MUENSTER, COOKE COUNTY, TEXAS 76252

NUMBER 11

With the new national legislature just settling down to work, the word in Washington is that liberals have notions to do away with the time-honored filibuster, which they like to describe as a means by which a hate-filled minority is able to block constructive legislation. They describe it as "archaic" a procedure that simply has to be changed.

In relation to this parliamentary weapon of defense it is enlightening to recall the words of a great political philosopher, John Stuart Mill. He said, "If all mankind minus one were of one opinion, and only one person were of the contrary opinion, mankind would be no more justified in silencing that person, than he, if he had the power, would be justified in silencing mankind."

It's a very emphatic way of saying that a minority has a right to be heard, and the majority is in violation of human rights when it tries to railroad a measure before the other side can get proper consideration.

The real purpose behind the filibuster is to bring the minority view more forcefully before the public, hopefully to start a flood of grass roots correspondence urging senators not to support the proposed law. It has been successful a number of times, the eventual outcome being that opponents, though not able to vote down a bill, had the strength to keep it from being voted upon.

Originally the requirement for cloture was a two thirds majority. Without it the filibuster would continue and the proposed bill could not come up for a vote. That was the situation in 1955 when Senator Everett Dirksen led the filibuster opposing Big Labor's effort to repeal Section 14-b of the Taft Hartley Act, which allows states to pass Right to Work Laws.

The talk-a-thon continued through November, December and January and in the fourth month Senator Mansfield, majority leader, made a final effort to choke off the filibuster. The attempt was defeated by 16 votes, and 14-b remained a part of the law.

Realizing that the two thirds cloture vote was hard to obtain, the liberals set about having the necessary number reduced, a chore which they accomplished in 1975. The requirement was changed to 60 percent. In our 100 member Senate, 60 votes rather than 67 were enough to stop a filibuster.

With this enormous gain in voting strength, the supporters of Big Labor tackled their next project with confidence. In the past legislature they introduced the so called labor law "reform" bill fully convinced that they had the power to crush a filibuster. But they were defeated again. The filibuster aired the issue, and the message from the public to Washington, came back loud and clear. The bill that had been regarded as a sure thing did not come up for a vote, and the liberals failed to pass Big Labor's priority legislation.

So now the talk is that liberals will try to further reduce the requirement for invoking cloture. If so, the first thought is that not much more change is needed to wipe out the filibuster altogether. As the requirement to invoke cloture approaches a simple majority, the odds favoring a filibuster success approach the vanishing point. A very small majority for the bill could break the filibuster.

Senators need to think hard about this proposal. It would be a sad day for our kind of government if either element of the legislature, whether liberal or conservative, should come up with the power to run rough shod over the other. The minority urgently needs the filibuster to delay the showdown vote on questionable legislation until the grass roots has been alerted and allowed to get its word back to Washington.

A recent issue of Wall Street Journal may have a clue that helps explain organized labor's eagerness to change the rules of procedure so that it is better able to increase its compulsory membership. The item quotes Associated Builders and Contractors as saying that non-union builders will account for 60% of new construction this year. Two years ago non union builders did

Hospital Has Had Fifteen Good Years

Happy Birthday to Muenster Memorial Hospital, which completes fifteen years of growth and success next Sunday, February 4. No special event has been planned as an observance, however, the day will be remembered Friday in a short program when 10 and 15 year employees will receive the pins that did not arrive in time for the Hospital party in December.

The story of the hospital is one of gratifying progress. The physical plant has grown and kept pace with technical advancement while the hospital district has expanded to include a sizeable area from the Rosston, Era, Hood and Myra communities. Also the district has made its final payment on the hospital debt cutting down the pay-out schedule from 26 to 13 years and saving district taxpayers more than \$110,000 in interest.

Estate Planning Seminar Scheduled In Co-op Building

by Evelyn Yeatts

An Estate Planning Seminar will be held next Wednesday, February 7, in the conference room of Cooke County Electric Cooperative. The seminar will begin at 1:30 and last until 3:30 p.m.

Included in the program will be:

Questions and Concerns in the Planning of an Estate by James R. Ahrenholz, Farm Management Specialist, Texas Agricultural Extension Service; Wills and Taxes by Mack Barnhart, Attorney at Law; Trusts by Bob Walsh, Farm Officer, First National Bank of Fort Worth.

The Estate Planning Seminar has been planned as a result of needs identified by the Cooke County Program Building committee.

Many changes have taken place in the area of Estate Planning in recent years. The speakers on the program will be able to answer many of your questions.

The Seminar, like all programs by the Texas Agricultural Extension Service, is open to people of all ages, regardless of socio-economic levels, race, color, sex, religion, or national origin.

Bridgeport Man Is New DA for 235th Judicial District

Brock Smith of Bridgeport is the new district attorney of the 235th Judicial District succeeding Jerry Woodlock who resigned recently to enter the private practice of law.

Formerly the assistant DA, he was appointed Monday by Governor Bill Clements and assumed duties of office Thursday when Woodlock's resignation became effective.

Smith is a graduate of Texas Tech Law School and assistant district attorney for two years. He said he will remain at his office in Bridgeport and will appoint an assistant to be located in Gainesville. However, he does not know of anyone at this time who is interested in the job.

The 235th District includes Cooke, Wise and Jack Counties with a criminal investigator, an assistant and two secretaries included in the full time staff. Formerly the DA was located in Cooke and the assistant in Wise, and none of the staff was in Jack County.

Smith is the fourth DA to serve in the 235th District. Bill Sullivan was first and left it to run for the state legislature. Jim Hatcher succeeded him and resigned in 1974 to enter private practice. Woodlock was third and has just quit to go into private practice.

On Florida Visit
Mr. and Mrs. Albert Zimmerman returned Sunday evening from a four day visit in Orlando, Florida. They were members of a tour group sponsored by J. I. Case Farm Equipment. Highlights of the visit were trips to Disney World, and Sea World. They also visited Kennedy Space

Garden Club Has Crapemyrtle for City Beautification

The Muenster Garden Club announces this week that the shipment of Crapemyrtle shrubs has arrived, just in time for spring planting and allowing ample time for establishment of healthy root growth before summer.

This is the beginning of the second year of the club-sponsored Community Beautification Project, which each succeeding year is designed to be a continuing activity to help make Muenster the beautiful area visitors will remember.

Last year, in 1978, each club member planted at least five Crapemyrtles, all the dwarf variety, some in home landscapes, others in church, school and public areas. A large number will be planted again this year by garden club members, and the remainder of the shipment will be made available to the community at cost.

The Crapemyrtles are of the standard variety this year, in red, white or pink, and are \$2.00 each, in gallon cans. Crapemyrtles bloom mid-summer till frost and the leaves are attractive even in the late winter.

They must be planted in full sun and are extremely hardy, and, once established, are drought and disease resistant. However, as any other planting, careful watering is essential at least through the first year.

The available shrubs will be held at the home of Mrs. August Felderhoff, 759-4479. Anyone wishing to purchase and plant Crapemyrtles, whether for a home or community project, is invited to phone Mrs. Felderhoff evenings, 6 to 8:30 p.m. or to discuss the project with any garden club member.

Cold Continues

Wednesday's temperature of 8 degrees along with a brisk wind that plunged the chill factor to an estimated minus 12, kept the community shivering, but the winter otherwise is not as rough as early in the month. Ice and snow have cleared from the street leaving better driving conditions and less hazardous footing.

Low and high readings of the week have been recorded as follows by Steve Mosier. Jan. 25, 32 and 41; 26th, 33 and 41; 27th, 23 and 38; 28th, 19 and 40; 29th, 26 and 33; 30th, 28 and 37; 31st, 8 and 30.

Also during the week the area got .79 inch of moisture. Readings were .42 on the 26th, .03 on the 27th and .34 as the melted measure of 2 1/4 inches of snow. Total moisture for January was 3.94 inches. Total snowfall was 7 1/2 inches.

Attend Dental Convention
Dr. and Mrs. Gerald M. Graham of Muenster and Monica Hartman, Connie Walterscheid and Marlene Pagel, also of Muenster, attended the Mid-Winter Dental Convention in Dallas for two days last week.

A Trip to Superbowl

Superbowl was a treat and a thrill to Mr. and Mrs. Marty Klement who spent 4 big days living it up as guests of Ford Motor Company, and learned a lot about superbowl.

They started their memorable holiday flying from DFW to Miami with other Ford dealers, then joining some 5000 others on three cruise ships chartered by the company and going to Freeport in the Bahamas for two solid days of entertainment on ship and shore. Their ship was home to them from arrival in Miami until departure for Dallas.

They returned before the game and had a choice of going to the stadium or seeing the game aboard ship on a big screen TV. Persons who remained on ship had quite a deal. Scalpers were offering \$350 each for the comp tickets two days before, \$150 each on game date. Marty and Edna chose to have the full program.

They went to the Orange Bowl in a chartered bus and then began having experience. As they got off the bus, Marty with tickets exposed in his shirt pocket, a cop ap-

5 Seal Coat Jobs Booked for Roads of Cooke County

Cooke County is one of eight counties included in seal coat projects scheduled by District 3 of the Department of Highways and Public Transportation with headquarters at Wichita Falls.

Contract for the work was awarded to Zock Burckett Company of Graham on a low bid of \$1,058,968, and Frank Craig, construction engineer of District 3. Expected working time is 110 days.

The complete project includes 21 jobs on 148 miles of roadway. Five of those jobs for a total of 23.18 miles will be in Cooke County.

A pre-construction conference on the projects will be held February 5 at 10 a.m. in the Department's district headquarters in Wichita Falls.

While turning down the city's proposal the county indicated willingness to stand by its previous offer of a contract at \$2000 a year plus free use of a county owned tank truck to carry water to the fire truck at rural fires. The city was not impressed by free use of the water truck, pointing out that it was not needed by the city, and its only value was in fighting rural fires.

City Discontinues Rural Fire Fighting

The matter of Muenster firemen answering calls to rural fires has been settled, but not to the satisfaction of farmers in this area. Since last Saturday the answer to fire calls outside of Muenster has to come from the Gainesville Fire Department.

The commissioners court of Cooke County in special session last Thursday rejected Muenster's offer to fight rural fires on a 5 year contract for \$2500 a year. According to the proposed contract, Muenster's pay was to begin on August 1, 1979, and the firemen would answer calls without pay until that date.

Schedule of Events Listed For Catholic School Week

During the week of February 4-10 Catholic Schools Week is being celebrated at Sacred Heart School and across the nation. The theme for this year's celebration is "Next to the family, the Catholic School." Catholic schools are "next to the family" in significant ways: in providing the security, warmth, and caring that makes each child's intellectual and spiritual growth possible; and in accepting with parents the shared responsibility of values education. At Sacred Heart School faith is an integral part of each day. Values flowing from the knowledge of God's love for us and His presence in the world are explicitly taught and developed. This nourishes children, parents, friends, and the entire community.

Activities are planned throughout the week to acquaint the public with the Sacred Heart School program and its opportunities for quality Christian education. Monday is designated as Parent Appreciation Day; Thursday as Staff Appreciation Day; and Friday as Student Appreciation Day, with appropriate activities for each day.

5 Student Nurses Receive Caps in Sunday Ceremony

Five students from Muenster were included in the class of 34 Cooke County College nursing students who completed their first year of academic and clinical training at formal capping ceremonies Sunday.

The students are enrolled in CCC's two-year associate degree nursing program, on completion of which they will be eligible to take state licensing exams to become registered nurses.

ADN graduates of CCC have performed consistently well on the state exams, in the percentage who pass and in actual test scores, frequently surpassing students from four-year nursing schools in both categories.

Muenster student nurses receiving the caps were Sandy Voth, Mary Kay Caplinger, Stacie Walterscheid, Mary Fisher and Linda Walterscheid. Another member of the class was Carla Wolf of Gainesville, a granddaughter of the Victor Hartmans.

Relatives and friends of Muenster who attended the ceremony and the reception following included Mr. and Mrs. Julian Walterscheid; Mr. and Mrs. Theo Voth, Bobby Dale Walterscheid and children, Kim, Mike and Duane; Mrs. Rosie Walterscheid; Mrs. Herbert Walterscheid; Mr. and Mrs. Billy Don Wolf and Kevin and Donna; Mr. and Mrs. J. D. Caplinger and Diana; Mr. and Mrs. Paul Caplinger; Mr. and Mrs. Earl Fisher; Mr. and Mrs. Victor Hartman, all of Muenster; Mrs. Dasha Miller and Mr. and Mrs. Walter Wolf of Gainesville; and Ron de France of College Station.

Gymnastics Classes Offered
Sharon Michaels will offer Gymnastics classes, mostly tumbling, at SHH gym, beginning Saturday, February 3 at 9 a.m. Boys and girls, grades 1-12 are invited. A parent, or someone else responsible, must accompany each child, to receive information, regulations or instructions. Mrs. Michaels, a teacher at SHS, may be reached at 759-2787, after school.

Classes Start in Adult Education

Mrs. Marie Mosman has announced the re-opening of Continuing Education classes for adults, or anyone who has not completed High School. Anyone interested in starting may phone her at 759-4138. Instruction is available at all levels and ranges from improvement of basic reading or math skills to preparation for GED-General Equivalency Diploma — High School level; also available is instruction in specialized courses or refreshers to prepare students for advanced study.

Instruction is on an individual basis. Meetings are held in the Muenster Library Building on Tuesday evenings, 6:30-9:30 p.m.

Plants Wanted for Mardi Gras Picnic

The Plants Committee for the Sacred Heart Mardi Gras needs house plants to sell in a booth on Sunday, February 25. The Muenster Garden Center has offered to assist, without charge, by dividing and/or repotting, if needed, plants that are donated. For those who wish, plants may be brought to the Garden Center for this purpose.

The Plants Committee will also gratefully accept any other plants donated by individuals on the day of the festival. However, they emphasize that plants should be labeled and marked with a suggested sale price.

More information may be obtained from Mrs. Vince Felderhoff, (Trudy) 759-2755 or Mrs. Steve Mosier (Mary) 759-2238.

KCs Add 28 New Members Sunday

Eighteen candidates from Muenster and ten from Gainesville joined the Knights of Columbus Sunday in an admissions degree hosted by the Muenster K of C council.

Grand Knight Wayne Klement said that six more who were expected to join did not appear because of conflicts with their plans, but they will have another opportunity when the ceremony is repeated on February 21 in Denton. Any others interested in joining the Muenster, Gainesville or Denton councils will be welcome then.

Weldon Bezners Observe 25th Wedding Anniversary

Mr. and Mrs. Weldon Bezner observed their silver wedding anniversary Saturday with Mass in St. Peter's Church in Lindsay. Father Cletus Post was celebrant.

Participating were Irby Macready, a minister; Andy Bezner, lecturer; and Dan and Pat Bezner, Mass servers.

Nephews, Jacob Bezner of Dallas and Scott Walterscheid of College Station were ushers.

Sister Anna Rose and Sister Ramona Bezner of San Antonio provided music and singing for the Mass.

Weldon Bezner, son of Mr. and Mrs. Jake Bezner of Lindsay and Rose Marie Walterscheid, daughter of Mrs. Alphonse Walterscheid of Muenster and the late Mr. Walterscheid were married in Sacred Heart Church in Muenster on January 26, 1954, by Father Aleuin Kubis.

The Bezners reside on a farm south of Lindsay with their seven children — five sons Matt, Andy, Bruce, Dan and Pat and two daughters Lisa and Sandra.

Reception
 A reception and dance followed the church service. Special guests were Mrs. Leroy Yosten of Muenster, Raymond Sandmann of Lindsay, Viola Bezner of Dallas and Wilmer Walterscheid of College Station. They were the honor couple's attendants at their marriage 25 years ago.

Nieces of the couple Vickie Evans, Connie and Janet Voth of Gainesville registered more than 200 guests.

A buffet of pick-up foods, cake, coffee and refreshments was provided throughout the evening.

Silk flower arrangements and candles made by Nita Fleitman were the table decorations.

Jerry Lawson, "Rosewood" provided music for dancing.

Guests from out-of-town included Jacob Bezner, Mr. and Mrs. Leonard Schmitz and Viola Bezner all of Dallas; Sister Anna Rose and Sister Ramona Bezner of San Antonio; Mr. and Mrs. C. J. "Dutch" Metzler of Pottsboro; Mr. and Mrs. Ralph Bezner of Fort Worth; Mr. and Mrs. Bonny Prescher of Justin, Mr. and Mrs. Glenn Scott of Era; Mr. and Mrs. Wayne Byrn of Houston; Mr. and Mrs. Wilmer Walterscheid and Scott of College Station; Frank Bezner and Gina Knegg of Amarillo; Mr. and Mrs. Nick Yosten and Garry of Hereford; and many relatives and friends of Lindsay, Gainesville and Muenster.

Horse Club Meets

The 4-H Horse Club met at Twin Pine Arena in Muenster on January 23. Larry Fleitman and Nancy Sicking conducted the meeting and called roll, respectively.

Phil Whetstone, Eddie Fleitman and Boots Sicking gave tips on haltering a colt. Afterwards those attending rode Western Pleasure.

Members will be notified by mail about the date and time of the next meeting. Good attendance is urged.

SH Fifth Grades Hold Mock Election
The fifth grade Social Studies Class at Sacred Heart School has just completed a mock presidential election. The purpose of the election and other related class activities was to help students understand how the political system works in the United States.

Ken Hesse, President and Laura Flusche, Vice-President represented the Republican Party and Jean Pangel, President and John Nasche, Vice-President represented the Democrats. The fifth, sixth, seventh and eighth grade students all voted. The Republicans won.

The eighth grade History class is conducting mock trials in relation to the units they study. They have just completed a trial on the legality of "Slavery." Sandy Wimmer and Greg Walterscheid served as attorneys.

All parents are invited to visit these classes at anytime. The 5th grade Social Studies class meets on Monday and Wednesday at 12:40 p.m. and on Tuesday at 10:15 a.m. The 8th grade History class meets on Monday, Tuesday, Wednesday and Friday at 2:30 p.m. and on Thursday at 1 p.m. Tony Horsley teaches both classes.

UNITED STATES DEPARTMENT OF AGRICULTURE
SOIL CONSERVATION SERVICE
TRINITY RIVER WATERSHED, TEXAS

Notice of Availability of Draft Environmental Impact Statement
Pursuant to Section 102 (2) (C) of the National Environmental Policy Act of 1969, the Council on Environmental Quality Guidelines (40 CFR Part 1500) and Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, has prepared a draft environmental impact statement for the Trinity River Watershed, Texas. USDA-SCS-EIS-WS-ADM-78-1(D)-TX

The Environmental Impact Statement concerns remaining planned measures for watershed protection, flood prevention, improved water quality and quantity, and improved quality of life for the area. The planned action for the remaining measures provides for the installation of 134 floodwater retaining structures, 3 multiple-purpose structures with recreational facilities, 10 grade stabilization structures (stream), critical area treatment on 27,000 acres of critically eroding lands, channel work on 15.93 miles of clogged streams, and technical assistance for application of land treatment measures on watershed lands.

A limited supply of copies of the draft environmental impact statement is available at the following address to fill single copy requests: P. O. Box 648 Temple, Texas 76781

Copies of the draft environmental impact statement are available for comment to various federal, state, and local agencies as outlined in the Council on Environmental Quality Guidelines. Comments are also invited from others having a knowledge of, or special expertise on environmental impacts.

Comments concerning the proposed action or request for additional information should be addressed to Mr. George C. Marks, State Council on Environmental Quality, P. O. Box 648 Temple, Texas 76781

Comments must be received on or before March 30, 1979, in order to be considered in the preparation of the final environmental impact statement.

County Continues Responsibility for Ambulances

Ambulance service in Cooke County will continue as a responsibility of the commissioners court, according to decisions made last Thursday in a special meeting of the court with representatives of the Muenster and Gainesville districts.

Faced with the expense of operating the service as well as the cost of a proposed new building to replace the mobile home currently in use, County Judge Greg Underwood asked the hospital districts to meet with the court and talk over the problem.

Both indicated that they could not run the service any more efficiently, and also that the legislation creating the districts does not authorize the collection of tax to support the ambulance service.

Another item discussed was the mistaken idea that ambulance personnel could be better utilized with the hospital connection rather than the present arrangement. David Bright and Pat Holden, administrators, said that both hospital and ambulance work are priority jobs and neither could be dropped in favor of the other. The idea of having one person assigned to two duties would not be practical.

Though declining to relieve the county of its problem, both districts agreed to cooperate with the commissioners court in its handling of the service. Also, they agreed with the court that first rate service should be maintained, that the service should be operated from only one location, and that an advisory committee from the hospital districts assist the county in directing the service.

All at the meeting were pleased with the county's excellent ambulance service and agreed that it should continue operating in that manner. Commissioners were concerned principally with the cost, which has suddenly taken 8 per cent of the county budget. It confronts the court with an alternative of taking away from other funds to finance this one or raising taxes.

Capitol Highlights

AUSTIN — New Gov. Bill Clements asked the legislature to strengthen the governor's powers substantially to deal with growth of the government and bureaucracy.

Clements, in the "first chapter" of his message to lawmakers, asked for budget supervision authority and gubernatorial power to remove state agency members "for stated reasons" and with Senate consent.

Highlights of the new Republican governor's recommendations included:

—A repeat of his call for a \$1 billion tax reduction.

—Power for the governor to appoint chairmen of state boards and commissions "from time to time."

—A freeze on state hiring and an "attrition policy" to reduce the number of state employees by 25,000 over four years.

—Initiative and referendum powers for citizens to pass or veto laws.

—A constitutional ban on state corporate or personal income taxation.

—Power for local voters to ratify or reject tax increases by election.

—Limiting the governor, lieutenant governor and attorney general to two four-year terms.

—Abolishing the state's 10-cent property tax for college buildings.

—Development of a plan for a single tax appraisal office within each county.

—Full implementation of the 1978 tax relief amendment.

Clements, throwing down the glove before advocates of a 22 per cent budget increase, told defenders of sharp hikes in spending the burden of justifying their decision is on them.

Cut Sought
House Speaker Bill Clayton says the Legislative Budget Board budget can be trimmed by \$500 million and the amount returned to taxpayers. Clayton recommended a 2.5 per cent cut across-the-board in the \$20.8 million LBB appropriations draft.

Li. Gov. Bill Hobby, who presides over the Senate, insists the bill cannot be trimmed without a substantial reduction in state services.

Gov. Clements and former Gov. Dolph Briscoe claim a \$1 billion reduction and corresponding tax relief is possible.

Clayton seeks to "freeze" state employment at current levels, to require pooling of state airplanes and to prohibit contracting by state agencies for consultation services and studies without prior approval by the governor.

Meanwhile, Associate State Education Commissioner Raymon Bynum told the House Appropriations committee, in effect, the legislature will have \$72 million more for tax cuts than anticipated. The legislature set aside \$450 million to reimburse school districts for revenue they will lose due to the 1978 tax relief amendment, but Bynum said cost of implementing the amendment is more like \$378 million.

Expanding
There may be multiple capitol complexes in the future. State rent payments jumped from \$1.5 million in 1970 to \$6.1 million in 1978, and may go up to \$8.1 million in 1984. A new \$28 million office building has been authorized.

Field Day Booked On Gopher Control

by Neil Tibbets

A Gopher Control Program will be held at the Cooke County College Farm Tuesday, February 6 at 2 p.m. The Farm is located on Highway 82 east of Gainesville.

Everett Tucker, Field Representative of the Predator Animal Control Service, will conduct the program. Tucker will demonstrate the control method for lawns and gardens. He will also explain the method to use for control on a field basis.

Tommy Davidson, Agriculture Department, Cooke County College, will demonstrate the use of the Burrow Building Machine to control gophers.

Gophers cause serious damage to lawns, shrubs, gardens, and field crops. Gopher mounds are a real problem when cutting hay in the sandy area of Cooke County.

If you have questions regarding the Field Day, contact Neil Tibbets, County Extension Agent.

Forestburg News

By Myrt Denham

As in any town, city, or community there are the working wives — which in itself is not really news. However, the other day after making a trip into the burg a couple days in a row a Dewey gentleman came home and commented to his wife, "Seems strange to me that alot of these fellows that have working wives are always ailing in some way, or too tired or too cold for work."

Mrs. Regina Blankenship celebrated her 83rd birthday on Saturday, Jan. 20th. We all wish this lovely lady many more happy returns of the day.

Mr. and Mrs. Clayton Fenoglio and family of Montague spent the weekend of Jan. 20th with her parents Mr. and Mrs. Eddy McClure.

Mrs. Shirley Lanier of the Burg and Mrs. Linda Moore of Saint Jo visited with their children in Wichita Falls the weekend of Jan. 20th.

Mrs. Jo Ann Sicking and her class sponsored a chili and bean supper in the School House lunch room Fri. Night, Jan. 26th. This certainly is chili and bean weather, to say the least.

Mr. and Mrs. Gilbert Churchman of Sudan and J. C. and William Penny of Lubbock were recent overnight guests of their Aunt, Mrs. Alice Shears.

Recent visitors of Mr. and Mrs. Joe Hunt of New Harp were Mr. and Mrs. Junior Freeman, Mr. and Mrs. Jackie Don Freeman and family and Elmer Hunt and son all of Alford.

Mrs. Herman (Ora) King of New Harp visited with her son and family the Jerry Kings of Alford on Monday, Jan. 22nd.

The Forestburg Baptist Church has a new minister — he is Rev. Pat McCurdy and wife of Fort Worth.

Perryman Denham and Charlie Barclay made a trip to Wichita Falls Monday, Jan. 22nd. They visited with H. B. Perryman and Grover Cook in the Bethania Hospital and with Pete Cox in the Wichita General Hospital. Pete has been in bed for five weeks flat on his back after receiving very serious injuries falling out of a tree. On the way home they stopped by to visit with Mrs. Joe Denham of Bowie who is also on the ailing list.

Mr. and Mrs. W. T. Reynolds of the Burg and Mrs. Pauline Grey of Canon City, Colo., visited with H. B. Perryman Sunday, Jan. 21st and on their way home by in Bowie to visit with Mrs. Joe Denham.

YOU CAN BANK ON IT!

1978 was a good year. We owe our success, of course, to our customers. And we believe we keep our customers and add new ones because we understand how customers think. When you come into the bank, we know you want pleasant, helpful service and frequently you're in a hurry. Our goal is to get you up to the window, or to an officers desk, quickly, to complete your transaction or answer your questions without undue delay.

Helping you with banking problems is more than just taking deposits and honoring checks, or making loans and keeping books. Banking is also answering questions and offering advice when sought. Simply said, our people are here to help you. It's this kind of attitude that helped us have more customers last year than the year before. * If you need help with a financial problem, ask any of our officers. When they advise you on banking practices . . . you can BANK on it!

Bomber crash takes life of Richard Fette in California; military funeral will be held here. Former Muenster resi-

dent, Joe Horn 82, dies in Wisconsin. Special section of local cemetery is reserved for service men. Local paper drive for war effort nets one ton. Posthumous award of Purple Heart is made to Frank Moster. Albert Rohmer leaves for overseas duty in ETO with a tank battalion. Tony Fleitman who is in New Guinea with the Air Force is promoted to Corporal. Lambert Bezner and Herbert Bezner, Lindsay Seabees, are at home on leave after eight months on Attu. Seabee Clarence Metzler is

transferred from Guadalcanal to New Guinea.

Muenster turns to rugged and resourceful living after record-breaking ice storm, the worst since 1945, and possibly the worst in the history of this area. Cecil Harry, war victim, is reburied at Rosston. Parish men are assessed five days of labor on old church job. Lizzie Stelzer, resident here since 1910, dies Jan. 24. Leo Becker, Henry Felderhoff and Johnny Schmitz begin army training. Mrs. J. B. Cason is recovering from major surgery. LuElla Arendt and Vincent Zimmerer marry. Local mission circle ships 150 pounds of clothing to needy.

A Red professor, lecturing on insects at a satellite university, was bent on indoctrinating his students in Marxian methods of thinking.

"In my right hand," he began, "I have a flea. I now order the flea to jump over to my left hand. As you see, the flea obeys me."

"Now," he continued, "I remove the legs of the flea and order it to jump again. You will note that the flea does not jump. This gentlemen, proves scientifically that a flea whose legs are removed becomes deaf."

It is better to trust your fellowmen and be occasionally deceived than to be distrustful and live alone.

pital asked Roe what he was going to do when he got home and he replied, "I'm gonna eat." Guess that hospital food or the amount dealt out is the most common complaint of patients — so they can't wait to get home to eat.

Mrs. Maryetta Foster and Gene visited with Mr. and Mrs. Quinten Conyers of Saint Jo, Sunday, Jan. 21st. Frances Brewer and Alice Shears spent Fri. a.m., Jan. 26th in Muenster shopping and then returned to Alice's home where the two enjoyed a lovely lunch.

and family of Midway spent Sunday, Jan. 27th with Vera Mae McGee and attended church services with her at the United Methodist Church.

Mr. and Mrs. Hal Walling of Wichita Falls, Perryman Denham and Gretell Fanning visited with Mr. and Mrs. Ross Littell Sunday p.m. Jan. 27th. Ross is still house-bound due to his broken leg.

Ben and Casey Jones received word Fri. a.m., Jan. 26th that their brother-in-law Dean Martin of Bowie had passed away. Funeral services were conducted Sat., Jan. 27th at 2 p.m. in the Owens & Brumley Funeral Home in Bowie with Rev. Don Halt, pastor of the First United Methodist Church, officiating. Burial was in the Perryman Cemetery at Forestburg. Survivors include his wife Audrey, four brothers, Vincent of Saint Jo, Cecil and Edward, both of Dallas, and Garland of Amarillo, Texas and two sisters, Mrs. Leon Perryman of Lamesa, Texas and Mrs. Frances of Dallas.

Marion and Howard Sockwell decided to get rid of their "Cabin-Fever" Ailment Sunday p.m., Jan. 28th, and drove to Bolivar to visit with Mr. and Mrs. Ken Corley.

While we are on the Sockwells we would like to mention that their daughter, Mrs. Joyce Kenas, of Argyle will enter Flo Hospital in Denton, Feb. 5th and is to undergo major surgery on the 6th.

Mr. and Mrs. Ted Jackson visited Ted's sister Mrs. Eula Steen in the Yes-ter-Yer Home in Saint Jo Sunday p.m., Jan. 28th and then went on to visit a sister-in-law, Mrs. Vera Jackson of Nocona.

Mr. and Mrs. W. T. Reynolds, Shelley Perryman, Johnny Carter and Perryman Denham all visited with Mrs. Joe Denham, Bowie, Sat., Jan. 27th. Joe is still on the "sick-list" at this writing.

Mr. and Mrs. Charlie Barclay motored up to Wichita Falls to visit with H. B. Perryman in the Bethania Hospital. They found H. B. feeling very well, drinking "Big-Red" Soda Pop and also having Forestburg water to drink. H. B., like so many of us, can't go that Wichita Falls drinking water. From Wichita Falls the Barclays headed for Alvord where they visited Charlie's brother, Troy and wife, Donna.

On this Monday Night of Jan. 29th we once again find this part of Texas under a blanket of snow. Luck was with us — no high cold wind, no sleet or freezing rain — so we do have much to be thankful for. Let us all be happy we do not live in Chicago, or some of the other areas that are really snowed in.

J. A. Klements Visit Maryland and D.C.

Mr. and Mrs. J. A. Klement flew from D-FW to Baltimore, Maryland on January 22 to visit their son and family, Dr. and Mrs. Jerry Klement and children in Crofton.

The next day they attended the horse races together in Bowie, Maryland. On Thursday, John Klement took the subway to Washington, D.C. and visited with Congressman Charles W. Stenholm in his office, and also in the office of Senator Loyd Benson. The senator was not in, but Mr. Klement visited with his Legislative Assistant, Marty Clayton of Austin. Later in the day, Klement met his son, Jerry, in the U. S. Department of Agriculture Building where he works and they returned home together.

On Friday both families drove to New York City together and enjoyed a 4 1/2 hour guided tour. Saturday evening in Crofton they attended

the Mass when the Jerry Klement's daughter, Cori received her First Holy Communion. Jerry, a Deacon, assisted at the Mass.

Widespread snow followed the Klements. Sunday morning they awoke to see a fresh, four inch snowfall. When they arrived at D-FW Monday, snow was falling and by the time they turned from Highway 82 to their own FM road, Monday evening there was another four inch layer.

First words spoken over the telephone were, "Watson, come here; I want you," spoken by Alexander Graham Bell to his assistant.

SAVING TIPS

on electric heating

1. Keep heating equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
2. Set thermostat at 68° or lower. Lower to 50°-60° if you'll be away several days.
3. Weatherstrip doors and windows; caulk cracks to prevent drafts and warm air loss.
4. Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions; if it's disposable, replace if dirty.
5. Thorough home insulation keeps the warmth in, cuts energy use. Can pay for itself by lowering heating (and cooling) costs.
6. When fireplace is not in use, keep damper closed.
7. On sunny days open draperies, blinds to let in warmth of sun.
8. Open outside doors as little as possible.
9. Keep furniture, draperies away from air outlets and returns so air will flow easily. Clean often.

SH Juniors Win 3 From Public School

Junior High kids of Sacred Heart made a clean sweep of their triple header with the public school during the weekend on the Tiger court. The Tiger Cubs enjoyed a 26-14 runaway, future Tigerettes squeezed out a 12-10 win in overtime. And 7th grade girls won 6-0 in only a quarter of play.

Puppet Stoffels, who was named 7th grade player of the week, made 4 points in that game and Sharon Fleitman made 2. Players of the week in the eighth grade are Craig Walterscheid and Sandy Wimmer.

The junior high girls game was a low scoring disappointment on both sides with Sacred Heart leading 4-2 and 6-5 the first 2 periods tied at 8-8 and 10-10 at the third and fourth. Sandy Wimmer's lone 2 pointer in overtime was the winner. Sandy's game total was 8 points and Laurie Grewing and Missy Stoffels added two each. Public School scorers were Sherri Hess 4, Stephanie Richey 3, Kyla Hale 2, Rene Wimmer 1.

The Cubs started slow, trailing 2-0 at the first period, then took command and gained through the rest of the game. Their scores were 8-4, 15-5 and 26-14. Craig Walterscheid and Neil shared the scoring honor with 7 each, Darrell Herr hit 6, T. J. Walterscheid 4 and Curtis Henschel 2. Kevin Felderhoff scored 8 for the public school, Wayne Carroll, Billy Grewing, Tony Otto and James Bright each made 2.

County Shocked By Estimates of Jail Construction

The proposed new Cooke County jail is becoming more and more of a headache to the commissioners.

At their meeting last week they discovered that the latest low bid for the contract is \$1,194,711 and the next low bid is \$95,000 higher. The figures came as a shock, considering that the latest estimate by an architect was in the range of \$800,000 and the fund on hand for the project is only \$674,000.

Because of the problem, the commissioners favor a modification of plans to bring the cost more in line with available funds. Changes were suggested in floors, walls and ceiling of the 9000 square foot structure. Considered as another possible cost cutter was the court's take-over as its own contractor and hiring someone to supervise the construction.

Regarding changes of specifications, however, the court is aware that some will not be allowed by the Texas Jail Standards Commission.

Still another problem is a wage dispute related to a federal act requiring conformity to federal wage regulations on a federal construction job. The jail is to be built mostly with revenue sharing funds. It would help if wage rates of the county could be used rather than those of the Dallas-Fort Worth area, as originally ordered.

Meanwhile the commissioners face the fact that construction costs are rising about 20 per cent a year. The delay which has already cost many thousands is likely to keep costing.

Muenster Teams Drop 7 Games to Lindsay, Sanger

Basketball was all bad for the Muenster High teams during the past week with junior varsity teams losing two to Lindsay and one to Sanger and the varsity teams losing two each to Lindsay and Sanger.

At Lindsay last Friday the varsity gals started with a slump for a 31-12 first half deficit. In the next half they matched their opponents 14-14, coming away at the short end of 45-26. Robin Walterscheid hit 19 for MHS and Deb Zimmerman 5.

The Hornets were good in two periods but Lindsay was better in the other two as the Knights led all the way by scores of 19-3, 29-17, 52-28 and 63-48. David Felderhoff led MHS scoring with 16, 14 of that in an extra hot fourth period. Ricky Winn made 9, all at the foul line, Kevin Klement hit 8, Floyd Felderhoff 6, Todd Richey 6 and Don Grewing 5. Lindsay's Larry Hermes was high with 21.

JV Hornets were walloped 22-16 and JV Hornets by the slightly better 36-26. Elaine Grewing and Charlotte Fleitman made 4 each for the girls. Don Frazier led the boys with 17.

The Hornets played one of their better games of the season in losing 85-53 to Sanger, a super smooth outfit, with 4 talented seniors and rated No. 2 in state class A. The Hornets broke even at 17-17 in the third but other periods made a big difference, and scores by periods were 24-14, 46-25, 65-42 and 85-53. MHS leading scorers were David Felderhoff 15, Todd Richey 14, Floyd Felderhoff 12, Ricky Winn 8. Sanger leaders were 25 and 16.

A terrible second period, being outscored 16-8, was the big trouble for the MHS gals. Starting with a 10-8 lead they dropped to a 24-18 half time deficit and played almost even in the third and fourth for counts of 32-24 and 45-35. Robin Walterscheid led the Muenster effort with 15 and 11. Junior varsity girls lost 21-14 to Sanger as Jill and Carla Walterscheid scored 6 each.

St. Richard's Villa News

Musical Program
A very special musical program entertained residents and staff of St. Richard's Villa the afternoon of Thursday, January 25.

Mrs. Aileen Lambert and Mrs. Estelle Chilcut of Fort Worth, accompanied by Fred Pogue and John Williams of Gainesville brought the outstanding presentation of singing, piano music and hymns. They graciously sang request numbers and also led the singing of favorite hymns. And promised to return often. Residents indicated eager anticipation of more music.

The weekly game party hosted by the Ladies Auxiliary was held Wednesday, January 24. Most of the residents participated and with much enjoyment.

Sunday afternoon guests again included Fred Pogue who played the piano and John Williams who led singing, joined by residents and staff.

Knots in pine logs are almost imperishable, decaying much less rapidly than the log itself.

50% of the work, and six years ago they did only 38% of the work.

Among workers who have a choice, the trend apparently is away from unionism. It's understandable that worried labor bosses are working all the angles to maintain and increase their membership through compulsory unionism.
