**CONFETTE**  
BY  
CORP FETTE

The diplomatic incident in Libya this week along with the exasperating situation in Iran leaves little doubt that our country is in serious trouble. Unless by some near-miracle we are able to negotiate ourselves out of this mess, we could find ourselves in war, either cold or hot.

President Carter has been praised for keeping his cool while advising the Iranians that he will not tolerate any violation of the rights of US men over there. But it appears that the duration of this thing already makes it a glaring violation of the rights of free men. And now reports are telling that the hostages are being hidden away singly to foil possible rescue attempts. So, isolation is added to the other violations, and one can wonder about treatment when the hostages are dependent on the vindictive whims of irresponsible fanatics.

Official Washington has been considering sanctions. Proposals include an embargo on shipments of food, destruction of oil properties, and a blockade of shipping, along with the already enforced embargo on military supplies and repairs. All of which would doubtless be resented by the ayatollah and his followers, and perhaps escalate into a hot war.

Whether hot or cold, the thought of a major confrontation is terrifying. In either case we can assume that most if not all of OPEC would agree to shut off their oil shipments to us. Already straining under our energy crisis, we'd find that a tremendous problem in just a cold war. But how could we expect to supply the military and sustain a war time production schedule if we got sucked into a hot war? We'd most likely find our shortages further depleted by sabotage.

The most frustrating thought in this speculation is that US is so pathetically unprepared as it faces the threatening dangers. Official Washington has been urged to be reminded for more than six years that it has a serious energy problem, and it has done a lot of jawing about attaining energy independence, but the only action taken was obstructionist rather than constructive. As the demand for energy increased our production of it decreased, and we became increasingly dependent on potential enemies for the life blood of our economy.

Even now the administration is agitating for its so-called "windfall profits tax" on the oil industry, implying that it will make a better use of the billions it wants to take from the oil industry. In the first place the idea of using the money more wisely is absurd, because the history of federal business operations is all written in red ink. And now Senator Tower quotes from the government's own study that there have not been any windfall profits. Oil industry profits are no higher than those of other industries.

Regardless of the profit angle, however, the sad fact is that obstructionists in government have blocked the progress of domestic oil production. They have delayed offshore drilling and the Alaska pipeline, and now prevent the leasing of millions of acres in the US and Alaska. In addition, the official policy on price controls has discouraged drilling in available areas.

Another absurdity of policy is yielding to the influence of a comparative few environmental cranks while all of the country is yearning for relief from the energy crunch. Nuclear power is still delayed by the few who scream their imagined fears in spite of the Nukes' best safety record in the power industry. The cranks are also disrupting in the coal business, demand-

## Large Audience Cheers "Messiah"

The Christmas season opened with a rare treat for the large audience that came to hear Handel's Messiah performed in Sacred Heart Church Monday evening by the Cooke County Symphony and Chorale and repeated Tuesday evening in the First Baptist Church in Gainesville.

Directed by Harold Alan Kafer of the Cooke County College Music Department, the program featured five soloists, Pamela Howeth and Roberta Arendt Coffman, sopranos; Cecilia Sult Kafer mezzo soprano; Robert Cole tenor; and David Blessingame baritone. Anita Wilson was recital accompanist. Muenster relatives and friends particularly enjoyed hearing Mrs. Coffman, the former Robbie Arendt, who is a granddaughter of Mr. and Mrs. Bill Otto.

Singers were accompanied by the Cooke County College Symphony, which included several musicians from North Texas State University and Texas Women's University. And again, Muenster relatives and friends enjoyed hearing Julie Bright, flutist with the Symphony.

Cooke County members of the Chorale included eight from Muenster: Ruth Felderhoff, Marie Endres, Lois Marquardt, Pauline Stelzer, Rene Stelzer, Dr. Martin Kralicic, Carolyn Luke and Craig Richey.

There are fifteen members in the Symphony Orchestra and fifty members in the Chorale.

The program began at 8 p.m. It was a joint musical achievement for the Chorale.

## Rene Stelzer First in Vocal Competition

Rene Stelzer, daughter of Mr. and Mrs. Pat T. Stelzer won first place in the voice competition at the high school level of the music contest sponsored by the Music Teachers National Association, MTNA, on December 1.

She will represent the State of Texas at the 5 state divisional competition to be held at the Menger Hotel in San Antonio on January 27. Included in the 5 state division are Texas, Oklahoma, Louisiana, Arkansas and Alabama.

Rene performed four songs, works by Handel, Duke, Durante and Schubert. In winning, she defeated last year's state representative.

MTNA's contest included divisions in piano, strings, brass, woodwinds, and percussion. Rene Stelzer will perform with the first place winners of the other categories in a recital in Houston in June.

Attending the contest with Rene on December 1 were her voice teacher, Mrs. Cecilia Sult Kafer and her mother, Mrs. Sis Stelzer.

MR. AND MRS. PETE KOELZER

and Symphony, both units of the recently organized Cooke County Arts Council. From the opening note, the audience was held enthralled, until the high point of the program, when the famous, classic, "Hallelujah Chorus" was performed, and the audience stood throughout in traditional salute to the beauty and excellence of the presentation. At the close of the program, the group received a standing ovation that lasted for several minutes.

We are looking forward eagerly to their next program!!!

## Six Tigers Named on District Dream Team

Sacred Heart's representation on the 1979 all-district football team for TCIL District IV fails to reflect the Tigers' record for the past season. The listing, which was released by the district this week, names only six of the champion Sacred Heart players on the 23 offense and defense positions. Also, the selection of only one on all-defense fails to reflect the team's outstanding defensive season, which includes seven shutouts.

Other teams of the district were represented as follows on the combined offensive and defensive all-district: Gorman 7, Christ the King 5 and Notre Dame 5. The selections were named as follows:

**Offense**  
Kenny Hartman, SH, QB  
Mark Nasche, SH, FB  
Arthur Martinez, Gor, HB  
Steve David, CTK, HB

The Chamber of Commerce and Muenster Jaycees along with others involved in Saturday's Christmas parade and Santa visit are making final preparations for the big event, while hoping to be favored with good weather.

The Chamber this year is placing special emphasis on the parade, increasing the prize money from \$150 to \$275. Bertha Hamric, chairman, said that the top award will be \$100, the second prize \$75 and the third \$50. In addition there will be two more awards of \$25 each for honorable mentions. Still another prize is a \$25 award for the parade's outstanding

Mel Walterscheid, SH, E  
Matt Washburn, CTK, E  
Paul Bartush, SH, T  
Ray Bongiovanni, Gor., T  
Robert Reuland, Gor., C  
Pat Davis, Gor., G  
Teddy Walterscheid, SH, G

**Defense:**  
Warren Steward, CTK, E  
Tim Earl, ND, E  
John Hartman, SH, T  
Bob Joest, Gor., T  
Vernon Huckabee, ND, NG  
Joe Conway, Gor., LB  
John Mazur, ND, LB

Jayin Mehta, CTK, LB  
Don Yates, CTK, CB  
David Fougeron, ND, CB  
Tommy Davis, ND, S  
Kevin Maloney, Gor., S

Tigers who received honorable mention for the dream team are Mike Hesse, B; Kirk Mollenkopf, S; Bert Miller, DB; Craig Walterscheid, S; Darrell Swirczynski, C; Monte Endres, E; Phil Walterscheid, E.

One picture tells the story.....

## Ceremony, Reception Observe Pete Koelzers' Golden Wedding

Mr. and Mrs. Pete Koelzer observed the 50th anniversary of their wedding day on November 24 with a Mass in Sacred Heart Church

and a reception in the K.C. Hall. Father Denis Soerries celebrated the Mass on Saturday at 5 p.m. The late Father Frowin Koerd officiated when the couple was married on November 27, 1929.

Their parents were the late Mr. and Mrs. Gus Sicking of Muenster and the late Mr. and Mrs. John Koelzer, Muenster natives who moved to Hereford.

The original wedding day, (the day before Thanksgiving) began with a 9 a.m. Mass, followed by a wedding breakfast in her parents' home; a trip to Gainesville to have the wedding portrait made; a noon meal and a reception for relatives and friends; an evening meal and a "platform dance" at home, followed by a "Chari-Vari" (Shiv-a-ree) when neighbors and more friends arrived.

For her wedding the bride wore a street length white crepe dress, a veil to the hemline and a wreath of wax orange blossoms. For her golden wedding she wore a dusty pink polyester knit full

## Santa Claus is Coming to Town

provided by the Jaycees.

Floats and any other entries of the parade are asked to gather on Mesquite Street between Wilde Chevrolet and Cooke County Appliance at 1 p.m. As soon as it is formed it will proceed west on Highway 82 to Main Street, then north to 5th Street. From there all floats to be judged will go a block east to Oak Street and proceed to the Tuggle parking lot for judging and further viewing by spectators. Santa's vehicle will follow the same route except he will go across the street to the Christmas tree instead of to Tuggle's.

Holiday atmosphere for the occasion has been provided by the city, the Chamber of Commerce and the Jaycees. The city again has installed lights and decorations on the highway and Main Street plus the landmark "Noel" sign on the water tower. The Christmas tree has been provided by the Jaycees and the decorations by the Chamber.

parching unit. The total of Chamber prizes is \$300.

These increases were made to compensate for eliminating the drawing, which has been a feature event following the parade for several years. The reason is that attendance was disappointing when too many failed to show and had their prizes picked up by others.

However, the number 1 attraction for kiddies, the visit of Santa Claus, remains a big feature of the parade. Santa will be sponsored by the Jaycees and ride one of the city's fire trucks in the parade. Afterward he will go to the community Christmas tree at the AMPI corner to visit with the youngsters and give goodies, which will be

Flyers of Victoria Win 48-13

## Tigers Lose State Semifinal

A great football season ended in bitter disappointment for Sacred Heart's Tigers Saturday in their bid for TCIL semi final honors.

Their problem was that they encountered too much competition. St. Joseph's of Victoria was in charge all of the way and rolled up a total yardage of 417 while holding Sacred Heart to 270. In the count of first downs it was 22 for the visitors and 16 for the hometown.

St. Joseph was awesome in its rushing game. Advance information on a hot shot quarterback, a constant threat as a stout and speedy

runner, applied to four backs instead of one. All seemed to do as they pleased, busting up the middle in power plays or scooting around the ends. And occasionally, just to avoid monotony, they went to the air. They completed 7 of 14 passes for 176 yards.

Sacred Heart, unable to establish the rush, turned to the passes for good yardage. Fourteen completions out of 34 tries netted a total of 213, however the rushing earned only 57.

SHHS started the game with a lucky turnover. A Flyer fumbled the kickoff and Floyd Haverkamp recovered for the Tigers on the 24. Four tries, runs by Kirk Mollenkopf for 9, less a loss of 5 on a penalty, plus Kenny Hartman's pass to Monte Endres for 9, reached a set-up on the 10. But the next series failed to continue the good work. Three runs were stopped cold and a pass was incomplete.

Then, with 90 yards to go, the Flyers gained 9 on two runs and threw the bomb. Sonny Delgado, Mr. Everything, passed to Rob Williams who kept going to pay dirt. A try for extra

point failed. St. Joseph led 6-0 at 8:20.

After kickoff SH again came out strong. Starting from their 19 they gained 31 on Hartman's pass to Endres. And two plays later Hartman and Mel Walterscheid teamed up for a 50 yard pass and a Tiger touchdown. Mike Hesse's kick gave SH a 7-6 lead, their only lead of the game.

Thereafter the Victoria fellows got going on their third TD. Returning the kickoff to the 36 they launched a 64 yard drive in 13 plays. Drabek scored from the 6 as 20 seconds remained on the board and went over again for bonus points.

The Tigers started their next possession with 30 free yards on penalties then gained 12 yards to the 15. But the opportunity was lost on an interception by Delgado.

Next action included an exchange of kicks then two turnovers in which Monte Endres and Drabek intercepted. Then the Flyers got organized and started moving from their 20. Runs of 14, 13 and 21 covered much of the distance after which continued on page 8...

## MHS Wins 2 of 3 With Prairie Valley

Muenster High teams won two of their three basketball games with Prairie Valley on the local court Tuesday night. Junior varsity girls started the action with a 22-13 win and the varsity girls lost theirs by a 51-24 count. Then the varsity boys finished the evening at the big end of 71-54.

Varsity boys had everything their way and roared to a 34-8 first quarter lead, thanks mostly to a hot 77 per cent average in field goals. With the comfortable

lead, Coach Ellis put in the reserves who finished the half leading 45-20. Again it was regulars in the third period and reserves in the fourth for scores of 63-28 and 71-54.

Don Frazier had a big game scoring 24 points and Floyd Felderhoff was next with 12. Todd Richey made 8, Ricky Winn 6, Phil Wolf 6, Gary Klement 4, Mark Felderhoff 3, Tim Schneider 2, Larry Fleitman 2 and Scott Marquardt 2.

The JV Hornets took a 6-4 first quarter lead and gained to 14-6 at half time, then played about even for leads of 18-11 and 22-13. A big reason for their success was a big 80 per cent average on free throws.

Scorers were Sandy Wimmer 14, Renee Wimmer 5, Sherri Hess 2, Shelly Zimmerman 1.

Varsity Hornets made a slow start with a 16-2 deficit and fell back to 34-8 at half time. After that MHS gals played about even for scores of 40-16 and 51-24 ending the third and fourth periods.

Hornette scorers were Kyla Hale 4, Charlotte Fleitman 4, Stephanie Richey 3, Lou Dyer 3, Carla Walterscheid 2, Renee Wilde 2, Wanda Schneider 2, Jill Walterscheid 2, Elaine Grewing 1, Judy Walterscheid 1.

MHS varsity teams will be in a tournament at Sidell this weekend. Bridgeport will be the first opponent for both.

## C.F. Gobbles Observe Golden Anniversary

Mr. and Mrs. C.F. Gobble celebrated their golden wedding anniversary at St. Richard's Villa Sunday, December 3 with a reception and open house from 2 until 4 p.m. with their children as hosts. Greeting guests were their son and family, Mr. and Mrs. Larry Gobble and Michael, and another son and wife, Mr. and Mrs. Pat Cathey of Henrietta.

Another son and family, Mr. and Mrs. Glen Cathey and children of Norwalk, California were unable to attend because of distance.

Mrs. Willie Wimmer presided at the guest book, at a table covered with white linen and lace, and holding arrangements of white poinsettias and a money tree.  
Mrs. Betty Rose Walter-

scheid baked and decorated the anniversary cake. It was served from a table covered with beige lace and holding the crystal punch service. Penny Hess assisted in serving orange sherbet punch prepared by Mrs. Richard Cain, administrator of St. Richard's Villa.

Mr. Gobble who is a bed patient at the Villa was rolled in his bed to the lobby and assisted in greeting guests. Mrs. Gobble, at his side, and beaming happily, was stunning in a blue velour dress and orchid corsage. Her husband had a matching boutonniere. Mrs. Gobble is a daily visitor at St. Richard's Villa and is beloved by staff and other visitors. In addition to many continued on page 6...

Congressman

Charles W. Stenholm

Congressional Comment

WASHINGTON, D.C.

A \$1.5 billion stamp of approval of poor management practices and non-competitive wage increases is currently being pushed through Congress. Supported by the Administration and carefully marshaled by a powerful and expensive lobbying effort, the Chrysler bailout sets an unwise open-ended precedent, and is, in my opinion, a classic government "boondoggle."

There is no doubt that the mammoth manufacturer is in trouble. And both management and labor have to take their share of the blame for those problems. Poor management practices will put the firm in the red to the tune of nearly \$700 million on every vehicle it sells this year. Yet, the company's cash registers have racked up sales of \$65 billion since 1974, with a cumulative net loss of \$665 million. That, to me, suggests that major surgery is necessary, such as dropping some product lines, closing inefficient plants or development of a new, more selective, competitive marketing strategy.

These are precisely the kinds of drastic steps that other failing firms are forced to undertake every day. Are we in essence saying that henceforth any company and its workforce big enough and capable of mounting a strong enough lobbying campaign can be exempted from competition and can avoid the pain and inconvenience of reorganization when costs get out of hand, products don't sell, or large losses mount up? On the other side of the Chrysler see-saw, the United Auto Workers (UAW) did the firm the "big favor" of limiting

their pay increases to a cost-of-living allowance that will give the average assembly line worker at least a \$10,000 raise during the next three years and, if inflation continues at the present 13 percent rate, an increase of \$13,500.

I know of very few people in the 17th Congressional District that are going to be looking at a 30 percent-plus increase in wages in the next three years, yet this is what the UAW are saying that they are sacrificing and this is why we in the Congress should vote to give \$1.5 billion of taxpayer's money to Chrysler.

One of the strongest arguments in favor of the bailout is the reported loss of 400,000 to 600,000 jobs. But these numbers reflect merely a gross inventory of existing payroll at Chrysler, its dealers and suppliers and secondarily related firms.

These jobs would be threatened only in the event of a complete and total liquidation, which is only a risk, not a certainty. Automotive industry jobs are likely to shift, not disappear, however. Even if Chrysler fails completely, the total number of U.S. vehicle sales is not likely to decline measurably, meaning no net loss of jobs downstream of the factory gate - truckers, dealers, mechanics and so forth - which represent better than 20 percent of the total.

In short, the advocates are confusing the possibility of temporary employment turnover with permanent net job losses. If the free enterprise system is to work, you must preserve the right to fail as well as succeed. My vote on the Chrysler bailout is "NO."

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Is the energy crunch coming again to Texas, land of petroleum and natural gas?

Some say it isn't, some say it is. And a few say it's already here for farmers and ranchers.

Some days ago, Gov. Bill Clements, who had been monitoring the energy situation in Texas, said that gasoline supplies may become tight, but there will be no need to reinstate the odd-even rationing plan of last summer "unless consumers panic and begin topping off their tanks."

Railroad Commissioner John Poerner thinks another crunch is near because of a federal decision to increase production of home heating oil for the northeast states.

Home heating oil is another name for diesel fuel and there's already a shortage of diesel here in Texas, at least for farmers and ranchers.

Several farmers and fuel suppliers testified during a House subcommittee hearing last week that oil firms' manipulations of diesel fuel threatens to drive them out of business.

It seems there is diesel fuel available for them, but it is through irregular channels and for a much prettier price. The farmers openly called the secret channels "the Black Market," which is an inaccurate term.

Since diesel was deregulated last July, there are no government controls to keep the price down. The term "Black Market," as used during the hearing, is a reference to the manipulations by oil firms, which though legal, are done in secret to hike the fuel price and avoid bad publicity.

Several oil company representatives were present to testify they were not secretly directing fuel to the spot market.

So is there a shortage? State Rep. Dan Kubiak, who chaired the subcommittee, said the answer depended on who you believed at the inconclusive hearing—the farmers or the oil companies.

"From the testimony presented, one conclusion is we will not have shortages in the near future. But by all other indications, we will have a shortage—we have one

now." Kubiak promised more hearings as the probe continues.

A Presidential Visit

Top Texas Democrats endorsed President Jimmy Carter preparatory to a Dec. 8 visit for his Austin fundraiser.

Lt. Gov. Bill Hobby, Speaker of the House Bill Clayton, Land Commissioner Bob Armstrong and State Treasurer Warren G. Harding appeared together to announce their support for Carter.

"President Carter, under very adverse circumstances, has compiled a fine record as president of the United States," Hobby said.

Only a catastrophe, such as a setback in the touchy Iranian situation, will prevent Carter from making the campaign swing through Texas, his supporters say.

And Presidential Polls

A statewide poll conducted by Texas Monthly magazine indicates Carter, much maligned in Texas, will not fare too badly in this state, but the movers and shakers in both parties are still taking a wait-and-see attitude.

The poll showed Carter trails challenger Teddy Kennedy by one percentage point, 34.6 to 33.7, and that Calif. Gov. Jerry Brown musters only 6.9 percent support.

Kennedy's support came from all large urban areas, except Dallas-Fort Worth, and from minority areas. Carter is backed by conservative Democrats, Kennedy by the liberals, and both have about an equal number of moderates at this point. Veteran observers say look for a real fight.

Among Republicans

According to the poll, former Texas Gov. John B. Connally leads Ronald Reagan, George Bush, and all others in Texas.

Connally mustered 30.3 percent to Reagan's 27.6 percent and Bush's 13.2 percent. Not unpredictably, Connally called the poll's results "a victory," while his detractors called it "a setback" for him. Connally led in just about every category.

In a theoretical matchup, either Carter or Kennedy would beat Connally or Reagan, if the election were held today.

Carter was preferred over Connally by 51.7 to 48.3 percent, and topped Reagan 50.2 to 49.8 percent.

Kennedy beat Connally 51.9 to 48.1 percent, and took Reagan 55.2 to 44.8 percent.

No one is denying Texas will have a horse race on its hands. It may well come to pass that Texas will be the primary battleground to decide the outcome.

AG Opinions

In a legal opinion issued last week, Attorney General Mark White ruled a police officer has no statutory right to appeal a disciplinary suspension of 15 days or less, but a hearing may be required for a suspension resulting from charges which affect an officer's professional reputation.

White also ruled: —If a justice of the peace issues a search warrant returnable to him, the complaint alleging an offense discovered through the search need not be filed with him.

—Issuance of revenue bonds by an industrial development corporation will not violate the Constitution.

—The Railroad Commission has the authority and the duty to set rates for a specialized motor carrier operating under the authority of a seasonal agricultural license.

Looking Ahead

by Dr. George S. Benson, President

NATIONAL EDUCATION PROGRAM Searcy, Arkansas

CARTER ADMINISTRATION RESPONSIBILITY FOR THE LOSS OF NICARAGUA

While it is unfortunately true there is a communist "fifth column" busily at work in America, supported by hundreds of movie and television "personalities" whose loyalty is questionable, the great majority of the American people are opposed to the spread of communism. This vast anti-communist majority will be interested in knowing how their own government aided the communist revolution in Nicaragua. What are the facts in this incredible tragedy? Did our national leaders know the true nature of the Sandinistas? Judge for yourself when you read these facts.

President Carter and his State Department knew full well the communist origin of the Sandinista movement. The Director of the Department of State's Office of Central American Affairs informed Congressman Koch of New York on April 19, 1977, that the Sandinista National Liberation Front "was founded in Havana in September, 1962, by a group of leftist extremists (read communists) who had been active for some years in revolutionary causes." She went on to confirm that Cuba's material and moral support was most important to the Sandinistas.

Human Events on July 14 and August 4 published details of a May 2, 1979 (Central Intelligence Agency) memorandum which reported on Cuban intensified efforts to "unify insurgent groups not only in Nicaragua — where Cuba has concentrated its efforts — but in Guatemala and El Salvador as well." The memo also reported that Castro "promised that Cuba would increase its assistance in the form of money, arms and ammunition."

The evidence is clear that our government and its highest leaders knew the Sandinista revolution was communist inspired, supplied, and directed, with Cuba the main controlling agency. It can only be concluded that those in control of this government today wanted it that way.

In July, Accuracy in Media's AIM REPORT published the following account of the degree of complicity of the Carter administration in the Nicaraguan tragedy: "The Administration has tried to give the impression that it is simply ignoring the evidence, it says that Somoza is being overthrown from within, not from without. The fact is that the Carter Administration is trying to stop the Nicaraguan government from buying arms anywhere in the world. It has even halted the delivery of arms that Nicaragua has already bought from other countries. It has pressured Nicaragua's allies into not honoring their treaty commitments to go to Nicaragua's aid. At the same time it has closed its eyes to the flow of arms to the rebels. If these policies had been reversed the present destructive war could have been avoided."

The American Security Council's Washington Report for August, 1979, reports: "Maj. Gen. John K. Singlaub, former Chief of Staff, U.S. Army Forces Command, ... told the press group that colleagues on active military duty had revealed to him that U.S. State Department officials had actually attempted to subvert the Somoza regime by approaching officers of the Nicaraguan National Guard and urging them to defect to the Sandinistas."

... the information ... is well known by members of the officer corps who suggested that perhaps I ought to tell the story because I'm free to speak and they are still not free to speak."

**Mini Workshop on Microwave Booked**

A microwave mini workshop will be conducted by the North Texas Electrical Women's Round Table and Tulu Hickerson, home service advisor with Cooke County Electric Cooperative, on Monday, December 10th at 10 a.m. in the Cooperative's auditorium in Muenster.

The program demonstration will be presented by Flo Leslie, Litton Microwave Specialist of Dallas, who will assist in converting favorite recipe to microwave cooking. Microwave ovens will be furnished by Cooke County Appliance and Muenster Butane.

The public is invited to attend. For further information, call Tulu at 759-2211 or 736-2201.

**Library News**

**Children's Films**  
Children's films will be shown on Tuesday, December 11, 4 p.m., Muenster Public Library. There will be only one showing this month. Theme of the films is frogs, frogs, and more frogs. THE LITTLE TADPOLE WHO GREW (10 minutes) is about a tadpole who takes refuge in a can at the bottom of a pond only to discover that he cannot get out because he has grown into a frog. A TADPOLE TALE (14 minutes) is the story of a boy who longs for his own pet. He finds a tadpole in a pond and takes it home, but the tadpole grows and grows. MR. FROG WENT A'COURTIN' (5 minutes) is a sing-along version of the folk song about the frog who courts a mouse. Please come and enjoy these films at your local public library. Library hours: Tuesday 8:30 to 5:00; Wednesday 2:30 to 5:30; Thursday 8:30 to 5:00.

**Disabled or Blind Children Eligible for SSI Payments**

There are a number of disabled or blind children in the Sherman area that may be eligible for payments under the Supplemental Security Income Program, according to Gus Jones, Manager of the Sherman Social Security Office. This program is designed for people who have limited income and resources. The income of the child's parents is considered in figuring the amount the child could receive. A disabled or blind child can receive up to \$208.20 per month under this program. SSI payments take other income into account, so the child might receive less, depending on any other income they might have and the parent's income.

All parents and guardians of disabled or blind children should check with the nearest social security office to see if the children can qualify for the Supplemental Security Income (SSI) Program.

**SNAP Menus**

Tuesday, Dec. 11 - Meat Loaf with Brown Gravy, scalloped potatoes, tossed green salad with French dressing, dinner roll, margarine, fruited jello dessert, milk.

Wednesday, Dec. 12 - Old Fashioned Beef Stew (vegetables in entree) cooked cabbage wedges, cornbread, margarine, peanut butter cookies, milk.

Thursday, Dec. 13 - Chicken Rice Casserole, lettuce salad with French dressing, seasoned green peas, dinner roll, margarine, sweet potato pie, milk.

MRS. GENE R. YOSTEN

—Photo by Mathews Photographers

**Wedding Vows Exchanged by Linda Knabe and Gene Yosten**

Miss Linda Agnes Knabe and Gene Robert Yosten were married in St. Mary's Church in Gainesville with Father Placidus Eckart officiating on November 23 for the 5 p.m. Nuptial Mass and double ring vows.

Parents of the couple are Mr. and Mrs. Lawrence Knabe, Sr. of Gainesville and Mr. and Mrs. Lee Roy Yosten of Muenster.

Presented by her father, the bride wore a wedding gown made by her sister, Mrs. Raymond Fleitman. The empire styled gown was of candlelight taffeta with fitted bodice overlaid with rose point lace, and a scalloped neckline. The long puffed sleeves were of sheer candlelight dacron and lace. The taffeta skirt was overlaid with sheer dacron and the cathedral length train of sheer dacron was attached to the waistline in back with pleats and a bow of candlelight ribbon, and was applied with matching lace traced with seed pearls.

Her four layered illusion veil was fingertip length and fell from a lace cap with seed pearl trim. Her bridal flowers were wine and pink cream roses with pink tipped appleblossoms and accents of seed pearls.

**Attendants**

Susanna Knabe, the bride's sister, was her maid of honor and Mrs. Dan Per Stevenson, the groom's sister Karla, was the bridesmatron. Both wore floor length peach dresses with printed sheer capes and carried nosegays of yellow-tipped apricot, wine and pink tipped roses, with creamed peonies and baby's breath.

Arnold Yosten, the groom's brother, was best man and Lloyd Reiter, a friend, was groomsman. Ushers were Keith Grewing of Gainesville, a friend and Steve Eckart, cousin of the groom.

Readings were by Troy Yosten, groom's brother and Mass servers were Marc and Dave Reiter, friends of the couple.

Arrangements of peach gladioli, tangerine carnations and bronze pom-poms decorated the three altars in the church, while front church pews for relatives were marked with peach bows.

Mrs. Patsy Henry provided organ music; Mrs. Mary Ann Jarvis played the guitar and vocalists were Mrs. Jarvis and Mrs. Carrie Bayer and Loy Ann Koebelen.

The bride and groom placed two long stemmed carnations and a long stemmed rose on the Blessed Virgin's altar, while the "Hail Mary" was sung.

**Reception**

A reception followed in the Knights of Columbus Hall in Gainesville, where an autumn theme of leaves and hearts in shades of gold, brown and orange seemed to bloom.

Registering guests were

**New treatment for fever blisters or cold sores available at the DISCOUNT PHARMACY**  
Lysine Oral Tablets  
Helps speed healing and relieves discomfort of fever blisters and inhibits re-occurrence

**County Horse Club Elects and Plans**

Members of the Cooke County 4-H Horse Club elected officers and planned far into 1980 at their meeting last week in the Gainesville Riding Club.

Shonee Fennell heads the organization as president, Denise Haverkamp is vice president, Frankie Enderby is secretary-treasurer and Nancy Sicking is reporter.

Billie Fennell and Wilfred Sicking were named adult leaders in charge of projects.

The club's calendar calls for two meetings a month, the second and fourth Tuesdays unless a conflict occurs, in which members will be notified of the change by phone.

The calendar was also marked with dates of the annual 4-H horse shows, which will be open only to county club members. County eliminations will be held on May 17 and the district show on June 14.

Another horse show, open to all county youths of ages 9 to 19, was discussed. It's to be sponsored by the horse club in September, 1980.

Other projects were discussed but dates and places were not discussed.

**Auxiliary Asks for Donations in Lieu of Greeting Cards**

The Muenster Hospital Auxiliary is sponsoring its annual holiday project "In Lieu of Christmas Cards", whereby donations may be made to the auxiliary benefit program for Muenster Memorial Hospital.

Mrs. Herb Miller is chairman. She urges the donation of an amount ordinarily spent for cards and postage. Deadline to be included is December 15. Names of donors will be printed in a special greeting in the Christmas issue of the Muenster Enterprise, but individual amounts will not be listed.

Checks should be made payable to the Muenster Hospital Auxiliary and sent to Mrs. Herb Miller, Box 158, Muenster Texas 76252.

Antelope fawns develop faster than deer fawns. When only a day or two old, they can run at speeds up to 25 miles per hour for short distances.

**KCs to Treat Kids At Christmas Party**

Mrs. Sandra Knabe, sister-in-law of the bride and Kerri Yosten, sister of the groom, are serving the wedding cake were Mrs. Betty Rose Waiterscheid of Muenster and Dee Dee and Robbie Rosson of Gainesville, cousins of the bride.

After a wedding trip to New Mexico, the couple will reside in Muenster.

Out-of-town guests attended the wedding from Ardmore, Whitesboro, Sherman, Euless, Lindsay, Valley View, Denton, Dallas, Cleburne and Fort Worth.

Knights of Columbus of the Muenster council will be hosts on Sunday, December 16, at a Christmas party in the KC Hall. It will feature the traditional appearance of Santa Claus along with his customary Christmas visit with the kids and distributions of Christmas goodies in front of the Christmas tree.

Guests will be children and grandchildren of the members plus children and grandchildren of visitors. A 12 year age limit is requested.

Twenty Tiger gridders will receive awards at annual banquet. Donald Muller wins corporal stripes in Germany. Betty Luttmeyer and Freddie Neu marry at Gainesville. Harold Reeves and Dorothy Gilliland marry in home ceremony. Bulcher HD Club sends gifts to hospital to cheer patients. Mr. and Mrs. Russell Herb and family move to Dallas.

## 20 YEARS AGO

December 4, 1959

Election is set December 31 for Lindsay's incorporation as a town. Bishop Gorman will confirm a class of 200 here Sunday. Two package stores begin operation here and two more will open soon. Twins Cecil and Cyril Hermes are inducted into the army. Mary Trubenbach and Bill Blythe marry here. Cold weather cancels local Boy Scout hike and camp-out. Open house Sunday will show Gainesville College. Dinner meeting is set to organize men's civic club here. Family reunions featured Thanksgiving activity.

## 15 YEARS AGO

December 4, 1964

Religious ceremonies and social event will observe Muenster diamond jubilee next Tuesday. Jaycee Thanksgiving project nets over \$4,000 for hospital fund. Revised edition of parish history compiled by Brother Thomas Moser will be available at jubilee program. Christmas lights in city are turned on Thursday. Local FFA chapter farmers win district crown. Mrs. Ed Hess is recovering from broken arm sustained in deer hunt...has surgery at Muenster Hospital. Six-day mission starts at Lindsay Sunday. Scout Auxiliary reelect Mrs. Ed Schmitt president and plans Christmas party. Eight enumerators begin on census of county farms. Soldier Lloyd Prescher gets discharge after return from tour in Germany. First fire hydrant is installed in town of Lindsay. Virginia Wolf and Leroy Kupper marry here. Shirley Horn and Edmon Vieth wed at Windthorst. Agnes O'Rourke and Mark

## Burrowes marry in Dallas.

## 10 YEARS AGO

December 5, 1969

MHS Hornets edge Falcons 29-28 in Bi-district tilt...will meet Celina tonight in Regional play-off at Leeper Stadium in Gainesville. SH junior and senior 4-H clubs, tops in county Share-in-the-Fun contest advance to district. Donations in lieu of greeting cards start for Hospital. Robert Knauf and Jerry Fleitman reach Eagle Scout rank. Margie Felderhoff is top winner in VOD Essay contest here. Jaycees resume project on Park improvements. Local firemen sponsor dystrophy drive. KCs remember 79 deceased members in memorial rite. Sailor Mike Felderhoff is at home on leave after Vietnam aboard the USS Oriskany. Infant daughter of Mr. and Mrs. Melvin Voth is buried at Lindsay. Kelly Hudspeth is among winners in Little Miss Dallas Pageant. The Pete Koelzers are honored on 40th wedding anniversary, the Jake Wolfs on 53rd, and the Gus Lutkenhauses on silver anniversary. Joe Wilp, 78, native of Muenster, dies in Oklahoma City. New arrivals: a boy for the Paul Deltzes; a girl for the Robert McDaniels.

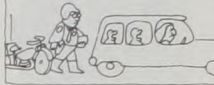

## 5 YEARS AGO

December 6, 1974

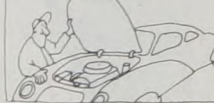

Parade and drawing tomorrow will open the Yule season in Muenster. Community Center will be dedicated Sunday following confirmation of 62 sixth grade students with Bishop Danglemayr officiating at both services, Dec. 8, 85th anniversary of the founding of this community. City council approves plan to upgrade Muenster Public Library. Quickie drive for United Fund starts here this week. Local TV studio in new parish center will have open house Sunday. Services are held for T.J. Russell, 44. Miss Ford Country will participate in Christmas parade. K of C lighting contest stresses "Put Christ Back into Christmas." AMPI starts work on expansion project. Muenster Telephone Corp. is building new warehouse. New homes are being built for the Tom Swirczynskis and David Fishers. KCs remember 94 deceased members in memorial service. Patricia Metzler and Tom Eberhart and Deborah Hess and Michael Orsburn marry at Lindsay. Cooke County is designated a disaster area with Lindsay and Gainesville eligible for federal assistance in coping with hardships caused by storm and flood. Lynn Reiter and Thomas Koppenhafer set Jan. 11 as wedding date. Jo Ellen Trubenbach and Jerry Reed will marry Jan. 3. J.W. Fleitmans celebrate 40th wedding anniversary. New arrivals: a boy for the Johnny Welborns; girls for the John Yostens and Larry Vogels.

## HOW TO GET BETTER MILEAGE FROM YOUR CAR...

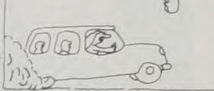

Obey the 55 mph speed limit.

Keep your engine tuned.

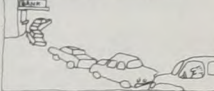

Avoid hot rod starts.

Drive at a steady pace.

Don't let the engine idle more than 30 seconds.

## Oldest known bale is on display

COLLEGE STATION — An ancient bale of Mississippi cotton, the oldest bale known to exist, is now on permanent display at Texas A&M University. The old cotton raised by slave labor in 1859 was originally baled by hand with heavy iron bands. In 1955 it was re-pressed and enclosed in a glass case as a museum piece. Cotton experts at Texas A&M say the old fiber is as strong as when it was pressed in the 1860s. Cotton is very durable when baled and will remain in top condition for a long time they note.

The relic was exhibited at the St. Louis World's Fair in 1904 and in the New Orleans Cotton Exchange in 1945. Prior to the World's Fair, the tattered bale was on exhibit at Memphis in 1890 and in Chicago in 1893.

**Garden Club Meeting**

The Muenster Garden Club will meet Monday, December 10 at 8 p.m. in the home of Mrs. Ray Wilde. It will be the annual Christmas "Show and Tell," with members exhibiting original designs suitable for Christmas use in their own homes. Members will also have a plant exchange.

In this time of Christmas rush take time out to Celebrate and ENJOY the Holidays

Here come de Judge — Plans for a sprawling, new roller coaster to be named "Judge Roy Scream" have been announced by Six Flags Over Texas. The two million dollar ride will be built along the shore of the theme park's entrance lake. It is the first phase of a program which will bring the entire lake into the park's entertainment area in future years.

**Council's Issues Await Jan. Meeting**

The greater part of this week's business at the city council consisted of shelving issues until the next council meeting so that the subjects can be more thoroughly considered before final action is taken.

One request concerns location of a beauty shop in a home. Another requests a permit to park a double wide mobile home in block 16 of the city.

Also Lone Star Gas Company's petition for a rate increase was read for the second and referred to the next meeting for third reading and final action.

Still another second reading was the city's proposal ordinance on subdivisions. It likewise was referred to the next council meeting.

However two matters were finalized. Following a third reading a request for annexation to the greater Texoma Municipal Utilities District, the council elected to join. The purpose is to arrange for mutual aid in solving utility problems.

The city also considered a request to install a street light at Eddy and Willow Streets in South Muenster. It was approved.

**Memorial Honors Deceased Members of Muenster KCs**

Deceased members of the Muenster Knights of Columbus were remembered at solemn memorial services Sunday at 7 p.m. in the K of C hall.

The roll of Brother Knights who died since the council was established in 1910 included 116 names, three of which were added since last year's service. They are J.C. Trachta, John Albers and John Fisher.

The ritual combined prayers for the dead with reminders to the living that their deaths are certain, the only unknowns being when, where and how. That ceremony was followed by the memorial roll call by Recorder Joe Hellman and answers of "absent" by Warden Joe Hoenig.

Others participating in the ritual were Father Denis Soerries, chaplain, Wayne Klement, grand knight, Claude Klement, Chancellor, and Harold Flusche, deputy grand knight.

After the service Father Denis was celebrant at a mass in the council chamber. Attendance of about one hundred included KCs and relatives and friends of the deceased.

"She'll love that for Christmas!"

Consider a program of adequate life insurance to protect your family's future. Can any father offer a better Christmas gift to his loved ones? Visit us at FMW Agency about a FMW life insurance program.

# Forestburg News by Myrt Denham

Do any of you folks know anyone that would put out \$180.00 to keep ten cats? Well, the Forestburg community can boast of just such a citizen! This kind tenderhearted person recently noticed that their cat population was somewhat in excess. Upon close inspection it was discovered they had 10 female cats — not counting the other gender. Thus it was decided that some must be disposed of — but when looking into their soft trust-

ing eyes no such decision could be made. So Larry Tisdale, the Muenster Vet, got ten cats to spay. He took them in shifts over a period of time and our tender hearted friend is some \$180.00 poorer but has at least ten cats to feed and love. To such a person I can relate very easily.

There is another tender hearted person in the community who is the "Guardian Angel" of our canine friends. He will bring home stray dogs from where ever he finds them. Then he and his lovely wife will give them tender loving care till they are fat and sassy. If they can't find a home for the dogs and they become somewhat numerous they must either move or the dogs move one, thus they take the dogs to a vet and have them put to sleep. If the price of dog food weren't so high many a dog would never have to leave this Haven in Forestburg. So our Heavenly Father does provide for and take care of His creatures in one way or the other.

Mr. and Mrs. Blake Freeman attended a county commissioners' convention in Dallas the weekend of Nov. 23rd.

Mr. and Mrs. Don McCandless and family of

Floydada arrived at the home of his grandparents Mr. and Mrs. Ray (Ted) Jackson Fri. p.m. November 23rd. While here the McCandless family visited with the Jack C. Dills also.

Mr. and Mrs. Roy Holzbog and Mrs. Vivian Long from English, Indiana, Mr. and Mrs. Raymond Holzbog and Wanda Holzbog of Birdseye, Indiana, spent the last week of November visiting with Mr. and Mrs. Herschel Holzbog and family of New Harp.

Ray Joe Hunt of Paulsboro, New Jersey returned Tuesday p.m. November 26th after visiting his parents Mr. and Mrs. Joe Hunt of New Harp.

Mrs. Sandra Lovall of Forestburg received word this past week that her mother had been hit and killed by a truck in California. Our sympathy goes out to Mrs. Lovall.

Mrs. Esther Shears celebrated a birthday on Thursday November 29.

The program workshop committee of the Forestburg United Methodist Women met in the home of Mrs. Alice Shears at 11 a.m. Wednesday November 28. Programs and projects for the 1980 year were made out. Afterward a luncheon was enjoyed by those present — Mrs. Alice and Esther Shears, Lucille Littell, Betty Reynolds and Myrt Denham.

As we mentioned in last weeks' column — Leo and Dolly Orrell now live in Gainesville and manage a Motel there. The Orrells daughter Kuara now attends college at Texas Tech in Lubbock.

Mrs. Alta Hill and Billy & Tammye Hogan of Nocona visited with Mr. and Mrs. Wade Perryman on Thursday November 28th.

Perryman Denham was in Bowie Friday November 30 on business and also visited with his mother Mrs. Joe Denham.

Mrs. Hazel Greenwood and Mrs. Georgie Greenwood were also in Bowie Friday November 30 — they visited with Mrs. Darlene Johnston. Mrs. Johnston is the former Darlene Greenwood.

Mrs. Merle Hudspeth celebrated a birthday on Wednesday November 28th. On Friday night November 30 Mmes. Alice Shears and Betty Reynolds honored Merle with a party in the home of Mrs. Shears. The dinner party was attended by: Mmes. Cleo Lanier, Decie Ellzey, Ti Cook, Vera Mae McGee, Wanda Perryman, Mr. and Mrs. Ted Jackson, Mr. and Mrs. Ross Littell, Mr. and Mrs. Perryman Denham, Clifford Hudspeth and the hostesses.

Billy Barclay & Jennifer of Sanger visited his parents the A.G. Barclays Saturday December 1st. Yes, there is a Mrs. Billy Barclay but she had to be on the job that day.

Claudine Martin and Jean Keach of Bowie visited with Mrs. Georgia Greenwood

and family Sunday December 2nd.

Mr. and Mrs. Grady Reed of Euless spent the Dec. 1st weekend in their Forestburg home.

Mr. and Mrs. Donald R. Sledge of Nocona visited his mother Mrs. Atricie Sledge Sunday Dec. 2.

Forestburg can make another boast—it has at least ONE real honest citizen. Most all of us know about the Unemployment Program and its procedure when a person is laid off from his or her job. Now we all know also that anyone that really wants to work can get any number of jobs. Well, this citizen was required to ask so many people each week for a job before "he" could draw unemployment money. It so embarrassed "him" that everyone "he" asked for a job wanted to hire him—that "he" just couldn't bring himself to take the unemployment money. Folks like this are few and far between. We sure need more of'em around.

Services for Mrs. Rosa Lee Ensey, 55, of Sunset, Texas were held at 10:30 a.m. December 1, 1979 in the First Baptist Church of Sunset. Rev. Jerry Ensey of Wichita Falls officiated.

Interment was in Perryman Cemetery under the direction of Owens & Brumley Funeral Home.

Mrs. Ensey was born in Lesville, Texas on January 12, 1924. She was a member of the Assembly of God Church. She died November 29 in the local hospital.

Survivors include her husband, Jack of Sunset; one son, Robert of Bowie; one stepson, Bobby W. Ensey, Bowie; one brother, Don Cole of Colorado; two grandchildren; three step-grandchildren and one great-great grandchild.

Services for Mrs. Ester C. Sowell, 86, of Alvord, Texas were held at 2:00 p.m. November 29, 1979 in the First Methodist Church of Alvord. Rev. George Thompson of Saint Jo officiated, assisted by Clay Yeager of Alvord.

Burial was in Alvord Cemetery under the direction of Owens and Brumley Funeral Home.

Mrs. Sowell was born in Wise County and had lived all her life there. She died November 28th in a local convalescent home.

Survivors include one son, Kenneth of Wichita Falls and one daughter, Mrs. Ozell Barnett of Alvord.

NOTICE TO CREDITORS OF ESTATE OF FRANCIS WILLIAM GRUBER, DECEASED  
NOTICE is hereby given that original Letters of Administration on the Estate of Francis William Gruber, Deceased, were issued to Robert S. Gruber, a resident of Cooke County, Texas, on the 19 day of November, 1979, by the County Judge of Cooke County, Texas, Cause No. 10,860.

All persons having claims against the Estate of the said Francis William Gruber, Deceased, are hereby required to present the same to me within the time prescribed by law. My post office address is: Route 2, Gainesville, Texas 76240.  
ROBERT S. GRUBER, ADMINISTRATOR OF THE ESTATE OF FRANCIS WILLIAM GRUBER, DECEASED

## Gobble...

honors granted the Gobbles during their life in Muenster, he won the coveted "Good Neighbor Award" from the Knights of Columbus. His advice and assistance has improved countless gardening, landscaping and horticulture projects for people in a wide surrounding area.

Their host of friends and relatives began arriving early and at times there was barely standing room.

Mrs. Myrtle Biffle of Myra played background piano music during the reception. Mrs. Jagium Biffle of Myra led singing of many favorite hymns. Before the party ended, the Gobble's pastor, Rev. Homer H. Caldwell, Methodist minister of Myra gave the benediction.

Approximately 250 guests attended, coming from Gainesville, Myra, Marysville, Woodbine, Wichita Falls and Fort Worth.

The Gobbles requested "No Gifts." Therefore friends set up a money tree which bloomed with bills and coins.

St. Richard's Villa, its owner Mr. Fuson, its administrator Mrs. Cain and the honorees of the party, Clive and Willie Gobble feel that it was a privilege and a pleasure to hold the celebration in the facility. They express appreciation to all who came and issue a standing invitation to "Come back often. You are always welcome to St. Richard's Villa."

## FOOD for THOUGHT

*An Agricultural Concern Of Interest to Everyone*

Farmers have a massive \$731 billion investment in their capacity to produce food and fiber.

Their assets increased less than three percent in 1977. Most of that increase was due to inflated land prices.

At the same time, farm debt went up about 15 percent in 1977.

Inflated land values, which have more than tripled since 1970, has increased established farmers' borrowing capacity to continue operations. On the other hand, land inflation has made it increasingly difficult for young or prospective farmers who don't have existing equity.

## NOTICE OF APPOINTMENT

TO: All persons interested in the Estate of Herman F. Schniederjan including its creditors (if any):  
Take notice that on the 26th day of November, 1979, Laura E. Schniederjan, Post Office Address: Route 1, Gainesville, Texas, 76240, was appointed Executrix in Cause No. 10,964 styled, Estate of Herman F. Schniederjan, now pending on the docket of the County Court of Cooke County, Texas.

All persons having claims against the above estate shall present the same within the time prescribed by law.

SIGNED: LAURA E. SCHNIEDERJAN, EXECUTRIX

### Garden Center Bulletin

The weather is becoming more like winter. Time for winter gardening too. Work up your gardens now, add compost, manure or peat moss to be ready for next spring. We have Tillers for rent and front and rear tine tillers for sale, also we can repair any brand of tiller you may have. Plan locations for fruit and nut trees as these will be in stock at the Garden Center in the near future. We will have hundreds of trees, including apples, apricots, figs, grapes, peaches, plums, pears, cherries, pecans and walnuts. These should be planted as soon as possible to allow time to develop a good root system during the winter. It's also firewood cutting time. We have STIHL, ECHO and McCULLOCH chain saws to fit any need or budget plus axes, wedges, mauls, handles and woodsplitters. We also repair and sharpen any brand of saw. Come by the Garden Center for all your gardening or chain saw needs.

## Select Christmas Tree with Care

Selecting your Christmas tree wisely and giving it proper care will help it last throughout the holiday season.

First, consider the tree species, says Dr. Michael Walterscheid, forestry specialist with the Texas Agricultural Extension Service, Texas A&M University System. Common species grown in Michigan, Minnesota and Oregon and sold in Texas include Scotch pine and Douglas fir. There are also some spruce, noble fir and concolor fir. All make acceptable Christmas trees. They are cut in October, then stored and shipped south as Christmas approaches. Generally, these trees are in good condition when they arrive in Texas.

Recently, producers in southern states have started growing Virginia pines in plantations for Christmas trees. According to Walterscheid, Virginia pines make desirable Christmas trees because they have a pleasing fragrance, relatively short needles and can be pruned readily to a desirable shape. Texas growers, too, have established plantations of Virginia pines, but only limited supplies are available in certain areas. More Virginia pines will be available within two to three years and will have an advantage of freshness over trees shipped in from other states.

Buy your Christmas tree early so you can select the type of tree you want, advises the specialist. Check for signs of needle shedding and brittleness which indicate that the tree has become too dry. If a tree is too dry when purchased, it will continue to dry out even though it is set in water. Generally, trees available on retail lots in Texas are fresh and can be expected to remain usable in the home throughout the Christmas season.

When you get the tree home, cut one to two inches off its base on a slant. Stand the tree in water and store in a shaded area until you're ready to bring it inside. Keep water in the stand at all times and your tree will remain fresh.

In the home, place the tree away from all heat sources, such as a fireplace or heating unit, cautions Walterscheid. Check the water level often; a tree may use as much as a pint of water a day. Keep your lighting system in good order by inspecting and discarding wires with frayed insulation, broken sockets and loose connections. Use only lights and cords that carry the safety seal of Underwriters Laboratory.

As a final remainder, Walterscheid advises removing gift wrappings and packing materials from around the tree once you have opened Christmas packages.

By selecting a fresh tree and following a few safety rules, everyone can have a safe and happy holiday season.

**Koelzer...**  
length formal, with a sheer chiffon cape, a gold loop necklace with a diamond pendant and a corsage of white silk cymbidium orchids. The anniversary Mass was preceded by the entrance procession led by Father Denis and Mass servers, Glen Hermes and Darrel Knabe, grandsons of the goldenweds, and Brian Hess, The Koelzers' children and families followed, including Mr. and Mrs. Vic Koelzer of Perryton, Mr. and Mrs. Wilfred Koelzer and Mr. and Mrs. Arnold Knabe (Aileen) of Muenster, Mr. and Mrs. Joe Hermes (Alice) of Lindsay, Mr. and Mrs. John H. Jones (Veronica) of Madill, Okla.; Mr. and Mrs. Mark Hermes (Dolores) of Gainesville, Mr. and Mrs. Norman Koelzer and Melvin Koelzer, all of Muenster.

The entrance procession also included Mr. and Mrs. Victor Sicking, who represented the wedding attendants, the late Thomas Sicking, and Mrs. Johnny Noggler, the former Marie Koelzer of Hereford, who was unable to attend. The honor couple followed.

The Offertory procession was led by Debbie and Steve Bates of Madill, carrying a banner made by Aileen Knabe, reading: "When two hearts as one unite, the yoke is easy and the burden light."

The prayerbooks carried by Pete Koelzer and the former Gertrude Sicking on their wedding day, were brought to the altar by Kenny and Debbie Koelzer of Electra. Bread, representing her baking, and wheat and grapes representing his farming, were carried by Ginger and Verlin Hayes of Perryton. A white candle for tiny Melissa Koelzer, a granddaughter who died in infancy, was carried by her brother, Stephen Koelzer.

Roses representing the four sons and four daughters of the Pete Koelzers were brought by Gary Knabe, Karen Hermes, Helmut Koelzer, Joyce Hermes, Kevin Jones, Leah Hermes, Keith Koelzer, and Carl Hermes. The anniversary candle and crystal rosary were carried by Melvin Koelzer and Dolores Hermes.

A candle for Thomas Sicking, best man at the wedding in 1929, was carried by Veronica Jones. The Offertory collection was brought to the altar by Norman Koelzer. The water and wine were presented by

Alice Hermes and Aileen Knabe and the Ciborium and Paten were carried by Vic Koelzer and Wilfred Koelzer.

Taking part in the special liturgy were Linda Hermes with the first reading; Margie Knabe, response; Della Hermes second reading; Tina Koelzer, Shelly Hermes, Chris Hermes, Carol Knabe and Lori Knabe gave the Offertory petitions; Janet Felderhoff gave the thanksgiving.

Special music was given by Mrs. Joe Felderhoff, organist and Mrs. Butch Fisher, soloist. Altar decorations included bronze mums in gold vases.

**Reception**  
A reception, dinner and dance followed in the K.C. Hall for about 100 relatives and friends. Tina Koelzer and Shelly Hermes secured guest signatures in the anniversary book, at a table covered with lace over pink. Also displayed was the invitation in the form of a book, made of styrofoam. The couple's wedding picture and a current picture were placed on the table.

All hall decorations were made by their daughter, Aileen. Outstanding was a large focal hanging basket, filled to overflowing with pink and gold flowers. Guest tables held pink flowers with gold accents, and gold candles. The honorees' dinner table was centered with an arrangement including a statue of the Holy Family, owned by Mrs. Pete Koelzer since her childhood. There was also a vase more than 50 years old, with flowers made by Aileen.

A special treasure was a family album arranged to show the Koelzers children, each surrounded by their respective families.

The anniversary cake was decorated with figurines for eight children; roses for 25 grandchildren and one great-grandchild; and a tiny angel for one granddaughter lost in infancy. The cake was served by Carolyn Luke assisted by Koelzer granddaughters.

During dinner Mark Hermes read a brief family history. The family gift to the honor couple was an engraved gold pocket watch for him, and for her, the family arranged to have her original ruby engagement ring re-designed and rebuilt to include two diamonds.

Mr. and Mrs. Pete Koelzer have lived in Muenster all their married life except for 8 years in Madill, Okla. In the early years he farmed, later working for L.W. Powell as a pumper. She has been the homemaker. Both still enjoy gardening and bicycling for recreation and are active members of church and parish organizations.

Out of town guests included Messrs. and Mmes. Kenny Koelzer of Electra; Verlin Hayes of Perryton; Otis Rainwater of Brownsboro; Harvey Buttrick, Mike Zawko, and Vicki and Chasity Stewart and Helen Harrington all of Fort Worth; also Messrs. and Mmes. Steve Bates of Madill, and Peter Prescher all of Gainesville; and Mrs. Leo Prescher and Mrs. Louis Ford, both of Valley View.

When company is coming and a special dish is in order try SWEET AND SOUR MEATBALLS. This dish looks like it took hours to prepare but it's easy and delicious when made with Chun King sweet and sour stir-fry entree.

**SWEET AND SOUR MEATBALLS**  
2 slices white bread  
1/2 cup milk  
1 1/4 pounds ground chuck  
1/4 cup finely chopped onion  
1 garlic clove, minced  
2 tablespoons Chun King soy sauce  
1/4 teaspoon allspice  
1/4 teaspoon nutmeg  
1/4 teaspoon pepper  
1 egg, slightly beaten  
1 tablespoon peanut or salad oil  
1 box (19 oz.) Chun King sweet and sour stir-fry entree  
1/4 cup water  
2 teaspoons cider vinegar  
Carrot curls and scallion fringes for garnish (optional)

In mixing bowl, combine bread and milk, breaking up the bread with a fork. Add chuck and mix well. Add onion, garlic, soy sauce, allspice, nutmeg, pepper and egg. Mix lightly until well blended. Shape into 30 meatballs.

In large skillet, heat oil and saute half the meatballs until browned on all sides. Remove meatballs to plate and repeat with remaining meatballs. Pour off drippings. Add glaze mix from entree and water to skillet. Cook, stirring constantly, until glaze thickens.

Add meatballs and continue to cook until meatballs are well glazed, stirring occasionally.

**Crawfish crops are a good investment**  
COLLEGE STATION — Jambalaya and crawfish pie will be common dishes in Texas kitchens and restaurants once producers get into gear and a few more Lone Star palates sample this cross between lobster and shrimp, says Dr. Jim Davis.

Davis, an extension fisheries specialist at Texas A&M University, believes Texas will be the next great producer of crawfish in the United States, second only to the crustacean's native stomping grounds, Louisiana.

Centered in the southeastern part of Texas are some of the world's best breeding grounds for crawfish farming, Davis says. The reason: converted rice fields are magnificent places to farm crawfish.

## SH Teams Win and Lose at Goldberg

Sacred Heart teams divided a pair of games at Goldberg Tuesday night, the boys winning 84-48 and the girls losing 49-22.

The Tigers enjoyed a surge in strength as boys who had been in the football playoffs returned to the roster. Especially pleasing was 45 per cent average on shots from the field, and other assets were rebounds by Mel Walterscheid, Brian Bindel and Gene Fuhrman, also the floor work of Monte Endres. Not so pleasing, however was an average of only 50 per cent from the foul line.

SH started early and gained in all periods by scores of 18-10, 40-28, 63-38 and 84-48.

Mel Walterscheid led the scoring with 22 points, Brian Bindel hit 15, Craig Walterscheid 10, Monte Endres 9, Gene Fuhrman 8, Brian Herr 5, T.J. Walterscheid 5, Darrell Herr 2, Greg Walterscheid 2, Gene Haverkamp 2, Mike Hesse 2, Curtis Henscheid 2.

The girls' game was equally one sided but in favor of the opponents, who took a big 8-1 lead and improved it in every period by scores of 23-11, 33-17 and 49-22.

Tigerette scorers were Toni Hoedebeck 8, Carol Walterscheid 7, Virginia Bartush 4, Nancy Sicking 2, Donna Hess 1.

## Tigers Lose Two In Tournament

Sacred Heart Tigers, still short handed while a number of their players were in the football playoffs, lost both games in the Callisburg tournament last weekend. The first loss was to Collinsville 51 to 44, the next to Callisburg 61-38.

The opening game was neck and neck through the first half with the Tigers leading 5-4 at the quarter and trailing 15-13 at the half. Collinsville pulled to a third period lead 44-33 and the Tigers narrowed it to 44-39 early in the fourth. But they could not keep going. They trailed by 7 at the end.

Scorers were Brian Bindel 10, Darrell Herr 10, Brian Herr 10, Gene Fuhrman 9, T.J. Walterscheid 5, Greg Walterscheid 5.

The consolation semifinal with Callisburg was rather one-sided with Callisburg leading by scores of 16-9, 32-17, 40-20 and 61-36.

Tiger scorers were Gene Fuhrman 12, Brian Bindel 8, Brian Herr 7, Darrell Herr 5, Troy Wolf 2, T.J. Walterscheid 1.

## Tigers...

Delgado passed to Alcorn for the final yard. Alcorn's run tipped the count to 22-7 at 1:24.

After the next kickoff the Tigers could not move and the visitors started working on their fourth touchdown. Taking over on the SH 31 they gained 10 on a pass to Williams, and two tries later Lozano got loose around left end for a 16 yard scoring sprint. Drabek's run made the score 30-7 at 9:20.

Procedure from there was more of the same. SH gained 11 on a screen pass to Nasche and had to kick on the next series. So the Flyers moved again, starting from the Tiger 45.

Three runs gained 29, a holding penalty lost 15 and an interference ruling gained 19 to the Tiger 15. Two plays made the distance and the scoring play was a pass, Delgado to Williams for 9. A pass to Sasaki at 5:16 tipped to score to 38-7.

Next the Flyers tried their luck at a field goal. Following an interception by St. Joseph's, a fumble recovery by Phil Walterscheid and Bert Hesse and another Flyer interception, St.

Joseph was stalled by a clipping penalty. Delgado

booted true for 40 yards and 3 points. The score was 41-7.

Finally the Tigers cranked up their offensive for another scoring drive. After Phil Walterscheid's interception early in the fourth and a roughing penalty, SH was 13 yards away. Hartman's pass to Mel Walterscheid reached the 1 and Mollenkopf slipped over for the last yard.

The visitors still had another touchdown in their system. After kickoff they gained 14 to their 48, and three plays later Morris passed to Sasaki for the final TD an Drabek kicked on extra point.

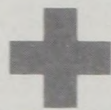

As the final 7:12 minutes ticked away the Flyers tried another field goal and missed. After that SH made its final effort for another score. From their 20 they gained to the Flyer 4 and lost possession on an interception.

Statistics	SH	SJ
First downs	16	22
Rushing	57	241
Passing	213	176
Completions	14-34	7-14
Intercept by	2	5
Fumbles lost by	0	2

### MHS Teams Blanked at Carroll Tourney

Both Muenster teams were wiped out in last week-end's tournament at Carroll-Southlake. Both lost to Aubrey High in the preliminaries and were eliminated from the consolation bracket by Carroll.

The Hornets played it neck and neck with the Chaparrals, taking a 15-11 first period lead and trailing 27-25, 38-37 and 57-55 at the remaining quarters. Poor re-

bounding and an average of only 31 percent on fieldgoal shooting plus foul troubles were their big problems of the first game. Two fouled out and two others had 4 fouls each. However they did fine on foul shots...17 out of 21.

Scorers were Todd Richey 20, Don Frazier 16, Ricky Winn 8, Floyd Felderhoff 6, Scott Marquardt 2, Larry Fleitman 2 and Mark Felderhoff 1.

In the second game MHS trailed by only 28-27 at the half. Then Carroll ran away with the third period and coasted to a 57-49 win. Hornets shooting was better, 39 percent from the floor and 69 per cent from the foul line. Mark Felderhoff and Todd Richey shared scoring honors with 14 each, Don Frazier hit 10, Floyd Felderhoff 8 and Ricky Winn 3.

The Hornettes made a big start for leads of 10-2 and 18-9, then Aubrey started gaining MHS still had a 23-22 lead at the third but could not hold on. Aubrey had it 33-31 at the end. Stephanie Richey scored high with 16, including 10 out of 11 free throws. Lou Dyer made 9, Carla Walterscheid 3, Kyla Hale 2 and Jill Walterscheid 1.

Their second game was an easy one for Carroll-Southlake. Scores by quarters were 11-2, 26-9, 34-11 and 43-23.

The MHS scorers were Stephanie Richey 7, Lou Dyer 4, Charlotte Fleitman 4, Jill Walterscheid 4, Kyla Hale 2, Carla Walterscheid 2.

No. 89 Monte Endres pulls in the ball on a pass completion during the SHHS-Victoria game.

Cocktail party chatter: "Don't take another drink, honey. Your face is getting all blurred."

### ON THE ROAD TO THE WINTER OLYMPICS

KARL ANDERSON—Alpine Ski Racer

At 26 years of age, Karl Anderson is the 1979 U.S. Downhill Champion. He was first named to the U.S. Alpine B Team in 1973 and has been a member of the A Team 1975-1979. He was a member of the 1976 Olympic Team and a member of the 1978 FIS World Championship Team.

Karl is a "downhiller." Downhill differs from the other two disciplines of slalom and giant slalom in that there are more risks involved, higher speeds, and tension. World Cup downhillers usually arrive at a race site on a Monday and train all week. Almost every day for the four months that the circuit lasts, they ski at speeds of 65 to 75 mph.

"It's an incredibly exciting feeling," says Karl. "I love the anticipation of the challenge." When training on his own, Karl returns to his home in Greene, Maine. He is used to training on his own and is quite a determined and disciplined athlete. Men's Downhill Coach, Jim Barrows, says of Karl, "He has an extraordinary talent of being able to go fast in a straight line. This summer we have worked on perfecting his high speed turning techniques, which should make him a contender for a medal."

During his tenure on the U.S. Ski Team, Karl has been healthy and injury-free. His hobbies include tennis, flying, scuba diving and fly fishing.

To help Karl and his teammates, send your tax-deductible contributions to U.S. Ski Team Fund, Box 100 M, Park City, Utah 84060.

### MOSCOW 1980

Without your help, we can't afford to win. Make check payable to: U.S. Olympic Committee, Box 1980-P, Cathedral Sta. Boston, MA 02118. Your contribution is tax-deductible.

401 N. Grand Gainesville

**Highway Relativity:**  
You're out for a spin and another car is coming at you at 55 mph. You see it and know exactly where it is — right? Wrong. At 55 mph the other car is hurtling toward you at over eight feet per tenth of a second. That one-tenth second is crucial. Researchers say there is a one-tenth second time lag in eye-to-brain communication in actual driving situations. That means that by the time you actually perceive the oncoming car, it has already moved eight feet away from the spot where you think you see it... Better be careful.

## CARD OF THANKS

I am very grateful to so many who helped in so many ways during my two weeks in Muenster Memorial Hospital and three weeks in Baylor Hospital. Special thanks are due Fathers Denis and Stephen, Bishop Danglmayr, Dr. Juarez and nurses in Muenster; Father Joseph Weinzapfel, Msgr. Thomas Weinzapfel, Father Brady and Father Becker, of Dallas,—for care and concern, visits, cards and prayers. Also to relatives and friends; and especially to our children who made so many trips to take us to and fro or to visit us. My wife joins me in saying "Thank You."

Al (Lee) Haverkamp

The pleasure we experienced in the lovely day spent observing our golden anniversary is "the reward of a lifetime." And the opportunity to renew friendships added to the perfect day. Our true appreciation is expressed to all who attended the open house at St. Richard's Villa, to all who sent cards or gifts, to all who expressed their love, and especially to all who helped make the day possible.

Clive and Willie Gobble

Our family wishes to thank the Muenster Hospital staff, Dr. Antonetti, and all our friends for the help and kindnesses during Mr. Garland Dickerson's long illness. We are deeply grateful for prayers, flowers and food.

Mrs. Garland Dickerson  
Mr. and Mrs. Lehnis Perkins and family  
Mr. and Mrs. Lewis Dickerson and family

Our family will treasure the memory of every thoughtful deed from neighbors, relatives and friends upon the death of our husband, father and grandfather, Clem Hermes, Sr. We offer our thanks for Mass stipends, flowers, phone calls, food gifts, and all other acts of kindness. Special thanks to Father Cletus, Sebastian Eboe, Denis, Placidus, Harry Fisher and Abbot Raphael di Salvo. We are truly grateful to members of Saint Anne's Society and all others who helped prepare and serve the family meal.

Mrs. Clem Hermes, children and grandchildren

We wish to thank the Muenster Hospital staff and Dr. Antonetti, Fathers Denis, Stephen and Placidus, the nuns and all who helped during the illness of Mrs. Elizabeth Wilde, especially Mr. and Mrs. Herb McDaniel for their care and concern. We are grateful also for Masses, flowers and food gifts sent by relatives and friends.

The family of Mrs. Elizabeth Wilde, her daughter, grandchildren, great-grandchildren, and other relatives.

## VALUE FORUM

.....  
realizing the worth  
of your possessions

### Your Property Appraisal--What's It Worth?

By Dexter D. MacBride, ASA  
Executive Vice President  
American Society of Appraisers

In answer to the above question — not much, if the appraiser you retained was not a qualified professional. It is estimated there are more than 120,000 people in the U.S., right now, who are practicing appraising. Perhaps three-fourths of these men and women do not belong to any major testing/certifying organization and, therefore, are not bound to educational or ethical standards.

"So what," you may say, "I'm sure my appraiser is licensed by my state licensing board and has been tested and approved, just like my real estate agent." Unfortunately, this is not the case. While it is true, in the area of real estate appraising, that about 12 states require appraisals be made only by persons holding a real estate broker's license, this isn't much consolation. Few, if any, of the states include substantive appraisal issues in their exams. (States include: Delaware, Florida, Indiana, Michigan, Mississippi, Nebraska, Oregon, Pennsylvania, Rhode Island, South Carolina, Texas, West Virginia.) The remaining states have absolutely no requirements, regulations, etc. There is no federal licensing/registration or certification of appraisers.

You may ask, "What about the people who appraise personal property; jewelry, antiques, coins and stamps, etc., or machinery and equipment (if you're selling a farm or an office or a repair shop, for instance, all that equipment must be appraised), do states license or test these appraisers?" The answer is no.

Now that you've heard the "bad news," let's discuss the positive side.

About 25% of the 120,000 people "in" appraising belong to one or more of the five major testing/certifying societies. These organizations award designations to persons having passed rigid tests and appraisal reporting procedures; they require five years minimum full-time appraisal practice and they insist that their members be

bound by strict codes of ethics.

2. Tested, certified, ethical appraisers will give you a written and signed appraisal. The report will be objective (this is the heart of the appraisal concept), unbiased and fact-oriented, it will be understandable, and will contain full details about the conclusions stated.

3. Inflating or deflating the value of a piece of property, according to a client's desire (deflating to minimize a tax that must be paid, or inflating to induce a buyer to pay more than the true worth), will, in the long run, work not only against the client but the appraiser. The IRS and the courts have proven this to be true.

4. Ask for credentials and qualifications the next time you retain an appraiser.

For a free list of questions and answers to ask your appraiser, write: American Society of Appraisers, Dept. A, Dulles Int'l. Airport, P.O. Box 17265, Washington, D. C. 20041.

### Insurance Fraud: A White Collar Crime

Approximately 15 to 20 percent of your annual increase in premium payments is the direct result of insurance fraud, says an Allstate Insurance Company spokesperson.

Insurance fraud, which costs honest policyholders an estimated \$3 billion a year, is one of several major white collar crimes — committed by people we all assume are "respectable citizens." White collar crimes include forgery, the obtaining of money through false pretenses, mail fraud, perjury and arson for profit. The price tag on these crimes is estimated at more than \$44 billion annually. Some white collar crimes, including insurance fraud, are committed by organized crime syndicates.

What is insurance fraud?  
"Basically, it is deceiving an insurance company for financial gain," says the Allstate spokesperson. "Three major areas of insurance fraud are becoming more and more of a problem to the industry." They include:

- **Fraudulent damage in an auto accident:** Auto-theft rings not only steal cars but stage accidents for profit. And many times rear-end collisions are planned for "multiple" gain. That is, the passengers riding in both vehicles fraudulently claim whiplash while property damage to the autos is grossly inflated by cooperating (ring-member) body shops.

Also, some auto repair shops have been found to charge the customer what the traffic will bear. And well-organized "chop shops" drain the industry by receiving stolen cars, dismantling them and selling the parts at handsome profits.

# SCHOOL NEWS

## Blue Bird News

**Starlight Blue Birds**  
The second grade Starlight Blue Birds held their regular meeting on Thursday afternoon, November 15. The business meeting was conducted by Christy Jensen, president. Roll check by Dyann Vogel, secretary showed all members present and one new member, Shannon Reeves. Teddie Oakley, treasurer, collected dues. Angela Endres was hostess and served homemade cookies and lemonade.

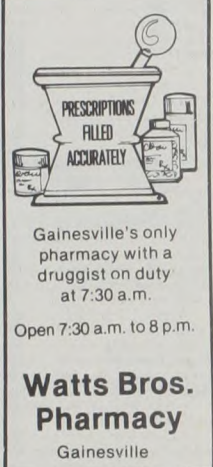

The girls planned a Tree Hike and Marshmallow Roast for Saturday, November 24 at Lisa Robison's home.

Members learned to set a table correctly, then demonstrated by setting a table with table dishes, complete with table cloth and centerpiece.

The meeting was adjourned with recitation of the Blue Bird Wish with Janie Fisher, group leader.

**Watts Bros. Pharmacy**  
Gainesville

enjoyed a hike at the Robison Ranch on Saturday, November 24. The girls rode from the highway to the ranch in the back of a pickup and sang songs along the way.

A search was made in the woods and down the creek for a fallen tree and a hollow log. Things noted were the original location of the tree, presence of bark, holes in the wood, possible causes of the holes, and presence in the area of live trees of the same kind.

The girls marked annual rings of tree stumps, on paper with chalk. They wrote their names in sandstone on a creek bank and collected moss and acorns.

The group then rode to the camp site overlooking the Red River where they played a twig game and ran relay races. They roasted marshmallows over the open fire and had chocolate chip cookies and hot chocolate, and enjoyed singing around the camp fire.

Members attending were Angela Endres, Janie Fisher, Teddie Oakley, Lisa Robison, Dana Kay Wimmer and Dyann Vogel. Sheri Robison, leader and Jim Robison accompanied the group and directed activities.

## PTO Announces Health Project

The PTO of Muenster Public School announced plans for a screening program to detect spinal abnormalities in young people. The program is scheduled for December 14 and 21 at Muenster Public School.

Twenty-two members and four new members attended the November 20 meeting of the 4-H Club in the TP&L building. There were three adult leaders present.

John Zimmerer, club president conducted the business meeting. Gary Zimmerer led the inspiration. Stephen Becker gave a report on the bowling project and members decided on a skit for the Share-The-Fun program.

Phil Whetstone assistant county agent conducted the program and led a question and answer session about livestock.

Amy Davidson is 4-H Club reporter.

## Texas A&M ranks high in private support

Texas A&M University is the only institution in the South or Southwest ranked among the top 10 public universities in terms of private support, according to figures released by the National Association of State Universities and Land Grant Colleges.

With \$19.75 million in gifts for 1977-78, Texas A&M placed among the top public universities in the nation in three of four categories: gifts from corporations, foundations and alumni. It ranked fourth behind only Cornell, the University of California System and Massachusetts Institute of Technology, in financial support from alumni.

**WE HAVE THE FARM BOSS™ AND IT IS A STIHL.**  
(pronounced Stihl)

IT STARTS EASIER. Because of a hotter spark, better carburetion and a flood-free design.

IT'S MORE RELIABLE. Because it has longer-wearing moving parts that won't break down.

IT'S MORE POWERFUL. Because it has the biggest power-to-weight ratio of any popular saw.

IT'S QUIETER. Because its large baffled muffler is more than just a tin box.

IT COSTS LESS. Because a saw that'll last about twice as long will only cost about half as much.

**SAVING TIPS** on electric heating

- Keep heating equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
- Set thermostat at 68° or lower. Lower to 50° - 60° if you'll be away several days.
- Weatherstrip doors and windows; caulk cracks to prevent drafts and warm air loss.
- Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions; if it's disposable, replace if dirty.
- Thorough home insulation keeps the warmth in, cuts energy use. Can pay for itself by lowering heating (and cooling) costs.
- When fireplace is not in use, keep damper closed.
- On sunny days open draperies, blinds to let in warmth of sun.
- Open outside doors as little as possible.
- Keep furniture, draperies away from air outlets and returns so air will flow easily. Clean often.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

### Services Held For Garland E. Dickerson

Services for Garland Edward Dickerson were held at 11 a.m. on Monday, December 3 at Scott Brothers Funeral Home in Nocona, with Mr. Gerald

Witte of the World Wide Church of God of Sherman officiating. Burial was in Center Point Cemetery.

Dickerson was born May 13, 1910 in Bonita, the son of Lewis and Katie Dickerson. He married Joy Turner on March 27, 1943. He died Saturday December 1 at 6:15 a.m. in Muenster Memorial Hospital after having suffered with cancer for three

years. Bearers were nephews, Jimmy Dickerson of Amarillo, Glen Dickerson of Vernon, D.J. Reid of Stillwater, Okla., Gerald Talley of Saint Jo, Jerry Talley of Nocona and Ronnie Talley of Jacksboro.

Survivors are his wife Joy of Bonita, a daughter Mrs. Anne Perkins of Muenster, a son Lewis of Wichita

Falls, five sisters Mrs. Ethel Talley of Saint Jo, Mrs. Ollie Pembroke of Santa Anna, Mrs. Fayrene Powell of Fort Worth, Mrs. Irene Webster of Irving, and Mrs. Buehla Starns of Decatur and four brothers Oliver of Temple, Olen of Wichita Falls, Marvin of Snyder, Okla., Dudley of Kilgore and five grandchildren.

### Consumer Scene

Make The Most Of Your Microwave

Microwave ovens can be great time-and-energy savers for busy cooks. Improvements in recent years include temperature probes that cook food by temperature instead of time; defrost, simmer, and

hold cycles, and even microwave ovens that can be installed over the range in place of the vent hood. But many people still rely on their microwave ovens only for occasional baked potatoes or reheated leftovers. With a little advance planning, and the use of built-in or accessory shelves, entire meals can be prepared in the microwave oven, in less time and with less clean-up than in a conventional oven. (The new "over-the-range" model, which GE calls the "Spacemaker" microwave oven, does not need the shelf.)

Diana Hansen, manager of Home Economics for General Electric and Hotpoint Ranges, suggests that the easiest meals include foods that need the same cooking time. Foods that cook at different rates should be added at different times. Generally, meat or larger amounts of food should be placed on the right side of the oven when cooking complete meals.

A quick microwave lunch could include a sandwich or hot dog and soup in its serving bowl heated at the same time. Hamburgers and baked beans can also share a microwave oven.

Next time you bake potatoes, Diana suggests baking the meatloaf in microwave also. Chicken or fish can be cooked in the microwave at

the same time as the vegetables for dinner. And since baked apples are a natural for the microwave oven, include them next time you microwave a pre-cooked ham.

And don't forget breakfast. A hot, filling breakfast is only minutes away when you microwave scrambled eggs and bacon at the same time. Or try hot cereal and cocoa — a warm way to start the day without a lot of dishes to clean up.

To plan meals that will cook well in microwave ovens, Diana says you should keep in mind what doesn't cook efficiently or satisfactorily with microwave energy.

Foods requiring a large quantity of boiling water, such as spaghetti or rice, cook more efficiently on the range top. Casseroles to be heated in a microwave should be made with pre-cooked rice or pasta.

Angel food cakes, chiffon cakes and popovers won't bake properly in a microwave because they require dry heat to form their airy textures.

Pancakes won't crust in a microwave, although they re-heat well. Popcorn is too dry to pop in a microwave unless you put it in a special popcorn accessory or use specially labeled "microwave popcorn".

And Diana warns that eggs in shells or shelled boiled eggs can burst and bottles with narrow necks can shatter if heated in a microwave.

So don't limit your oven to potatoes and leftovers. With a little imagination, you can microwave a meal from beginning to end.

### YOU CAN BANK ON IT!

Managing personal finances becomes increasingly difficult in times of high inflation or high interest rates. When both conditions exist, it can get downright frustrating. For instance, one primary question most of us have to consider is whether or not to borrow money.

Neither of the two extreme policies on borrowing can apply to many of us. The first extreme is "never borrow any money" — pay cash for everything. Unfortunately, following such a policy would create such an upheaval in lifestyles that most people would find compliance an impossibility.

The pitfalls from the other extreme, "borrow money for everything" are equally severe. People who borrow beyond their ability to repay find themselves under constant and intense stress.

As with most things, the prudent path to follow is between the two extremes. Borrow money when you really need to and can afford to pay it back within a reasonable time. Borrowing money wisely is one of the most significant keys to an improved lifestyle — you can BANK on it!

## Fischer's Meat Market

Butch and Johnny Fisher

A minister returned wearily home to explain to his wife that he had just attempted to persuade his congregation that it was the duty of the rich to help the poor.

"And," asked his wife, "did you convince them?"

"I was half successful," said the minister. "I convinced the poor."

This year again, Muenster Knights of Columbus are cooperating with the KC state council in sponsoring a state-wide free-throw championship for boys and girls of 11 to 14 years inclusive. The only eligibility requirement is to register with a KC council prior to beginning competition.

Dan Hamric, council

### Council Contest of KC Free Throw Set for Saturday

chairman pointed out that the program will be held in four stages. First is the council level, to be held here Saturday, December 8, 10 a.m. in the Muenster High gymnasium to determine the

### Confetti...

ing unreasonable ecological standards in the mines and the factories.

**In spite of all our neglect** in energy production, we can say that conservation has received adequate attention. Official statements have encouraged various practices like the 55 m.p.h. speed limit, more moderate settings for heating and cooling, insulating, car-pooling, using mass transit, etc. However, with government failing to practice what it preaches, the suggestions are being too much ignored. A special thorn in the side is continued school busing for integration when the big majority, white and black, is opposed. It's hypocritical to keep this enormous waste going while talking about conservation.

**Nothing could be more** evident than that our government's miserable mistakes of the past decade have brought on our severe energy problems. Nor could it be more evident that we need to correct the mistakes to get out of trouble. Furthermore, the changes are needed now.

This could be more than just preserving a way of life. Maybe it's a matter of survival.

### Aida Reinarz to Tour Egypt

Aida Reinarz will return to Egypt in February, for her 17th trip to the country where she was born of French-Spanish parents. She has traveled extensively throughout Europe and the Middle East countries. Her knowledge of several languages as well as her interest in people will enable her to serve most efficiently as the leader of this special carefree and delightful trip. Anyone who travels will enjoy her enthusiasm which adds color to every trip. Her greatest delight is introducing tour members to out-of-the-way places. As membership is limited on this trip, reservations should be made at once.

### IN GOOD HANDS

JOHN PAUL SMITH was born 10 weeks prematurely. He received expert care from Dr. Francine Dykes, her husband here and other specialists at Grady Memorial Hospital in Atlanta, Ga. The March of Dimes' program is birth defects prevention helps support the intensive care nursery at Grady.

### Annual Game of SH Exes Planned

The last chance to see football in Muenster in 1979, or to play it, is coming up on Saturday December 22 when former Sacred Heart Tigers will have their annual tussle.

A meeting to choose sides and any other preparations will be held Sunday, Dec. 9, 2 p.m. Everyone interested in playing is urged to attend the meeting, otherwise to notify John Bartush, 759-4215.

### Schedule of Meetings

**SHH Alumni**  
The regular SHH Alumni business meeting will be held tonight Friday, Dec. 7 at 8:15 in the SHH Library because of conflicting events on Sunday.

**Bluebonnet Club**  
The Bluebonnet Extension Homemakers Club will hold its December meeting on Saturday, Dec. 8, with husbands as guests for a Christmas party in the home of Marilyn and Bernard Luke at 8 p.m.

**Myra Fire Dept.**  
The Myra Fire Dept. meets every Monday at 5:30 p.m.

**Garden Club**  
The Muenster Garden Club will meet Monday, December 10 at 8 p.m. in the home of Mrs. Ray Wilde. Members will have a plant exchange, and will bring original Christmas designs to show.

**Hood Club**  
The regular Hood Community Improvement Club meeting is on the second Monday of the month in the club house.

**VFW and Auxiliary**  
The Muenster VFW and its Ladies Auxiliary will meet on Monday, December 10 at 7:30 p.m. this month only. In January and succeeding months, the two organizations will again hold meetings on their usual days, but meetings will begin at 7:30 p.m. until further notice.

**CDA**  
Catholic Daughters of America will meet Thursday, Dec. 13 at 7:30 p.m. in the K.C. Hall. Regular meeting. Members are urged to bring unwrapped gifts for the Child Development Center, and homemade goodies and fruit to be used to assemble Christmas baskets for shut-ins.

**Children's Activity**  
The Children's Activity Program has been rescheduled for Friday, Dec. 14, 10 to 11 a.m. in the meeting room of the Community Center.

**SHH Alumni**  
The regular SHH Alumni meeting has been rescheduled for Friday, December 7 in the SHH Library, instead of Sunday, because of conflicting events.

9 to 11 p.m., KTVT Ch. 11

Get personal with  
the gift of  
an Adler  
portable.

The good thing about giving a portable typewriter as a gift is that it's always appreciated. And Adler amplifies your selection with precision electric models.

The Adler Satellite 2001 is for those content to write for merely the best! It was rated #1 among electric carriage return portables by a leading consumer testing magazine. Offers a complete range of electric features.

The Adler Meteor 12 is the all-electric portable that combines a soft touch and zippy action with the clarity of pen-like impressions. Advanced features make it a favorite with anyone who types. And it's available in two styles, for both models.
