CLARENDON, DONLEY COUNTY, TEXAS, FRIDAY, MAY 18, 1906.

NO. 30.

COMMENCEMENT PROGRAM

Clarendon College Will Close a Most Successful Year With a Series of Entertainments.

The first exercise of the Commencement occasion will be the piano contest at 9:30 Thursday morning May 24. Eighteen young ladies of Mrs. Wedgworth's class will enter this contest, the conditions being an average of two hours a day practice for the entire year for the younger girls and three hours a day for the older ones. All lovers of music are cordially invited to attend this contest.

On Friday morning, May 25 at 9 o'clock will be given a short program in honor of the graduating class of 1906. This class consists of five young ladies and six young men: Misses Mamie and Maud Harrington, Nora Talley, Ada Hawkins and Willie Thompson and Messrs. D. B. Doak, R. H. Cocke, Hugh Black, H. M. Law, Arthur SoRelle, and T. E. Graham. Some speech making by the young men and music by the young ladies of the class will be part of the program. The public is cordially invited.

On Friday afternoon at 3:30 will be held an art levee by Miss Felder's class at 8:30 p. m. will be the joint entertainment by the young ladies' societies, the Sapphos and Euterpeans.

On Saturday, May 26, at 9:30 a. m. will occur the annual meeting of the board of trustees: At 3:30 p. m. the primary entertainment will be given by Miss Betts' room.

At 8:30 p. m. will take place the Inter-society debate between the Panhandle and Adkissonian societies. This has always proven one of the principal events of the commencement. It promises to be of unusual interest at that time as the two societies are almost even in regard to victories.

On Sunday morning at 11 at the Methodist church will be preached the Commencement sermon by Rev. J. T. Grisnold, P. E. of the Colorado district. At 8:30, the sermon to the young people

will be preached by Rev. C. V. Oswell of Missouri Avenue church, Ft. Worth. We count ourselves very fortunate to have secured these brethren for the Sunday services.

On Monday, May 28, at 10 a. m. will be held the oratorical contest. Seven young men will enter this contest and it promises to be very interesting. At 2:30 p. m. Mrs. Tresise's elocution class will hold a contest. At 8:30 p. m. the final recital of the year will be given by the music and elocutionary departments.

On Tuesday, May 29th at 10 a. m. will take place the graduating exercises, the awarding of medals etc.

At 3 p. m. the Annual address will be delivered by Hon. R. W. Hall of Vernon. This will close the Commencement, all friends of the college are cordially invited to attend every entertainment. Many visitors are expected from a distance and it is hoped that the occasion will be one of the best in the history of the college.

The Steam Laundry.

The Clarendon Steam Laundry started up Monday on time and in good working shape. Messrs. Clower were given a warm reception in the way of a generous patronage for the first week, and the work being turned out is equal to the best. They have an experienced laundryman in charge, who says that the plant is the equal of any in the state, and superior to most others. The prices quoted on all classes are exceptionally low. In family work all unstarched pieces are washed and ironed for 30c per dozen, and called for and delivered. The laundry phone is No. 88, and we trust that it will be heavily used by our people.

—Palace Car Paint, properly applied, leaves the mark of excellence. If you once use it no other brand will satisfy you. tf

THE CITY HIGH SCHOOL

A Summary of the Work Done and the Aims Accomplished During the Session Just Closed.

With this last report from the public school, which through the kindness and public spirit of the editor of the Banner Stockman we have been permitted to publish from week to week, we let down the curtain on the pleasant scenes of the past year, until it shall rise again next September and usher in the new school year of 1906-7.

The school building, which for the last eight months has been filled to overflowing with young life directed by sober minds, will stand deserted and still, until the recurrence of another fall and the children return to reanimate its deathlike silence.

The annual report of the public school to the State Superintendent of Public Instruction contains some items of interest to the public generally. The enrollment for the year just closed was 449; of these 227 were boys and 222 girls. The number of days taught by each teacher was 160. The number of pupils present each day was 301. Twelve pupils over the scholastic age were enrolled, 5 boys and 7 girls. The number of pupils under 7 years of age were 10, 5 boys and 5 girls. There were 47 pupils between 7 and 8 enrolled; 23 boys and 24 girls. There were 130 new books added to the library during the year. Eighty-three pupils were enrolled in the high school, 27 boys and 56 girls.

Stuart H. Condon ranked first in the graduating class and won the scholarship. Nellie Ryan ranked second by one-third of one per cent.

George W. Stocking ranked first in the ninth grade with an average on final examination of 99. Richard Daily ranked second with an average of 86.

The trustees of the public school have looked carefully after the business interests of the school, so much so that all necessary school supplies have been con-

stantly on hand. And, while they have spent much time in looking after the interests of the school, for which they receive no pay, they feel fully compensated from the fact that the school has been a success.

Mr. James Trent, with his usual public spirit, tendered the graduating class the opera house to hold their commencement in, free of charge, for which he has the thanks of all parties concerned.

The commencement sermon preached by Rev. B. W. Dodson to the graduating class at the Methodist church last Sunday, was one of the most eloquent and inspiring your reporter ever listened to.

In summing up the year we think it but justice to state that it has been one of the most pleasant and profitable the school has ever passed. Not only has harmony prevailed among the members of the faculty, but there has been that concert of action among the teachers that makes the school stand for a definite principle.

Tax Collector J. T. Patman was the recipient of a nice bunch of compliments from the commissioners court this week, after that body had examined his reports. The total assessments for the year 1905 amounted to \$26,824.16. Of this amount all was collected except \$177.16, and of this latter amount \$78.39 is uncollectible by reason of parties having left the state, leaving, therefore, only \$98.77 delinquent for the year. This is by far the best report ever made in this county.

St. Mary's Academy.

The commencement exercises of St. Mary's Academy will be held at the Academy Wednesday, May 30, at ten o'clock a. m. The Mother Superior asks us to state that all friends and patrons are cordially invited to attend.

A HOT SHOT

At The Catalogue Houses

WHEN the catalogue comes from your mail order house, draw an easy chair to the table where the light will shine full upon the page, and put on your glasses that no bargains may escape your eye.

What a wonderful book it is, to be sure! Wonderful for what it does not contain, as well as for what it does. You will miss some things you would be glad to see.

Where is their offer to pay cash or exchange goods for your wheat, oats, corn, beans, butter, eggs and hay?

How much do they pay for cattle, sheep and hogs, f. o. b. at your depot?

How much tax will they pay to support your schools and educate your children—for improving roads and bridges, the support of the poor of the country, for the expense of running the business of the township, county and state.

On what page is their offer to contribute money to the church?

What line of credit will they extend to you when your crops are poor and money gone—when, through illness or misfortune, you are not able to send "cash with order" for your groceries, clothing, farm tools and crockery? Also stoves and ranges.

Where is their offer to contribute to your entertainment next year? What did they do last year?

In short, will they do anything to provide a market for what you have to sell and thereby keep up the value of your estate? Will they do anything for social, church, school or government support, or do they take your dollar out of the community with no returns except the goods you buy? Think this over carefully—then call on

PROSPEROUS PANHANDLE

Paragraphs, perhaps pertinent, published for the purpose of pushing the Panhandle, and partly for the purpose of pleasing Particular People

By PARQUET PETE

The Boston Herald asserts that the Bellevue tornado came at an inopportune time. Will the esteemed Herald kindly arise and explain when the time is opportune for a Texas tornado?—Fort Worth Record.

The people of the Panhandle, although heretofore lucky in this respect, believe in guarding against such contingencies and are not likely to be caught at an inopportune time, providing the least warning is given. The builder of storm houses is now reaping a rich harvest.

Sherman county farmers are doing the right thing in having their small grain insured against hail. The hail is practically the only thing that will prevent this country from making a "bumper" crop this year, and although this is not probable it is well for the owners of wheat fields to be on the safe side.—Stratford Star.

This is a business, like move. If it pays a merchant to insure a stock of goods against fire there is little reason to suppose that it will not pay a farmer to insure his possible products against the elements. The farmer is compelled to be a good business man, and a good business man seldom goes without insurance.

R. L. Moreman on Monday sold his half section of land on Indian

creek to T. M. McMurray for \$8,000. The sale was a good one, but the place is a very fine one. Mr. McMurray comes from Hill county, and gets possession of the place in a few days.—Hall County Herald.

The Panhandle is not on a boom. No, it is only coming into its own. The land in this section has always been worth as much as twenty five dollars an acre, but outsiders were somewhat slow about realizing the fact. The present prices are as low as any that will prevail in the future, and the prospector is lucky who, in the parlance of printers, gets a steady "sit" on a good homestead at present prices. The Panhandle is strictly IT.

C. W. DeVoe, of Clarendon, Tex., was a visitor in the city over Sunday, and was a pleasant caller at the office of the Register-Tribune. He says that all sections of the Panhandle give promise of most excellent crops this year, and that the acreage of wheat will be very heavy. He also says that the town of Clarendon will have a big Fourth of July celebration, and that the display of fire works in the evening will set a new mark for North Texas.—Roswell Register-Tribune.

Seriously Cut.

Fritz Graf, aged about 19, who has been working for Frank Harrington on the latter's farm, was seriously cut on a barbed wire fence Saturday. He was riding a locoed horse which ran away with him running into the fence. The boy's left leg was stripped of flesh to the bone from the knee down. The horse was so badly injured that it will probably die.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Paison, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale at Dr. Stocking's drug store. Samples free.

CHAS. M. HALL'S FUNERAL

Buried at Trinidad Sunday Under Auspices of Masonic Lodge. Local People Attend.

Conductor C. M. Hall, who was killed on the road last Wednesday, was buried at his home in Trinidad, Colo., Sunday. The funeral was conducted by the Masonic fraternity, and members of the local Royal Arch Chapter attended through the favor of Superintendent Cotter who issued free transportation for the purpose. Those attending were: James Trent, J. S. Fleming, A. M. Beville, Geo. F. Morgan, W. H. Patrick, B. T. Lane, June Taylor, Marion Williams and J. W. Morrison. Mr. and Mrs. Arch Ward, of Amarillo, also attended. Regarding Mr. Hall's death the Trinidad Advertiser said:

Charles M. Hall, the oldest conductor in point of service on the Colorado & Southern, and one of the best known men in Southern Colorado, fell under the wheels of an engine at Mount Dora, N. M., yesterday morning and died a few hours later in a Pullman car while the train was racing to Trinidad. His wife, who had been taken to Mount Dora on a special train as soon as the accident was learned of here, was beside him when the dread summons came and the last words of "Charley" Hall, courageous in the face of death, as he had always been in life, are said to have been "Be brave!" Throughout the city the word of the terrible accident which had befallen "Charley" Hall and his subsequent death, struck a note of profound sorrow. He enjoyed a personal acquaintance in Trinidad possessed by few men and his death takes a splendid citizen from the community.

He married here about ten years ago. There are no children, but Mr. and Mrs. Hall were greatly devoted to each other, and his death was a terrible blow to her.

He was a prominent member of the Order of Railway Conductors, of the Elks and of the Masons, being a Knight Templar. A clean, upright, conscientious citizen, Mr. Hall was the highest type of American. He enjoyed the confidence, the respect and the love of his fellow men to a degree enjoyed by few. In the railroad world he was highly regarded by his superior officers and he was always considered one of the most valuable men in the employ of the Colorado & Southern.

Kind, charitable and considerate of his fellows at all times, Mr. Hall was a man whom the community can ill afford to lose and the sincerest sympathy will go out to his stricken wife.

could not bring as much happiness to Mrs. Lucia Wilke, of Caroline, Wis., as did one 25c box of Bucklen's Arnica Salve, when it completely cured a running sore on her leg, which had tortured her 23 long years. Great antiseptic healer of piles, wounds, and sores. 25c at J. D. Stocking's drug store.

Always in the Lead.

The Fort Worth & Denver City Railway Company, popularly known as "The Denver Road", announces that, effective June first, it will establish a new through sleeping car line between Lafayette, La., and Denver Colorado, the routing of same to be via the lines of the Southern Pacific Company between Lafayette and Houston, the H. & T. C. Road between Houston and Fort Worth, and "THE DENVER ROAD" between Fort Worth and Denver. This is a new feature in favor of the satisfactory accommodation of a constantly increasing tourist business to Colorado, and will undoubtedly serve with favor and tend to increase such tourist business from Louisiana and Southern Texas points; also from points in Central Texas along the line of the H. & T. C. Road.

In addition to the foregoing, announcement is made that double daily through train service will be again established via the F. W. & D. C. Ry. through to Denver about June 1st, and that in all likelihood a third train will be placed in service for the accommodation of local business between Fort Worth and Quanah, Texas.

With the inauguration of this third train it is understood the schedules of the through Colorado trains will be materially quickened or shortened, since the local train referred to will make it possible to cut out a number of stops enroute which have been necessary to the through trains during former seasons.

Not as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold at Dr. Stocking's drug store.

School Board Meets.

The school board met Monday and elected the following teachers, being all of the old board who applied: W. R. Silvey, superintendent; Wade Willis, principal; Misses Maggie Stout, Pearl Betts, Lizzie Stevens; Miss Procter, of Alvord, was also elected provided she supplies the necessary credentials. The board organized by electing W. P. Powell, president, J. H. O'Neill, secretary, and W. H. Cooke, treasurer. Prof. Willis' salary was raised \$10 a month.

We have moved our goods into the Noland building, and in addition to our stock of new and second hand furniture, etc., an entirely new stock of general Racket Goods, consisting of articles too numerous to mention. Would be pleased to have you call and see what we have and get the prices. Tatum Mercantile Co. Noland building.

E. H. Powell, secretary and treasurer of The Powell Trading Company, of this city, leaves Sunday for Bartlett where he goes to take the general management of an oil mill. Mr. Powell has held the position before, and thought that he had torn himself loose from it this year, but the company needed his services to the extent that they allowed him to name his salary and he was forced to accept the job again. The Banner-Stockman, in common with many friends, regrets to have him leave Clarendon, as he has identified himself with the social and business interests of the town in a manner to command the esteem of all.

E. R. Tatum, late of Ft. Worth, and who purchased the Willis stock of second hand goods some three weeks ago, has moved the stock to the Noland building and has added a line of new furniture as well as a complete stock of racket goods. He solicits the trade of the general public in some business locals in this issue. Mr. Tatum and family are occupying the T. C. Fleming residence and expect to make Clarendon their permanent home.

Dr. Stocking reports that a sneak thief prized off some boards from his chicken house Tuesday night and abstracted therefrom his brag rooster and several nice fat hens. The doctor is Methodist enough to allow himself to lose his temper over such treatment, and authorizes the Banner-Stockman to say that he will pay \$5.00 reward for the thief, dead or alive, and no questions asked.

E. Corbett Dead.

E. Corbett, the old shoemaker, died Saturday after a long illness, and was buried Sunday afternoon at the expense of the county. Mr. Corbett was perhaps the oldest inhabitant of Clarendon, having settled in Old Town in 1885 or thereabouts. He was a man of quiet habits and taciturn disposition, never referring to his past life, family or friends. In the old days and up to a few years ago he made good money at his trade, and it was popularly supposed that the old man had plenty laid by for a rainy day. When sickness ensued, however, it was found that he was in destitute circumstances, and for the past few months he was taken care of by acts of charity. He was between 80 and 90 years of age.

Cantaloupe Association Meets.

By virtue of the power vested in me by the Rowe Cantaloupe Association I hereby call a meeting of said association to meet at the Rowe school house on Saturday, May 26th, at 4 o'clock p. m. for the purpose of deciding on the CRATE proposition and method of marketing our present crop of cantaloupes. The Clarendon Association is requested to send a committee to said meeting that we may confer together and co-operate as far as practicable on the two above named propositions.

John Smith, a transient who had been employed at the Tracy restaurant, took French leave of Mr. Tracy Saturday night, and after his departure it was found that \$6 out of the cash drawer, and some butcher knives had disappeared at the same time. Sheriff Patman went to Amarillo and brought the gentleman back, and now has him duly scheduled for a season of hard labor on the public roads. A ball and chain with pick and shovel attachments would have a good effect on persons of his ilk.

Dr. H. C. Caylor informs us that he has severed partnership between himself and Dr. Standifer, and will leave in a few days for Canadian where he will practice medicine and operate a drug store. The people of Canadian have offered him excellent inducements. He has already placed orders for the drug stock.

Highway Robbery

"What is the charge against the prisoner, officer?"

"Petty larceny, your honor. He has been stealing the leather from under the tips of the shoes he sells."

"That is not petty larceny, officer. Prefer a charge of highway robbery against the prisoner and let him be held without bail for the grand jury. A man who would do that would steal sheep."

A Question of Honesty

Too many business men consider anything honest in business which is not against the law, and will do a great many reprehensible things if they think they will not be found out. They will make shoes and sell shoes in which every skimping trick has been resorted to--they actually take the leather out from under the toe caps and put in a piece of rough canvas to keep you from discovering that the leather had been abstracted.

Full Vamps Means Honesty in Shoe Making

Now that you know the difference are you still willing to buy dishonest shoes? We guarantee our shoes to be full vamp. Ask our competitors if they will do the same by their shoes

Clarendon, Tex., May 18, 1906

ALAN REED has organized a bank with a capital of \$10,000.

HEREFORD follows the lead of Clarendon and is having established a modern steam laundry plant.

THE Hereford Brand is having built a new brick office building. There is one point whereing Hereford excels all other Panhandle towns, and that is in the patronage and moral support extended its newspaper.

AT STRATFORD a new State Bank has been organized. T. J. Noland, formerly of Clarendon, is president; John Houser, cashier. The directors are: T. J. Noland, W. H. Fuqua, J. S. Chestnut and Eugene Noland.

"No cattle in the country," is the cry. "The farmer has taken possession of the ranches." Foolish reasoning; the more farmers the Panhandle gets the more cattle there will be. That's logic. Likewise history.

If you are a good citizen you are anxious for the development of your town and county. You can not help advance the interests of Donley county better than to give the Banner-Stockman a liberal patronage. It is of and for home and home institutions, first, last and all the time, and is doing its full share in the development of the country.

THE EDITOR heard a local cowman "cussin'" his own lack of foresight. He owns immense bodies of land, having bought out many nesters. In his ranch are a dozen farms which he has allowed to lay out, and he now sees where the rental from those farms would have paid him more money each year than his entire profits from the cattle business amounts to. It is now but a short step from cowman to cotton farmer in the Panhandle.

THE Amarillo Herald has been sold by the Amarillo Publishing Company to P. E. Boeson, of Fairfield, Iowa, who assumes charge as proprietor and editor. E. P. Brooks will continue with the paper as business manager, while B. R. Webb retains his position as city editor. The Banner-Stockman extends fraternal greetings to Editor Boeson, who in his salutatory seems greatly pleased with Texas, especially as to politics, saying that the change from Iowa to Texas in that respect is like a transfer from the realms of his satanic majesty to Paradise. Brother, you are not yet in Paradise; only in the Panhandle, just next door.

Dallas Presbytery.

The Presbytery of Dallas closed its regular spring session at Lancaster, Texas, last Tuesday week.

Rev. W. P. Dickey, of Clarendon, was in attendance, and on motion of Rev. Edgar L. Storey, formerly pastor here, Bro. Dickey was elected moderator and presided at all of the four-days' sessions. The most important piece of business transacted at the meeting was the consideration of mission work in the Panhandle. The popular pastor of the Waxahachie church was elected superintendent of missions and put in charge of this work.

The fall meeting of the Presbytery will be held at Roanoke, the home of Brother Storey. Bro. Dickey says that Bro. Storey has at last been fully converted to the blessings of married life and that his matrimonial venture has transformed him completely, taking away the last vestige of old bachelor grouchingness, and making him one of the happiest and most sunny natured of men.

Fortunate Missourians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and throat and lung healer. Guaranteed by J. D. Stocking, druggist. 50c and \$1. Trial bottle free.

Big Land Sale.

A deal was closed at Childress Wednesday of this week whereby R. B. Masterson purchased ten thousand acres of land from W. Q. Richards, the price being \$3.25 per acre. The land lies in King county, joining the north line of Mr. Masterson's pasture, extending north to the south line of Cottle county. There is some rough land in the purchase but the most of it is good valley land. By this purchase Mr. Masterson rounds out his ranch in good shape.—Childress Index.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At J. D. Stocking's drug store.

G. T. Hamlin, of Jericho, was here Friday and reported the sale of a quarter-section of his raw land three miles from Jericho to Rev. H. G. McCool, of Halstead, Kas., at \$9 per acre. The purchaser will move there soon.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St. Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale at Dr. Stocking's drug store.

For Sale.

Two good milch cows, both fresh. Also 200 bushels millet seed, 5 tons bundled millet; 150 bushels red top sorghum seed, 600 bushels threshed kaffir corn sacked. 150 bales of millet hay. All at my place 5 miles south of town. Will deliver same if necessary.

When You Buy a Buggy

YOU want the best to be had for the money. I have just received a full car load of the famous FULLER BUGGIES, manufactured at Jackson, Mich. These are the best vehicles made for this climate for the simple reason that the best timber is to be had in Michigan for the making of buggies for a climate like ours. All these vehicles are made from fully seasoned hickory wood. That the Fuller buggies are the best is proven by the fact that I rarely ever have a call to set a tire on buggies of this make, while my shop is at all times busy setting tires on buggies of other factories. Call and see my line now. I can suit you, both in price and quality. Vehicles from \$40 to \$175. And remember my shop is the best place in town for all your repair work of whatsoever kind.

Citation by Publication.

THE STATE OF TEXAS

To the sheriff or any constable of Donley county, greeting:

You are hereby commanded to summon P. S. Bryant and Mrs. Rebecca J. Ridley, a feme sole, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published there in, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 47th Judicial District, to appear at the next regular term of the District court of Donley county, to be holden at the court house thereof, in Clarendon, Texas, on the first Monday in July A. D. 1906, the same being the 2nd day of July A. D. 1906, then and there to answer a petition filed in said court on the 10th day of May A. D. 1906, in a suit, numbered on the docket of said court No. 378, wherein D. L. McClellan, agt. is plaintiff, and P. S. Bryant and Mrs. Rebecca J. Ridley, are defendants, and said petition alleging that defendant's places of residence are unknown to plaintiff, that plaintiff is the owner and holder and in possession of 160 acres of land in Donley county, Tex., known as all of the southeast one-fourth of survey 35, block Co, certificate No. 4-069, G. C. & S. F. Ry. Co., holding the same as remote vendee of defendant herein, that said land was on about July 8, 1890, conveyed by S. H. Madden, then of Donley, but now of Potter county, Texas, to Chas. B. Ridley and P. S. Bryant, and afterwards about May 31, 1893, said Chas. B. Ridley conveyed his interest in said land to defendant Rebecca J. Ridley, and afterwards on about the 1st day of 1898, defendants herein for a valuable consideration conveyed said land back to said S. H. Madden, who in turn conveyed it to plaintiff's vendors, J. D. Jefferies and L. C. Beverly, composing the firm of Jefferies and Beverly; that J. D. Jefferies subsequently conveyed his interest to L. C. Beverly. L. C. Beverly subsequently conveying his interest to W. H. Cooke and W. H. Cooke subsequently conveying to Taylor Warner, who conveyed to plaintiff; that said deed reconveying said land from defendants back to said Madden does not appear of record in the deed records of Donley county, Texas, which constitutes a cloud upon plaintiff's title, so that plaintiff holds the same clouded with an apparent break in his chain of title; that plaintiff and his vendors have held the peaceable and adverse actual possession of said land under title and color of title for more than three years next preceding the filing of this suit; and that his vendors are holding and have held for more than five years next preceding the filing of this suit, the peaceable and adverse actual possession of said land, cultivating, using and enjoying the same, and paying taxes thereon, claiming under deeds to said land from his immediate vendors, which deeds are duly registered, so that plaintiff says he is entitled to recover the same as under limitation, as well as under said chain of conveyance.

Wherefore, plaintiff sues and prays for citation by publication, for judgment of the court establishing his title to said lands, free from all claims on the part of defendants, their heirs, and assigns, and quieting his title, removing the cloud therefrom cast thereon by reason of said deeds not appearing of record, and for general legal and equitable relief.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, C. A. Burton, clerk of the district court of Donley county. Given under my hand and the seal of said court, at office in Clarendon, Texas, this 10th day of May A. D. 1906. C. A. BURTON, clerk, District court, Donley county. 30-4t

It is Dangerous to Neglect a Cold.
How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale at Dr. Stocking's drug store.

Daily & Kerbow's Ad.

On the second page of this issue Messrs. Daily & Kerbow take a hot shot at the catalogue houses.

At first sight there seems to be nothing startling in that. It is natural for the home merchant to want the trade of his home people.

But on second thought, we would like to ask, "How many merchants spend any money in advertising directly against the catalogue houses?"

The newspaper man is expected to plead for the home merchant from time to time, and to his credit, be it said, he does it.

The Banner-Stockman never loses an opportunity to say a good word for home people and draw comparisons favorable to them as compared to mail order concerns.

But we have always thought and still think the public is not greatly impressed with these editorials so long as the merchant himself never has anything to say on that particular subject.

Too often he has no ad in the paper at all, and very seldom do we find a merchant who will pay for space and in that space speak straight from the shoulder on the subject of home people patronizing mail order concerns.

We would be glad to know that every reader of this paper had carefully read Daily & Kerbow's ad this week. There is much food for thought in it, and we believe that they, or any other Clarendon merchant, if given an opportunity, can show the customer that he has never made a direct saving by going away from home for his goods.

TEXAS FARMERS
Located in the Panhandle country constitute a vast proportion of those who are out of debt, possess an abundance of all that is necessary to comfort and easy hours, and own
Bank Accounts.
Those who are not so fortunate should profit by past experiences and recognize that these conditions are possible in
The Panhandle
as no where else for the reason no other section now offers really high-class lands at low prices and that the agricultural and stock-farming possibilities of this section are the equal of, and in some respects better than three to five times higher priced property located elsewhere. In a word: Many magnificent opportunities are still open here to those possessing but little money, but prompt investigation and quick action are advisable, as speculators have investigated and are fast purchasing with a knowledge of quickly developing opportunities to sell to others at greatly increased prices.

WILLIAMS BROS.

Postmaster C. J. Lewis this week received news of the death of Ralph Jefferson at his home in Washington City. Mr. Jefferson was the first postmaster at Old Clarendon in the early days, and was also the first postmaster in the present town of Clarendon, remaining an esteemed citizen of the city up to 1892. He was about 66 years of age. Many of our older citizens will remember him and regret his death. Speaking reminiscently of Mr. Jefferson Mr. Lewis said that at one time in Old Town he held

the offices of county clerk, and justice of the peace, besides being notary public and postmaster and conducting a mercantile business. This was in the days when it took every man in the county to compose a good jury, and the official duties of a county officer were not heavy.

Mrs. Ralph Connelly, of Waco, is the guest of Mr. and Mrs. A. L. Connelly at the ranch near Jericho. Both ladies have been spending the week in town with Mrs. F. D. Martin.

DR. PRICE'S Cream Baking Powder

Good Health depends upon the food you eat.

Adds to the healthfulness of all risen flour-foods, while it makes the food lighter, sweeter, finer-flavored, more delicious.

Exercise care in purchasing baking powder to see that you get Dr. Price's, which makes the food more wholesome and at the same time more palatable.

NOTE—There are many mixtures, made in imitation of good baking powders, which the prudent will avoid. They may be known by their price, being sold for ten to twenty-five cents a pound, or a cent an ounce. They are made with alum, interfere with the healthfulness of the food.
