BIG RAIN AND SOME HAIL

Clarendon is Visited by Rain and Her Unwelcome Sister, Hail.

Our very dear friend, Jupiter Pluvius, he to whom we have prayed for relief in time of drouth and for whose smile we have often asked in vain, stubbed his toe on a comet and turned his sprinkling can upside down immediately over the spot where the most beautiful town is located Sunday evening. He also started up a small ice factory and sent down ice in assorted sizes and of divers shapes. In other words it rained, then it hailed and lastly it blew—but not in Clarendon. The blow occurred two and one-half miles from town and resulted in the destruction of several barns, windmills, etc.

The rainfall was the heaviest of the season. In fact, it came in such copious quantities that it was feared by some that we were to witness a repetition of the flood of three years ago, which came on identically the same day. However, the rain did little damage further than a small washout between here and Southard and a couple of washouts in the railroad yards at this place.

The hail seemed to hit heavily only in spots, a space between Clarendon and Southard catching the lion's share, and partially dividing this honor with Clarendon and the country near the Hall county line. We have heard that one man lost a cotton crop of 200 acres and would replant the ground in maize. This is the heaviest loss so far reported and occurred in the east end of the county. West of Clarendon several fields were injured, though it is thought most of them will come out. In the Lelia Lake, Rowe and Hedley country, where the heavy farming interests lie, very little hail fell and the damage is considered nothing. In the Paloduro country not even rain fell, but that section had a ground soaker Monday night.

Adams-Burkhead.

Clarendon College was a scene of dainty beauty and eager interest on the evening of June 20th, when a small company of her closest friends were assembled to see Miss Mary Burkhead become Mrs. Adams. The happy man, Mr. C. A. Adams, of Marlin, had arrived the day before, accompanied by three brothers. The entire Burkhead family had been visiting Dr. and Mrs. Burkhead at the College for some weeks. Messrs. Joe, Ed and Frank Burkhead and their families from their homes at Palestine and Marlin, and Mrs. Oltroff from Marlin. The family party had been complete with the exception of Mr Oltroff, who could not leave his business at this time. Dr. and Mrs. Burkhead had greatly enjoyed gathering their family about them for a few weeks before they gave away this youngest and last of their children.

The guests were received in the College parlors by Mesdames Frank Martin, G. S. Hardy and J. M. Clower. Here were displayed the numerous and beautiful wedding presents from freinds both far and near. Cut glass and silver predominated among the gifts.

From the parlors the guests were

ushered into the spacious dining room which had been transformed into a bower of beauty. Here the seats were placed for the guests. One end of the room had been fashioned into an altar where the bride and groom met before an arch of ferns and roses surrounded by lighted candles. Mrs. Frank Burkhead passed to the piano and the bride came in from one direction to the strains of Mendelssohn's March leaning on the arm of her sister, Mrs. Oltroff, and preceded by little Margery Burkhead, a tiny little lady of three years, who was flower girl. The groom came from the opposite direction on his brother's arm, and they met at the altar, where Bro. Hardy pronounced the solemn words that made them man and wife. After the congratulations were over the guests were served to delicious ice cream and cake.

The bride wore a gown of lavender crepe-de-chene and a picture hat, while the groom was in the conventional black evening dress. In a short while the bride retired to dress for her journey, as they left at once for Colorado, where they will spend some weeks. Her traveling dress was blue voile over taffeta. After the guests had registered in the bride's register, the happy party broke up amidst a host of good wishes for both.

Miss Burkhead has for two years been teacher of voice and piano in Clarendon College. She has made a host of friends among the pupils in the school, and the people in the town. Her beautiful voice and winning personality have made her an attractive figure in the social life of Clarendon where she will be greatly missed.

The groom is one of Marlin's most substantial business men. He comes of a fine old Georgia family and combines an attractive personality with the sterling qualities of manhood.

The best wishes of the people of the College and of Clarendon go with them.

ONE OF HER FRIENDS.

The Ball Game at Giles.

The Banner-Stockman is in receipt of an account the ball game at Giles last Saturday between Giles and Hedley teams, and we are sorry that we are unable to publish it. We cannot take the responsibility of publishing items of this character, or communications of any sort which are not signed by the writer. We have stated the reason for this before, but for the benefit of the writer of this article we will say again that every editor has often been imposed upon by unscrupulous persons contributing articles which were, to say the least, vague as regards facts. This has been done from time immemorial, and the editors have only one way to protect themselves, i. e.—insist that all communications be signed by the writer. The signature will never be published if request not to do so is made, but it must be on the article as an evidence of good faith.

In this instance a good baseball write-up is sacrificed; we feel sure that the article is "straight," and all that, but we are compelled to adhere to our rules, and we trust the writer will remember this and "come again," when the opportunity presents itself, not forgetting to sign his real name, as well as any fictitious name which he may desire to be used for publication.

NEW WAY TO HUNT WOLVES

A Clarendon Man Enjoys a Novel Wolf Hunt in the Latest Style of the Plains Art.

The Lynn County News has the following account of a wolf chase that took place in that locality last Monday week. The success of the method shows that "the world do move," but it keeps us wondering what has become of all the wire fences in that country:

Judge Bartley invited Rev. Hardy, of Clarendon, J. O. Gore, of this place, and Joe Stokes to go wolf hunting in his auto last Monday. The party left town well equipped with guns and ammunition. When they were about six miles from town, Mr. Wolf, showed himself and they gave chase in the auto, which put a Texas pony and a pack of hounds to shame. Bro. Hardy and Joe Stokes shot at the wolf as fast as their rapid fire guns would work. We didn't learn what Rev. Gore did—he must have held on. After an exciting chase they ran over the wolf by virtue of their better speed. They put the wolf to death by no other weapon than the auto, as the excitement and rapid motion made it impossible to do very accurate shooting. The auto may have come to other states first but it remained for a Texas hunter to put on record a cross country chase the like of which, for daring and success, we have neither heard nor read.

Meet Next at Memphis

At the close of a meeting which has been signally successful, the Epworth League conference for this district elected yesterday afternoon the following officers for the year: Rev. J. G. Miller, Clarendon, president; Miss May Stevens, Canadian, first vice president; Mr. Arnold, Memphis, second vice president; Miss Louise Curtis, Channing, third vice president. Miss Claire Teague, Clarendon, superintendent of junior work; S. E. Fish, Amarillo, secretary and treasurer. The vice presidents are each assigned special departments of the work to supervise. Rev. Miller is the presiding elder for this district and will have an opportunity for visiting all the leagues in the conference.

Memphis was fixed upon as the place for the next conference which will be held some time next spring. All the members and delegates have been much pleased with the working of the independent conference plan and expect to make the gathering next year even more representative of the movement.—Daily Panhandle.

Red Lemonade.

Editor Cooke of the Clarendon Banner-Stockman is our friend, or at least has been listed in that class, but a few days ago we received a letter from him which contained a threat that cannot be overlooked. After extending an invitation to come up on July 4th, he says: "I make the threat right now if you don't come this time when I do catch you up here I will see that you are drowned in something besides beer." We are going to make the trip on the 4th to see if Cooke has any thing but water on tap.—Childress Index.

Citation by Publication.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Donley County—Greeting:

You are hereby commanded, That by making Publication of this Citation in some newspaper published in the County of Donley, if there be a newspaper published in said County, (but if not, then in the nearest County where a newspaper is published,) for eight weeks previous to the return day hereof, you summon R. Potter and his unknown heirs whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Donley at the Court House thereof, in Clarendon, Texas, on the first Monday in July, 1907, the same being the first day of said month and year, 1907. File number being 401, then and there to answer the petition of J. R. Leathers filed in said Court, on the 8th day of May, 1907, against the said R. Potter and his unknown heirs, and alleging in substance as follows, to-wit:

That plaintiff is the owner of all of Sec. No. 61, block C-6, Donley County, Texas. That the same was patented by the State of Texas to R. Potter. That later the same land was conveyed to Wm. J. Lewis by Thos. W. Potter, Geo. Richard Potter and Chas. Wester Potter and Clara Wilson and Lillian F. Cathroe and her husband W. L. Cathroe for a valuable consideration, representing themselves as the sole and only heirs of R. Potter, deceased, that the said Wm. J. Lewis conveyed the same land to J. R. Leathers by warranty deed for a valuable consideration. That the said Leathers, plaintiff relied upon the said representations of the death of the said R. Potter and of the sole heirship of the said Lewis' said grantors.

And pleading the statutes of three and five years limitation on the possession, use and occupancy of the said land by the said plaintiff under the title, color of title and prior registered deeds and payment of taxes.

And declaring the absence of proof of death of the said R. Potter and a deed of alienation of the said lands by the said R. Potter, and a want of proof of heirship under the said R. Potter a cloud upon the title of the said plaintiff's title to the said lands.

And praying the Court for citation to the said R. Potter and his unknown heirs, and asking that the said cloud be removed from this title as above said and that title be vested in him, the plaintiff.

Herein fail not, but have you then and there before said Court this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, in Clarendon, Texas, this 8th day of May, 1907.

Jordan will Bring Horses.

We understand that W. D. Jordan contemplates bringing his string of race horses up from Quanah to compete in the race meet at this place on the 3rd and 4th. We have been informed that Mr. Jordan has some fine animals and his coming will have a tendency to make local turfman feel nervous. It is also stated that other racemen from down the road are intending to be here for the races, and those who are interested in good horse flesh will have something to see that is worth looking at on the 4th.

Fine Saddles.

Rutherford & Davis are, in the vernacular of the slang slinger, putting on dog in their saddle making, and are fixing up a few things in the saddle line that are veritable things of beauty and should prove a joy forever to those who are lucky enough to rake together the necessary number of shekels to acquire one. The best one in the bunch is silver mounted and looks like it would fit a good heavy pocket book. These saddles are the work of Whit Adair whose workmanship has excited the admiration of cattlemen throughout the west.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect as so slight an injury often causes the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaint.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame backs and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but \$1.25. For sale by all druggists.

The Shoobar lands are now being classified and prices put on it according to the quality. Heretofore it has all been sold at the uniform price of \$20 for choice. In future the price will range from \$5 to \$20 per acre. This plan will no doubt be much more satisfactory to prospective purchasers. There are about 85000 acres of very fine virgin soil out there and the only thing necessary is to get it properly before home hunters. —Hall County Herald.

WELL, the celebration is right at hand. Clarendon welcomes all the visitors, and trusts that they may all have a good time.

SEE to it that you do your part toward making the 3rd and 4th a success. There is something for every good citizen to do if he will but look about him.

THE BENJAMIN POST is a new venture in the journalistic field at Benjamin and editorially, typographically and otherwise is an honor to Messrs. Robertson and Power, whose names appear at its masthead as editor and business manager respectively.

THE official program for the 3rd and 4th, also the race program in full is published in this issue. The Banner-Stockman believes that it has done its full duty in getting this celebration before the people and we sincerely hope that our visitors may all enjoy the occasion, while our business people will be handsomely repaid in increased sales.

VERNON, Childress and Amarillo are in the toils of a poor telephone service and the kick being made is long, loud and vigorous. Clarendon was in the same box for a long time, but now we feel sure the service here is as good as the best anywhere. Our telephone exchange has been entirely replaced with new and modern appliances, and a manager is in charge who knows his business. All the exchange needs that the Banner-Stockman knows of is a new night bell for the night operator. With that addition we do not believe a kick would ever be registered.

J. C. Caudle was in from the Windy Valley country Monday with very bad reports from the hail of Sunday evening. Crops of all kinds were somewhat damaged, while cotton was entirely destroyed, Mr. Caudle stating that so far as he knew every acre of the fleecy staple in his neighborhood being destroyed. The other crops will come out all right, he says. Mr. Caudle says chunks of ice fell as big as rocks and as irregularly formed.

Chamberlain-Kelly.

The Sherman Daily Democrat gives the following account of the Chamberlain-Kelly nuptials, which occurred at Sherman at 12:30 p. m. Sunday.

The groom is one of Clarendon's most favored sons and his many friends will join the Banner-Stockman in wishing for he and his bride many long years of conjugal felicity, and extend to him their heartiest congratulations in winning for a life companion one who seems to have been so greatly admired among her acquaintances.

Mr. Fred Chamberlain, of Clarendon, Texas, and Miss Mona Kelly of this city, were married at 12:30 o'clock yesterday afternoon at the home of the bride's parents, Mr. and Mrs. M. L. Keit, corner of Walnut and King streets.

Rev. B. Wrenn Webb, pastor of the Cumberland Presbyterian church officiated.

The attendants were Mrs. Frank Gribble, matron of honor; Miss Gertrude Barthlow, bride's maid, and Mr. Harold Jones, of Pottsboro, groomsman.

The ring ceremony was performed in the bow window of the library, which was very tastefully decorated with palms. Lohengrin's Wedding March was played by Miss Mabel Woody on the violin, accompanied by Miss Leta Woody on the piano.

The bride was attired in a very becoming blue traveling costume with hat to match and her attendants, Mrs. Gribble and Miss Barthlow were very prettily gowned in white.

After the marriage refreshments of pink and white whipped cream and angel food cake were served to over a hundred guests in the dining room, Misses Hazel Gardner, Besse Motor, Fay Loving and Gladys Robertson presiding.

Mr. and Mrs. Chamberlain left on the 1:45 p. m. train for Clarendon where they will make their future home.

The bride is a very admirable and popular young lady, being a member of one of the best known families of Sherman. She belonged to the younger social set, who, although extending to her their heartiest congratulations, and best wishes for her future happiness, regret her departure, for she was beloved by all who knew her. She was the recipient of a very large number of costly presents.

Mr. Chamberlain, who graduated from the Austin college last session, is a young gentleman in every respect, and an ambitious young business man.

Look Here!

I have for sale at fair prices and good terms:

The Preacher-Man Again.

(Contributed.)

Sunday night was the occasion of more talk over where Elder Bearden has been doing the talking lately. "It seems that I have been misunderstood by some of our citizens about this matter of a more beautiful and a greater Clarendon. Since I began this series of lectures, looking to the upliftment and betterment of our already great and beautiful little city, the "knocker" has been working at his usual job. That is: "jist a sottin' aroun' knockin'." ONE GOOD BROTHER who missed a dozen opportunities to hear a sermon on "baptism for remission of sins," knocked because the minister ought always to preach the gospel and not put in his time talking about other people's business. Another who had been to our church once in two or three months objected because I said something about the "idlers" on the streets of a town away down in eastern Texas.

"Now I do not want to offend any one but I intend to keep right on "hammering away" at this patient until the "medicine" has the desired effect, "if it takes all summer." I feel quite sure that our efficient and worthy city "dads" would have gone right along and performed their duties, if I had never said a word about these things and of course our good ladies were just "beginning to fix to get ready to try to organize a Civic League." All right, that is good. I am really glad that we are to have all these good things done, and that ere long we are to have a city of ten thousand people; our streets graded and paved, sidewalks of best material, all overshadowed with lines of beautiful trees; two or three lovely parks with shady nooks and creeping vines and grassy plazas, spotted here and there with fragrant flowers and flowing fountains where rainbows play "hide and seek" in the misty spray. And then we shall have two or three more public school houses with 1,200 or 1,500 boys and girls preparing for the duties and privileges of a higher and better civilization! Then we will have not only one, but 4 or 5 colleges scattered around on these beautiful hills, and whole blocks of 2, 3 and 4 story buildings occupied by our progressive business men and a great big public hall that will suffice for all our gatherings. All our church houses will be enlarged and beautified or replaced with new ones, as pretty as any in Texas! Looking forward to a greater and more beautiful Clarendon let us work with a will until the end is accomplished. There are duties for all. Let each one find a part to play and play it."

Capt. W. T. White, of Hedley, was here the first of the week visiting the family of his son, Frank. He reports the farmers of his neighborhood in splendid shape. The rains have been generous, cotton is in fine shape, while crops generally are all doing well. Sunday's storm did no damage, the little hail falling in that locality not amounting to anything.

—We will be in position to supply all comers with refreshments on the 3rd and 4th. Have made heavy orders, and will try and see that no one is allowed to suffer for something good to refresh themselves with. Hunt us up at our various stands or at the store. E. Dubbs & Sons. 2t

The hailstorm west of town was quite bad Sunday. J. L. Henson reports cotton at his place and at two of his neighbors pretty badly cut up.

Childress, Texas June 12.
BANNER-STOCKMAN,
Clarendon, Texas.

DEAR MR. COOKE:— Please change my paper from Georgetown to Childress, for the season. I will spend most of my vacation here, but will go back to Georgetown in September. I did not get my last week's paper, and if you have any back numbers I would like to get one as I want to know of commencement. I appreciate your paper very much and could hardly get along without it.

I am hearing great things of your July 4 celebration. Childress will furnish her part of the crowd. Best wishes to you and to Clarendon,

Very truly,
J. E. KING.

JUST NOW WHEN BUSINESS IS SO RUSHING IT IS BARELY POSSIBLE THAT YOU MAY NOT GET THE GOOD QUALITY OF GOODS YOU DESIRE, UNLESS YOU COME TO THE STORE THAT CARRIES NOTHING BUT GOOD GOODS. WE KNOW YOU ARE GOING TO CELEBRATE BUT YOU ARE NOT TO WASTE ALL OF YOUR MONEY ON FIREWORKS, ARE YOU? WHY NOT BUY GOOD THINGS TO WEAR. FIREWORKS DON'T LAST LONG BUT GARMENTS DO IF YOU GET THEM AT THE RIGHT PLACE. IF YOU COME TO US WE WILL SELL YOU THAT DRESS, THE NECKTIES, SHIRT-WAISTS, UNDERWEAR, HOSE, AND SUCH GROCERIES AS YOU MAY NEED SO REASONABLE THAT YOU CAN AFFORD TO BUY FIREWORKS TOO:

Martin-Bennett & Buster

No More Free Machines.

We wish to announce to our customers that our supply of phonographs to be given away free with purchases has been exhausted and that no more will be ordered. While we found this feature a losing proposition as regards to money, we feel that we have become better acquainted with our trade and have established some new business. We thank one and all for past patronage and hope to merit a continuance of the same. To those who are not customers of ours we again wish to say, try the cash plan. You will find it the best plan.

Those of our customers who have accumulated coupons for a phonograph may have same redeemed by presenting them at the store. We will allow you a premium of some other kind on any coupons you may have.

Yours truly,
BARNETT, SMITH & THORNTON.

"Don't let the song go out of your life," and don't let your fire insurance policy lapse. Come around and let me fix you up. Have a good line of reliable "old line" companies.

County Judge Geo. F. Morgan at his office in the courthouse early Monday morning performed the marriage ceremony uniting the destinies of John Russell Newsome and Mrs. Laura Jupe, both of Dalhart. Mrs. Jupe is the widow of Frank Jupe, a railroad man who formerly made Clarendon his home, and who was killed on the road.

—A better line of jewelry, watches, clocks, etc., than ever before, and that is saying a good deal, for you all know that Clower never buys anything but the best. When you get it from Clower you know it is right.

College Notes.

(Delayed from last week.)

The glad news comes from Colorado, Texas, that Bro. B. W. Dodson is having most unusual success. He is preaching to more people at the Methodist church in that city than assemble at all the other churches put together. His son, Roy, led the graduating class in the High School by about thirty points.

Miss Vida McKeown, who was with us last session, is writing and asking for information about the summer normal. She will attend.

Friends and patrons of Clarendon College will be interested in the following note from Mrs. V. K. Wedgworth, so well and favorably known in this town:

TO THE PUBLIC: I know Anna P. Robinson, of The Cincinnati Conservatory, who has been elected teacher of music in Clarendon College. She studied under Mr. Haus Richard and Mr. Hugo Bederberg at Cincinnati. She is also an expert on the pipe organ. I unhesitatingly recommend her to the people of Clarendon College as being in every way capable of instructing the most advanced pupils.

MRS. V. K. WEDGWORTH.

The new vocal teacher is Miss Annie West, of San Antonio. She is not related to Miss Alma West, our fine art teacher, but comes with just as good recommendations from the Conservatories in St. Louis and Oberlin, Ohio.

Our financial agent, W. B. Wilson, spent the last few days at Canadian and Miami.

Bro. Mood has just returned from a ten days trip in the interest of the college,—visiting Dalhart, Channing and Tupencari, New Mexico.

Dr. Anthony, from near Dumas, wants to move to Clarendon for the sake of her schools.

For Sale.

One registered Hereford bull. Can be seen at my place 1½ miles northwest of Rowe.

J. T. BAIN.

The editor of the Daily Panhandle at Amarillo phoned the editor of the Banner-Stockman Monday, asking for "details of cyclone of Sunday afternoon." It seems that a report had been circulated in Amarillo that Clarendon had been partially blown away by a twister. We were glad to be able to inform Bro. Brewster that it was all a mistake.

Ice Cream.

The Bon Ton sells ice cream at \$1.75 by the gallon, delivered anywhere in town.

T. H. Allen returned Monday from Mineral Wells, Cleburne and Fort Worth. His sister has been dangerously ill but we understand has undergone a successful operation at Fort Worth and hopes are entertained for her early recovery.

—We will not be hard to find on the 3rd and 4th. Will have stands at all the places of amusement, with a polite force of clerks to serve the people with the best of refreshments. E. Dubbs & Sons.

Miss Lindley Anderson, a Clarendon favorite, is visiting Mrs. F. D. Martin. Miss Anderson has been in Mississippi for a year or so, and seems glad indeed to get back to the Panhandle.

—Call on W. E. Ayers for brick ice cream; six cents per brick or \$1.50 per gallon at your door. Phone 186.

—Drop in at Bagby's and drink a glass of pure apple cider, ice old.

A Table That is Attractive

Usually has a multiple of our numerous grocery units on its top side. Can you think of any choice staples or delicacies we don't carry? We want to know—'cause we'll get 'em quick. We're not giving groceries away just now, but we always have and will continue to give away to our customers those bookkeeper's expenses and credit system losses. Our slogan is CASH.

WE WISH TO CALL particular attention to our line of salad dressings, olive oil, mustard, vinegar, mayonaise dressing, pickles, condiments, etc. They are selected for purity and quality, and our cash prices place them on the same monetary plane as the cheaper articles. Everything in Groceries.

Remember only a few graphophones left to go on purchases. Better get busy if you want a prize.

A LAST WORD.

The 1907 celebration will soon be a thing of the past. The Banner-Stockman has labored earnestly for the success of this year's entertainment, and has, perhaps, used more of its local space than might have seemed right or necessary to some of our readers, but we deemed it our duty. Now a last word is in order:

Every family in Clarendon should contribute a basket of eatables for the dinner on the 3rd. It is a duty that all should willingly perform. Committees have been appointed to look after this and we trust they will have met with pleasant greetings everywhere.

Again, every man in Clarendon ought to contribute money to the general fund. Because you are not in business is no reason that you should not help a little anyway, and the dollars and fifty cent pieces should come in handsomely and will help to lighten the burden on our business people. So no matter your condition, give what you can to the finance committee of which E. Dubbs is chairman.

And last of all, let every citizen constitute himself a committee of one to welcome somebody and see that they have a good time. Remember the stranger within our gates on the 3rd and 4th and do all you can to make him feel at home and entertain a desire to come again. We are going to have a big crowd. It is up to our people to entertain them. Clarendon has never failed; she will not fail now, and the Banner-Stockman feels no hesitancy in again extending the warmest kind of an invitation to everybody to "come to Clarendon July 3 and 4."

The Donley County State Bank invites your patronage. All the courtesies of a safe and conservative banking system at your disposal. Call and see us.

Lelia Lake Locals.

Lelia Lake, Texas, June 25.

EDITOR BANNER-STOCKMAN:

The farmers have organized themselves into a union; they meet once a week and would be glad to welcome any member who wish to join them.

Friday night the young people were entertained by an ice cream supper at Mr. Harp's. All seemed to have an enjoyable time.

There was quite a storm Sunday evening of hail and rain which cut up crops and gardens considerably.

Miss Mabel Smith and Nora Betts spent Sunday at the home of Mr. and Mrs. Sims.

J. R. Leathers is building an addition to his house which improves its looks very much.

Mr. and Mrs. Kerlow went to Clarendon Saturday evening to visit relatives.

The young folks had a singing at Mr. Sims' Sunday evening.

Lightning killed one of Mr. Leathers' cows during the storm Sunday evening.

Miss Zella Jackson is on the sick list this week.

Will King, who has been attending the Nelson-Draughn Business College, has graduated and is assistant bookkeeper in Texas Fixture Co's establishment.

J. L. Reed has been quite sick with stomach trouble.

The Methodist people, of Lelia Lake, are going to begin the erection of a new church in the near future. The M. E. church is increasing in numbers right along.

Rev. Culbertson preached a very interesting sermon on Sunday morning to a full house.

VIOLET.

The editor is at his desk again today, having just returned from Plainview where he attended the meeting of the Northwest Texas Press Association. There was a good attendance of the quill pushers, and the next annual meeting will come to Clarendon. At this time, one year in advance, we extend the boys a brotherly welcome on behalf of the city, and assure them that Clarendon people will do all they can to make their 1908 meeting a pleasant occasion and one long to be remembered. Next week we will give an account of our trip to the wonderful little city of the south plains.

The insurance adjuster, in whose company A. H. Cowsar had his recently destroyed property insured, was here Wednesday and allowed the claim in full, waiving the sixty days of grace allowed an insurance company to settle a claim.

Wanted:

Everybody to know that we have a well assorted stock of lumber, shingles, sash, doors, coal, etc., and would appreciate a share of your trade.

MEMORIES OF THE WAR

The Claude News Man's Thunder Storm Reveries Tinged with Bloody Recollections.

Bro Hammer, of the Claude News, is an old Confederate soldier with an undying love for the Lost Cause and a recollection of those fighting days which is clear and strong. In describing a recent thunder storm he grows reminiscent and gives his readers the following treat:

"The roaring of the thunder and flashing of the lightning brought vividly to mind the roaring and flashing of the six twelve-pound battery of Parrot guns that played so heavily on Cheatham's, Cleburn's and Forrest's commands in the second day's fight at the battle of Chickamauga, forty-three years ago. There was one difference, however: In the storm Monday night one could not tell when the battle for the day was over, while at Chickamauga no one was left in doubt. The "boys in blue" had been pumping hot shot into Forrest's command for an hour (imagination made it ten hours) and the boys were getting tired, when Cheatham and Cleburne came to the rescue. Quickly stepping to the front of the almost exhausted line, the command, "Double quick! Forward!" was given, a yell was sent forth that in imagination caused the leaves and branches to quiver on the trees, a few rounds from infantry and double shots from the artillery, and then a silence as of death; the canister and grape ceased to come our way and we knew the battery was ours and the battle was over for the day. Ah, but at what a cost of human life! Hundreds who now lie beneath the sod tell the sad story of that thirty minutes of eternity."

A. E. de Ricqles, the Denver capitalist and cattleman, is here. In company with Dick Walsh he was a pleasant caller at this office Tuesday morning. Mr. Walsh says he is here to buy 20,000 steers, while Mr. de Ricqles says Dick is another, and that he is only here for a visit with Mr. Walsh.

THE 4TH IS FOR COWBOYS

And from all reports one is led to believe that every cowboy in the country will celebrate the 4th in Clarendon. If you are an old timer you will make Rutherford & Davis' your headquarters, and if you are a newcomer you will follow the crowd and will soon get around to us, for the cowboys know where they will receive the most courteous treatment and the squarest deal.

RUTHERFORD & DAVIS

D. C. Priddy has sold his nice residence on First street to F. H. Besaw, a new citizen from Colorado. Mr. Priddy and family left Monday night for their new home in Vineyard, Jack county, where he has extensive real estate interests. Their many friends in Clarendon will all join the Banner-Stockman in wishing good luck to them.

Dr. and Mrs. T. E. Standifer and children left last Saturday for Cheyenne, O. T., their former home, where they attend the wedding of Miss Ray Fields, a niece of the doctor and who is quite well known here. The doctor has returned, but Mrs. Standifer and the children will stay for a visit of several weeks.

Manager Benedict, of the Telephone Exchange, is back from Mineral Wells, where he put two or three wells out of business by drinking up their output. He feels better.

A letter from Mrs. F. A. Cox, who is back at her old Virginia home says: "The Panhandle farmers need not be blue over crop conditions. On our way home we saw nothing but bare fields and we came through Oklahoma, Indian Territory, Kansas, Missouri, Illinois, Indiana, Ohio and Kentucky." She says crop conditions are better here than any place she has been. Well, this is the June potato anyway.—McLean News.

Lets take a step forward and agitate an electric railway to connect us with the outside world. Will Clarendon help us to a connection at that point? Memphis will you help us? Canyon, what will you do? Amarillo, what about it? We are about ready to begin an earnest effort to do something for ourselves and feel assured that our effort will not be in vain.—Silverton Enterprise.
