

Diamond Jubilee Celebration Set

County and city leaders responded Tuesday to a go-ahead green light on Hereford's Diamond Jubilee Celebration when they hired an Ohio-based planning firm to proceed with work on the Sept. 1 day marking Hereford's 75th anniversary. A group of about 20 local leaders met at the Community Center for a meeting with Pat Haggerty of The Rogers

Company and signed an agreement with the firm to start the planning off the celebration. The company representative presented a detailed proposal to the group on what could take place during an eight-day celebration, climaxing with the grand finale on Sept. 1. A brochure, pointing out the benefits of a planned

celebration, the agreements between the company and the Diamond Jubilee group, and a day-by-day account of events for the eight-day celebration, was presented to the group. Local leaders, in deciding to accept the agreement of the planning company, said they "could not afford not to do it" because of the importance of the event.

The Rogers Company is headquartered in Fostoria, Ohio and has been in the civic celebration planning service for 70 years. It has helped plan more than 5,000 celebrations throughout the United States and Canada. Haggerty pointed out to the group that by having a company plan the celebration, and by using the experience of the 5,000 others already handled, the city

and county could experience many good end results. "You will benefit by creating a new civic awareness among all citizens, you will uncover new civic leaders, you will stimulate the local economy, you will honor your heritage and you will focus attention on tomorrow," he told the group. Commissioners Plan Street Improvement

In its regular session Monday evening, the city commission moved quickly through a full agenda, approving the low bid on a major street improvement project and starting the wheels turning on the long awaited face-lifting of city property in Veterans' Park.

Jake Diel Dirt and Paving Contractors submitted the low bid out of four on major street paving and improvements throughout the city and in Veterans' Park. The low bid on sprinkler systems and drinking fountains for the park was submitted by Texas Sprinkler Company.

Jake Diel's bid on the paving and street improvement project totaled \$226,129.45, with a hot mix base on paving approved over an alternate triple asphalt base. City Manager Dudley Bayne spoke for himself and for consulting engineer Bill McMorris, in recommending the hot mix base as a longer-lasting paving, requiring less maintenance.

Texas Sprinkler Company's low bid on park facilities totaled \$21,500.00, with 90 days estimated completion time. Two other bids were submitted.

Paving and improvement of city streets made up two parts of the project, assessed at costs of \$143,237.35 and \$180,341.05. The first of these two will be paid by the city and property owners on the streets involved, with the city paying approximately \$102,000.

The city will foot the bills on the remaining half of the street improvement project, and the paving of park streets in Veterans' Park. The Jake Diel

company submitted the low bids on all three of the items.

In other business, the commission heard a request for a city auditorium by members of Hereford Community Players. The group asked about the possibilities of constructing a

building suitable for theater performances, and suggested that facilities also be included to provide for meetings of civic clubs and other organizations. The commissioners agreed on the need for such a building, but said that no decision could be

made without an idea of the size, cost and design of the proposed structure. They recommended that the group submit this information to the commission at a later date for consideration. The suggestion was also made that existing facilities in the city might be expanded to accommodate needs mentioned by the group, as an alternative to a new facility.

The commission agreed to include two streets, Catlapa and Avenue D, which had not previously been included, in the street paving project, and approved the rezoning of properties owned by Mrs. John N. Jacobson and Hereford Independent School District.

Other business included the approval of a request for state help in the paving and widening of U.S. 385 North of Moreman Street to the city limits. Addition of storm sewers would also be included in the project.

The commission also resolved to begin efforts to improve the existing pavement at Hereford Municipal airport, and agreed on an oil emulsion treatment to add life to the existing asphalt and later a coated rock seal coat. The project was estimated at a cost of about \$15,000.00. Other improvements at the facility were discussed, to be acted upon at a later date.

Site for the upcoming city elections, in which two commissioner's posts and the mayor's office will be open, was set at the Community Center. Commissioners also elected to discuss the city budget at their next regular meeting.

Beet Harvest Nears Finish

The one thing that plays such a major part in the ups and downs of agriculture—weather—still figures in the remaining future of the current sugar beet crop, officials said this week.

Bob Ginn, agricultural manager, said a week to 10 days of harvesting still remains if the weather holds out that long.

The harvesting is already nearing the 90 per cent completion mark and continued good weather could get the crop in quickly. The bad weather that has plagued the harvesting for several months, has caused the sugar content in this year's crop to drop.

According to Ginn, the sugar content is averaging about 13 per cent due to the extended bad weather and "we still are feeling the effects."

"It might go lower, but it should not take much longer to get the rest of the crop out of the fields," he said.

"The condition of the beets won't allow us to store a great deal in storage piles. If the condition had been better, we could have been closer to completion right now."

Ginn said the harvest of last year's crop was completed a year ago Monday and this year's harvest looks like it might well be the longest since the plant opened.

"The factory is running around the clock and we are running two shifts on receiving now," he added. Local sugar beet growers were looking at one of the best crops on record early in the season, but the prolonged bad weather has had its effect on the over-all picture.

Learn And Live Contest Sunday

This Sunday at 11 a.m., Leslie Breeding, Marina Valdez, Ester Pierson and alternate Charlene Wright of Hereford High School will be competing on "Learn and Live" on KFDD-TV.

The group, sponsored by N. D. Kelso and Rodney Gordon, will be competing against Patti Jagers, Marie Watson, Donna Williams and alternate Frank Sherwood of Quanah High School. The Quanah team is sponsored by Garland Jones.

Play-Offs Here

The Farwell-Vega girls basketball teams will meet here in Hereford Saturday night to determine a district champion, it was announced Wednesday by local school officials.

The two teams tied for the championship and they will meet at 7:30 p.m. in La Plata gym to see who will go to bi-district.

Admission will be \$1.50 for adults and 75 cents for students.

Charles Bell
★★★

Bell Named To Board

Charles Bell Jr., Southwestern Life agent and a resident of Hereford for the past 17 years, was named by the city commission Monday to a post on the juvenile board.

Bell replaces Hap Cavness, city commissioner, who decided not to serve on the board this year.

Bell was born in Plainview and went to high school at Hale Center. He graduated from West Texas State University and has a bachelor's degree and masters from the University of Texas at Austin.

He and his wife, Margaret, have four children, Becky Williams of Longview, Sara a sophomore at Texas Tech, Kathi and David. Mrs. Bell is chairman of the English department in the local school system.

Bell has been a representative of Southwestern Life for 13 years and prior to that was high school band director in the Hereford system.

The Bells live west of Hereford on Harrison Highway. In commenting about the new position, Bell said he as has "always liked kids and I will do what I can."

Bell To Request Rate Increases

Renewed efforts by Southwestern Bell Telephone to get a rate increase in Hereford are expected later this month, telephone company officials said this week.

The rate increases have been sought by the telephone company for nearly a year now, but have been tabled by the city commission until additional information is presented by Southwestern Bell.

Southwestern Bell local manager Mike Patrick said "about the end of this month" should be enough time for the company to get its information together to present again to the commission.

The city commission, in its last meeting with telephone officials, tabled the motion for the increases. It did so, saying adequate information was not available for it to make the increases being sought.

There was some disagreement on the percentage of the increase as city officials contended it was too much.

"We definitely need what we are asking for," Patrick said this week. "It is obvious we have the best telephone service in the Panhandle and possibly in the state and we don't see why we should accept less than what we are asking."

Patrick added that the telephone company still plans to request its original proposal, pointing out Pampa has okayed the same increases being asked here. He said Pampa's acceptance of the increase "puts them up there with Borger, Plainview and other cities."

Southwestern Bell is asking increases in:

—Business one-party service from 10 to 13.50 a month.

—Residence one-party service from \$5.25 to \$6.25.

—Residence two-party service from \$4.25 to \$4.90.

—Suburban four-party business service from \$8.35 to \$10.50, and

—Suburban four-party residence service from \$4.85 to \$5.25.

The telephone company contends, in seeking the first increase here in almost 15 years, that the cost of maintaining the service is now prohibitive. The return of its investment, officials argue, is not adequate to maintain its present service.

The city apparently is standing fast on its initial decision of not approving the increase. In a Nov. 16 meeting of city officials and Southwestern Bell officials, the city gave indications the company was receiving a fair return on its investment, and an increase was not in order.

The telephone company was scheduled to meet with the city commission several weeks ago, but called in at the last minute and cancelled the meeting. Since that time, the city has not heard from the company.

First Days Of Drive Successful

Almost 20 per cent of the goal for this year's Hereford Heart Fund Drive was raised the first two days of the drive, according to drive officials.

Homer Garrison, drive chairman, said that approximately 20 per cent of the \$4,000 goal was raised Monday and Tuesday during the businessmen's drive.

Flake Barber and Larry Crump, co-chairman for the drive, worked with captains and volunteer workers collecting money in Hereford's business district.

Mrs. Joe Frank Clark, chairman of the women's drive, said that volunteer workers will begin canvassing Hereford at 2 p.m. Sunday.

The volunteer workers will be wearing identifying badges stating that they are official Heart Fund volunteers.

Mrs. Clark said that the volunteers will leave literature and an envelope for contributions when they find no one at home.

Stan Knox, the 1972 Hereford Heart Fund Drive chairman, said that last year's drive netted \$3300, only \$200 short of the year's goal.

Fair Entries Being Judged

Approximately 600 entries will be judged during the Sixth Annual Hereford Science Fair being held today and tomorrow at the county Bull Barn.

Gene Barkowski, Hereford High School science teacher, is this year's fair director.

According to Barkowski, there will be three divisions with seven categories each. The intermediate division is for grades 4, 5 and 6; the junior division is for grades 7, 8 and 9 and the senior division is for grades 10, 11 and 12.

The categories, in each division are botany, medicine and health, zoology, chemistry and biochemistry, earth and space science, physics and mathematics.

All elementary entries were judged Tuesday and Thursday and only the first place winners in each category from each public elementary school and Saint Anthony's will be eligible to compete at the Bull Barn.

Judging of all divisions will begin at 6 p.m. today. Arnold Reynolds and Charles Jones of the science department at Tascosa High School in Amarillo will do the judging.

First, second, third and fourth place ribbons will be awarded in each category in each division. In the intermediate division, the best over-all entry will also be awarded a ribbon.

In the junior and senior division, the best exhibit presented by a boy and by a girl

(See "Entries" Page 2)

Beet Growers Conduct Meet

Plans for a sugar beet growers seminar and the establishment of a research grant were announced Monday night following a board of directors meeting of the Texas-New Mexico Sugar Beet Growers Assn.

The seminar for growers, and prospective growers, has been scheduled for 1:30 p.m. on Feb. 20 in the Hereford Bull Barn. The meeting will be jointly sponsored by the extension services of Castro, Parmer and Deaf Smith Counties.

Speakers for the program, from 1:30 to 4:30, will be James Valentine, Dr. Arthur B. Onken, Dr. Robert Berry, Dr. Steve Winter, Leon New and Paul Scott.

The growers association, together with Holly Sugar Corp., will provide a grant to the Southwestern Great Plains Research Center at Bushland to study seed varieties, as well as fertilization and fungicides for sugar beets, it was announced by Jay Boston, president.

The grant is in the sum of \$4,800 and a number of growers will be cooperating with Dr. Steve Winter in the research. The grant was recommended by the Holly-Grower Research committee.

The New Mexico Extension Service is joining in the seminar on Feb. 20, Boston reported. Dr. Ralph E. Finckner and Dr. H. Dale Fuehring from the New Mexico State University Plains

Branch Station will also be present and will participate in the discussions.

Directors also expressed appreciation, at the monthly meeting, for the fine work which has been accomplished by the Holly-Grower Research committee.

The group has worked out the introduction of a new seed variety sponsored by Great Western Sugar Co., which may be used on a trial basis this year by growers who desire to do so. A new seed variety has also been developed by Holly Sugar Corp. and will be available for testing.

A recent bill passed in the Texas House of Representatives, House Bill No. 3, has come under fire by Texas city and county commissioners and school board members.

According to the bill, as introduced by Rep. Carl Parker of Port Arthur, the existing open meetings law would be amended in a manner that would "make it impossible for two

members of a governmental body, (school board, city commission, etc.) to communicate regarding any item of public business or public policy except very limited consultation rights with legal counsel, discussion of location of real property under consideration for purchase, dismissal or discipline of an employee, and discipline of students."

The bill would impose a

penalty of not less than \$100 nor more than \$500 or imprisonment in the county jail for not less than one month nor more than six months, or both, for members of governing bodies found in such communication.

The bill would not alter the present procedures for the posting of meeting notices of regular meetings, but would require that all news media requesting notices be notified

by telephone or telegraph at their own expense. The Texas Association of School Boards, and the Texas Association of School Administrators, both in open opposition to the bill, held hearings in Austin with house speaker, Price Daniel, Jr., and the bill's sponsor, Mr. Parker. Parker agreed to ask the House for passage of four amendments which would help make the bill acceptable to

school boards, city and county commissions. The amendments included with the bill as it was passed in the house, changed the definition of a meeting to make it "a deliberation between a quorum of members of a governmental body"; added a definition of a quorum that defines it as "a majority of the governing body; designated that, in addition to the other items for which school boards

may legally hold an executive session, advice from legal counsel regarding "pending or contemplated litigation, settlement offers, and similar matter" be included; and added security measures to the items which may be discussed in executive session.

However, cities, counties and school boards would have to continue to oppose the bill unless certain other amendments were added to the

bill which would provide for the opportunity to discuss strategies and give instructions to the persons representing the governmental body in consultation with employee group representatives, and provide for meeting notice posting procedures for school districts which would be identical to those set forth for cities and counties.

(See "Bill" Page 2)

CONTEMPLATIVE JUDGING—Gary Billingsley, assistant principal at Northwest Elementary School, studies one of the many science exhibits displayed at Hereford's elementary schools. Billingsley was one of several local persons who pre-judged the elementary exhibits for the Annual Hereford Science Fair being held today and tomorrow at the county Bull Barn.

Open Meetings Bill

New Bill 'Completely Out Of Line'

BY LORI HOPSON
Staff Writer
A recent bill passed in the Texas House of Representatives, House Bill No. 3, has come under fire by Texas city and county commissioners and school board members.

According to the bill, as introduced by Rep. Carl Parker of Port Arthur, the existing open meetings law would be amended in a manner that would "make it impossible for two

members of a governmental body, (school board, city commission, etc.) to communicate regarding any item of public business or public policy except very limited consultation rights with legal counsel, discussion of location of real property under consideration for purchase, dismissal or discipline of an employee, and discipline of students."

The bill would impose a

penalty of not less than \$100 nor more than \$500 or imprisonment in the county jail for not less than one month nor more than six months, or both, for members of governing bodies found in such communication.

The bill would not alter the present procedures for the posting of meeting notices of regular meetings, but would require that all news media requesting notices be notified

by telephone or telegraph at their own expense. The Texas Association of School Boards, and the Texas Association of School Administrators, both in open opposition to the bill, held hearings in Austin with house speaker, Price Daniel, Jr., and the bill's sponsor, Mr. Parker. Parker agreed to ask the House for passage of four amendments which would help make the bill acceptable to school boards, city and county commissions.

"BILL" (Continued From Page One)

"I think a person would have to think twice before wanting to be a member of one of these governing bodies," said Hereford Superintendent of schools, Roy Hartman, "and I think that others would probably have the same feeling."

Hartman quoted Texas Association of School Boards executive secretary Cecil Rusk in saying that "the bill is bad, nothing but bad for TASE," and "not in the best interests" of public education.

Hartman continued to say that he had doubts about "anything that would, (assuming the bills means exactly what it says,) make it impossible for two members of a governing body to even discuss their business without being liable to fine or imprisonment."

Bill Phillips, school administrative assistant, said that some of the bill's severity might be attributed to the practice of some governing bodies of holding executive sessions, in which discussion and decision-making take place prior to official open meetings.

"The official action takes place in the regular open meeting," he said, "but the real discussion and decision-making takes place in a closed meeting."

"There is no doubt there are abuses of the present (open meetings) law, but I think the bill as originally drawn up goes a little too far," he continued, and added that the "possible extreme features" of the bill make it questionable.

County Judge H.C. Williams agreed with school personnel, saying that the bill is "a bit strong."

"All meetings except where there is a meeting for personnel reasons, should be open to the public, and the public should be encouraged to attend, but to place a fine and possible jail sentence is ridiculous, in my opinion."

The judge added that he thought the bill would become a "burden" to governing bodies.

"For some individual to see two members of a governing body over a cup of coffee and get them fined or arrested, is completely out of line," he added.

City Manager Dudley Bayne agreed with school and county officials, saying that the writers of the bill had "really gone too far."

"Any official action has to be taken in a public meeting," he said, "with public notice given of that meeting. I can't see that it's going to affect the city commission here, because they've always transacted business in such a meeting."

"The bill's intent was good, but it got ridiculous at the last when it said two people from a governing body couldn't discuss business when they met on the street. It's hard to say how far it can go. I think it will have most of its effect in the larger cities."

The bill was passed in the House by a vote of 132 to 13, and was then moved over to the Senate Jurisprudence Committee.

"JUBILEE" (Continued From Page One)

The Rogers Company's proposal was to begin the celebration on Aug. 25 and continue it through Sept. 1. A detailed plan of morning and afternoon events was given, but these are subject to change, he said.

A representative of the Hereford Riders Club, which sponsors an annual rodeo here each year, was present to ask the firm to consider making the rodeo a part of the celebration.

It was discussed and suggested that the rodeo be tacked onto the beginning of the celebration, making it a 10 day event.

More meetings are scheduled by the group to further develop plans for the celebration.

"ENTRIES" (Continued From Page One)

All entries will receive a Certificate of Participation.

All first place winners in the junior and senior division will be eligible to compete in the Panhandle Regional Science Fair to be held April 6, 7 and 8 in Amarillo.

Each elementary school may enter their four best exhibits.

All first place winners in the senior division at the Panhandle Regional Fair will be eligible to compete in the International Science and Engineering Fair to be held May 14 through 18 in San Diego, Cal.

Last year, Denise Strange, a junior at Hereford High School competed in the international fair.

No one will be permitted into the Bull Barn during the judging process; however, the Bull Barn will be open from 8:30 to 5 Friday for those wishing to see the exhibits.

Funeral Service For B.C. Dement Held In Church

Funeral services for Bremon Claud Dement, 73, of 604 East Third, were conducted Monday afternoon in Central Church of Christ, of which he was a member.

The minister, J.T. Marlin, officiated and burial was in West Park Cemetery, directed by Gilliland-Watson Funeral Home.

Mr. Dement, an employe of Deaf Smith County for a number of years, died Saturday evening in a local hospital. He was a native of Arkansas, born Feb. 13, 1899, at Waldron.

He married Opal Campbell in July, 1934, at Dickens and they came to Hereford from Crosbyton in 1939. Mrs. Dement died here in 1971.

Survivors are a daughter, Charlene Cole of Hereford; two sons, Raymond of Hereford and Benny of Amarillo; a sister, Majillon Jones of Muskogee, Okla., and eight grandchildren.

The Boeing 747 jumbo jet made its commercial debut on Jan. 22, 1970.

SUGAR BEET AWARD—Raymond Higginbotham, left, was presented a plaque of appreciation for his outstanding service as a director of the Texas-New Mexico Sugar Beet Growers Association Monday night. Making the presentation at the board meeting was James W. Witherspoon, executive secretary. Higginbotham retired from the board after serving as a director since the inception of the organization.

By Beet Growers

Higginbotham Is Presented Plaque

Raymond Higginbotham, longtime director for the Texas-New Mexico Sugar Beet Growers Association, was presented with a plaque for "distinguished service and outstanding leadership" upon his retirement from the board Monday night.

Jay Boston, president of the board, announced that directors had passed a resolution expressing thanks for the sacrifice which Higginbotham made in serving the organization as a director since its inception in 1964.

James W. Witherspoon, executive secretary, made the presentation of the plaque to Higginbotham during the board meeting Monday night. He was commended for his "contributions in many respects to the advancement of the sugar beet industry in Hereford and the area."

Higginbotham was one of the early leaders in helping bring the sugar beet industry to the area and has been active in all matters pertaining to growing, harvesting, contracting, sales and

legislation since the association was launched in 1964. He was also cited for his work with the Holly-Grower Research Committee.

Higginbotham did not seek reelection to the board this year. He was succeeded by Ed Wieck of Umbarger.

The resolution, signed by Boston, stated, in part:

"Be it resolved that the board of directors of the Texas-New Mexico Sugar Beet Growers Association, Inc., for loan on behalf of the organization and all of its members, has on this the 5th day of February, 1973, unanimously determined that special recognition should be given to Raymond Higginbotham for his service to the organization as a director. "It is a pleasure on behalf of

SCS Office Warns: Avoid Soil Erosion

High winds in the area are becoming an increasing danger to area farmers and ranchers with clean, or fallow fields as topsoil becomes loose and dry in the early spring months, according to J.C. Brown of the local soil and water conservation service.

Some wind erosion of soil in the area has already taken place, he said, due to gusts of up to 60 miles per hour in the past week. Brown said that most of the damage was due to fields left fallow with inadequate crop residue to prevent shifting of

topsoil, or fields that were not planted in crops last year.

He also mentioned grazing cattle as an additional cause of loose topsoil, and fields plowed in rows running north and south, since the high-speed winds were out of a north-northwest direction.

Brown warned that the months of March and April would bring the greatest amount of wind damage, and listed preventive measures to help preserve topsoil on fields.

Listing or chiseling topsoil to bring up clods were two

methods suggested by Brown, who added that feedlot manure could also be added at about ten of 20 tons per acre to prevent creeping, or blowing of the soil. "This is a reminder as to what can happen this spring," said Brown.

H.L. Watson Is Buried Tuesday

The funeral of Harvel L. Watson, 60, of 119 Lake St., was conducted Tuesday afternoon in Rose Chapel of Gilliland-Watson Funeral Home, by the Rev. Clarence Powell, pastor of Trinity Baptist Church. Gilliland-Watson Funeral Home directed burial in West Park Cemetery.

Mr. Watson died Saturday evening in a hospital here after a long illness. He had lived in Deaf Smith County since 1943, when he came to Farmersville.

He was born there Jan. 19, 1913, and married Pat Busby. Her death occurred in 1943.

Survivors are four sisters, Mrs. H.L. Smith, Geraldine Carr and Marie Teague of Hereford and Vera Stewart of Carlton; two brothers, E.D. and Tice Watson of Hereford.

Early Resident's Funeral Is Held

Funeral services for Mrs. W.H. Russell, 90, of Hobbs, N.M., who came to Hereford in the town's early years and was a resident for many years, were conducted Tuesday afternoon in First Christian Church, where she had been an active member.

The Rev. Eugene Brink, minister, officiated. Burial in West Park Cemetery was directed by Gilliland-Watson Funeral Home with grandsons of Mrs. Russell as pallbearers.

Mrs. Russell died Saturday morning in a hospital at Hobbs. She was the former Nora Alice Daniels, born Jan. 5, 1883 in Era, Cooke County. She came with her mother, a pioneer hotel manager here, to Hereford in 1902 and married William

Henry Russell in March, 1905.

He served as county judge and practiced law here until his death in 1950. Mrs. Russell is remembered by longtime Hereford residents as an enthusiastic football fan, who had one or more sons playing on every Hereford High team for 20 years.

Five sons survive her: L.B. Russell, principal of Walcott School, Jess of Houston, Artis of Coronado, Cal., Daniel of Chicago and Jack of Kansas City, Kan.; also two daughters, Ruth Barrett of Hobbs and Nora Jane Giffen of Levelland; a sister, Mrs. A.G. Bell of Hereford; 16 grandchildren and three great-grandchildren.

Small Talk

BY SUE COLEMAN
Women's Editor

THE OTHER DAY I was reading something about old-time watches for men, and the writer referred to dollar watches and called them Westlock watches.

Improbable as it sounds in these days of affluence and inflation, a dollar watch was a fact that I can remember, but I never heard them called anything but Ingersolls. May be there were dollar Westlocks, too, or maybe the Westlock company made Ingersolls?

If anybody knows the answer, I'd appreciate hearing it, since the Ingersoll watch has a nice warm spot in my memory.

When wrist watches became acceptable, after a period when any man who wore one was promptly tagged a sissy, Ingersoll came out with wrist watches as well as the original pocket watch.

IN FACT, THERE was a model designated "for ladies." The timepiece was bigger than a dollar and the bracelet was a leather strap.

The price was more than a dollar; seems to me it was \$2.50. Maybe that was the start of inflation, with reckless spenders willing to pay more for a new-fangled model.

Of course I mean spenders among the peon class—wealthy people who might be making \$150 a month paid much more for tiny gold watches much like those we wear today. Those were scarce, though, worn by the wife of a banker or a lucky girl whose beau could arrange installment payments at the jewelry store.

Anyway it was an Ingersoll, not a Westlock, that I remember and it makes me wonder if the writer of that piece was attributing the wrong name to the wrong period of time. Writers often do, delving into the past and getting something 20 years or more out of its proper time.

ONE THING I'D ESPECIALLY like to set straight, because I've

read it so often in recent years that it must be accepted as a fact by moderns. That is the expressions "23 skidoo!" and "Oh, you kid!" as something that was said frequently in the roaring twenties.

If we ever used those phrases then, it was as a joke because they were too far out of date for words—something our grandparents said back in the gay nineties and so to us quaintly country.

They seem likely to go down in history as colorful slang of the flapper era, but no flapper would have been caught dead saying them!

THE OTTO OLSONS enjoyed the account of the presidential inaugural doings in Washington last month as related by their grandson, Larry O. Pettyjohn of Phoenix, a former Hereford resident. He received one of 20 invitations to the ceremonies which Senators Barry Goldwater and Paul Fannin has requested for their young Republican constituents in Arizona.

Larry is a Republican committeeman from his district and said he was surprised as well as pleased to get the invitation. He attended the Salute to American Heritage, the inauguration of President Nixon and Vice President Agnew and the youth ball at Park-Sheraton Hotel.

His parents are Mr. and Mrs. Harold E. Pettyjohn of Phoenix. In addition to the grandparents, he has an uncle, Lloyd Olson, here.

WE GOT THE JOURNALISTIC WHO, what, when and why into a report of a Wyche Extension Club meeting last week, but missed that other "W", where. The club reporter says it meant more than the usual "where", because the club met with Mrs. L.B. Worthan in her new home at 137 Nuaces.

Books On Texas Supply Program

A program on Texas was enjoyed by La Affiliata Estadio Club Tuesday, given by Mrs. A.M. Henson and Mrs. Emmett Hale. Mrs. Henson used Blanche Scott Rutherford's book, One Corner of Heaven. The book told of the author's early life and experiences in Harmony, an early town in Floyd county.

Mrs. Hale used Chuck Wagon Windies by Lena Shawver and related early day experiences concerning cattle drives. She also told about John D. Stetson, who created the Stetson hat, worn by many cattlemen in early times.

Newcomers

Plan Party

A treat-your-husband party on the eve of St. Valentine's day was planned by the Hereford Newcomers Club at a recent business meeting in the home of Mrs. Ronald Bridges, president. It is scheduled at 7:30 p.m. Tuesday at Big Duddie's Restaurant.

At noon of that day the club will have its monthly luncheon at Community Center, with all newcomers in the community invited. Another business session in Mrs. Bridges' home was set for 7:30 p.m. Feb. 15.

Plans were made for a style show, open to the public, to be held March 6 in First Baptist Church, also further plans for the contest which the club will sponsor May 5 in the high school auditorium.

Mrs. C.J. Houston was named secretary to replace Mrs. Terry Schenhardt. The business meeting followed a salad luncheon with a program presented by Genevieve Miller, executive secretary of Deaf-Smith County Red Cross Chapter.

Newcomers present for the first time were Mrs. Rodrigo Elizondo, from Korea; Mrs. John G. Adams, Ohio; Mrs. Ted Lockhart, Burger; Mrs. James Wankley and Jean Baxter.

The club met in the home of Mrs. Al Hewitt with Mrs. Sam Morgan presiding over the business meeting. Della Stagner gave a report on last Tuesday's federation meeting with Willie Weaver giving a very interesting program on his

experiences as teacher in Okinawa and West Germany. He had pictures and an interesting story.

Mrs. Walter Johnson brought the thought of the day with her subject being attitude hints. She gave several examples of

good attitudes and rules to live by. She said to notice the change after several days.

Those present also were Mrs. Lattie Clark, A.H. Cook, B.F. Markham, S.C. Ramey, Claude Ricketts and Glenn Witherspoon.

Member Reviews Novel For Club

A member's interpretation of the latest novel by Taylor Caldwell, Captains and the Kings, made an interesting program for La Plata Study Club Tuesday evening, when Mrs. Joy Beaton was hostess in her home.

Mrs. Annel McDowell was the reviewer who presented the story of an Irish immigrant who

rose to fortune and power in America during latter years of the nineteenth century, and members of his family.

Miss Caldwell's novel covers a wide period of time and a large cast of characters dominated by her portrayal of the ambitious and ruthless Irishman. Members were assigned

duties as business in Deaf Smith County Museum during March. Plans were made for a guest night program Feb. 20 in Community Center.

LINDBERGH TESTIFIES Charles A. Lindbergh testified against the proposed Lend-Lease Bill in House hearings on Jan. 23, 1941.

Graveside Rites Scheduled Today

Harvey Homer Marshall, 90, a resident of Westgate Unit at Kings Manor Retirement Home, died Tuesday afternoon in Deaf Smith General Hospital after a long illness. A graveside funeral service will be conducted at 10 a.m. today in West Park Cemetery.

Presbyterian minister, will officiate and Gilliland-Watson Funeral Home will direct burial.

Mr. Marshall, a retired plumber, had lived in Hereford since 1928 when he came from Clyde. He was born Sept. 4, 1882, and married Martha Dobbins May 15, 1908 at Clyde.

Trips In View For Kappa Iota

Two out-of-town trips were planned in Kappa Iota Chapter of Beta Sigma Phi at a Tuesday evening meeting, one to Girlstown U.S.A. at Whiteface, to visit residents whom the chapter has been assisting, and the other to Amarillo for ice skating and dinner.

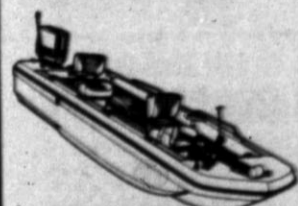

A date in the spring will be set for the Girlstown visit. At the first meeting in March, members will bring gifts to be taken to the girls there.

Meeting at the parking lot at Community Center at 6 p.m., members will drive to Amarillo for the skating party and then have dinner at a restaurant there.

Mrs. Tim Gearn and Mrs. David Block were hostesses Tuesday in the Kenny Gearn home Mrs. Robert Devin gave the program titled Nature, discussing that broad subject in three areas: Nature related to personal happiness, to religion and to beauty.

Plainsmen Slip Up On Whitefaces, 44-40

BY G. G. NEWMAN

Publisher
A five-point Hereford lead with 2:55 left in the game had Whiteface fans delirious Tuesday night at Lubbock, but the elation changed to frustration when the Monterey Plainsmen rallied for a 44-40 triumph in the District 4-AAAA second-half opener.

advantage late in the contest, but four straight turnovers by the Whitefaces turned the game around and pinned Hereford with its third straight district loss.

It was another great team effort by the Herd, hobbled by injuries to key players, with pint-sized Mike Mayberry and tall Dan Vander Zee sparking the attack. Mayberry, showing no signs of a shoulder injury,

had perhaps his finest game of the season as he directed the attack in absence of Terry Scott and Keith Kitchens. Vander Zee led the scoring with 12 points and had a strong game on the boards.

Vander Zee was the only Whiteface in double figures, however, as James Harris came in with 8 points and big Gary Hicks was next with 6. Mayberry and Duvall had 4

points each, as did Terry Scott—who came off the bench with a heavily-taped ankle for spot action. Steve Myatt hit 13 for Monterey, and big Dan Irons added 12 for the winners. Hicks and Duvall did good jobs rebounding, but didn't get many shots.

Hereford had one more field goal than the home team and won the rebound battle by 36-27, but again the free-throw line spelled the difference. Monterey connected on 8 of 12 free shots, while Hereford was just 2 of 5—with Mayberry being the only shooter for the Herd.

It was the same story in two previous close defeats, with Hereford losing at the free-throw line to Coronado and Snyder. Despite the injuries to

key players, the Herd almost pulled off triumphs in all three games—losing by a total of eight points in the last three outings. Alan Cornelius joined the injury list this week, spraining an ankle Monday afternoon.

After trailing by 12-10 at the end of the first period, the Herd came back to take a 24-21 advantage at intermission. In an unbelievable third quarter, each team scored only four points and Hereford still led by three, 28-25, going into the final stanza.

Mayberry fed Vander Zee for a layup and James Harris drove through the Plainsmen for a basket as Hereford jumped to a 36-31 lead with 2:55 remaining. Then disaster struck, as the

Herd committed four turnovers, and Monterey cashed in for six points and a 37-36 lead with only 1:51 left.

Hereford missed at the foul line and Monterey went into a delay, took a wide open shot under the basket and moved to a 39-36 lead with 1:20 left. Vander Zee countered with a shot in front of the basket to cut the margin to one point, but Steve Myatt hit two free shots on a called intentional foul and it was 41-38 with only 38 seconds left.

Hicks hit a crucial shot with 22 seconds left, but Hereford had to foul again to stop the Monterey delay. Christie hit

both ends of a one-and-one, and it was over as Monterey took a 43-40 lead with 16 seconds left.

Hereford also lost both of the preliminary games. The Herd JV lost a 74-41 decision, falling behind by 27-15 in the opening period. John Stoy led Hereford with 12 points, and Lynn Tarr hit 11.

The Hereford sophomore were defeated by 78-48 in the opening game, as Monterey used two teams and finished with 30 points in the final period.

Craig Nieman led Hereford with 14 points, followed by Marvin Harris with 9.

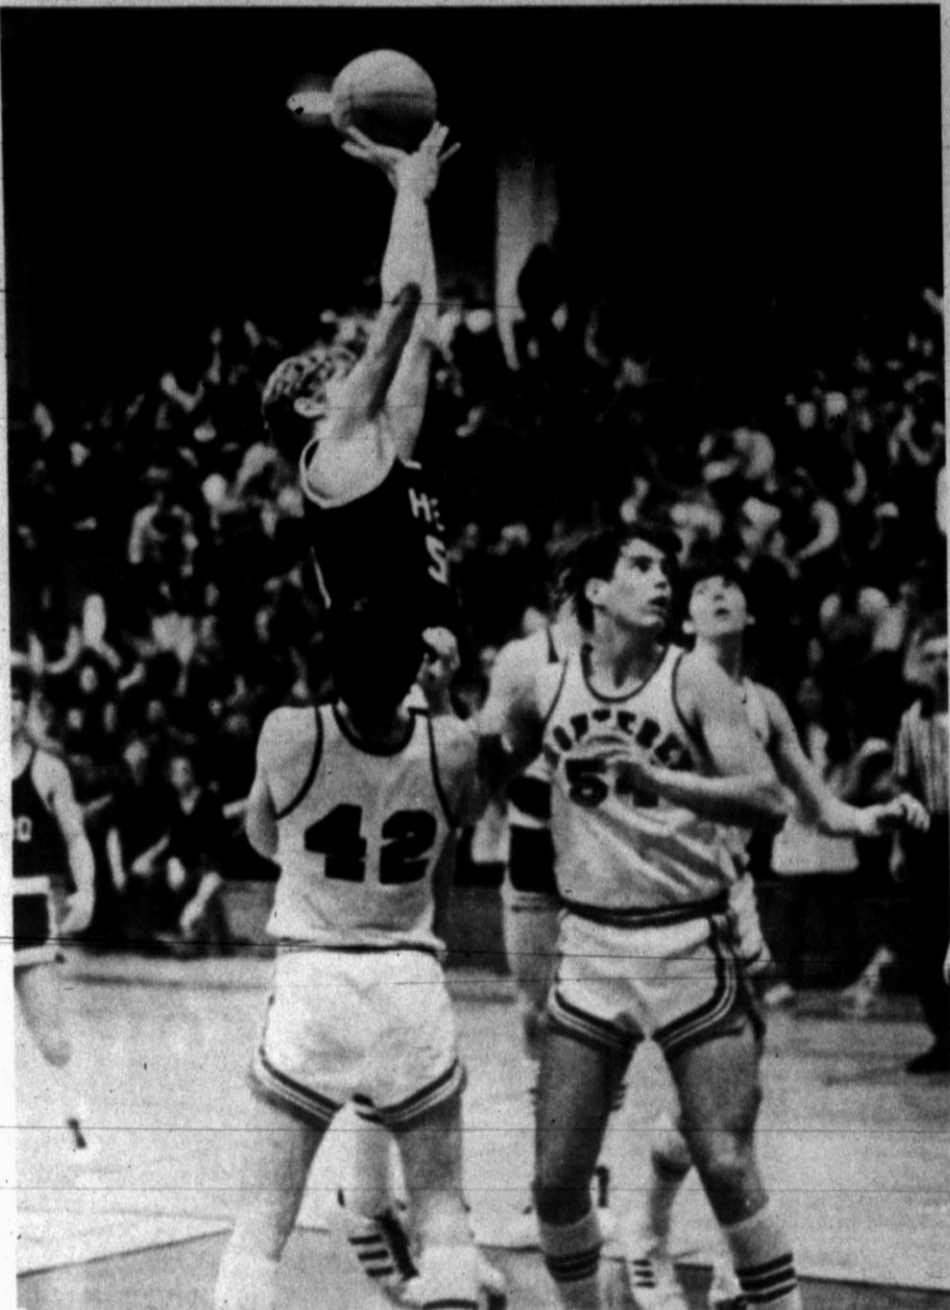

Hereford will host the Lubbock High Westerners Friday

night at La Plata Gym, with the soph game set for 4:30 p.m. and the JV contest at 8 p.m.

H-10	14	4	12-40
M-12	9	4	19-44

HERD—Vander Zee 6-0-12, Harris 4-0-8, Hicks 3-0-6, Mayberry 1-2-4, T. Scott 2-0-4, Duvall 2-0-4, Mays 1-0-2. Totals 19-2-40.

MONTEREY—Myatt 5-3-13, Irons 6-0-12, Davidson 3-1-7, Christie 2-2-6, Taylor 2-0-4, Goyno 0-2-2. Totals 18-8-44.

NO CONTEST FOR VAN—Hereford's Dan Vander Zee pops up from the midst of three Monterey players, to take a shot during Tuesday night action at Lubbock. Monterey's Steve Myatt (42) and Dan Irons (54) watch in vain as big Dan fires the shot. Hereford lost a close 44-40 decision in the opening game of second-half play in District 4-AAAA. Vander Zee led the Hereford scoring, while the Monterey cagers pictured led the winners. It was Hereford's fourth district loss—all by close margins.

Golfers Will Tee Off Season Today

The Hereford High School golf team tees off on the 1973 season today, hosting the Dalhart team on the John Pitman Golf Course.

Coach Jim Homes is optimistic about team prospects, with four regulars included among the 12 candidates. He anticipates a real battle for the top five berths, which must be decided by the time District 4-AAAA play starts March 9.

Holmes will have two 5-man teams in the district tourney rounds, with one group being designated as the "B" team. The district schedule will have meets at each city—Hereford, Lubbock, Plainview and Snyder.

The four returning regulars are Tom Coneway, Bill Carruthers, John Jorde and John Martin. Several golfers up from the "B" team and several newcomers are expected to vie for top berths.

A surprise candidate for the team is Keith Kitchens—the Whitefaces' fine all-around athlete. He elected to switch from track to golf this year, following an injury sustained in basketball. A broken foot sidelined him from basketball action, and it was feared the injury would hamper his performance on the cinders.

Others vying for team positions include Joe Priddy, O.H. Seamands, Kelly Lea, Rex Lee, Jim McNey, Eddie Ambold, and newcomer Shane Lockhart.

The remainder of the golf schedule:

- Feb. 15-16—at Roswell
- Feb. 23-24—at Andrews
- Mar. 9—SNYDER
- Mar. 16—LUBBOCK
- Mar. 23—PLAINVIEW
- Mar. 30-31—AMARILLO
- Apr. 6—HEREFORD
- Apr. 13-14—Regional
- May 3-5—State Tourney (4-AAAA tourneys in caps)

Volleyballers Mavs Capture Two Victories Nip Palo Duro

The high school girls volleyball team ran its early-season mark to 2-1 Monday with a win over Palo Duro while the junior varsity team in its first outing, fell to the host Amarillo team.

The varsity won, 20-18 and 16-7 for its second win of the season and the junior varsity was defeated, 15-2 and 15-11.

The varsity competed in the Key City Tournament in Abilene last week and won its first match against Perryton. The team nipped the Perryton squad, 15-12 and 15-9 and lost 10-15 in the best-of-three match.

In the second game of the tournament, however, the Sweetwater squad handed the locals their only defeat, winning 15-9 and 14-12.

The next games for the Hereford team will be Saturday when they are entered in the Berger Tournament.

The La Plata Mavericks picked up a doubleheader sweep from Clovis Marshall Junior High Monday night in preparation for today's three-game slate against Canyon Purple.

The ninth grade was idle Monday but the seventh and eighth grades both picked up wins. The seventh grade won, 33-23 and the eighth grade grabbed a 48-43 win.

Kent Ellis paced the seventh grade win with 10 points as they upped their season record to 12-8.

La Plata led, 12-4 at the end of the first period, 23-9 at the half and 31-14 at the start of the final stanza.

In the eighth grade contest, Roy Martinez chipped in 19 points to lead the winners to their 15th win against seven losses this year.

The Mavericks were up 12-6 at the end of the initial quarter

FHA Banquet Set For Saturday

A new quarter system is rapidly taking effect in many schools throughout the state and will soon find its way into the Hereford system. It will consist of a four quarter school year extending all year. The student will choose the three quarters he wishes to attend. However, he may go all four quarters if he desires an early graduation. We asked the students and teachers of HHS their opinion on this matter.

"I think it has possibilities."—Cheri Mason, junior

"One good quality would be early graduation. I think it would divide school unity, though. You couldn't have activities we have now. The only reason I want it is to get out of school fast."—Shiela Lea, senior.

"I like it the way it is, getting out in the summer."—Ralph Scott, senior.

"I'll have to try it to find out."—Charles Sweeney, junior.

"I think it would help more people, mainly teachers whose husbands or wives work at different times and get off with their families. Personally, I will go to school and college like I do now."—Patti Turrentine, senior.

"It's alright, but may have some bad points."—Shelley Hacker, junior.

"I think it's going to be a real good deal, if they get it organized well enough to work."—Randy Williams, junior.

"I feel that it will divide the school, where there will be no unity, and a downfall in school spirit."—Jane Parsley, junior.

"I feel it will divide up your friends."—Kathy McCathern, junior.

"Under the quarter system, a greater number of students can attend classes in the same amount of space needed for the bi-semester system. Under the quarter system I would teach approximately the same number of days exactly like I teach now."—Mrs. Symons, social studies.

"I think the four-quarter system would allow a student to finish school at his own pace, it's a good idea."—Rita Betzen, senior.

"The system would allow persons to be more flexible, students and teachers alike. I would like the privilege of teaching a summer quarter and taking a fall or winter vacation. Too, grades would be given less often, so fewer six-week tests."—Mrs. Bell, English.

"I think it would be just fine if they got air-conditioning for the summer. It would affect me personally."—Debbie Hoover, senior.

"I personally don't see any difference. I won't change my schedule. I will still take the summer vacation like I always do."—Diedra Dziuk, junior.

"I think it would be advantageous for several reasons. If would allow students who desire to graduate earlier to do so, and pursue their college career and other interests. Some people may think this would be harmful, but I feel that students today are more mature and can handle responsibilities sooner than in the past years. Another advantage would be that the student could choose the time of the year he wanted to attend school."—Mr. Vaughn, assistant band director.

"Some good, some bad. It would create a problem for one semester courses."—Mrs. Neill, librarian.

"More courses offered to meet requirements, cause problem in scheduling, should offer more course variety."—Coach Arthur.

"Give people an opportunity to graduate earlier and go into their selected fields of study."—Suzanne Hewitt, senior.

"I think it would work well and be helpful in large urban schools but will probably not affect small rural schools to a great extent."—Wayne Hodgson.

"I don't like it because I don't like the idea of being separated from my friends and possibly having to go to school in the summer."—Gayle Gripp, junior.

"It's alright because you can choose when you want to go to school."—Jerry Brock, junior.

"In the long run it would be an advantage because the student could take more courses."—Miss Warwick.

"Love is..." is the theme for this year's FHA Sweetheart Banquet scheduled for 8 p.m. at the Hereford High School Cafeteria. 150 persons are expected to attend the affair with all the Hereford chapters attending.

Entertainment will be given by Tonya Jayroe and Company. The speaker will be Steve Graham, youth director for the First Baptist Church.

Decorations consist of the "Love is..." characters and topiary trees. Flowers, mushrooms, bees, ladybugs and snails will be scattered about the cafeteria. Members of the high school chapters and the two junior high chapters are making the decorations.

The candidates for Sweetheart from high school are, Rorayl Rose, Melinda Bradley, Patricia Brownlow, and Melissa Johnson.

Candidates from Chapter I are Debbie Hoover, Shalyn Sisson, and Donna Walterscheid.

Sponsors of FHA are Mrs. Pat Kennedy and Mrs. Frank Prowell.

Baseball Season Nears For HHS's "Hustlin' Herd"

"Batter Up" That familiar sound soon will be piercing the air as the 1973 Whiteface baseball season gets underway with the first regular season game against Caprock March 2 in Amarillo.

Coaches for this year's "hustlin' herd" are Aaron Bourland and Jim Arthur.

Work-outs for the season began in January. There are approximately 29 boys going out for baseball with a few still in basketball who will be joining later in the season.

The two captains elected by the squad to lead the Whiteface's this year are Ricky Locke and Ricky Peters.

Council Plans Twirp Week, Sadie Hawkins

This year twirp week will be Feb. 11 through 17. Activities are still in the planning stages. However, Sadie Hawkins day has already been planned. It will be on Valentine's Day. Everyone will want to dress up like Lil' Abner and Daisy Mae. There will be several Sadie Hawkins Day activities planned which will be announced at a later date.

During this week girls are encouraged to ask boys for dates. The night time activities will be left up to the individual instead of having the Student Council try to plan activities for everyone. There will be a Twirp Dance however, at St. An-

CLEANING UP—Printing trades students Martin Silva and George Lunda lend a hand in cleaning the school's graphic arts classroom following the recent blaze which damaged HHS' vocational wing.

Class Recovering After Fire Damage

The Printing Trades class had just completed a number of forms and had an ample supply for the city schools when the production was suddenly halted by the school fire.

The class is now getting back into harness with a bag of orders such as hall passes, envelopes, letterheads, memo pads and numerous other forms that keep the Hereford schools running smoothly.

One of the major changes is the addition of an adjacent office which had been occupied by Byron Terrell and Gene Brock. This will provide better planning and filing system for their work as well as to make more working space in the classroom.

The darkroom is being brought up to date for complete photographic and lithographic processes.

Band Performs For Banquet

The Hereford High School Stage Band performed concert for the annual Chamber of Commerce Banquet at 7:30 p.m. Feb. 1 at the Bull Barn in Hereford.

Gene O'Rear, the director of the Stage Band was asked by the Chamber of Commerce to entertain the members in an hour concert.

Among the selections played were "Round and Round", "Basin Street Blues", "Hawaii Five-O", "Joy to the World", "Theme from Shaft" plus many others.

HHS Art Students To Enter Amarillo Show

Several of Mrs. Elaine Whites' art students have entered pieces in the Scholastic Art Award Regional Contest at Western Plains in Amarillo. Entries from area high schools and Junior highs will be on display February 10th-24th, and will be open to the public.

Entries were judged according to ages, on Feb. 4th, by a committee of art teachers and art authorities from the Panhandle region.

Regional exhibitions give students the opportunity for local recognition. National honors are scholarships, gold medals, cash awards and the honor of display at the National High School Art Exhibitions in New York. Winners of gold key awards will be printed in Scholastic Magazine, published under the National Gallery of Art.

There are 15 entries from Hereford in the show. Students are Rhonda Stephan, Terry Swindell, Sharon Stone, Jennifer Smart, Donna Grady, Melissa Johnson, Lorna Douglas, and Wayne Moton.

The categories of art work entered are opaque, water color pencil, drawing, charcoal, mixed media graphic design, apparel design, textile design and color photography.

CYO Plans Twirp Dance

In an effort to raise funds for the CYO senior trip, which will take members to Ft. Worth to visit Six Flags Over Texas, the group will hold a dance at St. Anthony's auditorium. The dance will be scheduled during Twirp Week, which will begin Feb. 11. Admission will be \$1.75 per person and \$3.00 per couple.

Speech Tourney Held Recently

Hereford High School held its fifth Annual Forensics speech tournament last Saturday.

Twenty-one schools participated in six events ranging from duet-acting, prose and poetry interpretation, to informative and persuasive speaking. In all events except duet-acting speakers were categorized in boys and girls events.

A total of 312 high school students took part in the competition, trying for 24 trophies and 40 medals. A sweepstakes trophy was given to Muleshoe for being the school with the most winning points at the end of the day.

A record number of 100 members form the Hereford community offered their time and consideration to help judge the contestants in the all-day event.

Team Places In Amarillo Rodeo

The Hereford High School Rodeo Team competed in the Amarillo High School Rodeo Feb. 2 and 3 in the Fair Park Coliseum.

The Rodeo consisted of 750 participants from Texas, Oklahoma, New Mexico, Colorado and Kansas.

The students placing from Hereford High School were Mike Arnold, placing first in team roping, and third in chute

Girls Volleyball Season Begins

The season is getting underway for the 1973 Hereford High School girls volleyball team, with the Varsity team playing their first games Friday and Saturday, in the Abilene Tournament.

The Varsity players are; Kathy Bolinger, Renee Self, Alice Cambell and Shirley Moore. Also Margaret Salazar, Irma Aguilar and Amelia Serrano.

Results of the Abilene Tournament are as follows: First games, Hereford vs. Perryton. Hereford winning the first game 15-12, Perryton second game 15-10, Hereford, third game 15-9. Second game Hereford vs. Sweetwater. Sweetwater winning both games 15-9 and 15-12.

Mrs. Donny Laughlin, HHS girls P.E. teacher, serves as coach for both varsity and junior varsity teams. The teams are made up of sophomore, junior, and senior girls. The teams will be playing in three tournaments including the Abilene Tournament.

Varsity matches start 20 minutes after end of J. V. matches

Club Is Taking New Members

If any sophomore, junior, or senior girl wants to join Tri-Hi-Y, she may do so if she passes the following requirements. She must attend three consecutive meetings, memorize the purpose, slogan, prayer, and benediction. She must also present a letter before March 5 from her pastor, a teacher and herself stating why she thinks she is eligible for membership. The letters are to be given to the sponsor, Mrs. Betty Mercer or to one of the officers. Tri-Hi-Y is a Christian organization and its purpose is to help others.

RODEO TEAM DANCE SCHEDULED

Hereford High School Rodeo Team parents will sponsor a dance Feb. 10 at the Little Bull Barn to raise funds for the teams rodeo in March.

The Maines Brother will provide the music, beginning at 8 p.m. and continuing through 1 a.m. Admission is \$2.00 per person and \$3.50 per couple.

There are 70 million books in American libraries, but the one you want to read is always out. (Tom Masson)

Guest Is Speaker On Americanism

An Americanism seminar sponsored by Freedom Foundation at Valley Forge, Penn., for three weeks last summer was the basis for a talk by J.M. Slavik of Nazareth to the Hereford American Legion and Auxiliary Tuesday evening at a joint meeting in the Legion Hall.

Slavik was the Texas teacher selected to attend this seminar in 1972 with a scholarship given by Legion Auxiliaries of the state. A teacher is chosen each year under this program; credit for college graduate study is given those who attend. Slavik was nominated by the Legion

Auxiliary at Nazareth. His subject Tuesday evening was Preservation of the American Way of Life. He discussed responsibility of the individual citizen in this matter, after he was introduced by Mrs. Ira Ott, Americanism chairman in the local Auxiliary.

A short business meeting followed the program, with the Valentine party planned for Feb. 14. Refreshments will be served and games played at this party.

Dr. John English, director of Kings Manor Retirement Home will be in charge of the March 6 program.

Numerous Events Slated For Club

Hereford Jaycee-Ettes will travel to Friona Monday for an orientation with Friona and Plainview Jaycee-Ettes. Mrs. Bill Johnson, chairman of Friona Extension will hold the orientation.

Plans were made for this event and others at a meeting Tuesday evening in the SWPS Reddy Room, with Mrs. C.L. Hollingsworth and Mrs. Larry Bean as hostesses.

Mrs. Bean gave the invocation followed by a speech from John Bunch, a Hereford Jaycee who has been elected area 1-A vice-president.

During the business meeting constitutional revisions were made and members voted to

help with the Heart Fund Drive Sunday afternoon. A bake sale was planned for Feb. 24.

A sales party was voted to be the ways and means project, and a report on the Mothers March of Dimes was given.

Along with seven Jaycee-Ettes who attended the winter district convention last weekend was Mrs. Richard McCutchen, the wife of a Hereford Jaycee and a new member of the Jaycee-Ettes.

Reports were given by Mrs. Bill McKinney and Mrs. John Bunch on the Happy Sit-in-ben which was held the last Tuesday in January. A Work Forum at Friona which Mrs. Bunch attended and entered the

beauty contest of Jaycee wives, was also discussed.

Members present were Mrs. McCutchen, the new member,

and Mmes. Bill Bankston, Jerry Tidale, Harvey Milton, Dan Warrick, Mark Smart, Tom Rambo and Steve Carroll.

Lawyer Is Speaker

A program on Wills was given by Tom Burdett, Hereford attorney, to the Young Homemakers Club of Texas at its meeting Tuesday night in Pioneer Natural Gas Flame Room.

Assisting Burdett with the program were Mrs. Jim Culpepper and Mrs. Charles Weatherford. A question-answer session followed the program with guests and

members taking part.

A short business meeting, called to order by Mrs. Weatherford was held, with discussion on a Valentine party at which members will entertain their husbands Friday evening in SWPS Reddy Room. Honored as guests were Ray Berend, Mrs. M.T. Burlesmith, chapter advisor and Sharyl Sisson, the club's little sister from the high school chapter.

Sheriff Sets Art Display

Sheriff Travis McPherson will present a one-man art show beginning Sunday at the Music Stand.

McPherson will have approximately 20 paintings on display at the restaurant located at 628 W. First.

The display will be on exhibit for one month.

CHINA STIRS

Chapter Business Meeting Is Held

Plans to confer the Order of the Rose on Mrs. Bill Kendall and Mrs. Hicks Roberson were made at the meeting of Alpha Alpha Chapter, Beta Sigma Phi, Tuesday night. This honor is given to members who have served with great devotion and hard work.

A 25 year certificate was planned to be given to Mrs. Joe Story. These honors will be given in April at spring rituals.

A business meeting was held when the club met in Hereford State Bank Hospitality Room. Mrs. Harold Beauchamp hosted the meeting. A report on a recent benefit dance and plans for the Beta Sigma Phi Valentine dance were discussed. Tuesday was the deadline for the guest list for the Valentine dance, which will be held Saturday.

A leave of absence was granted to Mrs. Larry Summers. Appointed to the city council was Mrs. Howard Gore, she will take the place of an absent member, with Mrs. Roberson appointed as alternate.

A guest was honored at the meeting, Mrs. Jim Aldridge of Dimmitt.

Other members present were Mmes. Nolan Grady, Joe Story, Howard Gore, Ollene Williams, Max Stipe, Chuck Laing and R.J. Cramer.

Rites Held For Mother Of Hereford Man

Funeral services were held Tuesday in Woodville, Tex. for Mrs. Edna Panciera, 80, of that city. Mrs. Panciera was the mother of Ted Panciera of Hereford.

She is also survived by a daughter, Mrs. Edna Collier of Woodville and three other sons; Emil of Dallas, Morley of Canton, and Guy of Phoenix, Ariz.; and nine grandchildren.

Many a career is wrecked for lack of ambition to pole its boat through the rapids of life.

Q. The foreman's job in my
plant is vacant. I want to
promote one of my men to the
position. How much can I pay
him?
A. Bona fide promotions to
positions of greater skill, effort
and responsibility are exempt
from the Pay Board's wage and
salary standard. This means
you can raise the employee's
pay to the level of the previous
foreman without regard to the
5.5 per cent limitation.

**Questions
and
Answers**

Q. Because of revenue
sharing, my county is reducing
it property taxes. Does my
landlord now have to reduce my
rent?
A. Yes. Your landlord must
reduce your rent to reflect
reductions in real property
taxes.
For the formula for rent
reductions based on decreases
in allowable cost items, such as
real property taxes, landlords
should consult the Sept. 28, 1972,
Federal Register. It may be
obtained by sending 20 cents to
the Superintendent of
Documents, U.S. Government
Printing Office, Washington,
D.C. 20402.

Q. How much may a hospital
raise its prices?
A. A hospital may increase
prices to cover certain in-
creased costs for labor, supplies
and technology. A hospital can
raise its price without
notification by no more than an
annual average of 2.5 per cent to
reflect these costs. If annual
price increases average be-
tween 2.5 and 6 per cent, the
institution must notify the In-
ternal Revenue Service and the
appropriate Medicare in-
termediary.
To raise the average of prices
by more than 6 per cent, an
institution must apply for an
exception. The application first
goes to the State Advisory
Board for approval or disap-
proval; then, the application is
filed with the IRS district of-
fice; and the final decision is
made by the Price Commission.
For more details, see IRS
Publication S-3014, "Price
Controls and Health Care
Services." It's available free
by dropping a postcard to your
Internal Revenue district office.

Q. May a landlord increase
the security deposit when he
rents an apartment to a new
tenant?
A. Yes. The landlord may
increase a security deposit
when an apartment is rented to
a new tenant if he can show that
his customary practice before
Aug. 15, 1971, was to increase
the deposit when the rent was
increased.

Q. What records are required
to be kept by employers for
documenting compliance with
wage regulations?
A. Generally, those records
that should be kept by an
employer are the details of all
wage, salary and benefit ad-
justments. This would include

Goodwill Does Part In Recycling

BY LORI HOPSON
Staff Writer

With more and more emphasis directed toward the environment and the steps being taken to protect it, there has been a trend toward recycling such articles as metal cans, bottles and newspapers to prevent them from harming the environment.

There is one organization, however, which is way ahead of the rest in this step, modestly conducting a major recycling project since 1902.

Goodwill Industries of America collects discarded furniture, clothing and household items and repairs them and re-sells them in 147 U.S. and 26 foreign centers.

The Goodwill program also applies this "waste not, want not" philosophy to people, employing more than 85,000

handicapped or disabled individuals who want to learn skills to help themselves.

"This is what it's about at Goodwill industries," says local manager Danny Bumpass. "Ecology starts with people—learning to use some of their physical abilities to help the world around them. Goodwill helps people to learn how to depend on themselves."

Goodwill's local store receives the greater part of its merchandise from its Amarillo plant, with only about 5 per cent of the items on sale donated by Hereford citizens, according to Bumpass, who added that all items donated locally are first sent to the Amarillo plant for repair, cleaning and pricing before they are returned to the Hereford store.

He stressed that the main interest of Goodwill Industries,

however, is the help it provides for those who could not have an opportunity elsewhere.

"People who come here," he said, "who are handicapped or disabled—even if the business world could give them a job aren't emotionally equipped to handle the job situation. Many of them have been spoiled to their handicap, where they depend on others to do things for them, rather than doing it themselves. Goodwill can rehabilitate these people, and prove that they can do the job, and do it better."

"Goodwill does place people in other jobs, too," he said. "I'd like to see everyone get involved in Goodwill, even large companies like Armour and Holly. They have jobs the handicapped could do well, but you run into problems because of the insurance factor. They

just can't hire you. Goodwill is working on solving this problem right now."

Bumpass estimated that the Hereford Goodwill store had increased its business "say 50 per cent" in the past two years. The store was first opened in Hereford in March of 1971.

Bumpass said that what people don't realize about Goodwill Industries, is that it is not a large money-making business.

"People think that because all of our merchandise is donated, we make a lot of money," he said. "They don't realize how much it costs to sort, organize, price, clean and repair our merchandise. We also have to pay transportation costs, and salaries. Still, we maintain a 95 per cent self-supporting business."

He added that the local store

clears only about 25 per cent of the total money it takes in after expenses. This 25 per cent is used in the Hereford store to pay salaries and meet expenses. The remainder goes to the Amarillo plant for the recycling of merchandise, and eventually is returned to the local store in improvements, larger facilities, and a greater volume of merchandise.

"Goodwill is people helping people," said Bumpass, "and it works both ways."

"America is becoming so wasteful. A part of Goodwill is facing up to reality—you come to Goodwill to buy not what you want, but what you really need. This is a part of recycling, too."

On Jan. 22, 1897, Rosa Ponselle, opera singer, was born.

Hereford Goodwill store...variation on recycling

Spring Dates Set By C Of C Women

Further plans for the annual Miss Hereford pageant of April 21 were discussed, and dates for several other activities of the Women's Division, Deaf Smith Chamber of Commerce, were announced at the monthly luncheon of directors Tuesday in Hereford Country Club.

Importance of a called membership meeting for the entire Women's Division, at VELEDA CLUB TO MEET

For the meeting of Velede Study Club Tuesday evening, Mrs. Billy W. Sisson will be hostess in her home, 114 Liveoak, at 8 p.m. This is a change from the club's original meeting schedule due to cancellation of a meeting in the January because of bad weather.

2:30 p.m. Saturday in Community Center, was stressed by Mrs. Lynn Kester, pageant director. At that time members will be assigned to the various pageant committees.

Mrs. Melvin Jayroe, beautification chairman, said planning for the annual citywide cleanup campaign began at a recent meeting of her committee. This campaign is tentatively slated for April.

The first weekend in that month is the time selected for the 1973 Fine Arts Festival, Mrs. Joel Newman, Fine Arts chairman, reported.

She announced that Martin Schaffner, a painter from Taos, is to give the program for the spring membership meeting April 3, which is being arranged by her committee.

Approval of a blood donor drive, at a date to be decided, was voted by the directors. Each of the 100-plus members in the division will be asked to give a pint of blood or find a donor who will volunteer, to build up Hereford's supply of blood at the area blood bank in Amarillo.

Mrs. Rex Lee, president, said Hereford Jaycees and Jayceettes ask cooperation of the Women's Division in two community projects: formation of a committee on drug abuse and venereal disease among school-age residents, with cooperation of the schools; and entry of Hereford in the national contest for possible selection as an All-American city.

Mrs. Bill Lamm, finance chairman, outlined the 1973 budget which calls for contributions to United Way, Campfire Girls, Meals on Wheels, Satellite School and Day Care Center.

ALUMNAE GROUP FORMED—A chapter of Delta Zeta Alumnae, recently organized for this area, includes these members: From left back row, Mrs. Quentin Martin, Mrs. Lynn McLarty, Mrs. Dickie Sims, vice president, and Mrs. Jim Hudgens; front row, Doan Lusk, president, and Mrs. Ken Gill, co-chairman with Mrs. Hudgens of the scrapbook and yearbook chairman. Not pictured are Mrs. Gary Stagner, treasurer; Ann Warwick, secretary-reporter, and Mrs. Howard Gault.

Project Adopted By Alumnae Unit

Some needs at New Mexico Boys Ranch, Belen, are to be met in a philanthropic project adopted at a Monday meeting of the recently-formed Hereford Chapter, Delta Zeta Alumnae. Clothing, bedclothes and canned food will be collected for the ranch.

The chapter met in the home of Mrs. Lynn McLarty; Doan Lusk, president, conducted business. Mrs. Quentin Martin suggested aid to the boys ranch as a chapter project. New Mexico Boys Ranch has no continuous support, she said, and must depend on donations of money and supplies from interested people.

As an example of the needs there, Judy Neumayer reported that not all of the boys have pillows. Items for the collection here are to be taken to the home of Mrs. Jim Hudgens, 507 Willow Lane. Anyone who will make a contribution is asked to take the articles to her home or telephone her.

The March meeting of the chapter will be in Mrs. Hudgens' home and a receipt exchange will be held.

Handwork Auctioned For Fund

Auction of articles made by members of Delta Xi Chapter, Delta Kappa Gamma, raised money for the society's scholarship fund at a meeting Monday evening in Pioneer Gas Flame Room.

Food specialties, handcrafted and sewn articles which were the work of the 35 members present, were put up for bids by Mrs. Dick Montgomery, the auctioneer who added humor to the sale. More than \$100 was realized.

This auction, an annual event for chapter members, adds to a fund from which scholarships are granted to Delta Kappa Gamma members for graduate study.

A business session with Betty Mercer presiding was a part of the meeting, and refreshments were served in an informal social period. On the hostess committee were Meses. Fred Mulkey, John Heard, Elizabeth Wills and Tommy Bryant.

China sends students to study in England

Nearly 200 students from Communist China are to study English at educational centers in London in 1973.

Their visit is the result of negotiations by the Foreign Office which regards their instruction and experience of the British way of life as contributing to improving relationships between the two countries.

Recipes For Home Clean Aids

Home care products which can be mixed inexpensively by the housewife were listed by Argen Draper, county extension agent, as she spoke to Young Homemakers Extension Club Tuesday morning in the home of Mrs. Don Daugherty.

For instance, a window cleaner may be made by boiling water 15 minutes to rid it of minerals, then adding four tablespoons household ammonia to a quart of the water. "And if you think it looks better, put a drop of bluing in the mixture," Mrs. Draper added.

A polish for silver or other metals is made by mixing a cup of whiting, half a tablespoon ordinary detergent and a tablespoon ammonia with water to make a paste, she told the club group. The speaker warned of mixing chlorine bleach with other cleaners, as a poisonous gas may be formed.

Community Calendar

23—Campfire Girls' father-daughter banquet in County Bull Barn, 7 p.m.

MARCH

1—Lions Club pancake supper at County Bull Barn.

8—West Texas State Exes Club at Hereford Country Club, 7:30 p.m.

29—Lions Club ladies night.

APRIL

21—Miss Hereford Pageant at high school auditorium, 7:30 p.m.

Witches' covens thrive in England's Midlands

More than 20 witches' covens are meeting regularly in the Midlands area around Birmingham, Capt. Barry Irons, Church Army, said recently.

Capt. Irons, who has studied the personal problems raised by the occult and black magic, said the growth of covens was a sign of an increasing interest in the black arts, especially among educated and intellectual people.

Spain agreed to cede the Falkland Isles to Britain on Jan. 22, 1771.

Rainbow Girls To Begin Contest In Sales

A short business meeting was held Monday, when the Hereford Assembly of Rainbow girls met. Plans were made to sell candy the first week in March with two teams competing to sell the most.

Losers will have to give the other team a party. Team captains are Joan Josseland and Carmela Burges.

Kath Christie, a past worthy advisor, received from Mrs. Bill Hutson, former mother advisor, her majority. This signifies that she has reached the age limit for membership in the Order of Rainbow.

A report was given on attendance of the Hereford Assembly at a school of instruction Saturday at San Jacinto assembly in Amarillo.

Mrs. Cortez Dowlen of Canyon grand visitor for this area, presided over the meeting. The school was basically on the correct ways to conduct business meetings and initiations.

Those present at the school were Mrs. J. A. McWhorter, mother advisor, Melissa Johnson, worthy advisor, Patricia Brownlow, faith, Denise Strange, jr. past worthy advisor, Janet McWhorter, Patty Johnson, Rose Warren, Laua Clark, Carla Dobbins, Jettie Watts, Leta Nunley, Debbie Fletcher and Dalene Henson.

Members at the meeting Monday were Debbie Hoover, Jane Ellis, Jana Rav, Becky Oglesby, Carole Bogle, Cindy McCarley, Jan Ann Bullard, Betty Banks, Michelle Moore, Renee King, Jo Lynn Williams, Linda Collins and those previously named.

Visitors included Mrs. Arthur Clark, Lucille Edwards, Bill Phipps and J.A. McWhorter.

CowBelles Give Rotary Program

Three members of the newly formed Hereford CowBelles presented the program at the Hereford Rotary Club's Monday luncheon meeting.

Mrs. Bob Josserand, president of the CowBelles, spoke briefly about the club which was formed in Hereford in August of last year. Mrs. Josserand said that the club is open to all ladies who are interested in the cattle industry. She urged the Rotarians to encourage their wives to join the CowBelles.

Mrs. Joe Reinauer, Sr., first vice president of the CowBelles,

outlined the program planned for 1973.

Mrs. Reece Lawson, second vice president of the CowBelles, stated that the Hereford CowBelles are the largest of the ten groups in Texas with a membership of 115. She complimented the Rotarians on being promoters of the beef industry.

Mike Patrick, Rotary president, read a letter of "thanks" from Gary London, the 1972 Hereford High School graduate who was awarded a \$500 scholarship from the Hereford Rotarians. London is currently a student at Oral Roberts University in Tulsa, Oklahoma.

Patrick reminded members present of the board of directors meeting which will be held at 7 a.m. Monday.

Mrs. Bob Josserand...Rotary speaker

Guitar Virtuoso Is Heard By CCA Here

Guitar music a far cry from that commonly heard, the one-string plunking of folk singers' accompaniment and the electrified sound in rock groups, came from Jorge Morel's facile fingers in a concert Sunday afternoon for Community Concert Association members.

Compositions for the instrument which date from the sixteenth and seventeenth centuries opened the program, and after these reminders of the antiquity of the classic guitar, the Argentine native played selections from his native South America.

These included an etude by

Villa-Lobos and Brazilian Scenes by Savio. In the second member of the Morel Duo, percussionist Ralph Dorsey, added flashy drum accompaniment.

Morel's arrangements of George Gershwin and Leonard Bernstein compositions, plus some of his own work on Argentine and Brazilian themes, made up the program after intermission, again seconded ably by the drummer.

This was the second concert of the season for Hereford CCA, which will present its final artist group, the Lee Evans jazz piano trio, the evening of March 5.

A number of Canyon CCA members were in the audience which more than half filled the

high school auditorium here for the afternoon concert, and in turn Hereford members were at Canyon for a chamber music program Wednesday evening, since CCA membership cards from both cities are honored for admission to programs in both.

JC-Ettes District Held

Hereford Jaycee-Ettes were represented at the winter district convention in Amarillo on the weekend by seven members who took part in business and social activities, some jointly with Jaycees.

Mrs. John Bunch was the Hereford entry in speech competition, a state award program. Others attending were Mmes. Bill McKinney, Bill Bankston, Bill Johnson, Dan Warrick, Larry Bean and Robert Brown.

Mrs. Bill Blackburn of Childress was named Area 1-A vice president for the next year.

Mrs. Milton Saltzman of Pampa, the current vice president, conducted business sessions.

Mrs. Steve Johnston of Garland, state Jaycee-Ette president, was a convention visitor and spoke at the banquet.

Swiss Parliament invites visitors

Visitors can take free guided tours of the Parliament Building in the Swiss capital of Berne on Sundays at 9, 10, 11 a.m., and 2 and 3 p.m., and on weekdays at 4 p.m.

Both chambers will be in session for the winter and tourists are invited to join the spectators seated in the galleries to view the debates of the Swiss democratic process.

Players To Present Comedy Feb. 23-24

Production in-the-round Feb. 23 and 24 is scheduled for Hereford Community Players' comedy, *Come Blow Your Horn*, which is now in rehearsal. It

will be presented in the former Yardstick location in Sugarland Mall.

Directed by Meredith Wilcox, who was director for the Players' 1971 production of *The Glass Menagerie*, this show will have Juanita Owen as producer.

She is also in charge of arrangements for an exhibit of art by local painters to be viewed on the two evenings.

In the cast are David Moxon and Gordon Gearn as Alan and Buddy Baker, brothers, with Denise McCullar and Paula Haug as girls in whom they are currently interested.

Mr. and Mrs. Baker, parents of the brothers, will be played by Andy Shuval and Polly Bullard; Joyce Haug as Aunt Gussie will complete the cast.

Author of the comedy is Neil Simon, who wrote *Barefoot in*

the Park which the Players presented last year. A Broadway hit, the play was also a successful motion picture. Some of the cast members

have appeared in previous Community Players shows, while others will be making their debut to Hereford audiences.

Father Of Local Residents Buried

Funeral services were conducted Wednesday afternoon in First Baptist Church of Littlefield for Carl Lee Harrison, 79, a resident of Lamb County since 1925 who died in a Littlefield hospital Monday. He was a retired carpenter and the father of three Hereford residents.

He is survived by his wife;

three daughters, Alta, Thomas and Norene Pannell of Hereford and Lucille Whisenhunt of Lamesa; two sons, Chester of Hereford and Delbert of Amarillo; 10 grandchildren, 11 great-grandchildren, a sister and a brother.

Born at Boksis in Lee County, Sept. 9, 1893, Mr. Harrison married Nora Ratliff April 22, 1917.

Funeral services were conducted by the Rev. A.J. Kennermer Jr., Littlefield First Baptist pastor, and Bob Wear, Church of Christ minister formerly of Hereford. Burial was at Littlefield.

Mr. and Mrs. Baker, parents of the brothers, will be played by Andy Shuval and Polly Bullard; Joyce Haug as Aunt Gussie will complete the cast.

February. A good time to catch up on American history. So when vacation time rolls 'round America's heritage will have a deeper meaning to you and your family. Whether you plan to visit Washington, Boston, Philadelphia, Williamsburg, the Alamo, the Mission Trail (El Camino Real) or wherever you go in this great land, you'll be glad you took time to join with the Daughters of the American Revolution in observing February as American History Month.

HEREFORD AMERICAN GEM SOCIETY

Now kids can look it up in their own Funk & Wagnalls.

After 60 years of making encyclopedias for adults, Funk & Wagnalls has learned enough to make one for children.

It's called the Young Students Encyclopedia. And it's designed to do something more than just get them through the next homework assignment—to make them want to learn on their own.

Instead of burdening your children with tons of forgettable detail, it appeals to their native curiosity. The article on *Airplanes*, for example, illustrates an experiment children can perform at home showing how things fly. There are hundreds of other drawings, games and puzzles that not only teach but provoke, involve and entertain in the process.

In other words, it's an encyclopedia children will actually use. They'll also use it a long time.

It's designed to be simple enough for children just learning to read and comprehensive enough to serve until they're ready for an adult encyclopedia. They can't outgrow it the way they do shoes.

Which brings up another nice point about the Young Students Encyclopedia: it's intended exclusively to help children, but it helps grown-ups too.

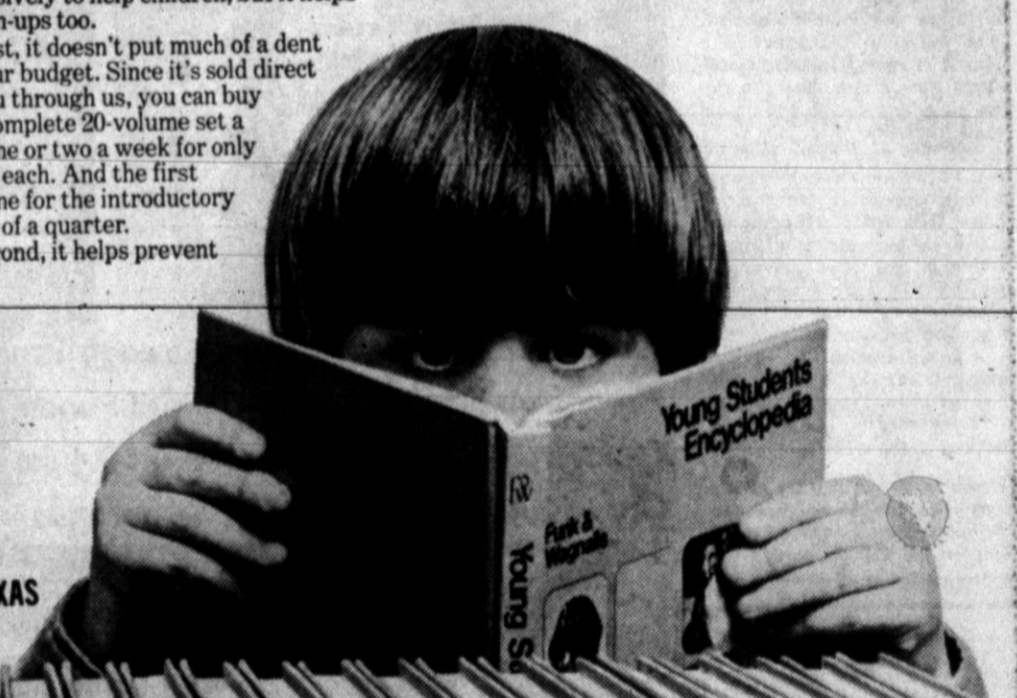

First, it doesn't put much of a dent in your budget. Since it's sold direct to you through us, you can buy the complete 20-volume set a volume or two a week for only \$1.69 each. And the first volume for the introductory price of a quarter.

Second, it helps prevent

you from doing what you shouldn't be doing anyway—your children's homework. It provides the answers; you just provide the encouragement.

So instead of just shopping for things to nourish growing bodies, come in and pick up a Young Students Encyclopedia. And nourish their minds as well.

Children Learn Through Doing

"Learning comes through doing, because the true adventure is the doing—not the end result," according to one specialist.

Jane Fleischer, family life education specialist with the Texas Agricultural Extension Service, Texas A & M University, cited nine essentials "a child needs to know to feel secure, safe and loved."

—Trust in the world. "Would you take the word of someone you didn't trust?" the specialist queried. "Of course not, and neither will a child. However, once he feels secure, he's ready to receive new knowledge."

—His own body. "A person's own body is his most important possession.

"Learning about his body through various experiences, such as the names for body parts, many opportunities for vigorous use of muscles, and dancing give a child assurances about his body along with practice in controlling movements."

—Familiar objects. "Children need many different experiences to become familiar with objects around them.

"For example, they learn a big block is better at the bottom of a tower, or you can't dig tunnels in dry sand," Miss Fleischer observed.

"Such odd bits of knowledge are the stuff thinking is made of. The larger a child's stock of information, the more detailed

his map of his environment and the clearer his thinking."

—People. "A wide knowledge of objects is useless if a child doesn't understand his relationship to people around him.

"He needs to file away all sorts of information about what to call certain people, how they relate to him, what they do for him and what he's expected to do for them."

—Time. "While taking every opportunity to introduce words and ideas of time, the parent must keep in mind that young children are just beginning to understand it.

"A child may know 'today' but still be confused that 'tomorrow'—when it comes—is also 'today.'"

—Realistic fear. "Fear is born in us to alert us to danger.

"Sensible fear is nothing to be ashamed of. Children's fears often grow out of their limited experience. A parent can help a child handle the fears by encouraging him to talk about them," the specialist suggested.

—How to handle anger. "Anger is a natural emotion, too. Like fear, it needs control and direction. Adults should help young children learn this control and direction."

—How to cope with frustration. "Every child faces many frustrations each day.

"A child beginning to cope with frustration is a child who understands the need for waiting, who willingly accepts substitutes, and who can do so many interesting things that he doesn't rely on one activity to make him happy."

—How to be responsible.

"Work that is appreciated becomes fun. Even routine chores are bearable if a person can approach responsibilities in a positive way.

"The time to develop this attitude toward work is when a child is young and naturally wants to do grown-up jobs," Miss Fleischer concluded.

State Happenings

Rep. Neil Caldwell has been appointed by House Speaker Price Daniel Jr. to the Texas Council on Marine-Related Affairs. Caldwell fills the unexpired term of former Rep. Ray Lemmon of Houston.

Texas Agriculture Commissioner John C. White has named Doland Olson of Lubbock as supervisor of the Texas Department of Agriculture's District II at Stephenville and named Raymond Houtchens, an inspector in District I (Lubbock) to succeed Olson in the supervisory position.

Leading communicable disease in the state in 1972 was influenza and other flu-like illnesses, the State Health Department reports. The leading communicable disease nationwide in 1972 was gonorrhea, which ranked second in Texas with 58,404 reported cases.

Some 4,000 Texas junior and senior high school students and

their teachers are to converge on Austin March 16-17 for the 46th annual convention of the Interscholastic League Press Conference.

The State Department of Banking has received applications for state bank charters for the Katy Bank & Trust and Sheldon State Bank, both in Harris County.

The 26th annual session of the YMCA Youth and Government program will be held in Austin

February 22-25 with about 800 delegates assembling to study the legislative and judicial process.

Dr. Kenneth H. Ashworth, vice chancellor of the University of Texas System, has been named executive vice-president of the University of Texas at San Antonio.

Texas Municipal League directors will ask the Texas Legislature to conduct a thorough study of public labor-management relations in Texas.

Heart victim 'buried alive?'

A doctor who was buried in a family mausoleum after being certified dead from a heart attack may have been entombed alive, police revealed recently in Mendoza, Argentina.

Three nights after Dr. Vincenzo Polimeni's funeral, a night watchman investigating noises found the coffin on the floor damaged and the doctor's body bore new bruises and scratches.

HEREFORD AMERICAN GEM SOCIETY

THE FAMILY LAWYER

Panic at the Wheel

Russell's first reaction, when his car knocked down a pedestrian, was panic. He drove to a nearby gas station and cried: "There's an injured man back there in the street."

Then he sped home to hide. It wasn't long, however, before the police tracked him down and placed him under arrest on a charge of hit-and-run driving.

At the trial, Russell protested that panic "can happen to anyone." Also, he reminded the court that he had at least made some effort to get help to the victim.

Nevertheless, he was found guilty of the charge. In spite of extenuating circumstances, said the court, he had committed precisely the act forbidden by statute.

This case illustrates the law's stern attitude toward the hit-and-run driver. Although panic is understandable, it is not forgivable. If you are involved in an accident, you must stop, identify yourself, and—in most states—give reasonable aid to anyone who is injured.

Does it matter if you were not to blame for the accident in the first place? Not at all. It is what happens afterward that counts. Nor is it an excuse that you "thought it was nothing serious." Once you have hit someone, it is your duty to get the facts before going on.

On the other hand, you are not guilty if you were truly unaware of the accident. In one case, a nighttime hit-and-run accident was traced to the owner of a station wagon. Telltale bloodstains and threads from the victim's clothing were found on his right-front tire.

Yet, the man swore in court that he had known nothing about it until the police came to his house. His driving after the accident had been perfectly normal, with no sign of a guilty conscience. Nor had he made any effort to remove the incriminating evidence from his tire.

A court decided that he was indeed telling the truth. Finding him not guilty, the court said: "Knowledge is an essential element of the crime."

Prices Effective Feb. 8 thru Feb. 10 in Hereford, TX.

SAFEGWAY DISCOUNT

HERE'S WHAT DISCOUNT WITH A DIFFERENCE MEANS

Our Discount with a Difference program offers money-saving prices on the wide variety of high quality meats, produce and other foods which helped to build Safeway's reputation.

When we converted to discount, we made sweeping changes in operating methods. These changes, which included new pricing methods, the elimination of unnecessary merchandising expenses, reduced our cost of doing business. Our savings were immediately reflected in substantial price reductions. We introduced our every program so popular and effective. With low prices in effect all week long, there was no longer need to postpone shopping until the weekend. Low level prices gave our customers added incentive to buy from us all of their food needs. With shopping spread more uniformly throughout the week and throughout the store, our whole business became more efficient. We streamlined ordering, stocking and price marking. We increased checkstand efficiency and lessened the possibility of errors at check out.

Savings in our costs of doing business continue to be reflected in the prices of things we sell. Shop Safeway for the finest foods and a low total food bill. That's Discount with a Difference.

Hereford, Texas

Heart Disease Is No. 1 Cause Of Death In Texas

What are the 10 leading causes of death and the 10 most frequently occurring communicable diseases in Texas? And how does Texas compare with the rest of the nation? These questions have been answered by state health officials in their year-end reports,

and the answers can be eye-opening. For example, two of the most frequently occurring diseases in Texas are gonorrhea and syphilis. These venereal disease—VD, for short—are transmitted from one infected individual to another through close sexual contact.

Some optimistic notes show up in the state health officials' reports which reflect the better health care now available to Texans.

"There has been a sizeable drop in the occurrence of many of the childhood diseases which can be prevented through protective immunizations," said Dr. M.S. Dickerson, Chief of the State Health Department's Communicable Disease Services Section.

"This decline in occurrence of these diseases probably reflects

the new mandatory school immunization law, which required all school-age children and some kindergarten-age children to be protected against these diseases before they can enroll in school," said Dr. Dickerson.

State Health Department statistics indicate the following rank of communicable disease occurring in Texas in 1972, and the number of cases reported to the State Health Department:

The leading communicable disease in 1972 in Texas was influenza and other flu-like illnesses (170,126 cases). Second was gonorrhea (58,404). Third, strep throat, including scarlet fever (50,274). Fourth, mumps (5,108). Fifth, syphilis (4,904). Sixth, infectious and serum hepatitis (4,185). Seventh, tuberculosis (2,576). Eighth, measles (1,618). Ninth, rubella (1,596). And tenth, shigellosis, otherwise known as dysentery or intestinal diarrhea (1,018).

Five of the state's "top ten" diseases showed a dramatic decrease last year. Three of

these are diseases for which protective immunizations are available: mumps, measles, and rubella. The occurrence of new tuberculosis cases also showed a decrease in 1972.

Perhaps the most significant decline, and most pleasing to state health officials, was the drop in reported cases of syphilis, a 26 per cent decrease in occurrence of the disease in one year's time. The State Health Department has had a comprehensive syphilis control program in operation for the past several years, and has just launched a massive statewide gonorrhea control effort as federal funding became available.

Gonorrhea has shown a substantial increase over the previous year's totals, reflecting the massive patient screening program now being put into operation by the State Health Department, in cooperation with private physicians and other agencies. State health officials estimate some 250,000 cases of gonorrhea actually occurred in Texas last year. Many cases of the disease

were never diagnosed, for the patient never saw his physician or the local public health clinic.

The Center for Disease Control in Atlanta, Georgia, reports the following occurrence of communicable diseases nationwide:

The leading communicable disease nationwide in 1972 was gonorrhea. Second was chickenpox. Third, mumps. Fourth, infectious and serum hepatitis. Fifth, tuberculosis. Sixth, measles. Seventh, syphilis. Eighth, rubella. Ninth, aseptic meningitis. And tenth, meningococcal infections.

The reported diseases for the nation do not include influenza or strep throat or other streptococcal infections.

Other diseases of statewide interest include: a decrease in diphtheria, pertussis (whooping cough), and typhoid fever. The state showed an increase in leprosy cases and infectious encephalitis, and a stable reading on polio cases (with four cases last year). There was no VEE (Venezuelan equine

encephalomyelitis) recorded in 1972.

The ten leading causes of death in Texas reflect the toll that chronic diseases, accidents, and other factors take on the Texas population. The leading cause of death in Texas is heart disease. Second is malignant neoplasms, or

cancer. Third is cerebrovascular disease. Fourth, accidents. Fifth, influenza and pneumonia. Sixth, mortality during infancy. Seventh, diabetes mellitus. Eighth, bronchitis emphysema, and asthma. Ninth, arteriosclerosis. Tenth, homicide.

Let's make St. Valentine's Day unanimous. Let's say "I love you" to at least one other person. It is a bright and good day in the Christian calendar. Every one of us is the better man because he dares to love. The heart and the cross belong together. *You cannot truly love without honoring the principle of sacrifice.* Saint Valentine was a Christian martyr, beheaded by Claudius, emperor of Rome about the year 50 A.D. He loved enough to surrender his life in the service of God. The heart and the cross tell us that God is love, that he loved enough to give all for us. Will St. Valentine succeed in winning you and me to a genuine love for God *that will not count the cost?* The best text for St. Valentine's Day is John 3:16.

ASCS Reduces Set-Aside Requirements For 1973

Set-aside requirements of the 1973 Feed Grain Program are being reduced in order to achieve larger corn and soybean crops and thereby meet an increase in domestic and export demand which has developed since the program was announced Dec. 11.

The required set aside for full compliance has been changed from 30 to 25 per cent of a producer's feed grain base and for participants electing not to comply fully with the set-aside program, the required set-aside has been changed from 15 to 0 per cent.

If the participant sets aside

an acreage equal to 25 per cent of his base, the payment rate will be 32 cents per bushel for corn, 30 cents per bushel for grain sorghum and 26 cents per bushel for barley on one-half the feed grain base. Through a combination of the set-aside payment and the 5-month (October-February) national average market price for the respective grains, participants who set aside 25 per cent of their feed grain base will be guaranteed a national average return equal to 70 per cent of parity on Oct. 1, 1973. This guarantee is based on production from one-half of

their corn, grain sorghum or barley bases. Supplemental payments, if any, to such farmers will be made as soon as possible after March 1, 1974.

Producers who elect not to set aside acreage but do not increase their feed grain acreage above 1972 will be eligible for a lower payment rate of 15 cents per bushel for corn, 14 cents per bushel for grain sorghum and 12 cents per bushel on barley on one-half the feed grain base. Such participants will receive this payment as soon as possible after July 1, 1973, but will not be eligible for any supplemental payment and will have no

minimum guarantee.

These revised provisions of the 1973 Feed Grain Program are expected to result in an acreage taken out of production of about 45 per cent of last year's 37 million acres, the Secretary said. The revisions aim also at providing more income from market sources at less program costs to U.S. taxpayers.

Secretary of Agriculture, Earl Butz, announced that the expected demand for corn and other crops has risen dramatically since mid-December. He said animal units are increasing more than had been an-

anticipated; a rising current year domestic disappearance will result in a lower 1973 feed grain carryover; and the 1973-74 domestic disappearance and export figures have been revised upwards.

Secretary Butz stressed he does not want the U.S. to be without adequate agricultural supplies for export when the demand is there.

The Secretary also announced that haying of conserving crops will be permitted on acreage set aside under the provisions of the 1973 Feed Grain and Wheat Programs.

The decision to permit haying

of conserving crops as well as the earlier announced grazing was made in order to prevent or alleviate a shortage in the supply of livestock feed, the Department explained. The haying and grazing privilege will assist livestock producers in meeting increased consumer demand for meat products by making additional forage available to supplement feed supplies for the production of livestock. Previously, haying of set-aside was not permitted except under emergency conditions.

Participants electing to utilize set-aside acreages for

haying and grazing must notify their County Agricultural Stabilization and Conservation Service (ASCS) Offices prior to haying or grazing and must agree that the 1973 conserving base for the farm shall not be less than the one established for 1972. A reduction of 30 per cent will be made of the average feed grain payment rate per acre for full compliance.

To participate in the 1973 Feed Grain Program, farmers need to sign up at their local ASCS Office during the Feb. 5 through March 16, 1973, sign-up period.

John C. Whits, Commissioner

Cattle producers are continuing to increase production, contrary to claims of some consumer groups which have charged that cattlemen are holding back on production to keep prices on the increase.

The Texas Crop and Livestock Reporting Service notes that in Texas the number cattle on feed as of January 1 is up 26 per cent from a year ago. Cattle on feed January 1 of this year totaled 2,245,000; a year ago the total was 1,781,000.

In addition, cattle placed on feed in Texas feedlots from October 1, 1972, to January 1, 1973 was up 12 per cent from placements of a year ago. Cattle marketed out of Texas feedlots was 16 per cent above marketings of a year ago.

Feedlot operators report intentions to market 1,257,000 cattle between now and March 31. This would be 33 per cent more than marketed during the same period a year ago.

Nationwide, the trend for upward production in beef continues. Cattle and calves on feed for slaughter market as of January 1 in 23 major feeding states is estimated at 13,920,000 head, four per cent above a year ago. Cattle feeders throughout the nation plan to market about 6,917,000 head between now and March; this would be seven per cent higher than those actually sold during the same period last year.

South Dakota were down three per cent from a year ago.

Value of commercial vegetables-potatoes, sweet potatoes and strawberries produced in Texas during 1972 totaled \$148,827,000; this is an increase of five per cent from the year earlier.

Leading crops in value of production in 1972 were onions, carrots, watermelons, cabbage and cantaloupes.

Texas ranked third in harvested acreage, production and value of fresh market vegetables. Only California and Florida outranked Texas.

Texas ranks first in the nation in harvested acreage for fresh market for these crops: cabbage, spinach, and watermelons. It is second in harvested acreage of carrots, onions, cantaloupes, honeydews and cucumbers.

February is American History Month. A good month to remind yourself of what America is all about. Each year the Daughters of the American Revolution sponsor February as American History Month. Join with them in learning more about the heroes and heroines who helped make America great.

OUTGOING PRESIDENT—Mr. and Mrs. Jim Conkwright, left, receive gifts from Texas Hereford Association past president Howard Paine of Nocoña. Conkwright is the retiring president of the state association, having served two terms as the president.

Green Oaks II

"The world is full of willing people; some willing to work, the rest willing to let them." (Robert Frost)

The whaler's expression "thar she blows" refers to a whale's discharge of warm breath, which condenses in the cold air into a visible vapor, when a whale surfaces.

Social Security

Q. I'm enrolled in the medical insurance part of medicare and I heard the annual deductible is going to increase. Is this true?

A. Yes. Beginning January 1, the annual deductible under the medical insurance part of Medicare will increase \$10—from \$50 to \$60. An increase was necessary because of rising medical costs.

Q. I am getting social security student benefits, and I will be 22 in March. Will the recent social security changes affect my benefits in any way?

A. Yes. Instead of ending with the month in which you reach 22, if you are a full-time student and you have not completed the requirements for or received a bachelors degree from a 4-year college or university, your benefits will continue under the new law through the end of the quarter or semester in which you reach age 22. If your school is not operated on a quarter or semester basis, benefits can continue through the end of the course in which you are enrolled when you reach 22 or, if earlier, through the end of the 2nd month following the month you reach 22.

EVEN A THIEF CHOOSES... RCA

COLOR TELEVISION OVER ALL OTHER BRANDS

Last Friday, February 2, around 12:00, Mr. Charles Holt saw a light yellow late model car at his home. Presuming it was his wife, He didn't pay any attention to the car, until it started to flee his home. As the car came down the highway, he suddenly realized that it was a thief and took off in pursuit, where he lost them at Black. Returning home he found his RCA Color television (model No. GH644W Serial No. 85 BAR 8682), along with two pair of boots, gone. Mr Holt was lucky not to have any more missing, But even luckier to have a dealer like **ROBERTS APPLIANCE** who sold him another **RCA COLOR TELEVISION**.
