NUMBER 14

FEBRUARY 22, 1985

The nation's number 1 concern nowadays is to establish a sound fiscal policy which will serve the double duty of reducing its deficit and enabling its people to prosper. It will require lots of belt tightening by all classes of our society regardless of extensive lobbying to manipulate the burdens.

With faith in the judgment and integrity of President Reagan, we feel we can depend on him for a fair deal. In this we are thinking primarily of charges that proposed adjustments discriminate against poor people. For instance, the gripe about a lower minimum wage. While it means less per person it also means that more jobs will be available, that more youngsters can work and welfare costs will drop. Likewise the complaint about limiting eligibility for student loans. It will apply only to families of substantial income, but not to poor students. Likewise, the workfare idea, expecting able bodies persons to earn their welfare pay.

The damagoues complain about heartless treatment of the poor, but the fact is that the proposals do not diminish the poor's security but do increase their personal pride, while also relieving the country's welfare burden.

As a matter of fact, a spirit of adjusting our wants applies across the whole of US society. The affluent and middle class can live in dignity and comfort on less than they do now without any problems in making ends meet. Federal officials and employees could show the way with pay that is more in line with that of other people. That's especially true of their enormous retirement pay.

In short, Americans can pull through their economic problem simply by adjusting their attitudes to doing more for the country and expecting less from the country. President Reagan has been rated with the great leaders of our country, and the country can well afford to go along with his leadership for the benefit of all.

Along with this economic goal America has an additional mission of leading the free world's struggle with Marxism. We can easily see that USSR regards our country as its number 1 enemy and has ambitions to take over the rest of the free world as well. This is a fact which President Reagan has clearly recognized as indicated by some of his rhetoric, especially in calling the Soviet Union and "evil empire."

That opinion is matched by his readiness to confront the Big

Wimmer files for council re-election

City, school races draw candidates

City councilman Willie Wimmer became the first to file for re-election to the Muenster city council Wednesday.

Wimmer will seek re-election to place three, a position he won two years ago after it was vacated by now-mayor Ronnie Felderhoff.

Felderhoff and councilman Ted Henschel's terms will also expire this year, but neither of them has filed for re-election. No other candidates have entered the race.

Filing deadline is March 6 for the April 6 election.

All three members of the Muenster ISD board of trustees have filed for re-election. Board president Joe Hellman and trustees Harold Bindel and Dickie Pagel have all turned in forms to seek re-election to their offices.

In Lindsay, only one candidate has filed for two seats opening on the school board, and no one has come forward to seek any of three available city council positions.

School board president Frank Sandmann has indicated he will not seek re-election after six years

on the board. Trustee Carol Fuhrmann, elected last year to fill a one-year unexpired term, has not announced plans for re-election.

Dr. Jim Neidhart has filed as a candidate for the school board in Lindsay.

On the Lindsay city council, Ronnie Krebs, Earl Cunningham and David Arendt will all see their terms expire this year. At presstime, no one had filed in that race.

At Era the two incumbents, Lanny Lewter and Harold Brown,

have both filed for re-election to the school board, with no other candidates announced so far.

Forestburg ISD trustee Ken Metcalf has filed for re-election, but Wade Perryman, whose term also expires this year, has not announced his plans. No other candidates have come forward.

At Saint Jo, Lonnie Sappington has filed for the remaining two years on the term of the late Cletis Dunn, who died last fall, leaving an opening on the school board.

Two other board members, Jer-

ral Don Goff and D.D. Houtchens, have yet to file for re-election to their positions, which also expire this year.

At Valley View, school board members Larry Gene Clark and Clay Montgomery have both filed for re-election, with no other candidates announced at presstime.

Callisburg ISD board president Shelby Smith and Pat Rhoades will both see their terms expire this year. As of Wednesday, the only

Man indicted in child's death

A Cooke County grand jury Tuesday returned a murder indictment against a 20-year-old man in connection with the December 15 death of a three-month-old girl.

Todd Anthony Huddleston was arrested in Denton Tuesday night and remained in the Cooke County jail at presstime in lieu of \$75,000 bond, set by District Judge Larry Sullivan.

Huddleston is charged with causing the death of his stepdaughter, Ashley Huddleston.

According to the report by sheriff's department investigator Jim Bleything, Huddleston took the child to her grandmother's house next door on the evening of the incident, and said she had stopped breathing. The parents and grandparents live on a county road near Burns City in southeast Cooke County.

The child was hospitalized in Gainesville, then transferred to Harris Hospital in Fort Worth, where she died early on the morning of December 16.

The indictment alleges Huddleston caused the death "with a blunt instrument." Autopsy results indicate the child died of "blunt force trauma to the head and abdomen."

Huddleston's indictment was returned sealed pending his arrest Tuesday, but Texas Ranger Weldon Lucas, along with Bleything, located the suspect at his place of employment in Denton that night and made the arrest.

District Attorney Phil Adams would not speculate as to how soon the case would come up for trial. The range of punishment for the offense is from five to 99 years or life in prison.

Council okays site for garbage dump

The Muenster city council, meeting in an emergency session Wednesday afternoon, approved a proposed contract with Grady McElreath for a possible new site for the city's sanitary landfill.

McElreath's property, north of town on FM 373, adjoins the city's present dumpsite, which is owned by Art Bayer. The city has been looking for over a year for a new dumpsite to handle the city's garbage after dumping space at the old one runs out.

The city had applied for a state permit on land owned by Sam Sparkman, also north of town near the present site, but met with stiff opposition from landowners

in the area. That application is still in the works with the state, but will not be pursued by the city.

Instead, the city will go all-out to secure dumping privileges at the new site as soon as possible. That process will likely take eight months to a year, mayor Ronnie Felderhoff said Wednesday.

The proposed contract with McElreath would call for the city to pay \$250 a month and handle its own dirt work. At the present site, Bayer gets \$150 a month for the lease and another \$100 to do the required dirt work, covering up the burned garbage

"Vaniities" set on BSP stage

The Butterfield Stage Players will raise the curtain on their final production of the 1984-85 season next Friday night, February 28, as "Vaniities" begins its three-weekend run in Gainesville.

The play covers an 11-year span in the lives of three Texas girls as they turn into women. From the opening scene in a high school

gymnasium in the fall of 1963, it moves to a college sorority house five years later. The final scene is six years later at a reunion in one of the girls' garden apartment.

The characters includes Kathy, played by Bridget Head, Joanne, played by Danna Johnson, and Mary, portrayed by Mary Larsson-Gwyn. Kathy is the

strong one of the three, while Joanne is innocent by choice and Mary is the avant-garde member of the trio.

Directing the production will be Lynette Kirk, theatre teacher at Callisburg High School and a veteran of the Butterfield stage.

Death ruled due to "natural causes"

An autopsy on a 20-year-old Muenster resident, found dead at his trailer home Saturday afternoon, has ruled death was "of natural causes" according to Muenster police chief Helen Tompkins.

Joseph Maurice McCollum of 306 North Maple was found at the trailer around 2 p.m. after his mother, Margaret Wofford of Gainesville, told police she could not get him to answer the door and requested help getting inside.

Tompkins used a screwdriver to pry open the front door. McCollum's body was found in the bathroom. He had apparently been dead for several hours.

An autopsy performed Saturday at Dallas Forensic Lab con-

cluded that death was due to natural causes. McCollum suffered from epilepsy, and had been drinking heavily Friday evening at a Muenster night club. Epilepsy and alcohol were listed as contributing factors in the death.

McCollum was a 1983 graduate of Gainesville High School, where he took part in football and track. Sacred Heart High School in Muenster.

Services were held at 2 p.m. Monday at Vernie Keel Funeral Home chapel in Gainesville, with Rev. Jimmy Hutcherson of the First Baptist Church in Muenster officiating. Burial was at Fairview Cemetery.

McCollum was born December 23, 1964 in Denton. He was a

member of the Harvey Street Baptist Church.

He is survived by his mother, Margaret Wofford, of Gainesville; his father, Tod Walter McCollum of Amarillo; five brothers, Terry, Richard, Lyndon, Danny and Christopher McCollum, all of Gainesville; four sisters, Jonett, Lahoma and Debra

McCollum of Gainesville and Tammy McCollum of Wichita Falls; grandmother Gladys Blair of Gainesville and several nieces and nephews.

Pallbearers were Billy Mark Wakeham, Joe Parkhill, Alvin Caras, Donald Manuel, Allen Bruce and Willie Flowers.

Fund established in Culp's memory

To honor the memory of Bill Culp, Cooke County College math instructor who died here last Thursday, a special fund has been established through the CCC Endowment Foundation to receive memorial gifts given to the college in his name.

Gifts to the fund will be kept in a special bank account until a determination is made as to the most appropriate use of the monies.

"This determination will be made, of course, according to the specific wishes of Bill's wife Maggie and other members of his family," says Rodger Boyce, CCC director of development. "I'm sure that they would want the monies to be used in a way that would most have pleased Bill."

"Knowing Bill, we at the college know that he too would have wanted these gifts to be used in a way that would be of the greatest

ultimate benefit to the college and its students. This will take time and careful consideration on the part of Bill's family, so we have set up the memorial fund in this way so as not to intrude upon their time of grief."

Boyce reports that a large number of inquiries regarding memorial gifts in Culp's name have already been received. Persons wishing to make a memorial contribution should make their checks payable to the "Bill Culp Memorial Fund" and forward them to the college or deposit them directly into the memorial fund account at the First State Bank.

Those wishing to make direct deposits into the account should contact the New Accounts department at the bank. All such gifts are full tax-deductible and will be duly acknowledged.

Gainesville Jaycees ready for roundup

The Gainesville Jaycees have set April 13-14 as the dates for their 17th annual Rattlesnake Roundup.

Programs and exhibits will be held at the National Guard Armory, just across from the Boys Club at 104 W. Hird St., and all events will be open to the public. Admission will be \$3 for adults and \$1 for children under 12.

Professional snake-handler Bill Ransberger of Sweetwater will conduct programs both days on snake-handling and first aid for snakebite. Sweetwater Jaycees, hosts of the world's largest rattlesnake roundup, will join many local Jaycee members "in the pits" at the Armory with hundreds of live rattlesnakes.

Demonstrations will include snake milking and skinning, lectures on tanning hides and more. Guided snake hunts will be conducted twice daily in some of the "snakiest" land in Cooke County. Participants will see snake hunting in progress and learn how to locate a snake den, how to gas the snakes out and how to capture them without being injured.

Top prize money will be awarded to the hunter bringing in the most pounds of snakes captured, as well as the longest snake. Additional trophies will be awarded for the second longest, second-most pounds and the most rattlers.

Souvenirs such as snakeskins, tee-shirts, caps, pins, patches and other items will be on sale at the Armory, and rattlesnake meat — raw and cooked — will be for sale. A snake-eating contest is also planned.

The Jaycees will host the annual Rattlesnake Roundup dance on Saturday night after the roundup, at the Knights of Columbus hall in Gainesville. Tickets for the dance are \$5 in advance and \$7.50 at the door.

For more information, those interested may call Allen Goldsmith at 665-6973 or Don Rice at 665-1012. Information is also available at the Gainesville Area Chamber of Commerce, 665-2831.

Immunization clinic set Wednesday at SHCC

An immunization clinic will be held in Muenster Wednesday, sponsored by the Texas Department of Health region five office in Arlington.

The clinic will provide immunization against diphtheria-tetanus-pertussis (DPT), polio, rubeola (red measles) and rubella (German measles), for infants two months through 18 years old.

Immunizations will be performed at no charge by a public health nurse at the Sacred Heart Community Center from 9 a.m. to noon.

Precautions must be taken with females between the ages of 12

and 18 to insure that they are not pregnant when they are immunized with the measles vaccines, and that they do not become pregnant within three months after receiving the vaccines.

Health officials say immunizations are not complete if a child has not received three doses of DPT and polio vaccine with at least one dose administered after the fourth birthday.

Everyone under 18 must have an informed consent form read and signed by the parent or legal guardian, and parents should accompany their children to the clinic if possible.

Convicted rapist escapes from prison

A man serving a 50-year sentence for aggravated rape in Cooke County in 1982 escaped sometime Tuesday from the Colfield Unit of the Texas Department of Corrections in Anderson County.

Roy Wayne Bevan, 28, was not accounted for after the 8 p.m. count at the prison near Palestine in East Texas. Prison officials searched the grounds and determined he was missing.

Bevan was convicted in Gainesville on December 7, 1982 for the aggravated rape of a seven-year-old girl. While awaiting trial, he escaped twice from the Cooke County jail and was captured. He received a 50-year prison sentence for the rape and two seven-year sentences for the escapes.

According to a spokesman at the Texas Department of Corrections in Huntsville, Bevan was classified as a trusty at the time of his escape and was working in the

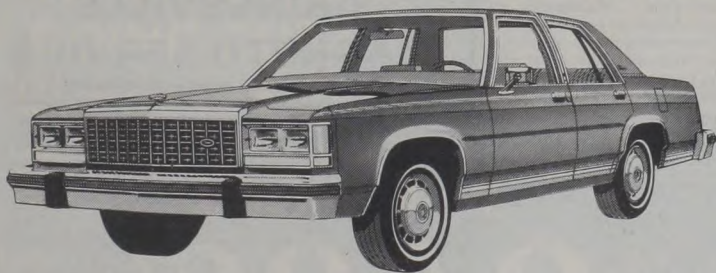

main building of the prison. Officials speculated he might have gone over a fence after they found a piece of white cloth in the fence area.

Cooke County officials were notified immediately about the escape, and TDC officers were sent to the area.

Bevan was last observed Tuesday morning at 8 by prison personnel. He is described as a white male, 5'7" and weighing 172 lbs., with brown hair, green eyes and a ruddy complexion. Anyone with information on Bevan is urged to contact the Cooke County sheriff's department immediately.

CCC Nursing program wins honors

The Nursing Department at Cooke County College added to its record of excellence last week with commendations from the Texas State Board of Nurse Examiners (TSBNE).

The commendations were included with notification from

TSBNE that the college's associate degree nursing program has been granted continuation of full accreditation by the state licensing agency.

Similar notification was also received recently by the CCC Nursing Department of the renewal of accreditation by the National League for Nursing.

"Earning a continuance of accreditation is by no means a routine matter," points out Mary Flo Bruce, department director. "It is a long and exhaustive process, and we must demonstrate beyond question that we are measuring up to a very exacting

set of standards in regard to faculty qualifications, curriculum, teaching methods, clinical training and so on.

"While we're very gratified and proud that we do measure up in these areas necessary for official accreditation, we point with even more pride to our proven record in regard to turning out well-trained and knowledgeable graduates."

TSBNE apparently agrees that this is a critically important measure of a program's quality and effectiveness, commending the CCC nursing program on "the performance of your graduates on the National Council Licensure

Examination for Registered Nurses during the 1983-84 academic year."

Cooke County College offers both a two-year associate degree program for students wishing to become registered nurses (RNs) and a one-year program for those wishing to become licensed vocational nurses (LVNs).

For more information about admissions requirements, enrollment procedures and class schedules, contact Mary Flo Bruce, Cooke County College Nursing Department, P.O. Box 815, Gainesville, TX 76240, telephone 817/668-7731.

DAR chapter members donate for renovation

Members of the Francis Light-foot Lee Chapter of NSDAR in their February 9 meeting voted to observe Liberty Love Day, Feb. 14, by giving \$1.00 for each member to the fund for renovating the Statue of Liberty.

Also in keeping with patriotic ideals, they announced the selection of two American History essays for entry in state competition. The papers were written by Ryan Joseph Sicking and Quinton Bradley McDaniel, fifth and sixth graders respectively of Muenster Public School.

And, because of the death of Mrs. Cornez Wilson, mother of Mrs. E.E. Dale, scheduled

speaker, the meeting's program was presented by Mrs. Maurine Griggs. It consisted of readings of Good Citizenship essay winners in a contest recently sponsored by DAR. Those were the essays of Delania Raney, Era, Rose Felderhoff, Sacred Heart, and JoEll Hellman, Muenster High.

Mrs. John Balentine, regent, presided at the meeting and recited the pledge of allegiance. Mrs. Gordon Smith, secretary, read minutes of the previous meeting. Mrs. Rube Griggs, hostess, assisted by her granddaughter, Casey Cash, served "George Washington" refreshments of cherry cheesecake and coffee.

Next meeting date is March 9, 2 p.m. in the Balentine home with Rev. Elwood Poore speaking on patriotic postcards of the past.

MUENSTER CUB SCOUTS and Webelos gathered last Thursday for the blue and gold ceremony commemorating the 75th anniversary of scouting in America and the 55th anniversary of the founding

Scouts observe anniversaries

In a special observance of the 75th anniversary of the Boy Scouts and the 55th anniversary of Cub Scouts, the Cubs and Webelos of Muenster held a blue and gold ceremony last Thursday reviewing activities and awards of the past year.

Sharon Walterscheid, cubmaster, was master of ceremonies and Unit Commissioner Lupe Evans and sons, Doug and Murlin, were special guests.

Looking back over the year, the emcee first recalled the day camp here and Webelos day camp at Denton where the boys advanced in skills and crafts and most important, had a super time. Named for special credit in the success of those projects were Loretta Felderhoff, director; David Fette, BB gun instructor; Pam Felderhoff, craft director; Kathy Berres, swimming director, parents who walked with the Cubs; and Kathy Sicking and Loretta Felderhoff who walked with Webelos.

Next mentioned was a national summertime park award for 3 ac-

tivities in the summer. A Good Will bag collection and a turkey shoot, each with great participation were held the same day. Harvey Lamkin, Dave Berres and Jim Gehrig received awards for those projects. Another big activity was the Christmas parade with 100 percent participation. For being judged the No. 1 marching unit, the cubs were awarded \$110 and plaque. Gilbert Knabe, representing the sponsor, the VFW post, was presented the award. Harvey Lamkin received an award for helping make "horses" used in the parade.

Next on the program was recognitions to the pack committee, which includes Jean Greathouse, Mary Lamkin, Jeanine Flusche, Kathy Berres and Nita Fleitman. Along with committee responsibility they were thanked for planning and activities of the year.

Special thanks were extended also to moms who put together the awards observance, to Pam Felderhoff for table centerpieces, to Irene Hartman and Linda Knabe in composing liturgy for the anniversary Mass; and also to the VFW for sponsoring the Cubs.

18-year-old charged in nine burglaries

Stripling's bond was set at \$5,000 on each case, for a total of \$45,000.

In two of the cases, co-defendants were indicted along with Stripling.

Larry Edward Hall, 18, was indicted for burglary of a habitation in connection with the break-in at the Payeur residence on January 17th. His bond was set at \$5,000.

Hall and Roy Allen Davis, 19, were indicted along with Stripling for the burglary at the Barthold residence on January 31st, and bond was set at \$5,000 for each of those two counts as well.

Forgery alleged

Joel Wayne Parham, 28, of Denison, was named on two forgery indictments. The first incident occurred on January 14, when Parham allegedly wrote a check to Wal-Mart for \$298. The check was on the account of a Jeff Felder of Denison.

Parham is also charged with writing a check on February 15 for \$278. That check was on Thomas Masonry Co., made out to James Parker and signed by R.R. Thomas.

Hornettes end season at 16-12

Brock stops Muenster girls

The basketball season ended Tuesday night for Muenster's Hornettes as they lost a second-round bi-district game 44-31 to undefeated Brock.

Brock, a perennial class A powerhouse, didn't overwhelm the young Muenster team, but steadily whittled away through good defense and deadly penetration on the offensive end. They outscored Muenster 14-5 in the last quarter to finally shake loose for their 29th win of the season.

Muenster started shakily, committing six turnovers in the first two minutes while Brock built a 6-0 lead. After a timeout, the Hornets cut the margin to 6-4 on baskets by Rita and Stacy Walterscheid, but Brock came back with a couple of buckets, then stalled down to the five-second mark before hitting a back-door layup to lead 14-6 at the quarter.

Eight free throws and a couple of baskets by Dana Dankesreiter accounted for Muenster's second-quarter scoring. Heads-up play put the Hornets in the bonus situation early in both halves, and they proved deadly from the free throw line, hitting 13 of 17.

But Brock still managed to get their points — mostly on quick

passes to their three big girls penetrating the Muenster zone defense. After a well-timed stall, Brock guard Laura Womack drilled a 15-footer with one second left in the half to give her team a 24-18 lead at the break.

Muenster fought back to within four points through a defensive third quarter, trailing just 30-26 with eight minutes to play. But Brock answered with two quick buckets in the first minute of the fourth period and pulled away from Muenster with a solid defense and a spread-out offense.

"We stayed with them longer than I thought we could," coach

Charles Meurer said. "Our girls don't have anything to be ashamed of. Brock has an excellent team and an excellent program — they've been to that state tournament an awful lot over the years."

Rita Walterscheid led Muenster's scoring with nine points, hitting five of six free throws. Dana Dankesreiter scored eight and Stacy Walterscheid added seven in a balanced effort. Kim Eldred hit three in her last game as a Hornette, and Judy Biffle and DeAnn Walterscheid popped two points each.

DeAnn Marr and Rissa Thomas got 14 apiece for Brock.

Thomas, a six-footer who spent much of the second half on the bench in foul trouble, came back and hit eight points in the fourth quarter to key her team's rally.

Womack added eight for Brock, and Tracie Cooper and Tracy Benton hit four each.

While Muenster made maximum use of free throws, hitting 13 of 17, Brock went to the line just four times and hit two of those.

The loss left Muenster with a 16-12 record for the year. They won district with a 7-3 record and defeated Krum in a bi-district game.

Tigerettes fall in state finals

For the second straight year, Sacred Heart's Tigerettes made it to the state finals before losing in the TCIL state championship game in San Antonio.

The Tigerettes trounced Bishop Forest of Schulenburg Friday morning by a score of 43-30, but fell Saturday to a tall, talented quintet from Corpus Christi's Incarnate Word Academy, by a score of 52-34.

"They were definitely the best team in the tournament," Sacred Heart coach Jon LeBrasseur said. "They started three girls who were 5'11", and they had a strong bench. They had 15 players, and they used 12 of them in the first half."

Incarnate Word jumped out to a 10-2 lead Saturday, taking advantage of an ice-cold shooting performance by the Tigerettes,

who were one-for-14 from the field in the first eight minutes. Things went little better for the rest of the half as the Tigerettes trailed 24-8 at the break.

"We dug ourselves a hole and couldn't get out of it," LeBrasseur said. "The shots just didn't fall in. The girls played hard — we did everything well except make baskets."

The Tigerettes hit just nine field goals out of 47 attempts in the final game, while going 17-for-36 at the free throw line. Despite the poor shooting performance, they dominated the game inside, coming down with 46 rebounds against the bigger Incarnate Word players.

Sandra Walterscheid led Sacred Heart in every category with 16 points and 13 rebounds, five steals and three assists. Sandra Hess had

eight, with 11 rebounds and five steals, while Tammy Hess hit five points and grabbed nine rebounds. Lydia and Vicki Walterscheid each added two points.

The Tigerettes made a bid to get back in the game midway through the third period, when they went on a rampage and cut Incarnate Word's 18-point lead down to nine. A three-second call nullified a goal, however, then a charging foul was called and Incarnate Word reeled off a couple of quick buckets to quickly put the game back out of reach.

Michelle Busker led her team with 12 points, while Catherine Norrell added 10 and Amy Viola put in nine. They were eight-for-21 as a team at the free throw line.

Sandra earned all-tournament

honors for the second year in a row. The Tigerettes ended the season at 25-5, while Incarnate Word wound up at 16-14 with their sixth state championship, after playing a schedule heavy with 4A and 5A teams.

In their semifinal game, Sacred Heart's girls ran away from Bishop Forest in the first half and survived a cold second half for a 43-30 win.

It was 14-8 after one quarter and 29-11 at halftime, as the Tigerettes shot the eyes out of the familiar bucket in HemisFair Arena.

They cooled off in the third quarter, however, as Bishop Forest outscored them 13-7 to narrow the gap to 36-24 going into the final frame. The Tigerettes managed only seven points again in the fourth period, but held Schulenburg to six to take the win.

Tammy Hess led the scoring, hitting 13 points and grabbing nine rebounds. Lydia Walterscheid added 10 points, Sandra Hess had nine and 13 rebounds and Sandra Walterscheid hit seven while grabbing 18 rebounds and dealing out four assists.

The Tigerettes were seven-of-16 from the line.

Paula Stavinocha accounted for most of her team's offense with 17 points. Bishop Forest was six-for-12 at the line.

German Fun Run slated ...

Plans have been finalized for this year's German Fun Run, to be held April 28 on the last Sunday of Germanfest in Muenster.

The event, which has attracted more than 20,000 runners since 1976, will feature a 15 kilometer (9.3 mile) race and a five kilometer (3.1 mile) race over hilly paved and unpaved roads in the scenic farm country north of Muenster.

The races will begin at 2 p.m. at Main and Third Streets downtown. The 15 and five km. racers will travel together for about a mile-and-a-half before their courses split. Both races finish on Oak Street near the baseball diamond.

Last year's run attracted 4,300 participants, and planners are expecting around 5,000 for this year's event. The registration fee is \$8 in advance and \$10 on race day.

The event is sponsored by the Muenster Knights of Columbus, with Ronnie Hess and Dan Hamric in charge. Anyone desiring to enter may contact any KC member for an entry blank.

Bicycle Rally in works ...

Planning is also well underway for this year's fourth annual Germanfest Metric Century Bicycle Rally, to be held at 11 a.m. on Saturday, April 27 during Germanfest.

Sponsored by the Denton County Pedalers, Bluebonnet Extension Homemakers and the Germanfest Committee of the Muenster Chamber of Commerce, the rally features races of 100, 65 and 35 kilometers — 63 miles, 40 miles and 22 miles. The fast and challenging course winds through the beautiful countryside of Cooke and Montague counties and features steep climbs over the rolling hills.

Pre-registration is \$7 by mail to the Germanfest Bicycle Rally, P.O. Box 182, Muenster, TX 76252. Racers may pre-register the day before the rally at the Germanfest grounds, or on the day of the rally at the K of C hall in Muenster.

The first 200 entrants to pre-register will receive tee-shirts and caps, and all finishers will receive a Metric Century Bicycle Rally certificate (suitable for framing) a rally cap and a rally party pass badge.

Lindsay takes runner-up spot

Lindsay's Knights grabbed the runner-up spot in district 3-A basketball Friday night with a heart-stopping 53-50 win over Forestburg in the gym at Cooke County College in Gainesville.

The win came after a nip-and-tuck battle in which neither team could mount more than a three-point lead.

The Knights led by a single point with nine seconds to go when Forestburg called a timeout to set up a press and try and get the ball back. Lindsay's throw-in went to Jeff Hellman, who broke downcourt and got off a layup which bounced out. Leroy Hermes was there, however, to snatch the rebound and put it in, giving Lindsay their three-point margin of victory.

"It was a close game all the way," Lindsay coach George Thomason said. "We had a cou-

ple of guys in foul trouble who sat out a good part of the game. We just happened to get that bucket there at the end."

Hermes led Lindsay's scoring with 14 points, while Hellman added 13 and Tim Carpenter and Kevin Fuhrmann each canned

Lindsay and Krum will meet in bi-district competition Friday night at 7:30 in the Cooke County College gym in Gainesville.

eight. Kendall Holland had the hot hand for Forestburg, popping 25 points, followed by Brent Shults with 10 and Russ Recker with nine.

Lindsay hit five of 15 free throws and Forestburg went six-for-13 at the line.

The loss ended Forestburg's season at 8-5 in district play, and

Muenster men win volleyball tourney

A men's volleyball team from Muenster took top honors and two Muenster women's teams fared well in the Thackerville Senior Class Volleyball tournament held last week just north of the border.

The men's team, sponsored by Bud Lite and made up of Bobby Hartman, Kenny Hartman, Bobby Hermes, Roger Endres, Glenn Walterscheid, Mark Hess and Bob Hinsley, swept three matches enroute to the tournament victory.

Last Tuesday night they downed Irick Real Estate of Pilot Point in two straight games, 15-9, 15-7. They returned to action last Thursday, edging a Thackerville team 15-13, 10-15, 15-9 to earn a spot in the finals.

In Saturday night's finals, the Muenster squad lost their first game 13-15 before coming back to win a tough second game 16-14 and taking the final game 10-5 as time expired.

In the women's division, Tops & Teams, made up of Deb Klement, Carla Walterscheid, Sharlene Hartman, Sandy Wim-

mer, Donna Hess, Phyllis Martin, Janet Barnhill and Thelma Baxter, won consolation after losing their first game.

Another Muenster team sponsored by Muenster Drilling won two matches before losing in the semifinals to the eventual champion. Members of that team are Gina Grewing, Ruth Hess, Mary Hess, Gloria Coker, Christi Felderhoff, Vicky Fisher and Robin Hess.

They won the consolation match Saturday night with just five players on the floor.

Hornettes stun Krum, 63-43 Friday

Muenster's Hornettes stunned playoff-experienced Krum in their first round bi-district game Friday night, handing them a 20-point loss and earning a shot at the regional championship.

Junior forward Dana Dankesreiter hit 20 points to lead all scorers in the 63-43 Muenster win. Freshman guard Stacy Walterscheid swished 18 points — a career high — and center Rita Walterscheid added 10.

While Krum had balanced scoring, they failed to get anyone in double figures. Muenster's aggressive defense denied them the ball and took away their deadly outside shooting game throughout the night.

"They're a real good perimeter shooting team, but they shoot set shots," Hornette coach Charles Meurer said. "We decided to charge them and make them have to move to shoot the ball, and just hope our big girls could handle them inside. They did, and it worked."

Muenster jumped off to a good start, leading 10-6 after the first quarter and stretching it to 14-6 early in the second frame before Krum got into a bonus situation and began shooting free throws — the only thing they did with any success all night. They were 19 of 25 at the line for a 76 percent clip.

Those free shots and a couple of long-range bombs helped Krum narrow the gap to 20-16 by about midway through the second period. But that was as close as

they would get.

The Hornettes responded to Krum's threat with a full-court press, creating turnovers and converting them into fast-break baskets on the other end. Stacy keyed the surge, hitting a couple of 10-footers to loosen up Krum's zone defense, which tended to collapse on Rita on the inside.

By halftime, Muenster had pulled back out to a 10-point lead. Dana heated up in the third quarter, hitting nine of her points including a seven-point run where she popped two sets of one-and-one free throws, then pulled off a three-point play.

The Hornettes outscored Krum 17-12 in the third quarter to take a 45-30 lead into the final eight minutes. Krum's leading scorer, Kara Copp, fouled out with just over a minute to play in the third frame and left the gym, spending the rest of the game in the locker room after scoring just six points.

Muenster outscored Krum by another five, 18-13, in the fourth quarter to win by 20.

"They were frustrated," Meurer said. "They expected to beat us by 20 points, not the other way around. I had seen them play twice and I knew we could play with them."

Becky Bragg led Krum's scoring with nine points. Angie Monschke and Nancy McDonald hit eight

each and Lena Cochran added seven.

Dankesreiter's 20 points included an eight-for-10 evening at the free throw line. In addition to Stacy's 18 points and Rita's 10, sophomore guard Judy Biffle checked in with seven, hitting five of eight free throws, and senior forward Kim Eldred added four. Muenster was 19-for-31 at the free throw line.

"We made a lot of turnovers, but the kids hustled real well," Meurer said. "They played a real good ball game."

The win put them in a second-round playoff game Tuesday night against undefeated Brock, at Saginaw's Boswell High School.

Reception

A reception, dinner and dance followed in the Knights of Columbus Hall in Gainesville, hosted by parents of the couple.

The bride's table was covered with white linen with a white net overskirt. Three gold candelabra were surrounded by floral arrangements of red roses, white carnations and greenery.

The three-tiered white wedding cake, decorated with red roses, and the chocolate groom's cake were served from beautifully decorated tables, by Kyla Henschel of Muenster, Dora Erwin of Era, Janis Muller of Dallas, Dee Ann Trachta of Springtown, Pam Hartman of Denton, and cut by Betty Rose Walterscheid.

Guest tables held English ivy, red roses and red candles. Guests danced to music by the Cherry Rhones of Wichita Falls, cousins of the bride.

The rehearsal dinner was given by parents of the groom in their home on Sunday, Feb. 10.

Tour covers Continent in 16 days

Sister Alberta tours Europe

"Europe In Sixteen Days" was the inspiration for a vacation trip enjoyed by Sister M. Alberta OSB recently. She was a member of a tour group traveling more than 2500 miles on a Cosmos Coach Holiday.

The flight landed in London where they spent an evening, overnight and the next day before going to Brussels. During a tour of the city they visited a lace-making factory, the royal palace and a number of famous areas.

After an over-night stop in Brussels, they crossed into Germany near Aachen enroute to the Rhine and Bonn, capitol of West Germany. They continued to Coblenz and spent some time in the Rhine area. Although they bypassed Cologne, Sr. Alberta said she did see the cathedral steeple.

The next day the coach took them through the rolling hills of the Westerwald and eastward toward Frankfurt, Nuremberg and Regensburg on the Danube.

On the fourth day they were in Austria and took a Danube steamer trip, enjoying vistas of vine slopes, riverbank wine villages, old castles and terraced orchards.

They were in Vienna for two days, toured the Opera House, the Schonbrunn Palace, the Belvedere Gardens and St. Stephen's Cathedral. They saw Schubert's birthplace, and later viewed the famous capital lights by night and attended an evening entertainment at a park, listening to and watching Strauss waltzes.

The sixth day, still in Vienna, they toured a glass and chandelier factory, enjoyed the "picture-postcard" scenery in top winter sports country.

Driving south to enter Italy by an "off-the-beaten-track" route into the Friuli mountains, they then took the autostrada into the Venice area for two days and nights.

Sr. Alberta said they had an excellent driver and always felt relaxed even when going up and down mountain curves.

In Venice they toured St. Mark's Church, went sightseeing by vaporetto, a small steamboat for carrying passengers along canals; and enjoyed a ride by gondola.

dola. "There was so much to see in Venice", said Sr. Alberta "that we were constantly busy. We went back to our hotel about 5 p.m. and returned for an evening of entertainment at 7 p.m."

Starting early the next morning they crossed the Po River Delta and, approaching the Apennines, marveled at the villages perched on steep mountainsides. They stopped for sightseeing in Perugia, one of Italy's most beautiful cities 1000 feet above the Tiber Valley.

Reaching Rome by evening, and having the next full day there, they got glimpses of the ancient Roman forum, Colosseum, Palatine Hill and the Pantheon. They visited the Sistine Chapel, the Vatican Museums, and attended Mass at the main altar of St. Peter's and later toured a leather factory.

The next day the drive northwards toward Florence was through lovely Tuscan countryside with photogenic hill towns. In Florence, center of arts and crafts for centuries, they took tours of the magnificent Cathedral, and much of the famous old world areas. They toured the Uffizi Palace which displays perhaps the greatest art collection in Europe.

On the eleventh day of the conducted tour they drove through Bologna and Milan, then over the Swiss border for a stop in Lugano. Passing through the almost nine-mile-long St. Gotthard tunnel, the route began to descend into fabled William Tell country, toward Lake Lucerne, ringed with mountains like a great bowl. The evening's entertainment of "Swiss Folklore" and music was a special treat, and Sr. Alberta got two tapes of the performance.

After crossing Lake Lucerne by steamer, they toured a watch-making factory and explored the enchanting town, including a cable car ride to the summit of Mt. Titlis for a spectacular view over the Alps.

Sr. Alberta also visited the priest-nephew of one of the Swiss Sisters of Jonesboro. He took her to see the abbey church at Engelburg.

Traveling through France on their thirteenth tour day, they followed the River Marne and the

upper Seine, then northwest to Paris. Two leisurely days in Paris provided time to climb 178 steps to see the Sacred Heart Church where Perpetual Adoration is held.

A morning tour included Notre Dame Cathedral, the Latin Quarter, Napoleon's Tomb, the L'Opera district, famous shops, a visit to Versailles and the fabulous palace. They enjoyed a boat cruise down the Seine River and around the island on which Notre Dame is located. In the evening there was a coach tour of floodlighted sights, to Eiffel Tower, Concorde Place, and the Champs Elysees.

On the morning of their final day they took the northern Somme-Flanders autoroute, then by ferry returned to Dover, with a train connection due at London's Victoria Station in mid afternoon. Remaining for an overnight rest in London, they took a morning flight home and were back in Little Rock, Arkansas at 4:25 p.m.

Sister Alberta said she studied

the places on the tour and was able to fill every minute. She traveled with a lady from New Blaine, Ark. Sister Alberta is a former second grade teacher at Sacred Heart School. She has relatives in Lindsay.

Homemakers complete child development unit

The Homemaking I class of Muenster Public School has recently completed a unit of study on Child Development. After studying and researching the various concepts of child development, the students had the opportunity to practice skills in child care.

Child care labs were held during the 8 a.m. class for infants, toddlers, preschoolers, and kindergartners. The students completed a checklist for each lab to record the children's abilities per-

taining to their age level.

One of the favorite activities of the homemaking students was compiling a "cookbook" for the morning kindergarten class. Each student asked a kindergartener to name favorite foods and how he would prepare them. Exact "recipes" were documented for each child and then later made into booklets with all the kindergartners' recipes. These booklets will be on display during Open House, March 5. The instructor of Homemaking I is Joni Sturm.

In Monday night meeting

Board discusses driver's ed, ag program

The Lindsay ISD Board of Trustees met in a regular scheduled meeting on Monday night, Feb. 18.

Under old business, Mr. Hellman reported on the drivers education program. In an earlier meeting, the board had decided to drop the program from the school year and offer some type of program during the summer months. The board has decided that the program should be self-supporting. The tuition would cost approximately \$80 to \$90. More details will be worked out at a later date. Also, under old business, Hellman stated that the building plans should be ready by the end of February.

Mr. Larry Schumacher, vocational-ag teacher at Lindsay High, stated that the area VO-AG Supervisors has been eliminated by HB No. 72 and the T.E.A. He requested that people should write to Austin to ask that these supervisors be retained. Also, HB No. 72 has cut back two months of state funding for Vo-Ag teachers. In the Board's executive session, after the lengthy discussion, they decided to place the Vo-Ag teacher on an 11 month salary contract. He had previously been on a twelve month contract. Also, in regards to the Vo-Ag program, Vo-Ag students will have to meet the same eligibility requirements as athletes in order to show their projects or animals.

The eligibility rule was also discussed by the board in regards to students who have been leaving school during last period. The Board has adopted the policy that students must be passing all subjects before they would be eligible to leave the school.

Appointment of Louise Schad as election judge for the April 6 election was made. Also, Marilyn Cox and Glen Hellman were appointed as Absentee-judges.

In other appointments, Mr. Hellman and Mr. Henry Schroeder were appointed as representatives from the Administration to the Career Ladder program. A teacher will be selected in the near future.

In other business, HB No. 72 concerning the class ratio of 22-1 in kindergarten and grade 1 was discussed. Hellman stated that the state board is still studying this section of the bill. No decision was reached. Also, discussed was the possible reduction of the grade school play ground due to the proposed Parish Hall. No action was taken at this time.

The Board members voted to join the organization "Texans for Local Control of Public Schools." After Hellman stated that there were two bills currently before the Legislature that concerns consolidation of small schools. In one bill, any school with enrollment under 250 students (K-12) would

have to consolidate. The other, SB 263, filed by Sen. Hector Uribe of Brownsville and Sen. John Ledom of Dallas, would force consolidation of all districts having less than 500 in membership on the last day of the school year for two consecutive years.

Hellman also said that Rep. Bill Haley and Sen. Bob Glasgow recently filed a proposed constitutional amendment to prohibit forced consolidation. The proposal states: "The con-

solidation of school districts in this state is prohibited without written approval of the board of trustees of each school-district to be consolidated."

In general business, the board approved the general operating checks and the consolidated application checks.

Members present were Frank Sandmann, Henry Popp, Red Eberhart, Winston Fangman, Jim Myrick and Tim Wimmer. Carol Fuhrmann was absent.

County Agent's Report

Weeds are beginning to make that spring growth. This past week with the warming during the day and especially the warmer night temperatures, everything seems to be greening up some. Maybe we're past the severe part of winter.

This past weekend we were checking some fields as to the severity of weed infestations. We went to the fields where corn, gromwell, buckwheat, and mustards were so prevalent last

year around Myra and Hood. In checking them to see if weeds of these species were again going to be a problem, we found very little corn gromwell or mustard. This is primarily due to the fact that these fields were treated with herbicides that reduced seed production of the plant if the plant was not totally killed.

In one instance last year corn gromwell was in such an infested state that without weed control

crop yields would have been drastically reduced. Brominal was used on this field. During the development stage, it appeared that the Brominal would not kill the gromwell but it changed the nature of the plant. Instead of a densely growing gromwell plant, these plants shot up to a height of about one foot on a single spike with no tillering. Evidently, seed production was not achieved by the plant because there is very little to no weed problems in this field this year.

In another field last year Buctril was used to control corn gromwell, buckwheat, cocklebur, and other common weeds. Again in this field, there is little to no weed

infestation this year. It is too early to see if the wild buckwheat will be a problem but hopefully it will take the path of the other weeds.

It is a good time for producers to once again check their fields and get the correct herbicide to match with your weed species.

Both of the herbicides mentioned have specific label recommendations and cost more than our normal 2,4-D type sprays, so be sure of your weed problem and your growth conditions of the grain before investing that extra cost in weed control. If the warming trends continue to hold, we are going to see a lot more weeds germinating or taking rapid growth now.

Winter disking advised for better quail habitat

February is the month to disk strips throughout pastures to improve quail habitat next summer, according to Ray Svacina, district conservationist with the USDA Soil Conservation Service in Gainesville.

"The purpose of disking is to prepare a seedbed for increased germination of large seeded forbs such as crotons, sunflowers and ragweeds as the soil warms up next spring," Svacina said. "Proper disking in February will remove winter annuals that would compete next spring with germinating quail foods for moisture and sunlight."

Svacina said the land should be disked at least four inches deep to kill or bury existing vegetation. 25 to 50-foot strips should be located near woody cover or areas of tall and medium-height grasses, to enable birds to move safely between protective cover and food supply.

At least five percent of a pasture should be disked to have a noticeable effect on quail food supplies, Svacina said.

Crossen steps down at Brangus meet

Frank Crossen of Gainesville turned over the reins of the Texas Brangus Breeders Association last week during the Association's annual convention in San Antonio.

Taking over as president was Kermit Wendland of Miles. Crossen joins Wendland, president-elect John C. "Corky" Eckert of Mason, vice-president Gary Bruns of Floresville and secretary-treasurer Andy Holloway of Brenham on the Association's executive board.

At the convention's Miss Texas Female Sale, 10 top Brangus females sold for \$69,200, with the high-selling heifer consigned by Granada Land & Cattle Co. purchased by Chas and Carol Peeler of Dallas for \$25,000.

Leading breeders donated semen from 40 of the breed's outstanding bulls for the semen tank, which was auctioned to benefit the Association. It was sold to Hondo Creek Ranch and

Tejas Branch Brangus for \$25,000.

Also donated, by Brinks Brangus, was a one-sixth interest in "Big Foot" which brought \$18,000 from Willow Springs Ranch and Owl Creek Ranch. Fourteen calendar pages were auctioned off as well and brought in \$37,400. The high sale was the popular June page, which went to Don Moble of Mertzson for \$6,000.

In conjunction with the annual convention, the Brangus Junior and Open shows and the Hondo Creek Ranch Sale were held in San Antonio during the week.

The TBBA Performance-Tested Bull sale, held February 10 at Castroville, topped off the weekend. Sixty-six bulls were sold for a total of \$175,950, making it the best sale in TBBA history. Bulls went to buyers from California, Illinois, Oklahoma, New Mexico, Wyoming and Texas.

Soil conservationist predicts weed problems

A conservation agronomist with the Soil Conservation Service predicts livestock producers will have a severe problem with weeds in their pastures this year.

Joe D. Moore, with the SCS office in Terrell, says the severe drought of '84 and resulting over-grazing have left many bermudagrass pastures weak and thin. The best way to improve the pastures, he adds, is through fertilization and weed control.

"The thin stand of grass will provide the ideal situation for weeds to germinate and dominate the stand," Moore says. "Without weed control, they will use most of the expensive fertilizer applied this spring."

One of the most effective weed-control methods is the application of a pre-emerge herbicide in February or March before the weeds germinate. It can be applied directly following springing a new bermudagrass pasture or on a

thin, weak existing bermudagrass pasture, and it is relatively inexpensive.

Pre-emerge herbicide is applied before pastures and most crops are growing, making it a safe method. The herbicide kills the weeds as they germinate, preventing them from using fertilizer and moisture.

The bermudagrass will then respond to the fertilizer and, with proper grazing, will thicken the stand. A good thick stand of bermudagrass will not have a severe weed problem, Moore said.

Other methods of weed control are shredding or spraying the weeds with a herbicide after they have germinated. These methods are not as effective, Moore said, because the weeds will have already used most of the fertilizer applied to the stand.

Livestock producers are urged to contact the local SCS office for assistance in planning weed control.
