MUENSTER COOKE COUNTY TEXAS 76252

USPS 367-660

MARCH 27, 1981

NUMBER 18

Selection of the speaker for this year's Chamber of Commerce banquet was an inspiration. Sally Williams of Texans' War on Drugs held the audience spellbound with her presentation of a subject which urgently needs increasing exposure until it is understood by all segments of society from law makers and enforcers to civic leaders and parents, and especially the children. If it's not imposing too much on this talented and already overworked lady, it would be a great idea to have her back speaking to a packed house, including school kids.

The talk was on marijuana, about which the public has been grossly misinformed. Extensive research in recent years has contradicted the claim that it is no worse than tobacco and alcohol. In fact pot is extremely serious. It leads to addiction and/or a switch to the more potent drugs, which also wreck lives, but only faster. Pot's effect is cumulative leading to deterioration of the brain, destruction of reproductive capability in both sexes, and other complications.

This terrible damage is made all the greater by the alarming increase of the drug's use. The estimate is that the nation spends more than \$60 billion a year on it, more than our annual oil purchases from the OPEC countries. And it's further estimated that all communities have it, with adolescents accounting for most of its use.

The biggest cost, of course, is in the damage to human lives. But there are also enormous economic costs, money which should be used for living expense or which could be used in so many ways to enrich rather than degrade one's life. There are endless cases of addicts who have to turn to crime to finance their habit.

As we think of consequences related to the marijuana evil, such as crime and accidents and wreckage of lives, we have to understand that a ban of drug abuse has to be one of our country's priorities. This calls for a two way program, the first to educate the public on the long list of ill effects resulting from the use of pot. And the next objective is to toughen the dope laws.

Indications are that the Texas legislature is working on this program, hopefully removing some of the technicalities which make it harder to catch and convict dope distributors and pushers and then allow a too lenient penalty.

As we average people see it, no crime is more contemptible than that which ruins other lives, therefore governments have no more important mission than to seek out the dope criminals and remove them from society. In the first place, riddance is a good motive. Society gains when they are out of circulation. And there's also a matter of justice. Whoever has been responsible for ruining the lives of others deserves severe punishment. A lifetime sentence is not out of line for some. We can even claim that the death penalty is justified in cases involving the big time dope criminals.

People who are soft on criminals would oppose this idea of course. They believe in lenient punishment no matter how serious the crime. But they don't seem to consider that people can and should avoid punishment by avoiding crime. Whatever the law demands, the criminal has been fairly warned. If he has to suffer the consequence he has no one but himself to blame.

As a part of the drug abuse eradication program the country really needs laws with more teeth, followed by continued on page 2...

Sam Endres, past president of the Muenster Chamber of Commerce, is shown presenting a plaque in appreciation for outstanding service to Dick Ferber who is the Chamber's new president.

Banquet Speaker Blasts Pot

Persons attending last Friday's Chamber of Commerce banquet got an authoritative view of the country's drug abuse menace and the urgency of eliminating it from society.

The speaker was Sally Williams, coordinator with Governor Clements and H. Ross Perot in the statewide Texans' War on Drugs, which is gaining momentum all over the state. She said the public must be informed what kind of a monster it has to contend with, and meanwhile the legislature has to pass laws to help catch the drug wholesalers and pushers and then to prosecute them more vigorously.

Some of the goals are to remove technicalities whereby obviously guilty offenders can escape prosecution, also to establish tougher punishment both as a deterrent

and to take some criminals out of circulation.

Miss Williams assured her listeners that society's worst problem is the use of marijuana by school age children. It happens all over the nation and it happens in Muenster. The "joints" are available to any one who wants them.

She started by saying that drug abuse is America's most serious social and criminal problem. The evil which is inflicting permanent mental and physical harm on millions of youngsters is big business, a bonanza to organized crime and to shippers who import it by truck, plane and boat. Its annual volume of \$60 billion ranks with the nation's three largest industries and exceeds a year's total payment to OPEC for oil imports. The big \$16 million drug bust in Texas last week was only a scratch

on the surface.

She went on to explain that opinions have changed a lot since pot defenders claimed 20 years ago that it's no worse than tobacco or alcohol. The stuff now is rated as 10 to 16 times more potent. Whereas liquor's effect fades away in 12 to 24 hours, pot's effect remains three to six weeks. No authority nowadays rates it as harmless. In fact it is considered one of the most dangerous drugs, as well as the cause of many crimes committed under its influence.

Some of the specifics brought out are that marijuana chemicals attach to the fat protective layer surrounding the brain and eventually destroy brain cells. Also it damages the reproductive potential of both sexes, and it has upped the infant mortality rate in monkeys from 8 to 44 per cent.

Miss Williams also described various paraphernalia used by pot smokers and displayed two of the items. One is a clip for holding the joint so it can be smoked down nearer the end. Another is a "power hitter," a plastic device in which smoke is accumulated before forcing into the lungs, a way to get a concentrated dose of the smoke and feel its effect earlier.

These things along with a vast variety of sophisticated pot smoking supplies and camouflaged packages of pot, and pot oriented literature and records can all be found in the "head shops" which are specialty stores for pot smokers. Nationally these stores are

Sally Williams was the guest speaker at the Chamber of Commerce Banquet Friday night. She spoke on drug abuse and drug paraphernalia such as this "power hitter" which is used to blast concentrated marijuana smoke into the lungs to produce a quicker, higher "high".

Kids Raise \$2900 in Jump Rope for Heart

The American Heart Association hit the jackpot when elementary pupils of Muenster Public School entered the nationwide "Skip Rope for Heart" fund raising campaign. Sharon Felderhoff, local director said that the kids have collected the fabulous sum of about \$2900.

The promotion was a rope-skip-a-thon in which a six-member team in turns kept the rope going for three hours to earn pledges of specified amounts per hour. Twelve such teams were on the job, skipping and collecting the pledges later.

For the effort each participant who turns in pledge collections on time receives a certificate of appreciation and an official Jump Rope for Heart T-shirt. In addition each member of the team raising the most money over \$200 receives a warm-up suit. The winning team, which turned in \$468.90, includes Meredith McDaniel, Staci Walterscheid, Darla Bindel, Penny Russell, Michelle Monday and Melody Klement.

In addition, individuals not on the No. 1 team and collecting \$100 or more receive a windbreaker. Three qualify for that prize. Their names and amounts

are Eric Dankesreiter, \$127.60; Staci Sicking, \$165.60; and Keith Klement, \$100.00.

The school may also be eligible for prizes. The top three of the state, based on the average per student according to average daily attendance can select from a number of gymnastic equipment items.

Spring Weather

With the arrival of Spring temperature remains normal and moisture remains scarce.

According to Steve Mosler's official readings, the past week has been bone dry leaving the month's total at 4.07 inches and the year to date at 5.62 inches. Nevertheless soil condition remains good as vegetation thrives on moisture near the surface.

Low and high temperature readings of the week have been recorded as follows by Steve Mosler. March 19, 35 and 64; Mar. 20, 40 and 70; Mar. 21, 56 and 74; Mar. 22, 48 and 56; Mar. 23, 41 and 65; Mar. 24, 39 and 72; Mar. 25, 48 and 62.

Donors Give 140 Units of Blood

Muenster blood donors went over the top in a big way Wednesday exceeding their goal by 40 percent in the biggest collection since the program was started here. They gave 140 pints and many other persons were willing to give. Of 148 reporting, eight could not be accepted because of their physical condition or history, and several deadline arrivals were turned away because of a long line already waiting.

The goal of 100 units had been set on the basis of community capability,

which is determined by normal response. However other factors were also working for the collection this time. Many came specially to give for Dolores Luke and Jody Felderhoff whose need for transfusions has soared lately. Also the response from high school students was exceptional, apparently reflecting the recent showing of a film on the subject at both schools. Besides, the weather was perfect and the Sacred Heart student council did a good job of promoting.

Five of Wednesday's donors qualified for the gallon club. Larry Hennigan, Mark Klement and Allen Sicking completed the first gallon; Alfred Hermes completed the second and Arthur Bayer, the third.

The collection was made by personnel of the Wichita Falls Red Cross Blood Center on its semi-annual Bloodmobile visit to the community. Facilities were set up in the KC Hall from 2 to 7 p.m. and personnel were assisted by nurses and technicians from Muenster Memorial Hospital, members of the hospital auxiliary, and members of the Sacred Heart student council.

The arrangement with the Red Cross blood center is regarded as a distinct asset for the hospital and com-

munity. Since blood is given free by the donors, it is given free to patients, the only charge being for expenses of collecting, storing and transporting, etc. The cost of a transfusion is about half as much as when commercial blood is used.

Forty-two communities in Texas and Oklahoma take turns in providing for the center and all of them receive their supply of blood from it.

Local helpers at Wednesday's collection included nurses Pauline Stelzer, Joan Walterscheid, Mary Ann Hess, Karen Endres and Barbara Bezner of the hospital; also technicians Herman and Gwen Carroll and Robert LaCoe; and Joie Continued on Page 3...

First Communion To Be Sunday March 29

The First Holy Communion for 38 second graders of Sacred Heart Parish will be held Sunday, March 29 at 2 p.m. The parish community and friends are invited to celebrate the special day with the children and to witness their joy. The Mass at 2 p.m. will fulfill the Sunday obligation.

Local KCs Host District Initiation

Muenster Knights of Columbus will host KCs from the Gainesville, Denison, Denton and Pilot Point councils next Sunday at a second and third degree initiation.

Activities will begin at 10:45 a.m. with assembly of candidates, local members and guests before proceeding to Sacred Heart Church for group attendance at the 11 o'clock Mass. Fourth Degree members in formal attire will head the procession.

After Mass lunch will be served in the KC hall for candidates and out of town guests. Second degree ceremonies will start at 1 p.m. and the third degree will follow. Then a meal will be served to all in the KC hall.

Muenster officers are ex-

pecting a large class of local candidates, probably as many as 25, and the total of the five councils is expected to be over 50. Muenster added 8 to its list last Sunday when it joined others of the district for an admissions degree at Gainesville. The new first degree members are Bob Hamric, Benji Luke, Steve Luke, Steve Hermes, John Walterscheid, Herb McDaniel, Don Knauf and Joe Sicking, Jr.

All KCs who are first degree members only are specially urged to participate Sunday. Since the second and third are held locally on alternate years, the next local opportunity will be considerably delayed. Also, local third degree members are encouraged to attend in numbers to enhance the welcome of new members.

350 Animals Sell At Jr. Sale

This year's Cooke County Junior Livestock Show and Sale came to an end Saturday with the auction of some 350 animals for approximately \$122,550.

In keeping with county tradition, the prices invariably included a handsome premium as reward to the 4-H and FFA members who raised the project animals.

County Agent Neil Tibbets said the sale set a new record and since market prices were lower the premiums had to be more generous. "There's nowhere where people support the sale like they do here," he said.

For instance, John Fisher of Fischer's Meat Market paid \$2.10 a pound for the 1235 pound grand champion steer shown by Traci York of Era. Her check was for \$2,593.50, approximately \$1.50 per pound over the market price.

Likewise Don Hess of H&W Meat Co paid \$1.80 a pound for the reserve champion hog shown by Mike Beavers, a premium of \$1.44 a pound over the market price of 36 cents.

Top price of the sale went to Mike Stevens for his reserve champion steer. Allan Richey paid \$3.50 a

pound, or \$4,200. Also John Parker paid \$1.80 a pound for the grand champion hog, and Rex Cauble paid \$654 and \$345 for the champ and reserve champ sheep. Cauble also paid \$200 for a pen of broilers and Crosstimer Cattle paid Mark Knabe \$175 for his grand champion pen of broilers.

A winner that did not go to the sale was Andy Burnette's Angus heifer which was judged the grand champion as well as best fitted of the heifer show.

The show was different this time. Instead of a single day in the old run-down pony barn of the county fairgrounds, it was held three days in separate locations: breeding stock Wednesday at Era, steers

and sheep Thursday at Valley View and swine Friday at Callisburg, then finally the big sale of all market animals Saturday.

Buyers from Muenster, besides Fisher and Hess were Mike Hamer, Bob Vogel, Earl Fisher, David Spaeth, Gene Hoening, Bruno Fleitman, Jim Vogel, Charles Switzer, J. Fleitman, Dick Howe, Edgar Dyer and Felderhoff Drilling Co.

Muenster entries of the show were judged as follows. In the fat steer division: Amy Davidson's American Cross, a blue ribbon in heavy class and a trophy for champ of the breed. Stephen Vogel, a blue for medium Limousin Cross. Bryan Hoening, a blue for medium American Cross. Carl Zimmerer, a blue for Hereford Cross. Doug Fleitman, a red for Continued on page 13...

John and Butch Fisher are shown here with the 1235 lb. grand champion steer of the Cooke County Junior Stock Show which they bought for \$2.10 a pound. The animal is a Quianina-Angus Cross, grown and shown by Traci York of Era, was also the reserve champ of the San Antonio Livestock Show.

NATIONAL EDUCATION PROGRAM
Searcy, Arkansas

AID TO COMMUNIST NATIONS

For some years now the United States has contributed foreign aid and international banks have loaned money to Communist nations. Such policies are ill-conceived, not in the best interests of this country or the Free World, and should be re-examined in a critical light. Such a rational critique should lead to the termination of such irrational policies.

Why should the American people be called upon to loan money, to subsidize a Communist government to help it function better? The more such governments are left to function on their own, according to their own crippling nature, the more it reveals to the Third World, as well as to others, that Communism is definitely NOT the wave of the future, not the way to productivity and progress which they should choose. But any time we help polish up the image of Communist governments we help make them more attractive to the Third World and to some ideological illusionists here in our own country.

Communism is the sworn enemy of capitalism. The Soviet Union is sworn to the destruction of the United States as the leading capitalist nation of the world. Isn't it about time we faced reality? The first major step toward the end of Communism is to "embark on a massive program" of doing nothing to help Communism. How is an enemy to fall if one keeps propping him up? Is it rational to help support your avowed executioner? The media inundates us with all the reasons for helping them, but one can be brought swiftly back to reality by recalling the nature of the Communists as

demonstrated by their faith and practice.

We have been called upon to aid the Communist government in Poland, against which Polish workers are rebelling in various degrees. If we do not help Red Poland their unstable condition may bring intervention by the Soviet Union. But is this a valid reason for helping them? On the contrary, this is an excellent reason not to help the Communist government in Poland. Any help we give will go to the oppressor — not the oppressed.

The more places within the Communist world the Soviets are in trouble, the better it is for the non-Communist world, since the Soviets have to divert resources and attention from conquest of the non-Communist world. It would be nice if the killing of people would stop, but as long as there are Communists in the world there will be killing, and quite frankly, it is certainly better for Communists to kill other Communists than for them to expand their level of aggression against the non-Communist world.

If the Soviet Union attacks Poland it will help reveal to the Third World, and to some deluded souls in this country, the true nature of Communism. Every Communist or non-Communist Pole killed by the Soviets would create thousands of fanatical enemies within Poland. The more enemies the Soviet Union has within the Communist nations are to NATO. Soviet troops in Poland under these conditions would be surrounded by enemies, not only on their NATO flank. How many Polish soldiers could the Soviets then count on in a war with Western Europe?

Rationalize as people may, the fact remains that aiding any Communist government is aiding an enemy of the freedom of its own people and ours. Let the Communists stew in their own juice. There is no reason why we should aid them and lessen the heat their system turns on them, or increase the heat they can turn on us.

THE 67th TEXAS LEGISLATURE

by: SENATOR
BOB GLASGOW

The 67th Legislature has reached the mid-way point of the 140 day session. Deadline for filing legislation was last week. Almost 1200 bills have been filed in the Senate and more than twice that number in the House.

Bills have been filed with such frivolous-sounding descriptions as "a bill relating to frozen dessert manufacturers" or "a bill relating to the requirements that the last car in a freight train be an occupied caboose" (actually a serious railroad safety measure).

Only a small percentage of the bills filed actually become law. However, many measures are passed that greatly affect our daily lives.

Our form of government is a representative government. You elect representatives to state your case and

vote your views. This is true whether we are talking about city hall, county seat, Austin or Washington. My job as an elected representative is to represent those views.

It is a physical impossibility for me to communicate to each of the 495,000 people that live in the 22nd Senatorial District about each of the almost 4,000 bills filed in the Legislature. You may not want to hear about "frozen desserts" anyway.

The following is a listing of measures or topics that I feel are important that are being considered by the legislature in this session. They are not listed in the order of importance but merely as they come to mind.

Several criminal measures have been introduced. These include the introduction of oral confessions in criminal cases, toughening the rape statute and increasing the penalty for sexual abuse of children. Measures enhancing the penalty for trafficking in drugs and giving law enforcement agencies additional tools such as wiretap have been introduced and are being considered.

From Page One...

Confetti....

prosecution to the full extent of the law. It would not be long after that until drug traffic slows down. Suddenly some drug criminals would be removed from society and lots of others would become cautious.

However it is better to take on the other side of the drug abuse problem, with an educational campaign informing the public how foolish and wrong it is to be an addict. Pampering an expensive habit just to acquire a foggy mind, and possibly bring on enslavement with permanent disability, appears to be the height of foolishness.

This is a matter of applying common sense even in the Humanistic atmosphere of irreligion that has developed during the past half century. It would help if our nation returned to its original standards of Christian morality, with ideas of right and wrong and a firm belief that this is God's world and it should be run by His rules. There were times when individual integrity and intelligence were the first line of defense against drugs. Eventually, when the country gets over its current athletic binge, conscience and good sense will prevail again.

For now a point to keep in mind is that a crackdown on drug traffic and education of the public are good ideas, but their success will be limited unless accompanied by greater awareness of God and His rules.

combat the inflation. We are losing many quality people because of this.

A products liability measure is pending. Proponents of the measure claim that the present law is unfair to manufacturers and retailers. The opponents claim that the proposed measure would gut the products liability law and would shift the loss almost entirely to the user of the product.

As I stated at the outset, I am elected as the representative of your views. On these matters I have briefly mentioned and any other, I would appreciate your comments and your suggestions. This is one of the ways that representative government works.

Keeping in mind the words of Disraeli that "you have hired me for my judgment as well as my industry", being knowledgeable of your views will assist in making an intelligent and informed decision on the issues. Please contact me or my staff of measures that you feel are important.

Long-term campers, hobbyists and collectors are finding a handy help in boilable, freezable special cooking pouches that you can seal yourself with a special appliance. This small yet versatile Seal-A-Meal system from Dazey comes with its own recipe and instruction book, and works equally well for putting airtight wraps on crackers, breads, small food portions—even model parts and small works of art.

Graeme Hurry of Coventry, England, was in no big hurry to call it a day—or night—after camping out. On June 19, 1978, he completed four years of sleeping under the stars and eclipsed his own world record set exactly three years earlier.

CAPITOL UPDATE

John Tower
U.S. SENATOR for TEXAS
142 RUSSELL OFFICE BUILDING
WASHINGTON, D.C. 20510

Bringing stability to the Middle East must be one of the highest priority goals of all peace-loving peoples of the world. This is true not only because of the vast reserves of oil which lie under the soil in that region, but also because of its strategic location.

The chronic instability that continues to plague the Middle East provides the Soviets with targets of opportunity for its policies of aggression and undermining the stability of nations not under its sphere of influence.

The underlying assumption in U.S. Middle East policy in recent years seems to have been that resolving Arab-Israeli disputes would achieve stability throughout the region. However, that myth has been exploded by other major clashes — war in Afghanistan, the Iran-Iraq war, tension between Syria and Jordan, Libyan intervention in Chad and other major regional rivalries.

We cannot and will not abandon our search for a peaceful solution to Arab-Israeli tensions, particularly the emotion-charged problem of dealing with the Palestinian issue. Yet, we cannot ignore the broader range of threats if we are to achieve a lasting peace there.

I recently visited five Middle Eastern nations friendly to the United States, and was reassured to find that officials in those nations agree that the Soviet Union is the most serious threat to the region.

There is no doubt in my mind or in the minds of most of the high-level officials with whom I met that the Soviets are looking for opportunities to exploit tensions in that area for their own benefit. These nations — which include Israel, Egypt, Saudi Arabia, Oman and Tunisia — do not seek or desire large numbers of U.S. troops or even U.S. bases on their soil. All they ask is that we help them develop their ability to defend themselves.

In recent years, we have forgotten the important role that security assistance can play in our defense strategies. By not properly equipping our allies, we have placed ourselves in a position where in too many cases only the projection of American military power could meet security challenges that could and should be handled by the threatened nations themselves.

If nations friendly to the West have strong defense systems to go with their already strong national will to resist outside pressure, the risk to the Soviets in any contemplated aggression would rise significantly.

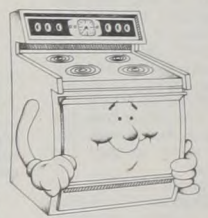

This need is so vital that I believe we must make up for past inattention by resurrecting outright military assistance grants to go with our major loan programs to provide our friends with the arms they need to meet their real defense requirements. It clearly is in our own national interest to do so.

The current situation is serious, but the balance is not yet against us. I am convinced past assessments of our power relative to that of the Soviet Union in the Middle East have been too pessimistic. Our own ability to rapidly deploy military force in the region, along with the role which could be played by regional and non-regional powers which share our interests is sufficient to keep the Soviets from being certain of the success of any attempt at aggression.

I do not believe the Soviets are now willing to directly engage our forces.

Therefore, we have time — if we begin to act now — to pursue military, diplomatic and economic initiatives to bring real and lasting stability to this troubled but vital area of the world.

SAVING TIPS
on electric ranges

- When using top-of-range utensils, cover tightly and cook with minimum of water. Cooking's faster; less energy's used. Food looks and tastes better, too.
 - Use flat-bottomed utensils for best contact with heating surface. Use proper size utensils. A 6" pan on an 8" heating surface wastes energy.
 - Preheat oven only when needed and only to temperature stated. Normal preheat is 10 minutes; any longer wastes energy.
 - When broiling, do not preheat. Leave door ajar...air circulation insures proper broiling.
 - Use oven fully. Fill it with foods that cook at same temperature. Freeze extras for later use.
 - Center pans in from oven sides, staggered above each other (no overlap) for best heat distribution.
 - Keep oven shut. Opening door drops temperature 25° or more; wastes energy.
 - Thaw frozen meats before cooking.
 - Do not use oven or surface heating elements for home heating.
 - Turn range off immediately when finished.
- Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.
- When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.
- If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

**Ted Henscheid, Candidate for City Council
Position 5**

Picture Not Available

1. As a Past President and officer of the Muenster Jaycees, and the experience of serving on the Muenster City Council for the past six years, I have had the opportunity to participate in many projects that involved civic work and making decisions. I am looking forward to the opportunity to be a part of making Muenster a better place to live.
2. I am glad that the citizens of Muenster realize the importance of the future of the city by the passing of the proposed lake project.
3. No comment
4. As Park Commissioner, I am happy to comment on the fact that the City Park Board and I submitted the recommendation of hiring qualified personnel for the maintenance of the park. This was unanimously accepted by the council, who approved employment of the qualified applicants.
5. As we all experience the changing times, we face the need to change the operation in some areas from time to time. Zoning is one of the areas in which we must strive to update for the betterment of the Community as a whole.

Questions and Answers

Concerning School Board Candidates

1. How would you seek to support the classroom teachers?
2. Do you think the school's budget is sufficient to provide the quality education needed by our young people?
3. Is there a conflict between academics and athletics? If so, where should the line be drawn?
4. Do you have any further comments? Please state.

**Dale Klement, Candidate for School Board
Place 3**

1. I would discuss with the teachers any problems they may have, discipline or otherwise, and try to determine what could be done to improve the situation. The board could then decide whether the teacher needs to have more or less control over the students and classroom situations.
2. Without having been on the school board before it is hard for me to determine if the budget is sufficient or not, because I do not know what part of the budget is spent where. I do not feel like there has ever been enough variation of subjects offered at Muenster, but again do not know what the budget allows for this situation.
3. In any school system there is conflict and altercations between academics and athletics. There are no adjustments, compromises, and alterations between all subjects and personnel involved in the school system.
4. I am glad to be given the opportunity to express my opinions on the above questions. I would appreciate very much your vote on April 4 for Place 3 on the Muenster School Board.

Place 3

**Rita Russell, Candidate for School Board
Place 3**

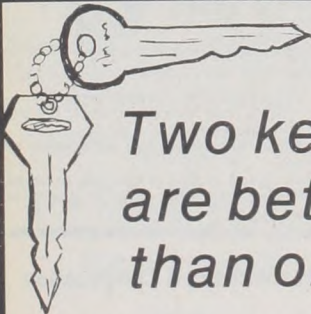

1. Understanding and communication are the most important steps in being able to support anyone or anything. I believe if we maintain an open mind and open line of communication we will be able to offer support to our teachers.
2. Can there ever be a budget that can adequately provide the quality education our children need? If the budget is sufficient to obtain and keep the best possible educators and equipment, then the budget is sufficient.
3. I believe that there could be a conflict between academics and athletics if we as parents do not place the proper priorities on those things which are most important and in the best interest of our children and their future.
4. We must always remember our main objective in sending our children to school is, to assure that they will receive adequate training and development, which will equip them with the tools they need to be the responsible leaders of our community and country.

★★★★★★★★★★★★★★
**3 Sacred Heart
Players Listed on TCIL All-State**

Three members of the Sacred Heart basketball team have been named on this year's TCIL all state team. A list of the selections received this week by Coach Jon LeBrasse includes Monte Endres on the 10 member all state boys team and Tammy Henscheid and Carol Walterscheid on the all state girls team.

Selections were made by vote of coaches of the 43 schools participating in the 3A classification of the league.

**Leon Klement, Candidate for School Board
Place 4**

1. I would encourage open communication among the faculty, administration and board members.
2. Yes, the appropriated funds are sufficient to provide a good education, however, I believe the quantity of money spent does not necessarily designate the quality of education.
3. A progressive sports program is a vital part of a school system, however, I think academics should always take precedence over athletics in any school since very few of us make sports our career. Community involvement in academics is an essential element in achieving a lasting education.
4. none

**Jim Endres, Candidate for School Board
Place 4**

1. I will have an open mind to listen to all situations and problems that occur and try to keep the balance that should be present.
2. I don't know the budget, but I feel it is the school board's obligation to stretch every penny to provide the best quality education we can give them.
3. I think that the education comes first, but also athletics is an important part of a student's education. I do agree that academic grades must be maintained in order to participate in athletics.
4. none

**Harold H. Bindel, Candidate for School Board
Place 5**

1. First of all I believe that our teachers deserve to have higher wages. I also think that parents should encourage more respect toward teachers.
2. Yes, the school's budget is sufficient at the present time.
3. No, not any more than any other school.
4. I will continue to serve my position to the best of my ability.

**Happy Birthday -
Willie Fisher and Lillian (Sis) Fisher Hess**

A Proclamation

WHEREAS the Jr. Elite dress factory was established in Muenster fifteen years ago, and...

WHEREAS the products of this factory have been a credit to the community, thereby assisting in the spread of good will, and...

WHEREAS its steady employment and favorable working conditions have enriched the lives of hundreds of workers, and...

WHEREAS it presently employs 82 persons whose payroll of \$450,000 annually is an important factor in community progress and welfare, nor therefore...

BE IT PROCLAIMED that this week of March 22-28, 1981 be recognized in Muenster as Jr. Elite Week

Richard E. Grewing
Mayor of Muenster

**Youth Paschal
Meal Planned for
April 15**

A Youth Paschal meal for Sacred Heart Parish will be held on Wednesday, April 15 at 7 p.m. in the Community Center.

Plans were made during a meeting on March 24 in the TP&L Building. Freshmen, sophomores, Juniors and seniors of the Muenster community are invited to attend. Meal tickets will be \$2.50 each.

Seniors of both Muenster High and Sacred Heart High will serve on committees with parent volunteers on each committee.

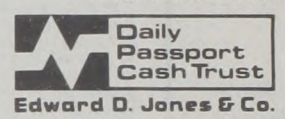

Attending the planning meeting were Sister romana Rohmer, and Sister Carmelita Myers and Mimes Wanda Flusche, Patty Bayer, Mary Lou Hess, Della Hellman, Janie Taylor, Jeannine Flusche, Imelda Rohmer, Imogene Zimmerer, Betty Rose Walterscheid; and Messrs. Wayne Klement, Roger Taylor and Jerry Walterscheid.

Interested parents are asked to call any of the above, to volunteer their help or to request more information.

Mr. and Mrs. Henry W. Yosten have announced the engagement and approaching marriage of their daughter, Janette Marie to Robert Joseph Hess, son of Mrs. Bonnie Hess and the late Arnold Hess.

The couple will be married on May 9 at 5 p.m. with Father Stephen Eckart officiating in Sacred Heart Church. The bride is a graduate of Sacred Heart High School and is employed at Discount Pharmacy. The groom is a graduate of Sacred Heart and is employed at H&W Meat Co. They will reside in Muenster.

Visits Grandparents

Dalas Cunningham enjoyed his spring break from classes at school by spending a week on the farm with his grandparents, Mr. and Mrs. Wilfred Sicking. Dalas is the seven year old son of Mr. and Mrs. Glynn Cunningham of Whitesboro. His parents came for him Sunday.

Mark and Carol Voth of Arlington were Saturday dinner guests of his parents, Joe and Vina Voth.

Hood Club Holds March 18 Meeting

Food Drying was the program theme when the Hood Extension Homemakers met on March 18 at the Hood Club building. Mrs. Evelyn Yeatts, County Home demonstration agent, presented the program on various ways of drying fruits, vegetables and meats.

The club discussed the bake sale to be held in Gainesville on April 9 and 10.

Mrs. Daniel W. Fleitman was the hostess for the meeting. On April 15, the next meeting will be at the Hood Club Building with a program on Wildflowers arranging.

Bake Sale

The FHA of Muenster High School will sponsor a bake sale on Saturday, March 28, 9 a.m. until noon, at Fischers and Hofbauers. For more information call Judy Dittfurth, 759-4154.

Ceremony Unites Wickliffe, Jones

In a morning Nuptial Mass and traditional double ring ceremony, Mary Bayer became the bride of Lewis Seay in Sacred Heart Church on Saturday, March 21. Father Stephen Eckart officiated for their vows and was celebrant of the Mass at 11 a.m.

The bride is the daughter of Mr. and Mrs. Alfred Bayer. She is a graduate of Sacred Heart High School and Texas Woman's University in Denton, where she received a Bachelor of Science degree in Nursing.

gold cross and necklace formerly belonging to her maternal grandmother, the late Mrs. Frank Klement; a gift from Mr. Klement preceding their marriage, and for something borrowed, she wore her mother's ring.

Attendants

Mrs. Melvin Bayer, the bride's sister-in-law of Denton, was her matron of honor, wearing a blue and green floral chiffon gown over blue taffeta, designed with an empire waist and a chiffon cape. She carried a

Doug Yosten, Mrs. Leon Klement and Mrs. Jack Flusche; and vocal solos by Mrs. Andrew Klement, with organ accompaniment by Mrs. David Bayer.

Scriptural Readings for the Nuptial Mass were given by Melvin Bayer. The bride placed the traditional rose on the Blessed Virgin's altar after Mass, as "Ave Maria" was sung by Emily Klement.

Altar decorations included arrangements of blue gladioli and carnations, with lighted candles.

Reception

A reception with noon dinner, hosted by the bride's parents, followed in the VFW Hall.

At a table covered with lace over blue, where the bride's portrait was displayed.

Friends of the bride, Judy Hudnall and Mrs. Larry Abeln, both of Ft. Worth, registered more than 150 guests in the bride's book. Catering was by Emil Rohmer.

The bride's table held a pair of silver candelabra entwined with ivy, centered by the three tiered white wedding cake. It was decorated with blue roses and bells, with a miniature bridal couple figurine and blue and white silk flowers on the top tier. Serving the cake were Betty Rose Walterscheid, Judy Klement of Fort Worth, a cousin and Ann Rees, a friend of Dallas.

Out of town guests came from Denton, Dallas, Fort Worth, Arlington, Sterling City, Waco, Gainesville, Lindsay and Valley View, and Enid, Okla.

When the couple returns from a trip to San Antonio, they will be at home in Ft. Worth.

Preceding the wedding, a recipe shower honored the bride on Sunday, March 15 in the Alfred Bayer home, hosted by Mrs. Melvin Bayer. Alice Schad baked and decorated the cake for the shower. On March 16, a miscellaneous shower was given by fellow staff nurses at St. Joseph Hospital.

MRS. LEWIS SEAY

Among honors she received at TWU was being chosen a Princess of the Redbud Festival, one of the top academic and social events at the University. She is employed at St. Joseph's Hospital in Fort Worth.

The groom is the son of L.M. Seay of Sioux City, Iowa and Mrs. Maurine Henry of Arlington, Texas. He is a graduate of Arlington High School and North Texas State University. He has served on overseas duty as a musician in the Air Force Band and is now a teacher in the Fort Worth school system.

The bride was presented at the altar by her father. She was wearing a wedding gown of ivory Qiana and Venice lace; designed with a Queen Anne neckline defined with scallops of lace, and accents of matching lace on the bodice and empire waistline. The tapered lace sleeves were finished at the wrist with tiny covered buttons and loops. Venice lace encircled the hem of the A-line skirt.

Her veil of sheerest tulle was attached to a narrow lace band, and was three-quarter length, and she carried a cascading bouquet of candlelight roses, lily of the valley and stephanotis, with a candlelight orchid in the center, all arranged on a French lace base.

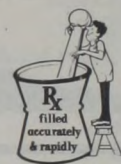

For sentiment and as something old, she wore a

colonial bouquet centered with a blue Rubrum lily and surrounded by blue and white daisies and French lace.

Sherman Crow of Waco, brother-in-law of the groom, was his best man.

Paul Bayer of Muenster and Mel Bayer of Denton both bride's brothers, were ushers. Nathan Bayer and Deno Bayer, bride's cousins were Mass servers and candlelighters.

Wedding music included the traditional wedding march by organist, Anthony Luke; vocal selections with group guitar accompaniment by Mr. and Mrs.

"Soap" With A New Scent

"Another Life", a half-hour continuing drama, will bring a new dimension to dramatic serials by presenting fresh viewpoints on tough problems. It will be a show with a conscience, and it goes on the air nationally June 1, 1981.

"The distinctive difference between 'Another Life' and its counterparts," said Robert F. Aaron, executive producer of the show, "is expressed in the underlying theme of the serial: that FAITH IN GOD can overcome the trials of life."

"In a world which grows increasingly frightening, and where the ability to cope on

a daily basis is a problem, that message of FAITH is one which we believe millions of serial viewers throughout the United States and other parts of the world will eagerly embrace," Aaron said.

The families in the new soap opera will demonstrate that they have the courage and inner strength to handle whatever life brings to them. The source of their strength is God.

It will be filmed in Virginia by NBC with writing done by some of the most well-known writers of soaps such as Roy Winsor, Linwood King, and others.

The serial will center around three families confronted with real-life situations--no hold barred. Ultimately characters will evidence love instead of ugliness; hope instead of despair, solutions instead of nothingness--and real peace of mind to replace fears and anxieties. It will be a "soap" with a new scent!

Hospital Notes

The following patients were dismissed from Muenster Memorial Hospital during the past week:

Tuesday, Mar. 17: Mrs. Eual Talley and Jimmy Dennis of Saint Jo.

Wednesday, Mar. 18: Mrs. Thomas Nunley, Graham.

Thursday, Mar. 19: Mrs. Duwayne Schilling and baby boy; Michael Lewis, Muenster; Robert Powell, Myra; Florence Coffman, Saint Jo; Mrs. Don Duncan and baby boy, Nocona.

Friday, Mar. 20: James Herr, Mrs. Anton Fleitman, Edward Cler, Muenster; Jesse Clift, Mrs. L.O. Bull, and Mrs. Harvey Duke, Saint Jo; John Gardner, Thackerville, Okla.

Saturday, Mar. 21: Joe Knabe, and Mrs. Al Walter, Muenster.

Monday, Mar. 23: Frank Riley, and Mrs. William Ware, Gainesville; Mrs. Tim Weaver and baby girl Nocona.

Bluebird News

On March 4, the Butterfly Bluebirds visited Kaden's florists in Gainesville. Each girl received a carnation. They toured McDonalds and got to make their own cokes. From there they visited the Frank Buck Zoo, a requirement for the "trail to happiness." The Bluebirds were chaperoned by Linda Vogel.

March 16, the Butterfly Bluebirds were chaperoned by Emily Klement and went to the Gainesville State

theatre to see "Bon Voyage, Charlie Brown."

At their regular meeting on March 18 the girls worked in their "who bird" book, adding a picture of themselves. Jami Flusche served refreshments of cracker jacks and Kool-aid. Kristen Klement was co-hostess. The next meeting will be held on April 8. Leaders of the Butterfly Bluebirds are Linda Vogel, Lou Moster and Peggy Walter, and Urban Endres is their sponsor.

Sylvia Everette

Mrs. Charles Everette, the former Sylvia Walter of Muenster is shown at work in a circuit clerk's office in Olney, Ill. where she has lived since moving from Muenster. At the time this picture was made, she was telling about the ups and downs of Monday through Friday office work, record keeping, collecting fines and generally easing the fears or resentment of people unhappy over traffic decisions. Sylvia's friends and relatives here, remembering her cool, calm, collected attitude, can readily understand her success in handling her job with a genuine smile and pleasant word. She told the interviewer that when people respond in kind it makes "blue Mondays feel like pay day Fridays." Mrs. Everette is the daughter of the late Mr. and Mrs. John Walter.

E. Linn and M. Eckart Honored On St. Patrick's

Edgar Linn and Mrs. Margaret Eckart were chosen King and Queen of St. Patrick's Day during a party at St. Richard's Villa on March 17, 3:30 to 5 p.m.

Juanita Bright played the piano. Forty five attended, including residents and guest, for games, singing and visiting. Refreshments of cake and green punch were served by Gertie Horn, Kay Hogan and Rosie Wolf.

Don't Use Cash To Pay Income Tax

Cash should never be sent through the mail to pay federal income taxes, the Internal Revenue Service says. If the cash payment should be lost, stolen, or destroyed, the taxpayer would have no record of payment.

Using a check or money order is much safer for two reasons, the IRS adds. First, either is hard to steal, and secondly, the cancelled check or money order

receipt will serve as a record of payment.

Taxpayers should also be sure to write their Social Security number, the tax period and the form for which the payment is being made on the check or money order. In the event the payment is separated from the tax return, proper credit can still be given to the taxpayer's account.

Happy Birthday!

ALL THAT GOOD FOOD!!...

With Germanfest fast approaching, there is renewed interest in authentic German food. Its great variety is reflected by the geographical area that was once homeland to ancestors many generations ago. German cookery is not stereotyped - it has infinite variety, ranging from hearty, satisfying cold climate fare to the most delicate foods served in the most elegant manner.

Local homemakers have a reputation as good cooks, exhibited by the pride they take in sharing or exchanging recipes generously... in feeding their families well... in hosting delightful meals for guests...

Delicious ethnic recipes are sometimes included in their menus, and it is such recipes of family-fare that deserve an extra bit of fan-fare. For several reasons...two especially...such recipes should be preserved, to be handed down again... and they make interesting reading and conversation pieces.

The Enterprise is requesting authentic German recipes to print as a pre-Germanfest feature. Preferred are family-favorite recipes handed down from mother or grandmother, etc.

Will you share one or more of your traditional recipes with Enterprise readers? If you are willing to let us print your name, we will be glad to give you credit. We will comply with your wishes, and of course will return your recipes after they are printed.

Please indicate the source of your recipe, if possible. That will make it all the more interesting and a delightful bit of nostalgia for old timers and an inspiration for others.

Tigerettes Take Trophy

Sacred Heart Tigerettes did it again last week, breezing past all competition at the Muenster Relays, including the Class AA favorites of the area. Meanwhile Muenster Hornets came in fifth topped by Sacred Heart and three AA teams.

In the boys division the MHS Hornets were fifth behind four class AA teams and the SH Tigers were eighth.

For the second week the Tigerettes' super performance in the relays put them over the top. With first in the 800 M relay, second in the 400 meter relay and second in the 1600 M relay they earned 52 points, a strong start on their way to a total of 100. Otherwise the 2-A schools dominated in both boys and girls divisions.

High School Girls

Team scores: Sacred Heart 100, Pottsboro 90, Pilot Point 72, Whitesboro 51, Muenster 51 1/2, Lindsay 45, Carroll 43, S&S 28, Callisburg 24, Saint Jo 21, Prosper 11, Slidell 10, Collinsville 9.

Individual scores for the two Muenster schools were as follows: Shot Put: Jill Walterscheid (M) 1st 36' 10 3/4", Virginia Bartush (SH) 3rd

Discus: Jill Walterscheid (M) 1st 107' 2", Virginia Bartush (SH) 4th
Triple Jump: Shellie Walterscheid (SH) 5th
200 M Run: Sicking (M) 1st, 27.26
400 M Run: Marilyn Hartman (SH) 4th
800 M Run: Shelly Zimmerer (M) 2nd, Tammy Henscheid (SH) 3rd
1600 M Run: Connie Stoffels (SH) 1st, 6:13.13, Cindy Tisdale (M) 4th
100 M Hurdles: Donna Trubenbach (SH) 4th
3200 M Run: Connie Stoffels (SH) 1st 13:38, Cindy Tisdale (M) 3rd
400 M Relay: Sacred Heart 2nd, Donna Trubenbach, Laurie Endres, Shellie Walterscheid, Marilyn Hartman
800 M Relay: Sacred Heart 1st,

Donna Trubenbach, Shellie Walterscheid, Laurie Endres, Tammy Henscheid
1600 M Relay: Sacred Heart 2nd, Shellie Walterscheid, Tammy Henscheid, Laurie Endres, Marilyn Hartman, Muenster 5th

High School Boys

Team Scores: Pilot Point 98 1/2, Carroll 73, Pottsboro 62, Whitesboro 61, Muenster 53, Collinsville 50, Lindsay 44, Sacred Heart 34, Prosper 24, S&S 19, Saint Jo 7, Cedar Hill 6, Callisburg 1 1/2.

Individual scores of the two Muenster teams were:
Long Jump: Brian Herr (SH) 2nd, Mike Nash (SH) 4th
Pole Vault: David Flusche (M) 1st 200 M Run: Ricky Winn (M) 3rd, Ricky Hennigan (SH) 6th

Muenster Boys, Girls Share Top Track Honors

Muenster Public School's teams took the champ trophies in both divisions of the junior high track meet hosted here last Friday.

Junior Hi Boys

Team scores were Muenster 122, Pottsboro 109, Era 83, Valley View 77, Lindsay 75, Sacred Heart 21.

Individual scores for the two Muenster teams were:
High Jump: Kevin Wolf (M) 3rd
Shot Put: Craig Monday (M) 1st, Mike Hess (M) 2nd, Bret Walterscheid (SH) 3rd.

Pole Vault: Kevin Wolf (M) 3rd
Discus: Bret Walterscheid (SH) 1st
Long Jump: David Winn (M) 2nd
100 M Dash: LeAnn Sicking (M) 3rd, Riat Walterscheid (M) 6th, Amber Grewing (SH) 7th
400 M Relays: Sacred Heart 2nd, Muenster 5th
800 M Relays: Muenster 1st, Sacred Heart 5th

Junior High Girls

Team totals were Muenster 127, Lindsay 101.6, Pottsboro 99.1, Sacred Heart 81.6, Valley View 52, Era 51.6, Forestburg.

Individual scores for the two Muenster teams were:
High Jump: Kim Eldred (M) 1st, LeAnn Sicking (M) 2nd
Shot Put: Jackie Farrell (M) 2nd

Hornets Lose Double Header to Pottsboro

Up to now the Hornets' baseball record is 0-4, but Coach Kim Nix and his boys are not down hearted. In playing the toughest part of their schedule they have been walloped twice and have been in contention twice.

After a big loss to Nocona and a close loss to Boyd, both AA teams, they played a double header Tuesday with Pottsboro, another AA outfit, and the result was more of the same. They lost 17-1 and 9-6.

In the opener the Cardinals made good use of 9 hits and 3 walks allowed by Dale Swirczyuski and David Flusche plus 7 errors by Hornet fielders. On the other hand the Hornets got only an RBI by Benji Luke plus singles by David Flusche and Vance Wells.

The second contest was a 6-6 tie through the fourth after which Pottsboro added 3 while holding the Hornets scoreless. Tim Schneider went all the way for MHS giving up 6 hits and 2 walks

while fanning 6. Meanwhile two Cardinal pitchers allowed 6 hits and 5 walks and struck out 8. But Muenster outnumbered 'em 6-3 in errors. Hornet hitters were David Flusche and Vance Wells, each 2 singles; Ricky Winn and Dale Swirczynski each 1 single.

Next action for MHS is a double header Friday at Callisburg.

Ellis Reel, Rod and Bait Shop

Mr. Ellis has been repairing rods and reels for over 9 years and he wishes everyone "Good Fishing".

The fisherman's headquarters in the Gainesville area is located at 816 Summit, phone 665-8352, and has just about everything you'll need to land that really "big one!"

Ellis Reel Rod and Bait Shop has become the first stop of the fisherman who needs small tackle items like line, hooks, leaders, etc. It's also one of the very best spots to select those major purchases, like a new rod or reel. Yes, there's everything for the angler at this store...except for the fish!

The Ellis Reel Rod and Bait Shop has bait and can help you do better on your next fishing trip. Drop by and talk "fishin'" with them.

Family Members Gather at David Bright Home
Guest in the David Bright home, for the wedding of Lola Bright and Frank Rust, have now come and gone, and it was a busy time, indeed.

First to arrive were Sam Bright and Julia Bright, home from Baylor University, on Friday, March 6, for spring break...Lt. Joseph Bright, USAF at Eglin Field, Florida, hitched a ride home for the wedding with a convoy of helicopters enroute to New Mexico. They dropped him off at Gainesville Airport on Wednesday at 4:45 p.m. and he returned to Eglin AFB on Sunday morning from DFW.

Lt. Thomas Bright, USMC Camp Pendleton, Calif. arrived for his sister's wedding in Dallas on Saturday morning, and came to Muenster with his parents on Saturday night, staying through Sunday dinner...Sam and Julia returned to Baylor Sunday evening and took their brother, Tom to DFW for his return flight to San Diego.

David Bright Jr. and his wife Nancy of Granbury came to Muenster after the wedding, as did...Aunt Lola Bright and Aunt Cecile Bright of Anniston, Alabama, sister and sister-in-law of David, Sr. They remained until March 18, coming especially for their niece's wedding.

Mr. and Mrs. Frank Rust, the newly-weds, stopped by Sunday afternoon, enroute to Dayton, Ohio, Canada and Niagara Falls, N. Y. Other guests on Sunday, joining the Brights and grandpa, J.M. Weinzappel for dinner Sunday evening were members of the Frank Rust, Sr. family, Mrs. Rust and daughters Tina, Linda and Rosemary and grandchildren Eric and Tracie. The Rust Sr. family members left Monday morning for St. Louis, Mo. and Mt. Prospect, Ill.

And now it does seem quiet, indeed!

Narrowleaf Groomwell (Lithospermum incisum)

Cooke County Blooms

By Gary Rainwater
District Conservationist

producing small four-lobed evules.

Narrowleaf Groomwell has several to many erect stems 15 to 20 inches tall, branching near the top from a perennial root. The leaves are alternate, long, narrow, and hairy.

The lower leaves are up to five inches long, disappearing as the stems elongate. The upper leaves are numerous, crowded, one to two and one-half inches long.

The spring flowers are showy in terminal leafy clusters, bright yellow, and trumpet-shaped, one-half to one and one-half inches long with five fringed spreading lobes about one inch across. The spring flowers are usually sterile while the summer flowers are fertile

The groomwell, or puccon as it is sometimes called, was probably the most popular source of color among the Indians, as the thick, red roots yield an especially rich red dye. The early settlers, on learning of this use, called it Alkanet, from the well known old world plant which yielded a dye of the same color.

The perfume of the groomwell is delicate and has earned it the folkname of will honeysuckle. An easy identification of the groomwell is the delicately frilled corolla.

Narrowleaf Groomwell is found on rocky hills and hillsides, or steep gravel and clay banks throughout Cooke County. It is in the Forget-me-not Family.

SCHOOL NEWS

of Muenster Public School

Muenster Will Compete In UIL Literary Events

This year's Interscholastic League program for Muenster Public School will shift into high gear next week as Cooke County College hosts for high school and elementary literary events and Alvord hosts for girls tennis.

The school is participating in District 11-A which includes Muenster, Era, Valley View, Forestburg, Ponder, Alvord, Slidell and Krum in high school and the same schools plus Walnut Bend in elementary.

The schedule starts Monday with all of the elementary along with debate and writing events of high school. Girls tennis will be held Tuesday and remaining high school literary events will be held Wednesday.

Other events of the meet are delayed until April. Boys and girls golf is set for the 6th, girls track the 7th, boys track the 14th and boys tennis the 15th.

Entries for girls tennis next Tuesday are Carla Walterscheid and Lisa Martinez, singles; Barbie and Brenda Wimmer, also Stephanie Richey and Kyla Hale, doubles; Nancy Walterscheid and Sherrin Poydstun alternates.

Typewriting: Brent McElreath, Jeff Fisher, Nancy Fleitman, Leslie Reiter (alt.)

Three Muenster teachers are included in the literary meet's list of directors. They are Betty Dodds, Robert McElreath and Juanita Walterscheid.

FHA

FHA is sponsoring a benefit project in which prizes will be a baby blanket, mobile and crib toys.

The money is being raised for members of FHA to attend the State Meeting in San Antonio. The prizes will be given away on Friday, March 27 at noon.

Muenster Public School

The State F.H.A. meeting was discussed at the March 9 meeting of the FHA chapter. It will be held April 30-May 2 in San Antonio.

Members expected to attend the State Meeting are Rene Stelzer who was chosen to sing in the state choir; Carol Klement, Denis Sicking and Judy Dittfurth who are working on their Encounter III projects, and Sara Walterscheid, Kristi Oakley and Nancy Walterscheid who are going as delegates. Mrs. Joni Sturm will accompany them.

From Page One...

Stock Show...

Limousin Cross, Danny Serna, a white for a Hereford.

In the sheep show Keith Vogel had the reserve champion Southdown and others were judged as follows: Michael Knabe, red; Stephen Knabe, red; Valerie Vogel, red; Wayne Becker, red; Tejay Fleitman, red; Shawn Vogel, red; Stephen Becker, white.

Kevin Switzer had the only hog entry from Muenster. It was judged a blue.

Keith Vogel is shown here with his Southdown that was named the Reserve Champion in the sheep show at the Cooke County Livestock show at Valley View last week.

Staff Photo

Forestburg FFA members were second in a plant identification contest sponsored by Jack and Wise SWCD. Douglas Edwards and Jeff Carter hold individual high score trophies and Jay Houston is the third member.

Forestburg FFA students, winners of a land judging contest sponsored by Jack and Wise SWCD, are shown with the first place banner. They are Thomas Romine, Veronica Edwards, Falcia Bell and John Coffman. Romine and Coffman hold awards for individual high scores.

Tiger Tales

Students of Sacred Heart High School will be dabbling in the investment market for the next 10 weeks on the New York Stock Exchange and the American Exchange. And they've got \$100,000 to help them find that pot of gold on the Big Board.

The money won't be burning a hole in the students' pockets, however. It's purely a hypothetical amount, available to them to invest during Baylor University's annual Stockmarket Game.

The game was first developed in New York as a method of teaching students about the operations of the American economy and financial markets. Schools in 10 states throughout the country now participate each year, vying for state and regional cash prizes and trophies.

Sponsor teacher of the team from Sacred Heart High School is Joe Caserta. Baylor and the Securities Industry Foundation of Texas launched the competition in Texas last year, attracting "investments" from more than 100 schools statewide. This year, nearly 200 schools in Texas are participating.

The students start out with their imaginary investment of \$100,000 and try to turn a profit by playing the stock market. They are responsible for buying or selling shares each day based

on previous day's closing prices in the newspaper.

Their "transactions" on the stock exchanges are reported daily to a teacher sponsor who sends them weekly to Baylor. The transactions are analyzed by the Baylor Computation Center and a weekly statement is issued to each school, giving the status of their teams after brokerage fees and interest charges are calculated.

The team which has made the biggest "killing" on its original investment at the end of the 10-week game will win the regional prize. Prizes also are awarded for the team with the best record across Texas.

Shirley L. Thomson, assistant director of economic education programs at Baylor, says the game gives students a unique opportunity to compete in "a real-world setting," with a chance to win, lose or stay even with their money.

"They are forced to compete in a business-type fashion just as investors do daily in the United States.

Some impressive "paper profits" were reported by students who took part in the Stockmarket Game last year. A two-man team from one New York high school turned a profit of \$49,000 during the 10-week competition while many school teams showed profits of between \$10,000 and \$20,000 in their original investments.

Mrs. Don Hartman's chemistry class took a field trip to Fort Worth on March 12 to see the Fort Worth Museum of Science and History. They went to Joe T. Garcias' Authentic Mexican Restaurant and then to the Tandy Center to ice-skate and shop.

SH Cafeteria Menus

March 30-April 3
Mon. Fried ham, tater tots, mixed vegetables, apples, bread, milk.
Tues. Creamed chicken over rice, candied carrots, three bean salad, prunes, bread, milk.
Wed. Mexican casserole, tomatoes, lettuce, chili beans, jello, bread, milk.
Thurs. Stew w/vegetables, cole slaw, cornbread, butter, syrup, peaches, milk.
Fri. Tuna and noodle casserole, green beans, fruit, bread, milk.

Forestburg Teams Are No. 1 & No. 2

Forestburg FFA judging teams were No. 1 and No. 2 in two contests sponsored by Jack and Wise Soil and Water Conservation District.

The land judging team scored 577 over Petrolia's 5 & 7 and Archer City's 541. Also the plant identification team was runner up with 772 whereas Jacksboro led with 842.

John Coffman with 216 led the individual scoring inland judging and Thomas Romire tied with David Croft of Jacksboro for second. The three of them received individual trophies.

Others on the Forestburg team were Falcia Bell and Veronica Edwards. Also six Forestburg FFA members participated for practice but did not compete. They were Tina Wade, Arnold Contreras, Dale Romine, Darrel Romine, Daniel Riddles and Wesley Reynolds.

In plant identification Jeffd Carter of Forestburg was high individual with 301 and Douglas Edwards was second with 299, both received individual trophies. Jay Houston was the third member of the team.

Forestburg 4-H

Mrs. JoAnn Sicking gave a program on physical fitness to twenty-two members of the Forestburg 4-H.

President Leann Hays presided and refreshments were served by Tracey Lanier, Brenda Hall, Micki Moore and Brent Holland.

St. Richard's Villa News

Mrs. Hogan Honored at 92
Mrs. J.S. Hogan, 92, celebrated her birthday Thursday, March 19 at St. Richard's Villa with family members, friends and residents.

Hogan musicians entertained with instrumental and vocal selections. Mrs. Tommie Hogan of Gainesville played the piano, Bill Hogan of Gainesville was guitarist and vocalist, Frank Hogan of Saint Jo played the fiddle and Mrs. Charlie Rhone of Bellevue played the bass guitar.

The evening's highlight came when the honoree joined the group with her traditional harmonica participation in several selections.

One table held birthday gifts. Another table held three decorated cakes, a crystal punch service and a floral arrangement. The cakes were presented by Mmes. Bill Hogan, Frank Hogan and Tommie Hogan.

Mrs. Al Horn, activity director, was in charge of hostess duties and prepared the punch provided by the Villa.

Mrs. J.S. Hogan, the honoree is the former Edna McDonald. She was born on March 18, 1889 in McKinney and married Mr. Hogan on October 7, 1905. They celebrated their golden wedding anniversary in Muenster where they were long time residents. He died on January 23, 1967. She has been a resident of St. Richard's Villa for 3 1/2 years. A daughter, Mrs. Richard Cain is the Administrator.

Mrs. J.S. Hogan has three sons and four daughters living. They are Cloyce Hogan of Fort Worth, Jerry of Amarillo and Frank of Saint Jo; and Mmes. Bobbie Hefner of Amarillo, Naomi Smith of Lubbock, Leona Rhone of Bellvue and Eula Grace Cain of Muenster.

Mr. and Mrs. Herbert Hundt of Dallas came to Muenster Sunday afternoon to take her mother, Mrs. Bill Becker of St. Richard's Villa out for the afternoon and overnight at Mrs. Becker's home, where other family members also visited.

Family members joined Sunday afternoon in a birthday get-together for Mrs. Joe Sicking, whose birthday was Monday.

They took the party to St. Richard's Villa so the honoree's mother, Mrs. Felix Becker, could be with them. Her room at St. Richard's was the gathering place for visiting and refreshments.

Other family members present were Mrs. Ollie Sicking and Mrs. Don Sicking and daughters Meredith and Carolyn of Gainesville, Ann Sicking and Rose Sicking of Arlington, Mr. and Mrs. Alphonse Hoenig and Leo Becker of Muenster-Forest-

Lindsay PTC Must "Take Their Medicine"

The Lindsay PTC will present the play, "Take Your Medicine" on Friday, April 3 at 8 p.m. and on Sunday, April 5 at 8 p.m. in the Lindsay Cafeteria. The play is under the direction of Mrs. Gladys Bezner. Charge for admission will be \$3 for adults; \$1 for students.

Robert Walterscheid is in the cast of the play, "Take Your Medicine" to be presented by the Lindsay PTC. From the looks of him here, the medicine didn't taste too good!

Practicing for the play, "Take Your Medicine", to be presented in April by the Lindsay PTC are Edna Hermes Tim Wimmer and Earl Cunningham.

Kimberly Cler, daughter of Mr. and Mrs. Glenn Cler, is the delighted winner of a new bicycle which she received in a drawing at the Campfire movie on March 17. She became eligible for the special drawing by selling 36 or more boxes of candy during the annual Campfire Candy Sale. For each sale of 12 boxes over 36, a Bluebird could add her name again. One hundred twenty five prizes were given, 4 were bicycles; Kimberly was the only Muenster girl winning a bicycle.

Thousands Expected For Fun Run

Muenster can expect to see its normal population swell almost tenfold Sunday, April 26, when some 3000 runners and 10,000 spectators gather here for the annual German Fun Run.

Sponsored by the Knights of Columbus with support from the Chamber of Commerce and local business firms, the German Fun Run is the highlight of Muenster's Germanfest, to be held April 24-26.

So popular at its initiation for the Bicentennial in 1976, the German Fun Run is now held each year in association with Germanfest. Over 5,000 runners have competed in the event since that first running.

The Fun Run begins at 2 p.m. and actually comprises two races, the 15 K (9.3 miles) and the 5 K (3.1 miles). Both are run over the same rolling course which leads to the center of town where thousands of spectators wait for their favorites to finish.

The first male and female finishers of the 5 K race will receive trophies. All finishers in that race receive certificates.

The top three runners will be awarded trophies in the 15 K event. Medals will be presented to fourth, fifth and sixth-place winners in each of the nine age divisions in both male and female categories. The first 100 15 K finishers receive beer steins and all who clear the tape take home certificates. Also, the oldest and youngest, and the first Muenster male and female finishers will be given special awards.

Hector Ortiz, last year's winner, set the current 15 K record of 47:17.0. He is expected to return to defend his title.

After the dust settles, runners and their spouses mingle at a huge party where complimentary beverages and, of course, Muenster cheese are served.

A free runner's clinic featuring North Texas State track coach John McKenzie will be held before the race at 1 p.m. April 26.

To register contact German Fun Run, c/o Dan Hamric, Box 119, Muenster. Entry fee is \$5 for pre-registration or \$7 on the day of the race.
