

# Attorneys Meet With Legislators On Judicial District Court Bill

The chances for Deaf Smith and Oldham Counties getting a heavily sought after judicial district court are greatly increased as the result of meetings this week between local attorneys and state legislators.

Mack Tubb, president of the Hereford Bar Association, said Saturday morning that he is very optimistic about a new judicial district court being created with the two counties with a resident district court judge in Hereford. He and attorneys Rex Easterwood and Tom Kendrick were in Austin Wednesday through Friday meeting with legislators and other government workers to start the legislative procedure rolling.

THE NEW DISTRICT court would separate the present 69th judicial district, which is considered too large geographically for one man to handle. Also, the number of cases has grown to the extent where cases haven't come to trial for long periods because one judge can't make the rounds in the six-county district often enough.

District Judge Archie McDonald is recovering in Dumas from a recent heart attack, which is thought to have been brought on by the large work load he has carried. Filling in for him has been retired Amarillo Judge Gene Jordan.

The attorneys met with State Senator Max Sherman of this district Thursday.

He agreed to introduce the bill in the Senate as opposed to the usual introduction in the House of Representatives, Tubb said. This was arranged because this district's local representative Bill Clayton is speaker of the House and can't introduce his own bills.

Meeting with them was Representative Bob Close of the Northern Panhandle district.

Meetings also were held with Clayton and the Texas Civil Judicial Council to further explain the bill as well as procure updated statistics from the council concerning cases processed in the 69th Judicial District.

Tubb indicated that the bill instead of being passed as a single special local bill

probably would be lumped in an omnibus bill composed of other local bills seeking judicial districts.

"I'M SURE we will get our district, only it will be later than we expected since the omnibus bill probably wouldn't be acted on until the last 30 days of the legislature," Tubb said. According to Sherman, that could be sometime during the summer.

The bill would be picked up in the House after receiving Senate approval.

The move for a new district grew out of unsuccessful efforts last year to procure one. It was drafted by the Hereford Bar Association and received approval from both the Deaf Smith and Oldham County Commissioners Courts.

## HHS Basketball Queen

Monica Herring was crowned as the Basketball Queen during a pep rally Friday afternoon at Hereford High gym. Monica, a senior, was selected by a vote of the Whiteface squad. Other candidates were seniors Shyla Thomas and Cindy Rutherford, junior Tammi Lawson, and sophomore Laurie Higgins. James Arney, senior cager, drew the honor of crowning the queen. Other escorts were seniors Lynn Tarr, Craig Nieman and Tommy Loerwald, and junior Mike Hull.

## Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says those who are blessed with a sympathetic disposition shouldn't waste it on themselves.

A reader in California advised the Los Angeles Times that, in his opinion, by having another depression we're carrying the nostalgia craze to far.

ALMOST ANYTHING can be proven with a study group, and we don't buy the results of a tooth-brushing study recently announced in England. After a survey of more than 13,000 children, it was determined that brushing had no effect whatever on dental decay in children's teeth.

What they didn't conclude was that brushing doesn't hurt anything, either. Frankly, all we hope to gain out of the study is the elimination of that awful tv commercial where the kid comes rushing in to interrupt the busy father to announce that his checkup had revealed no cavities.

And, speaking of studies, investigators in Boston found that people who drank six or more cups of coffee per day are more prone to heart attacks than people who don't drink coffee. Smoking was ruled out as influential.

ON THE OTHER hand, a study in Oakland showed no association between heavy coffee drinking and heart attacks among members of a health plan. But almost half the persons who had heart attacks were heavy smokers.

Moral: When in Oakland, imbibe caffeine but eschew nicotine; whilst in Boston, turn down the cup as you light up and puff.

At one time, we shared the view with those who thought federal aid was something to be avoided at all costs. But in recent years we've come around to the undeniable fact that federal aid is here to stay and you can't get rid of it by refusing to take part in the programs. The only way we are going to get any of our money back is to get in on some of the federal programs.

WE HAVE SOMEWHAT the same feeling about the Social Security tax. I'd feel a lot better if I could take that money and put it into my own private retirement system and have control over it. We're going to keep shoveling money into Social Security whether we get anything back or not, and the way Uncle Sam handles the funds we wonder if any of our Social Security money will be there when the time comes.

It is evident that the world would disintegrate through the accumulated force of boredom if everyone had the same amount of intellect. Fortunately, there are enough people in my category

(See BRANDING, Page 2)

## Banks, Post Office Close For Holiday

Even though George Washington's birthday falls on Feb. 22, his official celebration was moved up a week to Monday in accordance with the federal law setting three-day weekends.

And as an official holiday, the U.S. Post Office and both local banks are recognizing it by remaining closed. The county, city and schools will keep their doors open.

Other scattered businesses such as Armour Meats also will be closed.

## Gas Bills, Auto Dealers On City Agenda

A discussion on the rising cost of natural gas and an appearance from members of the Hereford Auto Dealers Association head the list business items to be considered at a Hereford City Commission meeting at 7:30 p.m. Monday.

Also to be considered is a public hearing on the city's proposed budget for the fiscal year 1975-76. A related article on the budget appears in today's paper.

THE GAS BILLS that were sent out in February were considerably higher than those received in the past few months and area residents expressed dissatisfaction as reported in the last issue of the Brand. This concern as well as a need to review an agreement between the city and the Pioneer Gas Co. has prompted a scheduled discussion of the cost of gas.

The agreement, reached last year, allows Pioneer to a 100 per cent monthly pass through to customers of increased production expenses. In effect, this has caused the price of gas to increase about 31 cents per MCF (thousands of cubic feet) over the past year.

The dramatic increase in February bills was attributed to the monthly cost of adjustment allowed Pioneer, and to the colder weather this year. Other possibilities according to a company spokesman are gas leaks or misread meters, which would have inadvertently caused higher bills.

## Meetings Scheduled For Hospital, C of C

Among groups scheduled to meet during the coming week are the Deaf Smith General Hospital directors at 7 a.m. Tuesday and the Chamber of Commerce board of directors at 6:30 a.m. Thursday.

The hospital board will consider the medical staff report, the operating report for January and reports from the administrator.

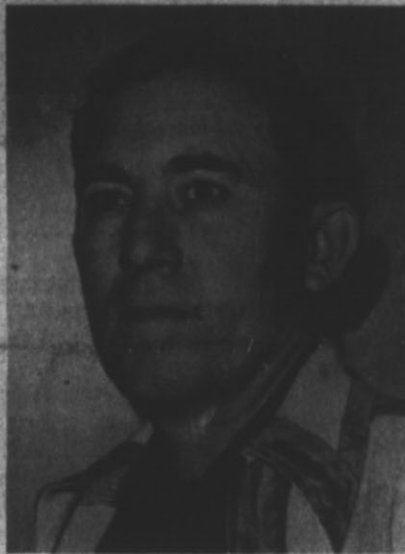

Also with generally routine business, the C of C board will consider reports on the following: Miss Hereford pageant, Goals for Progress, 1975 Banquet final report, WTCC Leaders workshop, a proposal from Windsor Publications, a personal development clinic.

Deaf Smith County, Hereford, Texas 26 Pages  
74th Year, No. 14 Sunday February 16, 1975 20 cents

Joe Whitley

Dwaine Walker

It has been discussed that a proposal might be passed to limit Pioneer's monthly increase.

THE AUTO DEALERS are appearing at the meeting to hash out the controversy surrounding the City Commission's recent acceptance of the highest bid among those submitted for three trucks for the health department. The high Doyle Johnson bid was accepted because changes occurred in the others after they were submitted.

The area car dealers jointly signed a letter to the commission, the city manager and The Brand stating

disagreements with a Brand story reporting on actions and discussions of the commission in relation to the bid acceptance.

The commissioners rejected the bids after already throwing out a set of them at a December '74 meeting.

Other business on the agenda includes a notice of election, an easement authorization to the county for a road at the airport, authorization of bids for four pickups and five patrol cars, a request from Armour for a radio antenna on its water tower and action on restricting parking on Park Ave. for four lane markings.

## It's Not Women's Lib, Just Real Good 'Bread'

A double take probably flashed across the faces of a few drivers who passed by the Deaf Smith County Library this week.

What might have appeared at first glance to be a group of about five "workmen" turned out to be something quite the contrary. Sure, there were some workmen in front of the library, but one of the workers was none other than a petite woman toiling right along side the husky men.

COMPLETING a concrete paving project for the county, Linda Kirkpatrick, 24, and her co-workers were laboring Friday at removing sand and gravel in preparation for a cement side walk. The project is under contract to the R.O. Cruse Co. of Amarillo.

At first, Linda didn't want to be photographed, but finally consented to be interviewed and pictured in print after here compadres chided her into accepting the publicity.

While the sight of a woman working at what was once considered "men's work" is not so novel as when women's lib first came on the scene, it does cause some persons to stare twice.

"This is the furthest thing from women's lib that I can think of," she said. "I would much rather be inside the library working."

She took the job because money was scarce since her efforts to obtain a job in her trained for profession proved fruitless. That profession is teaching, specifically in Distributive Education (D.E.).

"I APPLIED for a teaching job here, but no opening existed," she explained. "I'm still hoping a job will open up in the fall."

Linda said she had just quit law school and just recently started looking for a teaching job. When the instruction jobs didn't turn up, she contacted the company owner, who was "a good friend" of hers.

"He gave me the job and I started working last Monday," she said. "It pays alright, too."

Until the job she wants comes through, Linda is at least happy that she is making a steady income while so many others are out of work. And at the same time she adds beauty to the scenery around the library.

## Whitley, Walker File For School Board Posts

Earlier expectations of a mild political year are coming true locally as all open positions filed for so far remain uncontested. To date, only one candidate has filed for each of five of six positions open on the School Board of Trustees and the City Commission.

The latest aspirants to throw their hats into the calm political sea are Dwaine Walker, 42, in school board place 2 and Joe B. Whitley, 41, in school board place 3. Combined with James Gentry running in place 1, all school board slots are sought after.

School board place 2 is currently held by Jim Arney and place 3 is held by Bobby Viegel, both who are not expected to rerun. Place 1 is held by current school board president Hugh Clearman, also expected not to seek re-election.

The three open City Commission spots were mostly filled earlier this week as incumbent Paul Abalos filed for place 1 and Emory Brownlow filed in place 2, now held by Dr. H.A. (Hap) Caviness. Mayor Jim Sears' spot remains free of contestants as of Saturday morning.

Walker, a 1951 graduate of Hereford High School, is an area farmer, a vocation

he has been engaged in since his graduation. He has lived in Hereford since 1942, except for one three-year period.

He is a member of the Church of Christ. He and his wife, Naomi have a 15-year-old son and a 12-year-old daughter.

Whitley, a dentist has been a local resident for the past 14 years. During his years here, he has served on the Chamber of Commerce Board of Directors and government affairs committee and as director of the AAU Summer Track Program here. He also has served as president of the West Texas AAU Track Program.

The dentist says he will approach the tasks facing the school board "aggressively and positively, keeping the interest of our young people, and their future, first and foremost in mind."

"I will give the time and effort necessary to achieve this."

Walker expressed similar concern and plans to do his best as a school board member.

Important election dates are summarized in the related box information.

## Granberry Speaks Monday At Campfire Gathering

Jim Granberry, former Texas gubernatorial candidate, will be guest speaker Monday evening when Campfire Girls Council holds its annual meeting in Civic Club Center. Council will convene at 7:30 p.m.

Dr. Granberry, a Lubbock dentist, occupies numerous civic offices, including board membership and first vice presidency of Lubbock Campfire Girl Council. He has been active in public service and was Lubbock Mayor in 1970-1972.

A GRADUATE of Baylor University, Dr. Granberry has served in several capacities in Texas Municipal League. He has memberships in Lubbock Chamber of Commerce, Lions Club, Rotary Club, Plainview Kiwanis, Boy Scout of America

Council and Lubbock Bicentennial Committee.

He has worked with committees for muscular dystrophy patients, the handicapped and Methodist Hospital of Lubbock. Tyler Junior College, North Texas State University and Baylor cited Dr. Granberry for scholastic achievement during his attendance.

He has a wife, Edwina, two daughters and three sons.

ALSO SLATED on the agenda Monday is the installation of new council officers. TeCaKits Horizon Girls, led by Mrs. Johnny Dupnik, will conduct the ceremony.

Campfire Girl mementoes, collected

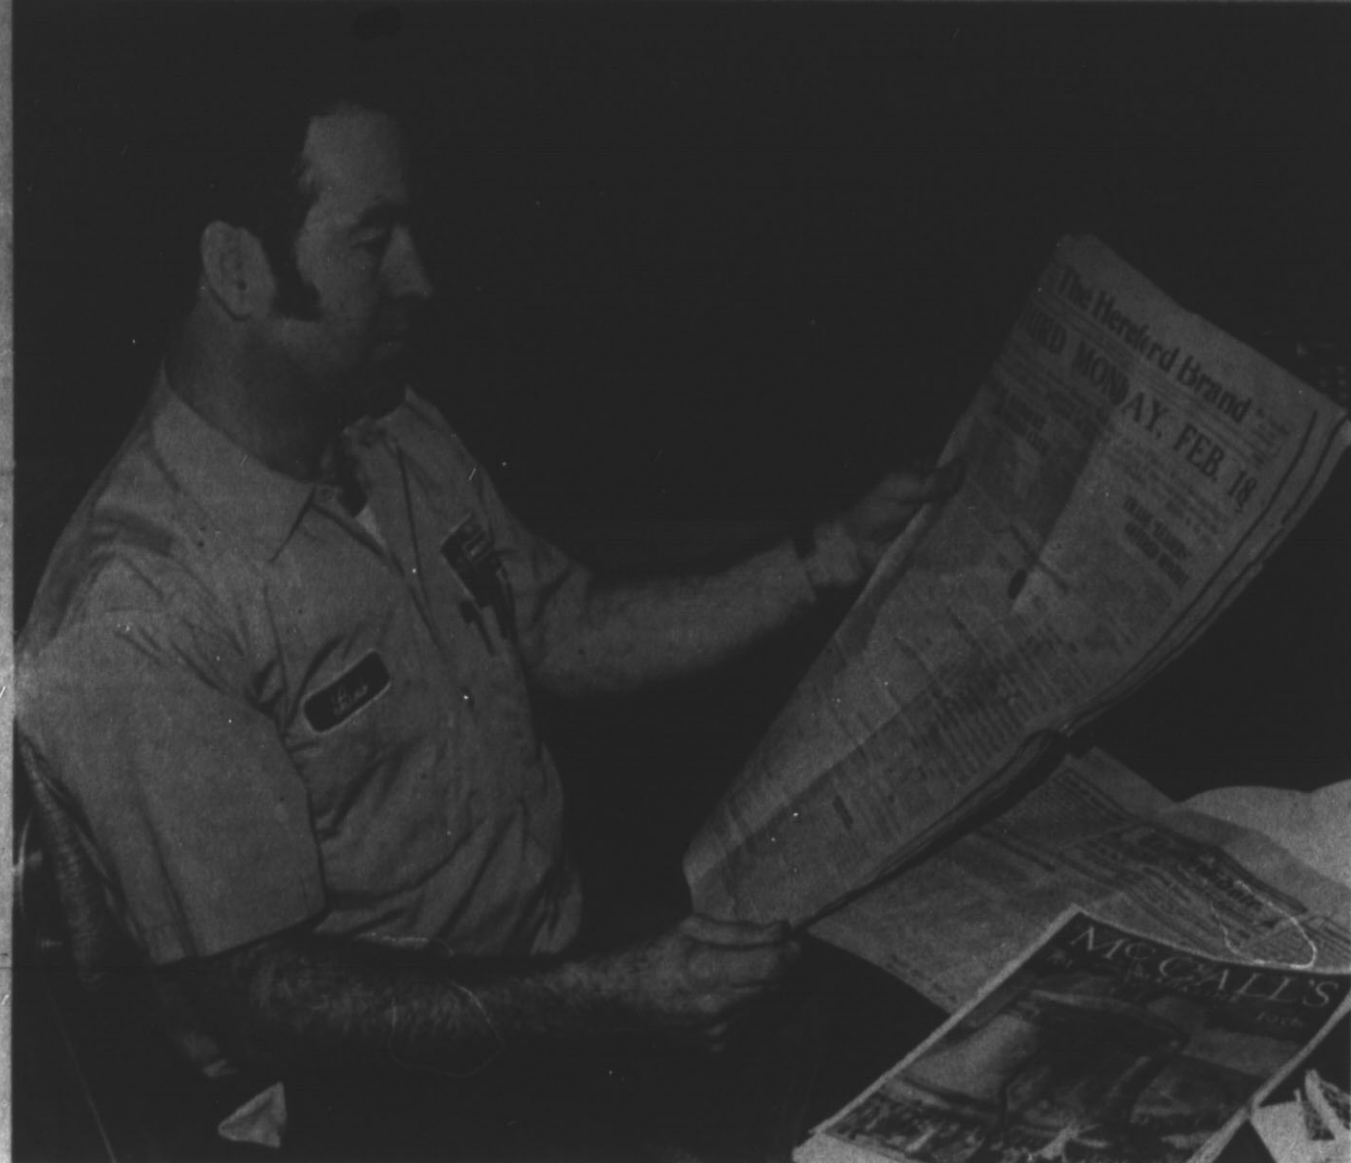

(See GRANBERRY, Page 2)

## Shoveling It Up

Linda Kirkpatrick, an Amarillo resident, smiles while she works on a construction project in front of the Deaf Smith County Library. The job is not for women's lib but just for the money it provides.

### Early Hereford Recalled

While rummaging through an old trunk in the attic of an old two-story house recently bought, Bob Manning found the old yellowed Feb. 14, 1918 issue of The Brand he is shown reading. Along with it, he discovered a treasure of old publications such as the 1917 McCall's magazine shown in the foreground and the The Antidote, an early Hereford Catholic paper apparently printed by The Brand. These early

issues contained dry stories and humorous ads of yesteryear such as efforts to help with war, World War I that is One ad even proclaimed that an unbelievable early automatic dishwasher would keep your hands from touching the water. The house was located on 5th Street near Park Ave., but has since been moved out on Austin Road.

## McCarty to Manage Oklahoma Feedlot

AMARILLO — James M. McCarty of Hereford has been named manager of Sooner Beef, one of the four custom cattle feed yards operated by Prochemco, Inc. of Amarillo. News of the appointment was given by R.D. Josseland, Prochemco senior vice president in charge of cattle operations.

Sooner Beef is located about 25 miles northwest of Guyton, Okla. The yard has a one-time capacity of 30,000 head, second largest in the Prochemco group, which can hold 130,000 at a fill. McCarty has spent his entire career in the cattle business. He followed his family's tradition into order buying and ranching from his U.S. Army Air Corps

separation in 1945 until 1963, when he entered feed yard management. He ran the Nortex Feedlot at his native Dalhart for four years, and subsequently managed Big Tex feed yard at Hereford and Gaines County Feeders at Seminole.

His father, the late W.T. (Big Bill) McCarty, was well known cattle circles. He has a brother, Bill, who is with another large custom cattle feeding company. Prochemco, which recently reported assets of \$16 million and working capital of \$6.8 million, has launched an aggressive program to attract owners of feeder cattle to its Hereford and Heaton (near Pampa) feed yards, both in Texas, and to its Mid-America facility in Nebraska, as well as to Sooner Beef.

McCarty and his wife Joyce have two daughters, one married, and the other a senior at Hereford High School.

JAMES McCARTY

### 'Most Versatile Horse' Topic of Lions Lunch

"The World's Most Versatile Horse" was the topic for the Hereford Lions Club luncheon meeting Wednesday at Civic Club Center when the guest speaker was Don Treadway,

public relations director for the American Quarterhorse Association. The worldwide association is headquartered in Amarillo and is staffed by more than 200 employees. Treadway reported the association now has more than 75,000 members and recently passed the one million mark in registration of quarterhorses.

The association was chartered in 1940 in Fort Worth and the headquarters has been located in Amarillo since 1946. Treadway said ownership of horses has resurged in recent years and estimated there are more than 8 million horses in the United States. He invited Lions and are residents to tour the offices in Amarillo. Lion Bob Lasiter introduced the speaker.

Cindy Rutherford, Leo Cloby president, gave a weekly report on activities at Hereford High School. The Lions sponsor the youth organization.

Wayne Lady, president, reminded Lions of the Hereford Boxing Club matches scheduled in the Bull Barn Feb. 18. Lions were also urged to stress ticket sales for the annual pancake supper Feb. 27.

There will be an admission charge of \$1 for students and \$1.50 for adults and you can sit where you want, all ring side seats. Wheeler said. Tickets will be available at the door.

## On Wall Street

By BOB HILL  
Lentz, Newton & Co.

Members  
New York Stock Exchange

The Russians and the Chinese have canceled wheat purchases and this has caused waves of uncertainty through the nation's commodity markets and in the wheat growing areas of the U.S. Although reaction to the grain cancellations was relatively mild, there is now concern that additional cancellations are on the way. This has kept pressure on grain prices and is keeping both speculators and farmers on their toes.

Thus far the Russians have canceled 100,000 tons out of a total 1.3 million tons ordered this crop year, while the Chinese have canceled 600,000 tons out of 1.7 million tons ordered. But observers now fear that the Russians want to cancel another 100,000 tons and

Chinese are expected to cancel most of the 300,000 tons of U.S. wheat still to be shipped this year.

Corn prices have stayed firm due to the Russians ordering 100,000 tons from next fall's corn crop. The sale of another 100,000 tons of corn will probably be approved in the face of a cancellation of 100,000 tons of wheat by the Russians. The two grain companies involved, Continental Grain and Cook Industries, say they aren't unhappy about the cancellations of 140 million go grain contracts. Both companies insist that they had hedged some of the contracted grain and had also been forewarned of possible cancellations.

The reason for the cancellations are hard to explain. Both countries jealously guard figures of production and harvest as well as reserves. Some observers believe the Russian and Chinese grain harvests were more bountiful than originally anticipated. Others indicate that China has a serious foreign exchange problem due to a large trade deficit. But, significantly, the Chinese ordered 1 million tons of Australian wheat right on the heels of their canceling the U.S. wheat order.

The best explanation is the 25 per cent slide in wheat prices since the original deals were signed. Even with penalty clauses, cancellations can make sense, especially if wheat prices are headed lower.

## Fires, Expenses Down In 1974 for Fire Dept.

The number of fire calls and the expenses for Hereford Volunteer Fire Department were down slightly in 1974 as compared with the previous year. It was announced this week by Fire Marshal Jay Spain.

It was inadvertently reported in this weeks county commissioner meeting that the number of fires and expenses had increased. Figures released to the news media earlier this week came from the 1973 report instead of the past year.

The department had 257 fire calls in 1974, with the reporting period actually being from Feb. 1, 1974 through Jan. 31, 1975. Expenses totaled \$46,950. The city and county pay a propor-

# Commissioners To Act On Budget

The Hereford City Commission is hoping that the 1975-76 budget they will act on Monday night will put the city back on track toward operating in the black as was not the case during the last fiscal year.

THE PROPOSED BUDGET, compiled by City Manager Dudley Bayne over the past month, is apparently the victim of inflation as it will take \$50,107 more to operate the same city services as offered last year. This will be the main factor facing the commissioners as they conduct a public hearing on the budget at their regular meeting at 7:30 p.m. Monday at the City Hall.

At the same time, hopes are that no unforeseen expenses will arise as they did

last year when the city incinerator burned and forced the city to operate in the red for the first time in 18 years.

REVENUES for the coming fiscal year are expected to total about \$1,645,446, which combined with a surplus of \$269,167 amounts to a total budget of \$1,914,613. This compares with the \$1,864,509 budget for 1974-75, although actual expenditures for that year were \$1,952,616.

Included in this proposed budget is \$132,980 for the interest and sinking fund.

The total disbursements (expenses) are expected to be \$1,605,769, which would leave an anticipated \$308,844 surplus.

## Police Beat Tulia Men Arrested On DWI, Drunkenness Charges

Two Tulia men were arrested in Hereford Thursday for violation of alcoholic-beverage related laws, two guns were stolen from a pickup, and an Amarillo woman was arrested for possession of a controlled substance during police activity in the past few days.

George Don Heck, Jr., of Route N. in Tulia, was arrested by Hereford police officers on a charge of driving while intoxicated Thursday. A passenger in the vehicle driven by Heck, Lonnie Richard Treadway, was arrested for drunkenness. Treadway also was of Route N. in Tulia.

A local pharmacy called officers Thursday to report what might be a possible forged prescription. The prescription was similar to others that have been passed in the area by what apparently is a forging ring.

The prescription later proved to be genuine, but in the investigation, officers found drugs believed to be pep pills in the possession of the woman. Sheriff's deputies indicated charges were expected to be filed against the woman Monday morning.

Two guns belonging to Zock Oliver were reported stolen from a pickup parked in the parking lot of B&B Recreation Friday night. Officers said a .22 automatic rifle valued at \$53 and a 12 gauge shotgun valued at \$40 were apparently stolen after the burglar pried open a vent window on the right side of the pickup. The theft occurred between the hours of 10 and 11 p.m.

A car driven by Sandra Crawford Davis of Route 3 in Hereford was in collision with a vehicle driven by Sylvia Burn Coatney of 730 Avenue G. The accident occurred Thursday afternoon on the parking lot of Bob's Barbeque.

"There are no frills in this budget," Bayne said. "We will just be operating about the same as last year with a fewer capital improvements than anticipated."

The budget has been studied by commissioners during their past three meetings and barring any major disagreements, it will be approved as written.

GENERALLY, the figures are about the same as last year, except where higher costs are usually experienced such as in the police and street departments. There, items of personnel and materials forced increases due to the dramatic inflation of 1974.

The police department is up by \$54,618 with a total expense estimated at \$342,096. The street department cost rose the second highest with additional expenses of \$36,476 for a total of \$243,334.

The water and sewer department was another significant increase in the new budget with a cost of \$451,702. That is about \$31,300 above last year.

To make up for these expenses, however, are a number of departments experiencing decreased costs. The major of these is the health department, in which the cost of the incinerator was figured.

HEALTH DEPARTMENT costs are about \$61,500 cheaper this year with an anticipated cost of \$135,362.

Other decreased expenses of about \$52,000 are being forecast in the operation of the airport due to the cost last year of a hangar. The fire department will cost about \$5,000 less, the park department about \$36,000 less and the employe retirement benefits about \$50,000 less.

## Granberry-- from Page 1

by Mrs. Robert Dowell is a longtime member of the Campfire program and her collection will be on permanent display at the local lodge. This exhibit will be a featured point of attraction in Heritage Corner, a proposed Bicentennial project to be erected in the lodge.

Yearly reports from standing committees will be heard with projected goals outlined for 1975. Ted Panciera, council president, will conduct the business meeting. He will be assisted by Mrs. Lewis Lea, executive director of the council board.

WeTahNiKi and MaWeHeYa junior Horizon Clubs will participate in flag services. These units, sponsored by Mrs. Luther Lesly and Mrs. Glenn Watts, will post the United States, Texas Bicentennial and Campfire Girl flags.

SPECIAL GUESTS will be past Campfire council presidents with invitations extended to the mayor and other civic leaders.

Mrs. Jimmy Dawson is chairman of registration at the annual assembly. She will be assisted by Mrs. A.T. Griffin and Mrs. Dwayne Walker.

Identification badges were made by Mrs. John Gilliland, chairman. Mrs. Pat Parker, Miss Camille Langley and Mrs. David Rettman.

Refreshments, which will be served after the program, were prepared by Mmes. A.E. Hodges, Lee Drake, Buddy Peeler, James Higgins and Homer Crim.

Presiding at the reception table will be Mrs. Panciera and the wife of the new council president.

Jim Granberry

## JP, County Court Cases Prosecuted

During the week ending Feb. 7, six cases besides the already publicized welfare cases were processed through the Deaf Smith County Court.

The welfare cases were filed last week in connection with fraud in applications for food stamps. Five cases were lodged against at-large defendants by the Criminal District Attorney's Office.

The Justice of the Peace Court heard 11 cases including nine bad check charges against at-large defendants. Other JP court proceedings involved cases of criminal mischief and forgery and passing against as yet unapprehended persons.

The remaining county court cases involved a first offense driving while intoxicated charge against Ruben Salazar Almanza, a possession of marijuana charge against Bobby Fuentes Castillo and a revocation of probation for Mike Guerrero. Almanza was fined \$100 plus court costs and sentenced to a one year probated 15-day jail term. Castillo remains free on bond while his case is pending.

The other cases involved a ball jumping and two dismissed driving while license suspended charges.

## Branding-- from Page 1

to provide a disturbing balance. — Doug Meador

"HOW MUCH meat are we actually eating?" That's the subject of an article in a recent Texas Livestock Market News and it points out some interesting figures. The report states that in 1973, Americans consumed an average of 109 pounds of beef each. At first glance, this sounds like a lot of beef, but it really isn't.

Consumption figures are measured in the form of carcass weight. With an average yield of 66 per cent of boneless edible meat, plus another 25 per cent

shrink during cooking, the average consumption comes down to 54 pounds per year — or only about 2.36 ounces per day.

LIKE THE sign says—we need to buy more Texas beef, and beef less!

EVERYBODY but Sam signed up for a pension plan calling for a small employee contribution. The firm was paying nearly the full amount. One hundred per cent employee participation was required; unless Sam signed up, the deal was off.

His fellow workers pleaded, begged and pressured Sam to sign, but to no avail. He claimed the plan would never pay off. One day the president called Sam into his office. "Sam," he said, "here is a copy of the plan, and here is a pen. I want you to sign the papers—if you don't, you're fired!"

SAM, without a moment's hesitation. "Now," said the president, "tell me why you couldn't have signed before."

"Well, Mr. Green," replied Sam, "you're the first person who explained it clearly."

## Boxers Host Benefit Bouts

The Hereford Boxing Club will host a benefit fight in the Bull Barn Tuesday evening with matches set to begin at 8 p.m. Proceeds from the fights will be used to send West Texas district champions to the AAU Regionals.

"Hereford is hosting a one night smoker in the Bull Barn," said Hereford boxing coach and sponsor Harold Wheeler.

"There will be seventeen bouts which have already been matched and you can see most of the young men who will make up the West Texas team that will be going to Beaumont the first week in June for the AAU Region Nine Junior Olympic tournament," said Wheeler.

The money will help defray some of the expenses of sending the district champions that make up the West Texas team to the regional competition. Winners on the regional level will advance to the National AAU Junior Olympic Tournament

which will be held in Los Angeles. Any funds left after the regional trip will be used for boxers that advance to the Nationals.

"Hereford will have ten boxers on Tuesday night's card, six of which will be on the West Texas team in June. One of the matches that has been slated will be Eddie De Leon against Richard Tillman of Canyon," said the coach and sponsor.

De Leon fights in the 147-pound bracket and is undefeated for the season with 17 straight victories. Tillman advanced to the Nationals last year and Wheeler predicts it will be one of the most exciting bouts of the evening. Seventeen other bouts are on the card, most featuring district champions from other teams.

## Bicentennial Work Urged

Counties should play an active role in planning and staging local observances for America's BiCentennial in 1976.

According to Rod Kendig, a member of the National Association of Counties, "things must first happen at the local level."

Kendig addressed the recent 17th Annual County Judges and Commissioners Conference at Texas A&M University and outlined several ways counties can participate in America's BiCentennial.

"Counties can establish citizen committees to work on the BiCentennial, work with the school system to create an awareness of county government in the state of Texas, and work with the local historical

## W.A. "BILL" CARTER

A former Hereford resident who farmed in this county, William "Bill" A. Carter 70, of Amarillo, was buried in that city Friday.

Funeral services were conducted by the Rev. Norman Cobb, pastor of First United Methodist Church at Sunray, in N.S. Griggs and Sons Chapel. Burial was in Llano Cemetery.

Mr. Carter, brother of Mrs. J.J. Buckner of 224 Ave. D, died Wednesday in St. Anthony's Hospital, Amarillo, after a long illness. He had lived in Amarillo since 1926 and was once employed by Panhandle Lumber Company.

The Carter family came to Hereford in 1912 and he was a graduate of Hereford High School. In 1930 he married at Amarillo. His wife, Pearl, survives him.

Mr. and Mrs. Carver of 1610 S. Harrison farmed land in the western part of Deaf Smith County.

Survivors include the widow; two sons, William A. Jr. of Amarillo and Jay Morris of Sunray; a daughter, Mrs. Jean Carter of Scottsdale Ariz; two sisters, Mrs. Irene Riley of Portland, Ore. and Mrs. Buckner of Hereford, and five grandchildren.

## MRS. KATHERINE GARRISON

Graveside services for Mrs. Katherine Garrison, 95, were conducted yesterday afternoon at West Park Cemetery.

Burial was under direction of Gilliland-Watson Funeral Home.

Mrs. Garrison died Wednesday in Gulf Coast Medical Center at Wharton.

She came to Hereford in the

early 1900's and lived here until 1933. During her residence here, she taught school while her husband, George, operated a hardware store. He died in 1933. She was a member of First Presbyterian Church.

Survivors include two nephews, A.L. Habermacher of Abington, Pa. and A.J. Habermacher of Galveston.

## MRS. LILLIE BELL

The mother of Charles Bell, Mrs. Lillie Bell, died Friday at Northwest Texas Hospital, Amarillo.

Funeral services are pending with Gilliland Watson Funeral Home.

## FRED COLLETT

Funeral services for Fred Franklin Collett, 86, of 118 Aspen, will be conducted at 2 p.m. Monday in Rose Chapel of Gilliland-Watson Funeral Home.

Burial will be in West Park Cemetery.

A resident of Hereford since 1926, Mr. Collett was dead on arrival at Deaf Smith General Hospital Friday. He was born Aug. 20, 1888 and came here from Roaring Springs.

Mr. Collett married Edna Mathes Feb. 3, 1975 in Hereford. He was a ranch owner in the county.

He is survived by the widow, and three sisters.

## MRS. LILLIAN THOMAS

Mrs. Lillian Carroll Thomas, 64, of 519 Blevins died Friday in Deaf Smith General Hospital after a short illness.

She will be buried in

Clarendon Cemetery, Clarendon, by Gilliland-Watson Funeral Home.

Mrs. Thomas was born Dec. 1, 1910 in Alabama and married Frank B. Thomas, who survives her.

The couple came to Deaf Smith County in 1974. She is a member of Church of Christ.

## JIMMY W. GILLIAM

Funeral services for Jimmy Wade Gilliam of 503 S. 25 Mile Ave, Hereford resident since 1959, were held yesterday afternoon at Temple Baptist Church with the Rev. J.L. Bozeman, pastor, officiating.

Gilliland-Watson Funeral Home arranged burial in West Park Cemetery.

Mr. Gilliam, employee of Jake Diel Construction, died Thursday in High Plains Baptist Hospital at Amarillo.

A member of Temple Baptist Church, the deceased was born November 14, 1933 in Lynn County.

Survivors include the widow, Jean; three sons, Tony, Travis and Monty, all of the home; a daughter, Shelly of the home; his parents, Mr. and Mrs. E.C. Gilliam of Enochs; seven brothers, Gilbert of Friona, Wayne, Yester and Dean, all of Morton, Jerry of Anton, Carlton of Lubbock, and Lester of Chickasha; a sister, Mrs. Linda Butler of Morton; his grandmother, Mrs. F.M. Schillan of Morton.

## ESTHER ALDACO TORRES

Funeral services will be conducted at 10 a.m. Monday for Esther Aldaco Torres 11, of

# H<sup>3</sup> / HUSTLE HUSTLE HUSTLE

By Bill Albright, Executive VP  
Deaf Smith County Chamber of Commerce

A funny thing happened on the way back from Lamesa last week. Keep in mind the fact that during 1974 the U.S. imported more beef from foreign countries than we produced in all of Texas. Also note that we are in the

midst of a serious energy crisis and we've been asked to help save gasoline — by complying with a state (and federally approved law) of 55 mph. Now back to my story — As I was cruising north on U.S. 285 at precisely the 55 mph speed limit a car passed me as if I was standing still and I just caught the message on the bumper sticker "STOP BEEF IMPORTS". The bumper was attached to — you might have guessed, a Toyota. A funny thing? Not very funny to those

cattlemen who continue to suffer a high cost of production and a ridiculously low market price while foreign beef still enters this country. Probably no more funny than those millions of foreign cars that fill our highways are to the auto workers who have been out of work for 5 or 6 weeks. Not a bit funny to the farmer whose tractor is out of gas during spring planting while folks continue to waste fuel excessive speeds and in direct violation of the law. Sometimes I think we tend to be "our own worst enemy". It's kind of like the guy who complained the other day about the lop sided congress we have and the dangerous high percentage of liberals, newly elected and how many of them owe their successful campaigns to BIG LABOR. Then he really capped it when he said, "but I didn't feel like there was anyone worth votin' for so I just didn't even come in to vote."

That might help to explain why we are faced with a huge government deficit which will produce an inflation like we've never before experienced and government regulation which will severely affect everyone of us (if you think OSHA & EPA are tough, just wait till we get the Consumers Advocacy Act, the Land Use and the Equal Rights Amendment).

What can we do, you ask. We can and really it's our responsibility to become aware of what's going on outside of our community. Get the facts on legislative actions which will make a difference and then let our legislators know what we want them to do. You can be sure that the opposition — those who oppose our way of life — are telling them how they should vote! Oh one other thing — if you think they are doing a good job — drop them a line and tell them so — they need a boost too and they'll work all the harder for us. Let them know that Hereford and Deaf Smith County is the center of the most productive agricultural area in this country and that we, the folks who earn our living here, are interested in our future — optimistic — enthusiastic — positive thinking and loaded with lots of Hustle Hustle Hustle.

## Campfire Girl Activities

Surprise honors were bestowed on Campfire Council members recently at the Father-Daughter banquet in the Bull Barn.

The Luther Halsey Gulick Award, highest recognition in the Campfire order, was presented to Ted Panciera, council president, and Mrs. Lewis Lea, executive director. This honor is designed to cite outstanding council leadership over an extended period of time. Panciera has served actively on the board as committee chairman for five years, vice chairman and president for two years. Mrs. Lea has participated in Hereford Campfire Girls for 15 years and has attended national and zone meetings. During that time, she has worked with more than 2,400 girls.

Mr. Gulick is founder of Campfire Girls Inc. Outstanding contributions to Campfire programs earned the Shawnequa Award for Mrs. Arthur Clark, program services chairman. A Campfire leader for five years, Mrs. Clark was recognized for projects stressing creativity, guidance and inspiration. A Good Guy Award was given to Lewis Lea in appreciation for his dependable help. Because "good guys always wear white hats," Lewis received a white Stetson hat as a reward for lending a hand to Campfire Girls.

More than 900 guests attended the banquet.

Officers were elected by members of Ma-Nu-Ka-Kani Campfire group at their regularly scheduled meeting Wednesday at Campfire Lodge.

Elected as president was Holly Veigel; vice president, Leticia Aguire; secretary, D'Nan Brannon; reporter, Annette Dawson. These officers replaced those that had been in office for a period of two months. Past officers include Bethany Boyd, Michelle Axe, Wendy Ried and Brenda Lindsey.

Recognized as guests were John Dawson and Mitch Merritt and team leaders present were

Mrs. Jimmy Dawson and Mrs. G.C. Merritt.

All of the above members mentioned were present. Others included Angela Brown, Jennifer Eggen, Kristy Simons, Missy Merritt, Nancy Pacheco, Rosemary Gamez and Shelly Gentry.

Members of Wa-Kan-Ki-Low campfire group reviewed events of the past month at their meeting recently held in Campfire Lodge. The group visited KPAN radio station where they made a tour of the musical records department, saw broadcasts from the control room, made a Campfire commercial tape and saw the many awards the radio station has received.

They also toured the Deaf Smith County Historical Museum. Each girl compared the present day fashions and way of life to that of the past. This tour was part of a Bicentennial project sponsored through the National Campfire Organization.

A report was also given on the Father-Daughter Banquet held recently and election of officers were announced. Elected as president was Romona Rhodes; vice president, Deanna Pool; secretary, Cindy Gamez; reporter, Willsa Bess Lawson.

Before the close of the meeting future plans were made for a sports and games party the group will host for another Campfire group.

Other members of the Wa-Kan-Ki-Low group include Corina Suarez, Janet Burdine, Tammy McCathern, Lori Parker, Brenda Parson, Kelly Yarbrough, Barbie Koelzer, Cristi Crawford, Laurie Gonzales, Linda Vera and Theresa High.

**Objective**

The two WAVES were being followed by a lone sailor. Finally, one of the girls could stand the suspense no longer and, turning to the sailor, ordered: "Either quit following us or get another sailor."

Rep. Harrington files suit against the C.I.A.

### Honored

Charlie Nea proudly wears a lapel pin presented to him by Avenue Baptist Church for 23 years perfect attendance in Sunday School. In addition to the long record of attendance, Nea has served as Sunday school superintendent for 14 years. The longtime Hereford resident lives at 811 N. Miles.

### TEXAS TALK

**COTTON PLANTING** — Temperatures, even when considerably above freezing, severely limit the growth of cotton. This is especially true for planting time. It is generally agreed that cotton emerges faster and grows better when the seeds are not planted until the soil temperature 8 inches below the surface stays above 60 degrees fahrenheit for at least ten days. Depending on who is running the figures, average planting time for cotton on the Plains of Texas is either May 3rd or 4th.

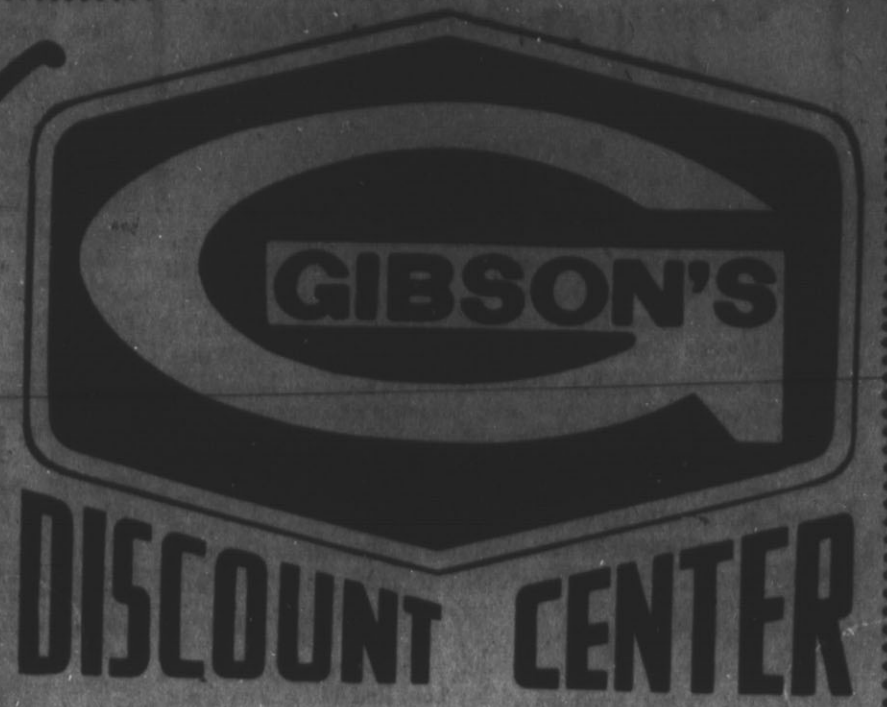

**MAJOR GROUPS** — Formal designation of the three major cotton groups is described by authorities as: Asiatic Diploid, American Diploid and American Amphidiploid. Polynesian hybrids are generally grouped with the American Amphidiploid. Diploid refers to the composition of the cotton cell. Hybrids are developed to improve staple qualities, shorten growing season and enhance drought resistance.

## Comings And Goings At King's Manor

By FAY GAUGGEL  
King's Manor Reporter

Last Friday afternoon we Manorites were told to come out to the Lamar Memorial Garden Room to hear some Lawrence Welk music. Some of us thought, "Well I couldn't care less."

But we all assembled, little dreaming how stimulated we were to be. The artist, Jack Bevers, and his wife are visiting relatives in Hereford while demonstrating and selling kitchen utensils by entertaining and serving in Hereford homes.

Bevers first attracted us by doing some rather convincing looking magic. Then he turned on his good strong recordings of polkas and other champagne music.

He stopped to tell us about his instrument, the "Boom Bass." Now that thing was the "quairest, beatin'est" thing we've ever seen — about two-thirds as tall as he was. It had a central pole, mounted on a wooden base. On the pole were various contraptions to be struck in time to the rhythm. But be sure, friends, he didn't strike at random.

No siree, his talent told him exactly which ones to strike for certain effects. At the top were two cymbals, next down was a hollowed out wooden piece,

then a drum shaped like the large part of a banjo-all percussions. His dexterity amazed and delighted us as he danced about heel-toe style then two-step etc.

Meanwhile he had asked us to let go and respond as we felt inclined. So pat, pat away, clap, sing we went in all directions each one doing his own thing. Bunions, arthritic toes etc. barked and pained but who cared? It was worth it.

After about three polkas he did: Little Brown Jug, Skip to My Lou, Red Wing, Ten Little Indians and Beer Barrel Polka.

Mrs. Bevers' part in the program was a vicarious one in that her son, Do Williams, furnished tapes of his own recordings from three volumes of country western repertoire.

The Bevers are outgoing persons in serving folk like us so graciously.

Bevers holds the exclusive franchise for the "Boom Bass" in the state of Texas.

If there is another Lawrence Welk, he is the guy.

### VALENTINE TEA

On Feb. 9 the ever hospitable Clyde and Vena Hudson gave a Valentine Tea for all persons of the King's Manor Complex at their home at 425 Sunset from 2:30 -5:30. The house, a "Better Homes and Gardens" type, was sunshiny warm with mouth-watering odors and cheery conversation.

Clyde received at the front entrance and Vena at the back door opening toward King's Manor Home. The following were co-hostesses, Mmes. Jane Hill, Louise Vaughan, Don Davidson, Alma Cross, Beulah Wright, Roberta Seago, Ophelia Dotson, Jessie Mae Dodson, Fay Gauggel, Kay Kendricks and Mary Helen Fisher.

David Hill escorted many of the guests to and from the tea.

Refreshments were coffee, punch, spiced tea with sandwiches, cookies, artificial strawberries, nuts etc.

Fifth-six guests registered. The February birthday party at Westgate was given by the Dawn Music Club; an enjoyable program was presented to the group gathered to honor the five having birthdays. Those honored were Lula Cantrell, Robbie Fortenberry, Connie Johnson, Vera Wilks and William Ferrin. Ceramics are being enjoyed by a group of ladies at Westgate

with the able assistance of members of the Ceramic Club. These generous ladies give of their time each week to help us create lovely ceramic articles.

### UMW MEETING

Alice Ward Circle of United Methodist Women met in Lamar Memorial Garden Room at 2:30 Tuesday.

Mrs. Pryor read the minutes and gave some financial information. Mrs. Hanna Grant, circle leader, discussed activities or enterprises in which we might help, as well as reports from the General UMW of Hereford. Plans were voted on two issues: to help San Pablo local church and the Wesley Mission in Amarillo.

Mrs. Nora Gillis gave a devotion using Romans and II Corinthians 13, Chapter as her theme. Followed a study of three Conference Missions.

Jessie Boardman spoke on the McCurdy School in Espanola Valley at Santa Cruz.

Mrs. Edna Lippard told about our school for unwed mothers in San Antonio. Mrs. Don Davidson described the Navajo Indian School at Farmington, N.M.

All three were quite inspiring. Nineteen members attended.

## School Menus

### HEREFORD PUBLIC SCHOOLS

MONDAY — Chicken chow mein with Chinese noodles, buttered rice, green beans, candied yams, fruit, hot rolls, milk.

TUESDAY — Chili con carne with beans, seasoned spinach, buttered corn, wacky cake, cornbread, butter, milk.

WEDNESDAY — Hot dog with chili, potato sticks, tossed salad, orange juice, apple crisp, bun, milk.

THURSDAY — Beef-cheese pizza, buttered potatoes, black-eyed peas, peanut-butter cookies, sliced bread, milk.

FRIDAY — No school.

### ST. ANTHONY'S PAROCHIAL SCHOOL

MONDAY — Spaghetti with meat sauce, green beans, celery sticks, peaches, buttered bread, milk.

TUESDAY — Burrito, tossed salad, peas, banana pudding, milk.

WEDNESDAY — Barbecued chicken, sweet potatoes, tossed salad, milk.

THURSDAY — Roasted wieners, green beans, cabbage-pepper salad, peanut-butter cookies, rolls, milk.

FRIDAY — No school.

## Joyce's Journal

### Prefixes In The Metric System

by Joyce Shipp

The same six basic prefixes we discussed last week are used with the three base units, gram, meter, and liter. The chart below shows prefixes used with the base unit, gram.

kilo plus gram equals kilogram or 1000 grams

hecto plus gram equals hectogram or 100 grams

deka plus gram equals dekagram or 10 grams (base unit: gram)

deci plus gram equals decigram or .1 gram

centi plus gram equals centigram or .01 gram

milli plus gram equals milligram or .001 gram

Most Commonly Used Units: Along with the base units, the most commonly used units in the metric system are kilogram, milligram, millimeter, centimeter, kilometer, milliliter, deciliter and kiloliter.

Symbols: Just as we have symbols for measurements in our present system, we have symbols for the new terms.

We know that "lb." stands for pound; "in." stands for inch; "qt." stands for quart; "oz." stands for ounce, and so on.

The symbols for metric measures are simple. For the base units the symbol is the first letter of each word: gram (g); liter (l); and meter (m). Symbols are usually written in small letters and without a period.

To write symbols for other units (base units with prefixes) it is usually the first letter of the prefix and the first letter of the base unit. These are the most commonly used units and their symbols:

gram (g)  
kilogram (kg)  
milligram (mg)

liter (l)  
kiloliter (kl)  
deciliter (dl)  
milliliter (ml)

meter (m)  
kilometer (km)  
centimeter (cm)  
millimeter (mm)

To help us understand the meaning of the metric terms, and how they are used for measuring, we can compare them with corresponding units from our present system or with something we are familiar with.

Length Measures: In our present system, we measure length by the yard. What are some things we measure by the yard? These things will be measured by the meter in the metric system. A meter is just a little bit longer than a yard (1.1 yds) We also have the foot and inch for measuring length.

In the metric system the centimeter is used instead of these. A centimeter is about the width of a paper clip, (0.4 inch). A centimeters will be used for measuring anything that is usually measured in inches, such as your pots and pans, seam allowances for garments and even shoe sizes.

Your height, bust, waist and hips will be measured in centimeters, too since centimeters are smaller than inches, don't be surprised to find that your metric measurements will more than double.

A millimeter is even smaller than a centimeter, about the diameter of a paper clip wire. It takes 10 millimeters to make a centimeter and 1000 millimeters to make a meter.

You use miles to measure distance. In the metric system, a kilometer measures distance. A kilometer is 1000 meters. A kilometer is slightly further than 1/2 mile. Road signs will be measured in kilometers instead of miles. For example, instead of "HOUSTON 92 mi." it would read "HOUSTON 148 km". Some states, such as Michigan and Ohio are including Kilometers along with miles on interstate highway signs now.

The car speedometer will be marked in kilometers per-hour instead of miles per hour. If you're going 50 mph you would be going 80km-h. Some new car owners will find that the speedometers already have dual markings.

Volume Measures: One of our present measures for volume is the quart. A liter is used in the metric system to measure volume. A liter is a little bit larger than a quart. Instead of buying a quart of milk, we will buy a liter of milk. Gasoline will also be measured in liters, instead of gallons. There are approximately 4

liters in a gallon. Instead of filling your tank with 20 gallons you would get 80 liters. At first you may think you're getting more gasoline for your money. Even though it isn't true, it might make you feel better. Some stations in California are already selling gas in liters.

A milliliter will take the place of ounces. It is much smaller than a liter. It is one-thousandths of a liter or it takes 1000 milliliters to make a liter. Some of our cooking utensils will be measured in milliliters. A teaspoon will be equal to 5 ml and one cup will be equal to 250 ml.

Some metric recipes will call for a "cup" or "teaspoon", although others will be listed in milliliters. New measuring cups as well as other kitchen devices are being designed with dual markings or you can make your own. You can tell at a glance that a metric recipe calling for 125ml is equal to 1/2 cup.

Those of you who ordered the REX—all-purpose cleaner from our office, it's arrived. Please come by and pick it up.

## Heart Risks Explained

Dangers of heart attack were outlined by Mrs. J.G. Gandy Friday when she addressed fellow members of Cultural Home Demonstration Club in the home of Mrs. Tom Hargrave.

Careful diet limiting saturated fat, cholesterol and caloric intake were stressed by the speaker as control measures against heart disease. Smoking and high blood pressure were named as primary causes of coronary failure. Mrs. Gandy advised regular exercise and medical check-ups as preventative methods.

Mrs. Grady Parsons conducted the business segment of the meeting. Members chose Mrs. Parsons as a delegate nominee for the district THDA meeting April 10 at Dumas.

HD club women were reminded that the annual appreciation luncheon will be held Feb. 24 in the Bull Barn. Cultural HD Club members will assist with decorations at the event.

The next meeting will be at 2:30 p.m. Feb. 28 in the home of Mary Ella Ricketts.

Those in attendance were Mmes. Gandy, Parsons, J.D. Love, M.H. Wiseman, Novella Stallings, and Ricketts.

## Downtown Variety Group to Meet

The Downtown Variety Park Association has scheduled a meeting at 10 a.m. Tuesday at the Chamber of Commerce Board Room.

Association President Bill Frazier encourages all to attend.

George Meany, AFL-CIO President, on Arab aid: "No tribute, no foreign aid, no trade, no jet fighters—nothing, until the black-mail stops."

## Six 4-H Horse Groups Formed

Representatives of Castro, Deaf Smith, Oldham, Farmer, Bailey, and Lamb Counties met recently and formed a six County horse association for the 4-H clubs involved. Each County will hold an open 4-H horse show during the spring and summer.

Any 4-H member is eligible to compete in the shows. Boys and girls from the six counties in the association will work toward year end awards in all halter and performance classes. Points will be awarded in all classes, and accumulation of these points will designate the winner of each class at the end of the show season.

Dates for the six shows have been set as follows: Deaf Smith County, April, 19; Castro County May 3; Bailey County May 17; Oldham County May 31; Farmer County July 19; and Lamb County August 2. No shows will be held in June. This is the time of County Elimination shows in each county to determine the entries in the District Horse Show in Amarillo. Classes for Pee Wee boys and girls, under nine years old, will be held at each show in Showmanship and Western Pleasure.

## ELECTROGATOR IS SOFT and GENTLE

even on difficult soils

Portniff loam soil is difficult to irrigate because initially, it resists the moisture; however, once wet, it accepts water readily. The Electrogorator wide water pattern allows a longer "soak" time than conventional sprinkler patterns — thus eliminating the "runoff" that occurs by applying water too rapidly. It is another reason why Electrogorator's wide water pattern irrigates without runoff on a broad number of soils and terrains.

## The Electric Heat Pump - The "Most" in Year 'Round Comfort Conditioning

If you're thinking about the comforts of electric heating and air conditioning, consider the advantages of the electric heat pump.

- ONE UNIT comfort-conditions your home all year long with no seasonal equipment changeovers.
- AUTOMATICALLY, it reverses itself between seasons for heating and cooling, for comfortable living.
- INSTALLATION is a simple job since only one unit is involved.
- SAFE. Unlike flame operations, there are no fumes, pilot lights or storage tanks.
- ECONOMY. It uses less electricity than separate electric furnace and air conditioning systems.

Electricity is too important to waste. Contact Deaf Smith Electric for money saving, electric efficiency hints.

Sophomore reserve James Mays came into Friday night's ball game to score eight points against the Bulldogs. Here he tries to come down the baseline but is shut off by a trio of Bulldogs. Mays moved up to the varsity after performing

## Tennis Team Defeats Pampa

The Hereford High School tennis team opened their spring matches Tuesday when they hosted the Pampa Harvesters. The herd netters won 12 matches and lost six. Coach Steve Thomas said the Herd put out one of its best efforts to date in defeating Pampa. Pampa beat the Hereford tennis team in the West Texas State team tournament last fall. Hereford opened district play Saturday morning with a match against Lubbock High and then hosted Monterey for matches Saturday afternoon. Results of those matches were not available at presstime.

Rocky Rodriguez played a three match set against Eugene Laycock, losing to the Pampa netter 6-4, 2-6, 6-4. David Rudder dropped Jerry Alfred in straight sets, 6-1, 6-4. Jesse Castanada played E.B. Ellis a close match, but gave up the win 7-6, 6-4. Steve Hoover took on Amando Mesa, winning in two sets, 7-5, 7-6. Clayton Faubion was another winner for Hereford as he downed Doug Hughes in straight sets 7-6, 6-3. Herby Del Toro rounded out the boy's competition with a 6-3, 6-3 win over Wayne Williams.

Rodriguez and Rudder teamed up in doubles to down Ellis and Allen 7-6, 6-0. Castanada

and Del Toro played Hughes and Mesa in a doubles pro set and beat them 8-4. Hoover and Faubion tallied an identical score to dump the doubles team of Laycock and Williams. The pro set matches were played because of impending darkness. The Hereford courts do not have lights.

Susan Grimsley won a decisive victory over Stacy Douglas in the premier girl's match as she downed the Pampa netter 6-1, 6-3. Jane Hoffman made it two in a row as she beat Pampa's Karen Hampton 7-5, 4-6, 6-4.

Ellen Jorde won the first set of her match against Donna Coufal 6-0, but then gave up the next two sets 6-4, 6-2. Rose Warren made quick work of Maria Martinez as she won in straight sets 6-1, 6-3.

Debbie Feagley put in a blazing third set as she defeated Anne Henderson 6-4, 4-6, 6-0. Janet McWhorter gave up two straight sets to Cathy Carpenter 6-4, 6-0.

Grimsley and Jorde played a doubles pro set because of darkness setting in, and downed Hampton and Coufal 7-5. Feagley and Warren fell to Douglas and Martinez in a pro set 8-3. Hoffman and McWhorter won their first doubles set against Henderson and Carpenter 6-3, but then lost two straight 6-4, 6-4.

Beginning the second half of district against the Plainview Bulldogs for Hereford was like the beginning of a five mile hike. It will be uphill all the way for the Herd after an 0-4 first half of district, and the first mile of the hike was a rough one.

The Bulldogs showed intentions of winning the second half of District 4-AAAA outright as they rambled over the Hereford Whitefaces 63-39 at Plainview. Plainview shot holes in the Herd

defense and controlled rebounding under both baskets for three quarters to score the deflating victory over the Herd.

For Coach Barry Arnwine's squad, it was the fifth straight loss in as many starts. The Herd will travel to Monterey Tuesday night still searching for their first conference victory.

In the other 4-AAAA game played Friday night, Monterey downed Lubbock High 75-54. Coronado had an open date. Plainview and Monterey are now both 2-0 in district play. The match between the two could be the deciding factor in the district.

Hereford played heads-up basketball against the Bulldogs for the first six minutes of the game, playing point for point until the score was 8-8. But the quick passing and superior rebounding displayed by the Bulldogs pushed them to a 15-8 lead by the end of the first.

During the second period, Hereford went cold on the shots they had been making and the ball went into Plainview hands almost every time it came off the basket. Plainview then would move down the floor, passing the ball so quickly it was hard to keep up with. Few Bulldog shots missed the basket, but those that did were tipped back in by the Bulldogs' front line.

At the halftime, Plainview led 29-13, having outscored the Herd 14-5 in the second period.

The third period was much of the same as the second. Plainview outshot Hereford 19-5 in the third period. Plainview coach Bill Phillips pulled most of his starters out of the game by the end of the third quarter, and Arnwine soon followed suit so that reserves played most of the final period.

The final period proved to be the high scoring session of the evening for the Herd as they collected 21 points to only 15 for the Bulldogs. The margin was to great to make up, though, with the Herd trailing at one time by 32 points.

The fourth-place finish was only five shots out of second place. Hereford's team total was 330. Amarillo High, the tournament winner, finished at 313.

Stoerner paced Hereford with the 76. George Yocum carded a 79, Billy Word was at 85, and Greg Pagett and Kelly Lee had matched 90's.

The team will travel to Andrews next weekend for a 36-hole tournament.

Player	FG	FTA	FT%	REB	AST	PTS

## Golfers Finish Fourth

The HHS golf team traveled to Roswell for an 18-hole tournament Friday, finishing in fourth place against 8 other teams.

Curtis Stoerner tied for medalist honors in regulation play with a 76 and went into a sudden-death playoff against two other golfers. The tie was broken after seven holes when a NMMI student won.

The fourth-place finish was only five shots out of second place. Hereford's team total was 330. Amarillo High, the tournament winner, finished at 313.

Stoerner paced Hereford with the 76. George Yocum carded a 79, Billy Word was at 85, and Greg Pagett and Kelly Lee had matched 90's.

The team will travel to Andrews next weekend for a 36-hole tournament.

# Jr. High Tournament Stanton After Championships, La Plata To Play For Thirds

Stanton basketball teams were scheduled to play for championships and La Plata teams were set to vie for third places in the Hereford Junior High Tournament Saturday. Results of the Saturday games were not available at presstime.

Three brackets were set up in the tournament, one for each grade. Championship for the seventh-grade bracket was to be played in the La Plata gymnasium at 6 p.m., the eighth-grade championship at 7:15 p.m. and the freshman championship at 8:30 p.m.

The Stanton Dogies advanced in the freshman bracket to the championship with wins over Dimmitt in the first round and Canyon Purple in the second round. The Dogies were to meet Boys Ranch.

In the eighth-grade bracket, Stanton moved into the championship after winning over Boys Ranch and Plainview Estacado. The eighth-graders were to meet Dimmitt for the championship.

The Stanton seventh-graders advanced to the championship with a first round win over Boys Ranch and a second round victory over Plainview Estacado. The seventh-graders were to meet Plainview Coronado for the championship.

La Plata's freshmen won in the first round over the Canyon White, but fell to Boys Ranch in the second round. This put La Plata in the playoff for third place against Canyon Purple.

The La Plata eighth-graders beat the Canyon Purple in the first round and then lost to

Dimmitt in the second round. This set up a third-place game against Plainview Estacado.

The seventh-grade Mavericks won in the first round over the Canyon Purple, but lost to Plainview Coronado in the second round. La Plata was to play Plainview Estacado for third place.

Full results will appear in the Thursday Brand.

In the seventh-grade bracket in the second round, Plainview Coronado defeated La Plata 37-29; Canyon Purple beat Dimmitt 29-28; Boys Ranch beat the Canyon White 33-32; and Stanton downed Plainview Estacado 26-16.

Eighth-grade bracket second round action saw Stanton down Plainview Estacado 36-32 in overtime; the Canyon White

defeat Boys Ranch 37-26; Plainview Coronado dump the Canyon Purple 44-19; and Dimmitt overturn the La Plata Mavericks 42-27.

In the second round of freshman bracket, Boys Ranch beat La Plata 53-44; Plainview Estacado beat Canyon White 60-37; Dimmitt edged Coronado 62-60; and Stanton downed the Canyon Purple 81-68.

In the first round of ninth-grade play, Boys Ranch downed Plainview Estacado 56-52; the La Plata freshmen downed the Canyon Whites 68-65; Plainview Coronado fell to the Canyon Purple 70-56; Stanton beat the Dimmitt Freshmen 79-58.

In the first round of eighth-grade play, Dimmitt beat Plainview Coronado 39-28; the La Plata eighth-graders downed Canyon Purple 44-38; Stanton beat Boys Ranch 50-24; and Plainview Estacado defeated the Canyon White 34-13.

In the first round of seventh-grader action, Stanton downed Boys Ranch 36-20; Plainview Estacado beat the Canyon White 29-26; La Plata's seventh-graders downed the Canyon Purple 43-32; and Plainview Coronado beat Dimmitt 43-13.

## The End Zone

DAN WELTY

WE ATTENDED THE PEP rally at the school Friday, and watched pretty Miss Monica Herring crowned basketball queen. It certainly was a tough field of competitors and anyone could have won the title. Congratulations to Monica.

Coach Joe Tubb brought out a point in his speech to the crowd that we feel should bear repeating. The Herd started against Plainview Friday night with an 0-0 record. It's anybody's title for the second half of district play and the title winner could meet Plainview in the district playoff.

With the support of the fans, the Herd could pull one of the biggest turnarounds since the Baylor Bears. An 0-4 first half and a trip to the playoffs by winning the second half is not out of reach of the Herd. Barry Arwine and the Herd have the talent to win some ball games.

A trip to the playoffs wouldn't be surprising. Stranger things have happened. Our district foes may wave us off as easy marks, but I'm sure Arwine and the Herd have different ideas.

One thing that would help to boost the Herd into the playoffs would be a roaring crowd at Monterey Tuesday night and at the two remaining games, both here in Hereford.

Come on Herd, let's give it to 'em!

### Hereford Woman Hooks Dolphin

\*\*\*\*

TIME FOR ANOTHER little anecdote from our sports-type calendar: Tennis, created by the French, evolved from the Irish sport of handball, wherein the palm of the hand is used to bat a ball, and provide a racquet as a substitute. At first the game was played outdoors against walls, then across a small earth embankment. Eventually the net idea was adopted. Tennis was banned in France in the 13th Century, but the King continued to play the game on a

special indoor court built for his personal enjoyment.

# Farmers Warn About Banker Relation

"If a farmer or a banker is conducting his business today as he was two years ago, then he won't be in business two years from now."

summing up the views of a well known Brazos County farmer when he spoke to members of the 23rd annual Farm and Ranch Credit School for Commercial Bankers at Texas

A&M University.

W.P. Scamardo, who with his son farms about 900 acres of cotton land, offered advice on selection of a banker by a farmer, and he cautioned about such complexities as the futures market and forward contracting.

Scamardo said it is important not only to pick a farm-oriented bank, but also to deal with the right man in the bank.

"So the farmer better have a banker with a compatible personality. If there is any kind

of personality or thought process conflict — on either side — then the relationship is most apt to be quite futile," the speaker said.

The farmer must share all his information with the banker, and must not lie about anything in his business, Scamardo emphasized.

"Anytime a farmer feels he can't tell his banker everything about his business, then he better be looking for a new banker," Scamardo said. "And he can't expect his banker to go

along with emotional reasons for some of his business practices, such as 'because my dad did it that way,' or 'because I just like this way better.'"

As for the futures market, Scamardo said most farmers had better steer clear. Not only is the commodity market a highly complex business, subject to volatile fluctuations from a wide range of factors, but also it is time consuming and demands large amounts of cash — sometimes on short notice.

Speculators, he said, control

the commodity market.

"When these speculators — and in this sense, I prefer the term manipulators — whenever they make a killing on the market, it is invariably the farmer who gets killed," the speaker said.

Forward contracting doesn't offer a much brighter prospect for most farmers, he added.

Scamardo said the buyer should be reliable and have sufficient assets. A lawyer should be consulted and the contract examined in depth.

## DEAF SMITH COUNTY

The explorer Henry Hudson believed he had seen a mermaid when investigating the arctic.

## Pampa Man Represents Panhandle FB District

Jack Osborne of Pampa is the new Texas Farm Bureau board member from District 1. He succeeds Carol Chaloupka of Dalhart who was elected TFB president at the organization's recent convention in Dallas.

Osborne, 49, produces grain sorghum, wheat and livestock on the 2,400 acres he operates in Gray County.

More than 9,000 Farm Bureau member families in the 20 Panhandle counties comprise District 1. These counties are: Armstrong, Carson, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Potter, Randall, Sherman, and Wheeler.

Osborne was born on a place he now farms. After graduation from Perryton High School in 1943, he went into the Navy and was discharged in 1946.

Osborne was elected to the

Jack Osborne

Gray County Farm Bureau Board of Directors in 1969 and has served as secretary-treasurer one year, vice-president one year, and president two years.

He has attended three TFB conventions as a voting delegate.

## Texas Wheat Farmers To See Canada Farms

Over 80 per cent of Texas wheat production is currently exported. Increasingly Texas producers income is influenced by foreign sales or the lack of them due to international competition. The largest single competitor to Texas and United States wheat in foreign markets is Canada, according to Ken Kendrick, Stratford, Chairman of the Texas Wheat Producers Board.

Accordingly, Texas producers, through TWPB will on Feb. 17 and 18 be taking a look at the competitors facilities for training and influencing foreign customers at the Canadian Wheat Boards "Canadian Grain Institute" in Winnipeg. W.R. Moore, Jr., of Munday, a member of the 9-man Texas Board, and Dr. Ronald Thomason, an agronomy professor and Wheat Protein researcher at West Texas State University, will represent Texas on the study trip to Canada sponsored by the Foreign Marketing Committee of Great Plains Wheat, Inc., the regional market development organization through which TWPB conducts its export development. It is expected that a wheat producer and an academic technical advisor from each of the GPW member states will

participate.

In addition to conferences with members of the Canadian Wheat Board it is expected that participants will view the protein, milling, baking, grading and quality laboratories of the Institute. The Canadians established and uses the Institute as a counterpart market development tool to the United States wheat producers longtime successful program of hosting foreign trade teams to expose foreign buyers and users to U.S. types, qualities of and facilities for handling U.S. wheat.

Moore and Thomason will report on their trip and evaluation of the Canadian programs at the regular quarterly meeting of the sponsoring Texas Wheat Producers Board in May.

**polyester**

**CORD TIRE**

**13" TREAD / 32" DEPTH**

Polyester cord won't flat spot. So there's none of that annoying thump, thump on cold mornings — just a smooth ride from the first turn of the wheel, on. Yet polyester is a tough cord. And in this four ply bias body construction it gives you rugged protection against chuckholes, road litter and other hazards. Sure, we sell other Duralon tires with other cord materials. They're great tires, too. But when it comes to smooth riding, our DS Premium polyester definitely has the soft edge. You'll feel it.

**Skilled Craftsmen... Modern Methods... Precision Machines**

The molding and curing of tires is just the final step in their manufacture. And we make that final step precise with close tolerance automation. Tire assembly takes modern machines, too, plus the skill of tire builders who take pride in perfection. All along the line, our tires get the best that our experience and modern machines can give them. And they're checked step by step to be sure. So when you choose Duralon you're making a smart choice. Another smart thing to do is come in and talk tires with us.

\*\*Premium is our designation. No industrywide standards exist for grading of tires

# New Herbicides Wipe Out Sugar Beet Weeds

After 10 years of research there are new herbicides in 1975 that will allow farmers to produce sugar beets without much hoeing. Good weed control husbandry during the entire cropping sequence, along with herbicide will minimize hoeing and increase sugar beet yields.

These remarks were made by Dr. A.F. Wiese, Agricultural

Experiment Station Scientist, at the Sugar Beet Producers Meeting at Hereford. The meeting was sponsored by Justin McBride, Texas Agricultural Extension Service, and Texas-New Mexico Sugar Beet Growers.

**WEED CONTROL RESEARCH** in sugar beets is a cooperative effort among Wiese and Dr. Steve Winter, Ex-

periment Station researchers from Bushland, and Paul Scott, Agronomist with Holly Sugar. Studies were conducted at the USDA Research Center, Bushland; Holly farm, Hereford; and Elmer Kimble farm at Hereford. Experiments included evaluation of incorporation methods for preplant herbicides, post-emergence herbicides, layby

herbicides, and combinations of herbicides.

In general, the power tiller was more effective than a rolling cultivator or lister for preplant herbicides incorporation. A liquid formulation of RoNeet was more effective than a granular formulation when both were incorporated during the lister operation. RoNeet was not quite as effective as Norton, an experimental herbicide which may be available in small quantities in 1975. Norton at 3 pounds per acre gave 90 percent control of pigweed without causing sugar beet injury.

"WHEN BETANEX (formerly Betanal-475) at 1 pound per acre was applied post emergence after preplant treatment, with RoNeet or Norton, control was increased to 98 percent or better", Wiese stated. Another experimental preplant herbicide, Antor, showed up well on Elmer Kimble's watergrass infested field.

SN-530, a 50-50 mixture of Betanal and Betanex, at 1 to 1.25 pounds per acre, was the best all around postemergence herbicide tested. It did a good job on pigweed and Kochia, but was a little weak for Russian thistle and watergrass. Betanex, which will be for sale the first time in 1975, is very effective against pigweed, but is not as good as SN-530 on Kochia.

In an experiment at Bushland in 1973 and 1974, SN-530 at 1 pound was a little more toxic to weeds and sugar beets in the morning than in the afternoon. Both years, there was some stand loss with morning treatments.

In 1973 there were about 4 beets per foot of row and yield was not hurt. In 1974, with 1.5 beets per foot, a stand loss hurt yield. HOE 23408 was another chemical that stood out stood out in the postemergence trial. At 2 pounds per acre it gave 78 per cent control of watergrass. HOE 23408 had no effect on

## Sugar Beet Weeding

Research in sugar beet weed control has determined that new herbicides can produce higher yields with less hoeing. In the left photo, pigweed has infested the sugar beets and yields

were 17 tons per acre. The right photo shows fields using weed control outlined in the story with the resulting 34 tons per acre yield.

and will have to mixed with a good pigweed killer, like Betanex, Wiese commented.

**HAND WEEDED SUGAR** beets yielded 34 tons per acre with 15.5 percent sugar in a trail to determine the best combination of chemical and cultural practices for weeding sugar beets. Treatments were not hoed, but all were cultivated 4 times. Plots that were cultivated only made 17 tons per acre.

Norton at 4 pounds per acre, the best preplant treatment, reduced pigweed from 244 plants to 15 plants per 30-foot row and yielded 26 tons per acre. SN-530 at 1.25 pounds per acre, the best single treatment, reduced weeds to 6 per 30-foot row and produced 29 tons per

acre. Multiple applications were best and almost eliminated pigweed. Norton at 4 pounds per acre preplant, followed by SN-530 at 1 pound per acre when weeds had two true leaves, and 0.75 pound per acre of Treflan at layby yielded 34 tons per acre, the same as weed free.

Another good treatment was RoNeet at 4 pounds per acre preplant. SN-530 postemergence followed by Treflan at Layby. Herbicides used in the latter treatment will be available in 1975.

"For the first time, we have the possibility of producing a good sugar beet crop with a minimum of hoeing", Wiese concluded.

## Cattle Slaughter Increase Expected

The slaughter of grass-fed cattle, calves and yearlings increased sharply during the past year due to high feed costs and low prices for feeder animals.

Will there be a change in 1975?

"The same trend in commercial slaughter will continue, but increases will be even more drastic than in 1974," points out Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension

Service. "Since there will be fewer animals moving to feedlots, beef supplies will come primarily from bulls, cows, calves, and non-fed steers and heifers," notes the Texas A&M University System specialist.

Uvacek expects the slaughter of non-fed or grass-fed steers and heifers to increase a whopping 56 per cent over 1974, while calf slaughter should increase 33 per cent and cow slaughter, 32 per cent. The slaughter of bulls is expected to increase 12 per cent. On the other hand, the specialist sees little change in the level of fed steers and heifers available for slaughter in 1975.

A total of 42 million head of cattle are expected to move to slaughter in 1975, an increase of 14 per cent over the past year. An additional four million head of calves will also be slaughtered, up a million head from 1974.

"All this points to a reduction in the nation's beef cattle herd which has grown too rapidly in the past two years. The resulting oversupply situation has been largely responsible for current low market prices," contends Uvacek.

You'll save electricity by covering all liquids stored in the refrigerator—especially if yours is a frost-free model. Moisture is drawn into the air from uncovered liquids making the refrigerator work harder.

Install an aerator on the faucet in the kitchen sink. By reducing the amount of water in the flow, you'll save energy required for water heating.

Use cold water rather than hot water to operate your disposal. This not only saves energy that would be needed to heat the water, but aids in getting rid of grease. Cold grease solidifies and can be most easily ground up and washed away.

With the March 3 income tax deadline for farmers and ranchers rapidly approaching, particular attention should be given to various deductible expenses.

"Each year agricultural producers pay extra income taxes because they fail to deduct certain legitimate business expenses," points out Dr. Wayne Hayenga, economist for the Texas Agricultural Extension Service. "Every dollar of business expense not deducted will result in a higher income tax bill."

The Texas A&M University System specialist lists a number of commonly overlooked expense items:

1. Allowance for space in the home used as an office.
2. Items in the home used for business—calculator, typewriter, paper and record books, to name a few.
3. Postage.
4. Meals for hired labor.
5. Bank charges and interest on charge accounts.
6. Tax preparation fees.
7. Bookkeeping fees.
8. Cost of purchased livestock that was lost, stolen or died during the year.
9. Auto and truck expenses, such as licenses and insurance, according to the portion used for business.
10. Costs of utilities, telephone service and other

service charges that pertain to the farming and ranching business.

11. Subscriptions to farm and ranch and related magazines.
12. Farm organization dues.
13. Expenses incurred on business trips, and that portion of vacation travel that related to business.

"The key to preparing an income tax return that most correctly reflects your farming or ranching operations is to have a good record-keeping system," emphasizes Hayenga. "Such records should indicate all items purchased for business. These items should be paid by check whenever possible to have a record of payment."

### BIBLE REPENTANCE

Bible repentance is commanded of people, who have the ability thus to repent, as was stated by Paul as he preached to the Athenians who were so "superstitious" (religiously) that in the multiplicity of their devotions they had erected an altar, across which they had inscribed: "TO THE UNKNOWN GOD!" Paul said: "And the time of this ignorance God winked at; but now commandeth all men every where to repent: Because he hath appointed a day, in which he will judge the world in righteousness, by that man whom he hath ordained." Acts 17:30, 31. JESUS SAID: "except ye repent, ye shall all likewise perish" Luke 13:3. John the Baptist preached: "Repent ye, Matt. 3:2. Paul said: "repent and turn to God." Acts 26:20 Peter said: "Repent ye. Acts 2:38. Thus far we have found that responsible people every where are to REPENT or be lost forever.

**WHAT IS THE MEANING OF REPENT?** The Greek word for REPENT is "metanoia" and means, "a change of mind" — Mr. Joseph Henry Thayer's Greek-English Lexicon, page 405. The whole object of Peter's preaching in Acts chapter 2 was to get the "devout Jews" "the religious Jews," who were in Jerusalem assembled; to change their minds, then back it up by being Baptized "for the remission of sins." Acts 2:38. The object of Stephen's preaching as recorded in Acts 7 was to get those Jews to change their minds and turn to God, and do works meet for repentance. Hear him as he talks to old King Agrippa: "Whereupon, O King Agrippa, I was not disobedient unto the heavenly vision;

But shewed first unto them of Damascus, and at Jerusalem, and throughout all the coasts of Judea, and then to the Gentiles, that they should repent and turn to God, and do works meet for repentance." Acts 26:19,20. The BIBLE teaches that all men — unrighteous rulers, false religionists, fornicators, adulterers, gamblers, drunkards, bartenders, dancers (revellers), the lascivious and the licentious Must repent "and turn to God," "repent and be converted," "repent and be baptized" (Acts 26: 19,20; 3:19; 2:38) or "perish." Luke 13:3.

This repentance must be backed up with a changed life, brought into a new Relationship by baptism as is clearly shown in Rom. 6:1, 4. Straight preaching will produce faith in the hearts of the hearers; which will produce "Godly sorrow (II Cor. 7:10) which will work "repentance," but death-bed stories preached will produce only a sorrow of this world that "worketh death." Gospel preachers are the only preachers who preach true repentance.

Our plea is that you take your stand on the simple New Testament teaching without addition thereto or subtraction therefrom. Let the Sun of righteousness be reflected in you. Trusting in Jesus, taking Him at His word, resting upon His promise, face your future beyond the grave assured and unafraid. To that end, we suggest that you consult the service calendar at the top of this article. When you attend our services you will receive a hearty and cordial welcome.

Good Watches deserve Good Care!

# By The Garden Gate With Glad

By Gladys Manjeot

**A MORNING THOUGHT:** Gracious God of Nature, we thank Thee for this period of seasonal rest, when soft snow covers sleeping seeds in the ground. It is with anticipation we look forward to a new spring and when life is shown in the beauties of nature.

It is very thrilling to me to learn of new gardeners. This week I was especially glad when I was told of two junior gardeners, who are really serious about gardening, plant structure and growth habits.

Another thing that made this information exciting was that both sexes were represented, one of which was a lovely high school girl and some of the cherished things in her room are her potted plants and hanging baskets.

The other was a handsome young man, and in describing his room, his mother told me it was almost like a greenhouse. Some of his choice things for Christmas were books on gardening and plants. Later I hope to interview these gardeners, and bring some first-hand information on their hobby.

**THIS YEAR** and next, we will be constantly reminded to share in the Bicentennial celebration. One of the projects which is being sponsored especially by the National Garden Clubs Inc., and Texas Garden Clubs is planting of red, white and blue gardens, or featuring these colors in the garden.

An original design depicting one or more objects, happenings or characters in the planting, could indeed be an eye-catcher. I have been sketching and thinking, and have two or three objects in mind which I think would be usable.

The following are some of the annual plants which are suggested for planting. (Last week we named some of the perennials):

**REDS:** gladioli, morning glory, asters, zinnias (there are many types of these that are good selections) dahlias, phlox (annual) snapdragons, thrift, graniums, scarlet creeper, cockscomb, celosia, red pepper, poppies, salvia, summer poinsettia, cannas, petunias, portulaca.

**WHITES:** angel breath, asters, zinnias, dahlias, phlox, cosmos, matricaria (fever-few), balsam, (Tom Thumb) geranium, gladioli, larkspur, alyssum (new carpet snow), pansies, petunias, mignonette, snowflake dianthus, ageratum (floss flower); Summer snow is an excellent variety; and calla lilies, grown from seed or bulbs, and in some areas are perennials and periwinkle.

**BLUES:** plumbago (a beautiful trailing plant, true blue) morning glory, asters, Bluebells of Scotland, cornflower (bachelor button), larkspur, pansies, ageratum (blue angel), petunias (balcony white and blue are excellent) Michelsen Achimenes, (blue planet). These are good for hanging baskets, also come in a bright red (tarantella) sweet peas, anchusa, (summer

forget-me-not) very decorative. Blue Angel is a recommended variety.

The following are petunias, which could be used for an annual red, white and blue planting. The reds are: candy apple, Comanche, scarlet magic, Valentine red cloud, Flamboyant, red baron, red cascade, red joy, improved, tango, titan. Razzle dazzle is a two tone of red and white, very lovely. Another is Viva. In the double red and white, riches is an excellent petunia, for that certain effect you wish to achieve.

**Blues:** blue magic (very rich in texture) sky magic, mariner, royal cascade, (good) mercury and blue lace.

**Whites:** snowberry, glacier, snow cloud, sonata, white magic, (a bed of the three magics would be a delight) white cascade (these three in hanging baskets, or planter boxes would be lovely) snow magic and paleface (multiflowering).

**REMEMBER:** Do not forget your feathered friends, these cold days. They especially need fresh water. I have noticed the birds coming to my garden in the early morning, and they always find the water first.

There are many birdwatchers in Hereford and yesterday I passed by one of the busiest feeders for birds I have seen. It was at the V.O. Heenan home, 703 N. Lee. Many varieties of birds were busy and chirping happily over their food.

Give your house plants tender loving care, many of them should be flowering now. Maintenance is important. Soil should be tilled.

Have proper water (luke warm) and food. I have a klanchoe in flower now, and it is very pretty. Have another growing but it hasn't bloomed yet.

There is a time element involved, and I must do some research on proper care, so that

I will have more blossoms. While visiting with Mrs. Werner, who has many potted plants, she told me that her geraniums were in full bloom, and a riot of color, red predominating.

She is a good horticulturist, and does her chores well, even though she is physically handicapped. Not only do our house plants give us beauty, they aid us physically because they help our breathing and living, as we do theirs.

**IMPORTANT DATES** for garden clubs: District I, Texas Garden Clubs, Inc., 29th Annual meeting will convene in Lubbock, March 4 and 5. Mrs. G. Browning Smith, State President of TGC Inc., will be a guest.

The North Zone National Judges Council, of TG Dist. I, will conduct a flower show school, No. 3, at Amarillo Garden Center, April 8-9-10. Mrs. Chester B. Kilpatrick of San Antonio will teach design, and Mrs. Harry Pratt, horticulture and flower show practice.

The public is invited. For further information, write Mrs. Thomas E. Brown, FHS Chairman, Amarillo Garden Club Center, Amarillo, Tex.

March 4-6 are dates for the Landscape Design Study Course IV. School will be held at Texas A&M University Research & Extension Center, Dallas. All instructors are authoritative specialists in their fields.

Dr. Robert Rucker, who was once connected with Texas Tech as an instructor in the horticulture division, will teach subdivision and land development and planning and zoning. One division will teach landscape design resume, and contemporary design. Mr. Rucker is National Landscape Design Chairman of NGC Inc., and is well known in our area.

The annual convention of Texas Garden Clubs Inc., will convene in Austin, April 14-16. Headquarters will be Stephen F.

Austin Hotel. Theme is "Reflections, Challenges, Promises."

Information relative to any of the above activities, may be secured by phoning 364-1343. **NOW IS THE TIME**, to have your soil tested. Tests made now will provide information about your soil's nutrient shortages prior to spring planting.

Contact the office of County Agricultural Extension Service for details. This would be for gardeners a timely and valuable bit of information, which should make gardening more profitable and satisfying.

Care of gift plants: flowering potted plants, such as chrysanthemums and poinsettias received as gifts, should have full sunlight, if possible. Keep soil slightly moist, and avoid exposing the plants to any sudden changes of temperature.

Plants should never have a shock caused by quick changes in temperature. They resent being chilled and cold, same as we folk do.

Check evergreens: It is wise to check evergreen plants to be sure they are not suffering from lack of moisture. Sometimes the density of their growth slackens the fall of moisture to their root system.

This can also be especially true of plants which are growing under over-hang of roof, where the moisture does not reach them.

In all of your planning, changing of plants or making new landscape designs, it is imperative that maintenance be given much consideration. Low maintenance demands careful planning. Plans are important.

Selection of good plant materials is vital. Consider using ground covers on bare places or where there is shade or a steep incline of planting area.

Create mowing strips where grass grows up to a wall or fence. It is impossible to keep a neat and well maintained lawn,

if there are ragged edges left by grass growing in these areas. If left maintenance will be difficult.

**ON FOREIGN INVESTORS**  
The Republican leader in the Senate, Hugh Scott of Pennsylvania, has introduced a bill that would require all foreign investors or their United States agents to disclose any holdings above \$10,000.

Unfortunately the man who thinks he can control strong drink seldom does so.

## Pianist To Appear In Concert

Believing that music is a "necessity of life," pianist Stanley Potter will be presented in a recital here Sunday, Feb. 23 under sponsorship of Music Study Club.

Endowed by West Texas State University Friends of Fine Arts, the concert will begin at 3 p.m. in First Christian Church. The public is invited and there will be no admission fee.

Potter, who has taught at WTSU since 1962, is a native of Tyler. He began formal piano study in the eighth grade. The

pianist received his bachelor of music degree from Michigan State.

He completed doctorate work at the University of Texas during 1971-73 and studied in Paris under Yvonne Lefebvre on a Fulbright Grant in 1963-64.

Among Potter's credits are the Amarillo Symphony Orchestra Young Artist Award in 1975 and performances with the Houston Symphony. He has also appeared with the Shreveport, La. Symphony and the East Texas Symphony.

He is a member of Phi Mu Alpha Sinfonia and of the Presser Foundation.

**ON SOUTH VIETNAM**  
Sen. Strom Thurmond (R-SC) ranking Republican on the Senate Armed Services Committee said the United States, by failing to provide adequate supplies, is partly to blame for the military peril facing South Vietnam and Cambodia.

# Members Present Program

Vegetables and their treatment was the program given by two club women to members of Hereford Garden Club Friday afternoon in the home of Mrs. W.C. Hromas with Mrs. A.M. Stoy as co-hostess.

Mrs. R.L. Ethridge stressed that vegetables need to be planted in a good location, they need proper sun exposure and correct amount of watering. She also mentioned that a gardener definitely needs tetanus injection to guard against blood poisoning.

Spraying schedule for vegetables was presented by Mrs. R.L. Mitchell. She stated that vegetables should be sprayed early in the growing season and also listed the seven

sprays which can be used safely.

Mrs. R.L. Manjeot made the Valentine arrangement for the meeting using a nosegay placed on an Oriental plate. Keeping with the theme of St. Valentine's Day, she presented a brief history of the holiday.

During the business session with Mrs. O.G. Hill Sr. presiding, the club decided to participate in the Fine Arts Festival scheduled April 12-13, which is sponsored by the Women's Division of Deaf Smith County Chamber of Commerce.

Mrs. Hill reported on the establishment of a nature trail, bulb planting at Bluebonnet Elementary School and the

Memorial plaque at Hereford High School and future plans of the club to be carried out during the spring season.

Who marrieth for love without money hath good nights and sorry days.  
-John Ray.

Whoever lives true life will love true love.  
-E.B. Browning.

The greatest love is a mother's; then comes a dog's; then comes a sweetheart's.  
-Polish Proverb.

India and Portugal re-establish ties.

Miss Hereford-Miss Teen entrants were honored dinner guests of El Toro Restaurant Thursday evening. At left, Trudy Lopez, owner, offers Mexican dishes to Monica Herring, Lynda Donns, Kandy Newman and Millie Blasingame. Eleven pageant contestants and four representatives of the Chamber of Commerce Women's Division were present. The meal was werved after rehearsal for the pageant, which was held last night at Hereford High School.

# Along The Frio

By MRS. OWEN ANDREWS  
Brand Correspondent

Frio Homemakers Club featured a Valentine Party held Tuesday evening at Pioneer Natural Gas Hospitality Room. Hostesses were Mrs. Frank Robbins and Mrs. Elton Fortenberry. Valentine decor featured hand-made decorations of fabric with metallic accents.

A salad supper brought by the ladies, in addition to meat bought for the occasion, provided the meal. Guest were husbands.

Attending were Messrs. and Mmes. Frank Robbins Elton Fortenberry, Harlan Barber, D.F. Yandell, Weldon Stephan, J.E. Warrick, E.F. Vogler, T.L. Sparkman Jr. Tony Urbanczyk

and Mrs. Annie Springer.

Mrs. Carlton Dobbins sister, Mrs. J.C. Ballew, and Mr. Ballew, of Wingate, visited her the first of the week. They also visited others of the relatives in the Hereford and Dimmitt areas and on Tuesday evening they and most of the local relatives had supper with Mrs. Dobbins.

Mr. and Mrs. Wesley Brown of Park Rapids, Minn., have been visiting their relatives in this area. They have stayed most of the time with her father, A.T. Jones, and visited family and friends in the area.

Visiting the Jack Andrews during the weekend were her mother, Mrs. Sam Ogan of Amarillo and aunt Mrs. Parker Rampley, of Silverton.

Rev. Ogan came for them on Tuesday. Sammy Ogan is employed in Amarillo and taking night courses at Amarillo College, now. He lives with the Ogan, in Northwest Amarillo.

Mr. and Mrs. Joe Andrews were attending the Stock Show at Friona, on Friday evening. Two young Haseloff cousins of Mrs. Andrews were showing calves and pigs.

Visiting Mr. and Mrs. Lloyd Shultz during the weekend were her Niece and husband, Mr. and Mrs. J.C. Chaffin of Loop

Mr. and Mrs. J.B. Harlin of Dallas, Mrs. George Cameron, of San Leandro, Calif. and Mrs. Linda Cameron Dunn of Dallas, visited Mrs. H.M. Mobley and Austin Mobley on Thursday. They had been here for the funeral of their father and grandfather, Mr. J.B. Harlin on Wednesday.

Mr. and Mrs. Herman Vinson and Shelley, of Childress, were visiting Mrs. Vinsons parents

the Fiovd Coles, and others of the family during the weekend.

Among those from Frio Baptist Church attending the E.M.U. book review at First Baptist Church were Mrs. Clark Andrews who gave the review Mr. Olin Farris, Mrs. D.F. Yandell, Mrs. Frank Robbins and Mrs. Harkins.

Relatives here received work this week of the death of Mrs. Kate Malone in Wisconsin. H.F. Benson, and Mrs. Benson went to attend the funeral at Louisville, Ky'

Mr. and Mrs. Weldon Stephan attended the funeral for Wendell Maloney former Hereford man at Erick, Okla. on Thursday. Mrs. Maloney who lived at Camps died in an Amarillo hospital Tuesday. He had been ill but his death came unexpectedly. The Maloneys visited numerous times at Frio Baptist Church. He sang church specials several times.

## Golden Gleams

If we love one another, God dwelleth in us, and his love is perfected in us.

# A ding-a-ling orders Gas air conditioning now.

A telephone call to Pioneer Natural Gas brings an air conditioning specialist to your home for a free survey and cost estimate at no obligation to you. He'll answer all your questions, and tell you what it will take to install GAS air conditioning in your home. It's the first easy step toward having your dependable GAS air conditioner installed before the first hot, windy days are here.

A GAS air conditioning system is ruggedly built to cool quietly and efficiently. There are fewer moving parts, and no compressor to break down or wear out. Heat from the steady blue flame circulates a refrigerant through the system to cool the air. It's this simple principle that gives GAS air conditioning its long life with no loss of cooling capacity and easy maintenance.

Install gas air conditioning now. You'll avoid the rush, and be enjoying the quiet, cooling comfort of GAS air conditioning while everyone else is waiting.

Give us a ring... a-ling.

Call Us.

**Kings Of Entertainment**

Called the nation's "first family of song," the multi-talented King Family will be at Hereford High School in concert at 8 p.m. Friday. The four King sisters launched their career during the big band era and have incorporated their husbands,

children, cousins and nephews into the act. The show promises to run the gamut from classical to rock. The performance is open to Hereford Community Concert Association Members.

(Brand Photo)

**Parish Women Join Friends Of Library**

St. Anthony's Women Organization voted to join Friends of Deaf Smith County Library during a monthly meeting Thursday in the church's Antonian Room.

A heavy business agenda included approval of contribution to Meals-On-Wheels. Stated activities will include the annual parish

carnival March 2, Craft Day from 1-4 p.m. Feb. 18 at Community Center, and social hour for Church Women United March 6.

Tentative plans were discussed for a first aid class, vacation Bible school and collection of coupons for silverware. It was announced that the regularly scheduled social hour will not be held during March because of the carnival.

In an effort to abolish pornographic material, Citizens for

Decency through Law will be distributing decals to local businesses, it was announced. Also, Mrs. Allen Evers reported that 18 roses were sent to Washington in behalf of Hereford's Right to Life program.

Mrs. Al Simmacher presided at the business session and Father McGorry attended as moderator.

It was announced that raffle tickets will be sold by SAWO and the winner will receive a hand-made quilt.

A general SAWO briefing was given by Mrs. E.N. Reinart and Mrs. James Paetzold explained nursery activities.

Mrs. Robert Diller read the minutes of the last meeting and SAWO members approved them. A treasury report was given by Mrs. Ernest Flood Jr. Correspondence included thank you letters from Mrs. Bill Gilletland and Lola Curtsinger.

Hereford State Bank representatives, Mrs. Jack McKinster and Mrs. Melvin Hoover, delivered the program

about Special Organization Services. Filmstrips entitled "Making Life a Little Less Complicated" illustrated SOS help available to widows.

A gift of appreciation was presented to the guest speakers by Mrs. Allan Brockman.

Punch and cake were served by hostesses Mmes. Raymond Artho, Joe Frank Huckert, Brendon Gallagher and Joe Reinauer Jr. Bingo was played by those present, numbering 30 women and 13 men. Mrs. James Paetzold won the main prize.

**CowBelles To Meet At Caison House**

New Club Yearbooks will be distributed when Hereford Cow Belles meet at 11:45 a.m. Tuesday for a luncheon at Caison Steak House.

The program, to be presented by Mrs. Jack McKinster and Mrs. Melvin Hoover, will detail special organizational services offered by Hereford State Bank. The S.O.S. service is designed to help women when death occurs in the immediate family.

Special guests will be two youth who received the Cow Belle showmanship awards during the junior livestock show here during January. Mothers of the boys have also been invited.

Mrs. Reece Lawson, Cow Belle spokesman, stressed

that membership in the organization is open to anyone who is interested in promotion of the beef industry. Cow Belle meeting will be conducted at various places this year, which is a change in policy. Locations of future gatherings will be listed in the 1975 yearbooks.

**Look Who's New**

Mr. and Mrs. David Ray Hart are the parents of a daughter, Sara Jane, born Feb. 14.

Mr. and Mrs. Guadalupe Botello Tapia are the parents of a daughter, Adelina Hernandez, born Feb. 12. She weighed 5 lbs. 15 oz.

Plan to limit beef imports is announced.

**Girl's Poem Published**

A poem written last year by a 6-year-old Hereford girl appeared in the February issue of Playmate, a monthly periodical for children.

Kristiana Ottosen, daughter of Mr. and Mrs. Chris Ottosen of 507-A W. 3rd, composed the poem, entitled "I Like." She wrote it last spring while attending First Baptist Church Kindergarten. Her teacher was Mrs. W.E. Sparks.

Kristiana is now a first grader at Central Elementary School. She excels at artistic activities and has studied dancing lessons for three years. She has a brother, Nathan, and two sisters, Angelyn and Daynis Kelly.

Kristiana's poem follows:

I LIKE

I like to be a bear,  
I like to share,  
I like to climb trees,  
I like to hunt bees,  
I like to learn my ABC's,  
It's my teacher I like to please.

It's very easy for people to persuade themselves that they are being mistreated.

Mrs. Tom Bullard  
Kappa Iota

## The Hereford Brand

Section B  
Hereford, Texas, Sunday February 16, 1975

Miss Carla George  
Alpha Iota Mu

## BSP Chapters Crown Queen

Mrs. James Horton, representing Xi Epsilon Alpha Chapter, was honored as Beta Sigma Phi Valentine Queen during coronation ceremonies last night in Knights of Columbus Hall.

Mrs. Horton, Mrs. Tom Bullard and Miss Carla George were candidates from the three BSP sorority chapters in Hereford. Alpha Iota Mu nominated Miss George and Mrs. Bullard was the candidate for Kappa Iota.

Mrs. Horton, who was escorted by her husband, earned the crown by participating actively in BSP service

projects during the previous three years. She is currently vice president of BSP City Council and is social committee chairman. She has served in the capacity of recording secretary and corresponding secretary.

A member of First Baptist Church, Maxie Horton has three children, David, Dena and Amber. She enjoys bridge, sewing and handwork. Bearing a bachelor degree in music from Baylor University, she has frequently taught school during the past eight years. Her husband is executive vice president of First State Bank of Dimmitt.

Miss George, daughter of Mr. and Mrs. B.E. George of Hereford, pledged Alpha Iota Mu in the spring of 1973. She is presently a member of BSP City Council. Her escort was her fiancé, Randy Jones.

A 1972 graduate of Hereford High School, Miss George is employed as a floral designer at Flowers West.

A relatively new resident in Deaf Smith County, Mrs. Tom Bullard pledged Kappa Iota in 1971 at Hooker, Okla. She transferred to the local chapter in 1973.

Her queen's nomination was won by her service as BSP council member and recording secretary. She was escorted by her husband, who is engaged in farming and ranching.

A former employe of Witherspoon Law Firm, Mrs. Bullard attended West Texas State University for 2½ years with a major study in education.

A member of First United Methodist Church, she has two children, Bryant and Dara. Her hobbies include knitting, skiing and horseback riding.

## St. Valentine's Day Is Theme For Marriage

Marrying in a pretty ceremony on St. Valentine's Day, Miss Brenda Diane Nahrgang and Richard Manson Barrett exchanged wedding vows Friday evening in First Presbyterian Church with the Rev. Roger Knapp, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Glenn Nahrgang of Amarillo and the bridegroom is the son of Mr. and Mrs. R.E. Barrett of 210 E. Fifth.

Bouquets of red and white carnations accented with babybreath and a spiral candelabra with red tapers decorated the church altar.

Mrs. Alvin Downey served her sister as matron of honor and Greg Black was best man.

Bridesmaids included Miss Monica Herring and Ms. Greg Black while the bridegroom's brother, Roger Barrett, and Terry Campbell served as groomsmen and also escorted guests to their seats.

The daughter of Mr. and Mrs. John Bob Drake, Whitney, was flower girl and the bride's brother, Johnny, was ring bearer.

Nieces of the bridegroom, Marilyn and Michelle Osborn, daughters of Mr. and Mrs. Ronnie Osborn, lit candles.

Miss Susan Hickman sang principal wedding selections, More, We've Only Just Begun and The Lord's Prayer, accompanied by Mrs. Jim

Cramer playing the organ.

Given in marriage by her father, the bride wore a floor-length dress of nylon organza over bridal taffeta. Seed pearls, lace and sequins enhanced the high neckline and empire waist of the gown.

The lantern sleeves, trimmed with Chantilly lace, gathered at deep lace cuffs. Matching lace runners extended down the front of the gown's bodice and the A-line skirt.

The cathedral length veil of imported illusion was edged in Chantilly lace and was attached to a matching lace bow. She carried a nosegay of red roses and babybreath.

Keeping with the theme of St. Valentine's Day, bridal attendants wore red and white checked gingham gowns and white dotted Swiss pinafores trimmed with ruffles at the shoulders and hemlines of the skirts. Matching ruffles also decorated the gowns' high collars.

Headpieces consisting of red and white carnations and babybreath with matching nosegays completed the ensembles.

Candlelighters and the flower girl were attired in dresses fashioned after bridal attendants' gowns.

Miss Beverly Cole invited guests to sign the registry book at the reception held in the fellowship hall of the church. The bridegroom's sisters,

Miss Betty Barrett and Miss Cindy Barrett, served punch from the refreshment table centered with bridesmaids' bouquets.

The three-tiered cake, decorated in colors of red and white was served by Mrs. Tony Hardin. Others assisting were Mrs. Ronnie Osborn and Mrs. Ron Davies, sisters of the bridegroom.

Leaving for a trip to Red River, N.M., the bride wore as her traveling costume, a red plaid pantsuit with black accessories.

The couple will be at home after Wednesday at 828 S. Texas.

The bride is employed at Easter Fertilizer and is a 1974 Hereford High School graduate.

The bridegroom is employed by Armour Foods and is a student at West Texas State University. He is a 1972 HHS graduate.

Out-of-town guests included the bride's grandparents, Mr. and Mrs. Victor Nahrgang and Mrs. Ben Fisher, all of Mangum, Okla., Mr. and Mrs. Buck Neal, Hobbs, N.M.

Also, Mr. and Mrs. Harold Nahrgang, Lonewolf, Okla.; Mr. and Mrs. Leonard Grauman, Granite, Okla.; Mrs. W.J. McCrann, Vernon; Mr. and Mrs. Ben Potter, Oklahoma City, Okla.; Mr. and Mrs. Ken Potter, Lubbock.

Mrs. Richard Barrett . . . Niece Brenda Nahrgang

Mrs. and Mrs. Bobby Owen of 340 Elm announce the engagement of their daughter, Becky, to Aaron Bourland, son of Mr. and Mrs. Perry Bourland of Coleman. The couple will exchange wedding vows May 31 in First Baptist Church. The bride-elect is a teacher's aide at Northwest Elementary School and graduated from Hereford High School in 1969. The prospective bridegroom is a Hereford High School coach and teacher. He graduated from West Texas State University with a bachelors of science degree and is a 1967 graduate of Coleman High School.

## Study Club Hears Book Review

Reflecting Pioneer Study Club's 1975 theme, Mrs. Ted Fanciers reviewed a book for members during a luncheon Tuesday at Hereford Country Club.

"The Nine Lives of Deaf Smith" by Faye Campbell Griffin is a biographical narrative which brings insight into the Texas revolution here who is this county's namesake. Mrs. Fanciers said. The speaker was introduced by program chairman, Mrs. Roberta Campbell.

Valentine hearts bedecked with flowers were table decorations at the meeting.

Place cards were Valentine greetings to be sent to shut-ins by each guest.

Local Bicentennial representative, Mrs. Joe Reinauer expressed approval of the club's yearbook theme — "Forging a State from a Nation." She was the guest of Mrs. Bess Werner.

Standing committee reports were given by secretary Mrs. Frank Ball, treasurer Mrs. W.C. Thomas and Mrs. Werner, representing Deaf Smith County Historical Museum.

Mrs. Ralph McCullough read a letter from the Women's Division, Deaf Smith County Chamber of Commerce inviting the club to participate in the April Fine Arts Festival.

Contributions to a piano donation for the county library was approved. Also, members voted to substitute a donation to Girltown in place of the foreign student program in the budget.

Mrs. Ball announced plans for a future program and requested family histories from club members in order to complete this project.

Summary of a woman's role

today in politics was presented by Mrs. Tandy Legg. Her topic was drawn from a federated club magazine, which contrasted current interests to those of yesterday.

Mrs. P.B. Sowell presided over the meeting, attended by Meses. C.L. Craig, John Heard, O.G. Hill Sr., Ray Johnson, L.H. Lookingbill, A.L. Manjot, Henry F. Neely, John Patton, J.V. Pickett, Paul Ridd, Delmar Sigle and Guy Walker.

## Concerts Slated

Hereford Community Concert Association members are reminded that two concerts are scheduled this week.

The Festival Orchestra of Buenos Aires will perform at 8 p.m. Thursday at Lubbock in Monterey High School, 4th and Gary.

A performance here Friday evening will feature the King Family in Hereford High School School auditorium.

Statement by Mills pleases folks at home.

## Mementoes Of Mission

Mrs. Roy Davidson, Southern Baptist Missionary on furlough, shows souvenirs of her stay in Malawi, Africa, to officers of Avenue Baptist Women's Missionary Union. They are, from left, Mrs. Herman Cherry, president; Mrs. Herman Hendrix, Baptist Young Women president and Mrs. Gaylon Bryan, director.

## WMU Addressed By Missionary

Relating their experiences in Malawi, Africa, two Southern Baptist missionaries were guests Thursday morning of Women's Missionary Union of Avenue Baptist Church. They met in Pioneer Natural Gas Flame Room.

Mrs. and Mrs. Roy Davidson, missionaries in Africa for ten years, represented Amarillo Baptist Association. She showed slides of their Christian work and recounted the aspects of their mission. Mrs. Davidson displayed several instruments and utensils unique to the African Baptist station.

The couple are on furlough and will be based at Plainview until July when they will return to Malawi. They have four children.

Mmes. Herman Hendrix Jr., Jerry Hix and Gaylon Bryan were hostesses at the WMU gathering which featured a Valentine motif. The birthdays of Baptist missionaries were inscribed on small hearts, which were clasped to a large heart centerpiece.

Mrs. Jessie Mason opened the meeting and welcomed a guest, Mrs. Harry Hodson, who moved here recently from Arlington.

The next WMU meeting will be at 9:30 a.m. Feb. 27 at Avenue Baptist Church. Those present included Meses. John Moody, Billy

Noyes, Herman Hendrix Jr., Herman Cherry, Lloyd Webster, Waky Northcutt, Mason, Roy Landers and Otis King.

No violation found in Ag-new Inquiry.

## Prices Expected To Drop Still Further

Retail beef prices dipped in the past two weeks, and most stores have even lower, "special" prices on various cuts of mature and baby beef, Mrs. Gwendolyn Clyatt reports.

Consumers should check ads for family preferences, the consumer marketing information specialist with the Texas Agricultural Extension Service advised.

"Best values will appear on round steaks and roasts, ground beef, chuck roasts, calf and beef liver."

Retail pork prices remain at

higher levels — with best prices on smoked hams, end-cut rib chops and roasts, the Texas A&M University System specialist added.

At poultry counters, fryer chicken supplies are ample at slightly higher prices. Even so, serving weekly will likely cut most families' food budgets, Mrs. Clyatt noted.

"Vegetable selections include abundant supplies of broccoli, dry onions and potatoes — with prices on potatoes substantially lower than a year ago.

"Cabbage, carrots, turnips and celery supplies are about the same.

"Canned vegetable prices are not down, but specials are expected on many of these products," she predicted.

Processed fruits also will have special prices — especially canned pears, apple juice, red cherries, cling peaches, pineapple, fruit cocktail and frozen strawberries, Mrs. Clyatt said.

Good fresh-fruit buys include oranges, grapefruit, apples and

winter pears, particularly D'Anjou.

**CONSUMER WATCH!** Buy meat according to cost-per-serving — rather than cost-per-pound.

## Students Produce Three Filmstrips

Contributed By  
R.W. Hairgrove  
Learning Center D students,  
under the supervision of Mrs.  
Sawana Shipley, Mrs. Lily  
Gooden, Miss Deborah Evans

and Miss Cathleen Conway, at  
Tierra Blanca School, have  
produced three colorful film-  
strips for the Governor's Office  
of Traffic Safety in Austin.  
The film called "The Safest

Show on Earth" was produced  
by children with materials  
made available to the public  
school system by the Govern-  
or's Office of Traffic Safety to  
help teach pedestrian, bicycle  
and passenger safety.

The student producers  
created illustrations which  
were reproduced on film and  
returned to the school with a  
pre-recorded sound track. Each  
classroom participating in the  
program produces its own show.  
The filmstrip and recording  
became the property of the  
school for future use.

Each student who partici-  
pated in the program  
received a Traffic Safety  
Ranger patch and a certificate  
stating that he or she was  
dedicated to safety on all Texas  
streets and highways.

Officials at the Governor's  
Office of Traffic Safety will  
select artwork used in the  
program for use in television  
public service announcements  
to be released in spring, 1975.

### Coffee Honors

#### Mrs. Parker

Mrs. Gerald Parker was the  
honoree at a Valentine coffee  
given Friday morning in the  
John Stribling home at Dawn.

Red tulips were arranged in a  
centrepiece on the serving table.  
Hostesses with Mrs. Stribling  
were Mrs. Robert Strain and  
Mrs. Clarence Betzen.

An out-of-town guest was Mrs.  
J.O. Parker of Canyon. Others  
attending were Mmes. Dennis  
Farley, Hugh McCrary, Joe  
Reinauer Jr., Terry Caviness,  
Dwayne Nelson, Pat Smith, Ed  
Sowell, Carl Wimberley and  
Alfred Smith.

Never ask for a favor un-  
less you are ready to grant  
one.

### Complete Safety Project

Traffic safety was graphically illustrated by Tierra Blanca students shown here. In top photo, "frames" for a filmstrip, "The Safety Show on Earth" are made by (l;r) Beverly House, Alfred Bail, Betty Ellis and Adelaida Porras. Achievement certificates are held in lower photo by Ray Blasingame, left, and Ray Trevino, right. Belon Deleon and Victoria Martinez, at center, show a poster demonstrating safety signs used on Texas roadways.

## Parish Carnival Slated March 2

Parishioners of St. Anthony's  
Catholic Church met recently to  
launch plans for the annual  
parish carnival.

The bazaar, which is a benefit  
for the parochial school, will be  
held from 12:30 - 6:30 p.m.  
Sunday, March 2, at the school.

Various booths, raffles, an  
auction and a country store are  
planned entertainment. Re-  
freshments will be sold in the  
cafeteria.

Items for these activities are  
being sought by Garry Kreigs-  
hauser, country auction chair-  
man. Anyone wishing to donate  
materials should contact him or  
members of his committee,  
including James Paetzold, Jim  
Marnell and Fritz Bachus.

This year's chairman, John  
Warren, will be assisted by  
Edward Schilling. Publicity  
co-chairmen are Mrs. Elmer  
Reinart and Mrs. Edward  
Paetzold.

Co-chairmen of booth activi-  
ties are Bobby Paetzold and  
Samuel Valdez Jr., clean-up; Al  
Simmacher and Freddy Gambos,  
wheel of fortune, cake walk and  
penny pitch; Roger Albracht

and Marcel Fischbacher, bean  
bag throw, fish pond and bingo;  
Johnny Cloud and Mrs. LeRoy  
Berend, sweepstakes raffle and  
movie.

Other booth directors are  
Allan Evers and Mrs. Donald  
Meyer, dart games and country  
store; Mr. and Mrs. Tommy  
Albracht and Mrs. Mark  
Koenig, refreshments; Mrs.  
Raymond Gerk and Mrs.  
Vincent Walterscheid, money  
raffle.

Also, Gary Koenig and Rose  
Warren, milk bottle throw;  
Raynold Herr and Vincent  
Walterscheid, construction;  
Lawrence Brozman, horse  
rides; Garry Kreigshauser and  
James Paetzold, country auc-  
tion; Mr. and Mrs. Leonard  
Walterscheid.

Plus, Mrs. Lester Wagner  
and Mrs. Bob Morgan,  
babysitting; student council,  
package post office.

Parish families will be selling  
tickets and a \$10 cash award will  
be given to the individual and  
the family selling the most  
tickets.

## Fred Austin Is Guest Speaker

Fred Austin, employee of  
Warner Seed Co., was the  
featured speaker at the  
Calliopean Study Club meeting  
held Thursday evening in the  
home of Mrs. Trow Mims.

Austin demonstrated and  
explained how to grow flowers,  
plant seeds and make cuttings  
from house plants. He stressed  
that a mixture of peat moss and  
vermiculite should be used when  
planting.

During the business session,  
Mrs. Wesley Gulley was voted  
as a new member and members  
also read thank you letters from  
Mmes. C.J. Crump, George  
Warner and Jack Wilcox.

The women expressed their  
gratitude for gifts received from  
club members during illness  
and time of bereavement.  
Mrs. Austin was recognized

as a special guest by members  
present. They included Mmes.  
Emil Dettman, Dale Furr, John  
Gilliland and Tom Kendrick.

Also, Mmes. Anzel  
McDowell, Millard Nobles,  
Keith Sumner and Jack Wilcox  
and Sue James and Virginia  
Holmes.

There Are  
Three kinds of  
people: those who make  
things happen, those who  
watch things happen, and  
those who have no idea what  
happened.

Expensive  
Experience is the best  
teacher. And it should be,  
considering what it costs.  
-Beehive, Kodiak, Alaska.

### BIRTH ANNOUNCED

Mr. and Mrs. D.K. Greeson of  
338 Ave. B are the proud parents  
of a son, Denver Harvey, born  
Feb. 5 at Palo Duro Hospital,  
Canyon. He weighed 8 lbs. 5 oz.  
Greeson is employed at Ar-  
mour and Company. The couple  
have another son, Billy Knight,  
21 months old.

Maternal grandparents are  
Mr. and Mrs. Johnnie K. Rogers  
of Hereford. Mr. and Mrs. J.D.  
Greeson of Hereford are  
paternal grandparents.

Highway signs, reading  
"slow," are put up for your  
protection whether you obey  
them or not.

Unselfish service is about  
the best contribution that a  
man can make to his day and  
generation.

# Stanton Student Writes Theme

Vickie Hutcheson, seventh grade student at Stanton Junior High School, received a first place bronze medal for the essay she entered in a contest sponsored by Los Ciboleros Chapter of Daughters of the American Revolution.

The competition is held nationally during February in observance of American History Month. Four first place winners were chosen from Hereford and they will be eligible for state and national contest divisions.

Miss Hutcheson's essay follows:

frontier warfare with the Indians.

As a Captain in the Virginia Militia, he fought under John Lord Dunmore against the Shawnee in Ohio. In this campaign, Clark was a colonial, fighting for the British King. When word of the American

VICKIE HUTCHESON  
...DAR essay winner

ton marched 700 British and Indian troops down the Wabash to Vincennes, intending to drive the Americans out of the Illinois county. But winter rains had flooded the prairie and Hamilton waited for good weather.

At Kaskaskia, George Rogers Clark had barely 150 men, but he believed that audacity could make up for numbers. In February, 1779, he marched his men across 200 miles of sodden prairie. After a stealthy invasion of Vincennes came the noisy Battle for Fort Sackville. By shrewd and daring tactics, George Rogers Clark won surrender of the fort.

Revolutionary America became dominant in the country between the Ohio River and the Great Lakes. The capture of Vincennes was the high point in George R. Clark's career. In 1780, he helped defeat a British expedition against the Spanish settlement at St. Louis, Spain then being an ally of the United

States, and he led a punitive campaign against the Ohio Indians.

At the Treaty of Paris of 1783, in which Great Britain recognized the Independence of the United States, the American claim to the territory north west of the Ohio was strengthened by George R. Clark's conquest. The rest of his life was shadowed by prolonged quarrels with jealous generals and politicians, and by creditors demanding payment for supplies which he had recognized his arduous campaigns.

Clark and his men received no pay for their military service during a grant of land on the north side of the Ohio, near Louisville. Here George Rogers Clark lived with three Negro servants.

His last years were darkened by paralysis which left him mute and helpless. He died on Feb. 13, 1818, at the home of his sister at Locust Grove, near Louisville.

## GEORGE ROGERS CLARK

George Rogers Clark was an American frontiersman and military leader who helped save the country between the Appalachians and the Mississippi for the United States during the American Revolution.

He was born in Albemarle County, Vir. on Nov. 19, 1752, one of the ten children of a substantial farmer. His younger brother, William Clark, was the explorer of the route to Oregon in the Lewis-Clark expedition of 1804-1806.

George Rogers Clark's formal education was limited to a year in a local school, where he was a classmate of the future president, James Madison. For George Rogers Clark, a more important training came from the woods and fields, where he learned farming, surveying, and hunting.

At 19, in the spring of 1772, he went West to look at land in the wild Ohio Valley. Forty miles beyond the tiny settlement of Wheeling, he marked his claim and built a crude shelter. He cleared ground, and planted corn, but his restless nature led to participation in the

Revolution came over the mountains, he sided with American independence.

In 1775, George Rogers Clark went to Kentucky, making his base at Harfordsburg. As an elected delegate he persuaded the Virginia Assembly to create Kentucky county, and provide for its defense. On this return to Kentucky he assumed military leadership on the frontier.

From Detroit the British were sending Indian parties against the Kentucky settlements. Judging that the best defense was to attack the British Stations, George Rogers Clark planned a march into the Illinois country. In the spring of 1776, he gathered 170 men and led them across the empty Illinois prairie. On the evening of July 4, they crept upon Kaskaskia, capturing the town without gunshot.

When word of George Rogers Clark's invasion reached Detroit, General Henry Hamil-

# Directors Named By Club Members

Mrs. Lonnie Noyes and Mrs. Jimmy Holmes were appointed to direct club participation in the Fine Arts Festival by members of Sweet 'N' Fancy Decorating Club Friday morning in Community Center.

The festival, scheduled April 12-13 at Deaf Smith County Library, is sponsored by the Woman's Division of Deaf Smith County Chamber of Commerce.

Also during the business session, RubyLee Hickman was recognized as a new member

and club members decided to purchase a Raggedy Ann doll.

Karen Sanders was welcomed as a guest among members present. They included Mmes. Dale Henson, Mark Koenig, Carl Kleuskens, Noyes, Joe Paxton Carlton Richardson Lee Donaway and Burnia Riley.

Unselfishness is a rare virtue, not to be expected too often.

Isn't it funny that we never miss the moon until we can't see it?

No person who willfully violates the law is fit to enforce it upon others.

Optimism is more important to business than cash is to buyers.

Usually the victim of gossip has something others are jealous of.

The power of pictures is illustrated by the effectiveness of the seed catalogs.

## History Month

Responsible citizenship is the great need of each generation. To achieve the goal, one must first have pride in that citizenship and a thorough understanding of the Nation's history. There are many lessons to be learned from the past, not the least of which is that next to love of God, love of Nation is one of mankind's noblest emotions.

With these thoughts in mind, the Daughters of the American Revolution have sponsored the American History Month Essay Contests. The Los Ciboleros chapter, DAR, of Hereford has sponsored the contest here and winners have been announced in The Brand.

Only by studying American history and by encouraging our children in this study can we hope to build responsible citizenship in the youth of our nation. We salute the Los Ciboleros chapter for offering young students an opportunity to learn more about their proud heritage. From such efforts are future patriots nurtured and made strong.

## The Brand Files

50 YEARS AGO

Hereford was one of 47 Texas towns, Saturday, allowed a maximum credit of 15 per cent of the final rate of fire insurance on account of good fire records for the past three years, while four were granted 12 per cent credit, four credit of 9 per cent, three credit 6 per cent and one credit of 3 per cent....Prices for beef cattle for 1925 should average somewhat higher than for 1924. The industry is gradually working into a more favorable position due to the relation of beef to competing commodities, especially pork; improved industrial conditions, and in no small measure to the cattlemen's own sacrifices. Market receipts will probably be somewhat smaller than in 1924. All conditions indicate that the long time outlook for the industry is even more favorable.

35 YEARS AGO

Students in the Hereford schools have a lower average incidence of dental cavities than any school in this area according to a survey made by Dr. Wells Stephens of the State Department of Health, division Maternal and child health. Dr. Stephens has returned to Hereford to make a careful examination with a hope that in the near future a research project can be begun to find out why the people here have an immunity to cavities.... Burglars entered the Meade Halle Drug Store here Sunday night by cutting a hole in the roof and ceiling, and blasted the lid off the safe with dynamite and got away with approximately \$300 in cash. The Fashion Shoppee, owned by Mrs. W.F. Gillis in the adjoining building was entered by a skylight and the thieves took approximately \$50 in cash, three boxes of hose and a watch and set of earrings belonging to her mother.

20 YEARS AGO

The Hereford Whiteface spoiled the dedication of Canyon High School's new gymnasium by taking a 57-51 spine chiller from the Eagles Friday night at Canyon. The victory was sweet revenge for the Herd who lost to the Eagles by only one point earlier in the season.... Some of the local Boy Scouts who are doing the camping out in Dameron Park are beginning to wish they would change National Scout Week to some other month than February. The 3-degree weather Thursday night was enough to make most people, especially their mothers agree.... Damages were only \$60 in an accident Wednesday afternoon on the south side of the First Baptist Church. The accident occurred when Jimmie Bailey Wiman driving a 1951 Studebaker, backed out from a parking place on the north side of Fifth Street and collided with a 1950 Chrysler driven by Jeff Thompson Gilbreath. Damage to the Studebaker was set at about \$10 and to the Chrysler at \$50.

10 YEARS AGO

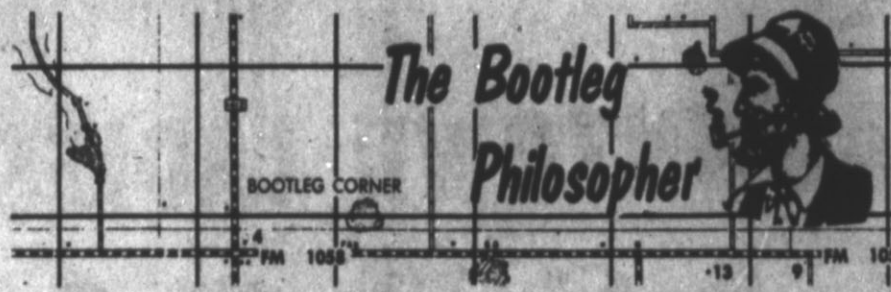

Looking over an empty chamber, city commissioners spent about 15 seconds Monday night in "public hearing" and then stamped approval on a 1965-66 budget calling for expenditures of just under \$800,000 - the most ambitious municipal spending program yet.... Mrs. Corine Easley of Hereford made a coveted "Hole-In-One" at the John Pitman Municipal Golf Course Tuesday afternoon. The rare event occurred on the number five hole, a distance of 150 yards, according to Bob Baker, professional at the course.... Valentine dinner highlighted the activities for the Hereford Patriarchs Millant Canton and Auxiliary No. 36 when they met in the IOOF Temple recently. Captain Archie Loeve presided over the Canton meeting with all members in uniform.

5 YEARS AGO

Holly Sugar's most drastic year in history for sugar beet content and extraction is slowly drawing to a close. Says agriculture manager, Bob Ginn. "If we can go for two more weeks with our digging, we think we will have all the Beets farmers want to dig. We don't know now if we can go that long or not...." "Changing Laws in Regard to Rights of Women," presented by Hazen Woods, at the Callopolian Club guests night, Thursday evening at the First National Bank, stressed some of the rights single and married women have concerning ownership of property, business, etc.... Southwestern Bell Telephone Company here is now underway with the job of increasing the number capacity of telephone numbers by 1,000. This will mean approximately 880 new line capabilities as well as modification of switching equipment to provide new talking paths.

1 YEAR AGO

Big topic of conversation around town this week was the report that some Hereford and Pandhandle feedyards and or feeders stand to lose millions of dollars through deals with an out-of-state cattley buyer. Several reliable sources have confirmed the basic fact, but there is much speculation and rumor floating around, too.... Danny Martin school board member, and Roy Hartman, school superintendent, gave a report on the new elementary school which is being built to members of L'Allegre Study Club recently. A floor plan was given to each member present to acquaint them with the building's structure.

Editor's note: The Bootleg Philosopher on his Deaf Smith grass farm on Bootleg Corner seems shocked over a piece of news he saw on television.

Dear editor:

I was watching the evening news on TV the other night, well, they call it the evening news but actually it's just part of the evening news; it's the news that happened close to where the network had a camera that day, or news that didn't play out before a camera crew could get there; anyway the part of the news that interested me that night was a report that the San Francisco school board had decided to discontinue all junior high and senior high school sports.

That's right, football, basketball, baseball, track, marbles - everything would be discontinued to save money.

Now what the San Francisco school board does is none of my business, I've got my hands full out here on this Deaf Smith grass farm, but, like the economic advisors who convinced President Ford three months ago that the way to solve the country's problems was to save and stop spending, only to reverse themselves and say no, the way to do

"Coal and oil are strictly limited in quantity. We can take the coal out of a mine but we can never put it back. We can draw oil from subterranean reservoirs, but we can never refill them again. Alcohol makes a beautiful, clean and efficient fuel and can be manufactured very cheaply." - Alexander Graham Bell (prediction in 1917).

it is for everybody to spend more and create jobs, I wonder if those school trustees were looking far enough down the road?

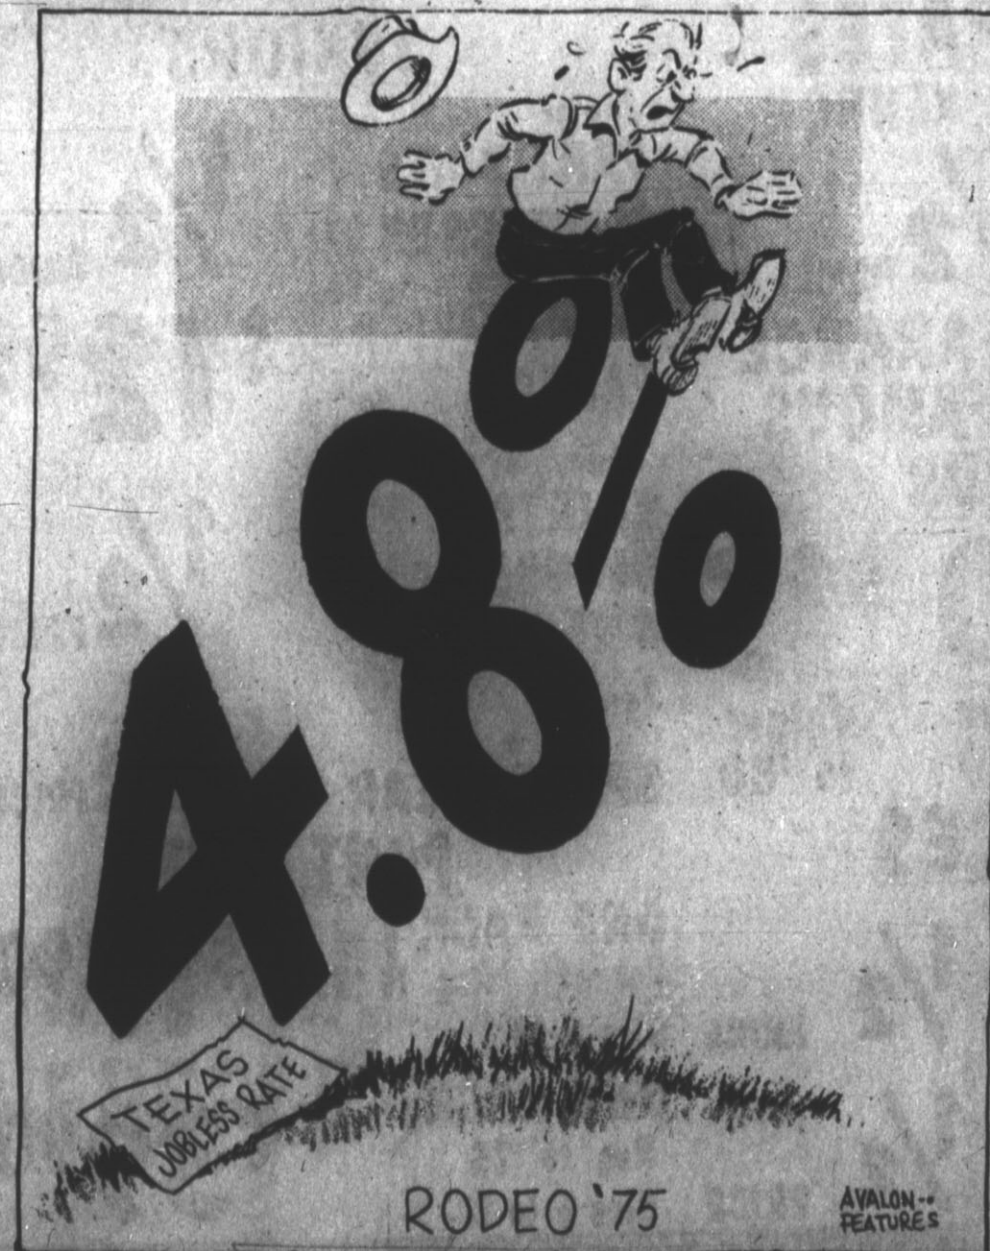

I mean, without junior high football, how can you develop any players for a senior high team? Without a senior high team, how can you have any college teams? And without any college teams, where would professional teams get any players? The same goes for baseball, basketball, tennis, golf, swimming, etc.

Without thinking, the San Francisco school board is about to undermine the very foundations of society.

I have a notion that by the time this gets into print the howl of protest beginning with the cheer leaders in San Francisco, not to mention the coaches (how many coaches would be satisfied with a teacher's salary?) and spreading like wildfire across the nation will have convinced the board of trustees they didn't realize the magnitude of their decision. You throw thousands of coaches out of work, ruin the business of helmet makers, shoulder pad people, uniform makers, etc., not to mention destroying half of television's revenue in the fall and winter, and you've just given the recession one more shove toward a depression.

Some people say Congress isn't responsive enough to the will of the people but you don't see Congress pulling a stunt like that. It hasn't got time. Too busy investigating things.

Yours faithfully,  
J.A.

## Talk of Texas

By Jack Maguire

**FOOTNOTE TO HISTORY** — For 30 years, a Cooke County native was famous around the world as a kind of real-life Tarzan of the jungle.

He was Frank (Bring 'Em Back Alive) Buck. From the 1920's until his death in 1950, Buck led expeditions into virtually every jungle area on the globe. His goal was to find, capture and bring back to civilization every rare, exotic wild animal. He succeeded so well that he became the world's top supplier of such wildlife for circuses and zoos on every continent.

Buck began his adventures early in life. He quit school in his native Gainesville and worked his way around the world. Landing in Singapore, he heard that a New York zoo wanted somebody to supply a new herd of exotic animals. He took the job and thus began the work that was to make him famous.

For the next three decades, Buck stalked the world's jungles. He knew East Africa better than most natives and once walked the length of Borneo. He never killed an animal unless his own life was in danger, and "Bring 'Em Back Alive" became not only his motto but his nickname. His true adventures became the subject of movies, books and hundreds of magazine articles. For years his wild animal act was the feature attraction of the Ringling Brothers and Barnum & Bailey Circus.

Texas' only memorial to its most famous modern adventurer is the Frank Buck Zoo at Gainesville.

**THE SIGNS OF TEXAS** — A Dallas physician who specializes in urology chose for the personalized license plates on his automobile the words: TEE TEE.

**WHAT'S IN A NAME?** — For almost 200 years, the chief judicial officer in the Texas territories was known as the "alcalde."

Under Spanish rule, the alcalde was more like a modern mayor. He was the head of the municipal council and he was responsible for preserving order, settling differences among the citizenry and collecting taxes.

After Mexico won its independence from Spain, the alcaldes increased in importance and numbers. There was a "jefe politico" (political chief) under Mexican rule, but the alcalde courts continued to be the place where most citizens sought justice.

When Texas won its independence, it continued the alcalde system on a more restricted basis. Even after it became a state and established a system of courts presided over by judges, Texas continued to use alcaldes as peace justices and to preside over probate courts. The practice continued until about 1855.

**TEXANS AT WORK** — A herd of 200 Texas goats soon will be on their way to their summer jobs at an oil refinery in Indianapolis, Ind. Their assignment: to prevent fires by keeping the grass down.

Each spring the refinery orders a herd of goats from Texas ranchers at \$12 per head. They are trucked to Indianapolis, spend three months keeping down vegetation at the 120-acre refinery and then are returned to Texas and sold back to the ranchers at \$12 per head. Meanwhile, they've had free board. And any kids born during their Indiana sojourn are returned to the herd's owner at no charge.

## The Voice of Business

By ARCH BOOTH  
U.S. Chamber Of Commerce

"Size allows General Motors as a seller to set prices for automobiles . . . and the rest of its offering and be secure in the knowledge that no individual buyer . . . can force a change.

"Competitors of General Motors are especially unlikely to initiate price reductions that might provoke further and retributive price-cutting.

"Thus do size and small numbers of competitors lead to market regulation."

Those excerpted sentences present, in a nutshell, John Kenneth Galbraith's theory that free market competition does not set the prices of major industrial producers. They are taken from his book, *The New Industrial State*.

The Booth theory of competition is that General Motors, American Motors, Chrysler and Ford are not offering rebates of several hundred dollars to potential car buyers because they like to give away money. They are doing it because they found they could not sell enough of their product at existing prices.

**FURTHER**, it was Chrysler — a competitor of General Motors — that initiated the process.

And that, my friends, is competition. Of course no "individual buyer" could force General Motors to change its pricing policies. But thousands of individual buyers (or, more accurately, nonbuyers) could, and did.

The same process is causing prices to drop in industry after industry. The wholesale price average declined slightly in December, led by a 4.1 per cent drop in farm prices. The prices of many basic commodities — such as cotton textiles, lumber and plywood, and rubber — have been softening for some time.

**SPECIAL** discounts and outright reduc-

tions are showing up in a wide range of products, including bicycles, jeans, nuts and bolts, air conditioners, tires, plastics, stainless steel, copper, sugar and coal.

What we are seeing is a dramatic illustration that the free market works exactly the way it is supposed to: When sales of a product fall off, whether because of high prices or changes in taste, competitive pressure causes its price to fall. It happens automatically, and much more efficiently than could be arranged by all the bureaucrats in Washington acting in unison. (When the average level of all prices is moving up or down, it's the result of government fiscal and monetary policies.)

**IN FACT**, I suspect we would be seeing even more price reductions if it were not for a lingering fear of interference from Washington. Some businesses are afraid that a new round of wage-price controls might catch them with their prices at "distress sale" lows, and freeze them there for years. It's a good illustration of how even the spectre of economic controls can cause trouble. (I should add that even such fears cannot prevail for long against sustained competitive pressure. It takes a business no good to go broke maintaining high list prices.)

Does all this mean we're out of the woods for sure? Unfortunately, no. The price cuts and the consumer's response to them can help get the economy moving again and shorten the recession. That's the good news. But if we enter the next boom with an unmanageably large federal budget deficit, we'll be in for another round of inflation. That's the bad news.

For the moment, though, let's be grateful that, as one executive said, "There is a law of supply and demand out there, and it does work."

### Happy Detroit

A recent Detroit Free Press poll showed most inhabitants of the motor city would like to tell it goodbye.

The reason: too much crime. Fifty-five per cent of the city's whites and forty-three per cent of its blacks told pollsters they would leave if they had the money and the chance.

This is but the latest indication of the insecurity depths to which metropolitan life in the United States has fallen. This accounts, in part, for the new trend of getting away from the city-to country or suburban life.

It emphasizes the urgent need for an all-out war on crime (and crime-teaching television) by all civic-minded Americans.

### Hundgun Ban?

The Consumer Products Safety Commission has been ordered by a Federal Court to consider banning handgun ammunition by defining it as hazardous under the Hazardous Substances Act. It is within the authority of the commission to outlaw or control it.

The commission will proceed to draft a proposal to ban handgun cartridges, publish the plan in the Federal Register, and assiss public response over a 30 day period. Theoretically, if response is favorable, commissioners could put the ban in effect, which would amount to a virtual ban of handguns as well.

We suggest that you register your opinion on this proposal with the commission, in writing, as soon as possible. Also, a letter to your Senators and Congressman would be in order...

ADDRESS:

U.S. Consumer Products Safety Commission  
Office of the Secretary-Attn: Richard O. Simpson, Chairman  
1750 "K" Street, Northwest  
Washington, D.C. 20207

Accent on Health A weekly public service feature from the Texas State Department of Health I.E. PEAVY, M.D., Commissioner of Health

One of the most heartening success stories in public health is being written in Texas—the dramatic, almost unbelievable decline of immunizable diseases.

In 1974, a combined total of only 641 cases were reported to the State Health Department for diphtheria, tetanus, pertussis, (whooping cough), measles and rubella. And for the second straight year there was no polio reported in the state—another milestone in itself.

While all preventable diseases may never be wiped out, the Texas State Department of Health—along with private physicians—is working toward that goal.

Last year, reports State Health Commissioner, Dr. James E. Peavy, was the best year in history in preventing the immunizable diseases. Provisional Health Department reports show no cases of polio, nine cases of diphtheria, four cases of tetanus, 99 cases of pertussis, 212 cases of measles and 317 cases of rubella.

Compare these 1974 figures with those of bad years. Contrast the zero level of polio with 1950 when 2,778 cases and 210 deaths occurred.

Placed the nine cases of diphtheria alongside the 5,756 cases reported in 1933. Or the 212 cases of measles which is only a handful in comparison to the 86,086 measles cases reported in 1958.

The 99 cases of pertussis in 1974 is small indeed when you consider the 16,500 cases occurring in 1943. The four cases of tetanus reported last year is just a fraction of the 157 cases recorded in 1942.

Remember when rebeles—or German measles—was so widespread? Highest total for this disease was in 1970 when 8,409 cases were reported, as opposed to 317 last year.

As immunizations have increased in Texas, the disease levels have moved steadily downward.

When the Texas Legislature in 1971 passed a compulsory immunization law, it contributed greatly to reduction of diseases in the school-age group. Because of the success of the compulsory school immunization program, more attention is directed now toward the pre-schoolers in State Health Department activities.

Statistics have shown that outbreaks have repeatedly taken the heaviest toll among children from one to four years.

With almost a quarter-million babies born in Texas each year, it would take only a few years for a giant disease reservoir to be built up—if these children went unprotected.

A&M Prof Eyes Ford Budget Plans

President Ford's 1975 budget and its \$82 billion deficit will assure continued high inflation rates and high interest rates, members of the 17th annual County Judges and Commissioners Conference were told at College Station Wednesday.

Dr. W. Philip Gramm, economics professor at Texas A&M University, said the \$82 billion deficit may cause unemployment to decrease, but the government's absorption of private capital will rise and pull interest rates along.

The money supply, influenced by the Federal Reserve Bank monetizing part of the deficit, will increase quickly, he said. Then prices will start to rise by year's end.

"We are thus cutting short the recession by re-igniting the inflation and may find ourselves in the same dilemma of high inflation rates, high interest rates and high unemployment in 1976," the speaker explained.

Charlie Lawrence of the Texas Agricultural Extension Service, conference program chairman, said a record 550 persons were registered for the overall meeting at the Angieland Inn.

# Photography Students Do More Than Click Shutter

Photography students at just set up their tripods and Amarillo College do more than click the camera's shutter.

An innovative experiment that began with one student last year will have 14 students doing and learning while on-the-job. "We are trying to place promising first-year students in

job positions so they receive theory and practical experience," said H.O. "Tex" Weaver, photographic technology instructor. "Here they can face the business world

and see if they are into a field that suits their temperament." Those students that show promise are generally placed during the second semester of their first year in the program. "We don't want to place any of the 23 day student photo majors now enrolled if they aren't going to do a satisfactory job. That would do damage to the employer and employee," Weaver said.

This program is designed for those students that intend to go into the photographic profession after completing studies at AC. "Second year students are doubling up on time in order to get these 270 hours in before graduation," said Weaver.

These hours can be earned in any field of photography that is utilized locally, such as portrait, television, weddings, commercial, television, and "hopefully industrial photography," added the instructor.

"We try to place the student in an area that he plans to work in after graduation," he said.

We have had six or seven first-year students and the same number of second year students that we hope to have placed by the end of this semester.

At present, three students have been placed. Linda Patterson of 422 Arch Terrace, second-year photography major, is employed by Gray's Studio. Don Moore of 2600 Van Buren and Gary Shepard of Porterville, Calif. are photography major and employed by the Amarillo College Photography Department in production areas.

"When the idea was first initiated, Kenny Hughes of House of Houghes, was employed by C.R. Anthony Co. shooting advertising layouts. "We just used one student to see how it was going to work," said Weaver.

"The main thought we had in mind when organizing this program," said Weaver, "was to find something in conjunction with their training at AC so that when they left with their associate degree they immediately had a job opening or at least had practical experience."

This practical experience is

also evaluated. An employer evaluates the student once a month in 12 different areas. This report is studied by both the student and Weaver. "We want to keep close contact," he said. "If a student is doing poorly in an area he is unhappy in, then we need to make arrangements for his placement elsewhere."

Those that already are employed at some job other than photography receive further production assignments for the department.
