Tigerettes are champs

When Sacred Heart makes its annual visit to San Antonio for the TCIL AAA State Basketball Championships, an encounter with Incarnate Word Academy of Corpus Christi is usually on the agenda. For the past four seasons the two teams have played in the semifinals or finals. This season was no exception as for the third consecutive year the two powerhouses met for the State Championship on Saturday. The previous two years the Tigerettes have dropped the title game to the powerful Angels but this was the year of the Tigerettes as the Tigerettes defeated the Angels 51-43 to claim the State Championship.

Before the Tigerettes even took the floor for their warm-ups the Sacred Heart crowd was cheering feverishly to inspire the Tigerettes towards the State Championship. The starting line-ups for the Tigerettes were Juline Bartel, Vivki Walterscheid, Lydia Walterscheid, Tammy Hess and Sandra Walterscheid. The Angels started a much taller line-up headed by three towers, Stephanie Smith, Roberta Powers and Cindy Norrell, all 5'11". The guards to take the line for the Angels were Monica Morales and Karen Enders. With the line-ups set both teams were given last minute instructions, it was apparent the Angels wanted to control the boards with their tall line-up. On the Tigerettes bench they felt they had to take the ball to the Angels and neutralize their size by trying

to force the Angels' towers into foul trouble.

With the strategies set the toss was up and controlled by the Angels. The Angels set up their North Carolina passing offense and the Tigerettes moved to their man defense. With only :15 seconds elapsed on the clock Stephanie Smith put up a 20 foot jumper that was off the mark and ripped off the board by Vicki Walterscheid. Lydia Walterscheid after receiving the outlet pass swiftly moved upcourt and spotted Juline Bartel posting low. A quick pass to Juline and the Tigerettes had their first shot off. The shot was off the mark, but the stage was set that both teams wanted to play a 96 foot game. The Angels raced the ball up and Roberts powers hit a 10 foot turnaround jumper to give the Angels the first score...The Tigerettes failed to score on their possession and the Angels immediately scored on a 23 foot jumper to Smith to give the Angels a 4-0 lead. The Angels were playing their in-the-face defense so the Tigerettes tried to post their twin towers Sandra Walterscheid and Vicki Walterscheid down low. On the inbound play Lydia Walterscheid found Sandra Walterscheid open underneath and Sandra executed the game plan to perfection. Sandra took the ball to the basket and forced the Angels to foul. Sandra converted both tosses and put the Tigerettes on the board. Both teams exchanged possessions

without scoring but the Tigerettes Tammy Hess was able to draw two fouls with her outstanding ball handling skills.

The Tigerettes knotted the score at 4 with another inbound play to Sandra Walterscheid who connected on a 10 foot jump hook. The remainder of the period saw the Tigerettes and Angels exchange baskets, with the Tigerettes taking a 10-8 first period lead on a picture perfect fast break from Lydia Walterscheid to Tam-

my Hess. Scorers in the first period for the Tigerettes were Sandra Walterscheid 6, Tammy Hess 2, and Vicki Walterscheid 2.

The second period saw the Angels begin to control the boards as the Tigerettes did take the offense until the Angels converted two free shots by Norrell at the 6:11 mark of the period. The Tigerettes regained the lead as Sandra Walterscheid converted one of two free throws on a foul

Chamber initiates billboard contest

The Muenster Chamber of Commerce is sponsoring a contest for a design to be used on the two billboards welcoming people to Muenster. The billboards are in need of repair and rather than repair them, the Chamber is looking for a new design to represent our community. They want your input, ideas and suggestions. The selected design will be awarded \$100.00.

The rules are as follows: All entries become property of Muenster Chamber of Commerce. All decisions of the Chamber will be final. The Chamber has the right to use all or part of any entry, or reject all entries. Only one prize of \$100.00 will be awarded. Anyone may enter and submit as many ideas as they wish. The final idea

may be reconstructed and/or refined by a commercial artist. The deadline for the contest is March 3, 1986 and the winning entry will be announced at the Chamber luncheon on March 11th.

The winning entry will be used on the billboards near the city limits on highway 82, east and west of town. All entries should be mailed or brought to the Muenster Chamber of Commerce, P.O. Box 479, 115 E. First Street, Muenster, Texas 76252. Come by any weekday between 9-12 and 1-4.

Chamber secretary, Maudine Griffin says, "Now is the time to use your creative talent to welcome people to our community and to show them what a great place we have here."

Forestburg trustee election set April 5

The Forestburg ISD is now taking applications for the 1986 Trustee Election to be held April 5, 1986. Due to the resignation of three Board members with unexpired terms, the filing information that the applicant supplied must specifically state the term in number of years that the candidate is seeking.

There will be three positions on the Forestburg ISD Trustee ballot. Candidates must designate which position and term they are seeking.

Position 1 - Two places for full term - 3 years

Position 2 - One place for 2 year unexpired term

Position 3 - Two places for 1 year unexpired term

All applications must be filed with the Secretary of the School Board of Trustees and be received by the deadline or placed in the post office box by a postal employee by the deadline. Postmark by this deadline is not sufficient. Applications may be picked up at the Forestburg School Administration office, Monday through Friday, 8:00 a.m. to 4:00 p.m. The deadline for filing the application is March 5, 1986 at midnight.

Public Schools Week set for March 3 - 7

Texas public schools week is coming March 3-7, 1986 and Muenster School District students are among three million young Texans participating in activities to demonstrate what they're learning. In conjunction with the Texas Sesquicentennial, school districts will be utilizing the theme "Celebrate Texas Education."

"Naturally, taxpayers and parents are always welcome in our schools," Superintendent Charles Coffey said, "but during Public School Week, we're issuing special invitations to parents and the community to visit classrooms any day to see the many things happening in our district." Parents or grandparents are invited to eat with the students in the school

cafeteria on Wednesday, March 5, 1986. To assist the cafeteria staff, parents are asked to have their child notify teachers during first hour lunch count of their parents' or grandparents' visit for lunch and pay for their guests meal at that time.

A district-wide open house on Tuesday evening March 4, 1986, from seven to nine o'clock will provide those in attendance with an opportunity to tour classrooms to review students work displayed. Visitors are invited to enjoy refreshments in the high school home economics department with their friends, and to observe the many arts and crafts projects of students which will be exhibited in

the gymnasium. Superintendent Coffey stated, "Our staff and I look forward to the annual open house as an opportunity to share the students' accomplishments with the hundreds of patrons who make it possible for Muenster to have a good school system."

Texas Public Schools Week was begun by the Masonic Lodges of Texas to recognize the contributions made by the state's free system of education. It was planned to coincide with or to follow the anniversary of Texas Independence on March 2.

"We ask that everyone in the community make plans now to attend at least one event in our school during that week," said Coffey.

Schools join 'Clean Sweep'

by Elaine Schad

Both Sacred Heart and Muenster Public Schools will be supporting the citywide effort to increase public awareness concerning the problem of litter with their own programs of participation in the coming months.

Both schools plan to implement a "Waste In Place" curriculum in grades kindergarten through sixth grade. The curriculum has been developed by the Keep Texas Beautiful organization and discusses behavioral aspects of solid waste management, vocabulary concerning waste, noting which kinds of waste are organic or inorganic, and how waste can be either beneficial or harmful to the environment.

"Hopefully, we will educate the students about the problems litter creates and get them not to litter; it's not just as simple as throwing something out a window and having someone else pick it up," Eddie Griffin, Muenster High School principal said.

Griffin said he hopes to continue the curriculum in future years to develop a greater awareness among the students. He noted the greatest offenders where litter is concerned is the 18 to 25 age group. "If we get to those

people who will reach that age group within the next 10 years, maybe they won't litter," he said.

Griffin said he is presently working with school personnel to develop both an essay and poster contest in the upper grades within the coming months.

Sister Cabrini also plans to implement the kindergarten through six curriculum as well as essay contests for grades six through 12 and a poster contest for grades kindergarten through five. "We plan to work with the children in keeping our community clean," she said.

Sister Cabrini said the school

also plans to continue its very successful recycling operations which has not only kept the community cleaner and recycled paper and aluminum thereby conserving resources, but the parish and school as a whole has gained through the use of funds acquired by the program.

She said the school has just purchased a school and parish van for short bus routes, field trips and for various activities with money collected in the recycling program. "It's been a real good source of income for us," Sister Cabrini said. The entire community has enlisted in the effort over the years with many people donating their cans and newspapers. The school is reimbursed seven cents a pound for handling. Wilfred Bindel and Carol Grewing have been in charge of the Saturday morning operations with helpers from the Home and School Association.

The totals collected this year from the school's recycling efforts will be included in the city's efforts to win the landscaping funds.

Dennis Hess files for place 2 on board

Dennis Hess has filed for reelection to place 2 on the MISD board of trustees. He has served the past three years as board secretary.

Dennis and his wife Kathy are the parents of three children. He is a graduate of North Texas State University and owns and operates Hess Furniture Company.

Concerning his desire to serve on the board another three years, Hess said, "Our children are our most precious resource. I'm committed to giving them the very best education we can. At the same time we must maintain a reasonable budget, and with decreasing oil values our school district will have to keep a watchful eye on expenses."

Good News!

Stop worrying, then, over questions like 'What are we to eat, or what are we to drink, or what are we to wear?' The unbelievers are always running after these things. Your Heavenly Father knows all that you need. Seek first his kingship over you, his way of holiness, and all these things will be given you besides. Enough, then, of worrying about tomorrow. Let tomorrow take care of itself. Today has troubles enough of its own.

Letter to the Editor

February 17, 1986

Dear Editor:

I appreciate the front page coverage on the February 14, 1986, edition of the **Muenster Enterprise** concerning my announcement for re-election. I fear that a mistake was made in the press release, however, because it appears that the press release designed for Wise County was erroneously published. I would like to assure the voters of Cooke County that, in addition to working diligently in Parker and Wise County, I have also traveled over 2,000 miles to visit, listen to and talk with the citizens about issues of local concern in Cooke County. I have appeared, spoken and conducted public forums in twenty-five separate locations through

Cooke County. I have written fourteen newspaper articles dealing with my position and voting record on such issues as parimutuel gambling, child abuse and the Texas Prison System. I am particularly proud of my role in defending the budget of Cooke County College as well as my efforts to assist a Gainesville business in its efforts to work out permitting problems with the Texas Air Control Board. As far as I know I am the first non-resident Representative to open and maintain a legislative office in Cooke County.

I apologize to you and the Muenster area readership for the error. I appreciate the support I have received in Muenster and Cooke County.

Sincerely,
Richard F. Williamson
State Representative
District 63

To the Editor:

This week, Feb. 15 through Feb. 21 is National FFA Week. Most FFA chapters nationwide are conducting activities during the week to bring attention to the public, the importance and benefits from instruction through vocational agriculture and the FFA. One notable activity will be the District I FFA awards banquet involving all the schools in Wise, Cooke and Montague Counties in Gainesville, Monday.

To most everyone with the exception of school administrators, school board members, vocational agriculture teachers and those in close contact with the V.A. - FFA program would surmise that the programs are continuing with no appreciable change. They see boys and girls in their blue and gold jackets working with and exhibiting their livestock projects, participating in local, district and area meetings, leadership activities and judging contests. Business as usual is the result of the dedication and extra hours of work by teachers, parents and members. H.B. 72 deleted the ten jobs of the area consultants for all other vocational programs. This broke the link in the chain connecting the local chapters with the area, state and national level. At the last legislative session, an attempt was made by the supporters of VA-FFA to reinstate these positions. A rider was attached to a senate bill on education reinstating these jobs. An attempt to do the same in the house was unsuccessful. Going into the conference committee, seven of the ten members favored keeping the positions. However, through parliamentary antics by Lt. Gov. Hobby and Speaker of the House Lewis, this and all other changes in H.B. 72 including changes in the "No Pass - No Play Rule" and vocational financing were stonewalled. Governor White gave token support for keeping the jobs but his weak leadership had little effect on the final outcome.

Area V FFA and its activities continue to exist through the work of committees of vocational agriculture teachers performing the duties of a consultant at night or on weekends. Former consultant, James Roden, now manager of the Denton County Fair has been hired to handle membership dues, rosters and other financial duties.

Another major problem facing vocational programs in the public schools is the matter of financing. The problem is not lack of funds. The Legislature budgeted over \$45 million more for 1985-86 than the previous year. The problem resides in the manner in which the funds are distributed. Prior to H.B. 72, programs were allocated on a unit basis and each local

school had to provide local funds equal to the percentage not paid for by the state for the total educational program. This being as low as 10 percent for some schools to 100 percent for budget-balanced schools. Presently funds are allocated according to contact-hour by the teacher with the students in the classroom, giving a less portion to schools with fewer than sixty-five students in each vocational program. Also the hours that production agriculture teachers spend with students working with projects, leadership and judging activities are not considered contact hours. Pre-employment and co-op programs were granted larger factors and more money although they spend no more and sometimes less time with the students than do production agriculture teachers. This scenario has placed a tremendous financial burden on the small schools of Texas. Many have had to cut their teachers back to ten and eleven month contracts and sixty-five units were dropped statewide in 1985-86. **FARMING IS NOT A TEN MONTH OCCUPATION AND NEITHER IS VOCATIONAL AGRICULTURE!**

It is the desire of Commissioner of Education Kirby and many members of the UNTOUCHABLE State Board of Education (Untouchable until they have to face the public for an election) to do away with all vocational programs from the public schools. With the present state financial woes, we may see some elephant ears on representatives from the larger urban areas when mention is made of the money that can be saved by cutting out all vocational programs.

Now is the time for voters to stand up and be counted if they believe in and support vocational programs. An effort is being made in every school with a vocational agriculture program in Texas to rally support for the program. Your vocational agriculture teacher and a supporter who leads a group called "Friends of Vocational Agriculture" are looking for supporters who are willing to help with letters, calls and donations. Please contact them! Candidates for the Texas House of Representatives and Senate will be making appearances in almost city during the present election campaign. Find out if they support our program! Find out if they tell you one thing and then vote for another! Give us your help and we will continue and improve the vocational programs of Texas.

Sincerely,
Charles Edwards, Teacher

SMALL BUSINESS ANGLE

by John Sloan

SBA: ON THE ROPES AGAIN

Over the last few years, the President's annual budget message has done little for morale in the Small Business Administration. As surely as night follows the day, so too does a call to kill the SBA follow presidential acknowledgement of an incredibly large deficit and the need for fiscal belt-tightening.

The SBA and its defenders can argue with some justice that its belt is already pretty snug. Even in its heyday, the agency's annual appropriations barely topped the billion dollar mark — mere pin money to Washington budgeters. In 1981, the agency was dropped from even this relatively low height by a 27 percent funding cut.

And, the budget reconciliation bill for Fiscal Year 1986 provides for additional cuts of 60 percent.

One might suspect that, with the FY '86 reconciliation bill in place, the SBA's fiscal belt would be snug enough to satisfy its detractors. But some opponents of the agency are resolved to settle for nothing less than its total dismantlement.

The nation's largest organization of independent-business owners, the National Federation of Independent Business, has long been a critic of SBA programming and called for lower government spending. But the NFIB pulls up short of joining calls to kill the agency.

Instead, the NFIB has offered its own plan to reform the agency. As a first step, the NFIB plan calls on Congress to pass the FY '86 reconciliation bill, which includes many of the SBA reforms proposed last year by NFIB. This bill would save \$2.5 billion dollars over the next three years, largely by paring back direct lending activities, increasing the fee charged for SBA loan guarantees and putting investment companies and other economic development programs of the SBA on a pay-as-you-go footing. For FY '87, NFIB proposes savings of an additional \$700 million dollars in just two years. These extra savings would come primarily by proceeding further along the trails blazed by the reconciliation bill:

- wiping out the few remaining direct loan programs (savings: \$150 million);
- moving all investment companies and community development programs to private funding sources (savings: \$300 million);
- turning the loan-guarantee program into a self-financed program, much like Fannie Mae (savings: \$200 million).

A key element of the NFIB proposal is the elevation of the SBA administrator to cabinet-level status. Though it would cost the Treasury nothing, such a change could assure small-business owners that their concerns would be heard loud and clear at the highest levels of government.

The most direct — and simplistic — route to lower federal spending is to "zero out" an entire agency. Unfortunately, this ham-fisted approach kills the good programs with the bad. Responsible budgeting requires a close look at each program's necessity, cost-effectiveness and potential for improvement.

Killing the SBA with a single flick of the accountant's wrist may seem a stroke of boldness. But killing off the good with the bad is intellectually lazy, economically harmful and politically naive.

Entries are now being accepted for the 1986 edition of Cooke County College's annual "Creative Writing Awards" competition. Dr. Ona Wright of CCC announced this week.

Dr. Wright, contest coordinator and director of CCC's Division of Communications and Fine Arts, said the competition has become one of the most popular of its kind in the northern Texas area — probably because it is open to aspiring writers of widely varying ages and backgrounds.

"Next to having a piece of writing accepted for publication," she added, "having one's work cited for special merit in a contest such as this can be the greatest motivator and confidence builder for any writer regardless of age. It also has great value as a learning experience which helps all contestants, whether they win a prize or not, to further develop and 'fine tune' their writing skills."

Originally begun more than 20 years ago as a contest open only to Cooke County College students, the CCC Creative Writing Awards competition has expanded steadily and now features both student and non-student divisions.

There are, in fact, four different divisions of competition — the Jerry Simpson Memorial Division for middle school students, the High School Division, the Layuna Hicks Memorial Division for CCC students enrolled either full-time or part-time during fall or spring 1985-86 and the CCC Open Division for the general public.

"The open division has become especially popular in recent years," Dr. Wright said, "with entries being received not only from the surrounding area but from all over Texas and several other states."

"It should be understood, however, that this competition is designed to provide recognition and encouragement to amateur writers, and professionals are excluded from eligibility."

Each division of competition features both short story and poetry categories, and participants are allowed one entry in either or both categories. In all divisions, poems are not to exceed 100 lines, and short stories must be kept to a maximum of 5,000 words. Contest officials also ask that "good taste" be used in regard to both language and subject matter.

Detailed information packets giving format guidelines and other requirements for submitting entries may be requested from Dr. Ona Wright, Division of Communications & Fine Arts, Cooke County College, P.O. Box 815, Gainesville, Tx 76240.

This is also the address to which entries should be submitted by mail — well enough in advance to arrive prior to the deadline of noon on April 2, 1986. Entries also may be submitted in person in Room 116 on the CCC campus.

Judges for this year's competition are Ruth Holman Wolfson, successful free-lance feature writer, former English professor and professional journalist and Dr. Neil Duncan, author and professor of English at Texas Wesleyan College.

First place winners in both categories of each division will be awarded cash prizes of \$30, and second and third place winners will receive either cash awards or certificates of merit. Prize-winning entries also will be published as space permits in the "April Perennial," CCC's annual literary magazine.

Winning entrants will be formally recognized in special awards day ceremonies at CCC on April 23. Featured speaker for the affair will be Linda Shaw.

Shaw, a CCC alumna and former creative writing contest winner, has published more than a dozen novels — so far translated into six languages. She currently has some two and a half million copies of her books in print worldwide.

"Her latest book, due for publication later this year, is a historical novel set in Texas," said Dr. Wright. "It is titled 'Prior Claim' and should be of particular interest during this Sesquicentennial year."

The April 23 ceremonies will take place in the CCC Little Theater located in the Student Center on campus and will begin at 9:30 a.m.

"It's very important that everyone planning to participate in the competition not forget our entry deadline on April 2," Dr. Wright stressed. "Those needing information packets should request as soon as possible."

Persons wishing to obtain additional information also may call Dr. Wright at 817-668-7731 or Metro 430-0352, Ext. 279.

In preparation for Easter The Way of the Cross

Pontius Pilate's verdict was pronounced under pressure from the priests and the crowd. "Crucify him! Crucify him!" Pilate thought he could dissociate himself from the sentence by washing his hands....

(JN 19, 6)

The execution, the implementation of the sentence, is beginning. Christ draws near to the cross, his body atrociously bruised and lacerated, blood trickling down his face from his head crowned with thorns. Ecce homo!

(JN 19, 5)

III

Jesus falls under the weight of the cross. He falls to the ground. "Do you think that I cannot pray to my Father, who would at once send me more than twelve legions of angels?" But he does not ask for that.

To be continued.

MFM suffers increased losses

Members of the Muenster Farm Mutual Fire Insurance Association heard two bad reports at their annual meeting. Ed Endres, secretary, told the delegates that their total losses had increased during the past year, and their membership and total number of policies had decreased.

Losses added to \$280,818.71, as compared with \$173,112.95 for

the year 1984. Meanwhile membership dropped from 1222 with 1473 policies to 1166 with 1422 policies. Assets increased from \$990,823 to \$1,099,063.

Membership of the mutual was reported at 1166 in six districts as follows: Muenster 368; Lindsay, 204; Henrietta, 61; Electra, 87; Windthorst, 317; and Valley View, 120. Their coverage is \$50,501,474 in rural insurance and

\$5,656,564 in city insurance for a total of \$56,158,038, an increase of \$2,642,705. With \$28,896,960 covered by co-insurance, the mutual's net insurance in force is \$27,161,078.

Delegates representing these districts voted to use moisture cloth for testing hay and decline to insure hay testing over 16 percent. Also they limited minimum claims to \$500. They continued the regular assessments at 44 cents per \$100 of insured value and the rate on mobile homes and rent houses at 86 cents per \$100 of value.

Their election continued all officers as follows: Dale Klement, president, Al Walter, vice-president, Ed Endres, secretary;

Victor Hartman, treasurer. Other district representatives were also re-elected as follows: Eddie Fleitman of Muenster; Charlie Neu of Lindsay; Lawrence Hassenpflug of Valley View; Adolph Vietenheimer of Windthorst and A.J. Mengwasser of Electra.

Delegates present were: Al Walter, Leo Becker, Joe Knauf, Tony Wimmer, Andrew Wimmer, Joe Hess, Frank Bayer, Lawrence Hassenpflug, Henry Spaeth, Pat Fisher, Ben Fleitman Jr., Norbert Klement, Freddie Neu, Kenneth Zwings, Charles Neu, Eddie Fleitman, Leo Sicking, Gilbert Hess, J.H. Bayer, Wilfred Reiter, M.B. Bayer, Dale Klement and Ed Endres.

DPS taking application for State Troopers

The Texas Department of Public Safety is in the process of taking applications for the position of state trooper. A recruit school will be held at the Department of Public Safety Training Academy in Austin beginning June 10, 1986. The school will be eighteen weeks in length and include approximately 860 hours of training including the areas of traffic law, criminal law, as well as training in self defense and firearms training. Upon graduating, the recruit will receive a basic certificate in law enforcement from the Texas Commission of Law Enforcement Officers Standards and Education.

Persons interested should be

between the ages of 20 and 35 with at least 60 hours of college credit, or two years law enforcement or military experience. Applicants should be of good moral character, in excellent physical condition with weight proportionate to height. Visual acuity should be no worse than 20/200 correctable to 20/30. Applicants should be United States citizens and hold a current Texas Drivers license.

Applications will be taken through March 24, 1986. 125 applicants will be selected as recruits for the training academy. For further details, contact your nearest highway patrol or driver's license office.

Ferber takes manager's job in Acton

Richard Ferber, industrial waste and water supervisor at the AMPI plant from 1978 to 1981, also former president and manager of the Muenster Chamber of Commerce, and 1980 chairman of Germanfest, has been appointed the Acton Utility District manager, effective March 3.

He along with three other candidates was interviewed on Feb. 1, and he accepted the job offer on that date. He becomes the fifth AMUD manager since the job was created in 1982. He regards the move a major advancement considering that Trophy Club MUD No.1, his present assignment, has

about 1100 water connections and AMUD has near 2500.

Trophy Club is at Roanoke. As No. 1 district manager, Ferber is in charge of administering services of water, wastewater, and fire protection in three districts. He also has charge of financial accounting in all entities as well as budgeting and collecting.

Ferber, 56, graduated from high school and college in Minnesota. He was lab technician for the city of Rochester more than 23 years.

He and his wife Daryl, came to Muenster in 1978 to take charge of the AMPI water department. He accepted a similar position with the Colony MUD in 1981 and became The Trophy Club MUD manager in 1983.

He and Daryl will live in Hood County.

Windthorst sausage feast is March 2

Windthorst sends out its annual invitation to attend the traditional sausage meal on Sunday, March 2, featuring homemade sausage, spare ribs, sauerkraut with all the trimmings. Serving will be from 11 a.m. to 3 p.m. in St. Mary's Parish Hall. Sponsors are the 4th Degree Knights of Columbus and the Windthorst Volunteer Fire Dept., assisted by wives of members and many residents of Windthorst.

Profits will be divided by the two organizations. Prices for the "All You Can Eat" meal are adults \$5.00 and children 12 and under \$3.00. Uncooked sausage will be available all day long and home baked foods will be sold by the Windthorst Catholic Daughters of America.

Consumer Update No. 1

WE'RE GENERATING NEW IDEAS TO HELP KEEP YOUR ELECTRIC RATES DOWN.

We're using innovative resources to meet your energy needs. Historically, when long-range growth projections showed we would need more electric generating capacity, we built new power plants. Even though we know we'll need new plants in the future to meet our electrical needs, rising construction and financing costs mean we must plan carefully to keep costs down. So, we are also seeking other ways to meet our commitment to keep your electric rates reasonable.

By using low-cost solutions to meet future needs, we've held the line on the cost of your electricity, while delivering an adequate, reliable supply of that power. Take our Energy Action Program, for example. It offers you, our customers, the chance to earn valuable rebates when you install energy-efficient equipment in your homes or buildings. In the long run, paying you to be more energy-efficient will be less expensive for us. With a reduced demand on our system, it could delay or even eliminate the need to build as many new power plants.

At Texas Utilities Electric Company, bringing you the right amount of electricity at the right price is our commitment to you. And it's how we aim to keep the people, the businesses and the jobs coming to our part of Texas.

Wolf, Worton are married

Sherrí Renae Wolf of Muenster and James (Jim) M. Worton, Jr. of Gainesville were united in marriage in a double ring ceremony on Feb. 8 at 4 p.m. in the Veterans of Foreign Wars Hall in Muenster.

Officiating was Justice of the Peace Bill Freeman.

The bride is the daughter of Charles J. and Mary Louise Wolf of Muenster and the groom is the son of James and Mildred Worton, Sr. of Thackerville, Okla.

The bride was given in marriage by her father. She was wearing a formal white lace bridal gown designed with modified Queen Anne neckline, fitted empire bodice accented with simulated pearls and sequins. Long fitted lace sleeves were tapered at the wrist. Lace trim on the front of the skirt created a panel effect and lace flounced the hemline. In the back, deep lace flounces fell from the waistline to extend into a chapel length train. Her Juliet cap continued the lace theme and held the fingertip length veil. Both were sprinkled with pearls and lace motifs.

For "something old" she carried a handkerchief that belonged to her late Grandmother Wolf; and "borrowed" a pearl necklace from her mother. A gold cross wedding necklace belonging to her sister, Sandy Hennigan, was entwined in her bouquet. The gold cross was a gift from their late uncle, T.J. Russell, who sent it from Korea.

Her bridal bouquet held lavender and purple roses and buds, white valley lilies, baby smile gypsophila, white stephanotis, and white baby's breath.

Donna Wolf, niece of the bride was maid of honor, wearing a violet, floor-length dress of silk organza over taffeta, with ruffled

neckline, and ruffled overskirt trimmed with dainty satin ribbon bows. She carried a long stem clutch bouquet of lavender and purple roses.

Wesley Reed of Thackerville, nephew of the groom was best man. Kevin Wolf, bride's nephew of Muenster and William Reed, groom's nephew of Thackerville were ushers. Candlelighters were James Hennigan of Muenster and Robert Fuller of Nocona, nephews of the bride.

Mark Hennigan, nephew of the bride provided music for the wedding. Selections included "Surround Me With Love", "Time In A Bottle", "Can't Help Falling In Love", "The Wedding Song", "You Light Up My Life", "The Rose" and "Colour My World."

Sandy Hennigan, bride's sister and Vickie Reed, groom's sister pinned flowers for the wedding party.

Decorations for the ceremony included an archway and candelabra, purple and lavender bows and wedding bells.

A reception followed immediately. A butterfly theme was used in decorations. Barbie Walterscheid and Tami Fanning registered one hundred guests in the bride's book, who came from Nocona, Saint Jo, Gainesville, Commerce and Thackerville. The guest registry also displayed the bridal portrait and the couple's invitation with crochet by the bride's sister, Hope Fuller.

The three-tiered wedding cake and the groom's cake were made by Theresa Beane of Gainesville. Hope Fuller, bride's sister, cut the cake and Tabitha Moore and Amy Fuller, bride's nieces and Sheree Hamilton, groom's niece served cake. Janeth Reed and Teresa Prather, groom's sisters served punch.

The bride's table was decorated with candles and umbrellas and a lovely background had a purple panel effect with butterflies and purple streamers lettered with the bride and groom's names.

The couple will delay their wedding trip until summer and will travel to Arkansas, Memphis, Tenn. and Nashville, Tenn. The bride is a graduate of Muenster High School and attended Cooke County College. She is employed by The Dairy Inn in Muenster.

The Groom is a graduate of Gainesville High School and is employed by Tyler and Simpson of Gainesville.

A shower on Jan. 19 honored the bride-elect, and was hosted by Barbie Walterscheid, Tami Fanning and Donna Wolf.

Joe J. and Ida Neu celebrate sixtieth

Mr. and Mrs. Joe J. Neu celebrated their 60th wedding anniversary on Saturday, Feb. 16, 1986.

Joe J. Neu, son of the late Joseph F. Neu and Elizabeth Neu was born in and lived all his life in Lindsay except five years in Gainesville after his marriage.

Ida S. Flusche, daughter of the late Joseph and Mary Flusche, was born near Pilot Point and at the age of three moved to Muenster with her family. She is one of twelve children.

Joe J. Neu and Ida Flusche were married in Sacred Heart Church in Muenster on Feb. 15, 1986 and Father Frowin Koerdert O.S.B. celebrated the Nuptial Mass. Attendees at the wedding were his sister, Catherine (Neu) Hermes and her brother, Lawrence Flusche. Mrs. Catherine Hermes was present for the celebration, but Lawrence and his wife, Anna Mae Flusche of Decatur were unable to attend.

A catered dinner was served at 11:30 a.m. followed by a celebrated Mass in St. Peter's Church by Msgr. Hubert Neu of Arlington's Most Blessed Sacrament Church and son of the honorees, assisted by Father Cletus Post.

Eucharistic ministers were a brother and sister-in-law, Al and Leona Flusche of Decatur and a niece, Clara Hermes. A granddaughter-in-law, Mrs. Ben (Tina) Bindel gave the scripture readings.

After Mass an open house was held in St. Peter's Parish Hall for relatives and friends. Grandchildren assisted in serving punch, cake and cookies.

The anniversary cake was a Betty Rose Walterscheid creation, cut by Ida Mae Bindel, assisted by Gretchen and John Hoening. Leslie Neu served drinks and Marilyn Sandmann and Joyce Bengfort

served punch. Picture taking and visiting highlighted the afternoon. Out-of-town relatives came from Arlington, Dallas, Watauga, Decatur Texas and Lindsay, Oklahoma to join Cooke County relatives and friends.

Hosts for the party were five children of the honorees, Msgr. Hubert Neu of Arlington, Ida Mae, (Mrs. Wilfred Bindel) of Muenster, Charles Neu of Lindsay, Ann, (Mrs. James Bayer) of Gainesville and Cecilia (Mrs. Raymond Hoenig) of Lindsay. There are 23 grandchildren and 14 great-grandchildren.

Joe J. Neu has farmed all his life, and raised cattle, sheep and chickens. Ida Neu is a homemaker, and her hobbies are quilting, cooking and crocheting. Now retired, both enjoy having visitors, going visiting and playing dominoes.

Extension Service presents sewing program

By Evelyn Yeatts

Sew a Simple Skirt and Sew a Simple Shirt will be the topic for a demonstration and program on Thursday, February 27.

A morning program will begin at 9:30 with the same program repeated at 7 p.m. The programs being sponsored by the Texas Agricultural Extension Service Home Economics Committee will both be held at the Texas Power and Light Company Meeting Room in Gainesville.

The clothing programs will be given by Mrs. Evelyn Yeatts, County Extension Agent and Mrs. Phyllis Aston, owner of the Sewing Center.

A popular fashion today is a simple skirt even made without a

zipper. Home sewing fashionable was never easier than it is today. The program will feature: waist-band applications, skirts with or without a pattern, how much fabric to buy for those big fashion designs, interfacing, cuffs, shoulderpads and more.

The program is designed for those who are beginners in the home sewing field as well as for those who have not sewn in a while. Much money can be saved by Sewing a Simple Skirt and Shirt.

Interested participants are asked to pre-register by calling the County Extension Office at 668-5412.

Boyd B. Sisson dies in Gainesville

Boyd B. Sisson, 86, died in Gainesville Memorial Hospital on Feb. 15. Funeral services were held on Tuesday at 11 a.m. at the The First Baptist Church with Rev. Bennie Slack officiating. Geo. J. Carroll and Son Funeral Home directed interment in Fairview Cemetery.

Boyd B. Sisson was born in Bailey, Tx. on Sept. 11, 1899. He was married to Lorene Clements on Nov. 18, 1922 and they came to Gainesville in 1926. He was employed by Schad and Pulte from August of that year until his retirement on Aug. 1, 1984. A deacon of the First Baptist Church since his ordination in 1930, he was the present Senior Deacon on the Board. He was also a life member of the Gainesville A.F. and A.M. Lodge 210. Mr. Sisson was well-known in the entire area.

Survivors include a son, Buddy Sisson of Gainesville, a daughter-in-law, Mrs. Luther Boyd Sisson of Annapolis, Maryland, four grandchildren, three great-grandchildren and several nieces and nephews.

Preceding Boyd B. Sisson in death were his wife in 1976 and a son, Capt. Luther B. Sisson USN in 1983.

Sacred Heart seniors Tammy Hess and Sandra Walterscheid were selected to the class AAA ALL-Tournament Team. The selection committee tabbed Hess and Walterscheid along with Roberta Powers of the AAA runner-up Incarnate Word Angels, Lori Medvitz of Beaumont Kelly and Rebecca Putska of Saint Paul.

"If I had a vote I would have voted for all thirteen of my girls and all the Sacred Heart fans," said Coach Jon. "Sandra and Tammy are very deserving of the honor and they are a reflection of the hard work put in by all team members. As for our fans they stuck with us through the slump and never lost hope, they also have my vote." For Sandra this was her third All-Tournament award and for Tammy the teams leading scorer during the tournament her first.

Tigerettes beat St. Paul, advance to finals

February 14, 1986 Valentines Day turned out to be Sacred Heart Day as the Tigerettes rolled the Saint Paul Cardinals 46-30 to advance to the AAA State Championship game.

The Tigerettes exploded for sixteen first period points (behind Tammy Hess' 10) to remind Saint Paul this is Sacred Heart Day. Continuing to play outstanding defense the Tigerettes shut out the Cardinals in the first frame. Besides Hess' 10, Sandra Walterscheid, Vicki Walterscheid, and Juline Bartel all had two.

The second frame was more of the same as the Tigerettes raised the lead to twenty 24-4 and took a 28-9 lead into the locker room. Vicki Walterscheid and Tammy Hess each had four, Lydia Walterscheid and Juline Bartel each popped two.

In the second half the Lady Birds closed the gap to sixteen but the Tigerettes played even in the fourth frame to gain a sixteen point victory and the chance to capture the State D Championship. Scorers for the Tigerettes were Tammy Hess 20, Vicki and Sandra Walterscheid 8 each, Juline Bartel 4, Lydia Walterscheid and Molly Koelzer 2 a piece. Other players for the Tigerettes were Julie Rohmer, Vickie Schmitt, Noelle Hesse, Michelle Walter, Jennifer Fuhrmann, Janel Flusche, and Wendy Yosten.

"We had a film on the Lady Cardinals and pretty much knew what they were going to do. Our game plan was very concise and the girls executed it to perfection," Coach Jon said.

by Powers. Norrell retaliated for the Angels with a score off a rebound. Tammy Hess moved quickly upcourt and lost control of the ball and the alert Vicki Walterscheid jumped for the ball and was accidentally stepped on. Vicki received a cut to the chin and was forced to leave for the remainder of the half. The speedy Molly Koelzer entered the game to replace Vicki and made her presence known immediately with a steal and two defense rebounds. The Angels ended the half with baskets by Smith and Norrell while the Tigerettes received 5 from Sandra, 2 a piece from Tammy and Lydia and one from Vicki.

With the Tigerettes trailing 23-20 at intermission the mood in the locker room was very calm and positive. Even through trailing by three the Tigerettes were executing their game plan of taking the ball to the Angels. The Angels four post players all had two fouls so the next foul would neutralize the inside game. The Tigerettes were instructed to continue with their half-court press, even though to many it seemed the press was not working, as it was causing the Angels to rely on Morales and to force them into an outside game. The Tigerettes selected to play a 2-3 defense in the second half with Lydia Walterscheid and Tammy Hess to cover the entire perimeter leaving the Tigerette forwards in the rebound position.

The Angels were in possession of the ball to open the second half and immediately got the ball inside to Powers whose 10 foot turnaround was off the mark and snared by Sandra Walterscheid. Sandra pushed the ball upcourt and found her twin tower Vicki Walterscheid posted low. Upon receiving an excellent pass from Sandra, Vicki rolled to her right and scored on a semi-hook to pull the Tigerettes to within one, 23-22. Smith returned the favor as she posted up Vicki low for two. The Tigerettes Sandra Walterscheid moved inside for the score but was fouled by Smith. The foul on Smith was her third and forced her to ride the pine. On the ensuing inbound play Lydia Walterscheid faked right and passed left to a wide open Tammy Hess who rolled off a screen set by Sandra Walterscheid. Tammy laced the ball in to pull the Tigerettes within one. The Angels committed a turnover and the Tigerettes ran the same inbound play and again Hess responded with a score that moved the Tigerettes in front. With the crowd shouting DEFENSE-DEFENSE the Tigerettes responded and forced the Angels out of their offense while the Big Red offense was on the move. Eight points by Tammy Hess, four by Vicki Walterscheid, one by Juline Bartel and two by Sandra Walterscheid pushed the Tigerettes out to a 35-30 third period lead.

To open the final period the Angels were in possession which was just fine for the defense oriented Tigerettes. Playing hard-nosed defense Lydia Walterscheid stole the ball and hit Tammy Hess on a break, Tammy pulled up to the top of the key and canned a 20 footer to give the Tigerettes a 7 point lead with 6:43 remaining. Greta penetrated the Tigerette defense for two to close the gap to five. Hess raced down the sideline and was fouled sending the Tigerettes into the bonus. Tammy canned two and the lead fluctuated between four and nine for the remainder of the contest. Ten points for Hess in the period paved the way for the Tigerettes. Four

of Tammy's points came off of steals. With 2:10 remaining the Tigerettes were up by nine, but Morales cut their lead to seven on an 18 foot jumper. A turnover by the Tigerettes resulted in two more for the Angels and only a five point lead with 1:33 remaining. Sandra Walterscheid was fouled and converted one of two to raise the lead to six but Smith hit for two more to cut the Tigerette lead to four. Tammy Hess again driving down the sideline was fouled with :55 seconds remaining. Tammy calmly sank two and the Tigerettes were back in control 49-43. The Angels raced upcourt only to find the stubborn Tigerette defense waiting. Attempts by Smith and Morales were off the mark and Sandra Walterscheid skyed to pull down the rebound with nine seconds remaining. Sandra was fouled and walked to the charity stripe to sink two more and to mark the final score of the Tigerettes Championship Season.

Scorers for the Tigerettes were Tammy Hess 22, Sandra Walterscheid 16 and 15 rebounds, Vicki Walterscheid 10 and 13 rebounds, Lydia Walterscheid 2 to go along with five assists and four steals, Juline Bartel 1 and six rebounds.

"It was a very difficult year for our team," said Coach Jon. "We had some distractions and lost some games we should not have lost. We got ourselves into the gym and worked our tails off, we became unified, and worked toward the goal of becoming State Champions. Its there if you want it, go get it. These thirteen girls wanted it and they got it." The victory Saturday also set a school record for most victories in a season, 26. The Tigerettes ended the year at 26-4 and will carry a 12 game winning streak into the 1986-1987 season. Congratulations State Champions!

Hornettes lose bi-district to Ponder

Muenster Hornette basketball ended last Friday as state ranked Ponder stopped the MHS girls from advancing any farther in the state playoffs.

MHS qualified for the playoff by taking the runner-up title of its district in the 21-A tournament. Slidell took the top spot.

Taking a 58 - 35 win, the eighth ranked Lady Lions used an aggressive defense to force turnovers throughout the game.

The scrappy Hornettes kept the Ponder fans stunned the first quarter, trailing only by four points, but Ponder widened the gap, outscoring Muenster 16 - 6 in the second quarter. The half-time score was a foreboding 26 - 12 in Ponder's favor.

The Muenster girls came out cold in the second half. Ponder stretched to a 47 - 20 lead, with complete control of the ball. They had scored 21 points while MHS got

only eight. In the final quarter, Muenster pushed forward a recovery but it fell far short of the mark. They scored fifteen points to Ponder's eleven and trailed by 23.

Rita Walterscheid finished the night with ten points, Staci Walterscheid followed with nine. Amy Davidson added six, Meredith McDaniel hit five, Judy Biffle had three and Laura Hess, two. The Hornettes hit 11 of 19 free throws and sank twelve fieldgoals.

Muenster ended with a 22 - 4 record as runner-up in District 21 - A. Their only losses this season were one to Ponder and three to Slidell. Congratulations to the Hornettes on a very successful season.

Forestburg News

by Myrt Denham

There will be a Gospel Singing at the Forestburg Church of Christ on Sunday March 9 2 p.m. to 4 p.m. Everyone is invited.

This comes about one week early but do want to remind everyone about the "Over Forty" Social and Dance on Sat. p.m. March 1 from 7 p.m. to 11 p.m. in the New Forestburg Community Center. Everyone over 40 is invited for an evening of fellowship with your friends and neighbors plus an opportunity to meet and make new friends.

We have several Forestburg residents on the sick list and some in the hospital. Joe Hunt is very ill in Westgate Hospital, Denton. Cleo Lanier entered General Hospital in Wichita Falls on Sunday, Feb. 16. She is to undergo surgery there this week. Dawson Ensey entered Presbyterian Hospital, Dallas early Mon. a.m. He will undergo treatment, there and should be home in a day or so. I am told that Mrs. Elva Carter is a patient in Westgate Hospital in Denton. Still on the sick list are Donall Steadham and his mother Mrs. Emma Lee Steadham and also Tommy Smith.

Students urged to apply now for supplemental financial aid

Students who need to supplement their state and federal financial aid packages for the 1985-86 school year were urged today to apply for private foundation and corporate funding. According to Steve Danz, Director of The Scholarship Bank, there are numerous private aid sources available this year. Funds for higher education are available from private foundations, major corporations, trade, union and civic groups. With over 500 million in aid, the following are just a sample of programs available:

Teaching: Offering up to \$3,500 per year, the Danforth Foundation gives awards to students interested in teaching as a profession. 3,000 annual awards, twenty-five percent to minorities.

Exceptional Student Fellowships: Awarded by a major life insurance company to students in business, law, computer programming, accounting and related fields. Summer internship required with all expenses paid.

Anthropology, biology, conser-

vation and marine science: Field Research Project grants up to \$600 per year.

Journalism, broadcasting and related fields: The Poynter Fund awards annual scholarships to \$2,000. Must have a career interest in one of these fields.

Center for Political Studies: Internships in political science, law, public relations, business, history and education.

White House Fellowships: Highly competitive graduate level fellowships to work as an intern at The White House. 14-20 yearly

openings.

According to the director, many private aid sources do not require a showing of financial need but are dependent on the student demonstrating a career interest in a certain field, or a willingness to intern or enter a competition. Low and no-interest loans are also available. The Scholarship Bank is a non-profit nationwide organization. Students who would like to use the service should send a business size, stamped, self-addressed envelope to 4626 N. Grand, Covina, Ca. 91724.

Remember when tractors had four legs?

Times have changed...

Not too many years ago plowing four rows at a time was a great technological advance. It beat the heck out of a mule and a single wooden sweepstock plow. Today's big tractors can disc up to 16 rows at a time. More production in the same amount of time. That's progress.

Times have changed for your cooperative, too.

The Brazos System used to build natural gas power plants. They were simpler and smaller—it took only three people per shift to operate them.

Today, we build lignite coal power plants. They are large and complex—taking 14 people to operate them. But, lignite costs only a third as much as natural gas. More production for the same fuel dollar. That's progress.

Lignite is today's most economical choice for making your electricity.

Your business, Cooke County Electric Cooperative, benefits from that choice, and so do you. The power of the kilowatt hour can do so much good... don't waste it.

A brief statement of the nature of this suit is as follows, to-wit:
TRESPASS TO TRY TITLE OF LAND AS MORE FULLY DESCRIBED, TO-WIT:
The following field notes described a survey of 137.4224 acres of land in northwestern Cooke County, Texas, said land being a part of the (ppd) A. Elliott Survey, A-361 (ppd 156-38), the lower M. Elliott, Jr. Survey, A-361 (ppd 156-37), and the J. DeGuire Survey, A-341. This is also the land described in the Warranty Deed conveying undivided interest from Mrs. Susie Mae Wilburn Et Al to Earnest Robinson dated July 30, 1951, and is of record in Volume 365, Pages 32 and 33, Deed Records, Cooke County, Texas, said deed calling for three tracts consisting of 80, 50, and 88 acres, less, save, and except 52.6 acres (Volume 326, Page 583, Cooke County Deed Records) which would leave 165.4 acres, however, the land is bounded on the ground by existing fences and evidence of old fences which encompass only 137.4224 acres, creating a deficiency of 27.9776 acres. The bounded tract is further described as: BEGINNING at the most southern southwest corner of the L. Pickering Survey, A-839, and the northwest corner of the S.P.R.R. Co. Survey, A-986, said corner being in the east line of the (upper) M. Elliott Survey, A-361, and is occupied by a very old fence corner post; THENCE South 00 degrees 11 minutes 37 seconds West 1279.7 feet generally along an old wire fence, through heavy and dense timber to a 24 inch Oak tree for corner; THENCE South 85 degrees 11 minutes 21 seconds West 488.1 feet with an old wire fence to a fence corner post; THENCE South 01 degrees 35 minutes 08 seconds East 780.4 feet with an old wire fence through dense timber to an 18 inch Oak tree on the north bank of Camp Creek for the corner; THENCE South 82 degrees 16 minutes 09 seconds West 652.3 feet crossing Camp Creek and generally following an old wire fence and evidence of the fence (washed out) along the south bank of Camp Creek to a 16 inch Oak tree for corner; THENCE South 02 degrees 52

County Agent's Report

by Craig Rosenbaum

As vegetable gardeners in Cooke County prepare for spring planting, one of their first steps should be to control soil insects. Soil insects can reduce vegetable quality and yields if left uncontrolled.

For effective control, mix insecticides into the soil at a depth of 4 to 6 inches at least two weeks before the garden plot is planted.

Among destructive soil insects are wireworms, white grubs, seed corn maggots, cabbage maggots, mole crickets, sowbugs, slugs, snails and cutworms. Some

destroy plant seeds, roots, tubers and underground stem parts while others cut off young plants at or near the soil surface.

Most soil insects can be controlled with Diazinon 25 percent liquid concentration or Spectracide 6000 applied as a 5 percent granule. Granules usually give the best control. If cutworms or sowbugs become a problem after the garden has been planted, broadcast 5 percent Sevin bait over the soil surface. This bait containing metaldehyde will also control slugs and snails. However,

it is not formulated to be mixed in to soil.

Garden sites planted for the first time or those previously in grass or weeds are more likely to harbor damaging numbers of soil pests. Before treating with an insecticide, inspect the garden site by taking soil samples at several locations to a depth of 5 to 6 inches. Remove one square foot section of soil from each location and record the number of soil insect pests present. As a general rule, an average of one or more soil insects

per sample suggests the need for insecticide treatment.

Before applying any pesticide, always read and follow label instructions.

CONSERVATION RESERVE PROGRAM

Farmers whose cropland qualifies for the government's new Conservation Reserve Program (CRP) must specify the type of permanent vegetative practice or combination of practices they plan to use. The program provides for cost-sharing in establishing permanent cover and for rental payments on the land taken out of production.

Practices that qualify for cost-sharing in establishing cover include the following:

- Permanent introduced grasses
- Permanent native grass
- Combination of the above

In addition, alternative supplemental practices such as diversions, erosion control structures and grass waterways are eligible for cost-sharing.

All these practices are designed to protect erodible cropland which is taken out of production as part of the CRP.

Farmers evaluating the various alternatives for permanent cover on land to be put in the program need to consider such areas as investment and returns and effectiveness of erosion control.

Choice of the conservation practice to be used must be specified at the time a farmer submits his bid for the rental payment on his land.

As far as the bid is concerned, a farmer must determine a price that will provide acceptable net returns per acre as compared to traditional cropping with and without participating in commodity programs. Extension Service economists have worksheets available that will be helpful in

Dairy Buyout plan aimed at reducing production, surpluses

The whole-herd dairy buyout program portion of the new farm bill may entice some Texas farmers to leave dairying.

The program is aimed at reducing milk output which has grown steadily in recent years and has led to burdensome surpluses of dairy products, points out Dr. Bud Schwart, dairy marketing economist with the Texas Agricultural Extension Service, The Texas A&M University System. Schwart has been involved in numerous recent meetings with dairymen to explain the provisions of the buyout program.

"The program allows qualifying dairymen to sell their

entire herd and receive payment from the U.S. Department of Agriculture for the milk they would have produced, if they agree to stay out of dairying for five years," notes Schwart.

To qualify for the program, a dairyman must have been in production prior to Jan. 1, 1985.

A dairyman must establish an annual production base at his local ASCS office by Feb. 28 but has until March 7 to sign a contract.

He must also submit a bid specifying how much he wants per hundredweight of milk that he would have produced during the five-year period, Schwart explains. Deadline for submitting bids also is March 7. The Secretary of Agriculture will announce whose bids are accepted by March 28.

"Whether or not a dairyman elects to submit a bid to participate in the programs depends on a lot of factors," the economist notes. "There are a lot of economic as well as noneconomic factors to consider, a major one being the length of the program--five years. If a dairyman is accepted into the program, what will he do after the five-year period? What about the resources that will be freed up--how will these be used to generate returns? What about the cost of reestablishing the dairy after five years?"

To aid dairymen in their decision-making, agricultural economists at Texas A&M have prepared a worksheet to help with various calculations, including the determination of a breakeven bid price. This price is expected to make the dairyman as well off financially by participating in the program as he would be if he continued to produce milk.

Schwart points out a number of federal income tax considerations in the decision-making process:

--depreciation and investment tax credit recapture and capital gain from the disposal of business assets.

--alternative minimum tax possibilities.

--annual income taxes due under the current farm organizational structure.

--income tax credits and depreciation deductions for reestablishing the dairy.

--annual income tax rates under the buyout structure.

Regarding tax matters, the economist advises dairymen to consult with a tax practitioner before making a final decision on the buyout program.

"Unless large numbers of dairymen participate in the program to reduce milk production, supplies will likely continue to be plentiful, keeping pressure on prices. Production costs should remain fairly steady due to large grain supplies; in fact, the abundance of grain could stimulate additional milk production," says Schwart.
