## Christmas Pageant To Be Held In Amarillo

presented Paramount Terrace Christian Church at the Civic Center Auditorium has established itself as one of the premiere family-oriented holiday traditions in the entire tri-state area

The Christmas Pageant portrays the true meaning of Christmas by telling the life story of Jesus Christ with the spectacular use of music and drama. Dramatic lighting and special effects enhance audience's experience, but it is a simple message of the love, forgiveness and acceptance that Christ brought to this world that touches their hearts and

The Pageant takes the audience back 2,000 years to experience the life of Christ Featuring new music and a completely new script every year, the Pageant always remains fresh and exciting. This year the Pageant is entitled "Freedom" and is told from the viewpoint of Barrabas and a couple of modern day convicts.

The dates for this year's preentations December 15 through Monday December 18 at 7:30 p.m. with Saturday and Sunday afternoon matinees at 3 p.m.

Tickets are free and can be obtained from the Music Ministry Office located at the east entrance of the church at 1000 Mays Ave beginning Monday, November 27. For more information, call the Ministry Music (806)353-6615 or check out the website www.ChristmasPageant.com.

# Farm Bureau Sponsors Fireman's Training

Arnie Hunt of the Spearman Fire Department receives a \$495 sponsorship from Danny Womble of Hansford County Farm Bureau.

Texas Farm Bureau recently sponsored local fireman, Arnie Hunt to attend municipal firemen training school held the last week in July.

The week-long training was held at Texas A&M in College Station.

Each year, Texas Farm Bureau pays for the training of one firemen from each county. The Gruver and Spearman fire departments trade off each

"We wanted people to realize the Texas Farm Bureau is doing something to help farming and ranching communities," said Danny Womble, President of Hansford County Farm Bureau.

## Crisis Center To Increase Aid Thanks To Grant

Panhandle Crisis Center recently announced it received a \$7,000 Doors of Hope Direct Services grant to provide emergency financial assistance and legal aid to victims of family violence.

Doors of Hope, a partnership between the Philip Companies and the National Network to End Domestic Violence Fund, provides food and meals, counseling, shelter, outreach and training programs, as well as community awareness programs for victims and survivors.

According Cindy Smith, executive director of Panhandle Crisis Center, the grant will continue to let the center offer rent subsidy and utility assistance to those who are struggling financially as well as legal representation for those in abusive situations.

"It will also allow us to contract with attorneys to represent victims in civil cases," she said. "Many victims will return to their abusive partners rather than risk losing custody of their children."

Stephanie French, vice president of Corporate Contributions at Philip Morris Companies said that her company is responding to a need they have heard voiced across the

"Through Doors of Hope, we are supporting crucial services that help victims and we are working together to end the abuse," she said.

# Gladiola Flower Club Annual Home Tour

The home of Roy Lee and Betty Uptergrove, 11 Glover Place, will be shown in this year's Gladiola Flower Club Home Tour on December 3rd. Shade trees and bird houses in the front yard invite you to watch birds year-round. Roy Lee finished their home in 1979 and then told Betty, "Let's sell this and build another one." This had happened twice since he was a contractor. Betty told him that if it didn't sell in a month, they were going to move in. Needless to say, they are still there. This is a comfortable 3-bedroom home with a storage shed and second garage in the back.

Come and visit December 3 from 2-5 p.m.

Dickie Allen will show her house located at 8 Golden Circle Dr. This spacious three bedroom home was built in 1982 for Jewel Pearson by Roscoe Nelson

Newell and Dickie Allen purchased the house in 1989 while Charles Eaton was remodeling two small bedrooms into a larger one and the kitchen-dining area.

You will enjoy seeing the Santa Claus collection, many family heirlooms as well as other collectibles.

Three other homes will be on display during the annual home tour including: The Pat and Ann Northcutt residence, located one mile north on Hwy. 760 (Airport Road) and one mile west; Hansford Bed & Breakfast, located five miles west on Hwy. 15 and the residence of Everett and Dixie Tracey at 607 Endicott.

# Count Your Blessings

The following is something to ponder...

If you woke up this morning with more health than illness... you are more blessed than the million who will not survive the week.

If you have never experienced the danger of battle, the loneliness of imprisonment, the agony of torture or the pangs of starvation... you are ahead of 500 million people in the

If you can attend a church meeting without fear of harassment, arrest, torture, or death... you are more blessed than three billion people in the world.

If you have food in the refrigerator, clothes on your back, a roof overhead and a place to sleep... you are richer than 75%

If you have money in the bank, in your wallet and spare change in a dish somewhere... you are among the top 8% of the world's wealthy.

If your parents are still alive and still married... you are very rare, even in the United States.

If you hold up your head with a smile on your face and are truly thankful... you are blessed because the majority can,

If you can hold someone's hand, hug them or even touch them on the shoulder... you are blessed because you can offer God's healing touch.

If you can read this message, you just received a double blessing in that someone was thinking of you, and furthermore, you are more blessed than over two billion people in the world that cannot read at all.

Have a good day, count your blessings, and pass this along to remind everyone else how blessed we all are.

May God bless and keep you; May He make his face to shine upon you, and be gracious to you; May the Lord lift up his countenance upon you, and give you peace. Numbers 6:24-26

# Minding Your Own Business

by Don Taylor

Don Taylor is the co-author of Up Against the Wai-Marts. You may write to him in care of Minding Your Own Business. PO Box 67, Amarillo, TX 79105.

#### Heart of the Matter: Satisfied Customers

If you study business writings, you'll learn that every author has a few pet strategies for business success. Some may focus on technology, branding or positioning. Others may champion quality control, financial management or personnel

If you record all the great writers' "must-do" tips, the list would be a mile long. Most items on the list would qualify as good advice and would help you succeed in business.

I have a "must-do" for that list. I believe satisfying customers should be at the top. You see, satisfied customers are the heart of the matter.

#### The Wrong Focus

The line was long, and the customers were growing restless. One customer asked if there had been a death behind the counter. Another wondered how you could tell - no one was moving. I heard one harried worker tell another to hang on because the owner was on her way.

Sure enough, the owner appeared in moments. She immediately surveyed the lines and went to an order station. I expected the owner to open the register and get things moving. Instead, she ran the register totals to see what volume of business the store had done for the day. After repeating the action on the

peared into her office. A few moments later, she came out of the office and began picking up trash and restocking inventory. I wanted to yell, "Please wait on customers, we're all tired of waiting."

For this small-business owner, other elements were more important than caring for customers. Customers came after procedures. Customers came after seeing what kind of day the store was having. Customers weren't the heart of the matter, they were just an unwanted by-product of doing business. This business wouldn't exist if the competition was stronger.

#### Getting to the Heart

There are many ways to keep your customers satisfied. Here are a few quick tips to help you get to the heart of the matter.

· Focus. From the top down the emphasis of every organization must be to serve the customer. When the owner has other priorities, employees aren't at fault when the system breaks down.

· Training. Personnel experts cite stress as a major cause of employee turnover. One major cause of stress is the lack of a thorough training program. Businesses are so desperate for warm bodies to go to work that they just stick the newly hired folks into a slot and hope they can

· Make One Sale at a Time. It may sound trite, but you really can't do two things at one time. Therefore, put all of your energy into serving one customer and serving that cus-

· Ignore Distractions. Recently, while traveling, I stopped at a wellknown ice cream chain to enjoy one

only two others in line so I assumed it would be a brief wait. That's when I noticed two store folks were talk-

ing, which left only one working. I waited. Finally, the manager noticed I was watching his visit and approached the counter to take my order. Just then the phone rang. The manager excused himself and hurried to the phone. He turned his back to me and began a lengthy conversation. I waited a full minute, then left. As I backed out, the manager came

to the window and gestured to me that I was still number one in his book.

· You're Only as Good as Your Last Customer Moment. You can never relax. Customers are like elephants; their memories are good. Every customer service moment must be a positive one, because customers really are the heart of the

# Blowin' In The Wind

by Dwayne Mitchell

Plans are moving ahead for how the J. B. Buchanan Windmill Park will be developed in its location on the southern approach to Spearman. A land-scape committee is needed to begin the landscaping. Particularly important now is a person or persons to head that committee. If you have an interest in landscaping, working with windmills and the public, please contact Roger Buchanan or Gina

Commemorative brick and tile are presently for sale and will be a part of the landscaping plan. If you want to buy a commemorative tile or brick, contact Gina Gillispie at the Chamber Office. Seventy brick and tile have been sold, but plans are to sell at least

The SPWA's annual meeting is planned for sometime in January, 2001. The SPWA presently has 114 members and more members are needed. Please make plans to join the SPWA or renew your present mem-bership and attend the annual meet-

One of the important tasks of restoring a windmill is the lettering on the vanes (tails) of the mills. Wanda Reed has done that for the mills, particularly the OK, the Star Zephyr and the Leader. Her work is painstaking and professional, but she s in need of help in this area. If you have an interest or talent in lettering mills, contact Wanda or Gina for information. The lettering on the tail of a mill is the final touch and adds immeasurably to the beauty of the restoration of a mill.

If weather permits and there is no recount or dimpled ballots, by the time that this column appears in print, we should have a Leader. The Leader is a mill with a fixed wooden wheel on a wooden tower and is from the J. B. Buchanan collection. Also, very close to being put up is the Star mill that has been displayed by SPWA in various parades. It is going to be per-manently located at a site near the

The SPWA's mill to be displayed in parades to replace the Star is going to be a Monitor open-geared mill. It is presently being restored and will be mounted on the SPWA's trailer for entry into area parades. The Leader, Star and Monitor will be discussed in

detail in future columns.

CURRIE MILLS Presently in the J. B. Buchanan Park, and two of the first mills erected in the park, are two Currie Mills. Both are from Mr. Buchanan's collection and both are steel wheel mills. Both mills are in the south row of mills, separated by a Butler mill.

The Currie mills are distinctive by virtue of a steel band that runs around the outside of the wheel. These mills are also interesting because the Currie Company advertised "our mills are bolted together, wheel sails fastened with bolts, vane bolted together, in fact, there is not one rivet in the mill." So in case any part gets damaged, it can be replaced with a screwdriver or wrench. An attractive idea when you consider trying to deal with a rivet 20-25 feet in the air where one hand is required to hang on, second hand is required to hang on, second hand is required for the hammer, third hand is---you get the picture. One other characteristic of the Currie Mili is that it has wooden bearings that were advertised never to wear out. Also, both mills are opengeared mills.

Currie Mills are very popular for another reason, they were cheap costing in 1911, for example, \$14.00 and in 1934 \$28.00. Even as late as 1950, a six-foot open-geared model cost less than \$40.00.

The wheels of the two mills in the park are an 8-foot and a 6-foot. The 8foot mill is a swallow tail because of its distinctively shaped tail. The tail on each mill when shut off angles up at about a 45 degree angle. Both of these mills came from Francis Sackett's ranch northwest of Cleo Springs, Oklahoma. Mr. Sackett is J. B. Buchanan's brother-in-law.

# Among The Neighbors

A large colored picture of Jennifer Laxson was in last Wednesday's Amarillo Daily News showing her in deep concentration, bowling using a frozen turkey as a bowling ball. Jennifer, a sophomore at WTAMU, was competing in WT's Annual Turkey Bowl contest.

Jennifer, the daughter of Paulette Laxson, is the Tuesday evening DJ host on station KWTS FM radio. It is on 91.0 FM but does not reach Spearman.

Sympathy is extended to the families of Robbie Butts on the death of her mother, Jenna V. Ownbey.

Jenna, widow of Robert Ownbey, was an active community resident of Spearman and the community for many years. Their children finished high school here.

How about that picture in the Farm and Ranch section of the Sunday Amarillo News Globe showing a truck at sunset on the prairie with the quote underneath, Tom Burtler harvests sunflowers on his father's farm between Waka and Farnsworth in Collingsworth County.

All these years Waka and Farnsworth were considered in Ochiltree County. Will their votes be thrown out if they voted there?

Funeral services for Lenor "Nora" Baca were held Tuesday with internment at Hansford, Mrs. Baca, 60, passed away enroute to Amarillo via medivac on Saturday. She had been a resident of Spearman for 38 years. She and her husband, who died last year, had raised their family here. All attended school here.

Condolences are extended to all the family.

Such a complimentary article that was one day last week in the Amarillo News about Kevin Beedy, sophomore quarterback, and his parents, Scott and Becky. The outstanding tennis records of Kevin and his sister, Kristen were reviewed. Scott and Becky also had athletic records in high school in Spearman

This community is indeed fortunate in having the Beedy family as

expressing our appreciation to our many friends from church, school and the community who offered so many expressions of love and concern during the time of Chance's surgery and recovery. Your prayers sustained us and your many acts of kindness and thoughtfulness lifted us up with sweet encouragement. Brother John and Eulis Denton, Mary Baker, Brian Foster and Troy James stayed with us on surgery day, Chance's teachers, both at school and church, sent message and "care" packages that thrilled his heart (and ours, too), and the many calls and inquiries about his condition and the test results let us know his many friends were "keeping watch" with care. We are grateful from the depths of our hearts and pray God's richest blessings on each of you who has helped us through this time. We praise God for Chance's speedy recovery and for good pathology

A few weeks ago the Amarillo Daily News had a piece by David Stevens on the Muleshoe CraneFest, and I learned that there were lesser sandhill cranes and the greater sandhill cranes. I found some of Margaret Kirk's stories in the W. P. A. files in the Archives of the Panhandle-Plains Museum at Canyon. I would like to find a complete set of her work. I don't know if her family kept them or if they are in the Museum under some other category.

Do you think she was referring to Jennie Ludlow Cator (Mrs. Bob) or to some other pioneer woman? Jennie accompanied Clara Cator to Hansford County in 1879. Usually in a write-up on Bob Cator you find that they moved to Oregon in 1892, because Jennie didn't like this coun-

# Cargill AgHorizons to Offer **New Contracting Program**

Cargill AgHorizons will launch a new grain contract that will take the futures hedging burden out of the hands of producers and put it in the hands of hedging experts. The new contract, called ProPricing, will offer farmers five professional hedging choices managed by grain marketing experts. The final contract futures price is based on the hedging activities of these experts.

"We're excited to offer our customers a new solution to the chal-lenge of grain marketing," said Mike Hansen, Farm Service Center (FSC) Manager. "Our customers tell us they don't have time to watch the markets everyday, so this is another way we can help.

Farmers participating in the ProPricing contract may chose from five hedging choices and bushels contracted may be split between the various choices. Cargill AgHorizons manages three hedging choices and non-Cargill grain marketing professionals manage two. The final contract futures price is based on the hedging activities of these groups.

Cargill Agllorizons Pros utilizes Cargill's trading experience to formulate futures and options strategies. The goal is to achieve a price in the top third of the market trading range. A service charge applies and an additional performance premium is charged if the team reaches the top third of the market goal.

Cargill AgHorizons Average Plus (A+) is a continuation of the previously successful A+ contract. Farmers are guaranteed a minimum of the average futures price during a set period plus two-thirds of any by which AgHorizons hedging activities exceed that average. A service

charge applies. The A+ contract is now part of the ProPricing contract.

Cargill AgHorizons Max Average offers a lower-risk choice. Farmers receive the average futures price during a set period, typically the highest seasonal period. Participants also agree to a maximum futures price, creating a price cap. No service charges or performance premiums apply to this choice.

Market advisor Richard Brock through Brock Associates manages a fourth choice. Brock will utilize futures and options strategies with a goal to achieve a price in the top third of the futures range. A service charge applies and an additional performance premium is charged if the price is within the top third.

Alan Kluis, founder of Northstar Commodity, will manage the fifth choice. Kluis will utilize a slightly more conservative strategy, keeping the same price goal of the upper third of the trading range in mind. Like the Brock and Cargill AgHorizons choices, a service charge and additional performance premium for the top third price

Each hedging choice offers a guaranteed minimum price, helping to reduce risk producers face in grain marketing. Participants may set the contract basis at any time prior to

The ProPricing contract will offer producers a choice of futures offering months.

# Hamlin Takes Win From Lynx

by Jeff Beedy

When you get in the high school playoffs, you have to be good and you need some breaks to go your way. Both teams had a fine football team. Hamlin had the breaks go their way and that was the difference in the game. Both teams played well and it was an exciting game to watch. But in the end, it was Hamlin that made the big play that took the game away from the Lynx. Early in the third quarter, Hamlin had to punt, but Spearman was called for too many men on the field taking Spearman's field position away the entire second half. Spearman did have a chance to go ahead late in the fourth quarter, when they had the ball on Hamlin's 18 yard line with the score 14-13 in favor of Hamlin. Spearman threw a pass over the middle and Hamlin's Jared May was there to intercept it and ran it back 85 yards for a touchdown. The Lynx had another chance late in the game, but were stopped short on 4th down and that sealed the victory for Hamlin. Hamlin ended up scoring again late in the game and the final score was Hamlin 28 Spearman 13.

The Lynx had a great season and the community is very proud of the way they played all year long. They advanced a lot farther than anyone expected. This is a

Yes, we will miss those seniors that will graduate, but the future looks bright for the Lynx. These kids played their hearts out and they played well as a team all year-long. We always feel a part of the team when we win and we all need to feel a part of the loss when we lose. We can't look back and single out one or two plays because you have to play the whole game and these kids, coaches, and fans did everything they could to win and we are proud of all of them. This win was just not meant to be for the Lynx and we want to wish Hamlin the best of luck next week against

This was a good day for football as the temperature was in the low 50's with the wind out of the north at 15-20 mph and a bright sunny day. Both teams had a good crowd on hand to cheer their team on to victory. Hamlin won the toss and deferred to the second half, so the Lynx got the ball first. On their first possession, the Lynx could not move the ball and went three and out.

Hamlin got on the board on their first possession. They started on their own 41 and a few plays later they drove to the Spearman 22. On 3rd and 8, quarterback Clint Powell threw to tight end Michael Green over the middle for the touchdown. The PAT kick was good and Hamlin led 7-0.

Both teams exchanged punts on their next possessions and the Lynx started their 3rd possession from their own 33 yard line. After converting on 4th and inches from the Hamlin 44, the Lynx drove the length of the field. The drive was capped off by a QB sneak by Kevin Beedy from 1 yard out. Eduard Lopez' PAT kick was good and the score was tied

The Lynx held Hamlin on their next possession and the Lynx started their next drive from their 47. On 2nd and 9, Miller inter-

positive to build on for next year. own 11 yard line with 5:36 left in cepted a Powell pass and returned the 2nd quarter. Spearman drove the ball out to the 50 yard line. On 2nd and 10, Beedy threw to Miller out in the flat who then threw a lateral pass to tailback John Brock. Brock ran to the Hamlin 34 before being shoved out of bounds. On 2nd and 10 from the 34, Beedy handed off to Brock who handed off to Miller and then Miller tossed the ball back to Beedy on the flea flicker. Beedy found cousin Tanner Beedy, who got behind the defenders, and Kevin through a perfect pass to Tanner for the touchdown. The PAT kick failed and Spearman led 13-7. Neither team could move the ball and that is how the first half ended.

Hamlin got the ball to start the second half. They started on their own 25 and after making one 1st down, the Lynx defense held and they had to punt. But on the punt, Spearman was penalized 15 yards for having too many men on the field. That penalty gave Hamlin the ball back with a first and ten. They drove to the Spearman 16 yard line. The Lynx defense held when Hamlin went for it on 4th and I from the 7 yard line. The Lynx took over on downs, but they were unable to move the ball. They to punt back to the Pied Pipers who would get good field position. Jared May would return the punt 18 yards to the Spearman 27 yard line. A few plays later, Hamlin drove to the Lynx 1 yard line where tailback Henry White ran off tackle and into the end zone for the score. The PAT was good and Hamlin led 14-13 with 3:11 left in the 3rd quarter.

Spearman kept the ball on the ground on their next possession. They started on their own 26 yard line and moved the ball down to the Hamlin 47 before the drive stalled and they had to punt. Haralin started on their own 27 and moved the ball to the Lynx

it to the Hamlin 41 with 8:33 left in the game. Spearman drove the ball down to the Pied Piper's 18 yard line. On 1st and 10, Beedy tried to find John Brock over the middle, but Jared May was there to pick it off and he ran 85 yards for the touchdown with 5:27 left in the game. The PAT was good and Hamlin led 21-13.

The Lynx had another chance to try and tie the game as they started from their own 28 yard line. They tried to convert on 4th and 2 from the Hamlin 47, but came up about 3 inches short and Hamlin took over on downs. Hamlin went three and out and punted back to the Lynx with 1:17 left in the game. The Lynx started from their own 8 yard line without any timeouts left. On 4th and 1, Beedy tried to throw a screen pass to Brock, but Hamlin's Michael Brown was there to intercept running it into the end zone for the TD. The PAT was good and the score was Hamlin 28 Spearman 13 and that is how the game

Like I said earlier, you guys had a great year and we as a community feel loss with you. The seniors had a great year and were great leaders for this team. Steven Richard Varnon, Vasquez, Vanderburg, Kolby Clayton Sumner, Ty West, Jimmy Gaytan, Timmy Bynum, Junior Moreno, Ismail Hernandez and Eduardo Lopez will be missed next year. You guys did a great job and I wish you the best of luck in whatever you do!

As for the rest of you that will be back next year, I hope you will not forget what this loss feels like and use this in a positive way to build for next year. Work hard in the off-season and start getting ready now for next year and let's win a state championship! I believe you can do it and I hope you believe you can, too! Once again, congratulations a fine year!

Basketball season got into full swing this week with a number of

ames and tournaments on tap for the Lynx and Lynxettes.

The varsity Lynx and Lynxettes will be in the Miami Invitational Tournament starting on Thursday. The Lynxettes will play Follett Thursday morning at 9:00 followed by the Lynx at 10:30 who will also be playing Follett.

The JV teams will travel to Gruver for the Gruver JV Tournament also starting on Thursday. The JV Lynxettes will play Canadian at 4:00 p.m. on Thursday in the Activity Gym, followed by the Lynx at 5:20 also in the Activity Gym playing Canadian. Good luck to all the eams this week!

# Letter To The Editor

Dear Cathy,

I appreciate your efforts in getting a correct list of Hansford County Veterans. I did a brief review of your lists published on November 9 and 16, 2000 and came up with the following additional persons who either are from Hansford County or have been from Hansford County:

have been from Hansford County:
Edgar D. McMurray, Clyde F.
Thompson, R.L. McFarlin, Leroy
Farris, Jim Brown, Cecil Biggers,
Britt Jarvis, Billy Jarvis, Jon Jarvis,
Richard Abner Jarvis, Wiley Sheets,
Glenn Ayers, Howard Golden
Garnett, J. Travis Garnett, Lynn
Cook, Carson McCloy, Ed GArner,
Dennis Cline.

I commend you for having the courage to attempt this list. The list cannot help but be incomplete because of the many people who have moved in and out of the county, and in relation to the population that was drafted or volunteered at various times, the number will be nearly staggering if you could get a totally complete list. Many of these people have moved on and are no longer connected with our community. Some will have no way of knowing that a list is being compiled and may not have any interest in it. I know that there will be some people whose names are missed and who may be very brazen and ugly about the fact that they were missed. I commend you for being willing to put up with their abuse and thank vou for publishing it.

Sincerely yours, Britt Jarvis Dear Editor

Once again, I am writing to the people of Spearman to first of all thank Cathy, the editor of this paper for her help and patience with me and my business.

I also would like to thank Carolyn and everybody at KRDF for their cute ads. I would also like to thank Tashi Schumann and my daughter, Dawn, for doing some spots on the radio. But I have to say that Spearman is not a big enough town for my business. My specialty is nail art, and I do it very well.

At this time, I have decided to move my business to Jan's Hair Fashion on 7th. Street in Perryton. It's too bad that a small business is "so so" risky in Spearman, Texas! For someone like me who had great expectations and faith that those of you who kept promising you would come, but never had the time.

I had ladies who visit their relatives, here in Spearman, that looked forward to a pedicure from Netta. They paid me well and even tipped.

Special thanks to Kay at the Palo Duro, and to Kathy at Dairy Queen. A very special thank you to my dear friend Janie Kunselman, for all her support and love! Thank you Charlie for your support and love for me and all the money you spent helping me buy products, gas, and whatever was needed. Thank you Olivia for giving me a chance.

And to end my letter, I would like to say: Please, please quit gossiping about everyone in town. I was asked if I am getting a divorce because that is the new rumor now!

The answer is no- Charlie and I will have been married 18 years in December. And although we have had some bad times, we are shocked

at this new rumor. People drive the streets to see what is going on all over town. If you do that all day long, why?

Let's set the record straight, if you want to know something, why don't you go straight to the source and ask? I just can't believe this town, and I must say I am truly disappointed

Sincerely, Annetta McIver

#### Panhandle Community Services To Administer USDA Grant

Panhandle Community Services has been selected by USDA Rural Development to administer a Housing Preservation Grant in the amount of \$83,432 to renovate existing housing within the 26 counties of the Texas Panhandle. Recipients must come from communities of less than 10,000 population and whose incomes are considered low to very low in relation to the incomes within the county.

This money must be used in conjunction with the home weatherization program of Panhandle Community Services. Persons who feel they qualify and would like to inquire about this assistance should contact the Perryton Center at (806)435-2678 or Margaret Wolf at 1(800)372-2531.

# Gruvez State Bank

would like to take this opportunity to thank each customer for their continued patronage.

Please join us for our Christmas Open House Thursday, December 14th 4:00-6:00 p.m.

# Armstrong County Fall Producers Meeting

The Armstrong County Extension Service and the Armstrong County Agriculture Industries Committee will host the Fall Producers meeting Thursday, December 7, 2000 at the Armstrong County Activities Building, located 1 mile south of 287 on highway 207. The program will offer five CEU's. Registration will be from 8-8:30 a.m. with the program starting at 8:30. A ribeye steak lunch will be served sponsored by different companies. The program will wrap up about 3:30 or 4 that afternoon.

In addition to the program, we will have commercial exhibitors representing different companies from seed dealerships to implement companies. The exhibitors will donate door prizes and be on hand to answer any questions you may have about their products. Come get the CEU's you need, a ribeye steak and have the opportunity to win some valuable door prizes.

This meeting will include producers from Armstrong, Briscoe, Carson, Donley, Gray, Potter and Randall counties. Anyone interested is more than welcome to attend. Please call and RSVP by Monday, December 4, 2000 so we will have plenty of steak. If you have any questions or would like to RSVP, call (806) 226-3021.

# 4-H Producers Reminded to Check License Expiration

Producer's that have private applicator's license should look to see if your license expires this year. They do so at the end of the year. This would be a good way to get some CEU credits. You need 2 - Laws & Regulations and 2-IPM. The rest can be in General or Drift. You will be 15 altogether.

Ochiltree CEU Meeting

• Ochiltree County Extension Office will offer producer's meeting December 6th at the County Expo Center in Perryton.

Center in Perryton.

•The fee is \$35 from 9 a.m. -

noon

 Three CEU's will be given - 1-Laws and Regs; 1 - IPM and 1-Drift

Hansford County CEU Meeting

• Hansford County Extension and Equity will sponsor a producer's meeting December 7th at 9 a.m. - 3 p.m. at the Hansford County Barn.

• Five CEU credits will be given: 1- Law & Regs; 1- IPM and 3-General.

If you have questions, please call Burt Williams, CEA-AG at 659-4130 or 733-2901.

# **Hansford County Veterans**

Listed below are the names of some of the Hansford County Veterans who were inadvertently left off of last week's list. If you know of others, please call the Hansford County Reporter-Statesman office at 659-3434.

Thank you, Catherine Smith
