CASTRO COUNTY Political Announcements

The following candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

For County Judge:

B. D. Woodlee

For District and County Clerk:

Joe Hastings

Dimmitt Methodist Church

Preaching at 11 a. m. and 8 p. m. first Sunday.

Preaching at 8 p. m. fourth Sunday.

Sunday School every Sunday at 10 a. m.

Everybody is invited.

Rev. G. R. Fort, Pastor.

SUMMERFIELD

Harvesting and cultivating is the order of the day with our farmers. Some have finished harvesting and some are just beginning. The wheat is very good.

J. B. McMinn and son, Perry, and Clyde Roberson and family and others are going to the breaks planning this week. We are told there are an abundance of plums and grapes to be had over there.

Bro. Morgan and family, of Canadian, spent the week end in W. J. McMinn's home and Bro. Morgan assisted in the ordination service in which Bro. Frank McMinn was ordained to the full work of the ministry. The service was very impressive.

J. F. Ward and family of Hereford were also present at the service, Mrs. Ward being a sister of W. J. McMinn.

Manion McBroom and family, of Mand, Okla. are visiting in the home of his brother, Tom McBroom. The brothers had not seen each other in many years. The brother drove up to the house and introduced himself as a candidate and Mr. Tom McBroom didn't recognize him at all.

W. L. Johnson is combining Fate, Charlie and Claude Weiser's wheat. It is making about 16 bu. per acre.

Miss Gladys Donald, of Goodnight, Tex., is visiting in the home of W. J. McMinn. Her parents, Mr. and Mrs. Walter Donald, were very special friends of the McMinn family during their seven or eight years of residence in the Arney community in Gladys's very early childhood days, the friendship being renewed from year to

ways in Castro County.

W. W. Wimberly, of Canyon, is in this community harvesting his wheat crop.

H. K. Mundell finished cutting spells today for Ollie Burch.

Elmer and Ollie Dixon finished threshing their wheat Monday. A good crop was reported.

Mack Johnson moved his machine to Hart this week. He will finish their threshing, then return to Dimmitt and complete his work for this season.

C. B. Honser is freighting wheat for O. M. Burch.

Remember the Castro County Singing Convention, July 23, 1922.

I will now drop the subject of wheat and go to politics. The time is fast approaching, and the candidates are ruling, but not boasting. They visit you every day, different ones, however. But in just one week and a half they will stay at home, that is, some of

NAZARETH

Rev. Father Andrew, of Fort Smith, Arkansas, arrived in Nazareth this week and will remain here a few months.

A little son of Mr. and Mrs. J. C. Albracht has been having an attack of appendicitis.

Frank Hocking left last Monday for Kansas for a month's visit.

Paul Kern was in Tulla on business Wednesday.

Albert Wilhelm and wife, Charlie and Rose Wilhelm and Harry and Heine Dirks were plum picking east of Tulla Wednesday and Thursday.

Misses Sophie, Rose and Christine Litsch, Mary Braddock and Jose Miller were in Dimmitt last Monday afternoon.

Will Stork was in Plainview Saturday afternoon on business.

CLEO

Several families of this community went to a singing at Dimmitt last Sunday. The singing was great as it al-

them will and the rest will be too happy to stay at home, but will be running everywhere singing like mocking birds.

Well, my letter is getting rather long, but I want to say something about old Castro County's wheat crop. I believe I am safe in saying that Castro County has turned another page for the Plains wheat growers to look at. The Cleo farmers had some summer prepared land which yielded around thirty bushels per acre. Up to this writing Cleo community alone has threshed a few bushels over twenty thousand and will have several thousand more bushels when threshed.

FRIO

We had about one inch of rain last night which was badly needed, as the grass had begun to dry up some.

Those who have wheat are very busy harvesting at present. The wheat is making a very good yield.

Quite a few trucks are busily engaged in hauling the Castro County wheat to Hereford. Two Dimmitt boys were caught in the rain last night south of Hereford and spent the night in their trucks, as one slipped into the ditch and could not pull out.

Mr. and Mrs. Percy Estes and family left July 4 for a pleasure trip to northern New Mexico and Arizona.

Mr. and Mrs. H. J. Robinson and children and Mr. and Mrs. Elias Owens went to the canyons east of Silverton the first of the week plum hunting. They brought back several bushels of plums.

Frio community is having a protracted meeting this week. Bro. J. A. Lindley is doing some splendid preaching, but our congregations are small on account of so many of our people being in the harvest fields. We hope to have better congregations the last of the meeting.

Mr. and Mrs. Jess McMinn, of Summerfield, attended preaching Tuesday night. Also Mr. and Mrs. Lawrence, from near Summerfield.

BOVINA NORTHSIDE

Mrs. E. T. Engert and two sons, living on the Frank Hernal's farm, bought a registered Poland China hog of Ray.

Berry Orr

For County Treasurer:

J. J. (or Uncle Joe) Ward

For Commissioner Precinct No. 3:

J. N. Messenger

WHY NOT A FIREMEN'S DAY?

What a fitting tribute it would be to the volunteer firemen who guard the lives and property of so many millions of our people if a common day were fixed to show public appreciation of the unselfish service of these splendid men. Flowers in the coats of men on Mother's Day are beautiful and inspiring. There is even a little sentiment here and there for Father's Day, and perhaps this idea may grow to greater proportion.

Father, however, can wait, and he will be glad to wait if we can see a Firemen's Day come into being. When it does, let us hope it will take a practical turn. State laws pretty generally fail to protect the volunteer fireman, and villages are quite incapable through taxation to guarantee any adequate fund to take care of the widows of those who die for us or for those dependent on the fireman when he is rendered incapable of further work or service.

To some extent insurance can be used, but even this form of protection has its limitations. Pending some state or national recognition every village can well afford to assume leadership and endorse a local fireman's day. The village authorities undoubtedly would ap-

prove such a plan. Games could be arranged in the afternoon and at night a monster entertainment could be staged.

Suppose every person in the community were to pay one dollar for a ticket. It would not take long to raise a fund that would be practically beneficial, and that could be administered by a selected committee of citizens in whom confidence rests and whose interest in our brave lads is well known.

Perhaps other and better ways of raising such a fund might be suggested, of course. The point for our folk to consider is that something should be done and done quickly.

MEASLES AND MOSQUITOES

Dr. Royal S. Copeland, Commissioner of Health for the City of New York, makes the flat assertion that measles can be completely wiped out in this country in forty-eight hours. In the same breath, we are authoritatively advised that the pestilent mosquito cannot fly more than one thousand feet and live.

What a reflection on the United States Government, if these assertions be correct, and there is no reason to doubt them. The one great necessary step, namely, passing this information under government authority directly to the people, is ignored. Consequently, measles still carry death and suffering to the young, and mosquitoes spread their poison over almost every inch of the United States.

It may be possible for the press, unaided by the government, to bring some relief. Though lack of unified action undoubtedly must end in failure.

If the mosquito cannot fly more than one thousand feet, then every household has it within his power to establish for himself at least a mosquito zone. Clean up for one thousand feet. See that old bottles and tin cans containing water are destroyed or emptied, that cesspools are kept closely sealed, that house gutters are kept clear. Sprinkle suspected spots with kerosene, the cooperation of every citizen.

For measles Dr. Copeland's recipe is more simple. Keep the patient absolutely isolated for forty-eight hours. How easy it would be for the government to lay down practical rules to destroy these evils and to enlist the people in a united campaign to that end, asking in plainly signed advertising under the signature of the President of the United States, if necessary, the cooperation of every citizen.

If the gentlemen, now so busy flirting for the vote, would press thorough legislation of this character, perhaps they might stand a better chance than they will by rolling the pork barrel.

The County Judge

About three or four weeks ago a report was diligently circulated that all the country school teachers were against me and that they were saying that I was not qualified as County Superintendent and should not be re-elected. All those teachers who are at present in this county, or attending the

Normal at Canyon, signed a written statement refuting that charge and gave a written testimony highly commendatory of my interest and work as County Superintendent. Their statement was published in The Hereford Brand last Friday, July 7th.

A new falsehood is now being spread over the county to the effect that I have failed as a Judge on the bench and that I do not know the law and that I can not try a case in court properly.

Only two appeals have ever been taken from my ruling and decisions in the trial of all cases since I have held the office. It therefore seems that the lawyers and the litigants are very well pleased and have considerable respect for my rulings and decisions in the courts.

One of the cases so appealed to the higher courts has been passed on by the higher court and affirmed, the higher court holding in that case that I was correct in the trial of that case. The other case which has been appeal from my decision has not been decided and is still pending in the higher court.

It therefore seems that the teachers of this county approve my work as County Superintendent, and that the trial lawyers and the higher court has approved my judgment and decisions in the trial of cases in court.

What next? Let them come with a new one.

W. M. Megert, County Judge.

Standard Service

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

Electric Service Station

Mr. and Mrs. J. M. Chapman and children and Mrs. W. J. Hopper of Vega, reached Hereford Wednesday.

Peels Spuds and Asks for Senate Vote

From spuds to Senate is quite some hurdle, but the confident Mrs. Annie D. Olson, of Minnetonka, is not afraid to pose in kitchen frock in asking the voters of the state to send her to the U. S. Senate in place of Frank B. Kellogg, the present Re-

publican Senator. Mrs. Olson does not let her campaign interfere with housework, as one wide-awake photographer found when he called at the home. Political wiseacres say Mrs. Olson is piling up hundreds of votes in her campaign.

They were called to Hereford by the serious illness of Mrs. Jno. Higgins.

We are headquarters for fruit jars, tops and rubbers, and the price is right. Williams Bros.

Registered Cattle Hereford Sale—85 head—14 cows with calves, one 3 year old bull, heifers, 6 bulls one year old, 40 grade cattle, 8 head horses, implements, sheep. Land for private sale or trade. Terms. Free Lunch. Ed M. White, owner. July 20th, Estes Martin Ranch, 7 miles west of Clovis.

Card of Thanks We take this means of expressing our sincerest thanks to the many friends who stood by us so faithfully during the illness and death of our beloved husband, father, son and brother. We wish especially to thank the doctors and the nurse who labored so untiringly, the friends who so freely gave of their time and energy by coming to the home and those who so thoughtfully prepared the lunches from time to time. We appreciate more than words can express the innumerable words of comfort, the beautifully ar-

anged church, the lovely music and the exquisite floral offering. May God's richest blessings be with you all.

Mrs. Nettie Price, Miss Annie J. Price, Mr. and Mrs. Royal A. Terry, Gwendolyn Price, Mrs. M. A. Price, mother, Mrs. H. E. Johnson, Mr. and Mrs. T. A. Gardner, Mrs. J. L. Moorhead, Miss Annie E. Price

OUSLEY AND NEFF ELECTED IN STRAW VOTE FOR GOVERNOR

Brownwood, July 10—Clarence Ousley, elected Senator; Pat M. Neff, elected Governor. Whoa! Elected two weeks before the Democratic primary.

Anyway, a straw vote taken here this afternoon after the session of the directors of the West Texas Chamber of Commerce, showed that result.

However, those who voted included Brownwood citizens, visitors and newspaper men, and the vote was not part of the organization's proceedings.

The vote stood Ousley 20, Thomas 12,
