SEPTEMBER 19, 1980

NUMBER 44

About the time that the nomination of Ronald Reagan as GOP presidential candidate was beginning to seem probable, occasional comments came out warning Reagan to expect an endless barrage of vicious attacks during his campaign. He and his supporters were told that the Carter publicity machine and the liberal media would make every effort to destroy him. The strategy was to use a big and unscrupulous staff of hatchet men to watch for every vulnerable statement and exploit it to the limit, not only attacking the unfortunate slip of the tongue but also twisting the meaning of legitimate statements.

Regrettably, Reagan himself started with a few boners, such as the one about the Klansmen in Alabama. He promptly apologized for that one but his tormenters will not let it be forgotten...even though his explanation was reasonable and adequate when it said his criticism was not intended as a slur on the state and the accusing insinuations were false.

Another boner was the conflict of statements by himself and George Bush concerning future relations with Mainland China and Taiwan, a delicate subject which could be easily fouled up, especially when pressurized by the Chinese Reds. Reagan's position has long been well understood. He favors good relations with both countries, and it is understandable to have Bush assure Peking of the intention to get along with it. However, the Red position is that friendship with one implies hostility to the other. So, the likely explanation of the whole mess is Bush originated it by accepting the Chinese brand of logic.

Regardless of what the political hit men are saying, this thing has been unscrupulously exploited. Common sense tells that the conflict of statements was not intended. And furthermore Reagan's stand does more credit to our country than the treacherous betrayal of Taiwan promoted by the administration.

To make matters worse, the vicious Carter-Liberal campaign tactics seem to be getting results. The attacks on Reagan's veracity and sanity apparently have a bearing on Carter's recent gains in the opinion polls. Just as planned, the political hatchet men are creating doubts about Reagan's qualifications for the presidency.

Closeness of the poll count indicates, furthermore, that Reagan is headed for defeat unless he and his campaign organization find an early solution to their problem. Maybe they need two solutions: first of all a super effort to guard against the kind of statements which can be exploited, and secondly more alertness in exposing falsehood originating with the other side. Something of that sort was proposed weeks ago, but so far little if anything appears to have been done. Well, it's high time to get going before the Carter campaign attains a momentum that can't be stopped.

As things stand now this political year has the potential to become the saddest of our nation's history. To be aware of present conditions and fail at correcting them bears testimony to the old statement that bad government exists because good people do nothing about it.

Jack Kemp rightfully described the GOP objective as a crusade rather than a campaign. The election of Reagan is a means to that end, but the real mission is to re-establish the old moral and political principles upon which the nation's greatness was built. People who believe in God and the original American way can't

\$798,797 Budget Adopted

A budget of \$798,797 was adopted by trustees of the Muenster Independent School District at their regular meeting Thursday night. The expected operation is based on actual expenditures of the previous school year with adjustments for inflation.

The principal items of expense is instruction, a total amount of \$413,668, with payroll accounting for \$382,168.

Instruction related service, principally the library is estimated at \$20,500, the scholastic administration is

budgeted at \$22,065, general administration at \$83,200 and pupil transportation at \$32,850, maintenance and operation, \$76,500.

The other categories are guidance and counseling \$1,200, health service \$300, co-curricular activities \$4,500, food services \$7,300, debt service \$46,714.

The remaining sum of \$90,000 is intended for acquisition and construction of facilities.

Funds to sustain the operation will come from local and state revenue. The principal local source is local

maintenance tax estimated at \$325,600 and debt service tax estimated as \$44,400. These figures are based on an estimated district valuation of \$50 million and a tax rate of 74 cents per \$100 of valuation.

Principal revenue from the state is per capita and foundation \$296,346; transportation \$30,000; elem. and sec. education act, \$35,600; vocational \$1,100; other state revenue \$10,000.

Total of all income is estimated at \$797,201.

In the business the school board approved the pur-

chase of new furniture for four classrooms. It was ordered from Griggs Equipment Co. of Belton for delivery in 45 to 60 days. The board also approved construction of a partition in the kindergarten department to make room for another classroom, which is to be used for grade 1. Because of overcrowding, grades 1 to 4 are re-arranged to six rooms assigned to the following teachers:

Marain Russom, grade 1; Jane Weinzapfel, grade 2; Gwen Trubenbach, grade 1 and 2; Carol Dyer, grade 3; Barbara Robison, grade 4; Lynn Dangelmayer, grades 3 and 4.

The first grade teacher, Marian Russom, is new on the faculty since school started. She is a native of Fort Worth a 1980 graduate of North Texas State University with a major in elementary education.

Another recent addition is Sherri Robison, wife of Jimmy Robison. She is the secretary to Superintendent Coffey.

Ronnie Knabe Needs More Blood

It's been nine weeks now, since Ronnie Knabe returned to Cook Children's Hospital in Fort Worth for further treatment of acute lymphoid leukemia and every day of the nine weeks a Muenster or Dallas relative or friend has been at his side to give blood needed to sustain his life. Some have given more than once, some as often as three times.

Now new volunteers are

needed because the list of donors has been almost exhausted. While expressing deep gratitude to "wonderful Muenster people and other area friends", Ronnie's parents, Mr. and Mrs. Gilbert Knabe and his grandparents, Mr. and Mrs. Gene Hoedebeck are appealing for new volunteers to give the desperately needed blood.

Mrs. Hoedebeck said Tuesday that the response of those offering blood, help and time has been "tremendous".

Then she emphasized the very urgent and essential daily need for more blood donors to help Ronnie arrive at a time when he is able to go to Houston for a bone marrow transplant.

She told also of the family's visit with Ronnie last Sunday, some time after a new drug was tried - a treatment that seemed to be giving new hopes and very encouraging improvement. The very happy result of the new treatment enabled Ronnie to sit up in bed and carry on conversations with visitors with enthusiasm and interest.

And then his grandmother repeated her appeal for con-

tinued prayers and new blood donors of Type O Negative.

Friends and relatives read with interest a story and picture of Ronnie Knabe carried in the Sunday edition of the Dallas Morning News, telling of his illness and prolonged treatment.

After the story was carried in the Sunday News, a dream came true for Ronnie. He told his father Tuesday evening by phone that his visitor that day was the Texas Rangers' Jim Sundberg who brought an autographed baseball and a Rangers T-shirt. Ronnie said with great glee: "I was so happy I almost cried. I always wanted to meet him." "Other gifts brought by the little boy's baseball hero were his picture at bat, and an autographed portrait. During the visit the two examined a scrapbook made by the boy.

On Wednesday the Fort Worth Star Telegram carried Ronnie's story and a picture of him with the Ranger catcher.

The family has been told of a probable TV feature in the future.

St. Mary's Plans Fall Festival

Plans for the St. Mary's Church Fall Festival in Gainesville are now in progress. The Fall Festival will be held on Sunday, September 28th, starting at 11 a.m. in the St. Mary's Parish Hall. A chicken and dressing dinner will be served from 11 a.m. to 2 p.m. The prices of the meal is \$3.50 for adults and \$2.50 for children under 12 years of age. Advance tickets may be purchased at the school or at the church rectory.

Many booths and games will be featured for entertainment. The highlight of the day will be a large auction to be held at 5:30 p.m. in the St. Mary's Parish Hall. All the public is invited to attend.

KCs Get Set for Columbus Day

Muenster Knights of Columbus have their plans well advanced for activities in their annual observance of Columbus Day, the feast of their patron, Christopher Columbus.

Grand Knight Harold Flusche announced this week that celebration of the feast, which actually occurs on October 12, will begin on Sunday, October 5, at the 9 a.m. Mass in Sacred Heart Church followed by presentation of the council's annual Good Neighbor Award, which is given in the spirit of ecumenical good will to a member of another faith.

KC officers urge full attendance of members and their families at this service and invite the widows of deceased members to join them. A special place in church will be reserved for them.

The church service will be followed by communion

breakfast in the K of C Hall with the Good Neighbor as an honored guest and Don Sauermann of Dallas, past state deputy as the speaker. Sauermann is known to many local people for his weekly TV commercials advertising Haverty's and Wine of the Week.

Also a part of the Columbus Day observance is a social event in the KC Hall

on Saturday night, Oct. 11. It will be open to everyone, will include a happy hour starting at 7 and a dance starting at 8. Music will be provided by Ed Landry's band, recommended by people who attended the Jaycee installation. Reservations can be obtained by calling the KC Club or Grand Knight Harold Flusche.

Punt, Pass & Kick Competition Dated September 27

This community's annual Pass, Punt and Kick Competition, sponsored jointly for many years by Endres Motor Company and the Muenster Jaycees, has become an exclusively local Jaycee production.

Following Ford Motor's discontinuation at the national level, the local Ford dealer has quit on the local level. At the same time many other Jaycee chapters are adopting the program and initiating steps toward adoption of the national program by the national organization.

This year's competition at Muenster has been scheduled for Saturday, Sept. 27 at one of the local football fields, and the rules of previous years will apply. There will be six age groups, 8 to 13 inclusive, and the eligible age for each group is

determined by age as of December 31, 1980. For instance a boy or girl entering the 8 years age group must reach the eighth birthday any date this calendar year, and may actually be 7 years old on the contest date. Winners of the first three places of each age group will receive trophies.

The scoring method is the same as before. Distances of the passes, punts and kicks...less deviation from a central line...are totaled for the contest score.

Jaycee chapters of North Texas are also considering a regional contest of winners in Saturday's local contests. It will probably be held here in October.

Herewith is an entry form which can be filled out and deposited in a box at Hofbauer's. If the contestant prefers he may turn in the form at the contest.

You've got to stop, and smell the ... Periwinkles.

Staff Photo

City Receives \$3,287 Sales Tax Check

The City of Muenster has received a check in the amount of \$3,287.67 as rebate for city sales taxes collected here through the period ending September 4, 1980. The money, paid on taxable sales in Muenster is remitted to the comptroller by local business firms along with the 4 per cent state sales tax, and the 1 cent city sales tax, less a 2% collection fee, is sent back to the city.

Comptroller Bob Bullock reports that total rebates for the city sales tax for the past period was \$25.5 million, which upped the state total to \$418.5 million for the year to date, a substantial increase over last year when total rebates through October reached \$364.5 million.

As of now total rebates received by the city add to \$59,330.44, a healthy 20% increase over last year's \$49,253 total on the corresponding date.

Payments to other cities of the area along with their total rebates to date and the per cent of change since last year were reported as follows.

Gainesville, \$41,357, to date \$561,239, up 7%; Lindsay \$1,673, to date \$34,649, up 8%; Nocona \$4,940, to date 98,755, up 20%; Pilot Point, \$2,456, to date 33,143, up 18%; Saint Jo, \$1,056, to date \$20,710, up 31%; Sanger, \$1,734, to date \$26,266, up 29%; Whitesboro, \$2,050, to date \$67,710, no change.

Entry Form

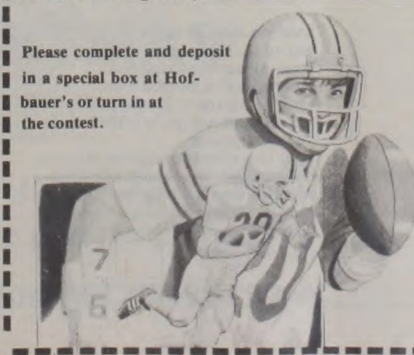

1980 PP&K Competition in Muenster
Saturday, September 27

Name _____

Age _____ Date of Birth _____

Parental consent given by _____

Please complete and deposit in a special box at Hofbauer's or turn in at the contest.

New Assistant Extension Agent

Cookie Meyers is a new member of the County Extension office as assistant county agent since September. She's a native of Mount Pleasant, former student of Texas A&M and a graduate of Texas Woman's University with a degree in home economics. She has since worked toward a master degree at A&M. Her assignment is in 4-H club and youth group activities.

Harvest Hoedown Date Is Saturday, Sept. 27th

The Muenster Chamber of Commerce along with participating business people are getting set for their second annual Harvest Hoedown Saturday of next week, Sept. 27.

Headed by Dennis Hess as chairman, the event is intended as a welcome to neighbors on both sides of the Cooke-Montague county line. It will feature special savings in the participating stores plus country and western music and a fiddlers' contest with prizes.

An extra special attraction is a drawing on two sets of four tickets each to a Cowboy football game, whereby two lucky winners can be hosts at a game party with compliments of the Chamber of Commerce. Registration blanks will be available in participating stores, and people are in-

ited to come and sign up. It's for free, they don't have to buy. All of the registration slips will be gathered and mixed just before the drawing.

To provide free movement and plenty of space for the drawing, musical presentation, fiddlers' contest, the second block of Main Street will be closed to vehicle traffic.

Paint Horse Show Booked for Sunday

A paint Horse show sponsored by the 4-H County Horse Club will be presented next Sunday, Sept. 21, 9 a.m. at the Riding Club arena. It is on the APHA approved show directed by Boots Sicking.

Contestants will be charged an entry fee, however there will be no admission price for the spectators a concession stand will be open.

Additional information is available from Sicking, 759-2563.

 Congressman
Congressional Comment

WASHINGTON, D.C. — With the recent passage of the Rail Act of 1980, Congress has now taken significant steps toward deregulation of our three primary transportation industries: air, trucking and rail.

Two years after the deregulation of the nation's airlines, we are all aware of the many changes in that industry, particularly the increased competition by which small commuter airlines are serving the public well with increased service at competitive costs.

Now, only four months after passage of the trucking deregulation bill, we are beginning to hear of initial effects of competition on that industry. Members of the trucking industry have reopened contract negotiations with the Teamster Union this week, a move thought by many to have been brought about by the increased competition by non-union firms after deregulation.

In both cases, I applaud that increased competition, feeling that it supports my strong belief in the Free Enterprise System, even though there may be economic dislocation of major importance in the short-run.

In the case of rail deregulation, however, it is the lack of competition in many areas that may lead to trouble. Many areas and industries of our state are served by only one railroad and must depend solely on that transportation for the movement of such bulk commodities as grain, steel, coal, auto parts and chemicals. The Rail Act of 1980 may have failed to provide a balance in railroad ratemaking with respect to those captive shippers.

I supported a provision, the Eckhardt Amendment, which would have given the Interstate

Commerce Commission greater flexibility for review of rates where railroads enjoy monopoly power and can extract exorbitant rates from these captive shippers.

The City of San Antonio presents a representative case of the problems caused for captive shippers: After being locked into plans to convert the city-owned electric utility from oil and gas to coal, the city has seen a 260 percent increase from the transportation rate initially proposed in 1973.

That amendment did fail (296-83) and I subsequently supported the compromise legislation because it was the best we were going to be able to pass.

There can be no doubt that the railroads need increases in rates to be able to afford desperately needed improvements to lines and equipment. (Competition — from coal slurry pipelines or such — will dictate eventual rates.) A return on equity of only 2.6 percent last year is solid evidence that if some changes were not made, this important means of transportation was simply going to become so unprofitable that every track in the country would soon be just a piece of rusty iron headed for the scrap pile.

The choice was to pass a solid, although imperfect, bill; give up on the railroads as a viable means of transportation and turn to even more expensive transport for bulk commodities; or continue to pour federal money (to the tune of some \$11 billion during the past five years alone) into inefficient government-managed rail lines. CONRAIL and AM-TRAK were enough for me to make my decision to support rail deregulation. With any deregulation, we are surely headed down the right track.

FOREIGN AID: WORLD-WIDE INCOME REDISTRIBUTION

From 1789, the birthday of our Republic, to the 1930s the government of the United States functioned largely to keep the peace. It limited itself to protecting the rights of the people, kept them secure in their homes and businesses, but otherwise left them alone, free to create and enjoy — to pursue happiness.

But with the advent of the New Deal a new philosophy of government gained power over the people. The new point of view was that the function of government was to take care of the people — to provide for their housing, their food, to pay them when not working, and provide for their security in old age.

The new philosophy of government was and is based on income redistribution. Those who had earned some measure of wealth by diligence, and business acumen, were to have their wealth confiscated to be redistributed to those who had less.

After World War II, when the United States made the critical mistake of promoting the United Nations, step one toward a one-world socialist system, it was only natural that the redistributionist thinkers of the federal government would find their way into positions of leadership in the new international organization.

Now the United Nations is attempting to redistribute the wealth of the producer nations to the rest of the world. In an article in the summer 1977 issue of Policy Review, Prof. Peter Bauer and John O'Sullivan, British economist and economic writer, respectively, gave us a clear insight into the philosophy of these international redistribution thinkers.

No longer is foreign aid solicited as an act of charity. Indeed, charity is indignantly rejected as demeaning. Nor is it still justified principally as the means of ensuring economic development in less developed countries — though that remains a secondary argument. Today, in international forums, the large-scale transfer of resources from the West to the Third World is demanded as a right. It is presented as some small recompense for the West's unjust economic exploitation, past and present, which is alleged to have caused the poverty of the developing world. But the NIEO (new international economic order) goes beyond even this. Its demands clearly imply that everyone everywhere should be entitled to a substantial income by virtue of being alive, regardless of economic performance.

"The Tanzanian dictator, put these arguments succinctly during his 1975 state visit to Britain when he said:

"In one world, as in one state, when I am rich because you are poor, and I am poor because you are rich, the transfer of wealth from rich to poor is a matter of right; it is not an appropriate matter for charity."

"The objective must be the eradication of poverty and the

establishment of a minimum standard of living for all people. This will involve its converse — a ceiling on wealth for individuals and nations, as well as deliberate action to transfer resources from the rich to the poor within and across national boundaries."

Do you think you have an obligation to support the rest of the world? If you don't, you'd better change your national leadership, which is moving toward a "one world" government, in which America's five percent of the world's population would have very little to say.

Complain Effectively

While most dealers and power equipment manufacturers are ethical and honest, and their products are of good quality, there are times when complaints are in order.

Because they don't know how to complain effectively, and may lack the records needed to back up their claims, people lose thousands of dollars unnecessarily each year.

The Outdoor Power Equipment Institute offers these suggestions to help you make your legitimate complaints pay off:

1. If you have a complaint, bring the item back to the dealer who sold it to you. Explain the problem and request satisfaction — politely but firmly.
2. If the dealer won't accommodate you, write to the manufacturer's customer complaint department, giving a detailed description of the product (model and serial numbers, etc.) and enclose a copy of the check and/or receipt from purchase of the product. Explain what transpired between you and the dealer.
3. If you speak to someone on the telephone, keep a record of the name and take notes on the conversation.

You deserve your money's worth. Get it.

Express Your Opinion

The Muenster Enterprise extends an invitation to its readers to express their opinions on matters of local, state or national importance and thus join in the service of communicating the importance of these issues to people of the area through letters to the editor.

The Enterprise reserves the right to refuse publication of any letters which may be viewed as slanderous, inflammatory or in poor taste.

Letters must be signed. Any letter submitted for publication will be turned down if unsigned.

The name of the person submitting the letter will be published along with the let-

A PROCLAMATION

WHEREAS the Young Homemakers of Texas strive for development and a deeper understanding of the home and its influence upon the community, and

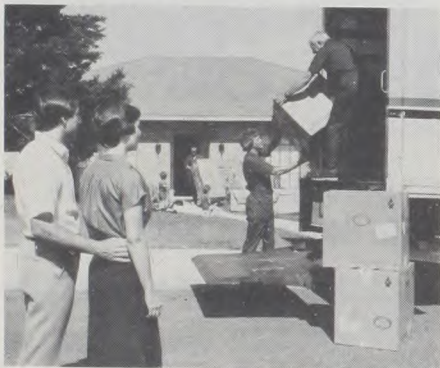

WHEREAS they undertake activities designed to improve the home and community, and

WHEREAS they seek to strengthen the bond of the family, maintain spiritual values, and encourage democracy in home and community life,

THEREFORE I, Richard E. Grewing, as Mayor of this City proclaim the week of September 21 to 27 as Young Homemakers' Week in Muenster.

Richard E. Grewing, Mayor

When they flip the switch...

they'll be glad they moved to "TP&L Territory."

No one ever knows for sure what they're going to find when they pull up roots and move to a new part of the country. There's always that feeling, "Will things be the same as they were back home?"

One pleasant surprise for many people is the dependable supply of electricity they enjoy in "TP&L Territory."

We're taking every possible step to provide you with dependable service at the lowest possible cost.

TEXAS POWER & LIGHT COMPANY
 A tax-paying, investor-owned electric utility

Hearing Tests Set for Muenster

Special electronic tests will be given free at the Beltona mobile testing and service unit on Wednesday, Sept. 24, 9 a.m. to 3 p.m.

Factory trained hearing aid specialists will be at the mobile unit at Sacred Heart Community Center.

Anyone who has trouble is welcome to have this special test using the modern electronic equipment to determine the hearing aid most likely to help.

Many persons with a hearing loss can be helped with a hearing aid.

Everyone who has a problem of hearing clearly should have this test.

Even people now wearing a hearing aid or those who have been unable to find help before should have this test to find out which of the current methods of hearing correction can help them hear better.

The free test will be given Wednesday from 9 a.m. to 3 p.m. at Sacred Heart Community Center. If you can't get there on that day, call 665-8172 in Gainesville and arrange for an appointment at another time.

In-home testing is also available. Adv. 44-1D1

WE BUY NATURAL GAS THE WAY YOU BUY GROCERIES.

Lone Star shops for the best values. Just as one brand of green beans might be a better value even though it costs a penny or two more, gas that costs the least could prove to be the most expensive.

We have to consider a number of factors. How much gas can we expect from a new field? How close is it to our existing pipelines? How much processing will the new gas need? Is the BTU content high or low?

As a result of this careful shopping, Lone Star's weighted average cost of gas in 1979 was \$1.76 per MCF (1,000 cubic feet) of gas — lowest of any major intrastate gas company in Texas.

This savings is passed on to you because your monthly bill is based on our average cost of gas.

GAS. IT'S PLENTIFUL, EFFICIENT AND RIGHT FOR THE TIMES.

CAPITOL UPDATE

John Tower
 U.S. SENATOR FOR TEXAS
 142 RUSSELL OFFICE BUILDING
 WASHINGTON, D.C. 20510

Recent Senate committee hearings confirmed that the Administration's grain embargo has had a minimal effect on the Soviet Union, while dealing a hammer blow to the American farmer.

The President's purpose in imposing an embargo on grain sales to the Soviet Union was to punish the Soviets for their invasion and subjugation of Afghanistan. We were told depriving the Russians of feed grains would have a devastating impact on their meat production. In fact, the impact has been so slight, the average Russian is giving up not more than the equivalent to two hamburgers a month. Brezhnev probably isn't giving up that much.

For the farmer, the embargo meant plummeting prices, which began to rise again only as a result of a drought — which diminished production to such an extent many farmers will see scant benefit from the recent increases.

Therefore, we must conclude the only real victims of the embargo are American farmers. Aid promised by the Administration to minimize the damage to American agriculture has been slow and inadequate. Obviously, the embargo must be lifted immediately.

But the embargo raises even larger questions which cry for answers. A number of my colleagues and I have called for joint hearings of the Senate Agriculture, Banking and Foreign Relations committees to examine these critical issues. We are concerned that the decision to embargo grain as an instrument of foreign policy apparently was made without thinking through the implications for the future.

We want to ask Administration officials:
 — Have trade suspensions proven to be an effective tool of foreign policy? I know of no instance in which they have been.

— Does the Administration intend to make future use of trade suspensions to help carry out its foreign policy? If not, it seems unfair that the American farmer has been singled out to bear the economic brunt of our policies.

— What effect does the use of food as a foreign policy tool have on agricultural production and distribution here and abroad? Agricultural exports are about the only bright spot in our balance of payments situation. I wonder if the Administration considered the critical role these exports play in keeping the dollar stable internationally.

— Wouldn't it be better to use the phenomenal productivity of our farmers in a positive way to support U.S. foreign policy interests?

I am not satisfied that the Administration looked at these questions when it decided to respond to the Soviet invasion of Afghanistan with the grain embargo. After all, the President declared the invasion the worst act of aggression since World War II. Was the embargo our only alternative to war? That seems to be the Administration's view. Does the President plan to continue it indefinitely — despite the evidence it hasn't worked? The American farmer needs to know.

Agriculture is of critical importance to the general well-being of our people and the economic health of our nation. The American farmer has fought drought, flood and misguided federal policy, and still is a marvel of productivity and patriotism. To use him as a pawn in an international chess game is a disgrace. To do it without a well-thought out plan — with consequences and probable effectiveness thoroughly examined — is worse.

I promise you that those of us in the Senate who are concerned about these critical issues will probe and press until we get satisfactory answers.

— 9/10/80

Opinion.....

Pam Fette

There comes a time to say "Stop"! There comes a time to say "Enough"! There comes a time to put a limit on the reportable, the newsworthy, and the informative.

This is the time and I have to speak up. A neighbor newspaper published Monday, September 15, an article written about a rapist who was eluding the police. No problem there. It is good to advise and warn and report on such happenings to keep the public aware and forewarned.

HOWEVER...this story was given more than half a page. The story included several, no, more than several detailed accounts of the sick crimes. Not one account, not general occurrences, but BLOW BY BLOW accounts with quotes from victims I'm sure obtained from police reports.

This is clearly a style of reporting designed to produce startling impressions: sensationalism as defined in the American College Dictionary by Random House.

Why? Why is it necessary to report such details for the eyes of anyone, anyone who cares to read a newspaper? How do those details aid in any way? Responsible reporting means cutting and editing so the point is made but not worked to death. As this was told it constituted pornography more than news.

I was sickened by the article's ramblings and wish a thousand times I had not read it. I am haunted by it. May I reiterate: There was a story there worth reporting and a message to readers...but the responsibility of the media to the public has to come in somewhere.

I hope none of your children read it....I hope none of your teenagers read it....I hope you didn't read it.

The membership of the Muenster chapter of Young Homemakers of Texas is pictured together in observance of YHT Week in Texas. Seated in the front row are, l to r, 1980-81 officers Debbie Fisher, Lou Moster, Glenda Russell and Janet

Fisher. Standing are Shirley Knaoe, Janie Hartman, Sharlene Schilling, Karlyn Hermes, Jan Richey, Carol Klement, Pam Dangelmayr, Joni Sturm advisor, Kathy Sicking and Sue Trachta, all current members. YHT Story on Page 4.

Miss Hermes Gets CCC Scholarship

Shirley Ann Hermes of Lindsay has been awarded the Ed Wright Business Scholarship for the 1980-81 academic year at Cooke County College.

A freshman at CCC, Miss Hermes is a 1980 graduate of Lindsay High School, a daughter of Mr. and Mrs. Richard Hermes of Lindsay.

The scholarship, named in honor of its founder, covers the full cost of tuition for qualified students majoring in some areas of business administration. It is given in recognition of special demonstrated aptitude and scholastic achievement.

Recipients are chosen by Tom Woods, business manager, in consultation with members of the CCC business department faculty.

Now concentrating on secretarial science courses at CCC, Miss Hermes plans to go on to a four-year college and major in business administration or fashion merchandising.

Glasgow Visits

Bob Glasgow, the conservative Democratic candidate for the 22nd state senatorial seat, and his wife, DeAnna visited Cooke County this past Saturday. They stopped in Muenster for the evening and enjoyed Hard Times' performance on Adam's acre. They are looking forward to meeting more Cooke County residents when they visit again on Oct. 5.

Tractor Pull Is Announced

The Red River Tractor Pullers Association and the State Fair of Oklahoma announce the co-sponsorship of the State Fair Championship Tractor Pull. The three day event is scheduled for Friday, September 19 at 7:30 p.m., also Saturday September 20 at 2 p.m. and Sunday, September 21 at 2 p.m.

Brummett Visits Cooke County

Jay Brummett, the Republican candidate for state senator of District 22, visited in Muenster Tuesday while campaigning the greater part of the day in Cooke County.

The 37 year old business man from Dublin said he is committed to keeping the district a rurally controlled district, that he opposes the windfall profits tax and government financed abortion, and he thinks the state should live within its income as individuals are expected to do. He is endorsed by the state's GOP leaders, Clements, Tower and Connelly.

YHT, What Is It?

WHAT IS IT? The State Association of Young Homemakers of Texas is a chartered organization for young women interested in homemaking.

The Association functions under the direction of the Division of Homemaking Education, State Department of Education, in co-operation with the local school and the homemaking teacher who serves as chapter advisor.

WHAT IS ITS PURPOSE? The organization is formed exclusively for educational purposes with particular reference to the area of homemaking. The

over all goal of Young Homemakers of Texas is to provide creative opportunities for young women in maintaining effective personal, family, and community life.

Members learn new skills and gain information contributing to home and family living and community membership. Classes and group meetings emphasize such topics as home beautification, furniture refinishing, child care, and guidance, home care of the sick, consumer buying, management of family finances, planning nutritious meals, self-improvement, and situations of responsibilities.

WHO MAY JOIN? Active membership is open to women not enrolled in high school and who are not over thirty-five years of age. Eligible members may be single or married. They may be homemakers in small or metropolitan communities, or living on farms or ranches. The members may also be employed in wage-earning occupations. Women over thirty-five years of age may become associate members upon payment of dues, with the rights and privileges of active members, except that of

holding office and voting.

Garden Club Hears Flower Show Expert

Pam Brewster of Denton was the guest speaker during the September meeting of the Muenster Garden Club. She is an authority in her field; is a state flower show judge and on November 13 will be chairman of the District II meeting of Texas Garden Clubs, Inc. in Denton.

Mrs Brewster spoke on "Grooming of Plants" and preparing them for a flower show. She demonstrated as she spoke.

Mrs. Alice Roark, president conducted the business meeting. A card of thanks from the Weinzapfel family was read for two memorial books presented to the Muenster Library.

Included in announcements of future events were a flower show school in Muenster, a fall district meeting in Denton, the postponement of the annual club flower show until next spring discussed by Mrs Eileen Luke, and the Youth Communication Project discussed by Mrs. Marie Endres. Local deadline for the speech contest is November 1 and for the poster contest is February 1.

Mrs Louise Knauf was hostess to the group, in the Cooke County Electric Co-op Building. She used an arrangement of purple thistles in an urn for a table centerpiece, and served refreshments of applesauce cake and iced tea.

Hogan Families Have Reunion

The Sunday preceding Labor Day, traditional reunion time for members of the Hogan families was set aside for their gathering in the VFW Hall. Attending were descendants of Mrs. J. S. Hogan and the late Mr. Hogan - sons and daughters accompanied by their spouses, grandchildren, great-grand and great-great-grandchildren.

A covered dish meal at noon was followed by afternoon entertainment by the "Hogan Band", whose members during the party included Bill and Mike Hogan, sons of Jack Hogan who plays the violin for the group, but was unable to attend due to recent surgery. Also included with the

musical entertainment were the "Cherry Rhone", all grandchildren of Mrs. J. S. Hogan.

Harmonica music was added by the 91 year old great-great-grandmother. She is a resident of St. Richard's Villa and has lived there for 3 years. She is the mother of seven sons and daughters including Mrs. Richard Cain, administrator of St. Richard's Villa.

Garden Center Bulletin

From now until October 15th is the proper time to apply **BALAN**, a weed killer that kills weeds before they sprout. It will control winter grass and many other fall sprouting weeds that cause problems in the spring. A repeat application in February will control summer weeds like crabgrass, grassburrs, dallis grass and other summer weeds.

It's also time to plant your fall bulbs and bedding plants. We have just received new shipments of both. Stop by the Garden Center for all your lawn and garden needs.

Muenster Group Attends Lay Ministry Program

Members of the North Deanery Diocesan Lay Ministry Program met Saturday and Sunday, September 13 and 14 in the St. Mary's Parish Center in Gainesville for the first session of a special two year program. Directing the Scripture study program were Sister Kay Kolb SSND, Sister Pat Miller SSND and Sister Gabriella Martinez SSND.

The Liturgy was planned by group members for the feast of the Triumph of the Cross. Celebrant of the

Mass and homilist was Father Placidus Eckart.

The Saturday noon meal was catered by Rohmer's Restaurant. Attending from Muenster were David and Pam Fette and MMES Jo Ann Pagel, Sharon Walterscheid, Kathy Vogel and Betty Kleiss.

About 55 persons from the North Deanery attended the two day Scripture Study, with an overview of the Old and New Testaments, Creation, the Prophets, Theologized History and Biblical Commission.

Sister Kay and Sister Pat moderate a panel discussion of a scripture passage at St. Mary's Parish Center. Staff Photo

The 2 1/2-Year Money Market Certificate

Put in \$1,000, and get back

\$1,331

2 1/2-year return reflects interest earned on \$1,000 principal and accumulated interest for 2 1/2 years at current rate.

Current rate of 11.30% yields 12.14%

Staying ahead financially has always been a race. But the 80's present new, tougher challenges.

At First Texas Savings, we have ways to beat the 80's. Like our 2 1/2-Year Money Market Certificate. It offers the guaranteed maximum rate, compounded daily, 365 days a year, for maximum yields on amounts as small as \$100. No bank can pay more. Rates for new certificates are set biweekly and are good for the entire term.

Sure, our 2 1/2-Year Money Market Certificate is a good investment, but it's also a no-risk investment. Your money is insured up to \$100,000 by a federal

agency and secured by First Texas' over 1.6 billion dollars in assets.

Best of all, at First Texas, all or part of your money is available anytime, or you can borrow against it. Penalty on early withdrawal is six months' interest** and only on the amount withdrawn.

So, before you put your money anywhere, remember: Others may keep you even in the 80's, but First Texas Savings will keep you ahead.

Effective September 18 through September 24, 1980.

Annual yield reflects interest earned on principal and accumulated interest for a full year. **Recent federal regulations require principal reduction if sufficient interest does not exist.

Kralicke Serves as Preceptor for Student

Martin M. Kralicke, M.D. of Muenster, served as preceptor for Al Antonetti, Texas Tech University Health Sciences Center School of Medicine (TTUHSC) student.

Preceptors are practicing physicians who share their time and experience to help educate future doctors. The preceptor exposes the student to as much clinical medicine as possible, including lab procedures, x-ray technology and office management techniques.

The program is nationwide and sponsored by a training grant from the U.S. Department of Health and Human Services. Its purpose is to introduce freshman and sophomore medical students to family practice in rural areas.

While serving his preceptorship, Antonetti's schedule was divided so he could observe the most interesting problems of six doctors. Besides observing Kralicke, Antonetti spent time with Henry Juarez, M.D., Marvin Knight, M.D., Les Schachar, M.D., Melvin Davis, M.D. and Alfredo G. Antonetti, M.D.

All facets of clinical medicine—from routine office work to surgical procedure—are observed by the student as he accompanies the preceptor each workday. The student acquires a feeling for appropriate approach to each patient from the preceptor.

Although the summer preceptorship program is optional, many students request a preceptorship because it provides an opportunity to observe the actual practice of medicine. Until now, the freshman and

sophomore students have concentrated on textbook learning and laboratory experience and have not necessarily observed medicine being practiced. The preceptorship program provides that opportunity, according to Jim Bob Jones, associate dean for student affairs at Texas Tech.

Following the summer preceptorship, the student returns to medical school with practical clinical insight to supplement his studies.

The summer preceptorship program is the first time a TTUHSC student works with a preceptor but it is not the last. Students are required to serve a family practice preceptorship during clinical training.

Variations On Fluffy Pie

Time at a premium? Let this great pie recipe work wonders for a meal on those days when time is short and you need something special. Fluffy Pudding Pie is an ideal basic recipe, because it offers a variety of fruit and pudding flavor combinations. With minimum time, prepared whipped topping mix combines with vanilla flavor instant pudding and pie filling,

and all is whipped until it's light and fluffy. Spooned into a cooled pie shell and chilled for about 4 hours, this super pie is ready to serve with a garnish of fresh nectarines and mint leaves or your favorite fruit. Clip the recipe now. Just by changing the flavors of instant pudding and pie filling and seasonal fruits, you can create completely different pies for many meals to come. Keep a package of whipped topping mix on the shelf, because it's the key to this fluffy, creamy ever-so-light pie.

Fluffy Pudding Pie

2 envelopes Dream Whip
whipped topping mix
2-3/4 cups cold milk
1 teaspoon vanilla
1 baked 9-inch pie shell, cooled

2 packages (4-serving size) Jell-O instant pudding and pie filling, any flavor

Prepare whipped topping mix with 1 cup of the milk and the vanilla as directed on package, using large mixer bowl. Add remaining 1-3/4 cups milk and the pie filling mix. Blend; then beat at high speed for 2 minutes, scraping bowl occasionally. Spoon into pie shell. Chill at least 4 hours. Garnish with sliced nectarines and mint sprigs, if desired.

Birthday Party Fisher Baptism

A very special birthday party was held at St. Richard's Villa recently for five honorees: residents Mrs. Edna Switzer and Mrs. Mary Herron; staff members, activity director Robynn Walterscheid and nurses aide Ethel McLeaster; and owner and operator of the Villa, Wes Fuson.

The baptism of Ann Margaret (Maggie) Fisher was held Sunday September 7 in Sacred Heart Church. She is the baby daughter of Mr. and Mrs. Chuck Fisher. Father Stephen Eckart officiated at 12:15 p.m. and Kathie Fisher and Tim Herr were her baptismal sponsors.

Maggie wore the same christening dress as her older sister Sally which was made by their grandmother Mrs. Clyde Fisher.

Attending the church service were the grandfathers Dan Haverkamp and Clyde Fisher, the great-grandmothers Mmes. Joe Fette, Bill Haverkamp and John Fisher Mr. and Mrs. Butch Fisher and family. Following the church most of the group attended a family dinner prepared by the paternal grandmother, Mrs. Clyde Fisher.

Residents, relatives, friends and staff members attended. Refreshments of punch, orange sherbert and birthday cake were served. The "Cross Timbers Band" played for singing and dancing an completed the program with their theme song: "Show Me the Way to Go Home".

Residents of St. Richard's Villa look forward eagerly to the first Thursday of each month when the party is held honoring birthday celebrants of the month.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 4, 1980

PROPOSITION NO. 1 ON THE BALLOT
Senate Joint Resolution 35 proposes a constitutional amendment that would authorize the Legislature to permit banks to establish and operate unmanned teller machines within the county or city where the banks are located and to share the use of teller machines on a basis consistent with anti-trust laws, if it finds such operation will serve the convenience of the public. The Legislature has already passed enabling legislation (H.B. 1510) for this proposed amendment.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment permitting the legislature to authorize banks to use unmanned teller machines within the county or the city of their domicile on a shared basis to serve the public convenience."

PROPOSITION NO. 2 ON THE BALLOT
House Joint Resolution 97 proposes a constitutional amendment that would grant the State and the accused the right to an interlocutory appeal from the following trial court rulings in criminal cases: pretrial rulings on the constitutionality of a statute; on a motion to quash, dismiss, or set aside an indictment; and on a motion to suppress evidence. The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing appeal of certain pretrial rulings of a trial court in a criminal case by either the state or the accused."

PROPOSITION NO. 3 ON THE BALLOT
House Joint Resolution 98 proposes a constitutional amendment that would require a single appraisal of all property subject to ad valorem taxation and would provide for a single board of equalization within each county. The con-

stitutional requirement that the county commissioners court sit as a board of equalization would be eliminated, and elected officials of the county or governing body of the taxing unit would be prohibited from serving as members of the board of equalization.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

PROPOSITION NO. 4 ON THE BALLOT
Senate Joint Resolution 18 proposes a constitutional amendment that would allow the Legislature to authorize the conduct of bingo games by certain specified groups for charitable purposes, subject to the limitations that operation of the games must be approved in local option elections and that all proceeds must be spent in Texas.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to authorize the legislature to authorize the conduct of bingo games on a local option election basis if the games are conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

PROPOSITION NO. 5 ON THE BALLOT
House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to authorize the Governor to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the ap-

Bread Fair

Homemade bread—it's a delight. Everyone will have the chance to learn bread-making techniques at a special "BREAD FAIR" to be held on September 24.

The Bread Fair is being planned by the Extension Service Family Living Committee in conjunction with the Wheat Flour Institute. The Fair to be held at the Gainesville Community Center will open with final registration, coffee and bread tasting at 9:30 a.m.

Beginning at 10:00 participants will learn a new method breadmaking-in-a-bag. Each participant will prepare a loaf of bread home ready to bake.

In order that a place will be reserved for you, anyone wishing to participate should pre-register by calling the County Extension Office at 665-4931 or 665-1966. A charge of \$1.50 per person will be made to cover bread ingredients and other expenses. This can be paid on the 24th, but the pre-registration should be done by the 22nd of September. A limited number can participate in the Bread

Fair, so interested people are urged to register soon.

The Bread Fair, like all educational programs of the Texas Agricultural Extension Service, is open to people of all ages, regardless of socio-economics levels, race, color, sex, religion, or national origins.

Call Mrs. Evelyn Yeatts, County Extension Agent, to answer questions or to pre-register.

Breadmaking-in-a-bag gives people the opportunity to share the fun of making bread and to learn a new skill.

VFW Auxiliary Will Host District Meeting

Members of the VFW Auxiliary heard plans Monday evening for the District meeting to be held in Muenster on November 8 and 9. Also announced during the September business meeting was the report by Mrs. Dave Haverkamp on the purchase of new drapes for the VFW Hall. The annual Bake Sale to benefit the Cancer Aid

and Research Program was scheduled for October 24, in local grocery stores with proceeds divided evenly between the program and the family of a local patient.

Members decided to meet one afternoon and evening to clean the windows before hanging drapes. All members were urged to help prepare for the district meeting.

In cooperation with "Program Participation", members each donated .25 for the Hospital project. A get-well card was sent to Mrs. Daryl Ferber. Mrs. Eleanor Felderhoff won the door prize and Mrs. Frances Bayer served refreshments to fourteen members.

Mrs. Leo Hesse conducted the business meeting and Mrs. Dave Haverkamp and Mrs. Joe Sicking served as pro-tem guard and patriotic instructor, respectively.

"Nothing under the sun is ever accidental." G. E. Lessing

proval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-chairman of the Senate Finance Committee, and Chairman and Vice-chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

PROPOSITION NO. 6 ON THE BALLOT
Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

PROPOSITION NO. 7 ON THE BALLOT
House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing counties with a population of 5000 or less to perform private road work."

PROPOSITION NO. 8 ON THE BALLOT
Senate Joint Resolution 36 proposes a constitution-

Forestburg News by Myrt Denham

Must correct a mistake I made in my column last week. I reported that Mr. and Mrs. Bennie Snider had bought the Gerald Lanier house below the school. Not so - the people who purchased it are Mr. and Mrs. James Morgan - he is a retired Major from our Armed Forces. The Morgans moved here from Denton.

The following was sent to me by Forestburg Little First Lady; I quote:
 "Mrs. Cleo Lanier, Precinct Chairman, urges all eligible voters to make sure you are properly registered in your precinct, before Oct. 4th. You must be registered in your proper voting place 30 days before Nov. 4th election. You may register at the tax office, or ask for registration cards - by mail or call 964-2216 and I will see that you get registration forms.
 Eighteen years old who will be 18 before Nov. 4th, may register before Oct. 4th, and be eligible to vote.

Veronica Edwards FHA reporter sends in the following news item.

"Forestburg FHA had their first meeting of the School Year Mon Sept. 8th in the Home Economics Dept. Janice Lanier president. The Chapter voted on what prices dues should be. They elected a new reporter - Veronica Edwards. The group planned projects for this year. They are: Hobo Day, Slave Day, Secret Grannies, Quilt, Halloween Party, Popcorn Concession, Rodeo Concession and Dance-A-Thon. Hobo Day has been dated on Sat. Sept. 20th so have something planned for the FHA girls to do.

Recent visitors of Mrs. Lenora Moore were Ancil and Henry Don Moore of Dallas, Mr. and Mrs. Travis Moore of Saint Jo, Mrs. Mike Guthrie & children of Arlington and Mrs. Shirley Lanier & children.

Now we hope this info is correct - but we are told that Mr. and Mrs. Bob Gaylor down New Harp way have bought the Odus & Ti Cook place in Forestburg.

Cleo Lanier attended the Four H Leaders Meeting at Montague Mon. afternoon Sept. 8th at the Extension office in the Court House.

Tues nite the 9th Cleo attended the Democratic Executive Committee meeting in the Montague Court House. They met to place a name for Justice of Peace for Precinct 2 on the Nov. Ballot.

Mr. and Mrs. Blake Freeman visited in the home of Mr. and Mrs. Howard Sledge of Bowie Sat. Sept. 6th. Later on they attended the wedding of Phil Major to Lisa Vardis in the Bowie Church of Christ.

Mr. and Mrs. D. D. Echols; Mallard, visited with Mr. and Mrs. Joe Taylor of Comanche, Okla on Sept. Mon. 8th.

Mrs. Vada Meyers has been a patient in the Gainesville Hospital all of last week. Vada was dismissed Sat. but her doctor wanted her closer than her Forestburg home so she is staying with her daughter and family - Mr. and Mrs. Jack Holt; Vada's husband Charlie says he is "under the weather" himself.

The Forestburg United Methodist Women met in the home of Mrs. Vera Mae McGee Wed afternoon Sept. 10th. The meeting and program was conducted by Mrs. Lucille Littell. Others present were: Esther Shears, Betty Reynolds, Dorothy Thompson and Decie Ellzey.

Hannon and Katon Orrell of Gainesville spent Fri Nite Sept. 12th with their grandparents Mr. and Mrs. Willie Orrell.

Wynona Riddles reports that a new boy started school at Forestburg Mon. Sept. 15th. He is the grandson of Mr. and Mrs. John Floyd of the New Harp community.

Visiting with Mr. and Mrs. Lou Farmer Fri Nite Sept. 12th were Mr. and Mrs. Robert Jones of Alvord and Mr. and Mrs. Boodie Guilman and Mrs. and Mrs. Henry Stover of Montague.

Mr. and Mrs. Bailey Perryman of Wichita Falls and their son Elbert of the same city visited with Bailey's sister, Mrs. Joe Denham in the Bellmire home, Bowie. Elbert, Bailey's son, is married to a very lovely lady and they live next door to Bailey and his wife Gladys. So they don't have far to travel to visit each other.

Mrs. Wanda Perryman and Mrs. Millie Reynolds were in Bowie Sat Sept. 12th to do some shopping and they also visited with Mrs. Joe Denham and the Bellmire Home.

Mr. and Mrs. Joe Hunt,

Mrs. Oleta Wallace and Mrs. Georgia Greenwood left at 5 a.m. Mon Sept. 15th for Portersville, Stratsmore, California and other points in that area. They will visit with relatives in those areas.

Helen Freeman of Alvord visited with JoAnn Greenwood, Wynona Riddles and Wanda Magee Mon Sept. 15th.

Funeral services were held at 4 p.m. Mon Sept. 15th in the Forestburg United Methodist Church for Ben Perryman. Services were conducted by Rev. George Thompson. Interment was in the Perryman Cemetery. Ben is survived by two sons

Gary and Wade both of Forestburg, one brother - Elbert of the Houston area and several grandchildren. Ben had been ill for a week and a patient in the Muenster Hospital where he passed away about 7 p.m. Sat Sept. 13th.

Have no idea how long I have been writing this column but it has been several. I have now come to the point where I am very seriously considering "resigning" from it. It has become a big hassle to get news items as people just aren't co-operating well at all. Folks always tell me they enjoy the column and to "keep up the good work"

- but never ever send in or call in any news items to help make it a better column. So the continuance of this column depends upon you "the people."

Clinic on Diabetes Scheduled Sept. 26

Welcome information for diabetics and persons involved in the care of diabetics will be available in a diabetic clinic to be conducted in the Muenster Hospital Conference Room next Friday, Sept. 26, 2 p.m.

The program will be presented by Dr. Ellen Levey of Dallas, registered dietician and a member of American Dietetic Association, with a PhD in nutrition. She has served the Muenster Hospital as consultant dietician for many years.

The program will include diabetic films, brief comments on the new diabetic diet, behavior modification for weight control and a question and answer session. Related reference material will be there for viewing and to tell where orders can be sent.

Fischer's Meat Market

AFFILIATED

THE LOWEST PRICED GROCERIES IN NORTH TEXAS

OUR PLEDGE has remained the same at Fischers. That pledge is: To fill your shopping cart for less than you can at any other town in North Texas. That's a big promise! But it's a fact; we are selling you, our customer, total food needs for less than you can buy anywhere in North Texas. **WE DO NOT BASE SALES ON CAPTIVE CUSTOMERS;** we are competing for your business.

Now we are announcing a general reduction in our drug department. We have just marked down the top one hundred selling items some as much as a dollar thirty. This will reflect a permanent reduction on the percent of mark up.

We want to help make Muenster a value shopping community in North Texas.

Fischer's Meat Market

Butch and Johnny Fisher

Nuns Honored at St. Anne's Supper

St. Anne's Society members hosted a covered dish supper Sunday evening September 7 to honor the Benedictine Nuns of Sacred Heart Parish. Other guests were members of St. Joseph's Society.

During the business meeting that followed Mrs. Denis Walterscheid, president, read a letter from Father Williams thanking the society for donation to his school fund and for help since 1973.

Members voted to buy a ceiling fan for Sacred Heart School, make plans for the Thanksgiving picnic and heard a report of the Catholic State League Convention by Mrs. Bonnie Hess and Mrs. Harold Knabe. They also reported on new officers for the league: Elsie Grahmann of Hallettsville president; Bertha Knabe of Muenster, first vice president; Matilda Anderle of Nazareth; second vice president; Marcella Kahanek of San Antonio treasurer; Rita Book of Dimmitt secretary; and Martha Lehman of San Antonio, Mission Chairman.

Mrs. Leo Henscheid reported that get-well cards were sent to Mmes. Mary Koesler, J.P. Flusche, Raymond Walterscheid, Henry Yosten, Pat Stelzer and Al Schmitt.

Mrs. Theo Vogel accepted Chairmanship of the County Store and Mrs. Ronnie Hoagland of the Cake Walk for the Thanksgiving Picnic.

Mrs. Herb McDaniel told that she has distributed 1,000 peace prayer cards and has re-ordered another equal amount. Mrs. Leo Henscheid gave the treasure's report and two readings: "A Parent's Prayer" and "David Grows Up."

Thirty three members attended and Mrs. John Fleitman won the door prize.

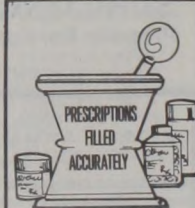

Immunization Clinic Scheduled Wed.

The Texas Department of Health Region 5 Office in Arlington announces an immunization clinic to be held in Muenster at Sacred Heart Community Center on Wednesday, September 24, 1980, from 10:00 a.m. - 12:00 noon.

The Clinic will provide immunization against Diphtheria-tetanus-pertussis(DTP), Polio, Rubella (red measles) and Rubella (German measles), for infants 2 months through 18 years. (Exception: Females over age 12 will not receive rubella vaccine without a physician's consultation and prescription).

Precautions must be taken with females in the 12-18 age group to insure that they are not pregnant when they are immunized with measles vaccine, and that they do not become pregnant for 3 months following immunization.

Immunizations are incomplete if a child has not received three (3) doses of DTP and Polio vaccine with at least one dose administered past the fourth birthday. All Children under 18 years must have an informed consent form read and signed by the parent or legal guardian. If possible, the parent should accompany the child to the clinic. Immunization records should accompany the child to the clinic and be examined by the Public Health Nurse who will answer any questions.

Circle is Sign of Snuff Epidemic

A small harmless looking circle on a hip pocket is the first symptom of a major health-threatening epidemic. The circle, made by carrying a snuff can, is a more obvious symptom than a chewing tobacco pouch. But both show that the user is sucking on chemicals that can cause cancer, the Texas Medical Association says.

Bad breath, discolored teeth and white patches of skin called leukoplakia inside the mouth or throat are a few other signs of the epidemic that has spread to many groups of young people and adults.

Some people start using chewing tobacco and snuff as a replacement for smoking. But they merely are trading one set of health hazards for another, TMA says. About 6 percent of people with leukoplakia get oral cancer and everyone who dips or chews can suffer other bad effects. Chances of gum and tooth disease increase and users' teeth wear away quicker than non-users' teeth. Tobacco juice chemicals may slow wound healing, especially in the mouth. The juice also can irritate or cause stomach ulcers.

Other unhealthy effects come from the drug nicotine that is absorbed through the

mouth lining or swallowed. Nicotine makes arteries smaller and speeds up the heart rate. Pumping more blood through a narrower opening may increase blood pressure which heightens the risk of stroke or heart attack. Pressure may increase even more because tobacco users may use too much salt since nicotine can dull taste buds. Too much salt also may increase blood pressure.

All these and other effects mean that dippers and chewers are at risk. Even though they are not sending up bad health smoke signals by puffing on a cigarette, they still are risking their health, TMA says.

Attention, Dry Cured Bacon Lovers!

In spite of the fact that the government has been forced to admit that there is no proof that nitrite in cured meat causes cancer, the U.S. Department of Agriculture is going ahead with plans to change the way dry cured bacon is manufactured. The USDA wants to require all bacon that is dry cured to meet newly prescribed levels of salt or moisture that will result in a product that is so salty or so dry most people won't like it. This proposal could force folks trying to cut back on salt in their diets to either give up dry cured bacon or consume more salt than they or their doctors feel they should.

The government wants to reduce or eliminate nitrates and/or nitrites in dry cured bacon, the only known sub-

stance that prevents botulism. Since the USDA doesn't know how much processors can cut back on nitrites in bacon without losing this protection, they are establishing new salt and moisture criteria. In other words, because the government doesn't know the answers and refuses to take part in a research project to help find the answers, bacon eaters can look forward to a USDA required boost in their salt intake or be given the alternative of no longer having available the dry cured bacon they have known for generations.

If you are tired of folks who don't even eat bacon telling you and your family what kind of bacon you will be allowed to consume and how it should taste, there is something you can do. You can write to the address below and tell USDA you object to this proposal.

Meat processors will still be able to make dry cured bacon, but the special testing and monitoring that USDA is proposing will

make it more costly to produce (because of the constant testing) and may bring about such a reduction in demand because of its unacceptability to consumers as to force a halt in its production. In either case, you will be the loser.

Make sure you send your letter no later than September 25 or the government will not count your voice. And, be certain to send a copy of your letter to your Congressman and Senators to let them know how strongly you feel about government taking something away from you and your family that Americans have enjoyed for generations.

Write: Regulations Coordination Division FSQS, USDA Room 2637, South Building Washington, D.C. 20250

Be sure that you mention the Federal Register proposal of June 27 concerning "Bacon Made With Dry Curing Materials." Two copies of your comments are required.

Nutrition Information

Meals don't have to be hot to be nutritious.

So says Doris Derelian, a registered dietitian who serves as executive director of the 4,000-member California Dietetic Association.

"There's no question but that hot food sometimes tastes better," she says. "But it's a mistake for people to believe that food has to be hot to be nutritious."

Derelian says people "on the go" need well-balanced diets and, in most cases, they can get them right from

the refrigerator--without elaborate, if any, preparation. "For instance, you can grab an 8-ounce glass of milk and obtain 16 percent of your daily protein requirement and 36 percent of your calcium need without a single pan hitting the burner and only a minute taken from your busy day," Derelian says.

"Nature provided us with plenty of 'convenience' foods, long before the frozen food industry adopted the term," she says. "Milk and other dairy foods, such as cheese and yogurt, as well as nuts, seeds, and crackers, are good examples of nutritious 'convenience' foods. In fact, each of the four food groups of milk, meat, vegetables and fruits, and breads and cereals include fast food items."

"The important thing is to recognize these foods and keep them in good supply so you don't fall into the coffee and donut trap, or even worse, the habit of eating nothing at all on a hectic day," Derelian says. "Scientific studies have proven that whether you're in a hurry on the job, at school, or rushing to a meeting or social event, you'll perform better and feel better if you've had nutritious foods."

Derelian says additional four food group foods which nature designed for "on the go" include firm-bodied fruits like apples, oranges, and grapefruits. "They're easily popped into a briefcase or purse and taste great any time of day," she adds.

"A slice of toast or bran muffin topped with cheese or peanut butter can be carried to the bus or car, leaving only a spoon behind as evidence that you've prepared a nutrient-packed meal," she says.

"Hard-boiled eggs, cheese and crackers, and sandwiches of all kinds can also be great meals on the run," Derelian says.

"Just be creative and forget all those old-fashioned ideas that nutrition means piping hot meals and a sink full of cooking utensils," she says. "When you don't have time for frills you can still enjoy a healthy, balanced diet."

New energy source found in desert plants

COLLEGE STATION — The search for alternate energy sources has led Texas A&M University and Texas Agricultural Experiment Station researchers to the desert.

Scraggly shrubs like guayule, jojoba and euphorbia contain a rubber-like latex which scientists hope to convert into such commodities as rubber, lubricant and ethanol.

Such plants, which require little water and are among nature's most efficient solar collectors, are a key to any renewable resource money, say Texas A&M scientists.

Sacred Heart Nips Lindsay 13 - 6

Sacred Heart's Tigers dominated Friday night in the annual clash with their old time rivals, the Knights of Lindsay. Along with their gratifying lead of 13-6 on the score board they were convincingly ahead in statistics and improved their standing to an even 1-1.

They started the action with a 15 yard pass from Mike Nash to Brian Bednorz but had to kick on their second series.

Lindsay came out looking good. They made four first downs in 11 tries advancing 48 yards to Sacred Heart's 41, but fumbled on the next play. Troy Grewing recovered it.

One series later the Tigers last possession the same way, after which Darrell Swirczynski put SH back in business, also the same way. It happened on the Tiger 45, which became the starting line for Sacred Heart's first scoring drive.

Nash started it with a 21 yard scoot around right end. Eight shorter gains moved the ball to a first down on the 2, and Kirk Mollenkopf carried it a yard closer. Nash went out from there but an offside penalty nullified the score and moved the ball back to the 6. Nash tossed to Mollenkopf on the next play for the first TD. Curtis Henseid's

kick upped the score to 7-0 as the clock read 11:52 in the second period.

The second quarter was a deadlock in which each team was held to one first down and the tigers were stopped twice by interceptions by Dale Hermes and Bob Noggler. Lindsay advanced as far as the Tiger 20 shortly before the end of the half but bogged down and lost possession after gaining only 5 on the next series.

Starting after intermission the Knights put it together. A late hit penalty gave them 15 free yards to the Tiger 46, runs by Darrell Dieter and Jeff Felderhoff advanced to the 32 and a pass from Felderhoff to Noggler went all the way for a TD. Darrell Dieter's try for 2 points was stopped by Troy Grewing and Teddy Walterscheid.

The remainder of the third quarter was defensive and physical and the Tigers got only 2 first downs and the Knights 1, and a total of 85 yards was assessed in penalties.

However, the Tigers were in trouble as the fourth quarter opened. An 8 yard run had just kicked them to their own 5 yard line. Next two plays gained 6 putting them in a punting situations on their 11.

Then came the play which

Brian Bednorz gathers in one of his several pass receptions at the Sacred Heart - Lindsay Game.

Tim Hartman Photo

could have been a disaster but turned out to be the big play of the game. The center's snap to punter Brian Herr was bad and he had no chance to get the kick away, so he scrambled, trying for whatever yardage he could salvage. In his distress he spotted Curtis Hesse open and fired the ball his way. Hesse caught it and gained to the 26, a sufficient distance for first down. Instead of losing possession and giving Lindsay a set-up in front of the goal, the Tigers were doing fine. Two plays later a face mask penalty advanced them to the 43 and three more plays reached the Lindsay 47. But then came penalties and busted plays losing yardage back to the Tiger 37 and forcing a kick.

But they got the ball back promptly and Darrell Swirczynski's fumble recovery. A screen pass, Nash to Mollenkopf, followed by a hard run gained 25 to the 10, but Lindsay defense called a halt there. Four tries gained 5 and the Knights took over.

Not able to go, they punted on first series and Bednorz returned the ball 15 yards to Lindsay's 25. The next two plays gained 3 yards and the third one was a 22 yard touchdown pass, Nash to Hartman. A try for 2 points failed. Sacred Heart led 13-6 at 1:52 in the fourth.

Advance Tickets Selling for Less

Bargain price tickets to the Hornet-Knight football game at Lindsay Friday are available at Principal Winn's office until 3:30 Friday.

The advanced sale tickets are priced at \$1.50 for an adult and \$1.00 for a student. Price at the gate will be \$2.00 for either adult or student.

Denison Jaycees Sponsor Fun Run

Fun runners of this area are invited to Denison for a 10,000 meter run and a 3 mile run sponsored by Denison Jaycees as a benefit event for Bo Jay Cowan, an area youth who has over \$50,000 in medical expenses.

The two races will be held in Loy Lake Park on Saturday, October 4, starting at 9 a.m. Men and women are eligible and entry fees will be \$6.00.

First and second place trophies will be awarded to both men and women in the following age groups: under 13, 13 to 19, 20 to 29, 30 to 39 and over 39.

Muenster Bombs Nocona 28-7

The game at Nocona Friday night was not just another routine schoolboy contest. It was a classic of some sort, featuring three big scoring plays and one big break as the basis of Muenster's 28-7 win, and also lots of passing yardage as compared with very little rushing yardage.

Actually, the Indians' net rushing game figured to minus 38 and Muenster's was only plus 55. The reason is that lots of intended passes turned out as minus yardage as hustling defenses made lots of quarterback sacks. At the same time both were smearing running plays behind the line of scrimmage.

The Indians made a good start holding Muenster on first series and making two first downs of their own before punting. On net possession the Hornets went the wrong way on two penalties before losing the ball by interception. However, Jerry Serna's interception on the next play sparked a prompt first down followed by Dale Swirczynski's long pass which Ricky Winn caught in full gallop and kept going for a TD. The explosive play was good for 59 yards. Swirczynski made the first of four extra point kicks and the score was 7-0.

The Indians made a good comeback of 35 yards on a 20 yard pass, Meekins to Uselton, plus 15 free yards on a penalty. Next play was a beautiful pass, again Meekins to Uselton, for 60 yards to the end zone but it was nullified by a penalty.

Another completed pass was rubbed out by a holding penalty, after which the teams exchanged punts.

Then, ending another fruitless series, Nocona pun-

ted and brought on another explosive play. Ricky Winn fielded the ball on the 25, broke a tackle as he drifted to the right and picked up a solid escort of blockers. Not an Indian got near as he breezed 75 yards up the sideline to the end zone. Swirczynski followed with an extra point.

The Indians responded with a 22 yard pass, Meekins to Tettleton and punted on the next series, the ball rolling dead on the 10. From there Rusty Serna made 15, Swirczynski 3, Gary Klement 10 and Rusty 5 before Swirczynski passed long to Tim Schneider who took it all the way. The distance was 60 yards. The PAT kick upped the score to 21-0.

The third period was uneventful except a brief period of Hornet success. David Flusche started it with a fumble recovery and Klement gained 11 on a run and a pass, but the next series bogged down. Then

Swirczynski's field goal try from the 11 was blocked.

Muenster's last score came early in the fourth following Nocona's calamity on an attempted kick. The snap back was high over the kicker's reach and Muenster had a set up on the 9. A delay penalty lost 5 yards and Klement gained 10 and 4 for the score. Again Swirczynski added a point.

From then on the Hornet reserves were on and the Indians put on a good drive of 72 yards, all of it in the air. Meekins passed 9 times completing 4 to reach the 1 yard line and completed the job by crashing over for the TD and kicking the extra-point TD.

MHS Volley Team Starts With 2 Wins

The volleyball team of Muenster High, coached by Sharon Felderhoff, has made a good start in the 1980 season with a pair of wins over Nocona. Last week Tuesday and again this Tuesday they won matches of two out of three games.

The scores this week were 16-14 Nocona, and identical scores of 15-7 favoring Muenster in the next two. Preceding those matches the junior varsity Hornets beat Nocona JV's twice.

The Hornets have only two district opponents, Slidell and Alvord whom they will host in the district tournament on October 14, 3 p.m., to decide the district championship.

Whichever team wins the title will automatically qualify for a regional playoff in Stephenville late in October. The reason is that the district assigned by

UIL to play 8-A in bi-district has no volleyball team.

Until then the M.H.S. girls will play Callisburg twice, there on the 23rd, 5:30, and here on the 30th, 4:30, and will compete in a tournament at Howe on Oct. 4.

The varsity roster includes Seniors Judy Dittfurth, Barbie Wimmer (capt.) and Brenda Wimmer; Juniors Charlotte Fleitman, Carla Walterscheid, Jill Walterscheid and Elaine Grewing; and Sophomore Sandy Wimmer.

The JV team members are Juniors Peggy Winn (capt.) and Terry Edmunds; and Sophomores Sherrie Boydston, Sheri Hess, Sara Walterscheid, Nancy Walterscheid, Mary Winn, Renee Wimmer, Geinnie Fisher and Stephanie Richey. Managers are Jenny Hellman and Lisa Serna.

Students need good equipment to do their Best Work

Knights are Next Hornets Opponents

The toughest game to date awaits the Muenster Hornets as they get ready for this week's confrontation with the Knights of Lindsay. That's the opinion of Coach Jerry Stinson after seeing a film on last week's hot contest with Sacred Heart, which could have gone either way until late in the last period.

Stinson said he and the Hornets have lots of respect for the Knight's hustle and

determination, and also are aware that additional factors will lean in their favor. For instance, they have more weight and depth plus home field advantage, and probably will feel they have to avenge that loss to the Tigers last week. After all, Muenster is Muenster to the Knights, and they'd dearly like to make the Hornets pay for Tiger success.

While confident that his boys will go all out in effort,

Stinson is counting too on the progress they have been showing. He's enthusiastic about Dale Swirczynski's target passes, the big receptions and long runs by Ricky Winn and Tim Schneider, the team's fine blocking on Winn's punt return, the defensive work of the whole team. He said they were terrific at rushing defense and in spite of allowing some 200 yards in passes they did fine in pass defense and quarterback sacks.

Over all, he is happy about the progress and spirit of the Hornets, confident that they will carry on the good work in spite of the continual absence of John Walterscheid and Larry Fleitman and the probable absence of Ricky Winn. Walterscheid has missed both games to date because of a concussion and Fleitman has missed one because of an ankle injury. Winn, with a shoulder dislocation sustained last week, is regarded as doubtful.

Coach Stinson enjoys a last look at the 28-7 score on the board as he leaves the Indian field. With him are Coach Nix and Bob Hamric, 71.

SH and Lindsay Juniors Divide 2 Games

Junior teams of Sacred Heart and Lindsay broke even in a pair of games Thursday night. The Tiger Cubs lost the opener 28-6 and the Tiger junior varsity won 20-0.

The Lindsay elementary kids got their show under way late in the first quarter with a good kick return to the Tiger 25 and used three plays to go in from there. Kenny Fuhrmann scored from the 14 on a right end sweep on the first play of the second quarter.

The little Knights started again promptly after half time with Jeff Metzler's interception at the SH 40. Ken

Fuhrmann did it all from there on three tries, two gaining to the 30 and a sprint around right end going the rest of the way. Fuhrmann circled right end again for extra points, and the score was 14-0.

Cubs struck back immediately as Bret Walterscheid got loose on the kick off for a 70 yard touchdown sprint. A run for bonus points failed.

Lindsay matched that achievement on the next play as Steve Corcoran also returned a kickoff for 70 yards to pay dirt. His run for bonus points was good. The score, 22-6.

That's how the count remained for the rest of the third. Starting the fourth Lindsay put together a nice 55 yard drive in twelve plays overcoming 10 yards in penalty along the way. Toby Fuhrmann scored from the two. A run for extra points failed and the score was 28 to 6.

SH JV 20, Lindsay 0

The JV contest started as a stalemate that extended through the first half. Tigers started with a pair of first downs and were abruptly stopped by an interception in the third series. Then the teams swapped punts and Lindsay got two first downs before kicking on the third series. SH followed with a first down and fumbled on the next series. After that each team made on first down and had to kick twice.

It was different in the second half with the Tigers dominating almost all the way. Both teams failed to gain on first possession, and on Lindsay's punt Gary Dankesreiter broke away up the left side...a fine run aided by good blocks...and went all the way. The distance was 45 yards.

Following a kickoff Lindsay punted on first series, and SH was 39 yards away from pay dirt. Two plays later Jim Bartush received a beautiful pass from Neil Hesse and sailed 37 yards to pay dirt. Another pass, Neil to Darrell Hess, added 2 points.

Just before the end of the third period, a fumble recovery by Mike Bartush sparked another TD. After two short gains Jim Bartush romped 13 yards around right end to the 7, and two plays later Neil Hesse stepped off the remaining 5. A

pass for extra points failed. The Tigers led 20-0 early in the fourth.

Lindsay made another start, a good drive that went 49 yards in 3 plays to the SH 15 but lost 5 yards in the next 4 tries. So the Tigers went the other way, another good drive gaining 60 yards in 8 plays, and running out of time on the following series.

Muenster Junior High Loses to Little Indians

Junior High youngsters of Muenster Public School gave a good account of themselves last Thursday in holding Nocona's future Indians to a 30-12 score. As seen by their coach, Jerry Stinson, they were outnumbered and outsize but made a great effort both offensively and defensively.

The visitors scored twice in the first half, on a 20 yard run in the first period and a 50 yard run in the second period. Following both they tried to add 2-point conversions and succeeded once.

The Little Monsters got on the scoreboard late in the second quarter, on a 45 yard pass and run from David Winn to Jay Mollenkopf.

Golf Tourney

Members of the Muenster Golf Association will have their monthly tournament on Sunday October 5 at the Gainesville Municipal Course along with the annual election of officers. The tournament will be individual competition in four flights with trophies and balls as the prizes. Tee-off time is 8:30.

Don't Blame Your Age For Poor Hearing

Chicago, Ill. — A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 52517, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

Help Your Fellow Texans Through the Red Cross

Cooke County Chapter
Court House
Gainesville, Tx. 76240

Once again, Texans living along the coast have suffered from winds and flooding following a hurricane—this time Allen.

As it joins the arm ranks of earlier hurricanes, one thing is certain—the recovery effort will cost millions.

Texans are traditionally tough and self-sufficient, but this time they'll need your help to put the pieces back together again.

Help your fellow Texans!
Send your tax-deductible contribution earmarked "Hurricane Allen Red Cross Recovery Fund" to your nearest Red Cross Chapter. Allen's victims and Red Cross thank you.

Rosston Area News

by Ruth Smith

Mr. and Mrs. Roy Banks and Mrs. Banks sister of Mecca, California arrived Thursday September 11 for a visit with his uncle C.W. Martin and Mrs. Martin. The Banks had been visiting Mrs. Banks relatives in Ohio and were enroute to their home in California. Another nephew of Mr. Martins, John B. Wilson of Gainesville came for a visit. The Martins daughter Mrs. Oma Hartz was also a visitor in the Martin home Thursday night.

Mrs. Jimmie Britian reports that her mother Mrs. Ida Kuykendall has been dismissed from the H.E.B. hospital and is doing satisfactory. Mr. Kuykendall went for a check with the Doctor and found nothing serious only a little medicine he would have to take.

Saturday night guests of Mr. and Mrs. Steve Kohler, Jessica and Gavin were Issayas Gebremichael and his cousin Iphremo of Ethiopia, they were enroute to Denton, this was Saturday September 6.

The C.W. Martin home was the scene of a birthday celebration, those having birthdays September 1-2 were C.W. Martin, Mrs. Minnie Knight, Buddy Craven, and Mrs. Verna Dale Sikes. Mrs. Lela Martins' birthday was September 8, home made ice cream and cake were served.

All of Mr. and Mrs. Johnny Britian's children and grandchildren were home for the weekend.

Mr. and Mrs. C.W. Martin spent Saturday night September 13 with Mr. and Mrs. C.A. Knight of Gainesville then on Sunday September 14, they all motored to Marrietta, Oklahoma to visit Mrs. Mae Martin of Ardmore who was visiting in Marrietta with Mrs. Vera Martin. The C.W. Martins and the C.A. Knights returned to their homes Sunday afternoon.

Miss Lois Bewley and Mrs. Corvella Robeson visited Mrs. Bula Mae Berry Sunday afternoon, Bula Mae is doing satisfactory at her home.

Mr. and Mrs. H.L. Settle of Gainesville and their friends Mr. and Mrs. Ron Barr of Houston visited Mrs. T.R. Settle and Mrs. Christine Hughes Monday afternoon September 15.

Miss Carrisa Berry of Arlington spent the weekend of September 6-7 with her grandmother Mrs. Ellen Berry and her aunt and family Mrs. Norris Boyd and family.

On Saturday night September 13 there was a hamburger cook-out at the Dan Richardsons' Lake. There were hamburgers Bar-B-Q beans and all the trimmings with deserts too. Mrs. Millie Settles birthday was celebrated her birthday being Friday September 12. About 38 people attended among those out of town were, Mrs. Mary Settle, Mr. and Mrs. H.L. Settle, of Gainesville, Jason and Millessa Biffle of Muenster, Rev. and Mrs. Al Ellingburg and son Donald, Mr. and Mrs. J.C. Kirk, Pam and Tim all of Era, Mrs. Christine Hughes of St. Louis, Mr. and Mrs. Charles Fleitman of Muenster.

Among those attending the Bridal Shower at Muenster's TP&L community room Sunday afternoon for Miss Carol Grewing bride elect of Jim Koelzer were Mrs. Wilma Richardson and Mrs. Agnes Brandon.

Mrs. Lyndall Richardson has received a number of out town phone calls the past week. Among them were a call from her grandson Tommy Richardson and wife who live in Florida, then she received a call from her nephew Tracy Weaver of Petersburg, Texas and then her brother Victor of Sher-

Gas substitutes could mean easier auto maintenance

COLLEGE STATION — Use of ethanol or methanol as a substitute for gasoline may result in cheaper car maintenance, believe Texas A&M University engineers.

Neither produces carbon in significant amounts when burned in an engine, and alcohol fuel offers the possibility of much less engine wear, they say.

Development of gasohol — 90 percent gasoline and 10 percent alcohol fuel — could be the opening that leads to increased use of ethanol and methanol, said researchers.

Homemakers Club Works on Yearbook

Members of the Muenster Extension Homemakers Club held a yearbook planning meeting last week Wednesday, when Mrs. Louise Bayer was hostess in her home at 2 p.m. By completing their yearbook, they also scheduled programs for a full year.

During the business session, they discussed and made plans to participate in the county-wide "Christmas in November". Mrs. Alice Hellman gave a reading on "The Farmer" and Mrs. Bertha Fleitman gave two readings: "Drought" and "Rain".

The hostess served refreshments to 13 members and also displayed several pieces of needlepoint that she made.

Ross Point Club Hears Discussion On School System

A covered dish supper at 6:30 p.m. preceded the recent meeting of the Ross-Point Progress Club of Rosston. About 40 attended including Christine Hughes of Saint Louis, Mo., daughter of Mr. and Mrs. Tony Settle; also Era School Superintendent and Mrs. Harvey Wilson and Nell Roach, Era tax assessor-collector.

Both were on the evening's program. Mr. Wilson spoke on school budget, improvement of the school system, need of a new school bus, and the manner in which tax dollars are spent.

Mrs. Roach discussed taxes and their application. During the business meeting, club members discussed the building of a tennis court and need of cement; also approved the installation of overhead lights for the kitchen of the club house.

Ben Perryman of Forestburg Dies

Funeral service for Ben W. Perryman, 65, of Forestburg was held Monday at 4 p.m. in the Forestburg Methodist Church with the Rev. George Thompson officiating, and burial was in Perryman Cemetery directed by Geo. J. Carroll & Son.

Bearers were Carroll Dill, Clifford Hudspeth, Max Brogdon, Carvin Mosley, Donald Stedham and Henry Berry. A native of Texas and a long time resident of Forestburg, Perryman died at 6:15 p.m. Saturday in Muenster Memorial Hospital. He was born on October 9, 1914, a son of the late John and Ethel Perryman. He was a retired farmer, a member of the Forestburg Methodist Church. Survivors are two sons, Gary and Wade Perryman of Forestburg; one brother, Elbert Perryman of Lake Jackson; and five grandchildren.

Hospital Notes

The following patients were dismissed during the past week at Muenster Memorial Hospital. Tuesday, Sept. 9: Mrs. Garry Fetsch and baby girl, Jim Vogel and Douglas Cler, Muenster; Mrs. Pat Hennigan and baby boy and Mrs. Wylie Garner, Gainesville. Wednesday, Sept. 10: Mrs. Tom Trachta, Muenster; Lillie Mae Bowden, Saint Jo; Henry Schumacher and Mrs. Bill Wakeham, Gainesville; Mrs. Lena Brown, Springton. Thursday, Sept. 11: Sister Theresina, Muenster; Cyle Martin, Saint Jo; Brian Taylor, Sanger. Friday, Sept. 12: Mrs. Melvin Luke and baby boy and Harvey Lamkin, Muenster; David Glover, Temple; Harold Bratz, Carrollton; Ester Findley, Gainesville; David Taylor, Dallas. Saturday, Sept. 13: Robert Noggler, Lindsay; Jackie Taylor, Saint Jo; Mrs. David Shotwell and Ray Spears, Gainesville; Mrs. Manual Macias and baby girl, Whitesboro; Ben Perryman (exp) Forestburg. Sunday, Sept. 14: Tammy Huchton, Lindsay; Mrs. Don Vaughan, Gainesville. Monday, Sept. 15, Tom Trachta, Muenster.

CCD Liturgy Honors Altar Boys

Forty-two CCD Altar Boys were honored Wednesday evening during the CCD Mass in Sacred Heart Church. They participated in the entrance procession with Father Denis Soerries and the Mass servers Dickie Trubenbach, Damie Hellman, Jason Walterscheid, Joe Paul Walterscheid, Eric Dankesreiter and Stephen Fisher who led with lighted candles and crucifix.

The narrator was John Walterscheid. The first Reading was given by Darwin Sicking and the Responsorial Psalm by Michael Pagel.

Prayers of the Faithful were given by John Anderle, Ronnie Walterscheid, Samuel Fleitman, Kevin Anderle and Chris Klement. Offertory gifts and Mass servers who presented them were Water-Donnie Boyd-stun; Wine - Jon Fleitman; Bell - Jerry Brawner; Purificator - Joe Weinzapfel; Cassock - Michael Bierschen; Pater - Weldon Hermes; Prayer Card - Douglas Evans; Paten - Danny Black.

The liturgy was arranged by the CCD Committee.

TIGER TALES

The SH Student Council will have their try at their bike-a-thon, on Sunday, September 28, 1980. No age limit required. It will begin in front of SHHS at 3:30 p.m. The course of approximately 10 miles, will turn near the Bartush home follow the farm to market road to the top of the hill near the David Reiter home and return on the same road to the North Maple Street and then follow the Bike Trail

to the City Park. There will be two refreshment stops, and free barbeque sandwiches to all contestants.

Prizes will consist of \$50 for first prize, \$30 for second prize and \$20 for third prize. Pledge sheets are available in the Sacred Heart High School and grade school offices. Proceeds will be evenly divided with the SHHS Student Council and Gainesville Child Development Center.

CAR WASH

The SHHS Junior Class will conduct a Car Wash on Saturday, September 20, 9 a.m. to 2 p.m. on the parking area between the two school buildings. Prices are \$3, inside or outside; \$5 both in and out; \$12 in, out and wax.

Riding Club Meeting

Officers of the 4-H County Horse Club for the coming year will be elected at the organization's regular meeting, Monday Sept. 22, 8 pm. at the club building in Gainesville.

Also on the agenda are planning a trail ride and a program for the year as well as a film show.

From Page One

Confetti...

see the circumstances without recognizing a responsibility to get involved in trying for the solution.

If this sounds alarmist it needs to be given more thought. Inflation, already for advanced, has to be stopped or it will continue into financial chaos. Standards of government involving corruption, waste, punitive regulation and taxation, along with rampant crime and gutter morality, are the masks of a decaying society heading for eventual breakdown and dictatorship... unless before that we fall victim to our own foreign policy of betraying friends and aiding enemies.

As the first step in the right direction, it is important for the GOP to find an effective answer to the personal attacks that have been hurting their candidate, and more important they need their counter campaign to expose injustice of the smears. Still more important they need to campaign on the really important issues such as the moral, political, social, economic and financial mess which has resulted from four years of Carter misadministration. The big question before voters is whether they want more of this or a change. It's a matter of conscience as well as judgement.

Students Get Plus Benefit from Aptitude Test

Mrs. Betsy Fleitman, director of guidance at Sacred Heart High, has announced that students taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) on October 21, will benefit from additional services in 1980. These services are designed to provide students with more information about the content and uses of the test.

Students who plan to take the 1980 PSAT/NMSQT will receive a complete sample test for practice, along with an answer key and scoring instructions. When scores are reported in December, each student will receive a Report of Student Answers, including the correct answers as well as the answers the student gave. To allow students to refer to the original questions, schools will return test booklets with scores. Students will continue to receive "about your psat nmsqt scores," a booklet of general information on college planning.

The PSAT/NMSQT is cosponsored by the College Board and National Merit Scholarship Corporation. It is administered annually to more than one million students and measures verbal and mathematical abilities that are important in college work.

Visitors Invited To Scout Meeting

An invitation has been extended by Muenster Boy Scouts Troop 664 to all interested boys to come to the next meeting on Monday evening at 7 p.m. in the KC Hall. Boys who are unable to come then may phone Scoutmaster Waylen Poole at 759-2721 for more information.

The Scouts are looking forward to new members who will be received when the troop holds its next Court of Honor in December. The newest member to join Troop 664 is Kevin Wolf, who advanced to tenderfoot rank during the most recent Court of

Honor. John Nasche is assistant scribe and reported the meeting.

No formal meeting was held on Monday, September 15 by the Muenster Boy Scouts. Instead, seven of the older scouts met at the K. C. Hall from 5:30 until 7 p.m. to work on the "Citizenship in the Nation" merit badge, a requirement for Eagle rank.

At 7:00 the seven scouts and adult leaders began work on the scout bus, sanding it and preparing it for a paint job.

Heat Returns

It could not last. Temperatures that dropped below 100 five consecutive days last week went up again on September 11 for five scorches of 100 or more out of six days. Readings were recorded as follows by Steve Mosier: September 11, 75 and 100; September 12, 75 and 99; September 13, 76 and 101; September 14, 74 and 102; September 15, 77 and 102; September 16, 78 and 102.

But then came a pleasant surprise following Tuesday night's mini-shower. The readings for the 17th were delightfully cool figures of 59 and 82.

According to Mosier's record the community had 11 days of 100 and over in June, 31 in July, 27 in August, and 10 to date in September, a total of 79, and the end definitely is not assured.

For instance, all of the final week of September 1977 was 100 or over. The Tuesday shower was a disappointment from a heavy and noisy cloud formation, its measure only .11 inch, making the month's total .21 inches and the year's total only 9.96 inches.
