COTTON GIN FIRES BOILER IN TEST

TRYING OUT MACHINERY BEFORE THE RUSH BEGINS NEEDS SUNSHINE

For Cotton to Open Fully Although Every Field Has a Few Bolls

The Hereford Cotton Gin joined the general popular movement Friday morning and built a fire. The fire was built under the boiler, just newly erected, and the plant was humming with steam and life all day.

The idea was to hook up all the machinery and test out the working thereof before the rush of work begins. Installation of all parts and pieces has practically been completed, but there yet remains the adjusting and tinkering to do in making the whole work together smoothly and harmoniously.

Manager Tillotson stated Friday that he would be ready for 'em next week and he hoped to be ready to take care of any rush, providing always, of course, that this blooming weather permits a rush. The gin people are putting a real plant down on lower Main. The new cleaning device is the best word in cotton gins, the machinery is all in good condition, and solid concrete floors are being laid all over the place.

The cotton picking situation is still uncertain, owing to the erratic weather. Cotton is opening slowly in streaks in most fields and would pop out in a hurry if the clouds could be brushed aside for a few days. One thing sure, when the sun does shine for a short time there will be a tremendous opening all over this country and there will be a grand rush for pickers. Farmers are slow in filing their probable wants for the future, but it is hoped there will be sufficient pickers available when the demand does arise.

This Weather is Beginning to Get On Folks Nerves

The amazing and troublesome weather that has prevented a solid week of sunshine since about September 1 continues without any sign of let up and is simply getting on the nerves of every body. Grey skies and threatening rain have been with us for weeks, with occasional spurts of precipitation here and there, mostly light but heavy in a few places.

Friday morning early it rained hard for a few moments and afterwards the temperature took a decided drop. Friday afternoon a cold north wind was blowing steadily, driving a fine mist before it. Even a few flakes of snow were mixed up in the general mess. The glass stood at about fifty degrees.

There's been a great burrowing around in closets and basements for that dear, warm clothing of the vintage of 1922. Colonel Farris has been the busiest man in Hereford with his ladder and long chimney-cleaning pole, the coal dealers are putting on extra help, and oil stoves are being polished up and pressed into service.

It's aggravating, to say the least. Also, it's liable to be expensive if it continues. Cotton needs sunshine for quite a while yet to get maximum results, and there's lots of field work to do before the farmers are ready to sit back and call it a season.

Mrs. H. E. Sullins Stands Operation Well, is Report

Mrs. H. E. Sullins, who was operated on at the Hereford Sanitarium last Friday by Dr. Lumpkin of Amarillo, is reported at this writing to be doing well. Mrs. Sullins underwent a very serious operation but stood the shock well and is on her road to recovery.

Two Business Houses Put On Sales For This Week

Two local business houses are putting on special sales this week which are attracting the close scrutiny of the buyers, and both of which are advertised in this issue. The Fox Mercantile Company's Fall Harvest Sale and Skelton's Nine Cent Sale are the attractions.

All three local banks closed their doors Friday owing to the fact that Uncle Sam has decreed Columbus Day, October 12, as a legal bank holiday.

He Has a Whole Lot More Nerve Than We Have!

J. Raymond, publisher of the Blakesburg (Ia.) Weekly Excelsior, is tired of running free advertisements and in an advertisement of his own tells the world about it as follows:

"Here you will find a schedule of prices from which no deviation will be made, but we hope to donate a certain percentage of our earnings toward founding an asylum for those feeble minded people who believe an editor has a soft snap.

"For telling Excelsior readers a man is a successful citizen when everybody knows he is as lazy as a bench warmer \$2.75.

"For referring to some galling fellow as one who is mourned by the entire community when he will only be missed by the boozers, \$10.18.

"Referring to one as a hero and a man of courage and one who will stand by his convictions when everybody knows he is a moral coward and would sell out for a dime, \$4.13.

"Referring to some gossip female as an estimable lady whom it is a pleasure to meet and know when every man in town would rather see Satan coming, \$8.10.

"Calling an ordinary preacher an eminent divine, 54 cents.

"Lambasting the daylight out of John Barlecorn at behest of the local dry forces, \$6.77.

"Whooping 'em up for the repeal of the Volstead law in the interests of the local White Muie Funnell Club, \$6.77.

"Referring to a deceased merchant who never advertised and who was too stingy to contribute toward needed public improvements as a leading citizen and a progressive resident, \$344.90. —American Press

Miss Ruby Norton Says Local Hospital Worth While

Miss Ruby Norton of Mexia, Texas, left Hereford Wednesday morning for Artesia, N. Mex., at which place she will visit in the home of her father, R. H. Norton. Miss Norton is superintendent of Brown Sanitarium at Mexia, a new institution established in the past fifteen months. Miss Norton on commenting on the Hereford hospital said, the people in general in Hereford do not realize what a good hospital they have right here. She made special comment on the cleanliness and orderly manner in which the hospital is now running. Miss Norton on her return trip will stop over a few days before returning to Mexia.

Local Baseball Fans Much Interested in World Clash

Local baseball fans are taking quite an interest in the outcome of the world's series for the championship between the two New York teams, the Giants of the National and the Yankees of the American League. John McGraw led his Giants to victory in the first contest by superior generalship but next day Babe Ruth's two homers and the Yankees terrific attack battered down all opposition and won, 4 to 2. The third game on Friday was a tight battle, ending 1 to 0 in favor of the Giants.

Sullivan & Barnhart Get New Equipment For Shop

Sullivan & Barnhart purchased a large metal turning lathe last week from the Hy Way Garage at Hale Center, Texas, and now have it installed and in running order. Messrs Sullivan and Barnhart now have a complete machine, welding, plumbing and tin shop.

Honor Pupils in Both High School and Grammar Grades Are Announced By Superintendent C. H. Dillehay

At the close of each report period two honor rolls will be published for each school, a High Honor Roll and an Honor Roll. To get on the High Honor Roll a pupil must make a grade of A on every subject and A on department. Pupils on the Honor Roll must make not less than B on each subject and not less than B on department.

The honor rolls as given below have much room for additional names but it is true in school as in life that there is always room at the top. It is hoped that each month will show many more names added to each list. The first month is usually a hard one but there are far too few students on the honor rolls for the first month. Parents are urged to let their children know that they expect them to get on at least one honor roll occasionally if not every time it is published.

High Honor Roll, High School—Eleventh Grade: Elmer Patterson; Central School—Sixth Grade: Ezell Patterson.

Honor Roll, High School—Eleventh Grade: Emma Jean Donald, Margaret Gilliland, Evelyn Jackson, Louise Ricketts, Del I Parker; Tenth Grade: George Beams, Lucille Hicks, Mozelle Hill, Alice Womack; Ninth Grade: Ruth Hill, Lucile Hughes; Eighth Grade: Annabel Sawyer, Alice Wombie, Nellie Dunn.

Central School—Seventh Grade: Edith Henry, Edgar Ireland; Sixth Grade: Eric Marie Foster, Frances Ray, Alton Miller, Johnnie Haberer, Frank Ogden, John Jacobsen, Duane Orr, Raymond Purcell, Vera Mae Gilliam, Frances Landrum, Pearl Runton, Ellen Sites, Mae Belle Witherspoon, Evelyn Witherspoon, Edgar Johnson; Fifth Grade: Gladys Hopper, E. Dora Smith, Paul Wright Barnett, Mary Lou Hig-

gins, Dorothy McDonald, Mattie Bee Richards, Tina Lee Springer, Hazel Dunn, Sarah Agnes Bryant, Jewel Owens; Fourth Grade: Luda Cottrell, Pauline Fincher, Ruth Houston, Mary Lynn Jowell, Ethel Roberts, Marvin Spradley, Marvin Knox, Gilbert Purcell, Alberta Davis.

No honor rolls will be published for the first three grades but the list of those who are entitled to be on the honor rolls will be posed in each room concerned. A gold star will indicate a pupil on the High Honor Roll and a silver star will indicate a pupil on the Honor Roll.

Fire Prevention Week
This week has been set aside by the President of the United States and the Governor of Texas as Fire Prevention Week. Both schools observed the week by having Judge Knight address the students at their chapel periods on the subject of fire prevention. Both addresses were interesting and instructive and should do good in the community.

Doubtless some already know that Hereford is allowed a fire credit because of work done in the schools in teaching fire prevention. As a part of the requirement each child in school above the fifth grade must write a theme each term on some phase of fire prevention. Mr. Lyles has asked that each child in the upper grades at Central School write his theme for this term this week. The three best themes were selected from each grade and from these, three will be selected to be published or sent to the State Fire Marshal. The high school students will write their themes as a part of their regular theme work in English.

\$101,006 PAID OUT FOR HOGS AT HEREFORD BY ONE FIRM JANUARY 1 TO OCTOBER 1

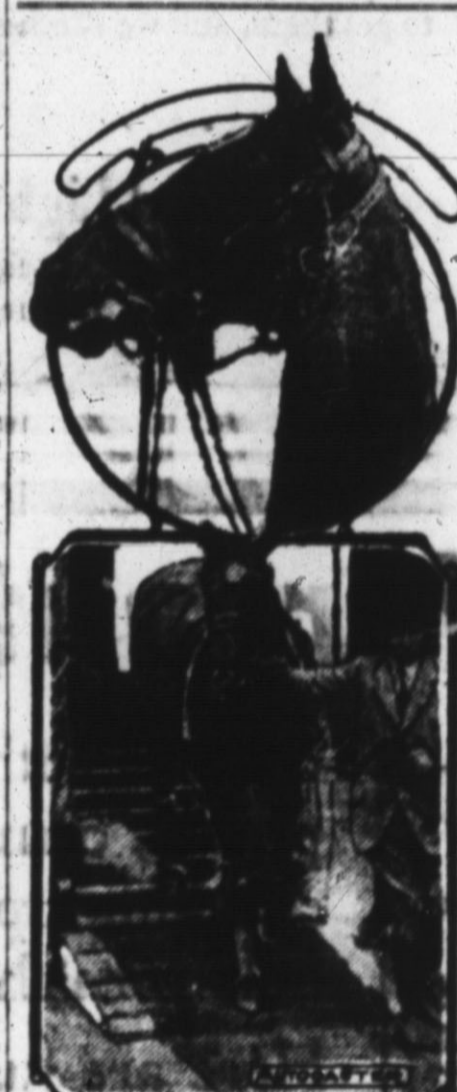

G. W. BRUMLEY & SON HAVE SHIPPED NINETY FIVE CARS IN EIGHT MONTHS TO KANSAS CITY, LOS ANGELES, FT. WORTH, ETC.

"COW, SOW AND HEN" SCORES AGAIN

Nearly Sixteen Thousand Dollars Monthly Paid Out Here This Year For Butterfat and Hogs Alone, While Major Crops Unprofitable "Chicken Change" Saves Farmer

Closely following the story in The Brand of September 21, which stated the fact that exactly \$25,934.62 had been paid the dairy farmers of this community by dealers for butterfat since January 1, 1923, there comes to light this week another startling demonstration of what the policy of "The Cow, the Sow and the Hen" means to the Hereford trade territory and explains in a large measure where the ready money is coming from that pays the grocery bills and expenses in these tight times.

To put it briefly and baldly: one hog-buying firm, G. W. Brumley & Son, paid out exactly \$101,006.00 from January 1 to October 1, 1923, to the farmers of this section for hogs to be shipped to market.

All the honor accorded King was bestowed upon Papyrus, English Derby winner, when the S. S. Aquatania docked at New York this week. From a suite De Luxe on the upper deck, while hundreds of humans huddled on lower decks, the speed was lead down a special carpeted gang-plank to a waiting motorcar.

These figures are not guess work, they are the total of the checks issued for hogs by Brumley & Son. This large amount of money was represented by ninety-five carloads of hogs shipped out, twenty-six of which went to Kansas City, sixty-five to Los Angeles, two to Fort Worth and two even to far away Honolulu.

It don't take an adding machine to figure quickly that the two items alone—butterfat and hogs handled by one firm—has released almost sixteen thousand dollars in cash monthly to the farmers of this section this year. The mystery of "where does the money come from?" when the major farm products have been unprofitable is explained—is a mystery no longer. If there ever was a cold-blooded demonstration in dollars and cents of what the cow, the sow and the hen mean to a country this is "it." It's the most comforting "payroll" that can be devised.

Brumley & Son have built up an enviable business in a few short years and today are perhaps the largest hog shipping concern in the Panhandle of Texas. They ship every week, have their own stock pens on the railroad, spend most of their time attending strictly to the hog buying business, and furnish the payroll for themselves as well as those enterprising farmers who see the opportunity offered and take advantage of it.

A little cotton, a little wheat, a little of the other small grains, a few dairy cows, a few breeding sows, a bunch of thoroughbred chickens, enough feed to carry on, a garden patch—it's hard to beat, year in and year out!

Terrapin Pays an Annual Visit to Tennessee Man

The Carroll County Democrat, Huntington, Tenn., has a story in a recent issue concerning a terrapin which pays an annual visit to residents of that town. The article is reproduced below. The Mr. Crawford referred to is a cousin of W. T. (Red) Smith of Hereford.

Terrapin Comes Back

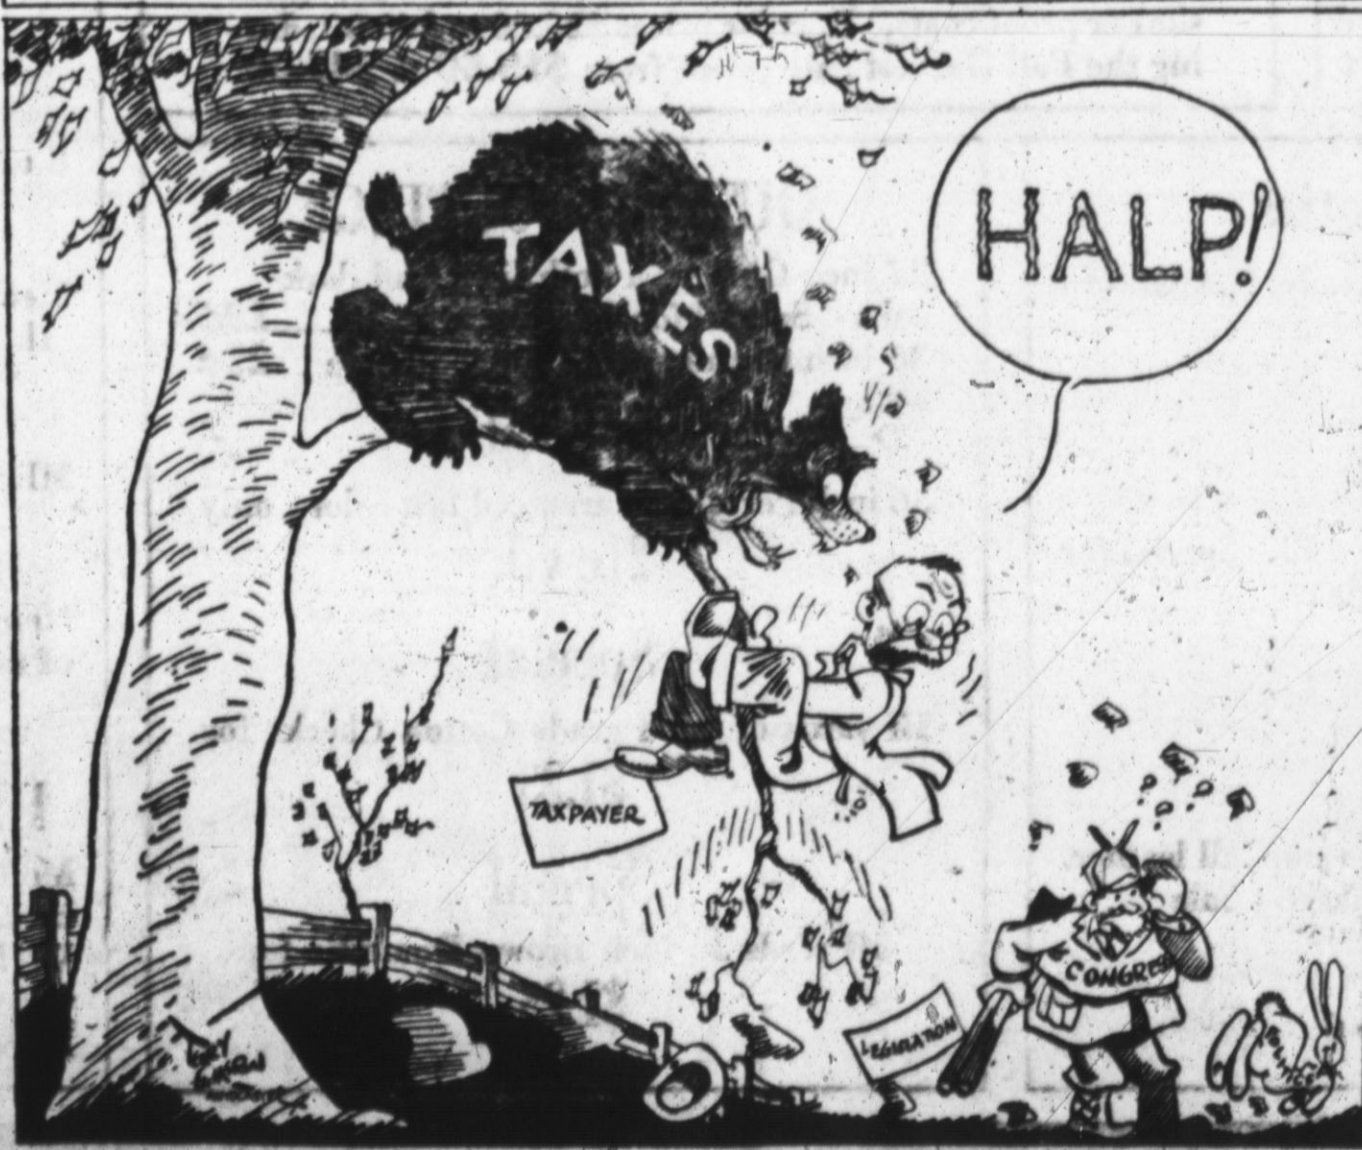

"A terrapin of unusual interest has just recently made its annual visit to the home of Mr. and Mrs. J. D. Crawford in Huntington. This terrapin bears the initials 'A. W. Mc.' and the date September '02. Mr. and Mrs. Crawford moved to their present home nine years ago in September and a few days afterward the terrapin paid them a visit.

Each succeeding year since that time, unless perhaps with one exception, this terrapin has come up into their backyard some time during the month of September and at no other month in the year does it ever show itself. The initials were cut on the terrapin at the date given by A. W. McNeill, who was born and reared in Huntington next door to Mr. Crawford, but who later moved to Nashville and now resides in Florida, and who distinctly remembers his friends of other days."

FIRE!

The time to know how much gas there is in your tank is before you reach the bottom. And the time to know that you have enough fire in-

urance is before you smell smoke. Building costs are approximately 200 per cent above the 1913 level. Have you gone over your property

lately with the view of finding out what it would cost to replace it should it be destroyed by fire? This Agency will be glad to advise you, not only how much fire

insurance you should be carrying on your buildings and their contents, but also what other forms of insurance you need to properly protect you.

The weatherman seems to be trying to regulate the rain, and another day or so of sunshine will enable the farmer to begin running their binders.

Dick Roberson and family of Cleburne spent the week end in the home of his brother, B. C. He expects to locate in Hereford we understand.

The W. M. U. met with Mrs. J. B. McMinn Wednesday evening instead of Thursday evening and surprised her on her birthday. After the program which was led by Mrs. Fate Walsler, we had a social hour and served hot chocolate and cake as refreshments. All left wishing her many more happy birthdays.

Ray Roberson, wife and little son of Helena, Okla., came in on the early train Monday morning. They started in their car and found the bridge out over the Canadian, and after waiting three days left their car and came on the train. They are visiting in the home of his mother, Mrs. Beulah Roberson.

Ky Lawrence and W. J. McMinn motored to Amarillo Monday where Mr. Lawrence traded his tin lizzie in on a Baby Overland. We now know why they call them Baby Overlands since the experience of these men in getting in and out of deep ruts. When they hit a high center Mr. Lawrence would get out and lift up the front end while Mr. McMinn would punch the gas and then the car would roll out nicely.

Missionary J. A. Lindley preached on Saturday night, Sunday and Sunday night and attended to the ordinance of

baptism Sunday afternoon. Miss Lorene Atchley being the candidate baptized.

R. A. Hawkins of Farwell who was enroute to Childress stopped off Sunday and visited in the home of his sister, Mrs. W. J. McMinn.

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs".

The latest triumph of modern science is a "de-nauseated" calomel tablet known in the drug trade as "Calotabs". Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

THE UNIVERSAL CAR

New Touring Car

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator.

Sloping windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow us to show you the entire line of new Ford cars now on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

WYCHE
Perhaps the most awful tragedy that ever happened in our community occurred last Thursday when Frank Hembre was drowned near his home at Sulphur Park, and the gloom which has settled upon us is heavy and hard to expel, even at this late hour we stand awe stricken and aghast and wonder if it is really true. The phone seldom rings and few are passing, the very silence of our neighbors proclaim our sorrow. We grieve over the loss of a good neighbor, a true friend and one whose was shortly one of us, one who was full of life and zeal and the joy of youth how true that "We know not what a day may bring forth." To you Mrs. Hembre and the bereaved relatives we offer sympathy—though words are inadequate in the sad hour there is only One who can help. But if our feeble efforts which we so willingly and anxiously gave did in any word relieve your suffering we are indeed glad.
