BROWNWOOD, TEXAS, THURSDAY, JULY 25, 1934

NUMBER 30

## Candidates Make Final Appeal To County's Voters

Primary Saturday Will Last Round Up For Many Aspirants.

Candidates for state, district, county and precinct offices have their campaigns clicking at a clip during the past week. Minute efforts to win the support of voters who go to the polls Saturday in the Democratic primary election for the purpose of choosing the large number of men and women who this year will offer their services to the state. Results of Saturday's vote will reduce those seeking the elective nomination, which is to be held in the fall, to the two leading candidates for each office for there are now more than a dozen aspirants.

Those seeking to represent this county in the national government, in the national government, have made diligent bids for the county's support during the past week. The four congressional candidates, C. L. South, of San Angelo, of Coleman, (Pat) Murphy and Culbertson of San Angelo, have spoken in Brownwood and Brown county during the past few days. Mr. Murphy made his appeal to Brownwood Brown county voters last Friday in an address delivered at the courthouse lawn.

Mr. C. L. South, of Coleman, addressed one of the largest crowds here the following night. His speech also being delivered at the courthouse lawn. Culbertson, accompanied by a large number of San Angelo backers, addressed Brownwood Tuesday and presented his candidacy to the voters of this section who gathered at the courthouse for the occasion.

Mr. Murphy, of San Angelo, has not been in Brownwood the past week but has made brief talks at various places held in the county. Mr. South's interest, Judge Davis was in Brownwood Wednesday morning and afternoon.

gubernatorial candidates in Brownwood during the week they being Lieutenant Governor Edgar E. Witt and Maury E. Hughes addressed a crowd on the courthouse lawn Friday night and Lieutenant Governor Witt spoke here Saturday morning.

Mr. E. M. Davis, of Brownwood, has been waging an intense campaign the past week in his bid for the state Senate from this district. Judge Davis has spoken in every city, town, village and hamlet in the entire district. While Judge Davis has been here personally, his friends in Brownwood and other cities have been working tirelessly in his interest. A large caravan of Brownwood supporters, cooperating with San Angelo friends, made a four-day tour Thursday in Dallas. The Brownwood caravan included about twenty Brownwood women who passed out literature in cities visited. The caravan also accompanied the

campaigners left Brownwood Monday morning. The caravan stopped at Brady at 8:30. It arrived in Eden at 10:30 for a thirty minute stop. From there went to San Angelo for luncheon at the Naylor Hotel. After a parade and other things the party left at 3:00 for Ballinger. From Ballinger the Davis supporters went to Santa Anna and Bangs to Wood.

Mr. Metcalf, of San Angelo, Davis' opponent, spoke at Woodland Heights picnic Tuesday. Candidates for district attorney

candidates for district attorney

## 1933 COTTON TAGGED AND MEASURING 1934 ACREAGE IS STARTED

Measuring of acreage of Brown county cotton farmers who joined in the cotton reduction campaign this year was begun in almost every community of the county Monday. The land was to be measured by the community committees and checked against the amount of cotton that was listed in agreements signed by farmers for the program.

After the acreage is measured and checked and the figures sent to Washington, the next cotton checks will be received. The initial payments were received here about two weeks ago, the first checks totalling about \$30,000.

The tagging of cotton produced prior to June 1, 1934, has been completed by Chas. Bynum, who has helped in this year's cotton reduction program. Bales on hand at the Texas Compress were tagged first, after which Mr. Bynum visited various farms of the county. It is estimated that there are about 1,100 bales of 1933 cotton in the county.

## COFFER DAM WILL HOLD BACK WATER AS GATE IS FIXED

The coffer dam, built to hold back the waters of the Jim Ned and Pecan Bayou when the huge dam was being built, is to be brought into play again this week to hold the remaining water in Lake Brownwood as the damaged flood gate is being repaired. The flood gate has been out of repair since July 3, when it failed to close after having been opened to permit withdrawal of water sold to Gulf Coast rice growers.

The coffer dam will be exposed Friday or Saturday, at the rate the water is being released from the lake. Employees of Brown County Water Improvement District are standing by with sand bags, ready to reinforce any weak part of the coffer dam and prevent its destruction by water rushing through any break in the dam. They also will fill in the small slipway in the coffer dam, and hold back all the water possible.

Soundings along the coffer dam were taken earlier this week, when it was about three feet under water, and apparently it is in fair condition. Should it be unequal to the task of holding back the remaining water, it is likely that the entire lake will be drained while permanent repair of the flood gate is being undertaken.

With the coffer dam holding back the lake waters, the present plans call for pumping out all water between it and the large dam, until the gate is entirely exposed, permitting easy access to workmen. The damaged flood gate has never been entirely closed. Water is flowing under the gate at a comparatively rapid rate. More than 50,000 acre feet of water has been lost to date.

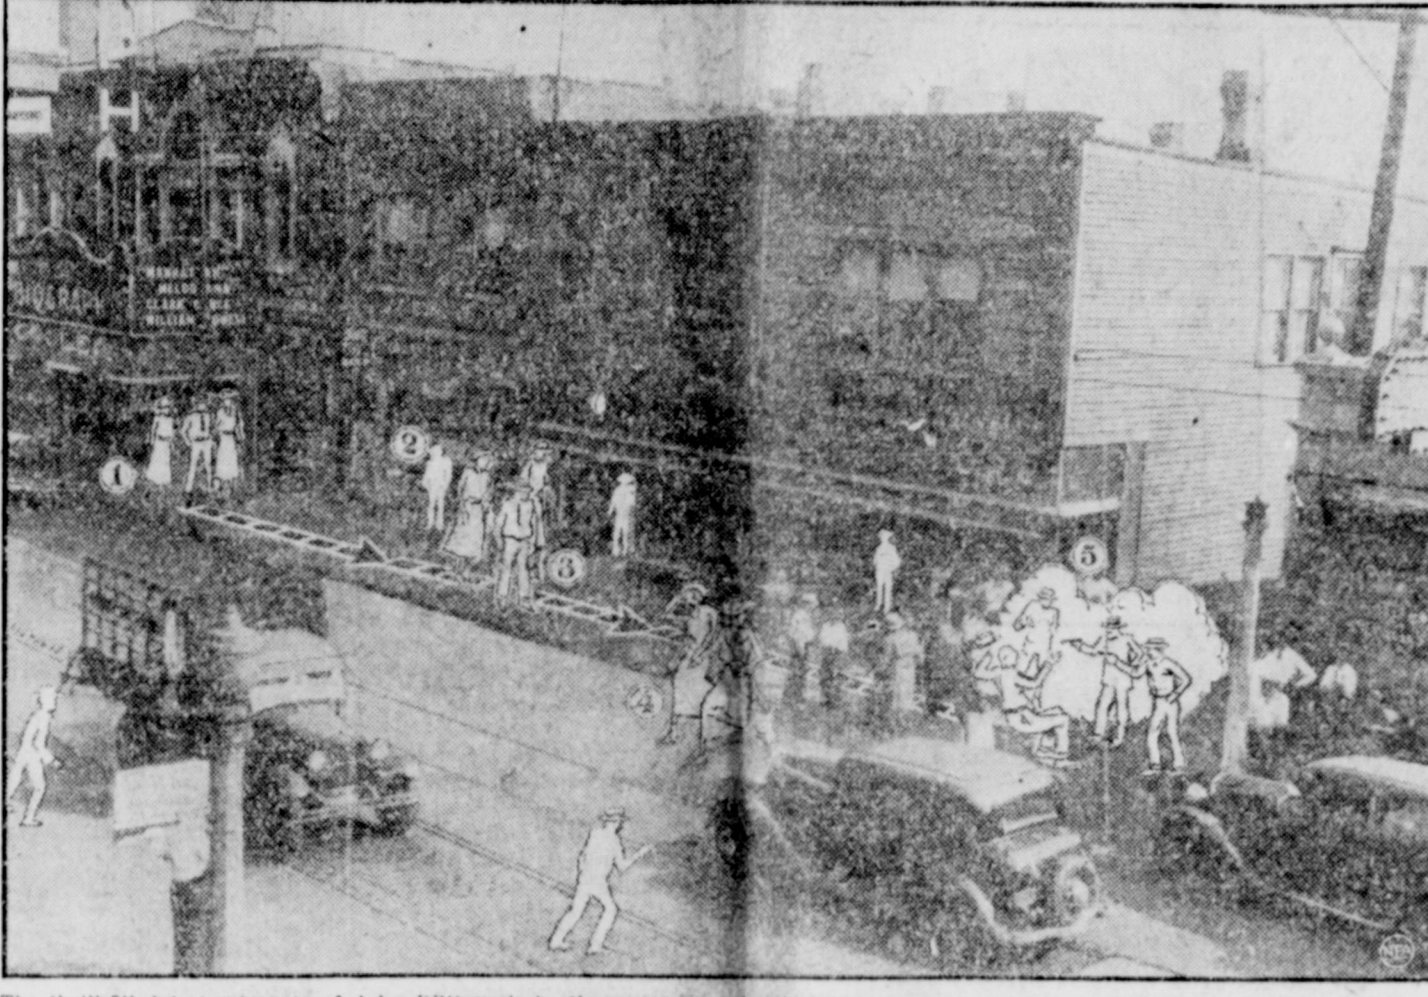

Officials of the water district have been promised assistance of the state board of water engineers in making repairs to the jammed gate and getting the mechanism back in perfect working condition.

have also been busy the past week but none has spoken in Brownwood. However, the three candidates, J. C. Darroch, of Brownwood, A. O. Newman of Coleman, and J. R. Sanders, of Brady, and their friends have been active during the week.

Candidates for representative have been equally as diligent in their quest for votes, all having taken advantage of almost every opportunity to address voters, individually or collectively.

County and precinct candidates have worked feverishly the past week and are now ready to await the verdict of those they have sought to serve.

## STEP BY STEP AS DILLINGER WENT TO HIS DEATH

The thrill-filled last moments of John Dillinger's hectic career are sketched here, on an actual picture of the scene, as the outlaw went to his death by federal bullets. (1) Dillinger leaves film theater, followed by two women. With a piercing look, he passes Melvin Purvis (2), Department of Justice investigator, waiting in front of an adjacent beer tavern to spring the trap, then (3) the women believed to have led the outlaw to his doom fall back, and flee (4) as the cordon closes in on the quarry. (5) Bullets thud into the body of the gangster and he plunges diving into the alley.

## JUDGE DAVIS THANKS FRIENDS; CONFIDENT HE'LL WIN SATURDAY

Judge E. M. Davis of Brownwood, candidate for State Senator from the 25th Senatorial District, expressed confidence of his election Saturday as he left for San Angelo and the western part of the district for final work. He will spend Thursday and Friday in Tom Green and Runnels counties, returning Friday night.

Judge Davis has conducted an active campaign, and although forced to conduct an economical canvass of the district, he has spoken in every county, and in many smaller towns in the district during the past few weeks.

Judge Davis Thursday issued the following statement: "To the Voters of Brown County: I want to take this method of expressing my appreciation of the loyalty of my many friends in support of my candidacy for State Senator. I have necessarily made a poor man's race—first, because I did not have the money to expend on full page advertising and other expensive campaigning; and secondly, because a precedent of expensive campaigning has a tendency to eliminate the poor man from our Legislative halls, and it will be a sad day for Texas when a man of limited means is prevented from holding public office.

"If I am elected your State Senator, and reports from every part of the district indicate that I will be elected, I will owe the same to my loyal friends over the district, and particularly in Brown County, and I will try to repay this loyalty with four years of active, unselfish and efficient service.

"Yours very truly,  
"E. M. DAVIS."

## 3,000 BASS PLACED IN LAKE BROWNWOOD

Fears of anglers that the state hatcheries would refuse to place more fish in Lake Brownwood, due to the loss of water when the flood gates were jammed early this month, were eased this week.

Forty cans of bass, about 3,000 of them, were delivered in Brownwood Wednesday morning from the state fish hatchery at San Angelo and dumped into Lake Brownwood. Although the water in the lake is now low, officials of the state department say that the fish will have plenty of water in the streams and what is left in the lake.

The bass brought here Wednesday were good size, averaging about four inches in length. As the lake refills a great number of stock fish will be placed in it by the State Game, Fish and Oyster Commission.

The Lake of the Ozarks, in central Missouri, is the world's largest artificial lake.

The Sacramento is California's only navigable river.

## HERE'S OUR GUESS ON THE RUN-OFF

Who will be in the run-off after next Saturday? That's a question we have been asked many times during the past week. We don't know, but our guess is as good as anyone's.

So here, in the opinion of The Banner, is the way the state and congressional races will look after Saturday:

For United States Senator: Tom Connally will win over both opponents.

For Governor: James V. Allred and C. C. McDonald.

For Lieutenant Governor: Walter Woodruff and Joe Moore.

For Attorney General: Walter Woodward and William McCraw.

For Comptroller: George H. Sheppard and Jack Patterson.

For State Treasurer: Charley Lockhart and Dennis Waller.

For Commissioner of Agriculture: J. E. McDonald and Fred W. Davis.

For Railroad Commissioner: Lon A. Smith and John Pundt.

For Associate Justice, Supreme Court: James W. McClendon and H. S. Lattimore.

For Congress: Charles L. South and E. E. (Pat) Murphy.

## ABSENTEE VOTING IN PRIMARY HEAVY

When personal absentee voting closed at the County Clerk's office Wednesday night, a total of 340 absentee votes had been cast. This is thought to establish a record for absentee voting in Brown county.

Those who wrote in for ballots have until Thursday night to return their ballots to the county clerk. Ballots received by mail are expected to bring the total absentee vote up to around 400, nearly 10 per cent of the vote expected in Saturday's primary.

The purpose of the various organizations is to secure AAA benefits for peanut growers in Texas.

## SECOND CHECK FOR JULY RELIEF HERE

County Relief Administrator C. E. Boyett received a check for \$6,750 Monday from the Texas Relief Commission to be used for direct and emergency relief. This was the second check of this side received during July.

## PEANUT GROWERS OF COUNTY ORGANIZE TO GET AAA BENEFITS

With W. D. Pierce as president and H. R. Nichols as vice-president, peanut growers of Brown county met last Friday in May and organized what will be known as the Brown County Peanut Growers Association. The purpose of the new organization, as outlined by C. W. Lehmburg, county farm demonstration agent, will be to better market conditions and stabilize prices. The county organization will be a unit of a regional association formed at a meeting held last week in Eastland. Mr. Pierce and Mr. Nichols were named members of a committee to attend a state meeting of peanut growers held in Fort Worth Monday and Tuesday of this week. Mr. Pierce was also named a member of the regional executive committee.

About fifty Brown county peanut growers, representing 737 acres of peanuts, attended the meeting in May last week. The charter members of the organization are: H. E. Nichols, L. A. Kirksey, N. A. Clark, J. H. Burbee, E. E. Newcomb, Monroe Chambers, A. J. Palmer, L. D. Boyd, Wade Chambers, Jr., A. N. Lancaster, J. R. Davidson, F. E. Brisson, Carl Newcomb, S. L. Altum, G. G. Coas, W. R. White, W. D. Pierce, J. L. Heard, A. A. Pittman, Neal Davis, H. L. Stevens, Robert Bell, Allen Chambers, Tom Pittman, W. O. Cook, H. E. Sullivan, A. P. Spence, N. A. Bowden, M. E. West, R. T. Willett, D. White, H. S. Pedigo, Vernon D. Pittman, and E. J. Nelson.

The next meeting of the Brown county organization will be held on August 7th. All work outlined for the various committees will be completed by that time and reports will be made to the association. Officials of the organization hope to increase the membership to 300 or more in the county during the next sixty days.

The purpose of the various organizations is to secure AAA benefits for peanut growers in Texas.

## ELECTRICAL CODE MEETING CALLED

A meeting of electrical contractors and dealers from Brownwood and twelve other surrounding towns will be held in Brownwood, at the Brownwood Hotel, Thursday, August 2, at 8 p. m. for a discussion and explanation of the Electrical Contractors Construction Code. The meeting was called by Eugene Ashe, chairman of district 3, with headquarters in Fort Worth.

Electrical dealers in Brownwood, Comanche, Stephenville, Dublin, DeLeon, Gorman, Rising Star, Coleman, Cross Plains, Santa Anna, Brady, Goldthwaite and San Saba are called to meet here.

## SEPTEMBER 1 NOW SET AS DATE FOR MOVING CAMP HERE

The state park at Lake Brownwood was inspected Tuesday afternoon by officials of the Texas State Parks Board. The visiting officials included, D. E. Colp, of San Antonio, chairman; Former Governor Pat M. Neff, vice-chairman; Gus F. Urbankie, of Austin, secretary, and Tom L. Beauchamp, of Paris. David H. Henley, president of the Pecan Valley Chapter of the Frank Walton League, conducted the tour of inspection.

While here Mr. Colp announced that the moving of the 250-man C.C.C. camp to the state park had been postponed from August 10 to September 1. The camp to be moved here is now located at Buffalo Gap in Taylor county. Mr. Colp stated that when the camp is moved to Lake Brownwood that it will likely be located there for one year instead of six months as originally planned.

## NO CANDIDATES, BUT REPUBLICANS ARE TO HOLD ELECTION HERE

Republicans of Brown county will hold a primary election Saturday at Carnegie library, according to announcements this week by local leaders. No county ticket will be offered by the Republicans but a full slate of state candidates will be voted on. However, none of the candidates on the state ticket has an opponent.

The Republicans are forced to hold primaries this year because of the large number of votes polled two years ago by the party's candidate for governor, Orville Bullington, who opposed Mrs. Miriam A. Ferguson in the general election.

The state Republican ticket follows:

For United States Senator, U. S. Goen of El Paso.

For Associate Justice, Supreme Court, Irl F. Kenerly of Houston.

For Judge, Court of Criminal Appeals, S. E. Fish of Amarillo.

For Governor, D. E. Waggoner of Dallas.

For Lieutenant Governor, Lester Gaust of Corpus Christi.

For Attorney General, Thomas T. Ball of Fort Worth.

For Comptroller of Public Accounts, John W. Miller of Tyler.

For State Superintendent of Public Instruction, Mrs. Hallett W. Reynolds of El Paso.

For Commissioner of Agriculture, A. W. Orr of Livingston.

For Commissioner General Land Office, H. S. Grady of Yoakum.

## APPLICATIONS FOR EMERGENCY LOANS BEING TAKEN NOW

Farmers desiring emergency crop loans for general purposes or for summer fallowing may now place their applications for such loans with county loan committees which functioned during the past spring in drought stricken areas of Texas and other Southwestern states, an announcement this week from Charles W. Sherrill, regional manager of the Emergency Crop and Feed Loan office of the Farm Credit Association at Dallas, states. Brown county is included in the areas eligible for such loans.

The same regulations which applied to spring crop loans will apply, it is stated. Loans for crops are limited to \$250 to one individual for general purposes with a limit of \$400 for summer fallowing or for the combined purpose of summer fallowing and the purchase of seed for winter wheat, winter rye or barley. Loans may not exceed certain maximum allowances per acre in connection with grain, truck and miscellaneous crops.

The reopening of the emergency crop loan facilities will not interfere with the making of feed and forage loans in the emergency drought areas from the recently appropriated \$25,000,000 fund. The crop loans, including loans for feed for livestock in secondary areas, are being made from the \$40,000,000 fund appropriated in the act of Congress approved February 23rd, 1934; whereas the loans for livestock feed and forage production in the emergency areas are being made from a part of the recently appropriated \$25,000,000 drought relief fund.

## LIMIT OF LOANS

If an applicant already has obtained an emergency crop loan during the year 1934, his new crop loan plus the principal amount of the old crop loan must not exceed the \$250 limit for general purposes, or the \$400 limit for the purpose of summer fallowing. Loans will be made only to applicants who do not have other available sources of credit and any farmer applying for a crop loan in excess

(Continued on page 3.)

## Sunday Movies Still An Issue As Council Considers Election

The Sunday moving picture show question was raised again Tuesday night when a petition bearing the signatures of about 75 business men was presented City Council asking that body to order an election to permit the city's voters to again settle the Sunday show issue.

Because of the likelihood of a bond election in the near future, Council decided Tuesday not to call a special election on the Sunday show question. If the bond election is called city officials expect to order a vote on Sunday movies at the same time, thus saving the expense of an extra election.

The bond election is being delayed pending the compiling of additional figures on the waterworks project submitted to the government for a grant and loan. The city's application for \$31,000 as a loan and grant has been approved but bonds must be voted to secure that part of the \$31,000 which is to be a loan.

## Election Officials Urge Voters To Mark Ballots With Care

Election officials urge voters to mark their ballots carefully Saturday to avoid any possibility of voiding them. The voter is urged to make a line through the names of all the candidates for each office except the name of the candidate for whom he wishes to cast his vote. Check marks made beside the name of the candidate desired

will void the ballot. A torn place in the ballot, ink blots on the face of the ballot, erasures on the ballot, two or more names in one race left unscratched, scratching out the Democratic pledge at the top of the ballot are among the things that will cause a ballot to be voided and not counted. In some instances the vote in just one race is voided, particularly where more than one name is left unscratched.

The ballot should not be signed by the voter, although signing it does not void it. The election officials are permitted to erase the signature and count the vote.

## 5,160 Head Of Cattle Offered To Government

First Five Days Of Relief Program Brings Rush To Sell; County May Be Budgeted.

During the first five days the government has been receiving applications for sale of distress cattle by farmers and stockmen from Brown county, 5,160 head have been offered by the 350 to 400 taking advantage of the government purchase plan. Taking of applications started last Friday, and the more than 5,000 head of cattle had been offered by Wednesday night of this week.

Applications were being received Thursday without any indication of the pace of the first five days slackening, and officials estimate that if there is no relief from the drought within the next ten days, more than 10,000 head will have been offered the government.

County Agent C. W. Lehmburg issued a warning this week that the unusually large number offered might force the government to place this county on a quota basis, and urged all who wish to take advantage of the government offer to make application immediately. He feels that even in event a quota is placed on this county and no more cattle will be bought, the government will take all for which it has applications.

Recognizing the distress condition of the stockmen in Brown county, George W. Barnes, assistant drought relief administrator, has notified Mr. Lehmburg that he will be in Brownwood Friday or Saturday of this week to organize this district for shipment of purchased cattle to the stockyards. It also is expected that an inspector for this county will be appointed within the next few days. Geo. Holliday of Ballinger has been appointed appraiser for the county.

## Primary Relief

Purchase of cattle by the government in this county is the result of the county being placed on the primary relief list last week.

Several months ago County Judge Courtney Gray instigated a movement for Brown County to get drought relief on account of drought conditions last year, and in this he enlisted the support of Congressman Tom Blanton. When this year's drought relief lists were announced and Brown County was not placed on either the primary or secondary list, the commissioners' court and the Brownwood Chamber of Commerce immediately took action.

United States Senator Tom Connally was interested in the matter, and upon request of the county officials and the chamber of commerce, he had this county placed on the list. When Brown county was announced as a secondary relief county, officials again got in touch with Senator Connally, and it was through his efforts that action finally was taken placing this county on the primary or emergency list.

In addition to the livestock purchase plan, now in operation in Brown county, placing of this county on the primary or emergency list makes the county eligible for emergency road construction through the federal government and the state highway department.

will void the ballot.

A torn place in the ballot, ink blots on the face of the ballot, erasures on the ballot, two or more names in one race left unscratched, scratching out the Democratic pledge at the top of the ballot are among the things that will cause a ballot to be voided and not counted. In some instances the vote in just one race is voided, particularly where more than one name is left unscratched.

WENDELL MAYES, Editor

JOHN BLAKE, Business Mgr.

Any error made in advertisements will be corrected upon being brought to the attention of the publishers, and the liability of this paper is limited to the amount of space consumed by the error in the advertisement.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in this newspaper will be promptly corrected when brought to the attention of the publishers.

On Saturday voters of Brown County, together with the rest of Texas, will go to the polls in what promises to be the most widely patronized Democratic primary ever held in this state. Upward of a million voters are expected to exercise their privilege of scratching the ballot, setting a new record for Texas. We want to urge our readers to go to the polls Saturday, and take part in this business of selecting public officials. After all, it is a serious and important business, in which every one qualified should take part.

**Be Sure To Vote**  
The Banner, although intensely interested in seeing that efficient public officials are selected, has no interest in personalities. We do believe, however, that every voter should take part in the primary, which of course is the real election in Texas. Regardless of your personal opinions of the candidates, cast your vote Saturday for your choice. The county and precinct offices have attracted as candidates a large number of capable men and women, almost all of whom are deserving of your vote. You must decide which you will favor. We refer you to the announcement column of this newspaper, printed elsewhere on this page, for the list. Look it over now, and make your selection, for it is a long ballot that will confront you on Saturday, and even the experienced voter is liable to become confused.

A list of blank spaces will be left at the bottom of each ballot, for the voter to write in his selection of precinct delegates to the Brown County Democratic convention, which in turn will select and instruct delegates to the state Democratic convention, to be held later in the year in Galveston. It is important that you select good men and women for these positions, people who will represent the precinct intelligently and fairly. Do not leave the spaces blank.

For district and state offices the voter likewise will find many candidates. There are five candidates for the legislature, three for district attorney, two for state senator and four for congress.

In the race for state senator, Judge E. M. Davis of Brownwood is pitted against Penrose Metcalf of San Angelo. Judge Davis is well known to the readers of The Banner, having served as city attorney of Brownwood, county judge of Brown county and as a member of the legislature. Mr. Metcalf is at present, and has been for a number of years, a member of the legislature from Tom Green county. This race will be decided Saturday, as there are two candidates only.

Interest in this district for the past several weeks has centered on the race for Congress from the new 21st Congressional District. Brown County occupies an extremely favorable position with regard to this race, as it is the largest county in the district without a resident candidate. There are four candidates, all most excellent gentlemen, and any one of whom would serve the district acceptably in Congress. They are Culberson Deal and E. E. (Pat) Murphy of San Angelo, Judge Carl Runge of Mason and Judge Charles L. South of Coleman. Judge South is the better known of the four to voters of this county, as he is serving now as district attorney. Judge Runge is a former district judge; Mr. Murphy a prominent San Angelo attorney and Mr. Deal former secretary of the San Angelo Board of City Development. All have been conducting spirited campaigns, and have strong followings in the various counties of the district.

The interest in the state races lies largely around personalities, as few issues are involved, at least in the first primary. There are three candidates for Associate Justice of the Supreme Court: James W. McClelland of Travis County; H. S. Lattimore of Tarrant and John H. Sharp of Ellis. The first two are widely known in Texas and are eminent attorneys. So possibly is the other, but we have heard little of him during the campaign.

Lon A. Smith is a candidate for re-election as railroad commissioner, with four opponents, leading of which at the present time seem to be John Pundt of Dallas or W. Gregory Hatcher, also of Dallas.

J. H. Walker, commissioner of the General Land Office, and J. E. McDonald, Commissioner of Agriculture, both have opposition, there being four candidates for the latter office, which probably will result in a run-off between McDonald and Fred W. Davis.

State Comptroller George H. Sheppard has several opponents and probably will be forced to a run-off.

Walter Woodward of Coleman is a candidate for Attorney General, as are William McCraw of Dallas and Clyde E. Smith of Woodville. Woodward is the present state senator from this district; McCraw is a popular former district attorney of Dallas, and Smith has considerable strength in East Texas. The man elected will represent the state in legal matters. Our advice is to select from the three the attorney you would choose in event your personal affairs were in litigation.

Six able men want to be lieutenant governor. In our opinion the race is between Walter Woodul of Houston and Joe Moore of Greenville, both present members of the state senate, although Ben F. Berkeley of Alpine may be a contender and John Hornsby of Austin has many friends. All are capable, all deserve your consideration.

Of the six candidates for governor remaining after the withdrawal of Edward K. Russell, Jimmie Allred and C. C. McDonald seem to be the strongest contenders, with Tom Hunter and Clint Small possibilities to crowd one of these gentlemen out of the run-off. Most readers are familiar with the qualifications of the leading candidates. Maury Hughes and Edgar Witt, fine gentlemen, are hopelessly behind. Clint Small is a favorite son of West Texas, who ran four years ago; Hunter ran two years ago, has strong support throughout the state, and may be in the run-off. C. C. McDonald has the support of the Ferguson administration, a considerable factor, coupled with a personal popularity to be considered. Allred is attorney-general, a red-headed, fiery, likeable young man with plenty of ability. He's not as strong as he was two or four years ago, but plenty strong to be leading man Saturday.

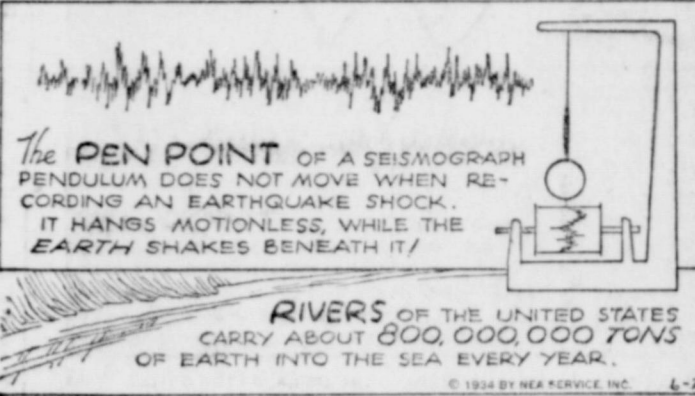

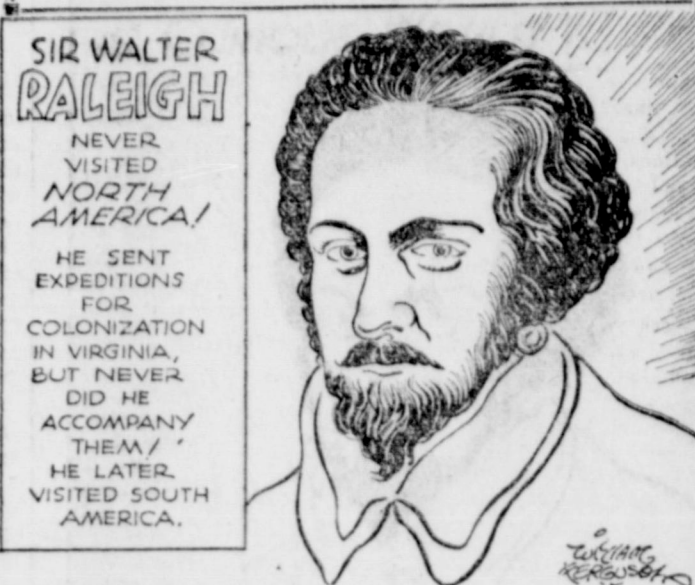

United States Senator Tom Connally has his two opponents, Joe Bailey, Jr., and Guy B. Fisher, outclassed, and will win in the first primary, according to all indications. He has made a splendid record, and there is no need for changing senators, so far as we can see.

There are the high-lights of the Saturday primary. Get all the information you can regarding the candidates, make your decisions, and go to the polls early.

Now that France has honored another of her famous cheese-makers by erecting a statue to him, an American memorial would seem to be in order to the unsung genius who first hit upon the idea of serving cheese with apple pie.—Christian Science Monitor.

Most of us wish we could accumulate enough money to enable us to live in a way we shouldn't.—Claude Calan in Star-Telegram.

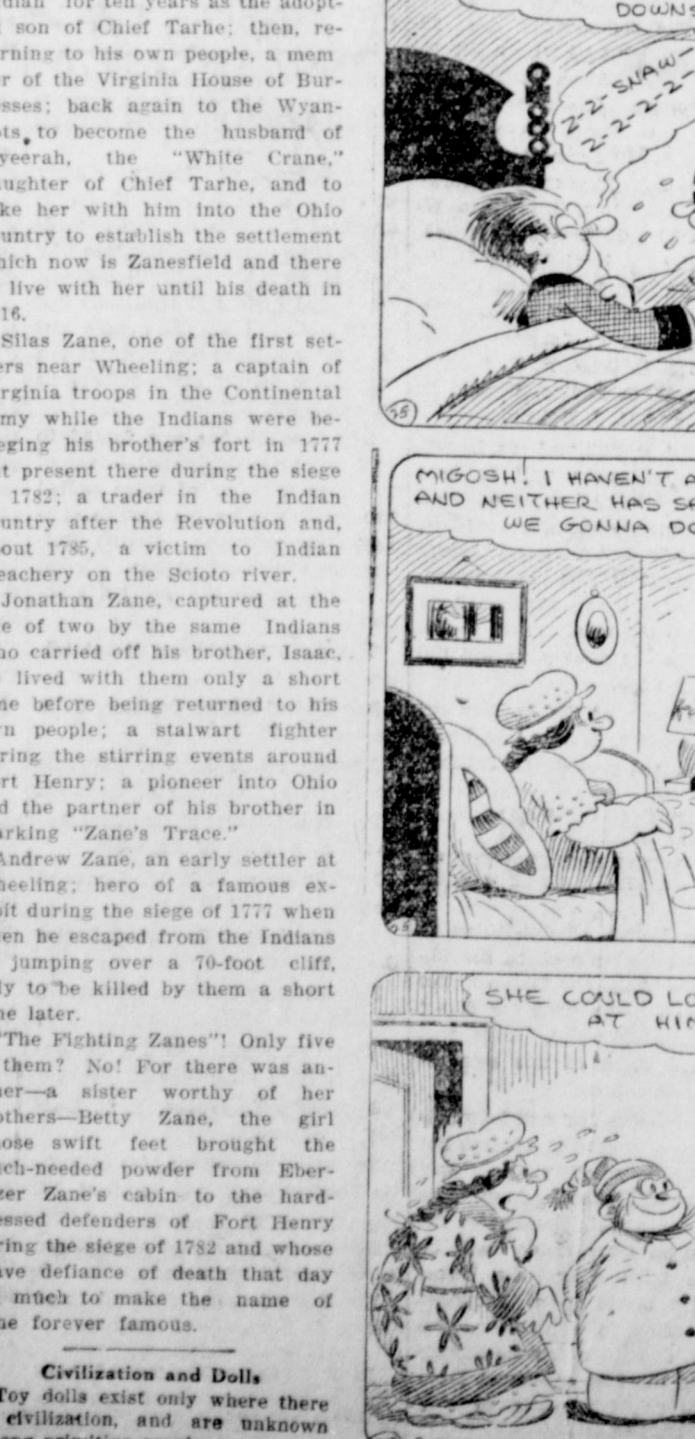

THIS CURIOUS WORLD By William Ferguson

Fifty Famous Frontiersmen By Elmo Scott Watson

- The Five Fighting Zanes. WHEN it came time for old William Zane to die, he could take pride in the fact that he had given to frontier history five stalwart sons who would make the name of Zane forever famous there. They were: Col. Ebenezer Zane, founder in 1770 of the settlement which was to become the present Wheeling, W. Va.; a soldier in Lord Dunmore's war of 1774; builder and commander of Fort Henry, the scene of two famous Indian sieges—in 1777 and 1782; an early settler in Ohio on the present site of Zanesville; blazer in 1796 of "Zane's Trace," which followed the route of an old Indian trail from Wheeling to Limestone (opposite Maysville, Ky.) and over which poured a flood of settlers into Ohio and Kentucky; a colonel of militia and a leader of men down to the day of his death in 1811. Isaac Zane, captured by the Wyandots at the age of nine; a "white Indian" for ten years as the adopted son of Chief Tarhe; then, returning to his own people, a member of the Virginia House of Burgesses; back again to the Wyandots, to become the husband of Myerah, the "White Crane," daughter of Chief Tarhe, and to take her with him into the Ohio country to establish the settlement which now is Zanesfield and there to live with her until his death in 1816. Silas Zane, one of the first settlers near Wheeling; a captain of Virginia troops in the Continental army while the Indians were besieging his brother's fort in 1777 but present there during the siege of 1782; a trader in the Indian country after the Revolution and, about 1785, a victim to Indian treachery on the Scioto river. Jonathan Zane, captured at the age of two by the same Indians who carried off his brother, Isaac, he lived with them only a short time before being returned to his own people; a stalwart fighter during the stirring events around Fort Henry; a pioneer into Ohio and the partner of his brother in marking "Zane's Trace." Andrew Zane, an early settler at Wheeling; hero of a famous exploit during the siege of 1777 when he escaped from the Indians by jumping over a 70-foot cliff, only to be killed by them a short time later.

THE BANNER'S SCRAP BOOK

Harriman Blue Eagle. (From The Dallas News) The blue eagle goes back to the Harriman Mills without definite announcement of terms but with the general understanding that there has been a compromise. In the meantime, the mills lost some large orders and 600 employees have been idle. This taking away of the blue eagle works both ways sometimes. The modern thunder bird has served a purpose. He was something to arouse the imagination of the people at a time when imagination was needed to stimulate courage. He was something concrete, a sign in the doorway to help establish cooperation in a dazed and helpless business world that was groping for leadership. But the day of service of the blue eagle is passing. At least, if the blue eagle is to continue to stand for code compliance, he should stand more and more on his own merits and less and less by Government edict, as we work our way out of the emergency. Otherwise, the time may come when too many Democrats and too few Republicans will have blue eagles, or vice versa. Administration to date has been without political partisan bias, and as equitable in all other respects as could be expected, but there will be other administrations. Having made the displaying of the blue eagle a privilege, the government could not afford to allow gross abuse of it. But as normal conditions return, care should be taken that it does not become a means for abuse of power in the hands of the government, either.

United States coinage mints are located in Philadelphia, Denver, and San Francisco. Tahoka—One hundred fifty-one White Leghorn chickens have been raised to the age of five weeks from 125 day-old chicks purchased from a local hatchery by Mrs. B. J. Emanuel of the Magnolia community in Lynn county according to the home demonstration agent, Mrs. Emanuel attributes her success to a good oil burning brooder, chick starter, growing mash, clean water and shade rather than to "good luck."

New Braunfels—Early, deep, and thorough breaking of the land followed by deep planting, thin spacing and good cultivation made the "lucky man" among the corn raisers of Comal county, according to George E. Ehlinger, farm demonstration agent. The "unlucky ones" were those who followed the haphazard system of preparing their lands.

A surprisingly good corn yield was made in this county without any rain since the last of March and the first of April. A number of farmers took advantage of good subsoil moisture and some improved their yield by planting paired corn rows with cow peas in the vacant row.

Herman Schulze with his corn in paired rows is making a better crop this year than last. Albert Soefje, Willie Kresche and Walter Schulze, his neighbors, are likewise making good corn with this system, plus early and good soil preparation, while some other neighbors had to cut their corn for forage.

Menard—Thirty-four choice Hereford calves selected from 9 outstanding herds in the county and averaging 225 pounds were started on feed the first of June by the 4-H club members of Menard county, according to Frank N. Newson, farm demonstration agent. The starting grain ration was composed of 45 per cent oats, 45 per cent corn and 10 per cent cottonseed cake.

Seven wardrobe demonstrators in Harrison county built new clothes closets in June and six other improved their closets by papering, putting in shelves, rods, shoe bags, or racks, Miss Maggie Peach, home demonstration agent, reports.

Weatherford—The plan for landscaping the home of Mr. and Mrs. S. V. Daniels of Parker county has been completed according to the home demonstration agent, Miss Janie Parks, who assisted in making the plan because Mrs. Daniels is yard demonstrator for the Daniels Home Demonstration Club. The plan calls for moving the front

MRS. J. L. KARR EFFICIENT - EXPERIENCED - CAPABLE respectfully solicits your vote and influence Sat., July 28th, FOR Assessor - Collector of Taxes (Political Adv.)

ON TEXAS FARMS

Victoria—A trench silo has been completed by Herbert Wischkaemper of the Lone Tree community of Victoria county to conserve what feed dry weather has left him. Mr. Wischkaemper's corn was burning up because of the drought, and so on the advice of the farm demonstration agent, J. L. Moore, he and two hired helpers dug the trench in four days. It is 75 by 8 by 7 feet and was completed with a total cash outlay of \$8. Mr. Wischkaemper stated that he expected to fill the silo and he believed he could do so at about 75 cents per ton which would be the cheapest feed he had ever harvested.

George B. Savage Candidate for County Judge Stands For ECONOMIC ADMINISTRATION — Lower the taxes as fast as possible — Live within income — No County Bond Issues — Experience for many years as business man, teacher, farmer and lawyer — Safe, Conservative, Qualified. WILL ADMINISTER THE LAW as written and sustained by the Higher Courts. NOT AN HABITUAL OFFICE SEEKER. THE CANDIDATE OF NO GROUP OR FACTION. GOOD ROADS — CONTINUE THE PROGRAM — Get all the money possible from the State and Federal Governments. The money is there, or will be, part already appropriated. If we do not get it other counties will — Have the best road system possible at no increase in taxes. Speedy improvement of all lateral roads, school bus roads and rural mail roads. The money spent for labor and gravel will be kept in Brown County. BROWN COUNTY WORK FOR BROWN COUNTY LABOR. Make labor self respecting — men had rather have work than a hand-out relief. RELIEF — Help the jobless to be self supporting. Do not tear down their morale nor that of their families. WILL COOPERATE with every activity for employment relief and welfare, and assure the voters that I would administer the affairs in a fair and impartial manner to all classes. SOIL EROSION - TERRACING — Farms and tillable land are now going to waste because of the high cost of terracing. Do you know why China has so often had famine? Because a lot of the best soil has been washed into the sea. Heretofore the cost of terracing here has been too great for the average farmer to have his fields terraced. Necessary equipment should be furnished the farmer at a minimum expense that this great hazard may be removed. Shall fight unreservedly that the farmers' land shall be taken care of over the County. SOLICITS YOUR SUPPORT—It has not been possible to see every one, but I make this appeal for your vote and influence. Thank you. GEORGE B. SAVAGE Candidate For COUNTY JUDGE (Political Adv.)

Political Announcements

The Brownwood Banner is authorized to announce the following as candidates for office in Brown County, subject to the action of the Democratic Primary in July. For Congress: CHARLES L. SOUTH of Coleman County, E. E. (Pat) MURPHY of Tom Green County, CULBERSON DEAL of Tom Green County, CARL RUNGE of Mason County. For State Senator: E. M. DAVIS of Brown County, PENROSE METCALF of Tom Green County. For Representative: (15th Legislative District) COURTNEY GRAY of Brown County, C. M. KILGORE of Brown County. For District Attorney: J. C. DARROCH of Brown County, J. REAGAN SANDERS of McCulloch County, A. O. NEWMAN of Coleman County. For District Clerk: ALLEN FORSYTHE. For County Judge: A. E. NABORS, GEORGE B. SAVAGE, R. C. GOTCHER. **GOVERNMENT LOANS NOW AVAILABLE FOR REPAIR, REMODELING**  
Government loans, through the Home Owners Loan Corporation, are available for repair, remodeling and modernizing homes. The loans are for 15 years, at 5 per cent interest.  
Frank Sweet is local attorney for the Home Owners Loan Corporation, and Chester Harrison is adviser.  
The new loans are available to those who have already secured loans from the Corporation. Those who are eligible to have mortgages taken over by the Corporation, and those who own their homes free of any mortgages; but only they cannot get reconitioning from any private lending institution.  
**Many Need Repairs.**  
It is estimated that some 90 per cent of the homes in Brownwood County are in need of some nature. Most of them will be eligible for a loan from the Corporation.  
An announcement regarding the loans says:  
Reconditioning includes three operations:  
1. Repair and Maintenance. Under this heading comes all work needed to restore a house to its original condition when new, such as repainting of masonry, caulking of doors and window frames, repainting, replacement of butters, sash, windows, floors, screens, plumbing and other outworn equipment.  
2. Remodeling. This involves structural changes, such as any enlargement of the dwelling, the addition of a bathroom, a porch, a terrace, the rearrangement of the interior, or any other alteration in the design of a house.  
3. Modernizing. This involves the installation of new equipment, such as heating, heating plant, electric lights or running water.  
These three classes repair and maintenance are the essentials of a home. All homes that are to be fit to live in must be put in repair periodically. Repairs often need not be expensive. They will generally add enough to a home to permit a high-class and a larger loan.  
The types of remodeling and modernizing, such as the addition

of a bathroom or the installation of running water and an indoor toilet, are likewise essential to the American standard of living. However, they are usually more expensive than basic repairs and may be impossible to borrowers in financial distress. Before a borrower from the HOME OWNERS' Loan Corporation applies for a loan to remodel, enlarge or modernize his home he should consider the cost very carefully and get advice from the Corporation on the following points:  
1. Can he really afford to make the larger monthly repayments on his loan necessitated by an expenditure for remodeling and modernizing? Usually a home owner should not spend more than 25 per cent of his normal income in payments on his home.  
2. Does the neighborhood justify the expense of remodeling? A \$5,000 house in a \$3,000 neighborhood is a poor investment.  
3. Will an expenditure for remodeling tend to extend the life of a house which is irredeemably bad because the lot is too narrow, some rooms must be blind, or the like?  
4. Is the proposed remodeling sound from architectural and engineering points of view? Remodeling should never be undertaken without competent architectural or other technical advice.  
Remodeling and modernizing free from criticism on these grounds must be sound and if sound, they will prevent obsolescence and make for a higher standard of living. The home owner can make no wiser investment.  
The mortgage held by the Corporation as security for all advances usually runs 15 years. The borrower pays back the loan, principal and interest, by monthly installments. The rate of interest is 5 per cent. The monthly payment covering both principal and interest is \$7.91 for each \$1000 loaned.  
The only place to apply for a reconditioning loan is the local office of the Home Owners' Loan Corporation within the District in which the home is located.  
February 4, 1783, was the last day of hostilities of the Revolutionary War.  
In the Chatham Islands, 400 miles southeast of New Zealand, the new year arrives while milkmen in New York City are making their early rounds on the morning of December 31.  
The first American airmail stamps were of the 24-cent denomination, some of which, printed upside down by mistake, are now valued highly by collectors.

**My Beauty Hint**  
By PATRICIA LEE (Screen Actress)  
Plain buttermilk used once or twice a week is an effective complexion aid. After washing and drying the face and neck, apply buttermilk generously with the fingertips or a pad of cotton. When almost dry, remove with a gentle rotary movement of the fingertips.  
Palfurrias — More than 100 men and women visited the homes of the five pantry demonstrators in Brooks county recently when the County Home Demonstration Council sponsored a county-wide achievement day. A general invitation was extended to all the citizens of the county so that all might see these standard pantries, hear the demonstrators' stories and see the special exhibits prepared by the cooperators. Each of the pantry demonstrators had made a canning budget at the beginning of the year, started a recipe file of tested recipes, built pantry shelves for better storage of canned goods, labelled all cans, and organized her pantry. The five demonstrators had canned a total of 5,869 containers of 109 different varieties. Nineteen different kinds of meats had been canned in 1,122 containers, 723 cans were of starchy vegetables, 719 were of green or leafy vegetables of 9 different kinds, 561 were preserves and jellies of 18 varieties, 800 were pickles and relishes of 26 different kinds, and 357 were miscellaneous containers such as soups and jumbo of 13 varieties. The greatest number of varieties put up by any one woman was 72. The estimated total cash value of the pantries was \$1,420.40.

**Brooksmith Fire Threatens Town**  
The business district of Brooksmith was threatened with a serious fire Tuesday night when the residence of a Mr. Green, located between the business district and the school house, was completely destroyed by fire while the family was attending church. Heroic efforts of the entire citizenship of the town in fighting the fire at the Green home prevented the fire from spreading to nearby buildings. A strong wind made it difficult to keep the flames from spreading.  
The Brookwood fire department was called shortly after 9 o'clock and the No. 2 station truck was rushed to the stricken little city but the fire was well under control when the Brookwood fire fighters reached the scene of action.  
The Green home was a total loss, only a mattress that was on the back porch being saved. Origin of the fire had not been ascertained the day following the near disastrous blaze.  
**Tuesday Hottest Day Of Year With Temperature 105**  
Brownwood has sweltered under a continued heat wave for several weeks but Tuesday of this week was one of the hottest days of the summer. The mercury soared to 105 Tuesday and the day had a minimum temperature of 77 degrees. This terrific heat followed two days that saw the thermometer register 98 degree maximums.  
Brownwood has had several days that saw the temperature register 104 and 103 degree maximums. The mercury has reached 105 degrees only three times this summer. Hot and dry winds have swept the county a great part of the summer.  
The Victoria Cross was instituted in 1856.

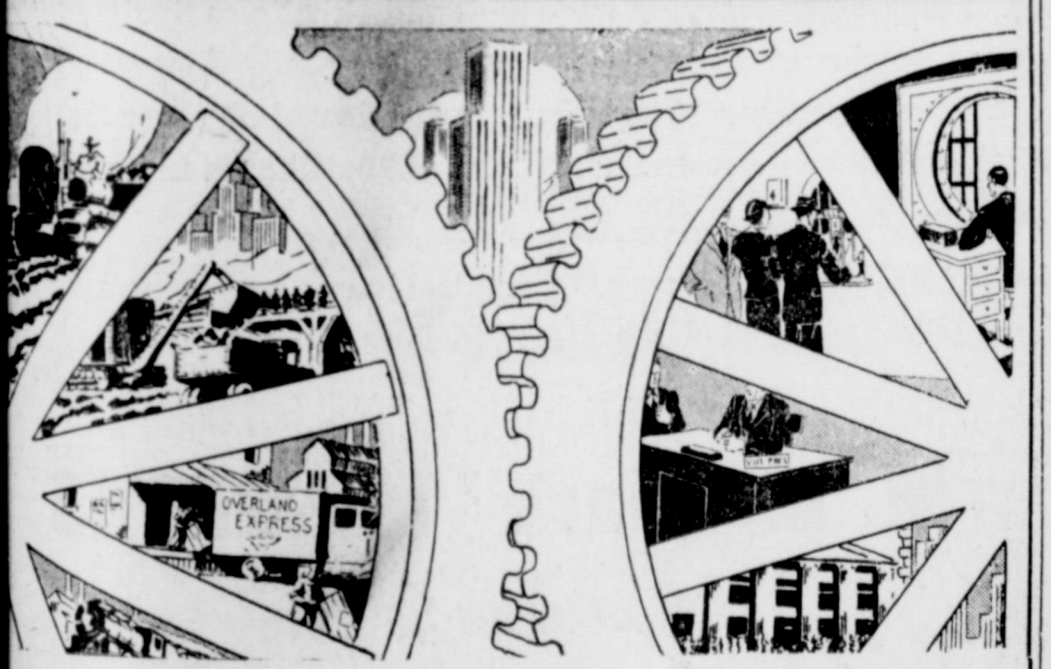

**\$10,000 RECEIVED BY COUNTY SCHOOLS**  
The final allotment of state aid for Brown county schools was received the past week end by County Superintendent F. D. Pierce, the warrant being for \$10,488. Of this amount, \$9,248 goes to rural schools with the remainder going to the Bangs independent school district. This makes a grand total of \$24,722 received by Brown county schools during the past year.  
The money received the past week will enable all but two schools in the county to pay off all obligations, including teachers salaries and other debts. A number of schools will have a surplus to begin the 1934-1935 school year. The only two schools not to pay out of debt are Winchell and Holder and these lack only half and two-thirds of a month, respectively paying all obligations.  
The patent office and the navigation bureau are the only two units of the federal government which operate at a profit.  
**APPLICATIONS FOR--**  
(Continued from page 1)  
of \$150 must submit written evidence from a production credit association that his application for a loan of approximately the same amount has been rejected. The crop loans will be secured by liens on the crops financed and loans for feed for livestock from the \$40,000,000 fund in secondary areas will be secured by mortgages on the livestock.  
Loan committees established in the spring will receive the applications which are given consideration by the committee and Government Field Supervisors and forwarded to the Emergency Feed and Seed Loan office at Dallas.  
Supplies are in the hands of the committee in Brownwood and the farmers who cannot obtain credit elsewhere are eligible to apply for aid to plant fall cash crops.

**Nudist Nymph**  
Queen Theatre Saturday Midnight  
**Dr. Taylor Heads Centennial Group For This District**  
Dr. Thomas H. Taylor, president of Howard Payne College, has been elected executive committee man for the 25th Senatorial District of the Texas Centennial Advisory Board. His election was at a district meeting in Coleman last week.  
Mrs. H. F. Mayes, Mrs. E. J. Miller and Dr. Taylor were members of the Centennial committee attending the Coleman meeting. Dr. Taylor served as chairman of the meeting and Mrs. Miller acted as secretary. Members attended the meeting from Tom Green, Runnels, Coleman, Mason and Brown counties.

**Progress-**  
FORWARD WITH BROWNWOOD has been our watchword for FORTY years.  
When Brownwood was a town of 2,000 people and Brown County had a population of 12,000, we were milling CAKE FLOUR.  
As our town and County have grown, we have enlarged our elevators, increased the capacity of our mills and have continued to mill more grain into better and better CAKE FLOUR. We have increased the purchasing power of our people by employing more men and increasing wages.  
All this is PROGRESS and we are proud of our contribution to the material development of Brownwood and this section of Texas.  
We pledge our continued efforts toward the betterment of our City, County and State.

**Come—See why Our Best Salesmen are the Users of the NEW G-3**  
**THE G-3 IS BETTER THAN WE SAY IT IS . . .**  
Yes sir—people who got the new G-3 All-Weather before it was advertised and have driven this marvelous tire many thousands of miles, are singing its praises louder than our advertising does! Particularly do they insist that the new G-3 gives better than the "43% more non-skid mileage" we advertise! Which is an unusual situation, we admit—but not so surprising because: actually the new G-3 is the greatest tire that was ever built. All we ask is, before you buy tires give us a chance to show you why G-3 users boost it even stronger than we do!  
**Astonishing New "G-3" GOODYEAR ALL-WEATHER**  
Look!—at No Extra Cost—43% More Miles of real non-skid safety . . . Flatter Wider Tread . . . More Center Traction (16% more non-skid blocks) . . . Heavier Tougher Tread (average of 2 lbs. more rubber) . . . Supertwist Cord Body (supports heavier tread safely)  
Approximately 32,000 miles—still some traction left.—W. Va.  
Usually wear out tires in 15,000 miles. No appreciable wear on front G-3's, little on rear, after 12,879 miles.—Georgia  
Over 22,000 miles—still plenty of traction.—Iowa  
Diamond blocks not worn out at 20,000 miles.—Ky.  
Am a rural mail carrier—travel 50 miles a day—make 200 stops—three G-3's put on last fall still have more than half their non-skid left. Fourth tire, not G-3, almost smooth.—Ohio.  
**Big Value—Low Price! GOODYEAR SPEEDWAY**  
Built with Supertwist Cord. Center traction: tough thick tread; full oversize.  
30x3 1/2 \$3.65  
4.40-21 \$4.45  
Other sizes in proportion exactly mounted on wheels. Prices subject to change without notice and to any State sales tax.  
**ESCAPE PUNCTURES from PINCHING RIMS**  
Goodyear puts against the rim side a thicker tougher rubber in this famous DOUBLE SERVICE tube. Costs little more—saves a lot of trouble. Ask to see it.

**Brownwood Still Is Setting Pace In The County Ball League**

Brownwood continues to set the pace in the Brown county baseball league with a record of ten wins out of twelve games played to date. The league leaders aren't boasting a comfortable lead however, their margin being a one game lead over Roe Martin's second place Cross Cut aggregation, which has won the same number of games as the pace-setters but is charged with two more losses than Brownwood.

Brookesmith seems to be comfortably entrenched in third place with a two game lead over the fourth place Woodland Heights outfit. Winchell was dropped from the first division last week due to having an early season game forfeited and a brief winning streak by Woodland Heights. The remaining three teams in the league, Fry, Zephyr and Salt Mountain are practically out of the running to get into the first division and the post-season play-off for the league championship.

No official report has been received about the Brownwood-Winchell game scheduled for last Sunday. The Winchell team failed to show up for the game and will no doubt forfeit the game to the league leaders.

The standings up to and including Sunday's game, exclusive of the Brownwood-Winchell game:

	W	L	Pct.
Brownwood	10	2	.833
Cross Cut	10	4	.714
Brookesmith	8	5	.615
Woodland Heights	7	8	.467
Winchell	5	6	.455
Fry	6	8	.429
Zephyr	4	8	.333
Salt Mountain	3	11	.214

**Games Last Sunday.**  
Woodland Heights 13, Salt Mountain 3.  
Brookesmith 8, Fry 3 (played under protest by Fry.)  
Cross Cut 5, Zephyr 2.  
Brownwood-Winchell (no game).

**Games Next Sunday**  
Brownwood at Woodland Heights.  
Cross Cut at Brookesmith.  
Winchell at Salt Mountain.  
Zephyr at Fry.

Vote For Lon A. Smith for Railroad Commissioner. (Pol. Adv.)

**To The Voters Of Precinct 1**

I believe the people in Commissioners Precinct No. 1 will be interested in the work that I have done as your commissioner.

I have regraded all of lateral roads and rebuilt them to the type used on our state highways. Built five miles of new road. Graveled practically 40 miles of road in the precinct. Put proper drainage structures in practically all the precinct; refloored the Colorado precinct; refloored Brown county's part of the Colorado bridge, and refloored and remodeled the Clear Creek bridge.

State and Federal engineers inspected all road work done in the precinct during the CWA activity, and both pronounced all work done in this precinct first class. No. 1 work throughout, and complimented the type of work done on the roads in the precinct.

While renditions have dropped more than five million dollars, the Commissioners Court has reduced the tax rate from \$1.30 to \$1. Only about 60 per cent of the taxes were paid in 1933, but we have been able to operate the county on a cash basis, taking care of all obligations.

In spite of the large amount of road and bridge work done in the precinct, the Road and Bridge fund in Precinct 1 is not overdrawn and

still has sufficient money for operating expenses.

**Relief Work.**  
The Commissioners Court helped secure for Brown county a large amount of relief money. The court also helped to get Brown county placed on the primary drought relief list, which will result in speeding up federal projects and in saving thousands of dollars for cattle-men in the county.

I have worked for the Precinct all of the time to the best of my ability and have done my full share in county matters, in cooperation with other members of the court. I respectfully ask that I be permitted to continue this work as your commissioner during the next two years, and solicit your vote next Saturday. If elected I promise to continue to give the very best service possible.

Yours for service and economy,  
E. S. THOMPSON,  
Candidate for Re-election  
Commissioner, Precinct 1

BROWN COUNTY  
(Political Adv.)

**As a Last Minute Word to the Voters of the 125th Representative District**

I desire only to point to my record as County Judge during the last three and one-half years, during which time in spite of the depression, we have decreased the county tax rate, reserved the county's credit and greatly reduced county operating expense. I also call attention to the drought relief program, which I have sponsored and with the aid of the commissioners' court have successfully put over for Brown County, which means the handling of our surplus cattle, feed and seed loans to the farmers, Federal money for road work and other forms of relief to be worked out later. If you elect me as your Representative, I shall undertake to give you the same character of service in the Legislature and at all times to be alert to the interests of this district.

Respectfully,  
**COURTNEY GRAY,**  
Candidate for Representative of 125th Legislative District  
(Political Adv.)

**A. E. Nabors**  
SOLICITS YOUR VOTE  
If you elect me COUNTY JUDGE, it would be my earnest ambition to render you the most efficient and courteous service. I feel that I am young enough to be active and do hard work, yet old enough to be safe and considerate of the rights of the people, and in addition to being able to try your civil and criminal cases, to probate wills, appoint guardians and handle estates of deceased persons according to the most technical rules of law and Higher Courts, my business experience will enable me to give you a real business administration.  
During these last few days of the campaign, my family and I desire to thank everyone for the many kind things said and done for us, and will appreciate your vote and influence.  
Yours very truly,  
**A. E. Nabors**

**New Church Plans Of Fundamentalist Group Take Shape**

The Fundamentalist Methodist Church is busy this week getting ready for the beginning of the new church building to be erected at Avenue D at Durham. The building will be 62x105 feet with the auditorium seating 840 people. A two-story Sunday school building will be a part of the structure. The choir will seat sixty people.

The building will be of brick. R. E. Call is the architect and supervisor. The actual construction will begin Monday at 8 a. m. Everyone is invited to be present. The revival will continue next week at Woodland Heights. The pastor will preach Sunday at Avenue D and Durham Avenue, 10:50 a. m. "I Will Build My Church."  
8:15 p. m. "Serving a Sufficient God."

Those gardeners who invested a dollar in life for subirrigation last spring are now reaping dividends in vegetables, writes the King county farm demonstration agent from the heart of the drought territory. Gyp water makes no difference he states and cites the garden of Mr. Charles Deaton as evidence.

Vote for E. M. Davis for State Senator. He offers a plan for reduction of taxes that will work.

**Hounshell Resigns As Deputy Sheriff**

Fayette Hounshell, who has been deputy sheriff at Cross Cut, stated this morning that he had today handed his resignation to Sheriff Jack Hallmark. A statement in connection with the resignation said there "seemed to be some confusion regarding who was responsible for running down Lester Sterne."

**Deputy Sheriff Resigns and Reveals Facts About Sterne Case**

July 25, 1934  
I have, this morning, handed in my resignation as Deputy Sheriff under Jack Hallmark. There has been some confusion in the public mind as to what officers were mainly responsible for running down Lester Sterne as the guilty party in the robbery of Mrs. DeBusk and my mother on Monday night, June 19, 1934. The following clipping published in the Cross Plains Review of July 29, 1934, to my knowledge correctly states the facts in regard to this matter, and I am asking that you publish this statement in fairness to all concerned.  
FAYETTE HOUNSHELL,  
Cross Cut, Texas

The following article was published in the Cross Plains Review July 29, 1934:

L. F. Hounshell, Brown County deputy sheriff and son of Mrs. Abbie Hounshell, said in an interview with the Review Wednesday afternoon that the diligent work done by W. A. Peterson, Cross Plains officer, and R. L. Edwards, Sheriff of Callahan County, played a vital part in the apprehension of Lester Sterne, confessed attacker of the two aged Cross Cut women last week.

Peterson and Hounshell began following the "Sterne angle" Saturday morning, when all other traces had proved futile. They left Cross Plains that morning and went to Baird, where information concerning Sterne was secured. At Baird, Sheriff Edwards joined the two other officers and assisted in checking several angles there.

Before the officers left Baird Saturday afternoon to go to Abilene to question Sterne they had secured complete information concerning his character, what type of automobile he was last seen in and other details which proved important in unraveling the mystery. Sheriff Jack Hallmark, of Brownwood, met Hounshell, Peterson and Edwards at Baird and accompanied them to Abilene.

Peterson and Hounshell checked the automobile tracks of Sterne for several miles and were able to give a complete description of the tires on the vehicle. They had also gained a fair knowledge of the man's size who committed the attack by the various tracks left about the DeBusk home the night of the attack and robbery. The minute Hounshell and Peterson first saw the car, Sterne rented for the drive, Hounshell stated: "That is the car we used in the job." Peterson was of the same opinion. Their prediction proved right when it was found that the auto had been used by Sterne and driven over 100 miles the night of the crime.

Hounshell also had high praise for Frank Mills and his deputy of Coleman County, for their assistance. They came to Cross Cut immediately upon being informed of the brutality and continued work with other peace officers until Sterne had confessed.

**TO MY FRIENDS OF BROWNWOOD AND BROWN COUNTY**

I heartily endorse M. L. (Mark) Langford for Sheriff of Brown County. Having known him for a number of years, I know him to be a man of good judgment, truthful, honest, ambitious, and a straight shooter — a man of retiring nature, not given to boasting, but amply qualified.

Sincerely,  
**MOSE DENMAN.**  
(Political Adv.)

**My Message to the Voters of Brown County:**

Saturday, July 28th, is the day for you to select your Sheriff of Brown County for the coming two years. I have made every effort to see and talk with each of you, but know that there are a number that I have been unable to see. However, I want you to know that if elected I hereby promise to remember at all times that I am an employee of the citizens of Brown County, and will be diligent in my efforts to fulfill the duties of the office.

I have been a resident of Brownwood for over 12 years and have always sincerely tried to be fair with my fellow man and will continue to do so.

Thank you.  
**M. L. "Mark" LANGFORD**  
Candidate for Sheriff  
(Political Adv.)

**VOTE FOR**  
**M. L. "Mark" LANGFORD**  
For SHERIFF

M. L. Langford has lived in Brownwood for a number of years and in that time has justly earned the esteem and respect of those who know him. He served creditably as a Texas Ranger for over ten years and it would be hard to find a man who is more fitted for the office of sheriff than M. L. Langford. We respectfully solicit your vote and influence for this man and believe the citizens of Brown County will be honestly and capably served by him if elected, and that Brown County will have the sheriff to be proud of.

**Vote for M. L. 'Mark' LANGFORD**  
Candidate for Sheriff

This ad paid for by over 500 friends and supporters of M. L. "Mark" Langford For Sheriff.  
(Pol. Adv.)

**The County Commissioner**

The duties and qualifications of a County Commissioner as outlined by Lawrence Moore, candidate for Commissioner, Precinct No. 1:

First of all a Commissioner should be honest and industrious. Inasmuch as your Commissioner sits as a member of the board of equalization and passes on all property values, he should have at his command a fair knowledge of all property values in the county, because therein lies the secret of fair and equal taxation.

Since the county as an organization spends a large sum of the taxpayers money each year, it is imperative that a Commissioner keep thoroughly posted on prices of different commodities used in carrying on the county's business. The commodities to which I refer are too numerous to mention in this article. In purchasing these commodities, all things being equal, preference should be given the home merchants. A fair and impartial distribution should be made among the home merchants in these purchases.

All ex-officio salaries of the county officers are set by the commissioners court of your county. A commissioner should be fair yet economical with these funds. It becomes the duty of the commissioner's court to check and recheck all expenditures incurred by the different branches of your county organization. Thus one can readily see how important it is that the commissioner should have an understanding of auditing and accounting to check the various expenditures mentioned above.

Your commissioner should be progressive though economical, wisely counting the cost of every expenditure made by him. A great many of the county projects are let by contract and he should be able to figure very accurately the cost of the said contracts, in order that your funds be fully protected. He should also be sufficiently acquainted with the plans and specifications of the projects to see that they are carried out properly.

Due to the fact that there is a large amount of money spent on road and drainage construction, your commissioner must be well informed on the latest methods of road building and upkeep. Brown county has a large sum of money invested in road building equipment and machinery. Inasmuch as I have had many years experience in handling machinery, I know that it is important that the commissioner should understand his machinery, not depending on someone who might not be directly interested in the cost and upkeep of this equipment.

One of the very important qualifications of the county commissioner is to be able to select labor for the various types of work that comes under his supervision. He should be fair and impartial in the distribution of his road funds in the respective communities of his precinct. In the past few years

there has been such a demand for employment of hand and team labor, that the commissioner should be able to figure comparative costs of this type of labor with machinery, and in every instance when it can complete or nearly so, with machinery, it should be given the preference. High priced grading machinery and tractors that cost in the neighborhood of ten thousand dollars should never be used on light maintenance work.

There are various problems that come before the Commissioners' Court at almost every session. Your commissioner should be able and willing to consider the merits of each problem impartially and to use sound judgment in the disposal of each.

In counties where county agents and home demonstration agents are employed, the Commissioners' Court should cooperate with this branch of work in order to get the best results from the expenditure of this money.

From time to time the federal and state government will be making appropriations in their rehabilitation program, to the various counties and communities of the different states of our union. Therefore it will be important that your commissioners court be able to put forth a reasonable argument why that Brown county's projects are just, reasonable, and fair, in order that they may secure their prorata part of these appropriations. Then each individual commissioner should see that his precinct gets a fair and equitable portion of the money mentioned above. He should realize that a federal dollar has the same value as a local dollar, and every effort should be put forth to get the fullest value from this money.

The citizens of Brown county should appreciate the improved conditions of their roads in the past four years. According to a pamphlet issued by our county auditor recently, there has been \$1,174,325.15 spent on our lateral and community roads in the past four years. If this money were equally divided each precinct would have spent \$292,581.29, which is a very sizeable sum of money. This is exclusive of all CWA funds spent on these roads in the past year. There was \$71,968.34 spent in the four precincts. It was divided as follows: Precinct No. 4, \$21,197.50; Precinct No. 3, \$17,210.06; Precinct No. 2, \$19,520.93; Precinct No. 1, \$12,159.85. There have been some nice improvements made with these funds.

This article will be handled as a political advertisement, but I have endeavored to set forth fairly and impartially a part of the duties and qualifications of a county commissioner. If the voters of Precinct No. 1 feel that I would, in a measure, fulfill these requirements, I sincerely solicit your vote on the 28th of July.

Yours very truly,  
LAWRENCE MOORE,  
(Political Adv.)

MORTUARY

Long Illness Fatal To Harry Knox, Sr., Business Leader

Harry Knox, Sr., 56, for many years an influential business and civic leader of Brownwood, died Sunday morning at 1:20 o'clock at the family residence at 1305 Seventh Street. Mr. Knox had been ill the past eight months, during which time he had undergone several major operations in futile efforts to restore his good health.

Funeral services for Mr. Knox were held Sunday afternoon at 5 o'clock at the First Presbyterian Church with Rev. William H. Foster, his pastor, officiating. Burial was made in Greenleaf cemetery with Mitcham Funeral Home directing.

Harry Knox, Sr., was born in Giddings, Texas, in 1873, and was the son of Mr. and Mrs. W. A. Knox. He was married in 1900 at Giddings and brought his bride to Brownwood in 1903, entering business shortly after his arrival here. At the time of his death he was president of the Harry Knox Produce Company, one of the leading wholesale produce firms in this section of the state. In addition to his wholesale produce business, Mr. Knox had for years taken an active part in the affairs of the Citizens National Bank, having served as a director for a number of years. At the time of his death he was vice-president of the bank.

Mr. Knox found much time to devote to civic enterprises, giving freely of his time and means to the Chamber of Commerce. He served that organization as a director for a number of years and was president of the body one term. He was a member of the board of directors at the time of his death. Mr. Knox was a member of the Masonic and Elks lodges and of the Rotary club.

Mr. Knox contributed much to the religious and educational advancement of Brownwood. He was an active member of the First Presbyterian Church. He was chairman of the building committee when the present church edifice was constructed. Mr. Knox served several years as president of the board of trustees of Daniel Baker College, his tenure of office being during the trying years immediately preceding and during the time that the college passed from control of the Presbyterian Synod and was launched on a career independent of the Synod. Mr. Knox was forced to resign as president of the board last year when his health forbade devoting his energy to this work.

Mr. Knox is survived by his widow; his father, W. A. Knox, and five children, Harry, Jr., Daisy, Erin Preston of Brownwood, Lucy Percy of Moscow, Russia, and W. A. Knox of San Angelo. Two brothers, Lewis Knox of Charleston, South Carolina, and Robert Knox of Kwangju, Korea; three sisters, Mrs. S. E. Chandler of Brownwood, Mrs. M. M. McFerrin of Augusta, Georgia, and Miss Helen Knox of New York, all survive him.

Ira W. Hall, Member Of Pioneer Family, Is Called By Death

Ira W. Hall, 61, one of Brownwood's pioneer citizens, died Sunday afternoon at the family residence at 905 Booker Street, death coming after an illness of several months duration. Funeral services for Mr. Hall were held Monday morning at 10:30 o'clock from the residence with Rev. William H. Foster, pastor of the First Presbyterian Church, officiating. Burial followed in Greenleaf cemetery with Austin-Morris in charge.

Mr. Hall was born January 19, 1873, in Grayson county and came to Brownwood two years later with his parents, Mr. and Mrs. Joe T. Hall. He married Miss Mary Ellen DeBerry November 15, 1899, and to this union were born two daughters, Mrs. Ann Elizabeth Cunningham and Miss Mary Ellen Hall, both of whom survive.

Mr. Hall has been active in business and civic circles of Brownwood during his long residence here. He began work when 11 years old as a printer. He later owned the Pecan Valley News and after disposing of this newspaper, he worked for The Bulletin. He also worked for the "Sunny South," a newspaper that was published in Brownwood and that achieved national fame and circulation. A most interesting history of the printing industry in Brownwood was written by Mr. Hall recently.

Mr. Hall was one of the first Brownwood citizens to become interested in automobiles when they were brought to this county and was active in motor development in this part of the state. During recent years Mr. Hall had owned

and operated a rock crusher in Brownwood.

Mr. Hall was a member of the First Presbyterian church. Besides his wife and two daughters, Mr. Hall is survived by three brothers, Maury, Ed and Lee, all of Brownwood, two grandchildren, Hall and Ann Cunningham, and his stepfather, J. W. Fortson.

Alfred Ervin Brown, 101, Oldest Citizen In County, Is Dead

Alfred Ervin Brown, 101, Brown county's only centenarian, passed away Monday afternoon of this week at the home of his daughter, Mrs. G. L. Crooks, of the May community. "Uncle Alf," as he was affectionately known, had been confined to his bed for several years but during most of this time he had enjoyed good health. Mr. Brown would have been 102 years old September 18th and was probably the oldest citizen of this part of Texas.

Funeral services for "Uncle Alf" were conducted Tuesday afternoon at the Amity church with Rev. Arthur Johnson, of Brownwood, officiating. Burial followed in the Amity cemetery with Mitcham Funeral Home, assisted by W. W. Harlow, directing.

Alfred Ervin Brown was born September 18, 1832, in Town county, Georgia, and was the son of Herman and Sarah Clingman Brown. He was married to Miss Merinda Brown. To this union were born eight children, only one of whom survives, Mrs. Crooks, of May, with whom Mr. Brown had lived the past forty years.

"Uncle Alf" was one of the few surviving veterans of the Civil War. He served under General Robert E. Lee and participated in many major conflicts, these including the battles of the Wilderness, Gettysburg, Antietam, Chancellorsville and the siege of Richmond. He was at Appomattox when Lee surrendered but Brown did not take the oath of allegiance required of most Southern soldiers.

At the beginning of the war, Brown enlisted in Company G of Captain William Grady's 25th North Carolina regiment. He later was under Col. Edwards and then fought under Col. Clingman. Mr. Brown was seriously wounded at the battle of Fredericksburg December 13, 1862. After recovering he returned to the army and served until the end of the war under General Lee in the Army of Northern Virginia. He did not surrender at Appomattox but retreated into North Carolina, receiving his parole on May 15, 1865.

Mr. Brown came to Texas in 1870 and settled in Williamson county. He came to Brown county within a few years and had made this his home since. Mr. Brown had been a member of the Baptist church for 75 years and was always active in the programs of his church. He was a life-long prohibitionist and in politics had always voted a straight Democratic ticket. Since November, 1931, "Uncle Alf" had been confined to his bed but during most of this time he was able to sit up and greet his many friends when they called. His mind remained alert and he took much interest in the affairs of the day. He was loved and respected by all who knew him during his long and useful life.

Mr. Brown especially enjoyed the annual birthday parties held for him, always happily joining in the holiday spirit of these occasions. During recent years the heavy laden birthday table was placed by his bed to permit him to join his friends in these feasts.

Mr. Brown is survived by one daughter, Mrs. G. L. Crooks of the May community, she being the only living child out of a family of eight. He is also survived by three brothers, Sam and Bill Brown of Bladenville, Georgia, and Elisha Brown, also of Georgia; two sisters, Mrs. Elizabeth Plowitt and Mrs. Tony Southern of Town county, Georgia. Eighteen grandchildren, 51 great grand-children and 15 great great grandchildren also survive.

CUTBIRTH—Mrs. Sam Cutbirth, Sr., 90, mother of Sam Cutbirth, Brown county ranchman, died in Big Lake last Friday and was buried in Baird Saturday afternoon. A large number of friends and relatives of Mrs. Cutbirth attended the services at Baird.

Mrs. Cutbirth had lived in Texas for 88 years but had never made Brownwood her home. However, she visited here frequently and early this year spent several months in the home of her son. She was the mother of eleven children, nine of whom survive her. In addition she is survived by more than 100 grand and great grandchildren.

HAWKINS—Mrs. Burt K. Hawkins, 59, for many years a prominent figure in church, lodge and social

affairs of Brownwood, died early Tuesday morning at her home at 104 North Greenleaf. Funeral services were held Wednesday morning at 10 o'clock at the Austin Avenue Presbyterian Church with Rev. I. K. Floyd, pastor, officiating. Burial followed in Greenleaf with White & London directing.

Mrs. Hawkins was born September 29, 1874. She was married November 30, 1896, in Temple to the late B. K. Hawkins, who for 39 years was general foreman of the Santa Fe shops and who was a leader in Texas Masonic circles. Mr. and Mrs. Hawkins came to Brownwood shortly after their marriage. Mr. Hawkins died in 1930.

Mrs. Hawkins had been a member of the Austin Avenue Presbyterian church for twenty years and took an active part in her church program. She also was prominent in Eastern Star circles. Mrs. Hawkins is survived by two daughters, Mrs. A. E. Orks, of Belton, and Miss Billie Hawkins, of Brownwood. An aunt, Mrs. Rebecca Graham, of San Antonio, also survives.

HART—W. B. Hart, 73, a citizen of Brown county for 43 years, died Tuesday morning at his home in the Holder community. Funeral services were held Wednesday afternoon at 3 o'clock in the Hefflin cemetery with Rev. M. Vetch, pastor of the May Methodist church, officiating. Burial services were directed by Austin-Morris Funeral Home.

Mr. Hart is survived by his wife and three children, J. S. Hart, of Holder, J. S. S. Hart, of Levelland and Mrs. Frank Thomas, of May.

LANE—Mrs. Violet Jane Lane, 68, one of Brown county's pioneer citizens, died Monday afternoon at 4:35 at her home at 404 East Chandler Street after an illness of several months. Funeral services were held Tuesday afternoon at 5 o'clock from the Mitcham Funeral Home chapel with Rev. P. E. Chappell, pastor of the First Methodist Church, Brownwood, officiating. Interment followed in Greenleaf cemetery.

Mrs. Lane was born January 29, 1866, in Bell county and resided there until 1877 when she came to Brown county. She was married to A. G. Lane at Elkins in 1880, the young couple coming to Brownwood to make their home. She had resided here since. Mrs. Lane was a member of the First Methodist Church and was very active in the affairs of her church until her health failed a few months ago. She was known by all as a consecrated, devout Christian woman.

Mrs. Lane is survived by two sons, Lotie D. of Austin and W. B. of Brownwood; four brothers,

CANDIDATES FILE SECOND STATEMENT OF MONEYS SPENT

Candidates for county and precinct offices in Brown county have filed their second statements of expenses, as of July 20, the final date for making reports on expenses for the first primary. A few of the candidates had not filed their second statements with the county clerk. District candidates send their statements of expenses to the secretary of state. Final expense accounts for the first primary must be filed between July 28 and August 7.

The following second statements have been filed:

County Judge: George B. Savage, this report, \$47.22; previous report, \$180.69; total \$227.91; A. E. Nabors, this report, \$17; previous report, \$116.15; total, \$133.15; W. A. Butler, this report, \$18; previous report, \$87.50; total \$105.50.

Sheriff: W. E. Hallmark, this report, \$21; previous report, \$218; total, \$239; M. L. Langford, this report, \$15.50; previous report, \$186.

J. R. Cross, of Brownwood, Jessie P. Cross of Fort Worth, W. A. Cross of Fisher and Dr. G. W. Cross of Yorktown; and three grandchildren, Mrs. Imogene Mitchell of Brownwood, Ruth Abell Lane and Rebecca Jean Lane of Brownwood. She is also survived by one great-grandson.

Brookesmith Man Dies Of Gun Wound

J. N. Fielder, 41, owner and operator of a general merchandise store at Brookesmith the past eight years, died almost instantly last Thursday evening as the result of a self-inflicted pistol wound. A large calibre German Luger pistol was found near his body by neighbors who heard the shot. Mr. Fielder was rushed to a Brownwood hospital but died en route without making a statement.

Mr. Fielder was a World War veteran. He was gassed during active service in France, this having partly undermined his health. Mr. Fielder was born November 17, 1893. He was a member of the Methodist church, having joined when a child.

Funeral services were held in Brownwood Friday afternoon at the White & London funeral chapel with Rev. W. I. Newton officiating. Early Saturday morning the body was taken to Picoke, near Lockhart, where final rites were to be held.

Mr. Fielder is survived by his wife, his mother, Mrs. Nora Roberts, of Lockhart, and two brothers, Jim Fielder, of Lockhart, and Henry Fielder, of Nebraska.

50; total, \$202.

Tax Assessor-Collector: Winston Palmer, this report, \$5.50; previous report, \$123; total \$128.50; R. C. Gotcher, this report, \$53.50; previous report \$165.35; total \$218.85; Lee Meek, this report, \$19.20; previous report, \$238.35; total \$257.55; Mrs. J. L. Karr, this report \$31.80; previous report, \$194.50; total \$226.30.

County Clerk: Mrs. Willie K. Turner, this report \$17.69; previous report, \$178.32; total \$196.01; Ernest Weedon, this report, \$9.25; previous report, \$222.57; total \$231.82; W. E. Burleson, this report \$13.07; previous report, \$217.10; total \$230.17.

County Superintendent: W. T. Hughes, this report \$33.20; previous report, \$147.86; total \$181.06; F. D. Pierce, this report, \$33.50; previous report \$119, total \$144.50.

County Attorney: Mrs. Pearl P. Gibson, this report \$6.92; previous report \$101.04; total \$107.96; Conner Scott, this report \$17.11; previous report, \$109; total \$126.11.

County Treasurer: J. P. Gist, this report \$12.50; previous report, \$102.95; total \$115.45; Sol Baker, this report, \$11.30; previous report, \$48.40; total \$59.70; J. G. Gaines, this report, \$49.70; previous report, \$67.05; total \$116.75; T. C. Mullins, this report \$13; previous report, \$60; total \$73.

District Clerk: Allen D. Forsythe, this report \$14.50; previous report, \$134.50; total \$149; Luther Wilson, this report \$26; previous report \$114.25; total \$140.25.

Commissioner Precinct 1: E. S. Thompson, this report \$11.42; previous report \$63.85; total \$75.27; R. M. English, this report, \$5; previous report \$46.75; total \$51.75; W. F. Denman, this report \$2.85; previous report \$42.82; total \$45.67; Lawrence Moore, this report, \$9.30; previous report \$66.55; total \$75.85.

Commissioner Precinct 2: H. I. Stapp, this report, \$11.50; previous report \$64.25; total \$75.75; James W. Phillips, this report \$7.25; previous report \$42.49; total \$49.74; C. D. Morrison, this report, \$7.25; previous report \$44.10; total \$51.35.

Commissioner Precinct 3: J. A. Bettis, this report, \$6; previous report, \$65.85; total \$71.85; L. P. Bird, this report, no expense; previous report \$53; total \$53.

Commissioner Precinct 4: Chas. H. Butler, this report, \$12.25; previous report \$51.80; total \$64.05; Charles B. Palmer, this report \$9.30; previous report \$40.75; total \$50.05; J. O. DePriest, this report, \$3.51; previous report, \$43.75; total \$47.26; B. R. Mason, this report, \$14.52; previous report, \$48; total \$62.52.

Justice of Peace Precinct 1: Sam Wilson, this report, \$10; previous report \$25; total \$35; E. T. Perkinson, this report \$6; previous

report \$30; total \$36.

Constable Precinct 1: Eastman Kitchen, this report, \$5; previous report \$8.33; total \$13.33; L. O. McKenzie, this report \$9.50; previous report \$28.83; total \$38.33; P. E. Watson, this report \$4.62; previous report \$23.83; total \$28.45.

Public Weigher, Precinct 1: L. M. Collie, \$5.45; previous report \$21.83; total \$27.28; C. H. Boren, this report \$2.50; previous report \$20.08; total \$22.58.

County Surveyor: Mark E. Ragsdale, this report, no expense; previous report \$5; total \$5.

Mrs. Trapp To Edit B. & P. W. Magazine

Mrs. J. W. Trapp, head of the education department at Daniel Baker College, has been appointed editor of "The Texas Woman," official publication of the Texas Federation of Business and Professional Women's Clubs. The appointment was made by Mrs. Faye Gordon, of Amarillo, state president.

Mrs. Trapp will assume her duties at once but will retain her position at Daniel Baker. The magazine which she will edit will be published in Brownwood in the future. Mrs. Trapp succeeds Miss Ollie Mooty of Temple who has been editor of the magazine since it was started several years ago.

Appointment as editor of the magazine also makes Mrs. Trapp a member of the state executive committee of Business and Professional Women.

Contract for printing the magazine has been let to Brownwood Banner.

Visits Brownwood For D. B. Tillison

Elton L. Miller visited Brownwood Tuesday in the interest of the candidacy of Dolph E. Tillison of Athens for State Comptroller. Mr. Tillison is county clerk of Henderson county, and is making an active campaign for the office, but will be unable to visit Brown county prior to the Saturday primary, Mr. Miller stated.

Brown County Boy's Neck Is Broken In Swimming Accident

Herman Martin, 21 year old son of Mr. and Mrs. O. J. Martin of Bangs, sustained a broken neck when he dived into shallow water while on vacation from the harvest fields of California, where he has been working. The youth's father immediately went to Dos Palos, California, where the young man was taken following the accident, and reports this week were that he would survive the crash. The young man was placed in a cast, and although paralyzed in the accident, is showing marked improvement, and hopes are that he will completely recover.

As soon as is possible, he will be returned to his home at Bangs. His father will remain with him and accompany him back to his home.

The following account of the accident is from the Dos Palos paper:

Herman Martin, 21, a Texas boy, employed during vacation in the harvest fields near Firebaugh, on July 4 dived from a ten-foot bank into 2-1/2 feet of water in the San Joaquin river, striking on his head. Friends rushed him to the Dos Palos hospital with his arms and legs completely paralyzed. Dr. Lum and Dr. Grayman made X-ray and found four fractures of the neck vertebrae. After waiting several days in hope that the paraly-

sis condition might diminish, the local doctors communicated with Dr. Edmund J. Morrissey, San Francisco brain surgeon and friend of Dr. Lum and Dr. Grayman of this city. He arrived by airplane Monday night and immediately performed a laminectomy operation that consumed four hours time removing fragments of bone that were pressing on the spinal cord. Immediately after the operation the boy was able to move his hands and feet. The San Francisco surgeon remained over night at the home of Dr. Lum, returning to the bay city by plane early Tuesday. In conference Tuesday morning he agreed that Martin had a fifty-fifty chance for complete recovery.

The boy's father, O. J. Martin of Bangs, Texas, arrived in Dos Palos Sunday, having been notified by wire of his son's illness as soon as the boy's condition was diagnosed by the local physicians.

Using four abreast on a two bottom gang plow wastes horsepower because of the excessive side draft.

### Do You Need Something to Add Zest To Meals? Well, That's a Pretty Pickle

The making of pickles and relishes at home is described here in the last of six articles about home canning.

BY MARY E. DAGUE

Because lagging appetites are whetted by novel flavors, the piquant sauce and zesty pickle make a definite contribution to the well balanced menu. The actual food value of pickles and relishes may be very small, but they do add interest to everyday meals.

The secret of pickle making lies in obtaining a correct bacterial action in one respect and at the same time preventing the bacterial action which causes spoilage and softening. Salt has been found to be the most efficient agent for the purpose and every recipe for pickles uses salt in some form in large amounts.

Gherkins always are in demand and they are very easy to make.

**Gherkins.**  
Two quarts small cucumbers, 2 cups salt, 2 quarts boiling water, 2 quarts vinegar, 2 ounces mixed pickling spices, 2 teaspoons powdered alum, 2 cups brown sugar, 1-2 cup sliced horseradish root.

Choose very small cucumbers of uniform size. Be very careful not to bruise or mar the cucumbers. Wash carefully and dry between towels. Put into a deep crock and pour over brine made by dissolving salt in boiling water. Cover and let stand 24 hours. Drain off brine, bring to the boiling point, skim and pour over cucumbers. If, on this second morning, any of the cucumbers look shriveled, add 1-2 cup more salt. Let stand another 24 hours. If you don't want to take care of the pickles this morning, drain off brine, scald and pour over cucumbers for another day. Drain and wipe cucumbers. Cover with boiling water in which alum has been dissolved. Let stand six hours. Drain from alum water and rinse in clear water. Combine vinegar, sugar and spices and horseradish root. Heat to the scalding point and add cucumbers. Simmer 10 minutes. Pack in hot sterilized jars, pour over hot vinegar to cover and seal.

**Cucumber Rings.**  
Eight or ten 4 to 6-inch cucumbers, 1 ounce stick cinnamon, 1 ounce whole cloves, 1 ounce whole allspice, 1 ounce celery seed, 4 pounds brown sugar, 3 pints cider vinegar, 1 teaspoon powdered alum.

Make a strong brine as in preceding recipe. Wash and wipe cucumbers and let stand for three days. Keep covered with a large plate. Drain from brine and let stand in clear water over night. Drain. Add alum to equal parts vinegar and water and let cucumbers simmer in this solution for 2 hours. Bring the cucumbers in the bottom of the kettle to the top in order to be sure they are evenly heated. Take care not to let the mixture boil, but keep it steaming. Drain, cool and throw away the liquid. Cut cucumbers in inch or half-inch rings and put a seedless raisin in the center of half of the rings. Pack in a deep crock. Combine vinegar, sugar and spices and bring to the boiling point. Pour boiling hot over cucumber slices and let stand over night. In the morning drain off vinegar, reheat and pour back over cucumbers. Do this for five mornings. Then pack cucumbers in sterilized jars, scald vinegar and pour boiling hot over cucumbers. Seal and store in a dark, cool place.

Sweet pickled watermelon rind is made this way, too, only more sugar may be wanted. Start with the amount in the recipe and add more each morning if necessary.

**Mixed Pickle.**  
One pint small white onions, 1 pint tiny cucumbers, 1 pint large cucumbers cut in small pieces, 1 large cauliflower, 1 pint lima beans, 2 large sweet green peppers, 1 head of celery, 1 pint string beans (cut), 1 cup flour, 6 tablespoons mustard, 1 tablespoon turmeric, 1 cup brown sugar, 6 cups vinegar, 1-4 cup sliced horseradish root, 2 tablespoons mixed spices, 1-2 teaspoon black pepper.

Make a brine of two quarts of water and 1 1-2 cups salt and pour over onions which have been peeled. Fry cucumbers, large cucumbers, cauliflower separated into flowerettes, sweet green peppers cut in shreds. Let stand 24 hours and drain. Scald lima beans, string beans and celery in salt water. Mix flour, mustard and turmeric with enough vinegar to make a thin paste. Add sugar, vinegar, horseradish root, spices and black pepper. Boil this mixture until it thickens. Add prepared vegetables and bring to the boiling point, but do not let cook. Put into sterilized jars and seal.

A few threads of sweet red pepper make this pickle more colorful if you want to add them.

**Chutney Sauce.**  
Twelve sour green apples, 12 small green tomatoes, 3 green peppers, 3 medium sized Spanish onions, 1 pound seedless horseradish root, 6 tablespoons salt, 1-4 pound ginger root, 3 tablespoons mustard seed, 2 1-2 cups dark brown sugar, 1 1-2 quarts vinegar.

Wash tomatoes and remove stems. Chop coarsely. Sprinkle with 2 tablespoons salt and let drain over night. Pare, core and chop apples. Peel and chop onions. Remove seeds and pith from peppers and chop. Combine sugar, remaining salt and vinegar. Bring to the boiling point and boil five minutes. Add remaining ingredients and simmer until vegetables are tender and mixture is thick. It will take about an hour. Turn into sterilized glasses and seal. If mint flavor is wanted, add 1 cup chopped mint leaves to chopped mixture when combined with vinegar.

### Early High

Another very sad funeral and burial at Jenkins Springs last Friday, the 20th, was that of Dewey McCollum, who was injured in a car wreck on Wednesday night, the 18th, dying Thursday morning at 5:15. He was a brother of Ernest McCollum, who was drowned at Lake Brownwood just a week before. Dewey was laid to rest by the side of Ernest. They were pals all their lives and being so inseparable, they seemed almost like twins. However, there were two years difference in their ages. He leaves a wife who before her marriage was Ocie Mae Odel; his father and mother, Mrs. and Mrs. J. H. McCollum; four sisters, Lois, Emily, Jane, Francis and Bettis Ann Lamar; one brother, J. H. Jr., his grandparents, Mr. and Mrs. W. M. Sears and Mrs. Emily Womack, and several other close relatives and friends to mourn his going.

Funeral services were conducted at the First Baptist Church of which he was a member. The services were conducted just as much like Ernest's as possible. A very large crowd attended the funeral and also a large crowd was in attendance at Jenkins Springs cemetery. The two boys were cousins of the writer, who deeply sympathizes with the loved ones.

Carl Harris and family of Bangs visited here last Thursday of last week, with his brother, Bryan Harris and family. Josephine returned home with them for a few days visit.

A large crowd attended the dance at Bill Ellis' last Saturday night. Mrs. Lou McArthur of Paint Rock is here for a visit with her daughter, Mrs. Richard Taylor. They visited relatives at DeLeon Sunday.

Several from here attended an all way singing at Blanket Sunday.

Out of town relatives who attended the Dewey McCollum funeral here last Friday were Perry Middleton and son, Grover, of Miles; Oliver Wyatt and wife and two sons of Fort Worth and one of their sons from Oklahoma, Leck Sears and wife and Mrs. Bert Jefferson and two children of Fort Worth.

George Harris and daughters of Whiteland spent the week-end here. Mrs. Harris had been visiting here for several days. She returned home with Mr. Harris Sunday. The girls went on to the Chicago fair.

A Baptist revival is in progress at Stepps Creek beginning last Friday night, the 20th. Reverend J. B. Henderson is doing the preaching.

Perry Boyd and family, Dorothy Faye Nichols, and Mrs. Lou Earp of Brownwood spent Sunday at Cisco where they met Mr. and Mrs. Hugh Cox (nee Miss Faye Earp) and picniced together. Faye Dorris returned home and Inez went on to Strawn to spend a week with her uncle and aunt.

A surprise birthday party was given Dock Crane by his wife on his 32nd birthday Monday night, July 23rd. Music was furnished by Arthur Vernon, A. J. Cunningham and Bill Ellis. Most everybody had a good time. Refreshments of punch and cake were served and each one expressed themselves as judging Mrs. Crane to be a fine cake baker and a good punch maker.

Frank King has returned home after a visit with relatives at Burleson and Dallas.

Mr. and Mrs. Bill Carter visited relatives at Fort Worth last week-end.

### Indian Creek

The Baptist revival meeting closed with the baptismal service at the river Monday morning. There were five who were baptized.

Miss Faye Bratton of San Angelo is visiting her parents here.

Mrs. Olan Reece and son, Billie, left last week for their home in New Mexico after an extended visit with her parents, Mr. and Mrs. G. C. Edwards.

Walter Reasoner and son, Fred, of Zephyr visited friends in this community Wednesday.

J. J. McAden is real sick at this writing.

Miss Alva Wells who lives near Trickham spent last week with her grandparents, Mr. and Mrs. Joe Dixon.

Rev. Sam Freeman began a revival meeting at Elkins Sunday afternoon.

Mrs. Monroe Allen and children of Stephenville have returned to their home after a short visit with relatives here.

Mr. Will Posey has been visiting relatives here.

Mr. and Mrs. John Lyon and son, Forrest of Ranter spent Friday in the home of Mr. and Mrs. C. E. McBride.

Mrs. Sidney Boyd of Stephenville has been visiting her sister, Mrs. Alvin Hanna.

Clarence Gilbert of Santa Anna spent the week-end here with friends.

Miss Sadie Dixon attended the singing at Blanket Sunday.

A good audience attended church here Sunday morning. Just at the conclusion of the services it began to rain. A good shower fell. Heavier at some places than others. As Brother Green had to go back to Brownwood to attend a business meeting in the afternoon, it was deemed best not to announce services at night.

Remember, Friday night before the next fourth Sunday, our meeting begins. Brother A. C. Knight of San Angelo is to do the preaching.

Logan Patterson of Brownwood attended church here Sunday.

Miss Wilma Fry of Brownwood is visiting Miss Erlene Day.

Miss Bernice Wilmet, who has been visiting Miss Helen Beard in Fort Worth, returned home Friday. There was a party at the home of Mr. and Mrs. Bob Egger Saturday night.

Mrs. Cloud Mashburn and little daughter, Fritalene, and Miss Evelyn Mashburn visited Mrs. Alvin Ketchum Sunday.

Miss Vivian Day is visiting Miss Frances Allison at Rockwood.

Mrs. Charles King spent Tuesday in San Saba with friends while Mr. King and Willie Gilmer attended to some telephone trouble.

Mrs. Luther McHain entertained Mr. and Mrs. Lee McHain on Thursday afternoon of last week with a miscellaneous bridal shower. Mrs. McHain, the recent bride, was formerly Miss Beulah Ivy.

Zara Staley and family, Edwin Spellman, and family, Ernest Newsome and wife have returned from a visit with relatives at Anson, Jones county.

Mr. and Mrs. Cull Earp accompanied by their niece, Mrs. Lee Earp, and little daughter, Bobbie Lou, of Brownwood and their nephew, Truman Henderson, of Colorado, Texas, attended the picnic at Woodland Heights.

Mrs. J. F. Bateman and two sons, Joe and John Robert, Mr. and Mrs. J. R. Wilmet, and Mrs. Clara Wilmet took dinner at the home of Mr. and Mrs. E. O. Dwyer Sunday after church.

Mr. and Mrs. Frank Crowder of Oakland visited relative and attended church here Sunday.

Ralph and Lillard Wilmet, Francis Jones and Miss Bernice Wilmet ate dinner with Mr. and Mrs. Hubert Reeves Sunday.

Charlie and Wood Roberts were in Goldthwaite on business Monday.

Mr. and Mrs. Will Crowder and children went to Rideo Monday.

Francis Jones, Ralph and Lillard Wilmet, and Gene Wilmet attended the picnic at Ratler Thursday.

Earl Day, Mack Reynolds, Clayton Egger, Jim Wilmet and John Briley went to Goldthwaite on business Monday morning.

Mr. and Mrs. J. R. Wilmet, Mrs. J. P. Bateman, Joe Bateman, Grace Briley and Mrs. John R. Briley attended the picnic at Ratler Thursday.

Mrs. Briley went especially to meet her friends, Mr. and Mrs. George Mears of Lott, who are visiting their daughter, Mrs. Louis Porter of Goldthwaite.

Miss Alline Lovelace has returned home after spending several days visiting relatives in San Angelo.

Jess Frezer was in our community Monday.

H. Reeves family Sunday after church.

Mrs. J. F. Bateman and two sons, Joe and John Robert, Mr. and Mrs. J. R. Wilmet, and Mrs. Clara Wilmet took dinner at the home of Mr. and Mrs. E. O. Dwyer Sunday after church.

Mr. and Mrs. Frank Crowder of Oakland visited relative and attended church here Sunday.

Ralph and Lillard Wilmet, Francis Jones and Miss Bernice Wilmet ate dinner with Mr. and Mrs. Hubert Reeves Sunday.

Charlie and Wood Roberts were in Goldthwaite on business Monday.

Mr. and Mrs. Will Crowder and children went to Rideo Monday.

Francis Jones, Ralph and Lillard Wilmet, and Gene Wilmet attended the picnic at Ratler Thursday.

## J. W. GOLSON

Candidate For Re-election, State Representative

Representative

Voted for reduction of expenditures and vigorously opposes extravagance in State government. He is responsive to his constituents and believes devotion to duty the sublime ideal.

Why Not Give Him a Second Term?

(Political Adv.)

## SHUT OUT THE HEAT TURN ON THE FANS

It costs so little to operate an electric fan... It will keep the average fan going more than four hours... in hot weather it is a good plan to have a fan running in every occupied room. This enables members of the family to get their minds off the weather in the daytime and sleep better at night.

Shut the heat out of your home by keeping the windows closed and the shades drawn on the sunny side of the house... on the east side in the morning when the sun first comes up, and on the west side in the afternoon until the sun goes down. Open up all other windows and doors and keep the fans running. You will be delightfully surprised at how much cooler this will make your home.

ENDORSES  
McLENDON

JAMES W. McLENDON

Brownwood, Texas,  
May 18th, 1934.

James W. McLendon, the  
presiding judge of the  
Civil Appeals of Texas for  
the Supreme Judicial Dis-  
trict of Austin, is a candidate for a  
second term as Associate Justice of  
the Supreme Court to succeed  
Thomas B. Greenwood who  
will seek re-election.

McLendon has served as  
counsel for our higher courts for  
many years and his record as a  
jurist is a most excellent one. He  
has presided over the State of  
Texas as being one of our out-  
standing jurists.

Being that he is eminently  
qualified for a position on the Su-  
preme Court, we, the undersigned  
members of the Brownwood, Tex-  
as, do hereby give him our  
unqualified endorsement,  
and commend him to the citizenship  
of this State.

AN ORDINANCE REGULATING  
PARADES UPON THE STREETS  
OF THE CITY OF BROWN-  
WOOD, AND PRESCRIBING A  
PENALTY FOR VIOLATION  
THEREOF.

BE IT ORDAINED BY THE CITY  
COUNCIL OF THE CITY OF  
BROWNWOOD, THAT:

Section 1. All parades upon the  
streets and alleys of this city are  
hereby expressly forbidden, unless  
and until a permit for such parade  
has been obtained from the mayor  
and city manager of this city.

Section 2. Such permit shall  
designate the time for such parade,  
the length of time such parade  
may occupy the streets and alleys,  
and shall designate the place  
where it may form, and the route  
it shall take or follow during its  
progress.

Section 3. PENALTY: Any each  
and every person or persons who  
shall stage, form or become a part  
or member of, or who shall at-

tempt to stage, form or become a  
part or member of, a parade of any  
kind, character or description, upon  
the streets or alleys of this city,  
without first having obtained a  
permit, or first ascertaining the  
fact that a permit has issued, as  
provided for in Section 2 of this  
ordinance, shall be deemed guilty  
of a misdemeanor, and upon con-  
viction therefor, shall be fined not  
to exceed the sum of \$100.00 for  
each and every such offense.

Passed and approved, this 10th  
day of July, 1934.

W. H. THOMPSON, Mayor.  
Attest: F. E. SCOTT,  
City Secretary.

AN ORDINANCE PROVIDING FOR  
LICENSING OF COIN, SLUG OR  
CHECK OPERATED MACHINES  
OPERATING GAMES OF SKILL  
OR OPERATED FOR AMUSE-  
MENT OR FOR THE PURPOSE  
OF VENDING, AND MACHINES  
OPERATED FOR SIMILAR  
PURPOSES, PROVIDING FOR  
A LICENSE FEE AND PENAL-  
TY FOR FAILURE TO OBTAIN  
LICENSE AND PAY THE FEE  
PROVIDED HEREIN, AND PRO-  
VIDING FOR CANCELLATION  
OF LICENSE UPON CERTAIN  
CONDITIONS.

BE IT ORDAINED BY THE CITY  
COUNCIL OF THE CITY OF  
BROWNWOOD, THAT:

Section 1. It shall hereafter be  
unlawful for any person to exhibit  
or have in his place of business  
any machine operated by coin, slug  
or check either for the purpose of  
operating games of skill or for  
amusement or for vending mer-  
chandise or any similar purpose,  
except machines operated automati-  
cally and exclusively for sale of  
stamps or merchandise, unless and  
until the license herein provided  
for has been obtained and the fee  
herein provided for shall have been  
paid.

Section 2. The owner, or person  
exhibiting any such machine, be-  
fore same shall be placed in opera-  
tion or exhibited in any place of  
business, or other public place, in  
the city of Brownwood for opera-  
tion, shall apply to the city tax  
collector for a license which shall  
expire on the 31st day of Decem-  
ber next following the issuance  
thereof, unless terminated as other-  
wise herein provided, and pay to

the said tax collector the sum of  
\$2.50 for each machine to be oper-  
ated and pay to said tax collector  
the further sum of \$1.00 per month  
each and every month thereafter,  
payable on or before the 10th day  
of the month following the issua-  
nce of said license for each ma-  
chine operated or exhibited, as  
herein set out.

Sec. 3. Failure to pay any sum  
herein provided on or before the  
time herein set forth shall im-  
mediately terminate said license  
without action, and any officer of  
the city of Brownwood, is duly au-  
thorized, upon proper information  
of the termination of such license  
shall seize any such machine upon  
which a fee may be due and un-  
paid, and hold the same until the  
fee shall have been paid. Before  
any license shall be re-instated the  
licensee shall pay the expense of  
seizing such machine and all fees  
in arrears, as hereinabove set  
forth, and the additional sum of  
twenty-five per cent (25%) of the  
amount due and unpaid.

Sec. 4. Any person operating or  
exhibiting any machine herein de-  
scribed which has not been duly  
licensed and the fees paid, or upon  
which license has been terminated  
as herein provided, shall, upon  
conviction, be deemed guilty of a  
misdemeanor and fined in any sum  
not exceeding \$100.00 for each and  
every such offense.

Passed and approved, this 10th  
day of June, 1934.

W. H. THOMPSON, Mayor.  
Attest: F. E. SCOTT,  
City Secretary.

**To the Voters of Brownwood and Brown County:**

On entering the race for District Clerk my aim and ambition was to see each and every voter in Brown County, and thus present my candidacy. Since seeing each of you has become a physical impossibility before Saturday, the 28th, the day I want your vote for District Clerk, I am asking that you consider this my personal solicitation for your vote and influence in my behalf.

I was born and reared in the Jordan Springs Community living there for 37 years, making my living as a farmer. For the past eight years I have lived in Brownwood being employed in the Grocery and Produce business. I would ask that if you are not acquainted with me to ask any one who is and I am sure that they will tell you that I am honest, industrious and fully capable of handling the office of District Clerk.

Thanking you for your consideration and support Saturday, July 28th.

**LUTHER WILSON**

**DISTRICT CLERK**  
(Political Adv.)

Have You Tried The Banner for Job Printing?

**Consider This a Personal Message From**  
**ALLEN D. FORSYTHE**  
Candidate for  
**DISTRICT CLERK**

**To the Voters of Brown County, Greetings:**

Although the duties of my office have been confining and I have not seen everyone, I have tried my best to see each and everyone of you personally. To those of you I have seen I send this message for your further consideration and to those of you I have not had the pleasure of seeing, I extend this message as my personal visit.

I feel sure that most of you have investigated my record, my service rendered you as your present District Clerk and say in that regard I feel sure that you have found it clean and above-board. As far as my record is concerned there has been no slander or criticism. It is my honest endeavor to continue this high type of service should you elect me to continue as your district clerk. This has been my first public office and it is logical to believe with my past experience and service I should render even more efficient service in the future.

I am a Brown County boy raised on a Brown County farm, received my education here and enlisted to render my services overseas in the great World War. I am not asking for this office because of my war record but because I sincerely believe that I can continue as I have in the past making you an efficient, capable and honest public official.

Respectfully yours,  
**ALLEN D. FORSYTHE**  
(Political Adv.)

### Economic Importance of Clean Milk

BY C. W. LEHMBERG  
County Agent, Brown County.

Within the last ten to twelve years much scientific work has been carried on with milk products. Experts in nutrition have long recognized the importance of milk in the dietary through the work they have carried on, and have endeavored to get the people to use more of it.

The acceptance of fresh cows' milk as food of special value for human beings has been recognized from time immemorial. No greater field of usefulness exists than the production of clean milk for human food. Milk is a good food for growing children. It helps to make them strong, useful citizens. Adults, too, especially invalids and those weakened by improper nourishment need milk in the diet to repair waste and build up strong new tissue.

Recent investigations in nutrition have shown that milk contains certain dietary factors, called vitamins, which are essential for the proper growth and health of the human body.

Milk production also carries responsibilities, when carelessly produced and improperly handled milk may be the means of spreading disease. Every owner of a dairy herd should consider it his duty to himself and to the community to keep only healthy cows, supply them with wholesome feed, plenty of fresh water, and keep them in clean, comfortable quarters.

The milk and all who handle milk should realize that they have in their charge a food which is easily contaminated and therefore should take all reasonable precautions to prevent it from becoming a source of danger to themselves and others.

All milk unless collected under very exceptional circumstances, contains some bacteria. Milk furnishes all the food material and other necessary conditions for bacterial growth. The bacteria commonly found in milk grow most rapidly at temperatures between 50 degrees and 100 degrees. Some bacteria at maturity, divide to form two bacteria, and under favorable conditions the two new individuals may become full grown and repeat the process of division in from 20 to 30 minutes. At temperatures below those most favorable to the growth of bacteria is retarded but continues slowly, except at very low temperatures. Growth at 70 degrees Fahrenheit is rapid, at 50 degrees Fahrenheit it is much retarded, and at 40 degrees Fahrenheit or below it is very slow. A few kinds of bacteria continue to grow, however, even at the freezing point.

Many of the bacteria ordinarily found in milk produce no apparent change in it. Other kinds may change the flavor without changing the appearance, while some of the most common types of bacteria cause marked changes in both appearance and flavor. In the latter class are included the bacteria which sour milk by converting the milk sugar into lactic acid, and those which form a sweet curd. Another type of bacteria decomposes the casein and albumen in

the milk and cause putrefication and bad odors. The number of bacteria in milk depends, first, on the number of bacteria in the udder of the cow, secondly, on the amount of contamination from outside sources, and thirdly, on the rapidity of the bacterial growth. The rate of the growth or increase depends on the temperature at which the milk is held.

**Definition of Clean Milk.** While a rigid application of the definition of the word "clean" would exclude milk which contains foreign matter or any bacteria whatever, for ordinary purposes we may understand that "clean milk" is milk of good flavor from healthy cows, that is free from dirt and contains only a small number of bacteria, none of which are harmful.

**Importance of Clean Milk to the Consumer.**

The consumer is interested in clean milk primarily because no one cares to use food which is not produced and handled under sanitary conditions. He has a more direct interest, however, because of the danger of contracting disease which may be communicated by the use of contaminated milk. Serious epidemics of typhoid fever, septic sore throat, and other diseases have been spread through milk which was not carefully produced or properly handled. The weight of scientific evidence at present indicates that tuberculosis may be transmitted from animals to human beings, chiefly young children, by the consumption of milk containing tubercle bacilli.

Cleanliness is not an absolute safeguard against disease, but it is a great factor in preventing contamination. From a health point of view, there is danger not only from milk that contains the specific disease producing bacteria previously mentioned but also from milk that contains large numbers of miscellaneous bacteria, which may cause serious digestive troubles, especially in infants and invalids, whose diet consists chiefly of milk. A minor consideration is the loss to the consumer from milk souring or otherwise spoiling before it can be used. The cleaner the milk the longer it will keep good and sweet.

**Importance of Clean Milk to the Producer.**

Clean milk benefits not only the consumer but the milk producer as well. Most producers of market milk have experienced the loss of having a delivery of milk refused or returned because it reached the market sour, tainted, or otherwise in poor condition. Although the milk may be used for feeding pigs, it usually is a complete loss to the producer, since the cost of transportation back to the farm usually exceeds the value of the milk. Frequently, also, the producer depends on a certain market as an outlet for his milk and has no means for utilizing small quantities at uncertain intervals at the farm. Another important consideration is the unpleasant effect which the receipt of some tainted or otherwise unsalable milk has upon the purchaser. Delivering milk of that kind usu-

ally results in the loss of the confidence of the dealer, or if it is delivered directly to the consumer, the loss of customers.

Clean milk means fewer complaints, a better class of patrons, and a steady market for the product.

To safeguard the purity of the milk is, in several ways a protection to health on the farm: First, the health of the members of the farmer's family, who use a portion of the milk; and second, the health of the calves, which live largely on milk. Healthy cows to breed from and pure milk to feed from are two important factors in rearing thrifty calves and in the development and maintenance of a healthy and profitable herd.

No one can learn to produce good, clean milk without learning proper methods of care and management of the herd, and the study of these things leads to greater care in managing the business.

**Protection From Specific Diseases**

It has long been recognized that milk may carry bacteria which can cause disease in human beings. The disease may come from the cow or the milker, or from other sources on the farm.

**Vote for E. M. Davis for State Senator.** He is advocating a plan that will actually cut down the cost of county government.

**Vote For Lon A. Smith for Railroad Commissioner.** (Pol. Adv.)

**McDaniel**

It is still hot and dry in our community. Stock water is getting scarce. Mr. and Mrs. Herbert Sowell spent Sunday in the home of Mr. and Mrs. H. E. Haynes.

Miss Bernice Metz was the guest of her friend, Miss Maurine Tervooren, Sunday.

Miss Irma Louise Ray is visiting relatives at Cross Plains.

Mr. Charles Sowell spent the weekend with his brother, Mr. Herbert Sowell.

Mr. and Mrs. Joe Tervooren spent Sunday with her parents, Mr. and Mrs. E. P. Seward.

Mrs. S. H. Spivey was visiting relatives in Mullin Sunday.

Mrs. R. L. Baugh spent one day last week with Mrs. Herbert Sowell.

Miss Margaret Norton entertained her friends with a party last Friday night. An enjoyable time was spent.

Little Miss Dorothy Koch of Bams spent several days last week with her grandparents, Mr. and Mrs. C. J. Tervooren.

Mr. and Mrs. Frank Haynes of Brownwood were visiting in our community last Saturday.

The 1330 feet of concrete tile for subirrigation in Palmer county laid in seven gardens in three communities during 1933 have had added to them 7000 more feet laid in 22 gardens located in eight communities. Even where water could not be spared for irrigation oftener than once in three weeks the gardens still held up well and the vegetables fared better than where surface irrigation was used.

Terracing, grasshopper poisoning, and some work with wool did time with the cotton contracts in McLennan county in June according to the report of R. S. Miller. Terraces have proven drouth worthy also—and yields are showing up better on terraced corlands every where because of the water conserved.

**SHERIFF'S SALE**

STATE OF TEXAS, COUNTY OF BROWN.

By virtue of an order of sale issued out of the Honorable District Court of Bell County on the 7th day of July, A. D. 1934, by the Clerk thereof, in the case of H. C. EQUAL OR SUPERIOR TO ANY FIRST QUALITY TIRE BUILT REGARDLESS OF NAME, BRAND, BY WHOM MANUFACTURED OR AT WHAT PRICE OFFERED FOR SALE

**THE immediate and enthusiastic acceptance of the new Firestone Century Progress Tire started a tremendous wave of buying that is keeping the Firestone factories running twenty-four hours a day to meet this huge demand.**

We know that car owners would replace their thin-worn, dangerous tires if they could get what they wanted in a tire at the price they wanted to pay. We found the answer through ten million visitors to the Firestone Factory at the World's Fair last year. We asked them—"What do you value most in a tire?"—and their answer was—"Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Drive in to the Firestone Service Dealer or Service Store today! Equip your car with these new Firestone Century Progress Tires, with the massive flat tread, deep-cut non-skid, broad husky shoulders, and Gum-Dipped cords. Tire prices probably never again will be as low as they are today. At these unusually low prices for first grade tires, we make it easy for you to buy not only one tire, but a complete set.

And Remember—with every tire you are protected by the new Firestone Triple Guarantee

- for Unequaled Performance Records
- for Life Against All Defects
- for 12 Months Against All Road Hazards\* (\*Six Months in Commercial Service)
