72nd Year--No. 4

The Hereford Brand, Hereford, Texas, Thursday, January 25, 1973

Published Every Thursday

Nearly 500 animals, plus that many owners and possibly three times that many visitors will converge on Hereford today through Saturday as record crowds are anticipated for the largest-ever Hereford Young Farmers Junior Livestock Show.

Layton Sawyer, general superintendent along with Don Howard, announced this week that a record number of animals are entered in this year's show at the Bull Barn. Early figures showed almost a third again larger in each class than was exhibited in last year's show.

Sawyer said 110 steers are entered, 255 hogs and 131 lambs, far surpassing last year's total figure of just over 400 animals. "This is the biggest show we have ever had and it looks pretty good right now," Sawyer said. "We would like to encourage everyone to come out and see these kids and their animals and the work they have done."

"They have put a lot into this for these few days and we feel there should be more community support than we have been getting. People who come out here will see some top animals and we all know this helps the youth of our community."

The Young Farmers and 4-H have set up special funds this year that allows businesses or individuals to contribute toward purchase of animals.

Persons can contribute to one of the funds and the money will be used to buy animals from the kids, Sawyer said. If money is left over, it will be divided up and paid out for poundage for animals.

"This is a way when, if a business or individual don't think they can afford to buy a complete animal, the kids still will benefit," he added.

The show kicks off today at 2 p.m. with the judging of the hogs. Tomorrow the lambs will be judged beginning at 9 a.m. and the steers will follow at 2 p.m. Friday.

On Saturday, the FFA and 4-H livestock judging contest will be conducted at 9 a.m. with the sale scheduled for 1 p.m.

The pre-show work started several days ago and included the classification of animals by Ed Garnett of Amarillo and the teething of the calves by Mike Robinson of Pre-Feeders.

The superintendents are Tommy Sparkman, Jack Andrews and George Muse for steers with Don Beerwinkle as judge; Jimmy Christie, Joe West and Bill Cheek for barrows with Jim McManigan as judge; and Robert Higgins, Jim Bob Perrin and Ronnie Andrews for lambs with Tooter Smith as judge.

Exhibitors from Deaf Smith, Oldham, Parmer and Castro have entered animals in the annual Four-County show.

Steers must weigh 850 pounds and over to be eligible for the show, hogs must weigh 190 pounds and not over 240 to be eligible, and lambs must weigh 90 pounds and not over 120 pounds to be eligible.

The number of animals for the Saturday show will be selected on a percentage basis from each class. Deaf Smith County exhibitors will be allowed to sell no more than two animals in each division, if eligible.

The third eligible animal will not sell unless substituted for one of the first two within one hour from judging.

There will be three divisions for Hereford, Angus and Crosses or other breeds—light, medium and heavy. The first and second place winner in each class will compete for the breed champion of each of the Finewool, Finewool-Crossbreed and Medium wool classes. There will be no grand champion of the show.

For hogs, there will be classes of Chester, Durocs, Hampshires, Poland Chinas and Spots, Other Pure Breeds and Crosses. These will be divided into light and heavy classes.

The first and second place hogs in each class will compete for the champion and reserve champion of the breed. The champion and reserve champion of each breed will compete for the champion and reserve champion of the show.

GETTING READY—4-H and FFA members began the intricate work of preparing their animals Wednesday for today's start of the Hereford Young Farmers Junior Livestock Show. The show starts at 2 p.m. today with the hog judging.

Possession Charges Filed On Six

Five of the seven persons arrested Sunday and charged in connection with the burglary of Harold Close Drug and possession of dangerous drugs, remained in the county jail this week in lieu of bond.

In jail Wednesday were William Mumau, 19, of 406 West Third, who was denied bond; his brother, David Mumau, 18, of 406 West Third, whose bond was set at \$10,000; Samuel Edwin Gray, 17, 616 Ave. 1, whose bond was set at \$2,000; Jessie Caster, 18, 1010 Thirtieth, whose bond was set at \$20,000; and Alan Brooks, 19, of

404 Ave. J, whose bond also was denied.

Another youth, Jim Baize, also charged with possession of dangerous drugs, remained in High Plains Baptist Hospital in Amarillo where he has been since Sunday, suffering from an over-dose of drugs. His condition was said to be serious. A juvenile, also picked up in the same investigation, was turned over to juvenile authorities.

According to the police department, the two Mumau youths, Gray, Baize and Brooks all were arrested at 404 West Third after officers received

information of a "drug party." Caster was arrested later.

The six adults were charged with possession of dangerous drugs while Caster and Brooks also were charged with burglary.

Investigating officers were checking out an early-morning burglary at Harold Close Drug, in which an estimated \$500 in drugs were taken, when they learned of some boys who "had some narcotics and were going to have a party."

The police officers went to the address given them, but found the boys had already left. Additional investigation revealed the youth were at the West Third address and officers went there where four of the arrests were made.

All of the boys, apparently

already under the influence of the drugs, according to officers, were taken to Deaf Smith General Hospital where they were treated. Two of the boys were admitted for further observation while Baize was rushed to Amarillo.

The juvenile was not with the other boys when they were arrested, but had been taken by his mother to the hospital after she discovered he was acting strange.

Officers said they recovered "quite a few" of the drugs and they were identified by drug store officials as the ones taken from the drug cabinet in the burglary.

The burglary at Harold Close Drug was reported to officers about 5:13 a.m. Saturday though the youth were not

arrested until Sunday after the police department received this information.

Man Arrested In Drug Raid

City police officers and sheriff's department deputies arrested a Hereford man early Tuesday morning on charges of possession of narcotics and narcotic paraphernalia, bringing to seven the number of persons arrested this week on drug charges.

In jail in lieu of \$2,500 bond was Harry Leroy Porter, 30, of 503 South 25 Mile Ave., Apt. 2. Officers received information (See "Man" Page 2)

Road Superintendent Also Hired

Commission Eyes Separate District

BY O.G. NIEMAN
Publisher

Deaf Smith commissioners took three giant steps for the county Monday when they (1) hired a County Road Superintendent, (2) agreed in principle to seek a new judicial district composed of Deaf Smith and Oldham counties, and (3) retained an architectural firm to make plans for a new library.

Commissioners voted last October to install the new "county unit system", and Monday they named Charles (Chuck) Eppler, 32, as the supervisor. Eppler, from Oklahoma City, has had 30 years experience as a road builder, heavy equipment operator and mechanic. He will assume duties Feb. 1.

Andy Shuval, criminal district attorney, presented a proposed bill to the court which would call for the creation of a new judicial district and reorganization of the 69th District. If approved by the legislature, it would place Deaf Smith and Oldham in a new judicial district. The two are presently included in the 69th with Moore, Dallam, Hartley and Sherman counties.

Shuval said Deaf Smith presently carries half the load of the 69th District, and the district judge's case load is "much overcrowded." He added that local attorneys had discussed the proposed bill, along with the district judge. Commissioners took no action, but agreed to the proposal subject to written approval of

the local bar association.

After a brief visit with Herb Brasher, Lubbock architect, commissioners voted to retain the firm of Brasher, Goyette and Rapier to start preliminary plans for construction of a county library. The court had generally agreed, at its last meeting, that a portion of the Federal revenue sharing funds would be used for a library. This was the first formal action on the proposal, however.

In other court business Monday, commissioners approved a water line easement for Eldon Fortenberry in Precinct 2, reviewed a financial report, and approved minutes of the last meeting.

The county unit system, which places all county road work under the supervision of one man, had been discussed many times. At the urging of County Judge H.C. Williams, the court agreed to adopt the plan last October. About a dozen applicants were considered for the road superintendent's job.

Eppler was interviewed by the court Monday morning, and commissioners approved his employment shortly before noon. He was employed effective Feb. 1 at a starting salary of \$900 per month.

Currently a field superintendent with a Oklahoma City construction firm, Eppler was formerly employed with similar companies in Houston and El Paso. He had construction and equipment operator duties while serving as a technical sergeant in the U.S. Air Force, 1941-45.

Eppler graduated from Eunice, N.M., High School and attended Howard Payne and Texas Western Colleges. He and his wife have five children, with only one still listed at home. She is a college student.

Shuval, in explaining the proposed judicial district, told commissioners the county could save money under the new setup. He explained that the state would pay the criminal district attorney's salary under such a system—more than offsetting the county's additional expense on a court reporter and adult probation officer.

Under the proposal, the criminal D.A. would also serve as district attorney in Oldham County. Formation of a new district would require the appointment of a district judge, also. Judge of the present 69th District is Archie McDonald of Dumas who, Shuval reported, sees the need for another district.

In discussing the library proposal with the architect, commissioners said the present library—located in the courthouse—has some 2,400 square feet of floor space and is very inadequate. The suggested architectural firm start making preliminary plans based on 10,000 to 12,000 square feet of space. They also asked that first drafts of the building be based on a ground floor and a basement.

Charles Eppler

School Board Looks At Plan

Preliminary drawings of construction at Stanton, Shirley and the high school were presented Tuesday to the school board as work continued to gain momentum on portions of the recently approved \$1.319 million bond issue.

Lubbock architect Herb Brasher of Brasher, Goyette and Rapier met with the board and explained some of the preliminary work already underway. The plans presented were the results of meetings with the faculty from each of the schools involved in the building program.

The board went over the plans, discussed the options and recommended some changes in the drawings.

The Stanton plan, as presented, would have the new science rooms located at the southeast corner of the new portion of the building. There would be no contained hallway, but rather a covered walkway connecting the new rooms to the present facilities.

There would be no windows in the rooms and there would be a portable partition separating the rooms so as to allow for a team teaching situation if the need ever arises.

The physical education dressing rooms at Stanton would be added north of the present dressing areas, doubling the present facilities. Additional rest rooms also would be included.

At Shirley Elementary

School, teachers suggested the construction of four classrooms, instead of the original three, along with a media center and kitchen facilities.

Three of the classrooms would be located on the west of the south end of the building and would allow for team teaching. The fourth classroom would be situated on the northwest portion of the building.

School administrators pointed out that by locating the rooms at these points, it would do away with a great deal of the dust problems being experienced at that school.

The high school library addition was kicked around considerably by the board before it was agreed on that the best possible location would be on the west side of the present building, slightly toward the north.

There would be two inside entrances to the facility and one outside entrance. Some 8,000 square feet have been allotted to the library.

The construction of the library at the proposed location would seal off four classrooms on the west side and this would allow the school system to install climate control systems in order to use the rooms during summer school.

The board decided to have Brasher meet back with the teachers at each of the buildings involved then make final plans for presentation to the board at another special meeting next Wednesday.

EXTENSIVE DAMAGE—This house at 336 Ave. E sustained heavy damage Tuesday when a fire of undetermined cause started outside the house and spread onto the structure. Firemen fought the blaze for a most an hour before getting it under control. The home is owned by Andres Galan.

Fuel Shortage Action Is Aired

The shortage of diesel fuel, resulting in a 25 per cent cutback to Deaf Smith County, came up for discussion at the Monday meeting of the county commissioners.

The cutbacks were set for January and February, and county officials are hopeful the situation improves so that the "rationing" can be lifted. Some farmers have also been affected by the cutbacks.

Commissioners agreed Monday that the cutback means

that only "emergency" road work can be performed in the county. "We have to save enough fuel to clear the roads in case of another big snow," pointed out one commissioner.

The four precincts were allotted 3,000 gallons of diesel fuel a month for January and February. This compares to 3,950 and 4,480 for the two months last year. "If we had a big snowstorm, it would probably take about 2,000 gallons just to clear the roads," commented one commissioner.

Community Concert To Present Group

Young Americans Inc., singing group making their 11th annual tour of the United States, will open the current season for Hereford Community Concert Association with a program at 8 p.m. Saturday in the high school auditorium.

Admittance is by CCA membership card; members of the Canyon association also may attend this and other Hereford concerts through a reciprocity arrangement. Hazen Woods, local president,

explains. Ranging in age from 15 to 20, the 36 young singers in this group have been selected over the nation judged for ability, talent, and "because they represent the finest qualities in American youth which they communicate through music."

The group recently appeared on the Julie Andrews Show, a nationally televised production. Milton C. Anderson is their director.

"MAN"

(Continued From Page One)

that Porter had some narcotics in his apartment. They obtained a search warrant and searched his apartment where they found various amounts of what was believed to be narcotics.

According to reports, the officers found a plastic vial containing what appeared to be flakes of marijuana in it, a metal roach holder, a small brass pipe with a residue in it, a clear plastic bottle containing some 31 pills of undetermined substance, and four capsules of another drug.

Porter also was arrested carrying a loaded .22 calibre pistol, according to law enforcement officials.

The arrest took place about 2 a.m. Tuesday.

The arrest of Porter, coupled with the six adults charged with possession of dangerous drugs in an incident over the weekend, brought to seven the number arrested on drug charges.

Schroeter On Winning Team

Ed Schroeter of Hereford was on the winning Swiss team that captured last weekend's King Cotton Bridge Tournament held in Lubbock.

Schroeter teamed with James K. Graham of Arlington, Mrs. John Edward of Ft. Worth and Mrs. Phil Terk of Odessa. That team tied with another at the end of the competition but was declared the winner by virtue of playing tougher competition.

The King-Cotton-Bridge Tournament is one of two such sectional tournaments held each year in the Hub City.

Some 88 teams from throughout this section of the country were entered in the tournament.

Let worry chase you—don't make a habit of chasing it.

Funeral Today Is Planned For Agnes Hellman

Funeral mass for Agnes Elizabeth Hellman, 65, will be conducted at St. Anthony's Catholic Church at 10 a.m. today, and burial will follow in St. Anthony's Cemetery, directed by Gilliland-Watson Funeral Home. Rosary services were held Tuesday and Wednesday evenings at the funeral home's Rose Chapel.

Miss Hellman died of a sudden attack at her home, 110 Ave. B, Monday. She had been a resident of Deaf Smith County since 1911, when she came here from Umbarger.

Born Jan. 21, 1908, at Stuttgart, Ark., she was brought by her parents to Texas two years later.

Survivors are seven brothers, Joe and Leo of Hereford, Lawrence of Amarillo, Anthony of Borger, Francis, Herman and Al of San Francisco, and one sister, Mrs. Emma Erdman of Kewanee, Ill.

TRIBUTE TO LBJ—Mildred Guinn, local artist and member of Hereford Art Guild, completed this portrait of former president Lyndon B. Johnson Tuesday, following the announcement of his death Monday. The portrait is now on display at Deaf Smith County Library. Mrs. Guinn, who plans to do another, more casual, portrait of the late former president, said that the first is for sale, and the price will be affixed to the painting while it is on display.

JV, Sophs Falter In Area Tourney

Hereford's junior varsity and sophomore basketball teams were entered in the Canyon Junior Varsity Tournament Thursday and Saturday, but managed only one victory in four games.

The Herd JV won its opening game over Boys Ranch by 63-33, but lost to Dimmitt, 51-50, in a semifinal game. The sophs lost both of their outings.

In the first game against Boys Ranch, the JV was led by Mike Munnerlyn's 12 points and Dennis Noggler's 9. All nine players on the team took part in the scoring. The Hereford team led by 30-11 at halftime.

In the close game against Dimmitt, Junior Morales took scoring honors with 18 points, and Noggler was next with 9. Hereford had a 40-36 lead going into the final quarter, but

Dimmitt edged out the victory. The Hereford sophs took on the Tulia JV in its first game and lost a 57-35 decision. James Arney led the team in scoring with 10 points, and Craig

Nieman and Hank Stringer had 8 each.

In the consolation game, Hereford lost a 44-33 decision to Boys Ranch. Marvin Harris had 9 points and Stringer had 8.

Sports Group Has Meeting

The sports committee of Deaf Smith County Chamber of Commerce held a monthly luncheon meeting at The Caison House Tuesday with Larry Dippel presiding.

Dippel announced the committee members had volunteered to help conduct the C of C Invitational Track Meet, scheduled here March 17. Members will be assigned various duties in the two-division meet.

The committee also discussed its program on "achievement award" presentations, which is expected to be started as a monthly project. The committee hopes to name a "Sportsman of the Month" during the year.

Approximately 20 men attended the meeting.

RE-UPS—Jimmy Paul Gutierrez, son of Mr. and Mrs. George Gutierrez of 200 Blevins and husband of Tona Gutierrez of 123 Ave. A, recently re-enlisted in the Army for six years. Under the re-enlistment program, Gutierrez will receive a \$10,000 bonus. His last tour was three years and his new enlistment will station him at Ft. Carson, Colo. for a minimum of 16 months.

Club Hears Book Review By Guest

A guest reviewer, Mrs. R.W. Eades, summarized Helen B. Andelin's book, *Fascinating Womanhood*, for a program in Young Mothers Study Club Tuesday evening. She em-

phasized the book's exploration of various facets of a woman's life as homemaker, wife and mother.

Wives Are Hostesses At Party

Husbands of members were entertained by Alpha Iota Mu Chapter, BetaSigs Phi, at a party Saturday evening in Pioneer Gas Flame Room.

Hostesses were social committee members, Mmes. Robert Williams, Jerry LaFrance, Carl Skaggs and Mike Sooter, and Beverly Barrett. Games of crazy bridge followed a short business meeting in which areas of collecting for the Mothers March of Dimes were assigned to members.

Refreshments were served to Messrs. and Mmes. Coy Mason, Gary Tyler, Bill Drake, David McDonald, Ken Walser, Lee Kimball, Fred Ruland, Gerald Sledge, Clyde Whitaker, Jimmy Bell; Mrs. John Fink and Linda Wilhite.

Mrs. Jerry Tisdale and Mrs. Stan Solomon were hostesses in the G.S. Solomon home. Mrs. Bob Matchett and Mrs. John Bob Drake were welcomed with the reviewer as guests.

Members' part in the annual March of Dimes was planned in the business session. They will aid in the Mothers March Monday evening, when homes in the city will be canvassed for contributions to a national fund for fighting birth defects.

A bake sale to benefit the club treasury was planned for Feb. 17 in Sugarland Mall.

Members present included Mmes. Bud Thomas, Harvey Milton, Jim McDowell, Jim Brink, Robert Devin, Travis McPherson and the hostesses.

BUILDING SHOW

"USAQUIP '73," an exhibition of U.S. construction equipment, building products, logging and forestry, sawmill and wood-processing equipment, will be held at the Shangri-La Hotel in Singapore April 9-14, to give American manufacturers an opportunity to sell to fast-growing Southeast Asia markets.

Art Studio-Home Visited By Guild

The Jon Birdsong home and studio, created from an old barn to meet the needs of the artist-teacher and his family, was the meeting place of Hereford Art Guild Tuesday evening, when Birdsong gave the program.

He called attention to work displayed in the living room, done by his junior high school pupils, which will be entered in the Scholastic Art Award competition at Amarillo this year.

A demonstration was given of making jewelry from gold,

silver or bronze by a method called centrifugal casting. Birdsong showed finished jewelry and work at various stages of the process, then demonstrated casting a ring which had been prepared to that final step.

Mrs. Joel Newman, Art Guild president, told members of a traveling show of art valued at 15 million dollars, on the Artrain which will be in Clovis, N.M., this week, open to the public.

She introduced Mrs. Paul

Zinser, president of Church Women United, who announced that organization will sponsor the annual Easter Art Show April 14-21 at First United Methodist Church. The theme will be expanded this year from religious subjects only, to include what Mrs. Zinser termed the joy of living.

The 32 members present and three guests, Mrs. Robert Stewart, Zelma Kuykendall and Linda Warrick, were invited to look over the house which the Birdsongs have made into a

unique home with a loft studio. Mmes. W.E. Young and Ray Cowser were the hostesses who served refreshments.

CALLIOPIAN CLUB TO CHANGE MEETING

The Calliopian Club, with Mrs. Alton Fraser hosting, will meet at the Country Club today at 8 p.m.

The ambitious man will do his best whether he's watched or not.

Firemen's Wives Elect Officers

Members of the ladies' auxiliary of Hereford Firemen's Club met for a salad supper Tuesday evening in the home of Mrs. Onias Carroll, where the election of 1973 officers was the highlight of the business session.

Mrs. Carroll, the hostess, was elected by the group to serve as its next president, to be assisted by first vice president Mrs. Gerald Sledge and second vice president Mrs. Ted Higgins.

Mrs. Lloyd Brooks will be installed in the office of secretary, and Mrs. Charles

Laing will serve as the club's new treasurer.

Mrs. Higgins was also elected to serve as chairman of the groups' telephone committee, and Mrs. Glenn Nelson was elected parliamentarian. Twenty of the group's members were present for the election meeting.

Local Ecology Club Subject

Growth of Hereford, with a 77 per cent increase in population within 10 years, its prospects for continued growth and the responsibility of its citizens to make that possible, were the points emphasized by Jim Lindsey, Deaf Smith County Chamber of Commerce executive vice president, as he spoke to Pioneer Study Club Tuesday.

Theme of the program was Responsibility, with reference to ecology. Lindsey dealt with ecology in the current popular sense only briefly, as he spoke of water needs as a major West Texas problem. He gave more attention to sociological ecology which by dictionary definition relates to "the spatial distribution of a population in reference to material and social causes and effects."

He mentioned this county's billion-dollar economy and population boom as the effect of its agriculture-industry promotion by active citizens over a period of years. All residents need to learn the facts about the city's growth in order to help maintain it, he said.

Cooperation of the club in celebration of Hereford's 75th birthday next September was asked by the young Chamber executive, who answered members' questions in informal discussion after his talk. He was introduced by Mrs. R.L. Wilson, conservation chairman.

Mrs. Ray Johnson, Federation director, presented requests from the Texas Federation of Women's Clubs president and its parks chairman, for action in Pioneer Club to help preserve the Big Thicket in East Texas. Mrs. Johnson was appointed chairman of a committee to bring this matter to public attention.

Reports on club Christmas projects included that of Mrs. Burl France, welfare chairman, that two needy local families were given food for holiday dinners and other gifts—one a family of 12, the other a household of four generations with eight children.

Mrs. Bess Werner gave the customary quotation from a famous American, in William Penn's address to Pennsylvania

Indians, "While the rivers run and the sun shines, we should live in peace."

Hostesses at a luncheon in Dickies Restaurant were Mmes. Tandy Legg, H.E. Miller and Fred Barrett. They decorated tables in a theme of conservation of nature, with leaves, grasses, bird and animal figurines, and at each place amusing "bugs" made of small painted rocks.

Others present were Roberta Campbell, Mmes. Marlin Gilliland, Henry Neely, P.B. Sowell, Delmar Sigle, Paul Rudd, J.V. Pickens, Ted Panciera, Ralph McCullough, L.H. Lookingbill, W.C. Hromas, Henry Hastings, C.L. Craig and Frank Ball.

RECEIVE AWARDS—Eagle Scouts Jack Sloan, Shelley Hacker and Danny Collins received their Eagle neckerchiefs at the recent annual Llano Estacado council appreciation dinner in Amarillo. Jack passed his Eagle requirements in October, and Shelley in September. Both are members of Troop 151. Danny, a member of Troop 154, also passed into Eagle rank in September.

Makeup Meeting Slated For Club

A makeup meeting of Lone Star Study Club was set for Jan. 30, to replace the session postponed early this month by bad weather, and a nominating committee for next year's officers was appointed at a meeting Tuesday in the home of Mildred Elliott.

The program next Tuesday will be presented by Mrs. Jim Higgins in Mrs. Ray Suit's home, where it was originally scheduled for Jan. 9.

Mrs. Jim Bookout, president, named Mmes. Baker Womble, W.W. McCutcheon and S.S. Williams on a committee to present a slate of officers for the club election.

Plans were made for the club's duties as hosts for the County Federation of Women's Clubs luncheon Monday. A contribution to the March of Dimes was voted to complete the business session.

Subject of the program was a

rare animal, the panda, which Mrs. Coy Phillips said is described as "lovable and unpredictable." It is found in China, and in a few zoos of other countries; interest in the panda was created recently when President Nixon was presented a pair of the animals when he visited China last year.

Mrs. Phillips said the panda is known in its native land by two names, one meaning white bear, the other cat-bear, both descriptive of its appearance. The panda is rare in China and there are few in zoos because it will not breed in captivity, she added.

Club members present included Mmes. Dale Tinnin, J.E. Shirkey, Henry Vaughn, M.H. Wiseman, John Moore, C.D. Kelton, Hardy Benson, Robert Thompson, Ed Warren, G.W. Newsom J.C. Williams, W.S. Fluit, H.E. Henslee, Suit and Higgins.

BIG TROPHIES—Members of the winning La Plata Junior High basketball teams, which won the local tournament last week, are shown with the trophies won. Shown are, from left, Dave Charest and Roger Pickens with the ninth grade trophy, and Terry Brady and Rowan Alexander with the eighth grade hardware.

La Plata, Stanton Sweep Trournament

The Hereford Junior Highs swept the championship titles in the seventh annual Hereford Junior High Basketball Tournament held last weekend.

La Plata Junior High's Mavericks collected two of the championship honors while Stanton walked away with the third in the seventh, eighth and

ninth grade divisions.

La Plata's ninth graders captured a 55-49 win over Canyon Purple for that class championship. Dave Charest led the way in the finals with a 28-point production.

La Plata advanced into the finals by defeating Boys Ranch in the opening round then

disposing of Littlefield in the semi-finals.

Stanton collected the third place trophy with a win over Littlefield while Muleshoe outlasted Boys Ranch for the consolation trophy.

Roy Martinez burned the nets for 22 points in leading the La Plata eighth grade to a 53-36 rout of Canyon Purple in the finals of that bracket. The Mavericks got into the finals by defeating Littlefield in the opening round, and Canyon White in the semis.

"Canyon Purple got there by way of a win over Dimmitt in the opener and Stanton in the second round.

Stanton finished fourth after falling to Canyon White in the game for third place.

Dimmitt defeated Littlefield for the consolation championship in the eighth grade division.

Stanton's seventh grade made short work of the Dimmitt seventh in the championship game, winning 47-10. Randy Marrs was high pointer for the Dogies with 10 markers.

Stanton defeated Friona and Littlefield enroute to the championship game while Dimmitt got by Canyon Purple and Boys Ranch for its trip to the finals.

Friona defeated the La Plata seventh grade for the consolation trophy after the Mavs lost an opening game to Boys Ranch then defeated Canyon Purple.

final period began.

Roy Martinez was high pointer for the Mavericks as he chipped in 26 points. The loss dropped the eighth grade's record to 11-5 for the season.

Dave Charest hit 18 and Mike Crim got 15 points in the ninth grade's losing effort.

Canyon led by one, 11-10 at the end of the initial period then pulled ahead to 34-23 at the half. It was 46-37 at the end of the third period.

The loss dropped the ninth grade to a 9-6 mark on the season.

The Mavericks will send all three of their teams to Levelland for a junior high tournament beginning today and lasting through Saturday.

Entered in the tournament are Morton, Lamesa, Levelland "B", La Plata, Levelland "A", Stanton and Brownfield.

Canyon Whites Nip La Platans

Canyon White used consistent late-game marksmanship to take two of three games from the La Plata Mavericks in contests played Tuesday.

The Mav seventh grade was the only team able to come away with a win as it disposed of the Canyon team, 38-32. The eighth graders lost a 53-39 decision and the ninth grade fell in a close game, 57-53.

David Arney scored 24 points in leading the seventh grade to its eighth win against six losses.

Canyon's seventh grade held an 18-11 lead after the first period but La Plata came back to lead 27-25 at intermission. The Mavericks then extended their lead to 31-25 after the third period before tucking the game away.

La Plata's eighth grade stayed within striking distance of their Canyon opponents through the first half before the White team began pulling away in the third stanza.

At the end of the first quarter it was 12-10 in favor of Canyon and at the half the White team led by two, 21-19. However, Canyon poured it on and slipped farther ahead to 35-28 as the

Walcott Wildcats Fall To Bushland

The Walcott Wildcats lost two games to Bushland in games played Tuesday.

The game was originally scheduled for Jan. 19, but was postponed until Tuesday. The Bushland girls squeaked past the Walcott girls, 19-18 while the Walcott boys lost a 32-22 decision.

Imitation may be the sincerest form of flattery, but more men attain success by doing as most others do not do.

Whitefaces Blast Westerners, 95-39

Catastrophe struck the Hereford Whiteface basketball team Monday when it was determined that senior Keith Kitchens was out for the season with a broken foot, but you couldn't convince the Lubbock Westerners Tuesday night that the Herd had lost any punch.

The Whitefaces trounced the Lubbock High Team, 95-39, with six players scoring in double figures and all 10 members of the team joining the scoring parade. It evened Hereford's District 4-AAAA record at 1-1 and left them at 18-7 on the season.

Terry Scott and James Harris sparked the attack with 18 and 17 points, respectively, while Dan Vander Zee contributed 14, Gary Hicks and Luther Mays 12 each, and David Duvall added 11. Lubbock's only double-figure scorer was Eric Felton with 15.

"The loss of Keith was a real blow, not only to me and the team, but to a lot of Hereford fans," Coach Mayberry said Tuesday. "Mostly, we hate it for his sake," the coach added. "Keith has done so much for our basketball program since he was a sophomore; now, because of this freak injury, he may miss some honors that he richly deserved."

Mayberry emphasized, however, that the team has not thrown in the towel. "I am real impressed with the attitude of the team. They are real determined to meet the challenge, and I think it has drawn them closer together as a team."

The Whiteface coach said that even before Kitchens' injury, the "kids were bothered that they didn't play well against Monterey." Mayberry said it was probably the best crowd ever to attend a game here, and

the team felt it "let down" the home fans. They were determined to bounce back.

But, back to the brighter side, and the Herd was indeed bright in its run-away triumph over the Westerners Tuesday night. Hitting a sizzling 63 per cent from the field, the Whitefaces zoomed to a 26-5 lead in the first period and turned in another 26-point quarter in the second stanza to grab a 52-18 advantage at halftime.

Mayberry substituted freely throughout the game, using various five-man combinations from his 10-man roster. The Herd put 28 points on the board in the third period, to up the score to 80-31 going into the final period. The Westerners stalled a little in the latter stage of the contest, apparently wanting to keep Hereford off the 100 mark. It was also apparent, however, that Mayberry was not intent on breaching the century mark since he had his starters on the bench.

Besides being outclassed, the LHS team ran into a Hereford squad that was rebounding from a close loss to Monterey and a squad determined to meet the challenge of losing the talented services of Kitchens. Lubbock High is 0-2 in district action and sports only a 4-19 record for the season.

Lubbock hit only two field goals in the first period, and Hereford outscored the Westerners by 24-1 in less than four minutes of action in the opening stanza.

Lubbock managed to salvage victories in the preliminary games, however, scoring a 53-35 win in the sophomore match.

The Herd JV had its fate sealed in the second quarter, scoring only 4 points while Lubbock hit 17. Hereford was never able to catch up after that. Dennis Nogglar was high

scorer for the Longhorns with 8 points.

The Hereford sophs trailed by only 24-21 at halftime, but a poor third quarter hurt their chances when they fell behind 34-27. Craig Nieman led the Hereford team with 13 points and Marvin

Harris had 9.

In other District 4-AAAA action Tuesday, Monterey nudged Coronado by 39-32, and Snyder downed Plainview by a surprising 61-42 margin. Monterey and Snyder are each 2-0 in district play.

Herd	26	26	28	15-95
LHS	5	13	8	8-39
HERD-T.	Scott	7-4-18,		
Harris	8-1-17,	Vander Zee	7-0-14,

Math Important Part Of School Curriculum

From the earliest period of American education the "Three R's"—readin', ritin', and rithmetic—have formed the indispensable core of the learning needed to make an individual an educated man.

What about the case for arithmetic? There is plenty of evidence that some development of a sense of numbers was one of the earliest accomplishments of the human race—the ability to distinguish between "few" and "many," the power of comparing the size of families or the magnitude of groups of persons of cattle.

The disposition to count comes early. The first calculating machine for each person is his fingers. They are not yet out of the baby state of chubby until they are put into requisition. Primitive man had to count his children, his wives, his cattle. Modern man uses numbers to express the population of the country, the

expenditures for food, pensions, education, and such things.

His income tax, his assets, the national debt, the speed of airplanes, the cost of war, the standing of the Dallas Cowboys, and the tonnage of a battleship are all matters of numbers. Anything that involves numbers may be considered arithmetic. The study of arithmetic is almost entirely a matter of analyzing a simple situation to decide whether the solution of a problem requires addition, subtraction, multiplication, or division and in what order these shall be performed in case more than one of the processes is required.

Complicated problems whose analysis challenged the ingenuity of our grandparents are now properly aligned to the field of algebra which is a sort of generalized arithmetic.

But the most important part of arithmetic remains the art of accurate and rapid computation. No problem in

elementary arithmetic ought to involve any difficult analysis. More advanced arithmetic should form a part of every high-school curriculum. In both, training in speed and accuracy of computation should be the goal of both student and teacher.

Cathy Emerson
★★★

Cathy Emerson Wins All-Area Honor

Cathy Emerson recently traveled to Canyon, and for the second year in a row, she came home with all area band honors

This contest consisted of all I through IV - A bands in this area. To reach this contest the musicians must have won All-

Region honors. Cathy has done this for the past two years as well as this year.

Cathy has been playing the clarinet for eight years and has played in junior high and high school bands for six years. Aside from being the only band member from H. H. S. to win all area honors she was the only contestant from the high school to compete in state competition where she was chosen as an alternate to the state high school band.

Cathy is a member of the National Honor Society, Student Council and has represented the HHS tennis team for two years in district competition. She is also project committee chairwoman of the Business Club, a member of Texas Association for Careers in Health and was chosen to represent Hereford at Girls State. She is vice president of the band this year.

Cathy will attend San Angelo State University, where she has received a scholarship, and will major in Medical Records.

FBLA Selling Directories

Future Business Leaders of America are selling Student Directories to the student body. The directories are selling for 50 cents each.

Those selling the directories are Terry Scott, Cheryl Smith, Terry Swindell, Rocky Locke, Marilyn Schmucker, Lupe Castillo, Wanda Paetzold, David Cortez, Cathy Emerson, Babette Stengel, Delma Gamez and Debra Whitson. The office will also be selling them.

The money from selling the directories will be used for a scholarship for a senior. A committee will decide on the recipient.

The directories have the names, addresses, phone numbers, and birth dates of all the students. It also lists the faculty, their addresses and phone numbers.

The directory includes a list of the clubs and their officers; the schedules for basketball, track, tennis, baseball, and rodeo teams.

Job Application Is FHA Program

"Do's and Don'ts of Job applications," was presented in a skit by the Hero Chapter of FHA in its Monday meeting. Chapters are from La Plata and Stanton.

The devotional, "A Better World Begins With Me" was given by Pam Bradford.

Kathy Vogel took over as president. The rest of the Royal Rose officers who took over were Melinda Bradley, 1st vice president; Rhea Ann Wesson, 2nd vice president; Melissa Johnson, 3rd vice president; Sandra Stallings, secretary. Shalyn Sisson stepped down as President.

Plans for the banquet were discussed. The banquet is scheduled for Feb. 10.

Doris Fangman Named Editor

Doris Fangman has been elected to a second term as editor of the school newspaper, "The Whiteface." She is currently in her second year of journalism, having served as assistant editor to "The Whiteface" last year.

Leadership is not an unfamiliar area for Doris. She also serves as president of the Hereford High School's Texas Association for Careers in Health and is president of St. Anthony's Catholic Youth Organization. Doris was also active in a community drive for the Tuberculosis Association earlier this year.

Round-Up To Get Photo Equipment

The Round-Up staff is looking forward to the completion of a new photography darkroom next to room 214. The completion of the darkroom will take longer due to the recent fire which caused extensive damage to the building. All available workmen will be working on the damaged area of the school. The darkroom will be finished this year but due to the shipment of the sink it may be delayed.

The old darkroom in room 123 will not be in use because it was originally built for the purpose of the printing trades classes in reproduction processes. The new darkroom is much larger than the old one. It has enough room for approximately 5 people to work at a time. The darkroom will have in it two enlargers, a stainless steel sink, dryer and dryer cabinet, washing tray and enough room to store all photographic equipment.

Hereford High school is doing its part to educate and show the advantage of competition in the field of math.

Don Hooper, math teacher and coach for the UIL Slide Rule and Number Sense contest has approximately 11 members, who have been hand-picked by other teachers and who were members before.

Training was started before the first of school and the students train in the class. UIL math slide rule has 75 problems and the student has 30 minutes to complete them. Number sense has 80 problems and 10 minutes without scratch paper, only the answer may be written on the test.

When asked about his team, Hooper commented "the majority of our team this year is sophomores and juniors, the potential of this team will not be realized for a year or two."

"But I feel we have a very good chance of winning district in number sense and I feel we can make a good showing in slide rule."

He went on to say that students who participate in UIL math have just as big an opportunity to compete against students in other schools as students who participate in athletic events.

Skill and quick reflexes are needed for one to achieve a place in the regional events.

Cheerleaders Big Part Of HHS Spirit

"Two bits, four bits, six bits, a dollar—all for the Whitefaces, stand up and holler!" This is one of the most-used yells chanted by Hereford's 72-73 cheerleaders at pep rallies.

The cheerleaders have lived up to the rallies with signs and cheers they have prepared themselves. Along with Mrs. Carolyn Clark their sponsor, the girls plan to attend 20 out of 25 basketball games as a group, plus going to track events and baseball games. They attended all this season's football games as a group.

HHS '72-'73 Cheerleaders

Fire Described As 'Depressing'

"It's just depressing to see something like this happen" said Mrs. Wartes who teaches Vocational Office Education after she saw the damage of the fire that damaged Hereford High School's vocational wing.

The fire, which created more smoke damage than actual fire damage, created many problems for the teachers and the students who had classes in the east wing of the school. The students and teachers had to meet in out-of-the-way places for class such as the auditorium, library, and rooms which are not being used for certain periods.

Mr. Smith of Industrial Cooperative Training said that the worst thing about the fire was "the inconvenience."

DRILL TEAM PERFORMS—Hereford High School Drill Team performs one of its many routines during a school pep rally. The team has recently completed a money-making project, the sales of comb sets.

Schools Prepare For Science Fair

Entries are being prepared for the annual Hereford Science Fair which will be held Feb. 7-9 in the Bull Barn. Schools entered in the science fair are all the public elementary schools, St. Anthony's Parochial, La Plata and Stanton Junior High, and Hereford High.

Elementary school's will be judged Feb. 7, Feb. 8-9 will be the judging dates for both junior high's, Hereford High and the re-judging of the elementary winners.

The exhibits will be divided into three main divisions. Intermediate includes fourth through sixth grades. Junior division for seventh through

ninth grades, and senior division for grades 10-12. Each division consists of individual categories which include botany, medicine and health, zoology, chemistry and biochemistry, earth and space science, physics and mathematics.

The Intermediate projects will be judged by the high school science teachers. Junior and Senior projects will be judged by visiting science teachers.

All entries will receive a certificate of participation. Those elementary projects which are displayed in the Bull Barn will be awarded trophies if they are declared winners.

Junior and Senior projects will be awarded ribbons. Trophies will be presented to the outstanding boy's Junior High project, and the outstanding girl's Junior High project. Also for the outstanding boy's senior project and the outstanding girl's senior project.

Junior High and High School first place winners will enter the Panhandle Science Fair at Amarillo, April 6-8. Also outstanding elementary projects will be entered at Amarillo.

Purpose of the science fair is to offer students the opportunity to display scientific talent and to receive recognition for such talent. The science fair is to motivate, encourage and inspire students and teachers for scientific experimentation and study, and to encourage students for further careers in the field of science.

Baptist Youths Take Ski Trip

After a long first semester, the High School students of the First Baptist Church had a vacation. The group went to Red River ski area in New Mexico.

The trip was scheduled to begin Wednesday, January 9th at 5 a.m. However, due to bad weather, it was postponed until Thursday at 1:00 p.m.

The group arrived in Red River Thursday night about 7 p.m. at the Red River Inn. The trip ran smoothly until Saturday afternoon about 1:00 when the chair lift up the mountain broke. Several members of the group were stuck on the lift for almost an hour.

The Ski Patrol had to evacuate the lift from the bottom to the top of the mountain.

Repair men began working immediately, but do not believe they will have repairs completed for the remainder of the season.

The group left Sunday morning about 7:00 a.m. and got back in time to watch the Super Bowl on television that afternoon.

The cost per person was about \$40 for room, skis, meals, and lift ticket. There was a variety show held before the trip to raise money to pay for the bus. Sponsors for the trip were Mr. & Mrs. Mac Casler, Mr. and Mrs. Steve Graham, and Mr. and Mrs. Raymond White.

Scores In

Test grades are in. Results from the Preparatory Scholastic Aptitude Test (PSAT) the junior class took in October are being returned to the students this week.

The PSAT is a test given to prepare students for college. Other tests will be given their senior year. Scholastic Aptitude Test (SAT) and American College Test (ACT) are the tests taken by seniors. Students planning to attend college are required to take at least one of these tests.

Team Ends Sales

The Hereford High School Drill Team has completed its recent fund raising project which grossed approximately \$500.00.

Beginning on Dec. 13, and lasting through Dec. 18, the Drill Team went from door-to-door to sell combs. There were two different sets available. One set was a family set which contained 10 different sizes, and a style set containing three different kinds. Each set sold for 2 dollars.

Julie Reinart received \$10 for selling 146 sets, the most sold by any individual.

Debbie Stringer received \$5 for selling the most sets the first day.

A mystery house was designated with \$10 to be awarded to the first person who found it. Although no one found the mystery house, it was the home of Mrs. Joel Hamilton.

The Drill Team was divided into four groups. Group captains were Donna Munnerlyn, Joyce Brady, Becky London, and Karen Kitchens.

Karen's group sold a total of 234 sets and will be treated to a cake party by the other three groups.

Money raised from the project will be used to lower expenses for props, uniforms, and summer camp.

Two Choir Trips Set

With the contest season advancing, the Hereford High School choir agenda already has two contest trips planned.

Feb. 15 the show choir will travel to the Amarillo College Auditorium to participate in a Madrigal Festival. Madrigal choirs from high schools around the Panhandle will practice during the day under direction of Charles Nelson, from East Texas State, and that night each group will sing for the others in a concert.

Feb. 24 the mixed choir members will attend a solo and ensemble contest in Amarillo.

The students participating will also give a concert at 7:30 p.m. on Feb. 19 in the Pioneer Natural Gas Flame Room. The public is invited.

World's blind set at 15 million

At least 15 million of the world's people are blind and the number will double by the end of the century unless decisive action is taken, according to the World Council for the Welfare of the Blind.

The organization says undernourishment causes the blindness of 80,000 babies, each year.

Whiteface Staff

The Whiteface is published bi-monthly by the Journalism department of Hereford High School, in co-operation with the Hereford Brand. It is a member of the Texas High School Press Association and the International League Press Conference.

Jr. Law Club Hears Speaker

Communications was the topic of the program presented to the Junior Law Enforcement Club by Jack Sloan, who is a dispatcher at the sheriff's department and vice president of the club.

The teletype was explained as having the sue and importance

of being the basis of obtaining information from anywhere in the nation, such as an out-of-state license number.

The second-most important piece of machinery in the dispatch office was designated as the radio. The office itself is the center of all com-

munications concerning the sheriff's department. Everything that comes into or goes out of the office is recorded and filed.

The purpose of this procedure is so that if questions should arise, answers would be within easy reach.

Small Talk

BY SUE COLEMAN
Women's Editor

NOT ONE PARTY, but two, followed the Sugar Beet Growers banquet Saturday evening and kept a lot of people up late, having fun.

Directors were hosts to members this year at Hereford Country Club immediately after the banquet, then Elizabeth and Jim Witherspoon gave their party, which has become a pleasant custom, for directors and their wives, out-of-town notables and other friends.

There are always members of the association from other towns of the Panhandle and New Mexico who stay after the banquet, not to mention visiting beet grower officials from other parts of the country, so reunions with friends made at past conventions are the best reasons for circulating through the crowd at the parties.

IT'S ALWAYS GOOD to see Ann Lillie in Hereford again and she was happily greeting many friends from her years of residence here. She's been here several days from Grand Junction, Colo., where she now lives.

There was a brief glimpse of Elouise Taylor, from Amarillo, and a nice, if short, conversation with Mrs. Carl King of Dimmitt. The Troy Don Moores of Amarillo came to the country club with her parents, the Jay Bostons.

Mrs. Boston, whose husband is president of the association, was dressed, like most of the women, in a long skirt, slim-lined, with demure white collar and straight blouse reminiscent of a schoolgirl's middy in grandma's day.

A contrast to the becoming pastels which she often chooses, Elizabeth Witherspoon helped greet guests at the country club and later in her own beautiful home, wearing a bright-hued print with black background, closely fitted and sleeveless.

IT'S GOING TO BE quite a task getting 151 judges for a high school speech tournament that will bring contestants from 22 schools here Saturday. Darla Hodgson says, and she'd much appreciate some help.

This speech competition has grown since last year when 85 judges were required. There will be several events in progress at one time and the directors don't want to over-work judges so they hope they can find enough to pass the work around.

Darla and Wayne Hodgson are sure there are qualified judges here whom they don't

know, maybe former speech teachers or college speech students. They stress that judging is not based on obscure technical points, but simply on the student's ability to communicate.

Anyone who will volunteer to judge some events will be most gratefully received.

MORE 'HONOR ROLL' announcements from colleges: Gary London, freshman music major at Oral Roberts University in Tulsa, made a neat 3.9 grade points on a 4-point scale to get on the dean's honor list for the fall semester. He is the Baxter Londons' son, a 1972 Hereford High graduate.

In the college of agricultural sciences at Texas Tech, the honor list includes Paul D. Nash, 118 Mimosa, and Dan C. Lewis, 400 Westhaven, both majoring in park administration, and Keith W. Duncan, Rt. 3, a wildlife management major.

YOUNG AMERICANS SING—Their conductor, Milton Anderson, takes a bow as the Young Americans singing group joins in audience applause at one of their concerts. Hereford Community Concert Association will bring these singers to the high school auditorium for a Saturday evening program, open only to association members.

Programs Heard During BSP Meet

A program on Art was given by Mrs. Nelson Kendall to Kappa Iota chapter of Beta Sigma Phi, during its meeting Monday in the Flame Room of the Pioneer Natural Gas Company.

Mrs. Kendall discussed the different kinds of art, such as primitive, Greek, oriental, renaissance, baroque and modern. She also added bits of information on different artists of these periods: Giotto, who is known as the father of modern art; Leonardo da Vinci and Michelangelo. She also talked about different museums, and passed around pictures of artwork.

Mrs. Terry Schoenhard also gave a program, entitled To See

and To Know. Mrs. Schoenhard asked a member to leave the room and then asked other members questions about her. This was to illustrate how people do and do not pay attention in daily living.

Judy Summers, president, presided over the business meeting. The Valentine tea honoring the club's sweetheart, Mrs. Tom LeGate, and other chapter sweethearts, was discussed. It will be Jan. 26 at the Country Club.

Other topics in the business meeting were the Valentine ball which will be Feb. 10, ice skating trip in February and a ways and means project which will be a garage sale April 13 and 14.

Literature received on the state convention which will be in June in McAllen was reviewed, and the area convention was discussed.

Members present were Mrs. Tim Geary, Robert Davis, Tom Buchanan, Joe Pat Connel, Davie Sorellis, Edward Allmon, Joe Reissner Jr., Tom Ballard and Bobby Jones.

AGGIE WOMEN CHANGE PLACE FOR MEETING

Meeting place for the Aggie Women's Club this afternoon has been changed to the home of Mrs. Raymond Herr, 100 Angus, instead of the home of Mrs. Richard Ottosen. Time is 4 p.m. and mothers of all Texas A & M students in this area are invited.

Adrian News

BY ANN BEAVERS

A Mexican dinner was held in the home of Mr. and Mrs. Jake Fortenberry Sunday evening. Other hosts were Mr. and Mrs. Joe Lomax of Amarillo. There were 27 attending.

Mr. and Mrs. E.E. Allen, Mr. and Mrs. E.B. Pounds were honored Friday on their Wedding Anniversaries by going to Lubbock, where Mrs. Easter Briggs honored them with dinner and a cake.

Mr. and Mrs. Johnny Heiselman and family of Amarillo spend Sunday with his parents, the John Heiselmans.

Mr. and Mrs. Jack Kidder of Amarillo visited Sun. in Adrian with Jack Fincher and Mrs. L.E. Wagner.

Mr. and Mrs. J.W. Tarver of Wellington, Mr. and Mrs. Pat Maupin and Chad of Hereford spent the weekend with Mrs. Millie Maupin and Mrs. Cat Brown.

Claudia Lovelless visited in Amarillo Friday with Mrs. Gayle Galley.

The Tuesday Bridge Club met Tuesday in the home of Erna Burns.

Mrs. Lena Gudgell was in Deaf Smith General Hospital in Hereford last week for surgery.

The John Brorman and Ray Brorman families spent Sunday

in Dalhart with Mr. and Mrs. Larry Wiek and family.

Mr. and Mrs. Lorin Creitz, Mr. and Mrs. Jimmy Brown attended the directors and stockholders of The First State Bank of Vega, Annual dinner at the Amarillo Club Saturday.

Marvin C. Littlejohn

**U.S. fuel oil imports
expected to increase**

The United States currently
imports 23 per cent of the 14.7
million barrels of fuel oil
burned in the country daily.
By 1980, about 40 per cent of
the country's fuel oil needs
will be imported.

Market Information Scheduled For Brand

Beginning with Sunday's
edition, The Brand will provide
marketing information of in-
terest to this area, courtesy of
Ed Schroeter, branch manager
of Heindl Commodities, Inc.

The listings will include
feeder cattle futures, milo
futures, live cattle futures and
winter wheat. The listing will
show the high, low, close and
previous week's close for each
of the options in each of the
markets.

Feeder cattle futures are
traded on the Chicago Mer-
cantile Exchange. The contract

size is 42,000 pounds of feeder
steers averaging 650 pounds and
there is a premium or discount
for weights averaging under or
over 650 pounds.

Delivery points for feeder
cattle futures include Amarillo.

The basis for feeder cattle in
Hereford is 50 cents per hun-
dred weight less than futures
plus costs of deliver (about 50
cents) for a \$1 per hundred
weight discount to futures.

Milo futures are traded on the
CME also and the contract size
is 400,000 pounds of No. 2 Yellow
Grain Sorghum. Delivery
points include Hereford.

The basis for milo is 10 cents
per hundred less than futures
which is the cost of delivery at
Hereford.

Contract size for live cattle
futures, also on-CME, is 40,000
pounds of choice steers
weighing 1,050 to 1,250 pounds.

Good steers are deliverable at
\$2 per hundred weight discount
and delivery points include
Guyton, Okla.

The basis for delivery at
Guyton is \$1 per hundred less
than futures plus costs of
delivery (about .35 cents)
although the practical

relationship in the past has been
\$1.

Winter wheat is traded at the
Kansas City Board of Trade.

The contract size is 5,000
bushels and delivery is only at
Kansas City elevators.

The wheat price in Hereford
is determined by the quotation
of the Kansas City futures plus a
protein content price scale less
the practical basis.

Thus, the cash wheat price in
Hereford is the Kansas City
wheat futures price minus 18
cents per bushel for normal
protein content.

AFTERMATH—After the smoke had cleared away and the safety signal given, students in Marvin Hunter's printing trades class worked with brooms and mops to help clear away the debris in their classroom, a result of fire in Hereford High School's vocational wing, last week.

Mothers March Leader Is Busy Young Mother

BY SUE COLEMAN
WOMEN'S EDITOR
A YOUNG MOTHER of 19-month-old twin boys is chairman this year of the Mothers March of Dimes, a part of the annual March of Dimes campaign in which funds are raised for the National Foundation's program of treatment and research on birth defects.

house-to-house canvass starting at 5:30 p.m. As is customary, they ask that residents who will contribute to the drive turn porch lights on and leave them burning until a Mothers March call is made. MRS. SMITH HAS BEEN A member of the Jaycee-Eltes for a year, and is on the board of directors. She enjoys assisting with the club's service activities and with the social phases of its program, association with young women from other cities of this area as well as the local members.

Hereford since she grew up here, attended St. Anthony's parochial school and Hereford High.

After graduation she completed training as an X-ray technician at Amarillo, partly with a scholarship from Hereford Medical Auxiliary. She is the Ed Loerwald's daughter.

She was employed at Amarillo a year and now is on the staff of the Family Medical Clinic. The Smiths moved to Hereford from Amarillo about a year and a half ago.

THEIR LIVELY SONS are not identical twins, but are about the same size. Nathan has blue eyes and definitely reddish hair, while Matthew's eyes are brown and his hair a dark brown.

Caring for her family while she holds a full-time job takes practically all of Claudia Smith's time, and she counts her work with the Jaycee-Eltes as a hobby. She likes to sew and to play the piano when she has time.

Cooking is one of the homemaking tasks that she likes best but she explains, "Thought I prefer to get a good meal ready for my family, when I'm working it's often a case of just anything 'I can throw together in a hurry.'" Candy making is really her favorite form of cookery, she adds.

She learned to cook at home, before her marriage, and in four years of homemaking classes at school. From her recipe file she selects a dessert that is easily made, can be prepared ahead of time for serving the family, at a company meal or for refreshments at a club meeting.

The former Claudia Loerwald, she is well acquainted in

Host Plans For Convention Made

The part to be played by the Ladies Auxiliary in a district convention of Veterans of Foreign Wars and its Auxiliary here Feb. 3 and 4, was outlined at an Auxiliary meeting Monday evening in the VFW Clubhouse.

Wayne Driskill, Lawrence Boggs and J.D. Richardson of the VFW met with the women's organization to complete plans for the program. District 13, which includes posts from 16 cities of this area, will convene for the two-day meeting.

Delegates and visitors are expected from Canyon, Tulia, Dimmitt, Muleshoe, Amarillo, Clarendon, Wellington, Littlefield, Floydada, Plainview, Lockney, Silvertown, Matador, Paducah and Childress.

Registration will begin at 1 p.m. Saturday, Feb. 3. A social hour from 6 to 7 p.m. will honor the Texas Department representative, junior vice commander Clyde Hall of Lubbock, with a dance afterward.

The Sunday program will begin with registration at 8 a.m., when Auxiliary members will serve coffee and doughnuts.

A joint meeting of the men's and women's groups is scheduled at 9:30, and separate business meetings at 10:30 a.m.

Mrs. Dolce Flowers of Canyon, district Auxiliary president, will preside for that meeting in the American Legion Hall while the VFW is meeting in the VFW Clubhouse with the district commander, Roy Bussey of Littlefield, in charge.

A noon dinner will close the convention. Mrs. George Green presided for the planning meeting which was followed by initiation of Mrs. Boggs and Mrs. Richardson to Auxiliary membership.

Bea Cox reported that regular bingo parties at the VA hospital in Amarillo have been discontinued by the hospital, and new plans are being made. She and Mrs. Driskill volunteered to cook hamburgers for a party at the hospital Wednesday evening.

Other members present included Mmes. Leonard Davis, P.B. Sowell, Henry Murrell, Frances Parker and Jim Loving.

Mrs. Dale Smith and Twin Sons Matthew, left, and Nathan

grate the lemon rind into the mixture. Fold this mixture into cream. Mix well. Sprinkle graham cracker crumbs into a 10 x 12-inch pan which is lined with waxed paper. Pour lemon fluff over crumbs. Top with remainder of the crumbs.

Set in refrigerator overnight. Cut into squares to serve.

Named To Board

Hereford optometrist M.C. Adams was one of three persons from the area named Saturday to the board of directors for Girlstown, U.S.A. at Whiteface. Dr. Adams is the second person from Hereford named to serve on the board. Viola Williams, who has already served six years on the board of directors, remained on the board.

Dr. Adams, Jack Landrum of Abilene and Earl Haux of Sundown were the three new directors. Each will serve a three-year term.

MEETING PLACE CHANGED. A new meeting place for the Weight Watchers group which has been meeting at the Public Health Clinic, is announced by Mrs. R.W. Eades. Future meetings, beginning Tuesday, will be in the basement of First Baptist Church.

UMC Women To Learn Of New Plans

All Methodist women of this community are invited to a meeting at 2 p.m. Sunday in the sanctuary of First United Methodist Church, to hear an explanation of the new organization for women in the denomination.

Mrs. Cecil Matthews of Canyon, a member of the board of global ministries in south central jurisdiction of the United Methodist Church, will speak and answer questions. She has held various offices in UMC women's groups on local, district and conference levels.

A change in organization for UMC women was adopted last year, effective in 1973, for the entire church. The new organization, to be called United Methodist Women, will replace the Women's Society of Christian Service and the Wesleyan Service Guild.

Mrs. Matthews will explain reasons for this change, and the new structure which will put all women of the church into one organization instead of two.

Mon Amis Club Goes To Museum

A tour of the art museum at Amarillo College entertained members of Mon Amis Study Club at a recent meeting, postponed from earlier in the month when icy highways made a trip dangerous.

After viewing museum displays, the group had lunch at El Rancho Cafe.

The tour party was formed at the home of Mrs. Ernest Flood Jr., where a short business meeting was held, then members left together for Amarillo. A guest, Mrs. Pat Hagan, was included.

Plans for helping with the March of Dimes in this county were made as the chief item of business. Mon Amis members will conduct the drive in their community.

Scrapbook Items Of Past Sought By Rainbow Girls

Former and present members of the Order of Rainbow for Girls are requested to cooperate in collection of material for a scrapbook which will depict the history of the Hereford Assembly of the order. Patricia Brownlow heads the committee in charge of the project.

She has served as publicity chairman during the just-past term of Denise Strange as worthy advisor, and in gathering material for the publicity scrapbook became interested in such a book to cover past years.

It was decided to make this project a joint effort of members, and girls now in the assembly were asked to help find material. Past members who have newspaper clippings, programs, photographs and other items which would be of interest in the history are urged to contribute them. Items may be sent to Miss Brownlow at 187 Northwest, by March 31.

Calendar Of Events

THURSDAY
La Madre Mia Study Club in home of Mrs. James Gentry, Yuca Hills, 8 p.m.

HD Council Slates Appreciation Lunch

The annual appreciation luncheon of Deaf Smith County Home Demonstration Council will be held Feb. 26 in the Bull Barn. Mrs. Kenneth Homfeld, education committee chairman, announced at the council's January meeting Monday afternoon.

Council members voted to honor an HD Club Woman of the Year again this year. Each club in the county will nominate a candidate for this award, and a secret committee will make the selection.

Committee assignments for the luncheon were made, with Mrs. Homer Holden named chairman of food purchases. Cultural, Dawn and Wyche Club members will have charge of

decorations, Westway and North Hereford Clubs of table setting.

Palo Duro, West Hereford and Ford Clubs will be responsible for preparing and serving drinks; Progressive, Messenger and Bippus members will direct food service.

Announcement was made of a Texas HD Association training meeting to be held today in Wellington. Attending from Deaf Smith County will be Mrs. Paul Hoff, county THDA chairman; Mrs. Jimmie Bradley, council president; Mrs. A.E. Hodges, state THDA president, and Argen Draper, county agent.

Mrs. Draper announced a heart seminar to be held in Amarillo Feb. 8, with six heart specialists and surgeons on the program; it is open to all interested persons.

Mrs. Gene Bradley of Messenger Club directed opening exercises. Four clubs reported 100 per cent attendance at roll call.

Those present included Mmes. Roger Williams, Viola Williams and T.E. Siegler of North Hereford Club; Mmes. Wayne Sifford, and Homfeld, Bippus Club; Mmes. H.D. Fowler, Jerry Stewart and Carl Parsell; Dawn.

Also Mmes. M.H. Wiseman and J.G. Gandy, Cultural Club; Mrs. Ralph Warren, Palo Duro; Mrs. Don Daugherty, Young Homemakers; Mmes. T.J. Parsons and H.L. Hershey, Progressive; Mrs. E.C. Hewitt, Wyche.

Previews To Be Limited At Show

In response to a number of requests from parents, The Star Theatre will no longer show previews of coming attractions during intermission of kid shows.

Scott Brewer, manager of The Star, said due to the content of some of the previews, he has decided to exclude previews from kid shows. However, this does not apply to coming attractions of shows intended for children or a general audience.

In place of the previews, Brewer said he will show a 20 to 30 minute cartoon for the children.

Mrs. Tony White . . . and son, Kelly

New Resident Says City Is A 'Friendlier' Town

BY LORI HOPSON
Staff Writer

Mrs. Tony White, a Hereford resident since June, and a former Amarillo resident, describes her new home as a "friendlier" place in which to live.

"We like it really well," she says, "everyone's been really nice to us, and I can't think of anything I don't like about Hereford."

Mr. and Mrs. White made the move to Hereford in connection with his work. He is now employed as pharmacist at Harold Close Drugs.

"My husband didn't like Amarillo because it was so big," says Mrs. White. "We're small-town folks at heart."

Before living in Amarillo, the Whites lived in Wellington, where they were both raised. He received his education in the pharmacy profession at Weatherford, Okla., and she attended West Texas State University. They were married April 11, 1971.

They have one son, Kelly, who is one year old, and Mrs. White says even he seems to be happy with the family's new home.

Mrs. White enjoys sewing in her spare time, and cooking. Her husband is a horse enthusiast.

"I guess you'd say that is his hobby," says his wife. "We go to rodeos and things like that, and to the horse races, because he loves horses so much."

The Whites are members of Hereford Country Club, and Mrs. White says they've spent a lot of their spare time since

moving on yardwork, which she describes as "a chore."

Mrs. White says she hopes to join some of the city's ladies' clubs when the family is better settled.

"It was easier to make friends here than we thought it would be," she comments, "I had a friend from another town who has friends here, and introduced us to them. Tony meets new people through his job, and we're always running into people from Wellington, whom we haven't seen since high school."

"In fact," she adds, "There are a lot of people here who have moved here from Wellington."

Mrs. White says she's found a lot about Hereford that she likes, such as its shopping areas, for example.

"I'd just as soon shop here as anywhere else," she says, "because I'm always finding

just what I need here."

She even says the family has enjoyed the city's snowy, wintry weather, which has been the cause of so much complaint recently.

"I don't mind the snow at all—my husband and I both enjoy it," she says, "I like any kind of weather as long as the wind's not blowing."

Hereford's people were the main feature of the city which received Mrs. White's approval, however. She describes them as "friendlier than in any larger town."

"Everything's not rush-rush here," she concludes, "Everyone's not going around in a hurry just mind their own business, and not caring about anyone else."

STOP AND THINK!
A minute lost in traffic may save you all the rest of the time you have in the world.

Revival To Begin Sunday In Dawn Baptist Church

Revival services for a week beginning Sunday will have the Rev. Chester O'Brien Jr. of Amarillo as the evangelist in Dawn Baptist Church, the Rev. Gene Meacham, pastor, announces. Daily services will be held at 7:30 p.m. and Sunday morning services at 11 a.m.

Song leader will be Jerry Stewart. The public is invited for these evangelistic meetings.

The Rev. Chester O'Brien

Former Hereford Resident Buried

Funeral services for W.T. Elder, 68, of Bivins, former resident of Hereford, were conducted Jan. 13 and burial was in the Bivins Cemetery. He had moved to East Texas five years ago, after a quarter-century of residence here.

Nieces, Mrs. Grady Morton and Mrs. Carl Smith, and other relatives are Hereford residents. Mr. Elder is survived by his wife and two sisters, Nellie Fisher of Albuquerque and Mae Throver of Bivins.

PAINTINGS DISCOVERED

The painted caves of Ajanta, India, covered with 5th Century paintings of Buddha, were discovered in 1819 when a party of British officers chased a fleeing panther through a ravine into the cave.

Bordoyo are the parents of a daughter, Bobby Jo, born Jan. 20. She weighed 7 lbs. 2 1/2 oz.

Look Who's New

Mr. and Mrs. Ramon A. Medina Jr. are the parents of a son, Oscar Manuel, born Jan. 21. He weighed 6 lbs. 14 oz.

Mr. and Mrs. Antonio S. Sanchez are the parents of a daughter, Adriana Raquel, born Jan. 20. She weighed 5 lbs. 14 1/2 oz.

Mr. and Mrs. Enrique M.

The nursery will be open to care for small children.

The speaker is area missionary for the Amarillo Baptist Association. Before he began that work in 1967 he served as pastor in churches at Amarillo, Denton, Fort Worth, Gruver and Wellington, also in New Mexico and Kentucky. His first pastorate was in Big Spring in 1942.

He received the BA degree from Hardin-Simmons University in 1945 and a bachelor of divinity degree from Southwestern Seminary in 1951.

Legal Notice

LEGAL NOTICE
Sealed bids addressed to the City of Hereford, Texas, will be received at the City Hall, Hereford, until 2:00 P.M., February 5, 1973, and then publicly opened and read for furnishing all plant, labor, material and equipment and performing all work required for installing sprinkler system in the city park east of Main Street.

Bids shall be submitted in sealed envelopes upon the blank form of proposal attached hereto and marked in upper left hand corner "Bid For Sprinkler System".

All proposals shall be accompanied by a cashier's check or certified check upon a national or state bank in the amount of five (5) per cent of the total maximum bid price payable without recourse to the City of Hereford, or a bid bond in the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond within ten days after notice of award of contract to him. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.

The successful bidder must furnish performance and payment bonds upon the forms which are attached hereto in the amount of 100 per cent of the contract price from an approved surety company holding a permit from the State of Texas to act as surety or other surety or sureties acceptable to the Owner.

The right is reserved to reject any and all bids and to waive any informality in bids received.

Plans, specifications and bidding documents may be secured from the office of the City Manager, City Hall, Hereford, or at the office of Bill R. McMorris & Associates, Inc., 6300 Canyon Drive, Amarillo, Texas 79109, on deposit of Fifty Dollars (\$50.00) per set which sum so deposited will be refunded, provided: (1) All documents are returned in good condition to Bill R. McMorris & Associates, Inc. not later than 48 hours prior to the time for receiving bids; or (2) The Contractor submits a bid and all documents are returned in good condition to Bill R. McMorris & Associates, Inc. not later than five days after the time that bids are received.

CITY OF HEREFORD
NOTICE TO BIDDERS

The City Commission of the City of Hereford will accept sealed bids not later than 2:00 P.M., February 19, 1973, in the office of the City Manager, City Hall, Hereford, Texas, on the following item:

Approximately 350 side loading refuse containers.

The right is reserved to reject any and all bids and to waive any informality in bids received. Plans, specifications and bidding documents may be secured from the office of the City Manager, City Hall, Hereford. Money could do more for people if they expected it to do less.

Bids without check or bid bond will not be considered.

The successful bidder must furnish performance and payment bonds upon the forms which are attached hereto in the amount of 100 per cent of the contract price from an approved surety company holding a permit from the State of Texas to act as surety or other surety or sureties acceptable to the Owner.

The right is reserved to reject any and all bids and to waive any informality in bids received. Plans, specifications and bidding documents may be secured from the office of the City Manager, City Hall, Hereford.

CITY OF HEREFORD, TEXAS
By: James H. Sears, Mayor T-4-2c

Rotarians Present

Memorial To Family

A program of slides taken on a summer trip to Japan and the presentation of a special memorial bulletin to Wayne Phillips and Mrs. Earl Phillips in memory of the late Earl Phillips were features of Hereford Rotary Club's Monday luncheon meeting.

The club's weekly bulletin, the Axle, was signed by each member of the club and presented to Wayne and Mrs. Earl Phillips. It contained a memorial tribute by Rotary president Mike Patrick, who

commended Phillips as an "Ideal Rotarian" and as one who "served his community before himself."

The program was presented by Virgil Hennen and his wife, who presented an account in slides of the trip to Japan they took in the summer of last year.

The club plans to welcome the Right Reverend Bishop Thomas H. Cashmore of Brighton Sussex, England as program guest at its next meeting.

More Wives Are Working Locally

In Deaf Smith County, more married women than ever before are leading double lives—as homemakers and as job holders.

In stores, factories, business offices, the professional fields and elsewhere, women at work is the order of the day. Managing the double life

takes a bit of doing. Making it possible is the array of labor-saving devices and equipment that has cut down the time needed for household chores.

In addition, there is the great variety of prepared and semi-prepared foods that enable them to turn out a meal in jig time.

The latest figures indicate that no less than 35 per cent of the married women in Deaf Smith County are now employed outside the home or are looking for such employment. In 1960 the ratio was 26.3 per cent.

Nationally, there are nearly 19 million married women who go to work each day. Some of them have full-time jobs and some part-time. They outnumber their single sisters by about 50 per cent.

The facts and figures are from the Department of Commerce, the Labor Department and others. They show that married women have drastically altered

the job market in the past decade. They accounted for 43 per cent of the total number of new job opportunities and about 75 per cent of the female employment gains.

Much of the increase has been due to middle-age women, who have more time on their hands, now that their children are growing up.

However, the major advance in the past five years has been among younger married women, those in the 20 to 24 age bracket, working to supplement their husbands' incomes. There are 40 per cent more of them at work now than there were in 1966, says the Department of Labor.

The figures for Deaf Smith County show a rising proportion of women—married and unmarried—holding down jobs. The 1960 census listed a total of 1,210 in the labor force, equal to 28.6 per cent of the local

female population of working age.

According to the latest census, it has now reached 37.1 per cent, with a working force of 2,190.

German scientists work on artificial heart

Prof. Karl Kremer, leading a team of German scientists in Dusseldorf and Aachen, says he hopes their development of an artificial heart could be used to take the strain of ailing hearts in human beings in a few years' time.

Recently, they carried out tests on sheep and dogs using a "semi-heart," substituted for the left chamber of the heart as a cardiac pump. The animals survived for several hours.

HOW MUCH

— *Am I Really Worth?* Exactly what do I weigh? Am I heavier than my money, or, is it getting the best of me? The all-important question is — when God puts me on the balances — *will the weight hand deceive Him?* If all a man has to offer the world is his body created in God's image — his chemical composition — his dead weight... then that man is of little value to himself, to humanity, to God. *Mister, don't try to analyze your worth by pointing to the pile of silver you control. No one grows bigger when he says "no" to the varied opportunities he has to serve God. Far better to say, "silver and gold have I none," if I am given to serving God, helping the lost to find their way to a place of worship... to His church.*

550 Attend Beet Banquet

BY O.G. NIEMAN
Publisher

The weather hampered harvest of the 1972 crop, but it didn't dampen the spirits of annual Texas-New Mexico Sugar Beet Growers Banquet Saturday night in the Bull Barn. Guest speaker for the occasion was John Wolfe, nationally-known humorist and sales management advisor. Also appearing on the program were Glen Yeager, vice president of agriculture for Holly Sugar Corporation, and Bob Ginn, as manager of the Holly plant in Hereford.

Jay Boston, president of the association, served as master of ceremonies, and director Virgil Marsh introduced special guests. James W. Witherspoon, executive secretary of the association, introduced the speaker.

Witherspoon was also to produce the grower awards, but no one qualified for the 10,000-pound club—a goal for those who produce 10,000 pounds of refined sugar per acre. There were nine growers, however, who reached past the 9,000-pound mark.

Leading the way with 9,841 pounds was J.L. Wall of Clovis, and Clyde Renfro of Dimmitt was next with 9,819. Kenneth Artho of Hereford was just over the 9,000-pounds mark, but had the highest sugar percentage at 16.2. The six others who came close to the award were Ivan Block and Schlabs Farms of Hereford, Dennis Williams of Dimmitt, W.S. Ingram of Friona, Jim and Arnie Wieck of Hartley, and Monte Barrett of Bovina.

Witherspoon said gross income per acre for the nine growers ranged from \$575 to \$527. The nine tracts ranged from 21 acres to 53.

Ginn, in his report on the 1972 crop, said the harvest was just 66 percent complete at banquet time. Growers had one of their best starts in years, he said, but rain and snow hurt the quality and slowed the harvest. He commended growers for their efforts to improve the quality of the beets.

Yeager, Holly official from Colorado Springs, Col., told growers he was optimistic about the future, adding that he looks for increased production and returns for this year's crop. Wolfe, who believes everyone is vitally involved in selling—regardless of his profession, used as his topic, "The Pride of a Pro". He listed three basic ingredients for a pro: a willingness to learn, a willingness to work, and a willingness to lose.

"There is a desperate need for more knowledge in all fields," Wolfe claimed. "We all know people in different jobs who simply are not producing." He added that employers are sometimes at fault for hiring a person, then not teaching him what he is supposed to do.

"The only way to success is through failure," he told the audience. "We have to lose in order to win... the only time we can't fail is on the last time we try," the speaker emphasized. He pointed out that winning football teams don't go for ties—they are willing to lose if they can't win.

The banquet dinner was prepared and served by The Caison House, and decorations were arranged by the directors' wives. Invocation was by Dr. W.A. Appling, First United Methodist Church. Elson Clark provided organ music.

The guest list included local Holly Sugar officials, Dave Carter, executive secretary of

the U.S. Beet Sugar Association; Lee Johnson, secretary-treasurer of the National Beet Federation; Hoxie Smith and Dave Goodwin, California Beet Growers Assn.; as well as area

county agents, agriculturalists and experiment station representatives, Texas Tech and West Texas State ag professors, news-media representatives, and a number of Hereford civic leaders.

SUGAR BEET SPEAKER—John Wolfe of Houston uses gestures to emphasize a point during his principal address at the annual Texas-New Mexico Sugar Beet Growers banquet Saturday night at the Bull Barn. Wolfe, tabbed as "America's No. 1 Sales

Trainer", spoke to about 550 persons. At left is Jay Boston, president, and on the right is James W. Witherspoon, executive secretary of the association.

NAWG Position Explained

Witkowski Returns From Washington, D.C. Meet

Leo Witkowski of Hereford represented Texas at a three-day meeting in Washington, D.C. last week when National Association of Wheat Grower officers and state presidents met with Secretary of Agriculture Earl Butz to make known its position on recent administration decisions affecting farm programs.

The meeting with Butz and other high-ranking agriculture officials came after the executive board meeting the previous week in Seattle. At that meeting, the group set resolutions to be presented at last week's meetings.

"We feel we really accomplished something at the meeting," Witkowski said. "We got a better understanding of the programs and certainly were well received." The recent announcements by the Nixon administration cutting massive sums of money from the agriculture budget for this year, was the main topic of the meetings that lasted three days in the Capitol.

Witkowski said the National Wheat Growers association was very disturbed when it learned the administration is not hiring or replacing anyone whose office is vacated at the Beltsville, Maryland research headquarters—the main office of all agricultural research in the nation. In addition to this, he said, millions of dollars already appropriated to the research headquarters have not been administered and as a result the efforts of the center are being neglected.

"Some \$11 million was allocated to the research center last year, but it got only about \$2 million," Witkowski said.

"And, besides all of this, we are about to run out of agricultural scientists because no replacements are being sought. "All of the states are quite concerned about this situation, because, this research has made this country what it is today—agriculturally. We have got to have research."

Other items that appear uncertain for the nation's wheat producers also cropped up at the meetings.

The group, headed by Ray Davis, president, indicated to the Department policy-makers that the association placed top priority on passage of new farm legislation and was recommending the continuance of a federal program for wheat similar to the Agricultural Act of 1970. The NAWG wants new legislation to be in force for a minimum of five years.

Davis highlighted important changes in current law which his membership seeks in new legislation. He said the NAWG supported the abolition of conserving bases and establishment of acreage set-asides based on a percentage of historical wheat and feedgrain history.

Regarding price supports and payments, the association spokesman told Secretary Butz and other USDA officials that the NAWG sought a wheat loan at a minimum of 50 per cent of parity as of April 15, and domestic wheat certificates valued at the difference between county loan rates and parity.

The association, according to Witkowski, also is recommending that excess wheat currently held by producers be released for sale without

penalty. This wheat, he said, amounts to about 12 million bushels and was accumulated under a marketing quota program several years ago and farmers are prohibited from putting it on the market without paying a stiff penalty.

Witkowski said the association group also learned that the "Battle of the Budget" also is calling for the cut-back of some 960 county Agricultural Stabilization and Conservation Service offices throughout the country then consolidating several areas into one office.

"The reasoning behind this," Witkowski said, "is that since they up and cut out the Rural Environmental Assistance Program (REAP), this was most of the work of the ASCS offices and therefore many are not needed."

"They also are suggesting that one person be cut from each office and replaced with temporary help, when it is needed."

Witkowski said the NAWG was opposed to both of these moves.

Another major concern of the wheat producers is that there is a possibility the government may "turn everything loose" and by 1974 there will be excessive production flooding the

market and driving prices down.

The U.S. and other trading nations are currently preparing for negotiations regarding enlargement of the European Community and much broader monetary and trade talks which will start later this year. The growers emphasized the need for the U.S. to pursue an aggressive agricultural trade policy and develop solutions and strategies which deal effectively with problems which block or inhibit overseas marketing.

The growers indicated their continued support for the International Wheat Agreement

Social Security

Q. I have a friend whose only income is her monthly social security check. She has a son who was severely hurt in an accident when he was 19. He hasn't been able to work since the accident, and there's little chance he ever will. I thought I read that the recent changes in social security make her son eligible to get monthly checks too. Is this right?

A. Yes. Beginning January 1973 your friend's disabled son and other people who became severely disabled after age 18 but before 22 may qualify for monthly social security payments if a parent is getting disability payments will soon be eligible for Medicare coverage.

died after having worked long enough under social security. Before, payments could be made to disabled sons or daughters only if the disability started before age 18. Your friend and her son may visit any social security office to apply for benefits.

Q. My brother has been getting monthly disability payments from social security since 1968. I recently read in the paper that disabled people under 65 will soon be able to get Medicare. Is this true?

A. It is true that people under 65 getting social security disability payments will soon be eligible for Medicare coverage.

**NORTH DAKOTA
SEED POTATO CERTIFICATION
TOOK A STEP FORWARD IN**

SPECIALIZED GROWING

This program required growers to plant only seed potatoes eligible and entered for certification on their farms or farming operations. The seed produced under this regulation in conjunction with other requirements has put North Dakota certified seed potatoes out front. They are sought after by growers in all potato growing areas in the United States.

**WHAT DOES THIS
MEAN TO
SEED POTATO
GROWERS?**

... it means that you will be buying seed that has been protected from potato plant diseases and is the best you can buy anywhere.

Could your child call home if he were lost?

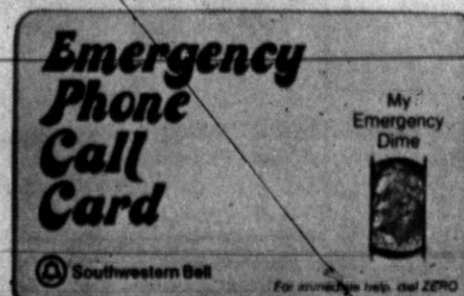

Could he reach you in an emergency? Or, could someone call for him? Home, Mom and Dad. To a lost or frightened child your voice means security. That's why we're offering the Emergency Phone Call Card. No charge. It's a billfold-size card with your child's name, address and home

phone number. And space for the numbers of a trusted friend or relative, and the family doctor.

There's also a slot for a dime.

To order your card—or cards—write: Southwestern Bell, P. O. Box 972, St. Louis, Mo. 63188.
