COURTHOUSE BOND ISSUE CARRIES

The Election Yesterday to Vote a \$125,000 Court House for Deaf Smith County Resulted in a Vote of 303 For the Bonds and 102 Against at the boxes in the city. Unofficial returns from all the County boxes indicate a heavy majority against the issue, but the Bonds will carry with a safe margin. Congratulations are now in order.

EXHIBITS WANTED

Dallas Fair Committee Issues Circular Letter to Farmers and Truck Growers.

To the Citizens of Hereford and Deaf Smith County.

As a committee appointed by The Commercial Club to handle the Dallas Fair exhibit, we respectfully urge every loyal citizen of Hereford and Deaf Smith County to assist us in gathering an exhibit that will be a credit to us at the Fair.

Bring in your best samples of field crops, garden truck, etc., and leave same at the office of the O K Land Company, where the exhibit is being stored. Or phone any member of the committee and the stuff will be called for.

The name of the owner will be placed on every exhibit, and credit will be given strictly where it belongs.

The ladies are also respectfully requested to help in the matter of preserved fruits, etc.

Respectfully,
T. E. SHIRLEY, Ch'mn.

"I SAW IT IN THE BRAND"

The election went off quietly, both sides working hard all day. At night the victors called out the brass band, held a jubilee, fired a few salutes and serenaded most of the leaders on the losing side. W. H. Razor appeared on his front porch when the band had played one number and in a short speech acknowledged his defeat and added that he had lost by fair means and at the hands of as brave men as the world produced.

BRIDGE CLUB.

The bridge club was entertained Tuesday afternoon by Mrs. C. W. Dodson at her charming new home on East Eleventh Street.

The afternoon was one of unusual interest. Those present were: Mesdames Price, Hendricks, Obetheir, Blake, Estock, Russell, Dodson and Miss Hendricks.

High score was made by Mrs. Obetheir for points and Mrs. Estock for honors.

The hostess served ices and cake.

BETTER MAIL SERVICE SOON

Commercial Club Makes Slow But Good Progress and Scores a Point or Two.

For over four months the Commercial Club has been working to have a postal clerk put on the morning train so that the Hereford public could mail important letters at train time and not be compelled to get this matter in the postoffice at an unusually early hour in the morning or else wait until the afternoon mail train, causing serious delays in many instances. The Club went after Uncle Sam, and after the slow governmental wheels had traveled around several times the reply came that Samuel was willing and would put on the clerk when the Santa Fe saw fit to furnish a suitable mail car.

The Club then went after the Santa Fe, and the following letter, dated Sept. 23, was received a few days ago by the secretary.

"Noting your letter September 16th requesting that we arrange for a compartment mail car so that the government can place a postal clerk on trains 37 and 38:

"We now have a suitable car in sight and hope to put it in service in a very short time."

Yours truly,
(Signed) AVERY TURNER.

All of which sounds good, and may mean business. The Club proposes to keep right in the wake of the Santa Fe until the car materializes.

More Sidewalks.

W. B. Dameron started the sidewalk campaign anew this week by having 140 feet of ten foot cement walk put down on the south side of the Coulson Drug Store. On the opposite side of the street Mr. McMinn is having a ten-foot walk put down in front of his new brick building. This should be a signal for everybody on E. 3rd Street to make contracts for sidewalks.

LAYING STEEL ON E. O. & W. RY.

Crowds at Dalhart Fair Witness Driving of First Spike in New Railroad for that City.

From Dalhart Texan.

Dalhart, Sept. 28.—By a happy co-incidence the work of track laying on the E. O. & W. R. R., began at the Dalhart terminal Thursday and the ceremonies attending the driving of the first spike were witnessed by a large crowd of home-folks and visitors.

A great number of people fell in to line at the corner of Third and Denrock and marched to the point where the E. O. & W., connects with the Rock Island. The parade was led by Mayor W. D. Wagner and A. E. Wiest Vice-president of the road followed by the band.

Before driving the first spike the Mayor made a brief address in which he told of the progress of the railroad from its incipency to the present time, and he said that a year ago it had been promised that actual construction would begin within a year and that the promise had been fulfilled, and that the great project would go on to completion without a thought of failure or delay.

The crowd lined up on both sides of the track, the photographer took pictures while the Mayor drove the first spike on the E. O. & W. R. R.

Two more cars of steel came in Thursday night and all of it has been ordered to complete the road to Dumas and it will keep coming and will be laid as fast as it arrives.

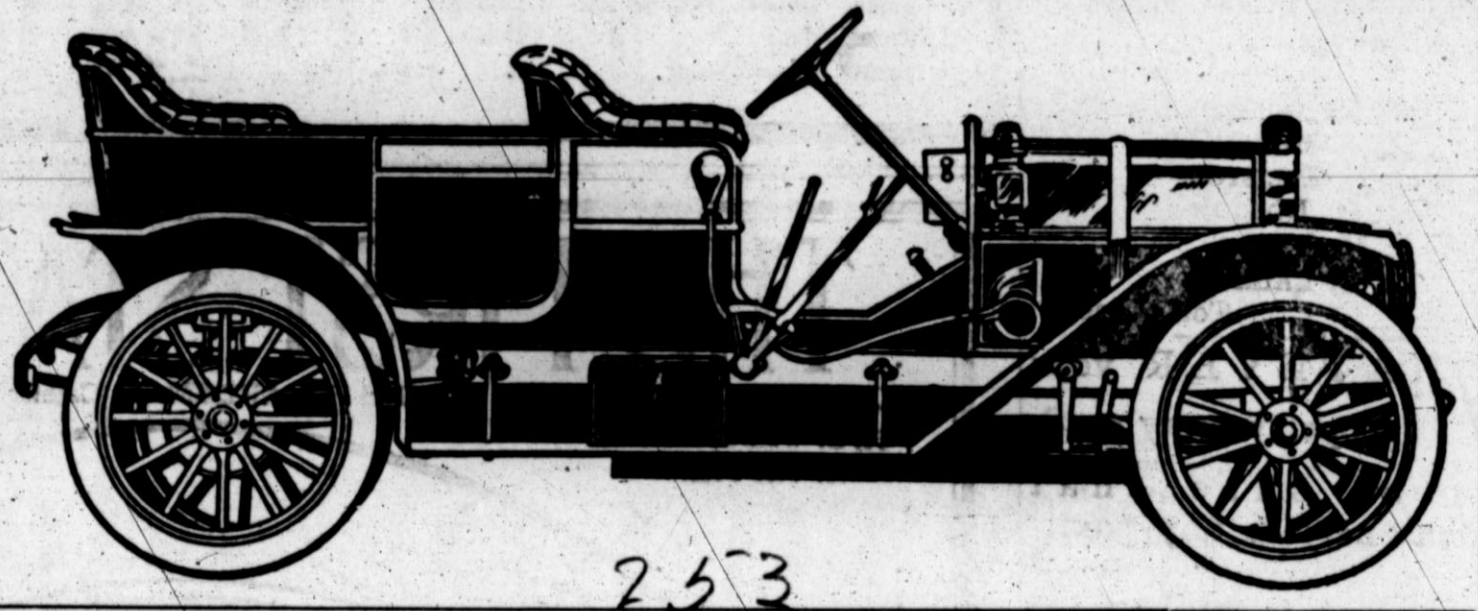

The farm products on exhibition in the exposition hall would have been a splendid advertisement for any country in the world, for everything that can be grown in the temperate zone was there and of a kind that was proof that they can be and are grown with success in the Dalhart Country.

The Velie Motor Car

Has for its most important feature—POWER—that subtle something that takes you up the steepest hills, thru the thickest mud and over the roughest country. You feel it and because of it you have the assurance of getting there and back. The finish and design of the VELIE suits the most fastidious. Everyone who sees the VELIE comments on its good looks. The VELIE is not built for a racer but look what it did on the Algonquin Hills near Chicago.

IN MID OCEAN

Interesting Letter from Hereford Young Lady Who is on Her Way to Korea as a Missionary from Texas

"On Board the Manchuria"
Sept. 19, 1909.

Dearest Home Folks:—This is now Sunday afternoon and we have been sailing since Wednesday at 1 o'clock and I have written only post cards which are yet to be mailed, so this beautiful Sabbath afternoon away out in mid ocean, I want to write you a letter.

I think I wrote on post cards and in mamma's letter from Frisco, all about my pleasant trip and my delightful visit in Fresno. So I will begin with San Francisco.

I was the second of our party to reach the great city, and went at once to the Hotel Argonaut which Mrs. Trueheart had recommended for us and before Monday night at bed time all of our party were in the hotel, also Bro. Pilled and family and Mr. Gee and family of Georgia. We went out Tuesday morning and arranged about our steamer tickets and baggage and did our necessary shopping and everything being ready to start, we spent the afternoon sight seeing.

We went out to the beach and to Cliff House overlooking the ocean and saw the seals on the great rocks then through Golden Gate Park with all its beauty.

Wednesday morning we went to the wharf and saw the great Manchuria loaded with baggage as it waited for us. Everything being ready, we went on board about 12:30 and from the upper deck we could see the gang planks draw in and the large ropes that anchored us rolled up and we steamed out of the harbor.

We ate lunch while we were on the bay and all was smooth as we passed out into the Pacific. The sea became more rough and by dinner time at 7 p. m., some of our heads were beginning to feel dizzy, but only two of our party were sick enough to miss dinner, and one other of them lost her supper after she had eaten.

I have not been the least nauseated since I came on board neither have any of our party since that first evening. This dizziness lasted for most of the next day except when out on deck in the wind but now we are perfectly at home on our steamer and though the great waves rock us from side to side, we are not in the least disturbed and enjoy our meals heartily.

We have such a pleasant company on board. So many missionaries of other churches and other christian people who are touring the world.

There are several nice young gentlemen who are going to the Phillipine Islands to fill government positions. We missionaries have pleasant evenings singing and playing and such other entertainments in the music hall and libraries.

During the days we sit in our steamer chairs lined up on deck and read, write and talk or play games for exercise.

The time is really passing very rapidly and very pleasantly indeed. I have had quite a number of letters for my trip, several were ready for me when I came on board, and each day a letter from one of the Austin avenue, Waco ladies had been placed on my dressing table for me. I think Miss Lowe has the package of them in charge and is giving me one each day. They are all so sweet and encouraging and do me so much good. I am enjoying this time of rest so much. Everything about our voyage is just as pleasant as it

can be. The vessel is such a large, well equipped one and the service is splendid. The servants are all Chinese, and when we want anything in our cabins, all that we need do is ring for our cabin boy and he is on hand in a minute.

I have been telling you our weekday schedule, now I want to tell you about this the best day of our voyage.

When I awoke early this morning and realized that this is Sunday my thoughts flew at once homeward, as I knew that by the time I awoke here that you were already at Sunday school. For we have lost about five hours in our westward voyage. I first thought how far away from home! Then as I gazed upon the mighty sea in all its beauty and grandeur as the glorious sun appeared in the east it seemed to me that God was nearer by than ever before, and as I thought upon Him, the creator of such beauty and such forces, in all His greatness, wisdom, righteousness, love and mercy, as I sought His guidance for myself and for each of you today, it seemed that at His feet we were very near each other.

At 8:30 we assembled in the Library for service. Dr. Rogers of Iowa of the Presbyterian church conducted the service taking for his text, "The Heavens Declare the Glory of God, and the Firmament showeth his handiwork."

His thought was indeed beautiful as he spoke of the oldness, the expanse and the mighty power of this great sea, which we have realized as never before and this was only a part of our God's great work, and that this great God loves and cares for the smallest of his creatures. We are to have another service this evening.

Thus my first Sabbath has been spent on the ocean. I trust that the day has been as sweet to each of you.

We will reach Honolulu tomorrow afternoon or Tuesday morning and I will mail this and the cards which I have written.

Perhaps I will add something to it tomorrow.
Lovingly,
LAURA.

Monday, September 13th.
It is now about 10:15 a. m. We have been this morning down in the engine-room and the steerage department of the ship. It is simply wonderful to see the machinery of such a vessel, the hundreds of wheels, shafts and levers.

The Manchurian is 630 feet long, weighs 27,000 tons, consumes 200 tons of coal each day, is traveling 17 1/2 miles per hour. The engine room with all its machinery is about 20 feet below the surface of the water.

This vessel condenses and purifies its own water for drinking purposes, taking it directly from the ocean. We saw the condensing process and ice making this morning. A little later this morning a party of us are going through the kitchen. Our party are certainly taking things in on this ship.

I think I have told you everything about our voyage.
Lovingly,
LAURA.

SINKING FUND AGAIN

Mr. Witherspoon Replies to Judge Russell's Article.

Editor Brand:

I beg of you a few lines to reply to the nearly two pages of Judge Russell's article in your last week's issue. His purpose being to explain the "sinking fund" about which so much has been said, and to help those who are advocating the \$125,000 bond issue. But Judge Russell most signally failed to explain anything in this two page article. He failed to show us where all the court house and jail taxes we have been paying for the last 18 years have gone to. If he, or any one else who is interested, will look up an article I had published in the Brand a few months ago he will see that I told substantially what he did in his article, and my statement in substance

was that we had been paying taxes on an original issue of \$18,000 of court house and jail bonds for 18 years, and had only paid \$4000.000 of said bonds; and that at the same rate it will take 500 years to pay the \$125,000.00 issue, if they are issued. In that article and in one of recent date this same matter came up and this matter was discussed. I have been more fair (see my first article alluded to) to our county officials than he was, because I did suggest where some of our money had gone to and he did not. I do not hold him responsible for the acts of others, but his repeated public statements that the sinking fund was "in tact" and was loaned to the banks at 5 1-2 per cent compounded monthly is erroneous. I do not know whether he said these funds were loaned at 5 1-2 per cent compounded monthly or not, but it was so repeatedly circulated in print and verabally that he ought to have corrected it if he did not say it. As

to the "sinking fund" will say that I gave the exact status of said fund in my folder of last week, and the Judge's statement was error just to the extent that it did not agree with my statement, and I stand ready to prove it to any one who doubts my statement. No, Judge Russell is not fooling anybody in his attitude in this matter; they all know exactly where he stands; he has as much right to express himself in the issue as any one else, and no one objects to him doing so. The fact is undisputed that we have been paying court house and jail taxes for 18 years to pay interest and sinking fund on \$18,000 of bonds, and have paid \$4,000 of said bonds. Judge Russell says that every commissioner's court and each of them have been strictly honest. I say so too, but the bonds have not been paid. Can we safely assume that matters hereafter will be carried on in a more business like way than in the past? I doubt it; and if not we will be over 500 years in paying the \$125,000 issue of bonds.

Texas Wheat Growing Meeting.

To the growers and handlers of wheat in Texas:

It is a well known fact that the Texas wheat crop at the present time falls far short of what it should be. The wheat growing area of this state, if planted to wheat, properly cultivated, would place Texas among the leading wheat producing states of the Union.

Wheat is a cash product and the Texas crop reaches the market somewhat in advance of that from

what is, ordinarily known as the "wheat belt." An increase in the wheat crop of Texas would mean more money in the pockets of Texas farmers.

To take such action as may be deemed necessary to increase the wheat crop of Texas; to promote better cultivation; to secure improved varieties, and to devise better methods of handling and marketing, all growers of wheat, buyers and others interested in the growth, sale and handling of wheat in Texas, are called to meet at the Convention Hall at the Texas State Fair, at 10 a. m. on Oct. 21, 1909.—Farm and Ranch.

The King of Tramps.

A Yankee Doodle Comedy which comes to Hereford Saturday, Oct. 2nd is a comedy fairly alive with snappy action, amusing twists and tangles worth three hours of any amusement seeker's time and acted by a better class of comedians than has been hereabouts in any season. It is an entertainment for children from six to sixty.

Mr. and Mrs. B. F. Fulkerson came in Tuesday from their ranch near Scherer. Mrs. Fulkerson and the three children left in the afternoon for a visit back to their old home at Trenton, Missouri. This is their first visit since they came to the Panhandle three years ago.

F. W. Lambert has bought a car load of Colorado peaches which he expects to receive next week. He will sell them at the car at \$1.50 per box. 1tp

Mrs. Alice Lea of 25-Mile Ave. was the recipient this week of a box of fine Oregon fruits sent by her sister Mrs. C. C. Ferguson who is visiting their mother, Mrs. Howard, at Medford, Oregon. Mr. and Mrs. Ferguson are spending a month on the coast and at the Seattle Fair.

Mr. Hopkins and granddaughter, Miss Grace Hopkins, left yesterday for a visit to relatives in Arkansas. Mrs. Hopkins came to Hereford on a visit but after remaining here for a season, she decided to make it her home and now she goes back to her old home on a short visit. Mrs. Hopkins is the mother of Mrs. J. T. Wilkison and Mrs. C. B. Williams.

Mrs. W. H. Edwards, mother of Miss Laura Edwards, who sailed from San Francisco on Wednesday, September 8th, as a missionary to Korea is in receipt of a letter from her daughter written while in mid-ocean. The letter is published and will be read with interest by Miss Edwards' many friends at Hereford and elsewhere in the state.

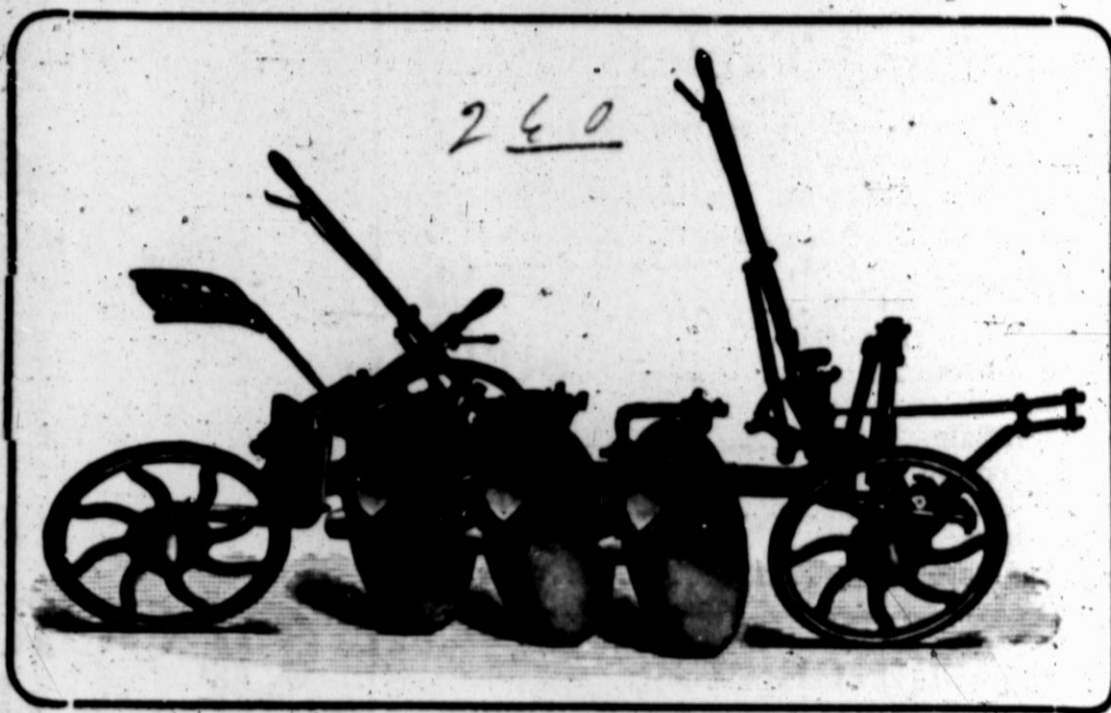

A bright, neat, melodious entertainment entirely free from all suggestive characters, a comedy that commands the attention of sensible people, equipped with appropriate scenery, and a company of unusual excellence. Just what you will enjoy. "The King of Tramps" which will be at Hereford Monday, Oct. 4th.

S. A. Harris editor and publisher of the Friona Sentinel at Friona, Texas, made a pleasant visit at the Brand office last Saturday. Mr. Harris is a "new comer" and "tender-foot" on the Plains but he has already caught the true Panhandle spirit. The Sentinel is telling the story of the growth of his little city and the development of the surrounding country in an earnest and eloquent way.

"YOU'LL like Hereford."

Now that the court house question has been settled, let's get down to business—build a few more brick business houses, lay a few more blocks of cement walks, plant a few more thousand acres of wheat and get busy boosting the town and country.

THAT Hereford will get two more railroads within the next twelve months is a prophecy which all can

help bring to pass and which will come to pass. The C. H. & G WILL BE BUILT.

Now, that it is all over, let's get together on the one important question—two more railroads for Hereford, the C. H. & G. and Stamford-Northwestern.

R. R. Suit Filed.

Yesterday Miller & Jefferson railroad contractors, filed suit against the Southwestern Engineering and Construction Company and the Colorado, Hereford & Gulf Ry. Co. to foreclose statutory lien on the grade of the railway company from Hereford to Adrian.

INSPECTIONS IN PANHANDLE

State Entomologist Will Make Favorable Report on Fruit and Alfalfa Growing in Panhandle.

The following clipping from the daily press will be received with satisfaction by all who are interested in fruit and alfalfa growing in the Panhandle.

State Entomologist Fred W. Mally of the State Department of Agriculture, arrived here Friday, August 27 and left Sunday after an inspection of the various nurseries and the accumulation of data for a forthcoming bulletin on the soils, crops, water supply, etc., of the plains country. Mr. Mally expressed himself as very much pleased with the country, and especially with the conditions of the fruits. He purposes to urge two features in his bulletin. First, that the farmers of the Panhandle raise alfalfa for seed, and second, that they raise hay for the Mexico market. Prof. Mally states that both the United States and Canadian Governments have tested the Panhandle seed and pronounced it the best they had tried.

Notice.

The Anti-Cigarette League will meet at the Baptist church next Friday afternoon at 3 o'clock. All members are respectfully requested to be present.

A few good peach preserves this winter will be a fine addition to the table. F. W. Lambert will have a car load here about next Tuesday. See him at once. Phone 331 1tp

1200 ACRES WHEAT FIELD

Farmer From Kentucky Seeding Large Field to Wheat— Has 300 Acres Up.

Wm. Linville, well known in Kentucky as the largest corn grower in that state, and equally as well known in the Panhandle as a man who does things on a big scale and altogether a progressive farmer, has a big force seeding in 1200 acres of wheat on his farm 14 miles out from Hereford. Last Friday he had seeded 540 acres and by today (Friday)

he will have 700 acres in. When seen a week ago, he had 300 acres up and growing and he says as fine as anyone could wish. The field is second year land. It was double disked in August, a steam traction engine as motive power. This was followed by a leveler. September 1, this same engine was attached to plows, a clod crusher and Campbell packer and a steel section harrow and the whole operation of preparing the seed bed was done at one stroke. This is being followed by big wheat drills drawn by Kentucky mules. About 25 acres per day is prepared and seeded. Many of Mr. Linville's friends in Kentucky who have never been to Texas would be astonished to see

how our Panhandle farmers plant two square miles of wheat in one season. Not a stump, not a ravine, not an obstruction in the way—where a straight furrow could be run as far as the eye could see. But they will come to see all these things. All eyes are looking to the Panhandle. Hereford Opera House, Oct. 4th. One of the best written, best expressed, best presented comedies to visit our city this season will be "The King of Tramps" which comes to the Hereford Opera House Oct. 4th. The press agent assures us we are not to see the rum soaked husky voiced shambling hobo invariably seen with attractions of this title. Instead we are to meet "Sunny Jim" always going out of his way to spread happiness, always singing and carrying a light heart, a character that good, sensible people can view from in front with a feeling of interest. A capable company of farriers, singers and dancers surround the principal characters and patrons are assured of a performance well worth seeing.

Merchant Adopts Cash Basis.
The grocery firm of John A. Johnson announces that, beginning with October 1st, they will adopt the Cash Basis. Their long experience has convinced them this is the safest method for them and the cheapest for the buyer. There is no credit business, however carefully conducted, but that does sustain a certain percent of losses, sometimes small, oftentimes larger. These losses must of necessity be recovered in some way. The usual and only way is to add a per cent to the selling price of all goods sold. This makes the man who always pays cash give a little more for his groceries. Under the credit system, a man who pays promptly on the first of each month gives just as much for his groceries as the man who does not pay for six months. Thus the cash buyer pays the interest for the slow-payer as well as to make up the losses of the non-payer. John A. Johnson expects to correct this injustice and take care of his cash buyers and prompt payers.

DIRECTORS MEET

Regular Monday Session of Commercial Club Directors—Many Subjects Discussed.

At the regular weekly dinner of the Commercial Club directors last Monday the Secretary brought up the subject of a Trade Day for Hereford and the idea was unanimously endorsed by those directors present.

The outline of the proposition as submitted is as follows: It is an undisputable fact that closer relations could be and ought to be established between Hereford's merchants and the farmers of Hereford's trade territory; granting this, then the question is: what is the best method to be used in promoting this closer relationship? The Secretary suggested that one day in each month be selected as a Trade Day, when the merchants would all get together, put on a sale advertise it extensively over the surrounding country, and invite everybody to come to Hereford and take advantage of the bargains offered. Incidentally, the farmers might hold a Market Day and Auction Sale in connection, where a market could be provided for their surplus products and more money created locally and put into circulation for everybody.

The Secretary has written for information covering the details of such an idea and will soon present the matter to the merchants for their approval or disapproval.

There is no question but that such a proposition will meet with the

heartly approval of a majority of the merchants and that something along these lines is badly needed, especially just at this time.

A number of questions were disposed of. It was decided to go ahead with the Dallas Fair exhibit and secretary Holman was instructed to get up suitable literature. The committee on exhibits is working hard and are bringing in many fine exhibits.

The street committee reported that the contractor was ready to number the houses and that the signs for the streets had about all been placed.

The secretary announced that he was sending out a number of mimeograph letters to the farmers asking them to assist in the Dallas Fair exhibit by bringing in such samples as they thought were suitable. He is asking for everything that has been grown.

There have been numerous inquiries as to whether or not property owners were compelled to put

up a certain kind of number, etc. In answer to these queries it might not be amiss to state here that the Council awarded the contract for the street names and house numbers to a certain firm, and this firm puts up the house numbers at fifteen cents each. However, a house owner has the privilege of putting up his own number if he so desires, and of course is not forced to use the kind of number being offered by the contractors. However, the cost of these numbers is small and it certainly would look better if all the numbers in town were uniform and of the same kind. Those who desire to number their own houses can obtain the figures from the firm having the contract upon request.

RAY BUILDING

Handsome Pressed Brick Structure Nearing Completion—Will be Occupied Soon.

Contractor Worley will soon turn over to the owners, J. and W. H. Ray one of the neatest store buildings yet constructed in Hereford. The building will be occupied by W. H. Ray, jeweler. The furniture and fixtures are being placed today and when the furnishings are all in, the establishment will be far ahead of anything in western Texas or the Panhandle. The front of the building is made of mottled press brick. The large, double strength plate glass show windows with their backing of three large French mirrors is a new feature in show windows in Hereford and will give Mr. Ray an opportunity to display his goods with attractive taste.

THE STUART MEETING

A Large Crowd Greeted Tennessee Evangelist and is Heartily Entertained.

The working campaign committee composed of Hon. Sterling P. Strong, Superintendent Anti-Saloon League; Chas. W. Croke, assistant; and George R. Stewart, principal speaker, held a "Law Enforcement" rally at Hereford Monday night and were met by a large and enthusiastic crowd at the Elliston Garage, which had been seated especially for the occasion. The crowd has been estimated at about 800. The preliminaries consisted of announcements about the work of the League in Texas by Mr. Strong, and a few rally songs led by Mr. Croke. Then followed the address of Mr. Stuart. He presented many new thoughts under the subject in hand and his individual manner in making a telling point, kept the audience on tip-toe of expectation at every turn.

Judge L. Gough chairman of the local committee acted as presiding officer and introduced the speakers.

Song.

The following question will be asked by the leader to be answered by Bible quotations.—1-Who Owns the Earth?

- 2-To whom does he give it?
- 3-What is the condition or source of material Prosperity for a Christian?
- 4-What two things have we to use while passing through this world?
- 5-Can I put any thing but God first in my life and be a Christian?
- 6-What does God wish us to make of the money he gives us?
- 7-How do we practically form the habit of worshipping the true God and putting God first in time?
- 8-How may we practically put God first in our money and recognize his landlordship in what we have?
- 9-When shall we take out this part which God reserves to himself?
- 10-Where shall we take it, and what will be the result if we obey?
- 11-Have we any examples or authority or experience from men who did this or advise us to do so?

The Most Remarkable Guarantee Ever Made on a Heating Stove

We have received a letter from the President of the Cole Manufacturing Company which specifically states that they can guarantee Cole's Original Hot Blast Stove to save a third in fuel over any lower draft stove of the same size with soft coal, slack or lignite; it is guaranteed to hold fire from Saturday night until Monday morning; guaranteed to have a smoke-proof feed door; guaranteed to remain air-tight as long as used; guaranteed to give a uniform heat day and night with soft coal, hard coal or lignite; guaranteed to use less hard coal for heating a given space than any base burner with the same size fire pot, and guaranteed to heat the rooms from one to three hours in the morning with the fuel put in the day before (which does away with kindling or rebuilding the fire each morning).

This guarantee comes with Cole's Hot Blast, which can be bought only from us. When you analyze this guarantee and see how they state in black and white just what it will do in comparison with other soft coal stoves, and even with hard coal base burners, it is safe to say that the majority of stoves bought this season for heating purposes will be the famous Cole's Hot Blast, for which we are the exclusive selling agents for this town. We have these stoves on our floor and will be pleased to show them to every one interested. Come soon.

MOONLIGHT PICNIC.

A number of picnic enthusiasts took advantage of the full moon and enjoyed what will likely be the last moonlight picnic of the season Tuesday evening September 28th, 1909. The ever popular Sulphur Park was chosen as the place for this pleasant outing.

A large camp fire of logs was made and as usual a merry party gathered around it and cooked bacon.

When the supper was spread it consisted in a feast of good things to eat. Each lady had evidently used this means of perpetuating the memory of her culinary ability until another picnic season.

After this bounteous feast had been

partaken of the usual round of merriment began. The bright glare of the camp fire with the rugged hill for a background furnished a pretty setting for the mirthful scenes enacted.

Several hours were thus spent before the jolly crowd became aware of the fact that the time for depart-

ure was at hand. When all bid this fair spot, fraught with so many pleasant memories of the past adieu and promised many happy returns when the spring comes again.

Those present were, Misses Blanch and Beulah Potter, Leila and Ina Gregg, Mary Graham, Georgia Hammack, Percy Moore, Bea Ratten, Nona Authur, Katherine Harvey; Messrs Olson, Nesbit, Cardwell, Fox, Daniels, Joss, Wright, Stanberry, Elliott, and Charleton; Mr. and Mrs. A. L. Gidson, Mr. and Mrs. Geo. Barcus, Mr. and Mrs. B. S. Arnold, Mr. and Mrs. W. C. Witherspoon, Mr. and Mrs. C. W. Meadows and little son C. W. Jr.; Mesdames Estella Tucker, W. H. Morris of Marshall, Missouri, and Mrs. Herbst of Caldwell, Texas.

UPTOWN DANCE

One of the most pleasing and enjoyable social events of the season occurred last Thursday evening when the young men of the city gave a dance to the young ladies and a few married couples in the Ray Building which was just nearing completion.

The evening's pleasure opened with a grand march, and was followed by the dances, twenty in number in two parts. During the intermission most satisfying refreshments of pimento sandwiches and coffee were served. The music for the occasion was furnished by eight members of the Hereford Band, and they deserve special mention for their splen-

did rendition and the life and spirit they put into the selections. Nothing was lacking to make the even-

ing of this pleasurable pastime a most delightful one, the many minor details common to the occasion having been anticipated beforehand, and the complete arrangements were generously complimented on. The reluctance with which the guests departed expressed better than words the success of the evening.

The invitation committee was composed of the following ladies: Mrs. J. N. Russell, Mrs. C. W. Meadows and Miss Kate Hendricks.

Mrs. Emma Morris of Marshall, Missouri is spending a few days with her niece, Mrs. B. S. Arnold. Mrs. Morris is on her return trip on a tour of the Pacific Coast.
