To recruit new members . . .

### SVFD visits city council

Members of the Spearman Volunteer Fire Department attended the Oct. 9 meeting of the Spearman City Council to kick off the SVFD's membership drive.

The drive began Thursday, Oct. 11 and was to run through Thursday, Oct. 18. At the meeting, the city council and the SVFD divided into two teams to recruit new volunteer firefighters. It was decided that the team recruiting the most members would be served a dinner prepared by the other team.

The council officially appointed Ronnie Antalek and Bill Porter as fire chief and assistant chief, respectively, prior to the organization of the SVFD membership drive

In other business, Spearman aldermen accepted a quote from Western Fence Company of Amarillo to repair chain link fences at various city facilities. The cost of the fence repairs will be \$4,920.65.

City Manager Jim Murray was authorized to solicit bids for a used police car, a used pickup, two merry-go-rounds and 200 residential gas meters.

Murray told the council that in order to have a strategic planning session, council members need to inspect all city facilities. The mayor and council set the inspection date for Tuesday, Oct. 30 at 2 p.m. That day was also accepted as the date for the next council

Regular business for city fathers included approving minutes of the Sept. 25 council meeting; approving monthly fire, ambulance, police, municipal court and animal control reports; and approving monthly bills payable and current cash position.

Attending the meeting were Mayor Burl Buchanan; Aldermen Wilson McClellan, Mike Cudd, Bob Boxwell, Don Reed and Ed Garner; City Manager Jim Murray; City Secretary Cheryl Gibson; Director of Public Safety Joe Raper; Fire Chief Ronnie Antalek; and visitors Dean Coates, Billy Snider, Rod Fulce and Eldon Myrick, all representing the Spearman Volunteer Fire Department.

Mrs. Brock's and Mrs. Ramon's first grade classes were the second of two groups of Spearman first graders to tour the Reporter-Statesman

office on Tuesday. Mrs. Clyburn's and Mrs. Piersan's classes can be seen on page 4.

The Texas Education Agency's compliance visit to the Gruver schools was one of the top issues discussed at the October meeting of Gruver School Board gAccording to a report given by Thomas Cathey, superinten-dent, the board met on Wednesday, Oct. 10 at 1 p.m.

According to Cathey the second item on the agenda was his report to the board about the TEA visit. He said he told the board that early and unofficial indications were that the TEA team was very complimentary about the Gruver schools. They singled out the ESL, Vocational, Chapter 1 reading, Special Ed. and Gifted and Talented programs for special

Cathey went on to indicate there were only three areas mentioned

George Bayoud said.

by the team where Gruver ISD needed some improvement. One of those was the need for more books for the ESL classes. A second was that more of the schools' communication with parents needed to be in Spanish as well as English. The third area concerned two teacher certification infractions. Cathey reported that these shortcomings had already been brought up to standard.

He went on to report that the board adopted a drug prevention plan for the Gruver school system. According to an outline released by Cathey, the plan will provide prevention, intervention, treatment referral and support services to Gruver students and their

The board, according to Cathey, approved the High School Education Plan. According to an outline released by Cathey, the goal of the plan is to help each student to acquire the skills for work and living and to prepare the students to cope with change. The measure of the succees of the plan will be improvement on standardized test scores. The plan proposes greater involvement between school and home as a means of increasing the school's effectiveness

The next item of business to come before the board was a brief discussion of extra duty (excluding athletics) pay for teachers. According to Cathey the subject was tabled for future action. "This is just something I wanted the board to be thinking about come budget time,

After the extra duty discussion, according to Cathey, the board met in executive session to discuss personnel matter.

Upon reconvening in public session the board listened to the first reading of the Texas School Hoard Association recommended ditrict policy, item EA. This policy, ccording to Cathey, deals with the formation of a district wide education council. The seven member of the council will be six teachers and one non-teacher professional staff employee. If the policy is a proved

by the board on its second reading it will become district policy.

The superintendent's report was another item on the agenda. Cathey reported on the purchase of 60 new desks for the high school, saying they needed to replace the 27 year old desks now being used. A second item on his report was to inform the board about the meetings at Region XVI Educational Service Center lealing with school finance. The third and last item of his report was to announce the disposition of an aronymous \$5,000 donation made to the school district. Cathey said the money was spent on two IBM compiters to be used in the school's imputer lab.

mendment of the budget was next item on the agenda. Accoring to Cathey the board voted in favor of his recommendation that \$1,250 of the superintendent's travel money be moved into a new line item to be used for teacher training. "I wanted as many teachers that wanted to, to take the TESA (Teacher Expectation and Student Achievement) Training," Cathey said. "The money wasn't in the budget so we just moved some and created a new line item in the

conducted before adjournment was to pay the month's bills. The board authorized the payment of \$82,193.55 worth of payments. "The start of school is aways expen-

### Dam project discussed

Discussion of the Palo Duro Dam project consumed most of the Palo Duro River Authority's Oct. 9 meeting.

The second major topic of discussion was the confirmation of the purchase of the right-of-way on Rue

and Phil Sanders' property.

Johnnie Lee, PDRA general manager, reported to the board that a purchase agreement had been reached with the Sanders for a right-of-way on their property that will border the lake formed by the Palo Duro Dam. He informed the board that the Sanders agreed to grant the right-of-way for the approximate sum of \$300 per acre plus \$400 for road access. Lee further reported that this agreement put a stop to condemnation proceedings the Authority had started

against the Sanders. The board vote unanimously to

approve the agreement. Discussion of the dam project took most of the rest of the meeting time. Lee outlined to the board three areas where the dam project is making progress. They are: the filling in of the 174-foot gap in the dam, the modification of the the Palo Duro River bed behind the dam and construction of the two boat ramps that will serve the lake when it forms in front of the dam.

Lee reported that the gap was

filled in up to 45 feet of height and that water is already collecting at the base of the dam. He further stated that the contractor is estimating that the fill will be completed by December 1, 1990, and that the dam will be completed by

January 1, 1991. In reporting about the Palo Duro River bed, Lee indicated that there are two options, and that the board needs to decide which is the prefer-red method. They could allow the contractor to go in and clean out the river channel or leave the cahannel as it is. Lee mentioned that the board needs to decide whether to fill in the pond behind the dam. A decision on these matters was tabled until the board has a chance to look at the area firsthand.

Lee reported that construction on the two boat ramps is proceeding at a good pace. He went on to say that the \$4,000 in grant money from the State Parks and Recreation Commission, which is to be used to construct the ramps, had been approved. Half the money is available now and half will be available after the first of the year.

This marked the end of the formal meeting. The board then adjourned, with some of the members accompanying Lee to the dam site for an inspection tour.

#### Nov. 6 election was Oct. 9. "What this absentee voting

Absentee voting open

period does is provide Texans with an additional 17 days to vote, instead of just on election day,' Bayoud said. "If you are registered to vote, there simply is no excuse to stay away from the polls."

ed absentee voting requirements, registered voters need not give a specific reason for casting inperson, ballots during the extended voting period, Bayoud explained.

"If you have made up your mind who you are going to vote for, consider taking advantage of the extended period," Bayoud said. "It's real convenient and you can avoid the lines on election day.'

This year Texans will elect a U.S. senator, governor, lieutenant governor and scores of other statewide and local officeholders.

For information on local absentee voting hours and locations, call your county clerk or county elections administrator. For other election-related informaelection

E. NO. 2-08533 The abandonme of rail line between Spearman and Morse will be the subject of scussion at a called meeting of the Hansford County Historical ommission Monday, Oct. 22 at 2 p.m. The meeting will be Hd at the Stationmaster's House Museum in Spearman. The Somwestern Railroad Company, Inc. is planning to submit Notice of lemption to the Interstate Commerce Commission for authorizath to abandon the 18-mile segment of its Shattuck subdivision. he SWRR asks that the Hansford County Historical Commison review and identify any potential effects on regional and/or lod land use plans. All meetings of the HCHC are open meetings, anthe public may attend at any time. Commission members are SylviRobertson, Johnnie C. Lee, Jack Oakes, John R. Collard Jr., Jauni Pierce, Clementine and Gus Renner, Harry Stumpf, Rubyjo and D. Wilbanks and G.W. Robinson of Spearman; Joyce Johnson, Mba Rasor and Helen and Irvin Boyd of Gruver; and Jenny Blankethip of Morse.

### Gruver school honored

Gruver Elementary School will receive an Exemplary Performance Award during a special ceremony at 2 p.m. Oct. 27 in the Texas House chamber. Gruver Elementary was selected

for recognition as an "exemplary" campus as part of Governor Bill Clements's Educational Excellence Program. Schools selected to receive the awards if student performance on the statemandated Texas Educational Assessment of Minimum Skills (TEAMS) tests was at least 10 percent above the statewide average in the two previous school years.

Principal Bob Burgoon submitted a narrative to the Governor's Educational Excellence Review Committee in which he listed factors which contribute to the continued success of Gruver Elementary School ..." He wrote in the narrative that "While the staff of Gruver Elementary School offers neither a magic formula nor an original model for its academic success, it feels the time-proven attributes of careful planning, high expectations and commitment, community involvement, and hard work on basic skills are practices worthy of emulation in attaining effectiveness."

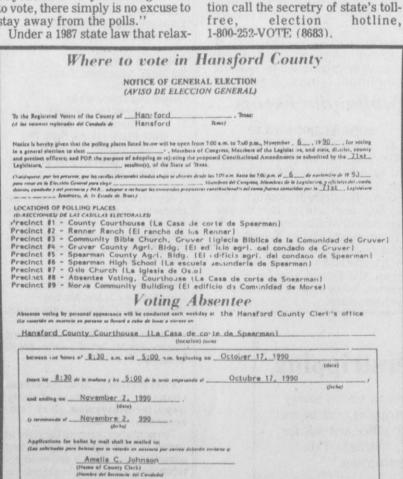

Upon being notified that the school would receive the award Burgoon commented, "The credit for this goes to the teachers and the kids. The kids are well supported at home and they work hard.

Superintendent Tommy Cathey, who will attend the award ceremony with Burgoon, added, "We feel honored to be nominated by the committee."

The educational excellence program was proposed by Clements in January 1989 and was a central part of the package that he guided through the legislative session that year. It is a two-pronged program that provides cash awards for schools that demonstrate significant gains in student performance and special recognition for those with a record of exemplary performance.

Gruver Elementary is one of 15 schools in the Panhandle and one of 374 across the state recognized for outstanding educational performance.

### Hansford Happenings

'Prehistoric Things" is the theme for the Spearman Cub Scouts' annual Dad-Lad Cake Bake, set for Tuesday, Oct. 23 at 7 p.m. at the Catholic Parish Hall in Spearman. Cakes baked and decorated by Cub Scout/father teams are offered for sale to the highest bidder at this, the Scouts' only fund raising event of the year. Proceeds are used by the Cub Scouts for activities throughout the year. More information can be obtained by contacting Kevin and Ronda Bynum, 659-2162; Doug and Linda Cummings, 659-3942; Debbie Hornsby, 659-3259; or Ray and Julie Ortega, 659-2300.

"How to talk to your kids so they will listen" will be the topic of Gruver PTA's Parent Education Program Monday, Oct. 22 at 7 p.m. in the school auditorium. Speaker for the program will be Mary Frances Ellzey from Tralee Center in Perryton. All parents from Gruver and area schools are urged to at-

Recreational adult co-ed volleyball games will be held at the Hansford Activity Center on Thursday nights at 7:30 p.m. Anyone interested in playing is welcome to come out and play.

United Methodist Youth (UMY) will have a '60s Drive-In Saturday, Oct. 20 from 6 p.m. to 8:30 p.m. at the Methodist Church parking lot. Old-fashioned hamburgers and fries will be served, 1960s style, by roller-skating "car hops." Prices are reasonable, and the public is encouraged to come by.

Spearman Girl Scouts will conduct their annual nut sale by taking orders door-to -door Oct. 5 through Oct. 19. Troops will be selling mixed nuts with peanuts, dry roasted peanuts, unsalted peanuts, butter toffee nuts, honey peanuts and peanut crunch. Delivery is scheduled for November. Proceeds from the nut sale help fund Spearman Girl Scout troop activities. Anyone missed during the door-to-door campaign can contact Carolyn Cummings at 659-2106 for information about how to purchase Girl Scout nuts.

Spearman Study Club will host its 10th annual arts and crafts show Saturday, Oct. 20 from 10 a.m. to 5 p.m. in the Spearman High School cafeteria. More information can be obtained and booth space reserved by contacting Claudine Hardy at 659-3440 after 5 p.m. or Donna Trantham at 659-2046 after

Spearman High School's student council is sponsoring a blood drive Monday, Oct. 22 from 9 a.m. to 3 p.m. in the high school library. Blood donations will be collected by personnel from Coffee Memorial Blood Center.

An open house is planned for Sunday, Oct. 21 from 2 to 5 p.m. to welcome three new businesses to Gruver. The open house will be held in the old Caprock building on Main Street in Gruver, and the public is invited to attend. The three businesses featured at the open house are Aeroflight Publications Inc., the Spanish Dagger (Yucca) Art Gallery, and Panhandle Marketing warehouse and distribution center.

Here's a hint for cooks: there are three teaspoons in a tablespoon

Larry Butler, Superintendent Spearman I.S.D.

Basically his rendering states the

"Texas School Financing System

remains unconstitutional because

it continues to deny school

'districts' ... substantially equal ac-

cess to similar revenues per pupil at similar levels of tax effort."

What does this mean? The court

will not entertain requests for fur-

ther relief unless and until it

becomes apparent that the 72nd

Legislature will not act timely. In

essence, the court means that the

legislature must enact a plan with

an effective date of September 1,

The honorable Judge made his

first mistake by giving the legislature until September 1 to

finish a new equity plan. By past

experience, the legislature will

drag its feet and consume the tax-

payers' money until the midnight

hour. This creates a severe pro-

blem for school districts in that we

must have a budget and tax rate

established by September 1. Not

knowing what our state funds will

be creates a "wait and see" pro-

The equity issue has plagued school systems and state

lawmakers for several years. It has

been in the court and back to the

legislature on numerous occasions.

It will probably continue to be an

issue for years to come. The big

question for Spearman I.S.D. is

state funds?"

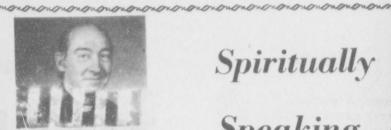

SISD

Beginning last January and well deficit from the state ledger. We into the month of June, the state legislature wrestled with the prodid receive less after all mandates were instituted, but not to the level blem of school finance and school that could have been induced by other proposed bills. At the same equity. Finally, SB 1 was approved and declared law by the time we elected not to elevate tax legislature. Immediately the plainrates above the dollar figure and tiffs in the previous law suits congive some relief to our local cerning equity in finance, filed suit economy. Now we stand at a once again in district court. On crucial point in school funding. September 24, 1990, Judge F. Scott What the state does will and can af-McCown passed down his decision fect local spending/tax rates.

There are points within the judge's decision that make me think the bad times have just begun and the word "crucial" does not sound strong enough. The decision mentions funds to "guarantee necessary and appropriate funding." To begin with, the state will be \$3-\$5 billion short of what SB 1 would require. SB 1 was not sufficient, was it? I talked with one of the court appointed masters two weeks ago, and his statement was, "the only place they can get the funds needed will be through a personal income tax."

This in itself is frightening. The other place they will find the funds will be from schools who have above average wealth. Guess who that affects? You're correct, Spearman I.S.D. During the last legislative session, different bills with the "Robin Hood" approach cut Spearman funds from \$219,000 to \$289,000. That gets your attention in a hurry. To recover that amount we would be looking at an astronomical tax increase. Compound that with deficit spending for our years, and Spearman I.S.D. could be facing extremely difficult

I mention these items and points of concern to alert the public and the school employees of what we could be facing in the very near future. Some will merely say I am crying "Wolf, wolf!" But, if the wolf does come huffing and puffing, that of "What will happen to our SB 1 was the best the district you were forewarned. The good has could wish or hope for in funding. gone, and the bad could become We were not crippled by a large worse for funding public education.

by Nev. Norbert J. Kieferle Sacred Heart of Jesus Catholic Church

Spiritually Speaking

Autumn has arrived; one of the main signs of its presence is the turning of green leaves of trees into red leaves, yellow leaves, brown leaves, and golden leaves. Even though Hansford County is not a prime forest area of the world, we're aware that the colors of the landscape are changing into their autumnal garments.

Isn't it amazing that even though those bright shades of red, yellow, crimson, and gold have been in those leaves all summer long, it's only now in the midst of autumn that we're beginning to notice them? All those foliar colors were lying beneath a chlorophyll carpet and thus hidden from the human eye. What a shame to hide so bright

Aren't some of us human beings leafy creatures? We cover our abilities, our talents, and the brightness of our precious personalities with a chlorophyll carpet shame to hide so bright a light!

of dullness, drapness, and sioth. What a shame to hide so bright a rainbow!

The Gospel of Jesus Christ is so much like a tree in autumn; it shows forth the grandeur of God and calls believers in Jesus the Christ to do the same. The same Jesus who declared, "I am the light of the world," (John 9:5) declared as well, "You are the light of the world." (Matt. 5:14) The Son of God who reflects perfectly the Father's glory commands His disciples to do likewise, no matter how imperfect that reflection might be.

Each one of us human beings has abilities, talents, treasurers of personality that have been entrusted to us in order that we might reflect the glory of God and enable other people to walk in the brightness of that light and glory. What a shame to hide so bright a rainbow! What a

### The 'GISD' Of Things

by Bill Duncan

**GJHS** Principal A story is told of a teacher who was honored as the outstanding educator in her school district. When she was asked to comment upon the reason for her success she replied, "Why, anyone could teach this group of students. Look at their I.Q. scores. 120, 122, 123, 126, 130, 132, 133, 135, 138, and 140!"
"I.Q. scores," the principal ex-

claimed, "these are their locker

This story illustrates the fact that high expectation can sometimes result in high achievement. We cannot be unrealistic but expecting the best is much better than expecting the worst.

Region XVI is initiating a TESA (teacher expectation, student achievement) training session to acquaint teachers with the proper interaction models to use in a classroom. Observation is an im-

portant component of TESA training. The observing team members will spend several thirty-minute blocks of time in other classrooms. In addition, there will be four 21/2 hour meetings at night.

We salute the Gruver teachers who chose to participate in this training. They are: Laura Blassingame, Diane Brown, Pat Burnam, D.D. Bradshaw, Russ Chisum, Brenda Dahl, Georgia Davidson, Pat Dawson, James Dorman, Hayley Garland, Peggy Frick, Linda Haenisch, Charles Haight, Linda Haight, Mary Jane Henson, Kay Hobbs, Sherry Johnson, Dixie Karlin, Lloyd Looper, Debby Mayhew, Roy Mayhew, Camille Miller, Pat Overbey, Micky Maupin, Debby Odom, Pennye Ralston, Glenda Renner, Betty Roberts, David Steele, Janie Steele, Gerald TeBeest, Jim Tucker, and Kristi

### Are You Plucky?

by Roy Harris Superintendent Pringle-Morse CISD

It was a whole lot of water for a boy from the plains of Texas to see! There we were, out in the middle of the wilderness in British Columbia, watching millions of gallons of water rushing across a gravel road in front of us. The torrent had washed out a house-size culvert, cutting the road in half.

My family and I were on our way up the Alaska highway to see an uncle in Anchorage, Alaska. What we thought was going to be a trip had turned out to be an adventure. We had planned for months to make the trek. Standing in front of our Rambler station wagon watching the water, we began to wonder if we had not "bitten off more than we could chew." It was the middle of June, 1964, and the last "melt" from the snowfields above had come rushing down the mountains, flooding the valleys below.

A Canadian road crew had used heavy equipment to push tons of rock and gravel into the gap where the culvert had been. The land bridge thus created lasted only a

short time before being washed away. More material was pushed into the gap. Finally, enough rock and dirt stuck to create a narrow ridge, wide enough for a car or pick-up to drive over. There was, however, eighteen inches of water still running over the ridge.

Dad walked up a French-Canadian road foreman and asked, "Do you think we can make it

The rough looking Canadian thought a moment, spit out a slug of tobacco, and answered, "Well, I can't say you will and I can't say you won't, but if you're 'plucky,' you'll try.'

I guess Dad and the Canadian were "plucky" because the Canadian got into his pick-up, Dad put us in the Rambler, and we followed the Canadian along the ridge to the

Whenever things get tough and I wonder if I'm going to make it, I think about what the French-Canadian said. "....if you're plucky, you'll try."

### pearman FBC presents concert

First Baptist Church of Spearman will present Naomi Vinson in concert Sunday, Oct. 21 at 7 p.m. The public is invited to attend the

Naomi Vinson is a resident of Amarillo. She is married and the mother of two young daughters. A oress release describes Vinson's life and concert ministry:

"Realizing that God had given her a talent that she could use to serve Him, Naomi was convicted in recent years to turn over her life and her talent to the Lord to use in

whatever way He guided her. 'Naomi began to see a change in her life ... events began to occur that were too much to be coincidence. Doors opened and oppor-

**Bridal Shower** honoring Kay DeLuna (nee Kay Beeson) Thursday, Oct. 25 7 to 9 p.m. Hospitality Room First State Bank

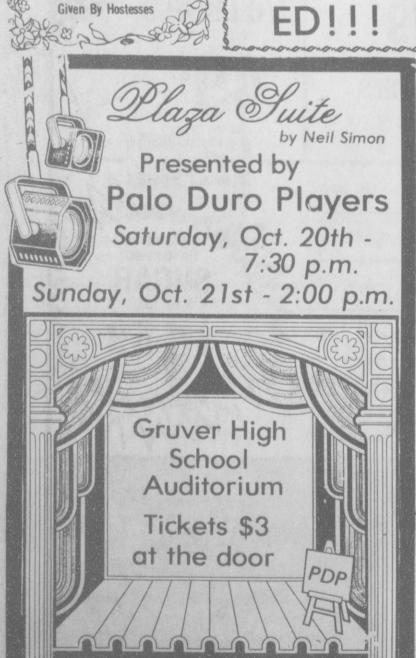

tunities were made available.

"Through faith, Naomi's life has been transformed. 'Transforming Faith,' the title of Naomi's recently released album, also describes the essence of her exciting new

"Naomi enjoys sharing God's message in her ministry through concerts. Naomi's concerts are non-denominational. She simply sings of God's love and our praise for Him.

The First Baptist Church of Spearman encourages the public to attend the concert. There is no admission charge, and a nursery will be provided for children age 3 and

Spearman High School student council is sponsoring a blood drive Monday, Oct. 22 from 9 a.m. to 3 p.m. in the high school library.
Any adult who donates blood bet-

ween the dates of Oct. 1, 1990 and Oct. 1, 1991 will become eligible to win a prize during Coffee Memorial Blood Center's "Blood Donor Sweepstakes." A total of six prizes will be given through drawings.

The more times blood is donated, the more chances there are to win. For example, the first donation earns one registration slip "in the hopper" for the drawing. The second donation earns two registration slips, the third earns three, and the fourth earns four entries.

Blood donations can be made every 56 days. Donors should bring their donor registration cards with them each time to validate the number of the donation.

Prizes to be given away include an all expense paid trip for two to Puerto Vallarta consisting of five days and six nights at the Club Casa Del Mar Hotel, compliments of American Airlines anad Crown Travel, plus \$500 spending money.

Furrs Inc. is providing a \$500 shopping spree; and Midwest TV & Appliance is providing a 10 cubic foot freezer, inside which will be one-quarter side of beef, compliments of Meatland.

Another prize is a 20 inch remote control color TV, compliments of Midwest TV & Appliance; and Taylor Petroleum is providing two prizes consisting of 100 gallons of gasoline each.

### Among the Neighbors

Marcus Larson is back at home after several days in High Plains Baptist Hospital for a heart condition and treatment. He and Jo were in Utah, where they had gone planning to visit friends for a couple of weeks, but before they reached their destination, his illness forced them to return.

When Jo's sister, Dickie, and Newell Allen were notified of his condition while they were visiting his sisters, Maxine and Norma Jo, in California, they started back to Spearman. They had planned to stay much longer. When they reached Gallup, N.M., Dickie was hospitalized with a heart problem. Latest reports are that she is much improved and will be back home

Effective medicine for Marcus was the weekend visit of their son, Mike, his wife Rita and daughter Mandy of Dallas.

Last week Mae Wofford took their house guests, Otto Salgureo. to see the mountain foliage and other scenic attractions in Colorado and New Mexico. They spent some time in Colorado Springs and there was nine inches of snow. Pike's Peak was closed, but not due to the snow, rather the federal budget

Otto, who is from Guatemala, was fascinated with the snow and other places of interest.

Olive and Owen Pendergraft's guests for a long weekend were Owen's niece, Jo and Art Axelson of Windsor, Colo.

Former Spearman resident Virgil Rosson was also a guest for a few days. Virgil now lives at Lindale, Texas and also visited the Billy Millers and the Rue Sanders.

The routine at the home of Marva and Bob Hohertz has spurted into

A week ago Sunday they met their son Doug in Amarillo after a flight from Port Hardcourt, Nigeria, Africa. After a two year stay there, his company, the Western Geophysical Corp, is transferring him to Houston. He will be there a minimum of one

Last Monday the Hohertz met their daughter, Lynn Foltin, and little son, Dane in Amarillo. Lynn had been back in the states for about three weeks and will be here until her husband Andre can join her. He is still at Geelong, Australia.

Lynn has been in Australia for 31/2 years, and though she found life there very interesting and enjoyable, she is delighted to be back in the U.S. permanently. They have not decided on a place of residence

Other guests for the weekend of the Hohertz were their other son, Jeff, and his family of Canadian.

Spearman Study Club is getting

ready for its 10th annual arts and

crafts show. The show will be

Saturday, Oct. 20 at the Spearman

High School Cafeteria from 10 a.m.

There will be 35 or 40 dealers pre-

sent, each with a different craft

and/or merchandise. Dealers are

coming from a wide area including

Amarillo, Stratford, Guymon, Dim-

mitt, Dalhart, and Hugoton, Kan.

Several Spearman and Gruver peo-

ple will have booths this year. Ex-

amples of the different kinds of

crafts offered include southwest

pottery, country items, ceremics,

denim stuffed animals, paintings,

handmade quilts, safes, jewelry,

and all variations of decorated

annual money making project. Each dealer pays a booth fee, and

the money made from the concession stand will be used by the club

A few of the clubs past projects have been Girls Town, college scholarships, Hansford Manor, and

several school projects. Donations

have also been given to the

Christmas stocking fund.
The public is invited to this year's

show by Study Club members, who

say, "It is an opportune time to

start on Christmas presents or just to browse for yourself." There will

be a concession booth with sloppy

This craft show is Study Club's

sweatshirts, T-shirts, and dresses.

Rose Roberts had a pleasant and interesting trip to Grand Canyon, returning about the middle of last week. She accompanied her cousin and husband, who had been visiting

her. They are from Davenport, Iowa.

Mrs. Ann Flowers spent three days last week in Perryton in the home of her daughter and family. The Flowers granddaughter, 19 month old Jessica Blackwell, is recovering after a broken leg and slight concussion. They were all shocked when she received these injuries in a fall from her bed to a carpeted floor.

Mary Lou Wysong returned from an eight day visit in the home of her daughter, Pam and Larry Eskroat. They, with their children Bryan and Micah, live at Azle, Texas.

Little Katie Sherlock shared a momentous occasion in her life, her third birthday, with her grandparents, Bruce and Amelia Cline of Plainview. They joined the Gary Sherlocks, her parents, and other family members.

Taking the bitter with the sweet are Sara and Lawrence Dossett. The bitter is that Lawrence is in the Hansford Hospital with pneumonia. The sweet is that they observed their 58th wedding anniversary on Monday, and are grateful they can be together and he is improving.

Visiting in the home of Ila Mae and J.B. Buchanan for a couple days were some relatives from Oklahoma: her sister of Chickasha. her brother and wife from Lamont, and her niece and brother in-law from Aline.

From Phoenix, Ariz. another niece, Lola Mae and Herman Teague, were visiting here and also in Borger.

Chris Williamson, high school senior, who was injured in the football game with Clarendon returned from St. Anthony's hospital on Saturday.

Due to the nature of his neck injury, he will not be able to participate in any contact sports, but is hopeful he can come out for track next spring.

As regretful as he is concerning the athletics, he is too busy catching up on his studies to be overwhelmed.

Chris expresses appreciation to all those who showed their concern by their cards and calls.

Mary and Henry Cornelius returned a few days ago from a five day trip to Pennsylvania. They spent some time in Oil City where they both have roots and visited old friends in Pittsburg. They went by Warren and contacted some relatives there.

The fall foliage was at its peak and they were delighted. On earlier trips they had been too early and too late. They followed the Allegheny river through the Allegheny mountains and report that the foliage defies description in its brilliance and variety.

Kent Lee, 22 year old grandson of Cleo and Lowell Denman, is atten-ding the university in Hamburg, Germany. In a recent letter written to them from Berlin, he was enjoying all the festivities of the reunification. He went into East Berlin just before that country passed into history and is no more. Kent is majoring in foreign languages.

MR. AND MRS. MARTIN ARTHUR DAHARSH

### Cator, Daharsh wed

Davonna Ann Cator and Martin Arthur Daharsh were united in marriage in a double-ring ceremony at Gruver United Methodist Church Aug. 10, with Lewis Holland officiating.

Parents of the couple are Bill and Dorothy Cator of Gruver and Floyd and Edwina Daharsh of Hugoton,

The church was decorated with a heart-shaped candelabrum on each side of the altar and an arch candelabrum in the center. All were entwined with greenery and decorated with peach bows. Large peach bows lined the aisle.

Prelude and postlude organ music was provided by Connie Burgoon. She also played the piano while her son Andrew sang "To Me" and "Just You and I."

Maid of honor was Danna Ralston, cousin of the bride, from Dimmitt. Bridesmaids were Shiloh Parrish of Dumas and Christy Brown of Gruver. Flower girl was Kallie Smith, cousin of the bride, from Spearman. All wore tea length dresses of peach taffeta and white shoes with bows to match their dresses. The attendants carried gladiolas with peach bows.

Best man was Garrett Daharsh, brother of the groom, from Hugoton, Kan. Groomsmen were Jim Murray and Vernon Begley, both of Hugoton. Ushers were Loyd Cator, brother of the bride, from Gruver, and Kyle Hittle of Hugoton. Ring bearer was Cass Cooper of Gruver. All wore gray tuxedoes with peach ties and cummberbunds. Their boutomieres were peach rosebuds.

Candlelighters were Kacee Smith of Spearman and Wesley Ralston of Dimmitt, both ousins of

Escorted to the altar by her father, the bride wore a flor length dress of white bridal sati made by her mother. The fitted bdice was overlaid with sheer lacethat had a flower and bow design running through it. The long seeves that came to a point at the rist, along with the yoke insert, we made of sheer lace matching the bodice overlay. The high necline collar was made of white sain overlaid

with the same sheer lat The skirt was gatherd at the v'd waist and had a continous train. A large bow and flounce made of white satin hung from the waistline at the back of the dress. Her waist length veil was made of white tulle and was attached to a headpiece made of white satin ribbon and silk flowers. Her veil and headpiece

rowed; her wedding attire as something new; a blue garter; and penny and a six pence in her shoe.

The bride's mother wore an offwhite street length dress with gold accessories. The groom's mother chose a powder blue street length ress with gold accessories. Both mothers wore peach rosebud corsages. Both fathers wore gray tuxedoes with gray ties and cummerbunds and peach rosebud bouton-

A reception coordinated by Amy Babbs, aunt of the bride, was held the church fellowship hall followng the ceremony. The bride's table held a three-tier wedding cake nade by Opal Wallin. It was decorated with peach roses and was displayed over a peach fountain surrounded by greenery. Peach mints and nuts were also served. Servers at the bride's table were Micheal and Eva Dawn Babbs, cousins of the bride, and Krista Stedje, all of Gruver.

Kim Hampton of Ulysses, Kan.

The bride is a 1989 graduate of Gruver High School and is presentattending Panhandle State University in Goodwell, Okla., where she is a sophomore. She is employed by United Supermarket in Guymon, Okla. The groom graduated from Hugoton High School in 1986 and will graduate from Panhandle State University this spring. He is employed at Frontier Feedyard.

#### were also made by her mother. She carried three gladiolas held ogether by a peach bow. In keeping with tradition, the bride wore he gold wedding band belonging to her grandfather, Speck Cator, as something old and something bor-

The groom's table was covered with a denim table cloth and held a large German chocolate cake. Servers at the groom's table were Pam Hittle of Hugoton, Ve Ann Allsworth of Goodwell, Okla. and

For a weekend wedding trip to Red River, N.M., the bride chose a light blue denim dress with a tapestry yoke.

On The Go With Joy

last week would bring my garden to a halt. But not so. Now to keep up, I'm just cleaning stuff and throwing it in the freezer to be completed later. I guess it will come to an end sooner or later but before it ends, I want to share a poem written by Mrs. Paul King. It appeared in Nell Evan's newsletter when she was County Extension Agent. It is called "Canning Fever.

"There's a special kind of something

Strikes me only once a year. Long about the time the nights Are growing crisp and clear. And it only lingers with me Till the last things from the patch Have all been sealed in shining

Till I've made that final batch. It's nothing serious, what I get, Nor does it hurt me, ever: But it recurs, when once you've had

This thing called canning fever! I work from morning into night (Sometimes till twelve or one.) Nor do I stop to snack or read-Not till my cannings done. Then I stand back and view with

My winter's ample store. Of vegetables and fruits and spreads.

Pickles and relishes galore It fills my heart with Thankfulness, And greatful I am ever, That I was smitten once again

This year with canning fever." Now, this canning fever really happened to me this year. There were times when I should have stopped, but I began to think "What if this is my last year?" Well, I hope and pray that I can keep on going and that I can increase it next year. But M.H. says "No Way." So

Congratulations to Barry and Kerri Barkley on the birth of their son. I saw Barry downtown and he was describing the new baby, with measurement of his arms and hands. I thought for a moment he was describing the fish that got away. But interpretations made showed that Jake Ryan, who was born October 10th, weighed 7 pounds and 3 ounces and was 191/2 inches long.

Welcoming the new baby are sister Alicia and grandparents Les and Sharon Barkley of Gruver. Maternal grandparents are Vic and Sandy Martindale of Amarillo. Great-grandparents include S.W. and Maelynn Ayres of Gruver.

After a visit to Texas A&M with Cami last weekend, Lanetta and Tony Shapley enjoyed visits from several relatives this past weekend. In addition to Rod, Mica, Cody and Sydney from Lubbock, Lanetta's parents Curt and Maxine Blankenship of Guymon, an interesting visit from Bryan Hatton of Colorado Springs was enjoyed by sister Hayley, Tim and Bayley Garland. Bryan lives at Glen Eyrie

I thought the heavy frost we had castle near Colorado Springs, where he is in training for the mission field. Several years ago, the owners of the castle donated it to The Navigators, a nondenominational group.

Dick Waterfield's brother Jim made a quick visit to the UMC for church services Sunday morning. He was on his way to Stratford.

Visiting the Frances Cearleys was Lynn Mitchell of Hugoton, Kan. Chuck and Karla Tapp were guests in the home of her parents, the Ernesto Zapatas.

Our sympathy is extended to Louis Evans on the passing of her mother. Louise has been in Lubbock for the funeral.

Skeet Ellison, who was for many years a "favorite teacher" for some of our kids and who has been a great mom and grandmom, is now a great-grandmother for real. Jodie Elizabeth was born to Becky and Jo Marr Wilson on September 29th and weighed 9 pounds.

It was learned that Pete Cluck has suffered a mild heart attack, but I do not have any details on this.

Jennifer Morris was scheduled to be honored with a surprise birthday party after church Sunday night. Troy was busy getting all the details set up, but something tells me that maybe things didn't go exactly as planned. Sometimes, maybe kids get sick or—. Well, we will find out how the surprise turn-

### Lynx lose to WT, look to Sunray

The Spearman Lynx played host to West Texas last Friday night and saw their record fall to 3-3, losing to the Comanches 34-0.

Although the Comanches dominated the Lynx in every statistic, there were some bright moments for the Lynx.

The first of those moments came with the opening kickoff. The Comanche receiver fumbled the ball and a Lynx special team player recovered it. This gave the Lynx the ball in Comanche territory. The Comanches got the ball back when

they intercepted a Lynx pass.

A second bright moment for the Lynx occurred on defense again. The Lynx defense held the Comanche offense to just seven yards. A hard tackle of a Comanche running back by Khris Kelp threw West Texas back six yards on their first play from scrimmage. Then the defensive line toughened and only yards they needed for a first.

On the next play the Lynx pass rush forced the quarterback to throw early and miss his receiver, and the Comanches had to punt. On the punt play the Lynx were called for roughing the kicker and the Comanches were given the ball and a first down. From there they went on to their first and only touchdown in the first quarter.

In the second half the Comanches got their offense in gear and scored three touchdowns. But, even in this Comanche scoring flood the Lynx managed to throw up a few dams.

Chris Williamson managed an 18-yard kick return and then got five more penalty yards tacked on. Despite his injury, Tim Dooley returned a kickoff 25 yards. The final highlight for the Lynx was an interception of a Comanche pass by Chad Riggins. He cut in front of

let the Comanches gain 10 of the 17 the Comanche receiver and caught the ball high over his head.

> There were two other good pass defensive plays made by the Lynx secondary at the end of the second quarter. Ron Whittington went up into the air and tipped a pass out of the hands of a Comanche receiver. His play was almost exactly duplicated by his teammate on the next play. Brian Beck tipped a sure touchdown pass out of a Comanche receiver's hands. Despite these efforts the Comanches scored their third second-quarter touchdown on the next play. This brought the score for the half to 27-0, in favor of the Comanches.

> In the second half the Lynx held the Comanche offense to just one touchdown. This one happened early in the third quartr. But the Lynx offense continued to have their problems and could not put any points on the board either. The game ended 34-0 in favor of the Comanches.

The Lynx can now put what the coaches feel is their toughest district game, behind them, and get on with winning the rest of their games and a spot in the state playoff tournament. The next district opponent the Lynx face will be Sunray, this Friday night at

Coach Don Mullins expressed some optimism in his team's chances of beating the Bobcats. After looking at the Gruver game tapes, and the fact that we are not injured, I think we should beat them," Mullins said.

He went on to detail the status of some of his players. "Dooley is about 95 percent recovered from his shoulder injury," he said. Mullins also indicated that Joel Shields and Brian Beck are relatively recovered from their ankle injuries. Outside of these and some other minor injuries, the Lynx should field a fairly healthy team Friday night.

Lynx JV 20, West Texas 24 "This was our best game all year, played against the best JV team," Coach Ashmore said.

LYNX JV

LYNX 7TH

Lynx 7th 0, West Texas 14 Coach Ashmore commented, "This was one of the best games we've played." The Lynx 7th unfortunately had two TDs called

### Lynx 8th takes win

The Lynx 8th grade played the over. Stratford scored in the third Stratford Elks at home Thursday, Oct. 4. Final score was 28-8 with the Lynx on top.

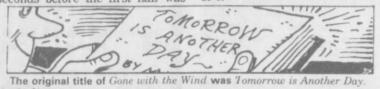

The Lynx kicked off, then Jeremy Sutterfield intercepted a pass on the Stratford goal line. Radar Garcia ran a touchdown on the first Spearman play of the game. He scored twice in the first

Schane Schneider intercepted another Elk pass on the goal line a vi seconds before the first half was 20-6.

quarter, and Schneider scored for the Lynx in the fourth quarter with a pass from Chad Wilkerson to give the Lynx the win.

Then on Oct. 11, the Lynx team traveled to Stinnett to play the W.T. 8th grade team.

In spite of the wind, the boys played a good game. Justin Arnold cored a safety during the game. The Lynx team is still winning with a victory over the Comanches of

Donations can be made at the Oct. 22 high school blood drive and can also be made at Coffee Memorial Blood Center, 1915 Coulter in Amarillo, Monday through Friday between the hours of 8 a.m. and 7 p.m. High school enrollment will be validated.

### 4th gets water ed

The North Plains Groundwater Conservation District delivered water educational material to the fourth grade teachers last week. The educational material is entitled "Major Rivers" and is provided free of charge of the schools within the seven counties of the District.

The program is designed especially for the fourth grade level. It is colorful, entertaining and easy to teach. All the materials needed for instruction are provided and include the following: teacher's guide, video, poster, program record sheet, student booklets, pre-test, post-test, home information leaflets and Major Rivers sticker.

Instruction focuses on five specific learning objectives:

1. Identify the steps in the water

2. Identify the basic facts about the water supply in Texas which include the regional differences in rainfall, the amount of water supplied by surface and by groundwater, and the state's major rivers and aquifers.

3. Identify the steps and processes of the water distribution system in Texas.

4. Recognize typical household water uses, and identify which ones use the most water over a year's

5. Identify water conservation practices and assess personal

These objectives also support many of the state's Essential Elements in science, social studies and writing.

'Major Rivers' consists of 10 lessons, requiring approximately 30-45 minutes of instruction each day. Suggestions for optional enrichment activities are included if the teacher wants to expand the

### Student of Month recognized at GHS

by Gretchen Lowder

Billy Crawford, a 17 year old senior at Gruver High School, was recently honored by being named Student of the Month. He is the son of Hugh and Katie Crawford.

Crawford is an active and hardworking student at GHS. As a member of the varsity football team and a four-year member of FFA, he has undertaken more than many students, but his success in these areas can be attributed to his talent and willingness to work. Not only is he active in school, but he has a weekend job in addition to his schoolwork.

Crawford is also thinking of the future. He plans to attend West Texas State University or Tarleton State University next fall and study history and coaching.

Though most of his friends describe Crawford as fun-loving and outgoing, he has a serious side that often goes unnoticed. When asked what advice about education Crawford would give his own children someday, he replied. "It's just like my dad told me. If you don't get an education you won't get anywhere in life."

The idea for Student of the Month was presented to the student body on Sept. 20. Since then the response has been promising and it looks as though the project will become a popular one among students and

By implementing this new program the administration hopes to create a more positive atmosphere and to recognize students for outstanding accomplishments that might otherwise be overlooked.

seem;

by Bob Bori

Billy Crawford

Contributions to community and church are also considered by teachers, parents and students when a nomination is made.

"I believe this type of recognition would be a positive incentive for Billy to continue to improve," said Pat Burnam, English teacher at GHS, who nominated Crawford for the honor. "His writing shows creativity...depth of thinking and feeling.

After the nominations have been made, the Campus Improvement Committee selects the Student of the Month, and that student is recognized at the school board meeting and the Lion's Club.

The student body seems optimistic about the new program, and the administration is hoping that this type of recognition will let students know how much they are appreciated.

For The Sbort Of It

At least, give me a break this

week! Maybe next week's will be

### 7th defense tough

by Bob Bort

The Gruver Greyhound 7th grade has played outstanding defense this year - in four games they have yet to allow a point. The latest victory came Thursday, Oct. 11 at Strat-ford by the score of 14-0.

According to coach John Duncan, the defense must be praised. As was the case last week, it was a 0-0 game into the fourth quarter, when the Hounds once again came up with two touchdowns. Travis

first win of the year against Boys

Ranch this Thursday, Oct. 18, at

I say Major League Baseball's

World Series is still the second

most popular sporting event in the world - second to the World Cup.

This week the World Series gets

underway with Oakland at Cincin-

nati. As I predicted last April, the Reds did surprise and make it to

the Series, but I predicted it would

be Kansas City as their opponent,

and that the Royals would be World

Champions. That can't happen now, so I am going with the upset.

Cincinnati in six. The Athletics are

in the Series for the third straight

do have 13 1-2-3 round raft choices

the next two years, though, and

an interesting game.

San Francisco 49ers in fooball.

Greyhound Stadium.

The Super Bowl is third.

Ferguson made the play of the year as he stripped the ball from the Stratford back deep in Hounds territory and returned it about 95 yards for the first score.

Ferguson also made the second score on a run from about 20 yards out to make it 12-0, then the twopoint conversion made the final 14-0. Quarterback Bailey Barkley hit Wylee Maupin with the scoring pass for the two points.

Again, according to Coach Duncan, Sammy Renteria and Maupin played excellent defensive ball games. For the second week in a row, Daniel Bort had a last-second interception of an opponents' pass.

The 8th grade fell 28-12 to the Stratford team, but it was a game with some excitement. According Coach Duncan, Gruver fell behind 22-0 at the half, but John Holland returned a kickoff about 70 yards for the first Gruver score. Aaron Frick made the second score on an exciting play, as quarterback Jace Dawson ran the first 15 yards or so, then pitched to Frick who ran the last 20 yards or so for the touchdown. Frick had an outstanding game according to Coach Duncan, once again topping the 100-yard mark.

The teams will be pitted against Boys Ranch Thursday, Oct. 18 at 5

### Hounds fall 37-6

by Bob Bort

After one week, Matthew Hoel is the leading quarterback in District 1-A total yards passing statistics, but he would gladly trade those stats for a few more completions and a victory over the Memphis Cyclones this week in Gruver.

Friday, Oct. 12, the passing yardage was not nearly enough as Wheeler broke on top early, withstood an early Hounds score which ended a 15 quarter scoreless streak, and went on to trounce the Hounds 37-6 at Wheeler.
"Wheeler is just a strong team,"

said head coach David Steele. "But I want to emphasize how hard our boys played," he continued. "They played their hearts out."

Hoel was 9-31 for 119 yards, and the Memphis quarterback finished in second place this week with 113 yards passing. A four yard run by Dan McCloy with a couple of minutes left in the first quarter cut the Wheeler lead to 8-6, but the Hounds could get no closer. Marty McCloy and Shannon Pool caught four and two passes, respectively. Geronimo Ortega also caught two passes, and Brady Pool one. Marty's catches were good for 61 total

yards.
"It should be pointed out those two receivers, Marty and Shannon, are both quarterbacks and they are just getting the knack of becoming receivers," said Coach Steele. "They will get better, as will Matthew Hoel." All three of those

Coach Steele also noted that Chris Spivey played an outstanding defensive ball game. Wheeler did not dominate the Hounds in total yardage stats commensurate with a 37-6 score. One of their scores came on a 95-yard interception return, one of three interceptions for Wheeler's Kelly Aderholt. But the Mustangs only had 242 total yards, 215 of them on the ground.

The Hounds are 1-5, but in the race for a second playoff berth. Here are the stats for the Wheeler

W-Mark Marshall 1 run (Brandon Chick pass fm Jason Beers) 7:54 1Q G-Dan McCloy 4 run (run failed)

### Hounds meet Cyclones

by Bob Bort

Take your pick. In 1968 the Hounds lost to Memphis 7-6; in 1969, the Hounds won over the Cyclones 7-0. Both of those games came during the tenure of head coach Bill Mayfield, and they are the only two games these two teams have played since 1958.

This year's game could be a lowscoring affair, as were the previous games. When two schools are 140 miles apart they don't play often.

Memphis played its non-district schedule and finished with a 1-3 mark. They lost their first two games to Canadian and Spearman by identical 42-14 scores, then beat Clarendon 14-7, then lost to Wellington 56-14. They opened their 1-A

schedule this past week at Shamrock and were soundly beaten, 40-21. But the Cyclones did have 221 yards rushing and 113 passing against the Irish, so they do possess an offense.

Head coach David Steele of the Hounds, while not pleased with the Hounds' 1-5 record, is pleased with their overall intensity this year. "The kids played really hard against Wheeler, and will get better," notes Coach Steele.
The Hounds still have a definite

shot at the second playoff spot anything can still happen - so it is a big game. The Greyhound Mothers will all be there, of course, primed to give away another autographed football to some lucky fan at

# After three years, nothing matches the MAGNUM

Five years or 5000 hours. That's the coverage you get-at no extra charge-on

every new MAGNUM tractor. In fact, it's the same warranty\* that covers every MAGNUM tractor ever built.

And, while the competition offers an occasional free warranty, they haven't put it on every tractor. Besides, only MAGNUM'S 5-year/5000hour warranty can be fully transferred without a fee. That gives the MAGNUM tractor's already high resale value another boost. And it gives you another good reason to buy.

But what makes MAGNUM tractors even more attractive are the special buyer incen-

tives we're offering this fall. Ask us about low-rate financing, waiver-of-financing or cash discounts in lieu of special financing. Offers too

good to ignore. See us today about an on-farm demonstration. Once you work a MAGNUM tractor, you'll be convinced. Because no tractor beats a MAGNUM.

\*Excluding tires, which are covered by their own manufacturers' warranties. A \$200 deductible applies to each repair after the first year.

HOMEUWNER TAX EXEMP-

Recent tax rate hikes in various parts of the state serve as a timely reminder of how important it is for Texas homeowners to know about and obtain any tax exemptions available to them.

Exemptions at varying levels are available in most areas. Tax exemptions affect the value at which property is appraised, which subsequently determines the amount of tax paid. Appraisals are performed by local appraisal district offices.

Applications for exemptions are obtained and submitted through these offices

It is possible for property to be appraised by more than one appraisal district; in that case, an application must be filed with each district. Applications for tax exemptions must meet strict deadlines.

Some of the specific exemptions for which many homeowners qualify are noted below

Homestead Exemption-If a taxpayer owns a homestead, used as a principal residence, on January 1, that residence qualifies for a homestead exemption of \$5,000 reduction in appraisal for school tax purposes. Some areas may offer additional exemptions for county taxes.

Exemptions for Age 65 or Older-For homeowners age 65 or over on January 1, a residence homestead qualifies for at least one additional exemption. Homesteads for persons age 65 or over qualify for a \$10,000 reduction of appraisal for school tax purposes, in addition to the \$5,000 homestead exemption mentioned above. Some areas may offer other exemption programs. Tax ceilings, which "freeze" the amount of school taxes paid, or tax

deferral alternatives may also be

Exemptions for Disabled homeowners. Special exemptions may be available for disabled

#### **Public Notice**

Southwestern Bell Telephone Company has filed an application with the Texas Public Utility Commission to introduce two experimental services called Call Forwarding - Busy Line and Call Forwarding - Don't Answer.

Call Forwarding - Busy Line and Call Forwarding -Don't Answer are optional call management services that will automatically forward a customer's incoming calls to a pre-designated number whenever that incoming call encounters a busy or don't answer condition. These services are for both business and residence customers. The company proposes that the services be available beginning November 19, 1990.

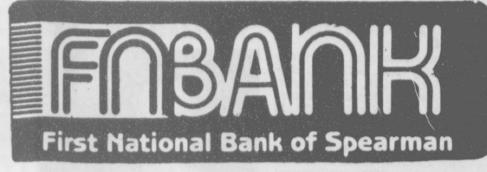

The monthly rates for Call Forwarding - Busy Line and Call Forwarding - Don't Answer are \$1.00 for residence customers and \$3.00 for business customers. The monthly rate for subscribing to both services is \$1.75 for residence customers and \$4.00 for business customers. During this experimental offering period the installation charges will be waived.

Call Forwarding - Busy Line and Call Forwarding -Don't Answer are expected to generate first-year revenues of approximately \$752,000.

Call Forwarding - Busy Line and Call Forwarding -Don't Answer will be offered on an experimental basis in selected areas throughout the state for 12 months. The availability of these services after that time will depend on Southwestern Bell's decision of whether to offer the services on a permanent basis.

Persons wishing to comment on these services should notify the commission by November 9, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter

### Hospice group meets

Hands, a hospice support group, had its organizational meeting Oct. 9 in the First State Bank hospitality room in Spearman.

The following officers were elected for the coming year: President Verna Lee Shirley, Vice President John Scott, Secretary-Treasurer Opal Wallin and Historian-Reporter Jo Alice Clawson.

The committee chairmen are: speakers bureau, John Scott; on going education, Alice Peddy; fund raising, Charlotte Jackson; telephone, Pearl Pierce; hospitality, Betty Jean Davis; and by-laws, Jo Linda Hutchison.

Carolyn Hicks was appointed assistant hospice coordinator and John Scott was appointed assistant bereavement coordinator.

When medical science can no longer add more days to life, it is the mission of Hospice to add more life to each and every day.

Those attending this first meeting were Jack McWhirter, John Scott, Trixie Holt, Pearl Pierce, Evi Meyer, Opal Wallin, Linda Venneman, Mandy Derington, Dorothy Roden, Alice Peddv. Karen Thompson, Betty Davis.

Hansford County Hearts and Jo Linda Hutchison, Edith Wom-lands, a hospice support group, ble, Betty Pugh, Garland C. Hopper, Kim Sherlock, Eloise Renner, Cleo Denman, Francis Williams, Marilynn Hart, Carolyn Hicks, Jo

Clawson and Verna Lee Shirley. The next meeting will be Monday, Nov. 19 in the Gruver State Bank LaCasita Room in Gruver. Evelyn Shaw of Sunray will present the program on hospice philosophy. The meeting is open to all interested persons.

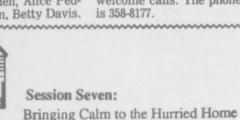

#### Medical fund established

A medical expense account has been established for Addam Brett Whitford, infant son of Brett and Brenda Whitford, at the First State Bank of Spearman.

Donations can be made there, at the Spearman Chamber of Commerce office, or at the high school business office.

Addam is in the Neonatal Intensive Care Unit at Northwest Texas Hospital in Amarillo.

His parents are staying at the Ronald McDonald House, and welcome calls. The phone number

Sunday nights at 7 through November 11th

Hosted by the Church of Christ Meeting at Faith Lutheran, 11th & Bernice

ing recovered two campaign signs

on Highway 207 at Kenneth. The

signs, belonging to Eddie Martin and Dick Waterfield, had apparent-

ly been removed from their

original locations. Then on Oct. 10,

Gary Ellsworth reported vandalism to one of his campaign

signs, located at 220 Hancock.

Value of the sign was placed at \$20.

of a vehicle which is suspected to

have been involved in the incidents.

Two other vandalisms were in-

vestigated Oct. 13. Officer David

Bowles checked on a vandalism at

Womble Park, where the water

outlet on a hydrant was damaged. Sgt. Steve Schmidt-Witcher was

dispatched to 800 Linn, where

street signs and a pole had been

vandalized. Value of the property

was placed at \$120. A theft of over

\$200 was reported to Spearman

police Oct. 1, when Officer Alex

Gonzales took a report that jewelry

had been stolen at the junior high

The SPD does have a description

was made following the incident.

A gasoline theft was reported to Officer David Bowles on Oct. 10. Fifteen gallons of gasoline were reported taken from the 800 block of S. Evans. Value of the property was placed at \$22.50.

Officer Bowles investigated a two-vehicle accident Oct. 12 at the intersection of Kenneth and Haney Streets. According to the SPD incident report 17 year old Jesse Tindell of Spearman, driving a 1983 Mercury, was waiting for traffic to clear before making a left turn onto Haney from Kenneth. A 1987 Oldsmobile driven by Adrian Blackburn, 16, of Spearman collided with the rear of the Tindell vehicle. Minor damage to the vehicles was reported, and no injuries resulted from the accident. Blackburn was issued a citation for following too close.

A B.B. gun accidentally discharged Oct. 14, resulting in slight injury to an 8 year old Spearman youth, and a 9 year old youth was injured in an Oct. 13 alterca-

WAKA - J.R. Stump, 82, died Fri-

Mr. Stump, born in Ochiltree County, had been a lifelong resident. He married Frances Barber in 1929 at Garden City, Kan. He was a farmer. He was a member of Waka Lions Club, former member of Waka School Board, a director of Ochiltree Farm Bureau, served 25 years on the Plains Electric Co-op Board, a member of Odd Fellow Lodge and director of First National Bank of Perryton. He attended Waka Church of the Brethren.

Survivors include his wife; two daughters, Sandra Drake and Judy Irlbeck, both of Waka; six grandchildren; and one great-

Funeral services were conducted Sunday, Oct. 14 in Waka Church of

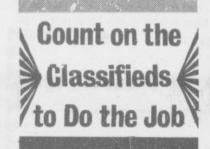

the Brethren with the Rev. Martin Gauby and the Rev. Russ Gibbs, pastor of First Baptist Church of Spearman, officiating. Interment was in Ochiltree Cemetery.

The family requests memorials be to Hansford County Library or to Museum of the Plains in Perryton or to Stationmaster's House Museum in Spearman.

Patricia J. Ross Patricia J. "Pat" Ross, 52, died Saturday, Oct. 13.

Mrs. Ross, born in Arkansas City, Kan. had lived in Spearman 17 years. She married Jerry Ross in 1958 at Wichita, Kan.

Surivors include her husband; three daughters, Rhonda Mans of pearman, Carol Hayes of Amarillo and Connie Foster of Woodland Park, Colo.; four sons, Jerry Ross Jr. and Monte Ross, both of Spearman, and Charles Ross and Mike Ross, both of
