NUMBER 30

It was gratifying last week to see the decent people of Dade County, Florida, rally behind Anita Bryant and vote two to one for repeal of a law which guaranteed equal rights to homosexuals.

Still, the ratio is disappointing. It seems to indicate that a third of the voters were either queers or sympathizers, presenting a disgusting picture of our national character.

The rest of us can go along with that thinking, but only to a limited extent. The conduct of their personal life is their own affair and it's sufficient that they are accountable to their Creator in the end.

A slogan in Anita Bryant's campaign was "Save Our Children." In keeping with that idea, the big majority of us believe that gays do not have a right to positions in which they can impose their depraved influence on children or youth.

No matter how worldly wise and sophisticated our civilization tries to be, we cannot reason away the fact that this is God's world and we human beings have an obligation to live by His rules.

Special praise to Miss Bryant is in order for her crusading in the Florida election, and even more so for her willingness to make the crusade nation wide.

One of the exasperating facts about the Florida election is the use of the word gay in referring to homosexuals. The media is partly responsible for this outrage because, obligingly, it has used this euphemism supplied by the repulsive ones themselves.

Reopening Date Is Near At Rebuilt Pagel's Store

After being out of business for slightly more than three months because of a fire on Sunday, March 13, Pagel's Store is almost ready to resume operation.

Maurice Pagel, owner and manager, said Tuesday that he expects his new stock of merchandise early next week and his target date for opening is a week later, assuming that he will be able to get everything on the shelves in that time.

Preparing for the new start, Pagel gave his store an over all new look. It has a new vinyl floor and a new ceiling of acoustical tile and fluorescent lighting, also new and repainted gondolas giving the store approximately 50 per cent more shelf space.

Likewise new is a vault

for carcass beef, larger and more conveniently located than another which was removed because of fire damage. Adjoining this vault is a vault for quick freeze and storage of processed meat. Insulation in the vaults as well as the underside of the store's entire roof structure is a spray-on foam much more efficient than the old kind of insulation.

A major change of interior appearance is a mansard type shingle overhang above a cold beer vault along the west wall. The vault has two sections, a walk-in area for case beer and a reach in area for six packs. Adjoining that is a small wine room, an addition to the store.

Also new is an expansion of the delicatessen service. A steam table will offer a selection of meats such as barbecued beef and chicken, chili and hot links. In addition there will be cole slaw, potato salad and barbecue sandwiches.

Still another change is elimination of the shoe department, adding considerably to the store's grocery space. The shoes and boots will be phased out gradually in a final clearance at close out prices from a small area of the store.

Major fixtures from the old store will go back into use. These include refrigerator cases for meats, dairy items, fruits and vegetables and ice cream. Check-out counters will be back at their former location near the north and west door. And the store's office formerly at the back, will be beside the west door.

The fire sale across the street in the former theatre building, at which the store has been disposing of its smoke stained merchandise, will continue through next week.

County 4-H Teams Compete in State Roundup at A&M

"Room to Grow" was the theme for the 1977 State 4-H Roundup held on the campus of Texas A&M University on June 7 and 8. Twenty Cooke County 4-Hers who earned the honor of participating in the competition were entered in nine events.

Competition was state wide with only district winners being eligible. Muenster members were entered in three events, Debbie Zimmerman of Muenster 4-H competed in hand skills (cake decorating); Lloyd Reiter, Dale Wolf and Gary Rohmer of Sacred Heart 4-H, along with Danny Nortman of Lindsay were entered as a plant identification team; and Billy Felderhoff, George Luke and Dick Dangelmayr of Sacred Heart 4-H, along with Steve Dutton of Callisburg made up the rifle team.

Cooke County's only first was won by Dolores Sandmann and Sharon Voth of Lindsay. Competing in Horticulture Production and Marketing, they demonstrated air-layer planting. Each received a watch, a pin and a certificate of merit and was further honored by appearance before the Roundup audience of more than 1500.

Other county members participating were Kathleen Sandmann, Mary Ann Sandmann, Michelle Pelzel and Doug Schmitz of Lindsay, Mary Hudspeath of Valley View; Grace Pybas and Darrell Martin of Sivelis Bend, Kathy Hobbs of Callisburg; and Donna Schumacher of Gainesville.

The county group was accompanied by Extension Agents Karen Gilman and Larry Weise.

Jungle Story Is Summer Reading Club's Feature

Young readers at Muenster Public Library are among more than 100,000 young Texans who are taking a "Jungle Journey" this summer as participants in the Summer Reading Club. Sponsored jointly by the local library and the Texas State Library, the Reading Club encourages readers to use the recreational and informational materials they can find at their local library.

Summer is always the busiest time of year for children's collections in public libraries. Whether summer reading is entirely for entertainment or is also for information, it's different from the required reading that students must do during the school year. At the same time, however, it builds valuable reading skills.

Library hours continue at 8:30-5:00 on Tuesdays and Thursdays and 3:00-6:00 on Wednesdays.

If you ever wonder about the speed of a Texas jackrabbit it sometimes revs up to 45 miles an hour, darting and dodging among the prairie cacti.

Your out of town relatives will enjoy reading news of family parties and reunions on Father's Day. Phone 759-4311.

Plans Developing For July 3 Picnic Sponsored by JCs

With their July 3 benefit picnic slightly more than two weeks away, the Muenster Jaycees have a good start at organizing the event. They have taken in a number of activities themselves, have booked local organizations for others, and invite interested clubs and societies to join the activity.

The appealing feature about it all is that proceeds of each concession will be retained by that organization. There will not be a commission charge.

Frank Luke is general chairman and the person to see about setting up a booth. He said the Jaycees are conducting several attractions such as the beer stand, an auction, and horseshoe and frisbee contests. Others signed up to date are SH Trust Fund, St. Anne and St. Joseph Societies and Band Parents, and more are still deciding what to do.

Luke added that the Jaycees have big hopes for their auction. Accordingly they are asking for anything saleable, especially items no longer in use by the owner but still useful to someone else. Mark Lippe and Bob Hermes are the persons to notify.

The Jaycee part of the picnic is a benefit for the pavilion fund, hopefully the last of the projects' financing.

Muenster Team Is Going Strong In 15-16 League

A baseball team recruited from the two Muenster schools has been going strong in the 15-16 League at Gainesville. The youngsters are currently enjoying a 9-0 record and have three games remaining on their schedule.

Coaches are Adam Wolf and Wendell Richey and their roster includes Todd Richey, Mel Walterscheid, Mark Felderhoff, Jeff Hess, Pat Walterscheid, Phil Wolf, Kenny Hartman, David Felderhoff, Floyd Felderhoff, Angelo Nasche, Curtis Pagel and Carl Pagel.

The league is made up of one team from Muenster, one from the State School, three from Gainesville and two from Whitesboro.

Next Wednesday Set for Hearing On School Taxes

An official hearing on school tax assessments for the current year will be conducted by the equalization board of Muenster Independent School District in the office of Superintendent L. B. Brun next Wednesday, June 22, 2 to 4 p.m.

Serving on the board will be Al Trubebach, Rody Klement, Jimmy Jack Biffle and Dan Luke, who were appointed by the school board in its regular meeting last week.

Assessments subject to the hearing reflect the tax increase adopted this year by the school board to service the debt on a recently approved improvement program as well as increasing current expenses. The new rate is \$1.50 on \$100 of assessed valuation whereas it used to be \$1.45. And the valuation now is set at 50 per cent of actual value whereas it used to be 40 per cent. The net result is an increase of almost 30 per cent.

Persons inclined to contest their assessments are reminded that an increase is not likely to be an equalization problem but a result of the rate increase. Also the actual value upon which assessment is based is determined by the county rather than the school district.

NEWS OF THE SICK

Murlin Ray Evans, son of Mrs. Lupe Evans and grandson of Mr. and Mrs. Ray Evans is making rapid recovery from open heart surgery performed June 9 at Children's Medical Center in Dallas. Phone calls from his mother tell that he is looking forward to release from the hospital within a few days.

Sister Lutgardis Felderhoff is a patient at St. Bernard's Hospital in Jonesboro, Arkansas, for tests and observation. Sister had been in Muenster to attend the golden anniversary of the Lee Haverkamp and to visit relatives for five days. She returned to the convent with local nuns who were going to Jonesboro for the summer.

Family members attending the bedside of their father, John Rohmer, Sr. since he entered the hospital Friday have been Sister Fidelis who returned from Jonesboro; Sister Romana; Mr. and Mrs. Morton Wright (Dorothy) and their son Carl of Irving who spent the weekend; Mr. and Mrs. Joe Spaeth (Loretta) of Longview who were here Sunday through Tuesday, Mr. and Mrs. Everett Spaeth of Dallas who were here Saturday and Miss Ida Rohmer of Fort Worth who spent from Sunday through Wednesday.

Pee Wees Start Softball Tuesday

The season's break in the softball program will come Thursday night as junior and senior leagues complete their schedules and turn the field over to the Pee Wees.

The little girls will start Tuesday on a schedule of six double headers to be played on Tuesdays and Thursdays allowing each team to play each other one twice. The schedule reads as follows.

- Tuesday, June 21 Bluebonnets - VFW GMC - Fischer
- Thursday, June 23 VFW - GMC Fischer - Bluebonnets
- Tuesday, June 28 Bluebonnets - GMC VFW - Fischer
- Thursday, June 30 VFW - Bluebonnets Fischer - GMC
- Tuesday, July 5 GMC - VFW Bluebonnets - Fischer
- Thursday, July 7 GMC - Bluebonnets Fischer - VFW

Correction: The community picnic on the Sunday before Labor Day will be sponsored by Sacred Heart Parish, not Sacred Heart Alumni.

Consolidation of State Inspections To Save Millions

Over \$14 million annually will be saved by hospitals and nursing homes across the state as a result of H.B. 2115. Governor Briscoe signed the bill into law Friday.

These savings will be a result of the consolidation and non-duplication of inspections and surveys now being separately conducted by some ten state agencies. Representative Tim Von Dohlen of Goliad introduced this legislation and steered it through both the House and Senate. It passed both houses without a single dissenting vote. Von Dohlen said, "This legislation is a prime example of the ability of state government to conduct its business a great deal more efficiently. Currently, some hospitals and nursing homes are subjected to over 50 inspections or surveys a year by various agencies of state government. Many of these inspections are seeking information that another state agency already has on file."

O. Ray Hurst, President, Texas Hospital Association (THA) said, "The over two million patients that use our hospitals annually as well as the taxpayers of our state will be the ultimate winners because of this legislation. After all, they are the ones that must pay the bills for this unwarranted duplication of inspections or surveys that seem to increase each year."

Hurst went on to say, "President Carter wants to put limitations on the rising cost of health care. If he is really serious about this he could suggest to Congress similar legislation to eliminate duplication of inspections and surveys by federal agencies. This type of action at the federal level would save taxpayers and patients hundreds of millions of dollars each year."

THA is the Austin based trade association for over 600 hospitals and health-care facilities across the state.

C of C Looks at Past and Future

A final report on Germanfest and discussion of a program to promote future progress of the community occupied the interest of Chamber of Commerce members at their luncheon meeting Tuesday.

They were told that net profit on the festival was \$3,948.61 all of which has been deposited in the Germanfest fund to be retained as working capital to begin the project next year. Previous explanation had disclosed that the money serves as insurance in case of bad weather and financial problems. The organization broke even in the 1976 celebration. It was further indicated that directors will invest the fund in order to draw interest in the meantime.

Future outlook concerned ways and means to keep in touch with community opportunities and to help promote them when possible. Committees suggested for the purpose were retail sales, industrial development, public relations, public facilities, housing and Germanfest. But no appointments were made.

MHS Cheerleaders At Summer Course

Cheerleaders of Muenster High School are at Cisco Junior College attending a training program conducted by the National Cheerleader Association. At first report Monday night they said they are doing fine and have hopes earning the spirit stick, which is awarded to the top six of the forty team class.

Girls participating are Robynn Richey, Kellie Hale, Kathie Fisher, Lou Dyer, Kim Walterscheid and Renee Reiter. Lisa Trubebach is attending as a mascot. The team, along with last year's senior member, Tracey Klement, conducted a short ceremony at the end of the school year presenting last year's spirit stick and ribbons plus an engraved plaque to the school's trophy case.

The only thing that makes a woman glad to put on an old dress is if she still can.

Vegetation Showing Moisture Shortage

The community's moisture condition, which was ideal while the number 1 interest was grain harvesting, is not ideal any more. Satisfaction is turning into anxiety as hot and dry weather is nearing the completion of four weeks. Vegetation of all kinds is suffering and huge cracks are forming in the ground.

The rain has been just right for grain farming. It measured 2.58 inches on May 20 and .66 on the 21st, then quit almost completely until now. Exceptions were measures of .03 on

June 1, .04 on the 13th, which barely interrupted local combing. As a result the community had the very unusual experience of a non-stop harvest. For a short time Wednesday a shut-down seemed likely as heavy clouds gathered, but the prospect fizzled and allowed the few remaining jobs to keep going. Scattered harvesting is still in progress, however some 90 per cent was finished a week ago.

The good weather helps account for the best crop remembered here. Yields averaged over 40 bushels per acre and a few got over 60. But the good fortune was offset by a poor market.

June rainfall presently stands at .07 inch following a nice measure of 4.01 for May. Total for the year to date is 16.02 inches.

C of C Newsletter Gives Statement On Germanfest

The first issue of the Muenster Chamber of Commerce Newsletters presents figures to show that financial success of the Germanfest are in keeping with other successes reflected by great attendance and lavish compliments.

It also states that chairman, Alvin Fuhrman, along with Bertha Hamric, Johnny Fisher and Jane Monday are reviewing the big festival to compile a list of dos and don'ts as guidelines which are regarded as essential for continued improvement in the coming years.

And there is a comment that the Chamber made some money out of the Germanfest, but considerably less than the rumors and coffee shop talk. The operating statement reads as follows.

Historical Book on Frontier Women Given to Library

The Muenster Public Library is very pleased to announce the reception of a gift from the Alice G. K. Kleberg Fund of Kingsville: a copy of "The Golden Free Land". It contains the reminiscences and letters of women on the American frontier, authored by Crystal Sasse Ragsdale and is published by Landmark Press, 1100 West Ave. Austin, 78701.

The book contains 200 pages, also original drawings of the first library in Texas at Sisterdale; rare maps by Charles Pressler and Herman Wilke, early Texas mapmakers full references at the end of each chapter containing notes relating to hundreds of early Texas families and an extensive bibliography.

It is a collection of rare personal narratives and letters related by 10 pioneer women who lived and conquered the rugged Texas frontier from 1832-1888. It is true history at its best. Mrs. Ragsdale spent 10 years logging, researching and editing these true first person stories of the Texas frontier.

Mrs. Ragsdale, the Texas historian of Austin, received her graduate degree in history from Sul Ross University, Alpine, and did post graduate work at Texas University at Austin. She has taught in Texas public schools and was research historian for the Institute of Texan Cultures, HemisFair '68. She is a member of the Board of the O. Henry Museum, Austin and a docent for the University of Texas at Austin Art Museums Education Program.

Swirczynski Works On Rig Damaged By N. Sea Oil Fire

Roy Swirczynski had the unusual experience of turning on the TV set one day and seeing television news of the blow out, fire and ensuing oil seepage into the North Atlantic, of the drilling rig on which he worked. He was here on vacation, spending two months with his parents, Mr. and Mrs. Bob Swirczynski, and saw the first TV coverage while visiting his brother, Kevin in Dallas.

In succeeding days, he watched the highly publicized incident on TV, radio and newspapers, also the several unsuccessful capping attempts and eventual success of the famous Texan, Red Adair.

Swirczynski works on the Bravo Platform, (where 17-23 wells are in production) in the Ekofisk Field in the North Sea. Since his vacation he has returned to his crew where they are putting the well back into production, according to letters received by his parents.

Roy Swirczynski has been in overseas drilling work for 6 years and recently received a highly prized Safety Award from the Norwegian Government.

2 Families Move: Bill Bedricks and Bill Koerschners

Disappointing news this week is a report of the transfers of two families out of the community. The Bill Koerschners will move to Elm Grove Village, Wis., and the Bill Bedricks will go to Commerce, Tex.

Bedrick, who has been manager of the local TP&L office since 1973 has been promoted to manager of the company's Commerce area. The change is effective immediately and he started his new work Monday.

During his four years here Bedrick has served in two offices of the Chamber of Commerce, has been local chairman of United Way, president of the library board and member of the CCD Commission of Sacred Heart Parish. He and his wife, Helen Kay, have three children, Mike, Kimberly and Stacey. Koerschner's promotion by Delta air lines takes him to the Milwaukee area, effective on August 1.

He and his wife, Molly, along with Ted, Joe, John and Maria, are here since August 1974, during which time they have been involved in church and school activity. She is organizer and director of the parish choral group, a member of the parish liturgical committee and a teacher in speech and drama at SH school.

Both of the families have built new homes since coming to Muenster.

Master Degree

In graduation exercises held recently at Texas A and I University of Kingsville, Mrs. Melvin Schoech (Genell) received a Master's Degree in Education. She is the daughter-in-law of Mr. and Mrs. Andy Schoech and has been a teacher in the King Ranch school for more than six years.

Al Flusches of Decatur Observe 35th Anniversary

When Mr. and Mrs. Al Flusche of Decatur were married on February 3, 1942 in Windthorst, the winter was cold and hard and when their 35th anniversary arrived, the weather this year was equally difficult. They therefore postponed the celebration until June 5 when the weather was ideal for their very lovely observance.

Father Francis Zimmerer, as pastor of St. Mary's Church in Windthorst in 1942, officiated for their wedding and, as present pastor of Assumption of the Blessed Virgin Mary Church in Decatur, he again officiated for their 35th anniversary.

Mrs. Flusche is the former Leona Hoff of Windthorst. Their Mass of Thanksgiving on Sunday, June 5 began with the entrance procession. Participating were the celebrant and the altar boys, who were two grandsons, David and Darryl Flusche and a great-nephew Philip Flusche. They were followed by Karla Flusche, a granddaughter who carried the anniversary candle and was, in turn, followed by the other granddaughters. The honorees completed the entrance procession.

Also taking part in the Liturgy were the sons of the Al Flusches: Charles, who was the usher and Arnold and Larry who gave the Readings. Granddaughters Diane Flusche, organist, and Paige Flusche, soloist presented a hymn, "How Can I Be a Friend?" at the Offertory. The honored couple brought the Offertory gifts of bread and wine.

Reception

The sons and daughters-in-law and grandchildren of Mr. and Mrs. Al Flusche are Mr. and Mrs. Arnold Flusche and children of Decatur, Mr. and Mrs. Charles Flusche and children of Idalou and Mr. and Mrs. Larry Flusche and children of Fort Worth.

All attended the reception and dinner following Mass. Brothers and sisters of the honorees also attended.

The anniversary cake was two-tiered and ornamented by a wedding bell, the numeral "35" and three figurines for three sons and one tiny angel. There were seven pink figurines for the granddaughters and three blue figurines for the grandsons.

A display table held the anniversary candle and pictures of the families of Joseph Flusche and Leo Hoff; also the original wedding picture of the honor couple.

Following dinner Paige Flusche read a tribute she composed for her grandparents.

Also attending, in addition to those already mentioned were: Mrs. Amelia Hoff, mother of Mrs. Flusche and Mrs. Ed Conrady, Mr. and Mrs. Emery Berend, Mr. and Mrs. Bud Hoff, Mr. and Mrs. John Hoff, all of Windthorst; Mr.

and Mrs. Paul Fetsch, Mrs. Henry Henscheid, Mr. and Mrs. J. P. Flusche, Mr. and Mrs. Gus Lutkenhaus all of Muenster; Mr. and Mrs. Urban Flusche of Dallas, Mr. and Mrs. Lawrence Zimmerer, Mr. and Mrs. Joe Neu and Mr. and Mrs. Raymond Zimmerer all of Lindsay.

THANKS

My family and I want to take this way to thank the many people who have helped us during the past several weeks. Our gratitude is expressed to Father Placidus, Father Stephen, Bishop Dangelmayr and Father Ryan and the Benedictine Sisters, to Dr. Juarez and the wonderful staff of Muenster Memorial Hospital, the nurses, house-keeping, kitchen and office personnel for many favors and splendid care. To all who helped during the emergency and to those very special people who helped at home after the trip to the hospital, we offer our gratitude and sincere admiration. We will always remember your kindness. Also, the cards, prayers, flowers, phone calls were truly appreciated.

Mrs. Minnie Swingle, her daughter and son-in-law, Evelyn and A. J. Schilling and all her grandchildren.

Many thanks to Dr. Knight, Dr. Kralick, Dr. Juarez and to all the nurses and hospital staff for the care and kindness I received while in the Muenster Memorial Hospital. Thanks too, to my many friends and relatives who called, sent cards, flowers and visited me. God bless all of you.

Herb Moody

My thanks to everyone for the prayers, cards and visits during my stay in the hospital. Also to the doctors, nurses and Rev. Fathers. A very special thank you to the Jimmy Jack and Herkey Bifle families for standing by and obtaining the best medical care available for me.

Two birthday parties within four days made the week very special for Michelle Walter and Michael Walter and their parents Mr. and Mrs. Chris Walter.

The first, on June 16, observed Michelle's sixth birthday. Her guests were Ryan Gehrig, Jason Gehrig, John Herr, Michael Pagel, Carrie Russell, Rhonda Stewart, Shawn Vogel, Jeffrey Walterscheid and her brother and sister, Mike and Jennifer.

There were games and gifts, birthday cake and ice cream for the Thursday afternoon party.

On June 13, Michael's seventh birthday was observed with a cook-out and backyard camp-out. Games, gifts, ice cream and birthday cake were enjoyed during the afternoon and eleven classmates were overnight guests, including Deano Bayer, Nathan Bayer, Wayne Becker, David Fleitman, Brian Hess, Stuart Hess, Alan Hudspeth, Darrell Knabe, Ronald Knabe, Russell Simmons and Scott Taylor.

Third Order of St. Francis Meets

Members of the Third Order of St. Francis held a business meeting in Church Sunday. Mrs. Leo Henscheid presided. Secretary Lu Vogel gave the minutes and Father Placidus read a scriptural passage and presented the sermonette. Mrs. Henscheid gave the treasurer's report and said that more "Never Cease Praying" Books were re-ordered.

A letter of gratitude was read from Mrs. Domini of India, (adopted family of the Third Order). She reported slow recovery from illness and told about "May Devotions" in India and also mentioned the deep sincerity of church and family devotions.

A "minute meditation" was read by Lu Vogel about "Blessed are the merciful for they shall obtain mercy".

Get-Well cards were mailed to Mrs. Loretta Wilde and Theresa Luke. A golden wedding congratulatory card was sent to Mr. and Mrs. Lee Haverkamp.

The meeting concluded with the Peace Prayer.

Hacker Baptism

Maurus Hacker, Jr., the infant son of Mr. and Mrs. Maurus Hacker of Lindsay was baptized Sunday afternoon in St. Peter's Church of Lindsay with Father Damian Wewers officiating.

Baptismal sponsors were an uncle and aunt, Mr. and Mrs. Donald Pelzel of Pilot Point. Attending in addition to the parents and god-parents were Mr. and Mrs. Damian Fuhrmann, Peggy and Louella and Lisa Pelzel.

A dinner preceded the baptism, hosted by the Maurus Hackers in their home. Also attending, in addition to the above, included the paternal grandparents, Mr. and Mrs. John Hacker; Mr. and Mrs. Ben Fleitman; Becky and Denise Pelzel; and Cheryl and Michael, children of the Maurus Hackers. The dinner table centerpiece was a lamb cake.

Hostesses for the game party at Hillcrest Manor Wednesday were Mrs. Wilfred Walterscheid, Cecilia Huchton, Lu Vogel and Mrs. Lawrence Vogel.

BIRTHS

Mr. and Mrs. David Fisher announce the birth of their son, Bradley Joseph on Saturday, June 11 at 7:55 p.m. in Muenster Memorial Hospital, weighing 7 lb. 9 1/2 oz. He is a brother for Dyan and a grandson for Mr. and Mrs. Paul Fisher and Mr. and Mrs. Vince Felderhoff. The great-grandparents are Mr. and Mrs. Frank Rauschuber. Bradley Joseph arrived on his paternal grandmother's birthday.

Family Gathers At Gene Klements

A family dinner at noon Sunday honored Eugene Klement when his wife and children observed a combination birthday-Father's day event.

Mr. and Mrs. Ray Wimmer and daughters came for the weekend from Keller and Judy Klement of Fort Worth and Lynda Klement of Sherman arrived Saturday to join Mr. and Mrs. Andy Klement and family. Judy baked the birthday cake and Emily decorated it in a fisherman's theme.

There were birthday and Father's Day gifts for the honoree. Mrs. Victor Hartman, an aunt, sent a flower arrangement from her garden, delivered by Victor Hartman and daughter, Mrs. Harvey Schmitt who joined the group for dessert.

Mrs. Van Zandt Is Birthday Honoree

Margarite Van Zandt was surprised Sunday with a birthday party in her honor at the home of a daughter and family, the Teddy Oakleys. There were gifts for the honoree and birthday cake and home made ice cream were served. Guests included the Oakley children Nita, Melanie, Kristi, and Angela and the children's great-grandmother Mrs. Annie Conarorrae of Gainesville, and Mr. and Mrs. D. Albertson and son, Joe Tom of Nona.

Ceremony in Gainesville Unites Karla Haverkamp and Rick Timmis

Mr. and Mrs. Rick Timmis
of Gainesville are on a wed-

ding trip to Wyoming, Colorado and New Mexico, following their marriage on Saturday, June 11, in St. Mary's Church of Gainesville, officiated by Father James Gillespie at 5 p.m.

The bride is the former Miss Karla Haverkamp, daughter of Mr. and Mrs. Walter Haverkamp of Whitesboro, and the granddaughter of Mr. and Mrs. Alois Haverkamp of Muenster. Parents of the groom are Mr. and Mrs. R. C. Timmis of Gainesville.

Wearing a bridal gown which she created, the bride was given in marriage by her father. The empire dress was designed with a bodice and stand-up collar of lace over crepe. The skirt was of crepe, and the long sleeves and train were of matching lace. Her sheer illusion veil was elbow length and caught to a lace and seed pearl embroidered caplet. Her bridal bouquet was a cascade of fuji mums, white pom pom mums, stephanotis and trailing ivy. For sentiment, she carried the same rosary carried by her mother 25 years ago in her own wedding.

Attendants

The bride's sister, Monica Haverkamp of Whitesboro was maid of honor and bridesmaids were Polly Prestage, bride's friend of Whitesboro and Wanda McElreath, bride's cousin and Jeannie McFaridge groom's sister, both of Gainesville. They were identically gowned in green, yellow, peach and orchid, respectively.

The empire dresses were designed with short puffed sleeves and accented with a matching velvet ribbon belt. Each carried a matching nosegay of feathered carnations, gypsophila and satin ribbon streamers. Their white picture hats were banded with velvet ribbon to match their dresses.

Allan Payton of Gainesville was best man, and groomsmen were Monte Haverkamp of Whitesboro, bride's brother, George Gilbreath of Gainesville and Kenny O'Dell of Lindsay. Ushers were Russell Faulkner and Terry Robertson, both friends of the groom from Gainesville. The men in the wedding party wore white tux; their shirts matched the bridal attendants' dresses.

Accolytes were Gary and Jerry Schumacher and Matt and Mitch Fox.

Church decorations included floral arrangements in the bride's chosen colors.

Wedding music was given by Pat Hennigan, Jr., organist and Patsy Henry, soloist in "Follow Me", "Annie's Song", "Wedding Song", and "Mother, At Your Feet We're Kneeling" when the bride placed a nosegay of white roses on the Blessed Virgin Mary's altar.

Reception

The bride's parents hosted a reception, dinner and dance in the Knights of Columbus Hall. Guests danced to music by Rosewood. Karen Bell of Whitesboro registered guests. Peggy O'Dell and Debbie Brwn presided at the punch service and Mrs. Henry Spaeth served the wedding cake.

The bride is a 1973 graduate of Whitesboro High School. The groom graduated from Gainesville High School and Cooke County College and at-

tended Texas State University and is employed at Davidson Honda Co. and a host of friends (Gainesville, Whitesboro, Lind-

and relatives from Sherman, Isay and Muenster.

Parents of the bridegroom hosted the rehearsal dinner the evening before the wedding, at River Valley Country Club.

Little Tom had just been vaccinated. When the doctor tried to put a bandage over the spot, Tom insisted that

he wanted the bandage on the other arm. "Why Tom, the bandage should be put on the sore

arm so that the boys at school won't hit it," the doctor said. "Put it on the other arm, Doc," Tom replied. "You don't

know those guys." French is the official diplomatic language of the world.

Arthritis Program Heard by HD Club

A program on Arthritis was presented for the June meeting of Muenster Home Demonstration Club by Mrs. Martin Bayer and Mrs. John H. Wimmer. Sixteen members attended, in the home of Mrs. Andy Schoech, and heard the program leaders tell about the symptoms of several types of Arthritis and discussed relief and treatment of each.

Most common, they said, are Osteo, Gout and Rheumatoid. Thirty seven of each 100 Arthritics are afflicted with Osteo Arthritis. Also, in the United States there are 250,000 reported cases of children suffering from some form of arthritis.

During the business meeting, the club prayer, pledge to the flag and minutes were given and the inspiration, with a poem "Living and Praying", were read by the hostess.

Roll call was answered by each member telling if she or an acquaintance now suffers from Arthritis.

Mrs. Schoech showed some of her own latest original paintings of flowers, mostly roses and iris. She displayed a necklace of dried rose petals which still retains a distinct rose fragrance. She served refreshments of strawberry shortcake, coffee, punch, nuts and mints.

Endres Named to Million Can Club

Urban Endres, owner of Cooke County Distributing Co. here, has been named to Pearl Brewing Company's "Million Canners Club" for recycling more than one million all-aluminum beverage cans during 1976. He was one of 50 Pearl and Jax distributors throughout the State to be so recognized.

Noted as a major recycler of all-aluminum cans in the southwest since 1973, Pearl Brewery recycled 230 million aluminum cans in 1976.

As was announced in early 1977, Pearl upped its price for aluminum beverage cans from 15¢ to 17¢ per pound, making it more profitable for aluminum can collectors throughout the State.

YOU CAN BANK ON IT!

Inflation, simply stated, means it takes more to buy less, and while the experience may be new to some, anyone over 60, or even 45, has been through it before. The one thing the over 45 generation knows is that nothing lasts forever. That holds true for inflation, recession and unemployment.

Since the turn of the century, we have had two major price inflation periods, not counting the present one, 1914-20 and 1939-48, during and after two World Wars. Prices doubled, but so did our money supply. The nation also has experienced one fairly long continued peacetime rise in prices, 1897-1914, when everything went up 40-50%.

The economist-historians say we also have had four periods of economic stability, 1882-92, 1903-1913, 1923-29 and 1948-1960, and, since economic growth depends upon stable money, this nation experienced unprecedented industrial growth during each period.

As a nation, we have overcome and taken advantage of our setbacks, and we will continue to do so. One strength of our economy is its banking system, which is among the strongest in the world. Your bank provides the loan that build the business that generate the income that pays the salaries that pay the bills that keep industry moving.

**Reunion Held by
SH Class of 1949**

SHH graduates of 1949 observed the 28th anniversary of that event with a class reunion Sunday afternoon and evening in Muenster City Park.

Attending were Mr. and Mrs. Carl Pelzel (Eleanor Hoenic) of Ennis, Cmdr. and Mrs. Max Rumelhart (Ruth Fisher) of Buda, Mr. and Mrs. Albert Spires (Polly Yosten) of Gainesville, Mr. and Mrs. Allen Hoffman of Penelope, Mr. and Mrs. Roy Baumhart of Burk Burnett, Mr. and Mrs. Bill Metzler (Ethel Trubebach) of Lindsay, Dr. and Mrs. Monte Hellman of Dallas, Mr. and Mrs. Leonard Bengfort (Ann Herr) of Gainesville, Mr. and Mrs. James Bayer of Gainesville, Mr. and Mrs. Ed Schneider (Ginny Walter-scheid) Mr. and Mrs. Leo Hesse (Ethel Bayer), Mr. and Mrs. Henry Felderhoff (Betty Gene Fleitman) all of Muenster, Wilbert Vogel, on vacation from Iran, Mr. and Mrs. Wm. Hermes (Mary Evelyn Hofbauer) of Hood, and Mr. and Mrs. Dick Dittfurth (Celine Koelzer), Mr. and Mrs. Julian Walterscheid, Mr. and Mrs. Henry Pels, Mr. and Mrs. Richard Grewing (Florence Moster) Mr. and Mrs. Arthur Hess (Emma Lou Gehrig) all of Muenster.

"Archie" and Emma Lou Hess prepared the fried chicken, several classmates brought potato salad, relishes, chips and dips and Betty Gene Felderhoff brought the homemade bread.

The group began to gather at 2 p.m. and the picnic supper was spread out at 6:00. Plans were made to observe the 30th anniversary of their graduation and missing members will be notified well in advance to include attendance in their summer plans. One reunion was held before, when Mr. and Mrs. Rich Grewing invited all their classmates to their 25th wedding anniversary.

**Annual Farm Ranch
Night Set Friday
At Ranger Game**

Becoming an annual tradition, Texas Farm and Ranch Night is scheduled for the double-header between the Rangers and the Seattle Mariners, Friday night, June 17 at Ranger Stadium, Arlington.

Agriculture Commissioner Reagan V. Brown will throw out the first ball. From that time on, between innings and the two games, Texas agricultural products including hindquarters of beef, hams, turkeys, lamb, rice, watermelon, and other commodities from 40 producers and companies will be given away to those who register.

A special grand prize selection of food, a Ford riding lawn mower, and a "dream vacation" from Delta Airlines will also be presented in the drawing between games.

Other events will be a milking contest, an egg toss, and hog-calling competition.

The evening's activities are coordinated by the TAP (Texas Agricultural Products) promotion team of the Texas Department of Agriculture, Delta Airlines, and the Rangers baseball organization.

**Mullers Vacation
In New Mexico**

Mr. and Mrs. Arnold Muller and children, Sherri and David returned to Muenster last Thursday after a vacation trip to New Mexico. At Fort Summer they visited the "Billy the Kid" Museum and viewed his grave.

In Santa Fe they toured down-town, Santa Fe Plaza, the Palace of the Governors, the Fine Arts Museum, St. Francis Cathedral, the very lovely Loretto Chapel with its famous Miraculous Staircase. Also the San Miguel Church "oldest in the U.S." and saw there the oldest bell in the U.S. on display. They also visited the "oldest house", built by Indians more than 800 years ago.

In Albuquerque they toured Old Town Plaza, San Felipe Mission and Rio Grande Park and Zoo.

Included in their sightseeing was Alamogordo, the Lincoln National Forest and about 100 miles of the Sacramento Mountains.

From there, the Mullers went into the Guadalupe Mountains and to the Carlsbad Caverns. In the huge "lunchroom", 750 feet below ground, they had a surprise meeting with the Ted Henschel family and visited briefly.

Enroute to Muenster, the Mullers stopped in Mineral Wells to visit his sister, Mrs. Eva Blanton and family.

**State Pays County
For Handling 2990
Voter Certificates**

Cooke County has received a check for \$1,196 from State Comptroller Bob Bullock as payment for issuing and processing voter registration certificates from February 1, 1976, to January 31, 1977. It was a part of \$826,677 paid out to 251 counties for the past year. Three counties were not included because they did not submit necessary paperwork on time.

Counties are paid 40 cents by the state for each voter

registration certificate issued or cancelled. Amount of the check indicates that the county handled 2,990 voter certificates during the year.

This is lignite coal...

It saved TP&L customers more than \$81 million last year.

HERE'S HOW For many years, natural gas was the only fuel used to produce electricity at Texas Power & Light Company generating plants. It was plentiful and cheap. But, in recent years uncertain supplies and drastically rising costs of gas have focused attention on readily available, lower-cost lignite coal.

In the late 1960's, TP&L and two affiliated Texas electric companies began a massive program to reduce their dependency on gas by constructing plants to use lignite. The first plant was placed in operation in 1971 and another in 1974. Others are under construction and being planned.

During 1976, nearly one-third of the electric power which TP&L supplied to its customers was produced at lignite-fueled plants and resulted in customer savings of more than \$81 million.

The price of electricity must continue to go up, however, because of the high cost of building new plants and other effects of inflation. But, as TP&L generates more and more electricity with lignite coal, the increase in price will be many millions of dollars less than if that electricity were generated with natural gas.

Events Planned at St. Anne Meeting

Thirty nine members of St. Anne's Society attended the June 5 meeting in the Community Center and were guests following the meeting for a fried chicken supper, hosted by members of St. Joseph's Society.

The business meeting was presided by Mrs. Denis Walterscheid. Mrs. Leo Henscheid gave an itemized treasurer's report for April, including the Germanfest financial report. All members were thanked for helping during Germanfest. Minutes were read and approved and members voted to donate the MAP quilt to the missions, during the convention in Fredericksburg on June 24-25.

Mrs. Paul Fisher was intro-

duced as the newly elected president of NCCW and Mrs. Amanda Fuhrman accepted appointment as NCCW reporter, succeeding Mrs. Adolph Walterscheid, who held the job for many years.

Plans were made to sponsor a booth at the July 3 picnic jointly with St. Joseph Society. Members agreed to continue sending soup labels and coupons to the Sacred Heart mission in Walls, Mississippi and to devote the clothes drives to Father Francis' mission work in Decatur.

Mrs. Rosa Driever asked that items for "Eyes for the Needy" be left at Hess Furniture.

Get-Well cards were signed for 6 members, Mrs. Rosie Yosten, Mrs. Ben Haverkamp, Mrs. John Fleitman, Mrs. Minnie Swingler and Mrs. Loretta Wilde.

Cards of Thanks were received from Mrs. Bonnie Hess for donations to the Karl Hess fund; from Margie and Maurice Pagel for donations to the Pagel fire fund; from Loretta Wilde, and from Joe Walter for donations to the recreation plan of the Child Development Summer program.

Mrs. Leo Henscheid read "Why we should have Masses offered now", and the meeting concluded with "Prayer for Vocations".

Mrs. Denis Walterscheid won the door prize.

Your Skin and the Sun

DERMATOLOGISTS SAY READ THE LABEL

If you're looking for a magic suntan product that will give you a fast, deep tan—you won't find it. No product can make your skin tan any faster than it can naturally.

In fact, people who use "fast tanning" lotions without understanding the danger of overexposure to the sun, run the risk of painful sunburn, prematurely aged skin and even skin cancer.

Be sure to read the label when choosing a product to determine the amount and kind of protection it will offer your skin. Most dermatologists recommend the use of sunscreen lotions for people who spend much time in the sun. The newest group of sun care products on the market, sunscreens protect the skin from dangerous burning while allowing slow, even tanning.

Some sunscreens are made with a 40 to 70 percent alcohol base and usually recommend application an hour before exposure to the sun. Glenn Ocksen, general manager of Herbert Laboratories, makers of Eclipse® Sunscreen Lotion reports, "These are

best for people with acne or oily skin because of the drying effect of the alcohol."

"People with normal or dry skin should choose a sunscreen like Eclipse that has a lotion base and will help protect the skin from chapping in the sun, wind and water," he said. "These products are effective immediately upon application."

Products called sunblocks are also available for total protection in the sun. They prevent both tanning and burning by stopping all ultraviolet rays from reaching the skin. To provide this protection, these products usually have an opaque or greasy base, making them visible on the skin and cosmetically unappealing. It is primarily people with allergic reactions to the sun who need such absolute protection.

To learn more about the sun's effect on skin, look for a booklet called Your Skin and the Sun, available free at major drugstores. A free copy also is available by sending a stamped, self-addressed envelope to Eclipse Sun Booklet, 2525 Dupont Drive, Irvine, California 92713.
