### Kitchen Shower.

Saturday afternoon the handsome Bugbee home was thrown open to a bevy of fair ladies who met in response to dainty invitations issued by Mesdames. T. E. Bugbee and W. H. Patrick, the honoree being Miss Bessie Chamberlain, who on the following Wednesday became Mrs. Whitfield Carhart. The entertainment was denominated a "Kitchen Shower," and in truth, such it was, the happy and blushing honoree being the recipient of numberless useful articles pertaining to the culinary department of her future pretty little home. A guessing contest for "things found in a kitchen" served to keep the guests busily entertained, after which dainty refreshments were served. The contest prize was won by Mrs. James Trent, the consolation prize going to Mrs. G. B. Bagby.

## THE PROPOSED NEW COLLEGE BUILDING.

**H**EREWITH we reproduce a picture of the \$50,000 main building which will be erected for Clarendon College, work to begin at a near future date. This will be the handsomest structure of its class in the Panhandle. The building will be of pressed brick with stone trimmings, and is shown in the cut exactly as it will appear. The balance of the \$100,000 building fund will be used in erecting a brick and stone dormitory for the young ladies, and in other necessary buildings. As stated last week, the element of chance has ceased to figure in the proposed improvements; they are now an assured fact.

### Ice Cream.

The Bon Ton sells ice cream at \$1.75 by the gallon, delivered anywhere in town.

### More Children.

Supt. W. R. Silvey has completed the scholastic census for the ensuing year and the figures make interesting reading. He finds 506 scholastics for the Clarendon Independent School District. Last year there were 434, and the total enrollment of the school reached 519. This year the enrollment bids fair to reach a total that will greatly embarrass the teachers to handle, unless something is not done to provide more room. The public school building was overcrowded last year. More will be said along this line later.

### Game Fish.

I respectfully request that there be no more fishing in Allan or Richardson creeks for at least two years, as I have recently stocked same with game fish.

T. S. BUGBEE.

### Baseball.

There will be a game of baseball on the local grounds tomorrow afternoon at 3:30 between the Clarendon team and "Waldron's Reds," a traveling baseball organization which is now touring the state. The local boys say they will have quite a nice game and invite the general public to come out. The admission fee will be 25 cents.

—The Bon Ton—cool and clean. All the late drinks, ladies especially invited.

### MORE ROOM NECESSARY

**School Board So Decides Yesterday and Steps Taken Leading to Meeting the Necessity.**

The school board met yesterday morning and reorganized for the ensuing year by electing R. A. Chamberlain, president; W. H. Cooke, treasurer; J. H. Rutherford, secretary.

The following are the teachers elected and the salaries of each: W. R. Silvey, superintendent, \$1100; Wade Willis, principal, \$75 per month; Miss Elizabeth Stevens, \$50; Miss Maude McLean, \$50; Miss Amy Harding, \$50; Miss Willie Proctor, \$55; Miss Maggie Stout, primary, \$55. One more teacher is yet to be selected.

The standing committees were named as follows: Finance—W. H. Cooke, J. H. O'Neill. Supplies and Grounds—J. H. Rutherford and E. W. Bromley—Grievance—W. P. Powell and T. S. Bugbee.

The matter of the necessity for additional room for the coming year was taken under consideration, and it seemed that such a necessity was absolute. The subject received much close attention, and it was finally decided that a building would have to be erected. A committee consisting of Cooke, O'Neill and Bromley was appointed to go into the matter, with instructions to report at a called meeting next Thursday. The matter will then be disposed of.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Donley County—Greeting:

You are hereby commanded, That by making Publication of this Citation in some newspaper published in the County of Donley, if there be a newspaper published in said County, (but if not, then in the nearest County where a newspaper is published,) for eight weeks previous to the return day hereof, you summon R. Potter and his unknown heirs whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Donley at the Court House thereof, in Clarendon, Texas, on the first Monday in July, 1907, the same being the first day of said month and year, 1907. File number being 401, then and there to answer the petition of J. R. Leathers filed in said Court, on the 8th day of May, 1907, against the said R. Potter and his unknown heirs, and alleging in substance as follows, to-wit:

That plaintiff is the owner of all of Sec. No. 61, block C-6, Donley County, Texas. That the same was patented by the State of Texas to R. Potter. That later the same land was conveyed to Wm. J. Lewis by Thos. W. Potter, Geo. Richard Potter and Chas. Wester Potter and Clara Wilson and Lillian F. Cathroe and her husband W. L. Cathroe for a valuable consideration, representing themselves as the sole and only heirs of R. Potter, deceased, that the said Wm. J. Lewis conveyed the same land to J. R. Leathers by warranty deed for a valuable consideration. That the said Leathers, plaintiff relied upon the said representations of the death of the said R. Potter and of the sole heirship of the said Lewis' said grantors.

And pleading the statutes of three and five years limitation on the possession, use and occupancy of the said land by the said plaintiff under the title, color of title and prior registered deeds and payment of taxes.

And declaring the absence of proof of death of the said R. Potter and a deed of alienation of the said lands by the said R. Potter, and a want of proof of heirship upon the said R. Potter a cloud upon the title of the said plaintiff's title to the said lands.

And praying the Court for citation to the said R. Potter and his unknown heirs, and asking that the said cloud be removed from this title as above said and that title be vested in him, the plaintiff.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, in Clarendon, Texas, this 8th day of May, 1907.

#### Civic Righteousness.

(Contributed.)

Rev. Bearden, minister for the Christian church, created a sensation by his unusual and unexpected address, at Sunday night service. He told of "Clarendon's needs" in such a way as to be understood most definitely. After speaking of the good things we already have,—Our public schools; our college facilities and the great progress being made along the lines of education; our efficient officers; public-spirited business men; as well as the good work being done in church circles and in our fraternal orders, and highly commending the good in all, he called attention to our needs.

"Among the most vital questions before our little city just now—that of our school facilities is pressing upon us for solution. The census now being taken indicates a large increase in the scholastic population; and, as all are aware, our school building has been packed to overflowing during the sessions just closed although the children under scholastic age have practically been excluded because of the need of room.

"Then, there is the question of out-door exercise for the children. More than 500 boys and girls confined on a single block of ground during the hours allowed for recreation cannot, under any circumstances, be made conducive to best results from any point of view.

"The doctor who tells you of your ailments and offers no remedy would not prove a satisfactory physician in your family. So I suggest for the consideration of the public that we must have more room for the increasing number of children and youth attending our public schools; and if we consider the health and happiness of our children, it is clear that the needed room should not be added to the present school building.

"By the erection of a neat ward school house at some suitable place where ample playgrounds can be had for the children, Clarendon can and will, if led to a proper consideration of the matter, fill one of the much needed wants of her 'little folks' and upon these must she depend for all future greatness. I know of suitable and commodious grounds that will be donated for this purpose and I believe the people of Clarendon will supply the funds needed for a building without taking a penny from the public fund, which belongs to the children.

"Clarendon College has already shown herself worthy of the assistance rendered by our people and is forging ahead to higher and greater deeds. She has done this by organized, well directed energy and this, coupled with a good cause for which to work always brings success. Let us continue to assist her while we emulate her example in widening the fields of utility, comfort and health in our free school work. Neither let us be content to stop here; but let us invite, with words and with money, other educational institutions, to locate with us.

"Let us foster every interest that will help in the uplifting and betterment of our children and our moral and society conditions.

"Then comes the question of streets, bridges, driveways and parks. In their present condition our streets are not only 'ugly', but some of them dangerous, while others are absolutely impassible. I was glad when in a recent mass-meeting practically every man voted 'yes' on a proposition to levy a 'Street and Bridge Tax.'

"Then the beauty and cleanliness—I mean the 'clean-ness' of the streets and alleys. Most of our citizens are looking after the first by planting trees along the streets, and it is said, by all visitors, that Clarendon has more pretty trees than all towns on the Ft. Worth & Denver road. But when it comes to the next item I think we can boast of more broken glass, crockery, stoneware, old shoes, clothes, hay wire, tin buckets, cans, rusty stove pipes, dead hens etc, than any town of our size in—well, language fails me just here and I pass it up to you. All these things can be and will be remedied, and that before many moons too. We have buried the dead things about our place for fertilizing purposes and I am going to have the tinware, irons and bottles taken to the 'dumping ground.' Will you do likewise?

Next, comes to mind, our city park. On the map it is named 'Prospect Park' and after walking over it a few days ago I decided that to be the proper name for it; just a prospect—that is all! but with Egerton, the tree, and flower man, and our women organized in the Civic League or Clarendon Beauty Club, that which is now a hiss and a byword, can be made a thing of beauty and a joy forever. Let the good women of Clarendon take this matter in hand, organize for business, and in a little while 'Springs of Joy' will flow forth in our midst and the desert places shall blossom as a rose.

Next, last, but not the least, comes the organization of a 5,000 (make it 10,000 if you will.) Club of Clarendon! Let us see to it, that while our wives and daughters look after the cleanliness and beauty of Clarendon thus making her fully worthy of the title already held that her citizens set about to make her the strongest and best! All these remarks and observations are for the public use and I sincerely hope that ere long we shall all begin talking and working along these lines. Our Federal government cannot do these things for us; Tom Campbell and his wonderful legislature cannot; and our Heavenly Father will not, unless we, like those who rebuilt Solomon's wonderful Temple, have a mind to work. The old darkey said he prayed two weeks for a Thanksgiving turkey with no visible results, but when he prayed the Lord "to send him arter dat turkey" it was safe in "de coop nex' mawnin'." This must be our policy. Not that we shall steal anything but that we must borrow time enough and lend energy enough and put up money enough to do these much needed things for ourselves. Who will take the lead?

Who of our women will call a meeting and organize a Civic League, or Clarendon Beauty Club? Who will initiate a movement to organize a Clarendon 5,000 or 10,000 Club?

It is said by some who were present that this pulpit departure from the usual sermonizing was well received and the audience seemed to be in full sympathy and support with the speaker. Next!

That plaintiff was lawfully seized and possessed of all of section No. 15 in block No. C-3, certificate No. 208, T. F. R. V. Co. in Donley County, Texas, owning, holding and claiming the same in fee simple, on the first day of March, 1907, that on said date defendants unlawfully entered the same and ousted plaintiff therefrom and now unlawfully withhold the possession of same from plaintiff to his damages in the sum of \$2000.

#### Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

George Garrett, who has been sojourning at the Knorpp ranch at the Allen Creek place, was in town the other day looking greatly improved in health.

#### Colic and Diarrhoea.

Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

## Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since. I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendations."

A. S. MELTON, Ashville, N. C.  
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

#### Weatherly-Montgomery.

F. Monroe Montgomery, the Shamrock merchant, slipped into Clarendon Wednesday and took from us one of our fairest flowers in the person of Miss Minnie Weatherly. This wedding was an exceptionally quiet home affair, no one being present except the immediate family. Rev. W. C. Hilburn officiated at the home of the bride's mother, Mrs. W. W. Weatherly, the ceremony taking place at 10 a. m., the happy couple departing on the 10:20 train for their future home at Shamrock.

Through a somewhat intimate acquaintanceship with Miss Minnie the editor and family feel a sense of personal loss in her fitting, while at the same time she has no more hearty well-wishers than ourselves. We, as well as all her other close friends, know her for what she is—a clever, sweet, womanly girl—one who will make of a home that blessed haven it should be.

Mr. Montgomery is not a stranger here. He was for a number of years connected with the JA ranch, and yet owns a considerable tract of land in the JA pasture. He is a partner with J. E. Terrell in business houses at Texola, O. T., and Shamrock, Texas, being manager of the latter. He is a young man well worthy of the prize he has won, and the Banner-Stockman joins heartily in the congratulations and good wishes of their friends.

Mrs. Ben M. Terrell, of Fort Worth, came in Sunday morning for a short visit with her sister, Mrs. C. O. Abernathy, who is now at home in her new cottage on Clarendon Heights. Mrs. Terrell is quite a vocalist and is even now on her way to Kansas City where she will pursue her studies further.

Capt. J. L. White, a close personal friend of the editor, and who was several years ago identified with the Banner-Stockman as editor of the Claude Department, was here Sunday to spend the day with Jack Mann and family. We acknowledge a most pleasant call and hope to see the genial captain down this way again.

Nath Goldston's restaurant in the big tent on Main street is something of a novelty, and, withal, looks clean, cool and pleasant. Nath is something of a rustler, and the absence of a building didn't feaze him a bit. Odus Caraway has retired from the business and Mr. Goldston is now pulling in single harness.

The big sale at Mickle Burgher's the past week has been attracting large crowds throughout the store. The firm has been doing some extensive advertising, and the manager reports the sale fully up to his expectations, if not better.

#### \$11,000 Deal.

N. N. Martin this week sold his ranch five miles north of town to G. S. Patterson for \$11,000. The place consists of 800 acres and is a choice property, being well improved. No cattle or stock of any kind included in the deal. Mr. Patterson is to get immediate possession. The Banner-Stockman congratulates him on having acquired a valuable piece of property.

#### Big Bargain.

I offer for sale 939 acres of land seven miles from Clarendon, all fine valley land, at \$16 per acre. The following property will be included in the deal at this price: One \$3000 residence situated on one of the prettiest building blocks in town; also another house and lot in Clarendon; household goods, all new, horse, buggy, cow, etc. The whole business for \$16 per acre on the farm land Half cash, balance slhaped. This is a rare bargain so see me at once.

DR. W. R. SHOOK,  
Clarendon, Texas.

#### City Council Notice.

Ordinance No. 2 provides a penalty against any person throwing upon any street, alley, public grounds or private premises of another, any paper, trash, refuse or offensive matter of any kind including slops or water. The wisdom of this ordinance is apparent to all and the best interests of all demand its enforcement and the city marshal is instructed to see to its enforcement.

A. M. BEVILLE, Mayor.

Postmaster Lewis has placed a box for mailing letters on the corner at the First National Bank, and requests that the Banner-Stockman state that this box is not intended to be used except at times when the postoffice may be closed. Don't mail letters there if the office is open, as they may not be collected in time to catch the first train.

Type "drummers" who visited us the past week were given orders for quite a nice assortment of new job letters for the Banner-Stockman job department. Among the purchases was still another series made especially for the printing of fine wedding stationery, invitations, programs, etc. You will make no mistake by placing your orders with this office.

Mrs. Carl W. Bennett returned recently from quite an extended visit to relatives at Taylor.

Miss May O'Neill left Wednesday for a visit to Mineral Wells.

#### Invisible Building.

Life is a building. It rises slowly, day by day, through the years. Every new lesson we learn lays a block on the edifice which is rising silently within us. Every experience, every touch of another life on ours, every influence that impresses us, every book we read, every conversation we have, every act of our commonest days, adds something to the invisible building—Rev. J. R. Miller.

#### Relationship.

"After all, remarked Mr. Cumrox, "there is a certain relation between finance and poetry." "In what way?" "In both so much depends on capitalization and making things sound, right."

### Chamberlain-Carhart.

The prettiest wedding it has ever been the good fortune of the editor to witness was that of Wednesday evening at the Episcopal church when Rt. Rev. A. C. Garrett, of Dallas, Bishop of this Diocese, said the words uniting the destinies of two of Clarendon's best beloved young people.

Miss Bessie Chamberlain and Mr. Whitfield Carhart, the contracting parties, are members of two of Clarendon's oldest families. They have known each other for twenty years, when as tiny tots they played together at school, the acquaintanceship rapidly becoming a friendship and ripening into that tender affection which leads men and women to solemnly promise to "love, honor, cherish, obey."

During these years of approaching maturity each had won in the hearts of our people a place not often reached. When we say that the universal regard of our people is theirs we are not in the slightest degree exaggerating the facts. Whit Carhart is indeed a model young man; his bride is one of our fairest and best beloved.

The church decorations were superb, the scheme being pure white and leaf green. The dossal of snow white, outlined with ferns; the long festoons of smilax gracefully draped; the numerous bunches of white roses and Cape Jasmines (from friends in South Texas), all brilliantly lighted by the innumerable candles of the altar, served to transmute the church into a fairy bower. Miss Lila McClelland presided at the organ, rendering Lohengrin's wedding march as the bridal party entered, and Mendelssohn's as they retired. A quartette composed of Messrs. F. D. Martin and J. W. Morrison, Mesdames. J. B. McClelland and F. E. Harrington, sang the Marriage hymn, "The Voice That Breathed O'er Eden," just previous to the entry. The Bishop entered from the Sacristy, preceded by an acolyte. He was followed by the groom and his best man, Mr. W. J. Lewis, they taking positions on the right. The bridal party entered from the front, marching down the aisle to the strains of the beautiful march. The bride was upon the arm of her father, and carried a bouquet of bride's roses. Her gown was of white Crepe de Chene over white Taffeta, with pearl and lace trimmings. The other members of the bridal party were: Miss Josephine Chamberlain, maid of honor, white, arm bouquet of pink roses; Mrs. Frank Duke Martin, matron of honor, exquisite gown of grey Crepe de Chene, picture hat with long ostrich plumes, and pink roses; Miss Catherine Chamberlain, bridesmaid, white, with arm bouquet of pink La France roses. The groom, his best man, Mr. Lewis, and attendant, Mr. Fred Chamberlain, all wore the conventional black. Messrs. J. G. Martin and J. D. Van Horn, ushers, were similarly attired.

Bishop Garrett met the bridal party just in front of the altar, and in the beautiful and impressive ring ceremony of the church pronounced Isaac Whitfield Carhart and Bessie Chamberlain man and wife. The words were said in the Bishop's usual impressive manner; the responses were clear and distinct. The reception at the home of the bride's parents, Mr. and Mrs. R. A. Chamberlain, was the most elaborate social function of the season. The decorations here were in accord with those at the church, the same color scheme prevailing. The bridal party received in the front parlor. The names of guests were inscribed in a wedding book. The bride's cake was cut, the ring falling to the lot of Miss Hazel Jefferies.

Mr. and Mrs. Carhart left on the 9:47 train for Colorado Springs and other points of interest in the Rockies. The bride's going-away gown was of dark blue Chiffon Panama over taffeta, with hat to match.

The popularity of this young couple was freely attested in the magnificent array of wedding presents received. Never before have we seen such a wealth of remembrances. The articles embraced everything in silver, cut glass, bric-a-brac and furniture that could be enumerated. Gifts came from far away Canada; from Detroit, New Orleans, Los Angeles, Hot Springs and other points. Among the gifts was an gentleman's elegant chifonier, given the groom by the congregation of St. John's Episcopal Church as a token of their appreciation of his devoted and faithful services as lay reader for the past three years.

Mr. and Mrs. Carhart will be at home to their friends in their pretty new home, corner Third and Parks streets, after about two weeks. The Banner-Stockman is sincere in wishing for them all the happiness that a perfect love can bring throughout a long and useful life.

Mrs. Marion Williams left Wednesday for Mineral Wells.

### City Council.

At a meeting held Monday the city council accepted the resignation of Guss Johnson, recently elected city marshal, and the appointment was given Mr. C. L. Fry. Mr. Fry has accepted and qualified and is already in pursuit of his duties.

The council discussed the matter of having some street work done and decided that it should be done just as soon as the matter of finances would permit. Lines are laid looking to the replenishing of the city treasury (as noted in these columns last week) and the council hopes to be able to have this very important matter looked after at an early date.

An order was passed to have the entire city cleaned up in the near future. All streets, alleys and vacant lots will be cleaned, and the city generally put in first-class sanitary condition. In this respect the Banner-Stockman would venture to call attention to the fact that Clarendon is already a clean town. We do not believe there is a cleaner town anywhere, or a town in this country where the citizenship as a whole respects the laws of cleanliness better than do we. Of course there are always a few exceptions, and there are doubtless some spots in Clarendon, alleys and vacant spaces, which are not in as good sanitary condition as they should be, but as a general rule the fault lies in the neighborhood and can be easily remedied. This the council proposes to do by having the entire town cleaned up.

### 33 Residence Blocks on College Hill.

We now can say that the big building and permanent location of the Clarendon College is no longer a doubt; but is assured. The property around there being all occupied we are now sole agents for about 33 blocks on the hill, joining the college vicinity, which we are now offering to customers in lots to suit buyers, from one lot 50 ft. by 140 ft. up to any amount you want. Terms to suit purchaser. Get in early and get choice lots, for when this is sold the last chance is gone to get a good Clarendon home cheap. Understand these choice lots will all be sold by July.

We are offering some very rare bargains in nice farms near town. Clarendon country and its wonderful resources is well known. It is the Athens of the Panhandle and rivals in richness of soil the valleys of California.

**Every Man His Own Doctor.**  
The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect as so slight an injury often causes the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.  
Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaint.  
Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame backs and rheumatic pains.  
Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.  
Chamberlain's Salve for diseases of the skin.  
One bottle of each of these five preparations costs but \$1.25. For sale by all druggists.
