Suicide case turns to possible homicide

Last week, Hansford County residents were shocked when they heard about the sudden death of Cynthia Howell, a Spearman business woman. Howell, who was found in a ravine near Skellytown last Monday, was believed to have committed suicide, but now, after an autopsy report and several unanswered questions, investigators are looking into a possible homi-

Although investigators do believe that Howell's death was homicide, no suspects have been arrested at this time. "We are continually questioning people, but we have no certain suspects at this time," stated Carson County Sheriff Loren Brand.

The autopsy reports did show that Howell died from two gunshot wounds to the chest. However, both bullets did exit her body, but only one was found at the location. To add another twist, the alleged 9mm handgun that was found at the scene may not have been the weapon that fired the two shots.

If the homicide proves true, this would be the first homicide in Carson County in several years.

As of now, Danny Howell, her husband, who was flown to Northwest Texas Hospital in Amarillo after stabbing himself in the abdomen when he heard about his wife's death, has been recently released.

The fun really started after that. Rod & Les Barkley and Glen Harris, one of the finest trios around. put on 30 minutes and 7 selections of great singing to entertain the packed house.

Moments later, two awards were presented for outstanding service. The first award, Outstanding Homemaker, was presented by Elsie Watley. She gave a beautiful leather plaque to Teresa Barkley, a Gruver resident and the owner of Cousins, for her outstanding work as a homemaker. The second award, Outstanding Conservation Farmer, was given by Rick Harrell, District Conservationist and the main force in the organization. He too presented a plaque. Billy Logsdon received the honor for his help in

There are new and exciting things going on every day for the area farmers that the HSWCD are doing, including new ways to grow crops and new ideas on the best way to use the land for replanting. The HSWCD is here to help the farmer do that, and, despite the way the farmers used to think of the HSWCD as a bad thing, they are working constantly to help farmers. Harrell summed it up best when he said, "We want to make our agency helpful, and we want to serve the farmers.

AWARD WINNERS - The Hansford County Soil and Water Conservation District, along with the three Hansford County Banks, held an appreciation dinner for local area farmers last Thursday night at the O'Laughlin Center in Spearman. Besides great entertainment by Rod & Les Barkley and Glen Harris, two awards were presented. Lieb receives \$900 Allie Collins scholarship

Lori Lieb, a senior elementary childhood endorsement along with education reading major from Morse, was named the 1995-96 recipient of a \$900 Allie Smith Collins Scholarship. Lieb was honored along with Frances Christian of Claude and Mary Bagot of Amarillo, daughters of the late Allie Smith Collins, at a luncheon November 7.

The children, grandchildren and great grandchildren of Collins, a first-grade teacher for 26 years, established the memorial scholarship in 1975.

"This is such a good match, because our mother was also a primary teacher," Christian said. "We are so happy to be able to do something like this at West Texas."

Lieb, who will also earn an early

her degree, will student teach during the spring semester.

"I felt honored to be chosen." Lieb said. "It was also especially nice to meet the people who are giving me this gift."

Since 1991 the Allie Smith Collins Scholarship has grown by more than \$10,000 and awarded more than \$4,000 in education scholarships.

Student recipients for the Allie Smith Collins Scholarship are required to meet the following eligibility requirements: two semesters at WTAMU; major in education; junior, senior or graduate classification; and a 3.0 grade point aver-

On the receiving end, most of the time, of those passes were Martin Sanders and Dillon Miller. Sanders caught the ball 9 times for 175, an average of 19.4 yards per catch, and 3 touchdowns. Miller caught the ball 5 times for 98 yards, an average of 19.6 yards per catch, and 1 touchdown.

No matter who was playing them, the tailback, fullback, wingback, and quarterback positions brought in several yards. The tailback had 1,069, the full back had 656, the wingback had 136, and quarterback had 308.

The Lynx defense was really something to be dealt with on the field, especially the line. Cody McLeod led the way with tackles, as he brought in 21 by himself, 51 assisted, 1 fumble recovery, and two forced fumbles. Elliott was impressive as well on defense, and he brought in 20 tackles alone, 45 assisted tackles, 1 fumble recovery, 5 interceptions, and 1 forced fumble. As a team, the defense allowed 844 yards rushing, 504 yards passing, for a total of 1,348 total allowed yards and an average of 149.8 yards

As for special teams, Howard returned the ball 12 times for 347 yards, and an impressive 28.9 yards per return. Elliott had 31 kickoffs for 1,286 yards, and a fantastic average of 41.5 yards per kick. Collins booted the away 31 times on punts for 1,111 yards, and an average of 35.8 yards per kick.

It is indeed sad to see all these Lynx seniors go, but, as always, it is time to look forward for the years to come. The Lynx will be blessed for a number of years with talent that will help them reach their ultimate

Among The Neighbors

From her new home base in Bangkok, Thailand, Kathryn Gumfory has reported on her activities and adventures, graphically shown on her videos

Kathryn is the daughter of Carla Gumfory, Gruver, and the late Tommy Gumfory. She is the granddaughter of Peggy and Carl Archer and the late Ruth and Paul Gumfory.

Kathryn and a friend, Andrea Chapman of Carrolton, arrived in Bangkok in July. They are teachers in the International Community School, part of The Network of International Christian Schools. Kathryn teaches the first grade and Andrea the second. The students are chiefly children of the personnel of the foreign embassies and of the school, and most have at least a rudimentary knowledge of English. Kathryn's students are from eight different countries. The residence for the teachers is a school dormi-

As can be imagined, the girls are seeing a vast difference in the U.S.A. and Thailand. They are getting adjusted to the different life styles, the food, languages, congested traffic, smothering smog and transpor-

They are very relieved that the monsoon rains have finally, apparently, stopped and they can do some sight-seeing. They are finding much of interest, -- the local landmarks, ancient temples, and even an elephant.

Kathryn will be teaching there for two years, but does have a Christmas vacation and will arrive back home on December 23 and be here until January 9.

Dr. William and Laura Porter, with Jennifer, Stephanie and Matthew, are visiting his parents, Betty and Chalmers Porter. They will be here for Thanksgiving. They are from Fargo, North Dakota, where he has a private medical practice.

Globe mentions that Lori Lieb, a WT Senior elementary education major from Morse, was named the 1995-96 recipient of the Allie Smith Collins Scholarship. Among other requirements, the recipient must have a 3.0 grade point average.

She is the daughter of Mr. and Mrs. Dean Lieb.

Kristi and Will Jarvis announce the arrival of a son, Richard Nolan, on October 31, 1995, at High Plains Baptist Hospital in Amarillo. He weighted 9 lbs., 5 oz., and was 21 1/ 2 inches long.

His grandparents are Linda and Britt Jarvis, Spearman and Paula and Ted Simpson, Brownwood.

Great grandparents are Mrs. Ollie Jarvis, Stinnett, and Nolan and Fay Holt, Spearman.

He joins a three year old brother, Matthew, and six year old sister, Jessica. Matthew celebrated his birthday the previous weekend and his relatives, included Grandfather Simpson of brownwood, shared his celebration.

Mrs. Simpson, who had been here since the birth of the new son, retuned home with him this past weekend.

Guests of Myrtle DeArmond for several days last week were her grandchildren. Mary Lou White, with Malina and Jacob of Carrizozo, new Mexico. She had been here two weeks ago for the services of her father, Don DeArmond.

Also coming again were her brother Dennis DeArmond of Roswell, and Chief of Police Bo DeArmond and wife, Teri, of Dumas. Joining them on Sunday were Clint and Emily De Armond of Perryton.

They also visited in the home of their aunt, Martha and Billy Haden.

The family and friends of Edith Pipkin were very pleased that she could be brought home on Tuesday. She has been undergoing therapy at the Bivins Rehab Center follow-

Their home had to have some adjustments made in order to accommodate her wheelchair.

Their daughter, Betty Clifford, of Ingersol, Ontario, Canada, arrived on Monday for an extended stay. Other family members have been in constant attendance.

Edith is most optimist that, with continued therapy, she will regain most of her mobility. She is looking forward to having visitors, and expresses appreciation, as does her family, for all the expressions of cards, and visits during her hospitalization.

ful, and The Panhandle Crisis Center has an abundance of thankfulness. What we need is a full slate of volunteers to receive all this thankfulness. With tow or three more volunteers, very few of us would be on call more than once or twice a month. Think about it: one or two opportunities each month to know down to the soles of your shoes that you've really helped someone who was in a bad situation. That's a truly good feeling. Call in right this minute to make your application. The phone number is 435-5008.

This last (74th) Texas Legislature has presented a number of new regulations for helping in cases of domestic violence.

One of them is that, as of now, a peace officer may stay with a victim of family violence to protect the victim while she/he collects whatever articles are needed by the victim (and child, or children) before going to a safe haven. Used to be that this had to be done at another time, when the batterer was away from the house.

In every Texas county are from one to three prosecuting attorneys who must accept a protective order. The word must is a new here. (Our area has been a bit ahead of some counties in the state.) As soon as this protective order is received. the prosecuting attorney must then forward the information to the state's central system for recording or women who are victims of doall protective Orders. This makes mestic violence, whether physical the information immediately avail- or "merely" verbal. We give counseller must check the records to see whether the buyer has a Protective Order listed against him. If so, no gun. So, beginning January 1, 1996. law enforcement officers in other states will be able to enforce a Protective Order issued in Texas.

Her's another goody: Until now, though a person had to report the first occasion of being stalked, the police were not allowed to act until a second occasion had occurred. Now, the first occasion is enough to put the stalker in jail. In addition, the officer making the arrest must put the phone number and address

This is the season to be thank- of the victim on the record. This is to make possible a "reasonable attempt to notify the victim" if the offender is released on bail or for any other reason.

> Wow! Texas has come a long way since I first became (somewhat dimly!) aware of its customs and laws. I remember a famous case in Amarillo wherein a man, who had caught his wife in bed with another man, was exonerated for killing her. (He shot her.) Tue, the woman was caught being "unfaithful." But did that give him the right to kill her? What makes this true story even more "primitive" is that the husband had done some bed-hopping himself. But that was different! By the way, the story was fictionalized in an outstanding novel of the period - received a "Book of the Year" award. I'd probably never have read it but one of our sons was assigned the book to read while he was attending Texas Tech. The book (and its implied "customs") so appalled him that he had to talk it over with me. The book is probably still in my library, but I've never bothered to read it more than that once. Reminded me of THE SCAR-LET LETTER, written some 200 years ago. Remember hearing about that one while you were in high school? Actually, both were protests again unseemly retribution.

3-Pointers - Molly McLain - 3. Gru - Molly McLain - 22, Kiki Carthel - 18, Weslyn Maupin - 18, Kaysha Cluck - 8, Amber Murrell -4, Cara Hathaway - 3.

Synopsis: The Lady Hounds showed a tremendous amount of character in this game. In the second quarter, the Gruver ladies fell behind by 15 points, 27-12, and they were really rattled. But they pulled themselves together by the shoelaces and fought back, scoring 50 points in the second half. Weslyn Maupin was 8-9 from the free throw line, 7-8 in the fourth quarter! Molly McLain hit from under the basket with 6:22 left in the third quarter, and the Lady Hounds had come all the way back to lead 34-33. With 4:26 left, Kiki Carthel hit from under the bucket and the Lady Hounds led by four. But Claude kept coming back. With 1:26 left in the third quarter, Cara Hathaway hit a crucial 3-point play, as she scored from under the basket and big number 20, Lacie Howell, their sophomore post, drew her foul, and Cara sank

the free throw to make it 45-44 in favor of Gruver. But Claude kept coming back. Carthel hit from under the basket 5:54 left in the game, and Gruver was up by five. Howell fouled out with Gruver leading 55-53 and 5:12 left. Claude tied it at 57-57, but McLain nailed a gorgeous rainbow trey with 3:36 left, and that was the shot that broke their backs. Gruver was only up 64-62 though, with 2:00 left, when McLain nailed another rainbow trey to put us by five, 67-62. The final as 73-63, and the Lady Hounds had scored 25 points in each of the final two quarters. It was a realgood, feel-good win, one that will do the Lady Hounds a world of good later in the year, whenever they play before a hostile crowd.

Synopsis: The Hounds couldn't shake the pesky Mustangs for the duration of the game. The Hounds

jumped to a 7-0 lead, but Claude kept fighting back, and played a fine game. Gruver's largest lead was 38-30 in the third quarter, but the Mustangs then scored 7 unanswered points to trail 38-37, then went into the lead 45-42. It wasn't until the steady Brant Armes hit a jumper with 3:18 left in the game, that the Hounds had the lead for

good, 48-47. Wylee Maupin was impressive with a 15 to 20 foot jumper that he consistently hit. Armes was 6-7 from the free throw line in the fourth quarter, and with 21 seconds left in the game, Armes hit the crucial package - both ends of the one and one, to increase a 55-53 lead to 57-53. It was a very good game for the Hounds.

The Top of Texas Basketball Magazine annual is out, and the Gruver Hounds and Lady Hounds are each picked to win district 1-AA. The predicted order of finish: (Boys), 1. Gruver; 2. West Texas; 3. Spearman; 4. Boys Ranch; 5. Stratford. (Girls), 1. Gruver; 2. Stratford; 3. Spearman; 4. West Texas.

As with all pre-season polls, they can be taken with a grain of salt. The Lady Hounds, and the Hounds are going to have to prove themselves on the basketball court, not

on paper. In the case of the Lady Hounds, Stratford and Spearman are formidable opponents, and the Lady Hounds could get knocked off if they are not up to snuff in each and every game. Remember, the Gruver gals are not ranked in the state's top twenty in the TABC preseason poll, and they are picked THIRD in the TABC pre-season district 1-AA forecast. The Hounds will have to contend with an outstanding Spearman Lynx club that

Carthel - 14, Kaysha Cluck - 5, Cara Hathaway - 4, Weslyn Maupin - 4, Amy Gillispie - 3, Autumn canned a jumper. But the Fritch Bateman - 2, Amber Murrell - 2, Tara Shapley - 2.

Synopsis: The Lady Hounds stepped up in class for the second game in a row to play the AAA Lady Eagles, but it's the Lady Hounds who are the class of the Panhandle. Kiki Carthel and Molly McLain, two seniors, are showing their senior leadership by playing very steady basketball, and according to head coach Steve Myatt, they are going to have to play steady basketball for Gruver to be successful. Gruver led 12-8, when they went on a tear, outscoring the Lady Eagles 16-3 to take a 28-11 lead. The Lady Hounds led 40-17, and 46-19, before the Lady Eagles spurted at the end. The Lady Hounds looked a bit ragged at times, but they were playing a team that played four quarters of ragged basketball, and it's very hard to show any consistency when your opponent plays like that. This team is very good, and they will get much better.

Synopsis: These two teams are going to have some classic battles this year, if this first game is any indication. The AAA Eagles, unbeaten with their other victory over first quarter and three buckets in 5A Caprock, were a formidable op- the third. ponent for the Hounds - too formidable! Phil De La Cruz canned a trey with 5:44 left in the first quarter, to give the Hounds the early lead, 5-4. A Wylee Maupin slam dunk gave the Hounds a 9-6 lead. That's when the Hounds spurted at - 1. the close of the first half. A nice 3point play on a breakaway layup by Daniel Bort as the halftime buzzer sounded gave Gruver a 33-30 lead.

Gru - Molly McLain - 15, Kiki like they would coast home to victory, as they led 52-40 - by 12 big points - after Scott Jarvis had team outscored the Hounds 30-8 the remainder of the way, as they were red hot, and Gruver was ice cold. Only Brant Armes, who scored all eight of the Hounds fourth quarter points, could hit the basket. But it may have been a good loss for the Hounds, a learning experience, as no one expected them to be perfect anyway. The Hounds will get other shots at the Eagles this year.

"Don't let it be forgot, that once there was a spot, for one brief shining moment that was known as Camelot.' A place, a time, a person, it makes little difference.

Camelot has come to mean "the height of something special." And Thanksgiving is a time of recalling one's Camelots. It is the reality (or memory) of little children gathered around an open fire in the den finding expressed delight in identifying flickering flames as "rabbit ears" or "teddy bear's feet.

Camelot is turkey served full-bodied to family members, but it is more. Camelot is gratitude for life, and the life-giver without whose daily presence there would be no Camelots. It is thankfulness that God is actively, creatively, and redemptively at work in our

Thanksgiving is reviewing the Camelots along the path and expressing gratitude for each. It is hearing the surgeon say "benign" instead of "cancer"; a kindly soul who rings your doorbell to enlighten the load; a letter with words that send doldrums scurrying for cover, and it is the reality of knowing that God cares; that He is the Source and Resource of all we shall ever need. But Thanksgiving is better pronounced "Thanks-Living," the only true way to celebrate this Thanksgiving, Camelot Season.

Out at the Lake

This was a rather quiet week at the Lake despite the warm weather, cation Park, where the Huge cot- during the middle of the day, Jack but it was an exciting week for me as two things I wanted to see fell in place. Ollie Jarvis rode out to the Park with me, and I have my brother rubbed off, and some just has a jack Hart's face to face encounter polished look. There are some young with the mountain lion to report.

I wrote about "buck rubs" last week, and now I have seen some. Cottonwoods seem to be the favored tree, although they work on the lacebark elms some. The deer

Hospice ceremony to be held

The public is invited to attend the annual lighting of the "Lights of Love" Christmas Tree on Monday, around it were the feed grounds. December 4. The program will be- These big birds are truly a sight to gin at 6 p.m. in the Hansford Manor see. I saw them three different Living Room and will include Christmas music and refreshments. It will conclude with the lighting of the Christmas Tree located on the north grounds by the gazebo.

You can help Hansford Hospice turn on the Christmas lights and at the same time, honor and remember special people by making a gift to help illuminate the "Lights of Love.

Hansford Hospice provides a program of physical, emotional and spiritual care to the terminally ill and their families. These services are provided regardless of the family's ability to pay. Therefore we rely on the on-going generosity of the very caring community to help fund this program of special care. Please support Hansford hospice in this ministry of love. Your gift is greatly appreciated by the patients and their families who are cared for by the Hospice team.

did receive some pre-season ink in the TABC newsletter, Roundball Roundup. It will be a while before the polls mean anything, and then it's the Texas Association of Basketball Coaches (TABC) periodic rankings that mean most. But as we all know, the game is not over until it's played on the court, and then either team can win.

We wish Canadian's Wildcats and head coach David Flowers the best of luck in the football playoffs. Hopefully, they will go a long way.

The Lady Hounds will have had their first big test the year this past Tuesday, before this newspaper comes out. That is against class A's Claude Lady Mustangs. Claude opened the season with wins over Alamo Catholic 113-30, and at Highland Park 86-27. They are averaging 99.5 points per game! This column is being written prior to that game, so you will know the results of Tuesday's action at Claude. Last year, the Lady Hounds beat Claude at Gruver 61-47, but their JV trampled our JV girls. It should be interesting.

PLAYER OF THE WEEK - Clay Scribner, a former Lynx football player, was recently was named the Panhandle State University Red Shirt Player of the Week.

November 20, 1995 -- Lake expected. The size seems to vary and part of her children to see this according to the size of the buck, but the trees I saw rubbed in Deditonwood tree is, were around four Hart was out of his pickup counting inches in diameter. Some of the a covey of blue quail on the ranch bark is shredded, some is completely trees directly north of the office that bobby Mosier and Raymond put PVC pipe on to keep from being destroyed.

Robert Novak and Kenneth Evans, P.D.R.A. members who will have served 20 years this January, both live east of Spearman and both "Lights/Love" have stories to tell of the tremendous flocks of sand hill cranes that frequent their neighborhoods. I have had a strong desire to see this sight, but it is one that you have to be in the right place at the right tie. They were just east of Spearman using a playa lake that was fast drying up for a base. The wheat pasture and various stalk fields

choose a smaller tree than I had times, but when I took my daughter wondrous sight, they were gone.

Last Wednesday, November 15, where the Zulu Stockade was. Several of the quail were missing, and he began to look for shot gun shells, thinking someone might have been shooting them. As he looked around he found himself staring into the face of a young mountain lion. Jack thought the lion had been stalking the quail. As they stared at each other, the big cat's tail was twitching back and forth. Jack decided it was time for him to get back to his pickup. I don't have the details of how far apart they were and if Jack backed or turned around. There have been several sightings of a lion in this area.

The Texas Parks and Wildlife have been conducting a survey of mountain lions in Texas. They hope anyone that makes a sighting will call 1-800-792-1112 and report it.

I will save the Ollie Jarvis stories until next week.
