Mrs. Don Hess and baby boy, Muenster; Herbert Nance, Saint Jo.

Sunday, Jan. 13: Jennifer Walter, Muenster.

Monday, Jan. 14: Mrs. Joe Luke, Muenster; Ernest Lueck, Irving.

Tuesday, Jan. 15: Mrs. Dorothy Holmes, Gainesville.

### Confetti - - -

Just now some people think government should keep oil companies from making fat profits on the nation's distress. Income tax already accomplished that to a great extent, and if necessary more can be drained off by excess profit tax.

There are various reasons why the old economic law can do this job better than government interference. First of all, it has always worked whereas official meddling has always caused trouble. Also, its only extra cost is the higher price whereas rationing requires an expensive federal program. The best government policy is to help conserve while allowing industry a free hand to restore our supply.

Mr. and Mrs. Tom Fuhrmann and daughters Jennifer and Brandi of Euless divided a weekend visit between parents and grandparents the Gene Giebs and Val Fuhrmanns.

### MHS Teams Lose 2 Games to Nocona

MHS basketball teams were clobbered in both ends of their twin bill with Nocona Friday night. After a stunning 68-31 loss by the girls, the boys went down by a count of 52-36.

From the start there was no doubt about the fate of the Hornets. The Indian girls jumped to a 17-4 first quarter lead and 39-16 at half time, and kept on gaining in the last two periods. MHS scorers were Becky Fields 14, Debbie Schneider 8, Sandy Dittfurth 7, Mary Lou Fleitman 2.

The next contest was only slightly less one sided. The Indians took a first quarter lead of 12-8 and continued to gain in the second and third by scores of 34-18 and 44-23. Muenster trimmed the margin slightly in the fourth for the loss of 52-36. Point makers for the Hornets were Randy Wolf 13, Ronnie Felderhoff 9, Tim Felderhoff 6, Curtis Klement 4, Lyle Klement 4.

Following the game MHS girls have a 14-A standing of 3-3 and the boys a standing of 2-2.

### Jill Myrick, Nine Birthday Honoree

LINDSAY — Jill Myrick, nine years old Monday, celebrated her birthday with a party after school at the home of her parents Mr. and Mrs. Jim Myrick.

Guests included her grandmother, Mrs. T. S. Myrick, aunt Mrs. Pat Stelzer, cousins Rene and Kristy Stelzer, all of Muenster, neighbors Brad, Jeff and Jolanda Wimmer and their mother Mrs. Tim Wimmer and the honoree's sister Julia and brothers Joe and Jeff.

Ice cream, birthday cake and other refreshments were served.

### Tigerette Bs Lose Junior Hi Splits With Saint Jo

Sacred Heart Juniors broke even in a pair of games and the girls B team lost in a triple header with Saint Jo on the local court Monday night. Junior boys won theirs 27-11 and junior girls lost 32-20. Tigerette B girls were turned back 22-16.

The Tiger Cubs had it made all the way as they started early and increased the lead in every period. Scorers were Bob Hartman 10, Ken Felderhoff 7, Fred Koesler 4, Joe Sicking 2, Roger Haverkamp 2.

Junior girls were in hot pursuit for three periods and followed 21-20 just before the last quarter. But they went scoreless in the last period and ended with a 32-20 loss. Point makers were Donna Grewing 7, Monica Gehrig 5, Mary Grewing 4, Brenda Voth 4.

Tigerette Bs also had an ice cold fourth quarter. They trailed 18-16 ending the third and were blank in the fourth while the visitors added 4. Gloria Hess made 10 points, Janet Henscheid 4 and Marlene Page 2.

The government and the blood bank have a lot in common . . . they're both after the same thing.

### Identification of Items Credited for Drop in Burglaries

What steps have you taken to curtail theft and burglaries in your home? Studies reveal that the most sought after property stolen from homes include appliances, bicycles, clocks, sports equipment, jewelry, yard equipment, photography equipment, radios, stereos and tape decks, televisions, typewriters, and air conditioners.

A crime prevention program is in action. It's called Operation Identification and it's being sponsored by Cooke County Electric Cooperative. Over 3,000 decals and inventory sheets have been distributed throughout the service area. In addition to this material, five electric stenciling guns have been utilized for marking valuables with a driver's license number or social security number for identification should an item be stolen. Some 15 community clubs are also participating in this program.

It is noted that there has been a definite decrease in burglaries in areas where this program is being used. Although there have been rural home burglaries, those homes displaying the decal warning that valuables have been marked with an identification number by an electric engraver, have not been molested. The greater the number of people who take advantage of Operation Identification and utilizes it to the utmost the more effective it will be.

Deputy Sheriff Don King feels that this program should definitely ward off thieves from coming into this area once they become aware of the fact that an organized program on crime prevention is in effect, and will more than likely move on to another area where there is less chance of being caught and punished. He added that the program is working and he encourages the public to participate in Operation Identification.

Those wishing further information on materials needed in this program may contact the various community clubs, the sheriff's office, or Cooke County Electric Cooperative in Muenster.

Glenn Schoech, son of Mr. and Mrs. Andy Schoech, is on the Dean's List at East Texas State University where he is a senior in construction technology and business.

Snakes have as many as 300 pairs of ribs.

### Soil Survey Gives Valuable Data on Land's Potential

Farmers concerned with using the best available acreage to increase their cropland can get valuable data from a soil survey, Edward E. Thomas, state conservationist for the U.S. Soil Conservation Service, said today.

"Soil survey field work has been completed for 123 counties in Texas," Thomas said. "And the data is available to anyone making land use decisions."

Work is currently underway on soil surveys for all remaining counties in the state, Thomas added.

"With a soil survey map, you can read the land like a book," said Thomas. "Some soils are ideal for a particular crop. Others are better off in another crop, or left in grass, trees, or as wetland. And on some soils, the owner can choose between pasture, trees, or crops."

"The point is that a great deal of soil information is available to farmers and other land users. Even where surveys are not yet completed, the Soil Conservation Service — working through local conservation districts — often can provide at least partial soils data to anyone considering a change in land use."

Thomas added, "Although farmers are the biggest group of users, soil survey information is also very helpful to engineers and urban land use planners who need to know about drainage patterns, depth to bedrock, foundation hazards, or other uses being planned for them. A number of cities in Texas have made changes in their land use plans after checking a soil map — and as a result, they saved a

great deal of money in construction costs."

Local soil survey maps and information can be obtained from the nearest Soil Conservation Service office.

### Kin at Fette Rites

Among relatives from a distance at the funeral of Herman (Pip) Fette were Mrs. Linda Burney of Tulsa, Mrs. Kay Hickey and son Timmy of Sunnyvale, Calif., Mr. and Mrs. Tom Gallery of Encino, Calif., Mrs. Jack Quinlan of South Bend, Ind., Mrs. C. W. Ratliff of Lubbock, Sam Ratliff of Dallas, Dokie Fette of Spokane, Wash., and Robert Meurer of Lafayette, La.
