Tigers host St. Pius in semi-final

The Sacred Heart Tigers and their supporters were abundantly favored by Lady Luck in the selection of a site for their state semifinal TCIL game with St. Pius of Houston. It's going to be on the Sacred Heart field Saturday night at 7:30 p.m.

Coach Virgil Henschel was the winner in a flip of a coin to determine the issue.

Muenster players and fans are spared a long trip.

Sacred Heart's opponent in the semifinal was decided Friday as St. Pius downed St. Paul of Shiner by a count of 35-12. Meanwhile Marian of Houston and St. Joseph of Brownsville established themselves as the other semifinals contenders by winning their respective

quarterfinals games. The winner of their game this week is destined to meet the winner of Sacred Heart's game with St. Pius.

While other teams of the race were playing the quarterfinals the Tigers were idle with a bye. Actually they were idle two weeks; first an open date to end their regular season, and then a

bye on first date of the playoffs.

Regarding the game's outlook, Coach Henschel is cautiously confident in spite of a few alarming reports about the opponents. First of all his boys will be enormously outweighed by a line averaging more than 230, and depth that goes on and on, likely playing in two platoons. By comparison, the SH line is under 180 and plays both offense and defense. Another cause for concern is a talen-

ted passer and a few hardy receivers to work with. SH priority job will be shut down that combination.

Otherwise the comparison looks somewhat better. The Pius backfield is rated as about average in size and speed, with the advantage possibly leaning to Sacred Heart. And the Tiger passing game, with a good record to date, could possibly match the opponents. Even the weight comparisons in the line may be less alarming than they ap-

pear. Sacred Heart has quickness, which hopefully will frequently get the jump on bigness. Beyond that the Tigers have a few more factors on which to base their hopes: like being really fired up and alert, playing on the home field, and maybe getting some breaks.

Admission price to the game \$3.50 for adults and \$1.20 for students. Tickets are available at Bayer's Kolonialwaren, the Kountry Korner and Sacred Heart High School office.

It's surprising and disappointing to hear President Reagan announce that sanctions against countries and companies sending materials to Russia's Yamal pipeline have been lifted. This is a let down especially since it comes out almost simultaneously with a State Department report that Russia is using forced slave labor on the project. Considering that the State Department has a long record of going overboard to avoid friction with the Soviets, it's apparent that the forced labor statement has substance. And if so this hardly seems like a time to seek improved relations with the Reds.

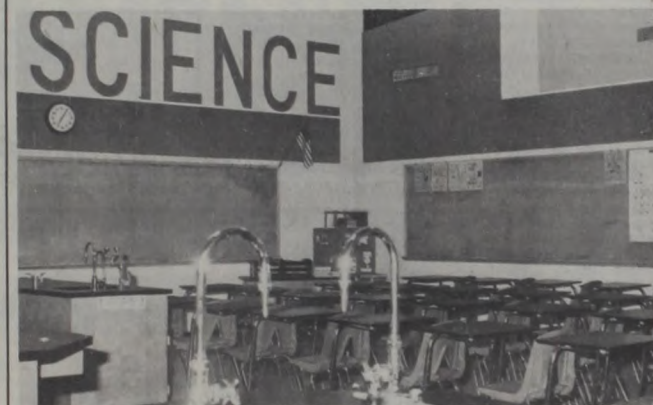

After all the human rights rhetoric that was tossed about a few years ago, it is surprising to see this attitude about the current forced labor issue. Or is this only a minor portion of the big slavery issue of Russia? The word is that more than 4 million over there are in forced labor, the world's largest slave camp. This is one of many good reasons why US should be less eager to rush to the aid of the Reds.

However, in these days of intrigue and global pressure politics, people too often find it convenient to abandon principle. Global big shots seem to think expediency serves their purpose better than justice. We the people do not know what is involved. For instance, we can imagine that the Western allies, including ourselves, are aware of Russian military potential and therefore a little more inclined to cooperate with them. It is easily possible that the Soviets in their dealings often find it convenient to strengthen their position by reference to this fact.

A case in point is the situation in Western Europe relative to the pipeline. All seemed eager to get behind the project even when they had to know its potential as an economic and political booby trap. Once the countries become dependent on the gas, Russia is in position to hike the rate however it pleases or to threaten a shutdown as a blackmail measure on any kind of political or economic issues. The Reds are not above this kind of arm twisting, and we know it.

Additionally, there's the thought that the Soviets at some time may divert more and more of the gas to their own use and Western Europe would be proportionately deprived. These are suspicious things to say about a country. But are they out of line when the country has shown many times that it can't be trusted?

Then there's the business consideration. As we were told, the European hassle with the US over the pipeline concerned the millions of dollars worth of materials and machinery to be bought from most of the free countries. Refusal to sell would have been a serious blow to the economy, which was already badly hurt by the depression. Europeans said bluntly they will not give up the deal and big business over here complained that their isolated ban had limited effect, so why lose the business. Another factor: Relative to the grain embargo a few years ago, Washington learned that American farmers were hurt as much as Russia, and it now appeared that

City lake project advances

Progress in Muenster's municipal lake surged forward last week and this week in meetings at Austin and Muenster.

On Thursday the 18th, President Henry Weinzapfel, David Bright, Ken McDougle and Mike Sloan of the water board, along with Mayor Leo Hess, City Engineer Don Fleming and Board Representative Ken Smith met with representatives of the Texas Water Board and the Texas Water Rights Commission to give a

progress report on their project, which was favorably received and encouraged by both agencies.

Next step in their procedure was a meeting Tuesday night in the city hall to comply with the legal formalities required of the project. Persons attending were members of the city council and the water board.

Their first action was passage of a resolution requesting permission of the Texas Water Commission to

issue bonds for purchase of land and construction of the lake.

The next step was submitting an application to the Texas Water Department Board for purchase of the bonds. The intention is to sell the bonds when funds are needed, as determined by progress of the project.

The third purpose is to approve a contract with Stark, Barnhart and Morris Attorneys to represent the board in legal matters.

Hospital Auxiliary conducts 13th "in lieu of Christmas Cards" project

One of the most worthwhile services for the holiday season, serving more than one purpose for individuals and an institution is the "In Lieu of Christmas Cards" project sponsored by the Muenster Hospital Auxiliary, for the thirteenth consecutive year.

Evelyn Sicking is chairman of the project. She has announced that the deadline is December 13 for contributions to the hospital

benefit and for placing names on the holiday greeting list to be published in the Christmas issue of The Enterprise.

As in all previous years, amounts of individual donations will not be listed, but the total amount of the benefit will be published.

The project serves a very timely purpose: it benefits the auxiliary's fund, contributing equipment annually to Muenster

Memorial Hospital and it saves time during an always hectic period, by relieving the rush to send Christmas greetings to relatives, friends and neighbors. And it lends a special aura to friend greeting friend, knowing fringe benefits will include a third person, a patient ill in a hospital.

Contributions may be mailed to Mrs. Evelyn Sicking, Box 453, Muenster, Texas 76252.

Chamber prepares for Santa's visit

If effort is the deciding factor, Muenster is due to have a great introduction to the Christmas season on Saturday December 11. The event will feature Santa's appearance and a Christmas parade like many times before, but each feature and lots of other details will be improved.

A committee of three, including Jane Monday, Deb Klement, and David Fette, has been busy as beavers more than a week making the plans and contacting prospective participants from a wide area around Muenster. They have an open invitation out to marching bands and drill teams with a \$50 prize to the best unit; and they offer another \$50 prize to the sharpest

riding club.

In addition they will welcome entries of business firms appropriately dressed up for the occasion yet serving as a business display or promotion. Old model cars, buggies, wagons, etc., with nostalgic ties to the past as well as customers are equally desirable.

The principal units are to be the floats, as indicated by the fact that prize money is most abundant in that division. Folks who have the urge but not the time to get in are encouraged to have clubs or individuals do the work for a share or all of the prize while the sponsor gets the glory.

The committee, while hoping for a good local response, is also hoping for

entries which participated in the Gainesville parade on December 4.

Something new concerning the floats is judging before rather than after the parade. The plan is to identify the three top entries as winners of the \$150, \$100 and \$50 prizes as they move in parade, and to do likewise for winners of the marching units or any other winning category added later. Mike Otts will be the parade announcer and also present Christmas music on his sound system when the occasion permits. A mystery announcement by him will be the president's award for the outstanding unit of any kind in the parade.

Another new feature is related to Santa's appearan-

ce. Arriving in style in the parade, he and his elves will be escorted to their domain at mid-park where he will occupy a special throne to give goodies and have Christmas talks with the kids. Meanwhile elves will mingle and help give the goodies.

The parade and other ac-

tivity are co-sponsored by the Muenster Jaycees and the Chamber of Commerce. A Christmas tree at mid-park, as background for Santa's headquarters will be installed by the Jaycees.

Since judging is to precede the parade all entries will be asked to assemble early. Another way to cooperate is

to send in their application forms with pertinent information on their entries to help in identifying. Many of entry forms have been sent out, others are available by writing or calling the Chamber of Commerce. And completed forms should be mailed or delivered in person to the Chamber.

Muenster Pharmacy burglary was a dud

Muenster Pharmacy had a burglary with out a loss early Saturday. Owner Bob Pels said his unwelcome visitor, or visitors, broke in the front door about 3:30 a.m. and apparently was scared off by the alarm before completing the burglary. He said some

shelves and drawers looked as if they were disturbed but nothing seemed to be missing. He assumed they were looking for drugs, the favorite loot in drug store break-ins.

Police Chief Helen Tompkins agreed that the thief was scared away by the

alarm. She said a neighbor reported hearing the alarm followed only moments later by the roar of a get-away car.

Pels said he feels lucky not to have lost anything but he's getting tired of damage and nuisance. Every break-

Good News

2 Timothy 3:12-17

Anyone who wants to live a godly life in Christ Jesus can expect to be persecuted. But all the while evil men and charlatans will go from bad to worse, deceiving others, themselves deceived. You, for your part, must remain faithful to what you have learned and believed, because you know who your teachers were. Likewise, from your infancy you have known the sacred Scriptures, the source of the wisdom which through faith in Jesus Christ leads to salvation. All Scripture is inspired of God and is useful for teaching—for reproof, correction, and training in holiness so that the man of God may be fully competent and equipped for every good work.

Thanksgiving Picnic

Thanksgiving Day in Muenster will be traditional with family reunions and a day highlighted by the annual Thanksgiving Day dinner, bazaar and picnic in Sacred Heart Community Center.

First event of the day will be a Mass of Thanksgiving at 10 a.m. in Sacred Heart Church. The H20 Youth Ministry group will participate in the special liturgy.

Dinner will begin at 11:30 a.m. Tickets will be \$4.00 for adults and \$2.00 for children under 12. Games, booths and food will be available throughout the day.

Library Closed for Remodeling

The Muenster Public Library will be closed for two weeks, Nov. 29 - Dec. 11, for remodeling. The staff emphasizes that books must not be put in the book drop during that time. Books should be returned to the library beginning December 14. Fines will not be charged for books while the library is closed.

Thanksgiving trash collection

The city announces that trash and garbage will be collected on Thanksgiving, but slightly earlier. Residents are asked to get the bags out early, permitting the men to finish their job earlier on the holiday.

Norther arrives

After a satisfying delay, Winter seems to have moved in. It arrived Tuesday with a reading of 46 and gained to 48 before reversing. By mid afternoon it was down to 38 along with a 20 mile wind which accounted for a chill factor of 23.

Up to then Steve Moster has been recording balmy, short-sleeve weather. Low and high readings were as follows: Nov. 18, 45 and 64; Nov. 19, 56 and 81; Nov. 20, 57 and 82; Nov. 21, 43 and 77; Nov. 22, 60 and 84.

No rain was recorded, so totals continue at 1.75 inch for November and 32.34 inches for the year.

COMMENT

The Owner's Manual

By Larry Tisdale DVM

Unfortunately, many times it is easy to forget about the Lord when things are going good and problems are few. While it is easy to cry out to the Lord for help when we are in trouble or undergoing suffering of some kind, it is also easy to leave the Lord out of our life while things are going good, and wait until another emergency arises to call out to Him again.

Evidently, the people in the time of Moses must have had the same problems. About 1,235 years before Jesus was born Moses gave the Hebrew people a warning as they approached the Promised Land:

"When the Lord your God brings you into the land which He swore to your fathers, Abraham, Isaac, and Jacob, to give you great and splendid cities which you did not build, and houses full of all good things which you did not fill, and hewn cisterns which you did not dig, vineyards and olive trees which you did not plant, and you shall eat and be full, then watch yourself, lest you forget the Lord" (Deut. 6:10-12)

done his work in daily fear, and now he did it all in daily gratitude. And that swift change of motive in his heart, from the haunting terror of the lash to love, made all the difference in what he did. It made all the difference to him, and it makes all the difference to us. Service is changed down to its very depths when we realize that we have been redeemed. And when we realize that we have been redeemed, not with gold but with the blood of Christ, what can we say each morning that we awaken but, "Thanks be unto God for his unspeakable gift."

Thank God that He has not given us what we deserve but something better by far - Himself!

Moses realized that once the people crossed the Jordan river into the land of Canaan and began to live in houses built by other people and harvest fruit from crops planted by other people, that in their luxury, they would have a tendency to forget about the God that had brought them so far and given them so much. Unfortunately, the Bible reveals that the fears of Moses actually became a reality, and the people not only turned from the Lord once, but several times.

In our land of affluence and prosperity today, this warning would seem relevant for our times also.

American business would hurt when Russia is punished.

These two domestic difficulties point up a serious problem in our global struggle with the Soviets. They have been using us. They purchase millions of tons of food to make up for agricultural failure and to support the millions of people engaged in military buildup. Meanwhile they buy big equipment and machine tools and computers and what not to pursue all sorts of development. We have been in the awkward position for many years of supporting the country whose first aim is our destruction.

The situation gets even more frustrating when we consider that the arrangement is beneficial to American agriculture and business. We saw a few years ago how the grain embargo sent farm prices into a nose dive, and lately how American business balked about the pipeline embargo. Though plainly warned that US is the intended eventual victim, it goes on and on, assisting the Red program. Lots of signs seem to support the Lenin prediction that free countries will provide the rope which Communism will use to hang them.

What can be done to halt this frightening trend? Is it possible to quit supporting the program which is going all out for our destruction? President Reagan had something like this in mind when he took office. He promptly declared his support of those who were resisting Red expansion in Latin America. He has opposed Soviet mischief in the UN and he has opposed Soviet economic schemes like the pipeline deal. But he has had too little cooperation either at home or abroad.

All of this leads to alarming questions. Are nations of the world, including free countries, still unaware of the red menace, and still taken in by the detente line? Or have they reached the point of assuming that it's already too late, and Russia is already in a position to give the orders?

Surrounded with physical and material blessings, it is easy to forget that God's greatest gifts to us lie in another realm. The greatest gift is not riches but redemption through the blood of Jesus, not food but forgiveness, not safety but a Savior!

And again the wellspring of gratitude is knowing that we didn't deserve it, we haven't earned it, nor can we claim no rights. We can only receive His grace.

The story is told of a slave who after years of slavery was purchased by a stranger and set free, and how he fell at his liberator's feet and offered him all his service for the future. And that new service, offered freely from a grateful heart, was richer than all the service of the past. Once he had toiled because he had to, and now he toiled because he loved to. Once he had

THE WAY IT USED TO BE
Every once in awhile someone gives thought to how things were in America not so very long ago, within the memories of many of us. Recently, Congressman Eldon

Russ of Arizona placed such an item in the Congressional Record.

We'd like to pass this along to you because we think it worth pondering as it provides an insight into just how confused we Americans have become - how far we've drifted from the traditions and beliefs of our fathers and grandfathers.

THIS IS HOW IT USED TO BE
Do you remember when:

Attending college was a privilege rather than a right?
A farmer could plant what he wished?

Taxes were a nuisance rather than a burden?
The Supreme Court protected society rather than the criminals?

The aged were cared for by their children?
Foreign officials visited the White House without asking for money?

We entered a war to win it?
A life sentence didn't mean "parole in ten years?"

Our flag was respected - at home and abroad?
America conducted her foreign affairs without consulting the UN?

A father went on welfare only out of desperation, and got off it as soon as possible?
Charity was a virtue instead of big business?

We could laugh at jokes about the Irish, Negroes, Italians, Jews or Polacks without being considered bigots?
The doctor's first question was, "Where does it hurt?"

Instead of "Do you have insurance?"
U. S. Grant was the name of a president rather than a federal

handout?
Giving aid to the enemy was treason? (Now it is called foreign aid.)

We had prayers in our schools? (Now we have sex education.)

The churches preached religion instead of politics?
You were safe on the streets and in your home?

The news media presented the truth rather than false propaganda?
The motion pictures were wholesome family entertainment instead of violence and sex?

A policeman was a human being instead of a fascist pig?
The three R's were reading, writing and arithmetic instead of robbery, rape and riot?

The Supreme Court consisted of judges instead of political hacks?
A radical had to have a soap box to reach 40 people? Now the news media provides him with a microphone to reach 40 million.

The country was run by Americans instead of a group of aliens?
This was a Christian nation?

Every single one of these unpleasant conditions each of these questions brings to mind can be corrected. This is still a government by the people. If you don't like the way things are you can change them by a majority expression of your displeasure at the polls. Don't expect "George" will do it. He never has and never will. It's all up to you! Shall we keep or lose the greatest system man has ever tried!

Letter to the Editor:

Dear Editor:

Recently the Sacred Heart Alumni Assn. of Muenster sponsored the Butterfield Stage Players production of "Mary, Mary". This was the first time we had taken a play outside the theatre. It was a rewarding experience for us primarily because of the warm reception and willing assistance of the Alumni, the merchants, and the people of Muenster. On behalf of myself as director of the show, the staff, crew and cast I would like to express our thanks and appreciation for doing so much for us and making us feel so much at home.

Accent On Health

Texas Department of Health
Robert Bernstein, M.D., Commissioner

Wintertime in Texas is more than an inconvenience to the elderly, because it can trigger a potentially fatal drop in deep body temperature known as hypothermia (hi-po-ther-mee-uh).

"The elderly succumb more readily to hypothermia because the changes which often accompany aging reduce the body's ability to regulate its internal temperature," says Dr. Cliff Price, Associate Commissioner for Personal Health Services with the Texas Department of Health. "Put simply, some of the elderly persons lose their ability to shiver and thus cannot produce body heat when they need it."

Accidental hypothermia can happen indoors in mild temperatures of 60-65 degrees fahrenheit. Those among the elderly most likely to develop accidental hypothermia are the chronically ill, the very old, the poor who cannot afford enough heat, and those who don't take normal precautions to keep warm. Dr. Price said.

There are some symptoms to be alert for in the older person. "The victim may feel cold to the touch, but not be shivering, and the heartbeat may be slow and irregular or the blood pressure low," Dr. Price said. "The victim may appear confused, drowsy, or unconscious."

If you suspect hypothermia, take the individual's temperature. If it is below 95

Congress will convene soon for what often will be called a "lame duck" session, since it will be taking place between the fall elections and the time that the 98th Congress takes office in January.

However, that is something of a misnomer, because the purpose of the session will be simply to try to complete some of the unfinished business left behind when Congress recessed in October.

Thus far, Congress has passed only three of the 13 appropriations bills that are needed to fund the federal government for Fiscal Year 1983. Most government agencies are meeting their financial obligations under a "continuing resolution," which allows them to spend money, usually at the previous year's spending level, until appropriations legislation can be passed.

In recent years, Congress has used continuing resolutions more and more often when it has fallen behind in its legislative schedule, or sometimes even as a means of delaying potentially controversial spending decisions. It is my hope that in the December session we will be able to meet our responsibilities by passing at least most of the pending appropriations legislation. Certainly, we must work toward that goal.

If we put off much of this year's legislative work until next year, it will only be that much more difficult for Congress to complete next year's budget process on time.

More importantly, if we in this Congress fail to grapple with the difficult -- and perhaps controversial -- issues raised in the process of passing appropriations legislation, we will be abdicating our responsibilities to those whom we represent.

In large part, our current budget deficit problems arise from past years in which Congress failed to anticipate the long-range consequences of the cost growth built into many domestic programs. No true solution will be found to the difficulties which face us today unless we begin to exercise active control over the flow of federal dollars. Passing continuing resolutions which extend for months on end merely perpetuates the basic problem, and postpones the moment when tough decisions must be made.

Thus, the upcoming congressional session is important. We would be remiss indeed if we succumbed to the temptation to put off substantive action until next year. Those who do not wish to act can always find a reason to postpone action.

from the Surgeon General

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES • Public Health Service

As surgeon general, I urge other physicians and professionals to advise parents and patients about the harmful effects of using marijuana and to urge discontinuation of its use.

The health consequences of marijuana use have been the subject of scientific and public debate for almost 20 years. Based on scientific evidence published to date, the Public Health Service has concluded that marijuana has a broad range of psychological and biological effects, many of which are dangerous and harmful to health.

Marijuana use is a major public health problem in the United States. In the past 20 years, there has been a 30-fold increase in the drug's use among youth. More than a quarter of the American population has used the drug. The age at which people first use marijuana has been getting consistently lower and is now most often in the junior high school years. In 1978, nearly 11 percent of high school seniors used the drug daily; and although this figure declined to 7 percent in 1981, daily use of marijuana is still greater than that of alcohol among this age group. More high school seniors smoke marijuana than smoke cigarettes. The current use (during previous 30 days) of marijuana is 32 percent; 29 percent smoke tobacco.

On March 24, Secretary Schweiker transmitted to the U.S. Congress a report reviewing the health consequences of marijuana use. *Marijuana and Health: 1982*, the ninth in a series, is primarily based on two recently-conducted comprehensive scientific reviews on the subject: one by the Institute of Medicine of the National Academy of Sciences and the other by the Canadian Addiction Research Foundation for the World Health Organization. Both independent reviews corroborate the Public Health Service prior findings of health hazards associated with marijuana use. Acute intoxication with marijuana interferes with many aspects of mental functioning and has serious acute effects on perception and skilled performance, such as driving and other complex tasks involving judgment or fine motor skills.

Over 2600 taxpayers are due refund from IRS on 1981 tax

The Internal Revenue Service has \$1,203,216.43 it wants to send to some north Texas taxpayers. Over 2,600 taxpayers in the northernmost 143 counties have not received their 1981 refund checks, which average \$461. The smallest refund is \$1,

while the largest is over \$96 thousand.

The most common reason for the failure of refund check and taxpayer to meet up is that the taxpayer has moved and not left a forwarding address. Others have changed their marital status and their names and failed to notify the Postal Service and the IRS. Still others are the victims of illegible address entries on the Form 1040.

When a check is returned to the IRS as undeliverable, the IRS follows up by mailing a notice to the address of record. If this fails, extensive efforts are made at the district level to locate the taxpayer's correct address.

If your name appears on the following list, please write or call the IRS. Write: Internal Revenue Service, 1100 Commerce Street, Mail Code 151-A, Dallas, Texas 75242, or call 742-2440 in Dallas, 335-1370 in Fort Worth, or 1-800-492-4830 elsewhere in Texas.

Morton Museum exhibits Texas images in color photos

An exhibit entitled "TEXAS IMAGES" is being shown at Morton Museum of Cooke County, November 16 to December 15, 1982, according to Mr.

Wes Fuson, President of Cooke County Heritage Society.

This exhibit consists of striking color photographs of some 25 Texas symbols together with their stories. Most people are familiar with the bluebonnet, the

longhorn, the Lone Star flag and the Alamo as symbols associated with Texas. But how many know that the roadrunner is the unofficial state bird or the armadillo the unofficial state mam-

mal? Among many symbols of Texas are chili, the prickly pear, and oil—and each reveals something about the geography, history and culture of the State. These and many other symbols are depicted in this exhibit, which is on loan from the Institute of Texas Cultures,

Fire discovered in city trash load, nipped by early dumping

The city's trash pick-up crew had some tense moments last week after it found smoke curling from its load. Still on their collec-

tion round and miles from the disposal site, the men met the emergency by taking their load to the sewer area and dumping it, and permitting it to burn out.

The cause, crewmen said, was presence of ashes in a trash bag, with live coals included.

The possible loss of an expensive piece of equipment, and possible danger, prompts the city to issue an urgent request: "Please be sure no live coals are included if ashes are put in trash bags. Manage to clean out the fireplace or wood stove with ample time before collection if the ashes are to go into trash bags."

NOTICE
TELEPHONE MODULARIZATION
CONVERSION IN PROGRESS

Telephone crews are attempting to visit as many homes as possible before the end of the year to convert company owned telephones to modular jacks and line cords. At the same time they will do any repair to the telephone or wiring that may be needed. All telephone men working on this project are wearing blue pull over shirts with the Independent Telephone Company sign on their shirts, caps and on the truck. If you have any doubt about men that appear at the door to work on your telephone please call the telephone office for verification that they are telephone men. After the first of the year routine maintenance work of this type will no longer be performed. So we are asking for your cooperation so that as many homes as possible can be converted to modular jacks and line cords before the first of the year. All company owned telephones will be converted without charge to the subscriber this year. Wall telephones cannot readily be modularized. All long cords leased from the telephone company will be replaced without charge with a modular cord to fit the modular jack. However if you purchased the cord, (1) you will have to purchase a new long cord, (2) take a regular length cord, or (3) leave the telephone hard wired like it is. It is to your advantage to have the telephone modularized while a repairman is in your area, for after the first of the year we will be charging for all work of this kind.

THIRD NUMBER CALLING

Billed Number screening (BNS) has been implemented in most major cities in the United States on November 16th 1982. All telephone numbers on the Muenster and Valley View systems have been screened not to allow third number calling. If you are in an area where BNS has been implemented you will need a credit card to place a third number call. Please contact the telephone office if you are having a problem.

17 receive first Holy Communion

Seventeen second graders of Sacred Heart School celebrated their First Holy Communion on Sunday, November 21, feast of Christ, the King, at the 11 a.m. Mass, with Father Denis Soerries, celebrant. Each of the children participated in the liturgy.

Mark Flusche, from the third grade, led the entrance procession, carrying the Christ Candle.

Julie Felderhoff, Rebecca Beyer, Melissa Miller and Angela Hofbauer gave the first reading, responsorial psalm, second reading and gospel acclamation, in order.

Toni Reiter, Allison Klement, Deann Bayer, Martin McCoy, April Trubebach, Tommy Greathouse and Werner Becker III read prayers of the faithful.

In the Offertory procession, Christy Yosten carried the kingly crown, on a pillow; Jordon Bayer brought the kingly scepter; Aaron Berres and Martin McCoy carried wheat and

grapes; Stacie Cler, Barry Hess, and Mandy Barnhill carried paten with Host, Ciborium and water and wine, respectively, gifts to be used in the Liturgy of the Eucharist.

Following the homily, but preceding the Offertory procession, Sister Cecilia Marie Shannon, the children's religion teacher, introduced the children formally as members of the Church, and read names of the children and their parents to the congregation. Coming forward then, with a Communion candle, each child received light from the Christ Candle, which was lit earlier from the Paschal Candle. Returning to their pews, the children renewed their Baptismal vows, led by Father Denis.

The liturgy for the feast followed.

For their First Holy Communion, the children approached the altar with their parents. While the congregation received Communion, the children sang a special song and af-

terwards they again lined up at the front of the Church, to sing the meditation: "The Lord Has Come."

The First Communicants and their parents are Mandy and the Monte Barnhills; Jordon and the Paul Bayers; Deann and the David Bayers; Werner III and the Werner Beckers, Jr; Aaron and the Dave Berreses; Rebecca and the Stephen Bayers; Stacie and the Glen Clers; Julie and the August Felderhoffs; Tommy and the Robert Greathouses; Barry and the Don Hesses; Allison and the Dale Hofbauers; Allison and the Andrew Klements; Martin and the Peter McCoy's; Melissa and the Robert Millers; Toni and Mrs. Joyce Reiter; April and the Allen Truebachs; and Christy and the John Yostens.

Mass servers were Ryan Bayer, Troy Berres, Jason Bayer, Arnie Hess and Gussie Felderhoff. Ruth Felderhoff was organist and Eileen Fisher song leader. Marilyn Smith is the second grade classroom teacher and Sister Cecilia Marie is the religion teacher.

First Communicants' family gatherings

April Truebach
April Truebach, daughter of Mr. and Mrs. Allen Truebach was honored on her First Communion Day by her parents who hosted noon dinner in their home.

Guests were the grandparents, Mr. and Mrs. Andy Truebach and Mr. and Mrs. Carl Schilling; the great-grandmother Mrs. Dora Henscheid and the godparents Karen Moster and Melvin Schilling; also great-aunts Marie and Nora Truebach.

Other guests were April's sister, Amy, and Mr. and Mrs. Andy Truebach, Jr. and children Kody and Sabrina, and Dicky Moster and son, Charlie.

After dinner April opened her gifts; the group took many pictures, enjoyed visiting and watching the football game.

Julie Felderhoff
On her First Communion Day, Julie Felderhoff wore a special gold cross and chain that belonged to her great-grandmother, the late Franceska Droll, who also wore it on her First Communion Day in 1884 in Germany, now handed down to the oldest daughter in each family.

A dinner at The Center observed the day and was attended by her parents, the Gus Felderhoffs and James and Vanessa; the grandparents Mr. and Mrs. Henry Droll and Mrs. Hubert Felderhoff; also the godparents, Mr. and Mrs. Thomas Felderhoff Sr. and a cousin, Sister Phyllis Ann Bunnell Congregation of Divine Providence, who presented the heirloom cross.

The special cake, baked by an aunt, Mrs. Henry Spaeth, held a First Communion figurine.

Aaron Berres
Aaron Berres, son of Mr. and Mrs. Dave Berres was the honored one at a family dinner in their home, at noon on his First Communion Day.

Attending were his brothers and sister Troy, Neil and Jessica and their grandparents, Mr. and Mrs. Ed. Berres, and Tammy; also Jimmy Smith; and Aaron's godparents Mr. and Mrs. Michael Pierce and sons Matt and Jason, all of Gainesville. Also the maternal grandparents, Mr. and Mrs. Herbert Miller and the great-grandmother, Mrs. Dora Henscheid; the great-grandfather Theo Miller; and Mr. and Mrs. Glenn Miller of Muenster and Gayle Miller of Dallas.

A cake, baked and decorated in the shape of a cross, by Stacie Miller, was served. Aaron opened and displayed his gifts.

Mandy Barnhill
On her First Communion Day, Mandy Barnhill chose to wear a treasured dress made by her Grandmother, Mrs. Arthur Bayer and previously worn by her godmother and aunt, Julie Rogers of Sherman. She also wore a gold cross and chain belonging to her great-grandmother, Mrs. Gertrude Bayer.

Mandy's First Communion Day was celebrated with a dinner in the home of her parents, Mr. and Mrs. Monte Barnhill. Attending were the hosts and son, Adam, the grandparents, Mr. and Mrs. Arthur Bayer and Keith and Nathan, and Mrs. Raymond Barnhill; and the great-grandparents Mr. and Mrs. Robert Knabe, Sr., Mrs. Gertrude Bayer and Mrs. John Grewing.

The table centerpiece was a special cake ornamented with a First Communion figurine. Gifts were opened and displayed by the honoree.

Christy Yosten
Christy Yosten was honored on her First Communion Day, with dinner at noon, hosted by her parents, Mr. and Mrs. John Yosten. Attending were her grandparents, the Victor Hartmans and the Leonard

Candy making plan scheduled by Extension Service

Homemade candy adds to the festivity of holiday parties, makes a thoughtful gift for friends and is nice to have around the house during the Christmas Season. A special program on "Candy Making" is scheduled for Tuesday, November 30. It will feature old fashioned candy recipes which can be made traditionally on top of the range as well as candy made in the microwave. Presenting the candy demon-

strations will be Mrs. Evelyn Yeatts, County Extension Agent, and Mrs. Kaye Glaeser, Texas Power and Light Company Home Service Advisor.

A morning Candy Making program will be given at 10 a.m. It will be repeated at 7 p.m. for those who prefer an evening meeting. Both programs will be given at the Texas Power and Light Company Meeting Room in Gainesville. Due to limited space, reservations for the programs must be made in advance. Call Mrs. Yeatts' office at 665-4931 or 665-1966 or Mrs. Glaeser at 665-4371.

Candy making can be a simple procedure when proper methods and equipment are used. Using the microwave makes holiday candy making even simpler. Christmas candy keeps well for a long period if stored properly. Therefore, it is one of the holiday preparations that can be done well in advance.

Anyone interested in learning how to make this homemade treat is invited to participate in this special program in preparation for the holiday season.

Please send news of your Thanksgiving guests to Box 190, The Muenster Enterprise, Muenster Texas. Your guests will appreciate your courtesy and your out of town friends will be interested in hometown news.

Learning Center has Style Show

Children of the Learning Center and their older brothers and sisters will model clothes from The Hut, The Charm Shop, Tops & Teams and Hamric's.

There will be door prizes, a drawing for Raggedy Ann and Andy dolls, and a standard size quilt. The event is a benefit for playground equipment at the Learning Center. Admission to the style show is \$1.00

2 make 2 weeks European tour

Leonard, "Spike" Yosten and his daughter, Susan, Mrs. David Bullion of Austin, have returned from a two week vacation in Europe.

They visited Amsterdam, marveled at the famous dikes controlling the North Sea, saw miles and miles of canals, toured the Delft Royal Porcelain Factory, saw picturesque Dutch windmills and attended an enormous flower auction for flowers to be sent all over the world.

Driving through Belgium and touring the countryside, they also visited the site of the Battle of Waterloo. In

Paris they saw many of the traditional tourist attractions including the Eiffel Tower, Notre Dame Cathedral and the Arc de Triomphe.

Highlights in Germany were the beautiful Black Forest, the wood carvings, a memorable cruise on the Rhine River and views of fabled castles and cathedrals which abound in that area.

Switzerland with its awesome Alps and its fairy tale villages clinging high up mountain sides or nestled below in valleys was truly a beautiful sight. The trip up the Jungfrau by cog rail was an outstanding and a never-to-be-forgotten experience.

News of the Sick

Mrs. Frank Yosten is receiving treatment in Muenster Memorial Hospital for a fractured left hip and left arm. She underwent hip surgery Saturday to repair the injury.

Ted and Kathryn Gremminger and son Robert, all of Denver are visiting relatives, especially Ted

Gremminger, Sr. who is a patient in Muenster Memorial Hospital.

Bobby and Sharlene Hartman and her brother Chris Pagel spent Thursday until Saturday night in Dallas, where they stayed with the Eddie Stocks while Chris was an in-out patient at Children's Medical Center.

St. Mary's Parish hosts NCCW convention

By Elaine Schad

A concelebrated mass by special guest Bishop Joseph P. Delaney of the diocese of Ft. Worth and the election of officers highlighted the fifth biannual convention of the National Council of Catholic Women held Nov. 3 at St. Mary's in Gainesville and hosted by women of the north deanery.

In his remarks during the convention, Bishop Delaney encouraged those present to work with others in the diocese because the diocese is the church and, they should let others know that women are concerned for their welfare.

Bishop Delaney installed new officers of the NCCW for the current year. Mrs. Arthur G. Abel of Wichita Falls was re-elected president; Mrs. William Manning of Ft. Worth is president-elect; Mrs. Frank Bullinger of Henrietta is secretary and Mrs. Albert Fenoglio of Montague is treasurer as she was re-elected to the post.

The mass at noon was

concelebrated by the bishop and nine other priests representing the deanery and the diocese. Song leader was Rev. Dave Johnson and petitions were presented by Mrs. Abel.

During the business meeting Mrs. Abel presided and informed members that women prisoners in Mississippi were in need of quilt scraps and anyone who wanted to donate some could do so.

Members discussed the need of the diocese helping the foreign missions. Sister Roberta Hesse, formerly of Muenster and a sister of Mrs. Myrick of Lindsay, is presently a missionary in Africa. Members were informed that there is a great need in the village to supply a water tank as villagers catch water off the roof of their house for drinking and washing during the rainy season and must go long distances during the dry season to get water from wells or rivers.

Members voted to donate \$100 of NCCW funds and encouraged member

deaneries to raise funds throughout the diocese for the water tank. Money donated should be sent to the diocesan treasurer or through the deanery.

A report was given on the Hatch Amendment which would protect the lives of the unborn children. Mrs. Abel encouraged members to write Senator Hatch and to pray for those people who seek abortions so they might come to realize what they are doing and will decide to keep their children.

Members were encouraged to read the official publication of the NCCW, Catholic Woman, and Mrs. Abel said members must become more people-oriented and must make a concerted effort to listen to one another.

It was reported that outgoing secretary, Ginny Schlabs, was presently in Bethania Hospital and members were encouraged to pay a visit or write a card.

Rev. James Boyle, diocesan moderator, spoke to the group and said whatever happens to us is for our good and will help us get to our heavenly home. He said it is necessary to give of ourselves and gave an example of the community effort exemplified by the people of Windthorst recently who took turns staying with two young boys at the hospital after they were involved in a major traffic accident.

He also mentioned the nuclear threat that hangs over the world and explained ground zero as the point where a nuclear bomb would fall at a temperature of 8000 degrees fahrenheit.

After Father Boyle's talk Mrs. Abel encouraged members to write their congressmen and let their feelings be known concerning the nuclear issue.

In final business Mrs. Abel encouraged those present to plant a tree for ecology and asked each deanery to pray a decade of the Rosary each day for their prayer partner.

Guest speaker at the convention was Dr. Barbara Brewer who spoke to the group about com-

munication.

She said several things will tend to cut off communication from one person to another. They include criticizing, name calling, diagnosing, ordering, threatening, moralizing, excessive questioning, advising, diverting, logical argument, reassuring and praising in an evaluative manner.

Dr. Brewer listed things persons could do to open the doors to communication. They include paying attention to the body language of a person; Issuing an invitation to talk; listening; paying attention to the person and having good eye contact. She also said it is important to encourage a person to continue once a subject has been started.

She has written a book called People Skills and said members could obtain a copy by writing her in Electra.

Finally, a report from the General Assembly of the NCCW was given. Father Lynch was speaker and talked about the Called and the Gifted. He said women are called to minister to women, to listen to others and to their stories. Women should spend time and energy helping others and should also spend time with God.

Mr. McCord spoke on Leadership at the general assembly in Massachusetts and said the church is seen as a circle with the ordained as the hub and all others in the circle. He said now that the newness of Ecumenism has worn off that dialogue between religious groups should now focus on those things people have in common as well as on those things in which people differ. He said what is needed is prayer and for women to reflect Christ in their communities and in their families. McCord said there are presently 62 million Catholics in the U.S. with 49 million practicing.

Area parishes of Muenster, Lindsay, Gainesville, Valley View and Denton were represented at the convention.

Joni Sturm has recipe published

A favorite recipe of Joni Sturm, Home Economics Teacher at Muenster High School in Muenster has been accepted for publication in a new cookbook published by Favorite Recipes Press of Nashville, Tennessee.

"Peaches and Cream Dessert" appears in the Desserts cookbook which includes over 300 recipes for low-calorie treats, frozen and refrigerated desserts, cheese-cakes, meringues and tortes, in addition to traditional cookies, cakes and pies.

The cookbook also includes a Dessert Freezing Guide and a creative garnish section not found in similar cookbooks.

Desserts is the thirty-fourth in a series of Home Economics Teachers Cookbooks from Favorites Recipes Press, which feature top recipes selections from Home Economics Teachers nationwide. The cookbooks are marketed nationally in fund-raising drives by home economics students and have become one of the most collected cookbook series ever published.

In addition to Favorite Recipes Press cookbooks, Nashville EMS also markets a variety of other school fund-raising products by a sales force in over 40 states coast-to-coast. Nashville EMS is owned by Times Mirror, a Fortune 500 Company.

1 1/2 c. sifted flour
1/2 tsp. salt
1/2 c. butter, softened
1 29-oz. can sliced peaches
1/2 c. sugar
1/2 tsp. cinnamon
1 egg, slightly beaten
1 c. evaporated milk
Combine flour and salt in bowl. Cut in butter until crumbly. Press into bottom of 8-inch baking pan. Drain peaches, reserving 1/2 cup syrup. Arrange peaches over crust. Sprinkle with sugar and cinnamon. Bake at 375 degrees for 20 minutes. Blend egg with milk and reserved peach syrup. Pour over peaches. Bake at 350 degrees for 30 minutes or until custard is firm around edges and slightly soft in center. Serve warm or cold.

Young artists paint with new program

A new art program has been added to the Muenster Elementary School. It is the SWRL Elementary Art Program and is the 12th program of the disseminating activities conducted by Phi Delta Kappa's Center for Dissemination of Innovative Programs.

The SWRL Elementary Art Program provides teachers with a complete resource for conducting sequenced, systematic basic art instruction. It is a research-based, classroom-verified program designed to give independent inquiry on the part of the student.

The aim of the program is to build a base of knowledge and skills that will enable children to produce increasingly well-constructed art works of individual character.

This is an art program which begins on the kindergarten level and carries on throughout the elementary.

Grade 9 has CCD liturgy

The CCD class of grade 9B, taught by Bill Hopkins of Gainesville selected the theme "Devote Life to the Lord" for the liturgy during the CCD Mass on November 17.

Tammie Reiter gave the first reading, Sharon Wolf the second reading, Jean Palf the second reading and Karen Wolf the gospel acclamation.

Deann Walterscheid and Julie Fisher read the Offertory petitions; and Connie Klement, Steve Kubis, Kevin Switzer and Penny Hess presented Offertory gifts.

Sharon Wolf presented the Communion meditation and led the vocation prayer.

Bill Hopkins accompanied on his guitar for songs of the Mass, which included "Here We Are", "Follow Me", "Look Beyond", "Shout From the Highest Mountain."

Father Denis Soerries was celebrant of the Mass and Ricky Walterscheid, Jason Walterscheid, Keith Klement and Michael Vogel were Mass servers.

Theresa Walterscheid interviewed as new teacher

One of the new teachers at Muenster Public School this year is Theresa Walterscheid. She is teaching Junior High and P.E. classes.

Theresa, formerly Theresa Fisher, daughter of Mr. and Mrs. Joe Fisher, was raised in Muenster. She graduated from Muenster High School, attended Cooke County College and earned degrees in P.E. and Elementary Education at North Texas State University.

Mrs. Walterscheid's past teaching experience includes one year at Las Cruces, New Mexico, two years at Arlington, 6 years at Sacred Heart, and also at Cooke County College, in the P.E. department.

Theresa is the wife of James Walterscheid. They have four children attending Muenster I.S.D. Her hobbies include jogging, playing tennis, reading, and sewing.

NOTICE

THE STATE OF TEXAS COUNTY OF COOKE SHERIFF'S SALE

WHEREAS, on the 2nd day of August, 1982, in Cause No. 2018 in the District Court of Cooke County, Texas wherein The City of Gainesville, and Gainesville Independent School District, as Plaintiff, and State of Texas, as Intervenor, recovered judgment against Kenneth Garry (Garrett) Defendant, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 26th day of October, 1982, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 22nd, day of November, 1982, seize and levy upon as the property of the above defendant the following described property, situated in Cooke County, Texas, to-wit:

A 75' x 45' lot in the Peter Clark Survey, Abstract 232, Cooke County, Texas, a back lot, lying next to the ROW of the railroad tracks and lying north to south and generally to the east of the tract of land with a city address of 1736 S. Lindsay St., Gainesville, Texas;

And I will on the first Tuesday in the month of January, 1983, the same being the 4th day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Gainesville, Texas, at 10:05 a.m., to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendant to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

DATED at Gainesville, Texas, this 22nd day of November, 1982.

Conservation tillage conference set Nov. 30 at A&M research center

A conservation tillage conference for producers in the Texas Blacklands will begin at Dallas at 8:00 a.m. November 30, to review ways that this practice can be used by area producers.

The program will be staged in the field house at the Texas A&M University Research and Extension Center. The all-day session will feature discussions by three area farmers on the use of this practice on their farms. Additionally, several equipment manufacturers will discuss tillage equipment that can be used for the practice. Chemical manufacturers will review their products that are applicable.

A highlight of the days activities will be the displays of chemicals and equipment at the conference. Company representatives will be available to discuss the products with the producer. "Conservation tillage farming is gaining in popularity in the state," said Maurice Shepherd, program chairman for the North Texas Association of Soil and Water Conservation Districts, and one of the organizations hosting the meeting. "Farmers using this practice are seeing improved crop yields, reduced crop production costs, and reduced soil erosion," said Shepherd.

"Conservation tillage farming makes maximum use of previously produced crop residues coupled with a minimum number of trips across each acre," noted Shepherd. "Conservation tillage is not the total solution to erosion problems, continued Shepherd, but leaving adequate amounts of crop residue on the surface of the soil year round can reduce sheet and rill erosion by as much as 90 percent.

A dutch treat catered barbecue meal will be served on the grounds during the noon hour.

Michael Nelson Hill and Mrs. Cathy Hill Gabriel accepted the Texas Family Land Heritage certificate for the Nelson Grove Farm in Cooke County from Agriculture Commissioner Reagan V. Brown (right) at ceremonies recently at the Capitol. The property qualified this year in the state program which recognizes 100 years of continuous agricultural production on the same land by members of one family.

Farm-City week promotes food and fiber

Farm-City Week, Nov. 19-25, focuses on the involvement of farm and city people as partners in growing, processing, marketing and consuming food and fiber.

"In Texas, movement of food and fiber from field to factory to the family table provides jobs and income for about a fourth of the working force," points out Dr. Carl Anderson, marketing economist with the Texas Agricultural Extension Service, Texas A&M University System.

"One out of every 30 Texans is a farmer or rancher, and 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products," says Anderson.

Many businesses, financial institutions and individuals are involved in providing supplies, credit and services to farmers and ranchers and in processing and marketing agricultural commodities.

Texas ranks in third place in total cash receipts among the leading agricultural states, behind California and Iowa. Texas, however, is number one in the sales of cattle and calves, cotton, grain sorghum, sheep and wool, goats and mohair, cabbage and spinach.

Total farm assets in Texas are estimated at \$80 billion. With 186,000 farms in Texas, assets average \$430,000 per farm. Many commercial size, full-time operators, have in excess of a million dollars invested in their farm or ranch businesses.

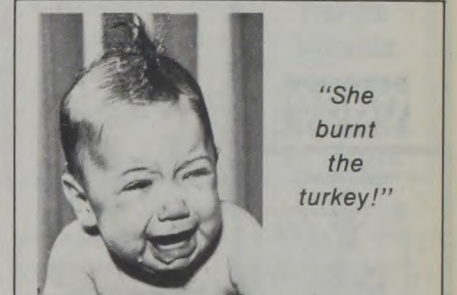

"Producing an abundance of high quality food and

fiber is inherent to American agriculture. Americans spend far less of their take-home pay on food than people in other countries of the world," Anderson points out. "Today that amounts to about 17 cents of every dollar of disposable income.

"Together, farm and city people make the best food

and fiber team in the world," he believes. "This gives a country the capacity to feed its own people and to export for economic gain as well as for humanitarian purposes."

Farm-City Week is under the direction of the National Farm-City Council, Inc., which is coordinated by Kiwanis International.

We can be grateful this Thanksgiving that a renewed concern for peace and for brotherhood of all races is stirring in the land. By helping it to full flower, we can best assure many more Happy Thanksgivings for our children in the years ahead.

Knights roll on, beat Tenaha 14-0

Leonard Fuhrmann kicks one of his two bonus points in Lindsay's 14-0 bi-district win over Tenaha. Gary Weems holds the ball for the kick.

Lindsay's Knights continued their highly successful football season at Center Friday night by rolling over Tenaha's Tigers 14-0 and advancing to the regional contest with Italy at Midlothian on Thanksgiving at 7:30 p.m.

Lindsay earned its laurels in the second half after a sloshy defensive struggle in the first. At intermission and after missing two scoring opportunities the Knights led 1-0 in penetrations, but that was all.

However things changed in the second half as Lindsay came out with its scoring machine in tune. Starting on their own 39, Gary Weems, Stan Dieter and John Dieter stepped off consistent yardage to the 14, where Weems completed the drive in two efforts, one for 13 and the other for the TD. The 61 yard drive had been made in 14 plays. Leonard Fuhrmann's PAT upped the lead to 7-0 at 6:51 in the third.

The Knights second and final score came late in the game when John Dieter in-

tercepted a pass and roared 28 yards to the end zone. Fuhrmann's kick added a bonus point, and the count was 14-0 with 1:11 remaining.

In spite of the win, the Knights lost more chances than they cashed in, mostly because of the muddy, puddled field. The first disappointment followed Stan Dieter's interception on the Tigers' first possession. It was a set-up on the 25, but wasted moments later in a fumble on the 13.

Another failure of the first half was just a matter of tough luck. Following a fumble recovery by John Dieter on the 24 the team reached the 18 in three tries then passed Corcoran to Mike Hermes, on fourth down. It looked like 6 points but not to the official, who said the receiver was out of the end zone.

Still another chance to sweeten the Lindsay score came after the final TD as Leonard Fuhrmann intercepted Tenaha's desperation pass and romped 28 yards into the end zone. But to no avail. The play was nullified by a clipping penalty.

Lindsay dominated the contest all the way with leads of 153 to 88 in yar-

page, 3-0 in penetrations, and a 5-1 advantage in turnovers.

Defensive standouts were Gary Dankesreiter with 12 tackles, Stan Dieter with 11, Mike Corcoran 7, Mike Hermes 5 and Ronnie Fleitman; also Dieter with 2 fumbles recoveries and Weems with 1.

Weems again led the team in rushing with a total of 109 yards. Stan Dieter was next with 23 and John Dieter had 11.

MHS varsity teams start season with wins at Callisburg

Both of the MHS varsity basketball teams opened the season on a happy note Monday night at Callisburg. The Hornets started the good work with a win of 41 to 27 and the Hornets followed with a 44 to 37 win.

In both games Coach Peters and Gustine used all of their players and were pleased with what they saw. Peters said his girls are well ahead of last year's progress at this time, in fact it's almost like a continuation of the '82 ending. Mainstays are the former starters Sandy Wimmer, Stephanie Richey and Kyla Hale who led the scoring with 12, 10 and 5 respectively. Other point makers were Rita Walterscheid 5,

Kim Eldridge 4, Shelly Zimmerer and Paula Russell each 2.

The Muenster girls made a slow start, leading 7-5 at the first period then zooming to 20-9 at the half. Their tempo slowed down while reserves were in action and scores were 30-17 in the third and 41-27 at the end.

The Hornets showed less progress in their development, particularly in shooting and ball handling. Nevertheless they took a 12-7 first period lead and managed to extend their margin to 7 points in the balance of the game. Scores were 24-18 at the half, 33-29 at the third period and 44-37 at the end.

The team is headed by the two remaining starters from last year, Wayne Carroll and Kevin Felderhoff who scored 6 and 19 respectively. Other scorers were Ronnie Fisher 10, Steven Fisher 4, Kevin Wolf 3, Jay Mollenkopf 2.

The evening's only disappointment was the girls JV game. They lost 26-9 and Dana Dankesreiter led their scoring with 5 points.

Squirrel away a few tax free dollars. You'd be nuts not to.

You don't have to be a millionaire to take advantage of a tax shelter. The United States Congress has changed the rules for 1982.

Every wage earner may now squirrel away up to \$2000.00 of wages per year in a personal **INDIVIDUAL RETIREMENT ACCOUNT**. Your present pension plan and social security may not provide enough for comfortable retirement living. Why not guard against that possibility by putting away tax-free, high interest-earning dollars into an IRA account at the Muenster State Bank.

The **INDIVIDUAL RETIREMENT ACCOUNT** at Muenster State Bank. It's a perfect savings plan for wise old squirrels like you.

Tigerettes have high hopes to top former basketball record

Again this year the outlook is encouraging for Tigerette basketball, hopefully an improvement over outstanding seasons in 1981 and 1982 when they finished with standings of 14-12 and 18-9 respectively. Along with the hot record they went to the TCIL state playoffs both years, emerging as state semifinalists the first trip and consolation champs the second trip. They were district champs both years.

Eleven girls, including four '81 starters, are on Coach Jon LeBrasseur's roster. They are headed by seniors Karla Jo Hartman and Laurie Endres, and juniors Susan Walterscheid, Anne Felderhoff and Marilyn Hartman. Others are sophomores Rose Felderhoff and Sondra

Hess, also freshmen Lisa Haverkamp, Tammy Hess, Lydia Walterscheid, and Sondra Walterscheid.

The Sacred Heart team lost three of last year's lettermen including the top talent, Carol Walterscheid, 6 ft. 2 in. standout named all-state, all-area and all-district and now signed with Midwestern State University. The other 1982 graduate is Jenny Felderhoff and Connie Stoffels will be out for the season with a knee injury.

Coach Jon said he is counting on quickness and intelligence as the major strengths of the team, while the problem areas are rebounding and ball handling. He added that the Tigerettes are young, with only two seniors listed on

the roster, and the team backbone is likely to consist of Juniors Anne Felderhoff, Marilyn Hartman and Susan Walterscheid.

And looking forward to '83 he's depending on the development of his two sophomores and four freshmen.

Sacred Heart sports schedule

Nov. 26, Basketball, Tigerettes vs Saint Jo, preceded by girls JV, here, starting at 6:00.

Nov. 27, Football, TCIL, state semifinal, Tigers vs St. Pius of Houston, Tiger field, 7:30 p.m.

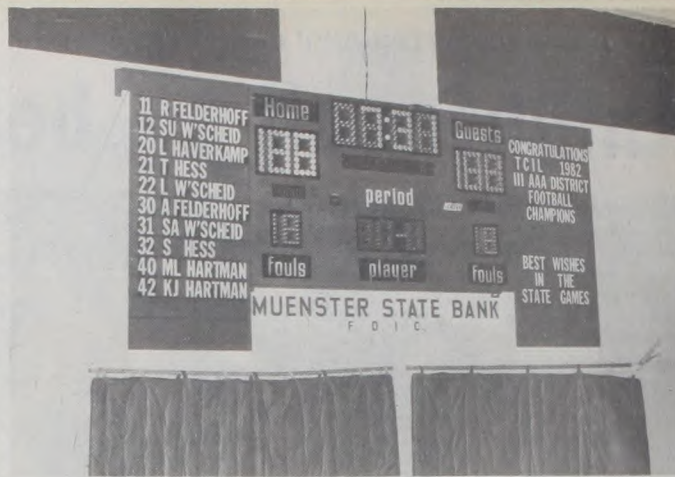

Nov. 30, Basketball, Tigerettes vs Goldburg, preceded by Jr Hi boys and girls, here, starting 4:30.

Tigerettes host Aubrey scrimmage

Scrimmage activity for the Tigerettes ended Friday night as they entertained Aubrey's girls in the Sacred Heart gym. Following the action Coach Jon LeBrasseur said the girls are starting to measure up to their expected potential and are ready for the season.

The SH led in every quarter of Friday's scrimmage, the scores being 13-12, 8-7, 11-6, and 16-9. All of the team's eleven members had a part in the action.

Marilyn Hartman, who's looking like a likely successor to Carol Walterscheid, led the scoring with 18 points, and Susan Walterscheid was close with 16 points (8 of 12) plus 8 rebounds. Other point makers were Anne Felderhoff 9, Sondra Hess 2, Rose Felderhoff 2, Sondra Walterscheid 2.

This is the new scoreboard in the Sacred Heart High School gym, presented by the Muenster State Bank.

Cub Scout News

Cub Scouts of pack 664 took advantage of the Indian Summer weather on Sunday, November 21 and enjoyed their annual turkey shoot. Chairman Paula Reiter did an excellent job in organizing the event. Parents were helpful in the setting up of the range along with the keeping of the boys scores. The prize turkeys and turkey shoot patches were presented at the VFW Hall where the boys held

their pack meeting for November. Winners were for the 9 year old group Scott Wilde, 10 year old group Brian Reiter, and 11 year old group Troy Pagel.

The spirit candle was lit by Steven Nasche and the flag ceremony was presented by Den 2 cubs, Chad Bayer, Brian Reiter, and Kelly Colwell. Den leaders Kathy Sicking, Mil Biffle, Patsy Bayer a committee chairman, Judy McDaniel were

asked by Cubmaster, Lupe Evans to attach their Fun Fair presidents award ribbon to the Pack flag. It was reported that Cubs of pack 664 sold 382 tickets; top salesman was Douglas Evans who sold 55. A prize of a Cub Scout watch was presented to Douglas.

Den 1, leader Kathy Sicking and her Cubs, Michael Gobble, Chad Simmons, Greg Hess, Sammy Walterscheid, Ryan Sicking, Scott Wilde, Helmuth Koelzer, and Mark Flusche sang "She'll Be Coming Around The Mountain, When She Comes."

Tenns In Action, special evening

"Teens In Action", the TIA organization in Muenster, participated in a Youth Mass on Saturday, November 13 at 7:30 p.m. in Sacred Heart Church, followed by a dance in the Community Center.

Taking part in the Liturgy were Connie Stoffels, and Darwin Sicking carrying the banner inscribed: "Great Things Happen When God Mixes With Us."

Father Victor Gillespie was celebrant and Mass servers were Deano Bayer, Scott Taylor, Stephen Schmitt, Jason Bayer and Michael Bierschenk.

Greg Luke gave the readings and Leslie Hess, Dolle Pagel, Rodney Hess and Craig Felderhoff presented Offertory gifts.

Bid to open house heads topics at PTO meeting

Reminders to come and see the play, "Shakespeare Sleeps," by Martha Koessler's drama class, and the open house to show the school's new science and junior high classroom along with a large number of other recent improvements, were the highlights of last week's PTO meeting at the Public School.

Superintendent Charles Coffey told the crowd that the school is proud of its excellent facilities and anxious for all district residents to see what they have. The evening's program starts with the play at 6:30 and the open house continues until 8:30.

Another feature of the meeting was an explanation by Counselor Tom Fluker of the school's remedial programs. He said it includes four areas of help to the students: special education and resources, speech therapy, remedial reading and remedial math. He explained that the latter two subjects are for grades 1 to 8 and federally funded for 105 area students. 71 of those are in the public school and 37 at Sacred Heart, the ratio being determined by comparative enrollment. Fluker encouraged all to see the remedial labs, especially

parents of the children enrolled.

Gwen Trubenbach, principal K-5, expressed her appreciation for special help to the children. She thanked the Kenny Fettes for a set of cassettes and books on "I Love America"; also Mary Ann Hess, Louise Wimmer, Bobbie Hale, Collette Biffle and Gladys Harrison for a check of eyes and ears.

Band Director Jon Hall reminded members of concerts and parades to be presented soon by his students, and Lupe Evans called attention to the coming Christmas parade, urging students and faculty to join in making it a special event.

A change of procedure was adopted by the members, who presently are reported to number 76. Formerly scheduled every two months, the PTO meetings will be held every month, starting January 17. Another change: a baby sitter will be in the Homemaking room at the next meeting as a convenience to parents with small children.

A First Texas 80's Report: On Investments.

"Knowing how to deal with today's unpredictable interest rates means knowing all your options."

Will interest rates go up? Or will they fall? These days, nobody knows for sure. But one thing you can be sure of is your options. First Texas has just the right plan, no matter what you think interest rates will do in the future.

Plan One: New Escalating-Rate Money Maker Security. Invest up to 89 days.

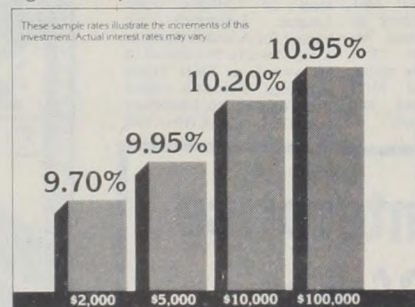

If you think interest rates will climb, First Texas has a great new short-term investment, their Escalating-Rate Money Maker Security. It's escalating, because the more you invest, the higher your interest rate.

For a minimum deposit of \$2,000, you can buy a Security for 89 days with a daily or fixed rate. Or for a minimum of \$20,000, you can buy a 30- or 60-day fixed-rate Security.

These Securities have continually outperformed the money market funds, plus they beat inflation by a wide margin.

The more you invest, the higher your interest.

This new Money Maker Security is escalating. The sample rates in the chart illustrate how

the rate changes to your advantage the more you invest. And for amounts of \$100,000 or more, you'll find that the rates are comparable to other investment certificates.

Safer than money market funds.

The First Texas Escalating-Rate Money Maker Security is a safer investment than most money market funds. That's because both your principal and interest, even on investments over \$100,000, are backed by the strength of First Texas and a trust arrangement.* With most funds, your entire principal is at risk.

Also, at First Texas, you have immediate access to your money with these Securities. And with our daily-rate Security there's no penalty for early withdrawal.

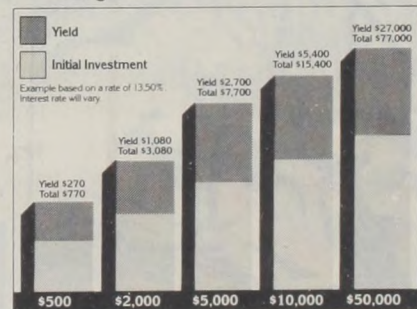

Plan Two: New Long-Term Money Market Certificates. Invest for 48 months.

If you think interest rates will fall in the future, First Texas has a new long-term Money Market Certificate—a long-term fixed-rate investment. With the long-term Money Market Certificate, you can safely lock up a high interest rate now.

A safe way to lock up your financial future.

You can start with a deposit as small as \$500. Plus, you know your investment is safe, because these Money Market Certificates are insured by the FSLIC.

The term of the Money Market Certificate is now at 48-months. A variable rate, 42-month plan is also available. Check the example chart to see just how large your initial investment can grow.

Long- or short-term? The choice is yours.

So whether you decide long- or short-term is your best option, now's the time to invest and First Texas is the right place to go. First Texas. They can make the most of your money. And that's what beating the 80's is all about.

*Minimum deposit: \$2,000 (89 days) or \$20,000 (30 or 60 days). Escalating-Rate Money Maker Securities are Repurchase Agreements which are secured debts of First Texas, collateralized by government securities. These Repurchase Agreements (obligations) are not deposits or savings accounts. Although not insured by FSLIC, First Texas has set aside government securities with a trustee in a separate trust account to protect the purchaser against loss.
