A Hunters Safety Course will be held September 23-25 at the Ag building in Gruver, from 6-10 p.m. Clay Montgomery will be the instructor. Cost will be \$5.00 for the whole course. Ages 12-25 welcome. Out of state hunters need to take this safety course, this includes all ages.

### Greyhound Mothers Club Selling Snug Bugs, Parka Coats & Caps

The Greyhound Mothers Club is selling items to raise money for athletic booster events and services. On sale will be red or black snug bugs. Snug bugs are a waist high sleeping bag that are used for those cold Friday night football games and at those cold spring track meets. The cost of the snug bugs is \$40.00 a piece. They will also be selling red and black parka coats, which will have Hounds embroidered across the back and the running hound with Gruver above it on the front left side. These will cost \$100.00. Gruver Greyhound caps will also be for sale. These are dressy looking caps and look great on anyone, they will sell for \$18.00. To order any of these items contact any Greyhound mother or call Kelly Armes - 733-5104, Joyce Simon - 733-5435 or Barbara Stavallo 733-2600.

### 66th GHS Alumni Homecoming

The 66th Gruver High School Alumni Homecoming will be held Friday and Saturday, September 20th and 21st. Friday's events begin with a Chili Supper from 5:00 p.m. to 6:30 p.m. in the school cafeteria honoring classes 36, 46, 56, 66, 76, 86, 96. The crowning of the Alumni and Homecoming Queens will be at 7:00 p.m. at the Gruver vs Highland Park game at Greyhound Stadium. Saturday's activities include an All-Alumni Dance at Gruver Airport, one mile south of Gruver. Alumni dues of \$5.00 are payable at the Supper or by mail to address below. The dues and profit from the dance support the College Scholarship Fund. The Recipient of the 1996 award is Travis Ferguson.

See you there!!  
Lisa Cazares Link,  
Gruver Alumni Secretary, P.O. Box 403 - Gruver, Texas 79040

### Tobacco Products Not Allowed On School Grounds

Both federal and state laws govern the use of tobacco products on school grounds. Students may neither use nor possess tobacco products on school property or at school sponsored events. Parents and other adults are also prohibited from using tobacco products on school grounds or at school sponsored events. Please cooperate with the Gruver I.S.D. School officials as they endeavor to enforce these regulations.

## Hansford Weathers Storm

Heavy rain, lightning, tornadoes and baseball size hail struck Hansford County in the early morning hours of Wednesday, September 18, 1996.

The Spearman Police Department received a Sever Weather Warning and went into Weather Watch mode at approximately 11:23 PM on Tuesday evening. Hansford County Sheriff's weather watchers were sent out, Spearman Fire and Ambulance Service, and the Spearman Police Department were also dispatched for Weather Watch.

Hansford Hospital patients and Hansford Manor residents were moved to safety in the inner halls of the hospital.

Several tornadoes were reported in the Spearman area. According to Police Chief Larry Kenaley, one tornado was seen down Highway 759 South, about five miles from Spearman, one five to six miles south of town, near Highway 207, and one in the northeast corner of the county.

In Spearman and Morse, sirens sounded twice for tornadoes and once for all clear.

Spearman City Hall, Hansford County Court House and Spearman High School served as shelters.

Hansford County Sheriff R.L. McFarlin was astonished that

the golf ball to baseball size hail did such a small amount of damage. McFarlin's vehicle was pounded by the hail, but received no apparent damage.

Deputy Sheriff Allen Mires was patrolling when lightning struck so close that his car shut down.

Bails of hay were reportedly struck by lightning and the burning smell was noticeable

throughout the day, Wednesday.

Amazingly, there were no reports of injuries and most crops received very little damage.

We received heavy flooding in all areas of town especially on the East side. There were cars flooded out on the streets in several areas of town. Horse Creek flooded 100 to 150 yards beyond its banks and the Palo Duro Lake level is currently at 50'

11" and rising.

Throughout the night, George Young and the staff of radio station KRFD kept the community informed about the weather situation. Said George, "The great thing is that the crops are still in the field and as soon as it dries out, we will have a great harvest."

We received between four and four 1/2 inches of rain.

## Big Texan Opry Held

The O'Loughlin Center was host to the Big Texan Opry on Saturday evening, September 14th.

This special opry presentation included the most popular Big Texan Opry performers, some of which were: Ed Akins, Clinton, Tennessee; Julie May, of Gruver; Betty Chisum, formerly of Gruver; Casey McKanna, of Dumas; Dee O'Kelley, of Amarillo, Texas; and Dino Valverde, also of Amarillo; some members of the Top of Texas Cloggers and members of the Big Texan Dancers. Laquita Evans, of Spearman, hosted the show, as well as performed.

Neoma Nelson, Opry Director, conducted auditions for talented

performers to appear on the Big Texan Opry, held each Tuesday at the Big Texan Steak Ranch in Amarillo. Brandon Close, formerly of Spearman, was selected as a "Spotlight Performer", and performed during the show on Saturday evening.

"The crowd was so enthusiastic and we appreciate everyone who attended in spite of the rain," commented Mrs. Evans.

Local sponsors for the Big Texan Opry were: Brock Insurance Agency, First National Bank, First State Bank, Five Star Equipment, Gillaspie Auto & Truck Center, Inc., The Hansford County Reporter-Statesman, Gordon's Drug, KRDF-FM, Michele's, and Speartex Grain Company.

Laquita Evans performs during the Big Texan Opry held at the O'Loughlin Center on Saturday, September 14th.

## Hounds Fall Again, But Improving

by Bob Bort, Sports Editor

According to Gruver Hounds head coach Doug Frick, the Gruver Greyhounds played much better against the Texoma Red Devils at Texoma, Oklahoma, this past Friday, September 13, but once they fell behind, they couldn't come back.

"We played much better, especially offensively," said Coach Frick Saturday. "We had 174 yards rushing in the first half, but when we fell behind, in the third quarter, it seems like we fumbled, then tried to throw the ball, but couldn't."

All the points were scored in the first half. Gruver's first score of the year came on a 5-yard blast by Travis Bayless to tie the game 7-7. Then when Brant Armes raced 83 yards for a second touchdown and a 13-7 lead, it looked like the Hounds were in business. But the Red Devils came

back to score twice more and lead 22-13 at halftime. That was the final score.

Armes had a big night, with 164 yards on 16 carries, an average of 10 yards per carry.

It is homecoming this week, and Gruver will be looking for their first victory over a Highland Park Hornets team. According to Coach Frick, from what he had heard, "Highland Park is a pretty good defensive team, but they struggle offensively."

In sub varsity action, the Gruver Hounds JV is looking very good this year with two victories in two tries over the Canadian and Highland Park teams. It is encouraging to the coaching staff and all fans to see them playing so well. The two junior high teams split their season opens at Highland Park this past Thursday, September 12, the 7th losing and the 8th winning.

Brant Armes, Gruver's leading rusher, gains yardage as Josh Mayhew leads the way during Friday night's game in Texoma.

# Laugh and Live

by Gary Smith  
gcs@arn.net

In my humble opinion, one of the funniest men in America is Jeff Foxworthy. Jeff often talks about Rednecks. I have been a Redneck most of my life. My father was a Redneck. His father was a Redneck. Most of my cousins are Redneck. I feel very honored when I hear folks talking about us.

Here are just a few of the ways that Jeff Foxworthy says that you can determine if you are a Redneck. If you happen to find that you are a member of this group, do not worry. Be proud, there are more of us than there are of them.

### You might be a redneck if. . .

- ...More than one living relative is named after a Southern Civil War general.
- ...You think the stock market has a fence around it.
- ...You think the O.J. trial was the big Sunkist and Minutemaid taste test.
- ...You've ever lost a loved one to kudzu. (Cousin Lewis)
- ...Your boat has not left the driveway in 15 years.
- ...Your front porch collapses and kills more than three dogs.
- ...Your coffee table used to be a telephone cable spool. (We have several.)
- ...You keep a can of Raid on the kitchen table.
- ...You've ever used a toilet seat as a picture frame.
- ...Your home has more miles on it than your car.
- ...Your Christmas tree is still up in February. (Why take it down at all?)
- ...You've ever been arrested for loitering.
- ...You think that potted meat on a saltine is an hors d'oeuvre. (Love it, love it, love it.)
- ...You've ever shot anyone for looking at you.
- ...You own a homemade fur coat. (I don't, but my wife does.)
- ...Your momma has "ammo" on her Christmas list.
- ...There are more than five McDonald's bags currently on the floorboard of your car. (Don't lie. I've seen some of your cars.)

Until the next time,  
May God Bless

# Heinz Named State "E.M.T. Of The Year"

by Jo Ellen Edmonds,  
Instructor/Coordinator Buffalo  
EMS District

Pauline Heinz, of Laverne, Oklahoma, has received the distinguished honor of being named "Basic E.M.T. Of The Year" by the Oklahoma Emergency Technicians Association. Pauline was presented with a beautiful trophy which features an eagle, with wings spread ready for flight. "Ready" - that is probably the best word to describe Pauline. She is always "ready", whether it is for ambulance runs, volunteer positions or help and care in any way. Laverne is very fortunate to have such a caring lady, and she reaches out far beyond the miles and duties as E.M.T. Coordinator.

Following is the nominations letter, written by Buffalo E.M.S. Instructor/Coordinator Joe Ellen Edmonds, that was submitted in Pauline's behalf:

"I would like to nominate Pauline Heinz of Laverne E.M.S. for Basic E.M.T. of the year. Pauline has been with Laverne E.M.S. for many years and has

served as their coordinator for the past several years. Pauline is a great asset to her service, her community and the neighboring EMS Services, as well as to the Oklahoma Emergency Technicians Association.

In trying to keep up with Pauline when she is at home in Laverne, it can be very difficult to find her at times. Most residents of Laverne feel free to call her on the telephone (day or night) and have her come and check out a friend or loved one who doesn't feel quite right, or maybe just needs a little reassurance that everything will be okay. You see, Laverne doesn't have a hospital or a doctor, and the people rely on Pauline to make sure that their medical needs are met, by means of ambulance or sometimes just assistance after I've fallen and can't get up". She is always there as a volunteer for the Laverne Chamber of Commerce to help with community activities.

Pauline has also been very helpful with assisting her neighboring E.M.S. crews. She is

always more than willing to help on a mutual and assist call and has even went to other communities to help with their continuing education hours and community training classes.

Pauline has been a great asset in getting all of the emergency response teams to work together in Harper County. She organized joint classes for the ambulance crews and fire departments from Buffalo and Laverne.

For several years, Pauline has also volunteered during Medic

Update to be in charge of the continuing education video tape sessions. While most of the rest of the group are resting or participating in "Local Activities", Pauline is still giving her time to help others in the E.M.S. field a chance to earn more C.E. credits.

Pauline is the daughter of James and Ruby Riley of Spearman, Texas. She is also a graduate of Spearman High School.

## Swanek/Stork Wed

Meghan Rae Swanek and Chad James Stork were united in marriage on August 31, 1996 at Gruver Methodist Church with Jerry Moore, pastor, who performed the ceremony.

The bride is the daughter of Rodney and Mary Swanek of Lethbridge Alberta, Canada. The groom's parents are Arnold and Pamela Stork of Gruver, Texas.

The bride was given in marriage

by her father, Rodney Swanek.

Meghan is currently attending Oklahoma Panhandle State University working towards a bachelor of science in nursing.

Chad is also attending Oklahoma Panhandle State University and will graduate in May 1977 with a bachelors of science in agri-business.

The couple will make their home in Gruver, Texas.

## STUDENTS OF THE MONTH

By: Becky Porter

Once again something good has returned to SHS! Student of the Month is back! To get chosen, you must be a Junior or Senior. You are then nominated by the individual faculty and elected by general faculty. To be nominated not only do you have to be a Junior or a Senior, you also have to have strong leadership potential and excel academically. If you win this award, you get to have lunch with the Rotary Club, your picture in the paper, and your name announced on the radio. When talking to Mr. Rowland, he said, "They want to recognize top students who are going the extra mile to achieve success. To achieve this award, just try to be the best you can." The students

for this month are: Kelly Goodman and Eric Varnon.

Kelly Goodman, senior, is the daughter of Keith and Karen Goodman. Mr.

Mitchell is her most influential teacher. Her accomplishments include honor roll, N.H.S. for three years, G/T for four years, Who's Who, U.I.L. One-Act Play, track for three years, and the theatre award her junior year. She is unsure about where she's going for college, and what she's going to study, but she does know she is going to college.

Eric Varnon, Senior, is the son of Allen and Peggy Varnon. Coach Andy Smith is his most influential teacher. His accomplishments include the French 2 award, Honor Roll, Secretary of Sophomore Class, Student Council Vice-President (Senior Year), member of FCA, CYF, YMT, participant in Habitat for Humanity, and a member of various committees within his church. He is unsure of where he wants to go to college at, but does know he is going to study either Architecture or Youth Ministry. We here at S.H.S. are quite proud of these students and wish them the best of luck.

## Seven Teachers Join SHS Faculty

By: Teresa Gomez

Summer vacation has ended and a new school year has begun. Spearman High School students found many differences, especially in the area of teachers, upon returning to school. SHS has a total of seven new teachers.

Mrs. Alvarez is one of the new teachers. She joins the SHS faculty as the new foreign language teacher. Mrs. Alvarez is in her second year of teaching and comes here after teaching in Guymon last year. The classes she is teaching are Spanish I, Spanish II, and Spanish III. When asked what she enjoys most about her job, her response was "the kids, of course!" Her major goal for the students in her class is for them to learn to speak Spanish.

Mrs. Lusby-Byers is another faculty addition at SHS. She teaches math of money, P.E., and is also the new choir director. This is her third year of teaching and comes to SHS after teaching choir at Borger Middle School last year. Mrs. Lusby-Byers said what she likes most about her job are the kids, and she also enjoys watching the choir's progress. Mrs. Lusby-Byers also added that teaching at SHS makes her feel at home because she attended and graduated from Spearman High.

Mrs. Whitefield is also a new teacher at SHS. She teaches English I, English III, English III(H), Journalism, and Newspaper. She taught at Fritch and Stinnet before join-

ing the SHS faculty. Mrs. Whitefield said she is very proud of teaching in Spearman.

Another addition to the faculty at SHS is Mrs. Nelson. She is teaching MOCT, a new work program at SHS. Mrs. Nelson enjoys teaching and said she came out of retirement to teach at SHS. What she enjoys most about her job are the kids. "I like their [the students] sense of humor, their energy, and their ability to learn," she said. Mrs. Nelson's goal for the students in her class is for them to be proud of their work and work ethics.

Mrs. Crawford is also one of the new teachers. She has been teaching for ten years and comes here after teaching in Perryton for four years. She is teaching physical science, biology, and health and said she is really excited about teaching at Spearman High School. In addition, Mrs. Crawford said she especially likes not having to drive back and forth to work.

Mr. Bowles also joins the faculty at SHS. He teaches government, economics, P.E., and is also a new coach.

Mrs. Jones is also an addition to the faculty at SHS. She teaches Algebra I, Algebra I-3, and is also the librarian at the elementary. Mrs. Jones enjoys working with kids and helping them develop a love and interest in reading.

These seven people have shown wonderful qualities and all share and interest in helping students learn. They are a great addition to the faculty at SHS.

## Spearman Receives Foreign Exchange Student

By: Maribel Martinez

The dream for many Americans is to one day travel to Europe while for many Europeans the dream is just the opposite. Seventeen year old Lidwine Carpiaux made her dream reality by coming to Spearman as a foreign exchange student.

Lidwine comes from Liege, Belgium, a city of 200,000 people. Coming to a small town like Spearman scared her a little.

"I am used to living in a big town with lots of friends, stores, and activities but was surprised when I got here. Everything here seems strange, but the people are cool and friendly," she said.

Despite the changes, Lidwine enjoys all her class at SHS and has found school to be

much more different than in Belgium.

"I like high school very much. It is very different because my school was an all girl school, strictly Catholic, and very academic," she said.

"After high school, I hope to attend a university in Belgium in order to learn the Roman language. I want to be a teacher," she said.

Lidwine will be staying with the Richard Paschel family, the Worth Whitworth family, and is currently staying with the Rick Sander family.

In Belgium, Lidwine's father, Yean, is an inspector of insurance and her mother, Brigitte, is a housewife. Lidwine also has a fifteen year old sister named Sabine.

## Band Members March In Style

By: Brandi Willis and Lacey Miesner

On September 6, 1996, Spearman football fans witnessed the debut of a long-awaited event. The SHS Band decked the stands sporting their brand-new uniforms.

The new uniforms, generously bought by the school, were in the planning for six months. Last May, the Fruhauf Company sent a representative who took measurements, and on September 4th, the last of the uniforms arrived. The first football game debuted the new uniforms, but after a short while, the band members were forced to change due to weather.

One-hundred uniforms were ordered to be worn by the sixty-eight band members this year. The uniforms, costing over \$30,000, will be worn at football games and at U.I.L. competition. This will be the band's first year to

march with uniforms.

The uniforms include purple slacks and white marching coats with a reversible front. An additional \$1200 worth of plumes were bought to go with the new hats. White marching shoes were also ordered. The uniforms should last a minimum of ten years with proper care, which is very important due to the cost.

Response to the new outfits is very positive, especially since Spearman Band uniforms have not been seen for around ten years. "The band uniforms are cool... It is a good idea and a good way to show our spirit towards the team," Becky Porter stated. Candy Delozier stated, "I think they are absolutely gorgeous!" Mr. Willis also added, "The school board and Mr. Murrey were very generous in allowing us to have these uniforms."

Spearman fans can witness the band in action at football games Friday nights.

# Lynx Roll On

by Bob Bort, Sports Editor

The Spearman Lynx traveled to Memphis this past Friday, September 13, to try to duplicate their awesome performance of the first week of the season. That was quite a feat, but the Lynx ended up doing just that.

The Cyclones came into the game 1-0, but they were hopelessly overmatched against the Lynx. The final score was 22-0, and defensively the Lynx stifled the Cyclones completely.

Memphis' big 225 pound fullback carried the ball 19 times for only 88 yards - he just never got untracked. Spearman, had three running backs with decent yardage - Michael Witten, Michael Lusby and Carlos Hernandez. There wasn't a 100 yard rusher, just a steady team performance by all three. Witten had 91 yards on 17 carries, and Lusby 60 yards on 16 carries.

With 0:46 left in the first quarter, the Lynx struck paydirt, as Britt Savage scored on a 3-yard run, then kicked the extra point, and the score was 7-0.

The most exciting play of the game came on the last play of the first half.

Frankie Dominguez and Jake Howard had come up with big defensive plays to help stop the Cyclones, and the score remained 7-0.

With 0:06 left, Michael Lusby caught a middle screen from quarterback Howard at about the line of scrimmage, and then he cut it to the outside and down the sideline and outraced the Cyclone secondary for the score. That made the score 14-0 as the teams went in at halftime. The 45 yard run by Lusby was one of the most exciting ever witnessed by Lynx fans.

Travis Loomis had a key sack in the third quarter, then with 6:06 left in the game, the Cyclones punter was tackled in the end zone

tackles, and recovered a fumble. The Lynx sub-varsity shapes up like this: The JV is 0-2 - they have been beaten by Canadian,

and this past week at Sunray. The 7th graders beat Sunray 14-0, and the 8th graders lost to Sunray 14-6.

## Hansford Chief Appraiser Gives Sound Advice

Taxpayers need to be aware of any company that is soliciting homeowners to pay \$45 to file their homestead exemption application. There may be more than one company doing this and the taxpayer needs to understand that this service is free to the taxpayers at the appraisal district office. The taxpayer may come to the office or call and request the application be mailed.

There is a common misconception concerning the filing of this homestead application as to what it actually does. It only reduces the amount of property tax a homeowner will pay for the year in which it qualifies and future years in which it remains in effect. For clarification purposes, this one could be referred to as the Homestead Tax Exemption. It does not protect a homestead from

creditors. The other document addressing homesteads is The Homestead Designation which is the legal document necessary for protection against creditors. The Homestead Designation of Homestead Act provides equity protection from forced sale by creditors. Texas residents may designate up to 200 acres as homestead in rural area, only one acre if within a town or municipality. Taxpayers need to consult their attorney to file this designation.

For any questions regarding the above information, call 659-5575 or 800-372-5411 at the appraisal district.

## For The Sshort Of It

by Bob Bort

Here are some Lynx football stats with the game against Memphis. The Lynx led in yards rushing 192 - 61 and yards passing 73-50. The Lynx led in first downs 12-8, and total yards 265-111. Spearman has outscored their two opponents this year 55-3.

The Dallas Cowboys, San Francisco 49ers and Green Bay Packers are so much better than any of the other teams in the NFL that it isn't even funny. Troy Aikman, Steve Young and Brett Favre are the three soon-to-be Hall of Fame quarterbacks of those teams. They, all 3, are in the NFC, which means the Super Bowl will be less than super again. The NFC has won 12 consecutive Super Bowls. Don't let the Dallas 25-24 loss to Indy fool you...

There are two types of questions, the idea of which is to get people to think. The first type of question is Type A - a question that has a definite answer. For example, who hit the most home runs in professional baseball history (The answer is Sadaharu Oh, not Hank Aaron)? The second type of question is type B - one that is subjective. For example, what was the greatest college football

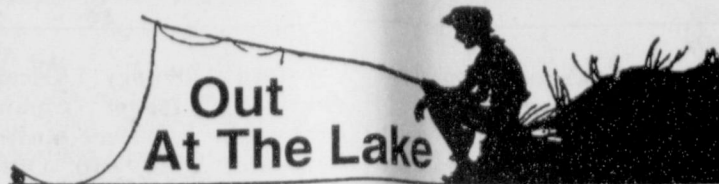

game ever played? I have a type A, and a B - one that is subjective. For example, what was the greatest college football game ever played? I have a type A, and a type B question for you for next week. (Type A) - What countries are represented on the Los Angeles Dodgers starting pitching staff (Hint: Five pitchers, five nationalities)? (Type B) - What would be the best World Series matchup from baseball's perspective?

I hope I have gotten you to think...

Or, for you non-sports fans. (Type A or B?) What did God give Moses on Mt. Sinai? (Type A or B?) What is the Ark of the Covenant.

I'll bet I've gotten you to think....

I am still very upbeat about the chances of the Gruver Greyhounds this year. Wheeler and Shamrock do not look as though they are world beaters, and the Hounds are playing some pretty good opposition right now. The Hounds offense will pick up the pace with the experience of a few ball games - they have already improved greatly from game one to game two. Look for the Hounds to beat Highland Park this week 23-14, and the Lynx to win at Clarendon 28-0...(Name a score)

by Dorothy Hudson

Lake Depth--September 17, 1996--36 feet and 1 inch

The big item at the Lake this past week has been the rain. Although we did not get big rains over the total watershed, there were huge downpours in an area two miles east of Gruver to Spearman. The Lake itself caught 5 inches over the weekend. Bill and Reba Hunter had the same amount, and Loyall and Ginger Turner had over 4 inches.

Friday the Lake level was 32 feet and nine inches, so you can see we have had over a 3 foot rise. A little water is still coming in from both creeks. We are knocking at the door of a new record (the old is 36 feet and 6 inches).

The Top of Texas Airstream Club has reserved 10 to 14 spaces for September 20 through September 22 for their club.

While Tommy and Shirley Clark of Pampa were living at the R.V. park at the Lake, Shirley pointed out 3 black-crowned night-herons she had found. These birds are harder to

spot as they sit very still in the day time and are only active at night except when feeding their voracious young. Different from the usual heron in that these birds are bulky, heavy-bodied birds with short legs and stouter necks and beaks, they have a black crown and back, gray wings and white underparts. At dusk they take wing to hunt with loud cries described as quacks, a sound somewhat like a raven.

Dale Rollins, who writes Wildlife by Design for *Livestock Weekly*, has a good piece in the September 20th issue dealing with a young bobcat who pounced on a porcupine and lost his life. He writes that mountain lions, or at least some of them, become very adept at skinning out porcupines. The cat flips the porcupine, and then uses a foreclaw to disembowel it. He mentions that in a study made in the Big Bend in the 70's, porcupines were number three on the diet of the mountain lions with mule deer and javalinas first and second.

## Spearman/Gruver Participate In Wolf Creek Classic

The Spearman Lynx, Lynxettes, and Gruver Lady Hounds each participated in the Perryton Wolf Creek Classic at Lake Fryer this past Saturday, September 14th, and here is how they did:

**Varsity Lynx** - Jason Banks (6th overall) 18:16, Mario Puentes 19:23, Dwayne Creel 20:12, Casey Villines 20:27, Phillip Creel 20:55, Eugene Ortega 22:25, and Nathan Pipkin 22:40.

**Varsity Lynxettes** - Kristin Beedy 15:12, Shayla Barber 15:18, Halee Beasley 15:32, Brittini Beedy 15:44, Camille Smith 15:46, Keisha OQuin 15:47, and Lindsey Smith 15:49.

**Varsity Lady Hounds** - Randi Atwood 15:25, Kadie Grotegut 15:32, Weslyn Maupin 15:52, and Tomara Moore 16:13. Amber Murrell also competed, but did not finish.

The winning time for the boys was 17:39, and the winning time for the girls was 13:10. The Spearman boys finished 4th. The Lynxettes JV team finished 6th. In junior high girls competition, Misty Hand of the Lynxettes finished 11th.

The Spearman teams will be competing at Dumas this week, while the Lady Hounds will be taking the week off.

## Lynx/Lynxettes Compete At Cross Country

The Spearman Lynx and Lynxettes competed at the Borger Cross Country Meet this past Saturday, September 7, and both teams did quite well. The Lynx finished in 3rd place, and the Lynxettes finished in 7th place.

Coach Shieldknight of the Spearman teams noted the outstanding finishes of the district 1-AA competition for the Lynxettes - Stratford (1st), Canadian (3rd), West Texas (4th), and Sunray (5th). It will really mean some strong competition for the Lynxettes in district this year.

Here are the individual results from Borger: **Varsity Lynx:** Jason Banks 16:55, Jeremy Mackie 18:35, Casey Villines 18:57, Dwayne Creel 19:13, Mario Puentes 19:25, Eugene Ortega 21:19, Phillip Creel 21:46, Jamie McDonald

21:58 and Nathan Pipkin 21:59. Jason Banks finished in 2nd place in the meet, Mackie 18th, and Villines 22nd.

**Varsity Girls:** Kristin Beedy 13:23, Shayla Barber 14:13, Marissa Rodriguez 14:23, Halee Beasley 14:30, Brittini Beedy 14:32, Keisha OQuin 14:40, Lindsey Smith 14:42, Camille Smith 14:55, and Kasey Dunnihoo 15:01. Kristin Beedy finished in 16th place in the meet.

Junior High girls participating in the meet were Chelsea Nollner, Misty Hand, Haley Lombard, Adrienne Simpson, Nicole Lozano, Leslie Widener, Melissa Banks, Clara Shieldknight, Amber Elliott, Jenn Schnell, Cheryl Gibson, Audrey Winegarner, Jennifer Browning, Laura Gillaspie, and Katrina Cole.

## Library Booknotes

Students of Spearman ISD's Life Skills class visited the Hansford County Library on Tuesday and Thursday of last week. Pictured above are: (Back Row, L-R) Sheri Benton - Hansford County Librarian, D.J. Jacobs, Joseph Sintas, and Robin Hargis - Life Skills Teacher; (Front Row, L-R) Matthew Stewart, Amanda Bowman and Sylvia Ortega.

by Sheri Benton

The cookbooks have arrived! Last spring, many of our patrons submitted recipes to be published in our library cookbook. We also requested recipes from local, state and national celebrities. The resulting product is an attractive cookbook with just over three hundred recipes. These are on sale now at the library, the Chamber of Commerce office, Five Star Equipment, Sandy's Beauty Salon, Cinderella Beauty Salon and at home football games. The cost is \$10.00, and it's worth every penny. The title of the cookbook is "Library Vittles - Something for Everyone" which was submitted by Anita Anthony. Anita won a copy of the cookbook for coming up with the winning title in our contest last spring. Some of the celebrity recipes include author Stephen King's "Lunchtime Gloop", Senator Phil Gramm's "Texas Taco Soup", author Barbara Taylor Bradford's "Chicken in the Pot" and "Cottage Pie" and Governor George Bush's "Texas Pecan Pie". The Library Board has not made

a final decision as to how the proceeds from the sale of the cookbook will be spent. Some expenditures under consideration include a security system to prevent theft of library books and

some badly needed interior repairs (painting, shades or blinds for the windows, etc.) for the upstairs portion of the library. If you have not purchased your copy of "Library Vittles" yet, stop by one of the locations today! These cookbooks make wonderful gifts, too!

For the many of you who have come by or called to ask, we still do not have our Internet connection. The delay is due to problems with the T-1 lines which will connect our library to the main computer in Amarillo. The technicians when asked to explain the trouble to a room full of not-too-electronically-inclined librarians said that the T-1 line into Amarillo will not "talk" to the T-1 lines going out to the

various libraries around the panhandle. There has been so much interest in this already, that I will make a special point to get the word out quickly when our connection is up and running! Hang in there with us - we will have the Internet one of these days!

### Smoking

Smokers have more than twice the risk of heart attack as nonsmokers, and smokers have a greater risk of stroke, too, says the American Heart Association. Chronic exposure to environmental tobacco smoke (passive smoking) increases the risk of heart disease in nonsmokers.

# Happy Birthday, Moma!

Pretty Baby Maude

**Maude Allen Alexander**  
September 23, 1899

Clarendon College Days

Blushing Bride w/Harley  
World War I

Hansford County's  
1st Pioneer Days Queen

Harley and Maude Alexander moved to Hansford County from the Alexander Ranch in Sherman County in the Summer of 1921.

Harley was born in Wilbarger County, Texas on July 30, 1898. He came with his parents, Comfort and Dave Alexander, and sisters, Lizzie, Truda, Eva, Pearl, and brother, Robert to Sherman County in 1902.

Maude Allen was born September 23, 1899 in Cook County, Texas. She moved with her parents, Mary and Alfred Allen and sister, Estelle to the Spurlock Community in Sherman County in 1902. Her sister, Kate and brothers, Will and Alfred, were born in Sherman County.

Harley and Maude went to school in Stratford, and to college in Clarendon, Texas. Maude taught school for a year at Stevens. Harley was in the army briefly in World War I. They were married on December 25, 1919. Mary, their first child, was born December 2, 1920 in Stratford.

When Maude first saw the Hansford County ranch house Harley was going to remodel for the family, she had to shed a few tears. Cattle had broken in the door to get at feed stored in the house and damaged the floor. Part of the foundation was gone, so the whole house sagged in that direction. She dried her tears and moved into the basement to cook for Harley and the carpenter. Every time they hammered, a little dust sifted down on Maude and Mary.

Harley tried to make life easier for Maude. He was in Stratford for parts and saw the first gasoline powered washing machine to be brought to Stratford. The dealer wanted to keep it for a demonstrator, but Harley bought it for Maude.

Farming and ranching were both a business and a pleasure for Harley and Maude, and there were lean and fat years. Harley's cattle raising philosophy was, "give them plenty to eat to keep them growing, and sell them when they are ready regardless of the fluctuation in market."

The family attended church in Gruver first at the Bank Building (now Gruver Floral), then at the Gruver School Auditorium, then at Community Church, finally at the Gruver United Methodist.

The Alexanders moved to Gruver in 1959 to 702 Garrett. Between 1958 and 1968, Maude and Harley decided to see the world. They went to Europe, the Caribbean, "Around the World with Cotten John," Tahiti, South Pacific, Australia, New Zealand, Alaska, Canada, Russia, and South America. They had lots of fun and made many new friends.

Maude and Harley celebrated their fiftieth wedding anniversary in December 1969 surrounded by their large family and many friends.

Mary was married to Walter Hart in 1942. He was killed in WWII in May 1945 on Luzon in the Philippines. Mary married David Long and has four children: Patrick, Melissa, Stephen, and Homer Philip.

George Alexander was born in 1923 and died in 1935.

Frances married William R. Murrell in 1947 and has four children: Harley, Mike, Mindy and Walter.

David Alexander is survived by three children: Doug, Deanne, and Dec. Harley passed away in 1972.

# Museum usings

by Joanne Eaton

The saddle on display at Fort Zulu belonged to Vina Cator Hawpe. It was donated to the Museum by Marshall Cator. Vina was the daughter of Les Cator. The children of the early Panhandle all seemed to own horses and saddles. A lot of them rode to school on their horses.

The spurs Vina wore are with the saddle. The saddle and spurs have a lot of detailed tooling. A pocket attached to the back of the saddle was convenient for storing small items. This saddle must have been special made for Vina.

A similar saddle sold for \$20.90 in our 1902 Sears Catalog, but still doesn't have the special features of Vina's saddle. Spurs similar to her cost \$2.25 per pair in 1902.

Vina became a nurse in her adult life. Pictures of her and her sister Josie, as nurses, have recently come to the Museum and will be on display soon.

Kay Snider, of Dumas, the great-granddaughter of Jim Cator, recently sent me a pack of papers pertaining to her ancestor. These will soon be available at Fort Zulu for everyone to see. They will be in the Cator notebook.

One of the papers is a copy of an article that ran in the Spearman Reporter on December 23, 1937. It was a story taken from Jim Cator's own handwriting. This story was very exciting! He started it by saying that he and his brother Bob, also a friend, left England, March 22, 1871 on the Steamship "Wisconsin." They were quarantined on the steamship for 5 or 6 days, as one of the passengers had smallpox. The story goes on to tell how they got to the Panhandle. They even walked part of the distance.

Jim tells so many interesting things about life in this area in the 1870s that you'll want to go by to read about this. Kay copied a lot of pictures for the Museum also.

Kay is the wife of Bobby Snider, son of Vance and Irene Snider, Spearman's own. She has been very gracious to send us this information. Thanks from all of us, Kay!

It's so nice to have our sign back. Nothing about the Museum looked right without that sign. We appreciate getting it back so much. The Museum belongs to all

of Hansford County, not just the board, so everyone was glad to see it in its rightful place.

**BOOKS! BOOKS! BOOKS!** We have good news! Dotty Jones had sixty copies of her book *A Search for Opportunity, a History of Hansford County*. It was copyrighted in 1965. It is a very good account of the early settlers of Hansford County. Dotty has graciously agreed to sell them to the Museum for \$15.00. This is great, as several people have wanted one. So if you're one of those people, now is your chance.

Okay, **Elementary Students**, it's time for you to guess the mystery item! The rules again: You must be accompanied by a parent. When you think you know the answer, write it on a piece of paper with the date, time and your name. Give the paper to Reba. The prize for the first correct answer is \$5.00.

*I'm the part that remains, of a great big object.*  
*Many songs have been written,*

*That include me as a subject.*  
(Hint Visit Zulu to find our mystery item.)

Reba tells us that there has been more traffic through the Museum lately. We are very pleased about that. It would be a wonderful goal to get everyone in Hansford County to go through their Museum. You would be so proud that you would take all your relatives when they come to visit. For "Small Town America," it's great.

The book signing for Ruth Ann Jones, author of *Pioneer Partners: A Biography of Tom and Molly Bugbee*, at Zulu, was very successful. Several people came to buy a copy of Ruth Ann's book or to show support for her writing.

Special tours to the Stationmasters House Museum can be arranged by calling Rubyjo or J.D. Wilbanks at 659-3084, Clementine Renner at 659-2335, or Helen Boyd at 733-2777.

## Among The Neighbors

by Helen Fisher

Dan Kunselman was scheduled to return to Amarillo on Tuesday to check with his doctor whether his broken leg had healed sufficiently for him to return to school. In the first game of the season for the junior varsity on Thursday with Canadian, the accident occurred. Two large Canadian players fell on Dan's knee when he was blocking them.

He was taken by ambulance to High Plains Baptist Hospital in Amarillo where the knee was operated on. The femur bone was broken and two screws were inserted. He remained in the hospital until Saturday and is back at home now.

The painful accident hasn't dampened Dan's enthusiasm for playing football and he is looking forward to playing next year. He is a sophomore and the son of Carl and Janie Kunselman.

Gwen and Don McLain were happy to have their daughter, Patrice Pool, spend the week with them recently. She and her husband Gary and family have moved to Danville, Iowa.

Sympathy is extended to the family of Major Lackey, whose services were held last week here. Major, Ruth and their five children were an active part of life in Spearman and the county for most of their lives. Now all of them live away from Spearman, but still are considered neighbors.

Gertrude Archer returned from several days with her sister, Reba Huffines, in Amarillo. Gertrude had taken her daughter Sue Williams, to the airport to fly back to Chandler, Arizona.

Sue had spent the previous week-end here. Her daughter, Darline Blair, and her two teenage daughters had joined them here. They are from Aurora, Colorado.

According to Spearman's official weatherman, Dwayne Smith, rainfall for the week ending Monday, September 16, Spearman had 2.25 inches. The rainfall was varied over the

county. Some reports included north-Palo Duro Lake 3.90; east-A.D. Reed 2.45; southwest-B. Buchanan 2.25; Dan Ralston and Roger Odegaard couldn't be reached for verification, but reports were they received 4.5 and 6 inches respectively the past week-end.

Spearman is .30 above this time last year. September 16, 1995 there had been 18.46 and this year it stands at 18.76 with more expected this week. This year up to the last of April there had been a total of .38.

Dwayne is in charge after the fact-says he has no control before the fact!

The Tri-State High School Rodeo was held at Boys Ranch week-end before last. The Saturday's results are listed here for those representing Gruver school; Sunday's results were unavailable.

Quentin Harper, ribbon roping-7th; steer wrestling-1st; Holly McCloy, goat tying-10th; Monty Eakin, Amarillo-calf-roping 7th.

The rodeo was held in Pampa the past week-end and Saturday's results were: Clint Talcott, Saddle Bronc-1st; Quentin Harper, calf roping-4th; Randy Maness with Justin Koch, Canadian-team roping-3rd; Ferron Lucero, Jr with Ollie Lanham, Dumas, team roping-7th; Shawna Mitchell, break-away roping-8th. Monty Eakin, Amarillo calf roping -10th.

Congratulations are due the Hansford County Sheriff's Department as the Hansford County jail is the first jail in the State of Texas to receive 15 straight certifications from the State Commission on Jail Standards.

Sheriff McFarlin announced, as of September 1, the department will no longer accept payments from hot check writers if a warrant has been issued. Those charged by warrants for bad checks can expect to be booked into jail; finger printed; photographed and post bond. The sheriff's office will also begin issuing tickets for

minors in possession of alcohol and notifying the parents.

To many in this quiet community, the amount of activity in law enforcement is surprising.

Since September 1, seventeen individuals have been incarcerated in the county jail for the following offenses: two for theft by check, theft, probation violation, two public for intoxication, DWI, domestic violence, two for assault with bodily injury, burglary of a habitation, failure to pay court costs, bond surrender on DWI, issuance of bad check in Moore County, bond increase, failure to pay child support, and indecency with a child.

In response to repeated requests, this column will list the names and classes of the school teachers. It is suggested that the lists be clipped for future reference. For lack of space the list will be listed in two issues.

**High School Faculty:** Lucy Alvarez - Spanish I, II, & III; Jerry W. Bass - U.S. History, Health, P.E./Athletics; Bobbie Birchfield - Librarian; Doug Bowles - U.S. Govt., Economics, Boys PE, Athletics; Robbie Butts - English I, English II, English I & II (H); Rebecca Byers - Choir, Math of Money, Girls PE; Diann

Crawford - Biology I, Health, Physical Science; Amanda Derington - Accounting, Keyboard, Desk Top, Office; Glenda Guthrie - Counselor; Jane Henton - Leader/Career, Art I, II, III & IV; Martha Jones - Algebra I, Algebra I-III; Susan Kidder - Pre-Calculus, Calculus, Algebra II & II (H); Robert McGaha - Vocational Agricultural; Mary Lou Mathews - World History, U.S. History (H) World Geography; Dwayne Mitchell - English IV; Wendell Neff - Geometry, Geometry (H) Athletics; Judy Nelson - Multi Occupational Coop Training; Frances Pipkin - Theatre I & II, Public Speaking, Eng. I, Lead/Career; Jesse Ramsey - Chemistry AP, Chemistry, Ind. Study, Physics AP; Ryan Rhoades - Algebra I-IV, Algebra I-III, Athletics; Marcia Shieldknight - Girls PE/Athletics; Ric Smith - World Geography, Athletics; Verna Strawn - Home Economics; Toni Thomas - Yearbook, Biology I, Phys/Anat; Robert Thorpe - Keyboarding, Micro Computer, Business Computer; Cheryl Whitefield - English I, English III & (H) Newspaper/Journalism; Randall Willis - Band I, II, III, IV; Kandi Wolf - Appl. Math I, Vac I & II, Reading Imp. English Res., Math I & II.

## Chamber Chatter

by Cindy Blackman

It never ceases to amaze me when someone approaches and asks, "What has the Chamber done for me lately?" It has become more and more apparent that the leadership of your Chamber of Commerce does not do a very good job of blowing its own horn.

Sure, there are the visible programs such as the Membership Luncheons, Annual Banquet and Business Seminars (that the businesses need to take more advantage of). What about the apparently non-visible functions, such as the daily phone calls per day looking for a particular business or other information on Spearman? What about our Economic Development efforts; our Business Referrals and the Chamber's relocation information? Who provides a local listing and city maps? What other organization in town handles Tourism promotion and organizes volunteers in an effort to welcome new Chamber members and businesses to town.

There will always be more to do and better programs to offer. We are only as strong as our

membership. As your Chamber continues to grow we will continue to get stronger. If any member has the time available to sit back and contemplate the benefits of membership in the Spearman Chamber of Commerce, that member has the time to make sure their membership is worthwhile.

Please remember: The Spearman Chamber of Commerce is "Doing the Things Most People Think Just Happen."

I believe the Chamber is a great organization, to take effect on September 30, 1996. I have decided to take the position as Community Resource Coordinator with the school. This was not an easy decision. Had it not been for the community involvement that the Coordinator will be doing, I would not have considered making this change. I will plan, organize and coordinate programs with agencies and groups concerned with activities and special areas of the community.

Thank you for your support during the last six years and I hope you continue to support the Chamber of Commerce.

## Texas A&M Graduation Held

Diplomas were awarded to more than 1,700 Texas A&M University graduates during August commencement ceremonies.

The degrees were presented at two separate ceremonies. Featured speakers at the ceremonies were Prairie View A&M University President, Charles A. Hines and James DeAnda of Houston, who retired as the chief judge of the U.S. District Court for the Southern District of Texas.

Among those receiving degrees were: Leslie Ann Latta graduated cum laude with a Bachelor of Science in Agricultural

Journalism. Leslie is the daughter of Tom and Linda Latta of Spearman, Texas.

### High Blood Pressure

The American Heart Association says that 35 percent of Americans who have high blood pressure don't know they have it.

According to the American Heart Association, the prevalence of high blood pressure increases with age, is greater for blacks than for whites, and in both races is greater in less-educated than more-educated people.
