Higher Water Rates Considered

Bell Telephone Franchise Reviewed By City

By BOBBY TEMPLETON
Brand News Editor

The Hereford City Commission approved the second reading of the Southwestern Bell Telephone Co. franchise ordinance, tabled action on a bid for municipal airport improvements and considered future action to raise city water rates during a regular meeting

Monday night at city hall. In other action, the commissioners discussed a budget update report from City Manager Dudley Bayne, passed over a request for funds for senior citizens and set the date of the next regular city commission meeting. It will be held on Sept. 20 since the city fathers don't want to meet on Labor Day, Sept. 6.

THE SECOND READING of the franchise ordinance for the utility was unanimously accepted following a Southwestern Bell objection voiced through its local manager Mike Patrick. He said the company had looked over the ordinance and objected to a deletion of a five-word phrase dealing with city property.

During the first reading of the ordinance at the last city meeting, the commissioners agreed that the company should not be able to construct or maintain equipment on city property without the formal request of an easement. This is contained in the phrase, "public grounds and places," which is listed in the ordinance with other locations where Bell may place its equipment without an easement.

Patrick contended that company officials felt this was adequately provided for under section 2 of the ordinance where it states that the City Commission or a city official such as the city manager may grant easement authority.

Bayne said, "I don't think the city manager has the right to authorize an easement." Mayor Jim Sears said, "I really don't think this will cause much of a problem (for Bell) if it is deleted. The problem is that the burden of proof would be on us (if Bell already built on city property and then asked City Commission approval)."

WHEN PATRICK SAID he didn't think

any obstacles had occurred in past concerning Bell building on public places, Bayne recalled an instance where the company had. The Bell manager said he hadn't been aware of the incident and said he didn't think the phrase deletion would cause any trouble.

Sears asked how serious the company objection was, and Patrick answered, "I'll just have to submit to the company officials and see if they object again. I don't know."

The third and final approval of the franchise, which gives Bell a five-year working arrangement within the city, will be conducted at the Sept. 20 meeting. The company had originally wanted a 20-year franchise with an automatic renewal, but the commissioners balked at this and the company didn't raise any objections.

THE LOW BID for the airport improvements was \$276,096.65 for Jake Diel of Hereford. But it will not be approved until the city can submit the bid to the Federal Aviation Administration (FAA) for its consideration.

The only other bid was submitted by High Plains of Plainview for \$304,006.90. Four bids were solicited but only two were returned.

Bayne advised the commissioners to submit the tabulations to the FAA for approval before approving the low bid. He said that the federal government could fund the project by as much as 90 per cent with the state paying five per cent and city paying the remaining five per cent.

A called meeting might be necessary before the next regular meeting to act on the bids.

Bayne reported that during the last fiscal year (May 1, 1975-April 30, 1976),

(See CITY, Page 2)

Franchise Discussion

Mike Patrick, Bell telephone manager, seated at right, listens intently as City Manager Dudley Bayne, left, explains his views on the company's

franchise renewal. The company had objected of certain working in the contract agreement.

update tuesday

Carter To Remain Silent

PLAINS, Ga. (AP) - Jimmy Carter will have no response this week to attacks leveled at him by Republicans at their national convention, aides say.

Carter spent much of Monday evening watching the GOP meeting on television, the aides said. He heard speaker after speaker call him pague on issues and a supporter of inflationary government spending.

But aides said Carter will answer no questions on politics this week as he continues a series of meetings with experts on social programs, energy and international economics.

Sex Lady Gets Too Close

KANSAS CITY, Mo. (AP) - Elizabeth Ray was just tracking her man like any good reporter, but she got too close to President Ford to suit one of his aides.

Miss Ray, of Washington's sex-payroll scandal fame, is covering the Republican National Convention for Genesis Magazine, a publication geared primarily for men.

Monday night she followed Ford as he climbed a stairway to the mezzanine of the Radisson Muehlebach Hotel to attend a cocktail party given by Republican Rep. John Rhodes of Arizona.

The President apparently was unaware that Miss Ray, wearing a blue tee-shirt, was close on his heels. But a Ford aide spotted her and insisted that she retire behind a rope barrier that restrained cheering onlookers.

Fight To Death Vowed

BEIRUT, Lebanon (AP) - Leftist leader Kamal Jumblatt today vowed a fight to the death against Christian and Syrian forces trying to drive his Lebanese Moslems and their Palestinian allies from the mountains east of Beirut. "We will not withdraw as much as one iota," Jumblatt declared. "We will defend our positions in the mountain area because it is for us a battle for survival."

Bailey To Salute Workers

WASHINGTON (AP) - Singer Pearl Bailey is temporarily unretiring from the entertainment world to star in an original musical saluting the American worker, says Secretary of Labor W.J. Usery Jr.

Morton Gould composed the music and Carolyn Leigh wrote the lyrics for the show, called, "Something to Do: A Salute to the American worker in Words and Music." It was commissioned by the U.S. Department of Labor in cooperation with the National Endowment for the Arts as a Bicentennial activity.

Usery announced Monday that the musical will be performed here on Labor Day

weather

West Texas: Widely scattered showers and thunderstorms Thursday through Saturday with no significant change in temperatures. Highest mostly 90s. Lowest 60s and 70s but 50s in mountains.

School Board To Act On Budget

Tax Increase Possible

An increase of between \$350,000 and \$450,000 in school district taxes could be facing local land owners during the 1976-77 school year when the Hereford School Board of Trustees meet at 4 p.m. today to set the tax rate and approved the proposed budget for the coming year.

The seven trustees will meet in the central school district office, located south of the Hereford High School.

Bill Phillips, assistant superintendent, said this morning that this is just a very tentative guess on his part as to how much the local tax bill will rise. "It could be as low as \$300,000 or more likely closer to the \$350,000 figure," he said.

However, different factors affect the exact increase in the proposed expenses of the district including the state aid to Hereford, the increase in total assessed valuations, the rise in the local

construction, and offsetting revenues received during the previous year, which are included in the amend budget for 1975-76.

The board will first amend last year's budget and then determine the amount of carryover funds which amounts to the beginning balance for the budget to be approved today.

Phillips said the local fund assignment (the local share contributed to the state's school finance system) is going up by \$225,000. The state allocation to the district, though, is \$35,000 more. So the local taxpayers are going to have to fund \$190,000 more from taxes.

The budget expense is increasing from the proposed amended budget of \$5,084,000 to \$5,338,000 for a \$252,000 increase. The trustees will set the tax rate based on a 60 per cent assessment ratio of \$350,000,000 in total assessed valuations.

This is only an estimated figure since not all the valuations under the current reappraisal have been determined. A tax

Earthquake Kills, Injures 1,000

MANILA, The Philippines (AP) - More than 1,000 persons were reported dead or missing today in the worst earthquakes in

Philippine history.

The National Disaster Coordinating Center reported tonight that at least 11 dead had been confirmed, 249 were missing and 251 were injured in two major quakes that hit the southern Philippines just after midnight Monday and just after noon today.

Unofficial counts raised the death toll to 917, with more than 500 injured and 400 missing.

Among the missing were 11 children swept away by 24-foot waves caused by the quake.

The Philippine Disaster Center said 1,290 families were homeless and 315 buildings, bridges and other structures were destroyed in only one of the areas hit by the quake, southwestern

Mindanao.

A major earth tremor also hit central China Monday night, but sketchy reports from the area did not mention damage or casualties.

The first quake in the southern Philippines occurred at 12:13 a.m., when most people were asleep. It sent high waves crashing onto the coast, sweeping away fishermen's homes, and collapsed schools, hotels and stores on Mindanao, the Philippines' largest island.

The U.S. National Earthquake Information Center in Golden, Colo., recorded the first quake at 8.0 on the Richter Scale, 0.2 less than the July 28 quake that devastated the Tangshan area

Hospital Board Hears MHMR Office Request

By BOB NIGH
Brand Staff Writer

The Deaf Smith General Hospital Board of Directors held their August meeting at the hospital Tuesday morning and heard a request for space in the hospital by the Regional MHMR Association, as well as hearing the customary physicians report and discussing the July operating report.

At presstime, the board was considering its proposed budget for the coming fiscal year. A public hearing was scheduled this morning and the board members were to act on the new budget. Results will be reported Wednesday. Bruce Coleman, Deaf Smith County Commissioner, Precinct 3, presented to the board the request for space to house the local MHMR office.

Don Pipes of Amarillo MHMR office, and local clinical psychologist Al Des Marteau accompanied Coleman to the meeting to make the request.

COLEMAN, CHAIRMAN of the local District 3 MHMR Board, presented a brief outline of the MHMR association's activities to the board. The organization is funded for the most part through funds appropriated by the Texas Department of MHMR.

"We need space in the hospital in order to bring in the paying patient as well as those who receive treatment free because they can't afford it," Coleman told the board.

"WE TAKE CARE of those patients up to the severely depressed or psychotic patient, which are referred to Amarillo," Des Marteau told the board.

Des Marteau told the board that his office is in need of some 1,000 square feet of space.

After hearing the request the board, told Coleman and his group that they would make further discussion on the

matter before giving a final decision.

Dr. A.T. Mims presented a very short physicians report to the board, adding that a Physicians Recruiting Committee has been formed in order to speed up the addition of more doctors to the hospital staff.

Hospital Administrator Ron Welty presented the July operating report to the commissioners, reporting that "the utilization of the hospital was slow for the month."

Weekend Thefts Investigated

Routine vandalism and thefts occupied the Hereford police and Deaf Smith County Sheriff's office Monday and over the weekend.

The sheriff's reports showed that a TV and gasoline were stolen from the Hill Farm Headquarters building.

Sheriff's deputies also investigated the theft of a CB radio from a car at Armour Foods meat packing plant, located west of town.

The VFW Hall was the location of the largest theft where money and two bottles of liquor valued at \$243 were stolen.

Police reported that about \$250 in damage was done to a car owned by Joe Hamilton of 701 E. 4th Street during Saturday night. It was shot up with an automatic air rifle.

Similar damage occurred at the A&M Gun Shop, where a front window was broken with some sort of air rifle. It is located at 715 S. 25-Mile Ave.

Mrs. O.B. Robertson, 129 Center, told police that someone entered her home and took \$21-out of her purse.

At Kings Manor Retirement home, \$18.50 was stolen from the complex. It possibly was juveniles.

Punctured Teachers

School nurses prepare teachers for the coming academic year by delivering T.B. tests during pre-school activities held Monday at the Hereford

High School cafeteria. School gets underway Thursday when classes start. Student registration continues through today.

ZANN ZIMMERMAN

Rotarians Greet New Sweetheart

Hereford Rotarians were introduced to the club's sweetheart for the 1976-77 year during a weekly luncheon Monday at the Hereford Civic Club Center.

The members met Zann Zimmerman, daughter of Dr. and Mrs. Ron Zimmerman. The Hereford High School sophomore will play the piano at each weekly meeting for the club's sing-songs as well as conduct special projects for the club such as planning Rotary-Anns (wives of members) activities.

Miss Zimmerman, 15, has achieved recognition for her high quality of music ability. She has studied piano for eight and half years and has won numerous high ratings in national Music Guild competition and last Spring Music Festivals.

She has accompanied music groups at the First United Methodist Church of Hereford and sings in the church's Sanctuary Choir. Her interest have taken into the field of organ study.

One of her more acclaimed accomplishments has been her first chair designation in the All-Region Band as an oboist.

While at La Plata Junior High School, she was a twirler for two years, was recognized as a Student of the Six Weeks, and received praise for typing

accomplishments. On her off hours, she enjoys playing tennis and participating in church related activities.

The members heard a slide presentation on "The Most Important Man," which centered on the founding of Rotary International and its meaning in today's world. It outlined what members can do to further needs of the local community.

Keith Stowers was welcomed in as a new member of the club.

HHS Band Selling Shampoo

Supporters of the Hereford High School Band will get a chance to show that support today and Wednesday as members of the band will be selling shampoo to raise funds for their annual spring trip.

Director Randy Vaughn reports that the band will be making phone calls and going door to door with the shampoo, which sells for \$2.50 a bottle.

"The band makes one dollar on each bottle sold," Vaughn said. "Supporters of the band may come by the band hall all day today and Wednesday to buy the shampoo, or may contact any member of the band for a bottle," he added.

Pioneer Prepares for TRC Hearing In Austin Sept. 14

Pioneer Natural Gas Company has delivered detailed gas purchase information to the various city governments throughout its West Texas system. The packets contain company testimony and exhibits for Pioneer's hearing to be held before the Texas Railroad Commission (TRC) in Austin, on September 14, 1976.

In May, Pioneer petitioned the TRC for a special hearing to enable Pioneer to publicly review its cost of gas for its West Texas system, to evaluate the correctness of the company's cost-of-gas adjustment, as well as to determine the appropriateness of the policies of Pioneer in maintaining its gas supply.

In announcing this action, K. B. Watson, Pioneer President said, "We are confident that Pioneer gas acquisition practices have been in the best interest of West Texas. Our testimony shows that we have the lowest gas costs of larger companies in Texas and, in spite of this, we have been able to buy more gas than we have sold in each of the past two years."

Watson went on to say, "Without these purchases Pioneer would have been unable to fulfill its gas commitments to consumers." He said that Pioneer's West Texas system has a peak-day requirement of approximately 598,000 Mcf. As of July 1, 1973, Pioneer had a daily availability of 544,281 Mcf from its old lower price contracts. By July 1, 1975, the daily availability from these older contracts had decreased to 295,444 Mcf. "This reduction in deliverability from Pioneer's old contracts would have drastically reduced Pioneer's ability to serve its customers' requirements had not Pioneer continued to purchase new gas," Watson said.

The approximately 700 pages of material furnished to the various cities contains statements by Pioneer officials as well as exhibits of various contracts and documents used by the company in its gas acquisition and distribution activities.

In commenting on the material given the cities, Watson said, "The testimony clearly demonstrates the continued need for the cost-of-gas adjustment, if the company is to maintain its current excellent gas supply position."

The snook and the tarpon possess the unusual ability to adapt to both fresh and salt water, says Warren Zeller, manager and curator of the Miami Seaquarium.

The hearing in Austin on September 14, will be open to all interested parties and will be held in the Ernest O. Thompson building, 10th and Colorado streets, starting at 9:00 a.m.

LIVESTOCK

Tipping The Scales

Tipping the scales at four pounds and two ounces is the more than 700 pages of detailed gas purchase information delivered to the various city governments throughout Pioneer Natural Gas Company's West Texas System. Weighing the voluminous materials are Pioneer employees, Billie Washington (left), and Doris Vivens (right).

Disaster

from page 1

of northeast China.

Aftershocks continued through the morning. The Honolulu Observatory of the International Information Center recorded another major tremor in the area at 6.8 Richter in early afternoon.

The Golden center recorded the Chinese quake Monday night a 6.9 Richter.

The disaster center said the worst damage was done on Basilan island southwest of Mindanao and on Mindanao in the cities of Pagadian, Zamboanga, Cagayan Oro and Cotabato.

No buildings in the area hit by the quake are known to be higher than five floors, the officials said. Sketchy reports were received that the quake also triggered landslides and caused power failures.

The high waves caused by the quake lashed at least five coastal villages on the peninsula where Zamboanga is located, destroying more than 100 houses.

President Ferdinand E. Marcos proclaimed Mindanao and the Sulu archipelago a national calamity area. He ordered immediate relief and rescue efforts.

The official Chinese news service Hsinhua did not mention the quake in central China. But the Japanese news agency Kyodo reported from Shanghai

that a rolling quake had been felt for more than 10 seconds in Sian, 550 miles southwest of Peking. It said no damage was reported.

Foreign seismic stations said the Chinese quake was centered near the border between Kansu and Szechwan provinces, 600 to 700 miles west-southwest of Peking.

Last month's quake in Tangshan caused damage and casualties in the Chinese capital, but the Chinese have released no casualty report or damage estimate. That quake and today's first quake in the Philippines were classified as "great" quakes, capable of tremendous damage.

The Richter scale is a measure of ground motion as recorded on seismographs. Every increase of one number, say from magnitude 5.5 to magnitude 6.6, means the ground motion is 60 times greater. Some experts say the actual amount of energy released may be 30 times greater.

An earthquake registering 7 on the Richter scale is a major quake, capable of widespread, heavy damage. The San Francisco earthquake of 1906 registered 8.3.

City--

from page 1

the city water revenues amounted to \$0.3104 per 1,000 gallons pumped as opposed to a total cost of \$0.3103 per 1,000 gallons. "We are in great shape, but to keep our coverage, we ought to have an increase in water rates down the line somewhere."

Noting that other area cities were all above 50 cents per 1,000 gallons, he suggested that the rates be increased to about 40 cents per 1,000 gallons. It is presently 30 cents.

This will be formally recommended at a later meeting. Electrical costs contribute heavily to the need for higher rates.

The budget report listed total revenues for July at \$129,470 and monthly expenses of \$175,646. The report shows the city running \$122,903 ahead of schedule on total budgeted amount for the year-to-date. Only a few individual categories show expenses higher than revenue.

A request for senior citizens funds was not considered since no one was present to discuss the matter.

All commissioners were present.

At Wit's End ...

By ERMA BOMBECK

Around this time of year, a lot of people complain that reruns are getting through to them. They say they feel the side effects of watching the same TV shows again. Again. Again.

I don't know what they're talking about. I accept reruns as a necessary part of television to give performers some time off, to give people a chance to see something they've missed, and of course to keep the cost down.

A friend of mine confessed that he watched "The Wizard of Oz" for the 18th time the other night and this time when the tornado sucked up Toto and Dorothy, he actually cheered.

I don't know what they're talking about. I accept reruns as a necessary part of television to give performers some time off, did I say that before?

When "The Maltese Falcon" was being shown again recently, I set a tuna casserole in front of the family and handed out TV trays.

"We had this casserole two nights ago and once last week," the family complained.

"But I a'way serve my tuna casserole when 'The Maltese Falcon' is being shown. It's traditional."

Some people contend reruns will eventually rip the American family to shreds. They cite the case of a viewer who isn't quite sure if he has seen a segment of "Medical Center" or not.

"Is this the one where Joe Gannon has the rich Arab for a patient who wants to buy him a hospital, but falls in love with the mother of a kid on a dialysis machine?"

"No, no. This is the one where the young girl patient is put in a home for the elderly and incites them to riot."

"I got it now. It's the one where the girl doctor makes a play for Joe, but she's got this mental problem and he starts the car and drags her in his car door a mile and a half down ..."

"No! No! It's the girl who leads the old people to protest." "Then I've never seen it before."

"You'll love it. The girl dies in the end."

One of the most dangerous side effects of reruns is that people tend not to watch them as closely as they did the first time. This can lead to all kinds of situations.

"When did your hair turn gray, Doris?"

"Sixteen years ago, Fred. You mean you're just noticing?"

"This is the first time I've looked at you since 'Gunsmoke' when into reruns."

I don't know what they're talking about. I accept reruns as a necessary part of television to give performers some time off, did I say that before?

Childbirth Classes In Session

Lamaze method of child birth classes are being instructed each Thursday at 8 p.m. at First Assembly of God Church and will continue through Sept. 16.

The classes, which are being held to instruct expectant parents, are sponsored by the Prepared Childbirth Education League of Amarillo.

Individuals wishing to sign up for the classes or obtain additional information should contact Chaile Lockamy at Deaf Smith General Hospital, 364-2141, Extension 240.

Nowadays Lebanon bologna comes in vacuum-sealed packages. Sliced, the bologna makes a good addition to a platter of cold meat to be served for a summer supper.

Engagement Announced

Miss Patti Ann Ellis and Joseph Delaware Ambrose III, both of Fort Worth, will exchange wedding vows November 20 at First United Methodist Church of Fort Worth. The bride-elect is the daughter of Dr. and Mrs. Dan G. Ellis of Fort Worth and is the granddaughter of the Rev. and Mrs. H.L. Thurston of Hereford and the late Mr. and Mrs. Carl Ellis of Perryton. Her fiancé is the son of Mr. and Mrs. Joseph D. Ambrose, also of Fort Worth. Miss Ellis graduated in 1975 from Christian University and is a member of Kappa Gamma Sorority. The prospective bridegroom, a 1973 graduate of TCU, is attending Southern Methodist University Law School and SMU Graduate Business School where he will graduate in May of 1977. He is a member of Sigma Alpha Epsilon Fraternity and Delta Theta Phi Law Fraternity.

Traylor-Railey Vows Exchanged Recently

Wedding vows were solemnized by Miss Mary Louise Traylor and Ray Dan Railey recently in the home of the bride's parents, Mr. and Mrs. Robbie Traylor of 619 Ave. J. The bridegroom's parents are Mr. and Mrs. Joe Railey of 312 Ave. C. Glen Nelson, Justice of the Peace, officiated. The bride's sister, Miss Robin Traylor, served as maid of honor and best man was Mark Fowler. Given in marriage by her father, the bride wore a floorlength printed voile dress fashioned with an empire lace bodice, long full sleeves and a portrait neckline. She carried a bridal bouquet of white, tan and blue mums decorated with lace and ribbons. Family members and close friends of the couple were invited to the reception held at the home immediately following the ceremony. The two-tiered wedding cake, trimmed with blue flowers and topped with miniature bride and bridegroom figurines, was served from the refreshment table laid with a lace cloth over blue. It was centered with a blue and white floral arrangement. The couple are making their home at Hereford. The bride attended Hereford High School and is employed as a file clerk at Hereford Clinic and her husband, who also attended HHS, is employed by Tago Industries. Out-of-town guests included Mr. and Mrs. Alan Railey of Lubbock, the bridegroom's brother and sister-in-law. Quick-cooking rice cereal, prepared according to package directions, may be served with gravy instead of hominy grits. So if you have a package of the rice cereal and want to use it up, try offering it to your family with chicken and gravy. To stretch a small amount of ham, dice it and add it to scrambled eggs.

Ann Landers Work Off Energy

DEAR ANN LANDERS: You might not be able to print this but I going to write it anyway. Please tell me if I am wrong.

I am 24, my husband is 29. This is my second marriage. His first. We have been married 15 months. If I don't agree to have sex every night he gets mad.

I've explained a hundred times that I work at a job eight hours a day, the same as he does. I also have the house to take care of, the cooking and laundry. Some nights I'm just too exhausted for romance.

I can't wash dishes without him coming up behind me and making some obscene gesture. If I lie down on the couch after supper he is right there. The man is after me all the time.

I love him, Ann, and I want this marriage to work, but I don't think it is fair of him to be so demanding. What is "enough" and what is "too much"? You tell me and I'll tell him. -- Hiding From "Hot Stuff"

DEAR HIDING: Nothing I say will lower his thermostat, but I'm going to say something anyway. Even though your husband is paying you the ultimate compliment, he is inconsiderate, selfish, and probably oversexed.

I get the impression you receive no help from "Hot

Stuff" with the household chores. Unfair! The next time he chases you around the house, hand him the vacuum sweeper and tell him to work off some of that excess energy by giving you some assistance.

DEAR ANN LANDERS: I agree wholeheartedly with your comments to the woman who surprised the hostess with a chocolate cake. I've been surprised like that and was not pleased. I respect the intentions of guests who bring cakes, but too often a random dessert collides with the hostess's carefully prepared menu.

And now will you please say something to dinner guests who insist on bringing an armful (or a box) of beautiful, fresh, UNARRANGED flowers?

Here I am, welcoming guests, and someone thrusts flowers at me. How can I do an adequate job of flower arranging under those conditions? It seems ungracious not to display the posies, but it's worse, to pop them carelessly into an inappropriate container -- a container should also be a gift to the hostess. Tell 'em, Amie. -- Milly In Michigan

DEAR MILLY: Right you are. BUT, when a hostess finds herself the recipient of an armful (or box) of unarranged flowers, the trick is to get the flowers off her hands and on

display as quickly as possible. I suggest she ask another guest to do the flower arranging, and not be too fussy about the container.

DEAR ANN LANDERS: This is going to seem foolish, but I need some reassurance from someone who is smarter than I.

Our nine-year-old Cindy has become "best friends" with a chum at school. Cindy has been invited to Jan's home for dinner and says it's like a "palace" and they eat "like Thanksgiving every night."

Our home is very simple and our table meager. Jan loves to come here and does so often. I'm self-conscious about the difference, especially at mealtime. We have seven kids and sometimes there's barely enough to go 'round. Should I say something? -- A Mom

DEAR MOM: Kids don't visit a friend's house because it's palatial or the food is good. There's nothing to say -- so keep quiet.

Are your parents too strict? Hard to reach? Ann Landers' booklet, "Bugged By Parents? How to Get More Freedom," could help you bridge the generation gap. Send 50 cents in coin with your request and a long, stamped, self-addressed envelope to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Miss Smart Honored Recently

A combination spice and rice party and salad luncheon honored Jennifer Lynn Smart recently at the home of Mrs. Fred Sims. Miss Smart and Gary L. Hammer will exchange wedding vows Saturday at First United Methodist Church.

Hostesses presented Miss Smart with a maple spice rack and each guest brought a bottle of spice for the bride-elect.

Also during the shower, rice bags were made by guests present. They included the honoree's mother, Mrs. Jeff J. Smart, her sister, Cindy Smart, Cathy Connally, Cathy Hampton and Mmes. Bill Burnam, Gerald G. Payne, Robert Higgins, Ida Miller, Dan Janosek and Mel Charest.

Carla West Selected As Alternate Recently

Carla West of Hereford was chosen as an alternate at the District 4-H Dress Revue held recently at Amarillo. Miss West will fill in at State 4-H Dress Revue to be held in San Antonio, September 17-18, in case the winners cannot compete.

A tie for best 4-H record was also received by Miss West during the revue whose theme was "Bell Ringing 4-H Fashions."

All the contestants, who represented a 20 county area of the Panhandle High Plains, made and modeled their own outfits.

Joyce Shipp, county extension agent, served as chairman of the event and Sue Farris, district agent, served as coordinator, with a number of county extension agents serving on committees.

In the senior age group, Carla West received a blue ribbon and in the junior division, age group 9-11, Kristy Simons and Brenda Straffus, both of Deaf Smith County, also won blue ribbons.

Parents, 4-H leaders and special guests were honored at a tea sponsored by the Texas Home Demonstration Association following the revue.

Eight exhibitors and donors of awards participated in the show. Among them were

BUSINESS & INDUSTRY REVIEW

FIRST PRINTING CO.

When you walk through the door of First Printing Co., 240 East Third St., you are entering a Hereford business that celebrated its 10th year of successful business today, Tuesday, Aug. 17.

The firm was begun 10 years ago by Roy Boyer in the same location as it is now. Two years ago, on Aug. 30, 1974, Roy's son Danny assumed operation of the commercial printing and office supply. When asked if the firm specializes in any one area of commercial printing, Danny replied: "We specialize in all types of printing." And all forms of commercial printing they do handle! They turn out top quality printing from small and simple business cards to complicated ruled forms for banks and insurance companies.

The firm employs three experienced printers in the "backshop" with a total of 29 years experience counting Danny's 10 years of in and out of the firm, prior to assuming the running of the business.

When it comes to a fine selection of office supplies, you'll find just what you need at First Printing Co. If you don't find that particular item you need to ease your business bind because of the need for a new adding machine, typewriter, business form or even office furniture, you will do no better than to deal with Danny Boyer at First Printing Co.

Danny and his wife Marcia have been married only two years, but have found such hobbies together as boating, tennis and golf for their off hours relaxation. Marcia is a teacher at the Tierra Blanca elementary school.

Government Can't Deliver Security

The political campaigners are at it again—casually bandying about such promises of "security" and "equality" that no government can deliver.

They talk of eliminating poverty—though poverty is not a state of the pocketbook so much as a state of mind.

The Census Bureau affirms that 20 percent of American families receive 40 percent of our national income ... and that the lowest 20 percent of the population receives only 5 percent of it.

The fault with those mathematics is that the Census Bureau is considering only "cash income." Ignored is the fact that the "lower 5 percent" also receives Medicare, Medicaid, food stamps, subsidized housing and so on.

Take those fringe benefits into consideration and the proportion is less lopsided. Then the top fifth gets about 33 percent of the national income and the bottom fifth gets almost 12 percent.

Indeed, New York City statistically abolished poverty.

Recently The Wall Street Journal audited New York City and discovered that an average family of four there receives in cash and other benefits between \$7,000 and \$7,500 a year!

So there is no more of that kind of "poverty" in New York City. Nobody is hungry.

But there is, distinct from the statistical condition a human condition.

New York City tried to abolish poverty with generous welfare programs and discovered that this kind of dependency corrupts.

While the welfare population was lifted out of economic poverty, it sank simultaneously into various depths of social pathology. It became a largely demoralized population with higher rates of crime, juvenile delinquency, drug misuse, teen pregnancy, alcoholism...

There is now more "poverty" in New York City than when the

welfare checks were less generous.

Irving Kristol says that generations of many nations were able to find satisfaction in tedious, low-pay jobs because they enjoyed the self-respect which comes from being a breadwinner.

Being the breadwinner has always been a major source of respect from family, friends and neighbors.

When welfare provides for a man's family more generously than he, the breadwinner, can—then he becomes a superfluous human being.

Family respect crumbles, then self-respect crumbles, then family ties unravel, then the family suffers from a kind of "poverty" which is not economic and which more unearned money will not remedy.

So trying to abolish poverty through income distribution does nothing of the sort.

All federal and state handouts failed to cure the "poverty" in Appalachia. What cured it was a boom in coal mining!

Medical Aid Plan Agreement Stalled

AUSTIN (AP) - The State Board of Public Welfare learns today whether Blue Cross and H. Ross Perot's computerized data firm have agreed on a plan for joint operation of Texas' medical aid program for poor people.

When the board adjourned Monday, the two firms had just reported failure to reach a final agreement. The board agreed to give them overnight to continue their search.

The board received bids last month from both Blue Cross and Perot's Electronic Data Systems EDS to operate the Medicaid program from Jan. 1 to Aug. 31, 1977. It asked the two parties to attempt a joint bid, with Blue Cross handling relations with doctors and hospitals and EDS doing the administrative work.

EDS had the low bid of \$165.6 million for the eight-month contract. Blue Cross bid \$167.3 million.

When Blue Cross showed up Monday with an amendment to its bid, the board insisted that the two firms get busy toward

producing a final joint bid. The board said failure to do so would mean acceptance of the EDS low bid.

Sam Houston To Seek Court Post

AUSTIN (AP) - A judge with the name of famous Texan-Sam Houston-scheduled a news conference today to announce he is challenging Don Yarbrough as a write-in candidate for the Texas Supreme Court.

Many claim that Yarbrough won the Democratic nomination in the May primary because people confused his name with another well-known name, that of Don Yarbrough, who lost three times for the governor in the 1960s.

Houston lawyer Tom Loran already has filed as a write-in candidate.

Yarbrough upset Chief Justice Charles Barrow of the San Antonio Court of Civil Appeals in the primary, leaving him

Rural Accidents Listed By DPS

The Texas Highway Patrol investigated 18 accidents on rural highways in Deaf Smith County during the month of July 1976 according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and 11 persons injured.

The rural traffic accident summary for this county during the first seven months of 1976 shows a total of 66 accidents resulting in two persons killed

and 33 persons injured. The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for July, 1976, shows a total of 592 accidents resulting in 22 persons killed and 388 injured, as compared to July, 1975, with 568 accidents resulting in 22 persons killed and 398 persons injured. This was 24 more accidents, the same number

killed, and ten less injured in 1976 at the same period of time. The 22 traffic deaths for the month of July, 1976, occurred in the following counties: three each in Archer, Wise, Dallam; two each in Foard, Wichita, Lubbock; one each in Hale, Young, Deaf Smith, Hall Moore, Sherman, Wheeler.

Co-ops Consider Energy Matters

Almost 1,000 Texas rural electric leaders and ladies gathered in San Antonio last week (August 11-13) for the Association of Texas Electric Cooperatives' 36th annual meeting. The meeting theme—"It's a New Ball Game"—referring to new problems facing rural electricians wasn't news to the delegates, but the speeches, reports, and other discussions drove the ball home.

Highlights of the sessions included a debate between Jon Newton and Walter Wendlandt, candidates for the Texas Railroad Commission this year, and another debate—one the deregulation of natural gas prices—by Congressman Robert Eckhardt of Houston and Robert Krueger of New Braunfels, leaders of opposing sides of the issue.

The meeting also featured Texas Public Utility Commissioner Alan R. Erwin, State Representative John Wilson of LaGrange, and Frank Youngblood former director of the Texas Railroad Commission's Gas Utilities Division, in addition to a number of rural electric leaders.

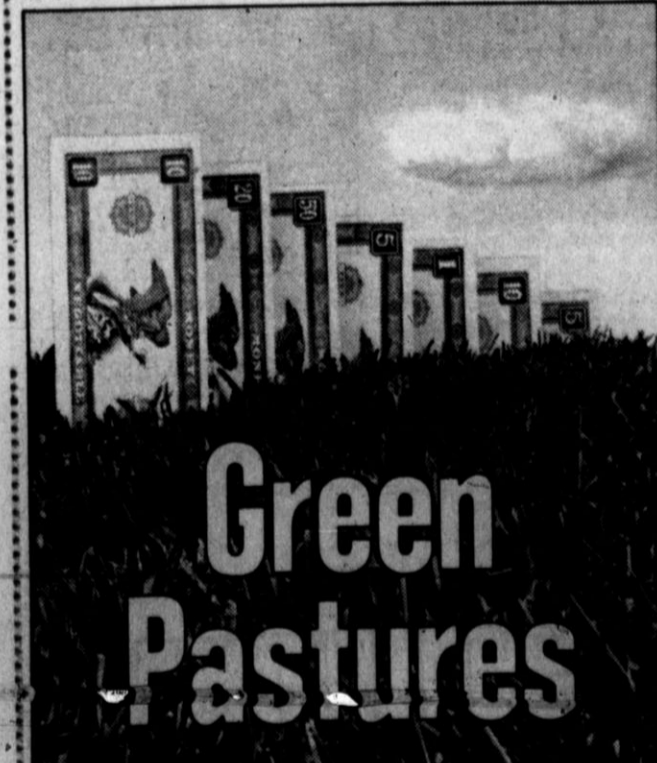

Utility Commissioner Erwin continued on the theme saying, "There are two teams, and my fellow commissioners and our staff are the umpires. And right now, the other team is looking pretty powerful. The are composed of the elements of our

economy which are combining to make our jobs, at times at least, less than pleasant. They have the price of natural gas at first base, inflation at second, and misinformation at third. Sometimes I get the impression that the federal and state bureaucracies are pitching."

A panel made up of Representative Wilson, Youngblood, formerly of the Texas Railroad Commission; Bud Hadfield, a member of Bluebonnet Electric Cooperative at Giddings; and Tom Hutchinson, general manager of Pedernales Electric Cooperative and newly elected president of the TEC organization, discussed the major problems facing rural electricians.

In discussing the Texas Railroad Commission, Democrat Newton and Republican Wendlandt agreed that the current Commission has been less than responsible to the consumers of the state.

Newton said he would like to see business without government interference, "but it is time to realize that when utilities are granted monopolies of service areas and a consumer can't shop around for his energy supply, then government must insure adequate power at a reasonable price." He added that the TRC is going to have to start monitoring all new gas contracts and the reserves to back them up

Browns Crush Vikings, 31-7

CLEVELAND (AP) - Cleveland Browns' owner Art Modell treated the home crowd to a sensational fireworks display at halftime Monday night, but it didn't compare to the explosion by the Browns.

They stunned the partisan throng of 44,336 in Cleveland Stadium by charging to three touchdowns in the second quarter and completely overpowering the vaunted Minnesota Vikings, 31-7.

With Greg Pruitt leading the way, the surprising Browns amassed 235 yards rushing and a total offense of 333 yards, while the rejuvenated Cleveland defense stopped the Vikings cold.

Playing without regulars like quarterback Fran Tarkenton and running backs Chuck Foreman

and Brent McClanahan, Minnesota gained 245 yards, only 76 on the ground.

In Monday's other NFL exhibition, the St. Louis Cardinals defeated the San Diego Chargers 20-10 in Tokyo in the first professional football game ever played away from the North American continent.

Pruitt, who had 93 yards in 15 carries, capped a 70-yard drive early in the second period with a one-yard run. The Browns then took advantage of a pair of quick fumbles by Vikings fullback Willie Spencer to add a one-yard score by Cleo Miller and an eight-yard touchdown by Larry Poole.

The Browns added 10 points in the fourth period on a 43-yard field goal by Don Cockroft and a 28-yard scoring strike from rookie quarterback David Mays to wide receiver Steve Holder, completing a 90-yard drive.

The Cardinals, who let the Chargers catch up after taking a 10-0 lead, won the game on a 52 yard pass from Jim Hart to Ike Harris in the third quarter as an estimated 38,000 fans looked on at Korakuen Stadium.

Connors Cops Crown

INDIANAPOLIS (AP) - "I think Jimmy Connors is the player who can produce the best tennis game in the world. He can lose, but if he's playing at his best, he is the best player in the world." - Wojtek Fibak.

"I'll agree to that," Jimmy Connors. Fibak, the No. 1 player in Poland, was openly in awe of Connors' performance Monday night in the championship match of the U.S. Clay Court

tennis tournament. Connors, playing nearly flawless tennis and displaying uncommon seriousness that showed his intent to win, never trailed, coasting to an easy 6-2, 6-4 victory and a first prize of \$25,000.

The men's doubles championship was won by top-seeded Raul Ramirez of Mexico and Brian Gottfried, Fort Lauderdale, Fla., who beat Freddie McNeil, Chevy Chase, Md., and Sherwood Stewart, Goose Creek, Tex., 6-2, 6-2.

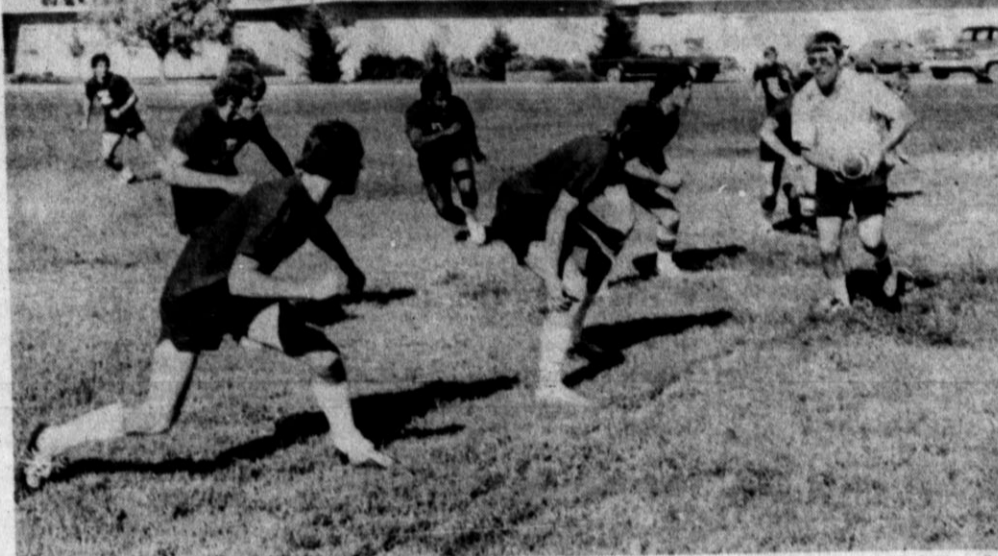

City Golf Tourney Deadline Thursday

A new champion will be determined when the annual Men's City Golf Tournament is unreeled Saturday and Sunday.

Jim Holmes captured the city crown the past two years, but the former Hereford school administrator has moved to Panhandle. Play will be over 36 holes in all flights, and entry fee is \$15. Deadline for entering is 5 p.m. Thursday.

All action is scheduled Saturday and Sunday afternoons in the men's tourney. A City Junior Golf Tourney is scheduled Saturday and Sunday mornings. It will be flighted by age divisions—9 through 11, 12 through 14, and 15 through 17. There is no entry fee for the junior tourney.

The men's tournament will be flighted by handicaps. The tourney will be conducted by medal scoring. Cal Garrett, golf pro at Pitman Municipal Golf Course, reported that entries were slow, and urged golfers to sign up today or Wednesday.

Follow That Ball!

Hereford head coach Fred Upshaw leads Herd defensive players in a drill designed to help them react to either a passing or a running situation during the first supervised workout for the team Monday afternoon at the practice field. Some 60 players showed up for practice yesterday, a figure lower than the 90 expected. [Brand Photo]

Rangers, A's Lose

For it's one, two, three strikes you're out of the old ball game...As Billy Williams learned Monday night for the first time in his brilliant 17-year career.

Williams who had already fanned twice and grounded out, stepped to the plate in the eighth inning with runners at first and third and two out and the Oakland A's clinging to a 3-2 lead over the Milwaukee Brewers.

Danny Frisella pitched, Billy Williams watched and umpire Bill Kunkel said, "Strike one." "I figure I know the strike zone pretty well and that first pitch was high and inside," Williams insisted. "I complained. I have a reputation for not complaining, so I guess I'm not supposed to."

Frisella pitched again, Williams watched again and this time Kunkel said, "Strike two." "The second pitch was on the ground," Williams said, "but because I had complained, it was called a strike. I complained again and he ordered me back into the box. But I wasn't ready to get back in because I figured

anything Frisella threw anywhere near the plate would be called strike three. I wasn't ready to be called out that way."

But that's the way it was. Kunkel told Frisella to pitch even though Williams was out of the box and strike three it was, an automatic call in such cases.

What hurt even more was Von Joshua's two-run single in the bottom of the ninth, lifting the Brewers to a 4-3 victory that snapped the A's nine-game winning streak and dropped them eight games behind Kansas City in the American League West.

Elsewhere, Kansas City beat Cleveland 6-1, the New York Yankees downed Texas 5-1, Baltimore trimmed Minnesota 8-4 and Boston whipped the Chicago White Sox 12-5. Detroit and California were not scheduled.

Royals 6, Indians 1
Amos Otis and Tom Poquette hit two-run first-inning homers off Jackie Brown as Kansas City whipped Cleveland behind Marty Pattin's three-hitter, including George Hendrick's 20th homer.

Otis has socked four homers in the last seven games and the latest was the 100th of his career.

Yankees 5, Rangers 1
Mickey Rivers and Stanley homered, Graig Nettles drove in two runs with a double and single and Chris Chambliss slammed a run-scoring double as the Yankees unleashed a 13-hit attack in support of Catfish Hunter's seven-hit pitching.

Orioles 6, Twins 4
Ken Singleton's three-run homer off Tom Burgmeier capped Baltimore's five-run fifth as the Orioles won their fourth in a row to remain 9½ games behind the Yanks. Mark Belanger doubled home the first two runs while Ross Grimsley won for the fifth time in his last six decisions.

Red Sox 12, White Sox 5
Dwight Evans drove in three runs and a shaky Luis Tiant picked up his 63th victory as Boston snapped a three-game losing streak. Tiant allowed nine hits and four runs in five innings before giving way to Bill Lee.

Braves Nip Reds, Astros Bow Again

The Atlanta Braves have been a beleaguered tribe since the All-Star break—seven players on crutches and a myriad assortment of ailments and injuries.

"At one time it looked like we were fighting the Civil War again," says Manager Dave Bristol. With all these walking wounded in Atlanta uniforms, one might suspect that the Cincinnati Reds were caught off guard Monday night. The National League West leaders were ambushed 4-3 by the Braves.

In the only other National League games Monday night, the San Diego Padres outsigned the St. Louis Cardinals 11-7 and the Chicago Cubs whipped the Houston Astros 5-3.

Morton, 3-9, allowed five hits in 7 2-3 innings, overcoming the 10-strikeout pitching of Fred Norman, 11-3, whose lifetime record at Riverfront Stadium dropped to 32-8. After Morton gave up two

runs in the eighth that cut the Atlanta lead to 4-3, he was tagged for two-cut triple by George Foster. Devine came on at this point and forced Tony Perez to ground out and retired the Reds 1-2-3 in the ninth. It was the Reds' third straight defeat, matching their longest losing streak of the season.

Padres 11, Cardinals 7
Willie Davis smacked a two-run double and Enzo Hernandez a bases-loaded triple to highlight an eight-run ninth inning that carried San Diego over St. Louis. The outburst by the Padres, at the expense of four Cardinal pitchers, nullified a five-hit performance by St. Louis' Lou Brock.

Cubs 5, Astros 3
Rob Sperring's two-run single with two out in the ninth inning broke a 3-3 tie, lifting Chicago over Houston. Bruce Sutter, 3-3, hurled the final two innings for the Cubs to gain the victory. Houston, starter Larry Dierker, 12-11, absorbed the loss.

Public Witnesses Available If TAC Hearing Opened Up

AUSTIN (AP) - An Austin insurance executive opposing Southwest Airline's application to fly into five more cities says if the Texas Aeronautics Commission would open the hearing to public witnesses "one thousand people would be down here to testify."

John Frucella, the owner of Hill Country Life Insurance Co., said Monday he asked to testify after deciding that the Southwest application to serve Austin was the "worst thing that could happen to Austin."

"The only people who oppose Southwest," he said, "are the people who fly-and the travel agents, who have to put up with irate customers."

The commission hearing on Southwest's application to serve Austin, El Paso, Corpus Christi, Lubbock and Midland-Odessa ended after Fort Worth businessman I.B. Chapman of Fort Worth testified he chatters planes "rather than fight the horrible traffic to Love Field."

Southwest is based at Love Field, and Frucella reasoned that Southwest's cheaper fares would siphon passengers from Texas International and Braniff airlines and they would reduce their flights that connect at the Dallas-Fort Worth regional airport with flights going out-of-port with flights going out-of-state.

Such connections are more important than Austin-Dallas service, Frucella said, because approximately five times as many passengers are, there wouldn't be an airport here," Frucella said. "If you can't get service, nothing else counts."

Texas International, which opposes the Southwest application, sponsored Frucella's testimony. Under the hearing rules, a person needed a sponsor to testify. Braniff and Fort Worth also opposed the application.

City attorney S.G. Johndroe Jr. of Fort Worth called Southwest president M. Lamar Muse an "outright liar" in an exchange over Muse's testimony that Fort Worth had rejected his offer to provide air service to the city.

Muse testified: "I offered the Fort Worth city council service to Meacham Field, but its response was to pass a criminal ordinance imposing a \$200 fine for each landing and take-off at Meacham by a scheduled commercial air carrier."

Muse said Johndroe had responded to his offer at the April 1974 council meeting by saying, "We don't want leeches and parasites in Fort Worth."

Johndroe said that he had made the statement and had Muse be an "outright liar." Muse's purported recollection

was just "plain fabrication," Johndroe said.

WT Course Designed To Train Legal Aids

A course being offered the first time this fall on the West Texas State University campus should help ease the shortage of qualified legal assistants in the panhandle area.

Mrs. Willie J. McCall, an instructor in the University's Business Education and Office Administration department says that the Legal Research/General practice class to be offered Tuesday and Thursday evenings will hopefully provide the beginnings of a corps of para-legal assistants, for the Amarillo area.

"There's a great demand for legal assistants, for para-legal people," Mrs. McCall says. "We have met with a committee of leading attorneys in this area, and we've had a number of calls from people in that profession saying they'd like to hire the people who go through this course," she says.

Mrs. McCall says that para-legal course work in universities in Chicago, New York and California has been

studied to get ideas for the course. "We did this to prepare the people to meet the needs of the legal community where ever they might go," she says.

Students who sign up for the initial legal assistant course need to have a thorough background in legal clerical work, Mrs. McCall says, or have at least a junior standing at West Texas State University.

When they complete the course, she says, the students will be able to perform most of the jobs in a legal office except appear in court to argue cases.

Evening students can register for any of about 270 courses offered for the fall semester, many of them for beginners. Registration will continue from Aug. 18 through Aug. 24, from noon to 8 p.m. to noon on Saturday, Aug. 21. Late registration will take place Monday and Tuesday, Aug. 30-31, but students are reminded that class numbers are limited and some will be closed at this time.

Special registration is held in the offices of the Division of Continuing Education, X-15, which is south of the Municipal Auditorium parking lot in Lubbock.

Dean C. Thomas Reese of the Division of Continuing Education said that persons enrolling for the first time can profit from counseling, and this is available at the time of registration or before.

All courses are offered for credit, he said, and students may work toward a degree on the undergraduate or graduate level "or take courses just for the enjoyment of learning something new."

The cost of a 3-hour course is \$82.50 or two for \$114.60; or one 4-hour course is \$99.40-all with a \$7 property fee added but refundable at the end of the semester.

Persons over 65 years of age may audit courses free, Reese said, but most of these people find daytime instruction more suitable to their lifestyles. Special counseling and registration for senior citizens is

the same as that for evening classes.

Undergraduate courses offered include a wide variety from art to zoology.

People tuned into gardening or house plants might take a course in botany or plant science. Beginners are welcome in such diverse areas as astronomy, economics, drawing, biological sciences, English, American History, photography, physics, American government, interpersonal communication, an introduction to computers in business, nutrition and food, and personal and family management.

Many of the courses are at the graduate level, and it is possible to earn an advanced degree at Texas Tech without attending daytime classes. Although by no means limited to the college of education, advanced courses for teachers are particularly popular in the evening classes program, Reese said.

Among the new degrees offered and available through the evening program is the master's degree in interdisciplinary studies. This permits students to take coursework for master's degree credit in a wide variety of subjects. Anyone holding the bachelor's degree is eligible to apply for this program.

DE LUXE TRACTOR
ST. PAUL, Minn. (AP) - Perhaps few man-and-wife trucking teams own a tractor as luxurious as that owned by Mr. and Mrs. Ralph Puckett Jr.

When they started as a trucking team recently, the Pucketts bought a \$52,000 tractor which is fitted with a double bed, stereo, television, digital alarm clock and clothes closet. It has a 425-horsepower engine, automatic transmission and air-ride suspension. Its interior is padded.

Tuesday

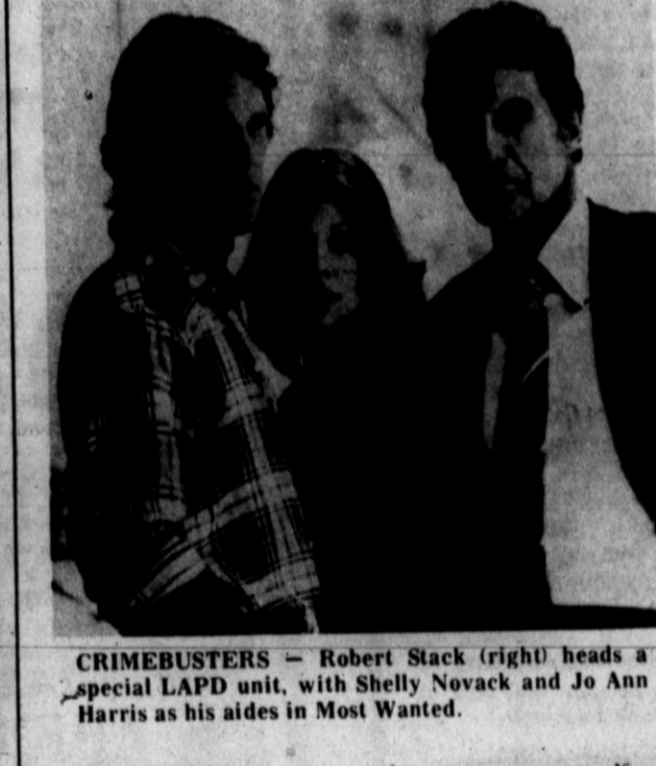

THE CAPTAIN (Daryl Dragon) and **TENNILLE** (Toni Tennille), husband and wife performing partners, give viewers a preview of their new fall series, as they sing and joke through a special. "The Captain and Tennille."

Wednesday

Like father, like daughter. **DONALD MULVANEY** and his daughter **Maureen** form a rare combination - a minicam operating team for NBC. The two are pictured here at work in the Democratic National Convention. Next, Kansas City.

Fall TV Preview

CRIMEBUSTERS - Robert Stack (right) heads a special LAPD unit, with Shelly Novack and Jo Ann Harris as his aides in Most Wanted.

MOST WANTED
Robert Stack's new series, Most Wanted, is set to air Thursdays (10-11 p.m., ET) on ABC. According to the network, the show concerns an elite task force of the Los Angeles Police Department that investigates only those crimes of a major magnitude. In other words, a cop show with classy criminals.

Stack plays Captain Link Evers, head of the Most Wanted unit, while Shelly Novack, as the unorthodox Sergeant Charlie Benson, and Jo Ann Harris, as Officer Kate Manners, are his aides.

In the first episode, currently shooting, Harris Yulin guests as an airline hijacker, who releases all but 12 passengers in exchange

TV Star Scene

Robert Forster, who had a couple of unsuccessful series of his own, (Nakia and Banyon) turns up next season in an episode of NBC's Gibbsville. He plays a has-been boxer who lands a job as a bouncer in a bar... Dina Merrill, Carol Lynley, Monte Markham and Phyllis Newman head the guest cast of "Who's Who in Neverland," the second episode of "Quincy" to go before the cameras. This latest entry in the NBC Sunday Mystery Movie string stars Jack Klugman as a hard-driving medical examiner.

Kevin Dobson escapes from the seedy streets of New York's Kojak, but ends up in a worse predicament in "Stranded," airing Friday, Aug. 20 over CBS. He heads a band of modern-day castaways lost in the South Pacific in this repeat TV movie... Susan Dey, who was a singing Partridge some years back, guests with Christopher Connelly in "The Captive."

Stockton Wins PGA

BETHESDA, Md. (AP) - Dave Stockton predicted three days before the end of the PGA national championship that he would win. Few believed him.

"I'm a positive thinker," said Stockton, a student of psycho-cybernetics, the science of mind over matter. "I play well in the PGA more often than not."

But even Stockton, scambler extraordinaire, admitted he was shocked to learn that he led by only one stroke in Monday's final round Monday of the rain-delayed PGA tournament as he strolled down the 18th fairway. His worst fear - a sudden death playoff.

The 34-year-old Stockton, using a three-wood because he had been wild with his driver, put his ball slightly to the right

near the rough on No. 18, a 465-yard par four. He was short of the green by about five feet with a two iron, the ball on a slight downslope. He chipped to about 15 feet of the pin.

Then, with the \$45,000 first prize on the line, Stockton did what he does most often - he sank the 15-foot putt to give him the title by a single stroke at 281, one over par on the Congressional Country Club course, playground of presidents in Washington, D.C., suburb.

Stockton, who had rounds of 70, 72, 69 and 70, gained an advantage when three earlier leaders - Charles Coody, Jack Nicklaus and Don January - suffered double bogeys on the final round.

Masters champion Ray Floyd and the veteran January tied for second - they were watching by the 18th green hoping to gain a playoff spot - at 282. January had a 72 on the final round, Floyd a 71.

Defending champion Nicklaus, Australian David Graham, John Schlee and rookie Jerry Pate, the U.S. and Canadian Open champion, were another stroke back at 283.

Tom Weiskopf, Ben Crenshaw, Jerry McGee, second-round leader Dr. Gil Morgan and Charles Coody, who led at the beginning of the final day, were at 284.

All had a chance to win the PGA, the last of the year's four major international tests of golfing greatness. All failed.

Inopportune Injuries, Depth Worrying Teaff

WACO, Tex. (AP) - Baylor football Coach Grant Teaff lists his main concerns of 1976 as "injuries at key positions and depth at linebacker and defensive end."

If 1976 is not to be a repeat of last year's nightmare season, he might also have added, "holding on to the football."

The Bears last season set all-time Southwest Conference records for most fumbles, 65, and most fumbles lost, 38.

Consequently, their glorious 1974 championship season was followed up by a 3-6-2 record in 1975, despite what was considered a strong team on paper. At times, that strength was apparent on the field, such as when national power Michigan barely held Baylor to a 10-10 tie.

The team look solid on paper again as long as the

butterfingers of 1975 didn't leave lasting psychological scars.

"Turnovers and inopportune injuries were the downfalls of the 1975 team," says Teaff.

The turnovers, he says, "nullified nearly 4,000 yards total offense. Quarterback Mark Jackson received a shoulder injury in the first game that handicapped him the rest of the season, although he came back to play after it was thought he was lost for the year."

Jackson returns at quarterback and he figures to give bluechip schoolboy recruit Sammy Bickham of Plano a year of seasoning.

But the backbone of the offense is Cleveland Franklin, who rushed for a school record 1,112 yards out of the tailback position, trailing Texas' Earl Campbell for the season rushing

title by just six yards.

"Cleve Franklin at 218 pounds should be among the best in the country," says Teaff.

Another plus, offensively is 240-pound tight end Ron Lee, who caught only 10 passes as a freshman but averaged 21 yards per reception. He is the heir apparent All-SWC performer at the position.

Triple lettermen Rell Tipton and Gary Gregory anchor an experienced offensive line which Teaff says "should be the best in Baylor history and will have great size 256-pound average."

Defensively, Baylor lost three starters in the line, including four-year letterman John Oliver, but the three starting linebackers plus three starting backs are returning.

"The secondary should be among the best in the nation-led by Gary Green, Mike Neims and Ron Burns," says Teaff. Burns was All-SWC in both in freshman and sophomore years.

Baylor gets an immediate initiation into the conference race, opening the season Sept. 11 at Waco against Houston, competing for the first time as a full-fledged SWC championship contender.

"It looks like another extremely tight race in the offing, with one of any four teams capable of winning," Teaff says. "Arkansas, Texas, Texas A&M, Texas Tech and Baylor I think have a good teams returning and you can't overlook the others for a minute."

Sports Shorts

Mickey Mantle is an insurance company vice president in special marketing in Dallas, Tex. The firm is Reserve Life Insurance Co.

Jockey Angel Cordero failed to win the Belmont Stakes in his first five efforts. But he won the first time he had a favorite in the race. It was Bold Forbes, the 1976 winner.

Houston Astro rookie pitcher Joaquin Andujar hurled two successive two-hit games this

spring. Last year he completed only one game with Three Rivers, Que.

New York is the leading state with documented yachts, having 4,893.

First golfer to tee off in the 1976 U.S. Open golf championship was amateur Ronald Milonovich of Pinecrest Country Club in Brookville, Pa. His starting time was 7 a.m. (EDT).
