AROUND A Town

Sights and Faces Seen

We may be hearing about the citrus fields of the Panhandle. Sounds a bit far-fetched, but Harry Danforth has proof in a real orange which Mrs. Danforth grew on a small tree in the Danforth yard. The orange is small, almost the size of a tangerine but not the same shape. And after all, citrus crops do not look any more impossible now than a potato and onion industry would have looked a few years ago.

There would be no egg shortage if all hens laid the same sort of "mass production" product as the egg Jack Wilson was showing in town Monday morning. The big egg had two yolks and inside the shell of the egg was another smaller egg. The outer shell was soft, but the inside egg had a hard shell.

Mrs. E. J. Williams, who lives across the street west from the football field on 11th Street, states that she has many flower plants including perennials, golden glow, rose bushes, lilac sprouts, chrysanthemums and others, which she will be glad to give to any gardeners who will come by and dig the plants. For a list of other persons who are giving away plants see the CHDA column elsewhere in this paper.

Dr. W. N. Lemmon was in town this week and says that he has had seven operations, pneumonia and three attacks of rheumatism since he was last "up and around." Which sounds as though a tribute to the doctor's determination would be in order.

Plant Exchange Saturday P. M.

Gardeners and flower lovers of Hereford and Deaf Smith County are invited to take part in the plant exchange to be sponsored here Saturday afternoon by the county home demonstration clubs.

The plant exchange will be held on the east side of the courthouse lawn between four and five o'clock Saturday afternoon, and persons who have plants (either vegetables or flowers) are asked to bring a selection to exchange for other plants which they may want for their gardens.

"I believe that we will all be surprised at the variety of plants which will be exchanged," states Miss Sadie Lee Oliver, C. H. D. A., pointing out that the exchange is a co-operative affair and urging all gardeners to bring their surplus plants. Members of the Westway H. D. Club originated the idea of the exchange.

Buddy Harris Gave His Life -- Dawn Citizens to Give \$26,600

Buddy Harris gave his life. Citizens of the Dawn community, where Buddy was born and spent all of his life until he enlisted in the Coast Guard in May, 1942, are being asked to give \$26,600.

That is the slogan of the Second War Loan Drive, translated into terms to fit Dawn community, and H. E. Miller, chairman of the bond sale committee at Dawn, believes that his people are going to raise that \$26,600—enough to buy the propeller and equipment for a U. S. Coast Guard cutter, the type of boat on which young Harris was serving April 1 when he was reported missing.

"We are dedicating our drive to the memory of Buddy Harris," says Mr. Miller, pointing out that Buddy was known by practically every citizen of the community where he was born Jan. 14, 1921 and where he grew up and attended school, and the school, together with Mr. Miller, A. T. Foss and Mrs. Nancy Foss, are the officials bond sale committee, is set to give

Methodists To Have Revival Starting Sunday

Revival services will be held at the Methodist Church next week by Rev. Orion W. Carter of Childress, it was announced today by Rev. Marvin Boyd, pastor of the local church, who states that Rev. Carter will arrive in time to preach at the evening service Easter Sunday night.

Rev. Carter has held pastorates in several West Texas towns and is recognized as one of the leading ministers of this territory. Mrs. Carter is the daughter of Mr. and Mrs. D. H. Bryant of Hereford and the Carters already have many friends and acquaintances here.

Two services will be conducted daily throughout next week, the pastor announces, stating that morning services will be at 10 o'clock and evening services at 8:30 o'clock. People of Hereford and surrounding territory are cordially invited to attend the revival program.

Dependency Deferment Status Outlined By Selective Service Rules

Chief effect of the recent changes in Selective Service classifications is the elimination of dependency deferment except for:

1. Those who maintain bona fide homes with children.
2. Those whose induction would cause extreme hardship to a wife, child or parent, and
3. Those with dependents who are necessary to and regularly engaged in agriculture.

Men formerly classified in 3-A and 3-B who had been deferred because of dependents will be reconsidered. Class 3-B is eliminated entirely. A child (Continued on Page 12)

Point Values Slashed On Several Items

Effective this morning point values of canned and dried soups and all frozen fruits and vegetables have been drastically slashed, according to an OPA order which also removed one item (black-eyed peas) from the ration list.

Reductions of as much as 50 per cent were made on several items. The point value of the 10 1-2-ounce size of tomato soup was reduced from six to three points and all other canned soups in the same size were cut from six to four points.

The 2 1-2-ounce package of dried and dehydrated soups was cut from two points to one point, and the pound size of frozen fruits was trimmed from 13 to 6 points. All the frozen vegetables were reduced; and (Continued on Page 12)

ODT Certificates Not To Be Transferred

Certificates of war necessity and "T" ration gasoline coupons are not to be transferred along with titles to trucks, the county USDA War Board has been advised by ODT.

ODT pointed out that violation of this regulation may result in suspension or revocation of certificates.

When transfers are completed, the new operators should file applications for certificates of war necessity. Failure to file the application also may result in suspension of certificates, the ODT said.

Single unit operators who make transfers must return Certificates to their district ODT office and surrender unused "T" coupons to their local War Price and Rationing Boards. Fleet operators are required to advise the nearest ODT district office of their action and return the appropriate sub-certificate.

According to the ODT, operators changing their area of operation or substantially changing the nature of their business must inform their local ODT district office of the changes. Changes of address also should be reported. Failure to comply with the rules may result in reduction of gasoline allotments or possible suspensions of certificates.

WAAC Recruiters Here Wednesday

Women's Army Auxiliary Corps recruiting officers will be in Hereford, Wednesday, April 22, from 10 A. M. to 1 P. M., with headquarters located at the office of the Southwestern Public Service Company, the Amarillo recruiting office announced this week.

The recruiting party will consist of Lt. Ann L. Markusich and Opl. Esther Slason. Requirements for enlistment in the WAAC have recently been raised and WAAC enrollees must now have at least two years of high school or similarly accredited school. The minimum score on the entrance examination (mental alertness test) has also been raised.

Lt. Robert B. Curry, who has recently been assigned to the Amarillo office to take charge of WAAC recruiting in the Panhandle states, "Courses in a dozen subjects—courses that would fill a college catalogue—are turning WAACs into the best trained group of women in America. Every assignment that the WAACs fill, whether they are radio operators or parachute riggers, is a specialized assignment, and the women must receive specialized training. A woman who learns her duties in the Women's Army Auxiliary Corps is studying under teachers and using equipment that would be hard to match anywhere in civilian life.

Deaf Smith County's quota for the period ending June 30 is four WAAC enrollees. According to Army announcements, the West Texas district is trailing the rest of the state in WAAC enlistments and recruiting of enrollees emphasize that every eligible woman who is not otherwise engaged in work that is essential to winning the war belongs in the women's army.

Increased Food Production But Less Food for Civilians Is 1943 Prospect

As of now, here's a pretty good look at the food picture for 1943:

In a report which roughly estimated on the basis of prospective 1943 output, civilians this year will receive about 11 per cent less meat; 27 percent less canned and shell fish; 21 per cent less butter; 11 per cent less cheese; 15 per cent less canned milk; 51 per cent less canned fruits; from 3 to 25 per cent less of various fresh vegetables; 27 per cent less dried vegetables; 6 per cent less dry beans; 22 per cent less sugar; 21 per cent less rice; 29 per cent less coffee; 60 per cent less tea; and 12 per cent less cocoa.

Civilians will have about the same amount of fresh and frozen fish, eggs, turkeys, fluid milk and cream, lard and other cooking

fats, fresh citrus fruits, canned fruit juices, dried fruits, tomatoes, potatoes and sweet potatoes, corn, oats and barley for human consumption.

Civilians will have 30 per cent more chicken; 57 per cent more margarine; 9 per cent more frozen fruits; 7 per cent more wheat; and 13 per cent more rye.

Three-quarters of the total 1943 output will go to civilians, the rest to our own fighting men and allies. Assuming average weather, 1943 food production will probably be at least 3 per cent greater and maybe 8 or 10 per cent greater than in 1942.

Barring widespread crop disaster, the kinds of food troubles that will affect most American civilians in 1943 will not menace life or health.

Remodeling Job In Progress At Canning Plant

A clean-up and painting job is now in progress in the Broadwell Building on West Third St., where Hereford's new canning plant is to be located; and Ashley Nixon, owner, who was in town Tuesday reported that machinery will be moved in soon. When all equipment is installed, the plant will have a capacity of approximately 1500 cases a day and may employ as many as 100 persons when canning operations are going full scale.

However, Mr. Nixon emphasizes that the scope of operations will depend entirely upon the local tomato crop; and while many farmers have indicated that they will plant some tomato acreage, no accurate gauge of the planting is yet available.

"Now is the time to plant to-

Worse Things Than Labor Shortage, Farmer Who Solved It, Says

W. G. Harris of Summerfield had a labor shortage and solved the problem by hiring a man who gave his name as Clarence Smith. Mr. Harris still has a labor shortage; and in addition he is short one pickup, and his personal gasoline shortage is increased by two barrels of his htest gasoline which were in the pickup in which tractor driver Smith absconded—before he had even had time to put in one night at tractor driving.

The pickup is a '37 Ford with unpainted sideboards. Has Delco radio and heater and is equipped with a trailer hook. Local law enforcement officers believe the pickup may have been abandoned somewhere in this vicinity.

Mr. Harris believes that the moral to the story must be to drive your own tractor—24 hours a day—and drag the pickup out to the field just to be on the safe side.

County Still Lags Far Short Of April Bond Buying Goals

Cramming Carrots Pays In Naval Entry Test

David Neal Beavers, who passed the Navy V-5 test in Dallas last week and has been enlisted as an apprentice seaman for future training as a Naval Aviation Cadet, believes that cramming for tests pays. But in young Beavers' case it was not knowledge that was crammed. After passing the first part of his test he discovered that he had weak sight in one eye. He ate 40 carrots, took two dozen Vitamin A pills—and passed the test.

The son of Mr. and Mrs. Hall Beavers, David Neal is a senior at Hereford High School, will be called either to college training or to active duty as a Naval Aviation Cadet some time after June 1.

He is a member of the school tennis team and of the student council and ranks in the upper 50 per cent of his class. He was one of five boys out of a group of 60 who passed the "stiff" V-5 test.

Light Rains Fall In Area Friday Night

Rain amounting to .57 inches fell in Hereford last Friday night with the fall reported over the county ranging from light showers at Daniel to as much as 1 1-2 inches in the Wyche vicinity.

The moisture is welcomed by farmers, who state that rain is needed to provide season for row crops, and by gardeners who consider the light rains ideal for getting spring gardens started.

Condition of the wheat is generally reported to be much improved, with greenbug damage in many cases much lighter than early reports indicated.

Ration Office To Be Closed Saturday P. M.

The Deaf Smith County War Price and Rationing Board this week repeats the new office hour schedule printed in last week's Brand.

Ration board office hours are now from 8 to 5:30 on weekdays, with the office remaining closed at the noon hour. On Saturdays the office will be open from 8 until 12:15 and will remain closed all afternoon.

The public is asked to co-operate with board members and clerks in observing the new schedule.

Sale of Farm-Stored Wheat for Feed Permitted Under Special Rulings

Further information on the sale of wheat for feed was received at the local AAA office this week and farmers are advised that they can buy feed wheat—not to exceed a 60 day supply—from the 1942 farm-stored crop. This wheat must be used exclusively as feed and will be purchased at the rate of \$1.04 a bushel.

Farmers will also be permitted to buy enough extra wheat from their farm-stored supply to sell to neighbors. The neighbor must, however, certify that the wheat he buys is not in excess of a 60-day supply.

The same rate, \$1.04 a bushel, applies to elevator stored wheat which is sold for feed.

Camp Employees Back Bond Sale 100 Percent

Participation of civilian employees at the Hereford Internment Camp in the bond sale campaign reached the 100 per cent mark this week as it was announced that the 90 employees have signed up for payroll deductions amounting to \$1,718.50 a month. This figure represents more than ten per cent of the total salaries, spokesmen state.

The bond purchases of camp employees living in Hereford will be credited to the Deaf Smith County quota.

Deaf Smith County's sales, \$87,186.50. Possible score, \$211,000. It's late in the game, just six more days to go; and on the basis of present scores, the county is battling a low average in the bond buying game.

That is the situation in the Deaf Smith County bond drive as of this morning, and J. C. Ricketts and Geo. L. Muse, co-chairmen, point out that subscriptions will have to be larger and must come from more people if the county jumps that \$123,813.50 hurdle to meet its goal.

Admittedly, the drive got off to a slow start here and several plans were changed after the committee met with the regional representative last week; but even so, results to date are decidedly disappointing, the co-chairman state.

Work is going forward among rural committeemen this week to put their communities over the top. Bond rallies will be held tomorrow night at Dawn and Westway, and Chairman H. E. Miller of Dawn is conducting his campaign to raise \$26,600 to purchase a propeller and equipment for a U. S. Coast Guard Cutter. The Dawn campaign is in honor of William (Buddy) Harris of Dawn who recently lost his life while serving in the Coast Guard.

No report has yet been received on the amount of subscriptions from non-resident bank depositors, but the support of these non-residents is imperative since the amount of their bank deposits helped to set the county quota.

Hereford workers started this week to contact every prospective bond buyer in the town and it is thought that sales will probably pick up by the end of the week. Another suggested reason (Continued on Page 12)

Child Injured When Car Climbs Curb Saturday

Betty Jane Witherspoon, 10-year-old daughter of Mr. and Mrs. Burl Witherspoon of Amarillo, had both legs broken Saturday afternoon, when a car going south over the "dips" on Lee Avenue, got out of control and jumped the curb, running into the yard at the Gordon Witherspoon home in the 50 block on Lee, and hitting the child, who was playing in the yard. Jo Ann, daughter of Mr. and Mrs. Gordon Witherspoon received minor scratches in the accident.

The car, belonging to Emil Yeck of Hereford, was driven by Loren Kenneth Goble, a soldier at the Hereford Internment Camp. A young woman was with Goble in the car, intending to apply the brakes, the driver stepped on the gas and the car climbed the curb, scattering the crowd of children and picking up little Betty Jane and carrying her several feet. The Witherspoons had arrived from Amarillo that afternoon and Betty Jane and her little sister had gone to visit their cousins.

Condition of the Witherspoon child is reported as satisfactory.

News of the Deaf Smith County Wind Erosion District

An irrigation system was planned last week on G. W. Newsom's place seven miles southeast of town. It covers approximately 125 acres of wheat land.

H. E. Miller, of the Dawn community, had an elevated ditch about 4,200 feet long constructed to carry irrigation water over a low place between the well and the land to be irrigated.

Two dams, which were constructed last fall on Colby Conkright's and J. F. Hickman's ranches, were filled to capacity by the recent rain. Both dams are discharging water into the spillways with no erosion evident. Mr. Conkright's dam now holds approximately 3,000,000 gallons of water, and Mr. Hickman's dam contains about 5,000,000 gallons. These dams, by being filled this early in the season, will insure an adequate supply of stock water during the dry months this summer.

M. G. Caywood, who now owns the old Paul Mathers place, has had 120 acres of irrigation lines run on his land.

On O. K. Higgins farm in the

Daniel community a main Ditch line was run to carry irrigation water to some 130 acres of land which heretofore has been inaccessible to the water. Mr. Blackburn, who operates the J. A. Pitman land southwest of Hereford, had 60 acres of row lines run for potatoes and tomatoes.

Due to the rain, work on planning irrigation systems and running ditch lines has been slowed up considerably, but anyone who wishes this work done may contact any member of the Soil Conservation staff for aid in the near future.

ACID - not speed - may "burn up" your engine now!

You don't go "tearing off" the miles, and you hate tearing off ration coupons, too. You'd think your low speed and mileage would almost do away with engine wear. But the products of combustion — always hanging back in the cylinders after stopping — contain acids that nibble at metals!

Engine acids are nothing new, only they couldn't do their worst when interrupted by frequent use of your car and fast driving, instead of staying in your inactive engine for days. Short, slow, infrequent runs don't help much to clean acids out. So now when you're not even sure of getting any needed replacement parts, make sure you muzzle acids as well as you can, by keeping your engine's insides OIL-PLATED.

You know of plating being used to resist such corrosion as rust, for instance. And to resist acid corrosion, have your engine OIL-PLATED—quickly—simply—economically—by changing this Spring to Conoco Nth motor oil—patented. It includes a great advancement in synthetics, invented to maintain OIL-PLATING up and down your engine's insides, during many hours or days when such resistance against acid can help. Rev. H. M. Redford Is Guest Speaker At Bay View Club Meeting Thursday

Rev. H. M. Redford was guest speaker at the Bay View Club meeting held Thursday afternoon at the home of Mrs. J. P. Elliston.

Rev. Redford spoke on the subject "Prospects for Peace after the War" using as a basis for discussion three important questions: Is world peace a possibility? If possible, what can be done? What can you and I do about it? In answer to the first question the speaker gave the conclusion that peace is a possibility for man has reached a stage of civilization where social problems can and will be worked out. In answering the second question he suggested a world conference for peace, sacrifice of some possessions and a new order of economic structure. He discussed the third question at length, stressing the influence of public opinion, the need for self restraint in speech and listed self control as a moral obligation. Concluding Rev. Redford said, "Peaceful relationship with one's brother is

necessary and all must identify themselves with a peace trend. The church will be a real factor in the peace that is to come, as will other organizations for service, and we must prepare ourselves for the world after the war by being alert now to the things we can do. Each must be one of an informed group, have an open mind and guard against fanaticism and animosity."

The next meeting of the club will be held at the home of Mrs. Marvin Boyd and will mark the close of the year's work. Reports will be heard, new committees will be announced and new officers will take over duties for another year.

Those present were Mesdames D. H. Alexander, H. L. Broadwell, Essie Cardwell, H. G. Conkright, Colby Conkright, E. W. Harrison, E. B. Hedrick, A. M. Jones, Knox Kinard, J. W. Kirby, Paul Matthers, M. B. McLean, G. A. F. Parker, F. T. Roloson, Bob Wilson, Marvin Boyd and the hostess.

Nancy Olson Is Complimented With Pre-Nuptial Gift Party

With a theme of Iris and red tulips, which signify the advent of spring, four hostesses entertained Friday afternoon in the home of Mrs. J. B. Harlan in honor of Miss Nancy Olson, bride elect of Pfc. G. W. Duncan. Other hostesses were Mrs. Lillian Wilson, Mrs. Ira Ott and Mrs. Hartland Caraway. Mrs. Caraway presided at the bride's book.

Hostesses presented the honoree with a corsage of sweet peas before the miscellaneous shower of gifts were opened and admired. Entertainment for the afternoon consisted of a playlet entitled "Precious Gifts" and other appropriate features.

Those attending were the honoree, Mrs. Louie Olson, the bride's mother, Mesdames John Paetzold, G. H. Reeves, Jim Gandy, A. L. Fazio, Otto Olson, George Robertson, Gene Williams, W. B. Saxon, Dock Roberson, Misses Ina Mae Hewitt, Dot Owen and the hostesses.

Those sending gifts who were unable to attend included Mesdames Berry Orr, W. W. Adams, Bill Bowman, Arnold, Victor Elliston, Fred Henry, C. E. Rea and Noile Elliston.

will be held in observance of good Friday. Those who wish to come may do so at any time during the three hours, remaining as long as they wish for meditation and receiving communion if they so desire. Quiet music will be played throughout the period. Everyone is invited to come for this appropriate observance of the time Jesus' spent on the cross.

Mrs. Grinsley, who resides in the Omen settlement in Hall County has suffered a nervous breakdown the result of over-work in nursing her nine children who were suffering with the measles and from being herself seriously taken ill with the disease. It is feared that she will have to be taken to the hospital for treatment.

Carl Gilliland and family arrived this week from Lilydale, Tenn., and will henceforth make Hereford their home. Mr. Gilliland is an attorney and will at once open an office for the practice of law.

Hereford is soon to have one of her greatest needs filled. With the organization of a social club, having suitable quarters for the entertainment of their guests, our young men, who are in a sense homeless in a strange land, will have a place of amusement and recreation, thereby lessening their chances of getting into the company of wayward companions.

On Tuesday evening the commencement exercises were closed at the Christian church, Miss Lula Garvin graduating in the elocutionary department. Her selections were well-rehearsed and reflect great credit upon her assiduousness in study as well as on the competency of her instructor, Miss Fanny Robinson.

It is with pleasure that we can announce to prospective drivers of cattle to Hereford this season that arrangements have

been completed whereby they will have an open trail from points south to Hereford.

America's Food Emergency

A Statement by Santa Fe

United States facing most critical "crop year" in its history.

During the coming months, the need for more food may be greater than the need for more guns, tanks and planes.

Serving, as it does, "the breadbasket of America," the livestock and meat industry, and the great fruit and vegetable areas of California and the Southwest, Santa Fe pledges its all-out effort in the production and mobilization of food.

What Santa Fe Is Doing Santa Fe employs are planting Victory Gardens along their railroad's 15,199 miles of right-of-way.

Everything that rolls on the Santa Fe is being kept in fighting trim.

Old cars with good running gear are being rebuilt into sleek new gondolas.

Many Santa Fe refrigerator cars that used to go back "dead-head" now hurry back loaded with other freight.

They're On The Job, Too!

For years the Agricultural Development Department of Santa Fe has cooperated with growers all along the line, for greater production per acre, through better seeds and better cultural methods. For example:

The people of the middle Rio Grande know how the desert has been converted into paying crops.

The folks in Blue Water Valley of western New Mexico know how the production of vegetables has increased from 86 to 1076 carloads in the past three years.

The potato growers of Kern County,

Cars are few and hours are precious. Every hour a freight car stands idle holds back food or other vital war freight from folks who need it. Every unused cubic foot squanders vital space.

The supply experts of the Army and Navy, the ODT, and the Interstate Commerce Commission Bureau of Service are all focusing on this problem.

How Shippers Are Helping Shippers are helping and can continue to help (1) by maximum loading; (2) by quicker loading; (3) by quicker unloading.

More than 57,000 Santa Fe folks join with the farmers, the livestock producers, the shippers, and the consumers of all America to help meet the greatest food crisis our nation has ever faced.

California, know how Santa Fe cooperated in stamping out ring rot and blight.

This year, the people in the Texas Panhandle are bringing in their first harvest of waxy kaffir which promises to produce the starch for tapioca and other important products that formerly came from the cassava roots of Java.

In the present national food emergency, these people of Santa Fe's Agricultural Development Department are working harder than ever, doing everything they can to help food growers all along the line.

Miss Pitman Reviews Oscar Levant's New Book for Music Study Club

Miss Eloyse Pitman entertained members of the Music Study Club with a book review Monday afternoon at a meeting held at the home of Mrs. T. W. Roberson.

Miss Pitman reviewed "A Smattering of Ignorance" by Oscar Levant. She said of the book "Mr. Levant's book is disarming in its fresh, racy and sometimes impudent mode of thought and expression, familiar enough to the radio audience, but not perhaps to the general musical public. His description of the place of music and the trials of the musicians in Hollywood under the chapter heading "A Cog in the Wheel" is well done and the undertone of irony is effective in bringing home the underlying tragedy of waste of talent and opportunity for real musical creation which lies at the door of the film directors. It would seem incredible were it not corroborated by the facts, that the power of life and death over the musical creative art, an adjunct of the movies, is in the hands of persons without any knowledge or appreciation of its possibilities. Levant puts it succinctly: "The large majority of scores used in Hollywood are written by specialists, and there is pretty much of a closed shop for the specialists. All this results in a vicious circle in which the talented men do not have the experience and the experienced men do not have the talent".

Concluding Miss Pitman said, "The book has much of the 'Information Please' quick wit and flashy statements. The author certainly does not try to show himself in a favorable light—particularly in his chapter "The Story of George Gershwin" with its mixture of admiration for the music, jealousy, adoration and contempt for the man all shouting at the reader."

Members present were Mesdames C. C. Acker, J. R. Allison, H. L. Broadwell, H. A. Close, R. P. Conaway, W. E. Dameron, C. H. Dyar, Jeff Gilbreath, C. C. Ferguson, J. B. Jones, J. C. McCracken, G. A. F. Parker, S. P. Rosson, A. J. Schroeter, Glenn Snyder, C. R. Smith, W. J. Stanford, Miss Mattie Mae Swisher, Miss Pitman and the hostess.

Appropriate songs were sung by Mrs. Grady Wilson, Jr., Kathryn Danforth and Texie Ruth Reynolds and poems were read by Mrs. Hughes Millard and Mrs. Glen Parker.

After games refreshments were served to Mesdames Grady Wilson, Jr., C. J. Troxel, Glen Parker, Bud Hopson, C. M. Carpenter, Charles Newell, R. A. Daniel, Jr., H. E. Danforth, J. O. Newell, C. L. Whitehead, Ida Ricketts, John Patton, E. R. Kendall, M. O. Sowell, J. R. Allison, H. G. Conkwright, C. T. Guseman, Ruth Hawks, Misses Dorothy Troxel, Kathryn Danforth, Texie Ruth Reynolds, the honoree and the hostess.

Many sent gifts who were unable to attend the party.

Spending the week end here in the home of Mr. and Mrs. Walker Nicks were Misses Jean Close, Orpha Fleming, Marthlyn Durnett and Mary Nicks, all students at W. T. S. C. Canyon.

Calliopean Club Elects New Leaders

Mrs. J. T. Gilbreath, Jr., was hostess for the Calliopean Club at her home on East Fifth Street Thursday evening.

Miss Decima Ramey was in charge of the program for the evening and gave a review of the book "Young Man of Caracas" by T. R. Ybarra. She said in part "The book is Tom Ybarra's autobiography but the book is really about two sharply contrasted characters—and their life long love story. It is "Life With Father" in Venezuela with personalities as surprising and delightful as in Clarence Day's book. It would seem that in this decade of break-up and transition from an old to some new order, many are beginning to see the last half century with new eyes, dramatizing it, and discovering qualities as of some lost world."

During the business session new officers were elected. Those chosen were Miss Nancy Conkright, president; Mrs. J. E. Kirby, Mrs. Jack Gilliland, Elyse Pitman, Mrs. W. C. Pitman, Decima Ramey, Mrs. David Rodgers, Mrs. Elizabeth Womble, Mrs. Wayne Evans, Mary Jane Morgan, Kathryn Davies and the hostess.

Those present were Mrs. J. R. Allison, Mary Kate Brotherton, Nancy Conkright, Mrs. W. L. Davis, Mrs. Alton Fraser, Mrs. Jimmie Gillentine, Mrs. J. E. Kirby, Mrs. Jack Gilliland, Elyse Pitman, Mrs. W. C. Pitman, Decima Ramey, Mrs. David Rodgers, Mrs. Elizabeth Womble, Mrs. Wayne Evans, Mary Jane Morgan, Kathryn Davies and the hostess.

L. A. E. CLUB MEETS WITH MRS. HIGGINS

L. A. E. Club met at the country home of Mrs. Althus Higgins Tuesday afternoon to complete the second of two programs dealing with Canada. Roll call listed names and items of interest concerning a national park.

Two topics related to the subject were discussed. Mrs. Jack

Dean told "How Canada Is Governed" and Mrs. George Suggs discussed Canada and United States Relations.

The time for the closing luncheon, which will be held at the home of Mrs. T. W. Roberson, was changed from May 4 to Monday May 10.

Members present included Mesdames Arlie Dean, Jack Dean, Bob Higgins, Bill Hutson, T. P. McCollister, T. W. Roberson, George Suggs, Robert Veigel, C. D. Carnahan and the hostess.

FORD STUDY CLUB HEARS TIMELY TALK ON PEACE

Mrs. L. J. Straffus was hostess to members of the Ford Study Club on Wednesday last week.

Mrs. Tom Fields was guest speaker for the afternoon choosing as her subject "Peace," and recommending the study of The Atlantic Charter and The Four Freedoms.

Mrs. Fields quoted, "The future of America lies in building peace. We must work now to prevent world war number three" and advocated that plans be made now for the peace that is to come.

Refreshments were served to Mesdames V. T. Glenn, Robert Waggoner, John Whitsett, F. C. Benson, Dennis Barnard, Tom Fields and Miss Hilda Straffus.

H-D CLUB MEETINGS

Westway Home Demonstration Club met at the school house on Wednesday afternoon April 14, for a recreational program.

Contents of purses were counted and Mrs. Merlin Kaul was awarded the prize offered for the largest number of items contained in the purse with a score of 55. Mrs. E. J. Parsons won low with only 20 articles in her purse.

Miss Sadie Lee Oliver gave a timely talk on insects and distributed victory garden bullet-

ROMANCE, JUNIOR STYLE, comes to Gloria Jean, pictured here with Donald O'Connor in a scene from their new picture, "It Comes Up Love," which shows Sunday, Monday, and Tuesday at the Texas. A romantic comedy drama with music, the picture features an ace supporting cast including Ian Hunter and Frieda Inescort.

Announcement was made that the furniture clinic sponsored by the County demonstration clubs will be held the first three weeks in May. The clinic will be held at the cattle barn on East First Street.

Present at the meeting were Mesdames T. B. Cox, A. C. Pierce, G. C. Hartman, Manuel Hawks, John Barnes, R. M. Gunn, C. F. Burks, J. H. Landers, Jim Dale, E. J. Parsons, E. H. Little, Hughes Millard, Merlin Kaul, Paul Rudd, Bill Rice, Al Werner, R. L. Wilson and Miss Oliver.

North Hereford Club

North Hereford Home Demonstration Club met at the home of Mrs. N. W. Livesay Thursday afternoon. Roll call was answered by members naming articles of furniture listed for repair at the furniture clinic to be held in May.

Members voted to donate \$5.60 to the Red Cross and during the recreational period a lovely shower of gifts was presented to Mrs. R. A. Fullwood honoring her birthday. Mrs. Fullwood distributed dahlia bulbs and geranium cuttings. The next meeting will be held at the home of Mrs. J. T. Richardson.

Refreshments were served to Mesdames W. H. Russell, Frank Wilde, Fred Barrett, Oscar Vaughn, R. A. Fullwood, Fred Saltzman, Otto Olson, Earl DeHart, Louise Olson, J. T. Richardson,

O. L. Rutherford, George Parker, T. B. Cox, the hostess and Miss Sadie Lee Oliver.

EASTER THEME USED AT CLUB PARTY

New Deal Club members enjoyed a club party at the home

of Mrs. Troy Moore Friday afternoon.

Colorful blossoms and other suggestions were used to symbolize the Easter season. Refreshments served after the contract games observed the Easter theme.

Two tables of players made up the party with Mr. Sylvester Slagle winning the high score prize and Mrs. Ralph Hastings making second high score. Defense stamps were the prizes awarded.

Players were Mesdames Judson Skaggs, Sylvester Slagle, Louis Woodford, Ralph Hastings, Frank Huckert, Ralph Roden, T. E. Seigler, Jr., and the hostess.

Aged Woman Dies In Bovina Friday

Mr. and Mrs. Henry Hastings, accompanied by Miss Mattie Mae Swisher, attended funeral services held for Mrs. Anna C. Tidenberg in Bovina Saturday afternoon. Funeral services were conducted by the pastor of the Bovina Methodist Church in the home of Mrs. Tidenberg's daughter, Mrs. Frank Hastings.

Mrs. Tidenberg was 73 years of age. She died unexpectedly Friday while listening to the radio in the home of her daughter.

Cpl. Howard L. Boyd, formerly of Hereford, last week received promotion to the rank of corporal and was transferred from Sheppard Field to Fairfax Airport, Kansas City, Mo., where he will take a course in hydraulics. He is a son of Mr. and Mrs. Charley Boyd, formerly of Hereford but now of Dalhart.

Jack Knox, baker 3-c in the Navy Seabees, had been in New Caledonia just five days when he looked up Howard Williamson, who had been in New Caledonia for several months and who wrote to Jack's mother, Mrs. Boyd Knox, that the two Hereford boys had a real reunion. Jack was the first Hereford boy Howard had seen since he arrived at the South Pacific base.

Elmer F. Reinart, H. Meacham and Sylvester Fangman, all of Hereford, recently completed a course in aviation mechanics at Sheppard Field. All three of the boys now hold the rating of private first class and are now eligible to become a crew chief on a bomber and to win rating of corporal or sergeant. Reinart is a son of Mr. and Mrs. J. H. Reinart; Meacham is a son of Mr. and Mrs. C. H. Meacham of Omaha, Neb., and Fangman's parents are Mr. and Mrs. H. F. Fangman.

PFC Arthur Tiesel, son of Mrs. Sylvia Tiesel has recently graduated from a course in aviation mechanics at an Army school in Los Angeles, Calif.

THE 2ND WAR LOAN DRIVE IS ON!

Winner Take All!

There is one stark and simple fact about war which you had better get straight . . . and quickly, too!
THERE IS NO SECOND PLACE IN A WAR—IT'S EITHER WIN OR LOSE!

This war is being fought for tremendous stakes . . .

- ::: for your life and your liberty.
- ::: for your church and your children.
- ::: for your freedom and your future.

And it's **WINNER TAKE ALL**. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate . . . because the winner takes all.
The winner takes all. All you own, all you hold dear.

The winner is being decided right now . . . today . . . this very minute . . . on battlefields all over the world. Will you stand idly by . . . or throw all your weight on *our* side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars . . . 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there . . . fighting your fight. Surely it is no sacrifice to *lend your dollars* while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you . . . greet him with open pocketbook. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember it's an *investment* you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So *lend* up to the limit.

You'll sleep better for it.

There are 7 different types of U. S. Government securities—choose the ones best suited for you

SEEDS of ADVICE

from
The Garden Club

(Note—This article on Peonies—Planting and Care was written for the Garden Club by Mrs. C. H. Dyar)

This discussion on peonies is for the homemaker who does not have peonies as well as those who do have them. The homemaker who has no peonies should plan to set out one or more plants, for with all the peony's excellent qualities it has one outstanding point, and that is that it does have very long life. It will live and produce blossoms in spite of much neglect. A single plant has been known to live 100 years and they will grow in rigorous climates, even to 40 degrees below zero. They do well where many other plants are not satisfactory and they are an excellent farm flower because they may be grown with an absolute minimum of care, yet produce lovely blossoms year after year.

The best time to plant peonies is during September, but it is possible to plant them now if properly treated roots from a reliable nursery can be obtained. Remember that if you pay a little extra you will get more for your money. Good strong roots will give you more satisfactory results for you will realize blooms more quickly and will have a stronger plant. The best advice is to buy the strongest highest priced roots of the best older

varieties. Roots of new varieties are for those who grow peonies as a hobby.

Careless planting of peony roots will cause grief later on. Be sure to select a spot where you are sure you would like your peony plant for a good many years, and where the plant will get full sun exposure. Let it remain there for peony roots are easily injured and do not like to be disturbed.

It is very important to enrich the soil for peonies. Dig a hole about 1 1/2 ft. deep and place manure in the bottom plus a handful of bone meal sod and superphosphate. Then mix bone meal and plenty of organic matter with the soil as it is replaced to within about 8 inches of the top. Peonies do not like acid soil and some lime should be mixed in to correct acid soils. The root should be planted in un-enriched soil.

One important point to remember when planting peonies is that the buds seen at the region of the crown should only be about two inches from the surface of the soil. Peonies may not bloom if the buds are planted much deeper than this. Peony roots should have not less than three buds on each division and the roots should not be set closer than three feet apart to allow proper development. With September planting it is

always safer to apply a straw mulch over the planting. The stalks should be allowed to remain all summer because the leaves are storing food material in the roots for next year's blossoms. The latter part of September is plenty of time to cut back the peonies.

There are two kinds of peonies, the herbaceous and the tree peony. The herbaceous are cut back to the ground in the fall and the tree variety is really a small woody shrub, whose stems do not die back to the ground each year. The leaves turn brown and fall as any deciduous plant, and in the spring they put forth again in breath-taking beauty, unfolding until about a foot long. The tree peony flowers about two weeks earlier than the herbaceous and a well established plant will bear from 20 to 50 flowers, six to eight inches across. The colors range from white to shell pink, salmon and coral pinks to lavender, purple, maroon and rich burgundy, and some yellow shades.

Herbaceous peonies are good used in the hardy border with their glorious splashes of color. They should be given about three feet of space unless you plan to use supports to hold up the heavy heads. In that case one may plant spring bulbs between them to come up and bloom early. They are very effective before an evergreen hedge, but lacking that there should be some kind of shrub for a background.

If you choose your varieties carefully you may have peonies in bloom for six to eight weeks. In color range they vie with the rose. The whites, pinks and reds are lovely (and most commonly planted) but the creams and opal tints are where they excel. A true yellow probably does not exist yet but there are shades of yellow on the market.

LONDON BRIDGE CLUB ENJOYS CONTRACT GAMES

London Bridge Club members were entertained at the home of Mrs. Kellar Muse on Wednesday afternoon last week. A special guest was Mrs. Frank Cogdell who left Sunday with Lt. Cogdell for California where he is stationed at Santa Anna Air Base. Mrs. W. A. Teter played high for score award and Mrs. Grant Fuller played second high. Enjoying the club party were Mesdames Gordon Taylor, W. A. Teter, J. T. Gilbreath Jr., Grant Fuller, R. R. Wills, Ernest Medkief, Meade Haile and Mrs. Cogdell.

FELLOWSHIP CLASS ENJOYS GAMES PARTY

Fellowship Class of the First Christian Church was entertained at the home of Mrs. Nona Jowett Friday evening. Mrs. W. H. Russell and Mrs. Addie Miller assisted the hostess in entertaining and serving refreshments.

Lilacs and tulips were arranged in bouquets for decoration and forty-two games provided entertainment.

Attending the party were Mr. and Mrs. L. Z. Oldham, Mr. and Mrs. W. E. Dameron, Mr. and Mrs. J. C. Ricketts, Mesdames Claude Witherspoon of Dallas, C-Ora Cockrell, A. M. Jones, A. G. Bell, W. H. Russell, Addie Miller, Mr. R. A. Tynes and the hostess.

TWO HOSTESSES ENTERTAIN FRIENDS WITH TWO PARTIES

Two contract parties were given the past week end to entertain friends with Mrs. W. A. Teter and Mrs. Gordon Taylor hostesses at the Teter home Friday and Saturday afternoons.

The Easter theme was evident in decorations through the use of spring flower arrangements that carried out pastel color themes. Profusions of tulips, lilacs and hydranges were used with forsythia and spirea as accessory blossoms.

The Friday afternoon guest list, with Mrs. J. W. Witherspoon and Mrs. Grant Fuller making high scores, included Mesdames T. H. Coursey, W. L. Davs, H. A. Close, A. R. Bateman, Jim Lipscomb, Knox Kinard, J. W. Witherspoon, Frank Lucas, E. B. Hicks, W. M. Emmons, Frank Gyles, Grant Fuller, Howard Gault, Jim Black, G. W. Newsum, George V. Stambaugh, C. H. Dyar, Don Turner, Alton Fraser, R. R. Wills, R. L. Craner, Will S. Kerr and Paul Mathers. Saturday afternoon's guest list

consisted of Mesdames Ralph Roden, R. R. Wills, Woodrow Ireland, Travis Dameron, Sylvester Slagle, Ralph Hastings, Meade Haile, Ernest Medkief, Chas. Hardwick, Henry Sears, J. T. Gilbreath, Jr., Kellar Muse, Troy Moore, Gaylord Newell, W. J. Wilson and David Rodgers. Mrs. Henry Sears played high for score award and Mrs. Chas. Hardwick played second high.

COST OF BOMBER RAID:

100 B-17 bombers would use gas costing \$36,675 from England to Ruhr Valley and Return, giving 160 miles for runs of target area. Each plane would use approximately 1467 gallons of gas at approximate cost of \$366.75 each.

Uncle Sam says . . .
AMERICA . . .
you've got to
get TOUGHER!

After all, it's OUR WAR . . . It is communities like this that our boys are fighting for . . . It is the right to own and live on farms like ours . . . The right to go to church on Sundays . . . To run our stores . . . To go to school . . . To even fuss about the way our government does — and to Vote like we darn please when election time comes!

Did you ever see a man die? A lot of mighty fine boys are dying on the field of battle . . . in order that we may live . . . that things may remain as they are in this great country of ours. Some of these boys might have been saved with the right kind of equipment . . . the kind our money and yours will buy.

We know that our country has asked a lot from us. They have increased our taxes . . . Our Red Cross quotas are bigger . . . they are requesting Food for Freedom . . . and now they are asking us to buy \$211,000 in War Bonds during the Month of April.

Of course, this is a lot of money. It means doing without things now . . . it means sacrifices and maybe even hardships. Still, Uncle Sam is going to pay us back \$4.00 for every \$3.00 he borrows.

On the other hand, compare it with the sacrifice our boys are making. Many of them have GIVEN their lives, as others will do in the weeks and months to follow.

Yes, this is OUR WAR—and a few measly dollars don't amount to much when compared with our country, our homes, our loved ones . . . and even our lives!

YES, Uncle Sam, we know the people of this community—and therefore, we say "Hereford will meet it's \$211,000 Quota during April!"

The Whiteface Round-Up

Friday and Monday Easter Holidays

Prince Hereford

Ho, Hum! This spring weather is really getting me down. The only thing that made me wake up at all this morning was a glare bright enough to knock anyone's eyes out. When I recovered sufficiently from the glare, I could see that it was Patsy Patton's new engagement ring. She almost needs a sling to hold it on her arm.

Speaking of spring fever again, bring on the sulphur and molasses. Jim Hicks needs some to take on hunting trips with him, and Bobby Jennings needs some to help him stay awake in American history class and English, too.

Don't tell me that girls are the only one who fall for the latest fads! Charles Skelton, Red Merrill, V. C. Hopson, and Carl Hennington all have little black books containing the addresses of nearly every girl in high school. Mary Ann Acker's name seems to be very popular. At least, I've seen it in three or four books. This is a good way to keep up correspondence; that is, if correspondence is necessary.

You really should see Miss Rigler modeling one of the new football jackets. She modeled Lloyd Olson's in class the other day and it was a perfect fit (all except the two or three yards of material going to waste on the sides and shoulders). Well, anyway, it fits Lloyd.

Miss Easter says her seeing is just a little blurry these days. Someone threw a book on her other eyes and mashed them flat.

Bruce Beene had his feelings hurt. The reason: His name was omitted from the list of Senior play characters, and he wants everyone to know that "Mr. Lef-frets" is truly an important character. No play is complete without a poet to give the more romantic side of life.

It might be a good idea for me to sign off now. Being a good newspaper man means writing a certain number of inches to fill a space, and this is my allotment.

Respect Mother Nature

"Spring is sprung, the grass is riz, I wonder where the flowers is?"

Yes, we hope spring is here, but birds are not the subject today. Each year as Mother Nature smiles on the earth bringing the delightful springtime, we begin to notice a blade of grass here, a tree leaf there or a tiny flower stem yonder, all stealing forth from their winter beds to greet us. At first, there is just a spot of green here and there, and then all at once, it seems as if everything were green.

So it is now about our own school building and throughout our town. The trees in front of Hereford High are growing greener every day. The grass is promising a beautiful lawn, and in the flower beds between the building and sidewalks are showing small green leaves and stems.

Perhaps we are not careful enough with these things. We do not appreciate them as we should. Often we walk in one path across the grass until we have worn an ugly trail scarring a pretty lawn; or we unconsciously tramp on the flower beds at noon and pull blades from the bushes. What would happen if every student took a lilac, walked across the flower bed or continuously tread on the grass? And why jerk a small tree limb off as you pass by when it only mars the appearance of the tree?

Let us try to be more careful with the things Nature has given us so that our trees, grass, and flowers of Hereford High will be such that we may be proud of them.

CLEAN OUT YOUR CELLAR AND ATTIC

Senior Personalities

Blue eyes become dreamy when the song, "Every Night About This Time," is played. Those blue eyes happen to belong to our blonde Jeane Williams. Jeane has changed quite a bit since that April 13 in 1926 when she was born in Granger, Texas, because she is now five feet and eight inches tall and weighs 127 pounds. Jeane went to Goree, Texas to school for one and half years so she is practically a pioneer of dear old Hereford High School. Her favorite subject is shorthand, and she has been a member of the Pep Club for 4 years and in the Glee Club for 2 years. Jeane's favorite sport is roller skating and her hobby is collecting pennies. By the way, if you find any extra pennies you might give them to Jeane because she may need them sometime—she happens to be engaged—gee, I wish I needed some pennies. I hope that she can make chocolate pie because that is her favorite food. Jeane was drum major of the band this year and she is tops in twirling too.

Jeane intended to attend St. Anthony's Nursing School when school was out and become a nurse, but I wonder if that is still her ambition. See, she is in the hospital now convalescing from an appendectomy. We miss you a lot, Jeane, so hurry and come back to school.

We might call, Texie Ruth Reynolds our "Silver Queen" because her ambition seems to be, of all things, a card shark. Her real nick name is "Butch" though. Way back in February on the eighteenth day of the year 1926, our little "Silver Queen" was born in Quitaque, Texas, and has been kicking ever since. Texie just nearly forgot to grow up, anyhow, she is the cutest little girl of 5 ft. 1 1/2 in. with brown hair and eyes that you ever saw.

Texie can sing just wonderful and now I can see that her favorite song is "As Time Goes By." (Texie, will you sing it for us not so long from now?) Her hobbies are skating and reading and on the side line she enjoys eating hamburgers and cherry pie—this proves that she is true American. Texie's favorite saying is "Golly Wiggle." She was secretary of the Junior class and is Student Council representative this year of the Senior class.

Personally, I think Texie's ambition is just a joke but if it isn't I am sure that we all wish her "luck" in achieving it!

"Why Don't You Do Right" may make you have an inferiority complex, but don't get worried because that is just Lee Etta Hopson's favorite song. Lee Etta was born in Hobart, Oklahoma on July 6, 1926 and since then she has really come along ways—not in size, but in prettiness and friendliness. And no wonder! Because she is 5 ft. 2 in. tall and weighs 115 pounds. Lee Etta has luscious brown eyes that seem to melt all the boys she comes in contact with and long brown hair. Her favorite food is French fried potatoes and her hobby is collecting good records. I could tell you what her favorite saying is but it seems to be censored, but I don't think that it is really that bad.

Lee Etta has been a candidate for football queen and the reporter of the Glee Club. I don't know whether Lee Etta is spoiled or not but now her ambition is "to do anything I would like to." I am sure that everyone of us wish her the best of luck in her ambition, because after all, who wouldn't like to achieve that ambition.

Four Students On High Honor Roll At Central School

Only four students in Central are on the high honor roll for the fifth six weeks. They are Colline Brown and Edward Lee Barnes of the fourth grade; William Earl Barnes of the sixth grade; and James Ellis Higgins of the eighth grade.

Those on the low honor roll in the fourth grade are: Franklin Hussey, Bobby Morgan, Jerry Reece, Gene Walker, Reece Whittington, A. L. Williams, Darrell Bains, Mary Kathryn Boyd, Mary Harrison, Nelda Guy Lawrence, Pat Kerr, Orin Teed, Dwaine Walker, Lola Verne Pitts.

Representatives from the fifth grade are: Pat Corbett, Alex J. Schroeter, R. A. Sullins, Marilyn Craner, Kathryn Davis, Audrey Hood, Dona Jean Stagner, Leona Turner, Marselete Wilson, Virginia Cagle, Bobby Jane Sisk, Alma Faye Knox, Evelyn Lee, Reba Dones, Joyce Weaver, Merl Bridges, Elmer Jack Reynolds and Raymond Nixon.

Those from the sixth grade are: Conrad Clark, Mary Kathryn Carroll, Virginia Grep, Wanda Jean Harrison, Jo Ann Witherspoon, and Inez Tucker.

Seventh grade representatives are: Wayne Harold DeLozier, June Reynolds, Patsy Ann Slagle, Reuben Knox, Barbara Boyd, Jo Anne Jett and Mary Helen McGilvary.

The eighth grade representatives are: Ouida Hudson, Viola Beckman, Duane Foster, J. L. McFarling, Cecilia Guseman, Estelle LeGrand, Anne Morgan Jewel Rudd, Beth Scott, Jearreen Sowell and Sue Walker.

Ellen Posey Selected Area I FHT Reporter

The newly elected reporter of Area I of F. H. T. is Ellen Posey or as we know her, "Bootsie." The local chapter of the F. H. T. sent to the Area Executive Council, Bootsie's qualifications and her picture. In three days the notification of our candidate's election was received.

The duty of Area reporter is to keep the public well informed on all activities of Area I. The Betty Chapter of the F. H. T. is proud of Ellen's being elected to such an honored position. Candidates were nominated from all over the Panhandle. Keep up the good work, "Bootsie."

and a headliner of the Staff, was born February 6, 1926 in Hereford, Texas, and now she weighs 124 pounds and is five feet and six inches tall. Bets has brownish green eyes and brown hair.

Now to let everyone know a little of Betty's personal life. She wouldn't tell us all we would like to know about her ambition but it was to get to wear a certain pair of silver wings. (wonder who he could be?) This is why her favorite song is "He Wears A Pair of Silver Wings" I suppose. Betty likes horseback riding and swimming very much. Betty Sue can surely eat delicious hamburgers too because that is her favorite food. Of all her subjects she is taking in school she likes typing best.

After Betty Sue graduates, she wants to go to college at Denton.

That good looking senior boy who has gray eyes, dark brown hair, weighs 145 pounds and is five feet and eleven inches and is very bashful is none other than Luther "Ouchy" Worley. "Ouchy" was born September 2, 1923 in Hooker, Oklahoma. He attended school in Colorado a year, New Mexico a year and Kansas two years before he came to the Hereford schools.

Just let anyone mention riding horses and "Ouchy" is ready to ride because that is his favorite hobby. Carrots are his favorite food and golf is his favorite sport. "In the Mood" is "Ouchy's" favorite song. He has no particular pet peeve or favorite saying.

Luther has a very interesting ambition to be a Forest Ranger, but first he must help Uncle Sam with a big job, for he will be leaving in May to join the armed forces. He wants to get into the Naval Air Corps. Good-luck to you, Luther, in your new job and we at home will be backing you a 100 per cent.

Slump In Grades In 5th Six Weeks

Something drastic surely has happened in high school to keep students from being on the high honor roll. Only one person the past six-weeks made all A's; this person was Ruth Tucker, a Junior. During the present school year, Ruth has made twenty-two A's and three B's.

The Freshmen making the low honor roll are: Madelle Beavers, Jessie Ann Buckner, Charlene Davis, Helen Tucker, Jackie Wright, Joe Bishop, and J. R. Euler.

The Sophomores are: Helen Acker, Jeanne Albracht, Marcella Blue, Naomi Brumley, Betty June Euler, Lonidene Martin, Betty Jane Robinson, Patsy Sanders, Juanita Upton, V. C. Hopson, Billy London, Lloyd Manjeet, and Delmo Williams.

The Juniors are represented by two girls, Kathryn Acker and Marie Moreman.

The Seniors are: Margaret Barrett, Marjorie Morrison, Phyllis Radovich, Vera Rae, Nona Deen Rose, Billy Dameron and Felix Pyka.

Perils of Coke Machine Are Given As Warning

This is "Hazards of the 'Coke Machine'" or "Don't Do it with that Sunday Suit on!" I am telling you this so that you may profit by my experience. I'll never buy another coke from that vicious coke machine on the first floor; it just isn't safe. Now all of this happened to me in about ten minutes and I'll tell you, it was enough to last me for ten months.

Here's just what happened: A noon one day I sez to myself, "Why don't you go get yourself a coke?" I walked up and down halls looking for change for a quarter till I thought my legs would drop off. I decided that I'd put a penny in just to see if it would work. And if that darned thing didn't get stuck!! I twisted the release until it nearly came off but finally that penny came out.

I was still standing there and up walked a guy with some change. Boy, was I glad to see him! I put in a nickel and I could just taste that coke when I heard it coming. Was I in a hurry to open it! I stuck it in the opener and it got stuck. I tried to pull it out and did the contents start squirting out! Oh, no, just soaked my clothes! By pulling hard I ended up with about 3-4 bottle. If you think that I got to drink my coke you are mistaken because that would

"Little Sister" Night Is Observed By Tri-Hi-Y Club Tuesday Evening

"Service of the Body" Is Hi-Y Discussion

At the Hi-Y meeting Tuesday, April 13, the vice-president, G. P. Owen, called the meeting to order and read the following Scriptures: First Corinthians 6:19-20 and Romans 12:1. He then discussed briefly the text of these verses: the service of the body in religion.

The forthcoming Mother and Son Banquet, which will be May 7, was discussed further, and a program committee consisting of Lyle Fluit, G. P. Owen and Edward Young was appointed.

More plans were also made for the election of officers for the next school year. A nominating committee, composed of John Douglas Pitman, George L. LeGrand, and Bruce Beene, was appointed.

The Hi-Y Benediction closed the meeting.

Some Plan for Holidays

Over the Easter holidays several of the pupils are lucky enough to have tires to go places but some have to stay home and write themes. The following students were asked what they were going to do over the Easter holidays. These are their answers:

Billie Erlene Sexton—"I may go to Shamrock."
Betty Jane Robinson—"The Lord knows, I don't."
Miss Easter—"I'm going to my home at Dimmitt and plant my gladiolas and roses."
Jim Hicks—"I'm going to Amarillo."
Mary Ruth Russell—"I'm going to stay at home."
Henry Perry—"I don't know."
Florence Wilhem—"Paint the bathroom."
Joan Smith—"Learn my band solo."
Jessie Ann Buckner—"I don't know now, but I hope I get to go somewhere."
Mrs. Gilliland—"Work on my clothes so that I can attend classes four more weeks."
Wanda Lee Terry—"I haven't the slightest idea."

be good luck and no good luck is in any way connected with that monster of a coke machine. That little innocent coke was sitting on a desk; and if the girl in front of me didn't turn around and knock it off right in my lap. If the coke machine is ever crashed in, just blame it on me!

"Seek, find, and share," is the objective of the Tri-Hi-Y club, and this was what the girls were doing Tuesday night, April 13, when each girl brought her "little sister" and shared the things she had accomplished during the year in Tri-Hi-Y with her.

The program was on the "Tri-Hi-Y As a Club" for the benefit of the "little sisters" that might want to join next year. The Tri-Hi-Y song "Living For Jesus" opened the program. Mary Ruth Russell read the Scripture—Luke 2:40-52. The group then stood and repeated the Lord's Prayer.

Marie Compton told the objectives and aims of Tri-Hi-Y and how it helps the girls as they grow into womanhood. Lonidene Martin reviewed the programs of the year.

Juanita Wiseman very beautifully sang the Tri-Hi-Y creed, "I Would Be True." She was accompanied by Madelle Beavers on the piano.

Nona Deen Rose recalled things the Tri-Hi-Y accomplished in their various projects during the year which added to the comfort and happiness of the club and the entire student body and people in town. Phyllis Radovich read a lovely poem, "If—For Girls" by Elizabeth Lincoln Otis.

To close the program, a friendship circle was formed and the group sang "Bless Be the Tie" followed by the Tri-Hi-Y benediction.

The rest of the evening was spent in the gymnasium, where everyone thoroughly enjoyed herself. Refreshments were served to the group.

"Little Sisters" present at the entertainment were: Wanda Allmon, Johnny Marie Fastzold, Jacqueline Newell, Jo Ann Rosson, Pauline Loerwald, Erva Fluit, Paula Mothers, Helen Pitman, Jessie Ann Buckner, Wanda Jean Smith, Betty Robinson, Johnny Sexton, Elizabeth Cocanougher, Wanda Crawford, Mary Estelle LeGrand, Barbara Burney, and Doris Goldston.

Christine Smith—"Write a term theme."
Naomi Brumley—"I'm going to think about planting a victory garden if I don't get a headache first."
Mr. Smith—"I'm going to work on the farm."
Bonnie Cooper—"I don't know but I want to go to Shamrock."
Bruce and Barbara Ann—"Ahem, that's none of your business."

Proper Care of Household Appliances Subject For Company Representatives

Representatives of the Blanton Butane Gas Co., Fraser Oil Co. and Southwestern Public Service Company last Saturday afternoon gave valuable hints on the proper care of household equipment at the "Appliance Clinic" sponsored by the county home demonstration clubs.

Lyle Blanton and Earl Phillips, discussing care of butane systems, pointed out the danger in the practice of filling butane bottles from large tanks at the irrigation pump or elsewhere on the farm. Bottles should be filled only when it is possible to get an accurate gauge of pressure.

Miss Annabelle Hickman, home economist of the Southwestern Public Service Company, and Sam H. Batton, local manager, pointed out that it is still possible to get repair parts for most electrical equipment if the customer will make contact through his dealer. At a discussion club members decided that service calls should be organized, with neighbors in a certain section of the county combining their service requests so that one call can be made to repair equipment for the entire neighborhood. This practice, it was pointed out, will save man hours, tires and gas.

All the company representatives gave information on the care of appliances to insure longer life and better operation. County Agent A. R. Bateman demonstrated the proper way to sharpen knives and cutlery.

SONS In the Service

Cpl. Paul Lyons came home yesterday from the Amarillo Flying Field to spend a 24-hour leave with homefolks. He is the son of Mr. and Mrs. F. P. Lyons.

Tech. Sgt. Marvin C. Harris, son of Mr. and Mrs. Garland E. Harris, has recently arrived in North Africa and writes that he is "somewhat thrilled" with the country. Sgt. Harris also reports glowingly of the food which the Yanks are getting, stating that it is even better than the food they got in the States.

Stating that he had attended church on his first Sunday at the North African base, Sgt. Harris says that he is really learning something about the Bible and not "how much money the church took in last Sunday."

Jack Dale Allmon, son of Mr. and Mrs. D. H. Allmon, left Lubbock Monday for San Diego, Calif., where he will enter the Navy.

Cpl. Wade C. Goldston has recently graduated from a course in aviation mechanics at Sheppard Field. Goldston is now qualified to play a vital role in the Army Air Forces air crew teams that "Keep 'Em Flying," and after advanced training will serve as an aerial engineer. He is a son of Mr. and Mrs. H. D. Goldston of Hereford.

Lt. Louie Wedel arrived last Thursday for a week's visit in the home of his parents, Mr. and Mrs. H. T. Wedel. Lieutenant Wedel, a bombardier in the Army Air Corps, has been stationed in the Caribbean war theatre for the past year and made the trip home by boat, arriving in New York. He visited a sister, Mrs. Ann Schneider, in Luyerne, Pa., before coming to Hereford, and from here he will go to Davis Monthan Field, Tucson, Ariz., for further training. Other visitors in the Wedel home last week-end were Pvt. Henry T. Wedel and Sgt. Lawrence Talken of Sheppard Field. Sgt. Talken and Lt. Wedel are old friends, having been stationed together before Lt. Wedel started his bombardier training.

of their local boards, would create extreme hardship or privation for a dependent wife, child or parent.

This information is from an OWI news release received this week and represents the present status of dependency deferment under Selective Service rules. So far as is known at present, these are the general rules which will guide local boards, most of whom face a big reclassification job to get their lists of men classified in accordance with the new regulations.

Let's Cook Something

The origin of this recipe must have been far away and long ago for you bring a sense of old traditions and memories of our grandmothers into the kitchen when you prepare it. The recipe is a favorite of Mrs. Corinne Jennings' and she first began trying it out after eating in a place in Globe, Ariz. Though they would not divulge their commercial way of preparing Barbecued Ribs, she began experimenting and finally worked out one to suit her taste. In place of wine she uses vinegar. She thinks the wine adds something extra but the vinegar is more suitable for the average housewife. Ribs are of low point value which makes the recipe of interest by way of saving precious meat points.

Barbecued Ribs

4 lbs. spareribs (either pork or beef)
Trim ribs of excess fat. Place in roaster and brown while fixing the sauce.

Barbecue Sauce

2 tablespoons fat.
1 onion chopped fine.
Cook together in iron skillet until onion is brown and add the following:

- 1-4 cup vinegar
- dash cayenne pepper.
- 2 tablespoons Worcestershire or good meat sauce
- 2 tablespoons brown sugar
- 1 tablespoon celery salt
- 1-2 tablespoon dry mustard
- 1 cup tomato catsup
- 1 cup water

Bring this to a boil and then pour over the browned ribs and bake uncovered in a moderate oven for 1 1-2 hours, or until tender, basting at times.

Mrs. Jennings suggests two menus to go with the ribs. The first is a—

Missouri Dinner

Barbecued ribs — Baked potatoes
Buttered carrots — Red Cabbage slaw
Rolls and butter — mincemeat turnovers
The second menu is delightful for a buffet or kitchen supper when guests are being entertained informally.

Buffet Supper

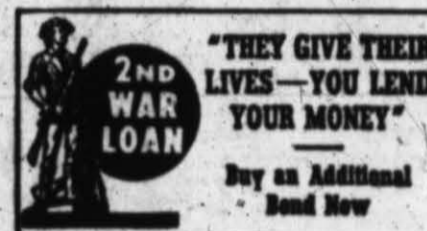

Barbecued ribs (served on a large platter or chop dish with various relishes, pickled peppers, pickles, radishes etc.)
Sliced lettuce heads served in wooden bowl with oil dressing.
Hot rolls and french pastries. Coffee (if you can get it).

Around Town

Ann Schloss is a wonderful cook, take it from those motherless orphans, Elizabeth Womble and Mary Jane Morgan, who cook a mean cheese sandwich that were very glad indeed to be invited to Ann's house Tuesday noon. They left the silverware, but reliable reports have it that they filled a few pockets with cake and have been living on the memory of Ann's cooking all week.

Point Values

(Continued from Page 1)

Under the new regulations the 23 ounce size, which has cost 6 to 10 points, will be at a new uniform cost of four points.

The reductions were made in most cases to induce customers to buy more of these items and in the case of the frozen fruits and dehydrated soups, the danger of spoilage was also a factor in inducing the lowered point values.
