A Word with you about Clothing and our Clothing Clubs

Today we are the leading house in the Panhandle and we believe in Texas for Tailor-Made Suits, and this because through our Clothing Clubs we divide our profits with our customers. Nearly all our laboring men and boys are well dressed, because on the installment plan (which is the basic principle of our clubs) all can save \$1.00 per week which perhaps otherwise would be foolishly spent, which will in one, two, or not more than twenty-four weeks, buy and pay for a fully guaranteed suit.

Come and see our samples. Come and see us for anything you may need in our line.

Yours for courteous treatment, good goods and fair prices.

A NEW CLUB ORGANIZED

"Clarendon College Fifty Thousand Dollar Club" is the Name. Its Object.

A call meeting of business men was held at the W. O. W. hall Tuesday afternoon, it having been announced that on this occasion subscription books would be opened toward the building fund for Clarendon College. The meeting was called to order by F. D. Martin. Permanent organization was effected with W. P. Powell as chairman and John E. Cooke as secretary.

It was decided that the organization be given a name and remain as a permanent thing until its objects should have been accomplished. On motion the name, "Clarendon College \$50,000 Club," was adopted. Its membership to be composed of every citizen in the Panhandle who desires to join the ranks of workers and well-wishers of the College. The ladies of the College Circle were elected to honorary membership. Every man present gave his name as a member of the club, there being 33 in the hall.

A few speeches were indulged in, all showing that the feeling in regard to the move of raising \$50,000 for a building fund for the College was of the best, then subscriptions were called for and matters immediately took on a very business-like appearance. W. H. Cooke and H. W. Taylor started the list with \$1,000 each, closely followed

by Rev. A. T. Culbertson with a like amount. Then followed smaller donations, ranging from \$500 down to \$10. Some were not ready to state their donation, but every man in the hall either made a donation or stated that he would do so soon. The total footed up \$6,220, and in another column we print the names and amounts in detail.

A committee of ten was appointed to assist W. B. Wilson, the financial agent of the College, in interviewing the citizens and soliciting donations toward the fund. The committee was named as follows: F. D. Martin, H. W. Taylor, W. H. Cooke, W. P. Powell, E. Dubbs, A. M. Beville, J. B. McClelland, H. D. Ramsey, I. W. Carhart and J. E. Crisp.

It was decided to purchase buttons and let members of the club wear one and be constituted a committee of one to secure new members. Feb. 19 was set for another meeting, and adjournment was taken until that date.

The sentiment which prevailed at this meeting should encompass the entire town and county, in which event the raising of \$50,000 will be as child's play.

VOTING STRENGTH SHORT

Many Citizens of Donley Disqualify Themselves by Not Paying Their Poll Tax.

Donley county has not as many qualified voters this year as she had last. In payment of poll taxes for 1906 the record shows that in the city 31 less receipts were issued than for 1905. In the entire county there were 13 less. The figures by voting precincts are as follows:

	1906	1905
Old Town	19	16
Clarendon	290	321
Lelia	41	28
Giles	23	17
Rowe	90	80
O Ranch	13	23
Whitefish	35	37
Whitefish	12	14
Totals	543	536

An item of news we failed to get last week was the party at the home of Mr. and Mrs. F. D. Martin on Thursday night. The object of the gathering was two-fold: first, the greeting of Mr. and Mrs. C. O. Abernathy, and second, to bid goodbye to Mr. and Mrs. A. L. Connelly who leave soon for an extended visit in Southern Texas. A large number of guests were present, and spent a most pleasant evening at whist. Mr. and Mrs. Martin are entertainers of rare ability, and on this occasion did full justice to their reputation of long standing in this respect.

McCurry & Austin

Makers of Concrete BUILDING BLOCKS

CLARENDON, TEXAS

The Pantheon at Rome, built by King Agrippa, 27 B. C., nearly 2000 years ago, is the most convincing evidence of the strength, durability and permanence of cement concrete construction. The walls are circular, and the roof is a hemispherical concrete dome, with a 30-foot opening in the top, and spanning in the clear 142 feet and 3 inches. After nineteen centuries it stands as the most perfect of the old classical buildings in Rome, and shows not a crack today.

McCurry & Austin use the same materials for making their concrete blocks as was used in the Pantheon; all blocks made on the basis of 1 to 4. Get our prices before you build.

If It's Neuralgia

and those sharp, shooting, agonizing pains drive you almost crazy, take Dr. Miles' Anti-Pain Pills, and get relief. They drive out the pain by their soothing effect upon the nerves. When taken as directed they are harmless, and leave no bad after-effects. That's the reason they are so popular with all who use them. Your druggist can tell you what others in your locality think of them.

"I do positively think that Dr. Miles' Anti-Pain Pills are the best medicine ever put upon the market. I find them so restful and soothing, and without any bad after-effects. I have suffered with neuralgia so that my system would just ache and quiver, and I cannot take opiates; but I can take these tablets, and they always relieve me. No one that suffers with neuralgia need fear to take them as I know they will not form a habit, for if there was any opiate in them I could not take them. Just one in the morning when I feel bad, and I can do my work all day."

A LETTER FROM AUSTIN

Representative Ray of Denton County Writes News Letter to His Old Friend, the Editor.

AUSTIN, Texas, Feb. 4. EDITOR BANNER-STOCKMAN:

The opinion has been expressed by old time politicians that the Thirtieth Legislature has fewer orators than any previous session of the legislature. There appears to be a more unanimity of opinion prevalent among members on every question than is usually the case. Since the Bailey matter has been turned over to a special committee the wrangler has abandoned his work and the statesman has commenced to follow his true calling.

Notwithstanding this fact, however, it is thought that several matters of legislative import will come up this week that will be the cause of a great deal of impromptu oratory. Among these are at least three platform demands namely: The anti-free pass measure, the anti-lobby measures and the proposition to compel telegraph and telephone companies to transmit each others' messages, making connection thereof at common points. It is proposed to regulate telegraph and telephone plants after the manner of common carriers and the plan is meeting with a great deal of opposition from the strong lobby supported by the Western Union Telegraph Company and the Southwestern Telegraph and Telephone Company. These lobbies are said to be the strongest now operating before the legislature.

The measure introduced in the House a few days ago and passed to give cities and towns under ten thousand inhabitants the right to

regulate the rates of local water and light plants was a hard fought measure and the attempt of some of the friends of the measure to include the regulation of the rates charged by telephone companies was fought by the author thereof on the ground that such a rider would cause the death of the bill before it passed the Senate, owing to the presence in Austin of such a strong telephone and telegraph lobby. In deference to the wishes of the author the telephone feature was therefore eliminated.

The anti-free pass bill reported to the House by the committee on Common Carriers will come up during the next few days. This bill was framed by the writer and Judge Wolf of Sherman, members of the sub-committee appointed for that purpose. Judge Duncan of Smith county, who fought Bailey so hard, will oppose this measure on the floor of the House. He says he has a better plan, which, although evidently not in conformity with the democratic state platform he contends is nevertheless what the people want. Mr. Duncan is a great hand to tell what the people want without consulting their manner of voting or what they say in their platforms. Many of the members are favoring the idea of compelling the railroads to furnish free passes to all members of the legislature.

There is a strong railroad lobby in Austin and it is working hard in the interest of the Santa Fe consolidation bill to come up for a hearing this week. Governor Campbell says that some of the very men who are here working for the measure stamped their shoe leather off when he made his declaration against railroad consolidations during the last campaign. It is plain the new Governor will never set the seal of his approval on a consolidation measure of any kind.

The citizens of Amarillo are entertaining a committee sent there to investigate the matter of taking up a line of railroad between Panhandle City and Washburn. The writer was appointed on this committee but declined to go. It will be interesting to note the attitude of those members who have been winned and dined on this matter when they return to Austin. Representative Bowman has been working manfully on the proposition and has had a strong lobby to assist him in the work.

The sub-committee will be sent out to visit all of the various state schools, asylums and other institutions this week. The appropriation bill is in good shape and will be reported before the end of the first thirty days.

THE CASH STORE

CO-OPERATIVE PLAN

To show our appreciation of your trade, we offer a plan whereby you get a dividend of the profits on your purchases. The goods will cost you no more than our customary close market prices: The difference is this: You get something valuable free of cost to you as a dividend. There will be a list of useful, valuable, articles and you can choose one or more free of cost. The more you spend at the CASH store the more you get.

You don't have to buy it all at once, but every dollar you spend will count until you have bought \$25 worth of goods, then you can call for your dividend. If you buy \$50 worth of goods you get more in proportion. For example: If you buy \$100 worth you get a washing machine free. If your purchase amounts to \$150 you can have a set of single buggy harness free. You call for and get a receipted ticket for the amount of your

purchases each time and keep them until you want your premium which your purchases have earned. All classes of merchandise go in this deal, except in special cases, when we make special net price or put goods on bargain counter. Why not work together? You have to buy the goods somewhere. Here are bargains all the year around and our prices are published in four papers. Will you help yourself? If you trade at

the CASH STORE you will get your share of these free goods. This way you get what is coming to you, and that is the "Dividend" earned by your money. You can become a partner in our business and have an interest in our profits. The more you spend at the CASH STORE the more "Dividends" you get. Tell your friends and neighbors to club with you and buy all you can at the CASH STORE.

CASH SYSTEM

Our business has slowly but surely increased. We work by one rule, that is to sell for CASH. We know of no better

way. You save money and only pay for what you get. It prevents mistakes in having goods charged to the wrong ac-

count. The merchant can sell cheaper because he loses no bad accounts. We sell no goods to be paid for next week or

in 30 days.

We ask your consideration of the CASH SYSTEM and request a share of your trade.

This proposition holds good until December 1, 1907, when a new list will be given out. (If at any time we are out of premiums

named, you can choose others of equal value, or we will get the one wanted as soon as possible.)

There's a Reason

There is a reason for everything. There is a reason for excellence in work that can easily be explained. If my work is just a little better than the other fellow's it is either because I understand it better, take more pains to make it perfect or buy better material than is common. In my case there are three reasons for the excellence of Mulkey photographs and those three reasons are given above. I try conscientiously to turn out just a little better piece of work each picture I make, and although I sometimes fall down, it is not my fault and if you are not satisfied I will try again to satisfy you.

DICK BOWMAN HAS SPUNK

Has a Knotty Plank in His Platform but Doesn't Seem Afraid to Stand Upon It.

The editor saw Representative Dick Bowman at the train Saturday morning. He was on his way to Amarillo with a party of legislators, about fifteen in number, sent by the legislature at the expense of the people of Amarillo to look into the S. K. R'y removal proposition which is just now agitating the people of the Amarillo country. Mr. Bowman has a bill introduced authorizing the abandonment of the track from Panhandle to Washburn, permitting the road to build direct from Panhandle to Amarillo. This bill was first killed in committee room, but afterwards the committee voted to reconsider at the earnest solicitation of its author. The committee which came up Saturday was entertained by the citizens of Amarillo, and in a special train the route of the road under discussion was gone over. Mr. Bowman is working hard for his bill, and while the Banner-Stockman is against him in the matter, we are rather proud of his "spunk", for this very measure was one of the planks in the platform when he made his race, and the fact that he is pushing the matter with so much vigor in the face of so great opposition only goes to show the kind of stuff "Panhandle Dick" is made of. Mr. Bowman also assured us that he is doing some good work towards securing an experimental farm for the Panhandle country.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of coughs and cold cures, and healer of throat and lungs, is guaranteed at J. D. Stocking's, druggist. Price 50c and \$1.00. Trial bottle free.

Mr. and Mrs. Homer Mulkey of Clarendon are guests this week of Mr. and Mrs. J. E. Richey. They will remain for a week, and during the time Mulkey can be found at his studio where he will take as fine photo as you can get in the state. See him before next Wednesday.—Claude News.

CAN WE DO IT?

Some years ago when Clarendon and her people were not nearly so prosperous as they now are we offered the Denver Road \$50,000 to keep the shops here. Could that money have been raised?

Again, a year or two later we offered \$50,000 bonus for another college. Could that money have been raised?

Now we are asked for \$50,000 for Clarendon College, and have the word of the financial agent of that institution that an additional like amount will also be raised by the district, making \$100,000 to be expended. Can we raise our share?

The Banner-Stockman believes we can.

We further believe that it is our duty, aside from our privilege, to do so. Every man in Clarendon and Donley county owes it to the College and to his community to give something towards this end. No matter how small the amount he is able to give he should give it, and above all he should DO IT NOW.

Clarendon owes much to Clarendon College. Every property interest has been enhanced in value by its presence in the community. Every business in town reaps a share of the benefits derived from having the school in our midst. Every acre of land in the county is worth more than it would otherwise be if we had not the College to attract citizenship. The close-in acreage of the farmers and ranchmen is worth MUCH more, (estimated by some of our best financiers at \$10 per acre) than if Clarendon College had never existed. A large proportion of our citizenship is here by reason of the school's existence; how large this proportion is it is hard to estimate, but a comprehensive survey of the residence portion of the town will convince even the skeptical on this point.

Then think of the additional benefits which will accrue after this \$100,000 has been expended in enlarging and bettering the institution: First, the boarding capacity will be enlarged so that approximately 500 students can be accommodated. At the very lowest estimate these 500 students would spend \$12,500 a month, — \$125,000 for the term of ten months, turned loose in Clarendon by the student body alone. Every business man in Clarendon gets a share of that amount of money. Second, there would be a wonderful increase in our population by reason of new families moving here to make their home and educate their children. It's a very small family which can live for less than \$1000 a year, and the average annual expenditure of each family so attracted to our town would doubtless be more than that. We all have a "look-in" at that money.

Then there are reasons not of a monetary nature to which we could refer. The higher educational and better moral tone imparted to the city; this is a consideration which we should all care-

fully take notice, and of which volumes could be written.

Yes, good people of Clarendon and Donley county, WE CAN DO IT, and we should lose no time in getting about it. There is reason for quickness and concert of action: John B. Pope, who is a citizen of Clarendon because Clarendon College is here, has pledged himself to give one-tenth the total amount subscribed AND PAID IN prior to Jan. 1, 1908, by Clarendon citizens. The only conditions are that the total amount must not be less than \$25,000 nor more than \$100,000 and must be paid in cash within the time limit specified.

Again if this \$50,000 is raised by November when Conference meets in Amarillo, Rev. Wilson, the financial agent, will have a leverage on that body and thinks he will have no trouble in raising from that source \$10,000 or \$15,000 to apply also on the College fund.

A committee has been appointed by the Clarendon College \$50,000 Club to assist Rev. Wilson in soliciting. Some member of that committee will approach you soon. The Banner-Stockman respectfully commends that man and his claims to your careful consideration. Give something, and do it now. WE CAN DO IT.

WE acknowledge receipt of a communication from the Southern Pacific Railway Co. offering to send this paper a railroad magazine for one year in return for courtesies in the shape of unlimited advertising. Such munificence is astonishing. How in the world the road can be so liberal is beyond our comprehension. Probably the management is feeling badly about having to take the newspaper man's pass (?) away from him, and wants to cauterize his lacerated feelings with a little stick of generosity. However we are sorry to say that we will have to decline; not because the offer is not generous enough to suit us but because our conscience would not allow us to accept without giving at least a page of "readers" in return each week, and our space at present is too limited to do this. We hope Mr. Southern Pacific will not feel that we have turned his offer down because of prejudice or a fit of pique, for such is not the case. We have always enjoyed the reputation of being tender hearted and do not care to get calloused spots on our conscience by taking advantage of the innocent.

THE recommendations of the postal commission relative to the second-class mailing privileges, if enacted into a law, will put many country weeklies out of existence and will force many more to curtail the size of the paper and at the same time raise the price of advertising and subscription. Every weekly paper in the United States will be materially effected adversely to their business interests. The blame of the annual postal deficit is laid on the second-class matter, when in reality it is caused by the immense amount of government matter that is carried through the mails free of cost.

"BOB" EDGELL has bobbed up again in the newspaper business. This time he has founded a venture at the new town of Melrose, New Mexico. Vol. 1, No. 5, which is before us, shows that Bob has lost none of his old qualities as a new town boomer, and will doubtless get out a good paper for a while.

PUBLIC SCHOOL LIBRARY

Ten Good Reasons Why the Movement Should be Heartily Encouraged.

1.—No school is fully equipped that does not supply its students with suitable books to read. Good books are good companions. A book of unquestioned merit in the hands of a boy or girl, may inspire the student to higher ideals and nobler efforts. It is cheaper to supply pupils with good reading matter, than to counteract the effects of bad literature.

2.—The present supply of books is inadequate to the present needs of the school. The children are encouraged to read, and a taste for good literature is cultivated. The school should be in a position to gratify this desire of pupils; if it is not pupils will read something, and too often, books that are harmful.

3.—The influence of a school library extends to the home. Members of the family may read with profit the books that are taken home by the children. This affords a supply of reading matter for the family at a very small cost.

4.—The public school is the school of the people, and as such, furnishes reading matter as a means of culture to many children who will never enjoy other advantages. Every child is entitled to the best intellectually that the district can supply.

5.—Contributions need not be large. It will not be necessary for any one person to contribute much to help materially in this enterprise. Well bound books of our best authors can be had at reasonable prices.

6.—No provision is made in the law for the distribution of school funds to establish libraries. This being the case, it should be established by voluntary subscriptions on the part of the patrons.

7.—The public schools are permanent and will be maintained as long as parents love their children and honor the state. Every book purchased if properly taken care of will remain to be read by generations of boys and girls.

8.—Giving to such a cause is an act of philanthropy. If one of the chief ends to be attained in living, is for one to assist his fellow man by putting within his easy reach the material for self education this opportunity is good for the performance of such a duty at small cost.

9.—The daily exercises in the various classes often demand many books we do not now have in the library. An enlarged library would be of practical use in many literary pursuits.

10.—A library has a centralizing effect. It makes the school a nucleus around which many attractions for the pupils group themselves. It helps to make the school house a pleasant place. Next to home, school should be made the most attractive place on earth to children.

Bray Briefs.

Bray, Texas, Feb. 5.

EDITOR BANNER-STOCKMAN:

The Bray School gave a nice intertainment last Saturday night.

Mr. Adams is building a tenant house on the place he bought from Mr. Latimer.

Mr. Montgomery, of Bray, reports that his daughter of Memphis, is ill with measles.

Mr. Cooper happened to a serious accident last week. While driving home from Rowe his team became frightened, ran away, throwing Mr. Cooper from the buggy. He is improving slowly.

Rev. Sebe Thomas preaches at Bray the fourth Sunday, at 3 o'clock in the afternoon.

Most of the children of Bray have quit the cotton field and entered the school room.

OUT WITH 'EM SALE

DURING THE MONTH of FEBRUARY

When we bought our winter stock of Ladies' and Gent's Furnishings we expected to have a great deal of winter weather, but we were fooled on that. Warm, unseasonable weather has been our luck so now we find our stock of winter goods that should have moved in December and January still lingering. We do not want to be looking at this stock in March when our Spring Goods begin to arrive, so we have decided to put a move on everything in the house. It is "out with 'em" for every garment. If you do not know what an Out With 'Em Sale means come to this store and watch us Out With 'Em on all winter goods COMMENCING SATURDAY, FEBRUARY 2, 1907.

Out With 'Em Sale on All CLOTHING

Entire Stock of High-Grade Men's and Boys' Clothing for Fall and Winter, 1906 Must be Closed Out to Make Room for Spring Goods

Everything Goes
Nothing Reserved
Profits Sacrificed

It's a shame to do it. This Clothing is High-Class and ought to sell for full price on every garment. It's the finest and best clothing for the money on earth. Nothing wrong.

BEGINNING FEBRUARY 2 AND CONTINUING UNTIL MARCH the following prices prevail.

\$25.00 Suits for \$20.00—\$22.50 Suits for \$17.00—\$20.00 Suits for \$15.00—\$15.00 Suits for \$11.00—\$12.50 Suits for \$8.00. High-Grade Overcoats—Overcoats that could go over until next winter and still be in style. We prefer to close them out and get the room. SACRIFICED, SLAUGHTERED.

SUBSCRIPTION \$1.00 PER YEAR

Entered at the postoffice at Clarendon, Texas as second class matter.

Clarendon, Tex., Feb. 8, '07

How about collecting that money pledged for fire apparatus? The city has used the money set aside for a fire hall to pay for the apparatus, and if they had the money which was pledged they could build the hall. If the list was lost why not try collecting it anyway? The Banner-Stockman well remembers what it promised to pay, and we believe every other business concern in town could do likewise, and would pay on demand.

"Mr. and Mrs. Derum, of Childress, spent Sunday in Clarendon, guests of the lady's sister, Mrs. John E. Cooke. Mr. Derum is now agent for the Fort Worth and Denver at the Gyp City. He says his station will ship 10,000 bales of cotton this season."—Clarendon Banner-Stockman.

It certainly comes hard for a Clarendon paper to say anything good or gracious of Childress and when one does say something good, some fling must be thrown in gratuitously, so to speak, as in the above.—Childress Post.

There was no fling about that, dear boy. If we had been wanting to take a shot at you we would have stated that Mr. Derum, in common with nearly all the other railway employes, was regularly drinking water hauled from Clarendon.

Who's Dead?

It is rather trying on the nerves of an editor to write a decent obituary of one of his subscribers when he refers to his subscription book and finds him several months in arrears.—Claude News.

We learn that Dr. Stidham, the Rowe physician, has begun the erection of a store building at the new town, which he will occupy with his office and personal drug supply.

We have just received word from a large manufacturing company in Chicago, that they want a good man or woman to represent them in this section selling their goods and superintending their work generally. If any of our readers want a steady position for the entire year, write to "TRAVELING MANAGER" in care of this paper.

Mr. G. E. Kennedy, the local Wells-Fargo express agent, says please tell the public that his office is now supplied with a telephone. We take pleasure in sodoing, and in futher stating that the office also has a most accommodating fellow to answer the phone. By the way, that free delivery system is working like a charm.

Otus Reeves has an eight-room residence under construction in the west part of town. The frame work indicates a handsome structure.

Notice to the Public.

Parties are hereby notified to refrain from using any of the blocks south of the stock pens, or elsewhere, belonging to the Panhandle Townsite Company, for dumping purposes. Owners have never given permission, either to the city or to individuals, to use their lands for this purpose.

OUR FIRST SPRING GOODS

WE have received the first shipment of spring goods, consisting of a very attractive line of high grade Zephyr Gingham in the newest spring colorings. Also some beautiful light and medium weight suitings suitable for immediate use. Greys and Tans are to be the popular shades this season and we have them in very fetching patterns. We invite the ladies to call and see them. It is a real pleasure to us to show our goods, whether you buy or not.

We are Continuing Our Sacrifice Sale

Of all our Men's, Boys' and Youths' Suits and all winter goods. A few fine White Wool Blankets yet left at bargain prices.

WE Never Neglect Our Grocery

Department, and it is at all times up to our usual high standard. Our motto is still and always will be, "The BEST of everything throughout our Store." We prefer a reputation for selling the best rather than for selling the cheapest. The cheapest is often the dearest in the end. Our aim is to give the best for a reasonable price. ☘ ☘ Phone 18.

Neglected Colds Threaten Life.

(From the Chicago Tribune.)
"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by all druggists.

Now is the Time to Plant Fruit and Shade Trees

PITY THE BUTTONED-BEHIND.

The Victim of Modern Feminine
Clothes Needs Sympathy.

The man was looking quizzically
around the theater, evident in search
of something or somebody. "Do you
see her anywhere?" coldly asked the
maiden at his side.

He laughed. "I wasn't looking for
any 'her,'" he said. "I was merely
confirming my belief that the majority
of women who wear waists buttoned
in the back go around with the sixth
button from the top unbuttoned. Of
course, I know it is difficult for a
woman to fasten her shirt-waist prop-
erly when it closes in the back, but
why is it always the sixth button
from the top; why not the third or
the fifth?"

The maiden at his side looked at
him pityingly. "That's easy," she said.
"If you'd tried to wear such a waist
you'd know just why. It's because the
sixth button marks the point where
we cannot reach up or down to. By
twisting and squirming we can man-
age to fasten the fifth button from the
top, and by twisting our arms up we
can reach the seventh from the top,
but the sixth is impossible. So we
leave it, expecting to ask some kind
friend to button that one button for
us, and then we go out and forget all
about it, until we're reminded. Would
you mind buttoning that sixth button
on my waist now before the show be-
gins?"

Neal O'Neil.

At the home of the bride's parents, Mr. and Mrs. J. D. Camp, on Wednesday afternoon at 5:00 o'clock was solemnized the marriage of Miss Elizabeth Francis O'Neil to Rev. Frank Myrick Neal, of Cleburne. Dr. S. E. Burkhead of Clarendon College, performed the ceremony, and in so doing united the destinies of two young people who only six years ago were both students under him in Weatherford College.

The bride, while not long a daughter of Clarendon, was one of our most popular young ladies. She had been engaged in teaching art and had formed a wide circle of admiring acquaintances. The groom is pastor of the North Side M. E. Church at Cleburne. They left on the 6:55 p. m. train for Cleburne, where they will be at home to their friends after March 1st. The Banner-Stockman begs to extend congratulations.

Barn Burned.

The fire department was called out last Saturday at noon by a fire which consumed the barn on the premises of W. M. Hildebrand near the business section. The fire had originated in some hay. The structure, which was old and dry, was practically destroyed when the alarm was sent in. The fire boys responded in good time, however, and had a stream of water going in a jiffy. Without doubt the department saved Mr. Hildebrand's residence, and the effectiveness of our water supply and fire apparatus was again shown. Mr. Hildebrand lost a quantity of feed, a carriage, several sets of harness, and other items which run his loss up to a considerable figure.

Strayed or Stolen.

Married.

Mr. D. W. Robinson and Miss Lou Allen were married last Thursday evening at 7:30 o'clock at the home of the bride's parents, Mr. and Mrs. T. H. Allen, Rev. W. C. Hilburn officiating. After the ceremony a reception was held at the home of the groom's sister, Mrs. O. D. Liesberg, where there were gathered a few relatives and friends to greet them. After all had congratulated the happy pair the dining room was thrown open and the guests seated around the table. The menu served consisted of sandwiches, tea, coffee and chocolate, followed with gelatine, whipped cream and cake. After supper the guests returned to the parlor and remained in social converse until a late hour. Mr. and Mrs. Robinson were the recipients of a number of nice presents. They will make Clarendon their home. The Banner-Stockman offers the usual congratulations.
