More CBS Slanted News

News columnist Ralph DeToledano points to still another flagrant example of news slanting on the part of CBS-TV. Recently, 34 of America's

most eminent scientists, including 11 Nobel Laureates, appeared at a press conference in Washington, D.C., to stress the urgent need for the United States to develop and expand nuclear power to meet our energy requirements. DeToledano was there, where he witnessed CBS cameramen filming the news conference.

But what did CBS News network report? "Not a word about the Scientists' statement."

"Instead," reports DeToledano, "CBS reported that Ralph Nader, the greatest know-nothing in modern times, had issued a warning against the use of nuclear power. This was followed by a CBS 'report' which challenged the reliability, cost and safety of nuclear power; casting doubt by leaving the pertinent questions up in the air."

In other words, CBS totally ignored competent scientific opinion on the safety and cheapness of nuclear power, and chose instead to feature the scare propaganda of a half-baked eco-freak.

Concluded DeToledano: "If this country goes bankrupt paying for foreign oil or sees industry paralyzed by a lack of energy, it can place much of the blame on the TV networks."

Isn't it high time for a Congressional investigation to determine just why CBS News is consistently slanted against the United States?

Wildlife, Livestock Thrive Best on Managed Pasture

Most Texas grasslands are used for domestic livestock production as well as for wildlife. Only a few areas are grazed exclusively by wild animals. Wildlife alone seldom make the most efficient use of grassland ranges. Optimum returns most often result from combination of wildlife and domestic animals.

Regardless of the kind of animals using the grassland, their numbers must be carefully controlled to permit the key forage plants to remain vigorous and productive and to permit deteriorated grassland to improve in condition.

The landowner should know the key forage plants and key grazing areas on his land as well as cover requirements for wildlife. With this knowledge he can evaluate changes in forage supplies and can adjust numbers and kinds of animals to these changes. In the past most Texas grasslands were grazed year-long by livestock as well as by wildlife. Continuous grazing destroys many of the choice forage plants essential to wildlife and livestock production.

Forage plants are more vigorous and productive and they reproduce in greater abundance when given occasional rest from grazing during their growth periods. Many landowners have begun to divide their grassland into several fenced pastures and to adopt systems which provide periodic rest from livestock grazing each pasture.

Wildlife, especially deer, tend to concentrate in the pastures being rested. This permits them to graze without livestock competition for the choice plants during the rest periods.

Pastures managed under such grazing systems have consistently produced greater sustained net returns from both livestock and wildlife than similar pastures grazed continuously at the same rate of stocking. The system also permits an increase in forage production and encourages desirable changes in the kinds of forage plants. Grazing systems must be carefully designed to fit the resources and needs of the grasslands.

A Secret Deal?

Did Secretary of State Henry Kissinger enter into a secret "deal" with the Soviets whereby the United States would silence "Voice of America" broadcasts which might tend to curtail Soviet ambitions in Spain, Latin America, and the Caribbean?

What else can explain the reason why, while the Communists are increasing their radio propaganda programs beamed from Havana, Peking, Moscow and Prague, the USA has cancelled hours and whole programs formerly broadcast to Argentines, Brazilians, Spaniards, Cubans, Mexicans, Colombians, Chileans, Bolivians, Panamanians, Costa Ricans, Uruguayans, Venezuelans, Guatemalans and others?

On Saturday, December, 6, "Voice of America" abruptly discontinued their program, "A Date With Cuba." It has been on the air for 14 years, and it was the only dependable source of news for the Cuban people opposing Castro. Director of "Voice of America" James Keogh further announced that programs presenting excerpts from The Gulag Archipelago by Nobel Prize winner Alexander Solzhenitsyn to the radio-listeners in Latin America would also be discontinued. Naturally the Reds are not happy with The Gulag Archipelago. It is a formidable indictment of Soviet tyranny, terror and torture.

Our State Department policy apparently dictates that while the Communists are free to broadcast any amount of criticism against the United States and the free world, when it comes to telling the truth about Communism we are to keep our mouths shut.

If that, indeed, is State Department policy — and we have heard no denials as yet — then it is time for President Ford to start looking around for a replacement for our Secretary of State. The Communists must not be allowed to dictate what we say or do not say on the "Voice of America."

All There Is

Many suggestions on how to fight inflation resulted from the much-publicized Economic Summit Meeting called by President Gerald Ford. Some of them were included in the President's message to the American people, outlining, among other things, what each of us could do to help catch Public Enemy Number One. One of the Presidential proposals was that everyone should work a little harder, thereby producing more, increasing the supply of goods and services and reducing the pressure of demand on prices.

This idea of work being a noble and necessary thing has been somewhat out of style for the past 20 years or so. Visions of the four-day week, leisure living and how to get paid more for doing less have, to a large extent, been the "in thing." But not for everyone. The Herald of Safety Harbor, Florida, tells of an old man with a rowboat who ferries passengers across a mile-wide river for 10 cents. He was asked, "How many times a day do you do this?" he answered, "As many times as I can because the more I go, the more I get. And if I don't go, I don't get." As the Herald observes, "That's all you need to know — all there is to know — about business, economics, prosperity — and self-respect."

Same Old Habit

If you think kicking about the extravagant spending habits of the federal bureaucracy is a new thing for the American people you're wrong. An example of early concern with Uncle Sam's expensive tastes can be found in a journal written by an emigrant crossing the plains in 1843. He writes, "In the year 1843, Fremont, then a Lieutenant in the Engineer Corps, did cross the plains. . . His outfit contained all of the conveniences and luxuries that a Government appropriation could procure, while he 'roughed it' in a covered carriage, surrounded by servants paid from the public purse. He returned to the States and was afterward rewarded with a Presidential nomination as the 'Pathfinder.' The path he found was made by the hardy frontiersmen who preceded him to the Pacific. . ."

And there you have it. Citizen disgust with the spending habits of the federal government was about the same 131

years ago as it is today. The only difference is there are more taxpayers, a vastly larger bureaucracy and certainly there is much more money to spend. Judging by inflation, Uncle Sam may yet have to change his extravagant habits. — Industrial News Review

Lindsay Girls Win Big in Track Meet

Lindsay High and Junior High girls were big winners in their respective divisions of the invitation track meet sponsored by Howe High School last Friday at Leeper Stadium in Gainesville.

The senior team not only won the meet but left very little for the remaining teams to divide among themselves. Team totals were Lindsay 249, Frisco 55, Era 51, Alvord 47, Howe 41, Leonard 25, Gainesville 5.

In running up their amazing total the Knightettes scored in every event, took first place in all but two, and also added many more points on second through sixth places.

Lindsay junior girls were less sensational but finished with a comfortable lead for the Number 1 position. They had 125, Howe 88, Aubrey 87, Leonard 86, Alvord 58, Celina 56 Gainesville 10.

The young Knightettes got points where they counted most in the relays. They were first in the 880 second in the 440 and the mile for a total of 52. Along with those they had a first in the 440 plus a number of lesser points.

Blue Birds News

Happy bluebirds made 100 colored and decorated construction paper eggs during their meeting on March 13 in the TP&L building. The "eggs" were each decorated with a candy Easter bunny and then sent to patients at the Bonham Hospital for Easter tray favors. Julie Fisher served refreshments. The Bluebirds closed with the Bluebird Goodbye Song.

On the evening of March 17, Happy Bluebirds attended the Father-Daughter box-supper in Gainesville. Attending were: Butch Fisher and daughter Tonya, Clyde Fisher and daughter Julie, Bill Bedrick and daughter Kim, Hermie Grewing and daughter Amber, Charles Davidson and daughter Amy, Bill Hogan and daughter Tammie, Billy Reiter and daughter Carol, Dick Pagel and daughter Dole, Richard Herr and daughter Rose, Charles Bayer and daughter Charla.

Amber Grewing and Dole Pagel received their candy badges for selling 48 boxes of candy each.

The fathers got into the program by making a "Texas Bluebonnet" of tissue paper and red ribbon for their daughters.

The girls then sang four new songs to close the evening.

Leaders Kay Pagel and Eileen Fisher also attended the Father-Daughter meeting.

Forestburg Church Will Have Revival

The United Methodist Church at Forestburg announces a pre-Easter revival beginning on Monday, March 24 at 8 p.m., with a fellowship meal on Monday at 7 p.m.

Rev. Fred L. Durham, Jr., pastor of United Methodist in Trenton, Texas, will preach for the three day event. A graduate of S.M.U. and the Perkins School of Theology, he has served in Irving and Caddo Mills and has won several awards for his speaking abilities.

The congregation of the Forestburg church and their pastor, R. C. Ricker cordially invite everyone to attend.

JCs Get Plaque At District Meet

A plaque for honorable mention in the Banner Club assured Muenster Jaycees Sunday that they are still in running for a Gold Chip rating in the state organization.

The gold chip award signifies the fifth consecutive blue chip award for excellence in carrying out the state and national program and keeping records.

Robert Miller, president, accepted the plaque for Muenster at the district Jaycee convention last weekend in Wichita Falls.

Others attending were Wayne Klement and Willie Fisher and their wives, also Ronnie Wimmer, Jack Flusche, Claude Klement, John Schneider and Glenn Miller.

Muenster High Is 4th in Cold, Wet Meet at Nocona

Saturday was cold and wet, a very unpleasant day for some three dozen track teams that reported for Nocona's Indian Relays. As a result several teams returned home without making an effort, and more of them quit after participating in a few events. And those who stuck it out operated below par.

Both Muenster schools were included in the second group. Sacred Heart quit early, shortly after Craig Sangster had taken fifth in the 100 yard dash. The two points he earned was the Tigers' total score for the day.

Muenster High remained but dropped out of some events it had entered. Points earned in the other events added to 58, giving the Hornets fourth place for the meet.

The ever potent Celina team took top honor with 117 points and Lake Dallas was a close second with 104. Other team points were Allen 63, Muenster 58, Sanger 50, Pilot Point 23, Frisco 21, Paradise 13, Holliday 11, Chico 10, Mill-sap 8, Lindsay 7, Sacred Heart 2, Bellevue 2, Prosper 2.

The Hornets' principal trouble according to Coach Don Osterman, was in the relays. Bad exchanges kept them from placing in the 440 and they were fourth in the mile. Events in which they scored were the following. 880 run: Mark L. Sicking, first, 2:15.2, and Deryl Zimmerer, fourth, 2:19.1.

In the mile run MHS came in one, two, three. Dean Sicking was ahead with 5:10, Andy Serna next with 5:11.9, then Kirk Johnson 5:13.3.

120 high hurdles: Ken Koelzer, fourth, 17.4.

330 hurdles: Brian Sicking, third, 43.8, his best to date.

Discus: Dan Endres, fifth 107'4".

Mile relay: MHS fourth, 3:52.5, Brian Sicking, Tom Bright, Tim Felderhoff, Mark L. Sicking.

For the coming weekend Sacred Heart is entered in a meet at Ranger and Muenster High apparently will be idle.

NEWS OF THE SICK

VFW Auxiliary Meets

VFW Auxiliary members made plans to conduct a Lite-a-Bike campaign in April during their March meeting last Monday. Final plans will be announced later.

Mrs. Arthur Bayer presided for the business meeting in the Post Home. Mrs. Ray Voth told that \$315.15 was collected for the March of Dimes. Members voted to contribute to the Health and Happiness fund at the National Home.

Three trustees, Mrs. Don Flusche, Mrs. Andy Phillips and Mrs. Frank Felderhoff will serve on the nominating committee.

Mrs. Norbert Walterscheid gave the treasurer's report. Mrs. Gilbert Knabe won the door prize.

Mmes. Charles and Gilbert Knabe served lunch to nine members.

Ira and Leta Ward are shown above with William Stanley, chairman of the Biology Department, examining the 10½ foot woolly mammoth tusk, recently unearthed on the couple's property near Moss Lake. Mr. and Mrs. Ward have donated the find to the local college. Restoration procedures are now underway to prepare the find for public viewing.

Mammoth Tusk Discovered In Fish Creek Gravel Pit

By Tom McKinney
Prehistoric giants once roamed the area around Moss Lake, and to prove it, died here. Such proof was recently unearthed by workmen digging for commercial gravel on Fish Creek, near the lake. The proof was a large tusk from the woolly mammoth, Mammuthus columbi.

Ira Ward, the owner of the land where the tusk was found, contacted Bill Stanley, chairman of the Science Division at Cooke County College. The excavation was begun, and became a delicate three-day job, with extra special care given to the fragile fossil. After excavation, plaster was applied to the tusk to keep it from breaking apart. It now resides in the CCC science building. Preparations for display are under way, with two or three months of work anticipated before the tusk will be ready for public viewing.

The tusk measures 10 feet 6 inches in length with a diameter of 9 inches. Tusks found in this country seldom exceed 9 feet. This mammoth is estimated to have been 11 feet tall at the shoulder (size being approximated from the size of the tusk.)

The mammoth is believed to have lived during the Sangoman Interglacial Period and is estimated to be 400,000 to 500,000 years old. The woolly mammoth once roamed throughout the United States and parts of Mexico.

The tusk is curved downward and then upward with a twist to the inside throughout its ten feet. At the adult stage, the tusks of the males had crossed tips.

This find is not the only fossil of earlier ages that has been found in the Moss Lake area. Other animals which have been found closely associated with this tusk in Northern Cooke County include: Giant Bison a form which is known to have had a horn spread of 6 feet, gophers, rodents, snakes, lizards, fish and frogs. Judging from the animals present, during the Sangoman Period, Cooke County appears to have had the same types of vegetation that are present now (mixed woodlands interspersed with prairie situation.)

The mammoth tusk was located at the bottom of a small hill, where ages ago, Fish Creek flowed. The streambed is now over 100 yards from the excavation site. Based up-

on the sediments associated with the find, it is possible that what is now Fish Creek was once a much larger water course.

The fossil tusk has been donated to Cooke County College by Mr. and Mrs. Ira Ward.

Mr. and Mrs. Gene Carter, now living in Arlington, were Tuesday afternoon visitors at the Enterprise and with the Herbert Meurers. Carter was an employee of the Enterprise in its early days. Since leaving here he has published newspapers at Seymour and Decatur. The Carter's daughter, Peggy, who attended first grade in Muenster Public School is also an Arlington resident. They were neighbors of the Meurers when they lived here.

THANKS

Many thanks to my friends and neighbors for flowers, cards and visits during my stay at Muenster Memorial Hospital. Special thanks to Dr. Antonetti and the hospital staff for their help and kindness and also special thanks to Fathers Stephen and Placidus. — Mrs. Ray Vogel

My sincere thanks to everyone who helped me while I was a patient in Muenster Memorial Hospital and especially to Dr. Antonetti, the nurses and all who said a prayer, visited or sent flowers. — Carrie Roberg

My family and I are grateful to the Hospital personnel, doctors and nurses, and to Fr. Stephen for care and visits while I was a patient last week. Cards, prayers, flowers and visits and other deeds of kindness from friends and neighbors are deeply appreciated. — Mrs. Fred Knabe

4-H Club News

Claudia Flusche and Charlotte Fleitman presented the program during the March meeting of the Muenster Community Club last week Tuesday in the TP&L Building. They presented their Method Demonstration.

Assistant County Home Demonstration Agent Ava Knapp discussed new clothing projects now available, told about future activities and the Method Demonstrations.

The group made plans to take part in the 4-H Bake Sale at grocery stores and Ben Franklin Store on Saturday, March 29.

Pat Davidson presided for the business meeting. Larry Fleitman and Jim Biffle led the club motto and Pledge of Allegiance to the Flag and Albert Zimmerer led an inspiration. Kathy Davidson called roll and read minutes of the February meeting. Larry Fleitman led group recreation and the 4-H motto. Claudia Flusche is reporter for the Muenster Community Club.

Food Show Winners
The best 4-H cooks in District IV gathered in Town East Mall Saturday, March 8, to compete for top honors in the Food Show. Winners representing Cooke County were: Grace Pybas of Sivells Bend, senior Breads and Desserts, blue ribbon; Jackie Harris of

Valley View, senior Side Dish, blue ribbon; Denise Martin of Valley View, senior Snacks and Beverages, blue ribbon; Sharon Voth of Lindsay, senior Main Dish, red ribbon; Susan Hudspeth of Valley View, junior Side Dish, red ribbon; Carla Otto of Muenster, junior Breads and Desserts, blue ribbon; Shelley Stoffels of Lindsay, junior Snacks and Beverages, blue ribbon. Grace Pybas won the Most Appropriate Table Award in Breads and Desserts.

The 4-Hers were judged on their knowledge of nutrition and cost of the food, they exhibited and were required to plan a day's menu which was judged on its nutritional value. Judges for the event included Home Economists and businessmen in the Dallas area. Top winners in each senior division will compete again at Roundup at College Station in June.

Goat roper salad and denim pie? That may sound like the last roundup of chuck wagon cooks, but these delightful names were only part of the fun at the annual District show where 120 4-H boys and girls displayed their culinary skills at Town East Mall. Theme of the show was "Foods of Texas and the Southwest."

When the tally was completed, senior district winners were: Sharon Berend of Denton County, Main Dishes; Sandra Hill of Hunt County, Side Dishes; Barbara Boatman of Parker County, snacks and beverages; Elizabeth Wolf of Hunt County, Breads and desserts.

Junior district winners were: Erleigh Norville of

Kaufman County, Main Dishes; Theresa Roberts of Collin County, Side Dishes; Uzal Taylor of Kaufman County, Snacks and Beverages; Kathy Lowry of Hunt County, Breads and Desserts.

Morris Milling Co. sponsored the event state-wide and presented engraved silver bowls to the senior winners. Co-sponsor, Town East Mall presented eight \$5.00 gift certificates to top winners of the junior and senior divisions and \$100 to the District IV 4-H fund.

NOTES FROM THE LIBRARY

The Pacific Crest Trail published by the National Geographic Society explores the nation's longest footpath (2,400 miles) following the mountainous backbone of California, Oregon, and Washington. With a team that hiked for more than seven months the reader encounters a remarkable variety of terrain

and weather plants and animals people and experiences.

For children we have added three more of A. A. Milne's books (Winnie-the-Pooh series): When We Were Very Young Now We Are Six and The House at Pooh Corner. We have also added several of Laura Ingalls Wilder's books (author of Little House on the Prairie): The Long Winter, Little Town on the Prairie, Farmer Boy, First Four Years, and These Happy Golden Years.

Orders Accepted For Reprinting of County's History

Another effort to promote a reprinting of "The First 100 Years in Cooke County," a history written by A. Morton Smith, was announced this week by the Cooke County Heritage Society. Along with the American Revolution Bicentennial Committee of Gainesville, the Heritage Society is accepting orders with an understanding that orders for 1000 copies are required to assure printing.

The Naylor Company of San Antonio published the first edition of the book in 1955 and still has the copyright.

Price of the book is \$10 each, to be paid when ordered. If the minimum number of orders is not reached the money will be refunded.

Orders may be submitted to the Heritage Society, the Bicentennial Committee, Muenster State Bank, either of the Gainesville banks, Cooke County Library, H. M. Powell Agency, The Lindsay Voice, Crawford Grocery of Callisburg and Alexander Grocery of Era.

Start Day Right With a Breakfast Is TMA Advice

Euell Gibbons might go to a little more trouble than most to get his wild hickory nuts every morning, but at least he eats breakfast! While millions of Americans skip this most important meal for time pur-

poses, diet or whatever, they're doing themselves more harm than good.

The Texas Medical Association urges all Texans to eat a good breakfast and start a good day. Studies show that workers who tuck away a good meal before work get more done than those who skip breakfast or eat a poor one. As the morning goes on, the hungry ones grow less efficient. After lunch they do better for awhile, but then they slow down again. And what is true for those workers is also true for homemakers, weight watchers, teenage girls, and everyone else. Those who eat a good breakfast have a better chance to do a good day's work than those who neglect breakfast.

Breakfast can be prepared in minutes. If the family eats at different times, or if a child

has to be left to eat breakfast alone, plan ahead of time. Eggs can be cooked and bacon prepared early and left for latecomers. Cooked cereal can be kept hot until eaten. With foods ready at hand, family members can serve themselves. When every minute counts, you can use canned, frozen or fresh citrus juice. This can be mixed or squeezed the night before. Ready-to-eat cereals, which are available in a wide variety to please any appetite, only take a second or two to prepare. Sausage or ham bought pre-cooked only take a few minutes to heat and serve.

Let's take a look at ingredients that make a good breakfast. In any breakfast, light or heavy, try to include fruit. It gives zest to meals, prevents constipation and is outstanding in providing vita-

min C. Cereals and bread give protein, iron and other minerals, vitamins and food energy. An active worker or a growing child can have a heartier breakfast by eating both cereal and bread. Choose whole-grain, enriched or restored kinds, for they offer added values in B-vitamins and minerals. Butter and margarine used with bread help provide food energy and vitamin A. Milk supplies our bodies with calcium, the B-vitamin riboflavin and top-grade protein. Normal healthy adults need a pint or more of milk in some form each day. Young children need from two to three cups; older children should have at least three cups; and teenagers, a quart. Be it evaporated milk, skim, buttermilk or nonfat dry milk — it's all rich in energy.

Eggs, meat, and fish provide high grade proteins for body building and repair, and they have mineral and other values besides. Building foods of some kind are a must in the day's eating and one or more should appear in each morning meal.

Something hot in the morning, whether a hot beverage or hot cereal is good for you. It is cheering and gives you a sense of well-being, summer or winter.

If you are a weight-watcher, eating a bird-sized breakfast or skipping the whole meal is a poor way to try to keep your weight under control. It's a far better plan to eat a good breakfast and learn enough calorie arithmetic to even out your day's quota over the three meals. More calories than you need for work or play is where fat begins.

Soviets Drill for TP&L in Project to Gasify Lignite Coal

Texas Power & Light Company announced today that a contract has been signed with a Soviet Union firm that will lead to a development project to determine the feasibility of underground gasification of deep lignite coal deposits in East Texas.

Gasification of lignite is being studied as a potential source of fuel for generating electricity.

The contract with V/O Licensintorg of Moscow was signed with Texas Utilities Services, Inc., an affiliate of TP&L, Dallas Power & Light and Texas Electric Service Company. All are members of the Texas Utilities Company system.

V/O Licensintorg is an exporter and importer of technology for the government of the U.S.S.R.

TUSI President Perry G. Brittain said the pilot project in East Texas is one part of the electric companies' continuing research into all technologically feasible alternatives to increasingly expensive natural gas and oil as fuels for generating electricity. The companies began using mined lignite in 1971, and are constructing a jointly-owned nuclear generating facility which is scheduled for service in 1980.

clear generating facility which is scheduled for service in 1980.

According to Brittain, Soviet research into the underground production of combustible gas from deep coal deposits began in 1933 and is considerably further developed than recently-begun U.S. efforts. The contract provides documented technology from more than 40 years of Soviet research to be used, by TUSI, in the east Texas development project.

The Soviets are operating two underground gasification plants currently, which are producing gas from coal for continuous commercial use as power plant fuel. Last November, Brittain visited one of the plants near the city of Angren in the Uzbekistan Republic to study the operation and hold preliminary discussions. Last month, Dr. Kurill Zvijagintsev, deputy director of the U.S.S.R. Vniipromgaz Institute, and Yuri Kulagin, deputy director of V/O Licensintorg, visited Texas for discussions with ter detailed technical talks with Dr. Zvijagintsev, TUSI engineers concluded the Soviet process for producing combustible gas from underground de-

posits of coal holds promise for successful application to some deep lignite deposits in east Texas.

Drilling will begin this month, with operation of the pilot plant scheduled for operation in 1976.

The Kitchen Almanac

Collector's Corner—This is a recipe you'll probably not only want to keep, but one that will live up to dinner conversation.

For more than 70 years the Senate Restaurant in the Capitol Building, Washington, D.C. has featured its own special Navy Bean Soup on the daily menu. Here's the recipe:

Famous Senate Restaurant Navy Bean Soup

Take two pounds of small Michigan Navy Beans, wash, and run through hot water until beans are white again. Put on the fire with four quarts of hot water.

Then take 1½ pounds of smoked ham hocks, boil slowly approximately three hours in covered pot. Braise one onion chopped in a little butter, and, when light brown, put in bean soup. Season with salt and pepper, then serve. (Do not add salt until ready to serve.) Serves eight persons.

(Our thanks to Washington's "Jake" Jacobson for helping in obtaining the recipe.)

When thickening milk mixtures with flour or cornstarch—remember that they need constant stirring during cooking to prevent lumping. . . If you must cook pasta ahead of mealtime keep it hot in a strainer over hot water. The steam reduces sticking.

Know The Kitchen Lingo

Cut in: To mix shortening with dry ingredients using a knife, fork or pastry blender.

Electronic Anti-Jamming: A system found on all KitchenAid food waste disposers for clearing ordinary jams.

Mince: To cut or chop into very small pieces.

Pan-broiling: This is similar to pan-frying except that the excess fat is poured off as it accumulates. Most popular for bacon, there's no reason why steaks and chops can't be pan-broiled, too.

Wham Jam Breaker: A solid state, super-power control developed by engineers for top-of-the-line KitchenAid disposers. A press of the control button unleashes 120 jolts-per-second to eliminate the really tough jams.

Zwieback: A kind of bread that is toasted brown and crisp in the oven.

Here's an "entertaining" food idea from Mrs. Marie Mariani of Glen Cove, New York:

Flavor softened cream cheese with onion powder.

Spread mixture on slices of boiled ham and roll ham up. Place in refrigerator until cheese "sets". When set, slice into ½" thick pieces and serve.

Texas FB Opposes Bill on Strikes By Postal Workers

The Texas Farm Bureau is seeking defeat of bills which would permit strikes by postal workers and make possible compulsory union membership for those workers.

TFB President Carrol Chaloupka has urged two Texans who are on the House Post Office and Civil Service Committee to help defeat the "dangerous" bills in committee. The Congressmen are Reps. James Collins (R.) of Dallas and Richard White (D.) of El Paso.

H. R. 55 amends the Postal Reorganization Act of 1970 to permit strikes by postal employees.

The other bill, H. R. 56, provides for possible compulsory union membership for postal employees.

Chaloupka said he understands the proposals are part of an overall plan by organized labor to provide for collective bargaining and the right to strike for all public employees — federal, state and local.

"Similar power has been abused in other lands and has brought nations to their knees," Chaloupka said. "We will not stand idly by while any group is given the power to do such harm to this country."

The state farm leader said the Farm Bureau membership "has spoken in no uncertain terms" on this subject.

"We are strongly against

giving the strike weapon to public servants at any level of government," Chaloupka said. "We also believe that no one should have to join any organization in order to work."

Appeal Renewed For Easter Seal

Cooke County's Easter Seal Representative reported today that the 1975 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults is going well but urged all citizens who have not responded to the Appeal to do so.

William A. Claunch, Jr. of Gainesville, serves as Easter Seal Appeal Treasurer for the County.

The 1975 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children and adults in Texas. Last year the Society helped 20,152 persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 17 treatment facilities in Texas where children and adults not eligible for other assistance are treated. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

Never put off until tomorrow what you can do the day after.

Kindergarten News

On Friday, March 14, the morning Class Room Mothers of the kindergarten class brought a beautifully decorated birthday cake and drinks to celebrate Mrs. Williams' birthday. The mothers were Mrs. Jerry Walterscheid and Mrs. B. J. Swirczynski.

Afternoon Class Room Mothers Mrs. Johnny Pagel, Mrs. Dolphy Joe Hellman, Mrs. Richard Pagel, Mrs. Virgil Henscheid and Mrs. Jimmy Jack Biffle brought another beautifully decorated cake and refreshments to observe Mrs. Williams' birthday.

On Wednesday morning, March 12, Steven Wimmer's mother, Mrs. Jerry Wimmer brought refreshments for Steven's birthday party.

Darren Walterscheid celebrated his seventh birthday at school. Decorated cup cakes, punch and balloons were enjoyed by twenty two first graders. Darren's mother, Mrs. Carl Walterscheid brought the refreshments.

First grade has welcomed a new pupil, Janie Sanders, who comes from Ponder, Texas.

The fourth grade is researching and making family trees. They became interested in family-trees as part of their Texas History reading program.

The fifth grade planted bean seeds to observe their growth. One plant grew 8 inches in 4 days.

The fourth, fifth and sixth grade students want to thank all coaches and sponsors for the fine basketball program.

Second graders had unusual visitors last week. Their teacher, Mrs. Janie Weinzapfel brought newly hatched baby chicks to school for the children to observe and enjoy. The incubator is now filled with geese and duck eggs and the students are looking forward to seeing them hatch in several weeks.

PTO Meeting

During the regular PTO meeting held in Muenster High Auditorium on Monday, March 17 the nominating committee's selection was presented to the members as follows: for president Mrs. Roy Monday, for Vice-President Mrs. Albert Zimmerman, for Secretary Mrs. Eddie Fleitman, for corresponding secretary, Mrs. Bill Bedrick, for treasurer, Mrs. Richard Pagel, for Parliamentarian, Ken Fette.

B. J. Swirczynski opened the meeting with a prayer and Pledge of Allegiance to the Flag.

Mrs. David Bright recognized Mmes. Jimmy Jack Biffle and Grady McElreath for their contribution of long hours of work directing the arts and crafts contest. She also complimented teachers and administration on the successful open house during Public School Week.

Teachers of the month are Edgar Dyer, introduced by Dan Hamric and Rudy Koesler, introduced by Eddie Fleitman.

Tom Fluker, counselor for Muenster Public School gave an informative program on testing and counseling.

The band, under direction of Bob Hayes played selections they will perform for UIL competition in April.

Principal Charles Cash thanked the PTO for helping sponsor the Casa Manana trips for the students.

At next month's meeting

US Census Bureau Asks Farmers to Send '74 Report

American farmers are being urged to do themselves a favor on the right kind of day, the Bureau of the Census says. March 24 is mail-out day for sending letters from the Bureau to farm operators who have not yet returned their completed report forms for the 1974 Census of Agriculture.

It's also American Agriculture Day, an occasion sponsored by the National Agriculture Marketing Association (NAMA). The purpose of National Agriculture Day is to call attention to all Americans — urban and rural alike — to the contributions of agricultural producers to the well being of the Nation. Agriculture is the Nation's biggest, most basic industry, and NAMA's theme for the occasion is "Almost everything starts on the farm."

Rudy Koesler and Edgar Dyer will open their shops for a tour on April 21.

Mrs. Bright announced a PTO Executive meeting on Monday, March 24 at 6:45 in the Hospital Meeting Room.

After the meeting adjourned, refreshments were served by the hospitality committee.

UIL 1-act Play

The speech and drama class of Muenster High has selected Edmond Rostand's "Cyrano de Bergerac" for the UIL One Act Play competition to be held April 1 at Vernon Junior College.

The play, in its original form a five act play, here condensed into one act, concerns Cyrano so loving, so tender and oh, so ugly!

Under the direction of Miss Martha Cargile rehearsals began three weeks ago. The cast, as selected by Mrs. Roy Hartman is as follows: Cyrano, Darren Neal; Roxane, Debbie Reynolds; Christian, Thomas Bright; Roxane's Duenna Lou Ann Swirczynski; Mother Margaret, Mary Lou Fleitman; Sister Claire, Nancy Lippe; Sister Martha, Margie Wolf; Le Bret, Tim Felderhoff; The Boor/Raganeau, Ray Luke, Cavalier, Leo Lutkenhaus.

The student director is Lisa Mollenkopf. Lighting is by Charlotte Johnson and make-up is by Becky Douglass.

Muscular Dystrophy

Members of the Muenster High Student Council wore green on St. Patrick's Day in the form of "Shamrocks for Dystrophy" tags as Muenster joined the fund raising crusade: "Shamrocks for Dystrophy Day" to benefit Muscular Dystrophy Association of America.

During the week of March 17-24, the Student Council will distribute cans for donations to all local businesses. They urge residents of Muenster to help support the Muscular Dystrophy Drive. They emphasize that: "the money you donate may help someone you love."

F.H.A. Convention

"Myself Today — My World Tomorrow" was the theme for the 1975 Area 5 meeting of Future Homemakers of America, held in the Coliseum of North Texas State University, March 14-15.

FHA members are home-making students in junior and senior high and middle schools. Representative of the Muenster Chapter of MHS was Pat Davidson, Area 5 Chorus member and other members attending were Roxie Reid, Terri Britain, Mechal Reid and Gay Mollenkopf.

Keynote speaker was Bill H. Thompson, supervisor of public information for TP&L, Dallas. The Area 5 Chorus of 75 Future Homemakers was featured. Other highlights were Concerns Sessions, a presentation of Honorary membership, the President's Message and Chapter Talent. Installation of fourteen new officers followed.

Mrs. Judy Flowers is local chapter advisor.

Band Parents Meet

The Band Parents Organization of Muenster Public School met on March 17 to discuss plans to assist the school band and means of raising money for that purpose. They ask for donations of Buccaneer stamps which may be left in a drop box especially set up for this at Fishers Mkt. The band will present a Spring Concert in April. Mrs. B. J. Swirczynski is president of the Band Parents, Mrs. Jimmy Jack Biffle is vice-president and Mrs. Kenneth Hale is secretary-treasurer.

Amanda Fuhrmann Has Iowa Visitors

Weekend visitors with Mrs. Amanda Fuhrmann were her niece Mrs. Adeline Wagner of Algona, Iowa and Mrs. Wagner's son and family, Mr. and Mrs. Donald Wagner and Nicky and Shannon of St. Joseph, Iowa. Other guests were 1st Lt. Ronald J. Fuhrmann of Pensacola, Florida and Mrs. Fuhrmann of Sherman, and a buddy of Lt. Fuhrmann also of Pensacola where both are Pilot Instructors. They all returned to their homes Sunday.

On Monday, Mrs. Amanda Fuhrmann's other son Mike and a Marine buddy, Bob Stocker of Pensacola arrived to spend until Thursday here.

THE INFLATED DOLLAR

You see its effects on your food prices, your housing prices and most other things . . . just as Texas Power & Light Company sees it on the cost of everything necessary to produce and supply your electricity.

FUELS COST MORE

To produce electricity, TP&L generating plants must use fuels—natural gas, lignite coal and oil. In 1952, the price of gas, the principal fuel used by TP&L, was just five cents per 1,000 cubic feet. In 1974, the price was 48 cents per 1,000 cubic feet. The Company's total fuel bill in 1974 was \$89 million, more than 64% higher than in 1973.

CONSTRUCTION COSTS MORE

To counter uncertain supplies and spiraling costs of gas and oil, TP&L is building new generating plants which will use lignite coal and nuclear materials. Ironically, lignite-fueled plants cost more than twice as much per kilowatt as gas-fueled plants and the cost of nuclear plants is still higher.

FINANCING COSTS MORE

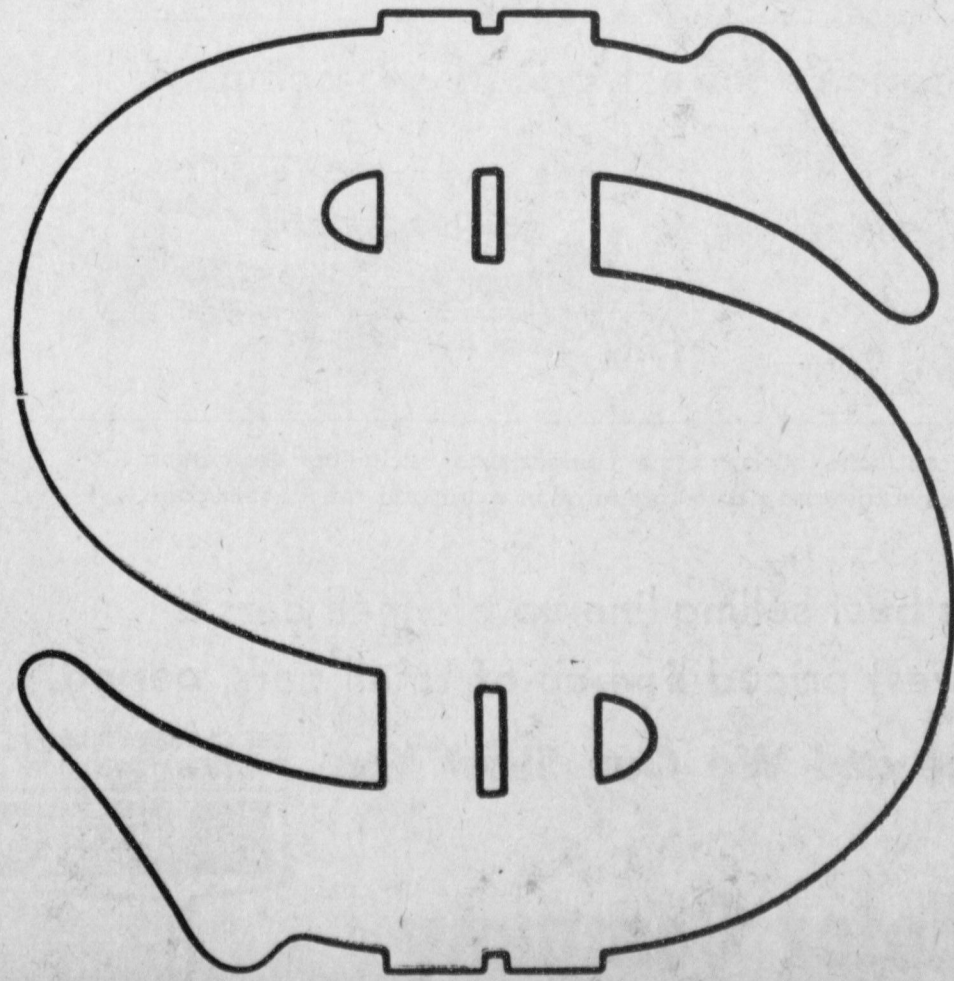

Just as most people must borrow money to build their homes, TP&L must borrow money to construct its power plants and other facilities. While the interest rates the Company must pay on borrowed money are now somewhat lower than the all-time high of 10 1/2% in 1974, they are still about twice the rates of 1964.

You and all TP&L customers expect a reliable supply of electric power and we're constantly working to meet this responsibility. However, because of the squeeze of rising costs, it is inevitable that the price of electricity must be increased in the future.

Six Awards Given To Garden Club

The Muenster Garden Club received six awards during the Spring meeting of Texas Garden Clubs, Inc., held in Vernon last week Tuesday and Wednesday. Mrs. Arthur Endres, Mrs. Wayne Richards and Mrs. John Mosman attended.

The scrapbook entered by the local club won second place in the standard club division. Also received were a Certificate of Award and Horticulture Citation; the Director's Citation for Community Service; a Director's Citation for the best president's report for a standard club; a Certificate of Commendation on this club's Environmental Program; and a Special Participation Award for Christy Felderhoff who entered her prize winning "Woodsey Owl" poster.

W. E. Patterson Has Heart Surgery

W. E. Patterson underwent successful open heart surgery at St. Paul's Hospital last Friday morning at 6:00. Scheduled for later in the day, the operation was begun very early when an emergency condition arose. Tests had shown 90% blockage according to word received by Mrs. Willie Eddy, Patterson's sister-in-law.

Although presently under intensive care, his continued improvement will allow him to be removed from intensive care probably today according to relatives who have returned home after a stay at the hospital.

Mrs. Patterson remains at her husband's bedside as does their daughter Mrs. Eva Lois Stevens of Los Angeles.

Joining the family Friday at the hospital were Patterson's sisters Mrs. Bonnie Beard of Dallas and Mrs. Dorothy Stevens of Roswell, New Mexico, his brother Wesley Patterson and son, Gene of Paris, Texas, and Mr. and Mrs. Willie Eddy, Mrs. Clive Gobbie of Muenster and Mr. and Mrs. H. R. Dillon of Fort Worth and Alvis Bagwell of Fort Worth.

Family, Friends Attend Baptism Of Mrs. Myrick

March 19, 1975, feast day of Saint Joseph, was of special significance to members of the late Dr. T. S. Myrick's family. The event in the home of Mr. and Mrs. Pat Stelzer was the baptism of Mrs. T. S. Myrick by Msgr. Thomas Weinzapfel, who also officiated for her First Communion, Confirmation and the Sacrament of the Sick.

Msgr. Weinzapfel was assisted by Fr. Stephen Eckert and Fr. Deles of Ceylon, India. Mr. and Mrs. J. M. Weinzapfel were Mrs. Myrick's sponsors and gifted her with a crystal rosary blessed by Pope Paul, and a Daily St. Joseph Missal.

Mrs. Myrick was seated between Mr. and Mrs. Weinzapfel, surrounded by her children, grandchildren, a great grandchild and close friends. On the coffee table were photographs of Dr. Myrick and Fr. Frowin Koerdt, O.S.B. Attending the service were Mr. and Mrs. Herbert Meurer, Mr. and Mrs. J. M. Weinzapfel, Mr. and Mrs. David Bright, Dorothy Hartman, Mr. and Mrs. Jim Myrick and four children of Lindsay, Mrs. John Myrick and son Dolphy, whose 16th birthday was also observed that day, and her daughter Jody Dee all of Lake City, Florida and Mr. and Mrs. Randy Howard and son, Don, age 4½, (only great grandchild of Mrs. Myrick). Mrs. Howard is the former Carole Ann Myrick, daughter of the John Myricks, also of Lake City, Florida.

Cakes, baked by Mrs. Bright and Mrs. Weinzapfel, and cookies and coffee were served to the group.

Muenster Juniors Take Eighth in First Track Meet

In its first effort of the season the junior high track team of Muenster Public School took eighth place Tuesday in a meet sponsored by the Era school on Saint Jo's track. About ten teams participated.

The team acquired a total of 27 points, which were earned as follows.

Shot put: Carl Pagel first, 47'1".

Discus: Carl Pagel third, 95'.

880 run: Eddie Serna second, 2:23; Gary Zimmerer sixth, 2:31.

880 relay: Muenster sixth, Kevin Klement, Carl Pagel, Floyd Felderhoff and David Felderhoff.

An additional event that was not on the official program was a mile run in which Eddie Serna was second and Phil Wolf fifth. Had it counted it would have improved the Muenster score by 10.

Team scoring was as follows: Aubrey 128, Rad Ware 103, Alvord 47, Lindsay 45, Era 40, Valley View 39, Saint Jo 32, Muenster 27, Sacred Heart 12.

H D Group Hears About Mini Garden

A program on Mini-Gardens was given by Mrs. Albert Fleitman during the March meeting of Home Demonstration Club No. 1. Held last week Wednesday in Mrs. Ray Klement's home, the program showed how vegetables can be grown in small containers on kitchen window sills, patios or other sunny places.

Mrs. Fleitman suggested that these can be enjoyed as growing plants as well as a useful kitchen item. Parsley and chives especially make decorative plants. Tomatoes can be planted in large containers on a patio. She displayed parsley, chives and onion plants growing in flower pots and she then planted tomatoes in flower pots as a demonstration.

Mrs. Paul Fisher presided for the business meeting and council delegate Mrs. Rudy Hellman gave the council report and told about serving weekly at Friendship House, a project for senior citizens.

A report by the nominating committee showed the selection of Mrs. Joe Hoenig for president, Mrs. John Wieler for vice-president and Mrs. Martin Bayer for secretary-treasurer.

Members signed a get-well card for Mrs. Alois Rohmer and sang the Birthday song for Mrs. Hellman.

The hostess served angel food cake roll with ice cream and coffee at close of meeting.

Mrs. Reid Shanks and daughter Denise, just 3½ months old, who live in Dallas are here visiting their father and grandfather Edd McGannon from Sunday through Friday. Mrs. Shanks is the former Kathy McGannon.

Ryan Gehrig, 2 Birthday Honoree

Ryan Gehrig celebrated his second birthday Saturday, March 15 with an evening meal in the home of his parents, Mr. and Mrs. Jim Gehrig. Attending were his grandparents, Mr. and Mrs. Herman Stoffels, Janel Stoffels of Houston, June Stoffels of Dallas, Mark, Chris, Connie, Craig and Sally Stoffels; also grandparents, Mr. and Mrs. George Gehrig and daughter Monica, and Ryan's brother Jason.

After the meal, a decorated birthday cake was enjoyed by all and gifts were presented to the honoree.

John Pipes Named Area SCS Engineer

John R. Pipes of the Gainesville Soil Conservation Service office, well known to local conservationists, has been named area engineer for the SCS. With headquarters in Gainesville, he will be in charge of SCS engineering in Cooke, Fannin, Grayson, Montague, Jack and Young counties.

He is a graduate of Texas A&M, has been with SCS 16 years in Austin, Jacksboro and Gainesville.

At Bedside of Grandson

Mrs. Richard (Dick) Cain returned recently from visits to Norman and Lawton, Oklahoma, and Amarillo, Texas. On February 19 she received a call to come to Municipal Hospital in Norman to attend the bedside of her small grandson, Cody, son of Mr. and Mrs. Wayne Trachta, who was hospitalized with a serious virus infection. After the baby was much improved, Mrs. Cain drove to Lawton to take her aunt Mrs. J. H. Hunter with her on a visit in Amarillo with Mrs. Cain's mother and Mrs. Hunter's sister, Mrs. J. S. Hogan. Other guests joining them for the weekend were the O. Z. Smiths of Lubbock, the Lloyd Heffners and Holly of Amarillo and Jerry Hogan and daughter Dee Ann also of Amarillo.

Mrs. Joe Wilde Honored on 72nd

"The nicest birthday yet," that's what Mrs. Joe Wilde says about the party given to honor her 72nd birthday on Saturday, March 15, and held in the home of the Ray Wildes.

The table held a silver punch bowl, crystal, and decorated cakes made by daughters Mrs. Rufus Benzer, Mrs. James Benzer and daughter-in-law Mrs. Ray Wilde. The cakes were served with punch and ice cream and pick up foods.

Ray Wilde showed old family movies of family outings and trips taken by the children when they were small.

The honoree opened a shower of gifts. All of her children and grandchildren were there except Mr. and Mrs. Mike Sturm who came for an afternoon visit and the Danny Wildes who were prevented by illness. Attending were Mr. and Mrs. James Benzer and Chris and Jimmy; Mrs. Rufus Benzer and Ricky, Jay and Mary Kay, Dickie Fisher; Mr. and Mrs. Ray Wilde and Tina, Gregg and Renee; Mrs. Leona Eberhart, Mr. and Mrs. Ollie Horn; John Schmitz; Mr. and Mrs. Brian Benzer of Denton; Mr. and Mrs. Sam Benzer of Gainesville; Mr. and Mrs. Mike Phillips of Gainesville; Mr. and Mrs. Paul Malone and Kary of Era and Mr. and Mrs. Chris Cain.

Besides the most enjoyable birthday party, Mrs. Wilde received a shower of cards and good wishes.

Three Boxing Trophies

Nicky Stoffels, Billy Huchton and Roger Haverkamp, a trio of Muenster cousins attending Subiaco Academy, won champ trophies in their classes at the Central Arkansas AAU boxing tournament. Teams competing besides Subiaco were North Little Rock, Little Rock, Conway and Hot Springs.

Automatic sprinkler systems came into existence between 1864 and 1875.

Mr. and Mrs. Paul Endres were at D-FW Airport Tuesday evening to meet their daughter Pat, Mrs. Lamar Owens and children, four and a half year old Allison and two year old Audrey of Manassas, Virginia who will visit here through the Easter holidays. Mrs. Owens will attend the five day convention of the "Association of Operating Room Nurses" in Dallas as a

delegate and afterwards will return here for visiting with relatives and former classmates. She will leave for her home in Virginia on April 2.

Mr. and Mrs. John Henry Streng and family of Irving were weekend visitors with his parents, the Johnny Strengs and with his sister and family, the Regi Bayers.
