MAJESTIC BAKING DEMONSTRATION

One Week Commencing November 4

We heartily invite our friends to call any day during the above mentioned week and we will demonstrate the superior qualities of the

New Majestic Malleable and Charcoal Iron Ranges

The Majestic Malleable and steel range as formerly turned out by the Majestic people has been considered throughout the country as par excellence, and far ahead of any other range made. But with the new charcoal iron body in place of steel, making it double its value, and the fact that it is the only range in existence made of Malleable and Charcoal Iron, you can readily see that if quality is considered, the Majestic leads by a big margin. We want you to call at our store during this week, and let us explain this new feature—Charcoal Iron Bodies; let us explain why it is the best material for range bodies, and incidentally why it is not used on other ranges. We want you to call if you intend to buy or not, as the information gained will serve you in the future.

Hot Coffee and Biscuits--FREE

Come any day during this week and have buttered hot biscuits and hot coffee. Biscuits baked on a Majestic in three minutes while you wait.

Handsome Set of Ware--Free

With every range sold during this demonstration we will give absolutely FREE one set of Majestic ware worth every cent of \$7.50. This ware will be on exhibition at our store. Everything useful, ornamental and durable. Come in and see it and you will agree with us that it cannot be bought for less than \$7.50 and it is cheap at that.

Come in any day. You are welcome whether you intend to buy or not.

Surprise Wedding.

Mr. John Comer and Miss Lena Higgins surprised their friends and relatives last Monday night by having a ceremony performed by Rev. A. C. Smith at the parsonage which made them one. Mr. Comer is a successful contractor in this city. Miss Higgins is the accomplished daughter of Mr. and Mrs. Geo. T. Higgins who live some 10 miles north. These young people had intended to keep the matter a secret for a few days, but the younger brother as usual let the secret out and they at once "acknowledged the corn."

PIANO CONTEST.

Interest Growing, Candidates Working—Friends Taking a Part—One Month Remains.

The piano contest has warmed up this week, all the leading candidates adding big numbers to their count. Miss Sisk still leads the class with 20,409 votes; Miss Witherspoon is a close second with 14,241; the Club and Band stands third with 9,904. There is just four weeks remaining in the contest, closing November 30. Rustle round for your favorite candidate if you wish her to win. The votes stands as follows. All those not having as many as 1500 votes are not published this week.

Jessie Sisk	20409
Roxie Witherspoon	14241
Commercial Club and Band	9904
Katie Davidson	7299
Audry Argo	3809
College	3784
Jimmie Rowe	3545
Bessie Curtsinger	1909

Auction Sale.

About the 15th of November 2 car loads or more of Wyoming horses, will be sold to the highest bidder, at the Santa Fe stock yards by

T. W. COLLINS,
Stuttville, Kans. 38-2tp

Dissolution Notice.

The firm known as The Hereford Hardware Company, composed of D. R. Gass and L. W. Hough, partners, is by mutual consent this day, October 31, 1907, dissolved, D. R. Gass retiring and selling his interest to L. W. Hough, who assumes all indebtedness of the firm from January 8, 1907 and to whom all notes and accounts due the firm are payable. L. W. Hough will continue the business. 38-4t

D. R. GASS,
L. W. HOUGH.

Former Pastor to Preach.

Rev. T. S. Barcus, former pastor of the Methodist church but recently missionary to Monterey, Mexico, will fill pastor Smith's pulpit Sunday morning. All members and friends are invited to hear Bro. Barcus on his return visit to Hereford.

For Sale at a Bargain.

Good 4-room house, well and wind mill, chicken house, stable, lot, garden, etc., together with one acre of ground in southwest Hereford, near our home. Terms, 1-3 cash, balance on 12 months time at 8 per cent; also about 4 acres of very desirable ground near the above premises, fenced and cross-fenced, 3 acres in orchard and 1 in alfalfa. Terms 1/2 cash, balance to suit purchaser. 38tf

JOHN W. DEATLEY.

Big Turnip.

We are indebted to E. J. Newell for some of the largest turnips we have seen for an age. He says they were larger than any he saw at the Dallas Fair but he didn't know it in time to take any along.

Notice.

We the undersigned grocery men agree to close our respective places of business from November 1st till April 1st, 1908 and order our phones disconnected at 6 p. m. sharp:

HUBBARD GROCERY CO.,

CARDWELL BROS.

Stroud, Gary Hardware Co. are giving free a handsome set of ware, well worth \$7.50. See advertisement in this paper. 1t

Notice.

All who know themselves indebted to Carter & Houck, please call at my office and settle as they need their money.

Respectfully,
C. S. RICHARDS.

\$780 Per Acre.

It seems that every week adds fresh evidence of the great productiveness of the soil of the Midland country. The latest bit of proof of what can be grown here, even in such a poor crop year as this season has been, is a load of sweet potatoes which were brought in Wednesday by Ed Leach, living ten miles southeast, and sold to the Geo. D. Elliott Co. These were without question some of the finest potatoes ever

raised anywhere. One specimen from the load weighed seven pounds and there were others perhaps as large, possibly larger.—Examiner.

You are cordially invited to attend our exhibit any day this week. Come and have a cup of coffee and hot biscuits, if you intend to buy or not. Stroud, Gary Hardware Co.

Panhandle oats, 36 pounds to the bushel. Let us send you a sack. E. W. Harrison. 27-tf

PALO DURO NATIONAL PARK.

Convention Called to Meet at Canyon City—National Aid to be Invoked—November 12th.

A movement has been put on foot by the Commercial Club of Canyon City to the end that a convention has been called to meet in that place on November 12th for the purpose of considering ways and means of turning the Palo Duro Canyon over to the Federal Government for a national park. Some years ago a forestry convention was held in Amarillo and our friend G. A. F. Parker was a delegate. Mr. Parker addressed the convention and in the course of his remarks, he advocated the establishment of a national park in the Canyon. He was perhaps the first man to ever broach the subject, tho the Claude News is laboring under the impression that the Mayor of Canyon City gave birth to the project.

As a result of Mr. Haney's address in the News, the Canyon City Club has issued a called for convention. It follows:

Whereas, we believe the time has arrived when the people of this middle Panhandle country should diligently urge the necessary Federal legislation to establish a National Park and Game Reserve on the Palo Duro canyon in Randall, Armstrong, Brisco and Donley counties (suggesting the dimensions of such park to be not less than 15x40 miles) therefore be it.

Resolved 1st. That this Club hereby calls and invites a delegated meeting of the surrounding cities, towns and country to assemble at Canyon City on Tuesday, the 12th day of November, 1907, to consider and adopt ways and means to forward the adoption and improvement of such a Park by the National Government at the approaching session of the Congress.

2nd. That the Daily Panhandle, Hereford Brand, Plainview News and the Herald, Silverton Enterprise, Tulia Standard, Claude News, and the Banner-Rtockman and the Chronicle at Clarendon and all other papers friendly to such enterprise be requested to publish this call.

3rd. That a committee of three be appointed to act with and aid the secretary in making all necessary arrangements and mailing further specific invitations for the meeting at Canyon City on Tuesday, Nov. 12, 1907.

The above resolutions were adopted unanimously by the Commercial Club at the courthouse Tuesday, October 15, 1907.

J. F. SMITH, Secretary. Delegates will be appointed to go to Canyon City. Hereford is interested in anything that will help the Plains and the Panhandle. For the Palo Duro Canyon to be converted into a national park will help the Plains, therefore Hereford is in favor of the park.

House Bargain.

New seven-room house with 2 porches, 3 wardrobes, well and fences. On lot 75x140 feet on the 5th block from Brand office. Price \$2500.00 on terms to suit purchaser. Inquire at BRAND office. Z 38-1f

Tax Assessor Complimented.

Austin, Tex., Oct. 16, 1907. J. W. Ford,

Dear Sir:—I am taking the liberty of writing to you that it was my pleasure to credit your 1507 Tax Rolls of Deaf Smith county and that said rolls were in splendid condition, and without a single error and you could not have improved upon them if you had used a dozen adding machines.

Very truly yours,
EDWIN WALLER,
Clk. Compt. Deptmt.

**Plains Crossed by Many
New Roads—An Inviting Field
Rich in Resources.**

There has never been such activity in opening new roads across what was once called the Great American Desert, but now an inviting field rich in natural resources. No less than 7 new roads are painting their paths into the new country where there are soon to be millions of bushels of wheat, tons upon tons of feed stuff, hogs, cattle and sheep without number to be transported. The railroad facilities now already are too meager to afford shipping. The shortage of cars is ever the cry. One man has waited two years to ship his cattle and it seems that he will have to wait another year, or until new roads are built before he can ship his product.

One man has had an order in for a hundred cars for cattle for several weeks and gets no satisfaction from the railroad. There are now requests for several hundred cars that the railroad company cannot furnish. The cattle shippers are handicapped and are losing money on account of the shortage.

Seeing this condition other roads will not be slow to "spy out the land", and it will not be many years before the golden Panhandle will be streaked like the planet Mars with roads. Some of the roads being projected may be mentioned. Some of them have only been placed on paper, others have been surveyed, while still others have already the grading done.

It must not be supposed by this article that the Panhandle has no roads at present worth mentioning; far from that. There is the Santa Fe that runs diagonally across a distance of 225 miles; the Rock Island that cuts east and west 175 miles, service already into Amarillo and the grading complete to the western borders of the state; the Denver that ties Fort Worth, Texas with Denver, Colorado, a distance of 803

miles, between the Panhandle; there is the year of the Santa Fe from Canyon City to Plainview, a distance of 60 miles and the survey completed to points 200 miles south.

These roads are already in active operation and have done their part in building up the great west, but they cannot begin to handle the volume of business.

Then there are other projected roads; some are being built while others are only on maps and represented on the ground by the surveyor's stakes.

The Panhandle Short Line from Hereford to Stanton, a distance of 206 miles, with the grade completed from Hereford to Dimmitt; the Gulf and Northwestern from Hereford to Dalhart, 125 miles, the surveying just completed to the Rock Island grade in Oldham county the cut-off from Texico running southeast thru Lamb, Hale, Lubbock and other counties, another distance of some 200 miles; then there is the nose of the Texas Central, just appearing below the foot of the Plains in Fisher county, complete to the new town of Rotan on the south fork of the Brazos river, and the survey made to Plainview or some other Panhandle town; the Texas and Kansas Railway chartered on October 21, and to run from Garden City, Kansas, via the Panhandle of Texas, to Houston and Galveston; the Llano Estacado and Mexican from Brownsville, Texas, up the Rio Grande to Odessa on the Texas & Pacific and thru Shafter Lake City in Andrews county, thence north to Hereford and Dalhart; the Rock Island cut-off from Hereford to Tucumcari in New Mexico; and others.

It is easy to build a road on a map. Some of our greatest railroad promoters build road beds with pencils and erect bridges with compasses. But the ease with which the new roads will be built on the Plains will approach the dream of magic; the long stretches of level grades require the minimum movement of dirt, the absence of many small streams or creeks eliminates the expense of bridges and heavy fills the general character of the soil, the soft under layers being free from hard rocks, all make the building of railroads in the Panhandle easier than in any other country.

The BRAND says let them build roads on paper, but let them put them on the ground. The BRAND reporter saw a notice in an office in Hereford which reads: "Build your roads on the ground and not on this map." This is splendid advice. The would-be railroad builders who have an eye on the Panhandle, will please take this sensible view of things, quit building your roads on wall maps and get down to shoveling dirt. It's dirt that counts, even in the Panhandle.

Milk Customers.

On account of the unusual high price of cow feed, after Saturday, November 2nd I will sell milk in quantities less than 1 gallon 10 cents per quart straight, 1 gallon or more 30 cents. It

LESTER WEAVER.

Dr. McFarling Moves.

Dr. McFarling and his estimable family have moved to his ranch near Childress where they will make their future home. Hereford regrets to lose these good people, but commend them to the friends at their new home. While in Hereford, Dr. McFarling made a host of friends both as a practicing physician and as a citizen. He was ever on the side of right and good citizenship and any community in which they may live will be uplifted by their presence. May the good luck and fortune continue to smile on them.

MILLER-VAUGHAN.

Home Wedding Solemnized at Hereford. John B. Miller and Miss Addye Vaughan. A marriage in which much interest centered, on account of the prominence of the contracting parties was celebrated Wednesday October 30 at 8 p. m. when Miss Addye Vaughan the youngest daughter of Mr. and Mrs. L. W. Vaughan became the bride of Mr. John B. Miller. The wedding took place at the home of the bride and while it was rather quiet affair, the ceremony being witnessed only by immediate relatives and close friends, it was a pretty one and elegant in detail. The color scheme being green and white, in the main was very effective with a touch of yellow. The ceremony room was very attractive in green and yellow, where an improvised altar banded with palms, asparagus ferns, pot flowers and bunches of large yellow chrysanthe-

mums arranged. The stairway was beautifully entwined with vines and yellow chrysanthemums, while the dining room was most effective, being a work of art, characterized by the beauty of its simplicity. The dining table was very effective with a cut glass bowl of white chrysanthemums placed upon a reflector, as a centerpiece and large yellow chrysanthemums in vases at each end. From a chandelier above the center of the table was suspended narrow ribbons of green and white on which were tied a number of small white wedding bells. Wedding bells were used profusely in other draperies of the room. Just before the ceremony Mrs. C. W. Baird, sister of the bride sang in a very impressive manner "Love me and the World is Mine"—Then to Mendelssohn's wedding march played by Miss Tarver, Little Miss Merrill Granger and Master W. C. Pitman slowly descended the stairway acting the part of ribbon bearers

in their own sweet childish way. They were closely followed by Rev. J. N. Wooten, officiating minister. Then came the groom with Mr. Alex O. Thompson as best man. Lastly the bride on the arm of her sister Miss Mildred Vaughan as maid of honor. When the bridal party had taken their places Rev. Wooten in his usual impressive way said the words which made them man and wife. The wedding gown was white flowered net over chiffon prettily finished in lace and bands of white satin. The bride carried an arm bouquet of white chrysanthemums. Miss Vaughan wore white net over taffeta and carried a large bouquet of yellow chrysanthemums. After congratulations had been extended to the newly wedded couple an elegant two course luncheon was served consisting of turkey, cranberries, fruit salad and olives as the first course and coffee, brown and white cake as the last.

Mr. and Mrs. Miller expect to reside in Hereford and they have a large circle of friends who extend to them best wishes and congratulations and are glad to know they expect to remain in their midst. Mr. Miller is a young man of excellent business qualifications and sterling worth. He numbers his friends by his acquaintances and we feel that he is altogether worthy of the beautiful young girl he calls his wife. She is true and womanly and has many loveable characteristics. A large number of beautiful presents were given, the list included painted china, cut glass, drawn work, silver ware, furniture, ect. **Dental Office.** Dr. O. P. Sutherland is permanently located in the new opera house building and is prepared to do all kinds of dental work. 34-1f We guarantee **Fay Stockings.** and sell D. R. Gass & Son. 38-2t

New Paper for Hereford. Mr. Paradise of Texico, recently editor of the Texico Democrat of the border city will move his plant to Hereford and establish a paper, the name of which the BRAND has not learned. He will occupy a part of the Rayzor building and will be ready for the first issue of the paper the early part of the month. **Do You Want a Home?** I make you this offer. I will sell you 165 acres of land the corner of which is one-fourth mile from city limits of Hereford at \$60.00 per acre; one-tenth cash, balance in ten equal annual payments at six per cent interest. If you will put 100 acres in wheat each year by the Campbell system and your wheat crop does not meet the payments and pay the interest I will extend the notes. This land is now nearly all in cultivation and 40 acres in wheat. 38-4t L. GOUGH.

HIGH ART FURNITURE

If you want something artistic in the Furniture Line, as well as something that will give you good service, come see our goods.

See our line of Wall Paper just arrived, new patterns and new styles. We can't help but please you in this line.

The greatest of all ENTERTAINMENTS is the EDISON PHONOGRAPH which we have added to our stock. We will be pleased to show you and play for you.
Our Christmas line of picture moulding has arrived and we are better prepared to do your framing than ever before.

GILLILLAND FURNITURE CO.

Address all communications to
THE HEREFORD BRAND
 Official Organ for Deaf Smith
 and Castro Counties

Entered April 17, 1901, as second-class
 mail matter, post office at Hereford, Texas,
 Act of Congress of March 3, 1879.

Subscription Price \$1.00 per Year
 STRICTLY IN ADVANCE

FRIDAY, NOVEMBER 1, 1907

THE BRAND is read by practically every family in Deaf Smith, Castro and Parmer counties. If there is a house in Hereford in which the BRAND is not read, the proprietors would like to know it. That the people read the BRAND carefully is shown by the large patronage of local ads and the results that they bring. Last week, the BRAND carried a local about a rental house and the man who had it put in rushed into the BRAND office in an hour after the issue was on the streets and asked the management to "cut it out." "I have already more applications than I want," he said. Another man advertised a quarter section of land and he sold it the second week. If you have something that the people want or need and let it be known thru the classified ads of the BRAND, you are sure of a quick deal. The people read the BRAND. As an advertising medium for real estate, it cannot be excelled. More than 700 copies of the BRAND go back to the states. This means that at least 3500 different people read the BRAND, and if the truth is told, the subscribers send the paper over to their neighbors after they have read it and thus adding some 2000 or 3000 more readers to the list. This puts the advertisers in the BRAND in touch with not less than 6000 people every week. This cannot be beat with circulars or letters. The cost is insignificant and there is no trouble. The mailing is all done at the office and the paper goes regularly to its destination.

THE BRAND again calls attention to the fact that the Dallas News tried to mention Hereford once more in its Sunday issue. The News does not know the geography of the Panhandle. In trying to name Hereford and Deaf Smith county as prize winners, the News put it thusly:

Hereford county won first prize for the best milk maize, Kaffir corn and kershaws.

That's all. The BRAND and some of our citizens have tried to teach Central Texas papers how to locate the Panhandle and Hereford but it seems that they are still studying that old thumb-worn geogaaphy which put this section of the great state down as an unorganized desert of dog-towns. The BRAND has a good notion to offer a gold ring prize to any one who will find the notice Hereford received in the columns of News. Nearly every other county had a splendid write-up, but Hereford exhibit and a blue ribbon winner in 5 contests, gets what—two lines, and it required a diligent search of two hours to find them. The News is widely read in Hereford and the people like the News, but the News does not seem to be acquainted with Deaf Smith county. The BRAND will put the News on our center table if its editor sees this "toast."

HEREFORD is forging to the front. New Brick and cement business blocks under construction, new brick hotel under consideration, fifteen thousand dollar brick church next in order. Hereford is growing. Watch her.

Gen City Carriage of First Prize at State Fair—Presents Abstract Attention.

Word has been received from J. M. Boone who has charge of the Hereford exhibit at the Texas State Fair at Dallas that the Gem City has won five first prizes and one second prize. In his letter to the Secretary of the Commercial Club, he writes "Rah, for Hereford!" His letter follows:

Dallas, Oct. 25, 07.

Dear Sir:—Hereford has won five first premiums and one second. We should have had our exhibit here on the 17th but I succeeded in getting in even at the late hour. I think that this is a feather in Hereford's cap. You will find the prize list in the News, but I give them here:—First prize, S. L. Boone, kershaw; Z. T. Clifton, Milo Maize; G. C. Major, cabbage; J. S. Shadrick, Kaffir corn; Sulphur Park Farm, alfalfa; second prize, Mrs. Claude Morman, beets.

Yours truly,
 J. M. BOONE.

Another letter from a friend at Melissa to T. E. Shirley puts it this way:

Dear Uncle:—Hereford exhibit alright. Took five blue ribbons.

Yours truly,
 T. S. SHIRLEY.

When it is known that only two days were given to get the exhibit together and that many of the best products had gone out of season, the people of Hereford must feel highly complimented at the results obtained at the Fair. With a more concerted effort a much better exhibit could have been made. Some did not feel it their duty to even contribute their products, not to mention a contribution to help defray the expenses of exhibit. This will be different next year. A bigger and more varied exhibit will be prepared by those interested. Hereford is going after more of the prizes.

The farmers and truckers should keep two important events in mind, namely—the Hereford Fair and the Dallas Fair. Special effort should be made to raise prize-winning stuff. A special patch, a few selected plants, a good variety of all products should be set aside for the fairs. Don't forget this. Don't wait until the events are on hand, run out and take a down any old thing and expect to win prizes. Begin to prepare for the fairs, when you plant.

It must be an eye-opener to our Central Texas friends and Saline county, Missouri, editors for the Panhandle to win five first prizes on her most common products over all the big state of Texas, when no special effort was made to raise or collect prize winners,—just the every day common growings from the field and garden. Alfalfa, Maize, Kaffir, Beets, Cabbage and Kershaw, these were the prize winners. What could the Panhandle farmer do if he wins only half trying, when he gets to whole trying? It would take a case of blue ribbon to tie up the prize winners.

Be Consistent, Be Loyal.

If you want to help Wichita Falls grow the way to do it is to do your trading at home. Just the other day a farmer, who has been a reader of the Times for a number of years, visited the office and approved the policy the paper has always stood for regarding sending away for supplies to catalogue houses in foreign cities, but was under the impression that the paper was only striking at those farmers and country people who occasionally send away for an article. This farmer was well posted and happened to know that it was the practice of many business people in this city to send away for their

household supplies. He wanted to know why it was that the Times failed to make mention of this fact. It is true, the Times has never made it a business to call names in speaking of this practice of sending away for that which can be obtained of home dealers, but it has frequently called attention to the fact that until our business people ceased to patronize catalogue houses themselves they could hardly expect others to do so. If all the money which is drawn from this city and surrounding country should be spent with local dealers we would have a much better town and country. It would make it possible for retail dealers to carry larger stocks; it would bring the man who owns business and resident property better income on his investments; it would create for the farmer a better local market for his products and it would help build up the country more than any other agency. The business man who sends out of his home town for his supplies does not need to be patronized, and the farmer who does the same thing should seek a market for his products from the people to whom he sends his money.—Wichita Falls Times.

Take Notice Agents.

I would kindly ask that no one else take any of my feed stuff for samples.

JIM ROBINSON.

LAMESA RAILROAD.

What the people of that town are doing toward securing Railroad facilities.

Mr. Bon Durant, President of the Consolidated Security Company of New York and London, and Howard B. Cox of Stanton, were in Lamesa Thursday on important railroad business. At a meeting of the citizens of Dawson county Mr. Bon Durant accepted a proposition from Lamesa of \$37,500 and assumed the responsibilities of the Panhandle Short Line. The railroad known as the West Texas & Northern, is to be built from Stanton to Lamesa in seven months and to some northern connection within two years. It is now time to get busy and raise the extra bonus of \$12,500 for this road and get it. It is the consensus of opinion that the bonus will be raised in the next two days. Messrs Crowley, Currie, Whitley and Holloway compose the committee on solicitation. Hunt them up and subscribe to the road, which is an absolute necessity.—Dawson County News.

The BRAND reporter has been reliably informed that this new road has nothing to do with the Panhandle Short Line. The Stanton people want a road and they are willing to put up a good bonus to get one running north and south, but this security company has had no business dealings with the Panhandle Short Line and has no connection whatever with it. Mr. Bon Durant was in Hereford Tuesday and Wednesday, but he was entirely non-communicative. He was called for at the meeting of citizens Tuesday night, but he remained silently in his seat. Just what the object of his visit to Hereford is, the BRAND has been unable to learn. If Hereford is the "some northern connection," his actions in Hereford would not indicate

At the Waist

Pain at the waist, back, front, or side, are nearly sure proof of female trouble. Some other signs are headache, pressing down pains, irregular functions, restlessness, cold limbs, nervousness, etc. These pains may be allayed, the system braced and the womanly functions regulated by the use of

Wine of Cardui

Mrs. Annie Hamilton, of Stetsonville, Wis., writes: "Cardui saved me from the grave after three (3) doctors had failed to help me. It is a good medicine and I recommend it to all suffering women." For sale at all druggists, in \$1 bottles.

WRITE US A LETTER

Write today for a free copy of valuable 66-page Illustrated Book for Women. If you need Medical Advice, describe your symptoms, stating age, and reply will be sent in plain sealed envelope. Ladies Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn. 33-1

that he was expecting Hereford to be that point.

Mr. Durant, like other railroad promoters, is not shouting his purposes from the house-tops. This much, however, could be surmised. Stanton wants a road; they are willing for anybody to build it and ready with the \$50,000.00 cash bonus. Lamesa also wants a road and they, too, are ready with the cash. Just where the road will run from Lamesa north, no one knows but the promoters.

Please Notice.

I have the books and accounts of J. M. Garner and Dr. McFarling. Those knowing themselves indebted to the above will please call at my office and settle at once as these books must be closed. 36tf

New Buildings and Improvement.

The two new buildings on Dewey Avenue are nearing completion. Just a few finishing touches and they will be ready for occupancy. The Rayzor brick building, built between the Odd Fellows hall and E. B. Black's annex is a substantial structure, with plate glass front and stamped ornamental steel ceiling. A regulation awning has been put in front. The new cement block build-

ing erected by Cardwell Brothers for their own use is also being rapidly finished and will be occupied by them in a few days. This building is a one story structure and is well finished and properly arranged for the grocery business. At present they are doing business on the planing mill street but will soon be ready to serve their customers better than ever when they get into their new quarters.

THANKS TO ONE AND ALL

WE are under many obligations to the trading public for your very liberal patronage during the month of October. You enabled us to make it a fine months business. We have two months left in this year. By your strong support, which you have always given us, we will round up--by far--the best years business of our history. We cordially solicit your complete co-operation in the strong rally that we have planned for the next 60 days. We are, without doubt, prepared to supply your every want in detail, and we propose to show our full appreciation to the trade in giving you the best values on earth for the money.

We have plenty of those lifetime guaranteed Sewing Machines, at \$18.25.
A Thousand Dollar Stock of New Wall Paper just received. The cheapest and best line you ever saw.

The largest line of Linoleum ever shown in the city. Prices right.
The great sale of Queensware and China is playing a nice part in our business.

Brand Want Ads Bring Results

Tuesday night the Civic League met in special call at the courthouse.

Mrs. M. Taliaferro, president, in the chair, and successfully carried out a well prepared program, consisting of a concert by the Hereford Cornet Band, male quartette, speeches and toasts by ladies and gentlemen, reports of committees.

It is said to have been the most encouraging session held since the organization. All the talks made were of a nature to show the benefits to be derived from civic improvement. The program as carried out was as follows:

- Concert by the Band.
- Roll call.
- Male Quartette—Mess. Smith, West, Edwards and Sturdy.
- Addresses:
 - Tree Planting—G. W. Ross. Discussed by L. Gough and L. P. Landrum.
 - Flowers—A. C. Elliott.
 - School Yard Improvement—Miss Griffith.
 - Civic Improvement and Business—G. M. Suggs. Discussed by G. A. F. Parker.
 - Civic Improvement and Morals—Rev. A. C. Smith.
 - Sidewalks—Mayor L. Gough.
 - Reports of Committees.

The committee of awards for the most attractive flower bed made their report by dividing the prize of \$5.00 cash to be given by A. P. Murchison and awarded same to Mesdames Hough and Elliott. Committee on weed-cutting reported that the cost of cleaning the weeds from the streets before the Fair cost \$108.25, all but \$39.50 having been paid but that amount remaining as an overdraft on the committee.

The doors were opened and new members invited to join. Two names were added to the roll. Just before adjournment, A. C. Elliot asked for recognition and in a few words presented to the chair, Mrs. Taliaferro for Mrs. Elliott a large bouquet of dahlias and chrysanthemums. The chair accepted the gift in her own gracious way.

The meeting adjourned.

Milk Customers.

On account of the unusual high price of cow feed, after Saturday, November 2nd I will sell milk in quantities less than 1 gallon, 10 cents per quart straight, 1 gallon or more 30 cents.

LESTER WEAVER.

Hot Biscuits and Butter.

The Panhandle is a good place for every combination and diversification known. One diversifier has turned his attention to butter, just good butter, some that would make a hot biscuit on a cool morning satisfy the palate of a god. George Orr who lives about seven miles southwest from Hereford, made a contract with John A. Johnson, our corpulent grocerman, to furnish butter for the year. Up to date Mr. Orr has sold him 787 pounds, being enough to pay for his groceries and has \$47.00 to his credit. How is this for a single-handed diversifier?

State Selling Land.

Austin, Tex.—Land Commissioner Terrell is distributing lists of school lands which will be sold November 1. The list embraces 100,000 acres in various counties, the most of the land is in the western part of the state. This is land which has been declared forfeited for non-payment of interest and may be purchased without settlement or residence, and will attract many bidders. The land Commissioner is receiving many requests for copies of this list.

LAND BARGAINS

1280 Acres 3 miles of Vega, Texas. A Bargain.

640 Acres, two-thirds Valley Land. \$14.00 per Acre.

640 Acres nine miles of Hereford. \$14.00 per Acre.

16 Acres in Evant's Addition. \$125.00 per Acre.

Educational Column

Today (Friday) ends the second month of the Hereford Public School.

Hattie Sanders entered the 7th grade on Wednesday as a new pupil.

There is no immediate prospect of the exhaustion of the world's supply of gold. It is said, that at the present rate of output, the supply of South African gold will last until the year 41,907.

The little "tots" in the primary department are now busy making little drawings in their books, and then writing beneath each one its description.

The 7th grade welcomes Jessie and Emma Wolfe back in school after an absence of several weeks with their parents on their ranch in New Mexico.

The heavy rains of the past few days have made it hard for the country pupils to be punctual, and some could not be present at all on the bad days.

Here is another question for the older pupils: When will a body have no weight? and why?

The Atchison, Topeka and Santa Fe Railroad has sent one of its officials on an exploring journey to Hawaii, Japan and Australia to study the eucalyptus tree, and perhaps to buy young trees of this species for planting in California. The railroad has already a thousand acres in California planted with eucalyptus, and will use the timber for telegraph poles and railway ties.

In a written test in grammar a few days since, the teacher asked for the plurals of the word "fowl." Written with assurance and in a firm hand, one boy answered, the plurals of fowl are "flock" and "hen."

Some one has said: Those who have read of everything, are thought to understand everything too; but it is not always so. Reading furnishes the mind only with materials of knowledge; it is thinking makes what we read sure. We are of the ruminating kind, and it is not enough to cram ourselves with a load of collections; unless we chew them over again, they will not give us strength and nourishment.

"Strength of mind is exercise, not rest."

"Measure your mind's height by the shadow it casts."

Both teachers and pupils take this method of thanking the town officials for putting in some street crossings of late that are very much needed.

The time of year has returned when we again have celebrated "Halloween" or "All Hallows' Eve." Halloween seems to be a relic of pagan times, or perhaps of mediaeval superstitions. It was regarded as the time of all others when supernatural influences prevail, and as a night which was set apart for a walking abroad of spirits both of the visible and invisible world. In England and Scotland it was long given to fireside gatherings with many ceremonies by which to discover a future sweetheart. In our country it is known chiefly as a time for boyish pranks and practical jokes.

Miss Taylor the primary teacher made a trip to New Mexico on last Friday evening returning on the afternoon train on Sunday.

So many of the pupils are remembering their teachers now with beautiful bouquets of chrysanthemums.

MAY GIVE BANQUET.

Commercial Club Meets Friday Night—Members and Others Who Wish to Join Invited.

At an executive meeting of the Board of Directors last Tuesday afternoon, 5 o'clock, in the office of Western National Bank, among other things considered was the proposed banquet to be given by the members of the Club at an early date. The matter was referred to the meeting to be held tonight at the courthouse. Every member of the Club and every one who wishes to become a member should be present tonight. Besides the consideration of the banquet arrangements, other matters of importance will come up for discussion.

The Board of Directors also appointed two special committees. The purpose of the first committee, composed of Parker, Fuqua and Elliott, was to draft suitable resolutions calling attention to the lack of shipping facilities at the hands of the railroads. The question of the condition of the crossing on Dewey Avenue was discussed and the committee empowered to take the matter up with the railroad authorities. The board feels sure that they do not know the bad condition of the crossing or it would be attended to at once.

Another important matter that came before the Board was the appointing of delegates to the Palo Duro Canyon National Park Convention to be held at Canyon City on November 12, a notice of which may be found in another column. The following were named as delegates: Judge J. P. Slaton, G. A. F. Parker and J. Ray; alternates, J. E. Garrison, Mayor L. Gough and Hon. Geo. W. Barcus. These gentlemen are expected to attend and take part in the discussion of the question.

Texas Train Wrecks.

Texas is about to break another record in the number of train wrecks that can be done in one day. The Katy Fair Special to Dallas collided with an engine that was running without its train near White Rock Creek and resulted in the death of one man outright with more than forty hurt, some slight but many seriously. Fireman French was killed. Just what caused the accident will perhaps never be known. A freight train with a heavy load had started south from Greenville to Dallas, but when the town of Garland was reached, the air-pump broke and the engine went into Dallas without its train for repairs. On its return to pick up the train, it met the Special. From the News, it is learned that the engineer of the Special said that he was running at about 35 miles per hour, down grade, and after passing a double curve, the engine showed up about 200 feet in front of him. He applied

the brakes and then jumped. The two engines came together with a crash just after the loose engine had passed over a bridge.

A long list of the injured is given in the News, but no one known to the BRAND is named. Most of the passengers were from Greenville and near points.

The other wreck occurred on the Texas & Pacific near Baird, Texas. In this case a push engine had been sent out to help a heavy freight over a big grade near that place and was returning. The machinery of the engine got out of order and became a regular runaway. Both the fireman and engineer tried to operate the reverse lever but neither could move it, nor stop the engine. It attained a speed at about 60 miles per hour and plunged into the passenger at that terrific rate. Wylie McKinney who was engineer on the runaway was instantly killed; C. P. McRee, fireman on the passenger, was knocked from his cab and lived but a few hours. No passengers on the train were hurt.

For Sale.

323 acres of good, smooth, patented land five miles of Dimmitt, at \$11.00 per acre. For terms see HARVEY CASH, Owner, Dimmitt, Texas. 34-tf

The Dallas Delegation.

A post card dated at Goodnight last Saturday morning from T. M. Coulson says the special train was in the ditch. The card reads: "All here in the ditch at Goodnight. Four o'clock at 2 o'clock this morning. Rogers, Stroud, McCoolly, Dameron, Moseley and others in the wreck but no one hurt. Yours truly, T. M. C. Oct. 26, 07.

A wire from A. P. Murchison to Mr. Jones says that the special is in the ditch.

A letter from J. M. Boone says that Hereford has won five first and one second prize at the Fair.

About twenty five Hereford people were at the Fair on Sunday and Monday. Most of them were wearing the new booster button. The Secretary of the Commercial Club sent a lot to Dallas to be given out to those who failed to be supplied at home.

Wheat Conditions.

The Panhandle wheat is looking fine. The recent rains extending over a period of ten days has put the beginning touches on the new wheat. Mayor L. Gough brought in several plants Tuesday morning which showed from 4 to 6 stools formed, the plants looking in a vigorous condition. All wheat that was up before the rains is growing off as never before. The conditions could be counted as 100 per cent.

We handle the genuine Rockvale lump coal, the best to be had. Warren Grain Company. 37-tf

Tells How to Mix It.

A well known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can

be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism.—Colorado Record.

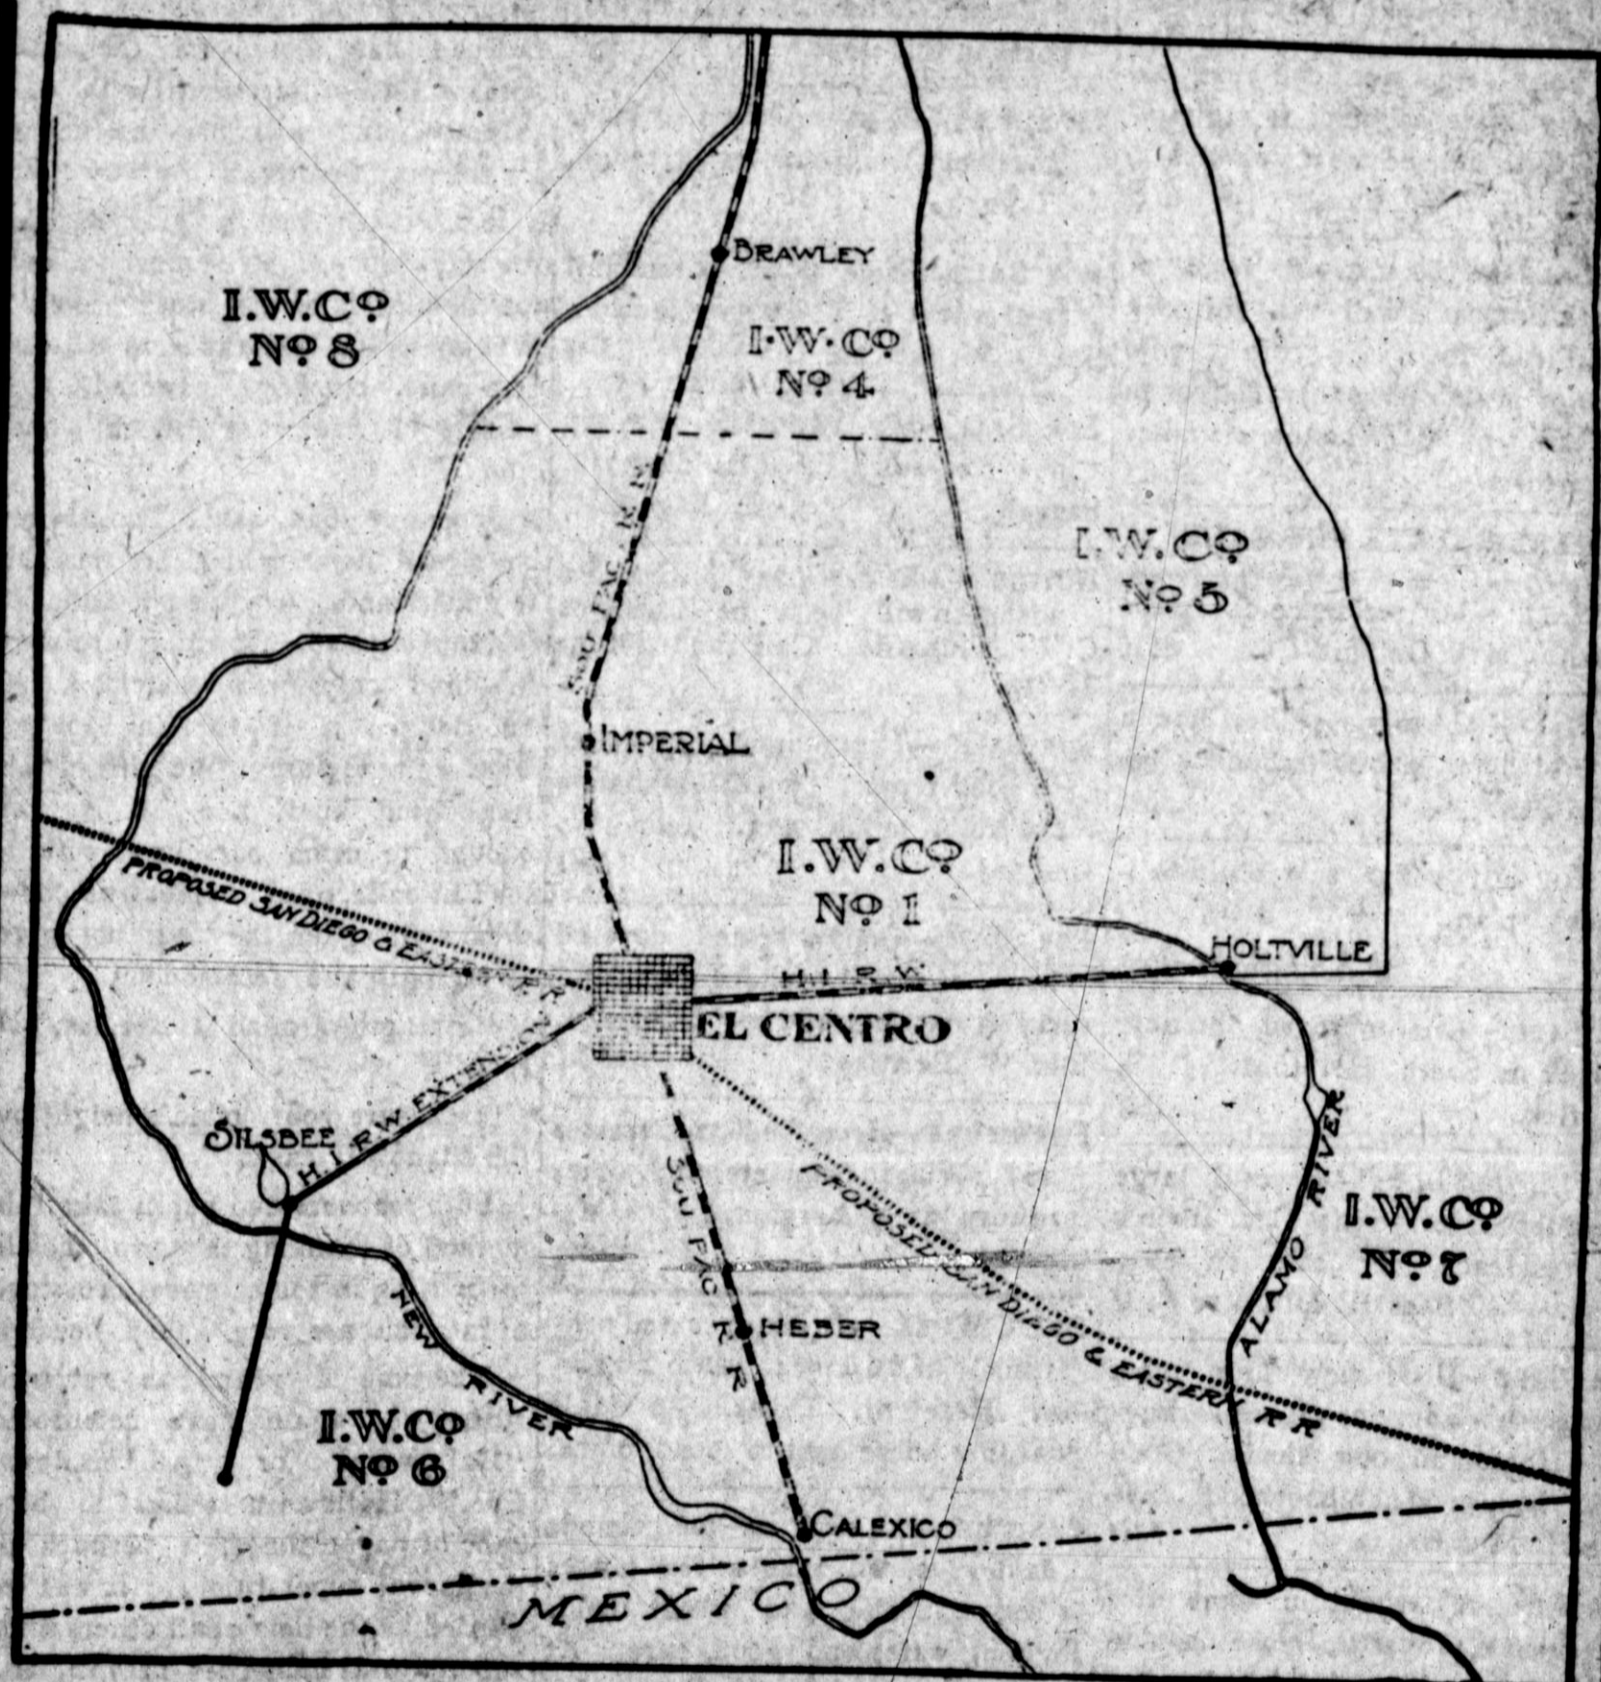

Our old friend, Whipkey, must be troubled with this painful malady from the fact of publishing the remedy in the Record. A darkey in a traveling tent show which was in Hereford some days ago, gave a much simpler remedy. He said to

his master: Take two potatoes and carry them in the left hand pocket. Get a pint of good Kentucky whiskey, take a big "swaller" before and after each meal. Keep the potatoes in the pocket and when the pint is taken, buy another. "This pleasant mixture, if taken regularly for a few days," is said to overcome almost any case of rheumatism.

Wanted to buy Land.

I want to buy one or two sections of land putting in some good city property as first payment. JNO. YARBROUGH.

Where Values Double Every Year

The Imperial Valley "Alphabet of Irrigation" begins with "I. W. Co." This means "Imperial Water Company," and is followed by a numeral to designate the Company and its district. With irrigation, in other words, with the needed water under the control of the farmer himself, the almost entire absence of rain in the Imperial Valley is deemed rather more of a blessing than otherwise. The simple and easily acquired knowledge of when to turn on the rain makes full crops a certainty.

Our town, El Centro, the county seat of the new Imperial County, occupies the geographical centre of the valley; our office is in touch with every district and can put you "next" to the best purchases that can be made at the owners lowest price. "Nothing Added" is our motto. Write us what you would like of land that will produce from two to six crops each year.
