

The Hereford Brand

TUESDAYS—TWICE-A-WEEK—FRIDAYS

22nd YEAR, NO. 37.

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, MAY 30, 1923.

NEW CLUB'S PICNIC SET FOR TUESDAY

FISH FRY AND BARBECUE PLANNED BY MEMBERS

ELECT OFFICERS

Business Session to be Followed by Securing of Charter

There's going to be barbecued mutton, and scads of fish, an' everything down at Sulphur Park Tuesday evening, about five o'clock, according to advance dope from the committee in charge. Allen Bell is furnishing four fat sheep for the festive occasion and George Cloyd is to barbecue it to the right turn as usual.

This combination frolic-business session will be participated in by share holders in the new club and their families, together with prospective share holders. Between the mutton and the fish, or at last at some time during the evening, a business session will adopt the constitution and by-laws, elect the first officers, and make arrangements to apply for a charter.

Several hundred people are expected from Hereford and nearby points. J. W. Kiorpp of Groom, banker, arrived Sunday and is now camped at the Park, waiting for the big doling. Other stock holders are expected in Monday and Tuesday.

Capon Demonstration Billed For Saturday, June 3

Capons and caponizing will be the subject for the regular meeting of the Hereford Poultry Association, to be held at the Courthouse on next Saturday afternoon beginning promptly at 2:30 o'clock. After the talks and business session have ended the audience will go to the home of President Kinney, where Mr. Kinney and Dr. W. F. Gabbert will give an actual demonstration in art of caponizing.

This demonstration should be of great interest to all poultry raisers as the local interest in capons is steadily growing and the market always offers a much better price for a capon than a rooster.

Anyone in this community, whether a member of the association, or not, is cordially invited to attend both the preliminary meeting and the demonstration.

TO SHOW APPRECIATION OF BAND IN RECEPTION FRIDAY

Attendance at the weekly luncheon of the business men Monday was below normal, owing no doubt to the reaction from Chautauqua week and the trip to Plainview. A vote of thanks was extended to the Hereford Band for their splendid work at Plainview and it was resolved to give the band boys a reception and public meeting on the courthouse lawn next Friday night, when a suitable program will be rendered. D. McDonald, Doug Fox and Ralph [unclear] were appointed to a committee to make arrangements and program for that night. Every man, woman and child in this community has an invitation to come out that night and show the band boys how much our people appreciate their great work at Plainview.

The Plainview meeting, the chautauqua and the hospital campaign were all discussed. The secretary was instructed to write Mr. F. H. Britain and tell him how much the chautauqua committee appreciated his work, as volunteer policeman for the tent during the past week.

Next Monday the meeting will be held at the Stockmen's Cafe.

ANOTHER CONTRACT GIVEN FOR HOUSE ON WRIGHT RANCH

Cliff Hicks informed The Brand Monday morning that Hough & Hicks, contractors, have been granted another contract to build a second modern residence on the Geo. G. Wright Co.'s tract of land located about thirty-two miles southwest of Hereford. The residence will have all the fixings that go with a modern city dwelling. Besides this, Mr. Hicks says barns, corrals, and all outbuildings will be constructed.

HAYS MAY PROBE MOVIE TRIANGLE

Here is the first picture of Rodolph Valentino and his wife Natacha Rombova, in private life. Winifred Huddut, daughter of the perfume manufacturer, while at his right may be seen Jean Acker, from whom it is said the movie actor is not divorced.

Tucumcari Wins Ragged Game by Score of 13 to 2

Graves, star hurler of the Canyon Normal team, wore a Tucumcari uniform here in Monday's game and he proved too big an obstacle for the locals to overcome, the visitors winning 13 to 2. The game was interesting in spots, and a Tucumcari audience would probably have enjoyed it. Not that the Hereford crowd was saddened—there were not enough out to spread any gloom. As one of the Hereford players truthfully remarked: "There's nothing that makes a winning team like support from the town folks; and nothing that makes a poor team like twenty-five rooters and half of them knocking." If the Hereford public would give their team a little backing the boys would feel more like tearing in. But about this baseball game:

For three innings it was a tight battle and a pretty one. In the second after Walker had made a nice catch of Hensley's long fly Voyles was safe on Alban's error. Graves hit to Wilson who relayed to Alban and Red in turn snapped it to Webb, completing a beautiful double play and retiring the side.

The visitors came to life in the fourth, however. Curtsinger fanned Nichols to begin it, but then hit Wilkinson, Alban made another error. Hensley, Voyles and Rutter singled, and when the smoke cleared four runs had come across. In the same inning Curtsinger singled and scored when Charlie Bennett slammed the ball into left center for three sacks. In the fifth Earl Wilson was safe on Nichols' error, sole second, took third on an overthrow and then swiped the home plate standing up. That ended Hereford's scoring for the day.

The all around playing of Graves for Tucumcari was the feature, the Normal hurler scoring three runs, getting three hits, one a triple, striking out nine men and stealing three bases. The score:

Player	A	B	R	H	E	O	A	E
Stockton, cf	6	0	1	1	0	0	0	0
Nichols, 1b	6	0	2	10	0	1	0	1

Ranchmen!- Boy Scouts Ask For Camping Outfit

The Boy Scouts are planning a big hike in July and possibly some camping trips in the immediate future. They are badly in need of camping equipment, especially Dutch ovens and big frying pans. Scout Master Rev. J. R. Sharp and Allen Bell asked The Brand Tuesday to appeal to the stockmen of the community to loan the boys some big Dutch ovens for camp cooking and also some large-sized frying pans. Nearly all the ranchmen have these camping outfits and if they can be secured for the boys they will be well taken care of and returned.

If you want to help the boys telephone Rev. J. R. Sharp, Allen Bell or The Brand, and the favor will be greatly appreciated.

Nice Rains Help Though Moisture Is Very Spotted

A nice, slow soaking rain fell again Sunday night, obligingly waiting until just after Chautauqua had closed. It measured about eight-tenths of an inch in Hereford. It is understood that it extended well to the north and west but played out on the other side of Umbarger.

This rain fell on the heels of showers around in this community for several nights past, and has gone a long way in helping out the farmers and stockmen.

About daylight Tuesday morning a very heavy rain fell in Hereford. Unofficial estimates placed it over a half inch. Early morning reports indicated that it was very spotted over the Panhandle. It only extended a little beyond the stock yards on the east, did not rain at all at Sulphur Park, and sprinkled to the northwest. It is understood that Black had a hard rain but Clovis got none of it.

Odd Fellows Off For Contests at Amarillo Tuesday

The local I. O. O. F. and Rebekah teams have been practicing as much as possible for several weeks and will go to Amarillo Tuesday afternoon to compete with other Panhandle teams for the flag in this district. So many counter attractions, however, have been going on the past week that many of the team members were prevented from practice work and the general feeling seems to be that there is small hope of winning the flag at Amarillo, but the thing to do is to make the best fight possible.

MEMORIAL SERVICES FOR SOLDIERS SET FOR JUNE 11

Memorial services for departed soldiers of all wars will be held in Hereford on June 11, with the United Daughters of the Confederacy in charge. All local graves of soldiers on both sides of the Civil War as well as the graves of veterans of other wars will be decorated during the exercises. An effort will be made also to have the entire cemetery cleaned and decorated on that occasion.

CHAUTAUQUA WEEK ENDS WITH FINE PERFORMANCE BY LAURANT, MAGICIAN

BIG BAG OF TRICKS FOR THE CHILDREN IS TREMENDOUS HIT. REDPATH ORCHESTRA AND MRS. OWEN DELIGHT CROWDS

NEW CONTRACT SIGNED FOR 1923

No Sunday Programs Will be Given. Children's Junior Chautauqua This Year was Feature, Saturday's Pageant Drawing Much Applause Throughout

The 1922 Chautauqua has come and gone, and the forward-looking people of this community who love the cleaner and higher things of life are the better for the week's interesting entertain-

ment and instruction. There is no question but that the big majority of the patrons this year would have strongly voiced the sentiment that the 1922 performance was the best one yet, had the question been put to a vote. There was really not a weak number on this program and every man, woman and child who entered the tent got something worth while out of it during the week.

Monday morning the big tent came down and the crew scattered to other fields. The energetic superintendent, Miss Virginia Koogle, goes to Longview, Texas, and the other members go to Weatherford.

One of the big features of the Chautauqua, and one that drew much favorable comment, was the Junior Chautauqua, through which much fine entertainment and valuable instruction to the little ones was given. Miss Polly Thomason, assisted by Misses Bonnie Bowsher and Edyth Bulo, by much patience and hard work entertained the Juniors throughout the week, and as a grand finale presented to the public a Pageant Saturday morning entitled, "The Conquest of France." Those present will testify that it was the best effort put forth in this particular department of the Chautauqua work. More than fifty children took part in the play Saturday morning and many more took part in the games throughout the week.

There was a deficit, financially speaking, which the guarantors have cheerfully made up, and a contract for 1923 was signed and delivered to Mr. Horner, himself just before he left Saturday morning. The new contract provides that there will be no Sunday performances next year, or at least no charge performance. The talent here Saturday night will remain over and if the local people want them they can be used in a union meeting at the big tent. That is all left up to the local committee.

Great credit for the successful handling of the 1922 program is due to chairman Ashbrook and secretary-treasurer J. S. Jones, who simply quit their business for a week or more and worked like Trojans to make it a "go." It is a volunteer labor like this that makes Hereford a better place in which to live.

The Redpath Concert Artists Friday afternoon were all that had been said of them in advance and from a musical standpoint were easily the outstanding attraction of the week. The music was simply magnificent. Knoflickova, Bohemian girl violinist, who appeared here last year also, enraptured the audience with the wizardry of her performance. She is an absolute master of the instrument and swayed her audience at will with the melody of her marvelous bow. Reddie, cellist, was also a master. It is the kind of music seldom heard in small towns and the audience manifested its appreciation by its applause.

Friday night Ruth Bryan Owen, daughter of William Jennings Bryan, held her audience with her charming personality, platform presence and inspiring address on her experiences in the East during the late war. Mrs. Owen is a worthy daughter of one of America's greatest statesmen and platform men.

"Turn to the Right," a great play, drew a big crowd Saturday afternoon. The play was pleasing and nicely handled in every department. At light Jane Goude, reader and impersonator, and Bernice Arthur, piano accompanist, delighted a packed tent with the variety and excellence of their entertainment. Sunday afternoon William E. Wenner, members of the Ohio legislature, lectured, his subject being "A Square Deal for Jack."

Laurant, the Magician, brought the chautauqua to a close Sunday night in one of the cleverest and smoothest programs ever seen in Hereford. Mr. Laurant delighted a great crowd of the youngsters with his entertainment, as well as the older folk, and exhibited a bag of tricks and a cunning dexterity that is probably as good as can be found on the stage today.

Thieves Cleaned Out Hanlon Crop Of Fine Chickens

Thirty-seven young turkey poult and 236 Rhode Island Red broilers were stolen from the J. H. Hanlon place at Summerfield last Saturday night while Mr. and Mrs. Hanlon were at the Chautauqua. So far no clue to the perpetrators of the crime has been discovered, although the officers are working on the matter.

This is one of the severest blows that has been dealt hereabouts in some time. Mr. and Mrs. Hanlon have spent money, time and hard work on this poultry crop and the loss is hard to bear. The Poultry association is to have a meeting next Saturday afternoon at the courthouse and the matter of offering a standing reward for poultry thieves will be taken up. In the past a great many such thefts have been committed and the practice has not been checked perhaps because no complaints have been made and little publicity given it.

The Brand suggests that hereafter when any chickens or turkeys are stolen the losers notify this paper and the widest possible publicity will be given it.

Frio Sing Song Attended by Big Crowd on Sunday

A huge crowd, estimated to number between five and six hundred, gathered at the Frio schoolhouse Sunday for an all day Sing Song. A great concourse of the best singers in several counties furnished melodious music during the day, a big dinner was spread at noon, and an all around grand time enjoyed. The pretty little schoolhouse could not handle the crowd and the meeting was held under an arbor outdoors.

The Sing Song association meets at different points every two months and Jumbo school, Castro county, won the honor of entertaining the next meeting after spirited competition. The singing was led by a Clovis man who stated that the entire Panhandle of Texas and New Mexico would meet in a great singing bee at Clovis before long when 4,000 singers were expected from all points of the compass.

Retail Merchants Meet at Dallas

At the meeting of the State Retail Merchants Association in Dallas last Thursday, Mr. C. G. Thomas, speaker of the House of Representatives of the Texas Legislature, urged strict regulations for MUTUAL INSURANCE Companies, requiring such concerns to deposit a bond as is now required of Old-line Companies. He said that during the last year 1,100 mutual fire and hail insurance companies throughout the country had failed, of which eighty-eight were in Texas.

Always a Dependable Insurance Service.

For District and County Clerk:

A. L. (Lee) Biggs

For County Treasurer:

J. J. (or Uncle Joe) Ward

OUSLEY GAINING

Reports from all over Texas indicate that Clarence Ousley's masterly presentation of the issues of the day are rapidly gaining favor with the people. The papers are full of commendatory references to him and his platform. Many prominent men of affairs are pledging him allegiance and support in the coming primaries. Among many others the following are a few of the comments noted the past week:

"I am doing my best for him—I love him. He is all and more than you may say about him. He can win."

J. L. Worthan, Houston, Texas.
"I had decided to support Mr. Ousley some time ago and I assure you that I am delighted to find myself in company with the gentlemen you name, along with yourself. You convince me that my judgment was right."

C. M. Portwood, Vice Pres. & Mgr., Paris Grocer Co., Greenville, Texas.
"Mr. Ousley is easily one of the state's most scholarly men. He is a close student of affairs and a clear thinker. He is a clear-cut, able statesman, discusses the issues confronting the people without passion or bitterness."

Honey Grove Signal, April 7, 1922.
"Mr. Ousley is easily one of the most polished speakers and logical reasoners in the State. His candidity is attracting attention."

Courier-Gazette, McKinney, Tex., April 26, 1922.

"However, I want to say at this time that I have always been a good admirer of yours and can see no reason at the present time why I should not wholeheartedly support you in your race for the United States Senate."

Very truly your friend,

Chas. A. Davis, Mayor El Paso, Tex.
"I have known Mr. Ousley for a quarter of a century, and our relations have always been most friendly, and I could under no circumstances do otherwise than support him for any position to which he may aspire." I regard him as one of the brainy men of Texas, and one of the good, clean men of Texas, and I wish him every success."

John W. Hopkins, Supt. Public Schools, Galveston, Texas.

"I am vitally interested in the agricultural development of the State, which indeed is and always should be the paramount issue with us, and knowing your work and your equipment for a constructive program along this line, I shall take pleasure in doing what I can to further the interest of your campaign for United States Senator."

R. F. Holsbury, County Attorney, Comanche, Texas.

"I, together with my household, will

vote for Mr. Ousley. We believe him to be the best qualified and the most competent man in the race; that if elected he will fulfill his duties to the people in the conscientious manner you have predicted he would.

"Judging from the sentiment in our section Mr. Ousley will be the winner."

Fannie Potter, Bowie, Texas.

SOUTHWEST CHEERED BY HARBEST TIME PROSPECTS

Kansas City—There is distinct improvement in business in the southwest, with considerable hopefulness for further betterment after the harvest season opens. Expectations of larger farm buying of manufacturers after the harvest have already increased employment in cities. In rural communities conditions are spotted, with the purely grain and cotton areas experiencing quiet pending the arrival of new crop funds. In oil districts there is great optimism, for refined products are on a profitable basis. Wool and lambs are about double last year's prices.

The new crop year is approaching with a sharp reduction in debts of farmers and with supplies of merchandise and manufacturers of other classes in the hands of both country merchants and farmers low. As new crops come in, a larger share of the proceeds than in two or three years at least will be available for new buying, instead of going to banks for payment of debts. This will inject great activity into rural business. It will tell in the trade of mail order houses. Prices generally average higher than last year, especially on wheat and livestock.

Reserve Bank Position

While loans of the Federal Reserve Bank of Kansas City are down to \$25,000,000, compared with about \$90,000,000 a year ago and \$120,000,000 two years ago, the situation at this institution is curious. About one-fourth of its member banks are borrowing in excess of their basic line of credit. The banks of Oklahoma, where money is tightest in the rural districts, are the largest borrowers, although Kansas and Missouri have been first since the Federal Reserve Bank was started so far as the volume of borrowing is concerned. The principal borrowers are the smaller country members, for at the commercial and industrial centers money has accumulated through the small-

er use of funds by commercial and industrial interests. Lately deposits have tended downward, as usual in the spring but the situation financially is so much easier that rates are the lowest in many months.

Indicative of the money situation, the Commerce Trust Co. of Kansas

71, HE STROLLS 'CROSS CONTINENT

Still going strong though past three score years and ten, Henry Stewart of sturdy Scotch stock, is now strolling from San Diego, Cal., to Washington, D. C. He expects to reach the National Capitol in June. Stewart has walked in Egypt and Africa and has made fifteen walks across the American continent.

City, the largest bank in the southwest, with a special deposit of more than \$15,000,000 of Missouri state bonus bond proceeds of more than \$15,000,000 of Missouri state bonus bond proceeds that will soon be disbursed, recently purchased \$5,000,000 of bankers' acceptances in New York bearing a return of 3 3/8 percent. The principal banks here have also been extensive buyers of bonds, notably government issues, and the Federal Reserve bank shows a larger total of bonds and notes of the government purchased than loans.

The country banks still in a tight position, are quite numerous, but their aggregate liabilities are not great. In addition, their loans are stronger, thanks to many advances in prices of grain and livestock, and good crops will greatly improve their statements. In the case of some there will be a complete reversal to easy money, which is

Tubb Shoe Shop

Tubb will make me look like new

already true of many conservative country banks.

Crops Look Encouraging

The southwest feels happy over its crop outlook. Kansas and Oklahoma were never so green. April rainfall broke all records, and the dry portions that feel they have an abundance of sub-soil moisture when the ground is wet two feet deep now report the soil soaked for four feet. This is an assurance of good growth. It means a wonderful alfalfa crop. Estimates on Kansas wheat are generally higher than the May report of the government which indicated 100,000,000 bushels. They point to 113,000,000 to 130,000,000 bushels despite the great abandonment. Nearly all abandoned wheat fields are going into other crops.

Oklahoma is already offering a large supply of new crop alfalfa, this "wonder plant" being the first every year to usher in the harvest season.

Livestock Situation

Livestock, which has given this territory most trouble, has shown that it is now on a solid foundation. Lambs and hogs are returning exceptional profits. The most persistent of Wall Street bulls have not garnered the profits this year that stand to the credit of western lamb feeders. So great are their profits that the lambs feeders are contracting for lambs for delivery next fall at \$9 to \$11, or about 100 percent more than the bottom prices of 1921. The May wheat speculations in Chicago have doubtless inflated wheat to a degree, but the market situation is stronger than generally believed. Estimates indicate sales of 25,000,000 to 30,000,000 bushels of new crop wheat to Europe, latest bids being about 5 1/2 to 7c over the Chicago July price f. o. b. vessels at the Gulf ports, August delivery.

—Wall Street Journal.

Three thousand French churches, to-

tally or partly destroyed during the World War, are to be restored without waiting for German reparation funds. The money is to be provided by a 200,000,000 franc church reconstruction loan which has reached a full subscription.

Honors Memory of Edith Cavell

After King George and Queen Mary of England had left the grave of the murdered nurse, Edith Cavell in Brussels last week, there remained at the foot of the memorial erected to the immortal memory of the great martyr, shot to death by the Germans, Mlle. Marguerite Blauckaert, who was sentenced to death with the British nurse, but whose sentence was commuted. Mlle. Blauckaert is photographed as she is placing her silent tribute to the grave of her friend.

...aving daylight would be so much easier if one did not have to get up an hour earlier to do it.—Chicago Daily News.

The thing that divides a kitchen team is the tongue. Brides will please paste this above the kitchen sink.—Baltimore Sun.

Nearly 2,000,000 miles were traveled by French airplanes of the commercial type in 1921. This involved more than 6,000 flights.

The vessels passing through the Suez Canal in 1921 carried 18,118,900 net tons. This is an increase of 544,000 tons over 1920, although there was a decrease of thirty-four in the number of vessels run.

Nearly \$700,000,000 must be expended annually to keep pace with the increasing demand for power and light in the United States. Last year electric energy measuring 43,100,000,000 kilowatt hours were consumed.

HOGS

To The Public:—

As the weather is getting warm, and hogs shrink badly if I hold them a few days, I have decided to pay 25c per 100 lbs. premium on California hogs, if you will bring them in Wednesday so I can ship them Thursday morning. Remember to bring them Wednesday.

Bring in your hogs not later than Wednesday evening. I ship every Thursday.

GARRISON BROTHERS

We Appreciate It

—We appreciate the business that comes to us from farmers and cattlemen whether large or small.

—Our patrons know that our appreciation is shown in more ways than by words alone.

—By good service we try to merit the business that comes to us. We will try to merit yours by the same means.

First National Bank

At about this time of the year, when your lawn sheds its winter coat of hardness, and the first blades of grass spring up, you're going to start thinking of a lawn-mower.

That is, if you want a neat, even growth, and know its advantages. An unkempt, shaggy lawn detracts from the appearance, and so indirectly from the value of the house.

Drop in and look over the various models and sizes.

For Ten Dollars and Ninety Cents—This 30 x 3 1/2 Usco

THE 30 x 3 1/2 tire situation today is just this—

The man who buys an USCO at \$10.90 is justified in believing that his money is going farther in tire value than it ever has gone or could go before.

Naturally he appreciates the quality of USCO. That was established long ago.

It is still fresh in his mind that USCO led the national market into the \$10.90 price range.

The makers of U. S. Tires always intended the 30 x 3 1/2 USCO to be the highest value in its field.

At \$10.90 it creates a new classification of money's worth.

PROGRESSIVE

"We love our land for what she is and what she is to be. We love our west for what she is and what she is to be."

"We love our town for what she is and for what she is to be. We love our community for what she is and for what she is to be."

"Out where the handclasp's a little stronger, Out where the smile dwells a little longer,

That's where the West begins; Out where the skies are a trifle bluer, Out where friendship's a little truer,

Out where the world is in the making, Where fever hearts in despair are aching,

That's where the West begins; Where there's more of singing and less of sighing,

Where there's more of giving and less of buying, And a man makes friends without half trying—

That's where the West begins." The young folks spent Sunday evening in the Caldwell home.

Mrs. Fred Berry spent a day with Mrs. Otto Massey this week.

A number of Progressives attended the Chautauque last week. They speak highly of each number from an educational standpoint.

Mrs. Bob Higgins came a long way to last Sunday to attend Sunday School.

The Sunday afternoon meetings give vent for social enjoyment as well as noble inspiration. An attendance of sixty is remarkable for a beginning. There are others nearby and far away whom we wish to invite to come. Come, not from a sense of duty, but because you love the Sunday School work and the cause it stands for. Three o'clock has been set as the time to meet.

We wish to begin early so as to give those out here who attend the evening services in town an opportunity to attend ours also.
