TERRY CAVINESS and his rodeo committee are to be commended for the great job in handling Hereford's second Hall of Fame All Girl Rodeo! The weather cooperated beautifully on Saturday, but attendance at the Sunday performance was cut down by cool, windy weather.

The event drew some visiting reporters and photographers, including a pair from the Houston Chronicle. A reporter from Newsweek called the chamber office Monday, informing manager Bill Albright he wanted to do a feature on the rodeo.

"When will the rodeo be?", asked the reporter. "We're not sure," replied Albright, "the date hasn't been set yet but it will probably be around the middle of May."

"You haven't got much time left—it's May 17th now," reminded the Newsweek man. "Oh, I'm talking about 1977," answered Albright.

## All Those With H-3, At Breakfast Will Be

The bi-monthly "Fun Breakfast" of Deaf Smith County Chamber of Commerce is scheduled next Tuesday in the Hereford High School cafeteria with cash prizes totalling \$350 awaiting some lucky early risers!

Everyone who attends will be eligible for a cash prize. Drawings for \$75 and \$25 will go to two persons in attendance, while C of C members will be eligible for a special cash prize of \$250. The chamber member must be present for the big prize, otherwise the "pot" will be sweetened for next time.

This month's breakfast will be sponsored by Plains Insurance Co., and there'll be plenty of fun, food, games and surprises. Music for the 6:30 a.m. event will be provided by Susie (Sleepy) McGee and "The Fuzz", a local band composed of Glen Nelson, O.K. ## Sales Tax Rebate Mailed To City From Comptroller

Hereford's part of a \$9.1 million rebate to 599 Texas cities for sales taxes collected in May amounted to \$11,841.16.

So far this year, State Comptroller Bob Bullock has remitted \$96.5 million to a total of 845 cities authorized to collect the tax. Checks are mailed monthly to cities by the state.

More sales taxes are being collected lately than before due to strong efforts to force payment from delinquent accounts. These have mostly been received through court judgements by the Comptroller's office.

This week, the comptroller said that his department has collected \$1 million in sales tax judgements in the 16 months since he took office, more than was collected during the previous eight years.

Bullock said his sales tax division has collected \$993,000 in judgements since January 1, 1975, compared to only \$763,000 collected in the previous eight

years since the sales tax was implemented. "These judgements were against hard-core delinquents who refused to pay until we went into court against them," he said. "They used to be considered uncollectable. Now we're starting to cash them in."

According to figures released by the state, Hereford had a total period allocation of \$12,686.70. Of this, \$253.73 went for the two per cent state service fee, and \$591.81 went for the 4.76 per cent retainage amount.

Payments to area towns are as follows: Amarillo \$145,298.39; Adrian, nothing; Canyon, \$5,365.33; Dimmitt, \$12,890.26; Friona, \$3,377.85; and Vega nothing. Adrian's period allocation was \$115.90 and Vega's was \$212.37. Towns with collections less than \$500 a month are given accumulated checks which are mailed quarterly.

Trudy Freeman of Winston, N.M. emerged as the All Around Champion during the three-days of action in the Hustlin' Hereford Hall of Fame All Girl Rodeo held here Friday through Sunday. A total of \$17,566 in prize money was offered for 403 entries.

To gain the top berth, the young cowgirl won second and fourth place marks on the team roping event and won the sixth place in the barrel racing. She shared in winnings of \$868.29.

A \$700 saddle was presented to her for winning the All Around Champion title. It was donated by Walco Inc. of Hereford.

In the barrel racing, the champion posted a time of 16.86 seconds, which came close to the winning score of 16.55 posted by Dottie Goodspeed of High Ridge Mo. Miss Freeman shared the second place money in the team roping with partner Jennifer Haynes on a time of 12.9. They took the fourth place with a time of 14.4.

The first place team roping pair included Sherri Tipton of Ulysses, Kan., and Paula Page of Garden City, Kan. They won with a time of 10.5 seconds and collected prize money totaling \$482.16.

In the first round of the bareback riding, Sue Nygaard of Ft. Collins, Col. won with a score of 60 and collected \$199.27. The second go round was won by Mary Kerr with a 54 score and she went home with \$199.27.

The average bareback riding was retrieved by Miss Nygaard with a combined score of 105. It brought her funds totaling \$199.26.

In the Bull riding, the top average score of 110 was achieved by Leslyn McClean of Gruver, Tex. It gained her prize money of \$202.54. The first go round was won by Miss McClean and second go round was won by Pam Duffy. Each collected \$202.53 for their efforts.

The goat tying competition was won by Christy Davidson of Lubbock on a time 9.4. It brought her \$482.16.

Gloria Paulsen of Albuquerque won the calf roping with a time of 11.4 seconds. She went home with \$635.04.

The steer undecorating was taken by Kay Garrison of Marlow, Okla., on posted time of 1.6 seconds. That split second work gained her \$647.04.

## Thefts, Burglaries Keep Police Active This Week

A series of small thefts and burglaries and one complaint concerning a man trying to pick up an elementary aged school girl were reported to the Hereford Police Department during the past week.

A complaint was filed by mother who claimed a man was trying to pick up her child while she was walking home from school. However, the police checked the identified suspect, who denies any such actions. The complaint says the man was trying to talk the girl into getting into his car, but he claims he was only asking about a rent house.

Vernon Hope of the Police Department said that no proof has been found to validate this complaint nor other rumored reports of a man going around exposing himself to women. He asked that anyone with information on specific incidents to report it to police or no action will result.

"We can act on reports we receive," he said. Mrs. Iris Clifton, 902 West Plains St., reported to police that about \$148 in baseball equipment has been stolen after she left it behind when washing her vehicle at a car wash in the Park Plaza Shopping Center. She has not been able to locate the equipment.

Glenn Wilson of 149 N.W. Drive reported that a CB radio valued at \$100 was taken from his car which was parked at his residence. He believes it happened within the last week.

Orval Watson Ford was hit over the weekend by a thief who took \$200 in hub caps. It was reported that it happened between May 14 and 17.

Ted Nobriga, owner of Hawaiimos Refreshments, told police that an eight track tape player was stolen out of his van Monday night. It was parked at 327 N. Main.

Harold Morgan, Forrest Ave. Apt. 14, said a burglary occurred at his residence over the weekend. Stolen items included two ski jackets, rope, cooler and some hand tools.

Police have apprehended two juveniles in connection with the burglary. They have been turned over to juvenile authorities.

Warner Bros. Motors reported that a window was broken out in the back of its building. Nothing was found missing.

## Accident Report Given

The Texas Highway Patrol investigated eight accidents on rural highways in Deaf Smith County during the month of April, 1976, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and four persons injured.

The rural traffic accident summary for this county during the first four months of 1976 shows a total of 29 accidents resulting in no persons killed and 13 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for April, 1976, shows a total of 510 accidents resulting in 10 persons killed and 318 persons injured, as compared to April, 1975, with 425 accidents resulting in 18 persons killed and 251 persons injured. This was 85 more accidents, 8 less killed, and 67 more injured in 1976 at the same period of time.

## Pavement Bid, Budget Report Top City Commission Actions Monday

BY BOBBY TEMPLETON

The Hereford City Commission proceeded quickly through a brief four-item agenda during regular meeting at city hall Monday night.

With all commissioners present, the city fathers approved a bid to pave several streets through out Hereford, discussed the appointment of a city health officer and considered an annual budget report for the preceding year.

JAKE DIEL of Hereford was awarded the bid at a cost of \$252,877.53 for a hot-mix paving. It was approved shortly after City Manager Dudley Bayne suggested that the hot-mix was better than the triple surface method.

The only other bid was submitted by High Plains Pavers, which priced the job

at \$266,273.40 for the hot mix and \$260,528.70 for the triple surface method. DieI bid the triple surface at \$247,898.79.

Dr. Hugh McCrary, who is terminating his private medical practice here at the first of July, officially resigned as city

health officer as of June 1, 1976. The job pays only \$10 a month and as of Monday's meeting, no definite replacements had been found.

However, Bayne said he thought a doctor could be found without much trouble. "The job is not time consuming. The city fills out any necessary forms," he said, after Mayor Jim Sears asked if there was much paper work involved with the position.

Dr. Howard Johnson was suggested as the most likely choice. Presently Dr. Duffy McBryer is the county health officer, but he could not serve in a dual role since payment cannot be accepted from two government agencies.

CONCERNING THE BUDGET REPORT, Bayne pointed to the fact that the

## Sales Tax Rebate Mailed To City From Comptroller

Hereford's part of a \$9.1 million rebate to 599 Texas cities for sales taxes collected in May amounted to \$11,841.16.

So far this year, State Comptroller Bob Bullock has remitted \$96.5 million to a total of 845 cities authorized to collect the tax. Checks are mailed monthly to cities by the state.

More sales taxes are being collected lately than before due to strong efforts to force payment from delinquent accounts. These have mostly been received through court judgements by the Comptroller's office.

This week, the comptroller said that his department has collected \$1 million in sales tax judgements in the 16 months since he took office, more than was collected during the previous eight years.

Bullock said his sales tax division has collected \$993,000 in judgements since January 1, 1975, compared to only \$763,000 collected in the previous eight

years since the sales tax was implemented.

"These judgements were against hard-core delinquents who refused to pay until we went into court against them," he said. "They used to be considered uncollectable. Now we're starting to cash them in."

According to figures released by the state, Hereford had a total period allocation of \$12,686.70. Of this, \$253.73 went for the two per cent state service fee, and \$591.81 went for the 4.76 per cent retainage amount.

Adrian's period allocation was \$115.90 and Vega's was \$212.37. Towns with collections less than \$500 a month are given accumulated checks which are mailed quarterly.

## Community Searches for New Doctor Board Considers Operations Report, Two-Year Accreditation

Deaf Smith County Hospital Board of Directors considered a routine agenda of business including the medical staff report, a discussion on the hospital's two-year accreditation, and the April operations report during a regular monthly meeting Tuesday morning at the Deaf Smith General Hospital.

Dr. A. T. Mims, chief of the medical staff, reported that Jim Holmes, administrative assistant for the Hereford Independent School District, reviewed facilities and programs the schools have for giving care to the mental and physical needs of students. Otherwise, the medical staff meeting involved case discussions.

Concerning finances for April, Ron Welty, hospital administrator, reported that a \$6,854 deficit resulted from operations during the month.

"THIS WAS DUE to lower volumes, a lower amount of income," he explained. The report showed that admissions numbered 170 patients during April compared with 193 for the same month last year. Year to date, patient days total 806 while it was 1,114 at the same time in 1975.

The lower patient activity provided less revenue even though expenses remained stable ending in a loss. However, the overall financial status of the hospital is good based on \$923,784 from patient revenue so far this year—it was only \$875,274 at this time last year.

Total net revenue this year amounts to \$1,093,000 (about \$85,000 above last year) and total expenses have reached \$939,783 (about \$52,000 more than last year). So far, the net operating margin is \$153,473 as compared with a margin of \$121,358 at this time last year.

Welty indicated that this will decrease in coming months since tax income has

dropped off. Also, the surplus margin will be lower since the coming months will experience lower patient volumes.

THE BOARD MEMBERS briefly discussed the two-year accreditation by the Joint Commission on Accreditation of Hospitals. Since 1957, the hospital has been accredited through on site inspections by a team from the association.

A search for a doctor is still continuing although no definite prospects were reported at this week's meeting. Welty said a number of doctors have considered Hereford, but all have decided on other locations.

"It is extremely competitive," Welty said concerning efforts to locate a physician.

Hospital board members include, Hap Cavness, Isaias, Gamez, Mrs. Wanda Hoover, Tommy Carnahan, Frank Zinser, and L.J. Straffuss, president.

budget disbursements went about two per cent over budgeted amounts, but that receipts were about 10 per cent over estimated figures.

A total of \$1,815,317 was taken in during the fiscal year (May 1, 1975 - April 30, 1976) in revenues from taxes and department incomes. Taxes received totaled \$415,224. Other areas of large revenues include the following: sales taxes, \$304,307; trash fees, \$284,198; franchise taxes, \$97,514; golf course, \$51,583; water revenue, \$501,520; and sewer revenue, \$95,855.

The city manager noted that the water revenue was a lot more than anticipated due to the higher amounts sold during the dry year. One day this month, a record amount of seven million gallons was sold, which is the first time that volume has been pumped this early in the year.

DISBURSEMENTS ran \$33,043 over the budget. Areas of expense running the highest over the budget and the excess amounts are as follows: administrative supplies, \$7,768; health department equipment, \$14,867; golf course maintenance, \$5,528; police department equipment, \$13,850; water and sewer department maintenance \$15,560; and water and sewer department equipment, \$37,956.

Of course, these were partially offset by less expenses than expected in other areas. These occurred mostly in salary categories.

The commission is composed of Stan Fry, Emory Brownlow, Sears, Frank Barrett, and Paul Abalos.

## More Services Exist In County Than Producers

In Deaf Smith County, government figures show, there are more people engaged in providing services of various kinds than in producing goods.

More and more, with each passing year, the local area is shifting toward a service economy.

That is the trend, also, in most parts of the country. As a result, the United States has become the first nation in the world in which most of the working population is in service industries rather than in the production of tangible goods.

Nationally, according to the Department of Commerce and the Bureau of Labor Statistics, almost seven out of ten every ten workers have service-type jobs today—in banks, schools, hospitals, stores, business offices, government agencies, finance, transportation, communications and the like.

In Deaf Smith County, the latest figures show, approximately 62 per cent of the working population have service-oriented jobs. The other 38 per cent are in goods-producing occupations, which consist of agriculture, mining, construction and manufacturing.

This compares with 58 per cent in services and 42 per cent in production in 1970.

Elsewhere in the United States, 68 per

cent are now in the service sector and, in the State of Texas, 71 per cent.

The transition over the years to a service economy is attributed principally to automation, which has steadily reduced the number of people needed in production jobs. At the same time, however, it has opened up many new service-type opportunities.

The increased affluence produced by the automation has triggered an ever-increasing demand for services as well as for goods, points out Victor R. Fuchs of the National Bureau of Economic Research.

Besides creating new jobs it has provided "opportunities for small firms and non-profit organizations, thus insuring the proliferation of independent businesses at a time when large corporations are growing still larger by the absorption of small ones."

He finds that virtually all of the net increase in employment in the United States since 1947 has occurred in the service industries.

price of wheat down and thus help keep the cost of food in line. Likewise, they report, the price of cattle remains sluggish thus insuring lower meat prices.

Of course, most people in this area know that the price of wheat and the price of cattle have little to do with the price of bread and the price of beef in the market. Out here, it's bad news to hear that the prices of wheat and cattle will be down. They figure strongly in our economy, and we know it's not going to make much difference in food prices. Agriculture is in trouble because of depressed prices for farm products. And when agriculture is in trouble, we're all in trouble.

There is a great need for a public relations program on the part of farmers to clear up some basic misconceptions about the farm situation. This has been a known fact for many years, but no one has come up with the solution.

A lot of big-city dwellers still hold to the belief that the average farmer in this country sits back and gets a government check mailed to him every month for not growing crops. This myth goes back many years and it needs to be erased. The big-city press could help if they weren't so eager to lay the blame on the farmer.

000

SINCE CHANGES in "styles" usually originate on the east or west coasts, it takes a while for them to be noted in this area. The Wall Street Journal reports that the long-hair styles for men and boys are beginning to fade out.

The hair styles are still much longer than a generation ago, but the shoulder-length locks and Prince Valiant bob are out of date and out of style. The Journal article says barber shop business is up 36 percent in San Francisco, and credits shorter hair styles for the increase.

If the styles change here before next fall, it could save some controversy over school dress codes. Panhandle school board members were told by a civil rights official last week that school dress codes are in violation of the law because they do not apply equally to both sexes.

The statement came during a school board workshop on the West Texas State campus. Jack Bell of the Dallas Regional Office of Civil Rights told the trustees that any dress code which sets a standard of hair length for men students but does not set a similar standard of hair length for women students is in violation of the law.

Let's point out that this is his opinion—just as many bureaucratic officials are prone to take a Congressional law and interpret it the way they want it. The way things are going these days, it is probable that a federal court would rule in favor of such a unisex standard.

Makes you wonder what kind of people are serving in some of our decision-making governmental posts. Surely they know there is a difference between the sexes, and federal regulations can't change that!

CHUCK DURHAM

DENNIS BROWN

## Durham, Brown Named Top Adrian Scholars

Adrian -- Commencement exercises for Adrian High School will be May 25 in the school auditorium. Baccalaureate services were held Sunday in the Adrian School Auditorium.

Chuck Durham, son of Mr. and Mrs. Charles Durham, is Valedictorian. He will graduate with a 96.80 average.

Dennis Brown, son of Mr. and Mrs. Billy Don Brown is the Salutatorian. He will graduate with a 96.10 average.

Kim Garrison was selected honor

student with a 93.50 average.

Durham has competed in three University Interscholastic League State Debate meets. He won first place in that competition this year alone.

Brown is also a top scholar in extracurricular activities since he has competed in UIL slide rule and science contests. Athletically, he has traveled to district in basketball for four consecutive years and he is on the All-State first team in basketball.

## Local Residents Benefit From Higher Tax Refunds

The Deaf Smith County economy, already on the upswing, will be getting an additional boost in the months ahead.

The basis for the forecast is the flood of extra cash that local residents will be receiving from Washington.

The windfall will consist chiefly of refunds that will be made to those who overpaid on their income taxes for the past year due to excessive amounts withheld from their paychecks.

In addition, many people failed to take advantage of changes in the tax law, especially the one that permitted \$30 tax credits for each taxpayer and for most of his exemptions.

As a result, the Internal Revenue Service estimates that it will be refunding about \$30 billion this year, as compared with \$26 billion last year.

Over 67 million taxpayers will be getting refunds. They will average \$421, as against the \$391 returned in 1975, according to the official figures.

The tax refunds to residents of Deaf Smith County will add up to approximately \$2,363,000, it is calculated based on the average reimbursement rate in the area.

Local residents will also be sharing in an extra \$5 billion that will be distributed to Social Security beneficiaries beginning in July. It represents an increase of 6.4 per cent across the board.

The increase, which is due to the rise in the cost of living, is automatically tied to the Labor Department's consumer price index and is adjusted to changes occurring between the first quarters of each year.

Last year, when the rate of inflation was higher, resulting in an automatic adjustment of 8 per cent, it amounted to \$7 billion.

All in all, the nation's consumers will have \$35 billion more from these two sources alone.

Assuming that Deaf Smith County residents get a proportionate share of it, there will be approximately \$2,765,000 more available in the local area.

With the public in more of a spending mood than in a long time, it is expected that much of this money will soon find its way into the cash registers of local retail stores.

## County Grand Jury Session Moved to June

The Deaf Smith Grand Jury session has been postponed from May 21 until June 1 according to the District Clerk's office.

All grand jury members are asked to note the change in dates. Criminal District Attorney Andy Shuval and his DA Schalan Atkinson will present cases at the rescheduled date.

The current GI Bill will mark its 10th anniversary in June.

The best speaker is even better when he's brief.

....

In preparation for their trip to Wales, the West Texas State University Chorale will rehearse beginning June 1.

Approximately 41 members of the Chorale and ex-students will perform in the Llangollen International Musical Eisteddfod July 6 through 11.

W.T. exes from Hereford going on the trip include Dr. and Mrs. A.T. Mims, Bill Devers, Dr. and Mrs. D.E. McBrayer and Bobby Boyd.

The Chorale will leave the United States July 4 and arrive in London July 5 where they will stay on the Oxford University campus.

They will perform at the festival in the small Welsh town of Llangollen July 6 as one of 200 choirs from 30 countries.

Directed by Dr. Hugh Sanders, WTSU professor of music, the Chorale will be required to sing two selections from the chief European school of composition and one original song from the USA.

First place winners in the festival will be awarded an international trophy and a cash prize for their organization. Cash prizes will also be given to second and third place winners in the competition.

After the festival, Chorale members will visit Leicester, an industrial English city, on July 12 and perform in concert July 13 and 14 in Cambridge, a university town.

**Writing Clinic Set Friday**

How to write better letters -- and save money, time, and effort in doing so -- will be the theme of the Business Letter Clinic set for Friday, in the Medallion Room, Deaf Smith County Rural Electric Coop.

Sponsored by the Deaf Smith County Chamber of Commerce, the clinic will run from 1:30 to 5 p.m. It will be conducted by W.H. Butterfield, a leading authority on business correspondence and author of sixteen books on the subject. Butterfield has conducted letter writing programs in almost 400 cities.

The clinic is open to everyone, and registrations are still being made with the Chamber of Commerce. The \$25 registration fee includes a set of fifteen letter-improvement charts that show how to write clearly, how to save words by avoiding trite phrases, how to stimulate the reader's interest, how to use correct letter form, how to handle delicate situations with tact, and how to inject a friendly tone into business correspondence.

Registration for the clinic can be made by calling the Chamber of Commerce at 364-3333.

### 4-H Roundup Draws Youth

Texas 4-H Roundup brings together the top youth talents in the state in judging contests and various demonstrations and skill events. Their goal is to be the best in Texas.

Some 1,800 4-H boys and girls will be converging on the Texas A&M University campus June 1 and 2 for the annual event which has become a highlight of the 4-H year. Competition is keen in the more than 30 events which range from public speaking and livestock judging to demonstrations on safety and use of electricity.

A major event of 4-H Roundup is the State 4-H Food Show on June 1, with judging of entries beginning at 9 a.m. All other competition will be on June 2, with some events beginning as early as 6:30 a.m. Roundup headquarters will be the Rudder Center, and activities will officially get under way with an opening assembly at 5:30 p.m. on June 1 in the Center auditorium, points out George McArthur, 4-H and youth specialist for the Texas Agricultural Extension Service and Roundup coordinator.

Featured at the assembly will be special salutes to the American Bicentennial and the Texas A&M Centennial along with an awards program recognizing 10 individuals, businesses and organizations that have made outstanding contributions to 4-H. Winners of numerous scholarship awards will also be announced.

**Food Stamp Study Released**

A comprehensive study of food stamp households— "Characteristics of Food Stamp Households, September 1975"—has been released by the U.S. Department of Agricultural (USDA).

The study by USDA's Food and Nutrition Service shows that in the 50 states and District of Columbia:

—Size of food stamp households averages 3.2 persons. Households of one- and two-persons made up 46 per cent of all households.

—Gross income for all households averaged \$298 a month.

—Total amount of deductions from gross income averaged \$77 per month for all households.

—23 per cent of all households had gross incomes above poverty levels in effect for September 1975.

—64 per cent of all households were headed by females.

—6 per cent of food stamp participant were 65 years old or older.

—1.3 per cent of food stamp participants were students over 18 years of age. Size of these households averaged 1.1 persons.

—15.4 per cent of households heads worked full time, and 4.5 per cent of the household heads worked part-time (less than 30 hours a week).

—42 per cent of all households received income from the Aid to Families With Dependent Children Program. 22 per cent of all households received income from salaries and wages.

Records of 11,327 households were samples, providing a carefully selected cross-section of types of counties and people. The study reports finding in detail for the 50 states and the District of Columbia. Data for Puerto Rico are also included; they show that the household and economic characteristics of food stamp participants there are quite different from what they are in the 50 states.

Copies of the study are available from the Food Stamp Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D.C. 20250.

# Spring Game Due Friday

All the bumps and bruises of the past three weeks will be forgotten this Friday night as this season's Herd football squad will divide up at Whiteface Field and go at each other in the annual Maroon and White football game.

Head coach Fred Upshaw stated that he had been well pleased with what the players had been able to accomplish this Spring. He went on to say that the club's main setbacks had been injuries, none of which had been serious but which had kept the players out of action and had slowed their progress.

Abel Trevizo and Ricky Taylor who have missed much of the spring will see limited action Friday night but Baltimore Guerrero will probably have to watch the game from the sidelines.

It will be played just like a regular game Upshaw stated, with kickoffs and extra points expect that the quarters will probably be shortened to 10 minutes.

The squads will use the split backfield formation on offense and the basic 5-2 on defense.

The JV game will begin at 6 p.m. with the varsity contest immediately following.

Coaches for the Maroon squad will be Jerry Richburg, Robert Priest, Rick Stewart, Bobby Anderson, Mike Crawford, and David Ashbey.

White team coaches are Aaron Bourland, Carroll Tucker, Danny Haney, Lester Kirkland, Ken Cole, and Mickey Miller.

### Hard Hitting

Assistant Coach Carol Tucker encourages his charges to put forth that extra effort during one of the football workouts this Spring. This is the third week of the drills which will culminate in the

annual Spring Game this Friday at Whiteface Field. There are 13 letterman including all-district performers Roy Martinez and Carlee Graves returning from last season's 4-6 squad.

## Muleshoe Golfers Lead Pro-Am

Twenty-five teams of four participants each took part in the Pro-Am Golf tournament at the Hereford Country Club Monday, May 17.

The event was a low ball

tourney with the amateurs playing with half their handicap.

Winning score was 60, 11 under par and was turned in by Bob Lee, Herb Griffiths and Mack Brown all of Muleshoe and Frank Swafford of Amarillo.

Second place was shared by three foursomes coming home in 61, 10 under.

The teams consisted of Joe Kerr and Shorty Roark of Hereford, Dick Weston of Plainview and Curtis Walker of Muleshoe; Mike Shaddix of Amarillo, Lon Conner of Hereford, Charles Jones and Mike McWhorter; Conner, Pat Robbins, and Gene Coulter of Hereford and Ray Veragin.

Low professional individual score for the day was turned in by Mike Shaddix with 70 while professionals, Mike Horten of Odessa and Andy Anderson of Borger had 72's for the runner-up spot.

Low amateur score was 65 by Lon Conner.

The Country Club has a number of events scheduled for this summer beginning with a partnership 36 hole tourney on June 12 and 13.

Other tournaments coming up

for which the dates are still tentative are a men's city tourney, a city junior tourney

and a ladies partnership. Several scotch foursome's are also planned for the near future.

## Charest, Jones, Mays on Honor Roll

Dave Charest, Steve Jones and James Mays represented Hereford on the Amarillo Globe-News final area track honor roll for 1976.

Charest placed in two events in fact. He turned in the area's 2nd best time in the 220 for the season with a 21.8, only Keith Grays of Amarillo Tascosa could do better posting a 21.6. Charest also posted the area's 7th best mark in the long jump with a distance of 21'7 1/2".

James Mays, the Herd's Junior 880 man, was also runner-up in his event with a

1:58.7. Rusty Smith of Roswell Goddard had a 1:58.1 for the area's best time in the event.

Jones who specialized in the 440 finally settled for the 4th best time in that event with

50.2. Raymond Williams of Tulia, Jack Stine of Sanford-Fritch and Roger Baggerman of Groom finished 1-2-3 with times of 48.6, 48.7 and 49.6 respectively.

### Minibike Program

10 bikes were recently donated to the National Youth Program Using Minibikes (NYPUM) here in Hereford by the Honda Pro Sports Center. Helping assemble the bikes were left to right, Rodney Miller, Mike Spangler, Jim Cherry, Steve Spangler, Larry Sanders sponsor, Warren Barber, and Zane Barber.

### Mat Card Set

Saturday night's main Lion's Club wrestling event at the Bull Barn will feature Ricky Romero against, "The Blond Bomber," Randy Tyler.

Other matches on the card will pit Hank James' against Scott Casey; 6'5", 305 lbs. Frank Goodish against 285 lbs. Don Wyatt and Jerry Kozak against Bobby Jaggers.

Starting time for the matches will be 9 p.m.

### Swimming Instructor's Course Slated

The Texas Department of Health Resources, Public Health Region 1 in Canyon, is sponsoring a Swimming Pool Operator School in Hereford on May 24, at the Community Center, Park Avenue & Avenue C.

The program will begin at 5:30 p.m.

The purpose of the course is to instruct those persons responsible for swimming pool operations in the principles of proper sanitary procedures. Upon completion of the course, each participant will be given a Texas Department of Health Resources certificate of attendance.

### Check Your Insulation

## INSULATE FOR SAVINGS!

Insulation is a solid investment—Over the life of your mortgage, 6 inches of insulation in your attic can save you thousands of dollars on your heating and air conditioning bills. Lower fuel bills can increase the resale value of your home, too. And a well-insulated home has added comfort for your family... cooler in summer and warmer in winter. Measure your attic insulation. You should have at least 6 inches. If you have no insulation, put in 6 inches of Fiberglas insulation. If you have some insulation, bring it up to 6 inches by adding additional Fiberglas Insulation. See McCaslin for an estimate on insulating your attic.

In case you've missed it, the annual Whiteface spring game is this Friday at Whiteface Field.

One of last year's coaches, my boss, Speedy Nieman was telling me yesterday of the brilliant strategy and original plays which he and his staff devised to befuddle the opposition so I am sure that if this year's contest comes even close to being as exciting as the 1975 event, it will be well worth seeing.

Probably the first thing that caught my eye when I came to work here a couple of months ago were several Dirk West cartoons on the wall of the same style as those in the Avalanche Journal during the football season, except that these cartoons always feature the Hereford Bull as the hero of course.

The one I like best has the bull, self satisfied and confident, chewing on a straw, with a club in his hand, leaning against a sign stating, "Hereford, home of the herd." In front of him is a very obviously shaky and pale looking Coronado mustang, the bull asks the question, "How do horsey, you got sumpin on your mind?"

Off to one side, a Monterey Plainsman is muttering to himself, "Well, let's see...if Coronado beats Hereford and... oh forget it."

I assume you've seen the cartoon in the Brand sometime

in the past but anyway I thought it was pretty good.

Have you heard about nine year old girl in Dallas who has taken up weight lifting. She weighs 65 lbs. and can already lift her own weight and took first prize recently in the Dallas Spring Weightlifting Championships in the under 114 lb. class. I'll bet any fellow thinks twice before he gets fresh with her in the future.

Am glad to hear that Lee Trevino finally overcame his "jinx," and won a tournament in Texas. However I think it was something that had been dreamed up by a bored sports writer on a dull day. I mean how many of those tournaments does

Trevino play in Texas every year, two maybe three at the most and sense the odds are against any one golfer even a guy like Nicklaus or Trevino winning any one certain or any two or three certain tourneys, I think it was almost a mountain made out of an anthill.

If you were going to say that Trevino had a jinx about winning tourneys in Texas you could also say that Nicklaus has a jinx about winning golf tourneys in Alaska. I haven't looked it up but I doubt very seriously if the Golden Bear has ever won one in our northernmost state.

I just know that he's laying awake nights worrying because he hasn't been able to break that "jinx."

I don't know how many skate boards there are around town these days, I think the fad has come and gone and come back two or three times but on the chance that there are parents whose young children have

found one laying in the back of the garage and have taken up the sport, or whatever it is, I offer these safety rules which I found laying in the bottom of a drawer in my desk.

1. Driveways and other protected paved areas should be used while the youngster is acquiring skill at steering and leaving the moving board.

2. During the learning period, excessive speed must be avoided to prevent serious injuries during the inevitable falls.

3. If streets are used, it should be only in those areas where traffic is minimal and can be easily seen.

4. No child should be allowed to use a skate board unless he is able to understand and follow these rules.

Actually the above rules are simply common sense, but since some of us, like me at times, run short of that valuable commodity, I thought I would offer them free of charge of course.

# Winning 'Uncle Sam' Essays Named by Hereford Realtors

Winners of an essay contest, "What Uncle Sam Means to Me," were announced this week by the Hereford Board-of-Realtors. Certificates for the winners were donated by the Board and medallions are to be presented to honored students from Hereford High School and Stanton and La Plata junior high schools.

Sonya Hacker, 16-year-old sophomore, was the first-place winner in the high school division. Runner-up honors were accorded Suzanne Duvall and Richard Waters.

Estalla Valdez, 14, an eighth grader, took top honors at Stanton Junior High. Second and third places went to Ronald Plummer and Kenneth Waters, respectively.

Scott Formby, 14-year-old ninth grader, was the winner in La Plata competition. Jeff

Milam was the runner-up. Only two entries were received from La Plata Junior High.

Following are the winning essays, each under the title of "What Uncle Sam Means to Me":

**SONYA HACKER**  
Hereford High School

When I think of Uncle Sam, I think of small trails that were traveled by horses and covered wagons going west being turned into wide highways traveled by man's dreams and inventions.

I think of songs like "The Star Spangled Banner" and "Battle Hymn of the Republic" that say, "I am glad to be living in the United States, a place where I can dream and see those dreams come true."

I think of great men like George Washington, Abraham Lincoln and Thomas Jefferson that could look into the future and see a free country for all.

I see 13 great colonies exploding into 50 states that are living as a free country today. I think of how Uncle Sam as a symbol of the United States has put an impression on men who fought to make this country what it is today. For Uncle Sam has always been a great man and is still very much alive and remembered today.

When I think of him and what kind of symbol he holds for our country, it makes me glad that I live in a free country. He, as a symbol, means freedom for everyone.

I think back 200 years and what it must have been like then. Our country, this year of 1976, celebrates its appreciation to Uncle Sam for all he has done.

Uncle Sam used to mean nothing to me, for I really didn't know who he was. I finally started to understand when people would talk about him. He wasn't just a legend but a real person. This made me start thinking about my country more. It made me want to really get down and start to understand the legend about Uncle Sam.

I really never knew how to take my country seriously. All I knew was that I lived in a free country, but I never knew how it got that way.

Just to be able to worship God when we want to or where we want to without fear is a freedom some countries don't have.

This country has been explored and visited by many different people. Most of these people are the ones that made it what it is today. They invented many different things, and Americans today are still doing the same. There is no other place where so many opportunities are available.

With a little help from Uncle Sam, I and others can help out in many different ways. For example, I can use him as a figure to get my point across to other people of what is going on in our country today.

At this point in history, a lot of things are going wrong the way people tell it, but all I can do is think back at the good things that our country has done, and also the hard times that we've had. And somehow our country still always comes out ahead.

I think that all people should realize the real significance of Uncle Sam and what he means to them.

To me, he is life, liberty and the pursuit of happiness in our country, rolled up into one single representative figure.

ooo

**ESTELLA VALDEZ**  
Stanton Junior High

What Uncle Sam means to me is not easy to explain. As a picture on a piece of cardboard, he means nothing. But if one looks beyond the features that are drawn, one will find there is a lot of significant ideas in his real mannerly way.

Uncle Sam, to me, means the freedom of the United States. He represents the pride and reputation of this country. Uncle Sam speaks for one or all of the American armed forces. He associates with every part of America and every American. Uncle Sam symbolizes the United States better than any other historical artifact or antique. This patriotic figure has gone through every hardship in this country and still has enough pride and faith to say "I want you..."

### Award Winners

La Plata Junior High School students winning awards in school awards ceremonies last week are: [front row, L-R] Steve Viegel, earth science; Ben Flores, 7th grade math; Chris Schumacher, life science I; Brent Boyd, 7th grade English and

Richard Brandon, physical science. [Back row, L-R], Linda Garcia, Life science II; Beatrice Garcia, VEH; Cynthia Villa, HEH; Angie Garcia, CAVE; Gail McCabe, 8th grade English; and Janelle Coupe, 8th grade Math.

As the imaginary picture, Uncle Sam denotes the people. Is that not what we want? Representation?

**SCOTT FORMBY**  
La Plata Junior High

Uncle Sam is symbolic of the many privileges and rights that we enjoy in America. Since the War of 1812, the nickname "Uncle Sam" has appeared in various forms to symbolize our country. By 1830, Uncle Sam was decorated with stars and stripes and was appearing in cartoons and in newspaper in this country. Particularly at wartime, the picture of Uncle Sam has appeared as a rallying point for Americans everywhere.

When I see a picture of Uncle Sam, I swell with pride because I see more than a bearded man with a stearn, friendly face, and a tall hat. I think of words such as patriotism, self respect, loyalty, honor, work, free enterprise, and freedom of religion. These are the labels of the ideals which built this country, and these are some of the words which hold the key to the future of our country and even to the entire world.

Uncle Sam helps me to recall the importance of the Bill of Rights and its guarantee of the

individual liberties and freedoms that are mine today. It is no wonder that an English jurist by the name of Sir William Blackstone described the Bill of Rights as "The greatest document struck by mortal hand."

When I see Uncle Sam, I recall that our nation has gone from Paul Revere's ride to Neil Armstrong's ride, and from Benjamin Franklin's kite to giant atomic plants. I think of a great, free nation that has had revolutions in agriculture, industry, and technology. The bearded gentleman reminds me of the freedom that we may enjoy and that is ours. Many have sacrificed so that we may enjoy the unusual blessings of this country. Freedom is a heritage won by our forefathers...it cannot be taken for granted. We should continue to work for it, and to sacrifice for it, and to keep it safe. Uncle Sam also means that I do not have the freedom to break the laws of this land, and that in a democracy such as the one we have, mutual self respect is vital.

Uncle Sam represents the rich heritage that I possess. Patriotism and love of country is as important today as it was yesterday. The American flag still has a meaning of honor and self respect. To be an American

### Summer School To Begin June 1

Enrollment for summer school is now open for any students who have satisfactorily completed the 8th grade. It ends Friday, May 28.

Summer school will begin Tuesday, June 1, and will be divided into three trimesters ending July 20. Classes will meet each day, Monday through Friday, from 7:45 a.m. to noon with a 15 minute break. The tuition charge will be \$30 for each trimester, \$60.00 for two trimesters, and \$75 for three trimesters.

Summer school courses are offered to those students who have failed a course and need to make up the work in order to graduate with their class and those students who wish to schedule an additional elective subject during the regular school year.

Classes offered will be determined by the number of students signing up for each

Pictured above are the members of the Industrial Arts Club at Hereford High School who brought home awards from the state competition at Austin last weekend. They are, left to right, Mark Betzen, Kenneth Henson, Kim Cochran, Pat Johnson and Burl Miller. Other winners not pictured are Al Almanza and Mark Drake.

**Students Take Honors in Austin**

The Industrial Arts Club of Hereford High School entered 17 projects in the State competition at Austin this past weekend and brought home awards with 9 of the entries.

Included among the honors were two each by Kim Cochran and Al Almanza as the former placed 1st in Jewelry, class 1 and 3rd in jewelry, class 2 and the latter placed 2nd in jewelry, class 1 and foundry, class 3.

The trip was the high point of the year for the club members who earned the money to pay for it. They were accompanied by club sponsors, Terry Williams and Wayne White.

Students going to the competition included, Murray Hazlett, Bruce Bartels, Mark Betzen, Kenneth Henson, Al Almanza, Burl Miller, Kim Cochran, Charles Berryman, Greg Hacker, Pat Johnson, Billy Stubbs, Earnie Gonzales, Frank Blackwell, and Mark Drake.

In addition to the awards won by Cochran and Almanza, other included, Mark Betzen, 2nd, foundry, class 2; Burl Miller, 2nd, foundry, class 3; Kenneth Henson, 3rd, foundry, class 3; Pat Johnson, 3rd, mechanical drafting, class 6; and Mark Drake, 3rd, machine metals, class 2.

**Health Seminar Due May 20**

**Hereford Resident Receives Degree**

Three Distinguished Alumnus Awards and the Piper Professor Award were presented at spring commencement for East Texas State University and approximately 850 students were awarded degrees.

Sandra Fry Stretcher of Hereford was included in the graduates.

W. Garland Button chairman of the ETSU Board of Regents, presented the Piper Professor Award to Dr. Samuel W. Cochran, professor of psychology. He also presented alumnus awards to Cecille Terry Hargrave, Dallas interior designer and space planner, and Robert W. Henson, Greenville industrialist. Thomas Steely, vice chairman of the regents, presented the alumnus award to Rear Adm. Sam H. Moore, U.S.N., Washington, D.C.

Health professionals from Deaf Smith General Hospital here will complete the 1975-76 series of therapeutics seminars Thursday, May 20, with "Congestive Heart Failure," a panel discussion originating from The University of Texas Health Science Center at San Antonio.

The series of 16 one-hour programs on commonly encountered illnesses is presented annually by the continuing education department of the San Antonio health science center and is designed to bring professionals in five states up to date on current concepts in diagnosis and treatment.

The May 20 program will begin at 12:30 p.m. Central Daylight Time and will be received locally by means of a teleconference hookup with San Antonio.

"Congestive heart failure is the final stage of heart disease no matter what the initial cause," explained Dr. Timothy Caris, professor of medicine and panel moderator for the seminar.

Discussions will center around treatment to keep the patient as comfortable and productive as possible and out of the hospital for as long as possible.

Additional panelists will be Dr. Henry Lobstein, clinical instructor of medicine at the San Antonio health science center and Dr. Robert Schnitzler, assistant professor of medicine at the center.

Participants in the year's series of programs are eligible to receive 16 prescribed hours of continuing education credit from the American Academy of Family Physicians and 16 hours in Category I toward the American Medical Association Physician's Recognition Award.

The first seminar for the 1976-77 series will be "Biofeedback" on September 23.

Your alternative to the nonsense and expense of replacing compressors. Arkla/Servel Gas air conditioners don't even have compressors.

Quality air conditioning is your best bargain.

In fact, there are only 3 moving parts in the entire cooling cycle. Less to wear out means less to replace. Greater dependability. Lower maintenance costs. Arkla/Servel Gas air conditioning units are designed to operate economically. Built to last longer with more quality materials, like stainless steel. Arkla/Servel can save you money in other ways, too. But then QUALITY air conditioning is always your best bargain.

**Little Britches Rodeo**

**Set By Adrian Lions**

The Adrian Lions Club Little Britches Rodeo is scheduled for May 29-30, with action to start at 2 p.m. each day in the Vega Junior Horsemen's Association Club Arena.

The rodeo will be open to boys and girls in three groups—ages 6-8, 9-11, and 12-14. Belt buckles will go to the top three places in each division, and an All-Around Trophy will be awarded the top cowgirl and cowboy.

Action on Saturday, May 29 begins with the girls' division in Group 1 (ages 6-8). Group 2 (9-11) action for boys and girls follows on Saturday afternoon. The 9-11 cowgirls and cowboys are in action starting Sunday, May 30 at 2 p.m.

Bill Gudgell, Adrian Lions rodeo chairman, announced that all entries must be in by Wednesday noon preceding the rodeo. For further information, entrants may call Gudgell (289-5963) or Lions Club

secretary Ted Hale (538-6282.)

Girls' events will include poles, barrels, goat tying, and calf dabbing. Boys' events include pony broncs, calf riding, steers, poles and barrels for the younger boys, and pony broncs, bulls, calf roping and ribbon roping for the older boys.

Admission prices for the rodeo are \$1.50 for adults and \$1 for students. Pre-schoolers will be admitted free.

### Citizen Of The Month

Truman Ivie of the Deaf Smith Rural Electric Coop was named the Hereford Peace Officers Association Citizen of the Month for May after reporting stolen saddles and bridles he found to local authorities. The report led to the arrest of a defendant.

## Bike-a-thon Saturday

Registration for the Deaf Smith Co. Cancer Society bikeathon will be at 9 a.m.

When frying bacon in a microwave oven, cook in a covered pan with a rack so the drippings can be saved for other uses, Mrs. Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Saturday, May 22 at Sugarland Mall instead of 9:30 as reported earlier in The Brand.

Students participating in the event must have their registration forms signed by their parents to be eligible to take part.

The bikeathon will be run over a 20 mile course set up around the city and area. The riders have lined up sponsors who have pledged to give a certain amount for every mile

they complete in the event.

New bicycles will be given away to the two participants whose sponsors have pledged the most money.

According to Jerry Coker who is spearheading the event, approximately 150 riders are expected to take part.

Anyone needing further information may contact Coker at the Deaf Smith County Hospital, 364-2141 or at his home, 364-6765.

## Farmers Irrigation Problems Discussed

Recent dry winds across the South Plains may have dried up the tops of seed beds in some areas. Producers who have encountered this problem and are planning to water up their crops are urged to consider both the costs and possible hazards of irrigation at this time.

Texas Agricultural Extension Service specialists say that late watering not only will add to production costs, but could result in the concentration of nitrogen salts "fertilizer" in the seed zone if water is applied by the furrow method.

Dr. James Supak, Extension Service agronomist, says the salt problem is likely to occur only where the nitrogen fertilizer was applied in a band directly into the beds. If fertilizer was applied with a broadcast applicator or banded at an angle across the field prior to listing, the likelihood of a salt problem is more remote.

Leon New, area Extension Service irrigation specialist, says nitrogen concentrations are less likely to occur with sprinkle irrigation as opposed to furrow-type. This method of watering also allows a light wetting of the seed bed, which in most cases is all that is needed. This allows the water to be absorbed as it is placed on the soil, rather than collection in furrows and moving the fertilizer into the seed zone.

"We know, of course, that many farmers will irrigate by the furrow method," New says. "These producers simply will have to water carefully, keeping

## New Courts Have New Rules

Four new tennis courts were constructed north of Hereford High School along Grand Street during the late winter and early spring. Rules concerning the care of the surfaces of these courts and the surrounding property have been posted recently.

The new rules are as follows:  
1. Tennis shoes only - no street shoes of any kind.  
2. No spectators inside the fence.

3. No food or drinks inside the fence.

4. One hour and a half court use if others are waiting.

5. No leaning over nets.

6. No hitting of racket on the surface.

7. Those in violation of court rules will not be permitted to use the courts.

The facilities were built for the use of the Whiteface tennis team as well as for the public. All persons planning to use the courts should become familiar with these rules to keep the courts in good playing condition.

The four new courts, (with lights) have asphalt bases which

become soft during hot weather. They are easily damaged by striking them with sharp objects, or running on them with hard sole shoes. The top playing surface is less than 1/16

of an inch thick and can be stained or defaced with greasy foods or certain types of drinks. The lighting system may be turned on at 7:30 p.m. and will turn off automatically at 12 a.m.

 Hereford High School Journalism Department

**New Cheerleaders for HHS**

Cheerleaders for the up coming year at Hereford High are (L-R) Stephanie Stringer, Sonja Hacker,

Tonya Black, Laurie Higgins, Judy Wright, Lori Taylor, Caroline High.

## Cheerleaders Elected For Next Year

"Two bit, Four bits, Six bits a dollar, all for Hereford stand up and holler." will be the cry of six Hereford High School cheerleaders next year during the athletic season.

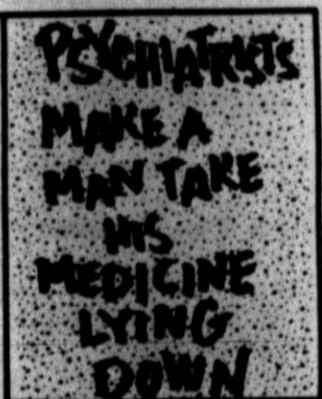

The cheerleaders who were elected in a school assembly by the student body May 3.

The students elected four senior girls and two junior girls. Two of the senior girls elected are returnees from this year's squad.

The girls are Judy Wright and Laurie Higgins. The two other seniors elected are Carolyn High and Laurie Taylor. Tanja Black and Sonja Hacker were the two nominees from the Junior class of next year.

There were 14 girls that tried out for the six positions on the squad. All of the girls participated in an assembly in front of the student body to display their talents. The assembly was held in the gymnasium.

This year's retiring cheerleaders are Jill Stephen, Michele Moore, Lynette Cawthon, and Diane McCauley.

## Red Cross Needs More Water Safety Instructors for Classes

There is a great need for Water Safety Instructors Aides in the Red Cross Water Safety Program this summer. High

school students learned to swim through this program. Now they have the opportunity to teach others.

## DE Has New Speaker

Royce Waldrip, a former Distributive Education student at Hereford High School, was guest speaker at first, second, and third period D.E. classes Wednesday.

The topic of Waldrip's discussions was the field of merchandising, and the possible careers that are available to the

students. Waldrip is employed at Gaston's in Sugarland Mall, where he is head of the men's clothing department. He attended Dallas Fashion Merchandising College of Dallas.

Dallas Fashion Merchandising College is located in the second largest Fashion Center in the U.S. — the Dallas Market Center. The Market Center is used as a laboratory for a study behind the scene of fashion and merchandising. Certificate competency earned at DFMC equals 30 hours credit at Dallas Baptist College toward a Degree in Career Arts.

Waldrip handed out pamphlets containing information about Dallas Fashion Merchandising College, and recommended the Dallas school as a good place to begin a career in merchandising.

**DANCE SCHEDULED**  
 A teen dance is scheduled after the high school scrimmage from 9:30 p.m. to 12:30 a.m. Friday at Community Center.  
 All junior High, high school and college students through the age of 21 are invited to attend. Tickets may be purchased at the door for \$2.50 per person.  
 A rock band, Prickly Heat, will be featured.

## Tennis Doubles Go to State

Steve Hoover and Rocky Rodriguez, two of Hereford's outstanding tennis players, traveled to Austin, May 12, to compete in the state finals. The tournament began May 14, with the finals being held Saturday. This year is the first year that the Hereford Tennis team has been able to compete in the state finals. Eight teams were in Austin competing for the State Championship Title. Steve and Rocky lost in the first round to Wichita Falls.

Rodriguez and Hoover's doubles team record for this

year is an impressive 27-7 matches. One of Rodriguez and Hoover's toughest matches came from Robert Davis and Steve Farrell of Lubbock Coronado in the semi-finals of the District Play. The team which the two young men competed against was from El Paso Irving, in which Holmes, and Riveira defeated Hoover and Rodriguez in the regional finals which were held in Lubbock.

Rodriguez and Hoover's training consists of three to four hours of drills, running and competitive play. Mr. Thomas,

coach of the HHS Tennis Team, has helped Steve and Rocky to reach their standard of play. Mr. Thomas works individually with the students.

Steve Hoover is presently a junior and is involved with many other activities. He is in Band, and participates in many class organizations, but the majority of his time is spent with tennis. Rocky Rodriguez is a Senior and spends most of his time on the courts.

**New Cheerleaders for HHS**

Cheerleaders for the up coming year at Hereford High are (L-R) Stephanie Stringer, Sonja Hacker,

Tonya Black, Laurie Higgins, Judy Wright, Lori Taylor, Caroline High.

## Cheerleaders Elected For Next Year

"Two bit, Four bits, Six bits a dollar, all for Hereford stand up and holler." will be the cry of six Hereford High School cheerleaders next year during the athletic season.

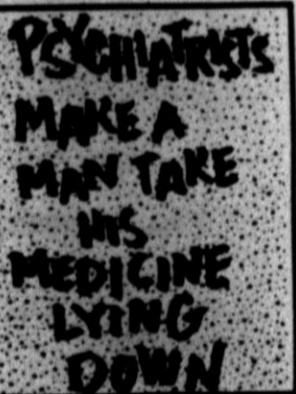

The cheerleaders who were elected in a school assembly by the student body May 3.

The students elected four senior girls and two junior girls. Two of the senior girls elected are returnees from this year squad.

The girls are Judy Wright and Laurie Higgins. The two other seniors elected are Carolyn High and Laurie Taylor. Tanja Black and Sonja Hacker were the two nominees from the Junior class of next year.

There were 14 girls that tried out for the six positions on the squad. All of the girls participated in an assembly in front of the student body to display their talents. The assembly was held in the gymnasium.

This year's retiring cheerleaders are Jill Stephen, Michele Moore, Lynette Cawthon, and Diane McCarty.

## Red Cross Needs More Water Safety Instructors for Classes

There is a great need for Water Safety Instructors Aides in the Red Cross Water Safety Program this summer. High

school students learned to swim through this program. Now they have the opportunity to teach others.

## DE Has New Speaker

Royce Waldrip, a former Distributive Education student at Hereford High School, was guest speaker at first, second, and third period D.E. classes Wednesday.

The topic of Waldrip's discussions was the field of merchandising, and the possible careers that are available to the

students. Waldrip is employed at Gaston's in Sugarland Mall, where he is head of the men's clothing department. He attended Dallas Fashion Merchandising College of Dallas.

Dallas Fashion Merchandising College is located in the second largest Fashion Center in the U.S. — the Dallas Market Center. The Market Center is used as a laboratory for a study behind the scene of fashion and merchandising. Certificate competency earned at DFMC equals 30 hours credit at Dallas Baptist College toward a Degree in Career Arts.

Waldrip handed out pamphlets containing information about Dallas Fashion Merchandising College, and recommended the Dallas school as a good place to begin a career in merchandising.

### DANCE SCHEDULED

A teen dance is scheduled after the high school scrimmage from 9:30 p.m. to 12:30 a.m. Friday at Community Center.

All junior High, high school and college students through the age of 21 are invited to attend. Tickets may be purchased at the door for \$2.50 per person.

A rock band, Prickly Heat, will be featured.

## Tennis Doubles Go to State

Steve Hoover and Rocky Rodriguez, two of Hereford's outstanding tennis players, traveled to Austin, May 12, to compete in the state finals. The tournament began May 14, with the finals being held Saturday. This year is the first year that the Hereford Tennis team has been able to compete in the state finals. Eight teams were in Austin competing for the State Championship Title. Steve and Rocky lost in the first round to Wichita Falls.

Rodriguez and Hoover's doubles team record for this

year is an impressive 27-7 matches. One of Rodriguez and Hoover's toughest matches came from Robert Davis and Steve Farrell of Lubbock Coronado in the semi-finals of the District Play. ### Funds Sought For Center

"I have tried babysitters, but my daughter is much happier at the Hereford Day Center. She is in a learning situation which is much better for her," stated Marilyn Muse who has two-year-old daughter, Michael, enrolled at the center. The center is a non-profit organization, governed by a local board of directors, that now provides services for 45 children who are six months through eight years of age. Funds are currently being sought for a building expansion program which will provide more services for pre-school children whose mothers are working or enrolled in school. Bettie Roberts is the executive director. All gifts to the center are tax deductible as charitable contributions.

Improving the individual remains the cardinal purpose of life.

### Food Fun Classes Scheduled Here

Deaf Smith Electric Cooperative will sponsor a food fun program for junior girls this summer.

The one-week class is presented to offer junior girls basic instruction in food preparation, table setting and table etiquette.

Janice Wood, Summer Home Services Advisor for Deaf Smith Electric Cooperative, is the instructor for the food fun program. She is a member of the American Home Economics Association and the Vocational Homemaking Teachers Association of Texas.

This program will be held this summer and specifics about the event will be announced at a later date. Any parents interested in enrolling their daughter should contact the homemaking department or David Pruitt at DSEC for information and application forms.

### Memberships Sought By Society

A membership drive will be conducted Friday and Saturday by members of Deaf Smith County Historical Society. Anyone interested is asked to contact Mrs. Jack Gilliland, Deaf Smith County Historical Museum curator.

Membership dues will remain \$2.50 per person.

The museum is open to the public on Tuesday through Saturday from 10 a.m. to 5 p.m. and on Sunday from 2-5 p.m. Over 9,500 visitors have registered at the museum representing 44 states, Washington, D.C. and 14 foreign countries.

### Memorial Services Scheduled

Memorial services for Ruth Bell are scheduled at 4 p.m. today at St. Thomas Episcopal Church. Services will be conducted by Right Rev. George H. Quarterman of Amarillo, a retired Episcopal Bishop of the Northwest Texas area.

Mrs. Bell died Tuesday at Westgate Nursing Home following a long illness. Funeral services for her were held Tuesday afternoon in Pine Bluff, Ark. and burial was in Bellwood Cemetery in Pine Bluff.

She married Marcus L. Bell on Nov. 8, 1907 in Topeka, Kan. He preceded her in death in 1945.

Mrs. Bell, 94, came to Deaf Smith County in 1964 from New York City, N.Y. and was a member of the Episcopal Church.

### MARRIAGE ANNOUNCED

Evelyn Trotter and Virgil Ritchie of Tucson, Ariz. were married recently. They will make their home in Tucson.

Mrs. Ritchie has been employed at Western Wheel Inn Cafe.

### Scholarship Recipients

Two Hereford High School senior girls were awarded scholarships recently by members of the Women's Missionary Union of First Baptist Church. Receiving scholarships amounting to \$200 per person were Donna Kendall, at left, daughter of Mr. and Mrs. Lawrence Kendall, and Kathy Hazlett, daughter of Mr. and Mrs. Kenneth Hazlett.

### Hereford Boys Ranchers to Graduate

Timothy Ron (Tim) Murrell and Mark Duane McQueary, two former Hereford, Texas boys who are now making their home at Cal Farley's Boys Ranch near Amarillo, Texas, will graduate from the Boys Ranch High School on May 20, 1976. There will be thirty-nine seniors who will receive diplomas during commencement exercises on that date.

Tim, 18, has lived at the Ranch for three and one-half years and has been active in intramural wrestling, basketball, Future Farmers of America, Bible Memory Association,

softball, and chapel choir.

Mark, 18, has lived at the Ranch for four years and has been active in the Co-ordinated Vocational Academic Education, Vocational Occupational Cooperative Training, softball, volleyball, track, basketball, and an officer for VOCT. Mark received a medal in track for the 880 yard run; one mile and two mile relay during his senior year. For his vocation Mark has chosen food service. Following graduation Mark will be inducted into the Army on June 23, 1976 and be stationed at Fort Jackson, South Carolina.

Now in its thirty-sixth year, the Ranch has reared and cared for more than 3,000 homeless and troubled boys and is now home for 370 boys. Cal Farley founded Boys Ranch in 1939 at the historic ghost town of Old Tascosa, Texas.

**Honorary CowBelle Award Given Tuesday Evening**

David Hutchins was presented the "Honorary CowBelle of the Year Award" by Mrs. Ray Polan, CowBelle president, at a kick-off dance and dinner promoting Beef for Father's Day. The event was held Tuesday evening in Hereford Country Club. Hutchins has supported the beef for Gristown campaign, narrated Farm-City Week, set up C.B. communication and a booth for Ag Day, gave a coffee break interview and has supported all aspects of agriculture.

Also, nominated for the coveted award was Pete Caviness. Since the organization began in Deaf Smith County, Caviness has made financial contributions in public relations and has donated meat. Other recipients of the honor have included Roy Faubian, Bill Albright and Melvin Cordray.

**Officers Elected**

Members of Sweet 'n' Fancy Decorating Club met Friday evening at Community Center for their election of new officers.

Serving as president for the coming club year will be Mrs. Dale Henson; vice president, Mrs. John Avent; secretary, Mrs. Neil Driver; treasurer, Mrs. Jimmy Holmes; librarian, Mrs. Herman Cherry.

Also, during the business meeting, a thank you note was read from Argen Draper concerning her recent nomination for Outstanding Woman of the Year Award at West Texas State University.

Members also reported on the success of their bake sale and installation of officers was planned for May 28. Mrs. Keith Battey presented a program on gum paste Flours.

There were 10 members present.

Also, during the evening, Mrs. Polan, who is moving to Mississippi, tendered her resignation by presenting the presidents' gavel to Mrs. Charles Springer.

Mrs. Springer in turn presented Mrs. Polan with a CowBelle past president's pin as a token of appreciation from members of the group for her past year's service.

Tom Simms won the western straw hat which was donated by Boots 'n' Saddle.

Music was provided by the Stanfield Trio and decorations of red, white and blue streamers, Texas and the United States flags and a Bicentennial table depicted a patriotic theme.

Murals and western hat motifs also decorated the ballroom.

**Secretaries Conclude Year's Activities**

The Peak of the Panhandle Educational Secretaries completed their year with a salad supper in the home of Billie McDowell, Yucca Hills, Monday evening.

In keeping with the Bicentennial theme this year, Mrs. Glenn Reeves of Friona, presented a program on "Brides in the Whitehouse". She displayed dolls dressed like the sixteen brides who were married in the Whitehouse, spanning a period of 176 years, reporting on each wedding, as much as history provides, and told how in many cases the political or economic condition of the country influenced the costumes and wedding gifts.

Oletha Sanders conducted the installation of officers using red,

white and blue carnations to illustrate the duties and responsibilities of each officer. Billie McDowell was installed as President, Jessie Ann Davis as Vice President, and Norma Dement as Secretary-Treasurer.

The new president then appointed her committees.

Secretaries attending the meeting were Yvonne Simpson, Helen Lee, Jessie Ann Davis, Frances Suttle, Billie McDowell, Margaret Craig, Bobbie Kitchens, Mary Wyly, Norma Dement, Sue Cherry, and Dorothy Mercer from Hereford; Oletha Sanders from Springlake-Earth; Elberta Dyer, Glenna Fry, Bessie Strickland from Dimmitt, and a guest, Carol Lantz, also of Dimmitt.

**BISCUIT QUICKIE** --- An interesting, tasty biscuit recipe I ran across calls for 2 cups self-rising flour, 1 cup milk and 4 tablespoons mayonnaise. That's right, mayonnaise. This makes a stiff dough that should be dropped into greased muffin tins. Bake 12 to 15 minutes at 400 degrees. Makes about 12 yummy biscuits.

**MINTY MAGIC** --- A good ant-deterrent is to plant mint in the areas where the little pests enter your home. Mint will serve also as a repellent if you place near your cabbage plants.

**WINE CELLAR** --- Never throw away your leftover wine! Kept refrigerated and corked, it's ready to be used in cooking or a marinade. You can even store different types in the same bottle.

**Receives Award**

Mrs. Ray Polan, CowBelle president, presented David Hutchins the Honorary CowBelle of the Year Award Tuesday evening at Hereford Country Club. Pete Caviness was also nominated for the honor.

Dollars and sense lay the foundation for fortunes. .... Poor work, completed, is better than brilliant work promised. ....

**4-H Members Elect New Officers**

New officers were elected by members of Showmanship 4-H Club Monday evening at Community Center.

Micki Merritt will serve as president; Steve Douglas, vice president; Jolisa Barrier, secretary; Kent Hicks, reporter.

Also, during the business meeting with Bret Hicks presiding, livestock projects for the fall 4-H programs was discussed.

Guests included Garland Stewart, assistant county agent, and Mmes. W.C. Beene, Neil Barrier and Bob Hicks.

## LAUGH OUT

A lady very much overweight was trying to enter a bus. A passenger, who was waiting to get off, began to laugh at her futile efforts.

"If you were half a man, you'd help me on this bus," snapped the fat lady.

The passenger retorted, "Madam, if you were half a lady, you wouldn't need any help."

# Historic Events To Be Portrayed

"The Dawn of Freedom," a highly acclaimed multi-screen presentation depicting the historic events surrounding the Declaration of Independence, is scheduled for showing in Amarillo today through Saturday.

It will be shown in two junior high schools and two high schools during the first three days, and in a series of public showings on the fourth day.

It is scheduled for two showings, at 8:30 a.m. and 2

p.m. at Amarillo High School and Fannin Junior High School on Thursday; at 8:30 a.m. and 2 p.m. at Tascosa High School and Austin Junior High School on Friday.

Three public showings, at 2, 4, and 6 p.m. are scheduled on Saturday at the Amarillo College Concert Hall Auditorium.

Amarillo is one stop on a five-month 60-city tour of Texas and the film is scheduled at Dalhart High School on May 25,

at Perryton High School on May 26, and at Clarendon College on May 27.

The presentation has received the Nation Recognition Award from Freedoms Foundation at Valley Forge—one of the top eight awards given from over 20,000 nominated entries.

The production relives the life and times of the signers of the Declaration during the critical days preceding July 4, 1776, and the years of sacrifice and war that led to final victory and

freedom for the colonies.

Coordinating six slide projectors with recorded music and narration, the 50-minute presentation was produced by Vickie Jones Foster and LeRoy Foster of Austin to commemorate the nation's Bicentennial by dramatically portraying the integrity, honesty and selflessness of the nation's founders in their fight for freedom and independence.

They also spent hundreds of hours in museums and libraries

researching and photographing historic paintings and documents that are used in the show.

The Fosters spent eight months working on the show, producing it at their own expense. During production of the show, the producers traveled to many of the historic sites that played significant roles in the dramatic events leading up to and following the Declaration of Independence.

The visuals, music, and narration in the show are closely coordinated. The script is comprised of authentic quotes from the early patriots, comments from later historians,

and a structural narrative written by LeRoy and Vickie.

The producers are touring the entire state giving free presentation to junior and senior high school students during the day and the general public when possible.

Funding for the tour has been received from the American Revolution Bicentennial Administration through the Texas Bicentennial Commission as well as private foundation donations.

It is estimated that as many as 250,000 school students will attend the presentation during the state-wide tour.

Arrangements for the Amarillo showings have been made through the Chamber of Commerce and the Texas Panhandle Centennial-Bicentennial Committee.

## Fashion

Capes are popular this season but the short woman should be careful not to wear one that is very full and long.

Cape-like sleeves have come back in style and give a light touch to garments made of soft fabrics.

If your doctor gives you enough penicillin for 10 days for a strep infection, be sure to take the full course so the chances of getting rheumatic fever are reduced.

Never use your outdoor barbecue grill in a closed, poorly ventilated area such as a garage. The carbon monoxide from the charcoal briquettes could be deadly.

## Students Present Recital

Michelle Solomon, daughter of Mr. and Mrs. Mike Solomon, and Jennifer Estep, daughter of Mr. and Mrs. Raymond Estep, were presented in their first piano recital Sunday afternoon in the home of their teacher, Mrs. Tommy Betzen.

Each of the girls played several solo numbers and piano duets with their instructor. Refreshments were served following the program. Guests included Mr. and Mrs. Solomon and Mr. and Mrs. Estep; grandmothers, Mrs. Henry Solomon, and Mrs. Edna Johnson; and an aunt, Mrs. Minnie Combs.

Chief Justice Burger says not to fear changes.

## Sale Scheduled At Garden Center

Members of Hereford Garden Club will be selling surplus plants from their gardens beginning at 9 a.m. Saturday. The sale will be held at the Hereford Garden Center located at 9th Street and Park Ave.

The public is invited to shop at the plant sale where houseplants and bedding plants will be displayed. Also, any information concerning plants

and their care may be discussed with club members.

All proceeds from the sale are used to maintain the Garden Center which is educational to the public in growing and landscaping in the Hereford area.

The plant materials used at the Center were selected for their adaptability and ease of maintenance.

## Class To Begin Monday

The advanced life saving class of the Red Cross Water Safety Program is scheduled to begin Monday and will conclude May 28.

Debbie Hoover will instruct the class which is planned from 4-7 p.m. during next week.

To be eligible for this class, a person must be 15 years of age or older and have a swimmers certificate. The only cost for this class is \$2.25 which will purchase the lifesaving book.

There will be a supervised baby sitting service available at no charge for anyone assisting with the water safety program.

## Developing Mutual Interests Important

Everyone benefits when parents plan time to be with their children to enjoy things the children find interesting, Mrs. Ilene Miller, a family life education specialist, says.

"Playing together helps both parents and children. But unfortunately, most parents don't seem to have much time for their youngsters except for the daily routine of coping with them."

"Jobs, chores, community activities, hobbies and television occupy most of a parent's time," she said.

Mrs. Miller is with the Texas Agricultural Extension Service, The Texas A&M University System.

She noted that playing together helps deepen the parent-child relationship. It

gives the child a chance to learn more about the art of being involved with others. And the child feels good about himself when he knows his parents are interested in what he is doing, she added.

"A child also works out his tensions, uses his muscles and improves his coordination through play. And both parents and children benefit from the physical exercise they get playing together."

"Summer is an excellent time for parents to become more involved in children's outdoor play. Swimming, hiking, bicycling, kite flying, baseball, jumping rope or games like hide and seek are just a few activities which can bring parents and children closer together," she said.

## Cures Warned Against

No permanent cure for arthritis is available yet—but each year over \$400 million are lost to medical frauds that promise cures to arthritis.

Claudia Mitzel, consumer information specialist says. "Responsible physicians can treat the disease to prevent disability and relieve pain. And one way to recognize a responsible physician is that he'll never claim he can cure arthritis—only that he can control it," she added.

Miss Mitzel is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Because of the nature of the disease, arthritis sufferers are particularly susceptible to

phony claims. The symptoms of pain and swelling can come and go. So if the arthritis victim happens to be trying one of the "miracle" products or treatments when the symptoms temporarily subside, he may believe it is due to the treatment," she explained.

The arthritis sufferer and his family can recognize the irresponsible physician by asking these questions.

—Does he offer "special" or "secret" formulas or devices for "curing" arthritis?

—Does he advertise? Although federal law prohibits the interstate sale of unsafe products, anyone can write or talk about their ideas.

—Does he claim to know the causes of arthritis and talk about "cleansing the poison" from your body?

—Does he say that surgery, x-rays and drugs prescribed by a physician are unnecessary?

—Does he say that the medical establishment is persecuting him or deliberately thwarting his progress?

"Remember that some quick remedies are positively dangerous. Others are harmless—but expensive—and can bring real financial hardship.

"More importantly, don't waste valuable time seeking a miracle cure while arthritis may be damaging joints irreversibly," she cautioned.

## Two Hereford Students Graduate From A&M

Two students from Hereford are centennial graduates of Texas A&M University.

Texas A&M had a total of 2,466 spring graduates, a record for the state's first public institution of higher learning which is now in the midst of its centennial.

Receiving his undergraduate degree with honors was Hilrey L. Aven, animal science. The son of Hilrey L. Aven, 230 Ranger, graduated cum laude.

Also receiving an undergraduate degree was Bryan B. Adams, agricultural economics, son of M. C. Adams.

## Paetzold Receives Degree at Arkansas

Ronald F. Paetzold, son of Mr. and Mrs. Herman Paetzold, received his Doctor of Philosophy degree in agronomy from the University of Arkansas at Fayetteville, Ark. Saturday.

Paetzold, who wrote his dissertation on "Transport of Water and Solutes in Caprina Silt Loam", received both his bachelor of science and master

of science degrees from Texas Technological University.

Daniel Schorr presented the commencement address and degrees were conferred by C.E. Bishop, president of the university.

Attending graduation exercises held in the Razorback Stadium from Hereford were Mr. and Mrs. Paetzold and Mr. and Mrs. George Turrentine.

# At The Library Modern, Ancient History Revealed

"The White Island" by Nina Lansdale and "Bright Candles" by Nathaniel Benchley are the two books being featured this week at Deaf Smith County Library.

"The White Island" spectacularly creates at once a dreadful and beautiful landscape, with a compellingly original story that springs naturally and inexorably from it. Nathaniel Benchley spent two years researching and writing "Bright Candles." He visited Denmark twice, interviewing Danes who lived through the German occupation and meticulously recording their personal stories, which were to comprise the historical basis for this novel.

Deaf Smith County Library is open free to the public from 9 a.m.-9 p.m. Monday and Thursday; from 9 a.m.-6 p.m. other weekdays and until noon Saturday.

### THE WHITE ISLAND by Nina Lansdale

Ibiza-beautiful and isolated, the legendary "White Island" is the setting for this extraordinary novel of romantic suspense.

Into this exotic mix of modern Spain and ancient history, Kelley Rogers is summoned by her sister's urgent letter, and finds herself in a curious amalgam of ancient cultures and modern sophistication--remnants of Spanish aristocracy blended with cynical lotus-eaters from the Continent. Thereafter she quickly becomes enmeshed in a baffling hunt, wherein archeology, family secrets and one man like none other she has known become the bizarre links as well as the obstacles in her search for her missing sister...and her own identity.

Nina Lansdale is the pseudonym (the library does not know who for) for a best selling author. She knows and loves Ibiza, having regularly visited the "White Island" during the past 12 years.

### BRIGHT CANDLES By Nathaniel Benchley

On April 9, 1940, the lights went out in Copenhagen. On that day the Germans occupied Denmark; and sixteen-year-old Jens Hansen watched as his family joined other Danes in putting blackout curtains over their windows, and in bowing, at least superficially, to German rule.

It didn't take long for Jens and his friend Ole to begin defying that rule--at first with small but annoying pranks, like scrawling insulting graffiti on the walls of German headquarters, and dumping sugar in German staff-car gas tanks. But as the German oppression became more intolerable, Jens and Ole graduated to more dangerous activities--blowing up German supply factories, and making hazardous night-

time rendezvous to pick up RAF drops of arms and explosives.

Jens had kept his activities hidden from his parents, since his father and many other Danes persisted in believing that cooperation with the Germans was the safest and wisest course. But when the Germans began rounding up the Danish

Jews for deportation to concentration camps, the last vestiges of Danish cooperation vanished.

Jens' resistance activity exacted its toll--in the death of his friends, in separation from his family, in capture, interrogation, and imprisonment. In bringing to life the experience of

one young Dane, Nathaniel Benchley has recreated an era of exceptional resolution in the face of oppression--a defiance that saw no slackening until the blackout could be lifted in Copenhagen, and candles could shine in Danish windows as welcoming beacons to those returning home at last.

## Fruit, Vegetables Show Improved Prices

Produce counters show lower prices and higher quality on spring and summer items--including fresh pineapple, strawberries, yellow squash and broccoli. Mrs. Gwendolyn Clyatt reports.

"Improved quality and prices also appear on snap beans, cucumbers, Bell peppers and dry yellow onions," she added.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

In the moderate-price range she listed apples, oranges and grapefruit, which reflect diminishing supplies.

"Topping the economical choices in vegetables, however, are carrots and cabbage, while other economy items are red potatoes, turnips and cooking greens," she said.

"In meat buying, livestock prices have varied considerably, but beef prices remain about the same at retail meat counters."

"Chuck cuts offer the best values--followed by ground beef

and liver. "Sirloin and T-bone steaks have special prices in some markets."

"If current predictions of increased retail beef prices prevail, now is the time to put extra cuts of beef into the freezer," she advised.

At poultry counters, best values appear on whole fryers and mixed parts. Egg prices are about the same--or slightly higher--this week, with large sizes offering the better value, the specialist said.

**CONSUMER WATCH-WORDS:** Key items in freezer food sections are pizza, pot pie and meat entrees. Also look for vegetables at special prices strawberries, ice cream and orange juice features.

Poisonous snakebites have only one or two holes. The bite of a non-poisonous snake consists of rows of tiny holes and are less painful. In this case, there is safety in numbers.

Over the years, America's health services delivery system has grown from the days of individual private physicians working alone in their own communities, to the present complex, interdependent net-

work of physicians, clinics, laboratories, hospitals, emergency medical systems, and public health agencies. Not too many years ago, the only contact most people had with the health system began when

they became ill, and ended with a visit to their family doctor. Now, at least in the larger metropolitan areas, people can choose from an array of private, public, and semi-public health services, not only to treat illness but to prevent it.

The system, however, has grown with virtually no coordination or planning. Thus some areas have more services than the public can effectively use, while other areas -- especially rural areas -- still lack even the barest minimum.

The National Health Planning and Resource Development Act of 1974 is intended to overcome some of these problems by

providing for a degree of coherent direction. Last year, the Texas Legislature designated the Texas Department of Health Resources as the State's health planning and resource development agency.

Robert O. Humble, Director of the Division of Health Planning, explains that the State Agency will operate primarily as a coordinating body for a network of 12 Health Systems Agencies. He says, "The Health Systems Agency is intended to provide health planning and resource development at the local level. These agencies will be responsible for developing plans for improving

the health of residents of their areas, and they will be responsible for implementing these plans."

Humble says that each Health Systems Agency, or HSA, will draft a two-stage plan. "The health systems plan will be a long-range, goals-type plan, and it will consider elements for as far as five to ten years in the future. There also will be an annual implementation plan, which will be the means by which the HSA will carry out the long-range goals."

Implementation, as Humble explains it, does not mean that the HSA's will actually provide the services which they

determine are needed. Humble says, "The health providers, the health resources, the institutions in the area will be responsible for actually providing the services. The HSA will not be allowed to provide funds for direct services; in other words, they won't be able to pay for the care of patients, but rather, for the planning and development of the institutions or services that are required in the area."

Each of the Health Systems Agencies will serve a specific geographic area. There are twelve HSA's for the entire State and each agency covers a large territory. Because of

sparse populations in some areas of the State, there is wide variation in the number of people that each HSA serves. Humble says, "The HSA's range, in terms of population, from less than 300,000 all the way up to almost 3 million."

This concept supports and complements the Department's development of Public Health Regions, which has been in process since 1970, and is predicated upon the same reasoning. Eight Public Health Regions are currently in operation, two more will be activated in September of this year and an additional two are planned so that an ultimate total

of twelve will exist and function within the same geographical areas as the Health Systems Agencies as required by Section 1.08, Texas H.B. 2164, 64th Legislature and P.L. 93-641.

All of the HSA's are organized along similar lines: several have been established by the existing Councils of Government. Each HSA has a governing body, or board of directors, and a professional staff. According to Humble, guidelines have been developed to ensure that the governing bodies include broad community representation. He explains, "The governing body will be comprised of at least 51 percent, but not more than 60 percent, consumers of health care. Of this body, one-third can be elected local public officials."

"The remaining members of the governing body--anywhere from 40 to 49 percent of the membership--will consist of providers of health care. These members typically would include physicians, nurses, dentists, hospital administrators, and others who are directly involved in providing health care services to the public."

With overall guidance from the Texas Department of Health Resources, the hope is that the newly-founded Health Systems Agencies throughout Texas will be able to ensure that someday every citizen will have ready access to the health services he or she needs.

**FREIGHTER HOLIDAYS**  
A cruise on a regular passenger liner can be fun, and very expensive, which is why more and more Americans are discovering the pleasures to be found aboard a freighter.

A freighter, of course, is primarily intended to carry cargo, but many have accommodations for a few passengers in double or single cabins, and for these few a freighter voyage can be a true bargain.

Some trips cost a couple less than \$40 per day. Thus, aboard a freighter, your modest payment provides not only transportation to some far-away port and return, but also has spacious accommodations, usually in large staterooms with large windows, private baths, and excellent meals, frequently superior to those served aboard regular cruise ships.

In addition, a freighter trip offers you a different life-style -- an absence of social pressures, a chance to see how a ship operates, from the engine room to the bridge and radio room, as well as the opportunity to become acquainted with the crew, and all at a relaxed pace.

You can book passage on freighter cruises around the world. Other routes take you to South America, the Mediterranean, Asia and Europe.

For a freighter vacation, you have to be flexible about time, for there are no fixed schedules. When the ship takes off will depend on when all the cargo is loaded, port congestion, and other factors; thus you may have to be ready, bags packed, to leave the day before the anticipated sailing date, or a week later.

**YOU NEVER GRADUATE FROM THE SCHOOL OF FAITH**

The completion of your education, whether high school or college, brings you literally to the threshold of life. You have now been given all the skills you will need to go out into the "real" world and face whatever problems and challenges will be thrown in your way. In the same manner, your religious education will prepare you to come to grips with life; only there is no "graduation" from this school. Faith must be continually studied, renewed and practiced, and your education never stops; but the rewards are the confidence and peace of mind which enable you to face any situation that may arise. This knowledge is available to you at the Church of your choice every Sunday.

"A wise man will hear, and will increase learning; and a man of understanding shall attain unto wise counsels."  
—Proverbs 1:5

Knowledge is proud that he has learn'd so much; Wisdom is humble that he knows no more.  
—William Cowper

## 4-H Members Speak Before Rotary Club

During the Hereford Rotary Club's weekly luncheon Monday, members were treated to presentations from Deaf Smith County 4-H club members and witnessed a check presentation to the Hereford Campfire girls. Providing the public speaking demonstrations were Glenna West and Becky Hughes, who spoke on organizing a Bean Supper, Rusty Rusher and Joe Bob Brown spoke on the rising cost of natural gas. Sherrie Harder, county extension agent introduced the pairs as part of the 4-H public speaking program. Earlier this year county contests were held in which all 4-H'ers spoke on assigned topics. They were judged on manner of presentation, ability to communicate and interest of the subject involved. Several of the winners will be in state competition in June. Johnie Price, president, presented a check to the Campfire Girls, represented by Roland Saul. It was announced that the annual Rotary Ladies Night would be held late in June. The members voted to hold the affair at the Hereford Country Club. Members of the club also voted on the Rotarian of the Year Award, which will be presented at the Ladies Night banquet. No meeting will be held Monday May 31 due to Memorial Day.

**Speaking in Public**

Glenna West, left, and Becky Hughes of the Deaf Smith 4-H Clubs presented a public speaking demonstration to the Hereford Rotary Club Monday afternoon. It was part of the club's weekly program and provided the 4-H'ers with a chance to practice their public speaking skills.

## Seminar Due May 26

How people view themselves, other people and the world about them are questions to be explored in a seminar on mental health at the Hilton Inn in Amarillo Wednesday, May 26. The one-day session, which begins at 9 a.m., is expected to attract an estimated 800 persons from a variety of organizations associated with mental health, as well as interested citizens from area communities.

Sponsored by the Family Living Youth Task Force of the Panhandle Economic Program (PEP), and the Texas Agricultural Extension Service, the seminar will include topics on how to recognize mental illness, new development in psychiatric treatment, psychosomatic medicine, emotional problems in children, coping with everyday stress and available treatment sources in the Panhandle.

Sue Farris, district agent for the Texas Agricultural Extension Service who is task force advisor for PEP, a volunteer

organization, says the program will center on the theme of "people helping people."

"Mental health has to do with everybody's everyday life," she says. It is related to people getting along -- in their families, at school, on the job and with friends and business associates in their community.

"This seminar is designed to help us develop awareness of needs and concerns associated with mental health, and to encourage people to help each other, especially in times of stress."

Mitchell Jones, M.D., is physician advisor for the seminar.

Speakers for the event included Ted Wallace, M.D., psychiatrist; Hugh Pennal, M.D., psychiatrist; and Bruce Beard, M.D., professor of psychiatry, Texas Tech University School of Medicine. Jones, Wallace, Pennal and Beard will also answer questions following their morning presentations.

Afternoon speakers are Jaime Quintanilla, M.D., child psychiatrist; Temple Elliott, Ph.D.; Cal Yokum, Academy Certified Social Worker; Thomas Cannon, Ed.D.; and Ron Clark, chaplain and director of clinical pastoral education at Northwest Texas Hospital. Elliott, Cannon, Yokum and Clark are members of a panel on mental stress.

A group of five medical practitioners will comprise a third panel for the day, this one on treatment resources. They are Mrs. Claire Rigler, Mental Health/Mental Retardation-ODA, SPCI (Operation Drug Alert, Suicide Prevention-Crisis Intervention); Mr. Harry Hayman, State Center for Human

Development; Mitchell Jones, M.D., Kilgore Psychiatric Center; Allen Heacock, M.D., Regional Services, psychiatrist; and Fred Hill, Academy Certified Social Worker, Family Service.

All the speakers are from Amarillo, except Beard who is from Lubbock. Educational exhibits will be added attractions for the event, says Mrs. Farris.

Mrs. Farris says interested persons can pre-register for the seminar by writing the Texas Agricultural Extension Service, P.O. Box 9198, Amarillo, Tex., 79105. Questions for speakers and panel members can be submitted with pre-registration, which is free. Lunch will be provided at a cost of \$4.25. This can be paid in advance or at the door, she adds.

The Panhandle Economic Program, which annually has sponsored seminars on heart disease, arthritis and other public concerns, is an organization of volunteer citizens interested in helping area families achieve a better life.

## Conference Center Open for Summer

The 1976 summer season at Glorieta Baptist Conference Center officially begins with the SBC Youth Choir Festival, June 1-4.

Directed by William J. Reynolds, secretary, church music department of the Southern Baptist Conference Board, the Convention-wide festival features a parade of participating choirs as well as presentations by a combined festival choir.

Worship experiences for the festival will be led by Nathan Porter, pastor, First Baptist Church, Arkadelphia, Ark. James D. Woodward is the choral director for the week. Woodward is dean, Warren M. Angell College of Fine Arts, Oklahoma Baptist University, Shawnee.

The parade of choirs, to be climaxed June 4 by awards to the "Most Outstanding" choir in each of three categories, will take place daily. Judging is optional, but a choir is eligible for the "Most Outstanding" trophy only if it has been evaluated throughout the sessions. Additional opportunities for

youth during the four days include prayer retreats, a talent show and music by the festival choir.

Conference activities begin Tuesday afternoon with registration and conclude Friday noon with awards and worship.

Glorieta Baptist Conference Center, located 20 miles east of Sante Fe, is a year-round Christian retreat owned and operated by the Southern Baptist Sunday School Board, Nashville, Tenn.

### Prayer Service

### Planned Friday

There will be an informal time of prayer for our nation beginning noon, Friday, May 21 at the First United Methodist Church.

This service is sponsored by a local group of Inter-denominational Christian laymen. Local residents are invited to join in prayer for our nation.

The service will be informal in structure. Residents may feel free to "come-as-you-are" and come and go as their time allows.

**For Rent**

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.

Our rates are reasonable. You can include freight, installation, pump...

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

## Fabric Remnants Useful

Fabric remnants--small pieces left over from bolts--can save money for the homemaker, Marlene Odle, a clothing specialist, says.

"But remnants will have to be selected as carefully as regular piece goods," she added.

She is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Many fabric stores or counters have a special table for remnants. And some chain

stores have fabrics on these tables merchandized especially for remnants," she said.

To exercise care in choosing remnants check fabrics for:

--flaws or tears in fabric selvages or other areas.  
--uneven coloring throughout the piece.

ON MILITARY AID BILL President Ford has vetoed a \$4-billion foreign aid authorization bill. He said the measure contained unprecedented and unconstitutional restrictions.

KISSINGER ON POLICY Secretary of State Henry Kissinger has returned from a two-week trip to Africa looking for a signal from President Ford to begin a campaign in Congress for support of a new conciliatory policy toward black Africa.

The test of sincerity is the willingness of an individual to do something without compensation.
