## AROUND A Town

Sights and Faces Seen.  
Auction sale of the farm equipment at the Joel Switch farm of the Western National Bank has been postponed until Thursday Oct. 7. The sale will start at 10 o'clock A. M.

Mrs. Harry Engman, daughter Marguerite and son Billy Don, left last night for San Diego, where they will visit their son and brother, Harry Engman, Jr., Seaman 2-c in the U. S. Navy.

This particular bond story gets better and better, as E. Ramey reports today that he has sold \$3,843.75 in bonds since this time last week. This brings Ramey's total for the month to \$9,431.25, and he is loud in his praises of the way people on his rural route are buying bonds and helping to reach the country's goal.

You don't have to be a southerner to get enthusiastic about the kind of turnip greens the Taylor Farm interests are raising out on the J. V. Pickens place. This week they have shipped one car load of greens to a Virginia army camp, and they report picking 800 twenty-pound (net) baskets an acre and are making about \$200 an acre for each picking of greens alone. (Turnips are still in the ground). They are expecting to have about four more cars, and anticipate the difficulties of being as the biggest hazard in getting the greens to market.

### Grain Sorghum Loan Rate Set by C. C. C.

Loans on grain sorghums are now being made, it was announced this week by F. G. Collier of the county ACA office, who said that the Commodity Credit loans are operating on the same basis in effect for the past several years, though new rates apply to the 1943 crop.

The rate will be 85 cents on grain sorghums grading No. 2 or better, with the rate for No. 3 grain, 80 cents, and No. 4, 70 cents. These are the rates on farm-stored grain, with the requirements that the grain have not more than 13 per cent moisture content.

For warehouse-stored grain, the rate is seven cents less than the farm-stored rate; however, grain in warehouse storage is allowed to have as much as 14 per cent moisture content.

### Tailor Shops End Deliveries Oct. 11

No more pickup and delivery service will be offered by Hereford tailor shops, effective Monday, Oct. 11, it was announced today by Homer Fox, Geo. V. Stambaugh and Ernest Wade, proprietors of the local shops.

The curtailment of this service has been made necessary by the shortage of help, and it is the belief of local tailor shop owners that the time saved on delivery service can be better used in keeping up with the increased volume of cleaning and pressing business.

### First Grader Hit By School Bus

Clifford Russell, first grade student at Central School, suffered bruises and lacerations yesterday afternoon about 5:00 o'clock when he darted from behind a school bus and was knocked down by the Lakeview bus, which was driving up to the southeast corner of the Central School block.

The child, son of Mr. and Mrs. O. B. Russell, was rushed to the doctor and X-rays were taken, revealing no broken bones. Physicians said last night that the injuries appeared to be minor, but the child was kept in the hospital overnight for observation.

Fifteen Reporters on Staff

## Country Correspondents Render Real Service

Gathering the news is a week-long job for most of The Brand's 15 rural correspondents who cover the happenings in Deaf Smith, Castro, Farmer and Randall counties and a section on the New Mexico line and serve a population of well over 4,000 persons.

Writing the news does not take much time, according to the correspondents, but most of them, armed with pencil and paper, start taking down items for next week just as soon as one week's contribution is mailed in to The Brand; and of necessity the correspondent must be a person who takes part in all of the church and club activities in her territory. Before the advent of gasoline rationing, some of the correspondents covered a regular "news beat" in their community, but nowadays they are having to depend on the news they can gather at various community meetings.

### Job Is No Cinch

And take it from the correspondents, covering the news is no cinch. Like other reporters, they have a deadline to meet; and more than other reporters they are hampered by the difficulties of mail schedules and

bad weather. Certainly the correspondents are not in the business for the money because pay is small, compared to the time and trouble involved in the work; and a big factor in their devotion to the job is the genuine community service which they render in knitting a rural community closer together and giving the area an accepted medium for transmitting regular reports and announcements of interest to all the people in the territory.

### Have Overseas Readers

Generally speaking, the correspondents do a good job of covering the life in their community—the weather, the crops, the births, the deaths, the marriages, the farm and home improvements and community activities. Formerly, they wrote principally for the people in their own communities, but today their audience has enlarged to include service men scattered in almost every section of the globe; and most of the correspondents can cherish a few fan letters from these boys who write in their appreciation for news of the home community.

### Fifteen Correspondents

Following are The Brand's

correspondents and the communities they serve:

Bethel, Mrs. E. R. Rothwell; Daniel, Mrs. W. A. Moore; Dawn, Miss Helen Oglesby; Frio, Mrs. Owen Andrews; Heiselman, Mrs. B. A. West; Jumbo, Mrs. Sam Hunter; Messenger, Mrs. J. N. Messenger; Progressive, Lucile Park; Summerfield, Mrs. Guy Walsler; Vega, Mrs. D. C. McKendree; Ward, Mrs. Hughes Millard; Westway, Mrs. Merlin Kaul; Wyche, Miss Myrdred Henry; Ford, Mrs. Troy Newman, and Palo Duro, Miss Ethel Allred.

Most of the correspondents are farm housewives, a full-time job in itself, but their "extra-correspondent" duties include such other occupations as that of teacher, student and post mistress.

### They Get Bouquets

They don't get many bouquets, but when Mrs. Merlin Kaul, Westway correspondent, took a needed vacation one week last summer, she was approached by a reader with the complaint that there was "nothing in the paper." Which is the way the correspondents like their readers to feel about the community column.

## Garden Club Has Sixth Annual Flower Show

### Rev. Hayes to Speak at Revival Meeting, Oct. 7

Rev. George Hayes of Houston will preach at a series of evangelistic services starting next Thursday, Oct. 7, at the Hereford Assembly of God Church. Rev. Homer T. Goodwin, local pastor, announces that services will be held at 8:30 o'clock each night.

"Rev. Hayes is a very popular evangelist who has carried his ministry to some of the largest churches in the United States and Canada," Rev. Goodwin states, pointing out that the local church feels fortunate in securing his services for this meeting.

Before his entry into the ministry, Rev. Hayes was a professional firefighter, and his varied experience also includes work in the newspaper field.

The public is cordially invited to attend these services, which will bring messages necessary and helpful in meeting present-day problems.

Sunday School Rally  
Rev. Goodwin also announces that October is Sunday School Rally month in the Assembly of God Church and he invites all persons not attending Sunday School elsewhere to meet at the local church at 10 o'clock Sunday morning for a worthwhile worship program.

### Lady-faire Beauty Shop Opens Monday

The Ladyfaire, Hereford's new beauty parlor, will have its formal opening Monday, Oct. 4, it was announced today by Miss Delle Albracht, proprietor of the new business enterprise.

Equipment, which will be modern in every respect, is being installed this week at the shop at 187 East Third, east of the First National Bank, and Miss Albracht invites customers to (Continued on Page 12)

The public is invited to take part in the Flower Show to be sponsored by the Hereford Garden Club at the office of the Southwestern Public Service Company on West Third Street next Friday, Oct. 8.

Hours for the show will be from two until nine o'clock Friday afternoon, and the sponsors invite any person who has any unusual or especially beautiful flowers, potted plants, attractive arrangements, jellies or canned fruits or vegetables to take or send the entries to the exhibit room on Friday morning as early as possible. In inviting the public to attend the flower show, the Garden Club extends a special invitation to soldiers and their wives.

In line with current "victory" themes, a food show will be part of the Flower Show, and sponsors hope the new feature will add greatly to the interest and variety of exhibits.

Complete information on rules and prizes are contained in a list published elsewhere in The Brand and all prospective exhibitors are asked to clip the rule sheet for future reference. In addition to the many prizes in a wide variety of divisions and classes, there will be "sweepstakes" prizes (1st, 2nd, and 3rd.) to the three individuals winning the greatest number of first prizes.

The general committee in charge of the flower show includes Mrs. Liston Wilson, chairman, and Mrs. C. H. Dyar and Mrs. E. E. Fridley.

## Official Notice Of Kelly's Death Received Here

Mrs. Fred O. Kelly, the former Miss Effyle Whitsett, has been officially notified of the death in action of her husband, gunner on a medium bomber, somewhere in the North African area on Aug. 10.

Mrs. Kelly received unofficial notice of her husband's death several weeks ago in a letter from his commanding officer; but confirmation was not received until last week.

Sgt. Kelly, 28 years old, and a former district salesman for the Phillips Petroleum Company, had been in service for 18 months. He was reared in Amarillo and attended Amarillo Public schools.

Survivors, besides his wife include his parents, Mr. and Mrs. Clint Kelly of Bayfield, Colo., and a cousin, Thurman Gholston of Amarillo.

Mrs. Kelly is making her home with her mother, Mrs. John L. Whitsett, in the Ford community.

### Former Resident Dies Friday at White Deer

John H. Skaggs, one-time farmer in the Hereford territory and father of Mrs. Leonard Click of Hereford, died Friday night at his home in White Deer and funeral services were held in White Deer Monday afternoon.

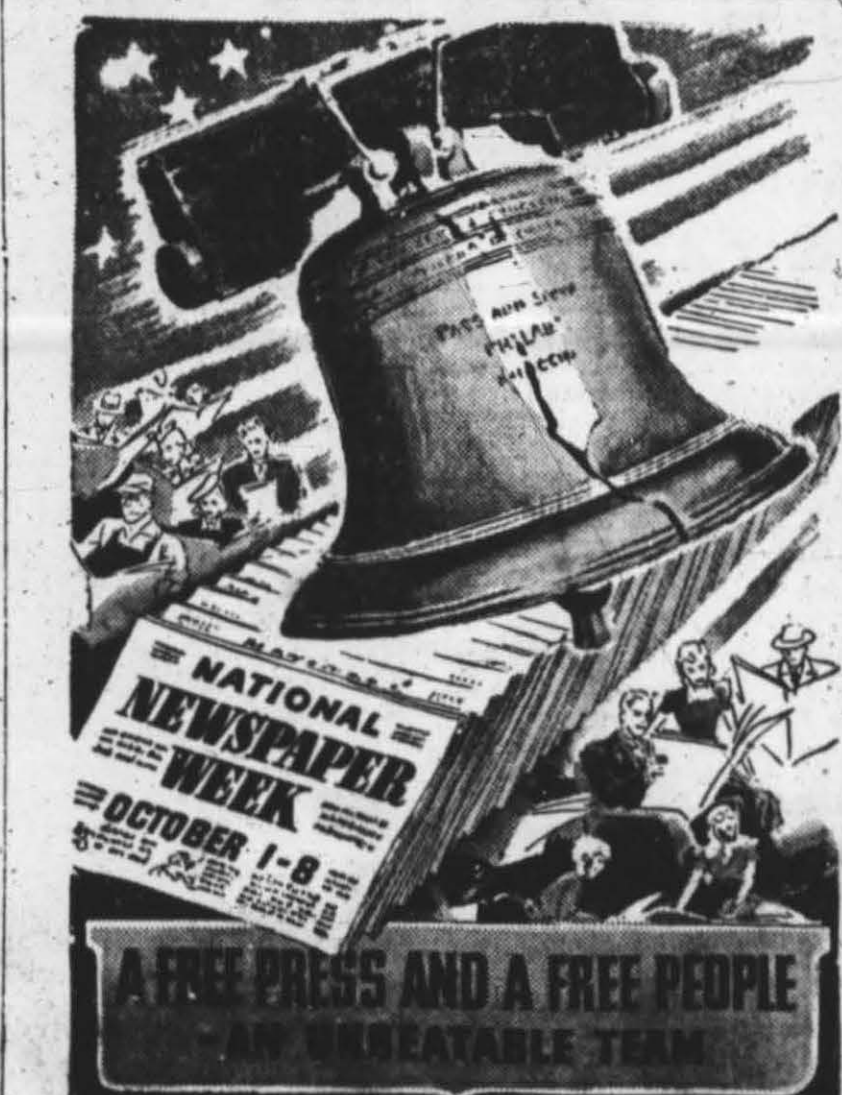

Mr. Skaggs moved to the White Deer territory 40 years ago and had engaged in the hardware and grocery businesses and had farming interests in the territory. He was one of the first school trustees at White Deer and had maintained an interest in community and school affairs.

Survivors, besides his wife, are three sons, Frank of the U. S. Navy, Glenn of Bakersfield, Calif., and Taylor, of White Deer; four daughters, Mrs. Click of Hereford, Mrs. Ernestine Goen and Mrs. Johnnie Ruth Harper of San Diego, Calif., and Miss Mary Lou Skaggs of White Deer.

### Buyers of Trucks Must Have Transfer Certificate To Get Gas Ration Book

In order to get a gasoline ration book for a newly purchased second hand truck, the purchaser must present an OPA certificate of transfer, properly filled out, at the rationing office. These certificates are available at the county rationing office.

## County \$141,000 Short With Two Days Left in Bond Drive

Bond sales, including Wednesday, Sept. 29, \$348,562.26.  
Bond quota, \$490,000.  
Amount to be raised, \$141,037.74.  
Time to go—two days.

That's the score, and not very outstanding. Many counties and communities have already reached their goal in the Third War Loan Drive and it's going to take some heavy buying in just two more days to put Deaf Smith County among that number who have gone on record to "Back the Attack."

"It's a job for all of us," Bond Sales Chairman, J. C. Ricketts said today, "and whether we can buy a \$25 bond or a \$1,000 bond, this is the signal for us to go out and buy that EXTRA bond—the one we can't afford." "The boys at Naples were not earnestly requested to take the city," the bond chairman continues, "those boys are acting on orders; and completing our part of this Third War Loan drive should be considered our orders of the day on this particular part of the home front."

"The fighting men from this county are carrying the attack to the enemy on every front—on land, on sea and in the air—and the civilians now have an opportunity to give those sons in the service a concrete pledge of assistance. It's an opportunity—and no sacrifice—to invest in U. S. securities. It's a duty, and if it means giving up something you had planned to buy, that's still no sacrifice compared with the services offered by fighting men."

The whole story is pictured for you right here . . . the story of how your newspaper, working in cooperation with local merchants and government agencies has been able to bring important war time messages to you.

And the success of the press in putting over numerous war time campaigns may be traced back directly to the fact that it is a free press. There is no dictator to determine a "propaganda" line; a free press; and though the press has turned in to do a good job in promoting the main objectives of winning the war, it has maintained its free right to criticize any methods taken by those in authority.

For the most part, this power of the press to criticize has been used constructively and has resulted in improvements of the conditions brought to public notice.

For when a free press works in cooperation with a free people, the errors of a Democracy will be corrected and that Democracy will eventually triumph over all its foes, both at home and abroad.

## Slagle Funeral Rites Sunday In Panhandle

Funeral services were held Sunday afternoon in the First Methodist Church of Panhandle for Mrs. H. B. Slagle, 75 year old, who died Saturday at the family home one mile south of Hereford.

Born Nov. 7 1867 in Scott County, Va., Miss Narcissus Neal was married to H. B. Slagle on Oct. 31, 1886 in Sneedsville, Tenn., and the family made their home in Missouri until 1917, when they moved to Panhandle, where they lived until about three years ago, when they came to Hereford.

## Wyche Soldier Died In England On September 22

Cpl. Glynn Edward Barker, who had made his home with his uncle, G. P. Gandy, in the Wyche community for several years before his induction into the army on Nov. 19, 1942, died on Sept. 22 somewhere in England. Corporal Barker was a son of Mrs. R. L. Baker of Turkey, Tex.

No details of the cause of death were given in the War Department message.

Corporal Barker had many friends in the Wyche community and in Hereford who join with the family in sorrow at his death.

### Small Moisture Measured in Rain This Morning

Rain amounting to .15 of an inch fell in Hereford early Thursday to bring the first moisture in practically a week of damp, threatening weather.

Hard rains this morning brought the first real break in a several month's drought.

Though no good rains had been reported anywhere in the Hereford territory early this week, farmers say that the cool, damp spell has provided good growing weather for wheat, part of which is now up. However, early planted grain has not been able to combat the drought.

## Members Give Green Light to Bigger Local Chamber of Commerce Program

Chamber of Commerce members have given the green light to a generally stepped up program and at the same time have expressed definite preferences for the type programs which they prefer to be emphasized. These conclusions are pointed by the tabulation of results from 92 questionnaires recently mailed out by the Chamber of Commerce and returned by members.

Re-employment Tops List  
Concerning post-war plans and activities, members feel that re-employment of war veterans should top the list of chamber of commerce aims. Other post war programs, in the order of their importance as judged by the members.

(2) Farm to market roads; (3) commercial airport; (4) modern hotel; (5) swimming pool; (6) improvement of city and county parks; (7) routing tourist traffic over Highway 66; (8) Hereford lake dam and dredging of Tierra Blanca; (9) modern tourist camp; (10) advertise "Town Without a Toothache;" (11) community auditorium.

The large majority favored a doubling of the population of Hereford and Deaf Smith County and believed that the chamber of commerce office should be moved to Main Street. About equally divided was opinion as to whether the chamber of commerce should sponsor a trades day.

### Diversification Favored

C of C members believe that their group can best serve community interests by sponsoring a diversified farming program. Other farm programs, in the order of their importance as judged by voters were a 4-H Club program in which they were chosen gram, a county fair and a pioneer day.

A dehydration plant headed the list of new industries which members believe will most benefit the territory. Other industries, in the order of their choice, were canning plant, cheese factory, cold storage plant, meat packing plant, small grain cereal packing plant, beet sugar factory, experiment station, canned milk factory and a nursery.

Feesy Re-elected  
Carried 100 per cent was the proposition that all business firms should contribute to the support of the Chamber of Commerce; and members were almost unanimous in believing that membership dues should be enlarged, if necessary, to take care of a broader chamber of commerce program.  
Members also heartily endorsed the work of secretary, Treasurer E. B. Fryer, who was re-elected to his position. The board meeting Monday night.

## Betty Jo Kendall and Sgt. Hagans Are Married in Home Ceremony

The marriage of Miss Betty Jo Kendall, daughter of Mr. and Mrs. J. R. Kendall, and Sgt. Preston E. Hagans, son of Mrs. V. M. Scott, was solemnized Saturday morning at 10 o'clock at the home of the bride's parents.

Rev. Herman Coe, pastor of the First Baptist Church of Spur and a close friend of the bride, read the impressive double-ring ceremony.

The improvised altar was arranged before a double window and banked with greenery. Tall floor baskets, which had been used in five other weddings in the family, held white fall flowers. White tapers in the tall candelabra were lighted by Mrs. Grady Wilson, Jr.

Miss Thelma McMinn played "The Rosary" (Nevin) and "Chant D'Amour (Love Song) for pre-nuptial music. She accompanied Miss Polly Dixon, who sang "I Love You Truly" and also played softly during the ceremony.

Sister is Attendant  
Miss Geraldine Kendall, sister of the bride, served as maid of honor. She wore an all-white wool dress and her corsage was of pink rosebuds. Grady Wilson Jr. served as best man.

The bride, who was given in marriage by her father, wore a street length, winter white dress in wool, styled with full skirt and long waist. Her accessories were in black and a gardenia was worn in her hair. A gardenia matching the one in her hair,

topped the white Bible she carried and her something old was a handkerchief belonging to her mother. For something borrowed she wore a black onyx ring belonging to a friend.

Reception Held  
Following the ceremony an informal reception was held. The dining table was covered with a white cut-work linen cloth and appointed in silver. White tapers burned in single holders. The tiered wedding cake was cut by the bride and served by Mrs. J. B. Noland and Mrs. C. J. Crump, cousins of the bride.

The bride is a graduate of Hereford High School and attended T. S. C. W. at Denton last year.

After a short trip the couple will be at home in Brownwood. Sgt. Hagans is in the tank destroyer division of the U. S. Army stationed at Camp Bowie. The bride chose a black gaberdine suit for traveling with black and white accessories. Her Corsage was of gardenias.

## DAWN STUDY CLUB HAS PROGRAM IN LLOYD BENSON HOME

A program taken from the Reader's Digest Study Course was presented at the Dawn Study Club meeting held last week at the home of Mrs. Lloyd Benson. Mrs. H. E. Stevens was leader and introduced the first speaker, Mrs. A. T. Frye, who quoted

Louis Bromfield to introduce her subject "Rural America". Quoting Mr. Bromfield, she said "I knew that the nearest thing to security unstable man could have was the land. If I could leave my children the things which the earth could teach them, plus perhaps a prosperous farm and a big house as refuge, I would be satisfied." She described the worn-out Ohio farm purchased by Mr. Bromfield and his five years of work to prove that the 645 acres could support more people than they had ever supported before. In conclusion Mrs. Frye pointed out that the future Rural America depends on the way we farm today and the imprint each man leaves on the land.

Mrs. Johnnie Womble was the second speaker, using the subject: "Cooperative Health Harvest." She gave the following statistics taken from the Reader's Digest. "It is estimated that one third of the deaths in the U. S. every year are preventable. An explanation being that under our system, the doctor is a private tradesman with services to sell that only sick people will buy. Cooperative medicine will improve conditions by freeing them from the uncertainties of private practice; the charity case, the burden of uncollectable debts and the overhead of office and equipment." She told of Henry Kaiser's plan to bring "good medicine" within reach of all and described the medical plan which is guarding the health of the man who build the ships as a triumph of group medicine.

Three new members were welcomed into the club. They were Mesdames N. R. Miller, H. H. Miller and McCabe. Mrs. Wm. Wimberley conducted an interesting parliamentary drill. Members present were Mesdames W. P. Caraway, J. B. Coanousher, Fred Fain, A. T. Frye, Walter Galley, Ernest May,

H. E. Miller, Eddie Reinauer, W. J. Stewart, H. E. Stevens, Cal Walker, Floyd Walton, C. A. Wimberley, Wm. Wimberley, T. L. Welch, Baker Womble, Johnnie Womble and the hostess. Guests at the meeting included Mrs. Mary Bird, Mrs. Edgar Lemons, Miss Bertha Frye and Mrs. L. E. Stevens.

## CHILD STUDY CLUB HEARS BOOK REVIEW

Members of the Child Study Club heard an interesting book review at the meeting held Thursday evening at the home of Mrs. Marvin Boyd. The book, "Our Little Child Faces Life," by Mary Clemons O'Dell, was reviewed in detail by Mrs. O. M. Stewart who, in beginning, said of the book "It deals with teaching religion to little children in every day life. It provides some of the answers to problems that may arise in any well regulated home." She recommended the book to young mothers and told something of the author, who is a Presbyterian minister's wife. During the business session a letter was read from Mrs. G. M. Hudson, a past president of the club, who has recently moved to Brownwood.

Special guests for the evening were four soldier's wives whose husbands are stationed at the Hereford Internment Camp. They included Mrs. E. Tremplay, Mrs. A. L. Peck, Mrs. B. F. Lumpkins and Mrs. Theron Bechtold.

Only four short years ago, The Vogue opened its doors as a new business in Hereford. Our beginning was small enough, as many of you will remember, but we possessed experience and ambition.

During these past four years, our customers have been wonderful. True enough, we have tried to serve you faithfully and capably . . . always keeping foremost in mind that our customers wanted Quality Merchandise and that they deserved fair prices.

Since Pearl Harbor conditions have been difficult, as all of you know. We have haunted markets from Texas to California . . . and still our stocks are short in several departments. However, we are still doing our best to keep our stocks in shape — and we are still keeping in mind the ideals upon which this store was founded.

As we start upon another year, therefore, we want to express our sincere appreciation for the many courtesies you have shown us . . . to assure you that we will serve you to the best of our abilities at all times . . . and to invite your continued good will in years to come.

# Shellacked by Olton Whitefaces On Block, Tackle, Charge Routine To Get Ready for Game With Dumas Tomorrow

Shellacked by Olton last week to the tune of 13 to 0, the Whitefaces have settled down to a "block, tackle and charge" routine, which Coach H. V. Stanton hopes will get them into shape for their first conference game of the season at Dumas Friday night.

Concerning the Olton game, Coach Stanton described both teams as weak; though Olton's edge in most phases of play

## Jap Flame Thrower

showed up accurately in the score.

The Olton gridsters scored in the second and third quarters, making most of their gains on sweeping end runs, against which the Whiteface blocking and tackling proved ineffective.

Hereford threatened only once, when they received a long pass which put them into pay dirt territory; but their offense failed to elick and the opportunity was lost.

Manjeot, tackle, was out of the game as the result of an injury received in practice last Thursday; and Quarterback Lloyd Olson, whose ankle is still lame, was handicapped throughout the game.

Hereford's opening lineup included Fluit, LE; Hopson, LT; Jennings, LG; Skelton, C; Higgins, RG; Robinson, RT; L. H. Lookingbill, RE; London, LH; Close, RH; Reeves, F, and Olson, Q.

Substitutes were Calhoun and Schaeffer in the backfield, J. L. Lookingbill at right tackle and Gayle Rogers at right end.

Starting lineup against Dumas will be approximately the same, except that Manjeot is ex-

pected to be back in his regular position at right tackle. Dumas, defeated last Friday by Dimmitt 24-0, has a fairly weak team, according to the dope bucket; but the Whitefaces' chances of success depend entirely upon how well the boys get on to Coach Stanton's block, tackle and charge lessons. In the future loom contests with Dimmitt and Fronp, District 1-A leaders according to early season ratings.

## Women at Work for a Railroad at War

America needs millions of women to take over war jobs... to stay with those jobs... to help speed the day when our fighting men will return victorious!

Santa Fe women are answering this call all along the line.

Right now thousands of Santa Fe women are doing war-vital work to "keep 'em rolling." Many are pitching into "unglamorous" jobs... greasing engines, operating turntables, welding shovels, working in blacksmith shops,

and cleaning roller bearings. They take pride in their work, too!

Many of these women have husbands, sweethearts, brothers or sons in the armed forces. Many came to work to replace a Santa Fe relative who had been called into service. Others took jobs because they knew womanpower must step in when manpower goes to war.

☆ We of the Santa Fe salute these women who know that what they are doing is vital to Victory!

## MRS. RAY JOHNSON IS HOSTESS FOR PIONEER STUDY CLUB

An interesting program built around the study course, "Know Your Neighbors," was presented for the Pioneer Study Club Tuesday when members met at the home of Mrs. Ray Johnson in Summerfield. Mrs. Wirt Phillips was co-hostess. Mrs. P. H. Gilliland was director of the program.

Some day, if God is with him, he'll come home.

And when he does, you'll get the biggest thrill of your life if you can look him squarely in the eye and say, "I couldn't help you fight—but I did everything in my power to help you win!"

There's only one way you can say that... honestly say it. And that is to help him win now... when he needs all the help you can give him.

Today's particular job for you is to scrape together

every dollar you can—and buy an extra \$100 worth of War Bonds! That's your job in the 3rd War Loan!

It's not enough to buy your regular amount of Bonds. It has to be more. It has to be an extra buy—a little more pressure for the shoulder that's against the wheel.

## Presbyterian Church

The Sabbath School will convene at 9:45 A. M. This Sunday is Rally and Promotion Day in our Sabbath School. We are working for a 100 per cent attendance this Sunday.

At the eleven o'clock worship hour, the sacrament of the Lord's Supper will be commemorated. This is World-wide Communion Sunday on which Christians all over the world will join together in the celebration of the sacrament of the Lord's Supper. We trust that every member of the Church who possibly can will be present for this service.

The Pastor will be in Memphis

Sunday evening to conduct a world-wide communion service for them since that church is without a pastor. For this reason, there will be no evening worship service at our church. A cordial invitation is extended to all who so desire to worship with us in all of our services.

Cpl. Irvn A. Burdne of Hereford has been awarded the Good Conduct medal for excellent character and efficiency ratings during more than a year's service at the Lubbock Army Air Field.

It may sound far-fetched, but Mienard Koelzer will be able to subtitle the story of his experiences in World War II as "Life in a Ketchup Factory."

For that is exactly what Cpl. Koelzer, now stationed at Pine Camp, N. Y., is doing to win the war. Writing to his parents, Mr. and Mrs. M. H. Koelzer, Cpl. Koelzer admits that he hadn't thought about saving the New York tomato crop when he joined the Army; but he gets six dollars a day for making ketchup and is being philosophical about the whole thing.

## Prince Hereford

Say—it's really good to see all you kids back in school again! You can't imagine what a terrible summer I spent just hanging here on this wall. If it were not for Homer (the flea) I suppose I would have just gone out of existence! You know Homer is so good about bringing all the news to me. Why just this morning he told me about a conversation he overheard in the auditorium that went something like this:

Gerald Smith: "Bobby, what-cha lookin' so mad about?"  
Bobby Jennings: "You'd be mad too if somebody stole your honey and nectar!"

You may think that one was pretty good but you haven't heard anything yet—I guess you Freshmen have noticed what a mad rush high school really is, but the biggest hurry I've seen Orville Calhoun in lately is rushing Doris Hooker!

Something has really gone wrong this year! You know how the Seniors used to push the Fish around? Well, just yesterday I actually saw Cecilia Guseman slap Arline Millard (a most dignified Senior) on the back and say: "Hi ya Muleface! What grade are you in, huh?"

I wonder why Mistle Lee Roots keeps coming in the school building by the fire escape. Do you suppose she hasn't found the front entrance yet?

In chemistry class the other day Miss Hancock asked John Knowles: "John, what does the formula HNO<sub>3</sub> stand for?" and John said: "O-shoot, I've got it right on the end of my tongue." Then Miss Hancock said: "Well, you'd better spit it out, it's nitric acid!" Say—that really got him!

If you Sophomores and Juniors are wondering what that loud noise is you've been hearing each period, it's only Miss Crawford's English classes making a wild dash for the library. I oughta know because Mr. Ford got caught in the scramble and we almost lost another principal.

Now for the benefit of the Freshmen and myself, I would like to announce that I need a little more attention. If you've never noticed me before, I am right over the trophy case on the first floor. It kinda hurts my feelings for all the "good-mornings" to go to Mr. Kinard and besides you are in debt to Homer and me for letting you in on so many good secrets, doncha think so? But, of course, we are thankful to you for giving us so much news and we will appreciate a lot more. If I am a little tall for you to whisper it in my ear, just tell Homer and it'll get to me. So-long kids, until next time!

## "Ideal Home" To Be Theme for F. H. T.

"The Ideal Home" is the theme of work for this year's F. H. T. Betty Jane Robinson, vice-president of the club, announced the theme and the other important plans for the coming year at the first meeting of the F. H. T.

F. H. T. is the short name given to Future Homemakers of Texas. The club is helpful and interesting to all girls who have had homemaking and to the girls who are now taking homemaking. All girls that wish to be members of F. H. T. must have had homemaking or be taking

## Football Queen

The school's heartiest congratulations go to Miss Rosella Albracht, Football Queen of 1943 from the Junior Class! The other Football Queen candidates were Ellen Posey from the Senior class, Elizabeth Benson from the Sophomore class, and Virginia Lyons from the Freshman Class.

Rosella is a brunette with a pleasing smile and quiet nature. She has large greenish-brown eyes and is truly a beautiful girl (as you can see by her picture). She was secretary of the F. H. T. during her Sophomore year. One of her many traits is friendliness. Rosella is very popular among the students and admired for her consideration of others.

The other three charming girls would have also made good queens. They have good personalities, pleasing dispositions, fine attitudes toward others and likable traits. Hereford High School is proud to be represented by these girls and feels that any one of them would have been a fine queen.

## B. S. P. Organizes

Lookingbill, Edward Roberson, Jim Hicks, Lyle Fluit, and Ted Higgins. The sponsor is Miss Kathryn Davies.

## HHS Welcomes Its New Students

When school first started I wondered if I was really in the right building. I had never seen so many new people in one place and I'm no talking entirely about the Freshmen. There are so many new students here, people who are in Hereford schools for the first time. We would like to welcome you to H. H. S., and we hope you like our school.

The Senior class is the smallest class, and it has only two new people, Wanda Rose, who comes here from North Hollywood, California, and Carroll Lee Schaffer, who comes from Clayton, New Mexico, are the new Seniors.

The Juniors have three new members: John Knowles, from Austin; Claudia Mathis, from Lakeview; and Margie Waits from Canyon.

The Sophomores have six new members, but one of them has gone to Hereford schools before. Bobby Bagwell, from Cole Jr. High; Dottie Davidson, from Royce, City; Earl Griffith from Stratford; Aldon Hawks, from Dimmitt; Gayle Rogers, from Port Neches; Ezell Wilshire from Trout Public School.

Of course, since the Freshman class is the largest class, they have more new people. John Dyer, from Vega; Rae Delle Griffith, from Stratford; Irene Jones from Shamrock; Johnnie Rogers, from Port Neches; Doris Roberts, from Crosbyton; Melzer Rose, from Vega; Farest Smith, from Port Arthur; Harold Shults, from Las Vegas; and Billie Wall from Quail High are the nine new fish.

Again I'd like to say to you new members—welcome to Hereford High!

## Arline Millard Is New Pep Club President

The new Pep Club officers are: president, Arline Millard; vice-president, Bettye Morrow; secretary-treasurer, Elizabeth Benson; reporter, Peggy Barnard. Miss Cox was elected the new sponsor, and Miss Hall was re-elected sponsor. Juanita Beauford is the new cheer leader working with Dorothy Dishman and Rosemary Phillips.

The Pep Club is glad to have a great many new members. They are: Ann Bateman, Wanda Crawford, Cecilia Guseman, Doris Hooker, Mary Estelle LeGrand, Virginia Lyons, Bettye Morrow, Dolores Phillips, Cora Mae Pittman, LaNelle Oakes, Louise Young, and Helen Tucker. The former members are: Wanda Allman, Rosella Albracht, Peggy Barnard, Elizabeth Benson, Juanita Beauford, Bessie Francis Caraway, Dorothy Dishman, Barbara Higgins, Doris Jo Hodges, Rosa Lee McBride, Arline Millard, Rosemary Phillips, Jackie Wright, and Patsy Sanders.

## Sophs Elect Rogers

The Sophomores have really begun the year's work enthusiastically. They began by selecting very efficient officers to direct their activities. They are: president, Gayle Rogers; vice-president, John L. Lookingbill; secretary, Ruth Moreman; treasurer, Joe Bishop; student council representatives, Peggy Barnard and Bobby Miller; "Round-Up" reporter, Madelle Beavers.

Sponsors for this group of workers are Miss Alma Hall and Miss Mary Kathryn Easter. There are five new Sophomores this year: Dottie Davison, Ezell Wilshire, Aldon Hawks, Bobby Bagwell and Earl Griffith.

## 304 Pupils Enrolled

Up to the present date, 304 pupils have enrolled in high school. There are 106 Freshmen, 79 Sophomores, 76 Juniors, 42 Seniors, and 1 Post Graduate.

A year ago this month there were three hundred and twenty-seven pupils attending classes. Lack of farm labor, inducement of high paying jobs, and the Armed Services have drawn many of our students away from school.

## ALMA MATER

Hail, Hereford High School,  
Hats off to you!  
Ever you'll find us  
Loyal and true,  
Firm and undaunted  
Always we'll be;  
Hail to the school we love,  
Here's a toast to thee!

## Tri-Hi-Y Chooses Topics for Year

The Tri-Hi-Y Club met for its second meeting Tuesday night, September 21, 1943 in room 23. The girls selected their program topics for the year. These programs are based on personality development, boy and girl relationship, worship, physical health, and many others which are the purposes of this club.

The club looks to be a promising one and urges those girls particularly interested to join. The Tri-Hi-Y program was based on the school, its students, and its leaders. The scripture, read by Cecilia Guseman, was taken from Matthew 5:13-16. Arline Millard led the group in prayer. There then was a panel discussion with Marcella Blue, Marie Williams, and Rosemary Phillips taking parts. In the discussion, these questions were brought out: "How to get along with classmates," "How to get along with teachers," "What clubs one should join." Many other good ideas were brought out. The meeting closed with the Tri-Hi-Y Benediction.

The club decided to sponsor again the courtesy contest to extend courtesy throughout the school. The judges have been selected and the students are asked to be on their good behavior.

The girls discussed briefly and some planned to attend the Training Conference which will be held in Amarillo, October 2. This is a meeting for all Tri-Hi-Y officers.

## Senior Sponsor Weds

Although her face is familiar in Hereford High School, we have another new teacher who is new in name only. Miss Declinae Ramey tells us that her old name was getting a little worn; so she changed it to Mrs. O. J. Beene. While her husband is in the services of Uncle Sam, Mrs. Beene is going to continue teaching shorthand and typing here in school.

It is always hard for the students to learn a newly married teacher's name, but we feel sure that Mrs. Beene will help by reminding them that her name has been changed.

## Band and Orchestra Meet Every Day

Band and orchestra every day? Not just on Monday, Wednesday, and Friday? Yes, band and orchestra are every day and these classes are morning classes. Mr. Hudson and Mr. Kinard planned the change last spring. This fall Mr. Ford and Mr. Kinard have carried out this plan.

The band and orchestra students have had, in past years, such irregular schedules that it was hard for the study hall teachers to know who was supposed to be in the study hall when. With the new regular class schedule, it is easier both for the teacher and student.

This arrangement has made the orchestra small, as the band students are unable to play in the orchestra. The only students taking orchestra are the ones playing stringed instruments.

Ralph Smith, the band and orchestra instructor, teaches the Junior Band from grade school every afternoon, the Central schedule being changed at the same time the High School schedule was changed. There are special periods for the students that wish to learn to play band or orchestra instruments.

## London Is Elected Junior President

The Juniors have started out with a "bang" this year with the election of Billy London as president and Mr. Stanton and Miss Hancock as sponsors. That familiar old gleam can be seen in their eyes which means that they are determined to "go to town" this year.

Other officers elected were: C. W. Reeves, vice-president; V. C. Hopson, secretary, Londene Martin, reporter; Lyle Fluit, parliamentarian; Beverly Fraser, program chairman; Edward Roberson, cheer leader; Juanita Upton and Lloyd Manjeot, student council representatives; and Rosella Albracht, football queen candidate.

It seems as though Billy London is stepping right into his brother's shoes because he is the Junior candidate for president of the student council. Marcella Blue, vice-president of the council in '42-'43, is again candidate for the office. Both were chosen for the ability they have, and it is hoped that the student body will accept the wise choice.

## Former Principal Sends Greetings

We all know that even though Mr. Hudson is gone from us in body, he is still here in spirit, at least partially.

In a letter to Miss Hall recently, he asked that he be remembered to all the student body and the faculty of Hereford High.

He mentioned the fact that he is still serving under our colors since Brownwood High School, which has an enrollment of about 1000 pupils, has maroon and white as their colors, also. Mr. Hudson sent word that he is still backing the Whitefaces; so how can they fall to win while he is rooting for them?

## Freshman Class Organizes

The Freshmen feel that they will have a successful year primarily because of their officers and sponsors. The officers chosen are: Bobby Millard, president; Duane Foster, vice-president; Joe Lyons, treasurer; Dolores Phillips, secretary; Roger Corbett and Ann Bateman, cheer leaders. The class is fortunate in having two capable teachers as sponsors; they are Miss Lawrence and Miss Milam.

## Hi-Y Welcomes New Sponsor

The Hereford Hi-Y chapter held its first meeting Tuesday evening at 8:30. They welcomed into their midst several prospective members and a new advisor, Mr. Ford.

The club discussed some things that they wanted to do during the coming year. One of the aims of the club is to carry out the statement of purpose: "To create, maintain and extend throughout the school and community high standards of Christian character."

One of the important dates on the Hi-Y calendar of activities is a meeting in Amarillo on Saturday, October 2. Several of the members plan to attend this meeting.

The devotional for the evening was presented by Lloyd Manjeot. The topic was "Traffic Signals Become Crosses." The story was based on an incident that occurred early in 1942 when our country was preparing for war. In one of our large cities all of the street lights were painted black except for a small cross about two inches in height. The driver could be directed by these lights only as he came very close to them. Even so can a boy's life be guided by Christ only as he lives close to Him.

The meeting was adjourned until next week at 8:15 after the group repeated the Hi-Y benediction.

## Library is Place Of Great Activity

Has everyone noticed how the students are using the library this year? At least, the Freshmen and Seniors are. The freshmen are learning how to use the library, and the Seniors are reviewing the study of the General Reference books, the Card Catalog, etc.

There are seven new librarians this year, and two of them worked in the library last year. The librarians are Helen Acker, Zell Dean Harris, Wanda Allmon, Doris Goldston, Jackie Wright, Edward Young, Nettie Hood, Jeanne Albracht, and Helen Kelley.

The library opens at 9:15 in the morning, and closes at 5:30 in the afternoon, and is open each period of the day.

There are no new books in the library as yet, but Miss Kirby expects the arrival of some soon.

## HHS Principal

Are you acquainted with our new Hereford High principal? If not, take notice. He's more than just that man who makes announcements in assembly or gives you an absence report. He is a new friend.

Mr. Herman Ford comes to us from Amarillo, where he was Deputy State Superintendent of District One last year. He has spent one year at Wayland College in Plainview. His B. A. degree he obtained in W. T. S. C. in Canyon. He attended Colorado University to get his M. A. degree. He has also done graduate work at Texas Technological College in Lubbock and Texas University in Austin.

The teaching profession is not new to him since he taught twelve years in Plainview, three years in Amarillo and one year at White Deer.

About H. H. S. Mr. Ford says, "I am enjoying my work very much, and I feel Hereford High is one of the most progressive high schools in West Texas."

He should understand us since he has two children of his own, Jerry, who is ten years old, and David, who is six. Thus far Mrs. Ford and the boys have not come to Hereford because of illness in the family. Mr. Ford is an ardent football and basketball fan. His favorite song is "The Marine's Hymn." He likes everything to eat except spinach and okra. Go by his office and say "hello" to him just to show him he's welcome to Hereford High.

# Record Sale of Cattle Seen As Feed Relief Promised

Movement to market of the greatest cattle herd in 17 years this week brought forcibly to the attention of the whole country a record movement of stock to market which has been an alarming factor to southwesterners for several months.

**Monday Sets Record**  
A total of 156,900 head of cattle reached markets on Monday, to bring the largest marketing spree since 1928, when 162,900 head came to market on one day.

Totals in some of the principal markets included Kansas City, 40,000 head; Omaha, 26,500 head, and Chicago, 21,000 head. Nearly all the cattle came from western ranges, and though a part of the herds will be purchased by midwestern feeders, the competitive bidding between feeders and killers of livestock was expected to be strong, and the packers will take a large part of this "unfinished beef" in order to rebuild up dwindling meat supplies.

Immediate effect will be a much greater supply of beef (although not the choice beef furnished by the feeders) but the long range result will be a greater meat shortage in the winter and spring.

**Feed Shortage Forces Sale**  
According to cattlemen, the prime factor forcing sale of range animals is the shortage of feed, especially of protein supplements, which were short last winter and have been progressively harder for the cattlemen to buy.

And though some relief from the feed shortage was promised last Friday by Commodity Credit Corporation officials who assured Congressman Gene Worley that supplies of protein supplements will be "adequate to essential needs," cattlemen were still inclined to believe in better conditions only if and when they arrive.

**Relief Promised**  
The OOC men promised that shipments of soybeans will begin arriving at Panhandle crushing mills sometime between Oct. 15 and Nov. 1. Some increase in supplies of cottonseed products was also promised by the government when OPA announced its intention of cracking down on ginners and processors who have been evading ceiling price regulations and refusing to sell to cattlemen.

good country, according to Dick, but nothing to compare with Texas.

Add to the list of fender-scrapping drivers: Dave Alexander, whom Jimmie Alken saw this week trying to disentangle his car from another one which he had bumped, or which had pumped into him. Jimmie claims it was all Dave's fault, but admits he did not see the accident.

Richard Jowell is home on a two week vacation from his work in the shipyards near Long Beach, Calif. He keeps his rating as a loyal Texan because he's still not entranced with that California climate.

Mrs. Allan Bell was brought to her home in Hereford this week from Northwest Texas Hospital in Amarillo, where she had been since Sept. 6. She is recovering satisfactorily from a serious operation.

Wiley Roberson is wearing his arm in a sling this week as the result of getting pushed around a little by a calf. The arm is not broken and Wiley says it will just take a little time to get well.

The firemen are announcing a dance for Wednesday night, Oct. 6, at the firemen's hall.
