**New Chamber Slate**

O.G. "Speedy" Nieman, center, was installed Thursday night as Deaf Smith County Chamber of Commerce president during the CoC Installation banquet. Installed with Nieman were vice president Ken Rogers, left, and Jonny Cloud, re-elected as treasurer. The three

officers will be presented Thursday, Jan. 19, to the public at the annual chamber banquet. Tickets are still on sale for \$7.00 apiece and are available from any Hereford Hustler. (Brand photo)

### Chamber Installs Nieman

Joe Schollenbarger expressed appreciation to directors and members for "the opportunity and honor to serve as your president" before handing over the gavel to O.G. (Speedy) Nieman during the installation dinner of Deaf Smith County Chamber of Commerce officers and directors Thursday night at Hereford Country Club.

Other officers installed were Ken Rogers, vice president, and Jonny Cloud, re-elected as treasurer. Rogers succeeds Bob Ginn as vice president.

New directors installed for three-year terms were Rogers, Dave Hopper, Jerry Payne, and Butch White. Dr. Milton Adams was also named to serve a one-year term vacated by Ginn.

### Brand To Be Represented In Washington

Hereford Brand Publisher "Speedy" Nieman has announced that The Brand will send Farm Editor Jim Steiert to Washington D.C. next week to cover the activities of striking farmers who are traveling to the nation's capitol in protest of the current depressed status of the agricultural economy.

"We are aware that the farm strike movement has already called attention to the predicament America's farmers are in. With agriculture such a vital segment of our own local economy and in view of our publication's commitment to the area's agribusiness industry, we feel it is desirable to have coverage of events in Washington on a first-hand basis," Nieman commented.

Steiert grew up on a farm near the Hart community in Castro County, and is entering his third year as Brand farm editor. He received his B.S. degree in journalism from West Texas State University, where he also minored in agriculture in 1973, and served as news editor at the Castro County News in Dimmit for two years, prior to coming to Hereford in 1975.

## Carter Predicts Compromise On Energy To Be Made Soon

WASHINGTON (AP) - President Carter is predicting that Congress will reach a compromise on energy legislation "in which we can take pride" soon after it begins its 1978 session next week.

"I believe we do have the resolve and national will to deal with the energy problem," the president said Thursday in an opening statement at a nationally broadcast news conference.

"The debate in the Congress has been long and divisive and arduous. . . . And delay has deferred action, unfortunately on a number of other important national priorities."

But, Carter added, "when we do succeed and I believe we have an excellent chance to succeed early in this session we will have accomplished something in which we can take pride, not just here at home but before the other nations of the world as well."

The president said foreign leaders he met during his recent seven-nation trip expressed concern about the lack of agreement on a new energy policy. "They are looking to our country to see whether we have the will, the resolve, to deal squarely with our energy problems, which are also becoming their problems," he said.

During the question period, Carter accused the Soviet Union of sending advisers and massive arms shipments to Africa to interject itself into the war between Ethiopia and Somalia. And he

### Farmers Grounded For Awhile

By The Associated Press

A group of striking farmers' attempt to keep their organization loosely structured has run afoul of government regulations and put a crimp in their plans to attend an upcoming Washington rally.

However, a Civil Aeronautics Board spokesman in Washington said Thursday the grounded farmers should still be able to get airborne by Jan. 18, when the three-day nationwide rally is slated to begin.

Farmers from Quanah, Texas, and El Dorado, Okla., arranged with a travel agency for a charter flight to Washington, according to Greg Rystadt of the

(See STRIKERS, Page 2)

said Cuban soldiers were sent to the region "perhaps to become combatants."

On another foreign policy matter, the president repeated previous statements that he and Egyptian President Anwar Sadat hold nearly identical views on Middle East questions, although "it's not for me to decide a specific settlement." Sadat has called for total Israeli withdrawal from the occupied Sinai region.

Carter also was asked whether plans to replace the Republican-appointed U.S. attorney in Philadelphia conflicted with his campaign pledge to keep politics out of Justice Department positions.

The president replied that in deciding to replace David Marston as federal prosecutor for eastern Pennsylvania, he had relied on the recommendation of Attorney General Griffin Bell but did not know Bell's reasons.

### More Vandalism Occurs In Public Restrooms

Somebody cracked a commode this week in the public pavilion at Veterans Park. Police are investigating and City Manager Dudley Bayne, understandably, is fuming.

Vandals two weeks ago tore up the restrooms at the pavilion, constructed by the City of Hereford for \$22,000 to be used as a family gathering place at the park.

Toilets and sinks were smashed in that incident, resulting in approximately \$600 worth of damage.

Four juveniles have been charged with destructive vandalism in connection with the incident.

One of the new comedies at the facility was smashed Wednesday night or early Thursday morning.

"The plumber hadn't even gotten through installing it," Bayne said. "I just can't figure out anybody's idea, what purpose they have, in destroying it."

"Naturally it upsets me. When you have something built for the public to use, people are intentionally destroying it."

Bayne said there have been six or seven incidents of vandalism at the facility since it was built in the summer. More than \$1,000 in damages have occurred.

Bell told reporters later that he believed Marston lacked trial experience, but Marston attributed the administration move to pressure from Pennsylvania Democratic politicians.

On other matters at his 30-minute news conference, Carter:

Said the nation was "very fortunate" in achieving an economic growth rate of about 5.5 percent in 1977, adding, "Basically, we have a very strong national economy." But he said he believes a substantial income tax cut will be needed in the third quarter of 1978 to stimulate the economy.

Said HEW Secretary Joseph A. Califano Jr. acted responsibly in launching a national anti-smoking campaign this week, although it was not Califano's "responsibility to tell an individual American whether he can or cannot smoke."

The city tried placing a lock on the pavilion in the evenings, but it was broken in one of the incidents.

Hereford Police Chief Don Brush said patrols will be increased at Veterans Park because of the vandalism.

"Whenever we have repeated occurrences like this in the same place, at times we set up surveillance to watch it," Brush said.

Vandalism in Hereford during December and January has totaled more than \$4,000 in damages.

Brush said that when a person is proved to be involved in an incident, the victims usually are paid for the damages.

Deaf Smith County Judge Sam Morgan told Phil Scumbato, juvenile probation officer, and county commissioners Monday that he has been asked by victims what change they have to be reimbursed when a juvenile is involved.

"We turn them over to the juvenile probation officer, and they have to report to him with their parents or guardians," Brush said.

"It's up to the juvenile probation department and the juvenile court to see that those people are reimbursed."

"Any time a juvenile gets in trouble, his parents or guardian are responsible for his acts."

Officials of Pitman Grain and Hereford Grain Corporation has announced an agreement on a \$3.75 million contract covering the purchase of Pitman's grain elevator facilities in the Hereford area by the local cooperative.

Representatives of both firms were scheduled to sign the contract sometime late today, according to Marsh Pitman, president of Pitman Industries, and Joe Artho, manager of Hereford Grain Corp.

Negotiations for the sale of the Pitman facilities here have been underway since mid-November, and stockholders of the Hereford cooperative voted in a special called meeting last night to make the purchase.

The purchase price was set at \$3,750,000, according to Artho. The sale will include the Pitman elevator facilities in Hereford, in addition to outlying facilities at Summerfield, Westway, Centerpoint, and Milo Center.

"We will be maintaining our Simms elevator, feedyards and commodity brokerage offices," Pitman reported.

"Our family has been in business in the Hereford area since the early 1920's, and we plan to stay here in the Hereford area with a cattle operation," he added.

Pitman Grain was founded by J.A. Pitman in 1930, with the firm opening business at the old Harrison elevator. Elevator facilities located in Hereford were constructed during the 1940's and

50's, and the firm's outlying elevator facilities were built during a period extending from the mid 1950's to 1960's, according to Pitman.

"This will be a transaction involving five million bushels of storage," Artho explained. "At the present time, Hereford Grain Corp. has some 2,600,000 bushels of storage, and with the acquisition of the Pitman facilities, we will have storage for 7.5 million bushels," he added.

The vote on Hereford Grain Corporation's purchase of the Pitman facilities came during a special meeting of voting stockholders last night. The tally was 148-9 in favor of the purchase.

"There are some contingencies we will have to meet before the sale is finalized, including some meetings and reports. The planned closing date on the transaction is Feb. 15, and it appears that everything is on schedule at this point," Artho commented.

"Without a doubt, this is the largest transaction in our local cooperative's history. When you approve such a transaction by a vote of 148-9, I would say the stockholders are pretty enthusiastic about the move," he added.

Hereford Grain Corporation was formed June 1, 1953, with S.H. Slagle serving as the initial president.

In 1958, the cooperative purchased its Sears location, on the west side of the city. The Farmers Corner location was purchased in 1968.

The firm constructed an additional 514,000 bushels of storage space at the Sears location in 1975, and another 600,000 bushels of storage was constructed at Farmers Corner during the summer of 1977.

The cooperative has 387 voting

### Sorghum Subsidies

### Announced

WASHINGTON (AP) - Farmers who produced barley and sorghum grain last year will collect more than \$500 million in federal target price payments, the Carter administration has decided.

Vice President Walter F. Mondale announced the payments Thursday in Pullman, Wash. As previously set, no payments were scheduled to be made for those crops.

The decision boosted the 1977 targets to \$2.15 a bushel for barley from \$1.39 previously and to \$2.28 a bushel for sorghum from \$1.62 earlier.

Officials said this will mean payments of 50 cents a bushel for barley growers, a total of about \$208 million. Final sorghum payments will be computed later but are expected to range 35 to 40 cents a bushel, or between \$300 million and \$325 million.

The higher target prices for barley and sorghum were recommended by Agriculture Secretary Bob Bergland but had been held up for weeks in the White House, where some budget officials objected to their costs.

Added to \$1.2 billion in wheat payments, grain farmers now are expected to collect more than \$1.7 billion in federal subsidies on their 1977 crops. The payments make up the differences between targets and the lower prices farmers actually get for commodities.

### Property Title Insurance Costs To Go Down

By PAUL SIMS  
Managing Editor

The cost of protecting ownership of real estate will go down March 1.

The State Board of Insurance voted Thursday to reduce title insurance premium rates 4.6 percent, a significant reduction for home buyers according to Dwight Turner of Security Federal Savings & Loan in Hereford.

"It will be noticeable in closing costs. Previously, on a \$30,000 house, the owner's policy was \$243. If they have a 4.6 decrease, it would be \$232," Turner said.

That is an \$11.8 reduction. Rates had been increased 10 percent on Jan. 1, 1977.

"That was a pretty big increase," Turner said. "However, considering everything else, it wasn't any more than anything else. And title insurance rates had not gone up before last year. It was expected."

Pat Ferguson, of First Realty of the Southwest, said the reduction "will be a welcome change because rates have been getting so high."

"On a new loan, it will lower his closing costs," Turner said. "And the

### Farm Bureau Withholds Strike Support

HOUSTON (AP) - The American Farm Bureau Federation has condemned a recent \$500,000 federal grant to teach English to migrant workers and rejected pleas to lend support to the farmers' strike.

The action came at the final session Thursday of a four day meeting of the federation that represents 2.8 million farm families.

In two resolutions, the federation expressed concern over the farm income crisis but urged that higher prices be found through expanded markets rather than striking for government action.

The protest of the award to Cesar Chavez, head of the United Farm Workers, followed an announcement that Secretary of Labor Ray Marshall had approved such a grant.

The federation members called the award a "transparent effort to use tax funds to assist the United Farm Workers who have engaged in violence, secondary boycotts and other disruptive acts against farmers and farmworkers."

They said they would continue to favor

(See FARM BUREAU, Page 2)

closing costs the seller has to pay." Title insurance is designed to protect the buyers of real estate in the event of challenges to their ownership. Insurance board officials said the total annual premiums on title insurance in 1976 was \$105 million.

Turner said Security Federal requires the insurance on property. Hi-Plains Savings & Loan does not, according to manager Don Lane.

"We have to know that the title is good for the property but we don't always use title insurance. Sometimes we have a title opinion from an attorney."

An attorney will check the abstract, which is the history of the property, to determine the title belongs to the new owner.

"If you own a house and have an abstract, and you're going to sell me the house, you have to buy a supplement to the abstract," Lane said.

In some cases, Hi-Plains requires a title insurance policy.

"If we make loans for out-of-town property, like in Hunsley Hills, we require title insurance because our attorneys here are not familiar with the subdivisions," Lane said.

## FBI Director Candidate Involved in Appeal

WASHINGTON (AP) — The federal judge who's the leading candidate for FBI director is now weighing a government appeal to protect the confidentiality of FBI informants who spied on the Socialist Workers Party.

U.S. Circuit Judge William H. Webster joined two other federal appellate judges in ruling in New York against the FBI on Oct. 11.

But the three-judge panel has reached no decision on the government's November petition for a rehearing.

Administration sources say Webster is the front-runner for President Carter's nomination to succeed Clarence M. Kelley as FBI chief. Attorney General Griffin Bell says he has recommended that Carter choose either Webster or U.S. District Judge Frank McGarr of Chicago. Carter is expected to announce his decision next week.

There was no indication that Bell knew of Webster's role in the case when he approached Webster about the FBI directorship.

## Israel Defense Minister To Report on Talks

CAIRO, Egypt (AP) — Israeli Defense Minister Ezer Weizman flies home today to report on the opening of the Israeli-Egyptian talks on the Sinai Peninsula.

Israeli sources said Weizman would deliver the first detailed counter-proposal to Israel's plan for military withdrawal from Sinai. They said he found parts of the Egyptian blueprint acceptable.

He will return to Cairo "in a few days," a joint communique said following 10 hours of talks Wednesday and Thursday. Maj. Gen. Avraham Tamir, the fifth-ranking Israeli delegate to the military talks, will remain for "further discussions and clarifications" with the Egyptians, it added.

The Egyptians offered their plan Thursday after the Israelis presented a paper detailing their concept of security in Sinai, including buffer zones, demilitarized zones and other matters.

The exchange of proposals lasted 3 1/2 hours, and Weizman said the session consisted mainly of stating known positions about the 20 settlements Israel wants to continue maintaining in Sinai, and that Egypt wants dismantled.

## Americans Concerned About Canal Pact

NEW ORLEANS (AP) — The Carter administration, testing public sentiment on the Panama Canal treaty, is finding Americans concerned about national security questions raised by the pact.

During a three-state trip in which he sought to win support for the treaty, Secretary of State Cyrus Vance was asked repeatedly whether the United States would intervene to keep the canal open and also what ties Panamanian leader Omar Torrijos has with the Soviet Union and Cuba.

In Louisiana, as in earlier stops in West Virginia and Kentucky, Vance received friendly responses when he asserted that under the proposed treaty, the United States would have "a solemn obligation" to keep the canal open.

Vance also suggested that the Senate give its formal approval to an understanding between President Carter and Torrijos stating that the United States has the right to keep the waterway open.

The understanding also gives U.S. warships priority passage through the canal in times of emergency and commits both countries to consult on any plans for construction of a sea-level canal.

## Woman Says Hunt Offered \$1 Million

SHREVEPORT, La. (AP) — An Atlanta woman seeking a share of the H.L. Hunt fortune says the late oil billionaire once offered her a million dollars not to expose their bigamous marriage.

Frana Tye Lee, 73, who is seeking recognition as Hunt's commonly accepted wife, Thursday outlined for a fascinated jury what she said were his efforts to keep two wives and two families happy.

A platoon of defense lawyers for the Hunt estate planned further cross-examination of Mrs. Lee today in U.S. District Court. Late Thursday they began hammering at discrepancies in her 500-page deposition.

Mrs. Lee claims she was married to Hunt from 1925 till 1934, the period when Hunt earned his first million. She said the marriage came unraveled when she learned that all the while, Hunt had had another wife and family.

She testified that in 1942 Hunt offered her a million dollars to say they were never married, and thus eliminate the possible embarrassment of his being exposed as a bigamist. She said she rejected the offer.

## Carter Asked To Expedite Attorney Firing

WASHINGTON (AP) — President Carter concedes he was asked by a Pennsylvania congressman to "expedite" the firing of U.S. Attorney David Marston, but he says he knows nothing of the congressman being a reported target of a Marston investigation.

Carter said Thursday that Attorney General Griffin Bell decided to replace Marston as the U.S. attorney for Eastern Pennsylvania long before Rep. Joshua Eilberg, D-Pa., telephoned the president.

Marston, a Republican, successfully prosecuted two powerful Democratic state legislators last year and is now investigating how a Philadelphia hospital, represented by Eilberg's law firm, financed an addition.

Marston, who was appointed to the job 18 months ago, refused to offer his resignation after Carter's election, as is customary of political appointees. At the time, he vowed to fight to finish his four-year term. He remains in the post while the administration searches for a successor.

## Smith Has Agreed To Suffrage

SALISBURY, Rhodesia (AP) — The Rhodesia Herald said today Prime Minister Ian Smith has agreed to universal suffrage, promising black rule, and black political leaders negotiating with him have agreed to a white veto to protect against removal of constitutional safeguards for the whites.

The paper said the compromise agreement was a breakthrough in the negotiations, which had been deadlocked since Christmas.

Smith demanded a third of the seats for whites in the proposed 100-member parliament after the blacks take over the government. The black leaders — Bishop Abel Muzorewa, the Rev. Ndabaningi Sithole and Chief Jeremiah Chirau — had offered a fifth.

The Herald said the blacks agreed that 28 of the seats would be reserved for the whites and that their unanimous vote would be enough to prevent removal from the constitution of the clauses safeguarding white rights.

The report said in return Smith agreed in principle for the first time that all adults would have the vote, which would insure a black majority.

The talks are to resume Monday and are expected to focus on the length of time the safeguards for white rights should remain entrenched in the constitution, the paper said.

Smith is expected to ask for at least the life of two parliaments, or eight years, whichever is the longer, the report said.

Through the '20s she made dozens of movies with many of Hollywood's leading men. But she is best remembered for her role in "The Jazz Singer."

The Abundant Life  
HYPERCRITICISM  
BY BOB WEAR

ONE OF THE MOST BANEFUL, and most widespread practices of our time is hypercriticism. From all areas of the human experience, it seems that "habitual fault-finding" increases daily. There doesn't seem to be any particular desire to be helpful or constructive. The "undue criticism" seems to be an end in itself, and oftentimes the critics seem to reveal in their effort to outdo each other.

THIS KIND OF CRITICISM is not helping anybody, not even the critic. Of course, the critic would not be so vocal and energetic if it were not for the people who receive his criticisms with feelings of great delight. We had better take a good look at the workings of destructiveness which thrive on this derogatory approach to life.

LEGITIMATE CRITICISM is made less effective by the enormity of hypercriticism. This means that we lose one of the more useful ways for correcting the wrong things, and upholding the right. In fact, the social atmosphere becomes so polluted that an accurate perspective is impossible. People are often heard to say to each other, "I don't know what to believe, or what to think."

THIS TOTAL DISREGARD for truth, for integrity, for responsible behavior and for justice hurts everybody. It threatens everything that is of value, and the things that are most needful to human well-being. It may very well be the biggest adverse influence upon individuals; and is probably the most discouraging one of all.

MUCH OF THE CRITICISM in the political arena is improperly motivated, and belongs in this "hypercritical" classification. It is not made with a high regard for honesty and for facts. It is not made for the purpose of accomplishing something worthwhile. Some of it is for the dishonorable purpose of destroying someone's character and ruining his good name. The motivation is often selfishness and greed. This hurts all of us, because it damages our way of life.

DO YOU EVER get the feeling that everything is wrong, that nothing is right? This is not an uncommon feeling, but it is not a feeling based on truth. This prevailing, widespread "hypercriticism" is a gross exaggeration of the bad and the undesirable. It even covers up much that would be encouraging and helpful to all of us, and this helps make the bad seem worse.

THE HUMAN SCENE will never be perfect, and is not likely to be as hopeless as some predict. Of course, we have problems and there are many improvements most of us would

## Early-Day Rose Queen Recalls 1923 Parade

PASADENA, Calif. (AP) — "I had a two-hour reign and always felt I got cheated," says May McAvoy, silent film star of the 1920s, reflecting on her time as the "unknown" Rose Queen in 1923.

One of the 50 women who have served as Rose Queen during Pasadena's annual Tournament of Roses Parade, she didn't even know her royal status at the time, but thought she was just another rider on one of the many flowered floats.

"I rode from one end of Orange Grove Blvd. to the other, got off the float, into my car, and went home," she says of that New Year's Day 35 years ago, which she still vividly remembers. "That was my reign as queen."

She had come out to Hollywood from New York in 1921 under a five-year contract with Famous Players, now Paramount.

"In 1922, my studio wanted to get as much publicity for me as possible, so I became queen of the Orange Show down in Orange County," recalls the former star. "Then the studio wanted me to ride on the Tournament of Roses Parade's first Hollywood float. I was delighted to do anything the studio wanted because I was just a budding star."

She arrived at the parade at 6 a.m. on a chilly New Year's morning suffering from a cold and having had only a few hours' sleep because of a late New Year's Eve party. After donning a gown provided by the studio, she put on a "funny-looking crown," as she remembers it, as well as an ermine cape to keep her warm.

"I sat on a big, round-backed chair on the bed of a truck," she recalls. "Tall, potted plants and flowers were all around, so you couldn't see that it was a truck I was riding on. All along the parade route I blew kisses and waved. I also coughed and blew my nose a lot because of my cold. I never knew a New Year's Day that was colder, sitting on that truck with the wind blowing. But I tried to look as if I was enjoying it."

"Afterwards, I didn't go to the Rose Bowl football game, because nobody invited me," she explains. "I just thought it was another day of publicity for me. My career was so important to me then."

It wasn't until 1956 — 33 years after her reign — that Miss McAvoy found out she had been designated as Rose Queen.

A representative of Occidental Life Insurance in Los Angeles, which was a long-time float sponsor, telephoned May —

who by this time had married and become May McAvoy Cleary — to invite her to a luncheon in honor of all past Rose Queens.

"I'll never forget that telephone conversation," says Miss McAvoy, who told the man she remembered being in the parade, but she didn't know she was queen. The stunned insurance executive told her it was true — that it was in the official Tournament of Roses records.

"I couldn't be prouder now," she admits. "I was just fortunate to be picked then and have it all bounce back years later. Then, it was just another day. Today, it is a special honor."

Her career in entertainment spanned the era from silent movies through the talkies. A co-starring performance in her first film, "Sentimental Tommy" in 1921, landed her the contract with Famous Players.

"From then on, it was very easy. I was lucky because I was the right type of actress then. They liked little women," adds Miss McAvoy, who is well under 5 feet tall.

Through the '20s she made dozens of movies with many of Hollywood's leading men. But she is best remembered for her role in "The Jazz Singer."

## Dawn Music Club Elect Officers

Dawn Music Club met Tuesday at Dawn Community Center with Mrs. H.R. Stewart as hostess.

Mrs. Carl Wimberley presided as the meeting opened with members repeating the National Federated Music Club Collect, led by Mrs. Alfred Smith.

Rhonda Hagar was welcomed as a new member of the Dawn Club.

During the business session members voted to donate \$50 to the Dawn Community Center, to be used as they see fit.

A new slate of officers was elected as recommended by the nominating committee comprised of Mrs. Smith, Mrs. Walter Lemons and Mrs. R.E. Curtis.

New officers for the coming term will be Mrs. R.T. Stewart, president; Mrs. H.R. Stewart, vice-president; Mrs. Bill Caraway, secretary; Mrs. L.W. Tooley, treasurer; Mrs. H.V. McCabe, Historian; Mrs. J.B. Caraway, choral director; Mrs. Carl Wimberley, parliamentarian and reporter. The new officers will be installed in May for a term of two years.

Plans were made for the monthly birthday party to be held at Westgate Feb. 9.

Mrs. Bill Caraway presided for the program of the afternoon, "Flight 105" from Nashville to San Francisco.

A quiz test "How Much Do You Know About Country Music" by Ramblin Rhodes was given by Mrs. H.R. Stewart and revealed how little most of the members really knew.

Mrs. H.V. McCabe reviewed the book "San Antonio Rose" by Dr. Charles Townsend, a biography about the life of Bob

Wills, a country-western musician, who started his career in music at the age of ten.

Bob Wills' famous song "San Antonio Rose" was sung by Mrs. Stewart with Mrs. Wimberley at the piano.

The song "Take Me Home, Country Roads" which started John Denver on a country-western singing career and written by Nivert, Danoff and Denver was vocalized by Mrs. Curtisinger with Mrs. Wimberley as accompanist.

A piano duet, arranged by Denes Agay, "The Entertainer" by Scott Joplin was presented by Mrs. Wimberley and Rhonda Hagar.

Mrs. Wimberley followed up by playing "Honkey Tonk Train" by Meade Lux Lewis, a composition which launched the fascination of "Boogie Woogie."

"Good Night, Irene" by Ledbetter and Lomax, a song which reached its peak of popularity in the early 1950's, was sung by Mrs. Tooley, accompanied by Mrs. Wimberley.

Mrs. Lemons sang "Cool Water," written by Bob Nolan and made famous by "Sons of the Pioneers". She was accompanied by Mrs. Curtisinger at the piano.

To close the program, group singing included the hymn of the month, "You Are My Sunshine" made popular by Gene Autry and "It Is No Secret" by Stuart Hamblin.

The next regular meeting will be in the home of Mrs. Wimberley, February 14, and will feature songs of the Mardi Gras.

## Yearbooks Received By HD Club

Members of Palo Duro Home Demonstration Club received their yearbooks for 1978 and voted to approve all council committee plans at a meeting Monday evening in the home of Mrs. Wallace Hill.

Claudette Mitchell gave the program on 'Advertising Antics' following roll call on "How I've used advertising to help me."

Other business included setting up club communities.

Members included Cheryl Hill, Carolyn Lively, Michelle Brisendine, Jan Rose, Wanda Champ, Janet Coleman, Mary Fisher, and Betty Vogler.

Members also welcomed a new guest-member, Ann Lueb.

## Tickets for Antique Sale Go on Sale Here Tomorrow

Members of L'Allegre Study Club will launch a full-scale promotion tomorrow of their 5th Annual Antique Show and Sale, scheduled Feb. 3, 4 and 5 at the

Community Center. Traveling in three antique cars, the L'Allegres will assemble at McDonald's Restaurant Saturday morning for

breakfast before dispersing to three different locations to sell tickets for the upcoming antique show.

L'Allegre members will be dispatched to Sugarland Mall, downtown and certain residential sectors. Tickets, priced at \$1.50 each, will give access to the antique sale all three days and, as a special attraction, will offer admittance to the E.B. Black home, 508 W. Third St.

The Black home, which was donated to the County Historical Museum in April of 1977, is being opened to the public for the first time since it was restored by the Historical Society. The Black home, which will be available as a meeting site for social clubs, will be opened in conjunction with the antique sale, from 1-9 p.m. Feb. 3 and 4 and from 1-6 p.m. Feb. 5. Members of the Historical Society will serve as hostesses.

Proceeds of the Antique Show tickets and booth rental will be contributed by L'Allegre Study Club to the Museum for replacement of the Ionic columns on the exterior of the Black residence. Jodi Skiles is chairman of the Antique Show, featuring more than two dozen antique firms from five states. Janette Caviness is president of L'Allegre.

## Both Husband, Wife Have Role in Budget

COLLEGE STATION -- Wise spending decisions in families depend on both husband and wife, says Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Since both partners make a significant number of decisions together, it is important for both to practice effective decision-making skills, she adds.

Decision-making involves value clarification, goal setting, examining alternative uses of sources, choosing wisely and evaluating the outcome of a decision, the specialist continues.

Below are the findings of a recent study to determine who—husbands or wives—had major responsibility for decisions about housing, transportation and food.

Findings showed that transportation decisions related to age and length of marriage. In younger couples and those who

had been married a short time, both spouses made the major transportation decisions. Among older couples and those married longer, husbands made more decisions.

Decision making for food choices was related to the wife's contribution to the income. The greater her financial contribution, the fewer food-buying decisions she made.

In 75 percent of the families, major housing decisions were made by both husband and wife, Ms. Kerbel says.

"HELLO" Whadda ya say to someone who is extremely rude on the telephone? Anyone answering the telephone for a business (or anything else) should be extremely pleasant when they pick up that receiver, likewise the caller. I suppose the tone of voice is the dead give-away.

Take for example, the phrase "Just a moment." If you accent the word "just" and say the remaining two words in a

monotone I'll get a rather "cutt" feeling. If, instead, you accent and inflect the first syllable of the word "moment," I'll have a pleasant and warm feeling.

Back to the original question - Whadda ya say? I have found that the more pleasant I am, the better I feel. Perhaps a kind word or a "Have a good day" will help that grouch on the other end do just that!

## Veleda Members Volunteer Time

Members of Veleda Study Club volunteered to take residents of King's Manor Retirement Home on shopping

Danielle Sinnacker, new chairperson of the Snak-Na-Ka Camp Fire group, called the meeting to order Monday afternoon.

Cindy Morgan, secretary, called roll and read the minutes of the last meeting.

During the business meeting the group discussed the Father, Daughter banquet which is scheduled to take place Feb. 17th. They talked about their work that is required in order to pass rank.

Patches were worked on to depict their Indian names with symbols. They will be worn with the ceremonial jackets.

At the next meeting the group will learn to display the flag and how to fold it.

Members present were Georgia Collins, Julie Gallagher, Lisa Connelly, Lisa Perez, Cindy Morgan, Danielle Sinnacker, Blenda Warren, Stacy Kemp, Sandra Saldana, Marzelda Soliz, Mary Ann Hurd and leaders Carolyn Gallagher and Ellen Collins.

Marcella McLain presided during the brief business session.

Mrs. Hugh Clearmandelivered the program, a review of the book "Total Woman" by Marabel Morgan. In her book, the author advises a woman to accept her husband "just as he is," admiring him and adapting to his lifestyle. Mrs. Morgan recommends that a wife "be a friend to her husband, giving him her undivided attention."

Mrs. Clearman quoted from the book, stating "Being a total woman is a way of life. Your first priority is to God, second to your husband and third to your children. Meet these needs before thinking of yourself."

Members present were Mmes. Gid Brown, Laurence Ruther, Johnny Wayne Brownlow, George Ritter, Carol Tucker, Frank Zinser and Bill Brady. The club will meet again Jan. 23 in the home of Mrs. Lloyd Crume.

## Ann Landers Sensitive Questions

DEAR ANN LANDERS: My sister's husband passed away recently and I stood next to her at the wake in the mortuary to greet people and accept condolences. I was stunned by some of the things people asked. Will you kindly tell me how she should have responded to these two questions and one statement:

(1) Did your husband leave any insurance?

(2) Do you have any plans for your husband's suits and overcoat? My son is exactly your husband's size and he could sure use them.

(3) Don't feel bad, honey. I'll bet you'll meet another man real soon and get married again.

I await your response. — Klamath Falls Reader

DEAR READER: My suggested responses are as follows:

(1) Why would that be of any interest to you?

(2) I haven't had time to think about such things. I hope you will forgive me.

(3) Such an insensitive remark deserves nothing more than a long look - punctuated with silence.

DEAR ANN LANDERS: My husband was a "Food Inspector," too - although not quite as

bad as the man in Michigan. There's a chance his wife might cure him if she is willing to try my technique. It worked for me.

Never get into a discussion with your husband about any food he thinks doesn't smell "right" or look "right." The minute he questions something, agree with him that it is a little "off." Throw it all out where it can't be retrieved. Then go fix fried eggs.

After that, at the first sign of a wrinkled nose throw everything out immediately and prepare a peanut butter sandwich. If he says he prefers eggs, tell him, "Sorry dear, I need the eggs tomorrow morning for a cake I promised the church bake sale."

Three such incidents and your "Food Inspector" won't be so fussy. He'll eat whatever you put in front of him. Mine does.

Voice of Experience in Silver Springs.

Hi Yo Silver: Thanks for a neat solution. And now, please, tell us what to do if the fish is really a little "off" and he gets a bellyache?

DEAR ANN LANDERS: Recently you printed a letter signed "One Less In The Family," from a girl who said her brother died from eating the leaves of a house plant. She then listed several plants that were "poisonous."

Periodically that letter (and others like it) pop up. This is to let you know that the National Clearinghouse for Poison Control Centers receives reports from the various centers all over the country. Usually these reports are filed out in the emergency rooms of hospitals.

Other members in attendance were Mmes. J.V. Perrin, Jerry Homfeld, Cecil Basingame, C.F. Homfeld and Jimmy Bradley.

It was tentatively decided to invite members of Messenger HD Club to a joint extension club meeting on Feb. 15 at Bippus Community House.

Claudette Mitchell, assistant County Extension Agent, presented a program on advertising and consumerism.

Members of Bippus Home Demonstration Club opted to conduct a service project for Prairie Acres Nursing Home in Friona during the coming year Wednesday when members met in the home of Mrs. Charles Myers.

Mrs. Myers presided during business.

# Justice Won't Seek Re-Election

AUSTIN, Tex. (AP) - Texas Supreme Court Justice Price Daniel Sr., one of Texas's most prominent political figures, said Thursday he will not seek

re-election to the state's highest court.

Daniel did not say he was retiring, merely that he hoped to try "some activities that would

be less confining."

Removal of Daniel as a possible candidate for re-election was expected to ease the considerable criticism directed

at his son, former Texas House Speaker Price Daniel Jr., who is in a hot Democrat primary race with former Secretary of State Mark White for attorney general, for a four-year term that begins Jan. 1, 1979. The winner of the primary apparently will meet Republican Jim Baker, a campaign manager for former President Gerald Ford.

There had been considerable speculation about the propriety of the possibility of one Daniel on the Supreme Court and another as attorney general, the state's top lawyer.

The elder Daniel is a former state representative, speaker of the House, attorney general, governor and U.S. senator from Texas.

"It is an honor and highly rewarding experience to be a member of this court," he said in his resignation statement. "I shall look forward to completing my present term which ends on

Dec. 31, 1978. At that time I have worked eight years and will be 68. After that, God willing, I would like to have time to engage in some activities which would be less confining, therefore, I have decided not to offer for an additional six-year term.

"For the opportunity of serving our state on the Supreme Court and in other capacities, I express my appreciation and shall always be grateful to the people of Texas."

Election officials said Daniel's timing will not call for an appointment of another justice. Those wishing to succeed Daniel have until Feb. 6 to file as candidates for the new term beginning Jan. 1, 1979.

Justice Daniel was appointed to the Texas Supreme Court in 1970 by Gov. Preston Smith, for the two years remaining of the term of Justice Clyde Smith,

who resigned.

He was chosen speaker of the House in 1943, the same year he enlisted in the Army. In 1946 he was elected state attorney general and served three two-year terms. He was elected to the U.S. Senate in 1952. Daniel gave up his Senate seat to become governor in 1957. He was defeated for a fourth term as governor in 1962 by John Connally.

Before naming Daniel to the Supreme Court, Governor Smith received from then-Attorney General Crawford Martin that there would be no conflict with the state nepotism law because his son was a member of the House of Representatives. The younger Daniel served as speaker of the House for two years and was president of the unsuccessful Constitutional Convention in 1974. Since then he has been in private law practice in Liberty.

## Italians Move Closer To Replacing Democracy

ROME (AP) - Italy's politicians moved today toward the fall of another Christian Democratic government and a fateful decision on whether to take the Communists into the government despite American opposition.

The Communists, Socialists and other parties whose support kept Premier Giulio Andreotti's minority cabinet in office voted Thursday to withdraw that support because the Christian Democrats refused to take the Communists in.

Giorgio Napolitano, a top Communist leader, spoke of the "imminent resignation of the government" as he left a meeting of political and labor leaders.

Other participants in the meeting said Andreotti would quit after a showdown in Parliament that could come as early as Monday.

The possibility of the Communists officially sharing power in a major NATO country for the first time since the alliance was formed brought a sharp reaction from Washington.

"We do not favor such participation and would like to see Communist influence in any Western European country reduced," the State Department said. "The United States and Italy share profound democratic values and interests and we do not believe that the Communists share those values and interests."

Both the Communist and Socialist parties accused the State Department of interfering in Italian affairs.

Italy is beset by serious economic and social problems that have spawned mounting political violence in which nine persons have been killed in the

last 12 months.

The opposition parties claim the Christian Democrats, who have dominated the political scene since 1945, have failed to produce the effective economic and social reforms promised when the parties agreed last summer to let the Andreotti government continue in office.

They have called for an "emergency government" that would include the Communists for the first time since 1947. But the Christian Democrats refused again this week.

It was anybody's guess what would happen after Andreotti's resignation. All of the parties said publicly that they do not want an election less than two years after the last one. But it appeared unlikely that either the Christian Democrats or the Communists could put together a majority in parliament, and an election might be the only way out of the impasse.

## Park Questioning Begins With 'Sensational' Finding

SEOUL, South Korea (AP) - American investigators began questioning Tongsun Park today at a five-hour session, and a congressional observer indicated the Korean lobbyist made sensational disclosures about his relations with members of the U.S. Congress.

Rep. Bruce Caputo, R-N.Y., a member of the House ethics committee, said he and the other Americans in the room "could've felt disgraced" at Park's revelations about the conduct of some high-level U.S. officials.

Caputo said "substantial sums of money" and "an awful lot of people" members of both the Senate and House of Representatives, were mentioned by Park during the interrogation. But Caputo said he could not disclose the substance of the testimony, the first given by Park to American interrogators since a U.S. Federal grand jury indicted him last August.

After the day's session ended, Park left hurriedly with his American lawyer, William Hundley, and made no comment to reporters. He looked tense.

Caputo called the session a "cooperative, useful exchange" and said for the most part Park's answers were "forthright" and "revealing."

The questioning, behind closed doors, was conducted in English by a Justice Department team led by Deputy Attorney General Benjamin R. Civiletti. He has said he expects to complete the interrogation in

about 10 days.

Caputo said he was convinced Park's testimony here would "not be enough for Ethics Committee probes." He said the Justice Department is interested in crimes but the Ethics Committee wants to know about activities that would violate congressional rules on conduct.

The congressman said he "hoped the State Department could prevail on the South Korean government to get Park to testify before congressional committees as soon as possible so that proposed American military aid to South Korea would not be affected."

The House Ethics Committee is conducting its own independent investigation of the Korean payoff scandal and has objected to the agreement on Park's testimony reached between the two governments. It requires Park only to testify to Justice Department investigators in Seoul and, if required, in American courts in return for full immunity from criminal charges.

Park has been indicted on 36 counts of bribery, mail fraud and other charges for his alleged effort to buy congressional support for the South Korean government. About 20 former and present congress-

men have acknowledged receiving money or other gifts from Park but denied any wrongdoing.

## Price Wins According To Secretary

AUSTIN, Tex. (AP) - Only nine votes changed in a recount that shows former Congressman Bob Price the winner of a state Senate election in the Panhandle, the Secretary of State's office said.

Price will take the place of Democrat Max Sherman who is now president of West Texas State University.

Milton Mallory of the secretary of state's elections division said the unofficial recount of paper ballots in 25 counties, which does not become official until presented to the canvassing board, showed a total of 15,193 for Price, a Republican of Pampa, and 14,961 for Democrat Bob Simpson, of Amarillo.

The canvassing board will act when the department receives certified returns by mail from all the counties.

The original returns had Price winning by a 241-vote margin with 15,199 to 14,958.

The recount, asked by Simpson, did not include the electronic ballots cast in Potter County, where Simpson had a majority.

**THE SPIDER**

During Mark Twain's days as a newspaperman, he was editor of a small Missouri paper. One day he received a letter from a subscriber, stating that he had found a spider in his paper, and asked if this was an omen of good or bad luck.

Twain replied: "Finding a spider in your paper is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."

## FRANKLIN KNEW WHAT GOD EXPECTS OF EVERYONE

On the occasion of Benjamin Franklin's birthday reminds us that it would be almost impossible to list all the accomplishments of this distinguished American patriot who still exerts a profound influence over our lives; or to decide whether he is best remembered as a statesman, diplomat, inventor, author, philosopher or simply as our foremost advocate of thrift, hard work and sensible living. In any case, you can do no better than to follow his common sense advice, and to attend the Church of your choice regularly; for as Franklin himself pointed out, God helps those who help themselves.

"Whatever thy hand findeth to do, do it with all thy might."  
— Ecclesiastes 9:10

...Waste neither time nor money, but make the best of both. Without industry and frugality nothing will do, and with them, everything.

# Turnovers, Bad Shooting Stymie Whiteface Girls

By BOB NIGH  
Sports Editor

Turnovers and a poor performance from the field turned out to be the nemesis of the Hereford Whitefaces varsity girls' basketball team Thursday night as the Caprock Longhorns took a 54-29 victory at the high school gym here.

Things weren't all black for Hereford, however, with the Herd JV emerging a 38-22 winner over the Caprock JV.

"We just made too many turnovers and didn't shoot well," Herd varsity coach Roy Shipp said. "We played pretty well in the first half, but didn't make our shots and made too many mistakes in the second half."

The Whitefaces were guilty of 27 turnovers in the game, as compared to 13 by the Longhorns. And, a 10-37 performance from the field (27 percent) didn't help things any either. Caprock finished the night with a 38 percent performance from the field (23-60).

One bright spot did emerge in the game for the Herd. Denise Albracht, who led the team in

the game with nine points, also pulled down 11 rebounds in leading Hereford to a 35-16 advantage in that area. Marie Schilling helped out with nine caroms.

Behind Albracht's nine, Tammy Heard tallied eight points in the loss, the ninth against six wins for the Herd this year, and the fourth in the district against three victories.

Rounding out the scoring for Herd were Schilling with seven points, Sheri Whitaker with three, and Debra Rogers with two.

The two teams played to a 14-14 stalemate in the first quarter, and the 'Faces trailed only 26-20 at the half before the Longhorns outscored them 28-9 in the final 16 minutes of play.

Meanwhile, Junior Varsity coach Gail Barnes got at least two points from virtually everyone on her roster as the JV rolled past the Caprock JV 38-22. The win upped the Herd JV's district record to 3-4.

Melissa Tatum topped the team effort with 10 points, while Beverly Nixon added eight before getting into foul trouble. Season-long scoring leader

Darlene Sanders also got into foul woes, and scored but four points.

"Both Beverly and Darlene got into foul trouble, and when we were so far ahead I just didn't put them back in the game," Barnes said.

Adding to the Hereford total were Kerry Hacker with five points, Felinda Trolander with three, and Christie Beene, Rhonda Foad, Jennifer Griffin,

and Tania Willson, all with two points each.

The Herd girls will travel to Amarillo to play Palo Duro Monday, and return to the home court next Thursday against Pampa

# Bird's Rebounding Spurs Sycamores

By KEN RAPPOPORT  
AP Sports Writer

Last year, Larry Bird's rampaging slam-dunk shot and soaring rebounds alerted long-suffering Indiana State fans to bigthings.

The 6-9 forward of considerable skills ended the season with a unique distinction - third in scoring and seventh in rebounding nationally. That was the best combined showing in

those two departments since Spencer Haywood won the rebounding title and finished fourth in scoring in 1969.

As a result, the Sycamores finished the season with an NCAA playoff berth and a 25-3 record.

This year, Bird is still flying, and Indiana State is still winning.

The Sycamores, ranked No. 6 in the country, won their 11th game without a loss Thursday night with a 78-59 victory over Tulsa.

And, as usual, it was Bird who gave the Sycamores a big lift.

Richard Johnson, Indiana State's seven-foot center, was unable to play against Tulsa because of an injured foot suffered in a pre-game mishap. And DeCarsta Webster, another of the Sycamores' top rebounders, suffered early foul trouble.

So the brunt of the rebounding was left to Bird, and he responded with 15.

"We were worried when Johnson had to go to the hospital and when Webster had to sit-down with three fouls," said King. "We told Bird to stay within 10 feet of the basket and get all the rebounds he could. He did."

Elsewhere among the nation's ranked teams, No. 3 Arkansas defeated Rice 69-60; No. 12 Michigan State stopped Illinois 82-70 and Minnesota trimmed No. 18 Indiana 75-62.

Marvin Delph scored 22 points and Sidney Moncreif 21 to lead Southwest Conference game. It was the 14th victory this season for the undefeated Razorbacks, who shot a blazing 71 percent.

"We tell our players never to take a shot they can't make 50 percent of the time," said Arkansas Coach Eddie Sutton. "That is what we call shot selection and you have to be disciplined to play that way."

Greg Kelsner scored 25 points and Jay Vincent added 19 to lead Michigan State past Illinois and prompt Illini Coach Lou Henson to say, "They're a great ballclub. Might be the best in the Big Ten."

Mychal Thompson scored 21 points and blocked seven shots to pace Minnesota over Indiana.

Elsewhere, Alan Hardy's 18 points led Michigan over Iowa 66-56; Tulane routed Denver 117-83 as Pierre Gaudin scored 24 points; Jerry Sichting's 20 second-half points powered Purdue over Wisconsin 79-70; Houston beat Texas A&M 80-73 as Mike Schultz, Cecil Rose and Cedric Fears each scored 20 and New Mexico State whipped Creighton 78-56 as Albert Jones scored 18 points.

# Whitefaces Open As District Play Begins

By BOB NIGH  
Sports Editor

Things get serious in a hurry tonight for four members of District 4-4A when the 1976-77 District basketball race gets underway. Headlining the schedule is a match between pre-season favorite Monterey, and 1976 first-half winner Plainview. In the other loop clash the Coronado Mustangs challenge the Lubbock High Westerners.

The Hereford Whitefaces, defending district champions, are off tonight, and will tune up for their district opener Tuesday night against Coronado with a game at Clovis Saturday night.

The Monterey Plainmen, 11-11 on the year, are coming off a 72-55 win over Palo Duro Tuesday night. Leading the team this season is senior Tony Hamby, who sports a 15.9 scoring average and an 8.6 rebound standard. David Davidson gives the Plainmen added punch with a 12.6 scoring average.

Plainview has been led by Jamie McAllister, who is averaging 11 points per game, with backup help having come from Larry Williams (7.9). The Bulldogs have slumped to a 3-17 record this season under new coach Richard O'Hara. Amarillo High downed the 'Dogs 56-49 Tuesday night.

Coronado has won two games in succession coming into tonight's district opener against Lubbock High. The Mustangs defeated Tascosa 49-47 Tuesday on a short jumper by Jay Norton with just two seconds left in the game. Norton leads the team in scoring with a 15.0 average, and is pulling down rebounds at a 6.8 clip. Steve Ahlenius leads the team in rebounds with an 11.8 standard. The Mustangs own a 6-14 season mark.

Lubbock High is 3-16 on the year, and is led by James Williams, who has a 12.6 scoring average and is collecting

8.3 caroms per contest. Scooter Scotty Garcia helps out with 11.1 points per game.

For the resting Whitefaces Kelly Kitchens leads in scoring with 510 points in 21 games, a 24.3 average. David Schumacher is adding 13.6 points per outing, while Robert Lee Graves has an 11.8 standard. Schumacher also leads the team in rebounding with a 6.8 average, just ahead of Graves' 5.2 standard.

Meanwhile, Amarillo High, currently the top dog in District 3-4A, also takes the night off as the rest of that loop begins the run for the title.

Games in that loop have pre-season favorite Pampa (12-6) playing host to Caprock (5-14), and Tascosa (12-6) challenging Palo Duro (4-14).

The Sandies currently have the best record among area 4A teams with a 15-5 mark under new head coach and former Hereford mentor Barry Arwine.

# Junior High Clubs Complete Busy Day

All 12 local junior high basketball teams took to the court Thursday against Plainview foes with the boys' clubs on the road, and the fem teams playing before the home crowd. La Plata teams were matched against Plainview Estacado squads, while the Stanton Dogies tried their wares against teams from Plainview Coronado.

La Plata's boys had a rough time against Estacado with the 7th graders losing 37-22, the 8th grade team falling 37-31, and the freshmen coming back to preserve some Maverick pride with a 57-39 victory.

Raymond Martinez scored seven points in the 7th grade game for La Plata, while Steve George added five and Alfred Ball four. Don DeLozier's 10 points led the 8th grade in its loss as the Mavericks missed the full services of Alan Wartes, who is still hampered by a knee injury.

Wartes scored eight points in the contest, which was a far cry from his usual performance of over 20 points per game. In addition, the Mavericks got six points each from Aubrey Richburg and Bruce Clarke.

The 9th grade game turned out to be an easy win for La Plata as Chris Schumacher tallied 26 points. Felix Soliz contributed 12 points, with Norman Hill adding six and John Jossander five.

Stanton's boys played Plainview Coronado with the 7th grade winning a 51-36 decision, the 8th grade losing a 46-34 contest, and the 9th graders posting a 57-46 win.

Jay Hodge's 19 points led the Dogie 7th to its win, while Charles McDowell added 10. Jesse Moreno also pitched in nine points. Wayne High's eight

points was tops for the Stanton 8th grade in its loss. Frankie Garcia and Gary Ford added six points each to the total.

The Dogie frosh got 16 points from Steve Bartels and 12 each from Derek Dirks and Eddie Chavarria in its big win.

In girls' play La Plata gained a sweep over Plainview Estacado with the Mav 7th graders winning 24-20, the 8th grade winning 32-22, and the freshmen rolling to a 31-11 victory.

Michelle Clark scored six points and Shelly Frye chipped in five as the La Plata 7th won its fourth district game against two defeats. Amy Schumacher and Debra Rogers tallied 10 points each in guiding the Mav 8th to its win, the third against a like number of losses.

Keile Robinson's 10 points led the Mav frosh in their win, which also raised their district mark to 3-3. Deannette Vigil added nine points to the cause.

At Stanton the Dogie 7th and 8th grade girls dropped decisions to Plainview Coronado before the 9th graders finally

broke the ice. Plainview took the 7th grade battle 41-20 and the 8th grade match 25-23 before the Dogie frosh came back to win their game 44-34.

Angela Brown's five points led the 7th grade Dogies in their loss, while Barbara Brown and Tiffy Dirks added four each. Lori Albracht tallied 16 points in the 8th grade loss, while Teresa Brown added two.

Louise Mays was the big gun for the victorious freshmen with 22 points in their win. Connie Huffaker and Corina Suarez added eight points each to the total, while Barbie Koelzer chipped in six.

The local junior highs face rematches with each other next week with the boys squaring off on Monday and the girls meeting each other Thursday. Games both days will be played at the Stanton gym.

La Plata came out with a big edge when the two schools met earlier this season. The Mavericks took all three girls games, and won the 7th and 8th grade boys' games before Stanton won the freshman boys' game.

# Knudson Leads Phoenix Open

By BOB GREEN  
AP Golf Writer

PHOENIX (AP) - It was duly noted that George Knudson, some years ago, had won the Phoenix Open.

"Has this course been good to you in recent years?" someone asked.

"No course has been good to me in recent years," replied the 40-year-old Canadian veteran.

Knudson, however, found the answer Thursday. Finishing a couple of great sand shots on the final two holes that preserved a six-under-par 65 and a two-stroke lead in the first round of the \$200,000 event on the soggy, 6,726-yard Phoenix Country Club course.

"I came out fresh," said Knudson, who scored the last of his eight American triumphs six years ago and in recent seasons has concentrated on play in his native Canada. "I've got a new set of irons, three new woods. I just hope it's an indication of what is to come this year."

Tied for second at 67 were former Masters champ George Archer, veteran Rod Funseth, Bill Kratzert and Lon Hinkle.

U.S. Open champ Hubert Green played his first competitive round of the year in 68 and was tied at that figure with Miller Barber, Lou Graham, Mike Hill, Jim Simons, Gary McCord, Andy Bean and Bob Mann.

A group of more than 20 were at 69, including defending champion Jerry Pate, Lee Trevino, Hale Irwin and 48-year-old Arnold Palmer.

"Well," said Palmer, "if I don't do worse than this, it won't be a bad year."

Tom Watson, 1977 Player of the Year and a winner last week in Tucson, and Johnny Miller had 73s in the warm sunshine that helped the course recover from two days of drenching rain.

"Just a kind of blah, nothing round," said Watson.

# Roger, Craig Have Mutual Respect

NEW ORLEANS (AP)-The irony of their Super Bowl confrontation, is not lost on Roger Staubach, the man who moved Craig Morton out of Dallas.

Staubach and Morton will be on opposite sides of the field Sunday when Dallas and Denver collide for the world championship of professional football. There is a mutual respect between the two, established during the days when they

duelled for the starting quarterback job with the Cowboys.

"There's no rivalry between Craig and myself," said Staubach. "That's over now. When he was with the Cowboys, sure, we both wanted to play and we competed with each other on the field. But off the field, we've always gotten along."

Staubach gave an example of his relationship with Morton.

"In 1973, my mother had cancer," he began. "She was living with us and three days before the last game of the year, she died. I missed half a week of practice going back to Cincinnati his home for the burial. Then I played against So. Louis and we clinched the division title that day."

# Perry Deal Likely

DALLAS (AP) - Pitcher Gaylord Perry is likely to be traded from the Texas Rangers to either the San Diego Padres or the Philadelphia Phillies, according to reports published today by two Dallas newspapers.

No official announcement has been made because owner Brad Corbett is on a business trip to Taiwan, according to The Dallas Morning News and the Dallas Times Herald.

The Dallas Morning News said the 39-year-old right-hander, who has become infamous for his alleged use of the grease ball, will go to the San Diego Padres in exchange for left-handed reliever Dave Tomlin and \$125,000 in cash.

The Dallas Times Herald, however, reported that Perry would either go to the Padres for Tomlin and the cash or he would go to the Phillies for righthanded reliever Gene Garber. The Times Herald quoted an unidentified Ranger official as saying the club is leaning towards the San Diego deal.

Corbett is scheduled to return from his business trip next week.

Perry had a 15-12 record for Texas last season, has posted a 246-200 career record. He began his major league career with San Francisco in 1964.

Of a total of 25,631,000 American women with children under 18, almost 11.5 million, or 46 percent, are in the labor force, according to the Labor Department.

In the 2,600-mile course of the River Niger through Africa, it gives food, water and transportation to about 40 million people.

**HOMES FOR AMERICANS**

**ECONOMY** and expansion possibilities characterize this house. The modest but ample first-floor area has two bedrooms, a full bath, laundry, kitchening area and living room in an 886-square-foot setting. Lester Cohen's Plan HA1019C provides upper story expansion space for two extra bedrooms. **Here's How Conflicting Tastes Can Upset a Home**

A lot of contention in marriage comes from the conflicting tastes of two people, especially newlyweds on the first lap of wedded bliss, a young couple explained to their relatives at a recent family gathering.

All the while they talked about decorating plans before marriage they weren't really listening, they revealed.

Now the questions fly:

How can I get him to send his dog back home? (It seems the dog has scratched the handsomely finished floors, left hairs on a beautiful bedspread and occasionally nibbled on a chair leg.

A typical male complaint involves the bride's insistence that the house be spotless all the time, one young husband said.

In another instance the groom couldn't believe that a little sand from his shoes on a white bedroom rug could be such a traumatic experience for his wife.

Balancing such unhappy experiences against marriages that have no such problems, one couple supplied answers which proved a viable formula for happiness. In any event, it foiled the decorating and other problems a couple might have by making an effort to settle shaky issues before marriage.

Here's what is suggested:

Agree on colors in decorating you both like. If one person hates muddy blue, maroon, avocado and the like, agreement must hinge on a complete ban on the offending colors. The next step is to agree on colors that both like.

Shop together to pick the type of furnishings you want. If there is a hassle over traditional or contemporary, try a mix of both for one solution.

Discuss pets. If one partner loves cats, decide such things as to whether they are going to walk or sleep on the beds — this can really drive some partners up the walls.

Is it possible to train the cat not to get on the bed — or to train a husband to put up with

**Here's the Answer**

Q. — When I get ready to paint the outside of my two-story house, I expect to make use of a new extension ladder that someone in my family gave me for Christmas — probably as a hint, I read somewhere that the siding should be done first, then the trim. Doesn't this entail an awful lot of movement of the ladder?

A. — It does. And that's why it is sometimes better to paint both the siding and the trim at the same time, especially if you don't have someone to give you a hand. If you are using different paint for the trim, as is usually the case, this can be rather awkward, so you will have to decide yourself how to handle it. Even professionals differ on how they paint houses, depending partly on the type of structure and partly on the kind of equipment they are using.

Q. — Do I have to put down underlayment sheets on a wooden floor before putting down vinyl asbestos tiles? The floor is in good condition, with no loose boards and no warping.

A. — The general rule of thumb is that the tiles can be placed right on a floor in good condition if it is of double construction (with a top floor and a subfloor) and the boards are 3 inches or less in width. If both of these conditions do not exist, the recommendation is that plywood or hardboard underlayment be used.

Q. — I often see the term "tack rag." Can you tell me what it is?

A. — It's a clean cloth moistened with turpentine and then further sprinkled with the varnish which will be used. It should be wrung out until nearly dry and then wiped over the surface to be finished. You can make one or buy one. The use of it insures that the surface of the wood will be thoroughly clean.

**ON THE HOUSE**

Saw a completed do-it-yourself project the other day that showed what can be done with a little ingenuity, some wood and a spare weekend.

The finished product is not only a conversation piece, but a low-cost, highly functional unit. It is a desk, but unlike any desk you have ever seen, because the side supports are two ladders, with three shelves resting on the rungs. With the ladders lightly stained, the shelves coated with white enamel and a textured cork board serving as a back panel and notebook on the main shelf level, the result is eye-catching.

Because the old-fashioned wood ladder wasn't easy to find, two were built. They consisted of four pieces of 1 inch by 2 inch pine (any wood can be used) each 6 feet long. Two were used as the uprights for each ladder. Hardwood dowels, each 1 inch in diameter and cut 23 1/2 inches long, were used as the rungs, five for each ladder. The rungs were set into the uprights via drilled holes. In other words, two separate ladders were made, but with the rungs set unevenly apart, not evenly as in a ladder that must be climbed. The lower rung of each ladder was placed 1 1/2 inches from the bottom, the next one 28 inches from the bottom, the next 9 inches above that, and the top rung 9 inches higher than the one below.

When these two ladders are stood up and placed opposite each other a distance apart, it can be seen how shelves can be placed across the rungs at any desired width. In this case, a sheet of plywood 4 feet by 8 feet and three-quarters of an inch thick was cut into four pieces, each of which was 24 inches by 48 inches. This had to be measured carefully so that the sheet of plywood would

yield exactly four pieces. Three pieces of the plywood were used as the shelves, the one 28 inches from the floor being the desk top or work surface. The fourth piece became the back panel, attached so that it extended from the desk top to the shelf above. Prepackaged, self-stick cork boards, in the 1-inch-square size, were stuck to the vertical back panel to serve as a notebook.

No shelves were put across the top and bottom rungs, these serving as supports to hold everything together. The rungs were set into the drilled holes with glue. Finishing nails and glue were used for the other joined parts.

The unit provided plenty of space for desk work, a place for books and a few knick-knacks, a spot for a telephone and even room for two phone directories. Not gaudy, but neat and useful.

**HE'S MAYOR, LIKE IT OR NOT BIWABIK, Minn. (AP)** — Robert Woods tried not to be mayor of Biwabik any more. Oh, how he tried.

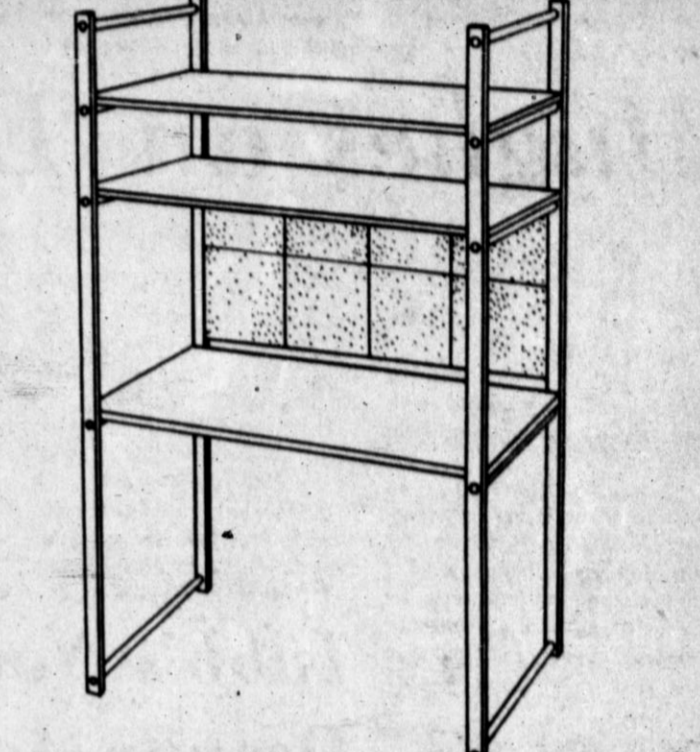

But it didn't work.

Woods has been mayor of the Iron Range community for 12 years. He resigned. He refused to run for re-election. He snubbed a write-in campaign on his behalf.

But he won the 1977 race anyway, 381 to 195, all on write-in votes over a lone candidate who did file.

"And it makes me feel good. You bet it does," said Woods, 46, who is employed by a mining company.

# Grand Jury Indicts 20 in Manpower Case

**BROWNSVILLE, Tex. (AP)**—The indictment of three state officials on charges stemming from the alleged misuse of federal funds has left a "64 question," according to the judge whose court of inquiry is probing the Manpower program here.

Ben McDonald, executive director of the Texas Department of Community Affairs, was indicted for allegedly withholding from the court a "memorandum of concern" from a TDCA evaluator. The memo recommended an audit of TDCA's contract with the Harlingen-based Plumbers and Pipefitters Union local 823.

The inquiry was to continue today with testimony from a Brownsville barmaid and TDCA officials. Hester said he wanted to know why a TDCA file, subpoenaed but not produced, was found by the barmaid in the bar of a Brownsville hotel last week.

McDonald, a former Corpus Christi mayor and a law school friend of Hester, said he did not "intentionally violate any subpoena of the court."

Wednesday night Hester said the probe of Manpower funds in South Texas seems endless.

Tom Laramie, general counsel for TDCA, testified he and other officials may have overlooked the broad statements in the subpoena as they tried to comply with five specific requests made by Hester.

He also said McDonald made no specific requests to withhold any information.

## Hughes an 'Ex-Texan'

Washington (AP) - One of Congress' most powerful leaders on tax matters says he favors a smaller tax cut this year than the \$25 billion President Carter is expected to propose later this month.

Ullman also said that several controversial tax revisions Carter wants to tack onto his tax cut, such as eliminating certain business tax breaks and deductions, are almost certain to be put off until at least 1979.

Carter did complete action last month on Social Security legislation that will sharply boost taxes for both workers and employers. Government officials estimate the taxes will go up by about \$4 billion this year.

Ullman said he favors Carter's general approach to a tax reduction, which administration sources say includes a 2 percent cut in tax rates for individuals and businesses, replacement of the \$750 personal exemption with a \$250 credit and a more liberal investment credit for business.

**Kissinger Says USSR Financing Terrorists**

WASHINGTON (AP) - Former Secretary of State Henry A. Kissinger says the Soviet Union is at least indirectly financing some of the terrorist training going on in Libya and Lebanon.

While other accounts have noted that some violent Palestinian elements are trained in and make their forays from Lebanon, this is the first firm suggestion by a prominent western figure that the terrorists have a common money base in the Soviet Union and the Eastern European bloc.

Without the supply of weapons and training and organization from some of these countries, it would become infinitely more complicated to carry out these terrorist activities," Kissinger commented in a documentary to be broadcast Friday by NBC-TV.

And he said the terrorist movements are related to each other - Japanese terrorists with Palestinians as well as German to Italian terrorists.

Somebody is clearly financing the training and the organization, and some of it is clearly coming from the communist world," Kissinger said.

While adding, "That doesn't mean the communist world is planning all this," he said even terrorists are directly supported by communists "benefit the communist parties."

He said both terrorism and communism have their roots in alienation with the system.

Kissinger also warned against increased communist influence in Western Europe, Kissinger, secretary of state under former Presidents Richard M. Nixon and Gerald R. Ford, now is under a multimillion-dollar contract to provide commentary for NBC.

**Court Postpones Telephone Action**

AUSTIN, Texas (AP) - The Texas Supreme Court took no immediate action Thursday on Southwestern Bell Telephone's request that a Feb. 8 hearing be held on the company's appeal of 1976 rates set by the Public Utility Commission.

Court officials said the appeals records were still in the 3rd Court of Civil Appeals which refused a rehearing on the case earlier this month.

In the motion filed late Wednesday, Southwestern Bell said the court's interpretation of the legislative act which established the Public Utility Commission's regulation of telephone, electric, water and sewer companies and the Railroad Commission's regulations of gas companies was needed by every utility in Texas.

The company also asked the supreme court to suspend the PUC rate order and allow the company to set new rates.

The motion contends the rates set by the Public Utility Commission are confiscatory because they do not allow the company to earn properly on its investment in Texas. The company said it is losing hundreds of thousands of dollars each day in revenues because of inadequate rates.

On Dec. 7 the 3rd Court of Civil Appeals upheld the right of the PUC to limit Southwestern Bell to \$57.8 million in rate increases instead of the \$230.8 million originally asked. However, the court held that Southwestern Bell had the right present new evidence in a district court hearing concerning its allegation the rates are confiscatory.

The 3rd Court of Civil Appeals refused Jan. 4 to reconsider its opinion.
