Hansford County school districts release enrollment information

by Angela Jones Editor

Hansford County students have now been in school for over three weeks, with Gruver I.S.D. and Spearman I.S.D. reporting a decrease in enrollment. Pringle-Morse C.I.S.D. reported that they have the same enrollment as the beginning of school last year.

For the 1993-94 school year, Gruver has reported that there are a total of 503 students enrolled, as compared to the 509 attending in 1992-93. However, Angie Dahl pointed out that the enrollment is up from the 497 the district had recorded at the end of the 1992-93

She added that though the elementary is down with 171 students attending, both the junior high, 171, and the high school, 161, have increased their enrollment.

It was also pointed out that due to a large increase in Spanish students, Gruver I.S.D. is offering a special ESL 12 week course.

Superintendent Barry Haenisch explained the reason for the program. The district felt like with one or two student in high school and junior high they have been fairly successful with the one hour a day ESL course. He continued, since the district has so many students in the ESL program this year they didn't feel like it would be as suc-

cessful. "The students still take some regular classes such as P.E., math, music, and typing, but there are classes where it is a disadvantage to the students to attend the regular class such as English, speech, social studies and science." There-

fore there was a consensus to let these students take classes together and stress English.

Angie Lopez has been hired to teach the extension of the ESL class and she is working closely with the regular ESL teachers, Haenisch reported.

"Hopefully at midterm we can start working them back into regular classes," Haenisch said. He concluded, "We feel the program will be successful and are anxious to see how quickly they make progress to see if it benefits them as well as us."

Currently there are 11 students ranging from the fourth grade up enrolled in the extension ESL pro-

At Pringle-Morse C.I.S.D. the 390 attending last year.

beginning of the 1993-94 school year has the same number of students, 78, enrolled as in 1992-93. It was reported, however, that this figure is up from the 68 recorded at the end of the 1992-93 year.

For the beginning of the 1993-94 school year Spearman I.S.D. has reported a total of 801 students enrolled for classes, as compared to the 809 recorded for 1992-93. At the high school level, there are the same number of students enrolled as last year, 228. The junior high enrollment has recorded an increase for the 1993-94 year with 193, as compared to the 191 for 1992-93; however, the elementary has decreased to 380 students from the

Gruver sets plans for homecoming celebration

by Angela Jones Editor

As the Gruver Greyhounds 1993 Homecoming festivities approach, students from the past and present are making plans to participate.

A pep rally is planned for tonight. It will be held at the park. Then Friday afternoon an all school pep rally is scheduled.

This year during Gruver's 63rd Alumni Homecoming, the classes of 33, 43, 53, 63, 73, 83 and 93 will be honored.

coming will begin Friday, Sept. 10, at 5 p.m. with a chili supper in the school cafeteria.

ing Queen will be crowned. Those

Pringle-Morse voters to decide on school finance proposal

Pringle-Morse voters will go to the poll Saturday, September 11 to decide whether the district's proposal to send tax revenues to Gruver and Spearman schools should be approved. The district is asking voters to authorize it to educate students in the others districts, or to purchase attendance credits from the state, if necessary.

Voters can cast their ballots from 7 a.m. to 7 p.m. at the Pringle-Morse School in Morse.

The Texas Legislature gave 99 property-wealthy districts five options to reduce taxable property wealth to \$280,000 per student as a way of eliminating financial inequities among school districts.

The five options are: consolidate districts, merge tax bases, shift taxable property to other districts, contract to educate students in other districts, or purchase attendance credits from the state.

Districts that do not choose an option by October 16 will face either forced consolidation or the removal of taxable property from the

Most of the state's districts have chosen to write a check because it is the easiest and least permanent option should the law be declared unconstitutional, as the state's education finance system has been three times.

seniors vying for the title are Shanna Jarvis, Andee Salmans and Mika McLain. Scheduled for 7:40 p.m. is the crowning of the 1993 Alumni Queen.

With the kick-off at 8 p.m., the Gruver Greyhounds will go headto-head with the Boise City Wildcats at Greyhound Stadium.

For the students, a homecoming dance will immediately follow the game. It will be held at the county barn with tunes by Gary Ellsworth. The dance is scheduled to end at 1

On Saturday, Sept. 11, an All-Alumni Dance will be held at the Sparks Brother Hanger, one mile on Highway 15, by Old Hansford. south of Gruver. The dance will feature music by "Slow Motion".

recipients of the 1993 awards were caught the rig causing the driver to Kim Boone and Carey Kauffman.

Spearman Volunteer Fire Department accepts new member

by Angela Jones Editor

Fire fighting is a hot, dangerous, stressful and exasperating job that tries even the toughest individuals. Just recently a new firefighter took on the responsibility. He is ready, waiting and is capable of being on the way in min-

No, this new member of the fire department does not have a name and is quit different from the other members of the Spearman Volunteer Fire Department. The new member is soft, cuddle and has four legs. The puppy, without a name, is the newest member, mascot and "fire dog".

As happy as he is with his new team of firemen, this puppy sometimes gets depressed because no one knows what to call him.

To solve this dilemma the Spearman Volunteer Fire Department is going to have a "Name the Fire Dog" fund raiser. Names will be accepted from Thursday, Sept. 9, to 5 p.m. Monday, Sept. 20. To submit a name, write it on a 2X5 card and drop it at Box 37, Spearman, 79081. The name you submit just may fit this cute puppy

The cutest member of Spearman's Volunteer Fire Department is in desperate need of a name and needs your help!

"Luv Ya Lynx Week" Raises Homecoming spirits

by Angela Jones Editor

The Spearman High School has been showing their spirit throughout Homecoming week celebrating "Luv Ya Lynx Week.

The activities began Monday with "Scare Em Day". Tuesday students dressed under the theme time to head to Lynx Stadium where 'Blast 'Em Back to the Past Day"

Today is "Kick 'Em Over the Hills Day". All students were urged to wear boots. Then the Lynx JV team will be going up against Boys Ranch. The game is at Lynx Stadium with kickoff at 6 p.m. At 8:30 p.m. a traditional bonfire is scheduled.

Friday is "Purple Pride Day" and all businesses are urged to fly their purple and white flags. Activities for the day begin at an all school

pep rally at the varsity gym at 3 p.m. At this pep rally the 1993 Homecoming Queen and King will be crowned. Candidates for homecoming queen are Tommi Latta, Trixie Pearson and Rainey Whittington.

From 5:30 to 8 p.m the FFA is sponsoring a barbecue. Then it is the Spearman Lynx will match their skills against the Memphis Cyclones. Kickoff is at 8 p.m.

Immediately following the game, there is a homecoming dance at the Spearman High School cafeteria. Music will be played until 1 p.m.

The final activity planned for "Luv Ya Lynx Week" is a cross country meet at Lake Fryer beginning

One-car accident occurs at Old Hansford

by Angela Jones Editor

On Thursday, Sept. 2, at 3:30

p.m. a one vehicle accident occurred Ochiltree DPS Officer Tony Rocha reported, a semi-truck pull-Gruver Alumni Secretary, Paige ing a flatbed trailer loaded with Holt Speck, reminds the Alumni prairie grass hay was traveling west that the \$5 dues are payable at the on Highway 15. When the semi supper. These dues go to support started down the hill at Old the College Scholarship fund. The Hansford strong winds reportedly

lose control of the vehicle. The rig veered left, running through a fence, killing two steers and dumping a load of hay in the pasture.

The accident was contributed to high winds shifting the load on the vehicle, Officer Rocha reported.

Earl D. Williams, 27-year-old from Pocasset, Okla., was driving the vehicle and was not injured. Damages were reported at \$1,000 for the two steers and over \$500 damage to the semi-truck.

A truck ran off the road last Thursday killing two steers and dumping a load of hay. The accident was attributed to high winds.

Lynx J.V. walks over Highland Park

by Angela Jones Editor

On Thursday, Sept. 9, the Spearman Lynx J.V. walked over the Highland Park Hornets 34-0 at Lynx Stadium.

on an eight-yard run. The two-point conversion was unsuccessful, but the Lynx were on the scoreboard 6-

until Coyt Tigrett scored on a 27yard run in the second quarter. conversion, the Lynx lead 14-0.

Also in the second quarter Greg Elliott scored a touchdown on a 62-

scored a touchdown on an eightyard reception from Tigrett and then Tigrett ran the ball in for a two-point conversion bringing the score to 28-0 at the half.

In the second half the game was In the first quarter, Phillip Sand-dominated by the defense. The Lynx ers scored the Lynx first touchdown only scored one more touchdown. It came in the third quarter with an eight-yard run by Tigrett. The pointafter-attempt failed.

The JV team reported 35 carries The score remained unchanged for a total of 248 yards. Individual statistics were as follows: P. Sanders, 12 carries, 65 yards, one TD; Then with a successful two-point Elliott, seven carries, 45, yards; Tigrett, six carries, 67 yards, two TD; Brent Collins, four carries, 16 yards; Jeremy Blan, three carries, yard reception from Tigrett. Later nine yards; Jake Howard, seven

in the second quarter Cody McLeod carries, 22 yards; Blake Beedy, four carries, 14 yards, Eric Cudd, one carry, six yards; and Frankie Dominguez, one carry, four yards.

Tigrett completed three passes out of six attempts for 73 yards and two touchdowns. Elliott had one reception for 62 yards and a touchdown, while McLeod reported two receptions for eight yards and a touchdown.

On the Lynx defense Blan and P. Sanders both had one interception. Martin Sanders recovered one fumble. These turnovers brought Highland Parks to three, with Spearman recording none.

Spearman J.V. Coach Jerry Bass reported that the defensive standouts for the game consisted of the entire defensive unit.

The Spearman Lynx kick off to the Scott City Beavers in their season opener last Friday.

Catching Bass at Meredith!!!

years only the Morse Bass Club and bass from Lake Meredith. our Thursday evening Fun Tournaments have regularly scheduled bass tournaments on the Panhandle's largest lake.

Bass fishing at Lake Meredith has been brutal on the egos of some really good anglers. In August of 1991, Sandy Carroll of Pampa won a tournament because out of the 30 entries, he caught the only keeper bass, a shinny 1.60 lbs largemouth.

While state bureaucrats ignored the pleas of anglers, the bass fishing somehow got worse. Worse, is a kind word to describe conditions

improving at Lake Meredith. Just August Fun Tournament, when not for the record, during the past three one of 27 entries could catch a legal

> It was time for action and in the spirit that built this region, it was the rod and reel anglers who took it upon themselves to improve bass

> the few precious remaining bass became the norm at Meredith.

> Step Two When the State could not\would not react to a six foot increase in the water level, anglers from as far away as Kansas joined with local bass clubs from all across the Panhandle and raised \$4,250 to do a timely bass stocking. Results-

At long last, the bass fishing is that prevailed 1992. Remember the 10,000 bass (between 3 and 5 inches) were stocked in Lake Meredith.

Step Three Something New was happening at Lake Meredith ... moss, lots of moss established down to 12 feet deep. Beautiful green stuff that provided hiding places for juvenile largemouth to escape the deadly jaws of the toothy walleye, small-Step One Catch-and-release of mouth, sandbass, crappie, and yes even starving black bass.

Step Three 1\2 While New Mexico annually stocks bass in their lakes located on the Canadian River (Ute and Conchas), it took years for Texas to react. In June of 1993, 100,000 bass fry (1 1\4 to 1 1\2 inch long!) were added to the food chain. Catching a hungry bluegill

brought bass to the scales during the 1993 Fun Tournament. Yes, many were below the slot smallmouth bass, but seven were legal black bass over 14 inches. Keep your fingers crossed; and please, practice catch-and-release because thanks to you the bass fishing at Lake Meredith is finally getting

Scott City Beavers defeat Spearman Lynx in season opener

Editor Though the Spearman Lynx were on the receiving end of the kickoff, Scott City was the first on the scoreboard Saturday afternoon at Lynx Stadium.

by Angela Jones

Scott City scored their first touchdown during their first possession, with a 20 yard run. The point-afterattempt failed and the first quarter ended 6-0 for the Beavers.

But Spearman rallied back in the second quarter, with a three-

Later in the second quarter, Scott City scored their second touchdown for the half. It was scored on a 40 yard run. Then with the successful two-point conversion, the Beavers regained the lead, 14-0.

In the third quarter, the Beaver offence came out strong scoring two unanswered touchdowns with both PAT failing. Both of the third quar-

ter touchdowns were scored on seven yard runs.

The Lynx started getting fired up in the fourth quarter and held the Beavers scoreless. Offensively, the Lynx scored their second and final touchdown for the game with a 39-yard run by Jason Varnon. Mayfield successfully kicked the PAT bringing the final score to 26-

total of 243 yards. There were four completed passes, out of eight attempts, for 38 yards.

For the defense, it was reported that the Lynx had 14 tackles, one interception and three quarterback

by Bob Bort

The Gruver Greyhounds will be playing the Boise City Wildcats this Friday, Sept. 10, at 8 p.m. in their big homecoming game. Last year the Hounds buried the Wildcats at Boise City 50-0, and the Cats will be looking for revenge this time around. All-time these two teams have played 5 times, with the Hounds holding four of the victories. The only loss to Boise City was in 1957 here in Gruver, 8-7. The Hounds finished 1-9 that season.

Coach Frick, talking about the Wildcats, had these comments. "We feel they are improved from last year. They have good size, and they like to throw the ball offensively. Mike Ottinger and Chauncy Webb carry a lot of the load offensively. Lance Wardlaw is the quarterback, and throws the ball well. Craig Soell is their top lineman.'

Boise City opened their season this past week with a 33-8 trouncing of the Walsh, Colorado, team.

Public Notice

Southwestern Bell Telephone Company (SWBT) is asking the Public Utility Commission of Texas (PUC) for approval to offer Caller ID service in Texas. This service includes Calling Number Delivery, Calling Name Delivery and Anonymous Call Rejection (ACR). This service will be deployed statewide on a staggered, city-by-city basis, over a period of years in Texas in association with residence, business single and multiline services, but not PBX, Centrex or Plexar services, where facilities are available. Caller ID is an optional service which allows a subscriber to see date, time, and the phone number (Calling Number Delivery) and/or name associated with the number (Calling Name Delivery) of most direct dialed local calls and some select long distance calls before the telephone is answered. Anonymous Call Rejection is a Caller ID service which permits a subscriber to automatically reject calls from callers who have blocked their number/name. Per-call and per-line blocking will be available when the service is deployed. Detailed information on Caller ID service and how to block will be sent to each customer in their telephone bill during the next few weeks.

Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC before October 6, 1993. Other parties may seek to also obtain Caller ID service in association with PBX, Centrex and Plexar service. A request to intervene, participate or receive further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf. For information regarding Caller ID service, residence customers should call 1-800-464-7928, and business customers should call 1-800-499-7928.

Spiritually Speaking

by Dan Carter, Pastor **Trinity Community Church**

In the Old Testament the tribes of Israel all had their separate territories and family traditions. However, their focus of worship revolved around the city of Jerusalem, and in particular the Temple Mount and the Holy of Holies. There at the Temple, morning and evening, day in and day out, a single spotless lamb was offered up as a symbol of the blood covenant they had with their God. Once a year the high priest of the Temple would enter in to sprinkle the blood of a slain lamb on the Ark of the Covenant. God had promised to receive and honor that blood as the sacrifice for the sins of the nation for the previous

Now, in the New Testament age, it has been revealed that all of that

ceremony merely preshadowed Jesus, God's one lamb, sacrificed for all sin, for all people, for all generations. Just as all the tribes of Israel, divergent geographically and traditionally as they were, gathered to celebrate their covenant with God in Jerusalem, so now the church gathers around Jesus, the High Priest and sacrifi-

There is only one Lord, one faith, one baptism, one God and Father of all Christians, regardless of various liturgies and names. Come, and gather to worship and thank Him this coming Sunday, September 12, through Thursday, September 16, at the high school auditorium, as the Spearman Ministerial Alliance hosts a Community Wide Crusade nightly at 7 p.m.

Come and proclaim Jesus as

RADICAL LIVING

By Dan Carter, Pastor **Trinity Community Church**

The Physics of Life

Eminent physicists have long looked for the one formula that will explain all physical phenomena. Great minds have wrestled with experimental information and pressed variables into formulae that you and I can only wonder about. Men like Carl Sagan and the late Isaac Asimov try to popularize such science so that regular folks can comprehend the mysterious. Rarely do their explanations satisfy me, or even meet me halfway.

Albert Einstein, one of the greatest intellects to ever live (I.Q. of 210+), was also a very humble man. Possibly his greatest observation was that, "As the light of knowledge grows, the perimeter of darkness around it also grows." The more the intellectually honest person learns, the more he realizes he doesn't know.

True to the prophet, in our days "...many will go back and forth, and knowledge will increase", (Daniel 12:4). Technological advancements are made obsolete almost before they become public (consider computers). But all that knowledge is not making the world a better place to live. What's the problem? Better yet, what's the solution?

There must be a unifying principle, a reason for knowledge. Why do we live? The Bible says God made us for Himself and for eternity. An early church theologian said, "Thou hast made us for Thyself and we are restless until we rest in Thee.

We were made by God for God, and only living in that knowledge brings sense to life. Life without knowledge is why Jesus stood and cried, "Come to Me all who labor, and I will give you rest", (Matthew

STILL NOT READY FOR PRIME TIME. Tonight! 10:00 pm

This notice is required by the Texas Legislature.

*The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of school taxes. In 1993, school districts will lew all school taxes. For an explanation of the increase, attend the public hearing scheduled below or call your school district.

Notice of Public Hearing on Tax Increase

The Spearman I.S.D. will hold a public hearing on a proposal to increase total 250 percent. Your individual taxes tax revenues from properties on the tax roll in 1993 by_ may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 16 at 7:00 P.M. James Schnell, Charles Shieldknight, Kerry Henton none And Scott Beedy

AGAINST the proposal: PRESENT and not voting:

ABSENT: Richard Pipkin, Archie Smith, and Bob Boxwell
The statement above shows the percentage increase the proposed rate represents over the <u>effective</u> tax rate that the unit published on August 26, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	(Optional) Last Year County Education Distric	Last Year ct School District	This Year School District
Average home value General exemptions available	\$ 30,600	\$30,600	\$30,400
(amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ <u>11,120</u>	s <u>11,120</u>	\$11,080
Average taxable value	\$ 19,480	\$19,480	\$19,320
Tax rate	\$.8958/100	.34 /\$100 1	. 1 <u>9902 /\$100</u> (proposed)
Tax	s <u>174.50</u>	\$ 66:23	\$231.65
(Optional) Total 1992 School Taxes		(Optional) Total 1993 School Taxes	(proposed) \$ 231.65 (proposed)

School districts publishing optional information must publish the following:) This paragraph compares last year's CED and school district taxes with this year's proposed school district taxes:

Under this proposal taxes on the average home would decrease by \$ 9.08 percent compared with last year's total school taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would decrease by \$ 03678 value or three ... percent compared to last year's total school tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

(All school districts must publish the following:)

This paragraph compares last year's school district tax with this year's proposed school district taxes:

Under this proposal taxes on the average home would increase by \$165.42 250 percent compared with last year's school district taxes. Comparing tax rates without adjusting for changes in property value, the school district tax rate would increase by \$.86 per \$100 of taxable value or 253 . percent compared to last year's school district tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Showing at the Lyric Theatre in screen #1 is "Sleepless in Seattle" at 7:45 p.m. and 'In the Line of Fire"held over on screen #2 at 7:30

"Sleepless in Seattle" stars Tom Hanks, Meg Ryan and Bill Pullman. It is directed by Nora Ephron.

In 'Sleepless in Seattle" Hanks plays Sam Baldwin, a widower in mourning for his dead wife, Maggie. Sam moves with his eight-year old son Jonah (Ross Malinger) to Seattle in an effort to deal with his grief. When in Seattle he sets up a simple, but somewhat joyless life.

Among The Neighbors

by Helen Fisher

In the Norman Scroggs announcement in the last issue, some important data was inadvertently omitted-the names of the grandparents.

The announcement was initially written: Norman and Linda Scroggs announce the birth of their firstborn on August 16. Daughter Charity Ann, weighing 8 lb, 15 1\2 oz, arrived in College Station Hospi-

Grandparents are Don and Anna Seaman, Bryan, Texas and Ted and Barbara Scroggs, Spearman.

Great-grandparents are Mrs. Opal Scroggs, and Glen and Myrt Bohanon, all of Spearman.

Charity Ann is the 6th grandchild for Ted and Barbara.

Sybil and W.R. Underwood of Albuquerque stopped in Spearman recently for a brief visit with an old friend and neighbor, Lilly Palmer, Sybil, formerly Baley, lived here all her youthful years.

Family and friends were shocked last Thursday to learn of the sudden death of Dick Vernon, of Springville, Calif.

He and his wife Maxine had just returned from a months vacation in Oregon and were spending several days in Las Vegas with her brother and wife, Newell and Dickie Allen. They had taken the Allens to the plane to come home and they were returning to Springville. Dick was driving and spoke of getting sleepy and then died instantly. Maxine was able to control the car.

Dick, 74, finished high school here in 1936. He and Maxine Allen were married a few years later and moved to California in the early 1940s. Newell and Dickie returned and attended services for him on Tuesday morning and are still there.

Dick was survived by his wife, a son, Mack, and a granddaughter, brothers Jake of Spearman and Peter of Winters; sisters Beuna Lyon and Bernice Brown,

Unfortunately due to ill health, only Peter and wife, Betty, were able to go to California.

Anyone shopping in Lowe's Market the past week felt something something, but someone.

Ray Gibson, a fixture of the store for 42 years, was not there. Early Thursday morning, Ray slipped and slanting break in his right leg, above

the knee. He was taken by ambulance to St. Anthony's Hospital. The operation on Friday involved placing a plate and pins in the bone. He will be hospitalized for an indefinite period, then be in rehab. The important information is that he will make full recovery and will be

returning to work in the store. Ray's room number is 548, in St. Anthony's

Labor day weekend was an interesting time for Estelle and Bill Jackson. Their daughters, Ann Nichols of Denver and Kay Wade, of Brownsville spent the long weekend, leaving on Tuesday.

The Jackson's son, Jimmy and Fran, and family of Amarillo came over also. It was the first time in five years all three of their children were with the Jacksons at the same

Lois Pearson Megert of Tampa, Fla. was back in Spearman very briefly on Friday. She and her daughter, Mary Frances, of Pampa had been to Hamilton, TX. to visit relatives there and were going on to Hot Springs, Ark. to see her daughter Gwen.

Louis Lemons was taken by ambulance to the Veteran's Hospital in Amarillo last week. After several days of treatment, he returned home and is recovering, though more slowly than he would like.

Former residents of this area, Dr. D.B. Pearson of Dallas, and Russie Mae Pearson of Santa Barbara, Calif. visited relatives for a few days last week. Several family members gathered Friday evening for a cook-out at the home of Dan and Charlotte Pearson

A weekend guest of Olive Pendergraft was her niece, Nancee Rush of Bastrop, TX. Joining them for Sunday dinner was a neighbor, Herbert Kirk.

Mr. and Mrs. Frank Gaines of Eureka, Kan. spent several days with his brother, Richard and Betty Gaines. Later they all went to Red

Minding Your Own Business

by Don Taylor, Director, PSBDC

We've all seen the signs near the entries of business establishments that say, "no shirt, no shoes, no service." Based on some of the stories I've heard these past few days, I believe it is time for a new sign. When we enter a store as a customer, we should wear a large sign around our necks that says "no service, no sale.

mashed

milk.

The intent of this sign is to remind the business owner that if we don't receive good service, we'll take our business elsewhere. Of course, that is exactly what we do anyway. The sign might help those who want our business remember what happens when customers don't receive good service

Over the years, there have been hundreds of books written on the subject of customer service. Thousands of articles have been published and we have even written a few Minding Your Own Business columns on the topic. Yet, it is still

one of the most neglected areas of

small business management. The following true experiences were all related to me in the last few weeks. They are good examples of no service, no sale

Taken to the cleaners

Recently, a dry cleaning establishment re-opened with new management in an area convenient to Larry's daily travels. The manager was enthusiastic and invited Larry to give them a try.

Since the store was nearby, Larry dropped off two suits for dry-cleaning and some shirts for laundering. A few days later, he picked up the items on his way to the airport. He was flying to a nearby state to give an important presentation.

When Larry began to dress for his presentation the following day, he found that the suit he planned to wear was not clean. The other suit was clean, but not pressed. Obviously, he was not a happy camper.

When Larry returned home, he explained the problem to the manager. The manager took his phone number and promised to have the owner call. "There was never an apology nor an offer to do the job right," Larry said. "I wasn't asked to bring the clothes in again, nor was I offered a refund. Two weeks have passed and I've had no telephone call." Larry has found a new

More non-service

Sue picked out an expensive bridal gift from the bridal registry of a national department store. The store is upscale and pricey. She expected good service there.

cleaners. No service, no sale.

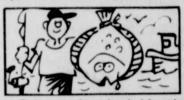

Later, when she received no "thank you" note from the bride, Sue inquired of the bride's family. The gift was never delivered. When Sue returned to the store, a clerk informed her flatly and rudely that the computer said the bride had received the gift and computers do

not lie. Sue hasn't darkened their door since. No service, no sale.

Sandra wanted some remodeling done in her home. She called a contractor friend who promised to come out and look at the job "within the next two weeks." After three weeks passed, Sandra called again. "Within the week," the contractor

Two more weeks passed and Sandra phoned again. Her friend made several excuses and again promised to come look at the job "in the next couple of weeks." Finally, Sandra saw another contractor's ad in her newspaper and called. This contractor came out the next evening and took detailed notes on the work Sandra wanted. He returned the following day with a detailed written bid and references. Sandra checked the references, then authorized the work.

"My new room is beautiful," she said. "However, I don't really know what to tell my contractor friends when he calls." I guess Sandra could say, "No service, no sale."

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION **NOVEMBER 2, 1993**

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amend ment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically un derutilized businesses

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air. water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1,

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution.

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sover eign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax withut voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a state wide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any ncrease in the tax, not less than twothirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net reve nues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the dedication of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimu,n amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date. The proposed amendment will appear

on the ballot as follows:

"The constitutional amendment pro hibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs.

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void

The proposed amendment will appears on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a onstitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county survevor to be transferred to the co clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County.

PROPOSITION NO. 9

ON THE BALLOT Senate Joint Resolution 19 propos amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amend nt deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricul tural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the pur chaser's deed was filed before January 1 1994, the former law is applicable and remains in effect.

The proposed amendment will appear

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (\$950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas. or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board. New section 49-b-2 creates the Vet-

erans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the cipal of, and interest on, the general obli gation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or ecome due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other reve as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an ag gregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates

of interest as the Board determines The general obligation bonds author rized to be issued by the Board by this section or be sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in install ments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the At torney General of Texas, and delivery to

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment au thorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II.'

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment pro viding that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries.

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the super vision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, how ever, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a conti-nuance is obtained upon the request of the accused. In the amendment, the term 'violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual as sault, sexual assault, or indecency with a

The proposed amendment will appear

on the ballot as follows: "The constitutional amendment per mitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state.'

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a

onstitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, equipping or for major repair or habilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but pre ceding, a five-year period may, by a twothirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annua appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and li brary materials, paying for acquiring constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of construct ing, equipping, repairing, or rehabilitat

ing buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized

The proposed amendment will appear on the ballot as follows:

The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds pavable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions.

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county.

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-i(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 milion. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, market ing, or export of crops or products grown or produced primarily in this state by agricultural businesses

Este es el informe explanatorio sobre la enmienda propuesta a la constitución que aparecerá en la boleta el dia 2 de noviembre de 1993. Si usted no ha recibido una copia del informe en español podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin.

THE GREENER. THE BETTER

Choose dark salad greens. Romaine lettuce has six times as much vitamin C, eight times as much beta carotene and twice as much folacin as its pale cousin, iceberg lettuce. Spinach, watercress, arugula and chicory are other dark nutritious greens.

HIDDEN SODIUM Many processed foods that don't taste salty are high in sodium. One cup of instant vanilla pudding contains 840 milligrams of sodium, nearly one-third the daily recommended maximum. A chocolate shake has more sodium (240 mg) than a medium serving of French

Fries (150 mg). Americans get at least 75 percent of their sodium from such prepared foods, not from the salt shaker.

NO NEED TO AVOID SHELLFISH

Despite a reputation as a highcholesterol food, many types of shellfish like crab, scallops, mussels, clams and lobster are actually slightly lower in cholesterol than chicken or beef. Though shrimp and crayfish have about twice as much cholesterol as meat, they contain much less fat than meat and their fat is largely unsaturated and includes heart-healthy omega-3 fatty acids. There is no reason to avoid shellfish.

The Northern Lights have been seen as far south as Florida.

EnviroSmart Master looking for volunteers,

Trash Camp '93 set for October

Did you know that Texans dump hazardous household waste. Masenough trash every two weeks to fill the Astrodome? Figures indicate the country's estimated 3 billion stockpiled tires are enough to circle the earth about 74 times! If you are concerned about the environment, now is the time to do something about it.

"If you are serious about making a difference, you might want to be an EnviroSmart Master Volunteer, which is part of an Extension volunteer program," says Karen Babitzke, County Extension Agent at the Texas Agricultural Extension Service's (TAEX), County of-

EnviroSmart Master Volunteers will be trained to help others learn how to reduce the amount of trash they produce, how to recycle what they do have and how to handle

ter Volunteers will provide educational information to individuals, community groups, schools, and businesses

"You don't have to be an expert," Babitzke says. "We will train you and also provide you with materials so that you can pass the information to others. Volunteer community outreach can include oneon-one contacts, response to telephone requests for information, presentations to groups, activities in schools, assisting with demonstrations, site visits or tours or any other type of work. It all depends on the volunteer's skills or interests," Babitzke says.

The kickoff for this timely program is Trash Camp '93. It will be held on the weekend of October 1517, 1993, at the Texas 4-H Center, near the city of Brownwood in central Texas. The cost of the camp will include meals from Friday night through Sunday lunch, lodging for Friday night and Saturday night, the EnviroSmart Master Volunteer Handbook, and the program itself.

The Hansford County Enviro-Smart Master Volunteer program will be one of the first waste management programs of its kind in the state, but Extension has used master volunteers successfully for a number of years.

For more information on becoming an EnviroSmart Master Volunteer, and/or Trash Camp '93, call Karen Babitzke at 659-2030 or 733-2901, weekdays between 8:30 a.m. and 5 p.m.

green footprints all through their classroom and were encouraged to use creative thinking skills to figure out what made the prints. The culprit returned to the scene of the crime recently and to the students amazement it was Louie the Lynx (Jill Clement). The students, knowing Louie doesn't have green feet decided the furry creature must have stepped in green paint.

Underdog Greyhounds struggle for a tie

by Bob Bort

The Gruver Greyhounds came into their contest with the Wheeler Mustangs, the season opener, this past Friday, Sept. 3, at Greyhound Stadium a decided underdog. The Harris Rating System had the Mustangs an 8-point favorite. The Hounds played their hearts out, and played to win, but had to settle for a 7-7 tie in a bruising defensive

Head Coach Doug Frick of the Hounds said after the matchup, 'We are disappointed, but it is not

Coach Frick talked about the play of his defense, and his offensive line was improved over the scrimmage of last week - We are getting better in the offensive line

A sour note - the Hounds have lost one player to injury for the season. Sophomore Sammy Renteria has a shoulder separation problem, and had surgery on Wednesday.

Looking at the action Friday night, Wheeler took the opening kickoff and moved the ball into Hounds territory at the 49, but was forced to punt. Wheeler got the game's first big break on the next series, as quarterback Jace Dawson suffered an interception, and Wheeler took over on the Hounds 47 yard line.

The Mustangs drove to the 23 yard line, where the Hounds gratefully accepted a break of their own. Aaron Frick recovered a Mustang bobble in a key play, to snuff out the game's first scoring opportunity for Wheeler.

Then Gruver, following that fumble recovery, drove for their only touchdown of the game. It was a nine play, 71-yard drive that culminated with a 5-yard touchdown run by tailback Victor Lopez. Some orilliant play calling by Coach Frick aided in the drive.

The Hounds, midway through the drive, had a nice halfback pass completed from Aaron Frick to Kenton Odom, but the play was nullified by a holding penalty against the Hounds, and brought back. On the very next play, Coach Frick called the same halfback option pass, only this time to the other side of the field, and it was completed again for a 33-yard gain.

MISSION

Twice more later in the game,

the Hounds would have a chance to complete this same pass to a wideopen receiver, but both times were

The touchdown by Lopez came with 1:11 left in the first quarter, and with the kick by Aaron Frick, the score was 7-0.

The Mustangs took the kickoff, and again moved into Gruver territory at the 48. But again a fumble, this one recovered by Max Frick, gave the Hounds a big opportunity early in the second quarter.

Gruver moved into Wheeler territory, but were shoved back, and had to punt. Lopez got off one of his three 40 yard punts, and the Mustangs took over at their own 19. They couldn't move, and punted back to the hounds, who took over at the Mustang 45, with excellent field position.

The Hounds cannot argue that opportunities were not on their side. But that one touchdown would be all they would get.

Gruver moved to the Wheeler 27 yard line, and appeared to be on the verge of scoring. But a costly fumble, recovered by Chad Dunnam of the Mustangs, ended the Hounds drive.

Wheeler had a good drive, but a holding and a clipping penalty set them back. They had to punt. Gruver couldn't move and Lopez got off another fine punt of 40 yards.

The Mustangs took over at their own 38 yard line, and drove nicely to the Hounds 25 yard line, and appeared ready to tie the game. But a brilliant defensive stand by the Hounds young secondary resulted in three straight incompleted passes by quarterback Heath Sabbe, and the Hounds held on fourth and five at the 25. That's how the half ended.

In the third quarter, the momentum began to shift. The Hounds took over on their own 26, and drove to the Wheeler 42, but again were forced to punt. Wheeler took over at their own 23, and began a drive.

It was a sparkling drive, a 13play 71-yard drive to the Hounds six yard line. Surely they would score this time, but no! A fumble, recovered brilliantly by Odom, and the Hounds took over on their own

But the Hounds couldn't stand prosperity, as an interception on the halfback option pass gave the Mustangs the ball right back on the 22 yard line. One stand of lights at the stadium went out, and there was a 10-minute delay, as they tried to fix them

But even that misfortune would not delay long the inevitable. It took Wheeler all of five plays, and they scored with 11:15 left in the game, kicked the extra point, and we were tied 7-7.

Now the pressure was on the Hounds to come back, and they couldn't do it. They had to punt from their own 31, and Wheeler took over, after a 42-yard punt by

Lopez, on their own 27. They couldn't move, and then came a key play of the game. Marcus Hardcastle of the Mustangs punted a beauty, and it rolled to the Hounds three yard line, a 55-yard punt, where it was covered. Precarious field position for the Hounds. And they couldn't move.

Then came a gutsy call by Coach Frick. The Hounds were playing to win, not tie, and the clock had only three minutes left. Coach Frick decided to go for it on fourth and two from their own 11 yard line. Thankfully, Aaron Frick got three yards, 7 and a first down.

But they could go no further, and GRU were forced to punt. Wheeler took over on the Hounds 45 yard line, in 112 excellent position, with the clock winding down, for the last series of the game.

The hounds were struggling to hold them for the tie. The Mus-

game. It was an eight play drive, and aided by a holding penalty against Wheeler, they could only get to the 18 yard line as time expired. A tie is nothing to brag about. But in this case, the Hounds warded off the challenge of a good team. Rushing Yardage:

JV Hounds

Scalp the Comanches

by Bob Bort

The Gruver Junior Varsity Greyhounds opened the season nicely this past Thursday, Sept. 2, at Greyhound Stadium with a well-deserved 24-7 victory over the West Texas Comanches Junior Varsity. It is always a big boost to the varsity program when the JV plays well, and that was the case.

Bailey Barkley directed the offense as quarterback, and he played well. Twice on the "31-POP" call up the gut, he handed the ball to fullback Travis Ferguson, and he gained big both times. In the first half, his 33-yard scamper put the ball on the Comanches 8-yard line, and Dan Bort eventually scored from the one to give the Hounds an 8-7 lead, after Barkley passed to Wylee Maupin for the conversion.

In the second half, it was "31-POP" again to Ferguson, and this time he rambled 34 yards for the TD, and with the conversion on a

run by freshman Jarrod Hoel, Gruver put the finishing touches on a 24-7 victory

fice.

Ferguson had 13 carries for 107 vards and 2 TD's. All told, the Hounds rushed 42 times for 218 yards. The Hounds limited the Comanches to 136 yards rushing, and 2-15 passing, for only 24 yards.

It was a big victory, and a windy one. In the 4th quarter a front passed through with chilly winds up to 40 MPH. Next up for the JV, the Perryton Rangers Sophomores on Thursday evening Sept. 9, in Greyhound Stadium, at 6 p.m.

Lady Hounds

excel at Borger CC meet

as well as we did at Borger," said an elated Coach Steve Myatt this past Saturday afternoon. "We did really, really good, and I'm very, very pleased," he continued. "That was the best we've ever done at Borger."

The Lady Hounds cross country team finished in third place behind Canyon and Stratford this past Sept. 4 at Borger, and that is the reason for Coach Myatt's comments.

"One big thing, all of our girls could see the Stratford girls, so they didn't beat us by much," continued Myatt. "They have been working

out since July, and we just started this first week of school, so when "I never dreamed we'd perform our girls get in shape they'll be very competitive with Stratford." The Gruver girls work out at 6:30 a.m. each morning, according to Coach

> Gruver finished with a score of 107, and they were beaten by Stratford by about 30 points. Two Stratford girls finished in the top ten. Kelli Wight finished 2nd, and Lea Shuping finished 8th. Here are the results for the Gruver girls.

Varsity — 12, Julie Meyer, 13:38; 22, Myrian Alvarez, 14:22; 23. Wendy Rodriguez, 14:22; 24, Joni Hart, 14:22; 26, Tisha Ralston, 14:29; and 51, Kiki Carthel, 15:58. JV - 11, Cara Hathaway, 14:58: 36, Molly McLain, 15:51; 37, Tara Shapley, 15:56; 56, Amber Murrell, 17:47; 66, Robbi Mathews, 18:20; and 72, Macee Casdorph, 18:30.

Next up for the Lady Hounds is the Perryton Meet, at Lake Fryar, this Saturday, Sept. 11.

Cub Scouting open for more youth

A Scouting program for all boys from first grade to fifth grade is now open to youth. A meeting called "School Night" is scheduled for 7 p.m. Tuesday, Sept. 14., with representatives of pack 578 available to explain how to join and answer

Boys who are in the second grade are eligible to join Cub Scouting, while those in the first grade are eligible to join a Tiger Cub group. The Tiger Cub group is affiliated with the pack.

Pack 578 has a host of activities scheduled throughout the year. Parents wanting additional information are encouraged to contact Andy Scarborough at 659-3882.

Letters to the Editor

The Reporter-Statesman welcomes letters to the editor on subjects of interest to its readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. Editing may be necessary for space and clarity or to avoid obscenity, libel or invasion of privacy, but ideas will not be altered. Upon request, editors will use initials only, but only rarely and for com-

pelling reasons. A signed letter carries more weight with readers. Letters do not necessarily reflect the editorial policies or beliefs of this

All letters must bear the handwritten signature of the writer and include address and phone number(s) for verification purposes (address and phone number will not be printed).

Your stories appreciated ...

Stories concerning club meetings and local events are an important part of the newspaper, and they are appreciated and needed to help inform the community about your club or project. A few simple guidelines are requested to help us cut down on inadvertent errors which appear on occasion.

Please submit stories or information typewritten and double-spaced. Handwritten stories, due to the disparity in penmanship, often leave interpretation lacking. When listing names, be sure to give both the first and last names. First names alone cannot be printed.

Help with this can help you get a more error-free article. We cannot be responsible for errors caused when these simple guidelines are not follow-

Readers who live outside Spearman are reminded the Reporter-Statesman has a toll-free number, 1-800-395-9482, to call with local events. Channing, PD 3200' (Box 15959, Amarillo, TX 79105) POTTER(WEST PANHANDLE)

Ron is the son of Bob and Wanda McCauley Funeral Home In Burke of Spearman. He is married to Sally Ann Koch of Darrouzett and they have one son Joshua. The Ron is a 1969 graduate of Burke's make their home in Ama-

The Memorial Park Funeral Directors are greatly pleased to have Ron as part of our staff and feel he come the Fire Marshall there. He will be a big asset to our firm.

PUBLIC NOTICE

Donna Trantham

Little School Preschool

In compliance with Section 10.03 of the Indigent Health Care and Treatment Act the Board of Directors of Hansford County Hospital District has adopted the following rules and procedures for the Hansford County Hospital District Indigent Health Care Program:

Application for Indigent Health Care can be requested from Hansford Hospital between the hours of 9:00 a.m. and 4:00 p.m. Monday through Friday. Assistance in completing the application will be provided if needed. Contact the Hospital Business Office for assistance.

Hansford County Hospital District will use rules and procedures established in the County Indigent Health Care Program Handbook published by the Texas Department of Human Services.

In summary, these rules are as follows:

- Application forms must be completely filled out.
- Verification of income, termination of income, residence household composition, and resources is required, if questionable.
- Net income cannot exceed the Maximum Income Standards listed in the Income Standards Chart below.
- 4. Liquid resources assets cannot exceed \$1500. The equity value of a car greater than \$1500 is counted against the \$1500 limit. Personal property and homestead are exempt assets.
- Eligible persons must be a resident of Hansford County.
- Applicants must provide requested information and documentation requested or application will be denied.
- Applicants have the right to appeal adverse decisions.

H.L. WILBANKS

STINNETT - H.L. Wilbanks, 75, died Tuesday, Aug. 31, 1993. Services were held at 2 p.m. Friday at the First Baptist Church in Stinnett with the Rev. Orville Rogers, pastor, officiating. Burial was in Sunset Memorial Cemetery with arrangements by Ed Brown & Sons Funeral Directors.

Mr. Wilbanks was born May 3, 1918 in Spearman, where he grew up and attended school. He served as a Hutchinson County Deputy and jailer when the late Hugh Anderson was sheriff.

In 1971, he was appointed as an assistant adult probation officer for the 84th District Court, and then in 1973 was appointed chief probation officer by Max Boyer, who was judge then. He worked as a court bailiff, and was elected Constable Pct. 1. in 1989. He retired at the end of the four-year term Dec. 31, 1992 after a 35 years of service in law enforcement.

He married Dorothy Shuffield August 29, 1985 in Stinnett. He was a member of the First Baptist Church in Stinnett, and a member of the Adobe Walls Masonic Lodge No. 1355.

Survivors include his wife of the home; two sons, Lanny Madden of Amarillo, and Sam Wilbanks of West Covina, Calif.; three daughters, Sue Mayer of Dallas, Sonja Fourrier of Amarillo, and Sheryl Phillips of Austin; eight grandchildren; and 11 great-grandchildren.

Pallbearers were R.L. McFarlin, C.H. Price, Lon Blackmon, Don Johnson, Ed Allison and Efton Ford.

Honorary pallbearers were Hutchinson County law enforcement officers and members of the Adobe Walls Masonic Lodge No.

REV. E. MERLE WEATHERS CANYON-The Rev. E. Merle

Weathers, 85, died Saturday, Sept. 4. 1993 Services were held Tuesday

Sept. 6 in the First Baptist Church of Canyon. The Rev. Travis LaDuke, pastor of the First Baptist Church of Dalhart, and Gayle Bowen, associate pastor, officiating. Burial was in the Memory Gardens Cemetery by Holley Funeral Home.

Born in Smithfield, Rev. Weathers attended Wayland Baptist University in Plainview and graduated from Howard Payne University in Brownwood. He was a mem-

ber of the First Baptist Church of Canyon. He married Cecile Lightfoot in 1928 at Floydada. He was a Southern Baptist pastor at Vinson, Okla., Fairview, Akins, Sterley, Center, Sandhill, Summerfield, and Cotton Center. He pastored at First Baptist Churches in Panhandle, Morse, Wayside, Groom, Merkle, and Vigo Park. In 1973 he retired from Calvary Baptist Church in Clovis, N.M. He was also an interim pastor at churches in Happy and Shamrock, and at South Georgia Baptist Church, Emmanual Baptist Church and Highland Baptist Church, all in Amarillo.

Survivors include his wife; a daughter, Mrs. Charles Jacks of Lubbock; a sister, Mary Dee Lee of Lubbock; and a granddaughter. PATRICIA GRIPPANDO

MULESHOE- Patricia "Tissie" Grippando, 50, died on Monday, Aug. 30, 1993.

Services were held Thursday, Sept. 3, in the Church of Christ with Gary Montgomery officiating. Burial was at Muleshoe Memorial Park Cemetery by Ellis Funeral Home.

Mrs. Grippando was born in Chillicothe. She married John D. Grippando in Sherman in 1971. She had been a resident of Muleshoe for 22 years after moving from McAlester, Okla. She was a homemaker, a licensed vocational nurse and a member of the First Christian Church.

Survivors include her husband; two sons, Nicky Miller of Denver City and Kenneth Miller of Stephenville; a daughter, Debbie Hartline of Floydada; two brothers, Hugh Bell of Gruver and Billy Bell of Weatherford; two sisters, Martha Jo Myers of Farwell and Judy Lott of Scipio, Okla; and six grandchildren.
