Poll Tax Receipts for Donley County Indicate That More Than 600 Votes will be Polled in the November Election.

SALES MORE THAN \$70,000

Sales Recently Made by the Priddy-Reeves Realty Co., Reported Now For First Time.

The following list of lands sold by the above named firm embraces the transactions made by them right recently and not before given out for publication. With the exception of the four sections of Adair land all these lands are situated in Donley county, and the purchasers are now citizens of the county and in charge of their homes. Immediately following this item of news will be found a short local advertisement of the firm, in which your attention is called to their methods of doing business. They are liberal users of printer's ink, and have done wonders in advertising Donley county to the world.

The above is an evidence of who is selling the land and the property in this country. We spend more money to advertise this country and have sold more land than all other agents combined.

We appreciate the support our friends have given us in the disposition of these and other lands. Our effort has been to sell to good and reliable people, thereby enhancing the value of other lands and materially adding to the country in which we live. We have lots of enquiries for lands. List your lands with us and we will sell them.

GAINING IN POPULATION.

During the Past Six Months 47 Immigrant Cars Have Been Unloaded in Clarendon.

The receipt of ten cars of immigrant outfits at Clarendon during the month of January started our reporter out on a little tour of investigation this week in which we were aided by Local Agent Baldwin, of the Denver Road. Taking the record for six months back we found that Clarendon had received a total of 47 immigrant cars. These 47 families are all now comfortable settled in their new homes in this county, and our population is accordingly increased by that number of souls.

While looking over the records we also found that there had been lately shipped out from Clarendon 22 cars of grain, and so far this season 150 bales of cotton as against 147 for the entire season last year. Other receipts and shipments in carlots for the past six months were found to be as follows:

RECEIPTS:—Stock 8, coal 62, flour 28, potatoes 7, lumber 57, miscellaneous 52.

SHIPMENTS:—Lumber 4, horses 7, cattle 219, hay 1, ice 7, miscellaneous 10.

New School House.

G. S. Patterson has met with fine success in soliciting funds for a new school house on Glenwood, in school district No. 24, 14 miles northeast of town. A comfortable and well built house will be erected, and work will be commenced as soon as possible.

J. N. Browning.

The Banner-Stockman inaugurates an announcement column this week with the name of J. N. Browning, of Amarillo, as the first to seek recognition at the hands of Donley county people at the election this fall. Gov. Browning is a candidate for district judge of this, the 47th judicial district, and it goes without saying that he will fill the office most creditably if elected. He has been a citizen and practicing attorney of the Panhandle for the past 25 years. He was the first district attorney of the Panhandle; was representative in the legislature for eight years, and lieutenant governor of the state for four years. For the past three years he has been a member of the Board of Regents of the University of Texas. He states, however, that with the exception of the district attorney's office he has held each and all of the other offices mentioned at an actual sacrifice of time and money to himself, and that this is the only office he has ever asked of the people that has connected with it a salary sufficient to support himself and family. Judge Browning is one of the best known men in the Panhandle, and has the universal respect and esteem of all. He is known as a man and lawyer of strict integrity and ability, and voters will do well to consider carefully his claims before casting their decision at the polls.

The Banner-Stockman commends him to the people of the county as a man fully capable of filling the office if elected.

A THRIVING COMMUNITY.

The Town of Rowe, This County Rapidly Coming to the Front in a Business Way.

Walter K. Hollifield, the hustling merchant at Rowe, was in the city Sunday, and in conversation with our reporter had nothing but good reports from his little berg. He says business in all lines is splendid, and the town is enjoying quite a little boom. The lumber man is kept busy all the time, there being many new houses going up all over that section. Trade is coming in to Rowe from as far away as Collingsworth county, and the citizens of his town are now trying to devise ways and means to get a good open road from there to points in Collingsworth. If they had such a road a big trade would be diverted to them.

Mr. Hollifield has been buying lots of grain and feed, as well as cotton, this season. He has already shipped out 15 cars of grain and 350 bales of cotton. His grain buying has been hampered somewhat, he says, by a difficulty in securing cars for shipping the stuff. He has been buying Indian corn in the ear and shipping it that way, something that has not been often done in this county, and has disposed of a number of cars that way.

Rowe now offers a good location for a hardware and implement house, says Mr. Hollifield, and he thinks that will be the next thing secured.

The Public School.

Three new sections for the public school book case were received and put in place this week. These were purchased to protect the new books that have recently been added to the library. We are now placing some valuable books in the library.

Claude Pirtle, who has served the public school so faithfully as janitor for the last five months, resigned this week, and Hilbert Michaels took his place. Mr. Pirtle and family will remove to Fort Worth.

Guy T. Sparks, graduate of the public school, is now in the mail service out of Fort Worth. Guy obtained the highest average in the civil service examination over 406 competitors.

Jessamion Collinson, Luther, John, Viola, and Ivy Tucker are new pupils this week.

Nelson Eddins relieved our fears of a shortage of kindling wood this week. He brought us a load that will last for two or three months.

The regular promotions were made at the beginning of the present month. These promotions serve two purposes. They give teachers opportunities for classifying their pupils properly. They serve also to relieve the crowded condition of the primary rooms, and to equalize the work better among the teachers.

New studies were taken up by the various grades last week. The tenth grade took up the study of American Literature; the ninth, geometry, the eighth, civil government and composition; the seventh, elementary algebra; while new work was given to all given to pupils of the lower grades.

"The way of the transgressor is hard." This familiar quotation has been verified by some of the pupils of the high school this week.

Large classes and a multitude of duties make it almost impossible for the teachers to give pupils much individual instruction. It is necessary in many cases for parents to superintend the home study of their children if the best results are obtained. Children who get the most encouragement at home are generally the best prepared on their lessons.

533 POLL TAX RECEIPTS.

An Increase of More Than One Hundred Over Last Year—Tax Collections Splendid.

Tax Collector Patman reports having issued 533 poll tax receipts, which is an increase of 103 over last year. Two years ago the vote polled in the county election was 487, and at that ratio it looks as if Donley county this fall will poll 600 votes. The poll tax receipts issued by precincts are as follows:

	1905	1904
No. 1, Old Town	16	16
No. 2, Clarendon	318	257
No. 3, Lelia	28	24
No. 4, Giles	17	21
No. 5, Rowe	80	54
No. 6, Rowe Headquarters	23	18
No. 7, Jericho	37	25
No. 8, Whitefish	14	15
	533	430

The collector's office estimates that there were one hundred voters subject to poll tax who did not pay. There are also many who have lately moved here who have paid in other counties.

"Tax collections," said Mr. Patman, "have been better than usual, and are away ahead of last year." Continuing, he stated that since last week's Banner-Stockman was issued containing the delinquent tax list the collector's office has been a very busy place and he and his assistant, Mr. Hardy, have been kept on the jump. People flocked in to pay their delinquencies, many of them having found out for the first time that their property was delinquent. The publication of the list will be the means of adding considerable money to the county treasury.

Rev. Storey Married.

From a Denton paper we note that Rev. Edgar L. Storey, formerly pastor of the Clarendon Presbyterian church, but now in ministerial harness at Roanoke, Texas, was married on the 31st ult., to Miss Irene Chester, of Paris, Texas. Bro. Storey has many friends here who will join the Banner-Stockman in extending congratulations and best wishes.

ANOTHER VETERAN GONE.

General Joseph Wheeler Gone to Join the Great and Silent Majority of Ex-Confederates.

General Order No. 39. Headquarters United Confederate Veterans, New Orleans, Jan. 27.—The general commanding is pained to announce to his comrades the death of another distinguished Confederate leader, Joseph Wheeler, a lieutenant general in the confederate army, who died Thursday after a brief illness at the home of his sister in Brooklyn, N. Y., in the 70th year of his age.

General Wheeler was born in Augusta, Ga., Sept. 10, 1836; graduated from the United States military academy in 1859; entered the Confederate service early in 1861 as first lieutenant of artillery; in September following made colonel of the Nineteenth Alabama regiment; commissioned brigadier general of cavalry in July, 1862, and major general early in 1863, and was promoted to lieutenant general Feb. 28, 1865, being at that time only 29 years of age.

It is quite impossible to enumerate the engagements in which he led his various commands, but they run up into the hundreds, and few of the battles of the Army of Tennessee took place without his presence, and his conduct in all, whether as an able leader or brave Confederate soldier, was such as to receive the high commendation of his superior officers and called forth a vote of thanks from the Confederate congress. Since then his record is a series of triumphs and successes.

The brilliancy of his movements and his wonderful aptness to command while an officer in the Confederate army directed attention to his fitness for a leading position in the regular army of the United States and when in the war with Spain he tendered his service to the government he was commissioned a major general in the volunteer army. His coolness in action and his skill and dash at San Juan hill are a part of the history of that war.

With a heart void of harsh feeling, kind and gentle in his disposition, courteous to all, a consistent member of the church, he has passed from earth with a good record; and as a soldier, statesman or father and citizen measured up to a high standard and is mourned, not by the South alone, but by the whole country.

By command of General Stephen D. Lee, general commanding,
WILLIAM E. MICKLE,
Adj. General and Chief of Staff.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

John A. Reed, manager of the EO ranch, has rented the T. L. Graham stable and lots in Miami and will put about 160 head of calves on full feed, feeding maize and kaffir corn purchased of parties near town. Mr. Reed is very sanguine of the success of the enterprise. If the enterprise proves as successful as he confidently believes it will Mr. Reed says he will prepare to raise cattle and feed enough on his ranch to put about one thousand head of fed calves on the market each year. Judge Heare is also feeding a bunch of calves on ground maize and kaffir corn. W. S. Wolff, manager of the Sterling P. Clark ranch in this county, is feeding a bunch of steers on cotton seed.—Miami Chief.

Wedding of Interest.

Monday evening January 22, the Methodist church at Dumas, Texas was the scene of a wedding, the parties to the transaction occupying a prominent position in the social and religious circles of the community.

Rev. James M. Sherman, Presiding Elder of the Clarendon district M. E. church South, had come up from Clarendon to unite in marriage one of the young preachers of his district, Rev. James Winford Hunt, with one of the latter's beautiful and accomplished parishioners, Miss Mary Anthony, of Dumas.

The bride is a flower of the prairies, late literary and music student of Clarendon college, whose classic and refining influences have added the polish of culture and accomplishment to her beauty of person, charm of manner and sweetness of soul.

She is the daughter of Dr. and Mrs. S. W. Anthony.

Rev. J. Winford Hunt stands at the forefront with the talented young ministry of the M. E. church in Texas. He is endowed with oratorical power of a high order, which, combined with his gift of intellect and his indomitable energy, must someday carry him to greater fields of endeavor and to high honors in the church he so ably represents and so diligently works for. Pastor Hunt has a strong hold on the affections of the people of Channing, who wish to retain him to the limit of time allowed a Methodist pastor at any given point. He and his charming bride will be welcomed with the heartiest good will by our people irrespective of denominational differences.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At J. D. Stocking, druggist, 50c and \$1.00. Trial bottle free.

Bill Richards, a ranchman of Cottle county, came down from his ranch to transact business in Crowell Thursday. Mr. Richards has a splendid piece of ranch property consisting of 80,000 acres, with a bountiful supply of water. Mr. Richards says much of his land is agricultural and, no doubt, he intends at the proper time to cut it up and sell to settlers. In fact the big ranchers have found out that it is not profitable to raise cattle on land when it is worth five or six dollars an acre.—Foard County News.

Rowe Ramblings.

ROWE, Texas, Jan. 31
EDITOR BANNER-STOCKMAN:

Quite a sensational wedding took place here on the 29th inst. at 3 o'clock p. m., when Mr. Eddie Pile, of Oklahoma, and Miss Lizzie McCleary, of Holdenville, I. T., were united in marriage at the residence of H. M. Pile, Esq. Dishman officiating. Mr. Pile made his debut in Rowe on the 22nd inst., unaccompanied by anyone. On the day following his arrival, he sent a way bill to his future intended in the territory and she came through on the next train accompanied by Mrs. Bennett, a sister of Mr. Pile. This hasty and unceremonious wedding has no doubt been the subject of general remark, but it is only one of the many like episodes incident to human life. All the new made friends of this promising young couple join in extending congratulations and best wishes to them over life's uneven journey. The groom and his charming young bride took the train for Amarillo, where they intend to make their future home.

Capt. E. E. McGee is now building his outhouses in Rowe and will soon begin a residence to cost approximately \$1500.

Carl Lockridge, of Missouri, has bought the Joe Devine place and will build some valuable additions thereto in the near future.

Mr. N. Smith has finished a large and commodious residence which is being occupied by W. M. Winters who desires to tap the water main of Clarendon to avoid spending so much time hauling water.

Prof. T. R. Moremon, two miles south of town, is building a new residence on his ranch.

J. B. Wozencraft was in town last Saturday on business.

L. F. Harvey contemplates moving to New Mexico soon and is letting his beard grow, so the wind can blow through his whiskers.

Lee Smith is erecting a nice building for Sam Preskitt.

Fred Bales has moved into his new residence southeast of the depot and will make his future home.

Jim Hundley contemplates moving to the south plains provided he can get

some man to take his place in the Rowe Land Co.

S. A. Killian has bought the Owen's place in Rowe and is digging a well and adding some valuable improvements to the premises.

Rev. Bird, of Goodnight, filled the appointment of Rev. Sebe Thomas at the church last Sunday, the latter being engaged in a protracted meeting at Chickasha, I. T.

Your scribe has learned that the enrollment of Rowe school is 135 pupils to date instead of 100 as before reported, and still they come. At the present rate of increase in population Rowe will soon need an extra teacher.

Clarendon College

Quite a number of the young men have been busy lately papering their rooms in the boys' hall. The college has furnished the paper, while the boys did the work, thus adding much to the comfort and attractiveness of the rooms.

Tennis is the order of the day again during this pleasant weather. This is a specially attractive game because both boys and girls can take part.

Jake Black has lately assumed the responsibility of carrying the college mail every morning.

Misses Ada Hawkins and Willie Thompson visited Miss Eva Trammell at the home of Mr. King out at Lelia over Saturday. We understand that Messrs. T. E. Graham, Arthur Neely and Edgar McCarty also spent Saturday in the country.

A nice new stove in the library is the first article of the one hundred dollars worth of new furniture that Mr. Frank White promised the library on his last visit from Dallas.

Misses Dana Klutts and Kathleen Terry spent last Saturday and Sunday with Miss Bessie Braly at her home in the country.

Bro. and Sister Hardy, accompanied by Mabel, Frances and Lonie went down to Childress last Saturday. Bro. Hardy returned Monday, but Sister Hardy and the children remained for two or three days.

Base ball has been renewed the last few days during the nice weather.

A new Latin class was recently organized for the benefit of the new pupils who wanted to begin the study.

Prof. Johnston's Trigonometry class has been doing some extra work lately.

Sister Dodson was a visitor at the college one day this week.

The Adkissonian open session was quite a success last Friday afternoon; quite a large number of visitors from outside of the school were present. The chapel was very comfortably filled. The program was enjoyable from beginning to end, every number showing careful preparation. The debate on the Tariff question was intensely interesting, low Tariff being championed by Messrs. Roy Stevens and Herman Gibson and high Tariff by Messrs. Geo. Palmer and Kenneth Bain. The high Tariff won the decision of the Judges who were Miss Nora Talley, R. H. Cocke and Bro. Dodson. Music by the Adkissonian Orchestra added much to the pleasure of the entertainment. The "Adkissonian News" by Harwood Beville sparkled with personals that were very interesting to the students. Space forbids a mention of each number, but all were good.

The Panhandle Society are to have their open session on Feb. 9th and we are looking forward to that also with pleasure.

—Bring your turkeys, chickens, geese, and ducks to us; we will pay spot cash or trade either. Williams Bros.

The ladies of the Cemetery Association request us to announce that they will not give a tea on St. Valentine's day, as previously announced. This announcement is made for the purpose of giving others a chance to give an entertainment on that day if they so desire.

A KURIOS KOLUMN

By A. Kurus Kusse.

After mature deliberation Kurus has decided to turn in and preach the boys a sermon. If your boy does not happen to read this go down the alley where you will find him tying a turpentine rag to a cat's tail with the intention of starting a pleasing little conflagration, grab him by the nap of the neck and hold him down until he absorbs at least the text of the discourse. No, of course not, I know he doesn't need it. He is entirely too good, but he may help some other boy with the advice it contains. And anyway you can't always tell how these angelic kids are going to jump by their seraphic smile. I knew one of these angel boys once (he is now killing as much booze as the boss will allow while he is tending bar) and he pounded time out of your Uncle Kurus about every semi-occasionally, and would dodge a licking by lying with the ease and inimitable sangfroid of a politician. Here's the sermon. Text: "Raise a boy up in the way of a handy rawhide, and when he gets to be an hundred and ten years old the memory of the sting will remain and his spirit will be chastened." It is possible that the text will not be found in the Scriptures. In fact, Biblical students very likely could not find it unless they were bibulous. Boys, you are going to the devil; not in a slow, even, respectable, go-as-you-please manner, but at a rapid gait. You will get there too, and in good shape. No danger of the devil having you returned because your case is broken in transit. You say that is none of Kurus' business. No? It is your father's, but he feels some hesitancy in speaking to you about it for he has traveled the same road and would like to hide it from you. Your father is a better man than Kurus any day in the week, but because you are his son is no reason why you should feel goodness creeping through your hardened hide between the stretches of sin. You chuckle-headed galoot, don't you know that your father had sense enough to quit traveling the road when he saw it lead to disgrace? But of course you can set your dinky little cigaroot up against your nose at an angle of about forty-five degrees, chase into hell, boss the devil for a period and then back out and "get good." In nosing around over this mundane sphere Kurus has run across many men who could draw four cards and beat your hand, but they tried to live on cheap whiskey and popular approval. They are filling drunkards' graves. Young man if a drunkard refuses to fill his own grave, don't you tackle the job; turn it over to the grave digger. When you read this article you will say it contains more lies than Coin's Financial School. Prove it. Go to your father, call him off to one side and spring something like this on him: "Dad, I don't think I'm such a bad sort, but I'm engaged in the doubtful occupation of going to the devil, and would like to have your opinion on the subject." This is a very good formula. You need not use these exact words, but something of the kind would be appropriate, and would give the old man a chance to unbosom himself. If he is the man he should be he will tell you what he encountered on the same road. Along about Genesis his talk will be amusing, but by the time he gets around to the Acts of the Apostles (of Bacchus) you will feel that you are on slippery ground and need an able-bodied good influence to take a half-hitch around your nerve and self-esteem and drag you out of harm's way. Selah.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale at Dr. J. D. Stocking's drug store.

Rowe Ramblings.

ROWE, TEXAS, JAN. 28

EDITOR BANNER-STOCKMAN:

The weather is fine at this writing.

The health of the community is good; only bad colds to complain of.

The emigration to Rowe neighborhood is more than there are houses for them to live in. There are two houses in course of construction. One is Mr. Preskitt's, the other is Mr. Winter's.

Mr. Bailes has just got his new house near enough done to move in.

Mr. McGee is going to build here right away.

Jim Hundley and wife are at home in the Prof. Bains house.

Shade Killian bought Tom Owen's property and has moved in.

Mr. Lockridge has moved here from Clarendon. He has bought part of the Devine place and will build soon; so Rowe is on quite a boom.

All trains stop here now which makes it much more convenient for the people at this place and all join in thanks to Mr. Patrick of Clarendon for the great favor he did in helping to obtain this worst of all needed change, as we can go the county seat and back in a day now.

The lumber yard here is doing a big business, or at least it looks so, as twelve loads of lumber left the yard at one time.

There are from three to seven cars on the spur being loaded with grain. The town is crowded with wagons every day.
MRS. S. L. ADAMSON.

Citation by Publication.

THE STATE OF TEXAS,
TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY—GREETING:

You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Donley, if there be a newspaper published in said county (but if not, then in the nearest county where a newspaper is published,) for four weeks previous to the return day hereof, you summon Lottie M. Hunt whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the county of Donley at the court house thereof, in Clarendon on the 2nd day of July, the same being the first Monday thereof, 1906, file number being 376, then and there to answer the petition of C. D. Hunt, plaintiff, filed in said Court, on the 16th day of January, A. D., 1906, against the said Lottie M. Hunt, defendant, and alleging in substance as follows, to-wit: That plaintiff is a citizen of the county and state above said, that he has been such citizen for more than six months next preceding the filing of his said petition. That plaintiff and defendant were legally married to each other in the town of Clarendon, County of Donley in the State of Texas, on — day of January, 1899. That during the said year, 1899, the plaintiff and defendant moved to the Territory of Oklahoma. That from the date of the marriage above said till the — day of April, 1900, the plaintiff in good faith kept his marriage vows. That on the date last above said, the defendant left the bed and board of this plaintiff without cause, with an intention of abandoning him, and did abandon him. That since the date last above said, the defendant has not returned to the bed and board of the plaintiff nor offered to return. That plaintiff has not seen the defendant since the last said date nor had any communication from her. That it has been more than five years since the above said abandonment. That plaintiff does not now know the residence of the defendant. That the above said marriage was and is without issue.

And praying for a dissolution of the bonds of matrimony between the plaintiff and defendant.

Herein fail not, but have you then and there before said Court this Wit, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of [SEAL] said Court, in Clarendon, this 6th day of January, 1906.

OVER THE PAN

Items of Interest to Stockmen, Gath-
ered from Our Exchanges and
Picked Up Locally.

Last Friday a prairie fire was
started near Hartley in the upper
Panhandle, says the Dalhart Texan,
and a large scope of country was
burned over. No buildings and
but little feed was destroyed, but
the loss in grass is considerable.

In the Pecos country Mrs. S. K.
Kendall sold her entire string of 2-
year-old-steers to L. L. and W. W.
Russell, of Ft. Worth. The
amount of money involved in the
deal was about \$70,000. Russell
Bros. also made other extensive
purchases of cattle in that section,
says the Pecos Times.

George Tyng, Sr., who a few
years ago was a prominent cattle-
man of the Panhandle and manager
of White Deer ranch lands in Gray
county, was killed in a snowslide
at Alta, Utah, last week.

The Collingsworth Courier re-
ports the burning of the big ranch
house in that county formerly
headquarters of the Rocking Chair
and Mill Iron ranches. The house was built at a
considerable cost many years ago
under the direction of J. J. Drew,
manager of the then Rocking Chair
ranch, and was a notable landmark
of the early days of ranching in the
Panhandle.

Forty thousand acres of the Tom
Waggoner ranch lands in Wichita
and Willbarger counties was sold
last week for \$600,000, the pur-
chaser being R. S. Allen and
others, of Houston.

J. A. Patterson was in the coun-
ties southwest and west of Childress
last week looking for two year old
steers, but did not buy any. He
says he found a few but the own-
ers said they did not want to sell
as they did not need the money,
and would hold until spring and
get the increase in price, if any.
Mr. Patterson says there is no
use trying to buy steers when the
owners talk in that manner.—Childress Index.

H. B. Sanborn, O. H. Nelson
and Mr. Churchman, all of Ama-
rillo, were in Dalhart Saturday.
They recently purchased the Bravo
Ranch from Swift and Co., and
were on a trip of inspection. We
understand the land will be sold off
in small tracts. This ranch was
formerly the property of Ed Haisel.
—Dalhart Texan.

W. S. Ikard, of Henrietta, for
many years one of the big cattle
men of Northwest Texas, filed a
voluntary petition in bankruptcy a
few days ago. Liabilities, \$745,-
238; asset \$2,205.43.—Ex.

Judge Carter, of the real estate
firm of S. G. Carter & Co., return-
ed the former part of this week from
a trip with prospectors to Ochiltree
county. He sold the Nix ranch
which is located partly in Ochiltree
and partly in Roberts county and
embraces something over eleven
thousand acres. The purchasers,
one living in Missouri and the
other in Nebraska, we hear will cut
the tract up into small holdings
and sell to actual settlers. Thus
the settlement of the Panhandle
moves on a pace, a sure and steady
stride.

A Habit to Be Encouraged.

The mother who has acquired the
habit of keeping on hand a bottle of
Chamberlain's Cough Remedy, saves
herself a great amount of uneasiness and
anxiety. Coughs, colds and croup,
to which children are susceptible are quickly
cured by its use. It counteracts any
tendency of a cold to result in pneu-
monia, and if given as soon as the first
symptoms of croup appear, it will prevent
the attack. This remedy contains noth-
ing injurious and mothers give it to little
ones with a feeling of perfect security.
Sold at Dr. Stocking's drug store.

The Yellow Fever Germ

has recently been discovered. It bears a
close resemblance to the malaria germ.
To free the system from disease germs,
the most effective remedy is Dr. King's
New Life Pills. Guaranteed to cure all
diseases due to malaria poison and con-
stipation. 25c at Stocking's drug store.

Still Loves Donley County.

LEWISTON, Idaho, Jan. 23.
EDITOR BANNER-STOCKMAN,
Clarendon, Texas.

KIND SIR AND FRIEND:—Please
change my paper from North Yaki-
ma, Wash., to 546 9th Ave., Lew-
iston, Idaho. Although I sold my
land in Donley county about one
year since I still feel an interest in
that country, and am positive that
land there is selling cheaper ac-
cording to its real value than in
any other part of the United States.
You will find enclosed money
order for \$1.50. This pays up my
indebtedness and puts my subscrip-
tion forward some.

Respectfully,
G. A. NUTT.

A Healing Gospel.

The Rev. J. C. Warren, pastor of
Sharon Baptist church, Belair, Ga., says
of Electric Bitters: "It's a Gospel to
mankind. It cured me of lame back,
stiff joints, and complete physical col-
lapse. I was so weak it took me half an
hour to walk a mile. Two bottles of
Electric Bitters have made me so strong
I have just walked three miles in 50 mi-
nutes and feel like walking three more.
It's made a new man of me. Great remedy
for weakness and all stomach, liver
and kidney complaints. Sold under
guarantee at J. D. Stocking's drug store.
Price 50c."

The Truth About Oleomargarine.

Oleomargarine is a product which
has long been regarded with suspi-
cion, but food experts pronounce it
"healthful and nutritious," and
confute the statements ignorantly
made that it is impure and contains
injurious ingredients. A defense of
this much-maligned article of diet
is well presented by Mary Hinman
Abel in the Delineator for Febru-
ary, being the sixth of her papers
on "Safe Foods and How To Get
Them." Mrs. Abel quotes Profes-
sor Harrington in his work on Prac-
tical Hygiene, significantly:

"Oleomargarine has been mis-
represented to the public to a greater
extent probably, than any other
article of food. From the time of
its first appearance in the market
as a competitor of butter, there
has been a constant attempt to
create and foster a prejudice against it
as an unwholesome article made
from unclean refuse of various
kinds, a vehicle for disease germs,
and a disseminator of tapeworms
and other unwelcome parasites.
It has been said to have been made
from soap grease, from the carcasses
of animals dead of disease and from
a variety of other articles equally
unsuited to its manufacture. The
publication of a great mass of un-
truth cannot fail to have at least its
desired effect, not solely on the
minds of the ignorant but even on
those of persons of more than aver-
age intelligence. So a prejudice
was created against this valuable
food product, but it is becoming
gradually less pronounced."

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national
reputation as analysts of the cause of
various diseases, claim that if catching
cold could be avoided a long list of
dangerous ailments would never be heard
of. Every one knows that pneumonia
and consumption originate from a cold,
and chronic catarrh, bronchitis, and all
throat and lung trouble are aggravated
and rendered more serious by each fresh
attack. Do not risk your life or take
chances when you have a cold. Cham-
berlain's Cough Remedy will cure it be-
fore these diseases develop. This remedy
contains no opium, morphine or other
harmful drug and has thirty years of
reputation back of it, gained by its cures
under every condition. For sale at Dr.
Stocking's drug store.

The Panhandle of Texas is the
only portion of the state in which
the acreage of cotton is to be in-
creased. Reports from that section
indicate that the farmers are well
pleased with their experiments in
the production of the fleecy staple
and will almost double the acreage
next season. Only a few years
ago the land in that country was
considered as only fit for prairie
dogs and long horn steers.—Denton
Record and Chronicle.

Beautiful eyes and handsome face are
elegant commendations. Bright eyes
are windows to a woman's heart. Hol-
lister's Rocky Mountain Tea makes
bright eyes. 35 cents, Tea or Tablets.

Do Not Neglect a Cold.

Every cold weakens the Lungs, lowers the Vitality and makes the
system less able to withstand each succeeding cold, thus
paving the way for more serious diseases.

CAN YOU AFFORD TO TAKE SUCH CHANCES?

TEXAS FARMERS

Located in the Panhandle country constitute a vast proportion of
those who are out of debt, possess an abundance of all that is neces-
sary to comfort and easy hours, and own

Bank Accounts.

Those who are not so fortunate should profit by past experiences
and recognize that these conditions are possible in

The Panhandle

as no where else for the reason no other section now offers really
high-class lands at low prices and that the agricultural and stock-
farming possibilities of this section are the equal of, and in some re-
spects better than three to five times higher priced property located
elsewhere. In a word: Many magnificent opportunities are still
open here to those possessing but little money, but prompt investiga-
tion and quick action are advisable, as speculators have investigated
and are fast purchasing with a knowledge
of quickly developing opportunities to sell
to others at greatly increased prices.

The Denver Road

sells cheap round trip tickets twice a week
with stop-over privileges.
