

Early Decontrol of Oil Prices In Good for Texas

State Comptroller Bob Bullock Wednesday said President Reagan's early decontrol of crude oil prices could mean up to \$150 million more in state tax revenue this year.

Bullock said Reagan's decision to speed up the decontrol of crude oil prices instead of waiting until October 1, to allow existing law to take off controls, will immediately hike up the price of domestic oil.

The state collects a 4.6 percent tax on the market value of oil produced in the state and Bullock said the crude oil production tax will produce about \$3.1 billion in revenue during the state's 1982-83 budget period.

Bullock estimated that most of the money the state will earn from early decon-

rol will be taken in this fiscal year and that amount will push up the state's \$568 million surplus by whatever is collected before August 31.

He said he would not formally revise his revenue estimate to the Legislature until more precise data becomes available.

Federal decontrols of propane and gasoline will not earn the state extra income, Bullock said.

The easing of controls on these petroleum products is likely to be met with consumer resistance because prices can be expected to go up.

If Texans use fewer gallons of gasoline or propane, the state will collect less in taxes on these products, he said.

He said the decontrol impact on propane and gasoline would probably be minimal.

Revival Glorifies Jesus

By Teresa Rainwater
Enterprise Staff Writer

Muenster's First Baptist Church was filled nightly as people gathered to hear Evangelist C. Alan Damron during the four-day revival.

According to Rev. Keith Thomas, pastor, "The main purpose of the revival was for Jesus to be glorified in our community."

He explained the revival was an opportunity for "men's lives to change by the power of the Gospel, for the lost to be saved, and for the saved to be revived."

Rev. Damron urged all to live the "real life which can only be gained through Jesus Christ. 'Life without Jesus is only an imitation life. You're not living, folks, if you have not accepted Jesus as your Lord and

Savior," Damron said. Damron and his wife, Sarah, sang inspirational songs as she played her guitar. Sarah composed both the lyrics and music to many of the songs.

For the past five years, Rev. and Mrs. Damron have led in revivals, crusades, retreats and concerts. This week's crusade for spiritual awakening was a turning point in the lives of many who confessed Jesus Christ as their Lord and Savior. At the end of each nightly service, there was an invitation for those attending to come forward and give their life to Jesus. This was done as the congregation had heads bowed and eyes closed in prayer.

Damron stressed the importance of accepting Jesus and explained that the invitation was not to recruit new members of the Baptist

Church, but for individuals to find new meaning to life through Jesus. Accepting the invitation in no way obligated anybody to any one church or belief.

After confessing to Rev. Thomas the sincere desire to have Jesus as first in their life, each who accepted the invitation was assigned to a trained counselor to talk about their commitment to the Lord.

Mr. and Mrs. Ken McDougle had the Damron family as their house guests during the revival.

As of Wednesday, with the revival not yet ended,

Rev. Thomas reported 25 had come forward to be saved and received Jesus as their Lord and Savior, and 10 Christians recommitted and rededicated their lives to Christ.

From Texas, the Damrons will travel to Nashville, Tennessee to record an album, "Meet the Master", composed by Sarah Damron, before returning to Montana.

Due to the tremendous interest, the revival has been extended another night, Thursday night, and will begin at 7:30. Everyone is Welcome!

Pro-Lifers Try to Form Unit

Sharon Krebs of Lindsay, with the Gainesville Welfare Department, called a meeting in Gainesville to discuss the need for a pro-life organization in the area.

The meeting was held at the TP&L building Monday, February 2 with a dozen attending. The goal was to see if there are enough in-

terested in starting an organization in Cooke County in support of the pro-life movement.

Two of those attending the meeting will go to Dallas to talk to the Birthright and the Dallas Right to Life organizations to see what

type programs they can offer in Cooke County.

Those attending were of different faiths and backgrounds. Attending from Muenster were Roger Taylor and Linda Becker. The next meeting is scheduled for March 5. The time and place will be announced later.

Lupe Evans Honored as Den Leader of the Year

Lupe Evans was named Den Leader of the Year, Saturday January 17 at the Frontier Trails District Awards dinner and officer installation in Denton.

As a second year den leader, Mrs. Evans has attended all pow-wows and round-table training sessions for leaders.

Nominated by Mrs. Shirley Weems of Lindsay, Mrs. Evans was recognized

News of The Sick

Mrs. Dennis Hess is a surgical patient at Wilson N. Jones Hospital in Sherman since Thursday January 29, when she entered about midnight. She underwent surgery last Saturday and will probably return home today, Friday.

Mrs. Felix Becker is a patient in Muenster Memorial Hospital. She underwent surgery Monday.

for her dedication to the local scouting program.

In March 1980, she attended camping school and was certified to conduct camping activities and day camps. In June of 1980, she was the camp director for Cooke County Day Camp for Scouts, and in July, she and her two sons, Murlin and Douglas, went to the Philmont training center in New Mexico for further training in scouting leadership.

Locally, Mrs. Evans has been active in planning and

carrying out scouting activities. She was the director of the turkey shoot in November for Cub Scouts from Saint Jo, Lindsay and Muenster.

Active in the Muenster Chamber of Commerce, Mrs. Evans was director of the Christmas parade and will be the camp director for the 1981 Scout Day Camp.

Mrs. Weems, who has worked closely with Lupe Evans in the scouting program and projects, said, "She deserved the award and a whole lot more."

Societies Announce Patron-Day Dinner

Members of St. Anne's Society have announced plans for the annual dinner on Thursday, March 19, co-sponsored by the St. Joseph's Society. According to plans made during the

regular business meeting on Sunday, Feb. 1, reservations or tickets may be obtained from the Wilfred Bindels, 759-2729.

Mrs. Della Walterscheid conducted the meeting; Mrs. Bertha Knabe gave minutes of the January meeting; Mrs. Marie Henscheid gave the treasurer's report and told of sending get-well cards to Mrs. Catherine Hermes, Mrs. Jennie Schilling, Mrs. Rosie Becker, Mrs. Elsie Fuhrman, Mrs. Hattie Grewing, Mary Becker, Annie Becker, Mrs. Mildred Rauschuber and Father Stephen Eckart.

Members signed letters to Senator Mengden in support of House Bills, 19 to 23 (anti-obscenity bills), and in support of "Decency Through Law."

It was announced that the Northern District meeting will be held in Muenster on Sunday, March 29.

Mrs. Ann McDaniel distributed Peace Prayer Cards, Marie Henscheid gave three readings: "My Rosary," "A Better Kind of Valentine," and "Valley of a Smile." Della Walterscheid read "Save a Soul a Day."

Twenty four members attended and Mrs. Tillie Otto won the door prize. Members joined the St. Joseph's Society for a social hour following the meeting.

Extension Service Reviving Ancient Craft

Wheat Weaving Workshops Set for February 15-16

An ancient craft, "wheat weaving" is being revived. In Cooke County people can learn more about this art by participating in one of two workshops to be held in February.

The first workshop will be held on Monday night, February 16 from 6:30 p.m. until 9 p.m. For those who prefer a daytime workshop, another one will be held on Tuesday morning, February 17 from 9:30 a.m. until 12 noon. Both of the workshops will be at the Texas Power & Light meeting room in Gainesville.

At the workshops everybody will make one or two small projects and one larger project depending on individual speed. There will be a \$3.50 charge for each participant to cover expenses of the wheat, etc. So that materials can be purchased, advance reservations must be made by February 9. Reservations can be made by calling Mrs. Evelyn Yeatts, County Extension Agent at 665-4931 or 665-1966. She will teach the workshop, assisted by Mrs. Kathy Fette.

The craft of working with straw is an ancient craft which dates back to Egyptian times. In older times, the seeding and harvesting of crops had great religious significance where the goddess Isis was worshiped. Ceremonies were performed at these times. They were felt to be an essential part of the well being and fertility of the crops.

The corn spirits were supposed to live in the fields and die as the last sheath was cut to be reborn in the straw ornaments made from the last grain of the harvest. These ornaments were made as a resting place of the corn spirit and were kept in the home until the next harvest to ensure the continuation of the crops.

SPORTS

Tigers, Tigerettes, Zone Champs

Both of Sacred Heart's basketball teams are zone champions in their district of the Texas Catholic Inter-scholastic League, having swept both divisions of the tournament in Wichita Falls during the past weekend. Other teams in contention were Notre Dame of Wichita Falls, Christ the King of Lubbock and Alamo of Amarillo. The tourney was a round robin in which each team played each other team once.

The Tigerettes started with Notre Dame, which turned out to be the toughest opponent. After trailing 13-12 and 21-20 in the first two periods they tied it at 29 in the third and inched ahead for a 39-38 win at the end. SH scorers were Carol Walterscheid 16, Virginia Bartush 10, Tammy Henscheid 6, Shellie Walterscheid 3, Nancy Sicking 3, Susan Walterscheid 1.

Playing Christ the King in their second game, the SH girls had slim leads of 8-4 and 17-14 for two periods, jumped to 38-22 in the third

period and coasted to their 52-43 win. The point makers were Tammy Henscheid 10, Shellie Walterscheid 9, Anne Felderhoff 8, Susan Walterscheid 7, Virginia Bartush 6, Carol Walterscheid 6, Nancy Sicking 4, Sara Stoffels 1. Progress in the Alamo game was somewhat similar except the big quarter was the second and ended in a count of 26-9. There after the scoring was about even as Sacred Heart led 37-22 and 54-39. Tigerette scorers were Tammy Henscheid 17, Virginia Bartush 10, Carol Walterscheid 8, Susan Walterscheid 6, Shellie Walterscheid 5, Nancy Sicking 4, Anne Felderhoff 2.

The Tigers

The Tigers game with the

ND Knights was hotly contested for three periods, a 12-12 tie followed by SH leads of 22-18 and 32-21, then a fourth quarter gain to 49-41.

Brian Bednorz led Sacred Heart scoring with 15, Monte Endres hit 12, Gene Fuhrman 10, Kirk Mollenkopf 6, Brian Herr 4, and Greg Walterscheid 2.

Next one was a runaway with SH gaining in three periods for comfortable leads of 16-6, 34-17 and 51-25. From there on Tiger reserves had the floor and Christ the King closed the gap to 58-49.

Greg Walterscheid was the top scorer with 14, Monte Endres made 11, Brian Bednorz 10, Kirk Mollenkopf 6, Brian Herr 5,

Troy Wolf 4, Neil Hesse 4, Gene Fuhrman 2, Gene Haverkamp.

The final game, with Alamo, gave the Tigers their biggest problems. With ailing players and foul troubles, they struggled through three periods with leads of 18-12, 30-25 and 38-34. Going to ball control in the fourth they were frequently fouled and cashed in for a 51-40 win.

Top scorer was Brian Bednorz with 17, as Monte Endres and Neil Hesse each hit 11, Kirk Mollenkopf and Gene Fuhrman made 4 each, Brian Herr and Troy Wolf 2 each.

Tammy Henscheid, Shellie Walterscheid and Brian Bednorz were Sacred Heart's standouts of the tournament.

Forestburg Kids Dumped by Ponder

Forestburg's classy teams of junior high kids met their Waterloo Monday in games with Ponder. As a result, the boys end their district race in second place behind Ponder with a record of 6-1 and a season record of 12-1. The girls are tied with Ponder for second place with a district record of 5-2 and a season record of 10-5.

Both of the teams will

participate this weekend in a junior high district tournament at Alvord.

Playing Ponder, the Forestburg boys did all right for three quarters with leads of 10-8, 18-14 and 26-24, but Ponder's 16 point fourth quarter rally was too much, and the sad result was a 40-32 loss for the Burg. Point makers were Holland and Shults 14 points each, Sewell

and Souther 2 each. Ponder dominated all the way in the girls' game and won it 29-18. The Burg's scorers were Trayler 10, bell 6, Reid 2.

Tigers to Play Tyler Gorman Here for District Title

Tyler Gorman will be the opponent, Sacred Heart gym the location, and Saturday at 5 p.m. the time for Sacred Heart's zone play-offs to determine the district TCIL championship.

Boys and girls of both schools are competing, the Tigers and Tigerettes as winners of the Zone tournament at Wichita Falls last weekend, the Tyler teams as winners over St. John's of Ennis.

Coach Jon LeBrasseur attended the play-off of the Tyler and Ennis boys Monday night and afterward was the lucky one in the coin flip for location of the play-off.

After seeing the opponents in action he's expecting

stout opposition for the Tigers. The visitors are tall, good shooters and good rebounders. As regards the girls' team, he hasn't seen them in action but has the report that they are potent.

MHS Teams are 5-Time Losers

A dismal season of Muenster High basketball continued through the last week with five losses to Krum and Valley View.

Friday night at Krum the Hornets were 68-19 victims to the team which appears to be headed again to the state playoffs. MHS scorers were Ricky Winn 9, Wayne Carroll 5, Kevin Felderhoff 4, Glenn Fisher 1.

The situation was about same as the Hornets bowed 49-22 to Krum's femmes, who are going strong in the district now

and allowed 11 points to Stephanie Richey, 9 to Sandy Wimmer and 2 to Charlotte Fleitman.

Playing Valley View here Tuesday the Hornets and JV Hornets lost by 1 and 2 respectively whereas the Hornets lost by 15, due at least partly to the ravages of the flu bug. Nevertheless the boys had a good second quarter, leading 17-14 after an 8-5 first period deficit. But the second half belonged entirely to the Eagles for leads of 29-21 at the third and 43-28 at the end.

Hornet scorers were Ricky Winn 11, Kevin Felderhoff 6, Tim Schneider 4, Wayne Carroll 2, Steve Luke 2, Glenn Fisher 2.

The Hornets made the game a thriller near the end but eventually came away a point short. After trailing 9-6, 23-16 and 29-22 in three periods they hit a hot streak in the fourth and tied the score, but could not hang on. The visitors triumphed 37-36. Top scorers were Stephanie Richey 12, Charlotte Fleitman 10, both of whom fouled out, and others were Carla Walterscheid 6, Kyla Hale 2, Sandy Wimmer 2, Peggy Winn 2, Mary Winn 2.

JV Hornets likewise made a big effort and fell short by 2 points. After a 4-4 first quarter the visitors led 6-4 at intermission rallied to a 14-6 lead. Then Muenster had its turn and almost closed the gap, finally losing

16-14. Scorers were Shelly Zimmerer 6, Jill Wimmer 4, Pam Hermes 2, Nancy Walterscheid 2.

Device may help doctors in testing condition of heart

COLLEGE STATION — Medical equipment that could make it possible for a doctor to test the soundness of a patient's heart during a routine office visit may result from the research of a Texas A&M University bioengineering student.

Thomas J. Brosnan, a senior from Waco, is conducting studies on heart electrical activity with bioengineering professor Dr. Walter Kuklinski.

If the research proves successful, a patient's heart condition might be determined through an electrocardiogram-type analysis, without surgery or extensive hospital tests.

Let's make Texas the cleanest, most beautiful state in the nation! Let's make Muenster the cleanest, prettiest place in the county! Let's realize that littering streets and roads occurs mostly due to people's thoughtlessness and carelessness. It takes volunteers, singly or organized to reverse the trend.

The habit of flipping litter, cans, bottles, trash, paper, wrappers scraps of food etc. out on a street or road differs only in scale from discarding such in a neighbor's living room.

Clyde Richard Stabs a Deacon

Clyde Richard decided one Sunday, after church, that he really needed a peep-hole in the door of the primary Sunday School room. With all the secret stuff we had to plan, he said, we couldn't have people slipping upon us.

I didn't see how the peep-hole was going to do us as much good as it would anybody standing on the outside, but I thought it was a good idea anyway.

He took the first turn at the door, boring our hole with his pocket knife. He was really leaning into it, to get things started, when big, fat Joe Clark, one of the deacons, suddenly opened the door.

Clyde Richard fell through the doorway and into Joe Clark with his knife still in boring position. He stabbed it to the hilt in Joe's massive belly.

Joe Clark screamed and lit out.

Clyde Richard said, "He run off with my knife stickin' in 'im. I bet I don't never git it back."

My daddy was at the church that Sunday. Both he and Clyde Richard's daddy were in the same group of men, standing around talking in the churchyard.

We slipped out to where we could hear Joe Clark's report.

"I went back 'ere to check the lights," wailed Joe, "and when I opened the door, Clyde Richard and Leroy jumped out and stabbed me in the belly."

My daddy said, "You sure want to watch them 10-year-

olds, Joe. They're sure dangerous."

"But they had knives," cried Joe, who weighed about 300 pounds. "Well," said my daddy, "One of 'em ain't got one no more. It's a stickin in your belly."

Clyde Richard's daddy was starting to lead everybody in our direction, so we ran off and hid in the canyon.

The stabbing of Joe Clark, on top of all the other stuff Clyde

Richard had done lately, had the whole church in an uproar. Strong measures were called for. Clyde Richard would have to deliver a testimonial of faith.

Like any true criminal, Clyde Richard knew just how far he could push, and he knew that he was going to have to give that testimonial or leave home.

I had given one not long before that caused some of the old ladies to speculate on my prospects as a future preacher, so we decided to change mine around and run it again as Clyde Richard's. He did the first honest work of his life trying to memorize that testimonial, and he had it down pat. He practiced until he could wave his arms and raise his voice at all the right places just like a regular preacher, and I heard him go over it so many times that I got to believing that he really meant it.

Clyde Richard had been impressed at some point in his life by the old maxim, "If at first you don't succeed, then try, try

Are Astronauts' Foods - Foods of The Future?

Part 1 of a 2 part Series
Accelerated war-time and space technology have been responsible for profound changes in the food industry in this country during the past 40 years. There are fewer but bigger, more mechanized farms, producing more food than ever.
The food industry, always growing, pours out newly developed frozen foods and an endless variety of convenience food items never before imagined-canned foods, baked goods, dry cereals, snack foods and a bewildering array of soft drinks. Chemical research has provided preservatives and additives to prolong the shelf life of many of the thousands of items in supermarkets.
Technology and transportation explosions during the last 40 years have changed even the way we think about eating. Long dependent on seasonal foods, available only close to home or at restaurants, we now take for granted year-round fresh milk, meat, fruits and vegetables, and fresh seafood.

Food packaging and processing have become much more sophisticated as a result of developing foods for our astronauts. Such space products as compressed food bars, freeze-dried beverages, and frozen vegetables with "flavor cubes" have become an accepted part of the weekly grocery purchases.
Chemists have even developed a "memory ingredient" in freeze dried compressed beef chunks, and meatballs, so that with the addition of water, they will spring back to their original shape.

Pressed food bars and nutrient-containing snack rolls were developed as a result of space life research to create a contingency food, designed to sustain a flight crew sealed within pressure suits. These foods combine high nutrient density and a high proportion of natural foods with low bulk.
"Intermediate moisture products" containing more water than whole foods, yet less than compressed, dehydrated or freeze-dried foods, are still in the development stage, but already have appeared on the market as pet foods and dried fruit, in disposable foil pouches.
Lightweight, air- and moisture-proof pouches may be the cans of the future. Called "flex-canning," this type of packaging is used with foods that have been "thermostabilized," or processed with steam or hot water at about 250 F, then sealed in individually-sized containers.

Airlines are already looking into plastic wine containers to reduce weight and bulk. Another new type of packaging-boxes with plastic bags inside to contain liquids-take up little refrigerator room and are easy to shelf in grocery stores.
A similar boxed liquid, but not needing refrigeration, is a product already popular in Europe and Canada: "ultrahigh temperature" or UHT milk. Though slow to appear on grocery shelves in the U.S. due to extensive modifications needed at dairies to produce it, UHT milk is fairly certain to become a staple on U.S. pantry shelves in the next 10 years.

Muenster Farm Mutual Reports Growth, Fewer Loses

Continued growth in membership and assets along with a welcome drop in losses was reported on Wednesday, Jan. 28, at the 87th general meeting of the Muenster Farm Mutual Fire Insurance Association.

Secretary Ed Endres told 41 delegates from the organization's five districts that total losses of the year were \$61,663.77, a decline of \$7,584.05 from the previous year's \$69,247.82. Membership was reported at 1178, a gain of 22 over the previous 1156. Also assets increased by \$90,191.91 to a present total of \$601,029.

Fires accounted for most of the year's claims, the total being \$43,102 as compared with \$16,940 in 1979. Storm, hail and lightning in the amount of \$18,561 make up the remaining claims. A part of the claims payments was offset by re-insurance pay, which reduced the association's net obligation to \$44,990.

Major claims of the year were \$12,000 for a house fire in the Lindsay district;

\$4,000 for a house fire at Electra; \$12,000 and \$1,837 for house fires plus \$9,000 for a barn fire at Windthorst; and \$5,000 for a house fire at Valley View.

Expenditures besides claims were \$26,396 for administration, \$9,140 for catastrophe insurance, \$65,806 for re-insurance and \$1,315 miscellaneous and refunds. Total spending was \$164,323.

At the same time total income was \$254,515, the difference in those figures accounting for the year's gain of \$90,191. Items of income were assessments \$158,467, premiums \$26,134, interest \$52,955, re-insurance \$16,673, miscellaneous \$244.

The cost of doing business was 37 cents per \$100 of insured valuation, a drop of 2 cents from the 1979 cost and 19 cents from the 1978 cost, but still a long way from 26 cents in 1977 and 11.6 cents in 1976.

The assessment rate last year was 42 cents with 5 cents additional for new insurance. Delegates at Wednesday's meeting voted to continue the rates through this year.

Along with an increase in membership, the number of policies has increased from 1462 to 1477 and the total insurance of those policies has increased to \$43,713,757, a gain of \$7,026,392 for the year. To spread its risk the association has re-insured in the amount of \$20,046,207 leaving the mutual with an obligation of \$23,667,550.

In other business the delegates voted to compen-

sate volunteer fire departments \$100 for fighting fires at insured property. If more than one department is present, the pay is to be divided.

Also they voted to raise the limit on savings accounts to \$100,000. And to divide the present Windthorst district, the new area to be the Henrietta district, No. 3. Other districts are Muenster 1, Lindsay 2, Electra 4, Windthorst 5, Valley View 6.

All present directors were re-elected for another year, and after election they re-elected their officers as follows. J.A. Klement, president; Al Walter, vice-president; Ed Endres, secretary; Victor Hartman, treasurer; Alfred Bayer, director.

Welfare Fraud Rate Low in Texas

Investigators from the Texas Department of Human Resources found 4,022 cases of welfare fraud in the state in 1980, it was announced today by Marlin W. Johnston, acting commissioner of DHR.

Johnston said the cases represented \$2,689,329 in welfare assistance fraudulently taken from DHR programs.

"While that is a large sum of money," Johnston said, "it represents only .18 percent of the agency budget, and I think this reflects tight control of welfare programs and substantial assurance that only those who qualify for assistance are getting it."

IN ADDITION to the low fraud figure, Johnston said that welfare cheaters made payments of \$703,804 in restitution to the state during 1980.

The fraud figures were contained in an annual report to Johnston from Ed Richards, head of DHR's Investigation Division.

Richards said fraud is attempted most often in the food stamp program, where investigator's found fraud in 2,594 cases in 1980, involving a total of \$970,598. More than 1,200,000 Texans participate in the food stamp program.

GROUNDHOG DAYS

That famous groundhog of Pennsylvania and his cousin the ground squirrel of these parts saw their shadows Monday, so we're stuck with six more weeks of winter.

And Steve Mosier reports that present weather is clear and cold and dry. The only moisture of the week has been .28 inch in February. Combined with .19 inch in January, that makes only .47 for the year to date.

Low and high temperatures of the week were recorded as follows by Steve Mosier. Thursday, Jan. 29, 54 and 77; Friday, Jan. 30, 30 and 43; Saturday Jan. 31, 34 and 49; Sunday, Feb. 1, 30 and 44; Monday, Feb. 2, 19 and 40; Tuesday, Feb. 3, 26 and 58; Wednesday, Feb. 4, 32 and 42.

The next program where fraud is most often attempted is in the Aid To Families With Dependent Children program. Richards said 1,331 attempts to defraud the AFDC program were made in 1980, involving \$1,286,837.

ATTEMPTS AT fraud usually involve giving false information about income or the number of people in a household, both criteria for assistance eligibility.

DHR investigators make the cases against welfare cheaters, and then turn the evidence over to local district or county attorneys for disposition.

Richards cited phenomenal success in cases that were prosecuted. Of the 619 cases prosecuted in 1980, 614 ended in convictions.

Other cases are disposed of through agreements between the prosecutor and the offender to make restitution, or in some cases the court may order restitution.

THE NUMBER of fraud attempts generally is highest in the urban areas of Texas, with Dallas having the most incidents of attempted fraud, followed by Houston, the Lower Rio Grande Valley, Beaumont, Austin, Fort Worth, El Paso, the east Texas area surrounding Tyler, San Antonio, Abilene, and Lubbock.
