Hansford County The Commissioner's Court appointed three hospital board members at the regular meeting held Monday, March 8.

According to County Clerk Amelia Johnson, the commission re-appointed Bobby Hicks and Leslie Barkley to the board. They also appointed a new board member, Tom Dortch, Johnson said.

In other business, the Commissioner's Court awarded the depository contract bid to Gruver State Bank. "Alot of time was spent weighing the differences in the bids," Johnson stated. She added, "It was not an easy decision. County it." She concluded by saying, "This ments.

5 days left to apply for positions on May 1 ballot

by Angela Jones Editor

Counting today there are just five business days left to apply for a place on the ballot for the various positions in the Hansford County school districts and cities.

As of Tuesday, March 9, only two more applications had been filed. This brings the total to seven for the 12 positions up for re-elec-

Pringle-Morse C.I.S.D. had one more application filed. It was filed by incumbent Clyde McCloy, who has served one year on the school board. Incumbent Clay Reid had previously filed an application for a position on the ballot. These figures show two people running for the three school board positions up for re-election on May 1.

The other new application filed was by incumbent Steve Benton. He applied for a place on the ballot for alderman at the City of ness hours.

Spearman. There are two alderman positions up for re-election.

In the City of Gruver, it was reported that no applications have been filed for either the mayor or the city commissioners seat.

In both the Gruver I.S.D. and the Spearman I.S.D. the incumbents have applied for positions on the ballot. Both of these entities reported that no other applications had been turned in.

Incumbents applying for the Gruver school board are Stan Seagler and Corky Chapman. Those turning in applications for the Spearman school board were incumbents Carl Kunselman and Craig Schumann.

Wednesday, March 17 is the deadline for applying for a place on the ballot. Persons that would like to apply should contact the entity's business office during regular busi-

RADICAL LIVING

By Dan Carter, Pastor **Trinity Community Church**

FIRED UP Matthew 3:8-12

In order to graduate from college with a degree in forestry I was required to take a 3 hour course in forest fire control and use. Years later I developed friendships with a couple of Forest Service firefighters. These men had extensive experience fighting fires in National Forests throughout the western U.S., and in Alaska.

As a result of my exposure to the field of forest fires, I learned something of spiritual significance: 1. Fire can be fought with fire, 2. Controlled (prescribed) burning is a necessary practice to avoid wildfire (regardless of how many of the uninitiated think otherwise) and 3. Raging wildfire is virtually uncontrollable, or its expense unjustifiable. A wildfire, feeding on itself can throw trees, 200-feet tall, in the air like match sticks, and create thermal updrafts that change local weather conditions.

In terms of the human heart, it is the prescribed burning of the Holy Spirit that protects us from God's ultimate wildfire, the lake of fire, at the end of the age. It seems the church often considers the deep and burning work of the Holy Spirit as optional. We quench and grieve Him and then wonder (if we even recognize our lack), why there is no power, no light in us.

Forest firefighters set backfires to establish a fireline; fighting fire with fire. God sets the blaze of the Holy Spirit within us. Burned over for righteousness sake. His wrath will not burn against us.

Jesus baptizes with the Holy Spirit and fire. It's not an optional or pentecostal work. The Holy Spirit simply applies the fire of God's Word in our conscience. If we quench His work, we prepare ourselves for wrath. Our God is a consuming fire.

Recently the City received a letter from an organization called "TexasConnect" asking us to join their organization. The organization promises to work to create jobs and stimulate economic development in Texas. How they plan to do this is not mentioned in the letter.

Upon a closer look and investigation into "TexasConnect" we found that the organization really is an organization, made up of telephone companies, which is asking the Texas Legislature to end the regulation of telephone companies in Texas. Currently, telephone companies are regulated under the Public Utility Regulatory Act and have to receive permission from the Public Utility Commission in order to raise telephone rates. To get out from under regulation, the TexasConnect group hired 88 lobbyists to try and convince the Legislature that telephone companies should not be regulated.

While I have never been a big supporter of the Public Utility Commission, de-regulating telephone companies is totally ridiculous. All other states regulate telephone utilities. even without the long distance calls, is high enough already. I am urging all Spearman residents who have had enough of high telephone bills to contact members of the Texas Legislature and urge the legislators to resist the lobby-

ing efforts of "TexasConnect". This

lobbying effort should be resisted for several reasons.

First, utility companies have a monopoly over their service areas and are therefore not in competition with other telephone companies for local service. It's not like we can choose from one month to another what telephone company we want to provide our local telephone service. Second, the Public Utility Commission has been studied by the Sunset Advisory Commission on ways to improve the regulatory process. The Sunset Advisory Commission has come up with some recommendations which will make

The Sunset Advisory Commission recommends reorganizing the Public Utility Commission and the Office of Public Utility Counsel to reduce the amount of political influence that the Public Utility Commissioners can put on the staff and the legal advisor to the Commission. This reorganization should be implemented by (a) moving the hearings examiners from under the control of the commissioners and to the State Office of Administrative Hearings, (b) eliminating the legal advisor from representing the interests of the utility companies before the Commissioners, and (c) moving staff and funds from the general counsel to the Office of the Public Utility Council, which represents consumers before the PUC. Utilities are not suppose to lobby Commissioners regarding their positions in a case. However, under the present system, utilities accomplish the same result by lobbying

The recommendations of the Sunset Advisory Commission will reduce the ability of the utility companies to influence the PUC staff, reduce the ability of the commissioners to twist the arms of the hearing examiners, and give consumers a bigger voice before the PUC.

Another recommendation is to let the governor appoint the chairman of the Public Utility Commission. Currently, the Commissioners elect their own chairman. A third recommendation is to strengthen the ability of the PUC to assess penalties of up to \$5000 per day on the utility companies for failure to comply with PUC statues, rules, requirements and or-

In my wanderings around town, I have heard several remarks ridiculing our local hospital and the doctors we have in Spearman. Some act as if they feel they must go out of town for good medical care. Others have stated that our hospital is just a "First Aid Station" you pass on your way to Amarillo.

These people do not realize how lucky we are to have such a facility and personnel so close at hand.

I watched my uncle, Clyde Longley, die severaltimes on Tuesday afternoon. The heart monitor was a flat line. Dr. Behney used his knowledge and experience, and the knowledge and experience of the E.R. nurses to help keep him alive and then stabilize him enough so

life-changing experiences.

To evangelize, a person must first believe (get the spark) and then build up his or her fire. The best place to gain strength in faith is the church. Picture for a moment a bed of burning coals. Take one coal away from the others, putting it to the side. It will not be burning much longer, but those gathered together will continue to generate heat. Church attendance keeps us kindled in the spirit.

The next step in evangelizing is to carry that fire into the home. We've all heard the phrase "keep the home fires burning." The teachings of the Gospel are meant to be carried out in every day living. True evangelism is reflected in the home through prayer and Christian liv-

Well, we've gotten the spark, kindled a fire and taken that fire home. The subject is evangelizing, but we certainly aren't out on some street corner thumping our Bibles yet, are we? Now comes the most challenging part for many: lighting new fires from our own.

John Wesley, founder of Methodism, did stand out on street corners. His first listeners were poor miners walking home from their daily labors. But is this the only way to spread the good news of Jesus's redeeming grace? In today's modern world, some people believe "evangelists" are those folks talking on the television set. While televangelists have a role to play, theirs is not the only way, either.

A person can light another fire by simply inviting a neighbor to church. Supporting missionaries is another form of evangelism. For some, the work of evangelism will be high-profile and very public; for others it will be a quiet undertaking accompanied by little or no fan-

It's time once again for Storytime Storytime! at the Hansford County Library. Any child who will be four years old before April 1, 1993, is eligible to participate. We are trying something new with this Storytime in that we are not asking parents to sign their children up ahead of time. We are also not limiting the number of participants. Each year, every library in Texas must complete an annual report for the Texas State Library that is, in a sense, a progress report telling exactly what your library accomplished during the past year. I have just completed our report for 1992. I thought it was interesting to note that during '92, Hansford County Library checked out 34,932 items. We borrowed 492 books through Interlibrary Loan, and loaned out 192 of our books through the same program. We answered 2,330 reference questions for our patrons, and 24,453 people visited our library. Our collection contains 22,157 volumes, and we subscribe to 30 periodicals.

Libraries are no longer merely warehouses for books. They must now be information and resource centers, and the above figures tell me we are doing a decent job of keeping our patrons informed and elightened! I hope all of you agree, and, if you have any suggestions on how we can do a better job, you will let us know!

His in early childhood and maturing parents and brothers and sisters had all managed to escape and stood along with physical, social and coghelplessly in the yard, knowing can come as a dramatic "moment of John was still inside. At the last truth," when God is revealed minute, the boy was saved from a certain death. Afterwards, John through a single event or series of Wesley's mother called her son "a brand plucked from the burning."

As we know, John Wesley's soul was afire with evangelism for the remainder of his life. Are you on fire? Build up that fire by attending church and studying the word of God. Carry over what you learn and believe into your everyday life. Then, and only then, can you truly carry the light into the world.

Showing at the Lyric Theatre in Spearman from Friday, March 12 to Tuesday, March 15 is "The Bodyguard" on screen 1 at 7:45 p.m. and "Forever Young" held over on screen 2 at 7:30 p.m.

Kevin Costner is the co-producer and star. 'The Bodyguard" also stars Whitney Huston and Ralph Waite. It is directed by Mick Jack-

In "The Bodyguard" Costner plays an ex-Secret Serviceman, who feels guilty for not preventing John Hinckley's 1981 shooting of Ronald Reagan. He is now a bodyguard and is the best in his field.

Huston plays a star who has everything. She has hit records, a "loving" sister, a lovely son and an Oscar nomination. She also has an obsessed fan who has been sending her menacing letters. The fan apparently intends to kill her.

So, she hires Costner, but he is unprepared for the public demands and is rated PG.

Among the Neighbors

Last week the passing of six fine people leaves a void in the community and the grief of each family is shared by friends and neighbors. Each filled a special place and sympathy is expressed to the families of Owen Pendergraft, Emma Seitz, Jerry George, Walter Schick, Ernest Butler and Clyde Longley.

Lucile and Alton Tindell are new residents of Spearman, arriving

here on February 12. Truth or Consequence, New Mexico, has been their home, but they decided to live out their retirement years here. After visiting his brother, Ira Tindell and family, here many times they are not strangers to this community. Alton attended school here as a young child. He has been retired from Civil Service a number of years and she retired from her work as field office manager for

No where is there a better mixture of wholesome, strenuous exercise, good fellowship and quality conduct than the ski trip of a group of young people from the First Baptist Church and their sponsors last week.

They left early Monday and returned late Thursday from Keystone, Colorado. They ran into snow storms between Trinidad and Pueblo, but since their sponsordrivers of the four vans were very competent, even that was interest-

They enjoyed excellent skiing, including the night skiing which was a novelty for them, and also ice skating. The adults accompanying the 22 young people were Pastor Kyle and Cindy Henderson, Mary and Buford Baker, Carol and Neal Pack, David Furlow and Joe Garcia.

Freda Sheets enjoyed visiting with old friends, Marjorie Ellen and J.D. Burdette a few do is last weef. They are from Lames and were here to check on her father, W.L. Russell.

Freda is recovering from eye surgery, performed last Tuesday

Kenneth and Sue Townsend have been here for nearly two weeks with his mother, Altha Kirk. Her other son, Charles of Tulsa, was here on Saturday. Kenneth and Sue live at Newport News, Virginia. Altha, whose health has been very poor, will be going home with them for an indefinite time. Her address will be 741 Thimble Shoals Blvd., Apt #317, Newport News,

Virginia, 23606. Altha, all your friends will be hoping your health rapidly improves.

Cherry Jarvis spent most of last week in Dallas with her parents. Herfather underwent by-pass surgery while she was there and is now recovering. Wesley and Hollie went to College Station for a visit with Ross, a student at A & M.

Margaret and Robert Novak returned Friday night from two months in the village of San Carlos, near Guaymas, Mexico. They report more rain than ever before in their 24 years of wintering there. As a result the fishing was poor, and the constant storms brought very high tides. The excessive salt water ruined their boat motors. However, there was a positive side; the desert and country side were unbelievable beautiful.

Margaret's mother, Mrs. Hull, who stayed in Hansford Manor during her absence is pleased and active back in her own home. She reports good care in the Manor and assures all that she will return when she gets old. (She is now only

Lois Allison came home from six weeks in Topeka with her son, Don. He brought her home and plans to return the latter part of this week. Her other son, Paul, of Lake Texhoma in Oklahoma is here with her temporarily.

Taking advantage of spring break, Dana, Brian and Kyle McLaughlin enjoyed a weekend trip. Accompanied by their mother, Delinda, and Grandmother, Virginia Head, they spent Thursday in Lubbock. On Friday they drove to Carlsbad and visited Ronnie Head until Sunday.

Mr. and Mrs. Dwayne Mitchell enjoyed the spring break with a visit to Rogers, Arkansas in the home of their daughter, Paige and Chris Sultemeier. Of course, the main attraction was young Daniel who kept them entertained.

Chris, who is associated with the Sam Division of Wal-Mart Company, took them to the grand opening of a Sam establishment in Joplin, Missouri which was most interesting.

Clarence and Geneva Ricke have lived in this community for about four months, but just this weekend moved in from the rural area southwest of Spearman. They moved here from Cunningham, in Kingman County, Kansas.

He is with Texaco Company and works in Stinnett. Mrs. Ricke has a full time occupation keeping up with their three children. Pamela is a junior in high school; Teri is in the 8th grade and Douglas in the 4th grade.

Mrs. Ricke is interested and busy with several crafts, including wheat weaving, quilting and sewing. He enjoys fishing and golf when time

The Rickes live at 617 South Haney, the place formerly occupied by Merle Washington. They are members of the Catholic church. Spearman bids the Rickes welcome and hope they enjoy living here to the fullest.

Spring break brought both joy and concern for Sheila LaRochelle. She left Thursday to visit her parents (The Alfred Tidwells) and brothers Charles "Chuck" and Johnny all of Big Spring. She was accompanied by children Amber and Albert III.

While in Big Spring, Sheila ran into a high school friend that she hadn't seen for many years only to discover she and her family now live in Borger.

On Sunday afternoon as they were loading up for the trip home, an emergency phone call was received. Her brother, Charles, 39, had suffered an acute heart attack and was in ICU after he was stabilized at the local hospital. He was flown to Methodist Hospital in Lubbock where he remains after emergency bypass surgery at 2 a.m. Monday morning.

On The Go With Joy

by Joy Henderson

All the rain in California reminded me of a story making the rounds several years ago. It involved a preacher and St. Peter.

A dam had burst and mountains of water cascaded into the valley. A minister, preoccupied with writing his sermon, didn't become aware of the danger until water swirled into his church study. He fled upstairs and looked out the balcony window. A group of people in a boat called out "Preacher, preacher, come with us!" But he shook his head and said, "The Lord will save me.

As the rising water forced him onto the roof, another boat passed by and again the occupants begged him to come along with them. And again he replied, "No, thank you. The Lord will save me.

As he was driven to the top of the bell tower, a third boat passed by offering assistance. "No, go on," he said "The Lord will save me.

The water engulfed the church and the next thing he knew, he was standing before St. Peter and the Pearly Gates.

"Why Preacher Jones," St. Peter said in a surprise voice. "What are you doing here?'

"Well, I'm not really sure, the minister replied. "I trusted in the Lord and I thought he would "save me from the flood.

St. Peter looked asperated. "Well," he snapped, did send three boats!"

Well anyhow, I did gjoy the nice rain we had not long ago and lots of us are enjoying the promise of Spring weather just around the corner and I'm about to get the "planting the garden itch". Seems like our gardening doesn't begin until late April so "Grandpa" let Dustin take the little J.D. tractor with him in order for Dustin to begin plowing his farm. I asked him when he was going to bring it back and he vowed he wouldn't. He was going to park it is his barn. (Dustin doesn't have a barn). By the way, Scott, Paula, Dustin and Teala spent another weekend with us, but I just quietly disappeared when talk started about Dustin staying another week so he could go to Grandpa's pig barn. Sometimes it helps to get his

It was good to see Laneida Burnam home on Spring Break. Rumor is that she is student teaching and will be out on break while her school has their week off. I've got to see if I can catch up to her and get the location of her school. While in Gruver, she is staying at the home of her brother Lonnie, Marva, Valerie and Molly.

Velma Renner is here visiting in the home of B.J. and Glenda Renner for a few days. They will be expecting son Ross on Spring Break from ACU in Abilene next week. Also, some of you may have caught a glimpse of Viva Saturday when she was here to attend the wedding of Jackie Sparks.

From First Baptist Church, we have registered guests over the weekend. Del Virden from Archer City, Texas visiting the Virdensand Fry families, and Michael Rasor of Dimmitt visiting in the home of grandparents, Tom and Phylis Rasor. Mr. and Mrs. Dubson Zapata of Lubbock were visitors in the Ernesto Zapata home.

From the United Methodist Church, the Deringtons had several guests. They were Sue Derington and Ashley Derington from Pampa and from Denton, Jan, Cole, and Lindsay Martin.

Grandparents Archie and Marguerite Nelson are entertaining little Jack Farren. I heard it through the grapevine that Jack's parents Dennis and Cheryl Farren may be moving to Amarillo.

Bill and Susan Burgoon, Reese & Riley were guests in the home of Connie and Bob Burgoon.

Bill was able to catch up on the news of Miami school chum Randy Daugherty of Corsicana. Randy is here for a gospel meeting at the Gruver Church of Christ.

Pablo and Elvia Perez announce the arrival of a new grandson, born to their daughter Jamie. He was born in Perryton and weighed over

Also John and Kristi Williams are the proud parents of a daughter Shelby Lyn born March 5 and weighing 7 lbs 8 oz. Proud Gruver grandparents are John and Ynese Williams.

C.C. Heath was scheduled for

further tests last Monday. He has been diagnosed with an ulcer, but is still having pain even though medication has been prescribed.

Stacey Williams is scheduled for knee surgery on March 10th in Amarillo.

Happy Birthday Summer Butts! Cousins Teresa Barkley and Carla Gumfory will be opening a new shop in Gruver called "Cousins." The shop will be located at the former Gruver Drug. Hopefully it will be ready for business April 1.

I've told myself that I needed to write something up for the paper. Then here comes another week and it still isn't done. Well today is the day to catch up on Girl Scout News.

Junior Troop 126 started the year off with registration in the park. They started on badge work that very day with orienteering (following trail signs). They had to find their way to the ice cream party, but that alone did not finish

There is a great deal of reading to do for all these activities and learning situations. The girls have been working on Creative Cooking. They have done menus, cooked favorite recipes (turned some in for a cookbook and learned to add decorative touches to food such as chocolate curls, radish roses, carrot curls and other garnishes. The girls even made homemade "scratch" biscuits and they were great with butter and jelly.

These girls have a st of work to do: please keep them in your prayers and give them words of encourage-

At a later meeting they all went to Womble Park where a trail had been blazed for them to follow. After successfully getting around that trail the girls formed two units. Each unit blazed a trail for the other. It all went very well. At least all troop members were alive and accounted for after all of the hunting and re-tracing to find the trail.

Girl Scouts report on activities

Orienteering was the beginning of the troop's plan toward earning the sign of the sun badge. To complete this each girl needs to complete the orienteering section, do a 30 day exercise program and do an assignment from the contemporary issues book on drug and alcohol abuse. They must also complete the first aid badge, exploring healthy eating badge, sports badge, walking for fitness and outdoor creativity badges.

For the contemporary issue the girls did role-playing with emphasis on peer pressure in day-to-day activities and in dating situations. did collages on how they wanted their lives to be and discussed drug and alcohol abuse. They also made posters during the red ribbon campaign week, which were on display at First National Bank. They have received their patch for this finished activity.

For their Sports Badge they have been studying the history of bowling, the equipment needed and learning to keep the score. To complete this one there is to be a trip to Borger to the bowling alley where they will observe others. Then they will be able to do some bowling on

For the exploring Healthy Eating Badge they came to my house where they mixed up make-aheadbrownie mixes and a pound cake. The pound cake they delivered to one of my neighbors that was recuperating. Good deeds do earn good returns for the neighbor presented the girls with watermelons and cantaloupes for their next meeting. (Thanks Mr. & Mrs. McAdams). They had a tasting tea of foods that were new to them and had a rededication ceremony. At this the new members received their pins and numbers. And they did a flag ceremony, a candle ceremony and songs. They each brought favorite recipes to be added to a scout cookthey made you want to try the products and they had to decide the nutritional value of the product. This badge they have completed.

For the First Aid Badge they visited the Fire Dept. during Fire Prevention week. They all found that to be very interesting. They safety in the home. Barbara Fight

instructed them in first aid for cuts, sunburn and minor aid. Then they each made a first aid kit they could take along on hikes. During their last meeting the girls viewed a film on emergency preparedness, which included tornados, floods, water contamination, and hurricanes. We discussed recent events concerning the couple and baby that were snowbound and walking for eight days. We discussed living off the land or making do with clothing and food that you have with you. They also viewed the tape on Spearman's tornados and how each reacted. Then they discussed what should have been done differently for their

For Outdoor Creativity-well I think we should get that one for even trying to be creative during all this bad weather. Seriously, they have studied some songs and legends about nature. Then they tried their hand at writing a cinquian (a form of poem) about what you see or feel in the outdoors. Needless to say further work on this one and walking for fitness will be continued during warmer weather.

The girls just haven't been doing badge work alone. During December on Tuesday nights the girls were at Hansford Manor for their Bingo time with the residents. I son't know which enjoys the other core, the residents or the girls. Why ended with a Christmas Caro! on their last Tuesday.

They also went to Guymon for a council wide event known as Holiday Happening. They did a variety of things around the Christmas theme and a well-being theme. Most of all, they met scouts from New Mexico, SE Colorado, SW Kansas, Oklahoma Panhandle and the top counties of the Texas Panhandle.

There was a sleep over at the little house for Daisy Low's Birthday. They played games, charades, sang songs, told stories and did some badge work, and, of course, there was the usual pigging-out on junk food. We did have a couple of surprise visitors (Mr. & Mrs. Charles McIver) during the night to bring us hot homemade Pizza. Thanks again, it was very tasty!

This last weekend the girls and I

went to Guymon. We decided to take the new way across the dam. It was beautiful and most had not book for the troops and each had to taken the time to visit. Our day in keep records on what they ate. They Guymon treated us to a fiesta. The then studied TV adds to see how opening ceremony was not only the pledge to our American flag and the Girl Scout flag but included demonstration from Spanish young people on how each morning is started in Mexico at their schools and the reverence to the Mexican flag. We were then treated to the Mexican Hat Dance, Cumbia Dance and Polka. also reviewed the stop, drop and Then the girls heard a song by roll method, and discussed fire Amado Gonzales. The girls then went into their different groups to learn how to make pinatas, salsa and guacamole. Lunch was enchiladas, salsa & chips, salad and guacamole, rice, beans and a crisp, cinnamon-sugared sweet. After lunch we were given lessons in singing "It's a Small World" and other songs in Spanish. I think everyone needs work on that one but it was fun trying. We're going to see if Juanita Rosales will help us at least get one song correct. Then there were games, a drama and skits. Then the Matechini Dancers performed. Their hand-made outfits were beautiful and the dancers were great. The day ended with a pinata party. That can be dangerous but it was fun. Many thanks to Nora Villa for all her hard work. Those attending were Juanita Rosales, Krista Dement, Dawn Loomis, Jennifer Laxson, Brownies Troop 90 and leaders, Tracy Powers and Kelli Cummings (Troop 127) and myself.

FSB announces winners

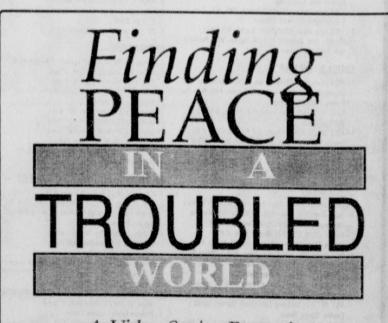

Rhonda North of First State Bank, Spearman, announced the winners of the bank's "cut the red tape contests" held in February.

Wayne Snider won \$50 in Spearman Chamber Bucks by guessing the length of red ribbon strung around the bank lobby. Snider guessed 732 feet and the length of the ribbon was 733 feet.

Bruce Stinson and Jimmy Greene tied for closest weight of a stack of government regulation forms a bank has to fill out to loan money. The actual weight of the stack was 83 pounds. Both gentlemen guessed 85 pounds. They were each awarded \$50 in Spearman Chamber Bucks.

Several of the FSB automatic teller customers found red ribbon stickers on their receipt. They turned these stickers in and received free caps.

Bank officials at FSB, as well as the other two banks in the county, are using these give-a-ways and See FSB page 10

and the new girls have been just a little (or a lot in some cases) disappointed that we've not done as much this year. However, I can't control the weather but there are trips and activities planned for the near future. Among these are the bowling

trip, possibly a skate party for all the troops, trips to Amarillo to see the American Tap Company (March 20th) and Cinderella (April 24th). In addition we will be having an activity to celebrate Girl Scout Week March 7 - March 13.

WARM WATER AND ACTIVE FISH

Early springtime findsteager anglers searching for active the wrong places. We tende fish the productive spots that last summer. Sure we know better, but that old stump in the shallow water draws us like a magnet. Too bad it doesn't draw the bass.

Solution-Approach your favorite lake like it is your first trip. Search for the warmest water. Try the coves and pockets on the northeast side of the lake. The sun will warm these areas longer each day and the fish will turn on while their cousins continue to slumber in more frigid waters.

In the springtime, the most pro-

The IRS estimates that fewer than one percent of tax returns

ductive piece of equipment is not that fancy electronic depth finder. Most successful anglers rely on a simple temperature gauge. Find the warmest water with deep water access. An old creek channel that runs on the north side of the lake will serve as a bass highway. S-l-o-w-l-y work the bottom and when your bait feels heavy, SET THE HOOK QUICKLY.

IF you have not tried the new generation of small fitness baits, I enthusiastically recommend the Berkley PowerBaits. Their four inch worm is a perfect snack for bass that are just starting to prepare for the rigors of spawning. Try blackshad, pumpkin or purple.

BUTCH COLANTONIO just won a Sun Country Pro-Am Tournament on Lake Amistad by using these small PowerBaits. A severe cold front caused the shallow bass to develop a bad case of lockjaw. Butch backed off the shoreline and used 12 lb. line to vertically fish the ledges in 30 to 50 feet.

According to my unofficial records, Butch has won tourna- ing in any state park.

ments on Possum Kingdom, Conchas, Ute, and now Amistad. The debate about who is the best angler will continue but few will dispute that Butch is in the fast lane. No one gets to the lake quicker and on the lake As sleek Allison boat is faster than a Nolan Ryan pitch.

TIP OF THE WEEK-If you want to add some flash to your spinnerbaits, some of the new "iridescent" Easter basket grasses are the perfect and cheap solutions. Buy a bag of iridescent grass for about \$.70 and then sell it to your buddies for \$1 a strand.

The only public meeting in our region by the Texas Parks and Wildlife concerning the new rules for fishing and hunting was held in Amarillo. The bureaucrats in Austin will be excited to learn that 11 of the 12 attendees were adamantly opposed to the proposed color and size regulations on jug fishing! That otherfellow wanted to stop all hunt-

The Gruver Greyhound varsity track and field team, under the guidance of Head Coach Doug Frick, performed well in their first competition of the year Friday and Saturday, March 5-6 at the Stratford Meet. The Hounds placed second overall in the seven team field, with 111 points. Stratford won the meet, with 185 points.

Gruver team members scored four first place finishes, in the Mile Run, in the Spring Relay, in the 800 Meter Run, and in the 100 Meter Dash. In addition, they medaled in six other events.

In the 1600 Meter Run, it was Scott McCloy providing some senior leadership by taking first place with a time of 5:10.86. Joe Bravo also competed, finishing with a time of 5:36. In the 800 Meter Run, it was McCloy again for first place with a time of 309.61. The gold in those two events earned Gruver 10 points each, for 20 total points.

In the 400 Meter Relay, the Hound team of Ryon Atwood, Rosalio Arreola, Jason Bartimus and Raul Villegas finished first, with a time of 46.81, earning Gruver 20 points. Senior Villegas, along

Villegas also took first place in the 100 Meter Dash, with a time of 11.65. That earned Gruver an additional 10 points. Aaron Frick also competed in the 100 Meter Dash.

Gruver placed will in three of the field events. In the Running High Jump, Tek Ferguson placed second with a leap of 6'0", and freshman Wylee Maupin placed third with a jump of 5'10". Together that earned Gruver 14 points in the high jump. Meanwhile, in the Triple Jump, it was Maupin again, earning Gruver six points with his third place finish, a jump of 37'4". Arreola placed fifth with his jump of 35'1". Ferguson also competed in the triple jump. And in the Discus Throw, Frick placed third for six points with his toss of 147'31,". ries, too many for most individuals except teenage boys and very active men or athletes.

Another crucial concept to understand when using the Pyramid recommendations is serving or portion size. A serving is not the number of times a food is eaten per day, but rather a specific amount of food. For example: one serving of grain is one-half cup of pasta or one slice of about the size of a deck of cards).

Each of the food groups provides some but not all the nutrients needed. That's why it's important to eat foods from each of the groups. The Pyramid goes beyond the food groups to help put he Dietary Guidelines into action. For more information on using the Pyramid and on controlling the level of fat in your diet, contact Karen Babitzke, your local County Extension Agent in Home Economics at 659-2030 or 733-2901.

"What self-respecting canine would stand still ... I mean sit still ... for this? My master had better get a move on before I leap out of this washtub and give him a shower! If this gets out, I'll be the laughing stock of the neighborhood. Oh well, patience is a virtue. He is good to me, but what did I do to deserve this? It's a dog's life!"

There are those times that we endure through our faith in God. We may feel undeserving of our plight, yet accept it as necessary for our spiritual development. Trusting our Master to have a purpose for every situation, we know that He is always with us.

This Sabbath, may we thank God for His faithfulness to us, His children, and resolve to begin each day with a prayer of trust ... "Thy will
