Sandi Rich, Molly Blackman, and Mika Pipkin tell the Spearman Rotary about the great time they had at World Affairs Camp.

Seminar participants speak at Spearman Rotary meeting

Three Spearman High School students spoke to Rotary members during their regular meeting Monday, July 11.

Sandi Rich, Molly Blackman and Mika Pipkin recently attended A World Affair, a seminar held in Wisconsin. The girls spoke to Rotary members about their experiences on the trip and answered many questions.

The girls made friends with other students from all over the world and discussed world events and how the countries were affected. The seminar is held to help young people understand the cultural and governmental differences between countries.

Each year the Spearman Rotary sponsors students who want to attend the seminar.

Jack McWhorter welcomes new Rotary member Worth Whitworth. Mr. Whitworth is also a new employee of the First State Bank of Spearman.

Reporter-Statesman receives awards in newspaper contest

The Reporter - Statesman received a second place in advertising and a fourth place in sports coverage recently in the 1994 Texas Better Newspapers Contest. The awards were announced July 1 during an awards banquet at the Texas Press Association's (TPA) Annual Convention in Fort Worth.

Entries are divided into eight categories based on newspaper circulation and frequency of publication.

In a letter to the winning publications, TPA Executive Vice President Lyndell Williams said, "No matter which honors your newspaper won - from fourth place in one event to the sweepstakes in your circulation division - it's still a distinct honor, because the members of the Louisiana Press Association took the judging assignment seriously, and the competition was keen in all divisions."

Some 171 TPA member newspapers participated in the competition which was judged by members of the Louisiana Press Association in May.

Kalina to give program on spiritual care for the dying

Birth of the soul is how Kathy Kalina describes death. Shock of diagnosis, consultation of professionals, question of pain and the actual birth are some of the similarities Kalina points out in her book "Midwife for Souls."

A nurse at Crown of Texas Hospice, Kalina says you must see with your spiritual eyes to witness the birth of a soul. In writing "Midwife for Souls" Kalina looked through spiritual eyes and focused on prayer as a way to help with the life and death of the patient.

Receiving her associates degree in nursing from Tarrant County

Junior College in 1978 and her bachelor of science degree in 1987 from the University of Texas at Arlington she worked as a nurse, often helping with deliveries. She has been a hospice care nurse for the past five years.

"You don't choose hospice, you're chosen for hospice," says Kalina.

Kalina will be the guest speaker at the Hansford Hospice Volunteer meeting Monday, July 18 at 7 p.m. The meeting will be held at the O'Loughlin Community Center located at 5th and Brandt. Everyone is invited and encouraged to attend.

Former exchange student makes return visit to stay with host family

This last week Spearman has been "invaded" by Vikings, or to be more exact two Norwegian boys staying with Danny and Cindy Trent. They are both from Trondheim, a city that actually celebrated its 1000 year anniversary in 1997. Three years ago, the Trents were hosting an exchange student from Norway. He and a friend are now in Spearman to cherish these international bonds.

....

Everything is different from Texas in Norway. Norway is located in the northern most part of Europe and they hosted this year's winter Olympics. Norway is really one long mountain range with hundreds of fjords breaking up the coastline making it the third longest in the world next to Canada and Russia. Despite being closer to the north pole than Alaska, the climate is fairly acceptable. In winter time the temperature is around 10 - 20 degrees Fahrenheit and a snow depth of about four feet. Summers are wet and the temperature is 60 degrees Fahrenheit. This is rainy due to the Gulf Stream coming from Texas (Gulf of Mexico)! Norway has about 4.2 million inhabitants and the Norwegians are known to be generally tall and blond, which is partly true. Norwegians are known to tally more than their fair share of medals in athletic events. Maybe this is a result of the healthy eating and exercising habits of people in general. Hardly any foods

are greasy and are very nutritious. Some foreigners claim this is tasteless food. But American food (like McDonalds) is becoming a more significant part of the youth's diet.

Although the country has a King, H.R.H. Harald, the century is run by a female Prime Minister. Norway is run much more by the Government than the U.S.A. is. The state runs all hospitals, schools, police departments, the telephone company and the postal service to name a few. To finance this, most

Christian Tiller and Karl Dahl of Trondheim, Norway are enjoying their trip to the United States. On their return trip to Norway, they plan on stopping in Orlando, Fla. to visit Disney World.

Out at the Lake

The hot windy weather has limited some of the usual activities at the park, especially the camping and picnicking. The fishing, especially on Sunday, was enjoyed by a number of anglers. The catch has been worthwhile, best with channel cat and bass.

The lake level was 22.11 on Monday.

Early in the morning the wildlife is stirring. For children hopeful of seeing some, they will understand that the timid animals will keep their distance from the park with all the activity. It can be a rewarding and long remembered experience for a child, away from the park, perhaps under a tree in the dawning of a morning to see the does and their little ones, the little turkeys, even coyote pups, perhaps a waddling badger.

Some little balls of soft, fuzzy feathers near the office turned out to be kill-dees (properly spelled killdeer). Their plaintive cry is typically western.

Last week mention was made of the making of chinaberry beads from the seeds of chinaberry trees that grow beside the creek. In the early days little girls and ladies made beads, often combining them with any available glass beads.

Marguerite Nelson was reminded that she has a string made by her grandmother, Mrs. W.B. Hart. The beads are black, shiny and easily mistaken for glass.

The beads have been in the family for five generations now, just as attractive as when the chinaberries were picked and strung so long ago by hands that have long since stilled - and could easily be in the family another five generations.

The telephone number at the lake office is 806/882-4401.

Brides must inform Social Security of name change

It is the time of year when many brides-to-be are busy with a list of 'things to do' before their wedding. The Social Security Administration (SSA) would like them to add one important, but easily managed item, to that list. "IF YOU ARE GOING TO CHANGE YOUR NAME WHEN YOU MARRY, REMEMBER TO TELL SOCIAL SECURITY."

For women who are working, reporting the change will ensure that their Social Security benefits they are due. For women who do not work outside the home, reporting the change will ensure that their Social Security record shows the correct name when the time comes to apply for benefits.

Another important reason to report your name change is that Internal Revenue Service and SSA records should show the same name and Social Security number. If they do not, your tax refund could be postponed. Of course, if a woman continues to use her maiden name after marriage, as many women do today, they do not need to report the marriage. They just have to be sure to use their maiden name consistently throughout their working years. And if someone should change their mind later, let Social Security know at that time.

To report a name change, call or visit your local Social Security office. You will need to complete an Application for a Social Security card (SS 5) and provide either your marriage certificate to verify your old and new names or two documents -- one with your maiden name and one with your married name. All documents must be originals or certified copies. Notarized documents are not acceptable. The application form lists acceptable documents.

THIS SERVICE IS FREE!! Do not be misled by any business that offers -- for a fee -- to complete the paperwork for you. The process is simple and you do not need to pay anyone for a revised Social Security card.

The local Social Security office is located at 125 South Gillespie, Pampa, Texas. Telephone 806/669-1019. Office hours are 9:00 AM until 4:00 PM, Monday through Friday, except national holidays.

TDA warns consumers about sale of pesticides

AUSTIN - The Texas Department of Agriculture warns Texas consumers that out-of-state pesticide distributors are selling products that are not properly licensed for purchase and use in Texas.

These companies are telemarketing their products and seem to be focusing on farmers, local governments and school districts. Allegedly, the companies are recommending uses of their products that are inconsistent with label direction.

TDA has classified several pesticide products containing certain active ingredients as "state-limited-use pesticides" because they could affect other plant and animal life if not properly used. To use state-limited-use pesticides, an applicator must be licensed by TDA.

TDA reminds consumers to always read and follow the instructions on pesticide labels to ensure safe use of the product.

To report suspected misuse of pesticides or unauthorized sales, call a regional TDA office or toll free 1-800-835-5832 (TELL-TDA).

We never forget things so well as when we are tired of talking about them.

Farmers Home Administration farm program targeting disadvantaged

TEMPLE - Socially disadvantaged groups are benefiting from a special loan program offered by the Farmers Home Administration (FmHA). "FmHA is reaching out to members of socially disadvantaged groups to help them obtain their goals of farm ownership," said George Ellis, Texas FmHA State Director.

Applicants must be a member of the following race/ethnic origin groups: black (not of Hispanic origin), Hispanic, American Indian or Alaskan Native, Asian/Pacific Islander, or women.

The socially disadvantaged outreach is mandated by the Agricultural Act of 1987, and defines a Socially Disadvantaged Applicant (SDA) as "an applicant who has been subjected to racial or ethnic prejudice or cultural bias because of his/her identity as a member of a group without regard to his/her individual qualities."

Under this program, FmHA will try to find persons in the SDA categories who are interested in farming. FmHA will be prepared to sell or lease, to those applicants who qualify, a farm held in inventory if any are available in the county of the applicant's choice. FmHA can also provide other loan and technical assistance, if needed, to help the borrower get started.

The SDA statistics (all categories) so far in Fiscal Year 1994 (as of March 31, 1994) are as follows:

Among The Neighbors

by Helen Fisher

Lynanne and Don Maize announce their membership in that exalted club - Society of Grandparents - with the arrival of Carson Jeffrey on July 1. He is the son of Gerri and Jeff Colvin of Carrollton and weighed 8 lbs, 9 ozs. and was 20 inches long.

His paternal grandparents are Howard and Erma Colvin of Albert Lea, Minnesota.

Also spending the weekend in Carrollton were the young man's two aunts - Jami Maize and Tammi and Lance Simpson of Amarillo.

Lynanne and Don returned to Spearman Saturday after spending more than a week in Carrollton.

Many are those from all over the county as well as most of Gruver to wish happy 90th birthday to Beulah Bort on Saturday afternoon at the fellowship hall at the Gruver Methodist Church.

Mrs. Bort, originally an Ownbey, was reared in Hutchinson County and has lived most of her adult life in Hansford County. She and her husband, Ralph, 96, have been a part of the growth and development of the entire community. Both are still blessed with good memories and keen minds. She has always been an example of genuine hospitality, frequently opening their spacious home for many, many events. Her home is a part of marriage memories for many a woman whose bridal shower was held in it.

The decision came after much consideration; they express sadness at leaving all that Spearman has meant to them for 39 years, and the friends who are very dear to them.

They moved to Spearman from Beaver in 1955 with three little children, and their memories are filled with the children finishing school here; attending college, getting married and the coming of their own children.

Max retired after the sale of the B&B Sales Company here and in Guymon. Since then they have travelled world-wide and hope to continue travelling.

The Baggerlys have been an indispensable part of Spearman and the community. Max served on the school board and hospital board for many years and was president of each. He was involved in other civic activities. They were charter members of the Presbyterian Church where Dorothy has played the organ for 33 years. It is remembered that Max owned and operated the only bowling alley that the county day absence.

Allison and Monica Behney, daughters of Jean Ann and Larry Behney, are back in Spearman relating their experiences of their 11

days with them. Janice Banister also accompanied them.

Maxine Banister returned Friday after several days at Red River and other places in the area. Her grandsons, Brent Banister of Brady and Quinn Banister of San Angelo; Brent's two sons and some friends of Quinn also enjoyed the several days with them. Janice Banister also accompanied them.

Loyal and Ginger Turner spent a cool, long weekend at the lodge at El Valle Escondido, near Taos. The weather was exactly as Loyal had ordered. He, knowing the temperature at home, and being a strong conservationist (soil and water) had to exert all his will power by not staying longer in order to conserve his energy!

Elizabeth and Richard Holton spent the holiday week at Red River. They were guests of O.C. and Helen Holt at their lodge. The weather was perfect, so they enjoyed the July 4 parade at Red River and the

spectacular fireworks display on the water at Eagle Nest Lake. They returned on Friday.

Gregg has accepted a position of coaching and teaching at Valley Mills, near Waco, and will be moving soon.

Marva Hohertz returned a few days ago from ten days in Houston with their son Doug. He had just been released from the hospital and was recovering from a rare and severe bacterial infection. The Hohertz were notified he had been rushed back to the hospital and was seriously ill. The source of the second infection was from an entirely different bacteria.

According to his doctor, an infection specialist, neither of the bacteria could be attributed to his living in foreign countries. Doug is back at his home now and slowly recovering, but he has a very positive outlook and expects full recovery. He had been scheduled to go to Venezuela before his illness.

The reception was hosted by their daughters; Barbara and Del Cluck, Gruver and Peggy and Jim Jones, Hillbrough, California; grandchildren - Nanette and Tom Haines, Roswell, ably assisted by little daughters, Bennett and Maison; Brad and Mary Cluck, Amarillo. They were so pleased that Ralph, a resident of Hansford Manor, was able to attend.

The gracious Mrs. Bort, always emphasizing the richness of having family and friends over having other possessions, was touched by the large attendance and expressions of appreciation and best wishes.

Peggy and Jim Jones, who live in the San Francisco area, left Monday. They flew to meet two of their sons at Jackson Hole, Wyoming for a short vacation. Peggy had been here a couple of weeks.

A man was having trouble with his lights and he took his car to a mechanic. He examined it and said, "Your battery's weak."

"But," said the owner, "the horn honks loudly."

"Sure," he replied, "but it takes more power to make a light than to make a noise."

There are many people who go around shouting, not shining. But one example is worth more than a thousand arguments.

Lights on a landing strip don't make a noise, they shine; and by shining they woo and warn.

"You are the world's light," said the Lord. "Let your good deeds glow for all to see, so that they will praise your heavenly Father."

What are you doing - shouting or shining?

A "Center" Piece

The Golden Spread Senior Citizens organization has made the move to the O'Loughlin Community Center. Two days of hard work was needed to make the move. Charles Newcomb of the board was the organizer of the man power for the heavy moving. He not only organized but did a lot of work. Ladies from the board, exercisers, quilters and crafters were the packers and unpackers. A great big thanks to all those who worked so diligently.

Pearl is adjusting to her new surroundings. Her telephone number (only one) is 659-3866. She will be glad to answer any questions about the organization. Pearl makes up a calendar each month detailing activities and programs. You may stop by and pick up a calendar during office hours.

Hope to see you in our new environment.

Texas Agricultural Marketing Exchange unveils new system

AUSTIN - Agriculture Commissioner Rick Perry recently unveiled a new computer database program, the Texas Agricultural Marketing Exchange, that will link buyers seeking products such as foods, beverages, lawn and garden plants and textiles with suppliers in just minutes.

"With TAME, Texas agricultural producers and processors will be in the fast lane on the information superhighway," Perry said during the Texas Restaurant Association Southwest Foodservice Expo in Houston. "TAME gives these groups an edge in what is becoming a highly competitive marketplace. The Texas Department of Agriculture is committed to bringing the state's agribusinesses the necessary tools to compete."

One major goal at TDA is to encourage more Texans to buy Texas-grown or -processed products, and this computer program helps locate companies that provide these products, Perry said.

"Many times when we've asked people to buy Texas, we've found that most of them are not aware of the huge variety of Lone Star State products available," the commissioner said. "For instance, when we started asking school districts to include more Texas produce and other foods in their cafeteria meals, many food service directors said they preferred locally produced foods, but they didn't know how to track them down. TAME can do that tracking."

Companies listed on the computer database are members of TDA's marketing programs: "Taste of Texas" for foods and beverages; "Naturally TEXAS" for clothing, fibers and leather; "TEXAS GROWN" for horticultural products; "Vintage Texas" for wines; and "Texas Livestock, Best of Any Language" for livestock listings.

VA shall furnish outpatient care for any condition on an ambulatory care basis to eliminate the need for hospitalization.

"TEXAS" plays nightly except Sundays at 8:30 p.m. in Palo Duro Canyon near Amarillo and Canyon, Texas. Pulitzer Prize winning author Paul Green tells the story of the settling of the Panhandle of Texas with song, dance and stunning sound and light special effects. The story unfolds against the ageless backdrop of the canyon walls.

A bugle sounds as two horsemen carrying the Stars and Stripes and the Lone Star of Texas open the show with a ride across the rim of the canyon wall. Festively dressed dancers and singers burst upon the stage to tell the story of men and women who endure wind, drought and hardship and experience love, friendship and romance.

Each season more than 100,000 people witness the spectacle that has become the nation's best attended outdoor musical drama. Visitors come from every state and from numerous foreign countries to be entertained by the cast of 80 singers and dancers and to be awed by the natural beauty of Palo Duro Canyon.

Tickets for the 29th season of "TEXAS" are \$14, \$10 and \$6 for adults, and \$14, \$5, and \$3 for children under 12. Pre-show entertainment is provided before each performance, and an optional barbecue dinner is also available. For information call 806-655-2181, or write P.O. Box 268, Canyon, Texas 79015.

Heartburn or heart attack?

HOUSTON - Knowing the difference between heartburn and a heart attack could prevent a trip to the hospital.

Many people mistake the burning feeling in the pit of the stomach for a heart attack. About 20 percent of emergency-room patients who thought they were having heart attacks actually suffered from heartburn, said Dr. Fred Sutton of Baylor College of Medicine in Houston.

Heartburn, or acid indigestion, is caused by a backflow of stomach acids into the esophagus, the long tube connecting the throat and stomach. As food travels through

the esophagus, the muscle at the bottom of the esophagus weakens, allowing acid to flow back into the stomach.

The Gruver Little League All-Stars are 4-4 in postseason play going into the Guymon Tournament this coming weekend, July 14-16, according to manager Rick Barkley. The Guymon Tournament was not definite as of press time, but if it is held, Gruver will be matched against Stratford first. This past week, they travelled to Stratford on Tuesday, July 5, losing 14-4. Then in the Dalhart Tournament this past weekend, July 7-9, they lost to the Guymon Gray team 8-2; then defeated the Dalhart Purple team, winning by two runs in extra innings; then defeated the Dalhart Gold team 12-2, before finally losing to the Hereford team 8-3. Here is the roster: Darren Duran (Astros), Anthony Villalobos (Astros), Dallas Henson (A's), Clayton Acker (A's), Dan Odom (Giants), Chad TeBeest (Giants), Kade Carthel (Giants), Kasey Harris (Giants), Bray Armes (Pirates), Cory Schneider (Pirates), Kyler Barkley (Pirates), Aaron Weller (Pirates), DeAnna Johnson (Pirates, alternate), Stephen Salazar (Giants, alternate), and Chris Winter (batboy). *****

The Amarillo Texans 15-and-under AAU basketball team with Brant Armes of Gruver completed Nationals at Phoenix, Arizona this past week, compiling a record of 3 wins and 2 losses in the tournament. *****

Roy Mayhew and a group of Gruver boys travelled to Colorado State University in Fort Collins this week to participate in a team basketball camp. They played basketball, three games a day, against some of the finest Colorado high school 5A-6A teams. From Gruver are seniors Jace Dawson and Roma Tomlinson; juniors Wylee Maupin and Phil De La Cruz; sophomores Josh Mayhew and Jarrod Hoel; and freshman Brant Armes. There were also 2 Amarillo boys, 1 Hartley boy, 1 Borger boy, and 12 Dumas boys. The seven Gruver boys were divided up 3-2-2 among three teams,

and Roy Mayhew coached one of the teams.

Altogether 574 boys participated in the camp, and there were 72 teams. Roy and the Gruver boys returned to Gruver this past Wednesday, July 13. *****

In the World Cup, the semi-finals were just played Wednesday, July 13, with Italy paired against surprising Bulgaria; and Brazil paired against Sweden. The results of those two games were not available as of press time. The World Cup finals will be played Sunday, July 17 at the Rose Bowl in Pasadena, California, will be shown by ABC TV here in the United States, and will be watched by more than a billion people worldwide. *****

Aaron Frick has been participating recently in the USA Track and Field Junior Olympics. In the Regional Qualifying Meet at Levelland, he took 1st place in the shot put with a heave of 49'3"; and in the discus he also took 1st place with a toss of 162' - a personal best.

Then in the Region XII Meet this past weekend in San Antonio, Aaron took 2nd, throwing the shot 50'4" - a personal best; and he took 3rd in the discus, throwing it 152". That qualified Aaron in both the shot and the discus for the National Meet at the University of Florida in Gainesville, July 28-31. *****

Last year's Championships in Baton Rouge, Louisiana attracted over 6000 competitors from the five age divisions for boys and girls. 31 national records were established. This summer's meet at Percy Beard Track Stadium in Gainesville, with athletes coming from 15 regions across the country, is also expected to draw over 6000 athletes - allowing the Junior Olympics to continue their reign as the largest track and field competition in the country.

Aaron will be a senior at GHS this fall, a member of the Hounds varsity football and basketball teams, and there's no telling what son approaches.

he might accomplish in track and field competition for Gruver High next spring! *****

The first pre-season football magazine of the year is out - Dave Campbell's 1994 Texas Football Magazine. Here is Campbell's predicted order of finish for District 1-AA: 1. Stratford, 2. West Texas, 3. Spearman, 4. Gruver, 5. Boys Ranch.

I disagree. Even though Stratford returns 6 starters on both sides of the ball, and will be explosive offensively, I feel West Texas should be favored, with Gruver second. Gruver returns an awesome 9 offensive starters and 7 defensive starters. In addition, the Hounds JV was 9-1 last year and district champions, losing only to Guymon JV at Guymon. West Texas closed the season last year with a great flourish, finally living up to pre-season expectations, and they return 7 starters on both sides of the ball, and they should be district favorites. They almost went to AAA. Spearman's Lynx return only 3 starters from last year's fine 7-3 playoff team, and even though they also had a very fine JV team last year, they should be rated fourth, with Boys Ranch fifth. That's how I feel. I really look for good things from Coach Doug Frick's Gruver Greyhounds this fall - perhaps the first playoff team here in Gruver since 1984.

Gruver's early season schedule is a dandy. Wheeler's Mustangs, Gruver's opening opponent at Wheeler, is rated by Campbell at number two in the entire state in Class A. They will be a real challenge. But even more than Wheeler, the Texoma Red Devils will be awesome for the Hounds at Texoma. They have lost only two games the past two years, and return their very talented quarterback Brad Cornelison and a fine cast around him, and they will be rated very high in the Oklahoma AA state ranking. More as the season approaches.

COMING DOWN HARD -- Roper Marty McCloy of Morse heads for his calf in a Garden City Kansas rodeo earlier this year.

McCloy takes first in calf roping at Championships

Marty McCloy of Morse recently attended the National Intercollegiate Finals in Bozeman, Montana June 13-20.

McCloy attends college at Panhandle State University in Goodwell, Okla., and is on the PSU rodeo team. The PSU rodeo team was ranked 3rd in the nation be-

hind Vernon Junior College and the University of Nevada Las Vegas. McCloy entered in four events in Montana: calf roping, saddle bronc riding, bulldogging, and team roping. Marty earned points for his team by winning the calf roping championship. He tied three calves in 31.0 seconds to win the National

Intercollegiate Calf Roping Championship for 1994. Marty was awarded a \$1,500 scholarship for his calf roping win.

Marty says "Thank You" to all who have helped him in attaining his goals. He hopes he can continue to represent this great community for many more years.

Horse-related toys needed for museum exhibit

The American Quarter Horse Heritage Center & Museum is seeking horse-related toys dating from the turn of the century to the present for the upcoming exhibit, "Playroom Pals," which is scheduled to open in October and run through April 1995. The exhibit will explore the evolution of toys.

"Over the years, there has been a variety of equine-related playthings produced," said James May, Director of Curatorial Services. "During the past 100 years, children have played with a variety of horse toys ranging from cast iron to molded plastic."

Anyone wishing to loan a toy to the American Quarter Horse Heritage Center & Museum should send a photograph of the toy along with details of its height, width and length. The photos will not be returned unless accompanied by a self-addressed, stamped envelope. All toys used for the exhibit will be on a loan basis and will be returned after the exhibit closes.

May is interested in older cast-

iron toys and mechanical banks. Also, toys representing movie and television horse characters from the 1950s and 1960s are needed.

Located along Interstate 40 at Quarter Horse Drive, the American Quarter Horse Heritage Center & Museum in Amarillo offers visitors interactive exhibits, artifacts, video presentations, scheduled American Quarter Horse demonstrations and breathtaking works of art. A research library and archives also is available for the seri-

ous owner or American Quarter Horse enthusiast.

Open Monday through Saturday, 9 a.m. to 5 p.m. and Sunday, noon to 5 p.m., the American Quarter Horse Heritage Center & Museum offers discounted rates for senior citizens and groups.

For more information about "Playroom Pals," write the American Quarter Horse Heritage Center & Museum, 2601 I-40 East, Amarillo, Texas 79104, or call (806) 376-5181.

Panhandle Professional Writers to conduct mini-workshops on Saturday, July 16

Dr. Clay Reynolds, distinguished Texas novelist and recently named a National Endowment for the Arts Fellow for 1994, will conduct two mini-workshops sponsored by Panhandle Professional Writers under a grant by the Texas Commission on the Arts. "Thanks to the generosity and interest of the Texas Commission on the Arts and the Austin Writers League, Panhandle Professional Writers will be able to offer informative workshops conducted by distinguished authors during our Diamond Anniversary year," says Doris Meredith, Publicity Chair. "We are pleased to welcome Dr. Reynolds as our first lecturer funded by this grant."

Dr. Reynolds will speak on "Fiction Out of Fact: Adapting History to Fiction," Saturday, July 16, at the Sunset Convention Center, 3601 W. 15th Ave. beginning at 10:30 and followed by a luncheon break at 12:00.

"A purist might say all writing is historical because it's based on past experience, and that's true up to a point," says Dr. Reynolds, explaining his morning workshop. "The question becomes whose past experience is the author using? His own, or someone else's? Historical fiction almost always depends on the past experiences of those who are no longer living. The writer must depend on diaries, journals, letters, and other personal papers to determine the personalities, attitudes, and experiences of either historical figures or ordinary people. Fiction is a lie with which we tell the truth. The more strongly the lie is supported by truth, the more likely the reader is to believe it."

Dr. Reynolds will offer a shorter workshop in "Empty Bank Accounts and Full Garages: Self-Publishing," beginning at 1:00. "Self-publishing is a financial risk that most writers should not take," says Reynolds. "That is not to say that no writer should take the risk. Poets, for example, frequently self-publish because most commercial publishing firms don't consider poetry to be financially successful. My workshop will offer guidelines for self-publishing. The last thing any writer wants is a garage full of books he can't sell."

Clay Reynolds is the author of more than five hundred publications ranging from book reviews to full novels. Born in Quanah, Texas, he holds degrees from the University of Texas at Austin and Trinity University in San Antonio; he also holds a Ph.D. from the University of Tulsa. He has written several critical works, including a study of fellow Texas author Larry McMurtry. "I reviewed *Taking Stock: A Larry McMurtry Casebook* when it was published," says Publicity Chair Doris Meredith. "It is a scholarly work, very erudite with footnotes, bibliography, and index. It is also very enjoyable reading and that's not always true of critical nonfiction. I review more than forty scholarly books a year and most I wouldn't recommend to the general reader. Dr. Reynolds blends scholarship with beautiful writing and that's a rare talent. That same careful scholarship is the bedrock upon which he erects his historical fiction. It is a combination that is both aesthetically and commercially successful," continues Meredith.

Nominated for the Pulitzer Prize for 1992 for his third novel, *Franklin's Crossing*, Reynolds also has received the Violet Crown Award for fiction, and twice has been a finalist for the Western Writers of America spur Award. His nonfiction work has appeared in several national magazines, including *American Way*, and *The Chronicle of Higher Education*, and his short fiction has been published in *Writer's Forum* and *Cimarron Review*.

Reynolds has served as visiting writer in residence at Villanova University, Novelist in Residence at the University of North Texas, and as a professor of English at Lamar University. He is a member of the Texas Institute of Letters, the Author's Guild, PEN West, and Western Writers of America. His published novels include *The Vigil*, *Agatia* (re-released as *Rage*), and *Franklin's Crossing*. He currently is working on another historical novel, as well as two crime novels set in Texas, and his fourth novel, *The Poet*, will be published in the spring of 1995.

"Dr. Reynolds will be signing his novels at Hastings Books and Records in Wolfkin Village from 3:00 to 5:00 following his workshops," says Meredith. "We hope the public

will take advantage of this opportunity to visit with Dr. Reynolds and buy one of his marvelous books."

Dr. Reynolds' fiction workshop will be from 10:30 - 12:00, followed by a luncheon. His program on how to self-publish will begin at 1:00 with a regular business meeting of Panhandle Professional Writers afterwards. An admission fee of \$5 for members of PPW and \$10 for nonmembers will be charged for the morning workshop. The regular bi-monthly meeting and program in the afternoon is open and free to the public.

Registration for Panhandle Professional Writers for the morning workshop and the regular bi-monthly meeting begins at 9:00. Luncheon is available to members and guests for \$7.50, and reservations are required. For more information and to make reservations contact Publicity Chairperson, Doris Meredith at 352-3889.

National poetry competition open to Spearman poets

A total of 51 prizes will be awarded in a national poetry competition sponsored by the International Library of Famous Poets, open free to everyone. A handsome book prize will be awarded to the finalist in each state. The Grand Prize winner, chosen from among the 50 finalists, will receive a cashier's check for \$1,000!

"Texas has always produced great poets," says Dr. Richard Huntington, the Library's famed contest director, "and I would like to see a person from the Spearman area take top honors. Beginners are welcome."

Entries must be postmarked by midnight, August 15, 1994. A winner's list will be sent to all entrants.

To enter, send one poem 20 lines or less to National Poetry Competitions, 421 N. Rodeo Dr., Suite 455, Beverly Hills, California 90210.

We need your help to spot and report pipeline emergencies so we can react promptly. And we need your cooperation to prevent accidents from happening.

Help prevent pipeline accidents:

- Call BEFORE you dig, drill, blast or doze.
- Watch for our signs at road, railroad and river crossings, at fence lines, ditches and other sites.
- For no-cost location of underground facilities, call the 24-hour "TESS" number (1-800-DIG-TESS) to reach Texas Excavation Safety System. Please call two working days in advance.

Signs of a pipeline emergency:

- Hissing or shrill SOUND.
- Unusual BLOWING dirt or dust.
- Persistent BUBBLES in water.
- DYING PLANTS amid healthy ones.
- FIRE or EXPLOSION near pipeline.

To report a pipeline emergency:

- Phone 1-800-733-2490, our toll-free, 24-hour line.

Steps to take in a pipeline emergency:

- Evacuate the area immediately.
- Avoid potential ignition sources.
- Warn others to stay away.

REGULAR CHURCH ATTENDANCE, DAILY BIBLE READING & PRAYER

"THINK ABOUT IT..."

As Father's Day approaches, we might recall some fatherly advice. This year, these words came back to me... "If you keep your ears open and your mouth closed, you may learn something."

As a youngster, it was disturbing when my father quietly said, "I will have to think about it." I wanted an answer immediately. Even now, silence does not come easily to me, but I have learned that it is imperative to wait for an answer.

Our Heavenly Father has instructed us to practice prayer and meditation. Yes, we are His children. We may ask for our heart's desire, but we need to take equal time to listen for an answer...to meditate upon what our Father "thinks about it". On Father's Day, may we recognize fathers everywhere, and as we worship, let us make prayer and meditation a priority. What advice has your Father given you? Be still, keep an open heart, and think about it.
