VOLUME XXXIX

MUENSTER, COOKE COUNTY, TEXAS 76252 FEBRUARY 14, 1975

NUMBER 12

A few days ago Paul Harvey quoted some economist as saying that politicians promise too much, labor leaders demand too much and the public expects too much. It would be hard to give a better diagnosis of the cause of our inflation problem.

For many years we've been operating under a system that is based primarily on greed, that is, in getting more out of the economy even though it can't be justified by increased production. Until the last few decades wages and prices were rather stable, but occasionally both would improve as new inventions and new methods resulted in more output per man. The result then was that the worker got more or the price of the product became more competitive, but more probably a combination of both.

About that time government give-away started escalating and the national debt began climbing. Printing press money increased, causing a decline in the value of money already in circulation. And the next development was an arrangement by labor and industry whereby wages were tied to a cost of living index. When prices went up wages automatically went up. Each put pressure on the other.

Meanwhile deficit government spending continued to soar, causing additional drain on the purchasing value of our money. There's no mystery in why inflation has been gradually accelerating through the years until now it is at the highest rate ever and seems headed to get worse. We can imagine, for instance, that the anticipated deficit of \$52 billion will have quite a diluting effect on the value of our money.

So it goes, on and on, while we wonder how long it will be until the inevitable crash comes, until the value of money is so absurdly low that we'll just have to abandon it and start a new money system.

Well, we've been observing the present trend for some forty years now. We've seen the result of a national policy of promising and demanding and expecting more than we deserve. So, it does seem obvious that the way to halt our trouble, and even reverse it, is to adopt the opposite policy of giving a little more value for the money we receive.

This column is disappointed with current efforts in Washington, which seem intended for easing our economic pain but not at curing the ailment.

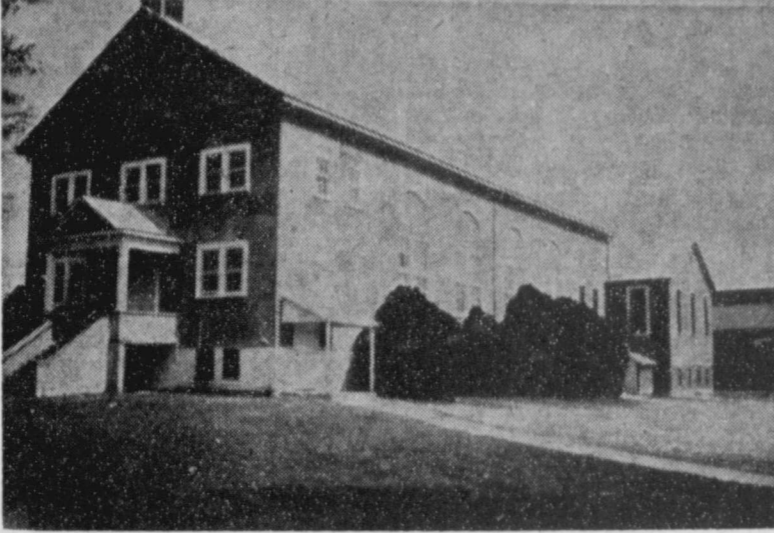

As it looks from here, the country's biggest need is to seek for a national attitude of giving a little more value for the money involved. We're thinking of politicians who ought to trim down their fat expense accounts along with the salary raise given to themselves not long ago, of workers who will work harder and/or a little longer for the pay they receive, of business men who will give a little more for the money in service or merchandise.

In very many cases these adjustments would not even amount to a sacrifice but would amount to a reduction of unit cost of a product. Or perhaps a better effort and better application could reduce the losses due to rejects or recalls. And, of course there's special praise for the people who offer to take a cut in pay so that the plant will not have to close down or lay off some of the workers.

Generosity and sacrifice are the opposites of greed, which has been the basic cause of our inflation since it first got started. And those two virtues are the only means by which the country can stop inflation and turn it around.

Unfortunately, however this involves the problem of selling the American public on the idea. It can't work unless it is the generally accepted policy of the public, that is, to the extent that most people are willing and even eager to do their share and a little more. Accordingly, the country's first need is an all out effort by all leaders — in the fields of government, business, labor, economy, religion, education and the media — to establish the right public attitude.

Probably you've noticed that the new ultra-liberal congress (Continued on Page 10)

A COMMUNITY LANDMARK is due to come down soon after it is sold at auction on Saturday, February 22 on condition that it be removed from the site. The old parish hall, built in 1906, has been replaced by the handsome new community center building, and the old site is to be cleared for a parking lot. Don Flusche Auction will conduct the sale of the old hall and also a 22x34 shop building nearby plus a number of items in both buildings.

Family Reunion Observes 60th Anniversary of Bill Beckers

Mr. and Mrs. Bill Becker observed the 60th anniversary of their wedding date with a family reunion attended by their three children, ten grandchildren and sixteen great grandchildren. Other guests were Miss Mary Becker and Albert Knabe who were bridesmaid and best man on the Becker's wedding day, also Miss Annie Becker, Mrs. Felix Becker and Leo Becker and Mrs. Joe Swinger, Mrs. Joe Wilde, Mrs. Albert Reiter, Sister Benedict Knabe and Mrs. Conrad Jostwerner.

The honorees' table at the dinner was centered with a two tiered anniversary cake made by Mrs. Jerry Walterscheid. It was iced in white, held the numeral "60" atop and sixteen rosebuds for the great-grandchildren. Its lower layer was chocolate, the upper layer white. Rohmers catered the dinner attended by fifty.

Hornets to Play Next Tuesday in 13-A Showdown

The showdown for the Hornets in first half of the 13-A basketball race is booked for next Tuesday night when they take on the survivor of Friday's play-off by Holiday and Petrolia. Time and place of the final will be decided after Friday's game.

If Holiday becomes the first half winner it will automatically be the district champ, because it won the second half race. Otherwise it will later play the Tuesday night winner for champ title.

The girls division likewise is tied up, with Petrolia and Archer City to have the play-off Friday night. That will determine the champ, since the girls are playing in only one division.

Play off details were worked out Wednesday in a meeting of Muenster, Holiday, Petrolia and Archer City representatives at Bowie. Muenster won a bye in the flip. So there will be a double header play-off Friday night in Coyote gym of Wichita Falls.

First game will be Petrolia and Archer City girls, starting at 7 o'clock. Next Holiday and Petrolia boys will play, starting about 8:30. And winner of the second game meets Muenster next Tuesday.

Conspicuous by its absence in last week's Enterprise was a story telling about the season's first measurable snow on Thursday morning, the 6th. According to Steve Moster's gauge it measured 1.5 inch and added .06 to the community's moisture total.

The official weather bureau record shows that, except for occasional traces the snow was Muenster's first since two inches on January 10, 1974.

Temperature Feb. 6 at 7 a.m. was 19 along with a sharp wind which produced a chill factor estimated at 8 below zero.

Failure to mention the snow results from a distress story at the Enterprise. The type could not be set because of the failure of a Linotype motor, so, news that became available Thursday could not be used. The machine was back on the job about noon Friday.

Inflation is when money that talks apologizes.

Scout Executives Head Assembly for Boy Scout Week

In observance of Boy Scout Week, two of the Scout executives of the Longhorn Council met Monday with fifth, sixth and seventh grade boys of the two Muenster schools to show a movie and tell the history of scouting. The visitors were Bob Williams, district executive, and Larry Mahoney, associate executive. Their program was in the public school auditorium.

Direct result was two new members for the troop. Monte Wimmer and Giles Trubebach Jr. reported for the Scouts regular meeting Monday night.

According to Henry Weinzapfel, local committee chairman, that boosted the local membership to 29, which is approximately a third of local potential. About 90 boys attended the meeting.

The local scoutmaster is Kenny Yosten and his assistants are Steve Fette and Ronnie Weinzapfel. Bob Walterscheid is chairman of the cub scouts.

City Ordinance On Bulky Trash Will Be Applied

A change has been made in the city's policy of picking up bulky trash items that cannot be put in garbage bags.

Steve Moster, city superintendent, this week announced that the city council's decision on tree limbs, scrap lumber, etc., is to require compliance with the city ordinance. He said that in many cases lately one untrimmed tree limb took up almost all space on the truck thereby making it impossible to put on a good load. As a result many hours and trips have been wasted on small loads.

To change the situation the city hereafter requires that tree limbs be trimmed and bundled or packaged so that they can be loaded and hauled more easily. The city will continue clearing away rubbish for its citizens, but also demands cooperation.

The extent of that cooperation is spelled out in the following quotation from the city ordinance.

"2. It shall be the duty of every person, persons, firms or corporations owning, managing, operating, leasing or renting any premises, dwelling or other type of buildings to place or deposit or permit to be placed or deposited any solid waste materials as hereinafter defined in or on such premises except as stipulated by this ordinance.

"It shall be the duty of such (Continued on Page 10)

Ray Luke Attends Report to Governor By Texas Scouts

Ray Luke, son of the Dan Lukes, was one of eleven Boy Scouts representing the Longhorn Council, based in Fort Worth, in a "Report to the Governor" last Saturday by Texas Boy Scouts.

The Scouts went to Austin Friday afternoon and participated early Saturday in a state breakfast, then a parade to the capitol. After that, in the House chamber, they listened to a senior scout from Austin presenting the "Report to the Governor" followed by the Governor's reply. Both presentations related to the ideals and the program of Scouting as character builders for future citizenship.

Later the Scouts toured the capitol and the University of Texas campus.

TP&L Man Will Head Program for C of C Banquet

George McKinney, community development specialist of Texas Power and Light Co., a popular after dinner speaker, will head the program for the Chamber of Commerce banquet on February 27. Bill Bedrick, program chairman, made the announcement at the organization's luncheon meeting Tuesday.

Also, members were reminded to act promptly on the letters they have just received. One part of the letter asks members to pay dues now and get free tickets to the banquet. Payment of the \$25 business membership dues entitles the person to two tickets, and the \$12.50 individual membership dues entitles one to one ticket. Additional tickets are available at \$3.00 each.

Also a part of the letter was a ballot with four nominees for the two director positions being vacated by Urban Endres and Al Felderhoff. The nominees are Willie Walterscheid, David Bright, L. B. Bruns and Bill Bedrick. Date for ballot counting has been set at February 20 so that directors and officers can be named at the banquet.

Henry Weinzapfel, brochure chairman, said that some 6000 brochures have been received and many distributed. He added that the value of the brochures is to give them freely so that their message, presenting Muenster as a good place to live, will reach as many people as possible. People are urged to ask for copies and pass them around.

Car Stolen from W. Walterscheid Found in Amarillo

The first good news has been received relative to the recent crime wave here. Willie Walterscheid's 1972 Chevrolet Caprice, stolen from the parking lot behind the Charm Shop on Friday, January 31, has been recovered.

Chief of Police James McDonald was notified last Thursday afternoon by the Amarillo Police Department that the vehicle had been found on the parking lot of a supermarket of that city. Walterscheid drove it back from Amarillo Saturday.

He said that the car's tape deck and tapes were missing, the glove compartment had been emptied and the license plates had been replaced by dealer plates. Only damage he noticed was a dented front fender and a kicked-in air conditioner outlet. And the gas tank was empty.

Roy Mondays Buy The Fabric Center

The Fabric Center, which has been owned and operated by Mrs. Don Flusche on East Division Street, henceforth will be owned and operated by Mr. and Mrs. Roy Monday in connection with Modern Floors.

Their first step was to move back a partition to double the area of their sales room and then to arrange display of both the fabrics and the floor coverings. They expect to be in business some time this weekend.

Two Suspects Held In Trachta Robbery

In a robbery about 1:35 last Friday afternoon inside the Palace Drug Store, Joe Trachta, the owner, was relieved of his wallet containing an amount estimated by him at \$800 to \$1000.

Within 45 minutes of the robbery a man and a woman were taken into custody in Gainesville and charged with the crime. Each is confined in Cooke County jail in lieu of a \$3,500 bond set by Justice of the Peace Thomas Crawford. They are identified as Otis Preston Taylor, 48, and Rita E. Bliss, 20, both of 214 E. Scott Street, Gainesville.

As related by Trachta to the Muenster chief of police, James McDonald, Taylor and Miss Bliss came into the drug store shortly before 1:30, and Trachta recognized Taylor and called him by name. The two spoke briefly, principally about

Parish Will Have Collection to Help Burglary Victim

An appeal for financial help to a victim is the newest development in the crime wave which recently hit this community. In last Sunday's Sacred Heart Parish Bulletin, Father Placidus Eckart announced a special collection at next Sunday's services to help offset losses sustained by the Norbert Koeslers in the recent burglary of their jewelry store.

Father Placidus pointed out that in some ways the loss of a large amount of valuables to thieves is worse than having a fire. One can insure against fire but insurance against theft is so high as to be practically prohibitive. The pastor also said that the blow of this loss falls especially hard because it follows the heavy expense of illness.

The special collection develops from suggestions by a number of people in the parish.

Garden Club Hears Talk on Roses
By Roger Taylor

Roger Taylor spoke to the Muenster Garden Club Monday night during the February meeting at the TP&L Building on "Roses — When, Where, and How to Plant". He explained in detail selection of varieties, selection of site and preparation of immediate and surrounding area, correct planting procedure, care of both young and mature plants and protection during extreme weather, summer or winter.

A question and answer period followed. In his closing remarks he urged members to improve the looks of the community by first improving the looks of their own yards. He asked members to discuss and co-sponsor with him a project to choose a "lawn of the month," thus to encourage area residents to improve and beautify their lawns.

Mrs. John Mosman presided for the business meeting. She told that Laura Kralicke was third place winner, on the district level, as the club's entry in the State Garden Clubs' speech communication contest held in Fort Worth. Theme of the contest was "Trees for today — Life for tomorrow." Mrs. Mosman also discussed the plant exchange in April

at Leonard Park Gainesville and told of a program Thursday at 2:30 at Cooke County Electric Co-op. where Mrs. Tulu Hickerson will demonstrate using a micro-wave oven to dry plants and flowers for preservation.

Mrs. Arthur Endres reported on the club's annual flower show to be held as a placement show this year in the home of Mrs. Ray Wilde on May 3 from 2 to 5 p.m.

Members voted to send a delegate to the State Garden Club's district meet in Vernon March 11-12. Mrs. Mosman agreed to represent the club. Mrs. Arthur Endres will also attend. Others who wish to go are welcome.

Hostesses for the February meeting were Mrs. Bill Bedrick and Mrs. Clyde Walterscheid. They served a dessert course and coffee to twelve members and the speaker, from a table decorated in the Valentine theme.

Next month's meeting will be in the home of Mrs. Roger Taylor with Mrs. Arthur Endres as co-hostess. Mrs. Harold Flusche and Mrs. August Felderhoff will present a program on "Methods of Drying Plant Material."

Blue Birds News

Happy Bluebirds

First grade Happy Bluebirds met on January 23 in the TP&L Building with Mrs. Kay Pagel leader and Mrs. Eileen Fisher, assistant. The girls began a new project making "sit-upons" and used their imagination to decorate with liquid colors. Refreshments were served by Rose Herr. The meeting closed with the Bluebird Goodbye Song.

On February 6 the first grade Happy Bluebirds met again in the TP&L Building with Mrs. Kay Pagel, leader. Dolle Pagel served refreshments. The girls finished their "sit-upons" that were covered with two pieces of plastic laced together with red yarn, and reinforced inside with a thick magazine. When they finished, they all sat in a circle, told stories about their pets, their families and interesting events. The first grade Happy Bluebird group is sponsored by Community Lumber Co.

Working Bluebirds

The Working Bluebirds resumed their activities after the holidays, meeting on January 24 with Cindy Ramsey as refreshment hostess. During refreshment time the birthday song was sung for Patricia Herr. Her birthday candle was placed on the banner beside her bluebird. Then the group began work on their monthly project for Hillcrest Manor. January's project was styrofoam snowmen dressed in black hats, red scarfs and red and white mittens. A banner in the snowman's hand read: "Have a Good Day." The Friendship Circle and Blue Bird Wish closed the meeting.

The January 31 meeting opened with the Blue Bird Wish. Refreshments were served by Patricia Herr. Then the girls visited Hillcrest Manor where they sang the Blue Bird Wish and gave residents the snowmen they made the week before.

There was no meeting on February 7. The Working Bluebird group is sponsored by Dorma's Fabric Center and Speedy's Arco Station.

Muenster Hi Teams Break Even in Two Games at Petrolia

Muenster High basketball teams closed out their season Tuesday night by dividing a pair of games at Petrolia. The girls won theirs by dumping the 13-A leaders 48-43. This gives the Hornets a final standing of 17-8 for the season and 6-4 in the district, including 3 losses by only two points. As of Tuesday night Petrolia and Archer City are tied in the district with 8-2.

The Hornets had a bad night losing their game by the one sided count of 74-43. They are out of the second half race, however they are still in contention for the first half in a coming play-off with Petrolia and Holiday. If they win that they will still have a chance at the title.

The MHS boys got into foul trouble early in the game, after which Randy Wolf and Tim Felderhoff were on the bench part time and under restraint the rest of the time. At the same time the shooting was not up to par. The result was that Petrolia kept increasing its lead, with scores of 16-7, 31-14, 47-31 and 74-43 ending the quarters.

Hornet scorers were Randy Wolf 16, Tim Felderhoff 8, Danny Endres 6, Kirk Johnson 5, Mike Davidson 4, Bobby Endres 3 and Terry Walterscheid 1. Also in the game were Mark Stoffels and John Eckart.

Muenster girls were outstanding as they gained on Petrolia by scores of 13-6, 30-19 and 40-27 the first three quarters and then coasted to their 48-43 win.

Deb Schneider and Tracey Klement shared scoring honor with 22 each and Becky Fields added 4. On defense were Kim Klement, Mary Lou Fleitman, Gina Felderhoff and Sandy Dittfurth.

Valentine for an Older Beauty

Back in June 1973, Mary Kay helped launch an extensive research project, conducted by the Dallas Geriatrics Research Institute and aimed at determining the correlation between how you look and feel.

The positive findings of this psychological research study led to Mary Kay establishing our "Nursing Home Program." By late 1974, more than 18,000 residents of nursing homes in 32 cities had received complimentary Facials and product gifts in excess of \$350,000.

What the study points up is the fact that an older woman who takes pains to look nice feels better about herself.

This month, let's honor the fascinating older women . . . and whether you are one or know one, we suggest a gift of cologne cosmetics, pretty lipstick, perfumed body lotions and the encouragement to use it.

Looking good isn't self indulgence; it's a vote of self confidence!

Give Her Beauty by Mary Kay for Valentine's this year.

Joe Walter Shows Travel Slides at Hillcrest Manor

Joe Walter of Gainesville entertained residents of Hillcrest Manor Nursing Home Wednesday with a tour of Germany by way of colored slides made when he and his wife,

his sister Mrs. Rose Hofbauer and his sister-in-law Mr. Ida Hesse joined for a trip through that country. His commentary added to the show.

Scenes included and explained were in Heidelberg, Frankfurt, Koin, a Rhine River cruise, and a side trip to Salsburg, Austria.

The four visited the Muck family — relatives of the Dangelmayrs — at Frankfurt. They saw Walterscheid kin at Bensburg and the birthplace of William Walterscheid, father of Mrs. Walter and Mrs. Hesse at Remschoss, where the old home still stands; they visited Hess relatives at Oberdorff and the birthplace of Joe Walter's and Mrs. Hofbauer's grandfather at Landau.

Afterward they were in Munich as guests of Mrs. Hesse's son and wife, Mr. and Mrs. Paul Hesse. The young couple was living there at that time, and have since returned to Texas.

If you laid all the economists of the world end to end, they still wouldn't reach a conclusion.

Mr. and Mrs. James Cooley Return from Wedding Trip

Mr. and Mrs. James Cooley have returned from their wedding trip to Hot Springs, Arkansas and are at home in Irving. The bride is the former Karolyn Schoech, daughter of Mr. and Mrs. Andy Schoech and the groom is the son of Mr. and Mrs. Hollis Cooley of Gainesville. The couple was married Friday, January 31 at 7 p.m. in Sacred Heart Church in a double ring ceremony during a Nuptial Mass with the bride's brother, Fr. Frowin Schoech of Subiaco, officiating.

For her wedding the bride chose an Empire gown of white dacron polyester and organza over taffeta with a bodice of heavy lace in a daisy design and skirt that extended to a full train edged in daisy embroidered lace. The veil of double layers of silk illusion was designed and made by the bride and fell from a Camelot cap with seed pearls and daisies. A band of embroidered daisies extended along the sides to a fingertip length.

She carried a colonial bouquet of spring flowers, roses, baby's breath, dutch iris, stephanotis, and tied in the bridal flowers was a gold brooch originally belonging to her late great grandmother Sandman, now belonging to her godmother, Mrs. Joe Kneupper of Gainesville. Also for something old she wore an engagement ring over 100 years old from the late great grandmother that is now worn daily by the bride's mother since her teens. She also carried a pearl rosary, a gift from her parents and wore a blue garter and a birthdate penny in her shoe. She was presented at the altar by her father.

Attendants

Attendants were bride's sister Mrs. Peter Wall of Dallas, matron of honor, bride's friend Mrs. Olon McClendon of Irving brides matron. They were identically gowned in knit apricot and coral designed with capes. They carried nosegays of yellow and white daisies and baby's breath tied with

ribbons and wore daisies in their hair. Also in the bridal procession was Sherie Felderhoff, bride's cousin in a coral flowered dress, carrying the memory candle made by Mrs. Henry Voth.

Joy and Ricky Schoech of Kingsville, niece and nephew of the bride carried the Offertory gifts. Mass servers were Mel Schoech, Jr. and Arnie Schoech, bride's nephews.

The groom's attendants were best man Allen Murphy and groomsman was Fred Platt, both friends from Gainesville. Ushering guests were Glenn I. Schoech, bride's brother of Commerce and Jimmy Sasser, groom's brother-in-law of Houston.

Wedding music was furnished by Miss Rosie Sauser, vocalist of Dallas, Olon McClendon of Irving, guitarist and Miss Linda Miller, organist for "Color My World," "Wedding Song," "Annie's Song" and "Love, Look at the Two of Us." When the couple went to the Blessed Virgin's altar to light votive candles, Fr. Frowin sang: "Peace, Joy and Happiness". The votive candles used were brought from Lourdes by Mrs. Georgia Barry, bride's aunt of Dallas.

Before the ceremony as the bride approached the altar, she paused to give her mother a long stemmed rose and as the couple left, she also gave the groom's mother a rose.

Reception

Following the ceremony the bride's parents were hosts for a reception in the Knights of Columbus Hall. Bride's classmates Mrs. Ike Stevens of Era and Mrs. Ronnie Fuhrman of Sherman registered 200 guests. The bride's table held the three tiered wedding cake baked by an aunt Mrs. Henry Spaeth. The miniature bride and groom used atop the cake had also graced the wedding cake of the bride's parents, thirty seven years ago. To either side of the wedding cake stood a pair of antique candelabra with red votive lights. Also on the cake table was the bride's picture placed on a small easel. Centering the serving table, where an assortment of pick-up and finger foods was offered was a silver candelabra entwined with English ivy.

The groom's cake was made by the bride's aunt Mrs. Joe Kneupper. Serving the cakes were a friend Mrs. Sammy Sparkman of Gainesville, and Mrs. Glenn Schoech, of Commerce, Mrs. Cynthia Baker of Houston and Mrs. Sandra Sasser of Houston, all sisters of the couple.

The bride's mother attended her daughter's wedding in a pale green knit formal with rhinestone trim and a camelia corsage. The groom's mother wore a blue knit formal and a camelia corsage.

Special guests were Mrs. Eufa Regeon, grandmother of

the groom from Weatherford and bride's brother, Rev. Frowin Schoech, O.S.B. of Subiaco, Arkansas. A among guests from out of town were Messrs and Mmes. Jimmy Sasser, Barry Don Baker and Mrs. Jenny Gore and children, all of Houston; Mrs. Georgia Barry and son James of Dallas, Miss Frances Spaeth of Denison; Messrs. and Mmes. Melvin Schoech and children of Kingsville, Joe Spaeth of Longview, Everett Spaeth of Dallas, Bob Holestrand of Dallas, Tom Kopenhafer of Fort Worth, and Glenn Schoech of Commerce; also Rosie Sauser and Marla Smith of Dallas, Linda Rohmer of Fort Worth, Dale Felderhoff of Dallas and Richard Schoech of Columbus, Indiana and friends and relatives from Whitesboro, Gainesville, Lindsay and Muenster.

For traveling the bride wore a peach and apricot floral knit. The bride is a graduate of Sacred Heart High, and Cooke County College, attended E.T.S.U. and is now a Nursing Arts major at T.W.U., Denton. The groom is a graduate of Gainesville High and Richland College and is employed by Sanger-Harris of Dallas.

Among pre-nuptial parties were a classmates party given by Mrs. Olon McClendon and a shower by employees of Sanger-Harris. The rehearsal dinner was Friday noon at Rohmer's hosted by the

groom's parents for the bridal party and immediate family where the couple presented gifts to their attendants.

"What's the status of TP&L's nuclear power plant?"

A. Construction of the Comanche Peak Steam Electric Station was begun recently at a site about five miles north of Glen Rose in Somervell County.

Q. "How much land area will be involved?"

A. Approximately 8,500 acres. This will include a 3,200-acre lake adjoining the plant which will provide cooling water for the plant.

Q. "When will TP&L customers start getting electric power from the plant?"

A. The first of two 1,150,000-kilowatt units is scheduled to go into operation in 1980 and the second in 1982.

Q. "Will some other companies be getting power from the plant?"

A. Yes. The plant will be jointly owned and utilized by Texas Power & Light, Dallas Power & Light and Texas Electric Service.

Q. "Why is a nuclear plant necessary?"

A. Rising costs and a shortage of future supplies of natural gas and oil compel use of more economical and readily available fuels for generating plants. Within the next five years, TP&L will reduce its dependency on gas and oil with plants designed and constructed to burn lignite-coal. While it is anticipated that lignite will continue to be an important fuel well beyond the year 2000, the long-range solution to fuel problems appears to lie in nuclear generating plants.

Q. "How safe will the plant be?"

A. The planning, construction and operation of the Comanche Peak plant is subject to close examination and rigid regulation by the Atomic Energy Commission and other federal and state agencies. Devices and procedures in the plant will guard against every conceivable possibility which might endanger plant employees or the general public. Today, there are more than 50 nuclear generating units in the United States and there has never been a nuclear-related injury to a commercial nuclear power plant worker or member of the public.

Forestburg News

By Myrt Denham

(Held over from last week)
FORESTBURG — Visiting with the Ted Jacksons and the Barney Brogdons the weekend of Jan. 25-26 were the Johnny Brogdons and their daughters of Miami, Texas.

Mrs. Mark (Hettie) Landers celebrated her 84 birthday Sat., Jan. 25. Home for the celebration were Mark and Hettie's children: Messrs. and Mmes. Eldon Landers of Altus, Okla., J. B. Cordell of Caddo, Okla., and L. C. Landers of Desdemonia, Texas, and Mrs. Margarette Wright and daughter of Wichita Falls.

Jimmy Echols of Lompac, Calif., has been visiting his parents, Mr. and Mrs. D. D. Echols of the Mallard area.

Mrs. Leroy (Betty) Upshaw reports that son Mike is now stationed at Sheppard AFB after completing basic training at Lackland AFB. Betty says he will only be there for a short period.

On Monday, Jan. 27, Vera Mae McGee, Decie Ellzey and Mrs. Eula Moore were out and about spreading some "sunshine and cheer." They visited folks in the Yes-ter-Year home in Saint Jo and then visited the Loyd Orrells in the Bellmire Home in Bowie.

The better half and I were at Sheppard AFB the other day. As per usual we had some problems finding places to park. So he said the two main things wrong with America were (1) that too many of us are too fat and the other (2) is not enough parking space.

Billie, Rex and Kim Anderson recently motored to Burk Burnett to visit Mrs. Addie Anderson. Mrs. Anderson is staying with her daughter and husband, Mr. and Mrs. Claude Stradley.

The Mark Landers and Mae DeGraffenreid will have themselves a new neighbor, Doyle Gates. There is a mobile home roosting just beyond their abode.

Jimmy Dale Brewer of Mesquite visited with the Elmo Brewers Sunday, Jan. 26 and attended church with them. Jimmy is Elmo's nephew. Later that day the Elmo Brewers and Chana visited with the John Hollands of Saint Jo

Visiting in the Vint Freeman home over the weekend of Jan. 25-26 were Mr. and Mrs. Raymond Holzboog of Birdeye, Ind., the Will Paynes and the Tommy Griffins of Arlington, the R. C. Greeneads of Cleburne, the Emory Clarks of Bowie, Mrs. Connie Jones and children of Bowie, the Ernest Moores, the Herschel Holzboogs and Mrs. Bessie Greenwood all of the burg.

Mr. and Mrs. Fred Bell of Weatherford visited in the A. C. Taylor home Jan. 26.

To our out of town readers we like to say that this area is pretty well saturated with

all the "sky juice" that has been falling here the last few days.

Mr. and Mrs. Donny Russell of Saint Jo and Mr. and Mrs. J. C. Atteberry of Nocona were recent visitors of Mrs. Grace Scott. Mrs. Russell is the former Carolyn Riddles.

As you freeze in the dark, remember that this energy crisis comes to you from the same people who: Delayed the Alaska pipeline for years; Picketed nuclear power plants; Stopped clean hydro dams, Blocked offshore drilling in the Atlantic and Pacific; Banned building refineries and petroleum docks; Imposed unrealistic and arbitrary air quality regulations; Priced natural gas so low that people stopped exploring for it; Insisted on automobile emission devices which drastically slash gas mileage. (You may have trouble finding them to express your gratitude — they don't seem to be coming around much anymore.

"Dodge can sweeten the good deal you make at The Dodge Boys. With a check for \$500."

Joe Garagiola

Listen to ol' Joe G. I'm gonna tell you how to make the deal of lifetime on the "Dodge of the Week." Right now, during the Car Clearance Carnival at the Dodge Boys.

Here's how: Every week from now till February 16, the Dodge Boys will pick one gorgeous Dodge as "Dodge of the Week." Could be a Monaco. A Dart. A Coronet. Even a pickup or van. Now you hustle down and make the Dodge Boys give you their best

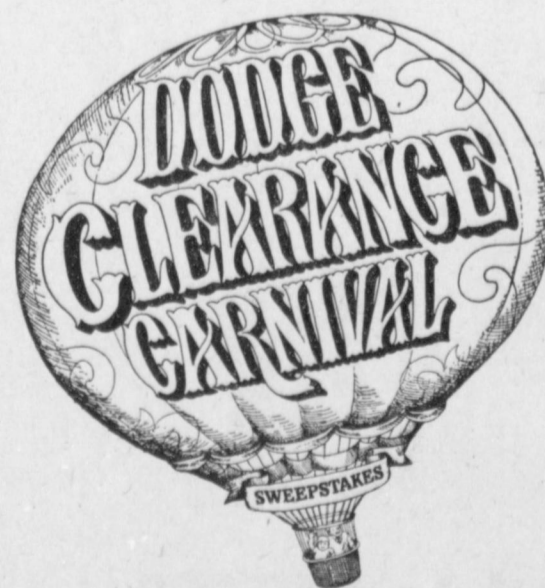

deal on that Dodge. Then, find out how you collect your check from Dodge for at least \$300. But there's more. Trade in the right car on the "Dodge of the Week," and you get a \$200 trade-in bonus. That's a total of \$500.

But there's more to the Car Clearance Carnival than "Dodge of the Week" deals. Through February 28, the Dodge Boys are offering other great deals on all 75 Dodges. They've got a lot of cars to move. And they're gonna move 'em.

And—even if you don't end up buying a new Dodge, you might end up driving one. Just by entering the Dodge Boys' Clearance Sweepstakes? Each sweepstakes winner (and there'll be plenty—so one could be you) gets free use of a brand-new Dodge for one whole year. You've got nothing to lose. You've got nothing to buy. All you gotta do is come in for full details.

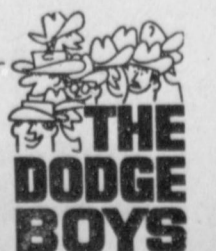

But hurry. If you're not driving a new Dodge by the end of the Car Clearance Carnival, it won't be the Dodge Boys' fault.

*Sorry, only one "Dodge of the Week" deal per customer. Retail customers only.
*Sweepstakes ends February 28, 1975. Void in states where prohibited by law. Open only to licensed drivers 18 years old or older.

Forestburg News

By Myrt Denham

FORESTBURG: Many folks have told me how much they enjoyed the humor found in this column from time to time. Therefore I would like to pass the following along to you. Recently, I told our ten-year-old neighbor boy that we would like to teach him how to tend to our stock and other chores so we could take an occasional trip. Upon telling him that he could also milk our cow for me, he said, "I don't think so." When I asked him why he replied, "Well, I don't know how to turn her on." He knew she'd turn herself off at the right time.

Hasn't it been cold and nas-

ty several times here lately? Really felt sorry for Buford Huddleston out in it inspecting those cows, etc. He told me it was cold enough Thursday to bust the bark off the trees. That was the a.m. we had that snow.

Cheryl Jean Miller, daughter of Mr. and Mrs. Royce Wayne Miller of Hurst was selected as class favorite of the '75 Senior class of L. D. Bell High School in Hurst. A Message from The Police Chief

Crime is no longer confined to the larger cities. With larger cities increasing their manpower and extra patrol units, the criminals are branching out to suburban and rural areas.

A large percentage of criminals are dope addicts, or just habitual criminals. They must rob or burglarize to support themselves. So, how can the increase of crime be combated?

First and most important: Support and cooperate with the police. Become involved. Inform the police of suspicious persons and acts that you may see or know of. **Stop Looking the Other Way!** You can have a crime free town or city only with the backing and support of the public. Stop expecting miracles of the police. We are only humans the same as you. We can not see nor hear everything that happens in your town. We are only a one car patrol unit.

How can the citizen help?

1. Support and cooperate with the police.
2. Secure your place of business and your home. Leave a light burning in your business establishment, and just as important, a light in the rear of the building if it faces a dark ally.
3. Remove keys from your parked vehicles. Thieves enjoy finding a parked vehicle with motor running or key left in ignition switch.
4. Equip your business establishment, and even your

MHS Loses 58-57 To Holiday Eagles In Heartbreaker

An unfortunate ruling by an official blasted a fine effort by the Muenster Hornets at Holiday last Friday night and left them the losers by the close count of 58-57.

The heartbreaker came in the closing seconds when a foul on Randy Wolf gave him the chance at a one and one free throw situation. At that time MHS led by 1. Wolf made the first shot but an official nullified it, saying Danny Endres had moved along the side, and also ruled out the second free throw attempt. After that Muenster still led by 1, instead of 2 or possibly 3. The Eagles in their final effort got a 2-pointer which gave them the final lead of one point.

The win puts Holiday in front of the second division of the district race with a standing of 5-0 and winless Callisburg as the last opponent. On the other hand Muenster and Petrolia, each at 4-1, face each other in the last game. However, the first round of the race is still a three way tie, and Muenster, Petrolia and Holiday will have a play-off to decide who meets the second division leader for the district title. If the same team takes both divisions there will be no final showdown.

MHS made a slow start Friday night and trailed 16-10 at the first quarter. They gained a point in the next period and were still behind 35-30 at intermission. Then the Hornets caught fire and gained to a 43-47 third period lead, after which it was anybody's game the rest of the way.

wasted no time in getting rid of the Internal Security Committee, which has long had the job of investigating the characters who cause riots, belong to subversive organizations, and advocate the overthrow of our government. Until this year Congress has managed to keep it in spite of repeated efforts to scrap it.

Well, it wasn't exactly scrapped this time. Rather it was placed under jurisdiction of the House Judiciary Committee, which is made up mostly of the people who have been fighting it before. Needless to say, the committee is out of business and our country has been made safer for radicals, revolutionaries and traitors.
