Well, this ought to be a lesson to us. Occasions like this are not a time to shun the visitor and then complain if he botches up the job. Rather let's remember that we know the town, and with our help he can put on a show that's more pleasing to us. The city or the chamber of commerce could do a public service by preparing just in case this happens again.

deserves our sincere appreciation

This is also a good time to remember that industry is people. Whether it's one person as sole owner of a plant, or a number of persons pooling their resources to establish such a business, the basic fact is that we are thinking of individuals who invested their savings to set up the business. Admittedly their motive was to make a profit but they were also very much aware that no profit would be forthcoming until they had paid wages and taxes and made products that were wanted by the public.

While thinking about those services let's not overlook the difficulties that industry has to cope with. It has to do a variety of jobs for government bureaucrats, such as collecting taxes from employees and filling out required reports. Also, especially in case of larger firms, it has to deal with strikes and demands that are often based only on the fact that they are attainable if sufficient pressure is applied.

When we think of those things we are a little more aware of the meaning behind 82 from the west city limits. close behind with 1051/4. Afindustrial week. One might say that it's a time for consumers to thank those who put our products on the market, for working people to say thanks for their jobs, for government to say thanks for taxes and services.

While we're at it, let's remember agriculture as fitting in this category, even though it is cusomarily considered as a separate part of the economy. Farming is like industry in that it requires investment and management and involves the motive of profit, along with the risk of loss. So, let's include the farmers while expressing our appreciation for Texas industries.

All of that, of course is the over-all view of industry. And there's also a local view that deserves consideration. Actually our principal community concern is the number of jobs that industry is providing here. First let's remember people engaged in making products at the dress factory, the Valenite plant, the AMPI plant, the oil field, the meat processing plants and feed mills. Then think of services, like the hospital and schools, the electric co-op, and the stores.

#### City's Sales Tax **Revenue Sets New** Record of \$9,825

The city's revenue from sales tax continues to increase. After setting records for the second and third quarters of 1973, it reached a new high in the remittance just received from the state treasurer. The amount was \$9825.10.

Whether the result of increasing business or inflation or a combination of both, the volume of sales tax revenue has increased for four of the last five payments. It was \$8,-800.27 in January '73, and \$8,-889.18 in April, then fell to \$6,751.84 in July. In October it jumped to a new high of \$9,087.37. in January, 1974, to another high of \$9,142.88, and now to still another record of \$9,825.10. It is significant that the low payment applied to the first quarter of the year, perhaps reflecting a post-Christmas slowdown and income tax time.

A statement with the treasurer's check explains that the gross amount collected was \$10,051.51, indicating that fourth quarter taxable sales cussed was having a portrait here topped \$1 million. The made of the late Mrs. Joe state's 2 per cent collection fee was \$201.03. Adding the prevlibrary. This was approved and jous hold-over amount of the fund has been started with \$465.67 and retaining \$491.05 for this time accounts for the check's amount of \$9,825.10.

FORESTBURG - I am sorry we had no Forestburg news in last week's Muenster Enterprise for you to read. How ever, at times things happen that keep a person from being able to have time to gather and write the news.

Our New Braunfels folks, Mr. and Mrs. T. W. Smith, have made it back to their part-time Forestburg home. We are always happy to have Mr. and Mrs. Mike Fedor of these nice folks back in the community. Wish we could persuade them to reside here all the time. However, their roots are firmly entrenched in New Braunfels - really can't blame them as that is a grand place to have roots and to live. "Red" Steagall, one of the

stars featured on the Country Music U.S.A. TV program, was in Forestburg very recently to visit Mr. and Mrs. J. M. Dunn (Meb and Roxie). As I stated once before "Red" is Roxie's nephew.

Our "Miss Mollie" Howell, Uz community, celebrated her 72nd birthday Sunday March 24. Don't know how much Mollie celebrated but did want to mention her birthday and we sure wish her many happy returns of the day.

Donna Steadham was in Forestburg the weekend of March 22-24 visiting her parents the Donald Steadhams other relatives and and friends. Donna attends college in Bethany, Oklahoma. Learned that Donna is a junior this year. Hardly seems possible — but the years have a way of slipping by.

Winning awards in candy sales were Kim Eldred, Tonya Fisher, Jeannie Haverkamp and Jean Trubenbach.

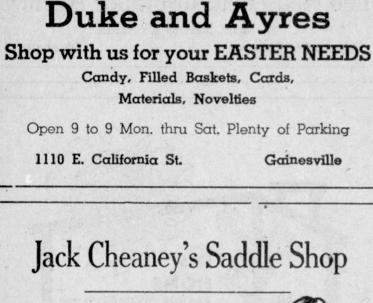

Mrs. Loyd Trubenbach received a five-year silver pin. The box suppers commemorated the 64th birthday of Camp Fire Girls and a Heritage Theme was used in observance of the 125th birthday of Cooke County and the soonto-be 200th birthday of the nation. This theme was carried out cleverly in place mats and decorations each group made for tables.

Highlight of the evenings' programs was presentation of individual awards.

Local leaders and assistants attending were Mmes. Butch Fisher, David Reiter, Loyd Trubenbach, Roy Hartman and Joe Felderhoff.

#### Blue Birds Busy In Month of March

Second and third grade Blue Birds of Muenster Public School had a busy month during March. For one meeting they were

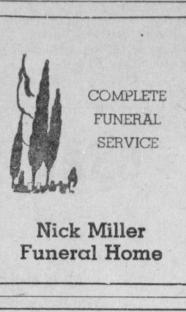

at the home of their leader Mrs. Bill Lutkenhaus and saw butter churned. This was in connection with the month's theme, Heritage - old fashioned things.

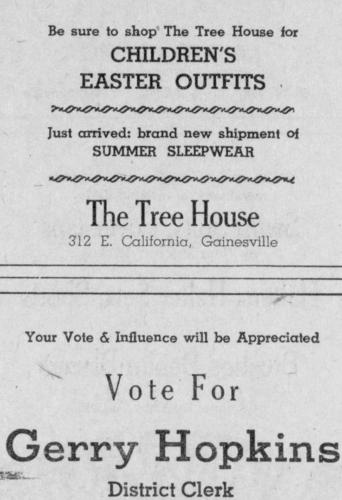

During their next two meetings they made place mats, place cards and table decorations for the Father-Daughter banquet at CCC on March 21. For their fourth meeting the girls went to Cooke County Electric Co-op building where Tulu Hickerson demonstrated an electric blender, doing peanut butter and frostings which were served with crackers and cookies. Those at the banquet included Clyde Fisher and Vir-

ginia, Kenneth Hale and Kyla,

Arnie Wimmer and Jill, Dr

Larry Tisdale and Cindy Teena, Bill Lutkenhaus and Connie, Erwin Henscheid and Sara, Leonard Reiter and Donna, and Mike Stoffels with his sister Sara. Also present without their fathers were Julie Grewing, Sheila Miller and Cristi Oakley.

#### **Our Little Miss** Pageant Date Set

The annual Our Little Miss Pageant has been scheduled for May 4 in Gainesville. It is conducted for three age groups: LaPetite, 3-6 years old; Little Miss, 7-12; Ideal Miss, 13-17.

Anyone interested in entering is invited to contact Mrs. Leon Fleitman, chairman, at 736-2249 or, if no answer, 668-8862. Deadline for entering is April 27. Entry blanks are available at Peggy Sue's, California Pharmacy, Rich-ard's Jeans and The Tree House.

This year's pageant is being sponsored by Kappa Theta Chapter of Epsilon Sigma Alpha Sorority, an international organization of women seeking knowledge in order to serve mankind. Members work to aid those in need and the mentally and physically handicapped. The international project of ESA is St. Jude's Children's Hospital which specializes in research and treatment of children illnesses especially cancer.

Kappa Theta Chapter which is new to the Muenster area selected Cooke County Child Development Center and Gainesville Memorial Hospital as its projects this past year. All money raised by Epsilon Sigma Alpha is used to carry on its projects.

Claunch, Jr. who is Easter Seal Representative in Cooke County.

The Easter Seal Society provided treatment and services for 20,570 physically handicapped children and adults in Texas last year, Claunch said, and this program needs to be expanded. Many people are going without services that would increase the productiveness of their lives and make them happier. With the increased growth of the Easter Seal Society, more and more of these people will be reached, he added.

The Society is carrying out a continuing program to seek out the disabled who are doing without services and see that they receive the help they need. As Easter Seal Representative, Claunch is the person to contact for services from the Easter Seal Society. The Easter Seal Appeal continues through Sunday, April

Wilma Elliott Asks Office of County Treasurer

I am a candidate for the office of Cooke County treasurer on the basis of my wide experience in a number of responsible positions that demand efficiency and dedication.

I have been employed both in public service and private business during much of my adult life, and I have always taken pride in my work and exerted my efforts to attain excellence.

My work experience includes three years in the former AAA office, four years in the Cooke County Tax ofville Independent School District Office, four and one-half Clerk's office, four years as an attorney's secretary and the past five years as payroll and

invoice records clerk with Montgomery Ward & Co. I was reared in the Dexter community and attended

school there and graduated from Gainesville High School. I also took several academic courses at Texas Woman's University.

I am the daughter of the late Mr. and Mrs. Lynn Barnes, and my husband, Jim Elliott, is sales manager for Brown Motor Co. We have two children Linda Campbell and Richard Elliott - and three grandchildren.

Vacant lots and desirable locations for new homes are getting scarce within the Muenster City limits That is probably what has started the talk about extending the city limits.

There are quite a number of homes and a few businesses just outside the city limits and visited. some of those owners would prefer city water, sewers and garbage hauling. Should Muenster extend the city about two miles in each direction and those individuals owning land in that area, sell it in lots, it would give the city a better chance to grow.

Along with expansion the city needs a zoning ordinance so a home builder would know that an industrial plant would not be constructed next door. That would also pin point the area where commercial esta-
