HEREFORD COLLEGE OPENING EXERCISES

Patrons and Pupils Assemble to Hear Formal Exercises for the New Year's Work

Promptly at 10:15 Tuesday morning Pres. D. A. Shirley called the assembly, who had come to encourage the school, to order. Rev. J. W. Story led the invocation, in which he called upon the All-wise Creator to bless the work of the school.

Supt. Ben Short of the Public School was introduced. He made a most interesting talk on the subject "Carrying the Message" using the example of the lamented president to Garcia during the Cuban war.

He was followed by Rev. J. W. Story and S. T. Shore both of whom made telling addresses. Mr. Story spoke of success and the necessary requisites to attain it. His remarks were well received. Mr. Shore followed with a resume of Messrs. Short's and Story's speeches, saying that preparation was necessary to successfully carry the message.

E. M. Haile, retiring president, spoke with some feeling and well wished the new management in fitting words. He was followed by a number of 3 minute talkers, all of whom spoke words of encouragement. R. H. Norton, chairman of the Board, after a plain sort of talk, was followed by all the members and friends on the platform.

Pres. Shirley made a few remarks at the close and introduced the three new teachers. Prof. Marrs, Latin and German teacher; Miss Cope, Art Department; and Miss Hunter, Mathematics department.

After some announcements and the hour of noon arriving, the program was closed.

The enrollment so far has been better than expected, as the management has had but a few weeks in which to secure a faculty and organize the school.

Fifty-Ninth Anniversary.

The Rebekah's celebrated their 59th anniversary in a very fitting manner Monday night with about 40 members present. They had a short program and the remainder of the evening was passed in a very profitable manner, discussing the various ways in which Hereford Odd Fellows and Rebekahs might entertain the coming Panhandle Association which will meet here next June. Some excellent suggestions were made which we are sure the committee on arrangements will profit by.

After several talks for the good of the order the committee on refreshments took charge of the hall, and other members and visitors were asked to vacate the center of the hall when two of the Brothers surprised the committee by bringing in a new table and placing it in the center of the hall. The committee proceeded to unload good things to satisfy the inner man. Refreshments of wafers and cream were in abundance, and all invited to partake. During the arrangement of the refreshments the members and visitors, led by Sister Kathryn McNeerney and Bro. F. W. Curtis, sang some old time songs which all enjoyed. After the refreshments good nights were said and all went to their homes feeling that they had been profited by being there.

ONE WHO WAS THERE.

Starting to School.

The necessity of starting children to school at the opening day is not fully appreciated by all patrons.

Often a day or week will put the child so far behind that it works under trying difficulties all the term, and would be no end of extra work to the teachers who perhaps already have all they can do.

In the first grade especially those entering school for the first time, the necessity of the "first day" is most important. Patrons who have never taught a "beginner's class" know nothing of the hardship it works on both teacher and pupil. The teacher organizes the chart or beginners class, say with 20 or 25 little members. The work goes on easily for a week and the children have made rapid progress. The following Monday two or three more beginners enter school. Now what is the teacher to do. These three new ones cannot enter the class already started and well on the road, to organize a new beginner's class divides the time and reduces the class period to less than the needful time. Then the teacher naturally begins to "sandwich" the new pupils, putting them between classes and using only a few minutes to "hear their lessons" endeavoring to catch up with the week-ahead class. As a result the child is poorly or partially taught. Now, is the teacher to be blamed? The writer says, No. To obviate this difficulty many school boards have adopted time entrance rules for the first grades. The rules require that a child who has never attended school must enter during the first three days of the term. If they do not enter, they must wait for at least three months when another chart or beginner's class will be organized. Due notice is given and the teacher passes the first class up to the next teacher. In this way the children are given the best of the teachers work and it is done under favorable conditions. The children do much better and the first few months of school serves as a good foundation.

Sometimes a child is entered for two or three days in order to get into a class, but the child is then removed from school in order to make a visit of two or three weeks, go to fairs for a week or two, or pick cotton. The result is that the teachers' work is doubled when the child returns, the child has lost its class standing, for work is done and failure awaits the child at the end of the term. The teacher is criticized, her work is counted poor, and yet she has done more than her duty to overcome the unthoughtedness of father or mother.

Loses End of Finger.

While operating a row binder last Tuesday, H. G. Hays of the Chester community, had the misfortune of getting the middle finger of his left hand into the machinery when the finger joint was so badly mangled that amputation was necessary. He came to town to have the wound dressed and the surgeon found that the first joint would have to be removed. The accident happened on account of the peculiar condition of the corn.

"Back in 63."

The Mother's Club will put on the famous play, "Col. Fifer's Photograph Album of 1863," next Tuesday night, September 27. The play will be properly staged and the promoters promise a royal good time to those who attend. Tickets will be on sale at the usual place.

MAY TALK TO NEW YORK

Santa Fe and Western Union Installing All-Metallic Long Distance Telephone.

A force of linemen are here this week putting up connections for a long distance telephone for the Santa Fe and Western Union Telegraph Co. An All-metallic system is being installed.

Booths will be placed at the depot and also up-town for use of customers. When ready for service, you may talk from Hereford to St. Louis, Chicago or even New York. Dallas Fort Worth, Kansas City and other near-to points will be in easy reach phone.

Will Ship Cream.

The farmers around Hereford are preparing to join hands and ship cream to Roswell to the creamery. Mrs. B. F. Fulkerson, whose home is 17 miles northwest, is making an effort to get her farmer lady friends to join her in making a contract for delivery of cream at Hereford for shipment at least twice a week. All desiring to sell cream will please report to Jarrott & Wilkinson, reporting number of cows and about how much cream you would have to sell per week. The Roswell Creamery will make an offer for all cream, as soon as the quantity can be obtained. Don't neglect this but attend to the matter at once.

OIL STRIKES MADE

Panhandle and West Texas Coming in for Oil Wells—Strikes Made at Glen Rio and Toyah

Dalhart, Tex., Sept. 20.—Advices reached here today that a rich flow of oil had just been struck in the Farwell Lands near Glen Rio, in the Panhandle. Prospecting has been progressing here for some time.

Toyah, Tex., Sept. 17.—Advices from Pecos received today say that at 5:40 the Texas Company's well at Toyah and that oil gushed 130 feet into the air. The Texas Company has been boring there for several months.

A Handsome Donation.

Last Saturday morning after the flames had wrought havoc on the south side of the square in Tulia, by destroying about \$15,000 worth of property, the firm of Tomlinson & Gilbreath, real estate and insurance agents, made the fire department a handsome donation of \$25.00 in cash, as a mark of their appreciation of the noble efforts of the fire boys in saving, possibly, the entire business portion of Tulia from the disastrous ravages of the flames that consumed the buildings and property above referred to.—Tulia Standard.

The Drinking Cup.

Some attention has been given to a sanitary water supply for the schools of the country. Men who know pronounce the common drinking dipper as unclean and unfit for civilized people to use. The individual cup is one solution to the problem. A system of small water jets or bubble fountains gives a more satisfactory method. A few rules emanating from the proper school authorities would tend to correct the evil.

1. Each child should have a cup of his own, unless the multiple jets or bubbles are installed by the school.

2. One child should not be permitted to use the cup of another.

The common dipper as used is a menace to the health of the children. A common and often unwashed bucket is used. A dipper is placed into the water. During the day, possibly 100 children will drink from the dipper and place it back in the water. The germs of some deadly disease, may be on the lips of one of the children. All the 99 are placed in danger. The most easily transmitted diseases thru the water—consumption diphtheria, typhoid, are some of them.

What will HEREFORD Do?

Plainview Fair Association.

For some time past the Commercial Club of Plainview has been perfecting arrangements for the Biggest District Fair ever pulled off in Texas. This big Fair will be held in Plainview Sept. 29 to Oct. 1, inclusive.

A long list of valuable premiums have been secured and will be awarded to successful contestants from all portions of Hale and adjoining counties. Large displays of danned goods, jellies, preserves, breads, embroideries, laces and various other kinds of fancy work will be exhibited under the direction of Mrs. L. Lee Dye. Mr. J. O. Brown will have charge of the enormous display of vegetables, E. Dowden of horticultural products, W. W. English of grains. All these displays will be exhibited in the courthouse.

In addition to the above T. J. Finney and J. M. Malone will supervise exhibits of Live Stock and Poultry, respectively, at Gilbert's Wagonyard that will surprise the "natives."

There will also be a public wedding at the Shick Opera House, the high contracting parties receiving a thousand dollar life insurance policy and a twenty-five dollar dining room set. Address all communications to Black of the Hale County Herald or Parker of the Plainview News.

Amusements! Amusements! There will be amusements for everybody. J. W. Pipkin and J. D. Hanby will deliver the goods and possibly a swell football game between Amarillo and the Santa Fe teams in addition thereto.

Brisco County is coming over to take all premiums from any competitors who may contest. Petersburg has also organized and sworn vengeance against all competitors.

The Santa Fe railroad will sell round trip tickets at one and one-third from Clovis, Amarillo, Floydada, Tahoka and all intermediate points.

The people of Hale and adjoining counties are going to make this the biggest event of its kind in the history of the plains country.

PUBLIC SCHOOL OPENS FOR WORK

New Building Filled to Overflow—Patrons Attend Opening Exercises.

At 9:20 Monday morning the old bell on a new building called the five hundred children of Hereford to their books, but long before that hour, the new building was resounding with the laughter of joy and the chatter of busy boys and girls, ready for the word "go."

Besides the large number of pupils who packed the auditorium, a goodly number of patrons were present to see the "start."

Supt. Ben Short tapped the bell for silence and the school sang the national hymn, America, followed by a prayer by Rev. S. T. Shore. After this, Mr. Shore read a few verses from Proverbs and made some appropriate remarks. Pres. D. A. Shirley of the College was asked to make a few remarks. He congratulated the people of Hereford for their enterprise in providing such a splendid building for the public school, and expressed his hearty endorsement of the public school work. He said that some (a few) thought the College and Public School were antagonistic, but not so. While a friendly rivalry was a good thing, the teachers of the College always had a most cordial feeling for the Public School, and he hoped the two schools would have occasion to try their good qualities in athletic events.

He was followed by the only orator on the school board who were seated on the platform. This was J. O. Jenkins, who gave some very wholesome advice to patrons as well as the pupils.

Supt. Short made a few remarks as to the work of the school and referred to the reply of the newsboy to Homer T. Wilson who had asked the boy, who he was, his reply being, "I am the stuff they make men of."

The teachers and pupils and teachers spent the remainder of the morning in the work of classification. It was found necessary to use the annex for the two lower grades and about 75 little tots were marched across the street to that building.

All the teachers were present and seemed eager for the year's work.

Falwell

The eleven year old son of Mr. and Mrs. W. L. Falwell died Saturday at their home. He had not been well but no one expected the end. Burial was made at the City Cemetery. The Brand extends to the bereaved family the sympathies of the community.

At the First Christian Church.

Beginning next Sunday night, September 25th, Pastor S. T. Shore will begin a series of sermons on the general subject—"The Making of Mankind." The first sermon will have for a subject—"Truth." Friends are cordially invited. Services begin at the usual time.

Dimmitt High School Opens.

From the Plainman.

The patrons of the Dimmitt school district saw the consummation of their plans, and the realization of their efforts, when on Monday morning the school opened for the coming year in the new school building. Long before the school hour people might have been seen coming from all directions, making their ways toward the new school building. Dimmitt was present almost en masse, and quite a number from the country 'round about.

At 9 o'clock all assembled in one room, the larger part of the student body standing in order that the visitors might be seated. The exercises began with a song, followed by prayer by Rev. Gill. Miss Griffith, the principal of the school, then stepped forward, and after a few preliminary remarks, introduced Dr. G. J. Stapleton, who gave a rousing

talk along educational lines.

Dimmitt has now one of the best school buildings of any town in the Panhandle, and it is an ornament to all of Castro county. As this brick edifice stands on an eminence in western Dimmitt, it speaks to every boy and girl for miles around, and invites them within its walls, for here is where men and women are made.

The enrollment is now near one hundred, and it is believed that it will reach at least one hundred and thirty the present year. There are now eleven grades in the school and it is the purpose to affiliate it with the State University as soon as possible.

The present faculty consists of Miss Millicent Griffith, Principal; Miss Bessie Beedle, Intermediate grades; and Mrs. Jones, Primary grades.

That Lecture on the Bible, Sept. 23

The Rev. J. A. Campbell, who is to lecture in our city, at 8:00 p. m. Sept. 23rd, at the Opera House, is a man of a wide range of acquirements and experience. The gentleman speaks several languages as fluently as his maternal tongue, and has achieved much distinction as a lecturer, both in the scientific and religious fields, his services having been in demand, even in the large cities like Chicago, where during the last summer months he held large audiences under the spell of his matchless logic and forcible argumentation. He has been chosen by his church to give a series of lectures throughout Mormondom, so as to educate these people to the evils of Polygamy. Notwithstanding untold difficulties he made that work achieve results. Rev. Campbell is a scholar as well as a popular orator. His title of Ph. D., & is our warrant for the assertion. Rev. Campbell has twice, in periods of epidemics braved all the dangers connected with the nursing of the loathsome diseased, and his name has been, for years past a household word synonymous for charity to others and pleasant relations with all wheever he has been. Several hemorrhages from the throat have induced him to seek the benefit of the Panhandle climatic conditions. We sincerely trust that his stay amongst us will be a prolonged one. We know that the happy holders of free admission tickets will not regret the hour they will spend listening to the Rev., eloquent lecturer on Sept. 23rd. Tickets can be had at the usual place.

Elouise Pitman Gets Doll.

Little Elouise, daughter of Mr. and Mrs. J. H. Pitman, is happy over her good fortune in being the lucky one in the Sleeping Doll bean contest at the Star Theatre. The jar contained 4372 beans and her guess was 4375. She said to a Brand reporter—"I have the most beautiful doll. I want to thank the moving picture man and all the people who gave me their guesses and made me get her. I want you to put it in the paper. I have named her Josephine."

WHY NOT TO HEREFORD?

In commenting upon a recently published article in The Brand, our esteemed contemporary, The Tulia Standard, has thusly to say:—

"The Hereford Brand is eminently correct in its theory as to the logical route of this road, the Gulf Texas & Western, should take, and in the event such a route should be adopted, Tulia would undoubtedly be a another logical point for the road. However, we are afraid that the road would be built and run over some of our citizens before they could be armed as to the importance of such a road. Mr. Cain has been to Tulia and was sufficiently impressed with conditions to make investments here. The route as outlined by The Brand would run thru the finest agricultural and stock raising territory in the state."

FOUND OUT AT LAST.

Hereford Recorder: The average fellow is content with lying around and waiting for something to turn up. The idea is a very foolish one and nine times out of ten results in the fellow still waiting, and it is this waiting disease that runs into knocking. The time to turn up something is when it looks like there was nothing to turn up. When times are easy and everything running along smoothly a fellow is bound to be contented. But the time to pull up your stumps is when you are traveling over a stumpy road. Very good and as true as good. But are you not from East Texas? State Press is no Sherlock Holmes, but when a plainsman talks of stumpy roads it takes no detective to deduce that he was born and bred in the sunrise region. A Tea Party.

One of the delightful social functions of the week was the tea party given by Mrs. F. W. Price with Mrs. J. N. Russell, on Tuesday afternoon, honoring Mrs. J. D. Jarrott. The home of Mr. and Mrs. Russell has been the scene of many social events, none of which have surpassed this one in the beauty of decorations or in hospitality.

The guests were greeted at the door by Mesdames W. C. Witherspoon and N. J. Matthews. In the receiving line were Mesdames Russell, Evans of Pilot Point, Price, Haile and Shirley. The receiving rooms were beautifully decorated, throughout, quantities of golden-rod being used very effectively in the parlor, roses and carnations in the dining room and library, and palms in the hall. Golden-rod was given as favors.

The following toasts were given: Mrs. Jarrott, Mrs. W. C. Witherspoon; John D. Jr., Mrs. Parker; John D. Sr., Mrs. Slaton; Our Guests Mrs. Barcus; Our Hostesses, Mrs. Oberthier; The Absent Men, Mrs. Irwin; Hard Times, Mrs. Barker.

Mrs. F. H. Oberthier presided at the tea table and was assisted by Mesdames Barcus, Hough and Louise Oberthier. In the house party were Mesdames W. C. Witherspoon, Evans, Matthews, Haile, Shirley, Collins, North, Chris Garrison, Oberthier, Barcus, Hough, Elliott, Price and Russell. To each of these was given a tea strainer.

About seventy five ladies called during the afternoon.

Moonlight Supper.

Prohibition Rally

Rev. G. W. Eichelberger, district superintendent of the Anti-Saloon League of Texas, will hold a rally at the Presbyterian church next Sunday night. All prohibition workers invited. The antis are especially urged to attend.

Mr. Eichelberger will preach at the Presbyterian church Sunday morning at 11 o'clock, Mr. Baker, the pastor being absent.

Shipping Out Feed Stuff.

That many farmers in this territory will have a surplus of feed to ship is certain. The first two cars of millet hay shipped out by Bullock Bros. was sold to a firm at Waco, Texas. They closed a deal yesterday selling two more cars to a firm at McKinney, Collin County, one of the banner counties of Texas. Bullock Bros. are buying what surplus feed stuffs the farmers will have and they say there will be more to ship out this season than last. Strange things happen. All the North and Central Texas papers have been calling "Come back home, boys!" But from this bit of commercial news, if they go, many of them will have to ship their winter's supply of feed.

UNIQUE FLIGHT.

Horse Makes Cruise in Airship.

It has been said, and justly, that wonders never cease—for each day brings to notice something new—but it has been left to the proprietors of the large shows to scheme and plan, invent and produce novel features that are beyond the wildest dreams of the imagination, and to accomplish the seeming impossible.

Then the Airship was recently perfected it was thought that the ingenuity of man could devise, nothing greater than to make the air navigable—but it was left for Dode Fisk to accomplish a still greater wonder, that of sending a horse on a cruise in an airship.

It is beyond human belief that this is done—but one has only to witness this most sensational of the world's greatest triumph of wonders to be convinced.

Mercury, the Airship horse, Aviating Equine Feature with the great Dode Fisk Shows, makes a sensational ascension twice daily with bewildering pyrotechnic display, making this the most extraordinary feature ever presented by an Amusement Organization in America.

A Good Example

"I am a good example," writes Mrs. R. L. Bell, of McAlester, Okla., "of what Cardui will do for suffering women."

"I suffered with my head and back, for over six years, and although I tried everything, I never could get anything to do me any good, until I began to take Cardui."

"Cardui has surely helped me and built me up and I am so thankful that I have found something that will do me good. I feel so much stronger and better than I have in a long time."

It is well to make up your mind before you are sick what medicine you will take when you are sick.

Take CARDUI

The Woman's Tonic

You will be glad to take it when you are tired, miserable and when life seems a weary grind. It will put new thoughts into your head, fresh courage into your mind.

If not sick now, at least burn Cardui on to the pages of your memory, so that when you are sick you will ask for it without thinking.

If sick or weak, get a bottle today. At all druggists.

THE MOST COMFORTABLE SHOE SOLE IN TEXAS. Peter's Foot Comfort Shoes.

Bend these shoes until the toe touches the heel. Make a ball of them. You can't hurt them. They are made to give to every muscle that is used while walking, yet have enough weight in the soles to protect the foot from the rough spots.

Ladies who have always insisted upon light-weight turn soles, that lose their shape so quickly, should try a pair of Peter's "Foot Comfort" sole shoes. These shoes will hold their shape, look neater and wear longer than any shoe you ever wore.

Ask your dealer to show you these shoes. **Peter's Shoes Co.** ST. LOUIS. If he does not have them, write us.

Citation by Publication.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Deaf Smith Co., Greeting:
Oath having been made as required by law

You are Hereby Comanded to summon James Stanek by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 69th Judicial district; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 69th Judicial District, to appear at the next regular term of the County Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, on the first Monday in October A. D. 1910, the same being the third day of October A. D. 1910, then and there to answer a petition filed in said Court on the 30th day of August A. D. 1910 in a suit, numbered on the docket of said Court No. 267, wherein W. G. Broyles is Plaintiff, and James Stanek, Henry Farmer and Eli Dunlap are Defendants, and said petition alleging that, on the first day of February 1910 the defendants James Stanek and Henry Farmer executed and delivered to the plaintiff their promissory note, whereby they promised to pay to the plaintiff or order at Hereford, Texas, twenty days after the date thereof, the sum of six hundred dollars with interest thereon at 10 per cent from the date of said note. That said note further provided that if it should not be paid when due, that 10 per cent additional should be added as attorneys fees. That it has become necessary to place said note in the hands of attorneys and to bring this suit, and that the attorneys fees stipulated for in said note is a reasonable fee for the service to be rendered.

That to secure the payment of said note, the said James Stanek executed and delivered to the plaintiff a chattel mortgage in writing dated Feb. 1st, 1910, by which he conveyed to the plaintiff and created a lien on the following described personal property, viz. One horse mule 6 years old, not branded, weight 1200 lbs., one mare mule 7 years old, not branded, weight about 1200 lbs., two bay horses, weight about 1200 lbs each, neither of which were branded, about 6 years old, one black Spanish Jack about 15 hands high and 9 years old. That said mortgage was on the 5th day of March, 1910, filed and deposited as a chattel mortgage in the office of the County Clerk of Deaf Smith County, Texas.

That the defendant Dunlap claims to have a mortgage on the same, or a part of the same property and is attempting to subject it to the satisfaction of a debt which he claims to be owing him by the said Stanek, although the plaintiffs mortgage is prior and superior.

That on some date since since the 5th of March, 1910, the defendant Dunlap seized and took possession of and converted to his own use and benefit the two horses included in plaintiffs mortgage which were worth four hundred dollars.

Plaintiff prays for a judgment for his debt, interest and costs and for a foreclosure of his chattel mortgage, and in the event the Court shall find that the two horses included in plaintiffs mortgage have been converted by the defendant Dunlap, then that he have a judgment against said defendant of the value of said horses.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, W. M. Cogdell, Clerk of the County Court of Deaf Smith County.

Given Under My Hand and the Seal of said Court, at office in Hereford this the 31st day of August A. D. 1910.

W. M. COGDELL, Clerk, County Court, Deaf Smith County.
