

Forward or Backward?

A puzzling situation faces Jane Hoffman as she tries to decide whether to set her clock forward or backward to keep in step with the changeover to Daylight Savings Time [DST] which began this morning. Her predicament is easily solved by the old saying of spring forward, fall backward. Since this is spring, clocks and watches were to be set one hour forward at 2 a.m. today. If you were used to waking up at 6 a.m., you will now have a little more daylight to see your way around in the wee hours of the morning.

By Speedy Nieman

That feller on Tierra-Blanca Creek says there are so many candidates trying to change the direction of the world that most have forgotten which way we were headed.

There's nothing like a little experience to upset a theory.

BOUQUETS TO the Hereford Oasis Shrine Club on the occasion of its 20th annual Children's Clinic here Saturday. The Shriners have a great humanitarian project going, and it has benefited many children over the years. Doctors from across the state are to be commended for participating in this very worthwhile program, too.

THE FINE ARTS Festival, sponsored by the Women's Division of the chamber, continues this afternoon at the Community Center. A special appearance by the Hereford Boys and Girls Choirs is set for 3 p.m. and many citizens will want to hear these performances. Also on the

(See HEREFORD BULL, Page 2A)

Elections Scheduled Saturday

Light Absentee Voting Indicates Low Interest In Party Primaries

The democratic and republican primaries are scheduled for next Saturday and candidates in the election have only a week remaining to campaign. So far the absentee voting has been light compared with the primary election voting of 1974 when about 2,900 voters went to the democratic polls and another 28 went to the republican polls. Also, the American Party had candidates on the

ballot but only a hand full cast ballots in that primary.

THE DIFFERENCE with the upcoming primary election is that it includes a presidential preference for the first time. It was authorized under a state law, which a lot of legislators touted as Lloyd Bentsen's pet project to gain the power over the delegates going to the

Democratic Convention.

Of course, that idea was in reference to his presidential campaign, which he has since dropped out of. He remains on the ballot only as a favorite son candidate, but he still wants the delegates to use as a bartering wedge at the convention.

Other candidates on the ballots include Jimmy Carter and George C. Wallace for democratic presidential candidates and

Gerald Ford and Ronald Reagan for republican presidential choices. A lengthy list of state candidates are included on the democratic ballots although most of the elective offices are uncontested. Refer to the bordered box on this page for a list of the local, significant state wide races, and the

(See PRIMARIES, Page 2A)

The Hereford Brand

75th Year, No. 34 Hereford, Deaf Smith County, Texas Sunday, April 25, 1978 36 Pages 20 Cents

Reagan, Carter Picked In 'Straw Vote'

Ronald Reagan and Jimmy Carter appear to be the popular choices as Presidential candidates in Deaf Smith County, if a "straw vote" survey of members of four local organizations is used as an indicator for the upcoming primary elections.

A total of 99 votes were tallied in the preference poll with Reagan drawing 34.3 per cent of the total, Carter 31.3, Ford 21.2, Sen. Lloyd Bentsen 6.1, George Wallace 5.1, and Hubert Humphrey 2.0.

On a breakdown by parties, Reagan drew 61.8 per cent of the Republican

votes while Carter drew 70.5 per cent of the Demo votes. A total of 55 votes were cast for one of the Republicans and 44 votes for a Demo candidate.

You may not want to bet on that outcome in the primaries, however, because this is traditionally Democratic country. In the May primaries of 1974, more than 2,900 Democratic votes were

cast and only 28 Republican ballots were counted.

That would seem to indicate that all the folks who marked Reagan or President Ford as their preference might not be voting in the Republican Party primary on May 1. Since these are strictly party elections, a voter can participate in only one of the primaries.

Although the ballots include a pledge to support praty nominees in the general election, a voter can cross party lines if he so desires. It is anticipated that the Demo primary here will still lure most of the party faithfuls, even though there are only two contested races on the local

(See STRAW VOTE, Page 2A)

Correction Made Concerning City Police Charge

Due to the omission of a sentence in a Brand article Thursday, it appeared that Harry Richard McCauley, 307 E. 5th St., was charged by city police with the theft of \$600 from a residence at the Bluewater Garden Apartments.

Inadvertently omitted from the portion of the article concerning McCauley was a sentence relating to a traffic citation. He was not involved, in any way, with the theft case. The Brand apologizes for this typographical error.

Hereford Volunteer Fire Fighters Honor Employers At Banquet

Hereford volunteer Fire Fighters honored their employers at the organization's fifth annual "Boss's Night Banquet" held at Dickie's Restaurant Thursday night.

Jay Spain, fire marshal, said each of the 36 fire fighters invited their bosses to the steak dinner in appreciation of their cooperativeness for the fire department.

"If they didn't let the fire fighters off from work during fire calls, we couldn't provide the protection we do," Spain said.

District Judge Mike Metcalf was the guest speaker for the banquet.

The fire department is operated by the city under the supervision of Spain, who is the only fulltime employee. The remaining members of the fire squad volunteer their time.

"I want to express my thanks to the employers," Spain said.

The fire fighters and their employers are Ronnie Bell, Rural Electric Cooperative; Kelvin Betzen, Pioneer Natural Gas Co.; Bill Bradley, Brady

Photography; Jerry Colliers, Consumers Co-op; Bill Craig, Cowboy Chevrolet; Chuck Dingley, Beavers Motors; Ed Delozier, New Holland; Jap Dickerson, Deaf Smith General Hospital; Chap Eads, Texas Highway Patrol; Wayne Fuller, Gebo's; and Jim Garner, Armour Foods.

Also, John Gilliland, Gilliland and Watson Funeral Home; Lou Gillister, Armour Foods; Paul Hagar, Armour Foods; Paul Hamilton, West Texas Rural Telephone Co-op; Ted Higgins, Southwestern Public Service; Tim Homer, Oswald; Donnie Houle, Pioneer Natural Gas Co.; Chuck Laing, Chuck's Electric; Randy Laing, Pioneer Natural Gas Co.; Tom Lange, McCaslin's Lumber Co.; Mike Major, City of Hereford; and Albert Maxwell, LaMantia, Cullum and Collier and Co.

Others include Mort McCullough, Tri-State Chemical; Reuben McGilvary, County, Sheriff's Department; Dale Morgan, Armour Foods; Ronnie Osborn, Hoerner Waldorf; Tex Rhodes, Post Office; Robert Rhoten, R & R

Refrigeration; Gerald Sledge, Armour Foods; Spain, City of Hereford; Max Stipe, Pitman Grain Co.; Butch Trevino, Trevino Conoco; and Jerry Walls, and Larry Walls, Hereford Independent School District.

Students Must File Transfers by May 1

Students planning to attend the Hereford Independent School District facilities during the 1976-77 school year are required to officially register for transfers from other school districts according to a school district spokesman.

Even students from neighboring districts of Adrian, Dimmitt or Walcott must file transfer registrations at the School superintendent's office by Saturday, May 1. That is the statewide deadline set up for students going from one school district to another.

This procedure allows time for school officials to obtain necessary information such as grades from the previous schools attended. When registering, the students may have some records of previous schools with them, but in most cases, the records will be sent for by Hereford officials.

Any questions concerning the transfer of students may be answered at the superintendent's office, located in the administration building across from Hereford High School.

County Clerk's Office Prepares For Voting

County Clerk B.F. Cain said this week that 11 democratic primary polling places and only one republican primary polling place would be open for the election next Saturday.

The polls will be open from 7 a.m. to 7 p.m. at the designated places with election judges and workers appointed as necessary. They will attend an orientation

school Tuesday on new election laws and procedures.

Cain reminded voters should bring their voter registration cards with them in order to cast a ballot. "The cards will be stamped for either the democratic or republican primaries so that no voter can cast ballots in both election," he said.

Essentially, the ballots, even though different, will carry instructions for the voter. In the presidential preference primary, votes may be cast for any of the delegates listed no matter which candidate that are committed to.

Only the republican primary ballot allows for uncommitted delegate votes or write-in votes. The democratic primary lists only Lloyd Bentsen, Jimmy Carter and George Wallace as choices.

The polling place for the republican party primary is La Plata Junior High School according to election officials. Under current law, the primary voting has changed and it is under the direction of Joe Shollenbarger, republican party county chairman, and Leo Witkowski, democratic party county chairman.

The county clerk still coordinates the election results.

The polling places for the democratic party and the election judges are as follows:

Precinct 1 - Driver's License office in courthouse, Frank Bezner.

Precinct 2 - Commissioners Courtroom in courthouse, Tony Hoffman.

Precinct 3 - Zinsler residence, Frank Zinsler.

Precinct 4 - Simms Community House, J.S. Stocks.

Precinct 5 - Community Center, Clyde Russell.

Precinct 6 - Ford School House, L.J. Straffuss.

Precinct 7 - Dawn Community Building, Mrs. H.V. McCabe.

Precinct 8 - Walcott School House, S.N. Thweatt.

Precinct 9 - Bippus Community House, C.F. Homfeld.

Precinct 10 - Wildorado Church, Mrs. C.L. McBroom.

Precinct 11 - Northwest School House, Raymond Higginbotham.

Cain said the polls that usually carry the heaviest voting are precincts one, two, five and seven.

Primary Election Candidates

Commissioners Meeting Slated

The Deaf Smith County Commissioners Court will meet in regular session at 10 a.m. Monday at the Courthouse to consider a 12-item agenda.

Included on the agenda are a review of prospects for the 1976-77 county budget, authorization of a budget hearing for May 10, a resolution in connection with the Metro Intelligence Agency, and a discussion of office space for the State Department of Public Welfare.

Also on the agenda are a discussion of

Up It Goes

Deaf Smith County precinct three workers put the covering on a rebuilt county garage building located at Bootleg Corner, 18 miles west of Hereford on Harrison Highway. County Commissioner Bruce Coleman, shown standing in doorway, supervises the work. The building is

mostly paid for by insurance coverage provided after a smaller county building, located on the same spot, burned down in September. The total cost of the structure is about \$8,000 including the cement foundation. Labor is provided by county employees.

(Brand Photo)

Area Comptroller's Office Finds \$120,000 Owed To Texas

State Comptroller Bob Bullock said today, "Dynamic new leadership and aggressive auditing of taxpayer records and returns in the Comptroller's Amarillo Field Office in the first three months of 1976 has resulted in the discovery of almost \$120,000 in taxes owed the State of Texas."

"Due to personnel changes, including the replacement of the Field Manager in the Amarillo Enforcement Office, as well as to more vigorous audits and collection techniques, the productivity of the Amarillo office has been increased by 78 percent."

"Credit for this significant increase in productivity and in identification of taxes

owed the state must be given to Bill Teague, whom I named as Field Manager of the Amarillo Enforcement Office last December, and his staff."

"In a comparable three-month period last year under the previous Field Manager, who operated the office with the same number of personnel, audits discovered only \$67,230.13 in taxes owed, compared with the \$119,640.09 revealed by audits in the first quarter of 1976."

"Changes in personnel, such as those we found to be necessary in the Amarillo Field Office, are sometimes essential to performing the work of government in the most efficient and economical fashion. Although some of the new personnel in the Amarillo Enforcement Office were

young and inexperienced, they have admirably demonstrated their ability to learn quickly and properly. They have proven that there is no substitute for hard work."

"Collections by the Amarillo office of delinquent taxes owed the state likewise increased to more than \$124,000 in the first three months of the year. Changes in the personnel and operation of the Amarillo Field Office will likely result in a 100 percent increase in the productivity of the office this year. That would mean an increase in audit-revealed tax debts of half a million dollars or more—money that will not come out of other taxpayers' pockets because some managed to avoid paying their fair share."

"The Comptroller's Office, with the help of personnel like Bill Teague and his Amarillo Field Enforcement Office staff, will continue to vigorously, but fairly, enforce the tax laws of this state to insure that every penny of taxes legitimately owed is paid and that no taxpayer pays any more than the law requires."

"I take pride in publicly commending the Comptroller's Amarillo Field Office on its vastly improved performance and record-breaking productivity during the first three months of this year."

The Amarillo Field Office serves Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler Counties.

Straw Vote --

from page 1

level—the commissioner posts in Precincts 1 and 3.

The "straw vote" survey was made at two men's and two women's organizations this week—the Kiwanis Breakfast Club, the Methodist Men's organization, the Hereford CowBelles, and the Beta Sigma Phi Sorority. The Brand simply attempted to get "straw votes" at clubs who were meeting the latter part of the week so that a larger sampling could be obtained.

There are 78 Medal of Honor recipients buried in the 103 National Cemeteries maintained by the Veterans Administration.

REC Gets Big Loan

Congressman George Mahon, in a telephone conversation with The Brand Friday, announced that the Rural Electric Administration had approved a loan to Deaf Smith Electric Cooperative in the amount of \$672,000.

Purpose of the loan will be to finance services for 482 additional customers, 86 miles of distribution lines, 9 miles of transmission lines and systems improvements, including sub-station facilities.

The area served will include counties in Deaf Smith, Castro and Parmer. President of D.S. Electric Co-op is Sloan Osborn of Friona, and the general manager is James Hull of Hereford.

Family Homes Opens

Members of the Deaf Smith Chamber of Commerce Hereford Hustlers welcome the new facility of Family Homes on 25-Mile Avenue. The owners of Family Homes, a local realty company, are Doris Umsted, shown holding top right part of

scissors, and Lee Umsted, who is standing to the left of her. The Umsted children, holding the scissors, also help with the ribbon cutting ceremonies. (Brand Photo)

Primaries--

from page 1

presidential candidates. The Brand will run a copy of the ballots in its next issue.

THE PRIMARY BALLOTS across the state have caused much confusion due to differences in republican and democratic ballots and the fact that any of the delegates listed may be chosen. A voter does not have to cast his votes for all the delegates committed to the same candidate.

Essentially, the democratic ballots will include any or all the contested races as the republican ballot leaves only write-in spaces for state level and local offices.

Even though the ballots list a pledge which supposedly commits the voter to support the nominees of that party when the general election comes, it is not really binding since secret ballots prevent anyone from telling who voted in which election.

B.F. Cain, county clerk, said that a light voter turnout is expected based on the number of absentee ballots cast so far. As of late Friday afternoon, only 22 persons had personally voted in the Democratic primary with another 11 democratic ballots being mailed out.

IN THE REPUBLICAN PRIMARY election, eight persons had appeared at the county clerk's office to cast votes. Another five ballots were mailed out.

He said that special election procedures have been implemented for the first time in this election. For instance, election officials will attend a school session Tuesday to review a lengthy list of instruction sent out by Secretary of State Mark White. Also, Cain will participate in the National Election Service, which tabulates votes

Uncle Sam Essay Contest Deadline Moved to May 1

Betty Gilbert of the Hereford Board of Realtors reported Friday that the deadline for entering the organizations' bicentennial essay contest has been extended until Saturday May 1 due to an initial difficulty with obtaining application forms.

Previously, the deadline had been April 24, but it was set at a later time to allow for more students to enter. The contest is open to any student in Hereford High School or Stanton and La Plata Junior High Schools.

Students were asked to pickup application forms at the offices of the local Realtors who are Board members.

but this proved to be a difficulty with students. Forms have been placed in the schools and a greater response is expected.

The essay subject is "What Uncle Sam Means to Me." It was chosen as part of the bicentennial year celebration in conjunction with the organization's film, "Uncle Sam—The Man and the Legend." The film has been shown to over 1,600 persons in schools and at meetings of different local civic and service organizations.

Mrs. Gilbert said students are encouraged to enter the contest. Awards will be presented to students finishing in the top of the judging.

Title VII Hearing Planned

A public hearing on the Hereford Independent School District's continuing application for Title 7 (bilingual education) Grant funds will be held at 9 a.m. Monday, May 3 in the office of Superintendent Roy Hartman.

The hearing is required by federal regulations. A meeting of the Title 7 Committee was held last Wednesday according to Mal Manchec, school administrator. However, a separate meeting is required for the hearing. It was held at Bluebonnet Elementary School.

The application is for about \$138,000. The federal bilingual education program has been operating for two years and the application is for third year funds.

from across the country. It is a private service contracted by the federal government.

"They want us to call them about every 15 minutes to report results. But I don't think we'll call that many times," Cain said. "The bigger cities such as Dallas or Houston will probably call every five or 10 minutes."

Deaf Smith County is involved with a trial run of the reporting service Saturday. A dummy list was used to simulate an actual election.

Polls for the election will be open from 7 a.m. to 7 p.m. at the designated polling places. See related story in this issue.

Farmer of the Year

Donald Hicks, representing Noon Lions Club, presents the Soil Conservation Farmer of the Year Award to George Turrentine along with his wife Johnie Turrentine. It is presented annually by the club. Sitting at the right is Donna Kendall, Lions Club sweetheart.

Hereford Bull

from page 1

program today is a demonstration of art techniques by Jean Lyles (1:30) and prose and poetry selections to be recited by drama students beginning at 4:15.

THE BRAND STAFF received great news Thursday evening when women's editor Kerrie Womble came through surgery in Amarillo, with flying colors! We know many readers share our relief and joy. Kerrie will probably be hospitalized about a week, then will be recuperating at home for an unknown time. She is in room 518 at St. Anthony's Hospital in Amarillo. (See Scribbles & Scratches column inside).

It's great to see Dyal Garner up and around after heart surgery, and we are told Tommy Braddy is recovering well after hip surgery.

Hereford is losing two fine families and we wish them well in their new endeavors. Lanny Crump, manager of Hereford Texas Federal Credit Union, is moving to Amarillo to become the credit union loan officer for Pioneer Natural Gas Co. Burns Hamilton, former manager of The Brogue, is moving to Lubbock to manage the Racquet Club.

WHEN YOU LOOK over the May primary ballot, you might wonder when this country will get around to the simple task of letting the people vote for a president.

As it stands now, the average citizen has little say in who gets nominated and who his party will have on the ballot in November. The primary ballots are really confusing this year with all the delegates

listed for the various candidates.

In our own 31st State Senatorial District, Democrats will have three choices in the primary election: Pick the delegates for Bentsen, Carter or Wallace. In some other districts, however, the names of delegates for Shriver and Harris will be on the ballots. Some districts will also have delegates listed as uncommitted.

But, the uncommitted delegates listed in most districts are not really uncommitted. They are committed to supporting any liberal, or "progressive", Democrat who can keep the liberal faction alive and kicking in the Texas Democratic Party.

The Republican ballot, on the other hand, will have the choices of picking delegates for Ford or Reagan, writing in delegates for a third candidate, or writing in names for uncommitted delegates.

As we understand it, the Texas presidential primary is confusing because it was designed to enhance the candidacy of Sen. Lloyd Bentsen, who is no longer in the national race. The Texas Legislature had the good judgement to put a "self-destruct" clause in the statute after this one primary.

Associated Press political writer Garth Jones sums up the situation rather well: "You can't tell the players in the May 1 Presidential primary even with a program!"

Holly Sugar

Holds Contest

Friday May 21 will be the deadline for entries in Holly Sugar Corporation's bicentennial contest, according to Agricultural Manager R.F. Ginn.

Entries may be dropped off at the Holly Sugar Factory Monday through Friday between the hours of 8 a.m. and 5 p.m.

The contest is for Savings Bond prizes for the most creative use of sugar in a bicentennial theme. It is open to high school and elementary students. All entries should have a tag bearing the name, address, telephone number, and category (either high school or elementary student) of the creator.

Judging will take place on Tuesday May 25 and winning entries will be on display at the Sugarland Mall for a week so that people may view the creations submitted.

All entries will be returned. Savings Bonds will be presented to the top three places in each class on or about July 4, the 200th anniversary of our country's independence.

School Set For Election Judges

An "election school" for judges and clerks in the May primary elections will be held Tuesday at 3 p.m. in the district courtroom. It was announced Friday by B.F. Cain, county clerk.

The Secretary of State's office is providing the audio-slide presentation for election officials. Cain said all election judges and clerks are urged to attend the presentation.

Educators Plan Area Health Meet

Newspapers, radio and television reach more people each day with news and educational information than any other source. Recognizing this, a group of health educators in West Texas are holding a night conference in Canyon to tell other health professionals and educators how the media can benefit them.

The session, April 27 in Canyon is part of a statewide health education project by the University of Texas Health Science Center Division of Continuing Education in Houston. The statewide goal of the project is to bring together all persons in Texas involved in health education. This is partly being done through four regional projects like the one in West Texas.

Alberta Anderson, UTHSC coordinator for the statewide program, explained that the West Texas group was hoping to demonstrate ways of adapting health education messages to the various media, and to familiarize the local media with the health education problems in their area. The meetings will also be used to facilitate sharing of resources among the health professionals.

All providers of health care or health education and members of all local media are invited to attend the three-hour session. The April 27 meeting in Canyon begins at 7:30 p.m. at the Activities Center, Room 206, at West Texas State University.

Air Force to close three bases.

Donation Made

Gwen London, county librarian, accepts an overhead projector from representatives of Whiteface Kiwanis Club. Club president Bobby Boyd, left, and Mal Manchec, presented the projector at the Friday breakfast meeting of the club.

Primaries Useless?

The Brand ran a sample vote on the Presidential preferences this week, and probably most voters will not be surprised that Ronald Reagan was the leader, followed closely by Jimmy Carter.

It may come as a surprise that of the 99 "votes" in the poll, 55 were for Reagan or President Ford. In our opinion, there's no chance of that percentage of GOP votes being counted in the primaries here.

What it does indicate to us is that Democrats don't like what they see and the candidates don't seem to measure up to the Presidency. Perhaps most Demos feel the primaries are merely personality contests, and the Demo candidate in November may not be on the May primary ballot.

In fact, a lot of folks in all parts of the country--Demos and Republicans--may be disgusted with political rhetoric, candidates who promise everything to all factions and don't deliver, welfare chiselers, high taxes and inflation.

It appears the lack of trust in government is swinging voters toward "new faces," or non-Washington, D.C. candidates.

Political Rhetoric

Listening to all the hully-gully raised by the presidential candidates as they tour the various states for delegates, we can't help but laugh at some of the charges.

We suppose you're supposed to take everything a candidate says with a grain of salt--it's not lying, it's political rhetoric.

One of the Democratic candidates the other day screamed that the poor were getting poorer. But, according to a professor at Ohio State University who does painstaking research on such matter: "In 1970 we had 14 million fewer poor people than in 1960. By OEO standards, the percentage of poor dropped from 22 to 12 in less than 10 years."

Another candidate has been squawling that our small towns are dying and we've got to have massive doses of federal aid to keep them alive. Not so, says the professor. The facts are: "Today we have 30 per cent more small rural towns than we had 50 years ago."

The American farmer is going broke according to one Democrat touring the farm belt. No so, again, says the professor. "The average net income per farm increased from \$3,024 in 1964 to \$9,271 in 1974 and farm assets have more than doubled in the same period."

Our air is filthy today, screams that Arizona feller. Wrong again! Facts that it's much cleaner than 50 years ago when every Ohio home belched coal smoke all winter and every street had clouds of flies all summer.

Black aren't getting educated, claims another politician. Wrong again. "More black go to college here today than anywhere else in the world," says the Ohio prof. The total has doubled since 1960 and keeps increasing.

To sum up, the good professor says imagine the entire world as a village of just 1,000 people. In that village, only 56 are Americans, but those 56 enjoy more freedom than any others and have half the total income. The life expectancy of the Americans is 71 years today. For the other 944 people in the village, the expectancy is less than 50 years!

T'aint bad for a country that's on a one-way slide into hell on a handbasket...according to the candidates!

—The Andrews County News

Talk of Texas

By Jack Maguire

FOOTNOTE TO HISTORY— Texas probably had its first hospital more than 200 years ago.

In 1747, Father Francis Xavier Ortiz, a Franciscan missionary, wrote to the King of Spain asking permission to build a permanent mission on the San Gabriel River in Milam County. He also asked for some extra money with which to build a hospital there or "at another convenient place."

It took the Spanish monarch almost a year to respond. On April 16, 1748, he finally issued an order that a "hospice" be built if the viceroy also agreed that one was needed.

Meanwhile, another padre hoped to get a hospital, too. On August 11, 1749, Father Francisco Xavier Castellanos asked for \$14,000. He chose San Antonio as the site.

There is no record that either was ever built. In 1805, however, a hospital was opened at the Alamo in San Antonio on November 18 when a mule train laden with drugs arrived. It was closed in 1820.

ON THE RECORD—Kennard Wood of Nacogdoches owns more than 1,500 old Edison cylinder phonograph recordings of tunes that were leading the hit parade around the turn of the century.

When disc records were introduced about 60 years ago, Wood started buying them, too. He owns more than 8,000 now.

YOU MAY NOT KNOW— That one of O. Henry's lesser known short stories is a murder mystery laid in Austin's old General Land Office Building. The author worked there four years as a draftsman.

The building, now a museum, was barely 30 years old when the budding writer worked there as Williams Sydney Porter, his real name. He was especially intrigued by the narrow spiral staircase in the Land Office and used it in his short story, "Bexar Scrip No. 2692."

The story involves a land agent who tries to get a widow's property by stealing the ownership certificate from the state office. A young clerk confronts the villain with evidence of his deed and later is murdered. The killer drags the body up the spiral staircase to the attic, then later buries it on the banks of a creek.

Apparently O. Henry's story isn't based on fact. There is no record of a

murder even having been committed in the Old Land Office.

GOOD OLD SUMMERTIME— On the average, Texas is one of the world's hot spots.

Draw a line southeast through Texas from Dallas to Del Rio. Using any index, the average summer temperatures below that line are among the hottest anywhere.

Climate experts rate the Red Sea area and Devil's Island in Guiana as hottest on the globe. Right behind them are the lower Rio Grande Valley and part of the Gulf coast of Texas.

Other areas of the U.S., like California's Death Valley, record higher temperatures. But taking air movement and humidity into account, a good part of Texas has an average desert equivalent temperature in summer of more than 100 degrees. That's hotter than almost anywhere else in the world.

**Perform a death-defying act.
Stop smoking.**

Absenteeism Kills Legislation

The importance of a few votes was further emphasized earlier this month in the nation's capital when the House killed the gas deregulation bill while a host of Republican and Democratic Congressmen were pussyfooting around the country and not tending to business.

Rowland Evans and Robert Novak, two highly respected Washington correspondents, reported the absenteeism that made the difference in the gas bill vote in one of their columns.

Perhaps a chance of a generation slipped away by the apathy which accounted for some 25 absentees for the Thursday afternoon vote. Since most of the absentees favored deregulation, they are responsible for a 205-201 vote that killed gas deregulation almost surely for this year and quite probably into the foreseeable future, according to Evans and Novak.

Quoting from the reporters' statements: "To permit their troops to wander on such a critical vote, questions the competency of House Republican leaders but also

Bobby Templeton

The Election Blues; Money That Spoils

The second election of the year is almost upon us. Will you vote in it?

Not likely according to the lack of interest being generated during the past month or so. I said the voters weren't very concerned about the city and school elections. However, the democratic and republican primaries coming up next Saturday take the cake for dull elections.

Understandably, the local emphasis is an ingredient which makes this election less of a concern for Hereford voters. But the fact that our country's fate is more important to our future existence should cause the electorate to rally to the polls this week. The presidential candidates will be heavily influenced by the outcome of the Texas Primaries and they will be our choices in November for leaders who will possibly solve some of the federal problems which face us.

Of course, no one is naive enough to think that all the choices are on the ballot. The candidate could be a dark horse such as Governor Brown of California or an old political holdover such as Hubert Humphrey, who I personally think would make a fair choice. I still hold to supporting Jimmy Carter as the most likely candidate. I like the fact that he has not already been brainwashed by the Washington D.C. atmosphere.

Hopefully, the ballots, as confusing as they are, will not deter anyone from voting. It's a rare chance to cast an early vote for a presidential prospect since this is the first such primary in Texas to include preferences for president. But remember that two significant local races still are on the ballots.

The races for County Commissioner in precinct one and three are important and rank in my mind as the two most significant local contests of the year. The county governmental body is the most powerful and two of the five members of the County Commissioners Court could make a big difference in future votes.

The campaigning has included only door-to-door knocking and advertisements. Since none of the candidates has had the opportunity to express views in public, the voter is probably at a loss.

That doesn't diminish his responsibility for choosing one though. It's also the hardest kind of an election to report, but we have tried. No one has even talked much about the election in the coffee shops or on the street. I can only think that the people just don't care much probably due to a state of confusion and general frustration.

It's not a good excuse, buy maybe the electorate is entitled to a dull election now and then. And believe me, that's what they've got.

—BT—

Lately, I've read different stories on the people of this nation who had or have quite a bit of money. One who comes to mind quickly is the late Howard Hughes. Another one of my profession is Barbara Walters. She reportedly makes about \$500,000 a year.

As far as I'm concerned, anyone with over \$100,000 is rich in comparison to general incomes that are made. The difference beyond that point just doesn't matter much.

When I read of the wastefulness of these people, it boggles my mind. It just doesn't matter whether they get everyone else to do their domestic chores and probably even to do their thinking for them.

I would like to possess a fortune like most people, but I sure hope I wouldn't turn into a vegetable like the others with money. Of course, not all people with money are spoiled, but it does seem to take some caution to prevent money from being the single influence in one's life.

All of us think about money, but it can not become the main priority in our lives. I have discovered evidence of a lot of wealth in Hereford (the large well furnished houses, luxury cars and the like). Generally, the people here are not overpowered by their fortunes. I guess that is where a lot of the donations come from for all the fund drives.

So don't move away from here if you have lots of money. The forces which lurk elsewhere may change your life style and good nature.

Editor's note: The Bootleg Philosopher on his Deaf Smith grass farm on Bootleg Corner has found something odd to worry about.

—0—

Dear editor:

Everybody knows it takes more and more money to keep your head above water these days, some government statistics claiming it takes \$15,000 a year for a family of four.

Therefore there's a problem that's been worrying me. Somewhere in some attic or laboratory some guy right now may be thinking up a new game. Let me explain.

As you know, our forefathers 200 years ago didn't have to put up any basketball hoops or lay out any football fields and build stadiums, as those games weren't invented then. I don't have the figures, but it takes takes millions and millions of dollars a

year to finance football, considering all the fields, stadiums, uniforms, coaches, bonds, pep squads, etc., not counting all the tickets the public has to buy, from grammar school through high school and college, plus the pros.

All right, say some odd character invents a brand new game, one that sweeps the country like football and basketball, but one that requires all new and different facilities, costing as much as football stadiums and basketball gymnasiums.

With nearly every town and school in the country scrambling for money to barely stay even, think what would happen to their budgets if they had to pay also for this new game.

It ought to be nipped in the bud right now. Congress ought to pass a law outlawing any new game to be invented for at least the next 50 years.

Yours faithfully,
J.A.

speech to a state association.

The other "missing" were in Washington, but not on the floor according to Evans and Novak. A Republican from Pennsylvania was cutting a radio tape; another was in a room without buzzers so that he could be alerted to the vote; Democrats from Texas and Florida did not make it to the floor in time to vote; and the 15th absentee, Democrat Wilbur Mills of Arkansas was not available to explain his absence.

The columnists report: "Fully grown Congressman, earning \$44,600 a year — which is only a small fraction of the tax money spent to support them — ought to be able to get on the floor for vital votes without being whipped. In truth, absenteeism is rampant in Congress, though usually for votes less important and not nearly so close as the probably irreparable action taken Feb. 5."

As a result of the action, which was so close to victory, Texans continue to pay heavily for regulation of gas prices that serve as the greatest deterrent ever known for new production. Ideology triumphed over reason simply because of absenteeism.

Obituaries

MRS. ELIZABETH MERCHANT

Funeral services for Mrs. Elizabeth Merchant, 69, of Amarillo and a former resident of Hereford, were held Thursday afternoon in West Park Cemetery with the Rev. Robert Kinney of St. Andrew's Episcopal Church of Amarillo officiating.

Arrangements were under the direction of Gililand-Watson Funeral Home. Mrs. Merchant, a longtime resident of Amarillo, former radio talk show hostess and a club and civic leader, died Wednesday afternoon at High Plains Baptist Hospital.

Mrs. Merchant, born in Channing, had lived in several other Panhandle communities before the family moved to Hereford where she attended Hereford High School.

After her father's death, the family moved to Clarendon where she attended Clarendon College and where she was living when she married Ira C. Merchant in 1925. The couple celebrated their golden wedding anniversary Jan. 24, 1975.

After spending six years in California, where Mrs. Merchant studied fashion designing and later worked for such movie costume designers as Adrian and Travis Banton, the Merchants returned to Amarillo in 1941.

During the 1950's, Mrs. Merchant conducted a couple of radio shows for women over Station KFDD, where she also worked in the continuity department. She continued to maintain her interest in fashion designing, doing costumes for several productions of the Amarillo Little Theater.

In addition to her other activities, she also worked college classes into her schedule and when she past 60 she completed requirements for her master's degree at West Texas State University.

She was a member of St. Andrew's Episcopal Church, a past president of the Junior Travel Study Club and a sustaining member of the Amarillo League.

Survivors include the widower, Ira; a daughter, Mrs. Gene Pollock of Amarillo; four brothers, Keith Stegall, of Gunnison, Colo.; Frank Stegall of Goodlane, Grady Stegall of Roswell, Mo. and W.A. Stegall of Hannibal, Mo.; a sister, Mrs. Grace Garton of Colorado Springs; and two grandchildren.

MRS. EMMARIE ALBRACHT

Funeral mass was held for Mrs. E.A. Albracht, 60, of Amarillo, a former Hereford resident, Friday afternoon at St. Mary's Catholic Church. Officiating was the Rev. Ken Keller, pastor, the Rev. Roy Wheeler, pastor of Paramount Terrace Christian Church, and the Rev. Joe Conner, minister of the Christian Assembly Church.

Burial was in Memory Gardens Cemetery under the direction of Schooler-Gordon Colonial. Mrs. Albracht died Wednesday at Northwest Texas Hospital after a brief illness.

Born in Indiana, Mrs. Albracht moved to Amarillo from Hereford in 1956. She married Dr. Gene Albracht in 1939 at Hereford.

She was a housewife and a member of St. Joseph's Catholic Church. Her parents Mr. and Mrs. H.A. Hoffman and a brother Leo C. Hoffman, all of Hereford, preceeded her in death.

Survivors include the widower; five sons, Dr. David Albracht, Dr. Rod A. Albracht, Dr. Charles Albracht, Dr. Colman Albracht and Daniel J. Albracht, all of Amarillo; a sister, Mrs. C.P. Urbanczyk of Hereford; and nine grandchildren.

The family requests all memorials be made to the Texas Chiropractic College, 5912 Spencer Hwy., Pasadena, 77503.

WILLIAM CARROL MANLOW
William Carrol Manlow, father of Mrs. Bessie Story of Hereford, died Thursday at 4 p.m. in Abilene. He was 90 years old.

Funeral services were held at Elliott-Hamil Funeral Home in Abilene and burial was in Elmwood Memorial Park, Abilene.

Survivors include his wife, Rebecca; a son, William Thomas Manlow of Brownsville; Mrs. Story; two sisters, Mrs. Annis Starr and Mrs. Lula Ruffner of Kermit; three grandsons and two great grandchildren.

Compliance actions handled by the U.S. Labor Department's Wage and Hour Division showed almost 217,000 workers employed in violation of minimum wage standards and 250,000 workers employed in violation of overtime standards. A total of approximately \$72.5 million was due to these workers, according to the 1975 annual report of the U.S.

About 1.6 million persons were in all Comprehensive Employment and Training Administration (CETA) programs in the last half of 1975, including 1.1 million in job training and a half-million in public service employment, according to the U.S. Labor Department's Employment and Training Administration.

Serving as National Honor Society officers and sponsors are from left, back row, Jerry Don George, sponsor; Jeanne Hair, secretary; Tony Albracht, treasurer; and Betty Oglesby, faculty sponsor. Terry Hetzel, seated at left, is NHS president and Amy Cox serves as vice president.

Members, Sponsors Recognized During NHS Reception

A reception was held by members of the National Honor Society Wednesday afternoon in Hereford High School cafeteria. During the social function which honored senior honor society students, NHS officers and sponsors were introduced. Also, junior NHS students were recognized and new members were initiated.

Dirk VanderZee and Horace Gamez served as reception directors and Mike Oglesby directed ushers.

Delfine Ulibarri and Donna Kendall provided musical entertainment and Jeanne Hair presided at the registry table. Approximately 200 students, faculty members and parents were present.

Page 1B

Hereford, Texas

Sunday, April 25, 1976

During the reception, Elaine Albracht, at left, was being chosen as an honorary member of NHS. Sandra Krueger was a scholarship recipient.

NHS members and sponsors welcomed guests and members at the reception line at the social function. The reception followed the NHS assembly held in the Hereford High School auditorium.

Delfine Ulibarri, center, greeted guests as they were served from the refreshment table centered with an arrangement of spring flowers. Servers

included Linda Mendez, Ruth Griego and student council members.

Outstanding teachers of the six weeks were recognized at the reception. They included from

left, Patsy Burnam, Jan Wilks, Barbara Stag and Gene Brock. Not pictured is Don Moore.

Arts Festival Continues

The Fine Arts Festival, sponsored by the Women's Division of Deaf Smith County Chamber of Commerce, continues today at Community

Center with several events planned.

Beginning at 1:30 p.m., Jean Lyles will demonstrate various art techniques and musical selections will be performed by the Hereford Girls and Boys Choirs at 3 p.m. Also, several drama students will recite prose and poetry selections beginning at 4:15 p.m.

The public is invited to view exemplary forms of the fine arts from 1-5 p.m. today. There is no admission charge.

Saturday a general music program was given featuring instrumental and vocal recitals and Mrs. Austin Rose Jr. reviewed the biography of John Adams.

Later in the afternoon, Ann Carroll, representing Ann's Knit Shop, gave tips for needlework and knitting projects and local drama students presented prose and poetry readings.

Mrs. Herschel Black is overall chairman of the festival. Program chairman included Mrs. Bruce Brown, hobbies and crafts; Mrs. Wayne Thomas, music; Mrs. John Gilliland, drama; Mrs. Ansel McDowell, literature; Mrs. A.A. Peterson, art; and Mrs. O.G. Nieman, publicity.

Beware of anything that anyone tells you is a "perfect setup."

Scribbles and Scratches

BY JIM STEERT
SUBSTITUTING FOR
KERRIE WOMBLE

I NORMALLY WRITE a farm column, and have been known to substitute under this column head, but what appears here today doesn't have that much to do with farming or society news. I am sure all of us have felt the same things mentioned here at one time or another, however, regardless of our occupations or interests.

I write this column following a long, frightening, tiring, trying - and wonderfully rewarding day of being made aware.

Being made aware of how fleeting the things in life are, - that in an instant, a man must stand ready to lose everything he holds dear. - There are no guarantees in life.

I have gone through a day of being reminded that there is no substitute for friendship.

FRIENDS ARE LOVE gifts sent by God to help us in the trying times we all face in our lives.

They guide our shaky hands to a solid grip upon our world when it is suddenly thrown into turmoil.

The sharp edge of grief is dulled by the very warmth of friendship.

Even more important, I have been made aware that in a time of need and uncertainty, people you've never even seen before can suddenly become friends, giving of themselves with all of the skill, ability and concern they possess.

YET, THEY return your thanks with the simple statement, "It's my job, I like helping people."

In the past few days, I've found out just how much it

means to have a boss and fellow employees who are true friends, who care enough to fill in while I'm gone, and ask only to know the progress of my loved one.

I have been aware of all the good wishes, the fervent prayers offered by friends, co-workers and family in what seemed a dark hour.

But, above all else, I am once again made aware of the wisdom, the kindness, the infinite mercy and goodness of Almighty God, who brought my family and friends close to me in a time of need.

Then, He answered my prayers, guiding the surgeon's hand and returning to me the one I love.

S&S

THE SOCIETY department here at The Brand is going to seem just a little less cheerful for a while, because Kerrie will be busy recuperating from surgery for the next month or so, and won't be working at the desk where we've all grown so accustomed to finding her.

Recovery is slow sometimes, but I know Kerrie will want to be back at her desk as soon as possible, and we all look forward to the day when she returns.

We hope those of you having society news items to report will bear with us during the next few weeks. Kerrie sets some standards that are pretty hard to match when it comes to getting the women's news reported.

Sandy and I will be doing our best to keep up the pace during Kerrie's absence, and your cooperation will be appreciated.

Incidentally - the surgery has also necessitated a change in plans concerning our impending wedding date, which had been scheduled for May 15. - Kerrie has already given me a rain check on that one though.

Business mail delivery cut back in 21 cities.

Senate approves Hatch Act lift.

Shower Honors May Bride-Elect

A bridal shower honored Mary Oakes, bride-elect of Roy Schilling, Monday evening in the Flame Room of Pioneer Natural Gas building.

The couple plan to exchange wedding vows May 1 at St. Anthony's Catholic Church.

Receiving guests with the honoree were her mother, Mrs. Dick Oakes, and her grandmother, Mrs. A.J. Erdman.

The refreshment table was covered with a white lace

overlay and yellow tablecloth and was centered with a potted plant trimmed with pink and yellow bows.

Hostesses for the shower included Mmes. Oscar Williams, Paul Hagar, W.J. Lueb, John Wilson, John Hagar, Oskar Schwertner, Elmer Reinart, Paul Hoff.

Also, Mmes. Werner Koelzer, Davie Sorrells, P.B. Sowell, Jim Loving, Hershul Burrus and Johnnei Dupnik.

To Honor Resident

Friends and relatives of Mrs. H.W. Williamson of 301 Ave. B. are invited to attend a birthday reception from 2-4 p.m. today at the home of Mr. and Mrs. James Jesko located on the Dimmitt Hwy.

Mrs. Williamson, a long-time resident of Hereford, celebrated

her 80th birthday yesterday. She came to Hereford in 1920 with her husband Henry Williamson who died in 1973.

They raised two sons, Howard who resides at Fredricksburg and Thurman of Bryan.

Medical Folklore Is Program Topic

Miss Gladys Setliff presented a program to members of Hereford Study Club Thursday evening in the home of Mrs. Sam Long with Mrs. Roy Hartman serving as co-hostess. "Medical Folklore" was the topic of the program. Miss Setliff presented excerpts from the book "Vermont Folklore" by Dr. Favris.

She recounted the cures and remedies used by forefathers and also compared animals natural instincts when treating themselves to those used by physicians. She explained that many famous historical figures were also physicians. Some of those included Dr. Benjamin Rush, a member of the First Continental Congress and two governors. She also noted that many early clergymen were also physicians.

Mrs. Cawthon Bryant presided over the business meeting in which standing committee reports were read. Mrs. Fain Cesar was welcomed as a guest by members present. They included Mmes. Labry Ballard, Maurice Tannahill, S.L. Garrison, Art Stoy, N.D. Bartlett, J.D. Gilbert Jr., J.W. Witherpoon, R.N. Yarbro and Merlin Kaul.

The next meeting was scheduled at 7:30 p.m. May 6 in the home of Mrs. Ed Wilson at which time a film will be shown entitled "Uncle Sam, A Man and the Legend."

Every special group has special reasons to justify its special demands for special privileges.

Don't expect everyone to agree with you; variety of opinion makes the world interesting.

Someone has suggested that the outer garments of patriotism often cover the underwear of self-interest.

Boss, Secretary Honored Thursday

Secretaries Week was highlighted by the Annual Banquet for the Tierra Blanca Chapter of National Secretaries Association held Thursday evening at Hereford Country Club. Judge Woody Pond, county judge of Randall county, was named "Boss of the Year" and Thelma Lamm, secretary at Hereford State Bank, was honored as "Secretary of the Year."

Receives Honor

Judge Woody Pond, County Judge of Randall County, at left, was presented a plaque proclaiming him "Boss of the Year" by Dr. Hubert Oppe. The presentation was made at the Annual Banquet for the Tierra Blanca Chapter of National Secretaries Association Thursday evening at Hereford Country Club.

Luncheon Scheduled

Carolyn Jones will be the guest speaker at the Association for Children with Learning Disabilities covered dish luncheon scheduled at noon Thursday in the Community Center. The public is invited to attend. The speaker, an educational diagnostician from the Public Education Service Office, will speak on the testing and remediation of children. The organization serves in testing children and has materials available for children with learning disabilities that public schools cannot offer.

The mercy of God is not to be purchased by cash contributions.

Never lose your temper because someone else can't think clearly.

Award Presented

"Secretary of the Year" was the honor bestowed to Thelma Lamm, at left, during the Annual Banquet for the Tierra Blanca Chapter of National Secretaries Association Thursday evening at the Hereford Country Club. Mrs. Lamm received the award from Louise Gunther.

The tests of sincerity is the willingness of an individual to do something without compensation.

Not all the comic characters are to be found in the comic books.

No one is interested in your excuses.

"SAVIN' IS EASY"

It's BABY WEEK

at GIBSON'S in Hereford Prices effective Monday, April 26 through Saturday, May 1!

Look Who's New

Mr. and Mrs. Gabriel Martinez of Hereford, are the parents of a daughter, Sandra, born April 20. She weighed 7 lbs. 11 1/2 oz.

Mr. and Mrs. James Carnes of 135 Ave. G, are the parents of a son, Jeremiah Douglas, born April 22. He weighed 7 lbs. 5 oz.

Burton Honored

In special Amarillo College Honors Convocation ceremonies on Thursday, approximately 130 students will be recognized for various outstanding accomplishments.

Among Thursday night's awards will be scholastic awards, special awards and scholarships. Outstanding majors will be recognized as will be those in Who's Who Among Students in American Junior Colleges and Who's Who in Technical-Vocational.

Outstanding major awards will be presented to Arthur C. Burton of Hereford in the in-service fields of public safety, fire protection and law enforcement from the School of Technology.

Thomas Honored At U.T. Ceremony

David Wayne Thomas, son of Mr. and Mrs. Wayne E. Thomas of 206 Sunset Drive, Hereford was one of six students honored at a presentation ceremony given by the student council of the College of Business Administration at The University of Texas on April 20.

Thomas, a senior finance student, is a member of Phi Eta Sigma and Phi Kappa Phi scholastic honorary societies. He has been active on student government committees and is cited as a Goodfellow in the student yearbook. He will enter the U.T. Law School next fall.

Unemployment insurance benefits more than doubled during the 1975 fiscal year, with about \$12.3 billion paid to approximately 12.1 million persons, according to the annual report of the U.S. Department of Labor.

New arrival in town, Gerber Babywear.

New Gerber Stretch Terry Coverall. Available in yellow and blue.

We're introducing a complete new line of baby clothes—undershirts, vinyl pants, socks, sleepers, coveralls, training pants and bibs.

Gerber Babywear is designed with two people in mind—you and your baby. Comfortable for the baby. Practical for you.

Quality is a lot of things.

When you spend your time creating products for babies, you learn how important being careful is. So—before we put the Gerber label on these baby clothes—we tested them thoroughly. Including the final Gerber test: actually working in the home with mothers and their babies, to get the benefit of a mother's practical insight. It was time well spent.

Because now we put a triple layer of material under the snaps of our sleepers and coveralls, so they're less likely to pull out.

And we've put snaps all around the diaper area so you don't have to remove the garment.

We took the guesswork out of sizing.

Babies just don't come in standard sizes. And that's why we took special care in developing our new sizing system, based on both weight and age.

It means you'll always be sure of a good fit with Gerber Babywear.

SIZE	AGE	WEIGHT

Jolly-Faubus Wedding Vows Spoken Saturday

Miss Brenda Gayle Jolly and Roy Leon Faubus were married in a candlelight ceremony Saturday evening in First Christian Church with Phil Christopher officiating.

The bride is the daughter of Mr. and Mrs. Alvis Jolly of Route 2 and the bridegroom is the son of Mr. and Mrs. Roy Faubus of Fayetteville, Ark.

Church decorations included spiral and branch candelabra, pink tapers and a unity candle. Also, a large basket containing

red roses, pink asters, pink carnations and babybreath was arranged at the main altar.

The bride's sister, Mrs. Nelson Kendall, served as maid of honor and Charlie Fry was best man.

Miss Shalyn Sisson and Mrs. Rudy Gonzales were bridesmaids and groomsmen included Ken Woods and Terry Williams, both of Lubbock.

Escorting guests to their seats and lighting candles were the bride's brother-in-law Nelson

Kendall and Worth Trammel and Joe Riley, both of Lubbock.

Miss Marie Katherine Trammel, daughter of Mr. and Mrs. Worth Trammel, was flower girl. She wore a floor-length chiffon pink dress fashioned with short sleeves trimmed with ruffles. Two deep flounces also trimmed the hem of the gown which was decorated with a pink blow and bell.

She carried a lace basket of red roses and wore pink carnations and babybreath in

her hair.

The ring bearer, Nick Kendall, the bride's nephew and son of Mr. and Mrs. Nelson Kendall, carried an ivory satin ring pillow made by the bride. It was decorated with pink bows and babybreath.

Mrs. Bill Deavers, sang principal wedding selections, "Twelfth of Never" and the "Lord's Prayer" accompanied by Mrs. Joe Hacker.

Given in marriage by her father, the bride wore a candlelight gown designed with an empire waistline, high neckline and long handkerchief sleeves. Lace flowers trimmed the neckline, fitted bodice, sleeves, waistline and Chapel train of the gown.

long stem red roses by the bride.

Mrs. James Percy and Miss Kay Dunn, both of Lubbock, invited guests to sign the registry book at the reception held in the parlor of the church.

Mmes. A.L. Hollingsworth, David Hutchins, Trammel and Johnny Hayes served the three-tiered pink wedding cake accented with burgandy flowers and topped with a nosegay of fresh flowers.

White doves were arranged between the first and second tiers of the cake which was arranged on a mirrored tray and four heart shaped miniature cakes were mounted at the corners of the tray.

Mmes. Trammel, Clois Jolly, David Kelly and Claude Pillars served punch and coffee from the refreshment table centered with the attendants' flowers and a large pink candle.

Leaving for a wedding trip to Rio Dosa, N.M., the bride wore a pink pantsuit with window pane stitching and a pink and white blouse and matching accessories.

The couple will make their home at 2011 30th Street in Lubbock.

The bride is employed as an X-ray technician for Dr. R. C. Lewis at Lubbock. She graduated from Radiology Technologists School in Lubbock in 1976 and is a 1973 graduate of Hereford High School.

The bridegroom is employed for Talkington's Men's Store at Lubbock. He attended the University of Arkansas and graduated from high school in Fayetteville.

Out-of-town guests included Mr. and Mrs. Clois Jolly of Twitty, Mr. and Mrs. Claude Pillars of Ocean Springs, Miss., Mr. and Mrs. David Kelly of Fort Worth, Mr. and Mrs. Eldon Smith of Lubbock, Mr. and Mrs. David Hartman of Fayetteville, and Mrs. Ruty Hayes of Weatherford.

Mrs. Faubus was feted with a bridal luncheon and 'n' rice shower at Hereford Country Club recently. Hostesses were Mrs. Shirley Garrison and Mrs. David Hutchins.

There were 15 guests present.

Public health doctor says gonorrhea epidemic.

Seminar Attended

By Women

Joyce L. Lyons, administrator, and Virginia Harrington, assistant administrator of King's Manor Methodist Hospital, attended an educational seminar recently at Midland.

The program entitled "Financial Aspects of Quality Life Term Care" was a two-day workshop presented by the Texas Association of Home for the Aging, which is a professional organization representing 170 nursing homes in Texas.

This seminar was conducted with budgeting and planning cost control and management factors in relation to rehabilitation programs, activity programs and social service programs.

Each participant received a certificate of attendance and acknowledgement of 15 hours of study.

God could not be everywhere so He made mothers.

Comings And Goings At Kings Manor

BY FAY GAUGGEL

Mrs. Hicks daughter Mrs. Mary Beth Thomas of Soap Lake, Washington visited her for a few days April 14 to 19.

Rev. Seago administered Holy Communion Friday p.m. to Manorites. The service began with a Solo "Thirty Pieces of Silver" sung by Mr. Clyde Hudson accompanied by Robert Wilson. Rev. Seago delivered an appropriate sermonette before the elements were

passed. The Chapel was attractive with flowers received by our residents. We were inspired indeed.

The Alice Ward Circle of Hereford U.M.W. met at the Manor Wednesday p.m. Mrs. Don Davidson and Mrs. Jane Bickley directed activities which were brief composed completely from the Easter theme. Audience participation was stressed under two heads (1) A

few ladies read poems or jewels of literature. (2) Various ladies expressed outcomes from the Resurrection which they deemed very vital to our lives.

Mrs. Don had sprigs of bridal wreath. She presented each of us with one and prayed for each an appropriate prayer. We sang "He Arose", and were dismissed with a benedictory prayer. About 20 ladies attended.

WESTGATE NEWS By Ben Noland

Wednesday-afternoon was most interesting craft day, as we had three generation personal helping - they were Mrs. Love, Mrs. Ruth Gandy and Tamie Shaw. These talented Love's do show their love by helping others.

Thursday morning for Bible study we had another family to come bring the devotional with scripture and song and they were the Stewarts from Dawn Baptist Church.

Mrs. Ray Stewart gave several numbers on the piano and Mrs. Perry Stewart read the scriptures and the young 2 year old daughter added to the service as the residents do enjoy children.

Mrs. Betzen and Mrs. Adams were the sunshine ladies with the shopping cart Thursday.

Thursday afternoon was an exciting day for the ones that were watching the clouds for we were very close to some twisting winds but by mid-afternoon we were rejoicing over the moisture and we decided the best way to spend the afternoon was to go to the dining room for a pop corn party. Pop corn parties are a very special treat and an afternoon of good relaxing for the residents. The residents and staff members can eat the corn almost as fast as two

poppers can pop it.

Friday Wilma Bryan brought her granddaughter Regena and a friend Robin Coleman to Tri Chem. The ladies enjoyed these teenagers as they can keep up on the younger generations ideas, etc.

Monday was Mildred Ramsey's birthday and Joe the postman had a heavy load as she received many nice greetings from friends. Monday afternoon Mrs. Gladys Legg and Lillian Lookingbill long time friends came by to wish her a happy birthday in person.

We had several to come by the Activity room Monday and were ever busy - there comes a time we have to go through straighten out so the ladies were helping by winding tape, laces, thread and placing in a certain box.

Mrs. Mollie Grant had a special treat Monday afternoon as her adopted grand daughters came by and brought an Easter gift. These girls are the Sunshine BlueBirds from West Central and Northwest Schools and all second graders. Their leaders are Ruth Fish and Billie Layman. Thank you for coming and giving Mrs. Mollie a good afternoon.

The Greenways were back

Tuesday for singing. They gave a good report of their trip.

Wednesday morning Paula Eubanks was back after missing a couple of weeks. Paula plays the piano in the lobby each week.

The Auxiliary ladies are still busy making curtains for Westgate. They have many activities and Tuesday afternoon the Chairman Mrs. Earl Harkins called a meeting. The purpose of this meeting was to make plans for Open House at Westgate May 2, 1976 from 2 to 4 which will be in honor of National Nursing Home Week. We will be expecting each of you to come by to see the residents and enjoy a bit of

refreshments as the Auxiliary ladies will be hosting the affair.

PUBLIC INVITED

The public is invited to attend a reception today which will honor the Rev. Eugene Brink, pastor of First Christian Church. The event will be held from 3-6 p.m. in the church parlor. Rev. Brink is moving to Dallas.

One may desert one's father, though he be a high official, but not one's mother, though she be a beggar. -Chinese Proverb.

He is bare of news who speaks ill of his mother. -Irish Proverb.

Women's Division Outlined

Three members of the Women's Division of Dea Smith County Chamber of Commerce attended a meeting of the Women's Division Littlefield Wednesday.

Mmes. Melvin Hoover, Milton Adams and Bill Albright presented a program on ways the club could improve the organization and outlined the work the Women's Division does here.

BIBLE VERSE

"Honor thy father and mother, that thy days may be long in the land which Jehovah thy God giveth thee."

1. The above reference is what commandment in the Decalogue?
2. What is unique about this particular commandment?
3. Do parents have any responsibility in respect of this commandment?
4. Where may this commandment be found?

Answers To Bible Verse

1. The fifth.
2. It is the only one of the ten which includes a promise to those who obey it.
3. They are to live so as to be worthy of their children's honor.
4. Exodus 20:12.

Couple To Marry

Mr. and Mrs. William E. Wells of 313 Centre announce the engagement of their daughter, Frankie Leigh, to Rodney Gene Ferguson, son of Mr. and Mrs. Marlon A. Ferguson of Route 5. The couple plan to exchange wedding vows June 5 at Temple Baptist Church.

Heart Program Is Presented

The Cultural Extension Club met at the Pioneer Natural Gas Co. Flame Room Friday afternoon and heard a program presented by Mrs. Jack Griffin of the speakers bureau of the Heart Association.

Mrs. Griffin gave information on heart association services and programs. Following her presentation, Mrs. Steve Clements, who is a nurse, took the blood pressures of the members present.

Club members welcomed eight visitors including Mrs. F.Y. Moreman, Mrs. D.Y. Edwards, Mrs. J.J. Boling, and Miss Beulah Duensing of Kings Manor, Mrs. Pink Gilliland, Mrs. A.R. Foster, Mrs. Pope Gossett and Mrs. H.F. Benson. Other members present included Mmes. Ira Scott, J. Hunter, Melvin Sumner and Authur Dettmann.

Women Attend Meeting

Two members of the regional committee for the Bicentennial assembled in Whitedeer Museum at Pampa recently. They represented the Hereford community.

Mrs. Henry Sears and Sue James invited the Panhandle group to the next regional committee meeting scheduled at 2 p.m. May 19 in Deaf Smith County Historical Museum.

During the meeting, it was announced that the Festival of '76 will be held June 11-13 at Tri State Fairs grounds in Amarillo.

Anyone wishing to have a commercial booth is asked to contact a member of the Bicentennial committee. This Centennial event will be held in conjunction with the Panhandle Bicentennial.

John Anderson of Dallas, deputy regional director of the ARBA, was guest speaker at the committee meeting.

Marriage Pending

Miss Janie Northcutt and John Schumacher plan to exchange wedding vows June 11 at St. Anthony's Catholic Church. The bride-elect is the daughter of Mr. and Mrs. H.H. Blakey of 510 McKinley. She is employed at King's Manor Retirement Home and is a 1974 graduate of Hereford High School. The prospective bridegroom, also a graduate of HHS, is engaged in farming near the Summerville community. He is the son of Mr. and Mrs. Joe Schumacher of Easter.

Certificate Presented To Rebekah Lodge Member

Faye Brownlow presented a certificate of perfection to Ada Hallobough when members of Rebekah Lodge met recently in IOOF Hall.

District deputy president, Mrs. Pat Fallwell of Friona, presented a program given to her by state president, Dora Pedigree of Fort Worth. The program centered on a meeting held at Abilene.

During the business meeting with Mrs. Merie Bridges, noble grand, presiding, Mrs. R.E. Curtisinger read Mrs. Fallwell's commission.

Warren Burger, Chief Justice, on judicial changes: "There is nothing dangerous about studying and considering basic change."

Welcomed as visitors were Geniva Williams, Juanita Reid and Jewel Clayborne. Mrs. P.B. Sowell served as hostess to 21 members present.

Officers Elected By Club Members

Mrs. Archie Dwyer and Mrs. John Hays, representing the American Heart Association, presented a program to members of Calliopean Study Club Thursday evening in Deaf Smith County Library Heritage Room.

They outlined the purposes of the local heart association and also listed the causes of heart disease.

During the business meeting, a nominating committee consisting of Sue James, Mrs. Ansel McDowell and Zella Mae Crump, made recommendations for a slate of new officers.

Serving as president will be Virginia Holmes; vice president, Mrs. Clyde Cave; recording secretary, Mrs. Earl Holt; corresponding secretary, Mrs. Wesley Gulley; treasurer, Mrs. Paul Conaway; reporter, Mrs. James Hull; parliamentarian, Mrs. Trow Mims.

New officers will be installed

May 13. Mrs. Gulley announced that she will be presenting a voice recital May 2 at the Federated Women's Club building at Amarillo and invited club women to attend.

Mrs. John Gilliland served as hostesses. Other members present besides those mentioned included Mmes. Alton Fraser, Dale Furr, Millard Nobles, Keith Simmer and Jack Wilcox.

OUT-OF-SHAPE --- When making your cheese selection, don't pick one that looks a little out of shape. This is an indication that the cheese probably has been warmed somewhere en route to the store and may not have peak flavor.

LITTLE SPROUTS --- Time to start your vegetable and flower garden seeds on your sunniest window sill. Those half-gallon milk cartons make good containers. Simply turn them on their side and cut the topside off.

SNOW WHITE --- To make your mashed potatoes white as the driven snow, add a teaspoon of vinegar to the cooking water as you add the potatoes.

QUICK TOPPER --- Here's a quickie orange sauce that's a great topper for cake or ice cream. Blend together a 6-ounce can of orange juice, undiluted and thawed, with 1 1/2 cups of light corn syrup. Simple and oh so good!

PRUNING OF THE GREEN --- Always prune rose bushes on St. Patrick's Day, a garden expert advises. In fact, late winter is a good time to prune all but the flowering shrubs.

NUTTY CRUST --- For a perfectly good cream pie, add ground nut meats to the pie shell pastry. Peanut crust is great with chocolate filling, as is pecan with butterscotch!

HD Members Invited To Luncheon

All Home Demonstration Club members are invited to attend a covered dish luncheon at noon Monday in the Flame Room of Pioneer Natural Gas building.

Each person is requested to bring a covered dish.

During the business session which will begin at 1:30 p.m., reports from the District THDA meeting will be given by Mmes. Leroy Johnson, Jimmie Bradley and Bob Campbell.

THE RIGHT MAN for the JOB. . . ALFRED SMITH

I ask that you vote for and support. . .

By SALLY and JIM ADAMS
BICENTENNIAL
VACATION: II

Last week we urged you to plan well in advance if you want to include any of the Bicentennial events and celebrations in your vacation schedule. Here's a brief rundown of some of the things that will be going on.

Philadelphia is going all out honoring the 200th anniversary of our nation, with more than 300 events. The major program will be held July 4th when the President will appear, along with officials from every state in the union.

Planned are fireworks, parades, and tours of the historic houses and buildings. For a complete calendar of events write to Philadelphia '76, 1525 John F. Kennedy Blvd., Philadelphia, Pa., 19102. Package tours are available, and there's a toll-free room reservation number -- 800-228-1976.

New York City is also planning a big Bicentennial splash: Write to New York Convention and Visitors Bureau, 90 E. 42nd St., New York, N.Y., 10017. You'll get a free city map, and guides to hotels and restaurants.

Boston will celebrate the ride of Paul Revere on Patriots' Day, April 19th. A once-in-a-lifetime event will be Operation Sail. Some 250 sailing ships from 30 nations will be seen in Boston and New York harbors from July 4 to July 20. For more information, write to Boston 200, No. 1 Beacon St., Boston, Mass., 02108.

PHILLIP ZINSER
...to play at recital

Recital Planned Friday

Phillip Zinser, son of Mr. and Mrs. Frank Zinser Jr. of Route 5, will be performing at a piano recital at 8 p.m. Friday in the Fellowship Hall of First Christian Church.

The public is invited to hear selections from the old masters and some modern composers. A junior student at Hereford High School, Zinser is currently studying under Dr. George Eason at West Texas State University.

He is a former student of Mrs. Joe Hacker.

A cold is most contagious during the first two days. Do your friends a favor during this time: pretend you have the plague and just stay away.

June Wedding Planned

Miss Patricia Yerby and Rob Hardy plan to exchange wedding vows June 4 at Central Church of Christ. The bride-elect, daughter of Mr. and Mrs. Ralph Yerby, is a spring graduate of Hereford High School. The prospective bridegroom is the son of Mr. and Mrs. Bob Hardy of Summerfield. He graduated from Sudan High School.

Officers Elected By Study Club

New officers were elected by members of La Madre Mia Study Club Thursday evening in First National Bank Friendship Room. Serving as hostesses were Mmes. Roger Williams, Eugene Sparks, Craig Smith and Gerald Martin.

Short skits were presented by club members presenting their candidates. Also, a brief business meeting was held with Mrs. Dean Herring presiding.

The next meeting - was scheduled May 13 when new officers will be installed.

Those present included Mmes. Lynton Alford, Jimmy Anderson, Doug Bartlett, Waldo Baxter, Herschel Black, Charles Frye, James Gentry, Dickie Gerles.

Also, Mmes. Wayne Lady, Don Lane, Dwight McGee, G.C. Merritt, Bobby Owens, Stanley Simmons, Bud Snyder, Don Taylor, Charles Watson, Butch White and Steve Hodges.

Democracy is not improved by the careless and indiscriminate criticism of officials.

The myth of human equality fools no one but those who yearn to be fooled.

By The Garden Gate With Glad
By Gladys Manjeot

FLOWERS LEAVE THEIR FRAGRANCE ON THE HAND THAT BESTOWS THEM. This old Chinese proverb, if practiced each day, would change the whole world in a wonderful way.

Friday afternoon when I walked into the beauty parlor the very first thing I noticed was a small clay pot which had a beautiful planting of Bluebonnets in it. They were in full flower, and it was a thrill to see the beauty of our state flower.

A friend had potted the flowering plants while visiting her mother, and knowing that her friend loved flowers, she brought the pot of flowering plants to her. And I know that others enjoyed them also, because I watched the ladies come and go, and most of them stopped to admire the Bluebonnets. Yes, flowers do bring happiness, their fragrance can give a lift to practically everyone.

Legend says bluebonnets are drought-born. What do you know about the Texas state flower? Winter drought conditions have made the springtime bluebonnets rather scarce this year, though the Indian legend has it that the flower originated during a similar dry year.

They have been effected by the drought, but since the rains, they are blooming, and making the landscapes lovely. Am hoping that we will see lots of them in bloom as we drive to Fort Worth this week, to attend the State Garden Club Annual Convention. The wildflowers always are a joy to me. I just like to get out and walk through time.

The Bluebonnets were made the state flower in 1901 by the legislature, edging out such notable-as the cotton bloom and the colorful and intricate prairie pear blossoms.

When first adopted, it was known as the "wolf flower", because settlers thought it was predatory, taking nourishment from the soil. The flower also was known as "buffalo cover" and Mexicans called it "conejo" - cottontail rabbit.

The Texas Highway Department has added much color and beauty to the highways, by the mass planting of the Bluebonnets along the highways, especially near the overpasses and the underpasses. I never tire of seeing them, especially when the skyline gives them a beautiful background of blue, with gleaming, floating white clouds.

It was in a year similar to this one when there were drought conditions, and through the Indians that the Bluebonnet legend began. The story goes that it was so dry the soil turned to billowing clouds of dust and famine struck the Apaches and Comanches.

The Great Spirit told a man while in prayer that the tribes must sacrifice something of great value and scatter the ashes in the wind. An Indian girl overheard the medicine man telling this to the tribe. Late that night the Indian girl could not sleep, so she clutched her one cherished possession of value - a small buckskin doll. In her arms, the ragged doll depicted a warrior its mouth and eyes carved and stained with juice of berries. Its bonnet was made from the feathers of a bluejay. Silently she slipped away, and made a small fire, and with tears streaming down her cheeks, she burned the doll. The next morning she led her parents to the spot and a startling patch of blue flowers had sprung from the ashes.

That day the rains came in torrents and the prairies turned green again.

Since that time there have been many legends relative to the blue flowers which grow so abundantly, each spring on the hills and pasture lands, in Texas. Their beauty is entralling and Texans should be proud of their state flower - the Bluebonnet.

They will grow in our gardens. I planted some last year and had several pretty spikes. The coloring was delicate, and beautiful. Select good seeds. Choose an area where there is good drainage. Prepare the soil, digging and turning the soil. Rake and prepare it for planting. Make the design you wish them to grow in. Plant according to directions on the packet. They will respond to good care. They grow well in soil which is not too rich. Rocks can be left in the prepared bed, as they make it more like their habitat. They do need at least a half day of sunshine. Do not over water. When blooming they will add a bit of blue beauty to the garden.

Arthritis, Rheumatism Sufferers!
Time Proven ICY-HOT PUTS PAIN TO SLEEP
"Without taking Pills"

If you're one of the many, many folks who have "tried everything" - taken pills by the thousand, capsules until you've gagged on them, spoonfuls of evil-tasting liquids until you can't stand the sight of your medicine cabinet, then it's time you get ICY-HOT!

ICY-HOT has been making friends for just about 50 years.

You don't "take" ICY-HOT. Instead you just rub its creamy balm over the affected joints or muscles. That's all there is to it. ICY-HOT must get you the results you want - blessed temporary relief from the pain of arthritis, bursitis, rheumatism, soreness, stiffness. You begin to sleep peacefully again. You can actually feel the pain lessening. If you don't have relief in 24 hours, we'll return your money.

Yes, you must be 100% thrilled with the speed with which ICY-HOT puts pain to sleep, or we'll return the purchase price with our question. \$3.00 for 3 1/2 oz. jar, or \$5.00 for 7 oz. jar.

Joyce's Journal

BY JOYCE SHIPP
Deaf Smith County Extension Agent

If you didn't attend the Homemaker's Day activities Thursday, you missed a lot of good information and fun. Several hundred people were in attendance and enjoyed participating in the day's activities.

We appreciated everyone involved for helping make this event a successful one.

Demonstrations on small appliances, microwave oven, meat cutting, style show and exhibits were on agenda for the day.

Every family should plan to make household equipment last as long as possible. Daily care and needed repair of equipment will determine the length of its usefulness.

A set of instructions for use and care of equipment usually comes with new appliances. Keep these instructions convenient for use and always follow them carefully; they are prepared to help families properly care for equipment, as well as to locate minor troubles and make simple repairs. Some mechanical difficulties will develop which are not covered in the instructions. For these repairs, obtain the services of a trained repairman.

Repair of many small appliances is tedious and time consuming. Some repair parts are expensive. Often the better alternative is to purchase a new appliance. A qualified and honest repairman can assist you in making this decision.

SAFETY WITH ELECTRICITY

"Play it safe" Here are some Rules:

MAIN SWITCH: Know where the main switch is located and keep the space clear so you can reach it quickly in an emergency. Before you make any repairs, pull the main switch to cut off the current. It is a good idea to keep a flashlight near the switch box.

FUSES: When something goes wrong, fuses stop the hazard—by turning off the current. Be sure you see the right size fuse for the circuit. Don't be so foolish as to put a penny under a blown fuse. Be sure to keep a supply of extra fuses of the correct sizes.

BARE WIRES: Never touch a bare wire or any metal that is touching a bare wire—and don't touch electrical fixtures, switches or appliance when you are wet.

FLYING KITES: Kites should never be flown near electric power lines. The kite string might cause a short circuit between the line and the ground.

SHOCKS: Any switch, light appliance or piece of equipment which gives a shock should be checked and corrected at once. A test lamp can be used to find out which part of the equipment is shorted. Any shock or visible spark indicates that a hot wire is

contacting some part of the frame when it should not. If you are unable to locate the trouble, take the faulty equipment to a good electrical repairman.

OVERLOADS: Don't be guilty of "octopus wiring"—too many appliances in one outlet. If fuses blow frequently, you probably need more circuits.

APPROVED MATERIALS: The Underwriters Laboratory tests electrical equipment to make sure it meets certain requirements for safety. The label, "Underwriters Laboratory," on any piece of equipment means that it has passed the laboratory tests.

GOOD WORKMANSHIP: Be sure that your wiring complies with the requirements of the National Electrical Code and with local regulations.

OUTSIDE LINES: If you see anything wrong with the electrical lines, call your electric power supplier at once. Use

care in moving any equipment under or near high voltage lines.

WINCH LINE

by DANNY WINCHELL

An amendment on the Tax Reform Bill now before Congress would require gambling casinos in Las Vegas to collect a 20 percent withholding tax on big slot machine payouts. Even if a person lost \$1,000 before hitting a jackpot it would still cost him \$200 for Uncle Sam. Managers of the larger arenas around the country are taking a stronger stand against promoters and rock groups, holding them responsible for any of the damage done by the kids who attend those concerts.

A drop in Japanese tourism is affecting business in Hawaii. A Stradivarius cello, made in 1721, was sold at a London auction for \$103,500, the highest price ever paid for a cello.

Glennnda Hopson To Graduate From ENMU

Glennnda Jo Hopson of Hereford is among the 686 candidates for graduation this Spring at Eastern New Mexico University.

Baccalaureate and commencement services begin at 8 p.m., Friday, April 30, in the Physical Education Complex Arena. Governor Jerry Apodaca will deliver the main commencement address on "The Challenges of 1976."

The list of candidates for graduation includes 47 associates' degrees, 467 bachelor's degrees, and 172 master's degrees. One hundred and twelve students will graduate

with honors. Honors notations include summa cum laude, 3.8 to 4.0 grade point average; magna cum laude, 3.7 to 3.799; cum laude, 3.6 to 3.699; and special honors, 3.3 to 3.599.

Ms. Hopson will receive a bachelor of business education degree in secretarial administration.

Handicapped
A Motorist: "Doesn't that roar of traffic affect your driving?"

B Motorist: "I'll say it does! I can't hear a word my wife says."

G. E. D. TESTS

G.E.D. Tests are given regularly by Hereford High School. For information and appointment to take the tests, call:

Robert L. Thompson 364-0843

Couple To Marry

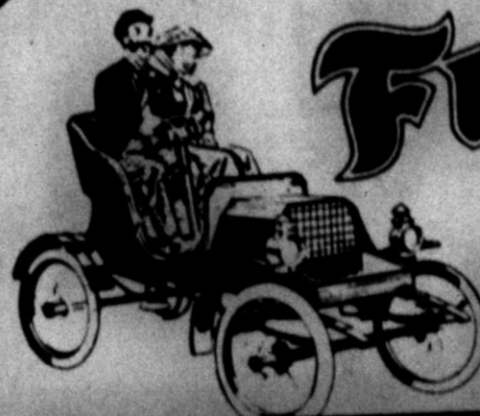

Miss Jere Lynn Hexemer of Fort Worth and Gerald V. Witkowski, also of that city and a former Hereford resident, plan to exchange wedding vows June 24 in Washington Temple of the Church of Jesus Christ of Latter Day Saints at Washington, D.C. The bride-elect is the daughter of Mrs. Troy L. Hexemer of Fort Worth and the prospective bridegroom's parents are Mr. and Mrs. Leo V. Witkowski of 215 N. Texas Ave.

SUEDE SAVVY --- When that beautiful day arrives to put away winter clothes, take care that your suede jacket or coat is not covered with plastic! The plastic cover will only hold in moisture and compress the nap. Best cover is cotton fabric that breathes. Furs and other leathers also should not be covered with plastic.

QUICKIE CHICKIE --- For a dandy yet easy chicken casserole, brown four chicken breast halves in one-half cup margarine. In bottom of two-quart casserole, pour one cup uncooked rice. Then pour in one can each cream of celery and cream of mushroom soup mixed with one cup water. Place browned chicken on top and bake 325 degrees for 45 minutes.

NAIL KNOW-HOW --- You can help strengthen your nails by soaking them in warm water to which you've added a few good squirts of lemon juice. Remove any excess cuticle and rub warm olive oil around cuticle and nail. Great beginning for your home manicure.

PRO JOB --- A nifty way to get a professional looking darning job is to cut a piece of net and sew under the spot to be darned.

Realtors Marketing Session Organized

Men and women working in the real estate profession here are urged to attend a unique June 8 marketing session sponsored by the Texas Property Exchangers and the Texas Farm and Land Institute. Jeane Coker, president of the Hereford Board of Realtors said that the session would be held in San Antonio's Convention Center.

This marketing session offers our members an opportunity to market properties varying from shopping centers, office buildings to sausage factories and ranches. Jim Eaton of San Antonio, TPE president, and Joe Barns of Denton, Farm and Land Institute president, have announced that each participant may place three packages with a minimum equity of \$25,000. To register for active participation the cost will be \$20 but any member of the Texas

Association of Realtors may enjoy watching and learning without charge.

President Eaton also explained that 100 copies of each property package are needed so that everyone can be examining the details of the property before making actual offers. The Texas Association of Realtors is opening its annual convention in San Antonio, June 9-12, with Frank Nix of Waco, 1976 president, presiding.

Workers adversely affected by increased imports receive the benefits of a liberalized trade adjustment assistance program authorized by the Trade Act of 1974, and administered by the U.S. Labor Department. Benefits include cash allowances, counseling and placement services, training programs, job search grants and relocation allowances.

Award Presented

Donna McNutt, left, receives the Athenas Award from Athenas advisor Jean Cyfert during initiation ceremonies at Bethan Nazarene College in Bethany, Okla.

Contest Plans Made

Top photographers from all over the nation have been invited to serve as judges for Focus '76, 2nd annual national photographic exhibition scheduled to open July 23rd at Amarillo Civic Center.

Already scheduled to be part of the judges panel are Ed Carlson of Dallas, Dick Kent of Albuquerque, and W.D. Smith of Fort Worth.

Sponsored by Top of Texas branch, National League of American Pen Women, the show will open to the public until July 30.

Professional photographers have until May 15 to enter their work in either black and white or color. Entries may be made in five categories: portraits (formal

or informal); architecture, commercial or industrial; still-life; landscape or seascape; or candid human interest.

Cash prize awards of \$75, \$50, and \$25 will be given in each classification, and there will be a \$500 award for best of show in both black and white and color.

Final judging by the panel of experts will be open to the

public, and entrants who desire a critique will receive a standard tape cassette for \$5 each.

Object of the exhibit, according to chairman, Mrs. Julia Spurlock, is to promote and exhibit excellence in general photography and photo journalism, and to educate and develop public awareness concerning all photography.

During the 1975 fiscal year, grants totaling more than \$2.9 billion under Titles I, II and VI of the Comprehensive Employment and Training Act (CETA) were made to 403 units of State and local government to carry out the provisions of the Act.

During the 1975 fiscal year, emergency unemployment assistance legislation extended benefits to groups previously not covered and increased the length of time that benefits could be paid, according to the annual report of the U.S. Department of Labor.

Organization Initiates McNutt

In an initiation ceremony Miss Donna McNutt, daughter of Mr. & Mrs. Farris McNutt of Hereford received the porcelain tray, symbol of her election to Athenas, the senior women's honor-serving organization of Bethany Nazarene College, located in Bethany, Okla.

Miss McNutt, a senior social science major, was selected by the unanimous vote of the

Athenas members of 1975 from those women having a 3.0 or above grade point, and who demonstrated unique leadership qualities and concern for serving others.

During the present year, Miss McNutt has assisted in hosting all major receptions on campus, in orientating new students, and in performing community services for senior citizens, under-

privileged children and handicapped persons.

Total nonagricultural job placements by the Federal-State public employment service were down about 11 per cent during the 1975 fiscal year, compared with the previous year's figure, according to the annual report of the U.S. Department of Labor.

We are proud of the small part we played and offer congratulations on the grand opening of

Herd Golfers 4th In District

Practice Swing

Curtis Stoerner takes a practice swing before Friday's final District 4-4A golf round. Stoerner fired a 75 for the day which gave him a 453 for the six district rounds and third place in the individual medalist race.

Curtis Stoerner fired a 75 in the sixth and final round of the District 4-4A golf race here Friday and it was almost enough for a spot in the regional tourney. Almost but not quite, it gave him a 453, three strokes behind Lubbock High's Mark Jarrett who shot a 76 for a 450 total and 2nd place in the individual medalist race. Monterey's Rex Robertson was the top golfer in the district with a 74 Friday and a 442 for district play.

The top two individual players in the district qualified for the regionals if they weren't members of the two district squads which qualified but as it turned out, both Robertson and Jarrett were on the top two teams.

Monterey had a 306 Friday and an 1859 overall to take the top qualifying spot while Lubbock High followed with a 300 Friday and 1865 overall to clinch the other qualifiers position. Plainview finished 3rd with 309 and 1874, Hereford was 4th with 320 and 1929 and Coronado brought up the rear with 338 and 1959.

In the competition among the JV squads, Hereford finally settled for 3rd place with 346 Friday and a 2050 for the six rounds. Monterey's JV squad came in 1st followed by Lubbock High, Plainview was 4th and Coronado last.

Individual scores on Friday besides that of Stoerner included George Yocum, 79, Kelly Kitchens, 80, Billy Word, 86 and James McDowell, 88.

Hereford's Friday JV scores were Don Shaw, 80, Jim Lyles, 87, Doug Waltersheid, 88, Tony Albracht, 89, Randy Marrs, 91 and Mike Hill, 93.

Girls In Region Meet

Hereford's girls 440 relay squad made up of Debbie Albright, Sharon Straffuss, Rochelle Ruland and Suzanne Duvall ran a 50.8 in the preliminaries of the Region I, Class 4A girls meet in Lubbock Friday and qualified for Saturday's finals along with eight other squads in the event.

The meet is being run off at the Texas Tech track.

Meanwhile Saturday at the Coronado track, Hereford and the other 4 members of District 4-4A will be competing for the Boys Loop Track title and for spots in the regional meet next weekend at the Tech track.

The top two finishers in each event will qualify for regionals.

The Herd has high hopes for regional spots in several events

including the 220 with Dave Charest back at full strength. Steve Jones in the 440 and James Mays in the 880 are also good possibilities for regional places.

President signs 200-mile fishing limit bill.

United Airlines wants experiment in price-setting.

Whiteface Varsity Track Squad

The 1976 Hereford Varsity Track Squad in the photo above will be in Lubbock this weekend competing in the District 4-4A meet along with Plainview and the three Lubbock schools. They are back row, left to right, Tony Benavidez, Dan

Olson, Bob Hardin, Russell Harkins, and James Mays; middle row, Fernando Garcia, Barry Acton, Dennis Artho, and Abel Trevizo; front row, Dennis Collins, Dave Charest, Steve Jones and Doug Reinart.

ELECT WALLY SHELTON JR. COMMISSIONER PRECINCT 1

The commissioner's job is no longer one of just making sure the roads are graded, it is 1.8 million dollar business affecting the lives of everyone in Deaf Smith County. It is also a government bureaucracy, which, without eternal vigilance will become a cancerous growth on your paycheck. I have observed first hand the waste and inefficiency in the federal government, and as your commissioner, I will meet with each department head to insure that their budgets provide the maximum services with the least tax dollars.

May 1 is an important date: For me, because I am seeking the office of County Commissioner; for you, because of the responsibility you carry to get out and vote. Each of us seeking the office of Commissioner, Precinct 1, are of course interested in the position, but not have had experience in the job. You must look at the background and work experience of each, vote for the one you feel is the best qualified. I would like the opportunity to serve my county as I have my community, and when you consider my qualifications, I know you will give me that opportunity.

Please Vote May 1, and Elect WALLACE SHELTON, JR.

Commissioner, PRECINCT 1

(Pd. Pol. Adv. by Wally Shelton Jr., from funds contributed by supporters) Box 44, Dawn, Texas

Canyon, Plainview Lead Jr. Hi Meet

Herd, Bulldogs Open 2nd Half Loop Race

Plainview and Canyon combined a number of outstanding performances to dominate the South Zone Junior High Track Meet at Whiteface Field Friday.

Six squads were competing in the boys division, two each from Hereford, Canyon and Plainview while three teams, one each from the three towns, represented the girls.

Point standings for the teams were as follows; ninth grade boys, Plainview Blue, 149½; Canyon A, 155; La Plata, 106½. Stanton ran 4th with 91 points.

Eighth grade boys point standings were Plainview Blue, 183; Canyon A, 155; La Plata, 67. Stanton finished 5th with 29 points.

Seventh grade boys team standings: Plainview Gold, 244; Canyon, 78; La Plata, 59½. Stanton again finished 5th with 44 points.

Ninth grade girls ran as follows, Canyon, 242; La Plata, 157; Stanton, 86.

Eighth grade girls standings were, Canyon, 186; La Plata, 172; Stanton, 79.

Seventh grade girls finished as follows, Canyon, 204½; La Plata, 144½; Stanton, 88.

Several meet records were set by Hereford girls, these included in the ninth grade, Berryman of La Plata in the 220 dash, Moton of Stanton in the 80 yd. hurdles, and La Plata's 880 and mile relay squad.

Eighth grade girls who set new records were Nixon of La Plata in the 80 yd. hurdles and La Plata's 440 relay squad.

Seventh grade girls who set new meet records included Walker of La Plata in the Shotput and Diaz of Stanton in the discus.

The top three finishes in each even will qualify for the district meet in Dumas next Friday.

District qualifiers both boys and girls for La Plata and Stanton are as follows.

9TH GRADE BOYS

LA PLATA - Bell, 1st, long jump, 1st, 100 dash, 1st, 440 dash, 1st (tie) pole vault; Allen, 1st, 120 intermediate hurdles; Slentz, 2nd, 440 dash; Yosten, 2nd, 880 run; Allen, 2nd, 330 hurdles; mile relay squad, 2nd; Demant, 3rd, 330 hurdles.

STANTON - Castillo, 1st, 880 run; Bunch, 1st, 330 hurdles; mile relay squad, 1st; Salazar, 2nd, mile run; 440 relay squad, 2nd; M. Estrada, 3rd, shotput; Mercer, 3rd, high jump, 3rd, 100 dash; Bunch, 3rd, 120 yd. intermediate hurdles.

8TH GRADE BOYS

LA PLATA - Tijerina, 1st, 660 run; 440 relay squad, 2nd; Carasco, 2nd, 880 run; Walker, 3rd, 100 dash; Dominguez, 3rd, 440 dash; 880 relay squad, 3rd.

STANTON - Ramirez, 1st, 440 dash; Flores, 1st, 880 run.

7TH GRADE BOYS

LA PLATA - Solis, 2nd, 440 dash; 440 relay squad, 2nd; Barber, 3rd, 100 yd. low hurdles.

STANTON - 880 relay squad, 2nd; 440 relay squad, 3rd; Mungia, 3rd, 60 yd. intermediate hurdles.

9TH GRADE GIRLS

LA PLATA - Berryman, 1st, 220 dash; 880 relay squad, 1st; mile relay squad, 1st; Berryman, 2nd, triple jump; 440 relay squad, 2nd; Drake, 2nd, 880 run; Pittard, 2nd, 440 dash; Blackley, 2nd, 220 dash; Blackwell, 3rd, shotput; McDilwary, 3rd, 60 dash; De Los Santos, 3rd, 100 dash, 3rd, 440 dash; Schilling, 3rd, 220 dash.

STANTON - Moton, 1st, 80 yd. hurdles; Moton, 2nd, 100 dash; Lambert, 2nd, discus; 440 relay squad, 3rd; Arroyos, 3rd, 880 run; 880 relay squad, 3rd; mile relay squad, 3rd.

8TH GRADE GIRLS

LA PLATA - Nixon, 1st, 80 yd. hurdles; Tatum, 1st, shotput; 440 relay squad, 1st; Griffin, 2nd, 100 dash; Yosten, 2nd, 440 dash; Trolinder, 2nd, 880 run; Driskell, 2nd, 60 dash; Reinart, 2nd, 220 dash; 880 relay squad, 2nd; Cherry, 3rd, 80 yd. hurdles; Dunn, 3rd, 100 dash; Nixon, 3rd, 440 dash; Hacker, 3rd, triple jump; Whitley, 3rd, 60 dash, 3rd, long jump; Berrera, 3rd, 880 run; Nixon, 3rd, high jump; Dunn, 3rd, 220 dash.

STANTON - Sanders, 1st, 100 dash; McCullar, 1st, discus; McCullar, 2nd, shotput; Martin, 3rd, shotput; 440 and 880 relay squads, 3rd.

7TH GRADE GIRLS

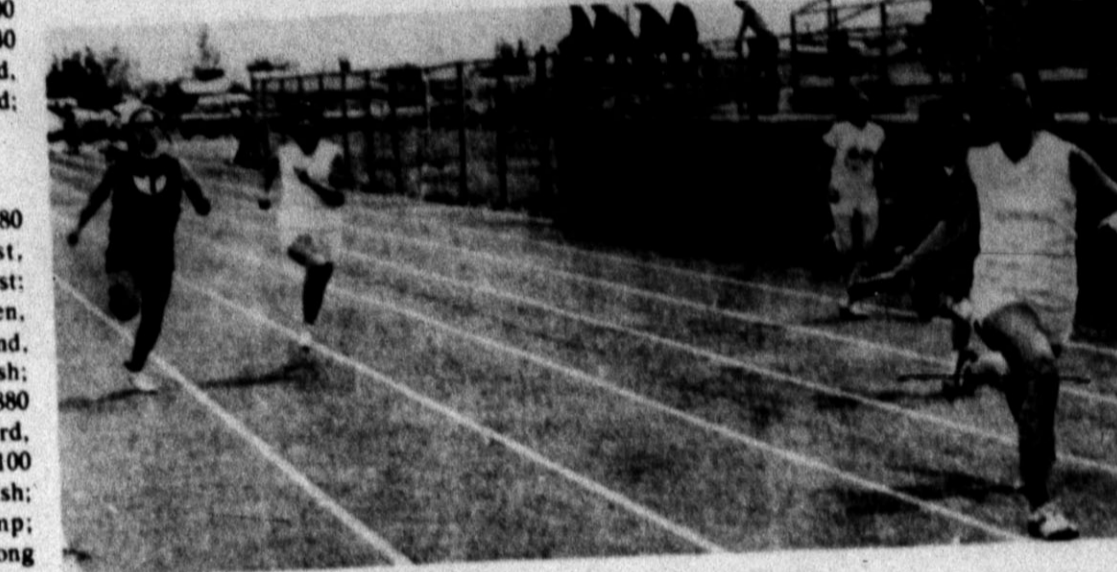

LA PLATA - Walker, 1st, shotput; Robinson, 2nd, discus; Walterscheid, 2nd, long jump, 2nd, 100 dash; Keating, 2nd, 880 run; Crawford, 2nd, 60 dash; Trolinder, 2nd, high jump; 440 relay squad, 2nd; 880 relay squad, 2nd; Walterscheid, 3rd, triple jump; Trolinder, 3rd, discus; Crofford, 3rd, long jump; Rudd, 3rd, 880 run.

STANTON - Diaz, 1st, discus; Soria, 2nd, 440 dash; Mays, 2nd, 220 dash; Koelzer, 3rd, 440 dash; Mays, 3rd, high jump; 440 and 880 relay squads, 3rd.

The Finish Line

The above action took place in the finals of the Boys division of the 100 yd. dash at the South Zone Jr. High Track Meet held at Whiteface Field Friday. Plainview took the team titles in all three grades. La Plata's 7th, 8th and 9th grade boys all finished 3rd teamwise while Stanton's 9th grade boys finished 4th and the 7th and 8th graders both finished 5th.

Girls 100 yd. Dash

The action above was in the finals of the 100 yd. dash in the girls division of the South zone Jr. High Track Meet at Whiteface Field Friday. Canyon took the team titles in all three grades while the La Plata girls finished 2nd three times and Stanton came in 3rd three times. The La Plata and Stanton girls set a number of new records in the meet.

Comment On Sports

GOLF

By Pete Fritchle

WASHINGTON, D. C. -- There comes a time in the life of many, who are the object of gossip, jests or good fun, when he or she decides to "show 'em."

Ray Floyd apparently became dead-set on showing 'em at the recent Masters. He might have been a ladies man, as claimed; if so, some of the other pros might now take up the pursuit.

His play at the Masters was one of golf's great performances. Three years ago he changed his swing, began to come back and Augusta was the climax; one would be surprised if he doesn't win other tournaments this year and next. That last day's 70 was a great round in view of the weather and pressure, and may be the fourth-day score was as outstanding in its way as the first day's 65. Floyd had to make critical putts to save par on several back-nine holes and the way he came through to tie the all time record of 271 was the beauty of the 1976 Masters.

QUICK SPORTS QUIZ

Who holds the record for the long jump?

Name the record-holder for most strikeouts in a season.

Answers:

Bob Beamon, 29 feet, 2¼ inches; Nolan Ryan, 383 in 1973.

Garry Peebles

I'm a great collector of things that are totally worthless (that in fact includes just about everything I own). One of my possessions which I never got around to throwing away and which I'm glad I didn't now is the 1961 copy of Texas Football.

On its cover are pictures of Ronny Bull of Baylor. "He can do it all...The complete football player." Lance Alworth of Arkansas. "So fast...a constant threat." and James Saxton of Texas. "Quickest kid in football."

Of course Hereford was in District I-AAA that year along with Levelland, Phillips, Littlefield and Dumas who I believe went on to win the state championship (you can correct me about that if I'm wrong).

The paragraph discussing Hereford said that "The Whiteface have only nine letterman from last year's 4-4A outfit and a new coach in Jack Meredith, formerly of Class A Panhandle High. Meredith will have two top backs in Mack Cansler (175) and Dennis Hodges, plus Butch Walters (195) at tackle and two letter guard Troy Moore (175). The Whitefaces could surprise."

I made an attempt to find out how the Herd actually did that season but apparently our microfilm machine has a problem so that will have to wait until the next issue.

A reminder, the All-Sports banquet is next Tuesday and tickets are still on sale at the Hereford State Bank!

My vote for the most amusing sports story lately is the one about Evel Knievel betting Bobby Riggs \$100,000 that Riggs can't ride a bicycle across

Bronco League To Open 1976 Season

Hereford's 1976 Bronco League season is scheduled to begin May 3 at the Bronco League Park with 24 teams.

including eight each from the Major, Minor and Pee Wee divisions, participating. Managers and rosters for

each of the squads are given below.

MAJORS

CUBS: Manager Gene Combs Chimp Combs, Kevin Hamby, Johnny Gonzales, Billy Davison, Chris Carter, Ken Cosper, Robert Marteniz, Raymond Marteniz, Charles Frye, Kenneth Mode, Ricky Valdez, Alex Valdez.

ANGELS: Manager Joe Don Cummings, John David Payne, Don Delosier, Rodney Neumeier, Bob Templeton, James Bartlett, Steve Bean, Gary Long Douglas Warren, Bowie Neumeier, Bobby Kreighouser, Keith Bridwell, Erick Walter-scheid.

ASTROS: Manager James Welch, Grady Brown, Kevin Foster, John David High, Brett Barreck, Steven Welch, Mark Berryman, Alferd Ball, Gary Riley, Tim Riley, Mark Zamora, Terry Shelton, Dennis Marteniz, Jerry Dean Baker, Edward Gorrell.

YANKEES: Manager, Mickey Bishop, Andy Stengle, Mike Burnam, Lonny Burnam, Danny Moreno, Mac Hagar, Mickey Stengle, Jessy Moreno, George Arroyos, Etsel Silva, Tim Yockum, Troy Scott Wilcox, Greg Goble.

BRAVES: Manager David McDonald, Bobby Foster, Mike Hill, Kelley Cassels, Shannon Wilborn, Robert Abalos, Jaquin Alejandro, Steve George, Noel Garcia, Randy Paetzold, Augustine Hernandez, Bryan Lady, Robby Snider.

GIANTS: Manager, Bill Simons, Jessy Herrera, Leon Vogler, Chris Velasquez, Matt Collier, Gerry Tolley, Dwayne McManney, James Pittard, Sammy Velasquez, Rod Simons, Mark Collier, Ronny Collier.

DODGERS: Manager Bob Hillerby, Rudy Hernandez, Scott Simons, Frank Perez, Kirk Clark, Rusty Thomasen, Joe Castillo, George Galvez, Bruce Wright, Lane Warren, Brian Paetzold, Bobby Ramirez, Victor Soliz, John Keating, Craig McCustian, Blair Rodgers.

CARDINALS: Manager Dennis Goheen, Joe Soliz, Kyle Schuder, Bacilio Rodriguez, Arnold Villegas, Casey Cobb, Gerald Gamboa, Franic Garcia, Isaac Gamboa, Todd Lopez, Rick McCracken, Donald Riley, Bobby Hudson.

MINORS

ANGELS: Manager Mike Adcock, Armando Alaniz, Brooks Holly, Eueben Ramirez, Terry Earl, Eligio Gamez, Ronnie Hernandez, Benigno Ramirez, Joe Ramirez, Jerry Thomas, Ricky Treadway, Ronny Tucker.

the U.S. in sixty days. Bobby says he's a cinch to win the bet, he figures it should take him six weeks at most but he's not about to start until Knievel lays down the money, maybe he thinks that Knievel would wait until he was somewhere up in the Rockies and then ride up on his motorcycle and tell him the whole thing was a big joke.

I've always had trouble taking Bobby Riggs very serious, for some reason he reminds me of Barney Fife on the Andy Griffith Show. He did win the U.S. singles titles in 1939 and 41 so he must have been a pretty fair tennis player and I guess he still is but when he lost that match to Billie Jean King he unwittingly did more for women's lib than any of its staunchest supporters ever could.

As long as we're talking about bicycles, we were sort of anyway. I think that they're one of the more ingenious inventions that man has ever been able to come up with, it's the only method of transportation he's been able to devise that doesn't pollute.

While the bicycle may not have been made for long distance traveling (I have doubts about Riggs making it) it's a great way to travel around town, I highly recommend it; however much my recommendation is worth.

You can see things on one you'll never see in a car and if you like to live dangerously it's what you've been looking for. If you don't believe me about the dangerous part, try riding one down Park Ave. on a Sunday afternoon.

O.J. Simpson and the Buffalo

Bills will be coming to Dallas to meet the Cowboys for the first time ever on Nov. 15. Just thought I would throw that in for anybody who was interested and who missed the story in the Amarillo paper.

There was an interesting picture in the Dallas Morning News the other day, a girl at a track meet in Arizona appeared to be folding her hands and praying just as snow was beginning to come down on the field. The cutline under the picture noted that the girl's prayer's had been unanswered because 16 inches of snow covered the area before it finally stopped. I thought it was pure speculation on the reporter's part that her prayer's weren't answered. Maybe she wanted it to snow, maybe she wanted to go skiing instead of running around a track. At any rate, even if she did want the snow to stop and it didn't, the Lord still answered her. He said "no" and that's his privilege too.

FCA Tourney May 4

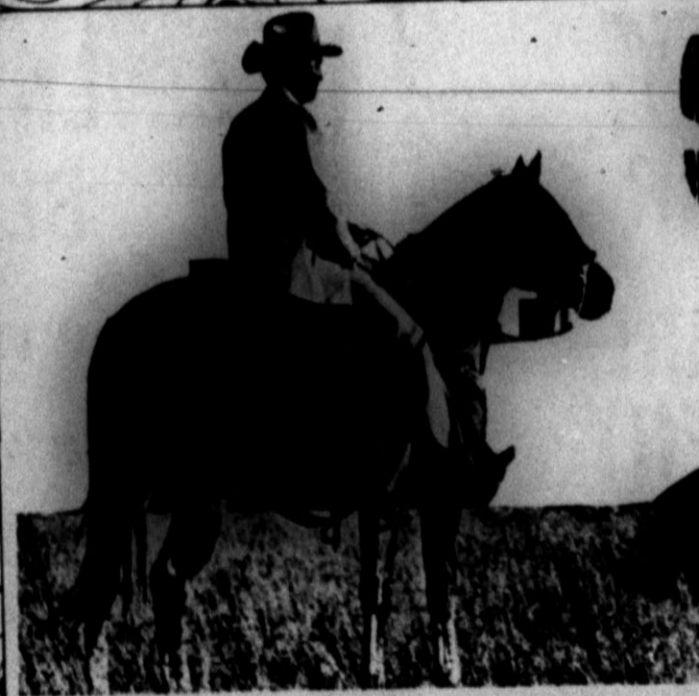

Fellowship of Christian Athletes Golf Tourney is coming up May 7 at the Pittman Municipal Golf Course here in Hereford.

Persons wishing to enter should contact either the club pro at the golf course or Rick Stewart either at the Hereford High School by telephoning 364-0616 or at his home number, 364-6614.

Entry fee will be \$15. Method of play will be Florida Scramble and the player must have a handicap.

Deadline for entries is May 4.

The Hereford Brand, Hereford, Texas, Sunday, April 25, 1976

Choir Program Scheduled At A.C.

The Amarillo College choirs will present a program "Music of America" at 3 p.m. April 25. The concert, based on a Bicentennial theme, will be held in the Concert Hall-Theater, 2200 S. Van Buren.

The college choirs consists of the concert choir, women's chorus, men's chorus, chamber choir, and two groups, Wind-chorus and The Other Side. The chorus will be under the

direction of Dr. Dale Roller, AC professor of music. The program will begin with the concert choir performing the Easter Anthem by William Billings, America's revolutionary composer. They also will perform Halleluia Sing by Scott Wilkinson, one of New Mexico's leading contemporary choral composers, and Jesus Christ is Risen Today by the contemporary American composer Alan

Hovhannes. The women's chorus, following the concert choir, will perform Annunciation by Lloyd Pfautsch, a Southern Methodist University composer; Simple Gifts (Shaker Song) by Aaron Copeland, dean of American composers; and Oh Dear! What Can the Matter Be? by Gail Rubik, American folk composer. The men's chorus will continue the program with the

Kentucky folk tune, Down in the Valley by George Mead. They also will perform a P.D.Q. Bach/Schickele medley of the Art of the Ground Round. The medley contains the tunes of Loving is Easy; Please, Kind Sir; Jane, My Jane; Who, Oh Who and Golly, Golly, Oh.

The concert choir will follow the men's chorus with three more performances. The choir will sing a mountain ballad of Gone Away arranged by James Wood, the spiritual of If I Got My Ticket, Can I Ride? and an American square dance song of Cindy arranged by Salli Terri.

The chamber choir will perform a selection of songs beginning with Paul Revere's Ride and Concord Hymn by Roy Ringwald. The Horticulture Wife, edited by Gregg Smith; Warm-Up by Leonard Bernstein and Anitphona de Morte by Barne Stogedal will follow the hymn.

After a 10-minute intermission, Wind Song and The Other Side, two AC choral groups, will conclude the concert with other Bicentennial selections.

Civil Service Recruiting Bulletin

The U.S. Civil Service Commission is currently accepting applications for Quality Inspection Specialists (Subsistence), GS-5, starting salary \$8,925 in Lubbock, Texas. It is anticipated that similar positions at the same, or lower salaries will occur in the future in other locations within the North Texas Area.

To qualify, applicants must possess three years of experience in the food service industry involving the procurement,

accounting, preparation, and serving of food in a cafeteria, lunch room, or dining hall. Interested applicants should apply on or before May 14, 1976. Applications postmarked after that date may not be accepted. For early consideration applications must be received not later than May 3, 1976.

Applicants should file a Standard Form-171, and CSC Form-5001 BC. These forms may be obtained from the Dallas

Area Office, U.S. Civil Service Commission, 1100 Commerce Street, Dallas, Texas 75242 by dialing 749-3156 in the local area; or 1-800-492-4400 if you are located outside the Dallas metroplex and within the State of Texas.

Quiet people usually know more than their loud-mouth brethren but many misjudge volume for knowledge.

CowBelle Beef Bits

Presented By The Hereford CowBelles

RECENT RESEARCH at the University of Arizona indicated that beef is the favorite meat by a wide margin.

Other meats are often purchased for variety, and, in the case of poultry, for low price.

Choices of beef are influenced most by color, tenderness and marbling. Many consumers think that beef contains too much bone in relation to lean, and many think that beef prices are too high and that they are not getting good value from beef.

"HIGH" BEEF PRICES are attributed to, in this order, government, packers, retailers, feeders, farmers and ranchers.

Factors at the meat counter influencing meat purchases include price, extent of choice of cuts and how cuts are displayed.

The research also revealed that very few persons can identify different grades of beef, and most people take beef home and freeze it, but would not buy frozen beef.

ALUMIGATOR

THE ALUMINUM CIRCULAR IRRIGATION SYSTEM

MAXIMUM FLOTATION - ALUMIGATOR SHEDS POUNDS AND PROBLEMS

- 60% less weight compared to steel systems
- Corrosion free - durable construction
- Less weight means better flotation - Twice the gear life
- Heavy/High-Tensile aluminum
- Rugged steel pivot - Structural aluminum on all other parts - No rust
- All gear drive-running in oil
- Automatically reversible
- Airplane alignment system

Dependability means modern and efficient field service too.

tabulated as raw rather than cooked products. Carcass weight, converted to consumption figures, gives the impression that Americans eat a lot more meat than they really do, and for that reason, the Meat Board breaks the figures down once a year to an actually-eaten basis.

EAT MORE BEEF

ALTHOUGH AMERICANS are beef lovers, they aren't No. 1 in world-wide beef consumption, according to Dan Linton, an Auburn Extension livestock marketing specialist.

According to Linton, while Americans are the leaders in total amount of meat produced, they're fourth in both total per capita meat consumption and per person beef/veal usage.

Meat output in the U.S. is about 50 per cent larger than the runner-up USSR.

THE LATEST international figures, dating from 1974, show that based on carcass weight, the U.S. total per capita meat consumption of 187 pounds was behind Australia's 209 pounds, New Zealand's 206.8 pounds and Argentina's 202.4 pounds.

U.S. per capita veal usage at 118.8 pounds was less than Argentina's 171.6 pounds, New Zealand's 132 pounds and Australia's 123.2 pounds.

The Texas-New Mexico Sugar Beet Growers Association will sponsor a beet growing contest among members this year with a total of \$1000 in prizes.

The prizes will be divided in increments with \$500 going for first place, \$300 for second place and \$200 for third.

Each farmer could have a minimum of 10 acres of beets on any of his farms, which could be ten acres from any beet contract

which he might have.

Awards would go to growers with the greatest number of pounds of sugar per acre at harvest, on a total of not less than 10 acres.

Judges in each growing area will include a field man from Holly Sugar Corp., a county extension agent and a local farmer selected by the Holly representative and the county agent.

The Hereford Brand Farm News

TAES Adds Beef Specialist To Amarillo Office

Beef cattle production is one of the major agricultural enterprises of the Texas Plains, and the Texas Agricultural Extension Service has named a beef cattle specialist to provide leadership in educational programs related to this industry.

The new specialist is Dr. John W. McNeill, who will be headquartered at the Extension District 1 office in Amarillo, effective June 1. McNeill will serve the 20-county area of District 1 along with a number of counties in Extension Districts 2 and 3 (South and Rolling Plains). He fills the position vacated by Dr. Cal Parrott who resigned recently to enter private business.

"We feel Dr. McNeill is capable of giving strong leadership in educational programs designed to boost the beef cattle industry of this area of the state," said Dr. H.O. Kunkel, dean of agriculture at Texas A&M University and acting Extension Service director, in announcing the appointment. "Management of cattle is becoming more and more critical due to economic pressures, and Dr. McNeill will be giving particular emphasis to increasing production efficiency. He will be working closely with county Extension agents and county program building committees in planning and conducting educational efforts."

McNeill has been associate professor and acting head of the

Department of Animal Science at West Texas State University at Canyon for the past two years. He also was an assistant professor there for two years prior to beginning work on his doctoral degree.

The new specialist is a native of Armstrong County. He was graduated from Happy High School where he was an

outstanding FFA member. He is also a 10-year veteran of 4-H and has many awards to his credit. McNeill attended Texas Tech University for three years and then completed his B.S. degree in animal science at Texas A&M. His M.S. degree in animal nutrition is also from Texas A&M while his Ph.D. in ruminant nutrition is from the

University of Kentucky. While at Texas Tech McNeill was on the Dean's Honor Roll. At Texas A&M he was a Distinguished Student and was elected to the Gamma Sigma Delta honor fraternity. He also won a scholarship award from the American Society of Animal Science. McNeill holds membership in

the American Society of Animal Science, Plains Nutrition Council, Agricultural Division of the Amarillo Chamber of Commerce and the International Livestock Judges and Coaches Association.

He and his wife Judy have three children.

Two New Scientists Sent To Bushland

The USDA Southwestern Great Plains Research Center at Bushland was recently selected as headquarters for sunflower research in the Southern Great Plains according to Dr. B. A. Stewart, Director of the Center.

Research at the Center in the past 2 years shows that sunflowers have great potential under dryland or as a crop for limited irrigation. "Profitability and dependability of sunflowers in this area would be improved greatly if high yielding insect resistant hybrids were available," Stewart stated. In order to meet this need, two new USDA scientists are being transferred to Bushland from other locations. Dr. Charlie E. Rogers, Research Entomologist, and Dr. Tommy E. Thompson, Research Geneticist, were added to the Center staff on April 1.

Dr. Rogers is a native of Booneville, Arkansas. He received a B.S. degree from Northern Arizona University, M.S. Degree from University of Kentucky, and a Ph. D from Oklahoma State University in 1970. Upon graduation, Dr. Rogers conducted insect control research in guar, vegetables and cotton at The Texas Agricultural Experiment Stations at Munday and Vernon. Since 1974, he has been doing similar research with the Agricultural Research Service, USDA, at Vernon. In his new assignment at Bushland, Dr. Rogers will work on insect problems associated with sunflower production. He and his wife Donna, a medical technologist, and two small children live

at 5608 - 39th Avenue, S.W. in Amarillo.

Dr. Tommy Thompson was born in Carlton, Texas, a small town in Hamilton County. He received his B.S. and M.S. Degrees from Texas A&M University and a Ph. D. in Plant Genetics from Purdue University in 1974. Since then, he has worked for the USDA Agricultural Research Service, Fargo, North Dakota, on the flax and sunflower improvement project. At Bushland, he will be developing sunflower hybrids adapted to the Southern Plains. Dr. Thompson and his wife

Elaine reside at 3703 - 37th Avenue, S.W. in Amarillo.

Sunflower production has been studied at Bushland by Agricultural Research Service and The Texas Agricultural Experiment Station scientists for 2 years. Evaluation of hybrids, dates of planting, plant population, fertilizer needs, weed control, irrigation management and harvesting methods has been underway. With proper management and U.S. hybrids, yields at the Center exceeded 1,500 pounds per acre on dryland and 2,500 pounds per acre with a preplant and one

post-season irrigation. Sunflower acreage in the region increased from 10,000 in 1974 to 350,000 in 1975. Prior setbacks and poor yields from imported varieties and hybrids are expected to reduce acreage in 1976.

"With two full-time researchers joining four scientists already working part-time on sunflowers, we expect to make sunflowers a permanent part of Southern Great Plains agriculture," Stewart stated.

The Hereford Brand, Hereford, Texas, Sunday, April 25, 1976

Potato Board Continues Success Of Advertising, PR Campaigns

The 87-member Potato Board enters its fifth year knowing that its award winning advertising and public relations programs are making more American consumers realize that potatoes are low in calories and high in nutrition. Members representing the nation's 18,000 growers voted at the April 3 annual meeting in Denver to approve next year's promotional program. It begins July 1.

At the meeting, Board members reviewed recent survey data showing consumers have significantly changed their attitudes about potatoes in the period the Board has been operating. The major thrust of the promotional program has been toward combating nutrition and calorie misconceptions about potatoes while emphasizing the economical aspects.

Ed Wilson Jr. of Hereford is this area's representative to the Potato Board.

In 1973, consumers were interviewed to determine their impressions about America's most popular vegetable. That survey showed that 56 per cent of these consumers considered potatoes "nutritious." A followup survey last year found that 81 per cent of the consumers (a 45 per cent increase in two years) now believed potatoes to be nutritious. Of the same 1973 group, 36 per cent described potatoes as "rich in vitamins and minerals."

Last year this jumped to 67 percent of the consumers for an 86 per cent increase. The calorie picture showed dramatic improvement; 32 per cent of the 1973 consumers interviewed thought potatoes had "too many calories," but in 1975 this had dropped 22 percent to a reading of 25.

Vernon G. James, newly elected president of the Board, describes the role the latest survey played in developing the coming year's marketing objectives and strategies.

"There is no doubt in our minds that this latest research proves our potato market is improving," he announced, "but it doesn't mean that all of our problems are solved."

The Board's program to achieve greater consumer acceptance of potatoes and thereby increase per capita consumption has been a three-pronged effort. Advertising, public relations and a merchandising program for supermarket chains comprise the bulk of the Board's domestic efforts.

In order to continue reaching doctors and dietitians with the potato story, the Board will run special black and white ads in three major journals reaching that audience.

Increased advertising efforts are planned for the institutional feeding market. Six publications serving this audience will

newly prepared four-color ads with the theme "America's Favorite Vegetable for Pennies a Serving." Ads show mouth-watering closeup photos of ready-to-eat potatoes including various forms of French fries and potato chips.

The consumer program will develop more newspaper publicity featuring specially prepared, low-calorie potato recipes. This material promotes the calorie, nutritional and economic value of potatoes plus providing consumers with new ways to prepare the versatile potato. Last year, this newspaper effort resulted in circulation of nearly 190 million.

Barbara Gibbons, the author of "The Potato Lover's Diet Cookbook" and national newspaper and magazine food columnists, will continue her major city tour for the Board that began last year. She will visit another 15 metropolitan areas meeting with newspaper food editors and appearing on television and radio telling

consumers how she developed her "cooking without calories" technique on which she lost nearly 100 pounds.

Getting the potato message to students will be accomplished several ways including producing a new 10-12 minute education film that will supplement the teacher kit on potatoes and weight control.

"The Great Potato Lover's Low Calorie Recipe Contest" is being conducted for junior and senior high school home economics students. Prizes include a trip for two to the American Home Economics Assn. convention this June 28 in Minneapolis, Minn.

A taped radio report to grower area radio farm shows will be prepared in the coming year to keep growers posted about Board and industry news.

Finally, the Board's merchandising program will distribute new materials to help the 16,000 participating supermarket stores improve potato merchandising. These 16,000 stores account for more than 50 percent of the U.S. retail food sales.

Receives Cookbook

Mr. and Mrs. Ed Wilson of Hereford receive an autographed copy of "The Potato Lover's Diet Cookbook" from author Barbara Gibbons at The Potato Board's annual meeting held earlier this month (April 1-3) in Denver. Wilson is a member of the Board representing this area's potato growers. Ms. Gibbons wrote the popular cookbook for the Board and has toured major cities publicizing the book and explaining her "cooking without calories" system that enabled her to lose nearly 100 pounds and still eat potatoes every day.

Texas a Top Exporter Of Farm Commodities

AUSTIN—With 1975 agricultural exports estimated at \$1.3 billion, Texas ranked among the top five states in the value of agricultural exports, Agriculture Commissioner John C. White has reported.

U.S. agricultural exports were estimated at \$21.6 billion. Iowa and Illinois lead the nation with about \$1.7 billion; Kansas, Texas and California completed the list of top exporters.

Positions in rank are determined by shares of exports, based on production or farm sales of individual commodities.

Of all U.S. exported commodities, dry edible beans lead with 64 percent of production sold to foreign buyers. Almost three-fifths of the record 1975 wheat

crop was exported. Fifty-six percent of all cattle hides and rice were exported in 1975.

The major export crop in dollar value from Texas was feed grains, totaling \$370.7 million in 1975. Cotton and rice were next with \$240.1 million for cotton and \$238.5 million for rice. Wheat exported from Texas was valued at \$152.7 million.

Other commodities with a value around \$20 million were soybeans and products, cottonseed and products, fruits and preparations, meat products, hides and skins, lard and tallow, and peanuts and peanut oil.

Minor exported products included flaxseed and products, vegetables and preparations, dairy products, and poultry.

Devastating Drought Cuts '76 Wheat Crop

AUSTIN—A special mid-season report on estimated 1976 Texas wheat production made official what most observers had feared—total production is expected to decrease 50 percent from the record 1975 crop of 131.1 million bushels to only 66.3 million bushels.

Most of the decrease in production can be blamed on dry weather which has plagued the state since last fall and destroyed a large portion of the dryland crop on the High Plains, according to Agriculture Commissioner John C. White.

"Spring rains helped some, but overall, the crop continues to deteriorate," White said. "Some of the counties hardest hit by the drought were the state's top wheat producing counties."

The continuously blowing high winds common to the High Plains lifted topsoil into the air, literally sandblasting the young wheat plants to pieces, White explained.

The special wheat report also included estimated production for Colorado, Kansas, New Mexico and Oklahoma. The five-state area (including Texas) is expected to produce 521.7 million bushels, compared with a 569.7 million-bushel estimate in December.

Georgian Saw Himself As Daring Adventurer

Richard Teake of Savannah in 1788 described himself as "an adventurer" who was the first to attempt to grow cotton in Georgia on a large scale.

Writing to Thomas Proctor of Philadelphia, Teake estimated he would raise some 5,000 pounds in the seed from about eight acres of land. He also told of plans to plant 50 to 100 acres the next year, and said several others in Georgia and Carolina had followed him and tried the experiment.

The Georgian said the southern part of his state was well suited to the raising of cotton, and one of the crop's chief advantages was that the labor involved was "no more severe than raising Indian corn."

Girlstown Plans Steer Roping Contest

Plans have been finalized for the First Annual Girlstown Benefit Steer Roping Contest to be conducted May 29-30 in Happy.

Girlstown Executive Director, Marshall Cooper and Whiteface campus Superintendent, Carroll Lanier have announced that the benefit contest has been arranged with Tuffy Thompson, world champion steer roper.

Thompson, who was world champion in 1973 and again in 1975, is coordinating the event, which will be in Tuffy Thompson arena, located 1 1/2 miles south of Happy and 5 miles east of FM 1881.

More than 30 ropers from Texas, Oklahoma, Colorado and surrounding states are expected to compete for prize money and a Wendy Ryan Trophy Saddle, which will go to the winner of the steer roping contest.

Deadline for entering the event, which is open to all calf and steer ropers, is May 17. Contestants may send their entries to Mrs. Tuffy Thompson, Box 491, Happy, and enclose a \$40 forfeit for the calf roping event, or \$100 for the steer roping category.

Weekend activities will include a barrel race at 10 a.m., May 29, followed by the introduction of the calf ropers at 12:30 p.m. In addition, barbecue will be served beginning at 11 a.m. both days.

The three-calf jackpot will follow the introduction, with the top 12 ropers getting a chance at a fourth calf.

At 12:30 p.m. Sunday, May

30, the steer ropers will be introduced, followed by the three steers for 400 event. The top 12 ropers will get a fourth steer in this event also.

All proceeds for the contest will go the Girlstown, U.S.A.

Bermudagrass Featured At Agriculture Confab

Callie Bermudagrass, another of an impressive line of improved pasture bermudas dating back to the early 1950's, has come a long way in a relatively short time.

Since it was first selected at Mississippi State University in 1966, Callie (Cynodon Dactylon) has been planted by 8,000 persons in 35 states and territories, 11 foreign countries and 27 colleges and universities.

Callie's rise to prominence was outlined during the annual Texas Animal Agriculture Conference at Texas A&M University. The conference was sponsored by the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

Vance H. Watson of the Mississippi Agricultural and Forestry Experiment Station said Callie is a robust grass which has larger stolons, wider leaves and taller growth than the famed Coastal and other bermuda varieties and hybrids commonly used for forage.

Growth rates of 2.5 to 6 inches per day have been reported in some southeastern states.

Range of distribution has been from Alaska on the north to Africa on the south, but Watson says most of the grass plantings are on a line from North Carolina to Texas.

So far, forage production from Callie has been higher than that of common, Coastal or Alicia in Mississippi trials. The grass stands well under moderately high to high nitrogen levels and produces excellent yields of hay.

Crude protein has varied from a high of 20 per cent at 2 to 3 weeks of age to a low of about 8 per cent at 13 weeks.

No controlled grazing studies have been made on the new grass to date, but five projects are scheduled this spring in Mississippi, Louisiana and Florida. However, Watson said ranchers who have used Callie in their grazing programs report that animal acceptance and performance have been favorable.

Consider any "close calls" a warning. After any near miss, review the events that caused it. Then, take appropriate action to prevent it from happening again.

HEREFORD FARMERS GIN ASSOCIATION, INC.

Hereford, Texas

With the high cost of irrigation and dry conditions this looks to be a good year for cotton production. With normal yield cotton looks to compete with other crops with a lot less irrigation.

At the present time cotton is selling in the range of approximately 40 cents per pound for low grade-low mike cotton to approximately 50 cents for high grade-high mike cotton.

The loan price is estimated to be 3 cents a pound more than last year. As a result, your base loan will be approximately 37.50 cents per pound. The 1976 target price is set at 43 cents per pound.

We will have plenty of cotton seed in several different varieties:

Stripper 31	Paymaster 202
Stripper 32	Gregg 35
Dunn 119	Earlycot 31-10 days earlier than most varieties.

We can get other varieties if you desire them. We can obtain cotton lease acres for you, if you want to overplant your allotment. Or if you have cotton acres for lease contact us.

364-3303 364-3455

For Rent

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.

Our rates are reasonable. You can include freight, installation, pump...

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

Santa Fe Railroad Reports Earnings

Santa Fe Industries, Inc. which runs a rail line through Hereford, had a net income for the first quarter of 1976 was \$16.1 million, or 62 cents a share, nearly double the \$8.2 million, or 31 cents a share, earned last year, John S. Reed, chairman, announced today. Total revenues and sales for the first three months were \$376 million, compared with \$327 million for the same period in 1975, an increase of 15 per cent. Transportation revenues were up 16 per cent to \$288 million, primarily due to freight rate increases and an increase of 3 per cent in carloads handled by

Santa Fe Railway. The increase in railway traffic reflected substantial gains in forest products, coal, motor vehicles and parts, and freight of forwarder shipments, but these gains were partly offset by reduced loadings of grain, potash and certain other commodities. The transportation group incurred a pre-tax loss of \$8.0 million, as compared with a loss of \$13.7 million during the first quarter of last year, with most of the improvement occurring in rail operations. This improvement occurred despite the fact that during the 1976 period the railway conducted an accelerated maintenance of way program involving the laying of 110 miles of new welded rail, as compared with none in the first quarter of 1975, and the inserting of 450,000 new cross-ties, more than double

that during the same period last year. Scheduling of this work during the first quarter has permitted completion of a significant portion of the year's maintenance program under advantageous conditions in contemplation of increased traffic during the balance of the year. The transportation group also benefited from an improvement in pre-tax income of \$1.7 million from pipeline operations and from a \$4 million improvement in truck operations.

The pre-tax contribution of the natural resources group was up \$2.8 million or 14 per cent from last year, due principally to improved forest products operations resulting from higher plywood prices and sales. Petroleum production averaged approximately 47,000 barrels a day, the same as last year, and the average price of crude oil was up 9 per cent. Increased exploration and production costs reduced the total contribution to slightly below that of 1975; the increase of \$2.3 million in "interest and other income" reflects a gain of \$1.5 million from the sale of approximately 12,000 acres of forest lands under threat of condemnation.

ON THE BI

Efforts to delay production of the B1 bomber and cut money for ships were rejected by the House recently amid arguments the weapons are needed to keep pace with the Soviets.

ECONOMY GROWS

The nation's economy grew at an annual rate of 7.5 per cent in the first quarter of 1976. The gain placed total economic output at near the prerecession peak.

NEWS & RESTRICTIONS

The news media has asked the Supreme Court to ban lower courts from restricting news coverage of pending criminal trials.

Stanton Jr. High Science and Math Teams

Pictured above are members of the Stanton Jr. High Science and Math Teams who participated in the 2nd annual Math-Science Bowl at Eastern New Mexico Univ. in Portales recently. The science team came in first while the math squad took the 2nd place trophy competing against three high schools. In the top photo, members of the science squad are back row, left to right, Steve Perez, Shelley Burelsmith, Team coach, George Aleman, Chris Southward, team coach, and Cindy Cox; front row; Charles Gamez, Diana Castro, Kirk Clark and Sherry Strain. Math team members in the bottom photo are back row, left to right, Mike Snow, Patsy Giles, team coach, Ronda Clark, Dewayne Kimble, and Ed Fry; front row, Ronald Plummer, Curt McNaney, Becky Hughes and Barbie Koelzer.

Teams Win Math-Science Bowl

Stanton Jr. High science and math teams recently participated in the 2nd Annual Math-Science Bowl at Eastern New Mexico Univ. in Portales. The science team coached by Shelley Burelsmith won five out

of six games to take the 1st place trophy. The math squad came home with the 2nd place trophy. They are coached by Patsy Giles. These two teams were they only Jr. High squads participating in the contest. There were three high schools who took part. Members of the science team included Chris Southward, team captain, George Aleman, Steve Perez, Diana Castro, Sherry Strain, Charles Gamez, Cindy Cox and Kirk Clark. The event was based on the College Bowl contests which were on television several years ago. Math team members were Dewayne Kimble, Ronda Clark, Ed Fry, Ronald Plummer, Mike Snow, Barbie Koelzer, Curt McNaney and Becky Hughes.

CHEESE FANCIERS ... When storing cheese, remember the colder you keep it, the longer it will keep. To retain at peak flavor for months, freeze it and cut off a hunk at a time as needed.

H₃ Hustle
Hustle
By Bill Albright, Executive VP
Chamber of Commerce

Who's carryin' the load in this community? Who's getting the job done? Who is it you can count on when you need help? Well, if you're a good, active 'practicing' Chamber member - you know the answer to all those questions - You are!
Your Chamber has traditionally led the way in this hustlin', positively oriented community. And I firmly believe that it has been your Chamber - over the years, that has made the difference in the dynamic growth and dramatic progress of Hereford and Deaf Smith County.
Make no mistake, when I speak of "your Chamber" - I'm speaking of YOU - the membership of this great organization. You, who provide the MONEY, the MANPOWER and the Motivation to make things happen.
But wait - don't stop to take a bow - there's still too much to be done for our community. We need to get behind the YMCA project, we need to promote a cleaner more attractive city, we need to improve our medical situation by attracting additional professional personnel - we need to support the activities of our community - from Fine Arts to the All Girl Rodeo. We need to take advantage of our greatest tourist attraction - the National Cowgirl Hall of Fame - we need to educate people on the value of food production, free-enterprise, less government regulation and reduced government spending.
Your Chamber has something for everyone: something worthwhile - designed to make Hereford and Deaf Smith County a better place to live and earn a living.
There's no time or room for the 'negative' IN HEREFORD, TEXAS. It's a simple case of "get on board or get out of the way." 'Negative' is completely overwhelmed by a tremendous HUSTLE HUSTLE HUSTLE!

Credibility Challenged

The State Co-Chairman of the Texas Reagan campaign Ray Barnhart asserted that the credibility of President Ford has become a key issue in the Republican Presidential primary campaign. "All Texans have perfectly legitimate grounds for making it the most important issue. Whether or not the President understands it, he should realize that Texas voters disdain campaign gimmickry and will not be taken in by it," stated Barnhart.
Citing three specific areas in which the President's lack of credibility is very evident, Barnhart made the following points:
"In Dallas while campaigning just days ago, Jerry Ford received a thundering ovation when he emphatically implied the United States would never relinquish control of the Panama Canal. Documents have now been revealed which prove that, at the time he made that statement, he had already issued secret written instructions which would do just that! Absolute trust in a President's word is essential. If he can't be believed on Panama, can he be believed on the other issues?"
"In San Antonio, newly annexed citizens are denied the right to vote in that city's elections and the President

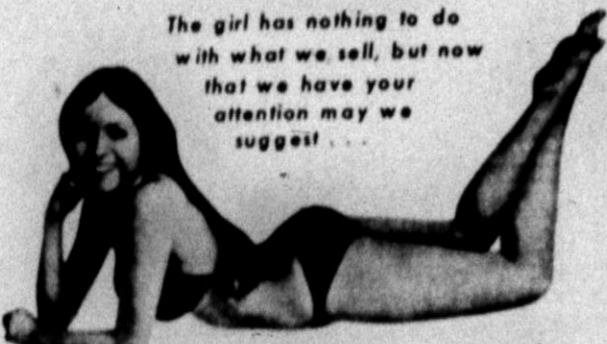

VFW Sets Breakfast

Hereford VFW Post 4818 will hold a Loyalty Day breakfast Saturday, May 1 at the post home at Veteran's Park.
Breakfast will be served free of charge from 6 a.m. to 9 a.m. and the public is invited.
The rentagon spends \$12.6 million a year to subsidize overseas vacation resorts for its officers and enlisted men and violates regulations by assigning military personnel to work in them, congressional auditors report.
Congress' General Accounting Office reports the federal employes' long lunches may be costing about \$1.2 billion a year in lost production time.
The United States has agreed to give Greece \$70 million in arms aid over four years in exchange for the use of Greek military bases.

Accent on Health

Frasis L. Duff, M.D., Director

What's invisible, usually doesn't hurt a bit, affects millions of Americans, is controllable, yet when left untreated can cause stroke, heart failure or kidney disease?

The answer, says the Texas Department of Health Resources is high blood pressure—or hypertension. The State health department is helping call attention to this problem in May, designated as High Blood Pressure Month.

Uncontrolled high blood pressure is a major national public health problem. It is the primary cause of 60,000 deaths in the United States each year. And, says the National Institutes of Health, it is a contributing factor in 1,500,000 heart attacks and strokes that occur each year in this country.

An estimated 23 million Americans, or about 15 per cent of the adult population, have high blood pressure. That's one in seven adults, not only in Texas but throughout the land.

The prevalence rates of high blood pressure rise steadily with advancing age, and in every age group the prevalence is higher for blacks than for whites.

Among American blacks, not only is the prevalence about twice as high as that among whites, but it is more severe and occurs at an earlier age. High blood pressure afflicts not only the elderly but also young and middle-aged adults in the most productive years.

Although detection is simple and painless—and drug therapy is practical and effective—the great majority of hypertensive people are not receiving satisfactory treatment.

Half of the estimated 23 million hypertensive Americans don't even know they have it, according to the National Institutes of Health. Of those who do know, less than three million of those with high blood pressure are receiving adequate treatment—treatment to reduce their blood pressure within normal limits.

The Texas Dept. of Health Resources its local health units and regional offices are detecting high blood pressure in people throughout the state through the simple taking of blood pressure at clinics and in medical screening programs. In addition, they are cooperating with other agencies in health fairs and some open houses of local health departments to provide special screening.

How does high blood pressure affect your body? Blood pressure varies among people, and in the same person at different times. It decreases during sleep and increases during exertion of excitement. There is a considerable range of normal pressure, which can be explained to you by your doctor. An important thing to know—and something your physician checks—is that when pressure goes above so-called normal limits and remains elevated, patients have high blood pressure or hypertension.

With high, pressure in the arteries, the heart must pump harder. When high blood pressure is present for long periods, the heart enlarges. Eventually, under the continued extra burden, the heart weakens, loses efficiency and pumps less blood with each beat. The kidneys, unable to function effectively because of reduced blood flow, fail to excrete enough fluids, and tissues become waterlogged, adding still more to the burden of the heart.

Hardening of the blood vessels—or arteriosclerosis—is the major cause of high blood pressure. The blood vessel changes may be a factor in stroke, kidney failure or heart failure.

Proper treatment reduces the danger. In most people, high blood pressure can be lowered and kept under control with continuing treatment. This greatly reduces the risk of serious complications.

Remember, the way to know whether your blood pressure is high is to go to your doctor and have the pressure taken. The fact that you feel fine is no assurance your blood pressure is okay.

It is important to have regular checkups to discover if you have high blood pressure. And there's one other point: carefully follow the instructions of your doctor. So have regular physical checkups and do your friends and family a favor by telling them of the dangers of high blood pressure.

Former Texas Gov. John Connally has denied being offered any government job by President Ford or Ronald Reagan and he doesn't expect one.

Methodists to Travel to General Conference

Two faculty members from Perkins School of Theology located in Dallas, a Houston church youth choir, and a Spanish speaking task force from Texas and New Mexico are each expected to have featured roles in the quadrennial meeting of the United Methodist General Conference in Portland, Oregon.

Scheduled for April 27 through May 8, the top law-making body of the denomination will act on issues ranging from needs of ethnic minority local churches to a multi-million dollar request

The Federal Trade Commission is exploring whether to force advertisements for nonprescription drugs to carry the same warnings now required on labels for the products.

fight world hunger to a resolution calling on United Methodists to observe two bicentennials—one of their country in 1976 and the other of their church in 1984. Representatives of the First United Methodist Church of Hereford will attend the meeting through the Northwest Texas Conference of the Methodist Church.

J.B. Holt, dean of admissions at Perkins School of Theology in Dallas, is the secretary of the General Conference which represents 10 million members around the world. Elected at the last general conference in Atlanta in 1972, Dr. Holt has already accredited the 984 delegates representing some 70 U.S. annual conferences and another 35 annual conferences outside the U.S. Dr. Holt is responsible for the verbatim recording of the 12 day international conference, certifying the record for printing in the DAILY CHRISTIAN ADVOCATE and assisting the presiding officer in clarifying motions from the floor of the conference.

commitments, one of which is a "Thanksgiving season" in 1976 designated as a time of National Rededication. The draft resolution also looks toward the bicentennial of U.S. Methodism in 1984, which comes 200 years following the Christmas conference of 1784 when the Methodist Episcopal Church was born in Baltimore, Md.

Seventy-five members of the 100 member youth choir of Bellaire United Methodist Church in Houston will sing at the Portland conference on Saturday, May 1, during the morning worship. Selected in a nationwide audition, the youth choir is only one of two groups east of the Rockies invited to sing at the morning worship services.

The choir has used a series of car washes, garage sales, a musical play and concerts to earn air fare to Portland for themselves and their leaders, Mr. and Mrs. Earle B. Lowder. The two member Spanish speaking delegation from the Texas and New Mexico based Rio Grande Annual Conference has an eleven member Spanish-speaking task force coming from the two-state region for support in Portland.

conference will come from the seven annual conferences of Texas and New Mexico. One half of the delegates are clergy and the other half are lay. The four resident bishops of Texas and New Mexico will attend the conference. They may preside over the conference but do not have a vote, as do the delegates. Bishop O. Eugene Slater heads the San Antonio Area. Bishop W. McFerrin Stowe, the Dallas-Fort Worth Area, Bishop Alsie H. Carleton, the Northwest Texas-New Mexico Area, and Bishop Paul V. Galloway, the Houston Area.

One team member described the Spanish-speaking annual conference seeking improvement "and one of the ways to achieve it, is to have a larger numerical representation at General Conference." Sixty-eight of the 984 delegates to the 1976 General

Single-Family Home Sales Rise During March

A strong rise in the sales of existing single-family homes during March was confirmed by Philip C. Smaby, president of the 500,000 member National Association of Realtors.

Smaby said the association's Economics and Research department in Washington, D.C. predicts on the basis of early returns that the seasonally adjusted sales volume index, which climbed to 122 (1972=100) in February, would reach the 127-129 range by the end of March. This represents a continued increase in sales

volume of existing single-family homes, he said.

The index had peaked in December as home buyers sought to take advantage of a tax credit, dipped in January, and started up in February. The median price of houses sold in February was \$36,200, up 6.9 per cent from the price for February a year ago.

In other areas, Smaby said, Realtors were pushing new aids to home owners such as:

1. The association's Home Protection Program which helps home buyers by insuring that residential property is free of major defects and by providing consumer warranty protection for at least 12 months. Three insurance companies have offered the association's approved program in 20 areas in 14 states to date. The present goal is to have at least 30 states involved in the program by year's end. Governmental agencies are reviewing the program "with enthusiasm," he said, as an outstanding aid to consumer protection.

Mrs. Virginia Knauer, special assistant to President Gerald R. Ford for consumer affairs, recently said, "Realtors are to be commended on your decision

to establish this voluntary program which offers tremendous benefits to the home-buying public. It should go far toward eliminating the sources of frustration and disappointment familiar to all too many home buyers."

2. The association's Affirmative Marketing Agreement, which it approved last November and which it signed earlier this year with the U.S. Department of Housing and Urban Development (HUD), gives the association's 1,700 member boards the means to demonstrate and accomplish compliance with fair housing laws. The Greater Baltimore Board of Realtors was among the first in the nation recently to adopt this new voluntary measure. It gained approval of the HUD area and regional offices and then of HUD Assistant Secretary James H. Blair.

Smaby said others are "in the pipeline" and that this significant new voluntary program for Realtors, which requires their careful and time consuming study, was off to a good start. He said it would be adopted steadily by more local boards across the nation.

3. The association's program

of establishing greater educational facilities for the real estate profession has resulted in a total of 535 universities offering courses in real estate. Of these, 148 offer associate's degrees; 55 offer bachelor's degrees; 16 offer master's degrees and 7 offer Doctor's degrees.

The association itself conducts a Graduate Realtors Institute course which this year it is presenting in 80 communities. It last year launched a training course to produce more instructors for the GRI courses. The nine affiliated institutes, councils and societies of the association offered a total of 52 courses in specialized areas of the real estate profession in 1975 to 17,500 students.

4. Realtors and legal representatives have been appearing before congressional committees and regulatory agencies on a wide range of legislation that affects buyers and sellers of homes and other real property. Smaby said the association feels that part of the Financial Reform Act of 1976 would enable thrift institutions to divert a greater portion of their investments from home mortgages.

In the area of tax reform, the Realtors have suggested a tax plan to treat all industries alike instead of a House Bill which would discourage real estate investors and which Realtors oppose as adversely affecting the real estate industry. Smaby said the association is conferring with congressional committees on other legislation concerned with energy conservation, federal flood insurance, clean air act and land use.

5. The association, with its affiliate, the American Chapter of the International Real Estate Federation, will co-host the 27th World Congress/FIABCI which will be held May 23-28 in San Francisco. About 2,500 delegates from more than 40 nations will discuss innovations and improvements in international transactions in real estate.

6. The association also will participate in the United Nations World Congress on Human Settlements May 31-June 11 in Vancouver, British Columbia. It will present a

paper urging governments around the world to include real estate professionals in all studies and legislative actions concerning use of land, housing for citizens, expansion of cities and towns, conservation of natural resources, and other areas.

7. The association's "Uncle Sam" Bicentennial program is serving greatly to remind Americans that this historic symbol is directly traceable to a real, live patriotic American, Samuel Wilson. Smaby on February 2 presented President Gerald R. Ford with the original painting of "Uncle Sam" created by artist Herbert R. Noxon at the request of the U.S. State Department. It has produced a color movie on "Uncle Sam: The Man and the Legend," and reproduced a 98-page book of the same title written by Alton Ketchum. The film and book are available from member local boards and state associations as well as from individual members of the association. The movie recently won a CINE prize.

On Wall Street

By BOB HILL

Not long ago I addressed a large group of school teachers on the subject of Coming World Shortages. Our world (for you and me it's basically the U.S.A.) is no longer a world of surplus of excess commodities as it once was. Now, our world has fast become one of shortages. We are not accustomed to another country telling us how much of a commodity we may have or what it will cost us. In short, we have been spoiled, taking our abundant natural resources for granted.

Now that the "Third World" nations control many essential resources, we as the largest single user of those resources, must find ways to work with those smaller countries in order to avoid embargoes. We have no choice while we seek alternative resources or other supplies.

The Third World countries have been caught in a squeeze of dropping demand for their resources during the recent worldwide recession, with an inflation spiral on goods which they import. They want relief.

The U.S. is offering a scheme in which a new international bank with billions in capital and resources would be formed to develop new sources of income for the poorer nations, hard hit by falling prices for such commodities as coffee, sugar, and copper. The manager of the new bank would be the World Bank. Oil-rich nations would put up half the \$1 billion in capital and the industrialized nations would put up the other

half. The U.S. ante would be around \$200 million.

The bank would then sell its bonds in the international money markets to raise additional funds with which to develop resources. One of the big advantages of the scheme is getting the corporation in partnership with each developing nation, making it more difficult for a small country to kick out a partner after a project is operating but before the corporation has recovered its investment.

No one knows if the scheme can get off the ground. Bringing the "Haves" and "Have-Nots" to a mutual agreement is an almost impossible task.

ABOUT YOUR HOME

HOME

By April Rhodes

Use a long drinking straw to ignite the starter fuel on charcoal.

Wash cut glass with a soft brush and rinse in water to which a little vinegar has been added.

For those fortunate enough to have living mothers, the best gift would be to let them know you love and appreciate them.

Sew buttons on children's play and school clothes with fine fishing line.

Gaily painted flowerpots give plants on the patio a festive look for spring and summer.

This is the clean-up, paint-up season. Be sure it isn't the "blow-up" season by reading the container labels carefully and then follow through.

WHO KNOWS?

1. Name the flower for the month of May.
2. Name the birthstone for May.
3. Who began the fight for "women's suffrage"?
4. When was V-E Day?
5. When is Armed Forces Day?
6. What is the National Motto of the U.S.?
7. When was the first Defense Bond issued?
8. Identify Catherine the Great.
9. When was the penny postcard first sold?
10. When was the first American sent into space?

[EDITOR'S NOTE: The following article is provided by Jeanne Coker, president of the Hereford Board of Realtors for the interest of our readers.]

The spring season is upon us. For many, that means an urge or obligation to tackle some spring cleaning chores.

Spring clean-up is especially important for those who intend to put their home on the market this spring or summer. A spruced-up house can't help but be more salable than one that obviously needs work.

One clean-up task that makes a big difference at sale time is painting. And it's a fairly easy do-it-yourself job when you know the proper way to proceed.

If you're painting over old exterior wood, it's important to eliminate the mildew or fungus that accumulates around the eaves and overhang of a house.

To kill it, use a mixture of bleach and detergent, a readily available and inexpensive tool. A detergent of low suds quality, sifted into a bleach solution, will

eliminate mildew if scrubbed liberally over every inch of the exterior. However, it may take more than one scrubbing, so be patient. Don't start painting until you're certain "all" mildew has been killed.

If your clean-up, fix-up plans include some remodeling, you'll be painting over new wood, such as pattern siding or plywood.

Remember to use an undercoat or primer for the first coat. Its purpose? Primer paint is more mildew resistant than a top coat of exterior house paint.

Also, primer is soft, and has penetrating qualities that create a stable foundation for the final coat or coats of house paint. Above all -- use a good brand of paint.

Other clean-up, fix-up chores that make a difference to prospective buyers who visit your home are these simple, obvious ones:

Make sure your lawn is trimmed and edged and that the yard is trimmed and edged and that the yard is free of refuse. Scrub the front door. Consider interior painting or hanging new wallpaper. Fix little troublemakers such as dripping faucets, loose knobs, sticking doors and windows and warped cabinet drawers. While these are minor flaws, they detract from home value.

Check and repair caulking in bathtubs and showers. Straighten closets so that they look bigger.

And let the spring sunshine in. Open draperies and curtains to let the prospect see how cheerful your home can be -- at any season of the year!

Realtor Roundup

Presented by Hereford Board of Realtors
Jeane Coker, President

What is a reasonable property? There is not a set commission for selling your rate at which real estate brokers

are expected to charge a selling fee. Many brokers belonging to state and national associations engage in co-broking, and policies of agreed reasonable selling fees are charged. Brokers are free to charge any commission they choose, using the type of property, work time needed and complication of the transaction to vary the fee.

A businessman with an indigestion problem made a weekly visit to his doctor at \$9 a visit. After two years and the problem unsolved, he was convinced that he needed to be checked by a specialist. The cost was \$174 but he has not been bothered with the problem since. Specialists cost a little more, but are almost always worth it.

Nobody knows better than your realtor broker what his services are worth. Should you shop for an office with the lowest rate? Do you shop for the doctor with the lowest fees as their qualification?

Any realtor whom you are able to talk into lowering his commission is willing to do so only because:

1. The realtor needs the listing. If he is really successful at finding buyers, he doesn't have to lower his fee to get listings. Listings come automatically because of his reputation.
2. The broker intends to spend less advertising and time to find you a buyer.

Your realtor, broker knows what his services are worth. Don't ask him to work for less, you will only be cheating yourself.

Not Funny
There's nothing wrong with a political joke unless it gets elected.
-Review, Plymouth, Ia.

Asteroid mining for iron and nickel foreseen.

California embarks on a grow slow campaign.

House rejects simple campaign finance measure.

Sadat made no demands for U.S. aid.

High Plains Nears End Of Construction Phases

Construction is underway or nearing completion in several areas at High Plains Baptist Hospital in Amarillo, according to administrator A.D. Hethcock.

Floors seven and eight will open around the first week of July. These floors add 69 beds to the hospital, bringing the total to 303. Work on the \$2,996,000 project began in November, 1974.

The present garage will be converted to a one-day stay unit. Patients will be admitted to this unit for minor surgery that requires only a few hours of recovery.

The emergency suite will become an out-patient surgical unit. Patients who do not require recovery in the hospital will be treated in this unit.

Carter opposes federal welfare takeover.

Army planning more base cutbacks.

Nice 724 acres, all in cultivation, 9 irrigation wells connected with tile. Possession of 624 acres for 1976. No motors go with the farm. Some of the land is ready to plant now. Three bedroom house, large barn. \$350.00 per acre. 29 percent down good terms.

Good 644 acres on paving, 7 irrigation wells connected with tile, 170 acres wheat, some sugar beets planted, other land plowed. \$450.00 an acre. \$65,000.00 down with good terms on the balance. Possession 1976, will consider trade for 320 acres or 160 acres on equity.

Nice 326 acres, on paving, 3 good irrigation wells, connected to tallwater pit. 1/2 rent goes. Nice 3 bedroom home, 1 1/2 bath and 1/2 bath, 1-tenant house and a large barn. 25 percent down. Possession improvements.

105 acres, near Hereford to be divided into small tracts, some tracts on paving. Will have domestic water. 10 percent down.

90 acres, 4 irrigation wells some bog improvements, 40 acres of wheat, will divide into 2-20 acres, 2-25 acre tracts or might consider a trade.

3-bedroom home remodeled inside and out for sale or will trade for a smaller home on equity.

Call for J.M. Hamby Res. 364-2553 Charles Cabbiness 364-6178 at Hamby Real Estate 364-3566

The medical records department will move from the ground floor to more spacious quarters on the sixth floor. A microfilming lab and updated transcription equipment will be added. The ground floor area now occupied by medical records will become a waiting area for surgery.

Also under construction on the sixth floor is a studio that will be used to tape the hospital's closed-circuit TV programs. High Plains recently received a donation of TV equipment from the First Baptist Church of Amarillo.

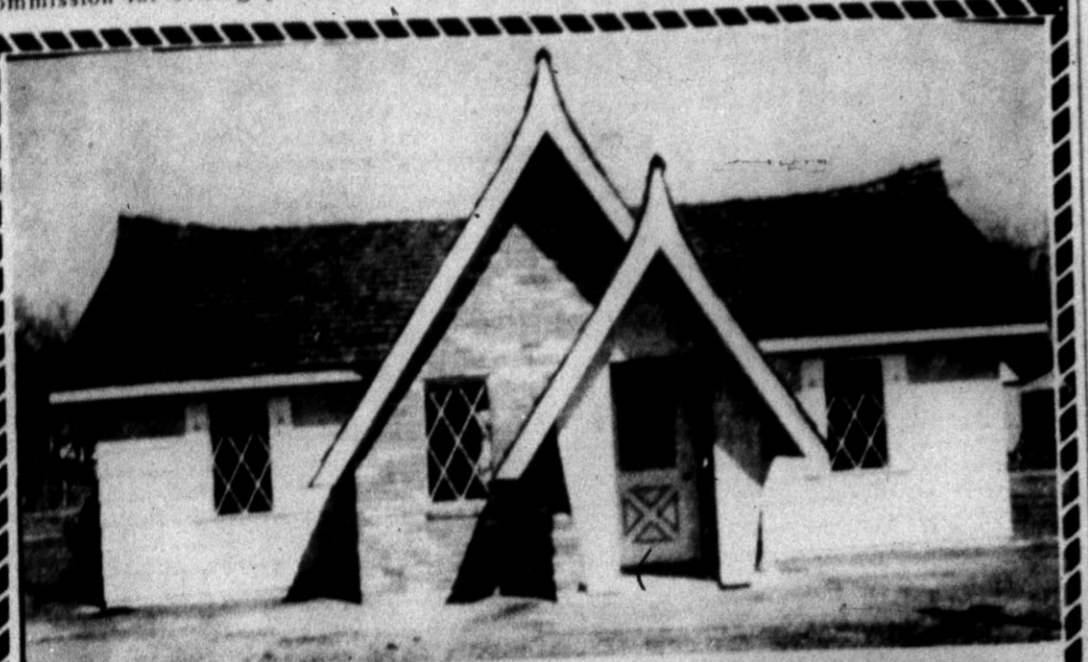

Right now it appears that our renovation in this phase will be completed this summer. Other plans are being made to enlarge and update our support service departments to accommodate 440 beds in the future. Hethcock said.

WE NEED LISTINGS OF ALL KINDS!

14. CARD OF THANKS
We want to express our sincere thanks and gratitude to our good Dr. McCrary and the other doctors, also to all the faithful nurses who were so kind, patient and gracious to me in the hospital. Thank you for everything you did to help me get well. And we give thanks and praise to our God who hears and answers prayer.
Sincerely,
Ruth Galley
The Orval Galleys
The Charles Galleys

We wish to extend our sincere thanks and appreciation to our many friends for their prayers, concern, and expressions of sympathy at the loss of our son. We are especially grateful to Dr. Johnson, the hospital staff, and everyone involved in caring for our son. God bless you.
The Family of Jason Eric Richardson

Mr. J.D. Clark, and any Lein Holders, or other Persons having interest in within described vehicle:
Re: 1966 Chev. 4 dr. Lic. # Oklahoma CI 1513 Vin. #: 156697L125478
Dear Sir:
This department has taken into custody the above described vehicle under authority of the Texas Abandoned Motor Vehicle Act. The Texas Abandoned Motor Vehicle Act requires that we notify the last known registered owner, along with all lien holders of record, that the vehicle is in custody.

The above vehicle is being held at Kelly McCormick Residence at the Gault Ranch 6 Miles east of Hereford, from whom we have received application to dispose of said vehicle in accordance with the act.
Notice is hereby given you, as Reg. Owner/Lein Holder and/or interested party of said vehicle, of your right to reclaim vehicle within twenty (20) days after the date of this notice, upon payment of all towing, preservation, and storage charges, as well as repair charges if applicable.
Failure to reclaim the vehicle within the time provided shall be deemed a waiver by each of you of all right, title, and interest in the vehicle, and your consent to the sale of the above vehicle at a public auction.

Sincerely,
Travis McPherson, Sheriff, by A.C. Burton, Chief Deputy 34-1c
Citation by Publication-Divorce
THE STATE OF TEXAS
TO: EDWARD JACK DELANCY, JR.
YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, 69th Judicial District, Deaf Smith County, Texas, at the Courthouse of said County in Hereford, Texas, at or before 10:00 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, ten and there to answer the First Amended Original Petition for Divorce of Janita Louise Delancy, Petitioner, filed in said Court on the 18th day of February, 1976, against Edward Jack DeLancy, Jr., Respondent, the original petition, having been filed in this suit on October 7, 1975, and the said suit being number DC-7549, on said docket of said Court, and entitled, "In the Matter of the Marriage of Janita Louise DeLancy and Edward Jack DeLancy, Jr.," the nature of which suit is a request to grant a divorce to Petitioner, Janita Louise DeLancy.
The Court has authority in this suit to enter any judgement or decree dissolving the marriage and providing for the division of property which will be binding on you.
Issued and given under my hand and seal of said Court at Hereford, Texas, this 22 day of April, 1976.
Lola Faye Veazey
Clerk of the District Court, Deaf Smith County, Texas 34-1c

LEGAL NOTICE "NOTICE OF DISSOLUTION OF PARTNERSHIP"
Notice is hereby given that **THE INK SPOT PRINTING COMPANY, Transferor, heretofore** a partnership composed of **THE INK SPOT, INC., DUANE STUBBLEFIELD, and ROGER MALONE, doing business at 144 West 4th, Hereford, Deaf Smith County, Texas, has been terminated and dissolved, and after April 1, 1976, the business has been and will be conducted without change of firm name by THE INK SPOT, INC. and DUANE STUBBLEFIELD, as a partnership at its present location. This notice is given pursuant to Section 6.103 (7) of the Texas Business and Commerce Code.** S-30-4c
