## FOUR FELDERHOFF BROTHERS SERVE IN ARMY; THREE OVERSEAS

Two headlines from last week's papers: "Traffic deaths 38,300 since Pearl Harbor", "Only 2,184 Yanks die in Africa War." Draw your own conclusions.

As a loyal artillery soldier, Con can't resist the urge to pass on a comment direct from the front. "Too much publicity has been given the air force and too little publicity given the artillery in the devastating barrage that paved the way for the final assault on Tunis. For every bomb that was dropped, hundreds of cannon shells pulverized the earth. "One of the vital factors in the debacle was the propaganda shells. When the shells exploded they scattered leaflets telling the axis soldiers that they were doomed unless they quit and that 15 minutes after reading the leaflets they would be subjected to a merciless barrage. This promise was always kept by the allied artillerymen. Axis prisoners were almost psychopathic cases. They were like dead men waking and in no way resembled the superior Nordics that their Nordic house-painter leader had told them they were."

The fire is effective even when it does not kill. Here's how another correspondent described it: "The constant boom and roll of heavy artillery are still to me the most saddening, sickening, doom-spelling sound of all the ghastly war noises I know."

In the same vein, an officer back from Africa was telling us that the Axis fear American artillery more than any other weapon. When using time shells, they are set to explode directly over the enemy — it is especially effective. Besides taking a heavy toll is thoroughly disorganizing the remainder of the enemy fighting unit. Captured prisoners admit they are deathly afraid of it. And Americans when captured, are questioned plenty about it. At least that was the experience of two men who were fortunate enough to escape later.

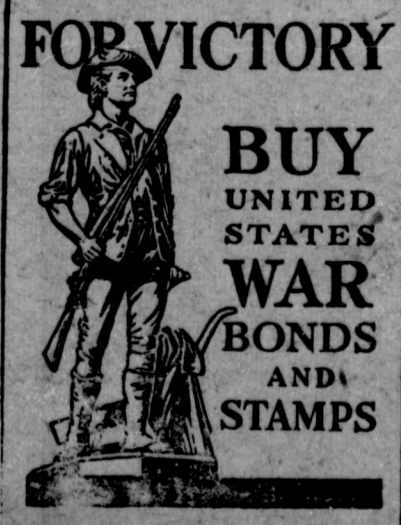

So, don't let anyone give you the idea that the air corps boys are doing all the winning in this scrap. The "big guns" are putting in some pretty fair punches too.

Of all the propaganda films this war has inspired, none is quite as masterful as "Mission to Moscow". It tells us that Russia, suspected and misunderstood for a generation, has been the strong, silent champion of human rights, patiently enduring the distrust of a world it was destined to save. All the way through, the picture emphasizes Soviet culture, industry, democracy and patriotism. The kind of stuff that would have been discarded as unadulterated bunk a couple of years ago when we had our own definite ideas about the U.S.S.R. This column would have been one of the many to recommend "skip it".

Now Con says "see it". Propaganda or not. Because it is superbly acted and directed and offers the most wholesome bit of propaganda we have had to date. As an ally doing a magnificent job on our side of this fight, Russia has earned our friendship and confidence. The picture will help us appreciate her efforts even more.

The theme clashes with established convictions in most American minds. The conditions and merits it portrays are the very opposite of what we suspected all these years. But after getting this side and considering it along with Russia's record of the past two years, a person begins to wonder whether he was not wrong in many of his opinions. When men fight and suffer as the Reds do, one may reasonably presume the country and its institutions are worth fighting for.

As though timed to coincide with the appearance of this film, the Soviet government now orders the suspension of the Communist Internationale, Stalin and (Continued on Page 4)

## Mayor Asks Observance Of Flag Week

Mayor J.M. Weinzapfel this week asked Muenster citizens to observe Flag Week, June 8 to 14, in a fitting manner as a wartime tribute to the United States and to Muenster's native sons serving on the battlefronts of the world.

Governor Coke Stevenson has issued a proclamation asking the observance of Flag Week in Texas, and Mayor Weinzapfel has issued a similar proclamation asking its observance here.

His proclamation follows: **MAYOR'S PROCLAMATION TO ALL TO WHOM THESE PRESENTS SHALL COME:** WHEREAS, the date of June 14 is the anniversary of the adoption of the Flag of the United States of America; and

WHEREAS, it is customary and entirely fitting that the week preceding that date be devoted to patriotic celebrations and observances; and

WHEREAS, in this time of war it is even more appropriate that we once again pledge our allegiance to the Flag and to the principles which it symbolizes;

NOW, THEREFORE, I, J. M. Weinzapfel, mayor of the city of Muenster, do hereby proclaim the week of June 8-14, 1943, to be **FLAG WEEK IN MUENSTER**

and FURTHERMORE, I urge our local defense organizations, patriotic societies, and the citizenship generally to observe this week by displaying our Flag at homes, places of business, and elsewhere; by patriotic exercises appropriate to the times; and by investing and causing others to invest in additional War Bonds and Stamps as a tribute to our armed forces, who, with total unselfishness and self-sacrifice, are serving on the battlefronts of the world in defense of the rights and principles which we cherish.

IN TESTIMONY WHEREOF I have hereunto signed my name officially and caused the seal of City to be impressed hereon at Muenster, Texas, this 7th day of May, A.D., 1943.

J.M. Weinzapfel, Mayor City of Muenster, Texas

## RELATIVES ATTEND FUNERAL SERVICES FOR BEN FRISKE

August Friske, accompanied by his son-in-law and daughter, Mr. and Mrs. Joe Luke, left immediately Monday after receiving a message that the former's brother, Ben Friske, 70, had died in an Austin hospital following an illness. Funeral services were conducted Tuesday at Bastrop. In addition to Mr. Friske of this city the deceased is survived by a brother and sister of Munday, Texas. He was unmarried.

**27 DOZEN COOKIES** Twenty-seven dozen cookies were made by the members of the Civic League and Garden Club during the weekend and delivered to the Gainesville U.S.O. club rooms for the soldiers of Camp Howze to enjoy on Memorial Day, Sunday. The club women engage in this activity once a month.

Those who deny freedom to others deserve it not themselves; and, under the rule of a just God, cannot long retain it.

## DOYLE BLODGETT IS NAMED NEW TEACHER FOR LOCAL SCHOOL

Muenster will have a new school superintendent for the Public School when classes begin next September. It was announced this week by the local school board. Mr. Doyle Blodgett, who has taught for the past several years at Hood will be the new teacher on the staff. He is also qualified to direct athletics and teach manual training. Mr. Blodgett is married and will move his family to this city.

Since last November, when Virgil Lee Welch, superintendent, resigned to accept a position at Camp Howze, the local school was without a man teacher. Miss Mary Wiedemann served as superintendent during the term.

Other teachers of the staff have not yet been announced, it was stated. A final meeting of the school board is to take place for this purpose within the very near future.

## THREE NEW FAMILIES MOVE TO MUENSTER

New residents in this city are Mr. and Mrs. Cecil Graham and children of Electra. They are occupying the Schnitker home recently vacated by Jack Roberts. Mr. Graham is employed by the Texas company. He is a brother of Charles Graham, former Myra banker, and well known locally.

Mr. and Mrs. Judson Bathrop and little daughter moved here last week to make their home. They formerly resided in Gainesville and he is distributor for Tay-stee bread. They are occupying Joe Trachta's house formerly occupied by Eunah Lee Walton on Main Street. They have a son who is in the army.

Another new family in this city are Mr. and Mrs. E.H. Jenkins and two children who moved here from Gainesville last week and are occupying the newly remodeled L. A. Bernauer house south of the church. Mr. Jenkins is an employee of the Gainesville Register.

## BAPTISMAL SERVICE HELD BY MUENSTER BAPTISTS SUNDAY

Baptismal services were held Sunday afternoon by the local Baptist congregation at the First Baptist church in Saint Jo, with Rev. J.C. Neaves, local pastor, officiating.

Candidates who came for baptism were Patsy Ezell, Joe Cason and Virginia Trotter of this city and Mrs. Jack Roberts of Nocoma, formerly of this city.

## Will Try To Find Farm Help To Harvest Crops

County Agent Albert Brient was in this city Wednesday and stated that farmers who are interested in getting laborers for harvesting and other farm work should register at the county agent's office in the basement of the courthouse.

Laborers who are willing to work on farms should also register he stated, at the county agent's office. Everything possible is being done to find farm help to harvest crops at this time, he added.

Farmers and laborers may register by mailing a postcard listing wants, to the County Agent's office.

## Farm Woman's Letter Can Win Trip To Shipyard For Liberty Ship Launching

The best letter telling a woman's story of wartime use of electricity on the farm will win for the writer an all-expense-paid trip to a shipyard to christen a Liberty Ship to be launched about the middle of July. R.L. McNeelley, manager of the Cooke County Electric Cooperative Association, announced this week. Mr. McNeelley invites women on farms obtaining electric service from the RPA-financed system to submit letters telling what they have done to increase food production for the war.

The Liberty Ship christening ceremony will be sponsored by the Rural Electrification Administration, in cooperation with the U.S. Maritime Commission and other agencies of the government.

"Every woman who has found a way to contribute to increased food production on her family's farm may have, in her own experiences, material for the kind of letter that can be used to dramatize the farm woman's part in the war," McNeelley said.

"I know that dozens of women on farms served by the Cooke County Electric Cooperative have had experiences from which others could profit. The woman who has learned to organize her household tasks for greater efficiency, through the use of electrical equipment, so that she has more time for raising chickens, tending a victory garden, canning fruits and vegetables, or working with a dairy herd, should tell her story in a letter," McNeelley said.

Literary style is not important, it was pointed out, the kind of story the woman has to tell about her own wartime work is all-important. Every woman who can report increased food production despite loss of workers on the farm — and there are many on the local lines — should tell how it was done.

The contest is now open and letters received up to and including June 15 will be eligible. All letters from this section should be addressed to Cooke County Electric Cooperative Association, Muenster, Texas, and the best will be forwarded to the committee which will select the woman to have the honor of christening the S.S. J.D. Ross.

Mary Catherine, one-year-old daughter of Mr. and Mrs. Al Walterscheid, sustained painful injuries on her left hand Monday afternoon when a door at the family home was blown shut, catching her hand and severely smashing and lacerating three fingers. The small finger was almost severed from the hand, but has been stitched in place and has a fifty-fifty chance of knitting, it was reported. The hand is badly bruised up to the wrist.

Rogation days were observed with special services here at Sacred Heart church Monday, Tuesday and Wednesday. High Mass was held at 8:30 each morning and the traditional procession took place. One of the petitions during the services was for good crops. On Ascension Day, Thursday, a holy day of obligation, the schedule of services was the same as that of Sunday.

Harry Henschel and two pals, all of Norman, Okla., spent Sunday and Monday with the John Hartman family and other relatives of Harry in this city.

All four boys are sons of Mr. and Mrs. John Felderhoff, and recent letters from them stated that they are all well.

## Muenster Will Have Picture Show Soon

Relax Theatre Will Open In Wolf Building When Remodeling Is Completed

The Relax Theatre is scheduled to have its opening in this city within the next three or four weeks according to information released Monday by Herbert Meurer. The new business is a co-operative and at a recent meeting of stockholders Herbert Meurer was elected president and F. A. Kathman, Jr., secretary.

The old Wolf theatre building is undergoing a complete rebuilding and remodeling program and will house the new show. It will be air conditioned and modern in every respect. The equipment has been purchased and will be installed as soon as the building is finished. First run pictures will be shown.

A schedule for showing has not yet been worked out, it was stated, but there is a possibility that a rightly show will be held, with matinees on Saturday and Sunday afternoons. The schedule depends on the patrons and will be arranged on that basis. This newspaper will carry further information and announcement of its opening in forthcoming issues.

## Sacred Heart School Of Music Presented Annual Recital Sunday Evening

The annual musicale was presented by pupils of Sacred Heart School of Music under the direction of their instructor Sister M. Leonarda, Sunday evening in the parish hall, in the presence of a large number of parents, friends and music lovers.

The program was beautifully rendered by the musicians on a stage prettily adorned with flowers and greenery, and an interesting age range of performers was noted. Tiny tots of six rendered their selections with as much self-reliance and spirit as did the older students, some of them high school pupils.

The varied program included piano, violin, accordion and trumpet selections in solo, duet and trio and the recorder and tonette classes offered numbers. The Glee Club also rendered two selections.

## CLASS VALEDICTORIAN

Miss Mary Catherine Reiter, daughter of Charles Reiter of Kerville, and formerly of this city has been named valedictorian of the graduating class of Tivy High School. Her grades during the entire four-year period have been A plus. She will be awarded a scholarship to any university of her choice.

## Completes Commercial Course

Miss Edna Lea Carter was among the class of commercial graduates of St. Mary's school at Gainesville when exercises were held Sunday evening. Her parents, Mr. and Mrs. Tom Carter, attended the program and she accompanied them home for a short visit. Miss Carter is employed at Camp Howze.

## First Mass Of Father Paul On June 15 Here

## Muenster Is Host For Catholic League Meet Of District Same Day

## Plans Made For Double Program; To Be Banner Event In Parish History

General plans for the celebration of the first mass of Rev. Paul Hoedebeck and for the annual district meeting of the Catholic State League to be held here on June 15, began taking shape this week when the astors and the parish societies held special meetings to discuss the affair, arrange a program and appoint committees to take charge.

Headlining the full day's program will be the first mass by Father Hoedebeck at 10 o'clock in the morning. At twelve a country sausage and fried chicken dinner will be served in the parish hall to the community and visitors.

At 1:45 the district meeting of the League will get underway and is scheduled to be concluded with lunch at about 5:30.

A large number of visiting clergy and delegates from the district will be in attendance in addition to all of Muenster's citizens who are expected to turn out in full numbers.

Rev. Father Thomas, pastor, announced Wednesday that speakers for the occasion had not yet been named but would in all probability be decided this week, and listed in next week's paper.

Muenster persons chosen as delegates to the conclave have been named by the parish societies with the exception of the Young Ladies' Sodality who will meet next Monday.

Delegates from the Saint Joseph's Society chosen at a meeting Monday evening are: Leo Henschel, Meinrad Hesse, J.B. Klement, J.W. Hess and Al Walterscheid, officers, and J.W. Fisher, Frank Klement, Herbert Meurer, Bill Becker and Lawrence Wimmer.

Saint Anne's delegates chosen at the same time are: Mesdames Felix Becker, Joe Streng and Albert Henschel, officers, and Mesdames Ben Hellman, M.J. Endres, Bill Becker, John Fisch, John Kathman, J.W. Hess, Wm. and Joe Walterscheid and J.M. Weinzapfel. Mrs. J. B. Wilde, state treasurer of the League, is a delegate at large.

The Holy Name Society chose the following delegates: Urban Endres, Martin Walterscheid and Frank Hennig, officers, and Bernard Swirczynski, Arthur Felderhoff and David Lehnertz. This organization also appointed a committee to take charge of decorating the church and hall.

The adult societies are in charge of the dinner, lunches and refreshments.

## Was Ordained Thursday

The Rev. Paul Hoedebeck, O.S.B., was ordained Thursday, June 3, in ceremonies held at St. Andrew's Cathedral in Little Rock Ark., at 9:30. The Most Rev. Albert Fletcher, D.D., bishop of Little Rock officiated. Members of Father Paul's family including his parents, Mr. and Mrs. Fred Hoedebeck of Denison, and relatives from this city attended the rites.

Father Paul is native of this city and will celebrate his first mass in the church in which he was baptized 24 years ago. The family resided here until several years ago when they moved to Tishomingo, Okla., and later to Denison.

## YOUTH BAND WILL PRESENT CONCERT THIS SUNDAY EVE

A benefit band concert, sponsored by the Muenster Youth Band, under the direction of Rev. Richard Eved, instructor, will be presented in the parish hall Sunday evening at 8:53 o'clock. The public is invited to attend.

The Glee Club will also appear on the program offering selections and several vocal solos and duets, along with male quartette selections. Also included are instrumental solos.

A pleasing program has been arranged for an evening of real enjoyment, the director said. The band will appear in new uniforms for this performance. Both popular and classical numbers will be heard.

Nothing gives one person so much advantage over another as to remain cool and unruffled under all circumstances.

## Improving Pastures Is Means Of Increasing Milk, Meat Production

"Sodding steep, eroded or wet land to permanent pasture grasses and otherwise improving pastures are most effective means of increasing the wartime foods of meat and milk." J.W. Hess, community leader of the Muenster priority area said today.  
 "Such use of idle acres has doubled the production of beef and mutton in the south part of the district on the Jack Martin farm as well as providing a safe means of controlling erosion and keeping the land productive year after year," Mr. Hess continued.  
 He explained that from the experiences of farm operators in this priority area, bermuda grass can be soddied by scattering the sod or sprigs with a manure spreader and covering with a breaking-plow; and that buffalo grass can be soddied by opening furrows 6 feet apart on well-prepared land and placing 6-inch-square chunks of the sod 6 feet apart in the furrow, placing soil around the chunks and rolling by running over with empty truck wheels.  
 Interested farmers may obtain further information from the AAA Office, the County Agent, or the Soil Conservation Service at the City Hall, Gainesville.

## Controlling Vegetable Insects

Control of vegetable insects is not as difficult as many persons seem to think, says Albert Briant, county agent.

The ideal strategy is to wage an offensive battle, beginning as soon as the first invaders appear in the garden and never giving them a chance to become established. This battle should continue at intervals of four or five days until the enemy is mopped up.

Insecticides necessary for the job include cryolite and calcium arsenate to control flea beetles, cucumber beetles, cabbage worms and other insects which feed upon the fruit and foliage of the plants; nicotine sulfate or pyrethrin for plant lice, stink bugs, squash bugs and others which suck the juices from the leaves and stems; and paris green to make baits for cut worms, sow bugs and mole crickets.

Generally, it is easier to control garden insects with a duster, but good results also can be obtained with a sprayer if done thoroughly. Information on constructing a simple home made duster from a tin can, broomhandle and cheesecloth may be obtained from the county extension agents.

Plant lice are probably the most common and destructive vegetable pests. They attack almost all crops especially turnips, radishes, mustard, cabbage and other similar plants. They may be controlled by using a five per-cent rotenone-sulphur mixture, or nicotine sulfate, as a spray or dust. Begin as soon as the pests appear and thoroughly cover the lower surface of the leaves. These insects are killed only when actually hit by the insecticide. In addition, destroy stalks as soon as the crop is harvested in order to eliminate breeding places for lice and bugs.

All these poisons can be obtained locally.

## NOTICE TO SOCIETY AND CLUB REPORTERS

This week we were reminded that in last week's story concerning the CYO box supper the names of some of the evening's entertainers were omitted. We failed to mention that musical selections were presented by the Glee Club and by Miss Gladys Wilde and Miss Alma Marie Luke.

We feel sure that these numbers added much to the evening's enjoyment, but had no way of knowing about it since it was not reported.

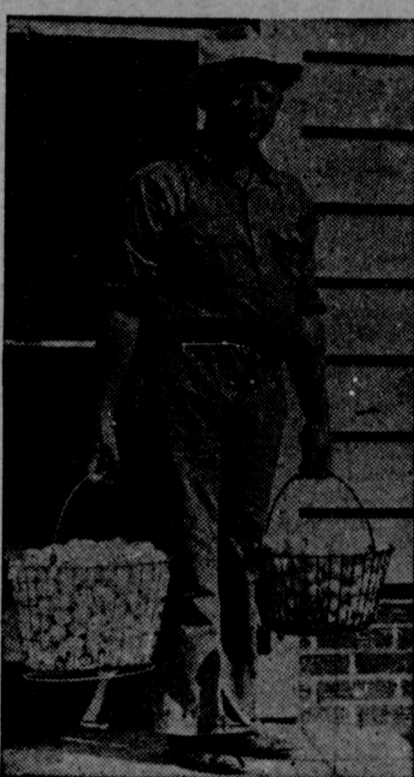

In fact not one of those more than one hundred young people at the affair volunteered any information on the party. The story this newspaper carried was compiled after speaking to some half dozen members who were there and in addition two telephone calls were made before enough information was gathered to write a story at all.

Incidentally, the complaint did not come from the parties whose names were omitted. Societies should have reporters to get the news to the paper, which would mean that the affairs would be given in correctly and at the same time prevent hurt feelings to the persons concerned and embarrassment to the staff of this newspaper.

We are willing and glad to correct honest mistakes at all times but cannot be responsible for omitting parts of stories that were never reported.

What we need now is not only optimism but also hop-to-it-ism. It's just when things seem at their worst that you mustn't quit. There is only one way to be happy and that is to make somebody else so.

## KEEPING RECORDS PAYS

FORREST, ILL.—Sam and Frank Hanegger, whose farm is in the heart of the corn belt near here, find that keeping farm management records pays in more than one way. Last year their flock of 5,000 laying hens, one of the largest in the midwest, produced more than 850,000 quality eggs. Because of their outstanding efforts to improve the quality of flocks on their own and neighbors' farms in Livingston county, the brothers have received the Agriculture Achievement Award consisting of a \$100 war bond, achievement pins and a pennant and scroll from W. G. Skelly, head of an oil company. Above is Sam Hanegger shown carrying part of a day's collection of eggs.

**EVERY DRIVER CAN HELP**

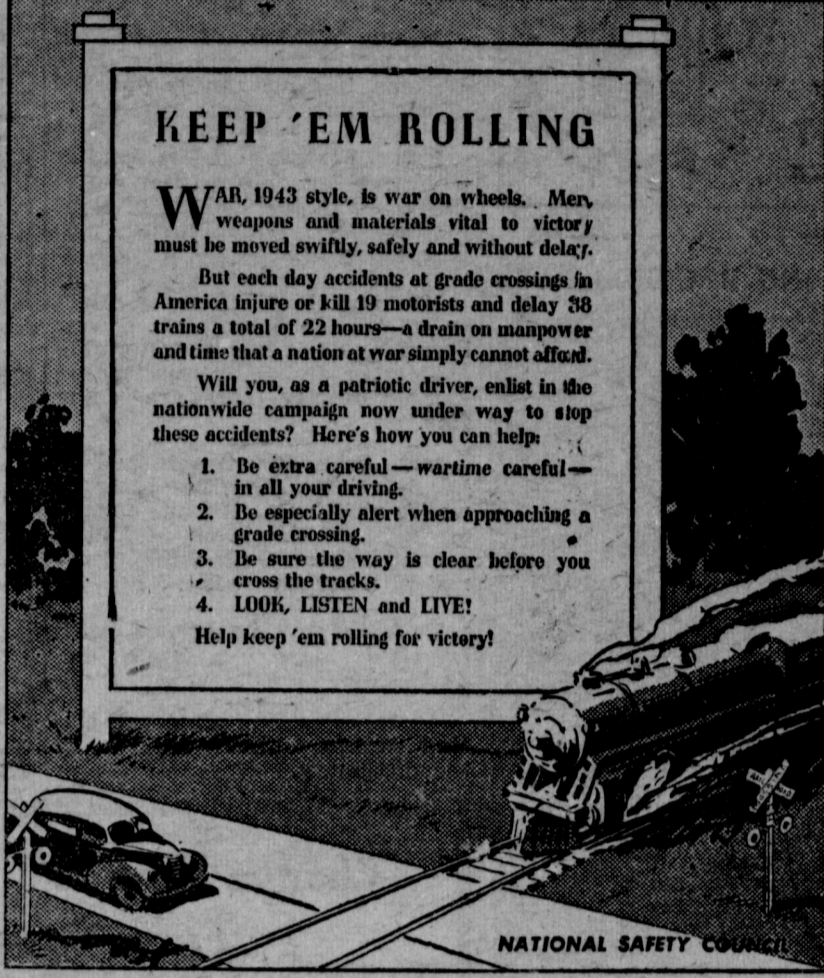

**KEEP 'EM ROLLING**

WAR, 1943 style, is war on wheels. Men, weapons and materials vital to victory must be moved swiftly, safely and without delay.

But each day accidents at grade crossings in America injure or kill 19 motorists and delay 38 trains a total of 22 hours—a drain on manpower and time that a nation at war simply cannot afford.

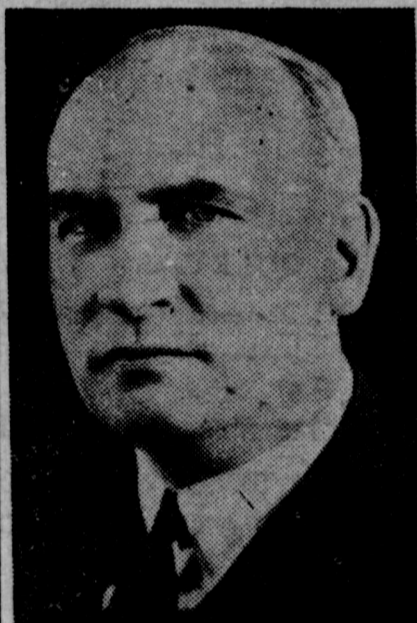

- Will you, as a patriotic driver, enlist in the nationwide campaign now under way to stop these accidents? Here's how you can help:
1. Be extra careful—war-time careful—in all your driving.
  2. Be especially alert when approaching a grade crossing.
  3. Be sure the way is clear before you cross the tracks.
  4. LOOK, LISTEN and LIVE!

Help keep 'em rolling for victory!

NATIONAL SAFETY COUNCIL

**RUBBER DAY**

William O'Neil

Heading a delegation of prominent industrialists, William O'Neil, president of The General Tire & Rubber company, will come to Texas June 28, to take part in the ceremonies planned in connection with the General operated synthetic rubber plant at Baytown.

"Texas from here on in will be a vital factor in the solution of the rubber problem. Texas will be particularly important in the making of tires because Texas produces—under the American Made rubber program—not only rubber but cotton and sulphur, the three most important components in tire manufacture."

O'Neil will be accompanied by L. A. McQueen and T. Spencer Shore, vice presidents of his company and will meet H. Stuart Hotchkiss, chairman of the board, and Warren MacPherson, director, of the General Latex and Chemical Corporation, which company is associated with General in the Baytown plant.

Marjorie Mosser, Dolly Endres, Alma Marie Luke, Johnny Ann Seyler, Gladys Wilde and Veronica Yosten.

**Promoted To Sergeant**

**Confetti---**

(Continued from page 1)

his associates are meeting the shes half way by removing what long has been a thorn in their sides. Doubtless this action will prove another boost to inter-allied good will.

Hitler can't stand that. So he puts up an awful howl. Claims that the order is only another Bolshevik trick. (Imagine Schickelgruber giving friendly advice to the Allies.) What he evidently failed to consider is that we are not especially worried about Stalin's future plans for the party. We have everything to win and nothing to lose. If the order was on the level, so much the better. If not, we're no worse off than before.

Considering that and Russia's service to this country, it is reasonable for us to accept Stalin's word. At the very least we ought to give him the benefit of a doubt. This isn't the time to quibble. A person fighting with thugs does not bother about the reputation of a man who comes to his rescue. He's grateful for the help whether or not he suspects the man will try to swindle him the next day.

Another angle suggests the probability that Stalin was sincere. Hitler's experience doubtless is convincing him that aspirations for world domination are foolhardy — if he ever entertained such ideas. He must realize also that the principles of Communism will be most unattractive to a generation that has bled for independence and liberty. It is doubtful whether even the people of Russia would tolerate the intrigue and violence that once were characteristic of communism
